

Dan God 3101

[Chapter 3101](#)

Chen Xiang lied on top of the Six Realms mirrors, his body was already heavily injured, but he was quickly absorbing the power of rebirth released by the Mei Jing Sisters to treat his injuries.

"This guy is too terrifying, he should be using the World Defying Stage Fierce Power, I have no way to block it!" Chen Xiang thought of the Human Emperor's palm, which had easily beat him to such a state.

"Yes, he's going to catch up soon. This time, we have to run away." Feng Ke'er said, just now, even if she did make a move, she would control the killing array inside the Six Realms mirrors to attack.

Her judgement was correct. She determined that the Human Emperor was extremely afraid of the power of water, so she released a very strong attack of water, causing the Human Emperor to pause for a while. Although it angered the Human Emperor more, it gave Chen Xiang more time to escape.

Chen Xiang tried his best to teleport forward. As long as he was far away from the Human Emperor, he would be safer.

"Human brat, don't run. I will definitely eat you whole." The Human Emperor's angry roars enveloped the Myriad Tao Forest, and when Chen Xiang heard it, he could not help but feel a chill down his spine.

However, he was not scared to the point that he did not dare to run. He continued to run!

He did not dare return to the Dan God Mysterious Land. If the Human Emperor was able to follow him, then it would harm the entire Natural Law World. With the Human Emperor's strength, it would be as easy as flipping his hand to destroy the entire Natural Law World.

The ground in front of him suddenly began to shake. It seemed as if there was some kind of power in that piece of land, as it started to split apart bit by bit as if it was being torn apart, creating a deep crevice.

"What is this? Is this the Human Emperor's attack?" Chen Xiang was startled, the purple mist that he spat out was extremely large, in an instant it had enveloped the entire area, and Chen Xiang did not dare to get any closer.

And what was inconceivable to him was that after he stopped, the Heaven Old Orc Emperor did not chase after him.

"He doesn't dare to come in, there's clearly something he's worried about." Feng Ke'er said: "This was not made by him, it was formed naturally. I don't know the reason, but I guess it has something to do with the broken barrier of the Myriad Tao Forest."

Just as Feng Ke'er finished speaking, a gust of violent wind blew past, completely dispersing the purple mist. The aura of the Heaven Old Orc Emperor was approaching as well.

"He blew the purple mist away. Let's go!" Feng Ke'er had already controlled the Six Realms mirrors to fly forward, and then entered the crack that suddenly appeared.

"Human brat, you will only die an even worse death if you go down. If you come up obediently, I will make your death a bit more comfortable." The voice of the Heaven Old Orc Emperor trembled. It was obvious that he was angry because he could not personally kill Chen Xiang. Just now, Chen Xiang had splashed him with water.

"Bastard! Stupid turtle! Stupid donkey! You son of a bitch called yourself the Human Emperor! Pah! Just you wait! Sooner or later, I will chop off that raging ass's head and feed it to the toad!" Chen Xiang's continuous angry curses came from below.

"Ahh ..." After Heaven Old Orc Emperor heard it, he immediately became furious, and ferociously shot out fireballs that were like the blazing sun and radiated radiance towards the crevice.

These balls of flames all carried an extremely terrifying World Defying Stage Fierce Power. Chen Xiang was already underneath the crevice, but he still felt a very strong sense of pressure, making it hard for him to breathe.

However, as soon as the ball of fire entered the purple mist, it melted away at an extremely fast speed, then turned into a purple colored mist and dispersed. Seeing this scene, Chen Xiang couldn't help but be shocked.

"What is this place?" Chen Xiang lied on the side of the Six Realms mirrors, looking at the bottomless pit that was continuously surging with purple mist ...

"I don't know, but Heaven Old Orcs seems to be a little afraid of this place, so he didn't dare come down." Feng Ke'er said: "Did you feel that something was wrong?"

"No!" Chen Xiang reached out his hand to feel the purple mist, but he didn't feel anything amiss.

Following that, he released another wave of World Defying Stage Divine Power.

The World Defying Stage Divine Power melted in the purple mist very quickly!

"We can't use the World Defying Stage Divine Power here?" Chen Xiang took a deep breath.

"It should be. You can't use the World Defying Stage Fierce Power either, so you don't know what's below it and why it suddenly appeared. But it's also because it's suddenly appeared that you can be saved." Feng Ke'er was also curious about this.

The Six Realms mirrors slowly descended. Chen Xiang wanted to go down to see what was down there. Generally, the bottom would be the core of the earth, and the core would be a very strong existence.

"The Divine Wasteland is so powerful. The Core must be very powerful." Chen Xiang was filled with anticipation.

Three days had passed, Chen Xiang never thought that the core of the earth was so deep, and did not reach the bottom even after a long time, and the purple mist beneath it was getting thicker and thicker.

"There must be a very strong energy source down there." Chen Xiang looked down, other than the purple mist, he could not see anything else.

In the past few days, he had been trying to recover from his injuries, but luckily it was only injuries on his body, so his Divine Sense Sea was fine. With Mei Jing Sisters's powerful regeneration ability, he recovered very quickly, and had completely recovered.

After a few days, the purple fog was finally gone!

"I guessed wrong, the purple mist didn't come from the bottom?" When Chen Xiang arrived, he found out that the purple mist was coming from the two walls under the crevice, but it was pitch black below.

"Let's give it a try!" He let out a ball of World Defying god fire, but the moment the World Defying god fire appeared, it was extinguished and could not be released at all.

"What the heck is going on?" Chen Xiang was already unable to see the two walls. At this moment, he was in a world which was completely dark, where he could not see anything. There was not a single bit of light, and he was also unable to emit any light.

When Feng Ke'er came out from the Six Realms mirrors, her pair of translucent wings released a faint light.

Chen Xiang, who was initially immersed in darkness and felt uneasy, felt relieved when he saw that his body was emitting a faint light aura. He pinched Feng Ke'er's cute and innocent face and laughed: "The light aura around your body has not been melted!"

"What a strange place!" Feng Ke'er stood on top of the Six Realms mirrors and shouted with her tender and sweet voice: "Is there anyone here ..."

She shouted a few times, but there was no response. Then, she sat down in frustration.

"Six Realms mirrors can actually fly. It seems that as long as all sorts of energy appear here and is sensed, it will be refined." Feng Ke'er sighed, "Not even a ghost place, not even a ghost."

"Let Well-informed Ghost take a look!" Chen Xiang laughed, then told the Well-informed Ghost who was cultivating inside the Six Realms mirrors to come out. After the Well-informed Ghost ate Chen Xiang's pellet, he was also in the sacred level of the World Defying Stage.

After Well-informed Ghost came out, he closed his eyes and released his innate technique to investigate his surroundings.

"Are there any residual souls here?" Feng Ke'er asked anxiously.

"Yes, a lot!" Well-informed Ghost's tone was solemn, causing Chen Xiang and Feng Ke'er to be shocked.

[Chapter 3102](#)

There were a lot of residual souls, which meant that a lot of people had died in the past, which meant that this place was filled with danger. However, Chen Xiang did not find anything dangerous, and this place looked very peaceful.

"I wonder what will happen after we leave the Six Realms mirrors. This is really a strange world, I can't feel the aura of the Myriad Tao's power here." Feng Ke'er said.

"We'll know when Well-informed Ghost collects the memories of the remnant souls." Chen Xiang laughed: "Although I do not know where we are, but right now, we are safer than us."

"That's true. If it was above that, he would have been killed by that Heaven Old Orc Emperor a long time ago. That fellow using that World Defying Stage Fierce Power is really scary." Feng Ke'er said, then patted Well-informed Ghost's shoulder.

"Do you have any idea? Can you tell us if this is a safe place, so that we can prepare! "

Well-informed Ghost frowned: "Could it be that you think this place looks extremely safe? For there to be such a large number of remnant souls here, it is definitely not a safe place! "

These words caused Chen Xiang and Feng Ke'er's bodies to tremble. Originally, the two of them were very relaxed, but now they immediately tensed up and became extremely vigilant.

