[Chapter 3091](#)

"Alright!"

Chen Xiang only said the word good before he teleported, appearing behind the Pig King and slashed down on its head!

The wild boar king was much taller than the bear king, and it looked to be extremely heavy. However, when Chen Xiang brandished his sword, the wild boar king actually dodged his attack, and at the same time let out a roar, spitting out a large wild boar tooth from its mouth that flew towards Chen Xiang's head.

After Chen Xiang turned his head to the side to avoid the wild boar teeth, the wild boar king had already rushed over with great speed. That huge palm struck over, making people feel like it was a small mountain flying over, bringing along an extremely berserk wind, lifting up a large piece of rock ground.

Chen Xiang only saw the Pig King swing his palm, and his body was already hit by the wave of air. After being blown away, his body was also in extreme pain from the shock of the air blast, and after being blown back, he immediately teleported away, if not he would be injured by even more berserk energy.

He teleported behind the boar king and swung his sword at the boar king.

The Pig King did not expect Chen Xiang to suddenly appear behind him. He was not familiar with the power of space, but he still reacted and blocked the incoming Heavenly magic sword with his palm.

Chen Xiang's Heavenly magic sword landed on the Pig King's giant arm, cutting it down like cutting tofu!

"Chen Cai you bastard!" The wild boar king had already smelled Chen Cai's scent and instantly cursed loudly. Then, he retreated. After a few steps, his arm was cut off so easily, which meant that his entire body could be easily broken.

"King of Pigs, this is all your fault. Didn't you want to eat this human? Come here!" Chen Cai laughed from afar, he had already seen Chen Xiang's strength, and thought that he was stronger than expected. He thought that Chen Xiang only knew how to concoct pills, he never expected that Chen Xiang's fighting skills would be so powerful too.

"Humans... I will destroy you!" The Pig King sprinted forward angrily, like a bolt of lightning towards Chen Xiang.

"I won't waste any more time with you!" Chen Xiang's body flashed with green light, and a ray of green light flew out. The green light landed on the Boar King's body, and tied him up.

After the World Defying Green dragon came out, it wrapped around the Pig King under Chen Xiang's control.

The Pig King immediately lost his ability to move, and at this moment, he could deeply feel how terrifying the green dragon that coiled around his body was. The green dragon was an extremely powerful World Defying beast, its aura alone was enough to make many beasts tremble.

Not to mention being entangled by a green dragon now.

"World Defying Green dragon!" After Chen Cai saw this, his face was also filled with shock. He never thought that after being together with Chen Xiang for so long, this was his first time seeing Chen Xiang's true strength.

As a Heaven Old Orcs, he obviously knew what a World Defying Green dragon meant, and it was even controlled by Chen Xiang. Humans being able to cultivate World Defying beast was very amazing.

"Let me go... I am a loyal subordinate of the Human Emperor. He won't let you go ... " His heart was also filled with fear, the commotion here had already stirred the Heaven Old Orcs on both sides of the river.

Chen Xiang felt a group of Heaven Old Orcs coming over, and anxiously stabbed their swords into the Pig King's heart, pouring World Defying Stage Divine Power into the heart, destroying it.

After the Pig King was killed, he hurriedly returned the corpse to the Six Realms mirrors and gave it to the toad.

"Let's go!" Chen Xiang anxiously brought Chen Cai to teleport away.

... ..

Outside the Myriad Tao Forest, Chen Cai looked at Chen Xiang in shock. The matter of the Chen Xiang World Defying Green dragon had already made him extremely shocked, but now, Chen Xiang had actually succeeded in bringing him out!

He left the Myriad Tao Forest, he had finally walked out, he thought he would still have to wait a long time.

"I'm coming out, I'm coming out!" Chen Cai laughed.

"I didn't expect it to be so easy. I thought you all would be restricted to staying inside." Chen Xiang laughed, he had only used Time and space power Teleportation and successfully exited.

"You are too scary, that's a World Defying Green dragon!" When Chen Cai thought back, he could not help but feel fear.

"Yes, that's why I got into a lot of trouble." Chen Xiang laughed bitterly: "Many human forces want to obtain my World Defying Green dragon. Now that I have appeared, it won't be long before they come to kill me."

"You humans have idiots too! Don't they know how powerful World Defying Green dragon are? You actually want to snatch your World Defying Green dragon! " Chen Cai was shocked by Chen Xiang's words again, he never thought that World Defying Green dragon could snatch it away.

"How should I know about them? In short, when they see something they like, they feel that it's useful to themselves. If it can increase their own strength, they will snatch it away without a care in the world." Chen Xiang curled his lips.

"Well, they'll never get your stuff, will they?" Chen Cai laughed. Chen Xiang was so powerful and could even use the Time and space power. It would be extremely difficult to snatch his World Defying Green dragon.

"Of course, that's why those guys suffered a lot of losses. Furthermore, it was all because of me." Chen Xiang sighed: "Oh right, Chen Cai, do you want to come with me to a place? When the time comes, I might need your help!"

Chen Cai was very strong, and very mysterious too. He wasn't afraid of the King of Pigs and the King of Bears, he knew that he was strong.

"Good!" But I want to enter your Six Realms mirrors and see. I heard from Xiao Ke'er that there are a lot of her array formations inside. " Chen Cai was most interested in these things.

"No problem, you can go in. But don't tease the toad, it doesn't like to be disturbed from sleeping." Chen Xiang took out the Six Realms mirrors and let Chen Cai in.

After Chen Cai went in, Chen Xiang controlled the Six Realms mirrors to contact Murong Honglian.

"Little Red Lotus, how is she now?" Chen Xiang saw Murong Honglian standing in a pavilion in a daze, and laughed as he shouted.

"It's okay, it's just that the bastards of He Clan would come to find trouble with me from time to time." Murong Honglian scoffed, "They're trying to find you through me!"

"Yes, I'll go look for you now!" Chen Xiang immediately teleported to the pavilion.

It had been a few years since Murong Honglian last saw Chen Xiang. Now, she carefully sized him up, wanting to see if Chen Xiang had any changes.

Chen Xiang had already cultivated the Primordial Divine Body, and she even had a very strong Heavenly magic sword.

"Are you ready?" Murong Honglian asked, the reason Chen Xiang was able to come here, was very likely because he wanted to follow her into the Mu Rong family.

"Un, I'm ready!" Chen Xiang smiled mysteriously: "Let's go in now!"

Murong Honglian was still a little worried, and said in a low voice: "You must know, it is extremely dangerous to go in, when that time comes, even if I have to put my life on the line I will not be able to save you, the strength of the ancestors inside are extremely terrifying!"

"Do you want to notify them before you go in?" Chen Xiang asked.

"Yes, that's why they will capture you as soon as you enter." Murong Honglian hurriedly nodded: "It's still not too late for you to regret it now."

[Chapter 3092](#)

Of course, Chen Xiang didn't regret it. All these years, he had been busy with preparations.

He did not do this to help Murong Honglian, but to teach the Mu Rong family a lesson! The Mu Rong family's act of returning kindness to him made him angry, especially after he had saved Murong Honglian and brought him back to the Mu Rong family, the Mu Rong family had immediately sent people to kill him, wanting to snatch the World Defying Green dragon and the Myriad Tao's treasure from his body. This made him feel that the Mu Rong family was even more hateful than the He Clan.

"I don't regret it. I can't wait to get in." Chen Xiang's eyes were filled with anticipation, as well as killing intent. Her actions made Murong Honglian's heart jump, she had thought that Chen Xiang had promised her that he would do anything to help her.

She could already tell that Chen Xiang really wanted to enter the Mu Rong family. She thought back to what the Mu Rong family had done to Chen Xiang, and suddenly realized that Chen Xiang always hated the Mu Rong family!

"You ... "Alright, I'll bring you in now. I won't inform them. As long as you enter, they shouldn't say anything." Murong Honglian tightly held onto Chen Xiang's hand. She didn't know why, but she was actually more nervous than Chen Xiang by a lot.

