

Dan God 3111

[Chapter 3111](#)

This time, Chen Xiang completed a round of cultivation for himself. Previously, it was Ji Xingyuan who brought him here, but now he can come here by himself.

Ji Xingyuan had already went towards the cave to investigate and see if there were any fewer people there. Chen Xiang had asked him a few times, he knew that Chen Xiang was anxious, so he decided to quickly bring Chen Xiang there.

After Chen Xiang finished cultivating for a round, he did not see Ji Xingyuan, nor did he know how to contact him. Under such circumstances, he could only go to the dark regions by himself to hunt Dark beast.

This time, he came by himself, he already had many of those stones. Previously, by killing that huge bear, he was able to obtain a lot of Dark beast blood, and after soaking a lot of normal stones in Dark beast blood, he would be able to turn the stone into a green stone.

"Not bad, I can control a hundred of them!" After Chen Xiang completed a very long round of cultivation, the cultivation level of Pathless Origin also increased by a lot. Controlling this stone required a certain amount of cultivation, and now that he was able to control so many Li, it proved that he had improved a lot.

He controlled the rocks to investigate the dark area, as it would allow him to find the Dark beast.

He didn't dare to enter the depths by himself, and could only wander around outside.

As long as it was a small-scale Dark beast, its strength would not be very strong, and he could easily deal with it himself.

After entering for a few days, he had hunted several wild boars.

"They're all big wild boars, it's about time, take it back and eat it." Chen Xiang left the dark area and quickly returned to Ji Xingyuan's little house by the river.

Ji Xingyuan still had not returned. He could only slaughter the wild boar and roast it himself, before continuing with his cultivation.

In about ten days, he had completed another round of cultivation. He could clearly feel that his body had improved greatly, and he was no longer as weak as when he first entered.

"It's only been a little more than a month, but I already have such an obvious improvement!" Chen Xiang still couldn't believe it, he didn't know what was going on either, he didn't consume any pills, he just cultivated according to Ji Xingyuan's instructions, and progressed so quickly.

When he returned to the small house, he saw that Ji Xingyuan was back.

"Uncle, I think I'm a lot stronger than before, don't you think?" Chen Xiang still could not believe his own improvement. After seeing Ji Xingyuan, he immediately asked.

Ji Xingyuan pinched Chen Xiang's shoulder, and laughed: "Not bad ... Although my cultivation is difficult, the effect is very significant! "You have never cultivated the immoral path before, so it is not strange that you can improve so quickly."

"Uncle, is there any news about that cave?" Chen Xiang asked.

"I've arrived. There are fewer people, but there are still some." Ji Xingyuan said: "If you are anxious, you can go take a look now!"

"Alright, let's go take a look now!" Chen Xiang wanted to see if there was anything hidden in the cave.

Ji Xingyuan brought Chen Xiang on a journey. It was a long distance away, no wonder Ji Xingyuan had been there for so long.

"Let me tell you in advance, that cave is not easy to enter. You might not be able to enter, so don't count on too much." Ji Xingyuan brought Chen Xiang and ran for a few days, until they reached the top of a tall mountain, looking at the swamp, and then after going through it, they reached a forest, in which there were a few hundred meters large short mountains, and the cave was right inside.

"Un, I understand!" Chen Xiang felt that he should have a way to go in, he had a better understanding of Half-ghost Old Man's methods.

After Ji Xingyuan brought Chen Xiang through the swamp, they entered the forest.

"What a terrifying aura!" Chen Xiang was immediately shocked when he entered the forest, it could be said that all the strong warriors had gathered here, all of them were strong warriors like Ji Xingyuan, and these strong warriors did not know how to keep a low profile, letting their own Qi leak out, it was obvious that they were trying to scare people.

"Yes, it's still alright for you to come now. If you had come here a while ago, you would have known how terrifying it truly is. There are only a few people left now." Ji Xingyuan patted Chen Xiang's shoulders: "But you don't have to worry, as long as you don't provoke them, they won't do anything."

Chen Xiang nodded and followed Ji Xingyuan as she carefully made her way through the forest.

Ji Xingyuan had also become extremely cautious.

"Uncle, are all the people here here for that cave?" Chen Xiang asked softly, he never thought that the cave left behind by the Half-ghost Old Man would attract so many experts.

Yes, Old Wang is still a legendary being, after all. He only came to the No Tao Place for a short period of time, and was able to cultivate a power that surpasses the Myriad Tao. Many experts here are unable to breakthrough, so they are extremely curious about the secret inside the cave. Ji Xingyuan said, "Currently, those fellows who are stuck in a dead end are people who are unable to break through no matter how hard they try. The cave left behind by Old Wang is also their only hope, although it's extremely slim."

As Ji Xingyuan said that, his expression suddenly changed, and he anxiously pulled Chen Xiang to hide behind a big tree.

"Someone's coming. I don't want to run into them." Ji Xingyuan said to Chen Xiang in a low voice.

Chen Xiang did not sense anyone, but Ji Xingyuan knew that this made him feel that if he had come here himself, then it would be extremely dangerous. Even though he could not use his divine sense or the Space Domain, he felt that he was blind and could not discover anything.

"Ji Xingyuan, I know you're here. Come out." The voice of one of the elders contained a trace of ridicule, "You are the same as before, you have not improved at all!"

When Ji Xingyuan was discovered, he could only sigh helplessly and brought Chen Xiang out.

"Everyone is the same." Ji Xingyuan looked at the old man: "You still have the nerve to laugh at me, didn't you also stagnate your cultivation for many years? You've been stuck for years. "

The old man wore a light green robe and he looked a little sloppy. His hair was a mess, but his eyes were very bright. He was a very energetic old man.

"Who is this kid?" The old man focused his attention on Chen Xiang, because Chen Xiang was looking at him earlier.

"My friend." Ji Xingyuan said: "You are still quite low-key, you did not emit any Qi, I almost did not sense you."

"You too... This friend of yours is a little weak! Would a guy like you be willing to make friends like that?" The green robed elder arrived behind Chen Xiang in the blink of an eye, scaring Chen Xiang to the point that he was covered in cold sweat.

Ji Xingyuan laughed, "At first, Old Wang was also very weak, but what happened next? So don't underestimate anyone. "

The green robed elder laughed, "You said that this little demon will be like Old Wang? I think that's impossible. Old Wang is the one and only guy, there's no second one. "

Ji Xingyuan did not speak further, and said: "Did you reap anything this time?"

The green robed old man saw that Chen Xiang was so weak, he did not care anymore and shook his head: "If I had any gains, would I bullsh * t with you here? What are you doing here this time? Don't you know those guys are still here? "

[Chapter 3112](#)

Chen Xiang silently listened to their conversation, which helped him understand this place better.

"What guy?" Ji Xingyuan did not know, he only knew that there were still some strong people here.

"It's that group of red-clothed people." The green robed elder said softly, "These people are crazy. You have to be careful of them!" I heard that this time, they have ambushed many powerful individuals. After being ambushed by them, they will all be eaten. "

"What?" They eat people! " Ji Xingyuan was stunned, he was enraged.

"Yes!" Especially someone like you, who looks young and strong, they love to eat. " The green robed elder looked at Chen Xiang, and laughed: "Of course, for a weak fellow like him, they would have no interest in him."

Chen Xiang curled his lips, he did not expect that the moment he came, he would encounter such a damned thing, a group of man-eating fellows hiding in this place.

"I still have to go and take a look." Ji Xingyuan looked at Chen Xiang. He had promised Chen Xiang, so he wanted to bring Chen Xiang to the entrance of the cave.

"Whatever." The green-robed elder said, "Then you must be careful. Take care!"

After the green robed elder left, Ji Xingyuan's expression became serious, and said: "That group of fellows are really crazy."

Chen Xiang asked: "Why do they want to eat people?"

