

## Dan God 3171

### [Chapter 3171](#)

Chen Xiang had refined it for such a long time, he had no idea how long it would take for him to succeed, he even felt that it would be impossible for him to succeed.

"Alright, let's continue!" Chen Xiang rested for a moment, then suddenly began again. Fortunately the Mei Jing Sisters was able to provide him and Feng Ke'er with an endless flow of power for regeneration, otherwise it would have been impossible for them to progress to such a stage.

Although they did not know if it would succeed, Chen Xiang and Feng Ke'er did not give up. After all, they had persisted till here, if they were to give up, all the hard work they had gone through would be for naught.

"You'll definitely succeed. Even if you can't refine a pill spirit, you'll still be able to obtain a high quality Strong strength Dan. After you eat it, you'll be able to step into the World Defying crazy realm. Feng Ke'er said, she said that to motivate Shen Shixiang, to prevent Chen Xiang from having a negative attitude.

"En, I will persevere. Little girl, you haven't given up yet, how can I give up?" Chen Xiang laughed, Feng Ke'er had used a lot of strength, it was not easy for her to release the sealing power, but she did not feel impatient, on the contrary, she was still looking forward to the results.

If Chen Xiang gave up, this would definitely affect Feng Ke'er. She put in so much effort.

Following that, Chen Xiang and Feng Ke'er continued to work together to refine Strong strength Dan.

Chen Xiang was now even more proficient in using the derivation method. After all, he had gone through dozens of rounds of the same medicinal ingredients consecutively, and there were still many more rounds to go.

Very quickly, the two months outside had passed, and Chen Xiang had been inside the Time Domain for almost sixty months.

He had already forgotten about the Heavenly Pill Assembly, even if he remembered, he did not have the time to go.

But now, he had stopped, mainly because he was unable to continue producing the Medicine crystal inside the pill furnace!

"What's going on? There's actually no way to proceed with the derivation." Chen Xiang said in surprise. He tried for a few hours, but nothing happened.

"It has already been 105 rounds. Could it be that it has already reached its peak?" Feng Ke'er said somewhat excitedly.

"It could be, then let's try and see if we can condense the core." Chen Xiang was also very surprised, it could not be derived any further, maybe it was because his quality had reached the limit.

Feng Ke'er and Chen Xiang immediately teamed up, compressing the snow-white crystal inside the Tianchuang furnace, intending to condense it into a pellet.

The process of condensing the pellet was extremely difficult. Fortunately Feng Ke'er was able to control the Six Realms mirrors and allowed it to release a very strong sealing force, so Chen Xiang was able to use those World Defying mad source beads too.

The formation inside the Six Realms mirrors continued to devour the large amount of World Defying Stage Fierce Powers to operate the sealing formation. The sealing power that was released kept on shrinking the large crystal and it kept on releasing bright light, as if it would explode at any time.

As time passed, the large crystal became smaller and smaller, and all the World Defying mad source beads that he had obtained previously were used up.

"It stopped?" Chen Xiang saw that the ball of light emitting from the crystal suddenly dimmed, and said anxiously.

"Yes!" Feng Ke'er said: "It's impossible to continue anymore, it's already stabilized."

Feng Ke'er had already removed the seal's power, and the ball of crystal was extremely exquisite, unlike the previous time when it released another light.

This circular crystal was very big, about the size of a fist. It was not the size of a pill, but it was much bigger than a normal pill.

"We failed!" Chen Xiang sighed helplessly, "The pill spirit did not appear!"

Feng Ke'er ran out from You Yao Mountain Villa and said: "I'll open it and take a look!"

She opened the Tianchuang furnace's lid and retrieved the crystal core from inside. Her two small hands held onto it tightly, afraid that she would run away.

"At least you still have the high quality Strong strength Dan's medicine." Feng Ke'er laughed helplessly.

'Could it be that I haven't reached the pinnacle of this method of refinement?' Chen Xiang caught it. Just as he was about to touch the crystal, it suddenly trembled.