Murong Honglian had mastered the Time and space power very well, and was considered very outstanding in the Mu Rong family. The Mu Rong family had used the power of space very well, but only Murong Honglian and a few other ancestors had used the Time and space power well.

? One? Ben? Read it? Fiction. ybdu. Chen Xiang followed Murong Honglian into the space where the Mu Rong family was. It was like a huge city, with a very stable space.

Just as they entered, they met a group of people rushing over, Chen Xiang immediately saw Murong Honglian's senior, Murong Kai!

"Chen Xiang!" When Murong Kai saw Chen Xiang entering with Murong Honglian, he was immediately overjoyed and shouted, looking at him, he looked as if he had seen his long-lost family.

"Hello!" Chen Xiang laughed.

"Very good!" Murong Kai laughed out loud, and immediately rushed up to him, took out a red iron chain and tied Chen Xiang up, then released a pagoda to cover him up.

"Senior Master... I have already fulfilled my contract, so you can let me and Master go now. " Murong Honglian bit her lips, looking at the tower that imprisoned Chen Xiang, she knew how powerful it was, and her heart was filled with worry, but even more so, guilt.

"Alright, you can leave now!" Murong Kai laughed, then waved his sleeve and released a person. It was an extremely old man with a head full of white hair.

"Master!" When Murong Honglian saw his master like this, he felt very grieved.

Then, she looked at Murong Kai, at the small tower in Murong Kai's hands, Chen Xiang was inside, holding onto her jade fists tightly, she wanted to rush forward and snatch the tower.

"Go!" An aged and powerless voice suddenly appeared in Murong Honglian's mind. It was her master's voice.

Just as Murong Honglian was about to attack, a boom resounded and the entire Murong Secret Realm began to shake.

"We are from the He Clan, hurry up and let us in. Otherwise, don't blame us for being impolite." When Murong Kai heard the voices coming from outside, he became terrified and immediately hid himself inside the pagoda.

Murong Honglian secretly cursed himself for not taking action in time, as he had already missed the best opportunity to save Chen Xiang!

"Little girl Red Lotus, what's going on outside?" Chen Xiang suddenly said to Murong Honglian.

"Chen Xiang!" Murong Honglian did not expect Chen Xiang to actually be able to contact her again. "Are you alright? "I'm sorry, I'm sorry ..."

Murong Honglian apologized a few times!

"It's fine. I'm fine now. What's going on outside?" Chen Xiang shook his head and sighed when he saw the guilt written all over Murong Honglian's face.

"The people from the He Clan have arrived. They should be the ones that came here the most, because of you." Murong Honglian said: "They want to take you away, but I wonder if that old man from the Mu Rong family will let you out."

"Then hurry up and bring your master away. It's going to be a huge mess here." Chen Xiang said.

"Are you really okay?" Murong Honglian was still a little worried.

"I'm fine!" On the contrary, Chen Xiang felt that this tower was not that powerful.

"Alright, I'll leave now!" After Murong Honglian brought her master away, Chen Xiang was no longer able to see her through the Six Realms mirrors, which made him feel a lot more at ease.

"I wonder how this group of fellows will solve the problem of the He Clan next?"

Chen Xiang was very curious about what was happening outside. He closed his eyes and used the Time and space power to transmit his hearing to the outside world ...

... ..

"Murong Kai, Chen Xiang has been captured by you!" The one who was charging in front was He Huang. Although he was only at World Defying Holy Body, he only dared to speak to the Mu Rong family because of He Clan's power.

The Mu Rong family was still afraid of the He Clan, especially now that the He Clan had gathered so many strong and powerful forces, otherwise He Huang would not be so presumptuous towards them. From this, He Huang could tell the Mu Rong family's current status.

"No, Chen Xiang is not here!" Murong Kai calmed down and said calmly: "He has already left with Murong Honglian! You guys should know that Murong Honglian is outside, he just left not long ago! "

"Don't lie to me, we are very clear about the grudges you two have with Chen Xiang. Would you let him leave so easily? Furthermore, I know very well about the contract between you and Murong Honglian." He Huang laughed coldly, He Huang rode on a large flying disc, on it were a few middle-aged men. These middle-aged men were all as powerful as Murong Kai, and the person Murong Kai was most afraid of was the yellow-haired elder.

From what Murong Kai said, he knew that the He Clan had spies in the Mu Rong family. He never thought that the Mu Rong family would have a spy, even knowing the contract between Murong Honglian and him, then this spy must be one of their higher-ups.

"Esteemed guests of the He Clan have travelled here from afar. Please come inside and do it. If you have anything to say, please sit down and we can have a good talk." A friendly voice came from the sky above Murong City.

"Since Patriarch Murong has spoken, we can't not to give him face! "Alright, let's have a good talk today." As He Huang said this, he controlled the flying discs to fly inside. It was forbidden to fly above Murong City, but he did not care about this, making the people from the Mu Rong family angry.

Murong Kai did not follow him. Instead, he headed towards a mountain forest in the Murong Secret Realm and entered a cave.

"Ancestor, Chen Xiang is inside." Murong Kai passed the tower to an old man inside.

I will use the shortest amount of time to get him to hand over the World Defying Green dragon and Myriad Tao Divine Soil. With these things, we don't need to be afraid of the He Clan. The old man's skin was a waxy yellow, and his snow-white hair was in disarray. His eyes were filled with a vicious and sinister light as he looked at the small pagoda with an evil grin.

Chen Xiang who was inside already knew about the He Clan coming in, he never thought that the Mu Rong family was actually so useless, and got bullied by the He Clan to such a degree.

"Chen Xiang, are you really not afraid of being unable to leave?" Feng Ke'er asked, she also wanted to know what method Chen Xiang would use to escape this tower.

"What's there to be afraid of? There has never been anything that could trap me!" Chen Xiang smiled and said with great confidence.

[Chapter 3093](#)

The little pagoda that was locked up with Chen Xiang was in the hands of an ancestor of the Mu Rong family. After the old man received the pagoda and knew that Chen Xiang was really inside, he laughed happily.

"Little fellow, you better obediently cooperate with me. Hand over the Myriad Tao's treasure first, and that treasure won't have any use for you. I'm afraid you don't even know how to use it yourself." The Mu Rong family's ancestor laughed sinisterly: "As for the World Defying Green dragon, you have to give it to me."

Chen Xiang heard Murong Dihua's words from inside and sneered in his heart, then took out the Heavenly magic sword.

I will not give you the World Defying Green dragon, and even if I kill myself, I will not give it to you. I know the situation your Murong Family is in, and you are still waiting for my World Defying Green dragon to turn the tables, right? Chen Xiang laughed out loud: "I am also clear about the He Clan's power, if you are unable to turn the tables, you will forever be their slave!"

"Murong Honglian, this girl must have told you! It seems that you have quite a good relationship with her. It's a pity that she betrayed you and tricked you into this place, so you ended up in our hands. Right now, you must be feeling very sad and must hate her, right?" Murong Dihua chuckled. "Now that you're in this tower, you won't die. Try it."

Chen Xiang closed his eyes and used the Time and space power. Through the Time and space power, he could directly see the situation outside the small pagoda in his mind. At this moment, Murong Dihua was pressing the small pagoda against his forehead, allowing him to clearly understand the situation inside the pagoda and be able to control everything inside.

"Not good, this guy is going to work!" Chen Xiang suddenly felt a fluctuation in the space, obviously Murong Dihua's power had entered the space in the small pagoda.

Chen Xiang rushed over to the wall and thrust his sword towards it. The Heavenly magic sword that had been tempered by the Myriad Tao Divine Soil were extremely sharp, and easily pierced through the wall, the long sword had already pierced through the small pagoda and pierced through Murong Dihua's forehead!