"It should be because they want to break through but have no other choice, so they can only take this evil path!" Ji Xingyuan clenched his fists and said, "Chen Xiang, if there's an unexpected situation, you need to think of a way to escape, I want to exterminate that group of people. These kind of people who commit many evil deeds must not be allowed to live, they are a disaster."

"Alright, I understand." Chen Xiang didn't really understand much about it, but he knew that many people in the No Tao Place were unable to break through or truly reach the top.

Over the years, only a few people had successfully broken through the shackles of the Myriad Tao, and the Half-ghost Old Man was one of them!

Ji Xingyuan led the way forward and after half a day, they arrived in front of a small mountain.

This short mountain had a stone door, and on top of the stone door, there were all sorts of Spirit grain.

"Because there's a cave here, the entire mountain is very sturdy. No one can destroy it. Old Wang is truly powerful." Ji Xingyuan couldn't help but exclaim as he looked at this mountain.

The trees near the short mountain were all damaged. There were many remnants of berserk auras. These days, there were always strong warriors attacking the mountain, but they didn't make any progress.

Chen Xiang walked quickly to the door and asked Feng Ke'er: "Xiao Ke'er, do you recognize these Spirit grain?"

Upon seeing it, Feng Ke'er said excitedly: "I know him, and moreover, he is extremely familiar with him. Looks like this Half-ghost Old Man is a very powerful being, I have never seen him personally before, so I guess it seems like he is the one who created these Spirit grain."

"If Chen Cai was here, he would probably be very excited as well." Chen Xiang said: "Do you have a way to break open these Spirit grain, and let me in?"

"There is a way, but it will take some time ..." If you want to break it violently, then you will be able to succeed immediately. You only need to use the Heavenly magic sword to destroy the Spirit grain on the door. " Feng Ke'er said: "Your Heavenly magic sword can penetrate the protective layer above and directly destroy the door."

"NO!" I need to control this door. If it is destroyed, the people hiding in the surroundings will be able to enter. This is not good, I will wait for you. " Chen Xiang wanted to completely control this cave, even though he did not know what was inside.

Chen Xiang placed his hand on the Spirit grain on top of the gate and gently caressed it, carefully examining these Spirit grain.

Suddenly, a few auras came over, causing him to become shocked, Ji Xingyuan hurried over to his side.

"It's them!" Ji Xingyuan said in a low voice.

"Who is it?" Chen Xiang looked around, but did not see anyone.

"Red Cloaked Person... There are some other experts as well, all fairly famous. Ji Xingyuan said angrily: "This old fellow, the next time I meet him, I must teach him a lesson. He actually tricked me."

"That old man doesn't look too bad!" Chen Xiang also thought that it was strange, that Ji Xingyuan had been tricked.

"Of course this old fox isn't bad, but he is very cunning." Ji Xingyuan scoffed, "Don't let me meet him!"

Five red-clothed people appeared. They looked very old, and the wrinkles on their faces were a bit scary. They were all very tall, and looked quite robust.

Besides these five red-clothed people, there were over a dozen other people. Three of them were middle-aged, and the rest were old men.

An old lady laughed: "Ji Xingyuan, you're finally here! You should have a way to enter this cave, since you are Wang Dao's good friend, you should be the only one in the world who can. "

"That's right!" Ji Xingyuan, for everyone's benefit, you better open this door quickly! " An old man said coldly, "We've all waited so hard. We've been hiding around here for so many years just to wait for you to appear."

"Ji Xingyuan, if you don't want to die, open it quickly." The man in red spoke, his voice low and husky.

Ji Xingyuan was very angry, and said: "I also have no way of opening it, it's useless even if you force me."

He had originally planned to come here quietly, but now he had been discovered by these people. It was clear that this was what the green-robed elder had told them.

"This is your friend! "Heh heh." One of the red-clothed men laughed strangely and immediately rushed towards Chen Xiang.

Ji Xingyuan was instantly enraged and also attacked to deal with it.

After the red-clothed person made his move, the rest of the people also followed suit. They had clearly already made their plans, and their targets were all Chen Xiang.

In just a few blinks of the eye, Chen Xiang was already caught. Although Ji Xingyuan was strong, the number of strong enemies he had to face was too many.

"I'll kill you!" Ji Xingyuan bellowed, he suddenly became extremely terrifying, his face was filled with veins, and a berserk Qi continued to surge out from his body, as though he was holding back his anger, and now he was exploding with it, "Look at this brat, let's deal with him together." A red-clothed man said, and then he joined hands to attack Ji Xingyuan.

At this moment, there were only two people looking at Chen Xiang. They both grabbed Chen Xiang's arm and used a great amount of power to lock Chen Xiang, preventing him from moving.

The furious Ji Xingyuan was still extremely terrifying. Even if all ten plus strong practitioners joined hands, they still wouldn't dare to be careless, as they were worried that they would be killed by Ji Xingyuan.

"Do you two think you can catch me?" Chen Xiang sneered.

"Oh? Are you really that strong? I wanted to ask you, why are you so weak? And you're even together with Ji Xingyuan, just what kind of background do you have!?" The old lady asked, using all her strength to pinch Chen Xiang, wanting to hurt him, but Chen Xiang did not react at all.

[Chapter 3113](#)

Feng Ke'er was currently asking Feng Ke'er. Feng Ke'er felt that it was enough, and he needed to use a large number of Dao crystal s, but luckily he had a lot of them. As long as he got rid of the two people who grabbed him, they could begin.

Ji Xingyuan was still fighting in the distance, and was so angry that he had already lost all reason. The group of people only wanted to capture him alive, then use Chen Xiang to force him to open the door.

Chen Xiang knew that Ji Xingyuan was simply unable to open it. In the past few days, he had gotten along with Ji Xingyuan, and their relationship was very good. He was an extremely good uncle, and now that Ji Xingyuan was putting his life on the line for him, he was very touched.

"Although I am very weak, I am more than enough to kill you two old dogs." As soon as Chen Xiang finished speaking, the old lady and the old man felt that their hands were suddenly empty. Just a moment ago, they were still holding onto Chen Xiang, but why did Chen Xiang suddenly disappear?

When they finally reacted, they saw a very small bug flying around. They were suddenly awakened by the sound. The little ghost they caught just now had turned into a bug, making them feel that something was off. They never knew this method existed!

Chen Xiang was only unable to release the power of the Myriad Tao, but it could change his body and circulate within his body, thus he was able to use the Transformation Technique.

He turned into a bug and struggled out of the demonic claws of the two old things, then immediately released his Heavenly magic sword. He controlled the Heavenly magic sword to slash the two old things into pieces.

"Uncle, leave quickly!" Chen Xiang suddenly roared, and then, his expression changed to: He took out the Dao God Mirror and pressed it against the stone door. The entire stone mountain began to tremble, producing bursts of roars.

Ji Xingyuan, who was in the middle of an intense battle, was already covered in blood. When he heard Chen Xiang's roar, he suddenly came back to reality and looked towards the cave, only to realize that there were some broken corpses on the ground. He was overjoyed, as he knew that it was Chen Xiang who used a Heavenly magic sword to kill those two old things.

The mountain was trembling, such a huge disturbance was discovered by the group of people surrounding Ji Xingyuan, they saw the huge door that had been sealed for countless years burst out with white light, and at the same time, they were shocked, they had already flown over.

They hadn't thought that this little kid, who didn't seem like much to them, would be able to open the stone door that had been bothering them for so many years.

"All of you, just you wait!" Ji Xingyuan saw Chen Xiang passing through the stone door that was shining with a white light, then taking large strides and running away, leaving the forest.

When the group of people arrived at the entrance, everything returned to normal. As they looked at the two crushed rocks, their hearts were even more shocked. That brat actually killed two of them and even took their heads away.