Seeing that, Feng Ke'er anxiously shouted: "Move!"

"I saw it!" Chen Xiang also felt that it was strange. At this time, the crystal ball was still shaking in his hands, releasing a kind of energy waves while shaking, creating a light breeze.

When the gentle breeze blew over, Chen Xiang and Feng Ke'er felt a strange sensation.

"It's the power of life!" Feng Ke'er exclaimed. "Could it be that he's already nearing success?"

"Are you going to drip blood?" After Chen Xiang finished speaking, he took out the Heavenly magic sword and cut his own finger, then dripped a drop of blood on it.

After dripping blood, the blood easily seeped into the crystal. The originally transparent crystal had now turned blood-red.

The blood that Chen Xiang dropped into was flowing as if it was circulating.

"Continue!" Feng Ke'er shouted.

Chen Xiang pressed the part of his finger that was cut onto the crystal, and could only feel blood continuously gushing towards the crystal, quickly being absorbed by it.

During the bleeding period, Chen Xiang asked the Mei Jing Sisters to help him recover. Otherwise, according to the speed at which the crystal was devouring his blood, he would have become a dry human by now.

"It stopped!" Chen Xiang looked at the blood-red crystal in his palm. This crystal was currently trembling slightly, making Chen Xiang feel as if he was holding a heart.

"Do we have to wait?" Feng Ke'er asked: "Why don't we ask that boss, he should have a better understanding of this."

"Should I tell him that I am currently refining a pill spirit?" Chen Xiang asked.

"Not now!" Feng Ke'er thought for a while, then said: "You can leave now, you have been in closed door cultivation for a long time."

Chen Xiang carefully placed the gem into a place inside the You Yao Mountain Villa for Feng Ke'er to see.

After walking out of the hut, Chen Xiang saw the shopkeeper running over anxiously.

"You finally came out of seclusion ..." "But I've been waiting for you for a long time." The shopkeeper hurriedly said, "The boss has already gone to participate in the Heavenly Pill Assembly. It will only take five days. If you go now, you should be able to make it in time."

Right now, even if Chen Xiang did not want to, he had to go, because he wanted to find Yue Yiran and ask him about the matters before the birth of the Pill Spirit. He had toiled for so many days, but he did not know if it had succeeded or not. He did not wish for his hard work to go down the drain, as Chen Xiang did not want the shopkeeper to know that the location of the Heavenly Pill Assembly would be in a manor.

"Let's go now. If we're fast, we should be able to make it before it starts." The manager said.

Chen Xiang nodded his head and then left the city, teleporting towards the Villa's location. He wanted to find a place that he was familiar with, and if there was a need for a competition, he might have to make some preparations.

These days, he had been intending to refine other arrogant pills, but he had made the decision on the spur of the moment to do so, so he didn't manage to refine any other arrogant pills.

### [Chapter 3172](#)

After Chen Xiang arrived at this nameless villa, he could only wait outside. He could not enter directly, he needed to be notified by the guards.

Previously, the shopkeeper had told him that if he were to come to the entrance of this villa, he would have to tell the gatekeeper that he was looking for Yue Yiran.

Chen Xiang had to wait for more than an hour before he saw Yue Yiran walking out quickly.

"You finally came. I thought you wouldn't come." Yue Yiran laughed: "It's good that you can come!"

After that, Yue Yiran brought Chen Xiang into the villa.

The interior of the villa was very big, the entire villa was enveloped by a powerful array, if one wanted to barge in, it would not be easy, Chen Xiang had already tried to enter from the outside, and even if he used the Time and space power, it would be very difficult to enter.

"Boss, this villa is really amazing. The person who built this villa is very strong!" Chen Xiang said, "Especially the formations protecting the Villa; each and every one of them is extremely terrifying."

Chen Xiang was still a little excited in his heart. The formations here were extremely useful to him, as to be able to restrict people like him who knew how to use the Time and space power to enter. He planned to use the Six Realms mirrors to replicate the powerful formations in the evening when he had the chance to do so.