Murong Dihua who had his forehead plastered to the small tower just now saw Chen Xiang holding a sword inside, and was about to use his consciousness to take the sword away from Chen Xiang, but he did not expect that Chen Xiang would suddenly use his sword, and in the end he did not expect even more, the sword actually pierced through the inner wall of the small tower, directly emerging from the outside, and directly piercing into's forehead.

"Old man, you're too naive!" Chen Xiang laughed loudly, then with a loud roar, he summoned a large amount of World Defying Stage Divine Power and channeled it through the Heavenly magic sword, entering Murong Dihua's Divine Sense Sea, causing a great deal of damage.

After the small pagoda was pierced, it became useless, allowing Chen Xiang to teleport out of it easily.

There was a bloody hole in Murong Dihua's forehead, but he did not die. He only opened his eyes which were filled with endless hatred, and his entire body trembled with anger. "You little beast, what did you do to me ..."

"Didn't you want to obtain my World Defying Green dragon? Didn't you want the Myriad Tao's Treasure?" Chen Xiang grinned: "This sword was created using the Myriad Tao Divine Soil. Didn't you say before that I don't know how to use it?"

"You want my World Defying Green dragon, you are not worthy." Chen Xiang snorted, and then slashed a few times at Murong Dihua, and finally pressed his hand on Murong Dihua's head.

He did not plan on devouring Murong Dihua's memories, because a strong soul like Murong Dihua would find it difficult to search for memories even if he was severely injured.

After he sensed the chaotic World Defying Stage Divine Power within Murong Dihua's body, he immediately activated the Devouring magic kungfu and directly devoured it.

"So powerful, as expected of a fellow with an adult World Defying Stage Divine Body!" When Chen Xiang absorbed the World Defying Stage Divine Power, his arms were supported by the waves of World Defying Stage Divine Power as they expanded and squirmed.

"You will die a horrible death!" Murong Dihua roared in shock, he did not think that Chen Xiang would actually want to swallow him.

"You're the one who will die a horrible death!" Chen Xiang laughed: "Don't tell me I have to give you the World Defying Green dragon in order to die comfortably? Dream on, I'll kill you. Not only do I not need to give you the World Defying Green dragon, I can still live well! "

"You are making an enemy out of our Mu Rong family. You will not have a good ending." Murong Dihua was extremely furious.

"Old man..." Chen Xiang fiercely slapped Murong Dihua a few times: "You have to understand, it was you who made me an enemy first, I saved Murong Honglian twice. Not only were you not grateful to me, you even stole my World Defying Green dragon, who offended whom first? "Since you have reached this stage, it is all your doing. Your Mu Rong family deserves it!"

"Hmph, the World Defying Green dragon would be fine if they stay on you, only in our hands would they shine ..." Before Murong Dihua could finish his words, all of the teeth in his mouth had already been shattered by Chen Xiang.

"So much bullshit. We'll talk about it when you're dead. You'll have a chance to say it when you're dead." Chen Xiang increased the power of his devouring and crazily devoured Divine Sense Sea World's World Defying Stage Divine Power.

"Old bastard, I'll let you bully me. Now, I'll let you experience the power of the old man." Chen Xiang looked at Murong Dihua's eyes that were filled with endless hatred and laughed complacently.

Murong Dihua really wanted to curse Chen Xiang, but he was unable to say a word.

Very quickly, two hours had passed. Chen Xiang had finally devoured most of them and even though Murong Dihua did not die, he was still in a more miserable state than if he had died. He only had a very weak soul left to support him as Chen Xiang threw him into the Six Realms mirrors.

"This guy has quite a lot of World Defying Stage Divine Power, I will need a period of time to refine them." Chen Xiang took a deep breath, closed his eyes and changed his appearance into Murong Dihua's.

His body was currently covered with Murong Dihua's World Defying Stage Divine Power, and the aura he was releasing was also from Murong Dihua, which coincidentally allowed him to pass off as Murong Dihua.

After walking out of the cave, Chen Xiang immediately saw Murong Kai.

Murong Kai saw that the ancestor's face was flushed red, his eyebrows were beaming with joy, and anxiously walked over.

"Ancestor, you've settled Chen Xiang?" Of course Murong Kai did not dare to doubt this ancestor, especially the aura this ancestor was releasing right now. Although it was a bit unnatural, it was extremely powerful and made him feel a lot of pressure.

"What's so difficult about a mere brat?" Chen Xiang used Murong Dihua's voice and laughed complacently.

Murong Kai felt that things were going a little too fast, and he had a better understanding of Chen Xiang now. Knowing Chen Xiang's character, it would be extremely difficult for him to get Chen Xiang to hand over the World Defying Green dragon.

"How are the fellows of He Clan doing?" Chen Xiang asked.

"They are gone... When the other Patriarchs heard that Chen Xiang had fallen into the hands of the ancestor, they were completely at ease, so they chased them out. Now that the ancestor has obtained the World Defying Green dragon, he no longer has to be afraid of the He Clan. " Murong Kai laughed loudly, "He Clan bastards, it's time to take care of them."

[Chapter 3094](#)

Murong Kai didn't even know that the ancestor in front of him was Chen Xiang pretending to be him, respectfully following behind him.

Chen Xiang brought him into the cave, and then closed the stone door.

"Ancestor, it's a bit chaotic here. What happened previously?" Murong Kai asked anxiously with a concerned look: "Are you injured?!"

Chen Xiang took out the small pagoda that he destroyed, passed it over to Murong Kai, and said seriously: "This brat Chen Xiang doesn't know, just look at how he destroyed my pagoda. Take a good look, just look at how he destroyed this pagoda."

Murong Kai took it and looked inside and outside very carefully. He could not see anything, but he still looked inside very carefully. He wanted to find something, and that way he could get praise from the ancestor.

"You see anything?" Chen Xiang asked.

"Not at the moment, but the technique is very secretive. If I look more carefully, all I see is that crack." Murong Kai said seriously: "This gap seems to come from the inside, how exactly did it come about?"

"That's how it was done!" Chen Xiang summoned his Heavenly magic sword and thrust his sword towards Murong Kai like lightning, conveniently destroying Murong Kai's Divine Sense Sea.

"You ... Ancestor, why!?" Murong Kai's face was filled with fear, he did not understand why his ancestor would act so viciously towards him.

"Because I'm Chen Xiang!" Chen Xiang changed back to his original appearance and laughed out loud: "That old fellow isn't dead yet, I left his Spirit Fox to torture him for a period of time. I was worried that he would be too lonely, so I grabbed you to accompany him!"

Murong Kai had never thought that Chen Xiang would actually kill off such a powerful ancestor like Murong Dihua, and even successfully impersonate Murong Dihua to trick him into coming in, distract him, and then sneak attack him, causing him to be seriously injured.

"Chen Xiang... "You ..." Murong Kai clenched his teeth, staring at Chen Xiang. At this time he was no longer able to move, his Divine Sense Sea was already heavily injured.

"Go in and accompany that old bastard." Chen Xiang took out Murong Kai's soul and threw it into one of the Six Realms mirrors. There was a small killing array there specially used to torture souls.

He didn't have any plans to kill them yet, because if they were to die, the other ancestors of the Mu Rong family would immediately know about it.

"Mu Rong family..." Sooner or later, you will all be destroyed by the He Clan, but let me do it first, whether or not you guys can escape this calamity will depend on your luck! At the same time, I want to warn He Clan, that is the result of their He Clan becoming enemies with me, Chen Xiang. " Chen Xiang stood on top of a tall mountain and released a powerful aura.

After the few Patriarchs in the Mu Rong family sensed this, they all came one by one.

"Di Hua, what are you doing?"

"Did you get the World Defying Green dragon?"

Chen Xiang looked at the two elders and said sternly: "You two stay far away from here, I want to try and see if I can release the World Defying Green dragon. If the World Defying Green dragon loses control at that time, you two better not hurt it too, it is our trump card to deal with the He Clan."

"Alright, let's leave this place immediately."