"Just what is the danger?!" Feng Ke'er asked: "You are now part of the World Defying Stage, so you should be able to organize the memories within the remnant souls a little faster, right?"

"Mm, it will be much faster than before. I'll be able to sort it out soon." The Well-informed Ghost said.

Chen Xiang and Feng Ke'er stopped talking at this time, they were extremely focused on their surroundings and were paying attention to the situation around them. Although they could not see anything in the darkness, they could still sense the presence of the auras, and felt that if something approached them, they would definitely be able to detect it.

An hour had passed and Well-informed Ghost was already sweating profusely. He opened his eyes and said: "Looks like this is not a safe place. It's very dangerous!"

"What's the danger?" Chen Xiang asked anxiously.

"This place is called No Tao Place and is an extremely secretive place within the Myriad Tao. Although it is inside the Myriad Tao's power, due to certain reasons, the power of the Myriad Tao cannot enter this place. There is also a very mysterious power here that can directly dissolve the power of the Myriad Tao."

The Well-informed Ghost said, "You should have already tried to release your energy before it dissolved, right?"

Chen Xiang and Feng Ke'er both nodded.

"That is indeed the case ... I never thought that there would be such a place. " Chen Xiang felt very surprised, because that crevice suddenly appeared. Otherwise, how would they have known that they would be running up there to avoid the Human Emperor?

"The Myriad Tao's power did not cover this place, so many years later, because of the mysterious power, some lives were born here, and some humans even entered this place from the outside."

"So you must be careful, there are many powerful people here, you should be clear that you cannot use the power of the Myriad Tao here, the World Defying Stage Divine Power you all cultivate is based on the power of the Myriad Tao, so when the time comes, you must not use it, but because the people

inside are growing in this kind of environment, even if they do not rely on the power of the Myriad Tao, they can still become extremely powerful."

Right, quickly withdraw your light, we are currently in the darkness of the No Tao Place, this place is also very dangerous, that's why there are a large number of remnant souls here, in the darkness there are a few beasts, if there is light, they will be lured here.

Well-informed Ghost looked at Feng Ke'er and quickly urged him on.

After Feng Ke'er heard this, the light on his body disappeared, and everything became pitch black. He could not see anything.

"I'm going to enter the Six Realms mirrors first. If I encounter any danger, I won't be able to help in any way, and instead will be a burden to you." The Well-informed Ghost said.

"Alright!" Chen Xiang nodded, then said to Feng Ke'er: "You should also enter the You Yao Mountain Villa. If you encounter any situation outside, I can handle it myself, it'll be a bit easier."

After Feng Ke'er entered the You Yao Mountain Villa, he tried to use the Time and space power, but he couldn't use it here, so he couldn't teleport. However, if he used the power of time alone, that wouldn't be a problem.

Chen Xiang rode on the Six Realms mirrors and asked Well-informed Ghost inside: "Where is there someone inside No Tao Place? Are all the people here friendly? "

"It's hard to say, but there should be friendly people. After all, there are a lot of people who entered this place from the outside. As for why they came in, I'm not sure!" There are people at the bottom of this place, and there's light. You'll know when you get down there. "

Well-informed Ghost was able to extract a lot of memories from a large number of residual souls. After organizing, he would be able to understand a lot of things.

He slowly descended. What he did not understand was that the top was so dark while the bottom was bright!

When he landed, he felt a weak breeze blowing, causing him to control the Six Realms mirrors to descend. After that, a wave of cold air attacked him, and something was flying towards him, emitting cold air all over.

"So dangerous!" Although Chen Xiang's Six Realms mirrors was protected by an array, he was still a little worried about the array. This was because the No Tao Place was very strange, and World Defying Stage Divine Power was not useful in here.

"What is it?" Chen Xiang could not see anything, the Spatial Perception Domain that he had released was useless as it could not allow him to sense the surrounding space.

"Could it be that the spatial energy is different from the Myriad Tao's?" Chen Xiang was suspicious. Although the power of time could be used, it meant that the time here was the same as in the Myriad Tao world. However, the power of space was not.

"It's here again!" Chen Xiang once again sensed the cold Qi approaching him, and his speed became even faster than before. He was unable to dodge at all, as he was struck by something, and his chest also felt an ice-cold pain as something pierced into his body just now.

"It's claws!" Chen Xiang immediately summoned his Heavenly magic sword and slashed at the thing that was tearing his neck apart.

He could feel that he had hit something, and it had even broken into several pieces.

"What the hell is this?!" Chen Xiang heaved a sigh of relief, because he did not move after taking the object, nor did he continue to tear and bite at it. He was certain that he had been killed, and placed it inside the Tianchuang furnace.

"It's actually a black panther!" When Chen Xiang saw the panther that was covered in black and gray stripes, his heart turned cold. Just now, his proud divine body had been easily pierced through by the claws, and his shoulder had been bitten off a large chunk of flesh.

[Chapter 3103](#)

Chen Xiang asked the Mei Jing Sisters inside the You Yao Mountain Villa to release the power of rebirth to heal his injured body.

"This animal is actually this powerful? It broke through my body so easily!" Chen Xiang's Primordial Divine Body was extremely strong, even if he had been struck by the Human Emperor earlier, it would only be an internal injury.

But that panther had easily pierced through his body and even bit off a chunk of flesh.

Chen Xiang looked at the leopard inside the Tianchuang furnace, and then released the World Defying god fire!

Originally, he thought that he would not be able to release it.

"So that's how it is. There is a mysterious power floating in this No Tao Place. As long as the Myriad Tao comes into contact with this mysterious power, it will immediately dissolve." Chen Xiang used the Dao heart Eye to look around, but he did not see anything.

He used the World Defying god fire to burn the leopard inside the Tianchuang furnace. He used the strong World Defying god fire to burn it, but there was no movement. The leopard's body was very strong, so the World Defying god fire was unable to burn it to ashes.

"Don't tell me the mysterious power here can make a person's body even stronger?" Chen Xiang felt that if he did not possess a Heavenly magic sword, it would be difficult for him to kill that leopard.

"It really is difficult to burn." Chen Xiang did not continue to try. He did not know how long it would take, and he was surrounded by danger.

The Six Realms mirrors continued to descend, and it was very clear that there was something even stronger below, if there was light below, then maybe he could meet humans.

A few days later, he had already reached the bottom. As he walked down the Six Realms mirrors, he had a feeling that he was standing on solid ground.

"There's no light here!" Chen Xiang looked around him; it was still pitch black.

He told this matter to the Well-informed Ghost.

"The area you are in isn't a light area, it should be a dark area. Take a look around." The Well-informed Ghost said.

Chen Xiang ran wildly on the ground for two days before he saw a bright light up ahead.

He entered the light, and it was as if he entered a world full of life. It was extremely warm to see sunlight shining inside, and he was extremely cold back in the dark area. Even the beasts inside had a chill about them, just like the leopard that had ambushed him.

"I can finally see the light!" Chen Xiang bent over and grabbed a handful of grass, the grass was very ordinary, not like the plants in Divine Wasteland, which contained a dense amount of Myriad Tao energy.

"Sunlight, blue sky, white clouds!" Chen Xiang looked up into the sky: "To think that there would be such a world hidden within the Divine Wasteland."

"I wonder how the people here cultivate." Chen Xiang walked on these plains and tried a few more times, but he was still unable to use the power of teleportation or release the World Defying Stage Divine Power.

"There seems to be someone up ahead!" Chen Xiang suddenly saw a black shadow appear in the distance in front of him.

When he walked over, he saw a middle-aged man in black fighting with a white boar.

"Is this wild boar very strong?" Chen Xiang saw the wild boar stand motionlessly on the spot, while the black clad middle-aged man walked towards it very cautiously, as if he was extremely afraid of being attacked by a wild boar.

The wild boar howled and fiercely rushed forward, its speed so fast that it seemed to have teleported, making Chen Xiang unable to catch the wild boar's tracks with his eyes, and the moment the wild boar appeared, it caused Chen Xiang's hair to stand on end. It directly appeared behind the black clothed middle aged man, and its teeth were about to pierce into his back.