"Of course. The master of the villa is also a Alchemist. Otherwise, he would not have held such a large assembly." Yue Yiran laughed as he brought Chen Xiang to his residence.

Yue Yiran was a big shot here, so he came to this villa as guests. His villa's living space was extremely luxurious, and it was a very big mansion.

"Why doesn't this villa have a name?!" Chen Xiang stood at the entrance for a long time, but still did not see what the Villa's name was.

"Yes, there is no name, but we all call it Heavenly Dan Mountain Villa in private." Yue Yiran said: "Every once in a while, Heavenly Dan Mountain Villa will invite the Alchemist to gather here, and at the same time, invite a few juniors to compare notes on concocting pills."

"So that's how it is." Chen Xiang looked out the window at the mountain in the distance and asked: "What will the competition be like this time? I'm not ready yet! "

"Not ready? What have you been doing in seclusion for the past few months? " Yue Yiran felt that it was a little strange, and laughed: "Could he be sleeping!"

Chen Xiang shook his head, he had previously discussed with Feng Ke'er and was temporarily not going to tell him about him refining the pill spirit, but now, he suddenly wanted to tell Yue Yiran about it.

Seeing that Chen Xiang was not willing to answer, Yue Yiran did not force him and said: "The competition is not very important, but if we win, there will be rich rewards, maybe you will not be interested in the rewards, but during the competition, I can let you improve, so this is a good opportunity."

"How powerful is the owner of this villa? "Is he stronger than you?" To be able to invite an outstanding Alchemist of the Heaven Old Super Realm to participate in this kind of gathering, it showed that the master of the Villa was definitely very strong.

"Yes, and he seems to know some things about alchemy. I haven't discussed this with him in detail for now, but he's very busy right now. I've been here for two months and I haven't had a chance to talk to him alone." Yue Yiran said: "Every time I see him, I'm with a large group of people. It's not convenient to discuss this sort of thing."

Chen Xiang nodded his head, "Indeed, the less people know about the pill spirit, the better."

Yue Yiran shook his head: "That's what I thought before, but now ... "I've heard quite a lot of things these days, there are actually quite a few old fellows who already know about the pill spirit, I wonder where they heard about it from."

"We must find out how they found out about the Elixir." Chen Xiang anxiously asked: "Did any of them go to Myriad Tao before?"

"It should be, but even if we go to Myriad Tao s, we should not have the chance to know about this." Yue Yiran was also very suspicious about this, "I think there's only one possibility!"

Chen Xiang didn't know how he could ask Yue Yiran about the details of the pill spirit either, unless he told him what had happened.

At this time, Yue Yiran looked like a pretty good person from the Heaven Old Divine Race, treating him almost like an elder. She didn't give him any face, and was even very friendly, a person that could be trusted, but Chen Xiang was still a little worried.

"What possibility?" Chen Xiang asked.

"I think the owner of this villa told them!" Yue Yiran frowned slightly, and took a sip of tea: "Because he had also been to the Myriad Tao before, so he naturally knows about this matter ... Furthermore, I heard that the master of the Villa would reveal something at the beginning of the Heavenly Pill Assembly, and it is said that it is extremely shocking! "

Chen Xiang's brows twitched, and said anxiously: "Could it be that he wants to reveal the pill spirit he refined?"

Yue Yiran nodded and said: "Yes, this guy likes to show off. I think it's possible! Of course, I'm only guessing now, hah ... "

Yue Yiran's mood did not seem to be very good, because the owner of the villa had refined his pill spirit earlier than him. Although he was not completely sure about it at the moment, Yue Yiran was very unhappy as he thought of this matter.

"Boss, don't you have a direction now?" Chen Xiang laughed: "As long as you have time, you will also succeed."

"That's right!" Yue Yiran laughed, Chen Xiang had previously told him that using the seal could succeed, and he had already sent people to help him refine the array disc. As long as he finished refining, he could start to experiment.

couldn't be sure before, but he had already refined it before, so he was very sure now that he could use the power of the seal to compress the Medicine crystal. If Yue Yiran's formation plate was good enough, he would definitely succeed.