The few old men were all very excited because the World Defying Green dragon was already in their hands. If they really had control over it, they did not have to be afraid of the He Clan. Moreover, they would also be the strongest within the World Defying Stage Clan.

After Chen Xiang tricked them until they left, he couldn't help but laugh out loud and release the World Defying Green dragon. The World Defying Green dragon came out from the huge square boulder inside the Six Realms mirrors and became red all over, with raging flames and a pair of gigantic Suzaku fire wings.

"Red fire dragon!" When Chen Xiang saw that the Red fire dragon was much larger than before, he was extremely happy. At this moment, the entire sky above Murong City was covered by the body of this huge dragon.

The Red fire dragon's body released wave after wave of scorching aura. As the dragon's body trembled, scorching waves of air pressed down from the skies, causing a sea of fire to envelop the entire city. In the blink of an eye, the ancient Murong City was enveloped in flames.

When the people in the city saw that something was wrong, they immediately ran away. When the other elders saw how powerful the Red fire dragon was, they became excited and began to leave the Mu Rong family.

"Let's go!" Chen Xiang hurriedly teleported Chen Cai back to his body, then teleported out of the Murong Secret Realm.

When he came outside, other than the large group of disciples from the Mu Rong family, he also saw a huge flying discs in the distance. On top of the discs, stood He Huang and an ancestor of the He Clan.

[Chapter 3095](#)

The people from the He Clan had originally left the Murong Secret Realm. However, not long after they left, they sensed an extremely strong aura of a World Defying Green dragon. When they came over, they had already known about the chaos within the Murong Secret Realm.

"It's Murong Dihua, this guy already obtained the World Defying Green dragon." Behind He Huang, the patriarch of He Clan, He Zhihao frowned: "He's coming over!"

Chen Xiang teleported in front of them.

"What, you want to give us the World Defying Green dragon? We already know that you are unable to control the World Defying Green dragon. " He Huang said with a beaming smile.

"I can control the World Defying Green dragon, so I won't give it to you. And I still need to ..." Chen Xiang immediately let Chen Cai out.

When Chen Cai came out, he immediately attacked He Zhihao fiercely.

He Huang turned pale with fright. He Zhihao had never expected that the Mu Rong family would dare to attack them.

He Zhihao was only pushed to the side by Chen Cai in an instant, while Chen Xiang released the power of spatial imprisonment to lock He Huang who was trying to escape.

"He Huang, you probably don't know who I am!" Chen Xiang sent a sound transmission to He Huang and He Huang looked at the old man in front of him. The voice that appeared in his mind was a voice that he was very familiar with, it was Chen Xiang's voice.

"You are..." He Huang suddenly understood everything, Chen Xiang had snuck into the Mu Rong family and even impersonated Murong Dihua, which meant that Murong Dihua had already been killed by Chen Xiang.

"Do you still remember me?! Unfortunately, I cannot give it to you, but I can let you see my World Defying Green dragon before you die. "

As he finished speaking, Chen Xiang released a very small World Defying Green dragon that penetrated He Huang's body like lightning and entered He Huang's Divine Sense Sea. Then, it exploded inside the Divine Sense Sea, turning into a gigantic World Defying Green dragon that directly bursted He Huang's Divine Sense Sea and body.

Seeing the World Defying Green dragon suddenly appear, He Huang's body exploded. He Zhihao's heart was filled with rage, he shouted, and attacked Chen Cai with all his might ... But just as he was about to use his strength, Chen Xiang took Chen Cai away and teleported away, returning back to the Myriad Tao Forest.

"You have offended quite a few powerful fellows in an instant!" Chen Cai laughed: "But because of you, I also have the chance to meet human experts. They are all very powerful, especially that old fellow just now, he was too terrifying when he attacked."

"There are a lot of people like him. What you see is just the tip of the iceberg." Chen Xiang laughed bitterly: "It's these guys who wanted to obtain my World Defying Green dragon, I don't have the strength to deal with them yet."

"If we had teamed up just now, we might have been able to kill that guy." Chen Cai was referring to He Zhihao.

Chen Xiang shook his head: "No, you don't know that the old guys from the Mu Rong family are hiding somewhere. If we were to fight with the old monsters from He Clan, they would definitely sneak an attack us."

The ancestor of the Mu Rong family had long followed him out, but when he saw the people from the He Clan s, they did not follow. They hid at the side and watched, and when they saw how He Huang was killed, they trembled in fear as well.

If they wanted to repair it again, they would need a lot of time. Now that they had suffered heavy losses, they did not know what to do next.

Chen Xiang took out his Six Realms mirrors and looked at Murong Honglian.

"Little Red Lotus, how are you two doing?" Chen Xiang asked.

"All right, you're out now?" When Murong Honglian heard her voice, he was immediately overjoyed. Only Chen Xiang could see her in the same world as her, which meant that Chen Xiang had come out.

"Yes... The entire Murong Secret Realm has been destroyed by me, I'll go look for you right now. " Chen Xiang teleported over with Chen Cai.

... ..

Murong Honglian and her master were hiding in a cave. At this moment, her master seemed to be reaching the end of his lifespan and could die at any moment.

"This is my master, Murong Tianqing!" Murong Honglian looked at her master and bit her lower lip. She knew very well that her master wouldn't be gone for long.

"Junior Chen Xiang!" Chen Xiang immediately bowed to Murong Tianqing.

"Chen Cai!" Chen Cai introduced himself.

"There's no need to be so polite." Murong Tianqing laughed, "What a powerful young man, the Mu Rong family is about to be destroyed!"

"I'm sorry, I've destroyed your Mu Rong family." Chen Xiang said somewhat embarrassedly.

"After we left the Mu Rong family, we were no longer members of their family." Murong Tianqing let out a long sigh, "The ancestors of the Mu Rong family were more selfish than the rest, I only noticed later on that day. If I knew earlier, I wouldn't have gone all out to help them develop."

Chen Xiang had truly experienced it before. At the critical moment, these ancestors were actually jealous of Murong Dihua for obtaining the World Defying Green dragon and wanted to kill him to snatch it.

"Senior, I heard you are an alchemist, I coincidentally am also from Alchemist! With your current condition, you should be able to use pills to alleviate it, right?" looked at Murong Tianqing's situation, and it was mainly because the World Defying Stage Divine Power was no longer present. To the World Defying Stage, the World Defying Stage Divine Power was the source of life, and the reason Murong Tianqing was able to live for that long was all because of the remnant World Defying Stage Divine Power in his body.

If you want to extend your life, you can't use someone else's World Defying Stage Divine Power!

"Right now, the bridge to the World Defying Stage Divine Power is broken, causing the World Defying Stage Divine Power to be unable to be transported out. This requires refining a type of Divine Stage Everlasting Pellet, and right now I don't have the ability to refine any more ..." Murong Tianqing sighed.

"I'll try!" Chen Xiang said. It was rare for him to meet a Alchemist, so he definitely had to learn from them.

"Let me take a look at your current World Defying god fire." Murong Tianqing saw Chen Xiang's serious face and asked.

Chen Xiang immediately released the World Defying god fire.

When Chen Cai saw it, "He is only at the initial stage of the Divine Body, but the World Defying god fire is close to mastery.

"Generally speaking, only the peak of World Defying god fire can be refined ... But you can try." Murong Tianqing said: "Within the World Defying Stage Clan, there aren't many Alchemist s who know how to refine pills. Even though there are quite a few Alchemist s from other families, none of them are able to refine this kind of pill, and none of them are willing to refine for me ... Only the two Alchemist s of the He Clan can be refined, but they definitely cannot be refined for me."

In order to give Murong Tianqing enough confidence, Chen Xiang took out the World Defying heavenly Dan he had refined himself, and said: "This is what I refined. I relied on this pill to cultivate my Primordial Divine Body."

"World Defying heavenly Dan!" When Murong Tianqing saw it, he was surprised to be able to recognize it. He thought that not many people would know of this pill.