The black-clothed middle-aged man shouted loudly. The muscles on his back suddenly swelled up. Although the wild boar tooth had already pierced through, it didn't pierce through.

At the same time, the middle-aged man in black hurriedly turned around and grabbed the wild boar teeth in an instant. He broke the white boar teeth, causing the wild boar to scream in pain.

After the wild boar fell to the ground, the black clothed middle-aged man kicked the wild boar's head and sent it flying. The wild boar also vomited blood.

"Such a weak wild boar!" The black clothed middle-aged man looked at the wild boar's teeth in his hands, and shook his head with a sigh, "None of them are able to pierce through my body!"

Chen Xiang thought that the black clothed middle aged man would go and catch the wild boar, but he did not. Instead, he anxiously ran towards Chen Xiang, and in the blink of an eye, he was already behind Chen Xiang.

"Young man, it was very rude of you to be there." The middle-aged man's expression was solemn, and his tone carried a trace of hostility.

"I'm sorry!" Chen Xiang anxiously apologized. Just now, the black clothed middle aged man was fighting, but he did not inform the black clothed middle man about it. He only said this because he thought that the black clothed middle aged man was suspected of sneak attacking him.

"You came from the Myriad Tao?" The black clothed middle-aged man frowned and said, "It's been a long time since someone has come from above."

"Yes!" "Uncle, your body is truly amazing. How did you cultivate it?" Chen Xiang did not sense any aura from this black clad middle-aged man, but this black clad middle-aged man's physical body gave him a very powerful feeling, and he felt that he was definitely not his match.

"I train here, and you want to learn too?" The black clothed middle aged man sized up Chen Xiang and said: "Your foundation is pretty good, but you mainly focused on cultivating the power of the Myriad Tao previously, so you have a heavy reliance on the power of the Myriad Tao."

Chen Xiang nodded his head: "That's right, could it be that just cultivating the body is stronger than training the Myriad Tao?"

Chen Xiang not only wanted to cultivate the power of the Myriad Tao, he also wanted to cultivate the World Defying Stage Fierce Power above the Myriad Tao.

"Of course, the reason why we Pathless Cultivators cultivate so unscrupulously is so that we can escape the constraints of the Myriad Tao." The black-clothed middle-aged man said, "Now that you've come to attack me, I want to see if you're worth it for me to nurture you with."

Chen Xiang was more confident in his own physical strength. He immediately threw a punch out, and directly used his physical strength to attack. His punch out was not slow, and was also very strong, but the black clothed middle aged man did not dodge at all, and was directly hit!

His fist landed on the black-clothed middle-aged man's abdomen, but the black-clothed middle-aged man stood there unmoving. Chen Xiang was also standing there as if he had hit a stiff iron block.

"You're a little weak!" The black-clothed middle-aged man's eyes held a trace of ridicule.

Chen Xiang retreated a few steps, took a few deep breaths, and then walked out again. At the same time, he allowed the World Defying Green dragon inside the Divine Sense Sea to attach themselves to his arm, causing his arm to swell up.

Bang!

Chen Xiang punched out again, striking the black-clothed man's abdomen. This time, he forced the black-clothed man to take a few steps back.

"Is he using the power of the Myriad Tao?" The black clothed middle aged man never thought that Chen Xiang's strength would suddenly increase by so much.

"I don't know either!" Chen Xiang laughed, he had only fused with the World Defying Green dragon's power just now, as for whether or not he was using the Myriad Tao's power, he did not know.

[Chapter 3104](#)

At this moment, Chen Xiang also realized how strong the humans here were. Even though he was using the full strength of the World Defying Green dragon, he was still only able to push him back! Of course, if he were to use the power of the Myriad Tao, then he would definitely be even more powerful.

He felt that the only reason he looked so much weaker than his opponent was because he was unable to use the Myriad Tao's power.

"Then do you dare to take a punch from me?" The black clothed middle-aged man laughed: "If you can hold on, I will bring you here to cultivate!"

Chen Xiang didn't really understand this black clad middle-aged man. Even though this was the first time he had seen him, this unassuming black clothed middle-aged man gave him a good impression.

"Alright, I'll take your punch!" Chen Xiang took a deep breath, he was already prepared.

"Bring it on!" Just as he finished yelling, the black-clothed middle-aged man arrived in front of him and threw a fist at him.

The moment the fist came over, it erupted with an imposing manner, which was not the power of the Myriad Tao, but the explosive power of the punch. The force of the fist enveloped his entire body, causing his entire body to be in pain, he could already feel that the Bones in his body was being broken, and in an instant, it was all shattered.

The fist stopped an inch away from his abdomen. Although the fist did not touch his body, it had already shattered all of the Bones in his body.

"That's right, I'm willing to take you cultivation. Come back with me. Although your injuries are quite severe, you don't have to worry. I can cure you very soon." After the black clothed middle-aged man finished speaking, he hoisted Chen Xiang onto his shoulder and began to quickly run away.

Chen Xiang's entire body was in pain, but he did not faint. At this time, he was already deeply shocked by the fist, he felt that if the black clothed middle aged man went up, with just his physical strength, he might be able to fight against the Heaven Old Orc Emperor.

"Uncle... Are you the strongest here? " Although he was being carried on his shoulder, he did not feel the bumpiness.

"No, although there aren't many experts like me here, there are quite a few of them ..." I will bring you to the City of Pathless right now, there are a lot of Pathless Cultivators and some of them are also

cultivating arduously from the Myriad Tao. " The black-clothed middle-aged man said, "What is your name? My name is Ji Xingyuan. "

"Chen Xiang!"

Chen Xiang moaned in pain, "Uncle, when will we arrive? "How long would it take to cultivate it to your level?"

"There's still an hour before it arrives. If you want to become as strong as me, you'll need at least ten thousand years!" Ji Xingyuan laughed: "This is something that cannot be rushed, you look quite young, and since you have come here, you should cultivate patiently."

"Ten thousand years!" Chen Xiang sighed in his heart, it had been too long for him.

"Uncle, why are there so many people from the Myriad Tao, and how did they all come here?" Chen Xiang asked again, he was extremely curious about the existence of this No Tao Place.

"How did you do it?" Ji Xingyuan asked: "According to what I know, the way they come here is similar."

"The earth suddenly cracked open ... I was running for my life, and then I hid down here. " Chen Xiang said: "We came here in the end. I was attacked by a black leopard earlier!"

"The reason the earth suddenly cracked open was because the No Tao Place felt a strong force, which was why the Boundless Way was opened to invite the expert over, however ... "Looks like you want to invite that guy who wants to kill you. That guy is very strong." Ji Xingyuan said.

"There's such a thing?" Chen Xiang was very surprised that the crack on the ground was actually opened for the Heaven Old Orc Emperor.

"Why did you invite the strong to come down?"

"Although the No Tao Place is the most secretive place in the Myriad Tao, it is under the control of the Myriad Tao's laws. Anyone who can come here is recognized by the Myriad Tao's laws, if they want to break away from the Myriad Tao, they have to come here to cultivate the immoral method, and after they become strong, they can go up and practice the Myriad Tao's method to get rid of the Myriad Tao." Ji Xingyuan replied: "As for why, I don't know. These are all things that the elders have told us."

This completely subverted Chen Xiang's understanding of the Myriad Tao. He thought that the Myriad Tao was extremely heartless, but he never expected that a No Tao Place would be prepared for some people to be used for cultivation. As for how they obtained the qualifications to enter the No Tao Place, it was hard to say.

Chen Xiang felt that just by not expending too much of Myriad Tao's resources and cultivating to the peak of his strength, he should be able to open the Pathless Gate and allow the person to enter the No Tao Place.

Heaven Old Orc Emperor came from above Myriad Tao, so he was already very strong! After he came to the Myriad Tao world, he exploded forth with an extremely strong power within the Myriad Tao world. After that, he was detected by the laws of the Myriad Tao and mistakenly thought that the resources in the Myriad Tao world, which he did not consume much, were this strong, that was why he opened the Door of No Dao!