"Damned brat, we've underestimated him." As one of the red-clothed men spoke, he crazily struck the stone gate. The others were all floating in the air, constantly attacking the mountain, but not harming it in the slightest.

... ..

After Chen Xiang entered, he felt a sense of familiarity, as if he had entered into a secret inheritance array and entered into a white space.

"Is there anyone here?" He shouted softly. This made him feel as if he had entered an inheritance secret array. When he first entered the inheritance secret array, he also felt the same way.

"It's you!" A semi-transparent old man suddenly appeared. When he saw Chen Xiang, it was as if he had seen a ghost.

Chen Xiang couldn't help but laugh when he saw the expression on Half-ghost Old Man's face.

"Half-ghost Old Man, we meet again!" Chen Xiang said with a smile.

"You're the ghost. You, why do I always see you?" Half-ghost Old Man didn't know whether to laugh or cry.

"This is all fate!" Chen Xiang laughed: "This should be the third time I see you, the first two times I was in the inheritance secret array, but this time it's not."

Half-ghost Old Man nodded: "That's right! You will grow up quickly, but with your current strength, you shouldn't be able to enter the No Tao Place, right? Summoning the Door of the Pathless is an extremely difficult task. Back then, I also used quite a bit of strength to do so, and I also reached a very strong realm at that time. "

"It was all an accident that I was able to come in here." Chen Xiang laughed bitterly, then simply told the matter to Half-ghost Old Man.

"So that's how it is. No wonder you were able to come to No Tao Place." When Half-ghost Old Man heard this, he dispelled the doubt in his heart, "Right now, Divine Wasteland is really not at peace. Heaven Old Orcs actually came to Divine Wasteland, sigh ..."

"Did the Heaven Old Orcs do this to destroy the Divine Wasteland?" Chen Xiang asked.

"Of course not, I don't know what their motive is, but they have it anywhere, and it's even more rampant now." Half-ghost Old Man said, "It's not bad that you were able to come here."

Chen Xiang told the Half-ghost Old Man about the situation outside of the cave, and laughed: "Is your real name Wang Dao?"

"Of course it's true! Old Ji is still staying here. I originally wanted to help him, but I didn't expect that the moment I broke through, he would draw me into the Myriad Tao! The remnant souls I left behind can only survive in certain spaces. I didn't leave behind any method to allow old Ji to enter." Wang Dao sighed. "Right now, I can't help him either."

"I can!" Chen Xiang laughed: "Uncle said that you broke through by refining pills, right? I can also refine pills, and I can refine World Defying heavenly Dan now."

"Oh?" Wang Dao was slightly shocked, "You little brat, you are powerful! If that's the case, I'll give you a pill formula and some medicinal ingredients. At that time, you have to let Old Ji eat first, let him break through, and then you can eat by yourself. It's not good for him to stay in that place for too long."

"Alright, I promise you!" Chen Xiang laughed: "Hurry up and take out those medicinal ingredients, I will refine them here!"

"Brat, you need to be a bit careful when refining it because you might die if you mess it up." Wang Dao cautiously told Chen Xiang, his expression also very serious.

"Will he die?" Chen Xiang was shocked, "Is it that serious? I might even die!"

"I found these medicinal ingredients in this No Tao Place. They will connect to your soul during the refinement process, and if you fail, it will affect your soul. If it's serious, it will cause your soul to scatter." Wang Dao said, "Because this pill contains a very crazy and mysterious power, it's very special. It's different from the pills you've refined before."

"Un, I understand!" Chen Xiang also felt that it was scary.

"As long as you remember, your potential to refine pills is not bad. In the future, when you can climb up to Myriad Tao, we can discuss it." Wang Dao laughed.

"Oh yes, do you know the Myriad Tao Dan God?" Chen Xiang asked: "I had thought that all of you were the same person!"

"I do, he's called Wang Sheng, he has the same surname as me and is a pretty good Alchemist, but he's already dead." Wang Dao's words stunned Chen Xiang. Myriad Tao Dan God was actually dead.

"How did he die?" Chen Xiang was not lightly hit, Myriad Tao Dan God was someone he respected a lot.

[Chapter 3114](#)

Chen Xiang had never seen the Myriad Tao Dan God with his own eyes before. He had initially planned to go to the Myriad Tao to look for him, but now that he found out that the Myriad Tao Dan God was dead, he could not believe it.

"I don't know. In short, he is dead, so my relationship with him is pretty good. I am currently investigating this matter, but in short, this matter is not that simple!" You need to be clear, people who are able to reach Myriad Tao are all very strong, they would not die so easily, but now, he is dead. " Mentioning this matter, Wang Dao's expression turned grave, "If I don't clarify this matter, then I might be the one to die in the future."

"Could it be that there is a very strong power above the Myriad Tao?" Chen Xiang frowned: "It's actually that dangerous up there!"

"Where there are people, that's how it is. No matter where you go, it's full of danger." Wang Dao waved his hand and said, "Let's not talk about this anymore, hurry up and refine the pill!" The name of this pill is Wudao spiritual Dan, and I do not really know the effects, just eat it and you will know how strong it is. "

Chen Xiang looked at the herbs in the box and asked: "How many of these herbs can be refined?"

Forging one requires two medicinal ingredients, one flower and one fruit. They are called the Pathless Flower and the fruit respectively, and while the fruit looks very ordinary, the mysterious power contained within is very strange and powerful. Even after eating these two medicinal ingredients alone, one can feel an obvious increase in strength. Wang Dao said seriously, "Are you sure you want to refine it now? If anything happens, don't blame me for it will be very dangerous! "

Chen Xiang said as he nodded his head, "I have already confirmed that I want to consume this kind of pellet myself! There is a very strong Heaven Old Orcs waiting for me at the top. "

Chen Xiang wanted to become stronger so he could eat World Defying heavenly Dan s, but World Defying heavenly Dan s required a lot of time to grow their medicinal ingredients and it was also rather difficult to refine. Now that he had the ready-made medicinal ingredients to refine a pill that could allow him to cultivate immoral powers, he would of course first consider refining this kind of Wudao spiritual Dan.

"There are ten batches of herbs here. If you do not fail, you can refine ten of them!" I imagine that right now, Old Ji needs only eat two pills to make his breakthrough. " After Wang Dao finished speaking, he sat on the ground and said, "You can begin refining. I'll guide you later!"

Refining Wudao spiritual Dan was very dangerous because there was a type of power that could make a person's soul fly out of their body.

After Chen Xiang took out the Tianchuang furnace, just as he was about to put the herbs inside, he heard a light cry out.

"Has your furnace been smeared over the Myriad Tao Divine Soil?" Wang Dao saw through it with a glance and felt very surprised.

"Yes!" Chen Xiang also did not hide it.

"Alright, if that's the case, then you'll be safer when refining it." Wang Dao laughed, "Because Myriad Tao Divine Soil can absorb some of the soul extinguishing power released by these immoral medicinal materials."

"Really?" Chen Xiang's eyes lit up, he felt that if the Heavenly magic sword was placed inside, then that kind of dangerous situation might not even happen.

"Of course, I only found out about this later on when I was still above Myriad Tao." Wang Dao sighed, "It's a pity that there aren't many of these Myriad Tao Divine Soil."

Chen Xiang placed the Pathless Flower and fruit into the Tianchuang furnace, and then began to slowly refine the two medicinal ingredients by releasing a certain degree of flames according to Wang Dao's instructions.

"After burning for around fourteen hours or so, a change will appear in the two medicinal ingredients."

Chen Xiang looked at the inside of the Tianchuang furnace, where the Flowerless Flower Fruit was currently a dark green, and the more violently it was burned, the greener it became.