Yue Yiran was a strong World Defying crazy realm Ranker. He was strong enough to maintain the flow of the array disc, so he would definitely be able to hold on until the end.

When the time comes, just follow behind me and try not to make too much noise. You should know the attitude that the people of Heaven Old Divine Race have towards human beings. Yue Yiran said.

"Un, I understand!" Chen Xiang treated him really well, at least he was not rejected like the other Heaven Old Divine Race people.

At this moment, someone knocked on the door.

Yue Yiran stood up to open the door.

"Mr. Yue, the manor lord has some important matters to attend to. Please meet with the manor lord before sunset." The person who spoke was a middle-aged man, most likely someone sent by the manor lord.

"Alright, can you bring someone with you?" Yue Yiran asked.

"Sure!" The middle-aged man looked at the sky and said, "It would be best if we could arrive before sunset. The manor lord does not like it that people are late."

"Don't worry, I will definitely arrive on time." After Yue Yiran finished speaking, the middle aged man left in a hurry.

### [Chapter 3173](#)

Chen Xiang walked over and asked: "What will be the important matter?"

Yue Yiran shook his head and smiled, then walked into the hall with Chen Xiang.

"Didn't I just say that the owner of this villa is going to announce something big?" Yue Yiran drank his tea.

"Didn't he say that he would announce it at the beginning of the Heavenly Pill Assembly?" Chen Xiang said: "Why do we have to announce it now?"

"He probably won't be able to sit still." Yue Yiran laughed: "Ignore him, when we go over to take a look, we'll know who's here."

At dusk, Yue Yiran brought Shen Xiang to the Manor Lord's house. The place was even bigger there, and in front of the house was a huge plaza.

When Chen Xiang and Yue Yiran arrived, Yue Yiran immediately brought Chen Xiang to the very front of the table. There were seats at the very front and there were seats for esteemed guests like Yue Yiran, but they only had two seats, so there were two people sitting at the same table.

"This is a human!" Someone at the next table said in surprise, his voice full of contempt, followed by looks of contempt from the others.

"Isn't that Elder Yue? "What's so special about this human?" An old man asked with a smile.

"There's nothing special about it. It's just that it's better to be able to refine Strong strength Dan and defeat Zhen Minghui from the Zhen Clan." Yue Yiran said.

"So Zhen Minghui was defeated by him! At least you have some ability, if not you will not take notice of him, does this human use the blood of the Heaven Old Divine Race? How can it be so powerful?" The voice of the old man was sinister, as though there was jealousy in it.

Many people had heard that Zhen Minghui was defeated, so this gathering was meant for the young generation to spar, and Zhen Minghui was considered rather famous amongst the younger generation, but he lost to a single person by kneeling down and admitting his wrongs to a shop owner, this was truly a great humiliation.

And in the eyes of many in Heaven Old Divine Race, losing to a human was even more humiliating than kneeling down and admitting his mistake, so Zhen Minghui hated Chen Xiang to the bones.

Yue Yiran suddenly glared at the people around him and released a wave of pressure that caused them to not dare to mock him.

"Hmph, what's so special about defeating Zhen Minghui? After defeating Zhen Minghui, you actually dared to come here to participate in this kind of convention!" A man behind him sneered.

Yue Yiran turned his head to look, and saw that the man was dressed in brilliant gold and looked very noble, followed by a large group of people. He only snorted, and did not say much.

"Who is this person?" Chen Xiang was extremely curious, so he sent a sound transmission to Yue Yiran to inquire. He could tell that Yue Yiran was wary of this person.

"The member of the Heaven Old Imperial Family should be a prince." Yue Yiran said: "I really hate Heaven Old Imperial Family. They will die one day, you don't have to bother about them."

Yue Yiran and Chen Xiang both looked at the high platform in front of them, and no longer bothered with the various ridicule and ridicule given to them by the distinguished guest seats.