This was Chen Xiang's guess, and he felt that it was more reasonable.

"It seems like there are a lot of bad guys in No Tao Place!" Chen Xiang said in a low voice, because the Pathless Gate was opening towards someone like the Heaven Old Orc Emperor.

"That's true. As long as one is a human, there will be good and bad results." Ji Xingyuan said: "I grew up here, I should be considered a good person, I just often went out to hunt Dark beast."

"The leopard I met before was a Dark beast, right?" Chen Xiang said.

"Yes, you are hidden in the dark. It is already not bad that you can survive from above. Are you not injured by that leopard?" Ji Xingyuan asked.

"Of course there is, but I have recovered ... But now, I have been injured by you. " Chen Xiang curled his lips and said.

Ji Xingyuan carried Chen Xiang and dashed, and chatted with him along the way. Chen Xiang also found out a lot about the immoral city.

There were more than a million people in the Pathless City, so he was shocked by the number. He thought that there were only a few people and the beast stones inside were very important because cultivating the Pathless City would require a large amount of beast stones to absorb the energy inside.

Ji Xingyuan had already brought Chen Xiang into the Pathless City. There were no walls in here, only a lot of buildings. Ji Xingyuan's residence was relatively quiet, inside a big house by a small river.

After bringing Chen Xiang in, he soaked Chen Xiang in a huge vat. Inside the vat, there was a lot of medicinal juice, and it was even boiling hot.

"Two days is enough!" Ji Xingyuan said: "Stay here, I'll go out and sell some Dark beast meat for you to eat"

Chen Xiang wanted to tell him that he still had another leopard, but Ji Xingyuan's speed was extremely fast, and he disappeared in an instant.

"In addition to the regeneration ability provided to me by the Mei Jing Sisters, I should be able to recover in a day." Chen Xiang had been continuously injured for the past few days, which was a very rare occurrence.

!!

[Chapter 3105](#)

When Ji Xingyuan returned, he was already able to stand up, but he wasn't able to recover from it. There was still some pain in his body, and his Bones was still extremely weak, he had only just received it, but this caused Ji Xingyuan to be extremely surprised. He didn't expect that in just a short half a day, Chen Xiang was able to stand up.

"Uncle, what did you buy?" After Chen Xiang walked out, he saw that Ji Xingyuan was holding onto two vats of things. There were no Storage magic treasure s or anything similar, so he had to take a lot of things.

"It's all the meat of a Dark beast. These things are not cheap, they give me a lot of beast stones." Ji Xingyuan laughed: "So, when you get better, you must come with me to hunt beasts in exchange for beast stones."

Chen Xiang walked over to take a look at the beast meat inside the hill. It was pitch black, making him have no appetite, and he knew that this beast meat was extremely difficult to roast. If he wanted to eat it raw, he wouldn't be able to.

"How do you want to eat it?" Chen Xiang frowned and asked. When he smelt the smell of the blood, it made him feel a little disgusted.

"Directly eat it... What, you still want to roast? The Dark beast's meat was extremely dark and hard to roast. If we use ordinary flames, it will simply be unable to heat them up, let alone roast them." Ji Xingyuan said.

Chen Xiang had tried to roast the leopard before, and he knew that this type of beast meat was very difficult to roast with flames. However, he only used it for a short period of time last time, and with the power of time and the strong World Defying god fire, he felt that it should be possible.

"Hurry up and go soak in the medicinal bath, you're still recovering." Ji Xingyuan patted Chen Xiang's shoulders: "Leave this to me. I will cut it into small pieces and let you swallow it."

Chen Xiang curled his lips: "I won't eat this thing ... "Let me try. I can roast it!"

"I don't believe it!" Ji Xingyuan said, "There are many people from the Myriad Tao who are able to condense flames using the World Defying Stage Divine Power in their bodies, but none of them are successful."

"For us to cultivate strong physical bodies, we ought to be extremely masculine. Why would we choose this kind of extremely yin Dark beast meat?" Chen Xiang asked, the black leopard he killed earlier was icy-cold.

"You don't understand! "Because this kind of Dark beast meat is already extremely dark, to the point where it's extremely frightening. So when you eat this type of Dark beast meat, you will be able to feel an extremely terrifying masculine strength. You will understand when the time comes." Ji Xingyuan laughed: "If you can roast it, maybe it will lose some of its power, and that won't be good."

"Don't worry, I'm the best at this kind of thing." Chen Xiang laughed. He was a Alchemist, so when he was roasting meat, he could completely preserve the energy within the Dark beast meat and even let the energy inside become of a higher quality.

"Then give it a try!" Ji Xingyuan did not object, he was curious about Chen Xiang, since it was not bad that such a young man could still be alive. One must know that for some people who had reached the peak of World Defying Stage, they would all die in the darkness.

"Uncle, are you very poor? So the only thing we can do is to buy this kind of meat that has been stored for a long time? " Chen Xiang saw that the meat was not fresh and did not want to cut it.

"I won't take your stone, what are you careful of?" Ji Xingyuan curled his lips and said: "It's already pretty good if there's something to eat You don't have to worry, the Dark beast's meat itself

contains extremely cold energy, and it can be stored for a long time. It doesn't look new right now, but the energy stored inside is still very rich. "

Chen Xiang took out the leopard meat, and it was already as big as two vats. The meat was very fresh, red and tender, and the meat Ji Xingyuan bought was already black.

"You killed the leopard?" Ji Xingyuan's eyeballs almost fell out of his eye sockets. He had heard from Chen Xiang that he was attacked by a leopard before, so he thought that Chen Xiang would be able to dodge the attack.

Ji Xingyuan looked carefully at the leopard and realised that the leopard was sliced open by an extremely sharp weapon. This made him even more shocked, he had always been looking for this kind of sharp weapon, but had never seen one.

"This leopard is not weak... What did you use to cut this leopard open? Can you show it to me? I've been looking for this weapon for years. " Ji Xingyuan looked at the cuts and felt extremely shocked in his heart.

"Of course you can!" Chen Xiang took out the Heavenly magic sword and handed it over.

The Heavenly magic sword had already fused with him and no one could take it away from him, so he did not need to worry about Ji Xingyuan taking it away from him.

Holding it in his hand, Ji Xingyuan used his finger to lightly touch the sword tip, and a deep wound immediately appeared, causing him to take a deep breath.

"Awesome!" Ji Xingyuan praised. Although his eyes were filled with envy, there was no greed or jealousy in them, which showed that he did not have the intention to snatch the sword.

He returned the Heavenly magic sword back to Chen Xiang and said, "No wonder you could kill the Dark beast ... Dark beast's body is very strong, even if you use a weapon it is hard to cut it, it requires a lot of power. "

But when Chen Xiang used Heavenly magic sword, it was as easy as slicing mud.

"I'll try and see if I can roast it. You can return with this meat. When I'm better, I'll go hunt some." Chen Xiang laughed: "In the dark regions, there should be a lot of these Dark beast."

"There are a lot of them. If I have a weapon like you, it would be very easy to get my hands on them ..." By the way, when you go out, don't show off your sword everywhere! The Pathless City seems to be more peaceful and harmonious as a whole, but there are still some bad guys hiding here. If they were to find out that they were greedy, they would definitely come and snatch it away. " Ji Xingyuan warned Chen Xiang.

"Alright, I understand." Chen Xiang threw the leopard meat into the Tianchuang furnace, then hastily ran into a room.

When Ji Xingyuan saw Chen Xiang's Tianchuang furnace, his eyes revealed suspicion. He wanted to ask Chen Xiang some questions, but Chen Xiang had already entered the room. He could only wait for Chen Xiang to come out before asking him.

"What a mystical guy. If his body was as strong as mine, then when it was combined with his sharp sword, it would truly be too terrifying. Luckily, this boy has quite a nice personality." Ji Xingyuan smiled in a gratified manner, then lifted the two urns of Dark beast's meat and quickly left.

Chen Xiang's body was still recovering from the regeneration ability released by the Mei Jing Sisters, which did not affect him from releasing the World Defying god fire to roast the Dark beast's meat.