"Yes, senior, you also know how to refine?" Chen Xiang felt that World Defying heavenly Dan s were extremely hard to refine as well. He had to spend a great amount of time to finally figure out the method to refine them.

[Chapter 3096](#)

Murong Tianqing and Murong Honglian both recognized the World Defying heavenly Dan, especially Murong Honglian, she was staring at the World Defying heavenly Dan in Chen Xiang's palm like a wooden chicken.

"I don't understand. Because it was extremely difficult to refine, I used to have medicinal ingredients, but after I tried them all, I ended up failing." Murong Tianqing saw that Chen Xiang could refine World Defying heavenly Dan, but he was also pleasantly surprised and full of hope. This was because Chen Xiang was able to refine pills for him, allowing him to recover.

This was something that had been bothering him for many years. He had the medicinal ingredients, but he was unable to refine them himself, and no one helped him refine them. That was why he was able to drag things out until now.

"This is the medicinal herb!" Murong Tianqing immediately took out a green jade box and handed it over to Murong Honglian, telling him to pass it to him.

After Chen Xiang opened it, a burst of cold air rushed out. All the medicinal ingredients had been frozen, just to keep it fresh, the box had also been specially made.

"Is the medicinal herb still fresh?" Murong Tianqing asked.

"Not too bad, not too bad." Chen Xiang looked at it, then nodded: "Are these just the medicinal ingredients?"

There were only two types of herbs in the box: two pieces of bamboo, one golden and one red, only as thin as a finger.

"Yes, this is called the Crimson Gold Bamboo. This type of bamboo grows from a piece of red to a piece of gold for 100,000 years. I handled both sections well." Murong Tianqing said: "You can just directly refine it. You are able to refine a pill as hard as this World Defying heavenly Dan, you should be able to refine something like this."

"What pill is this?" Chen Xiang asked, he was also very interested in this unfamiliar pill.

"The Primordial Meridian Pill is mainly used to repair severely damaged dao veins. My dao meridians are severely damaged, so I am unable to draw out the World Defying Stage Divine Power. As long as I consume this pill, I can repair broken dao veins." Murong Tianqing slowly stood up and said: "I have never refined this kind of pellet before, so I am not sure what problems I will encounter during the refining."

Chen Xiang nodded, he had placed all his hopes on him now.

"Chen Xiang, you have to succeed!" Murong Honglian pulled Chen Xiang's hand. "My master looks after me very well."

"I'll definitely succeed. I'll start right now!" Chen Xiang looked at the stone room over there, and said: "I'll start inside!"

Murong Honglian immediately brought Chen Xiang into the secret room. When Chen Xiang was at the door, he turned and instructed Chen Cai, telling him to be more alert.

Chen Cai was still quite strong, if not he would not have been able to fend off the few ancestors all by himself. Although he could only hold on for a short period of time, it was already not bad.

After Chen Xiang entered the secret room, he immediately released a Time Domain to cover the two sections of the pillar, and then used the Triple time field to increase his speed.

"Sijing, how long do you think it will take for the seed to grow? Senior Murong seems to only have this kind of medicinal herb." Chen Xiang said: "I need to get a backup."

Chen Xiang felt that he would definitely succeed, and he did so just in case. At the same time, he felt that this pillar was not bad, and wanted to plant it inside the You Yao Mountain Villa.

"About ten days!" What Jiang Sijing said was the normal time.

"Alright!"

In the following ten days, Chen Xiang did not refine pills, but instead, wholeheartedly planted this golden-red Mysterious Bamboo.

Just as Jiang Sijing had predicted, a section had been planted within the span of ten days. He immediately cut off the two pieces of bamboo that had just grown, and threw them into the Tianchuang furnace to refine.

The refining process was still very easy, especially when compared to the World Defying heavenly Dan. At the very least, it was not like how World Defying heavenly Dan had so many steps.

Using a familiar technique, he was able to successfully refine the two pieces of bamboo and fuse them together.

"Don't we need to use the derivation technique?" Seeing that Chen Xiang was about to start concocting pills, Feng Ke'er asked.

"I don't think so. This pill isn't used to increase one's cultivation. Therefore, no matter how high the quality is, it won't be of much use." Chen Xiang said.

"That might not be the case. He used it to repair his meridians. If the quality is high, then it might be faster." Feng Ke'er said.

"Alright then, I'll use the derivation method to train."

After using the derivation method, Chen Xiang finally understood that this golden-red Mysterious Bamboo was somewhat different.

"Is this even a divine medicine that can make people proud of themselves?" Chen Xiang felt this was a little unbelievable. At this moment, there were more than ten small crystals that had just sprouted out of his furnace. These were all easily produced by him.

"Why is this happening?" Feng Ke'er had seen Chen Xiang refine quite a few pills before, when he used the derivation method, it was extremely difficult to produce the little crystal balls.

"Forget it, let's just focus on condensing the pill first!" Chen Xiang said, then let Feng Ke'er condense the pellet.

During the process of condensing the core, a situation had occurred. Feng Ke'er's progress was extremely difficult!

"If I can't suppress it, what should I do?" Just by trying it, Feng Ke'er already felt that it was extremely difficult.

"That's the only way." Chen Xiang divided the lump of crystals into three parts and let Feng Ke'er start to condense the pellets.

Only after being divided into three groups could Feng Ke'er proceed with the condensing of the core, but it was also very slow.

"So difficult!" After Feng Ke'er suppressed them for a month, when he finally managed to calm them down a little, he was surprised. Previously, he thought that they had been very successful, but who would have known that it would be so difficult to refine them in the end, "If I had known this would happen, I would not have used the derivation method."

"Even if I don't use the derivation method, the process of condensing a pill will be very difficult." Chen Xiang was also in the process of condensing his pill and he had already used the power of time. This could help them shorten the time gap with the outside world.

Very quickly, a year had passed and the three pellets were already successfully refined. This made Chen Xiang and Feng Ke'er heave a sigh of relief, the process of refining the pellets before also only took a little less than half a day, but in the end, it took a whole year to condense the pellets.

"Alright, let's eat one and see." Feng Ke'er said to Chen Xiang: "This kind of Primordial Vein Divine Pill might be useful to you as well."

Chen Xiang also wanted to try it, so he immediately ate one.

After the primordial spirit pellet melted in his body, it turned into a surge of energy that rushed into his Divine Sense Sea. After that, he only saw a black belt of light appearing in his Divine Sense Sea, hanging by his hammer, connecting the sky and the earth of his Divine Sense Sea.

"What is this?" After consuming that pellet, such a strange thing actually happened, he told Feng Ke'er about this matter.

Feng Ke'er didn't know what this was either, so she said, "Go out and let Senior Murong have a look, maybe he'll know!"

Chen Xiang used the power of time, so he only used around ten days to finish refining it. When he came out of the stone room, Murong Tianqing was surprised.

"Failed?" Murong Tianqing felt that it would take at least a year or so to refine this pill, but it had only been ten days!

"How could I fail?" Chen Xiang laughed, then took out a Proud Vein Divine Pill and tossed it over.

[Chapter 3097](#)

When Murong Tianqing received the Proud Vein Divine Pill, he was instantly stunned, and only after a long time did he look at the Proud Vein Divine Pill in his hand. -

"It really is the Proud Vein Divine Pill." Murong Tianqing took a deep breath, and said: "Isn't this way too fast? This is a Divine Level Primordial Pellet, it's not easy to refine."

"It is indeed difficult to forge!" laughed bitterly. He used an entire year to condense the pellet, and it was extremely difficult to condense one at that. Both he and Feng Ke'er had been using all their strength to condense the pellet all the time.

"Master, he knows how to use the power of time. He probably took one or two years." Outside the stone room, Murong Honglian could feel the sound waves that contained the power of time.

Murong Honglian also knew about the power of time, but he did not know how much she had grasped. In short, she was extremely sensitive to this power, so she could sense it.

"So that's how it is. Even though it took me one to two years, it was still quite fast." The look in Murong Tianqing's eyes revealed respect. He felt that Chen Xiang's pill refining level was above his.