Chen Xiang never thought that the people of Heaven Old Divine Race would actually reject humans like that, because in the VIP seats, only he was human, the others were all people of Heaven Old Divine Race, they thought that bringing a person in was a huge insult.

Originally, they thought that with this kind of ridicule, Yue Yiran would let Chen Xiang leave, but Yue Yiran remained indifferent. Even if Chen Xiang wanted to leave, he would not let him leave.

"The manor lord is here!" someone suddenly shouted.

"Quick, let the manor lord take that person away."

"Such a weak human, isn't he afraid of being scared to death by our aura?"

"Exactly!"

When he appeared, no one dared to speak loudly. He seemed to know about Chen Xiang too, but he did not reject humans like the others, and for some reason, this made everyone from Heaven Old Divine Race confused. Everyone present was confused.

"Seems like he has really been to the Myriad Tao before." Yue Yiran sent a sound transmission to Chen Xiang, and laughed: "Because above the Myriad Tao, there are some humans that are very powerful and can refine Pill Spirit, so he doesn't dare to look down on humans."

"So that's how it is!" Chen Xiang now also understood why Yue Yiran treated him in such a manner. It turned out that she knew that humans could be very strong as well.

"Everyone, I've brought you here so that you can see my achievements." The manor lord revealed a proud smile as she waved her hand. A handsome man dressed in blue walked up from below.

Seeing this blue clothed man, Yue Yiran's expression immediately changed greatly, and Chen Xiang also felt a somewhat familiar aura from him ...

It was the aura of a pill, and one that only existed for extremely high quality pills. Chen Xiang had refined this pill not long ago, so he was extremely familiar with this aura, and his heart was currently beating rapidly, because the blue-clothed man was a pill spirit!

The manor lord had succeeded! He had successfully refined a pill spirit!

Some of the old men could tell that only those who knew about the pill spirit were this shocked!

"This is my greatest achievement." The manor lord laughed out loud, laughing very proudly.

"What is this result?" Some people were puzzled. They knew that this man in blue was different from the others, but they could not tell what he was.

"This is the Huakuan Dan!" Yue Yiran suddenly said, his words made many people even more suspicious, although these Heaven Old Divine Race people were strong, they did not know much about the pill spirit.

The Villa Master smiled at Yue Yiran, "Brother Yue is indeed knowledgeable, why don't you explain this to everyone!"

Yue Yiran stood up and said in a clear voice: "If the quality of any of these pellets are refined to the limit, a pellet spirit will be born. The strength of the pellet spirit is extremely scary, and it already possesses an extremely powerful World Defying Stage Fierce Power.

Following that, the manor lord explained more about the pill spirit, causing many to cry out in disbelief.

Many people could not believe it, because this was an unbelievable matter in the first place. However, when they saw the expressions of Yue Yiran and a few other famous old Alchemist in the field of alchemy, they knew that it was not fake.

After refining a pill spirit, one would be able to possess an even greater power. If he could refine a little more, wouldn't it be terrifying?

Chen Xiang inadvertently looked at the prince of Heaven Old Imperial Family, his expression unexpectedly not looking good. Chen Xiang estimated that the prince might have sensed that their royal family's position was being threatened.

"Elder Yue, you know about the matter of the pill spirit, but you didn't manage to refine it. What a pity!"  
An old man chuckled.

"Yue Yiran is old, and is no match for the manor lord. Looking at your expression, you should be extremely jealous, right?"

"It should be, this is the peak of Alchemist, and he cannot reach it!"

The few old men who were taunting Yue Yiran were all Alchemist, and looked like they were Yue Yiran's old rivals.

#### [Chapter 3174](#)

Yue Yiran was a little angry, he did not refute them, and only looked at the pill spirit quietly. The Huakuan Dan was a middle ranked Primordial Pill, it could be considered rather expensive, even the older Alchemist knew how to refine it, the ingredients were the more expensive, because it took a long time to grow.

When the manor lord saw that everyone was looking at him with looks of admiration, he became very proud of himself.