"Don't be anxious. Don't think that just by using a strong flame you can cause the medicinal plant to change color faster. Although it is possible, if you do this, it will easily mess up the tempo!" Wang Dao saw that Chen Xiang was a little impatient, and said: "Refining this kind of Wudao spiritual Dan is very different from refining other pills, you have to listen to me."

Right now, there was only an ethereal spirit present. He couldn't concoct pills directly, or else he would definitely do it himself.

"En!" Chen Xiang calmed himself down. Now he had to follow the instructions of the king.

Sure enough, after fourteen hours, the flower fruit inside could finally change color and turn blue. At this moment, it was flashing with blue light!

"Double the intensity of the flames." Wang Dao looked at the Tianchuang furnace and said: "You must remember, you cannot rush there. In the end, you don't need to condense your own pellet for this kind of pellet."

"Could it be that he can form his own core?" Chen Xiang had doubled the strength of the World Defying god fire, and at this time, the fire had become even more intense, but the two herbs were extremely calm, and only emitted a hint of blue mist.

"No, you'll know when you get to the end." Wang Dao smiled mysteriously.

"There's going to be a change in color next, right?" Chen Xiang asked.

"Yes, three times."

"I want to use the power of time. That way, I can move faster." Chen Xiang said: "Uncle must be really anxious waiting outside, I don't know if this will affect my pill refining."

"This will not affect you!" I didn't expect you to have mastered the power of time. " Wang Dao was still surprised that Chen Xiang had so many tricks up his sleeve.

"Mm, then I'll start using it." When Chen Xiang released the Time Domain, it was different from outside.

"It will take about fourteen days for the second color change to occur." After entering, he sensed the temperature of Chen Xiang's pill furnace and nodded: "Your control of fire is not bad."

"Of course, I've been concocting pills for a long time." Chen Xiang was very confident in his alchemy level.

After fourteen days, Chen Xiang saw that the flower fruits inside the Tianchuang furnace had changed color again, this time into a red one.

"What's next?" Chen Xiang asked.

"How much stronger can your flame be?" Wang Dao asked.

"It can be increased by about three times." Chen Xiang thought about it and said.

"Alright, I'll use your strongest flame to burn it." Wang Dao said in a serious tone: "Next up, it will probably be a little dangerous, at that time, you should be able to hold on, this is also a test for a Alchemist."

Chen Xiang had been waiting this whole time, but now that it was finally here, he had to deal with it seriously.

"About what time?" Chen Xiang asked again.

"I don't know. If you were to come, you would have passed through that hurdle. This pill is basically a success." Wang Dao sat together and said, "Be more serious. I'll wait here for you to succeed."

Chen Xiang carefully controlled the flames to burn the medicinal ingredients in the furnace.

In the blink of an eye, a month had passed. At this time, Chen Xiang's body suddenly trembled.

"Are they coming?" Chen Xiang didn't know why, but his head suddenly started to ache, as though a surge of power was flowing into his Divine Sense Sea.

Seeing Chen Xiang's reaction, Wang Dao shouted: "Yes, you must defend yourself, don't let this power break through your Divine Sense Sea's defense, if this power touches your soul, then it's dangerous."

"This should be the Seamless Spiritual Force ..." It's a very mysterious power, able to easily destroy the soul! "

...

[Chapter 3115](#)

Chen Xiang could feel a strange power attacking the Divine Sense Sea, causing his head to hurt.

"How should I defend against it?" Chen Xiang asked.

"Just concentrate." Wang Dao was very simple.

Concentrate? Chen Xiang immediately remembered that Ji Xingyuan had taught him how to control the Green Stone, he suddenly felt that this was just like controlling the Green Stone, he immediately focused.

Soon, his head stopped moving, and he became much more relaxed.

"Very good!" Seeing the change in Chen Xiang's expression, Wang Dao heaved a sigh of relief and laughed: "You are not far from success now, Hehe, in a while, some mysterious thing will happen, do not be surprised!"

The mysteriousness of the Wang Dao made Chen Xiang's heart itch, because Wang Dao had previously said that there was no need to condense a pill like that.

Chen Xiang looked at the Tianchuang furnace, and suddenly realized that all the energy inside was gone.

"Where did he go?" He shouted in shock as he looked at the king.

"It's in your Divine Sense Sea." Wang Daochild chuckled, "Take a careful look!"

Chen Xiang immediately looked at his own Divine Sense Sea. He discovered that a red light had appeared on his own Divine Sense Sea, floating in the sky like a blazing sun.

"Is there any danger?" Why did you run into my Divine Sense Sea? " Chen Xiang could not understand no matter how much he thought about it. The power of the flower fruit inside the Tianchuang furnace was actually silent. He would enter his Divine Sense Sea.

"Hehe, this is the magic of this pill." Wang Dao laughed, "Back then, I was just as surprised as you when I refined it. All you need to know is that this is the profound mystery of the Wudao spiritual Dan."

Chen Xiang looked at the red scorching sun inside his Divine Sense Sea. This scorching sun was shrinking at the moment and quickly turned into a small pellet.

"Just open your palm." Wang Dao said, "You've already experienced the most difficult part of this pill, and when you crossed it, it didn't seem like much, but in reality, it was a narrow escape. It's just that you didn't manage to comprehend it yourself."

"Therefore, you can't concoct too many of these pills. Otherwise, you'll easily be in danger."

Chen Xiang wasn't really afraid, he looked at the Wudao spiritual Dan that was glowing with a red light, and wanted to try eating it. However, he had already promised Wang Dao, so he had to give it to Ji Xingyuan first.

"Make another one yourself." At this moment, Wang Dao's shadow became even more illusory, as if he was about to disappear at any moment. "The amount of energy I have to participate in this is not much. You should be familiar with the entire process of refining pills by now, right?"

Chen Xiang nodded his head: "I am already familiar with it, I am confident that I can refine one of them by myself!"

Chen Xiang did not notice anything difficult about refining this kind of Wudao spiritual Dan.

"Alright, you have to give it to Old Ji first. He only needs to eat two pills right now." Wang Dao sternly warned Chen Xiang: "If you go against it, when you come here, there will be nothing for you to see!"

Wang Dao gradually disappeared, and at that moment, only Chen Xiang was left!

"Alright, I can try my own way now!" Chen Xiang laughed slyly and released his Heavenly magic sword, allowing it to wander around inside the Divine Sense Sea.

He felt that the main reason why he was able to go through so much trouble was because his Tianchuang furnace had smeared all over the Myriad Tao Divine Soil and he had used a lot of Myriad Tao Divine Soil s to refine his Heavenly magic sword.

He then started to refine the second pellet. Previously, he had always been obediently refining according to Wang Dao's instructions. After the third color appeared, he concentrated on controlling the Heavenly magic sword to wander in his Divine Sense Sea.

His head started to hurt, but it did not last long before the pain disappeared. When he looked at the Divine Sense Sea, he saw a red sun floating in the sky.

"Hehe, Heavenly magic sword is indeed powerful, allowing me to succeed so easily." Chen Xiang laughed very happily.

He waited for a while, and when the hot sun inside condensed into a pill, he withdrew the Time Domain.

"It's time to find uncle." Chen Xiang asked Feng Ke'er to use the Six Realms mirrors to open an exit, and when he arrived outside, it was already dark.

"Those fellows probably won't be able to discover me, right?" Chen Xiang was worried that someone was hiding in ambush outside, hence he was extremely careful.

After he flew away from the mountain, he entered the forest and discovered quite a few people there.

"Motherf * cker, there's more and more people. It should be that many people already know that someone has entered the cave." Chen Xiang had only been inside for a few days, but there were already so many people.

Chen Xiang looked at these people and thought that it was extremely funny. Even if these people could enter, they would definitely not be able to obtain the Half-ghost Old Man's inheritance.

"This bunch of wishful thinking." Chen Xiang couldn't help but mock him in his heart, and then, he flew towards Ji Xingyuan's secret residence.