"I can definitely roast it, but that will take some time. I have added two layers of Time Domain s into the Tianchuang furnace, I should be able to finish it quickly, right?"

Chen Xiang followed his thoughts. After he had released the dual Time Domain, the time inside was basically accelerating, and also by many times. If he wanted to maintain the intensity of the flames inside, then he would have to consume a lot of World Defying Stage Divine Power s every second.

[Chapter 3106](#)

Right now, Chen Xiang only wanted to roast the Dark beast's meat, so it was not as hard as refining pills. He only needed to pay attention to the temperature inside, and at the same time, simply refine it to prevent the energy from coming out.

He burned it for half a day before he finally roasted the Dark beast meat. Then, he added some seasonings on top of that, making the meat even more delicious.

"In order to eat this kind of meat, I had to use more than half of my World Defying Stage Divine Power to roast it. It's really not easy." Chen Xiang placed the meat on a large plate and carried it out.

He had just opened the door, when the smell of meat wafted in the air. Ji Xingyuan, who was outside, couldn't help but swallow his saliva when he smelled it.

"Really? It's only been half a day and you've already succeeded. Ji Xingyuan anxiously walked over.

"Eat!" Chen Xiang said while grinning, Ji Xingyuan impolitely grabbed a piece of meat and took a bite.

Although the Dark beast meat was extremely tough, after being roasted by Chen Xiang, it became extremely tender, and could be crushed very easily.

"Delicious, is this really the Dark beast meat? I just don't know if there's the original effect. " Ji Xingyuan was a little worried, because while eating it raw, it could preserve a lot of the energy in the Dark beast meat.

"There must be. None of the internal energy has escaped at all." Chen Xiang laughed: "If you don't believe me, just eat a few more pieces, you'll know after a while."

Just now, Chen Xiang had already eaten a large piece of flesh, and he could already clearly feel that kind of mysterious power fusing into his body bit by bit. Although he didn't feel his body becoming stronger, he was sure that this mysterious power would be able to make him stronger.

"En!" After Ji Xingyuan ate the piece in his hand, he praised it endlessly. One must know that he had eaten raw before, and it was extremely hard to eat as well.

The Dark beast's meat was extremely tough to begin with, so even using a few sharp knives would require a long time to cut. Not to mention using one's teeth to bite it, so it had to be swallowed while eating.

When Chen Xiang roasted the meat, he used the method of refining pills, which was why he could refine the meat into a tender piece of meat.

"Hurry up and eat it, or I won't be able to hold it in." Ji Xingyuan licked his lips and laughed.

"When I get a little more Dark beast meat next time, I'll be able to eat it to my heart's content." Chen Xiang snickered.

Ji Xingyuan also returned to his room, he really liked this kind of meat, if he were to watch Chen Xiang eat it, he wouldn't be able to take it.

Chen Xiang quickly ate all the meat.

After he finished eating, Ji Xingyuan walked out of the room.

"Chen Xiang, is that thing you took out earlier a cauldron?" Ji Xingyuan asked. He wanted to ask just now.

"Yes, is there no such thing here?" Chen Xiang took out the Tianchuang furnace again.

"Yes, but not often." Ji Xingyuan said: "This thing looks like it can concoct pills, do you know how to?"

Ji Xingyuan had this suspicion, because only pill refiners could use such strong flames. For Chen Xiang to be able to roast the Dark beast meat in such a short period of time, it could be seen how strong the flames he controlled were.

"Hmm, are there pill refiners here too?" Ji Xingyuan was a local born Pathless Cultivator, he actually knew about all these.

"No, but we did!" Ji Xingyuan sighed: "I once had a friend who concocts pills, but he has already left this place."

"Your friend must be from the Myriad Tao." Chen Xiang said: "For a Alchemist to be able to come here, their strength must be pretty good."

This made Chen Xiang curious. Ji Xingyuan had said before that only with the approval of the No Tao Place would one be able to open the Pathless Gate and allow people to enter. This was an opportunity to let this person out of the Myriad Tao.

When he came, his body was as weak as yours. I originally thought that it would take him ten to twenty thousand years to master his Dao realm, but who would've thought that in a mere hundred years, he would become even stronger than me. In the end, I don't even know where he went. Ji Xingyuan said: "Initially, he wanted to teach me alchemy, but I could not learn it, because I do not have the World Defying Stage Divine Power in my body, so I am not able to release fire."

"The most important thing in pill refining is flame." Chen Xiang said: "Uncle, if you have the chance, you should go to Myriad Tao to take a look. Both Wudao and Myriad Tao cultivate so that you can become stronger.

"That's what my friend told me before. Looks like I have to go out and take a look." Ji Xingyuan had already experienced Chen Xiang's might. Chen Xiang's strength was not as good as his, but he had very strong weapons, and he could even roast the Dark beast's meat, and concoct pills.

"Uncle, what's the name of your friend?" Chen Xiang asked: "How does he look like?"

"He only told me to call him Wang Dao. I called him Old Wang, he's an old man ..." I'll draw it for you to see. " Ji Xingyuan took out a pen and paper and quickly drew an image.

"Half-ghost Old Man!" When Chen Xiang saw it, he couldn't help but shout out in alarm. This was actually the Half-ghost Old Man that he was very familiar with.

The Half-ghost Old Man was extremely mysterious and he still didn't know what was going on with this person.

"You know him?" Ji Xingyuan was a little happy. Previously, his relationship with Half-ghost Old Man was not bad, and he was his good friend. He also wanted to know the news about his good friend.

"How so? "He can't be considered to be someone who knows him. This guy is very mysterious. I didn't know his name before, but he's a pill cultivating genius with many pill formulas in his hands." Chen Xiang said: "Furthermore, you have mastered many cultivation methods."

In the Myriad Tao Mausoleum, the Half-ghost Old Man gave away many legacies to others.

"I just don't know what kind of existence he is." Chen Xiang simply told Ji Xingyuan about the Half-ghost Old Man. After Ji Xingyuan heard this, he also felt that his old friend was extremely mysterious.

Previously, when he was here, he would often concoct pills. He told me that the reason why he was so powerful was because he had concocted pills, and this matter was very famous here. He had offended a lot of people here in the past, and when he became strong, he killed all of them. Ji Xingyuan said: "He only left a cave here, no one can enter."

"Cave?" Chen Xiang was very interested in this.

"Yes, he had been concocting pills inside the cave all this time. After he left, many people wanted to enter the cave, but no matter what, they couldn't open it. Even that mountain couldn't be destroyed, and now that many years have passed, that mountain is still there. Ji Xingyuan said.

[Chapter 3107](#)

Chen Xiang also wanted to go take a look. He checked his injuries, they were more or less healed.

"Uncle, can you take me to have a look? Maybe I can go in." Chen Xiang already knew that the Half-ghost Old Man's name was Wang Dao, he guessed that the Half-ghost Old Man was already above the Myriad Tao, and could even make contact with them from the bottom of the Myriad Tao.

"Of course you can. Many people here know where the cave is. However, it's best if you don't go there right now." Ji Xingyuan said: "That cave is still rather dangerous."

"I'm not afraid!" Chen Xiang was itching to go.

"Wait a little longer ..." "It's because several groups of people have arrived during this period of time." Ji Xingyuan said, "There are a lot of people who want to leave the city, but they are not willing to give up on their current strength, so they want to enter the cave to see if there is any way to become stronger. When Old Wang came out from inside that year, he became extremely terrifying, killing many powerful enemies within a night.

"At that time, those people didn't know that he knew how to refine pills, and only I knew that, so they all thought that Old Wang had other things inside the cave."

Chen Xiang nodded, "Then let's just wait for a while longer!"

Although Ji Xingyuan was strong, a brave warrior could not handle a pack of wolves, if he were to face a lot of powerful warriors, it would be hard for him to fight them alone.

"Since you've almost recovered, then I'll take you to cultivate immortality." Ji Xingyuan said: "I am only instructing you to go to some good places to cultivate. I have always done so before, and Old Wang has always done the same."