"Let's call it a day. When I get the chance, I'll show everyone how amazing I am. I just concocted it not too long ago, so I'm still not familiar with it yet. When I'm familiar with it, I'll definitely share it with everyone." The manor lord laughed and said, "In a few more days, the Heavenly Pill Assembly will begin. This will also motivate the younger generation, giving them an example."

Yue Yiran was the first to leave. If he did not have to participate in the Heavenly Core Conference with Chen Xiang, he would have immediately left this place. He thought that he would be the first one to refine a pill spirit in the Heaven Old Super Realm, but who knew that there was someone who did so earlier than him?

After going back, Yue Yiran gasped for breath.

"This is so infuriating. These people are actually using this matter to mock and ridicule me. It's not like they were the ones who created the elixir. These bastards, sooner or later, I will definitely teach them the consequences of offending me." Yue Yiran said angrily: "This Villa Master is too much, he clearly wants to show off in front of us, to make me lose face."

"But the owner doesn't look like that kind of person!" Chen Xiang said.

This guy is considered my junior, now that his pill techniques have surpassed mine, he definitely has to show off a bit. Now, he is Heaven Old Super Realm's number one. Yue Yiran scoffed, "Isn't this guy relying on his own good pill refining conditions?"

"What condition?" Chen Xiang asked, the manor lord looked to be just like that.

"His background is very bizarre. Not long after he was born, he had a large number of inheritances related to refining pills. That's why he started refining pills when he was young." Yue Yiran said, "When he was born, I was already very famous."

"What are his parents?" Chen Xiang asked, most of the reason that the manor lord was able to refine a pill spirit was because of his parents' pill refining legacy.

"I don't know. It might be above Myriad Tao." Yue Yiran shook his head: "Anyway, this Heavenly Dan Mountain Villa of his has existed for many years, and even the Heaven Old Imperial Family has to give him face, you can imagine."

Chen Xiang had also just seen the prince of Heaven Old Imperial Family.

"Since this master of the Heavenly Dan Mountain Villa is able to refine a pill, he must be valued even more by the Heaven Old Imperial Family. This Huakuan Dan's pill spirit should be able to produce a large amount of Huakuan Dan. This is too scary." Chen Xiang said, he also knew about Huakuan Dan, Yue Yiran knew how to refine this kind of pill, Chen Xiang had seen this before from the small booklet.

"Yes, Heaven Old Imperial Family has always known that this Villa Master is very strong and treats him very well. He will definitely think of a way to cooperate with this Villa Master." Yue Yiran nodded his head: "Huakuan Dan are few in number, there are not many Alchemist that can be refined, and older Alchemist like us disdain to refine it, which is why we are lacking this type of pill."

The middle stage Proud Pellets were relatively fewer, the old Alchemist disdained refining them, and the other Alchemist s did not have that level of pills either. Furthermore, the demand for this level of Proud Pellet was also very high, because it was very suitable for the middle stage of the World Defying crazy realm.

To pass through the middle stage of the World Defying crazy realm quickly, one would need a middle stage Arrogant Core, so the middle stage Arrogant Core was extremely important!

"Seems like he can still refine a few more elixirs. When that happens, it would be unimaginable!" Yue Yiran said: "Looks like I have to work harder now, I cannot be underestimated by this guy."

"Boss, you will definitely succeed." Chen Xiang was currently considering whether he should tell Yue Yiran about him refining the pill.

After considering it for a while, Chen Xiang finally decided to tell Yue Yiran about this matter. It was because he didn't know what was wrong with his pill spirit, causing it to fail.

"Boss, do you know what I've been doing for the past few months?" Chen Xiang asked with a serious expression.

"What are you doing?" Although Yue Yiran was curious, he did not inquire about it. At that time, Chen Xiang had only told him that he had not concocted any other pills.

"I am refining a Strong strength Dan ... "The highest quality Strong strength Dan," Chen Xiang said.

When Yue Yiran heard it, he was extremely shocked. "You're going to start refining now?"

Chen Xiang nodded.