He flew for a few days before arriving at that place, but he did not see Ji Xingyuan even after he arrived.

"Could he be hiding?" Chen Xiang immediately thought of a secret place, which was the deep pool that Ji Xingyuan had brought him to cultivate, inside a mountain.

As expected, the moment he came here, he saw Ji Xingyuan.

"Uncle!" Chen Xiang saw Ji Xingyuan sitting beside the pool of water and shouted loudly.

When Ji Xingyuan heard Chen Xiang's voice, he was pleasantly surprised.

"It's good that you're fine!" Ji Xingyuan heaved a sigh of relief. He had been worried about Chen Xiang's safety these past few days, and even though Chen Xiang had entered the cave, no one knew what was inside. If it was a trap, wouldn't it be very dangerous to go in?

"Of course I'm fine, I even saw Old Wang." Chen Xiang chuckled: "This guy really misses you!"

"What did he say? Why is he still inside?" Ji Xingyuan was shocked, he had seen Wang Dao leave the No Tao Place.

"It's just a wisp of his hollow soul inside." Chen Xiang said: "He instructed me to refine two pills specially for you."

Chen Xiang passed over the two bright red Wudao spiritual Dan s and said: "Old Wang said that you only need to eat to break through. When we reach Myriad Tao, he will need your help.

"Alright!" Ji Xingyuan was extremely excited, because he was finally going to leave the No Tao Place and head for the Myriad Tao.

"I want to cultivate here. This pool might be able to help me cultivate even faster." Ji Xingyuan said.

"En, I want to return to that place. The cave will be safer, I need to continue making these pills for myself!" Chen Xiang was afraid that he would be disturbed here, because he could not be disturbed while refining the Wudao spiritual Dan. Otherwise, problems would easily occur, and his own soul might be torn apart by that energy.

"Alright, you have to come and see me quickly. Maybe I'll break through really quickly, and then you won't be able to see me anymore after being sucked into the Myriad Tao." Ji Xingyuan laughed.

[Chapter 3116](#)

Chen Xiang chuckled: "How can I not see you? In the future, I might even go to Myriad Tao. "

Ji Xingyuan patted Chen Xiang's shoulders. He was extremely grateful to Chen Xiang, so he ate the two pellets and jumped into the deep pool.

Chen Xiang saw that after he entered the deep lake, he had also turned into a bird and flew out, heading towards the cave left behind by the King.

The defense of this cave was extremely good. Many of the stronger Pathless Cultivators were unable to break through the defenses. Moreover, they would be attacked by all sorts of experts almost every year without being harmed at all.

It took Chen Xiang a few more days to get to the cave. When he passed through the forest, he met even more people, many of whom came from the UnDao City. They already knew that the cave had been broken open, but only those who could enter, could only wait for that person to come out.

What they did not know was that Chen Xiang had already snuck out, but no one knew.

"I should just continue refining the Wudao spiritual Dan." Before, Chen Xiang had the thought of using the Crash method and the derived method to refine Wudao spiritual Dan, but in the end, he still gave up. After all, refining this kind of pill still had a certain amount of risk, so he didn't dare to be reckless.

He still had eight medicinal ingredients on hand. He felt that even if he didn't reach the peak of his cultivation, he would still be able to eat a few very good pills.

"In the No Tao Place, the most important thing is to cultivate the body without a path. The stronger the body without a path, the stronger its power! A Divine Pill of Dao Spiritual Energy is able to strengthen the body of a person without a dao." Chen Xiang could basically refine one pellet every month if he used the Time Domain.

He concocted six pills in one go, and used the remaining two medicinal herbs to cultivate.

"I'll take one and take a look!" Chen Xiang was already impatient, he had already wanted to try the first time he refined the pill.

After swallowing the bright red Wudao spiritual Dan, it immediately disappeared from his body.

"So hot!" Chen Xiang suddenly saw his skin turning red, as though it was emitting red light. The heat continuously leaked out from his body, causing white steam to come out from his body.

"It's so hot, I didn't expect it to have such a effect after eating." Chen Xiang couldn't take it anymore. At this point, he started to feel a burning pain, but he could still endure it.

"If only I could blow the wind or cultivate in that pool."

Chen Xiang suddenly felt that maybe Wang Dao was also like this back then, which was why he decided to cultivate inside.

"Looks like I have no choice but to endure." He activated his own Myriad Tao Divine Arts, allowing the scorching energy to slowly temper his body.

Refining the pellet took a long time, and took Chen Xiang two months of time. Furthermore, the process was very difficult to bear, and ordinary people would not be able to withstand it.

"Motherf * cker, this pill's effects are really terrifying!" Chen Xiang could already feel that he was much stronger than before, he felt that if he ate another pill, his strength would almost be comparable to Ji Xingyuan's.

"If I continue to eat it, won't I have to cultivate to the peak? Will I be sucked in by the power of the Myriad Tao then?" Chen Xiang was starting to worry about this problem. Right now, he was still unwilling to leave this Myriad Tao world, because if he became stronger, he might not be able to return in the future.

"Eat another pellet, as long as I don't reach the pinnacle of the Pathless Realm. At that time, I will also have a strong body, and I can cultivate the World Defying Stage Fierce Power, which will make me even stronger."

Chen Xiang made up his mind. He would eat another Wudao spiritual Dan and refine it!

Two months later, he felt that he had advanced by leaps and bounds. Even if he met those red-clothed people again, he would still have the strength to fight back.

He had spent four months refining these two Wudao spiritual Dan, but because he had used the power of time, only four days had passed outside.

"Hehe, I'm much faster than uncle. Let's go back and see him!" Chen Xiang quietly left the cave. Although he already possessed extremely strong Pathless's power, he did not want to cause any trouble for the time being. He had to wait until Ji Xingyuan finished cultivating and then see if Ji Xingyuan would be sucked into the Myriad Tao.

Chen Xiang quickly returned to the belly of the mountain. He stood by the side of the lake and looked at the lake which flickered with red light.

It was evident how big of a reaction Ji Xingyuan had after eating it that even such a deep pool of water could turn into red and it was still bubbling.

Just like that, Chen Xiang sat by the side of the pool and waited. Only after more than a month did he manage to come out from the pool.

When Ji Xingyuan saw Chen Xiang, he was very surprised.

"You've become very strong!" Ji Xingyuan said in shock: "Did you also eat that pill?"

Chen Xiang smiled and nodded, "I ate two pills! However, I can use the power of time, so my refining speed is very fast! Uncle, it seems like you are about to reach your peak. "

Ji Xingyuan had only eaten one pill.

"Yes, one more pill and I'll break through." At this time, Ji Xingyuan was filled with anticipation. He placed his hand on Chen Xiang's shoulder. Otherwise, I don't even know how long I'll be staying here! "

"Chen Xiang, don't you plan to continue refining pills to eat?"

Chen Xiang shook his head: "I am still unwilling to part with this Myriad Tao world, and I will think of a way to leave this place. There are too many things that I still have to settle upstairs, I do not plan to go up."

Chen Xiang's cultivation situation was a bit complicated. His Pathless's cultivation had already reached the Large Success stage, and his Primordial Divine Body had also reached the Large Success stage, but it hadn't reached its peak yet. However, because he possessed a body without principles, he was still very strong.

"That's fine. After all, he's already up. He might not be able to come down again." Ji Xingyuan sighed, Wang Dao had always wanted to continue, but had never succeeded.

It was still possible to come down from the Myriad Tao, but Feng Ke'er had come down from above. As for what he had to do, Chen Xiang did not know either, but at least there was hope.

"I still need to continue cultivating. Maybe Old Wang can continue to help. I need to hurry up and help him." Ji Xingyuan said: "I will continue to use this pool of water to cultivate. This pool of water has accompanied me for many years already."