Chen Xiang knew that if he wanted to cultivate without a path, he would need to absorb a kind of mysterious power that only existed here.

Chen Xiang followed Ji Xingyuan and ran through a forest. At night, he suddenly felt a breeze blowing.

"Prepare to come, you must be careful." Ji Xingyuan said.

"What should we be careful of?" Just as Chen Xiang finished asking his question, that light breeze suddenly turned into a gale wind, and after being blown all the way here, he felt an incomparable amount of pain.

"It hurts!" Chen Xiang could not help but shout, he looked at Ji Xingyuan, who had a relaxed expression, this kind of wind did not affect him at all.

"This is Wu Dao Gale ..." What do you feel other than pain? " Ji Xingyuan said with a smile.

"Also... It's very cold! " Chen Xiang's face was filled with doubt, because this cold feeling did not come from the outside, but was emitted from his body.

"It's the Dark beast meat!" He had already felt it was strange, why did he only feel a mysterious energy after eating the Dark beast meat, he did not feel the strong Yang energy that Ji Xingyuan said before.

"Yes, Pathless Squall can increase the Supreme Yin Qi in the Dark beast's meat within your body. Wait a moment, you will be able to feel the process of the Supreme Yin Qi turning into the Supreme Yang Qi." Ji Xingyuan said: "You need to persevere for a while longer."

"En!" This kind of pain was only a small pain to Chen Xiang, he could easily endure it.

The formless gale continued to roar, it was unknown when it would stop.

"He's here!" Chen Xiang suddenly felt an extremely scorching energy burst out from his body, making his entire body feel extremely hot.

He had been feeling incomparably cold before, but now, it was suddenly boiling hot. What was inconceivable was that after the masculine power erupted from his body, the golden light that was released pierced through his body, causing him to appear as if his entire body was emitting light.

"Just wait until this energy enters your body." Ji Xingyuan said: "Every two hours, Gale Wu Dao will appear, and only after you have completely digested the energy in your body will it be considered complete."

"After I'm done, I will take you to another place to cultivate." Ji Xingyuan said, "As long as you do this frequently in the future, I don't need to help you cultivate your cultivation."

"Uncle, do you think only you know this method?" Chen Xiang asked.

"I'm not sure. There are people who know, but they won't use this method of cultivation. There are many unorthodox methods, and these are only my own. Compared to others, I think they are more effective. They need to suffer a bit." Ji Xingyuan said: "And the other methods, are to eat the Dark beast's meat and then use a more gentle method to refine it."

Chen Xiang had finished refining it very quickly, but he was actually able to use his own cultivation technique very quickly, which surprised him. Ji Xingyuan also found it strange, he reckoned that there would be a lot of energy in Chen Xiang's body, and it only took him an hour to finish refining it.

"To think that the Myriad Tao's Divine Arts could actually unleash the mysterious power of the No Tao Place!" Chen Xiang felt that his body had evidently become stronger.

Ji Xingyuan continued to bring Chen Xiang to other cultivation grounds.

Chen Xiang followed Ji Xingyuan to a desolate mountain range, entered a mountain crevice, and entered the belly of the mountain through a hole in the mountain.

There was a small pond in the middle of the mountain, only half a foot wide.

"Jump down as deep as you can. This place is a very secret place, only Old Wang and I know about it. You're the third one to know." Ji Xingyuan smiled and said, "It's always the time to be a little more careful when you're down there."

The bottom of the mountain was a little dark, so the pool was even darker. Hearing Ji Xingyuan's words, Chen Xiang felt that the pool was definitely very deep.

After he jumped, he immediately sank.

When he was sinking, he felt something pressing down on him, but there was another force preventing him from sinking. However, he was still pushed down by that force, making him withstand an extremely strong pressure.

"Is it the Supreme Yin Innermost layer again?" Chen Xiang felt a bone-piercing coldness continuously enter into his body, as though it was forced into his body.

"I have to continue!" Chen Xiang felt that he could still persevere.

He had been sinking for a full five hours. At this moment, he already felt that his body had lost all feeling, and was almost numb.

"We need to hurry up."

Come to think of it, it was strange, after Chen Xiang had the thought of going up, he was suddenly pushed up by a mysterious power. When he went up, there was also a burst of help stopping him, which made him feel the same pressure as when he went down.

"How can I take it if this goes on?" There was still a long way to go before he could climb up, and he also had to endure a very strong pressure to do so.

By the time he floated to the surface of the water, five hours had already passed. Now, he was lying on the surface of the water like a dead fish, Ji Xingyuan hurriedly picked him up.

"He's actually been able to hold on for so long. His potential is extremely terrifying." Ji Xingyuan saw that Chen Xiang had fainted, but his life was not in danger. He heaved a sigh of relief, but at the same time, felt shocked.

The unconscious Chen Xiang, had already released waves of faint golden light. This was the same as before, when he was completely blown away by the boundless astral winds.

[Chapter 3108](#)

While Chen Xiang was sleeping, he did not know what was happening outside. The moment he was fished out by Ji Xingyuan, he was immediately placed on top of a pond, allowing him to float on the surface.

Ji Xingyuan's inner potential was much greater than he had imagined. Although Chen Xiang who was floating on the water surface was in deep sleep, his body was flickering with golden light and the golden mist that was gushing out from his body illuminated the middle of the mountain.

"It seems like his growth speed is very fast. It won't be long before he reaches mastery. This is the same as Old Wang; he has great potential and talent."

Ji Xingyuan sighed, he felt that his luck was not bad, the two outsiders were both powerful, and they also knew how to refine pills.

Chen Xiang slept for an entire day before he woke up.

"I actually fainted." Chen Xiang felt a little dizzy. He walked out of the water and asked, "Uncle, am I not qualified?"

"Of course not, the cultivation of the pool is not for you to wake up ..." The main point is to let you bear through the limit of the dive before coming back up. You have already experienced the process before, so it will be a huge test for you. " Ji Xingyuan rubbed Chen Xiang's head and laughed: "When you were sleeping, the mysterious power that had seeped into your body earlier had already merged into your own.

Chen Xiang obviously did not notice this. He only felt that he had slept soundly, but this sleep was extremely uncomfortable.

"What's next?" Chen Xiang asked. He had previously felt his head sink, but now he felt much better, he was already full of energy, and wanted to continue cultivating. In the future, he would have to use these methods frequently to cultivate.

"There's still... is to teach you how to find Dark beast." Ji Xingyuan laughed: "Originally, I only planned to teach you after you have cultivated for a period of time. But now, I feel that you can go hunt Dark beast s."

The Dark beast's meat contained a lot of mysterious energy, this energy could make it easier and faster when cultivating this technique, and could make his body even stronger in a short amount of time, because the Dark beast's body was already extremely strong, even a strong warrior like Ji Xingyuan would find it difficult to cause any harm to the Dark beast's body.

But Chen Xiang had Heavenly magic sword s, and could easily cut them into pieces.

"En!" Chen Xiang was looking forward to it. Although the Dark beast meat was a little difficult to roast, it was still very tasty after being roasted.

Ji Xingyuan was also like that. Although he no longer needed to eat more Dark beast meat to cultivate, the taste made his heart itch and he really wanted to try again.

"Uncle, is there only Dark beast here?" Chen Xiang asked.

"There's also light beasts!" However, this type of light beast is very rare, powerful and cruel. " Ji Xingyuan's face became serious, when he mentioned the light beast, his expression immediately changed, obviously he was afraid of it.

"Really? I thought the Dark beast were more vicious, but I didn't think the light beasts were like that too. " Seeing Ji Xingyuan's expression, Chen Xiang was slightly shocked. Ji Xingyuan seemed to be very afraid of this light beast.

"From the name, the Dark beast should be dark and evil! But Dark beast s are also just like wild beasts, attacking humans or beasts in order to survive! " Ji Xingyuan frowned, his expression solemn: "And light beasts are even more terrifying than Dark beast s. Dark beast s are also just fierce, but light beasts are extremely evil.

"My parents were eaten by light beasts. At that time, I was just a child."