"Senior, quickly eat it!" Chen Xiang smiled humbly.

After Murong Tianqing ate it, he could feel a strong medicinal power and was slightly shocked in his heart. This was because the effects of the medicine were much stronger than he had guessed before.

But the effect now was far greater than he had expected.

It had only been an hour since Murong Tianqing had consumed the Primordial Profound Orb, and his pale white face had already turned red. His body also had a trace of life force, allowing others to feel the aura of his World Defying Stage Divine Power.

It seemed like he had successfully repaired his dao channels!

"Senior, I refined a total of three pills in a single pill. Earlier, I also consumed one, but a black thing appeared in my Divine Sense Sea. I don't know what it is." Chen Xiang said: "The space between the heavens and the earth of my Divine Sense Sea World is connected to this black belt of light."

When Murong Tianqing found out that Chen Xiang had not only refined one pill, his heart was shocked, the pill refining strength of Chen Xiang far exceeded his imagination, and what made him even more surprised was what Chen Xiang had said was the situation in Divine Sense Sea.

"Are you sure?" Murong Tianqing said: "Is there really a black thing inside your Divine Sense Sea?"

Chen Xiang nodded his head: "Yes, why do I have to 'do' this and not leave, moreover there isn't any reaction, and there isn't any aura. What exactly is this thing that has appeared in my Divine Sense Sea, and it's so long, too annoying."

Murong Tianqing took a deep breath before speaking, "You might not know this ... This black thing is called the Heavenly Passage Channel! "

"Heavenly meridian?" Murong Honglian also did not know about this, so she looked at Chen Cai, only to see Chen Cai shaking his head.

"Yes, a heavenly meridian is a very rare dao vein. The ordinary dao vein is ultimately connected to the Myriad Tao, and the heavenly meridian is connected to the Myriad Tao. It is able to directly absorb the

power above the Myriad Tao." Murong Tianqing said: "This is also a state that many experts at the peak of World Defying Stage pursue. Only when you have reached this realm can you train without worries, and absorb the power from above!"

"What power does the Myriad Tao possess?" Chen Xiang never thought that he would actually be able to cultivate such a strange Heaven Opening Meridian after consuming the Primordial Meridian Pill.

"I don't know either." Murong Tianqing shook his head: "I only heard about it because there aren't many people who possess an Invigorated Meridian, I have never seen them before."

Chen Cai said: "The strongest above Myriad Tao should be the World Defying Stage Fierce Power!"

"World Defying Stage Fierce Power?" Chen Xiang closed his eyes. He wanted to try and see if he could absorb it, but he did not.

"Yes, this is the strongest power that exists above the Myriad Tao. However, it's not good to absorb it. Chen Cai said: "As for how to obtain it, I'm not sure. I just know that."

Chen Cai knew a little about the matters above Myriad Tao, so he knew what kind of power was above.

"It's definitely going to be of great use. It's just that I'm currently unable to use it." Murong Tianqing said. At this point in time, he had already become very spirited, and this was also because of the pill's power, which was why he was able to recover so quickly after consuming it.

"En!" Chen Xiang nodded: "Senior, are you feeling better now?"

Murong Tianqing laughed, and nodded: "It's much better now, this should let me live for another tens of thousands of years, thank you!"

"You're welcome. In this situation, we should be helping each other." Chen Xiang smiled.

"Those fellows from the Mu Rong family are idiots. You are a good person, but they have repaid their debt to you. Otherwise, this would not have happened." Murong Honglian thought about how the Mu Rong family treated Chen Xiang in such a way, and he felt very angry in his heart, even though the Mu Rong family was already destroyed.

"It's all in the past!" Chen Xiang laughed: "Right now, all we need to do is to guard against the He Clan a little."

"There's also the Heaven Old Orcs." Chen Cai added.

Hearing about Heaven Old Orcs, Chen Xiang's face darkened, this was a huge threat.

These few days, Chen Cai had also told Murong Honglian and Murong Tianqing about the appearance of the Heaven Old Orcs. Now, when they heard these four words, they couldn't be happy anymore.

"Seems like I have to quickly 'understand' the World Defying Stage Fierce Power." Right now, they were all from the World Defying Stage. If they could use the World Defying Stage Divine Power well, it would be strong enough.

But the World Defying Stage Fierce Power looked much stronger than the World Defying Stage Divine Power.

"The reason why Heaven Old Orcs is so powerful is because they have mastered a few World Defying Stage Fierce Power." Chen Cai continued: "Now if you want to control the World Defying Stage Fierce Power, your body needs to be strengthened, and Heaven Old Orcs's body is innately able to contain this kind of berserk energy."

Murong Tianqing hastily took out a wooden box and handed it over to Chen Xiang: "Chen Xiang, inside is the Heavenly God's Heart Fruit. If you can refine this into a pill, eating it will definitely be of great help to your body."

"Oh?" Chen Xiang took the Heavenly Source Spirit Heart Fruit and examined it. It was extremely beautiful, like a transparent crystal heart. Furthermore, there was a faint white light inside the crystal heart.

"Chen Cai told us before, that the main reason the Heaven Old Orcs were strong was because they had a very strong beast heart!" Murong Tianqing looked at Chen Cai and continued: "The hearts of the Heaven Old Orcs are strong, so their bodies are very terrifying! It should be able to help you cultivate a powerful heart. "

Chen Xiang nodded his head: "I will try."

The God's Heart Fruit looked very fragile. If one pressed it with their finger, it would feel like it was being crushed. And this kind of fruit could make a person's heart grow stronger, it was rather strange.

After Chen Xiang received it, he immediately wanted to refine it, because the thing that made him most curious was the World Defying Stage Fierce Power. The Heavenly Passage Channel had appeared within the Divine Sense Sea, but right now, he was not qualified enough to absorb the World Defying Stage Fierce Power for cultivation.

[Chapter 3098](#)

Chen Xiang anxiously rushed into the stone room, just as he 'opened' the 'door, Murong Honglian anxiously shouted: "There are a lot of people approaching!"

"Who are they?" Chen Xiang asked quickly.

"He Clan's ... As for the Mu Rong family and the other families ... They should all have pledged their allegiance to He Clan. " Murong Honglian anxiously said: "We need to quickly leave this man."

"Go outside Myriad Tao Forest." Chen Cai shouted, "Heaven Old Orcs will soon be breaking through that barrier. When that time comes, hehe ..."

Chen Xiang's eyes lit up, and then, he took out the Six Realms mirrors, allowing everyone to board the Six Realms mirrors. After that, he used the Time and space power to bring everyone out of the Myriad Tao Forest.

"They should have come here by sensing your World Defying Green dragon." Murong Honglian said: "I wonder if they found out that you pretended to be Murong Dihua."

Previously, Chen Xiang had caused a ruckus in the Murong Secret Realm by impersonating Murong Dihua. The people from the Mu Rong family definitely did not suspect anything, because these ancestors were very clear that they had done something to Murong Dihua first.

After I killed He Huang, the He Clan would definitely be very angry, and using their secret technique, they would be able to detect the aura of the World Defying Green dragon, and then they would be able to track us down. This surprised Chen Xiang, the ancestors of the Mu Rong family hated He Clan to the core.

"There's nothing to be surprised about. These guys were like this in the first place, the Murong Secret Realm was already destroyed, they had nowhere to go, and He Huang died inside the Murong Secret Realm. If they do not submit to the He Clan, their fate would not be good." Murong Tianqing looked deep into the Myriad Tao Forest, and said with a frown: "Back then, it was precisely when I entered, and my dao veins were cut off. It's really an extremely painful punishment!"

"We World Defying Stage Clan are like this, we will be trapped by the Myriad Tao's power for our entire lives." Murong Tianqing sighed: "Even though we were born with great power, our ending isn't so good."

"Don't you have eternal life?" Chen Xiang said.