"Alright, I'll wait for you here!" Chen Xiang also wanted to see how Ji Xingyuan had been sucked into the Myriad Tao.

Ji Xingyuan swallowed a Wudao spiritual Dan and jumped into the pool.

Chen Xiang waited at the side, and did not refine any pellets, because he felt that he could not promise to not be disturbed in this place. Refining Wudao spiritual Dan s required a very harsh environment.

A few days passed. Chen Xiang was initially chatting with the Mei Jing Sisters, but suddenly felt many auras approaching.

"The red-clothed people have come!" Chen Xiang looked solemn: "Uncle is cultivating, we must not let them come in!"

Chen Xiang didn't know how they found this place, but now that they were here, what he needed to do was to force them to retreat.

[Chapter 3117](#)

Chen Xiang quickly left the belly of the mountain and secretly went outside. Sure enough, he saw the few red-clothed people and some powerful Pathless Cultivators, they were all the people that wanted to capture him at the entrance of the cave.

"They must know that Uncle is hiding here. No matter how they found out, I have to think of a way to delay them." Chen Xiang had some small success in cultivating Pathless Origin, so he was not afraid of these people. He felt that if he were to put his life on the line, these people would definitely not be able to take advantage of him.

Chen Xiang immediately rushed to the top of the mountain.

The few red-clothed people were the first to notice Chen Xiang, and when they saw him, they all rushed over with extreme speed. Chen Xiang was currently standing on top of the Six Realms mirrors.

The other Rankers also saw Chen Xiang's figure, they did not think that Chen Xiang had already come out of the cave. They were waiting earlier, but they did not see Chen Xiang come out.

"Brat, you killed two of our men. Today, we must capture them and tear them to shreds." An old man was extremely angry.

"Ha! It was you guys who arrested me!" Otherwise, you wouldn't have been killed by me. You angered me first, otherwise, I wouldn't even bother to make a move. " Chen Xiang snorted: "Don't come over, if I die, you guys will be here for the rest of your lives, only I know how to break through."

Chen Xiang's words were true. I. Ben. Read. The red clothed people were the most anxious, they anxiously stopped the other old men, they were worried that the old men would go over and kill Chen Xiang, because Chen Xiang had killed the two of them.

"What method? If you tell me, I guarantee that you will live well." An old man in red said. He trusted Chen Xiang a lot since he was able to enter the cave.

Wang Dao's cave had existed for many years, and for many years, experts like them would almost always go there every year. Afterwards, they would use all kinds of methods to attack the cave and try to break open its entrance, but none of them succeeded.

However, Chen Xiang, a weak little kid, could enter, and the way he did it was very magical, so he did not use violence.

"This method of mine is only suitable for four people to break through." Chen Xiang said: "For now, it's because I have four pills in my hands, after eating it, I can break through."

Everyone knew that only by refining pills would Wang Dao break through, but it wasn't strange for Chen Xiang to be able to obtain the pills left behind by Wang Dao after entering the cave. After everyone heard Chen Xiang's words, they all secretly rejoiced.

However, they had too many people, almost twenty of them, and there would be more coming soon. When that happens, there would be even more people, so there wouldn't even be enough for them to split!

In order to make these people believe him, Chen Xiang had taken out the Wudao spiritual Dan, but he had only taken it out for an instant, and he was worried that these people would steal it away.

"You better not have any wrong ideas!" Chen Xiang snickered: "You have been trapped in this realm for so many years, you should be well aware that there is no way to break through, so I am your only hope. If you want to snatch it from me, I will commit suicide! If I die, you all can forget about breaking through. You will be trapped here for the rest of your lives. "

"Alright, let's not fight!" However, you only have four pills with you, and we don't have enough people here to split the spoils. " The red-clothed old man said, "Now that the pill is in your hands, how do you think we should split it?"

Chen Xiang looked at the group of people and asked: "How did you guys find this place?"

"It was the green robe that told us, he said this is Ji Xingyuan's cultivation grounds. When we found this place, we felt a trace of Ji Xingyuan's aura, so we confirmed his presence." The red-clothed old man answered Chen Xiang truthfully.

Previously, the green robed elder had also sold out Ji Xingyuan and Chen Xiang. It was he who had told the expert hiding in the forest that he, Ji Xingyuan, was going to the cave.

"It's actually this old bastard, I definitely won't let him off." Chen Xiang cursed in his heart.

Chen Xiang looked at him and asked, "Is there anyone else coming?"

"Yes, so you have to decide how to split it among us, and also make us sincerely accept it. Otherwise, the consequences will be quite troublesome." Another old man said.

Chen Xiang only cared about these red-clothed old men at the moment, because they were the strongest. As long as he could take care of them, it would be fine.

"Alright!" Chen Xiang nodded his head: "First, everyone that came later was given to me, and since it was you who met me first, why would they be given the Wudao spiritual Dan?"

"If they want to join in the fray, I hope you can shut them up!" The first to come to this place, and the first to discover me, and the first to know about the Wudao spiritual Dan in my hands, are none of them qualified to participate in the competition for the Wudao spiritual Dan. "

Chen Xiang's words made everyone secretly nod their heads. They felt that it made a lot of sense, so why did those bastards want to fight with them for this pill?

"Alright, if any of them want to join us, we will make them shut up." An old man in red said, his voice was filled with killing intent. There were fewer people participating in the competition, so the chances of them obtaining the Wudao spiritual Dan would be greater.

Just as he finished speaking, a group of people arrived.

There were more than 100 people in this group, and the green robed elder was spreading the news everywhere, saying that Ji Xingyuan was cultivating here, and that it had attracted a group of people, all of them in the Pathless City also had friends that were able to enter the cave, they all wanted to know what Ji Xingyuan's friend got from the cave.

Thus, when they heard this news, they hurriedly rushed over.

"So this is Ji Xingyuan's friend? Brat, do you know what we obtained from Wang Dao's cave? "Speak!" An old man roared very sternly.

"What did I get? It's none of your business!" Chen Xiang snorted: "Scram, this is none of your business."

"Little bastard, don't think that you're quite capable just because you're able to enter the cave. I'll teach you a lesson today." The old man was enraged by Chen Xiang's words and immediately rolled up his sleeves.

When the old man was about to go over, the red-clothed old man said in a deep voice, "This place really doesn't have anything to do with you. You can stay if you want, but there is no part of you."

"What do you mean?" Of course they knew how powerful this group of red-clothed people were. From the looks of it, this group of red-clothed people had entered to speak up for Chen Xiang.

"It's not interesting. In short, you all are not allowed to touch him." The red-clothed old man coldly said, "If you want to touch him, you must ask me."

The old man looked at it and laughed: "So that's how it is. It seems that this kid got some good stuff from Wang Dao's cave. This stuff will definitely help you guys break through!" Why shouldn't it be my business? I am a member of the city of the immoral. "

[Chapter 3118](#)

After all, this was something that could allow them to break through. If they didn't have their share, they would be extremely unhappy in their hearts.

"We were the first to find that brat. You all only came back later. Thus, this has nothing to do with you all." A short old man said, "He only has four pills!"

"Yes, of the four pills in my hand, only the eighteen people who came here first have the qualifications to obtain them. Each of yours will be given to you later." Chen Xiang said.

There were more than a hundred people coming from the back, and all of them were powerful experts who had been stuck at the same cultivation realm for many years. They were all unwilling to accept this, and all of them felt that they had a share in this.

At this point, they had already started quarreling.

Chen Xiang was extremely unhappy. The Wudao spiritual Dan was clearly his, but these people all felt that it was theirs.

"If you keep making noise, don't worry about me being impolite." The red-clothed old man roared. His expression changed, and his body released waves of killing intent, causing the entire audience to fall silent.