"But... Your current strength is limited! " Yue Yiran was in disbelief: "Then what's the result?"

Chen Xiang shook his head and sighed, then took out the blood red crystal.

The crystal was originally white, but after absorbing his blood, it turned red.

"That's the end!" The round crystal in Chen Xiang's palm was shaking like a beating heart.

"This ..." When Yue Yiran saw it, he almost popped out his old eyes.

How could he not see what this crystal meant!

"This is the highest quality Strong strength Dan!" Yue Yiran could feel an aura that was unique to the highest quality, just like the Pill Spirit that Heavenly Dan Landlord had displayed previously.

"What am I doing now? Have I succeeded?" Chen Xiang was extremely helpless towards this.

"It can be considered as a success, but..." It's just that I haven't become a human!" Yue Yiran took it and looked at it carefully, then shook his head: "I don't know the reason right now, but can you stay here and watch it for a few days, I'll help you find the reason."

"Of course you can!" Chen Xiang also needed a pill spirit now. If a Strong strength Dan spirit appeared, he would be able to obtain a large number of Strong strength Dan without even refining.

"I will study it carefully now. Before the Heavenly Pill Assembly begins, I will come and find you." Yue Yiran said as he hurriedly entered the secret room.

When Chen Xiang returned to his room, he asked: "You trust him that much!"

"I am very confident in my judgement. This boss is not from the Heaven Old Divine Race." Chen Xiang laughed: "I think he is the same as Chen Cai, maybe he was born from the combination of humans and the people of Heaven Old Divine Race, it's just that he hid it well, and was not discovered."

"This is just your guess." Feng Ke'er said: "I hope that he can help you. When the time comes, we can quickly obtain a pill spirit.

"It will definitely succeed. It's just a matter of time."

Chen Xiang and him had worked hard for a long time, so they naturally hoped that it would succeed.

These few days of waiting made them feel that it had been a long time, and tomorrow was the start of the Heavenly Pellet Assembly. Chen Xiang did not even put this matter in his heart, he was waiting for Yue Yiran to come out.

It was only at night that Yue Yiran ran out of the secret room in a hurry, his face filled with joy!

### [Chapter 3175](#)

Chen Xiang who was in the hall saw Yue Yiran coming out, and suddenly stood up and walked over.

"Boss, did you find anything?"

Yue Yiran took out the blood-red colored medicinal crystal and said: "Look at the center of the interior!"

"This is ..." Chen Xiang moved closer to take a closer look, and said: "Isn't this a very small fetus?"

"Yes, this is a baby!" Yue Yiran said: "These few days, I have been sending in a large amount of life force nonstop, and that's what I was able to nurture."

"So it turns out that it's about how to refine it." Chen Xiang took the crystal and said: "Then what happens next? Should I continue channeling life force into it? "

"En, it is still being delivered non-stop until the baby wakes up." Yue Yiran said.

"Boss, have you refined it to this stage before?" "How do you know that?" Chen Xiang was very curious about this, even though he only knew about the pill spirit from the Myriad Tao, he did not know the specific refining process, right?

"I know a little about it!" Yue Yiran said: "After the baby inside the medicine crystal wakes up, it will immediately consume the medicine and quickly grow. After that, you don't need to care about it anymore, when he grows up, you just need to pass on some memories to him ... That's fine, he can just transfer the teachings to him, he can learn on his own. "

"It's really amazing!" Chen Xiang said.

"You are the one who is miraculous. You can concoct a pill spirit right after entering the sect. How did you concoct it?" Yue Yiran was extremely curious about Chen Xiang's alchemy skills.

"The derivation I used ..." Chen Xiang said.

"Derivative method?" I also use the derivation method. Who did you learn your derivation method from? " Yue Yiran was shocked: "You actually know how to use the derivation method too!"

"I learned it from Myriad Tao Dan God." Chen Xiang said: "As for who taught him, I don't know. In short, he has already lost, and I have never seen him before ..."