"That's right, but after living like this for a long time, we'll be tired of living and want to go to a higher place to have a look. However, we've been restricted, and we're unwilling to commit suicide. We can only live in boredom." Murong Tianqing shook his head and sighed. "The reason I entered this place was to see if I can find the strength to shake off the Myriad Tao!"

"To get rid of the power of the Myriad Tao is to create the World Defying Stage Fierce Power, because this kind of power is not nurtured in the Myriad Tao." Chen Cai said: "All of the energy in your body comes from the Myriad Tao, so it will be driven by the Myriad Tao. If it was the World Defying Stage Fierce Power, then you wouldn't have such concerns."

Murong Tianqing nodded. He didn't know that Chen Cai was Heaven Old Orcs, he only knew that he was Chen Xiang's friend.

"They haven't come yet!" Chen Xiang looked at the barrier, and frowned: "What exactly happened here? Isn't the Heaven Old Orcs something that can only be broken after a period of time? "

Chen Xiang looked at Chen Cai, as if he had suddenly realized the truth.

"This Myriad Tao Forest already contained a large amount of World Defying Stage Fierce Power, and only these Heaven Old Orcs could sense and absorb it. Today, they must have found the source of the World Defying Stage Fierce Power, and after absorbing a large amount, they will have sufficient strength to break open the barrier that is restricting them." Chen Cai frowned as he looked at the sky above the Myriad Tao Forest.

"It should be the Human Emperor gathering all of the Heaven Old Orcs's power there and starting to break through!" Chen Cai said, he could sense that there was a voice calling him, but he did not go over.

Chen Cai was the Heaven Old Orcs, he knew the situation inside, and he could hear the Human Emperor calling him, so he knew that the barrier around the Myriad Tao Forest would not hold much longer.

When the Heaven Old Orcs comes out, he will definitely fight with the World Defying Stage Clan, and at that time, the Divine Wasteland will also fall!

More and more black fog appeared inside the Myriad Tao Forest. In just a short two hours, the entire Myriad Tao Forest was covered by the black fog.

Strong gales erupted within the thick black mist. The dense fog churned and produced purple and red lightning bolts. The lightning bolts flashed densely within the black mist. It was as though a monster was roaring. It was extremely terrifying.

"The fellow from World Defying Stage Clan is here." After Murong Honglian sensed them through the Domain, he anxiously said. "Red Lotus, you and your master should go first. Chen Cai and I will take care of it here!"

"Is that a problem?" Murong Honglian wanted to stay, but she thought that if she was not strong enough, she could not help Chen Xiang.

"No problem." Chen Xiang said: "I can handle it, I'll come find you guys after a while!"

Although Murong Tianqing had recovered quite a bit, he had not fully recovered, and did not have much strength.

"Then I'll take my leave first." Murong Tianqing said.

"Mn, in the future, all of you must be careful of He Clan and the rest." Chen Xiang nodded, and then changed into Murong Dihua's appearance.

Murong Honglian left with Murong Tianqing, and the people from the He Clan arrived quickly.

There were a lot of people in World Defying Stage Clan, especially the few dozen elders in front, they were all extremely powerful ancestor. When Chen Xiang saw that they had arrived, he anxiously brought Chen Cai and entered the Myriad Tao Forest.

When the people of the World Defying Stage Clan arrived and saw the strange scene inside the Myriad Tao Forest, all of their faces turned serious.

"If you are not Murong Dihua, then who exactly are you, someone from the World Defying Stage Clan who is not allowed to enter!" An old man from the Mu Rong family roared. Only then did they realise that someone was pretending to be Murong Dihua, and had messed up their Mu Rong family.

"You're not stupid!" Chen Xiang laughed, then changed back to his own appearance, he did not expect that he would be seen through so quickly.

Seeing Chen Xiang's face, the Mu Rong family members became even more furious, they immediately understood many things!

Now, they finally understood that it was a huge mistake to let Murong Honglian 'get' Chen Xiang in here, and they also understood why Murong Honglian tricked Chen Xiang into here so easily.

"It really is you!" The ancestor of the He Clan said angrily: "If you have the guts, come out from inside the Myriad Tao Forest and take out the courage you had inside the Murong Secret Realm!"

"If there were only a few old turtles like you, I wouldn't be afraid. But right now, there are just too many of them. I'm really a bit afraid." Chen Xiang laughed out loud: "Of course, no matter how many little

turtles there are, I am not afraid. If you guys do not attack, I can kill all the little turtles behind you in an instant."

"The situation in the Myriad Tao Forest is not right, we should leave first, so as to not let the gains not make up for the losses." An old man said softly, at the moment, the Myriad Tao Forest was trembling, and waves of beast roars came out, it was truly terrifying.

"No, Chen Xiang is right in front of us, we must take him down, he is getting stronger and stronger, especially the World Defying Green dragon, if we can't take him down earlier, even if we get the Myriad Tao's help, we will still die in the end." The patriarch of the He Clan said in a deep voice: "Think of a way to 'get' him out. People from the Mu Rong family, aren't you guys just people who understand the power of space? "Hurry up and 'get him out'!"

[Chapter 3099](#)

Some of them could even use Time and space powers, but because the Mu Rong family had always been pursuing benefits, their development had become problematic! The reason why they could develop so quickly was because of Murong Tianqing. However, after Murong Tianqing was heavily injured, they gave up on him because they felt that they had to pay a huge price to cure him.

Now, the reason why the Mu Rong family had fallen into such a predicament was because of their ancestors who were in charge of the Mu Rong family!

The people of the He Clan asked them to use the power of space to get Chen Xiang out at this moment, but they were a little unwilling because the tone of the He Clan was very bad.

"Didn't you already submit to our He Clan? What? Are you disobedient now?" An old man from the He Clan sneered: "Hurry up, wait for Chen Xiang to escape, you guys will have it easy!"

The people of the Mu Rong family were furious, because right now, they were like slaves in the eyes of He Clan, the people of He Clan did not plan to treat them nicely.

"Alright, let's begin now!" If they angered He Clan, their fates would be even worse, because He Clan blamed He Huang's death on them.

"What are they going to do?" Chen Xiang only saw them discussing something from afar, he did not hear anything, but seeing how the faces of the Mu Rong family's old ancestors were tensed up, he felt that something was amiss.

"This is bad!" Suddenly, Chen Xiang felt a fluctuation of energy in the space around him, he was shocked, wanting to escape from the energy of the space. However, even with the Time and space power, he was unable to successfully escape.

"Chen Xiang, come out!" One of the ancestor of the Mu Rong family roared. The reason their Mu Rong family had such an ending was all because of Chen Xiang, they hated him so much.

A few of the Mu Rong family's ancestor successfully teleported Chen Xiang out!

When Chen Xiang was kicked out of the Myriad Tao Forest, he was extremely shocked and terrified. What made him worried was that the space he was in was still sealed by the powerful Time and space power of the Mu Rong family's ancestor.

These ancestor's cultivation level was originally much higher than his, but now that he was trapped inside, he was unable to use his own Time and space power to leave.

"Xiao Ke'er." Chen Xiang anxiously shouted.

Feng Ke'er immediately released the Six Realms mirrors and it appeared under Chen Xiang's feet. It exploded into a ray of white light and enveloped Chen Xiang, and at the same time, the people from the He Clan also began to make their moves, especially the ancestors.

The people from the He Clan did not dare to get closer. They gathered their powerful World Defying Stage Divine Power into a ball of light and shot it towards Chen Xiang's energy shield.

The Six Realms mirrors had carved an array inside it, so the energy shield was able to protect Chen Xiang while absorbing the energy from other people's attacks.

"Chen Cai can't get out of Myriad Tao Forest, this is troublesome, do I need to release the Red fire dragon?" Chen Xiang clenched his teeth, looking at the protective shield released by the Six Realms mirrors, he felt that it would not last long.