"Do light beasts often appear?" Chen Xiang did not expect to directly poke into Ji Xingyuan's sore spot, so he felt a little guilty.

"It rarely appears." Ji Xingyuan shook his head: "I also really want to meet light beasts, but they move swiftly and erratically, and I don't know what they usually do! If the light beast appeared, then countless lives would be lost. "

"In the past when light beasts appeared, they ate a lot of people. There were several tens of thousands of them, and some of them were powerful experts." Ji Xingyuan clenched his fists tightly, he had personally witnessed his parents being eaten by light beasts back then.

"Eating people the moment they appear. Clearly, light beasts are usually refining and cultivating." Chen Xiang said: "I hope I don't encounter it. If I do ... I really want to kill one to see. "

"The most terrifying thing about light beasts is that their bodies are extremely sturdy." Ji Xingyuan looked at Chen Xiang, and said: "If light beasts appear, can you lend me your sword? With your sword, dealing with light beasts will be easier! Many experts encountered light beasts because they were unable to break through the surface defense of the beasts' bodies.

"No problem, I will definitely lend it to you!" Chen Xiang laughed: "Just give me a bit more meat to eat then."

Ji Xingyuan and Chen Xiang chatted as they walked, they had already reached the edge of the dark region, and if they took one more step, they would be able to reach the dark region.

"Legend has it that light beasts were cultivated by Dark beast. I don't know if that's true or not." Ji Xingyuan brought Chen Xiang into the dark area. It was pitch black inside and they couldn't see anything.

"Uncle, I can't see anything. How can I find the Dark beast?" Chen Xiang asked. At this time, he had already started to focus and be vigilant of his surroundings. He could only sense if there was anything coming from the surrounding auras.

"Don't worry, I will teach you how to guard against the Dark beast's sneak attack." Ji Xingyuan took out a rock and placed it in Chen Xiang's hands. "Try it, can you focus your mind and control this rock to float?"

"I'll try!" Chen Xiang opened his palm and then concentrated, wanting to control the stone in his palm to float in the air. However, he did not succeed.

"No way!" Chen Xiang tried for a while, but to no avail.

"En, keep trying. Only after we succeed can we continue." Ji Xingyuan said: "You probably can't see that rock right now, but you can feel it with your palm."

Chen Xiang nodded his head, "Yes, this stone is very light and somewhat cold. I don't know what shape it is in either, so I can't see it clearly."

"If you want this stone to float, you have to know the shape of it." Ji Xingyuan said: "I know that you all can use your senses, but this power belongs to the World Defying Stage Divine Power, so it's not working here. You have to use your mental force, also known as soul force, and use your soul to look at the item on your palm."

Chen Xiang didn't know what to do, he could only earnestly try, constantly trying!

After a few days, he finally had a breakthrough and figured out the shape of the stone. After he successfully made the stone float, the stone also suddenly lit up and emitted a faint green light. Although it looked a bit dim, it could still illuminate a large area.

[Chapter 3109](#)

Ji Xingyuan was no longer surprised to see Chen Xiang's success! One must know that when he tried to master it in the past, he only took a month to master it, and Chen Xiang only used a few days.

"Very good, many people will need more than a month to succeed, but you can finish it in a few days, just as fast as Old Wang. Maybe even a little faster than him." Ji Xingyuan laughed: "Right now, you will control this stone to float in the sky and let the light of the stone shine on the ground."

Chen Xiang controlled the stone to float little by little.

When the stone was suspended in the air, although the green light that shined on the ground was relatively weak, Chen Xiang could still see the flickering silver footprints of Dark beast.

"I saw it!" Chen Xiang saw a relatively large footprint that was even bigger than his foot.

"It's a relatively large Dark beast!" After Ji Xingyuan saw the footprints, his expression changed and he said: "We have to be careful, this large Dark beast is very strong. Usually the larger the body of the Dark beast, the stronger it is."

Chen Xiang nodded his head: "At that time when we meet this Dark beast, Uncle will go and stall it, I will find a chance to launch a sneak attack!"

"Alright!" Ji Xingyuan took out a handful of stones. Under his control, these strange stones emitted a green light, which was a lot brighter than Chen Xiang's.

Ji Xingyuan was able to control many stones to float in the sky, which made the area he lit up even larger.

"If any Dark beast were to enter the place where these stones light up, I would be able to sense them in time." Ji Xingyuan said: "You will have to practice more in the future, in order to be able to control more stones like me."

"What kind of stones are these?" Chen Xiang was very curious about these stones that were emitting green light. These stones looked no different from normal stones from the outside, but they could absorb a person's spirit and release strong and weak green light along with their spirit energy. Furthermore, if any movements were to be detected when the green light shined on a place, it would immediately be sensed.

"These are stones that have been soaked in Dark beast's blood. Try them later and you will understand." Ji Xingyuan brought Chen Xiang to quickly follow the footprints. At this time, he and Chen Xiang had already delved deep into the darkness.

The last time Chen Xiang had met that leopard was high up in the sky, so it could be seen that these beasts would also be hiding high up in the sky. If there was a large amount of those stones, it would be very easy to find these Dark beast by controlling the rocks to float high in the sky.

Ji Xingyuan had released more and more stones. Firstly, it was so that he could quickly find the big Dark beast, and secondly, it was to be on guard against any enemies that might ambush him.

"It appeared!" Ji Xingyuan suddenly shouted, because he was the one who released the stone, he knew that the Dark beast was up there.

After confirming the location of the Dark beast, he immediately rushed over with a speed as fast as lightning. In almost an instant, he arrived above the giant black bear, and then ferociously kicked it in the head.

The giant bear's head was turned to the side and its body was pushed back by more than ten cloth.

Ji Xingyuan's kick had angered the huge bear.

After the giant bear had become furious, it charged towards Ji Xingyuan. However, Ji Xingyuan could easily dodge the attack, and after that, he jumped above the giant bear and smashed down with his palm towards its head.

When the palm landed on the giant bear's head, the entire earth shook, and the wind from the palm blew away the floating rocks.

"What a strong and fierce power. This comes from the power of the physical body." Chen Xiang had previously experienced this kind of power before. When Ji Xingyuan attacked him, he only needed to rely on his Qi to break all the bones in his body.

This huge bear, however, had only fallen to the ground after being slapped on the head. Then, it stood up immediately.

"I have to help." Chen Xiang immediately rushed over. Although Ji Xingyuan was powerful, this giant bear was not weak either.

The giant bear had been ruthlessly slapped by Ji Xingyuan, but it actually wasn't hurt at all, it was only roaring in anger.

Seeing Chen Xiang coming over, Ji Xingyuan said in a deep voice, "Be careful of this guy, he's very powerful!"

The giant bear saw Chen Xiang coming over, but did not put him in its eyes, because the feeling Chen Xiang gave him was too weak. Only Ji Xingyuan could make him feel a huge threat, and even hit him twice, causing him to be extremely furious.

Ji Xingyuan knew that Chen Xiang's Heavenly magic sword was very powerful, so he decided to give him a chance.

The huge bear once again charged towards him, but this time, it was even faster, charging towards Ji Xingyuan like a bolt of lightning.

If not for the fact that Ji Xingyuan jumped to avoid the attack, he would have been knocked flying a long time ago.

After he jumped up, the giant bear also ferociously jumped on the spot, opened its mouth wide and bit towards Ji Xingyuan, at the same time waving its pair of gigantic claws to swipe at him.

The giant bear was much taller than Ji Xingyuan when it stood up, but it was much more agile. It had attacked Ji Xingyuan many times in the blink of an eye, and it was fortunate that Ji Xingyuan was not an ordinary beast either.

Ji Xingyuan was already hugging the giant bear from behind.

Seeing that, Chen Xiang immediately rushed over.

"The chance has come!" Chen Xiang's speed was also extremely fast. Just as the giant bear broke free from Ji Xingyuan's embrace, Chen Xiang's Heavenly magic sword had already pierced through the giant bear's head.

The giant bear's head had been penetrated through, and it started to struggle intensely. Ji Xingyuan also quickly left the giant bear's body and grabbed Chen Xiang.