"Only the eighteen of us, if you want to join, then kill all eighteen of us." The red-clothed old man's wolf-like eyes swept across the crowd. "I don't want to fight with you, so you'd better behave. If you really want a pill, then do as I say and kill all eighteen of us."

At this time, the red-clothed people were brimming with killing intent. They were the stronger ones here, although they had nearly a hundred people, if they fought, they might not be able to beat them. Even if they could kill off all eighteen of them, they would not be able to do much more than that.

They all thought about it for a while. Chen Xiang only had four pills in his hands, so even if they fought to the end, he might not be the one to obtain them. He might even lose his life.

"Don't be fooled by this kid." A middle-aged man laughed and said, "This guy might have let us like this on purpose. Are you sure that there are pills in their hands that can help us achieve a breakthrough?"

"It doesn't matter if he does or not, I believe him first. If he lied to us in the end, you don't need to say anything. We will do it ourselves. He won't be able to escape." The red-clothed old man said.

In any case, they had all lived for a long time, so there was nothing to do now. It could be considered very boring, so it wouldn't matter if they spent some time to deal with Chen Xiang.

"Alright, I'll stop messing around with you guys. I'll watch 90% of the scene from the side." The middle-aged man was very tactful. He was the first one to call for an exit, since they were here to join in the fun anyway. There was no need to offend these powerful red-clothed people.

This group of people had originally come for their own benefits. Now that they had thought about it carefully, they felt that there wouldn't be any good results if they continued to make a ruckus. They could only withdraw, lest these red-clothed people thought of them.

Just a moment ago, they had been very aggressive, but after the red-clothed person and his group had said such vicious words, they immediately became listless and expressed their unwillingness to participate.

Only a few people could not accept it, but they could not do anything either, so they could only retreat in anger and did not participate in the competition for the Wudao spiritual Dan s.

"Now, it's your turn to decide how to split the four pills." The red-clothed old man said, "We must be fair!"

"I've already thought about it." Chen Xiang laughed, then quickly made eighteen stone tablets.

"All of you, take a stone tablet and write your names on it. Then, put the stone tablet into a box and mess it up. I will then extract it from the box." Chen Xiang said.

"Doesn't that depend on luck?" One of the elders was unsatisfied as he shook his head, "It can't be like this. I won't accept this arrangement, because it all depends on luck. I might not be able to get anything."

Chen Xiang cursed in his heart. The Wudao spiritual Dan was his, and right now, he only compromised with them because he wasn't strong enough. Otherwise, he wouldn't even bother to pay attention to these bastards.

"Of course not due to luck." Chen Xiang said.

"Could it be that you want to choose a candidate from among them and arrange for us to battle each other to the death?" A yellow-haired old man sneered, "When the time comes and your pills are useless, won't we have died in vain?"

They seemed to know what Chen Xiang was going to do.

Chen Xiang laughed, and shook his head: "Of course not! Wait for me to finish ... The people that came out wanted to fight me. If they beat me, they would be able to obtain the Wudao spiritual Dan. So everyone had a better chance! This way, we won't need you guys to kill each other, and will only be fighting with me.

"If we beat you to death, wouldn't we be unable to obtain those pills?" An old man said.

"Yes, that's why when you fight me, show mercy!" I gave these pills to you guys to save your lives, so don't beat me to death. As long as you win, you will get one and lose the qualification to do so." Chen Xiang said: "Wudao spiritual Dan are only for people with true strength to eat."

"You're so weak. Any four of those eighteen can easily defeat you. Isn't this the same as trying your luck?" The bystanders said.

"Am I really weak? I remember when I killed two old fellows who were slightly stronger than you two." Chen Xiang looked at the old man who was spectating nearby and laughed blandly: "I guarantee that if you were to fight with me, I will kill you within a hundred moves."

"Anyone can brag!" The old man laughed heartily. "The reason why you were able to succeed was because you ambushed them. Now, I have my guard up. You simply can't defeat me!"

"Then why don't you give it a try?" Chen Xiang sneered.

"What's so good about winning? If I kill you, I'll be killed by those eighteen guys." The old man was unhappy.

"If you defeat me, you will be able to obtain the Pathless Fruit and the Pathless Flower. This is the medicine used to refine Wudao spiritual Dan, although you are unable to use it to refine a pill, eating it directly might help you break through."

As Chen Xiang said this, he took out the Pathless Flower and fruit, "I only have one set of these ingredients, and these are the ingredients used to refine Wudao spiritual Dan. If you can find the Alchemist to refine them, you can also obtain the Wudao spiritual Dan, and if you cannot refine the pill into a pill, you can eat them yourself."

"Alright!" The old man was very excited and quickly ran over.

They were worried that Chen Xiang would be killed during the battle, but after thinking about it, they felt that Chen Xiang was still pretty strong. They had all personally witnessed how Chen Xiang had killed those two back then.

Chen Xiang had a powerful sword in his hand, it was extremely sharp, but many people did not know about it, and they did not reveal it!

Thinking about the sword in Chen Xiang's hand, the eighteen Rankers also secretly remembered that when fighting with Chen Xiang later on, they must be careful of that sword.

Chen Xiang looked at the eighteen people and said to them: "Rest assured, I will not die!"

[Chapter 3119](#)

The old man came in front of Chen Xiang. He was short and fat, with white eyebrows and hair.

Seeing that the blue clothed old man had obtained such a good opportunity, the crowd secretly became jealous. If they had also spoken a few more words just now, they might have been able to provoke Chen Xiang and have Chen Xiang fight against them.

"I'm going to attack!" When he spoke, he had already made his move. As soon as he finished speaking, his fist had already reached Chen Xiang's face. The speed of his punch was also very fast, and it carried a very strong force as well.

Chen Xiang had experienced this fist force before, Ji Xingyuan had used it on him before, for cultivators who were immoral, their body's power was extremely strong, and when he punched, it was pure physical strength.

Because their physical bodies were extremely powerful, coupled with the extremely fast speed of their punches, they could instantly release a very powerful force. Even from a distance, they could still send out a very powerful force while punching.

Before the fat old man punched, Chen Xiang had already nimbly dodged it. His battle experience was plentiful, he had already seen through his opponent's intentions!

At the same time he dodged, he also threw a punch towards the fat old man. His fist looked very slow and gentle, neither too fast nor too slow, and it didn't have the slightest bit of strength, so no matter how you looked at it, it was very weak.

"This kind of power is very extraordinary, it's not something we're used to!"

"Yes, this fellow probably came from the outside. He still has a considerably strong World Defying Stage Divine Power in his body, and just now, he must have used the World Defying Stage Divine Power in combination with his Pathless's power. That's why he's so terrifying."

The people here were very experienced, so they immediately made their judgement!

However, they had thought of another problem. Chen Xiang had just arrived at this place, but his cultivation, Pathless, was already so terrifying!

There was only one possible explanation, and that was that Chen Xiang had eaten that kind of Wudao spiritual Dan!

Chen Xiang rubbed his fist and said: "This is the power of Wudao spiritual Dan. I only ate one pill, and I become so strong. You all saw it, right? I'm not lying to you all. "

At this time, everyone's eyes were burning with passion. When they looked at Chen Xiang, their eyes exploded with a scorching light, as if they wanted to swallow Chen Xiang whole!

Especially those eighteen experts, they were even more excited because they had the chance to obtain that pill. At that time, once they ate it, they would be able to break through and head to the Myriad Tao. They had been trapped here for a long time and wanted to go up for a long time.

"Hurry up and carve your names on the stone tablet." Chen Xiang said: "This way, you will be able to get the Wudao spiritual Dan even faster."

Everyone had seen the effects of the Wudao spiritual Dan. A person who had just entered the No Tao Place not long ago would have the same strength as them after eating just one pill. That was equivalent to their many years of cultivation.