"Don't let them go for now. Their ancestors are all so powerful, and if you let them attack you together, they will probably suppress you." Feng Ke'er also felt that the situation was extremely serious, but she remained calm. "Continue to wait, I think I can hold on for a little longer! There is a very strong space-time domain here, and should be released by the ancestors of the Mu Rong family. They are currently using all their might to release their Time and space power, just to trap them here. "

Chen Xiang looked at the few ancestors of the Mu Rong family and grinded his teeth in his heart: "This bunch of old bastards, I will kill them sooner or later, there isn't much I can do about it now."

If the other party was an ordinary Divine Ranked World Defying Stage, he would dare to release the Red fire dragon but there are many Patriarchs of the World Defying Stage Clan here today. Once the Red fire dragon is released, they will definitely receive serious injuries from their combined attack.

"This guy's divine artifact is really scary. It can actually block our many attacks."

"Should we go closer and use Divine Weapons to attack him?"

"Do not go near him. This guy is very strange and we have to slowly deplete his energy bit by bit. He definitely needs a lot of power to use that divine tool to protect himself. As long as we drag it out, they will collapse sooner or later."

"You bastards!" Chen Xiang took out the Heavenly Alchemy Emperor seal and injected its power into it, then he pushed it towards the group of ancestors. He released the power of the World Defying beast and formed a seal made from Red fire dragon, which he sent towards them.

The Red fire dragon roared and rushed forward, scattering all the World Defying Stage Divine Power s that were coming at them.

The patriarchs of the World Defying Stage Clan were powerful indeed. When they saw the Dragon Seal Seat, they immediately attacked together and destroyed it in an instant.

"Forget about him, let's go first. He might already have left, he has many enemies in the Myriad Tao Forest." Feng Ke'er said: "We'll find him in the future."

Chen Xiang did not care, because the Heaven Old Orcs was already approaching. If he did not leave, once the Heaven Old Orcs arrived here, he would be in danger.

"Let's go!" Chen Xiang used the Time and space power and was about to teleport away.

He successfully teleported, but after he teleported successfully, he appeared in a place that he did not wish to reach.

"This is bad!" His face changed dramatically. Normally, when he encountered this sort of situation, the spatial passageway would be teleported away by someone. Anyone with this sort of ability would be very powerful.

He looked around, only to find that he was right inside the Myriad Tao Forest.

"Human brat, you can use the Time and space power, not bad! As long as I eat you, my Time and space power will definitely grow stronger, and then I can leave this damned place, haha ... "

After Chen Xiang heard the sinister laughter, he immediately used Teleportation. This time was just like last time, he had successfully teleported, but he was still at the same place.

To be able to do this, it was much more powerful than a confined space!

"Who are you?" Chen Xiang shouted coldly: "Come out!"

He was sure that this was a Heaven Old Orcs, because Heaven Old Orcs loved to eat people.

"I've come out, so what? Do you think you can escape from my palm?" A very tall black-haired man suddenly appeared in front of Chen Xiang. This man had two horns on his head and was wearing a furry fur coat. His eyes were as big as a cow's eye, making him look like a cow.

Chen Xiang snorted, took out his Six Realms mirrors and climbed onto it, then had Feng Ke'er release a sealing force that prevented the other party from controlling space.

"Tauren, don't be so arrogant. A rude guy like you is always so arrogant." Chen Xiang said with a cold smile, then rode his Six Realms mirrors and flew forward, and disappeared in an instant.

"I'd like to see what tricks you can pull!" When the Ox-head man heard Chen Xiang's words, he became extremely angry. He wanted to use the Time and space power to bring Chen Xiang back, but he discovered that his own Time and space power was useless against Chen Xiang.

Chen Xiang had met someone who was able to use Time and space power, and was even stronger than him, so he chose not to use Time and space power. This way, he could avoid being controlled by the opponent.

"You're a bit capable, but I have to eat you even more." The Ox-head man teleported to catch up with Chen Xiang, and quickly appeared in the sky above Chen Xiang.

Chen Xiang fiercely sped up, avoided the black ball of light with great danger, and then continued his journey. He didn't know what was ahead of him, in short, he was still inside the Myriad Tao Forest, as long as he didn't encounter the Heaven Old Orcs.

The Ox-head man continued to teleport and follow Chen Xiang. He could only teleport to catch up with Chen Xiang, but he was unable to grasp the point where he appeared every time he teleported. He was always at a distance from Chen Xiang, causing him to always be able to dodge attacks from afar!

Chen Xiang had continuously avoided the attacks of the Ox-head man, and they were all extremely dangerous. At this point in time, they were already far away from the group of Heaven Old Orcs.

"Human brat, don't run if you have the guts!" He had a bad temper, he couldn't hit Chen Xiang repeatedly. Although he could follow Chen Xiang closely, he couldn't do anything to Chen Xiang.

Chen Xiang suddenly stopped running, and rushed straight towards the Ox-head man, and in the moment of flying over, he released a proud divine net that caught the Ox-head man in an instant, causing him to be caught unprepared. He did not expect that if Chen Xiang did not run, he would not run, and he did not expect even more that Chen Xiang would retaliate so quickly.

At the same time, the Six Realms mirrors had already appeared above the Ox-head man's head. It's mirror image shone down and released a seal, sealing the Time and space power and preventing the Ox-head man from teleporting away.

"You want to capture me with a broken net? Dream on! " The minotaur laughed heartily. He wanted to tear apart the Primordial Divine Web, but it was difficult.

Chen Xiang rushed over from the side, holding the Heavenly Alchemy Emperor seal in his hand, but he did not use the Heavenly Alchemy Emperor seal to attack. Instead, he used the Heavenly magic sword to stab the Ox-head man's heart, and then using the Emperor seal to attack his chest, he released the World Defying Stage Divine Power through the Emperor seal and poured in the wound on his chest, directly shattering that powerful heart.

The heart was the most important, and also the most fatal thing to the Heaven Old Orcs. Usually, there would be extremely strong protection on the chest and back of the Heaven Old Orcs, most of them being something like scales, even the Ox-heads had it. However, the Heavenly magic sword had been refined by a large number of Myriad Tao Divine Soil, and became extremely sharp, allowing Chen Xiang to easily pierce through it.

After the minotaur's heart was shattered, it died in an instant and lay on its back on the ground!

Chen Xiang threw his body into the Six Realms mirrors and fed it to the toad.

"Does this stupid cow really think I'm afraid of him?" Chen Xiang let out a snort and heaved a sigh of relief. The reason why he ran such a far distance was partly to distance himself from the Heaven Old Orcs army, and partly to make the Tauren believe that he was afraid, so he escaped. In the end, he made the arrogant Tauren lower its guard, and he succeeded in his counterattack.

Chen Xiang rested for a moment, then used Time and space power Teleportation!

However, this time he was stopped once again, and this time it was even more terrifying than the last. He was directly sent flying out of the space with a slap.

"You killed the Ox King. You have some skills! You should be the one who killed the Bear King from before! "

After Chen Xiang was struck, he only felt as if his body was going to split apart. What was even more terrifying was that there was still an extremely terrifying ball of scorching energy raging within his body, and it was so hot that it caused him to feel painful.

"You ... "Who are you!" Chen Xiang could only see a middle aged man wearing a red robe floating in the air. The middle aged man's head was wrapped in a ball of flame, so he could not see his face.

"This is the Human Emperor. I know all about this. Don't worry, I won't eat a guy like you. It's too weak!"

Chen Xiang never thought that he would meet the Human Emperor in the Heaven Old Orcs so quickly.

"You killed three of my subordinates, now you can pay with your life!" The Human Emperor raised his hand and struck towards Chen Xiang.

The Six Realms mirrors suddenly leapt out of his body and blocked the palm strike. In addition, a ball of blue light exploded out of the mirror, enveloping the Human Emperor who was covered in flames.

"It's water!" The Human Emperor was furious, his voice carried a tinge of fear, seeing that he was extremely afraid of water, Chen Xiang took the chance to use the Six beasts's power, transforming into a space-time energy and teleported away.