"This guy is really scary!" Chen Xiang took a deep breath. Even though the giant bear's head had been stabbed by him, it did not immediately fall down.

"Yeah, but he's got a head injury." Ji Xingyuan heaved a sigh of relief. Seeing that the giant bear had slowed its movements, he went over immediately and struck the giant bear with his fists and kicks. In the end, he smashed the giant bear to the ground.

Chen Xiang walked over, took out the Tianchuang furnace, and laughed: "Let's eat it with meat."

Ji Xingyuan did not have any storage divine tools, so even if someone brought it here from the outside, he could not use it because he needed to cultivate using the power of the Myriad Tao.

"This thing of yours should be a spatial storage item or something like that." Ji Xingyuan wiped his sweat and laughed.

"Yes, does anyone use it here?" Chen Xiang felt that although this place had restrictions on the power of space, magic treasures like spatial storage items had an array inside to maintain the stable flow of space, so it could still be used.

"All the fellows from the Myriad Tao could use it at the beginning, but for some reason, when it came to the end, their spatial storage divine tools would become ineffective, and they would no longer be able to use it." Ji Xingyuan replied: "This is also possible for you."

"Really?" Chen Xiang was very surprised at this. Since it was going to gradually lose its effectiveness, he was starting to worry.

"Yes!" However, he said that it was mainly because the spatial divine tool had separated from the Myriad Tao for too long and was unable to sense the spatial energy within the Myriad Tao. As a result, the spatial energy within the Myriad Tao would gradually dissipate and become useless in the end." Ji Xingyuan said.

[Chapter 3110](#)

When Chen Xiang heard this, he heaved a sigh of relief, because he did not need to worry about this problem. He could release the power of space by himself, and he trained in the spatial laws.

"Let's hurry up and leave." Ji Xingyuan withdrew the stones and then madly rushed out of the dark region along with Chen Xiang.

"Uncle, the last time I saw you, you were fighting with a wild boar. That boar looks pretty strong too." Chen Xiang asked: "What beast is that?"

"That's still a Dark beast! Coming out of the dark area, once the Dark beast sees light, its power will decrease by half." Ji Xingyuan laughed: "I purposely lured that guy out to play last time."

"Only half of it is weak when it sees light?" Chen Xiang felt that this was a pretty good way to deal with the Dark beast.

"Yes!" Ji Xingyuan looked around, and suddenly frowned: "There are people nearby!"

"Who is it?" Chen Xiang did not realize that he was not as good as Ji Xingyuan in this area because he could not use his mind power nor the power of space.

Ji Xingyuan often hunted beasts, so his perception was very sharp and he had much experience with them.

"These kinds of fellows usually lie in ambush here. If they see someone coming out while carrying the Dark beast's corpse, they would snatch it away." Ji Xingyuan said: "These guys are all bandits, they are very unpopular in the Pathless City."

Ji Xingyuan was not actually afraid of these bandits, and swaggered forward with Chen Xiang.

They were not carrying Dark beast, so he was not afraid. Furthermore, Ji Xingyuan was very strong, even if he was carrying Dark beast, he was not afraid of these bandits.

Chen Xiang had thought that they would be able to leave very easily, because they were all empty-handed right now. However, these bandits still ran out.

There were a total of six bandits, and judging from the Qi on their bodies, they were all unscrupulous cultivators who were born and bred like Ji Xingyuan.

"We don't have anything for you to steal." Ji Xingyuan said coldly. Although he did not want to cause trouble, he was not afraid of trouble.

"Nothing? We'll let you guys be our followers. That should be fine, right? " The bandits were dressed in black, and their heads were covered. Their voices were extremely arrogant, and their appearances could not be seen.

Ji Xingyuan was very strong, but he was very low key, and his appearance was also normal, so he was not very famous. Otherwise, if these bandits knew of his strength, they would not have so arrogantly come to their deaths.

"Follower? What big words you have there, let's see if you have the capability to do so! " After Ji Xingyuan finished speaking, he had already flashed behind the bandit, his palm struck out, and the powerful palm force tore apart the bandit's mask. When his palm landed on the bandit's head, his head was already smashed into a bloody mist.

From the palm force alone, they could tell that this unassuming middle-aged man was extremely powerful. They never thought that they would actually kick a steel board, and cursed Ji Xingyuan in their hearts. So powerful, to actually be so low-key, causing them to miss out on him.

"Big brother, I'm sorry. This bastard is the one who brought us to the wrong end of the road. We will definitely be able to turn over a new leaf in the future!" A bandit immediately fell to his knees, begging for mercy, kowtowing repeatedly.

"Humph, you guys should be loyal!" Ji Xingyuan laughed coldly: "Since that's the case, I'll teach you how to be loyal. Now, go and die with your boss!"

Hearing Ji Xingyuan's words, the other bandits felt a chill in their hearts. Two of the bandits immediately flashed behind Chen Xiang, wanting to catch him, but who knew that Chen Xiang's Heavenly magic sword would suddenly appear.

When the bandits who were still alive saw this, they trembled in fear. They did not expect that the young man who looked so weak would be so decisive when killing someone. He killed two of them in one go.

The reason why they were able to act so domineeringly was because they often succeeded. They had encountered many strong bandits before, and even if they couldn't beat them, they would still be able to escape safely.

However, this was the first time they had encountered such a situation. In a short moment, their entire army had been wiped out!

Ji Xingyuan looked at the two robbers who were trembling from head to toe, and threw out a palm strike. Using his palm force, he pushed the heads of the two robbers into the ground, shattering their hearts and bones.

"Let's go!" Ji Xingyuan left with Chen Xiang.

After returning to the riverside inside the Pathless City, Chen Xiang began to cut that giant bear. The bear skin was extremely tough, so Chen Xiang felt that it would definitely be good to use it for smithing.

"This giant bear should have some Beast Stones. Take a good look!" Ji Xingyuan said.

When Chen Xiang cut the bear's flesh, he discovered quite a few very small stones inside. Each of them was only the size of a grain of rice, they were all black in color.

In the end, he managed to get more than five thousand pills.

"Is this more or less?" Chen Xiang handed over the beast stones to Ji Xingyuan.

"A lot! One catty of Dark beast meat is priced at ten beaststones, you can buy three hundred catties of fresh one here! Most Dark beast only have a few hundred beast stones in their body. " Ji Xingyuan said.

"So it's like that!" This was the first time Chen Xiang had seen such a thing.

Ji Xingyuan said: "Keep it for yourself, you can eat these beasts' stones. Eat it and you can absorb the mysterious energy, which will allow you to cultivate your immoral body even faster."

Chen Xiang put away the beast stone, then took the Giant Bear Meat into his room. He was going to start roasting meat.

He only left after half a day. This time, he had more meat than last time, but he also spent the same amount of time as last time.

"Uncle, this time you just eat enough!" Chen Xiang laughed and took out a large pot of roasted meat for Ji Xingyuan.

Ji Xingyuan started to eat in big bites. This time, his and Chen Xiang's harvest from going out was not small, the giant bear meat was around 2000 Jin, if he sold it he would be able to get a lot of beast stones.

"If I want to kill that bear myself, I will need at least two hours to tire him out. After that, I will be able to deal with him. However, I will be able to deal with him very soon when I am with you." In the past, Ji Xingyuan had never killed such a powerful Dark beast so easily.

The main reason why he was able to get away with it so easily was because Chen Xiang had used his Heavenly magic sword to break the defense of the Dark beast!

"I won't eat it. Eat a little more, and if you continue to cultivate for a while longer, your body will be almost strong enough." Ji Xingyuan said: "When the time comes, I will go to Old Wang's cave."

Did the Half-ghost Old Man leave anything behind in the cave? This made Chen Xiang very curious and he wanted to quickly go in to take a look.

"En!" Chen Xiang could only wait.

It took him half a day to finish all of the meat, as well as the beast stones. Afterwards, he would blow the wind out of nowhere, and in the end, he would enter the deep pool to cultivate. Because he had eaten too much meat this time, his round of cultivation took over half a month.