There were many people who had cultivated here for many years, but none of them were as strong as Chen Xiang, which showed just how strong the effects of the Wudao spiritual Dan were!

Of course, Chen Xiang would not tell them, he had already eaten two pellets, and the people here would need to eat two in order for him to break through, at that time, he would be forced to give the Wudao spiritual Dan to them, and they would not be able to break through either. By the time they discovered him, a month had already passed, and by that time, Ji Xingyuan would already have successfully refined the Wudao spiritual Dan and made a breakthrough to Myriad Tao.

Chen Xiang took out a box, and opened it to let them put the stone tablet inside.

"Whoever I pick will fight me!" The Wudao spiritual Dan is still very useful to me, I want to keep it. Chen Xiang laughed.

Just now, they saw Chen Xiang's strength, and were not too worried that Chen Xiang would lose four consecutive rounds, thus all eighteen of them would have the chance of fighting against Chen Xiang, and at that time, if they were unable to win against Chen Xiang, they would indeed not have the qualifications to obtain the Wudao spiritual Dan, and if they were unable to obtain it, they would definitely not let this matter rest.

Chen Xiang placed all the stone tablets into the chest, and then shook the chest, causing a stone tablet to sway out, with the words "Yuan Xufeng" written on it.

"Who is Yuan Xufeng?" Chen Xiang shouted.

A bald old man shouted excitedly, "It's me!"

This elder was not a red-clothed person, which also made Chen Xiang feel a lot more at ease. He was still a little worried that he would have to face the red-clothed person.

Yuan Xufeng had already ran over, he was extremely excited, he felt that he had defeated Chen Xiang. This way, he would be able to obtain a Wudao spiritual Dan, and the first one would be him.

[Chapter 3120](#)

Everyone had seen Chen Xiang's strength, to be able to easily kill the fat old man, this kind of strength was indeed shocking, but the 18 Rankers all felt that they had the confidence to win, as they were the most famous and oldest Rankers here. They hoped that Chen Xiang would be weaker, but they were worried that he would lose four rounds consecutively, and at that time, they would not have any more chances.

Of course, Yuan Xufeng hoped that Chen Xiang would be weaker than he imagined since it would be easier for him to fight.

Chen Xiang was relatively at ease, all of their cultivation levels were higher than him, but they did not dare to do anything, because as long as they did not kill him, they would not be able to obtain his Wudao spiritual Dan.

This would cause them to be unable to display their true strength. This would benefit Chen Xiang, so he had the confidence to defeat them.

"You can use weapons in battle!" Yuan Xufeng asked, he took out a blue big blade, the blade looked very sturdy, the blade body was also glowing with blue electric light.

"Of course you can!" Chen Xiang was extremely curious about this blade. All the people here were cultivating without a path and were not able to use the various types of energy in the Myriad Tao, but this blade contained an extremely dense amount of lightning energy, and was not like a product of this place. Everyone knew that Chen Xiang had a very sharp sword, but they felt that the weapon in their hands were also very powerful, and should be able to block Chen Xiang's sharp sword. xstxt

"Don't worry. I won't kill you. I also hope that you will be more tactful. If you know that you cannot defeat me, it would be best for you and me to surrender as soon as possible." Yuan Xufeng laughed, looking at him like he was determined to win.

Chen Xiang did not have a good impression of Yuan Xufeng, and looked rather sinister, and a little arrogant. If it wasn't for the fact that he had a Wudao spiritual Dan, he would have definitely been killed by Yuan Xufeng during the battle.

"I understand. I'm very afraid of death." Chen Xiang laughed: "I also hope that you can be more tactful, if you can't beat me in a fight then admit defeat, you are different from me, I can kill you."

After Chen Xiang finished speaking, he looked at the other seventeen Rankers and said: "In battle, facing strong people like you, I will not go easy on you. If you guys were to be killed by me, please forgive me."

What was the point of understanding after death? Everyone cursed in their hearts!

"Just go ahead and fight. This is the type of battle that is supposed to be fought in the first place! We are your seniors, and our cultivation is higher than yours. An old man said.

His words made people feel that they were being very reasonable, and if he was being reasonable, they should not have taken Chen Xiang's Wudao spiritual Dan, and should have left obediently.

"Then I won't be polite." Chen Xiang took a deep breath, then shouted: "Let's walk a hundred steps separately with our backs facing each other, and then the battle will immediately begin."

"Alright!" Yuan Xufeng nodded in agreement. Then, they walked a hundred steps, with their backs to each other.

They were running at the same speed, so when they finished a hundred steps, they immediately turned around and charged at each other!

The two of them were almost at the same speed, so in the instant after they were a hundred steps away, they suddenly turned around and collided with each other.

The only difference was that Yuan Xufeng had used his blue divine blade to charge over and slash at Chen Xiang, but Chen Xiang had no use for it, and actually challenged Yuan Xufeng with his bare hands. This surprised everyone, because Chen Xiang actually did not use his powerful divine sword!

When Chen Xiang rushed over, he knew that Yuan Xufeng was going to use his blade, so he dodged it immediately. When he was dodging, he threw out a punch through the air.

After punching out, he immediately dodged. When the fist force rushed over, Yuan Xufeng also noticed it, his body trembled, and released a burst of powerful force, causing Chen Xiang's fist force to dissipate, and then locked onto Chen Xiang's position, and fiercely slashed out a few more times. The blade and blade were releasing a burst of berserk energy, and released wave after wave of howling and exploding sounds.

"He's really amazing!" Chen Xiang unleashed Heaven Blasting Palm towards the blade force, causing the berserk blade force to be blown away, but the wave of Qi still affected him.

Although they had only received a few moves, they had already determined that Chen Xiang's strength was on par with his. Especially in terms of strength, he was actually able to disperse the force of's blade.

Chen Xiang saw the look on the other party's face, and secretly went on guard. He was worried that the other party would trick him.

"Looks like we're going to have a tough battle." Yuan Xufeng laughed: "It's been a long time since I've fought in a battle like this, I'm still looking forward to it.

"I'm looking forward to it as well. Let's have a good fight then." Then, he was the first to rush over and start fighting with Yuan Xufeng.

Everyone was watching from afar, they were very serious, especially those seventeen people, because they could help them to understand just what kind of strength Chen Xiang had.

When they saw that Chen Xiang was equally strong as Yuan Xufeng, their hearts grew heavy, because Chen Xiang was not weak at all! They all knew Yuan Xufeng's true strength. If Yuan Xufeng was not able to defeat him, it would be difficult for them to defeat him.

However, Yuan Xufeng was still an old guy, so he should be stronger than Chen Xiang in every aspect. If it was going to be a prolonged battle, they all thought that Chen Xiang would be unable to defeat Yuan Xufeng, the old fellow.

The Heavenly magic sword that they were more worried about before had also not appeared at this time. They felt that Chen Xiang should release the Heavenly magic sword at this time, in order to avoid a prolonged battle.

"Why hasn't he used that sword yet?" An old man in red said in a low voice.

"Maybe he deliberately chose not to use it because he wanted to catch me off guard."

"That's not right. If he continues, he will only be at a disadvantage. When the time comes, no matter how strong that sword is, it will be useless."

That's right, Yuan Xufeng must have been wary of his sword, he should have used it long ago.

Their voices were loud, and she was doing it on purpose for Chen Xiang to hear. She was hoping for Chen Xiang to use the godly sword quickly so that he had a very good chance of defeating Yuan Xufeng.

As long as they weren't the ones fighting, they hoped that Chen Xiang would win. This way, they had a better chance to obtain the Wudao spiritual Dan.

Yuan Xufeng heard the people at the side discussing loudly, he was furious and cursed in his heart, because if Chen Xiang were to use the divine sword right now, he really wouldn't be able to deal with him.