Chen Xiang told Yue Yiran about the inheritance left behind by the Myriad Tao Dan God.

"I've heard of this person as well. I didn't expect him to be using a derivation technique. He is indeed dead, what a pity!" Yue Yiran sighed: "I didn't learn my derivation method from him."

"From whom?" Chen Xiang asked again.

"His name is Wang Dao!" Yue Yiran's words stunned him.

"Old Wang!" Chen Xiang did not expect this.

Wang Dao, this Half-ghost Old Man is a very mysterious guy, and unexpectedly, he is Yue Yiran's master.

"You know him too!" Yue Yiran was just as surprised as Chen Xiang at the moment!

"Yes, but not too well." Chen Xiang nodded, and then told Yue Yiran about the matter regarding Wang Dao.

"Right now, he is indeed in a bit of a predicament in Myriad Tao." Yue Yiran nodded his head: "But he doesn't need my help. He can be considered my master."

"Oh right, you still haven't told me how you refined it! I also use derivation. " Yue Yiran laughed: "Let's not talk about those first."

"I used an array disc to release the sealing power." Chen Xiang took out his Six Realms mirrors.

Yue Yiran looked at it, then nodded: "So that's how it is, but... But with your current cultivation level, you should not have enough World Defying Stage Fierce Power to maintain the formation plate and release the sealing power! "

"I used the World Defying mad source bead, I got a few before, and only after using them all did I succeed." Chen Xiang sighed helplessly: "My cultivation right now is too low, I can't sustain consumption."

"But he's also very powerful!" Yue Yiran really admired Chen Xiang, because he did not succeed, but this brat, Chen Xiang, who did not even reach the World Defying crazy realm, did.

If the Heaven Old Imperial Family finds out about this, they would definitely make a move on you. They are different from me, if they were to know that a human like you can refine a powerful Elixir Spirit, they would definitely destroy you or enslave you. " Yue Yiran warned repeatedly, "Take this medicinal crystal back and raise it yourself. It's already nearing success."

"En!" Chen Xiang nodded his head, "We will be participating in the Heavenly Core Conference tomorrow. Are there any competitions?"

"Yes!" Yue Yiran said: "I've already helped you register. Of course, if you don't want to go, you can also go."

A few days ago, Yue Yiran had seen many people mocking and ridiculing Chen Xiang. If Chen Xiang did not go, he would not have heard these rumors.

He also knew that Chen Xiang wouldn't care about all this. With Chen Xiang's current ability to refine a pill spirit, a Alchemist at this level would be enough to be proud and have an extremely powerful heart.

Chen Xiang took the crystal core and returned to his room, then he handed it over to the Mei Jing Sisters.

"You can control the power of life and pour it into the crystal." Chen Xiang reminded Mei Jing Sisters, it was most suitable for them to nurture the crystal. The crystal was refined using his blood, so it would definitely be loyal to him in the end.

Right now, Chen Xiang was looking forward to the moment when his Pill Spirit grows up.

"This way, I can have a large number of Strong strength Dan! We can all quickly become stronger. " Feng Ke'er laughed: "These Heaven Old Divine Race people will all be scum in our eyes then."

"Tomorrow is the Heavenly Pill Assembly, go and join in the fun, winning or losing is not important to me." Chen Xiang was only there to increase his experience, the Alchemist here mainly refined Mad Arrogance Pills.

Right now, he understood Strong strength Dan the best.

... ..

At dawn, when Chen Xiang walked out of his room, he saw Yue Yiran waiting for him in the hall.

"It doesn't matter if you don't go now, you're already strong enough." Yue Yiran said: "Even though your current cultivation is not high, your pill refining skills are considered outstanding amongst your peers."

"Since everyone is here, of course we have to join in on the fun!" Actually, I want to let these arrogant Heaven Old Divine Race people see, us humans are not inferior to them. " Chen Xiang laughed.

"Alright, then let's go!" Yue Yiran's strength could still be considered strong, so he did not need to worry that someone else might attack Chen Xiang.

The starting point of the Heavenly Pill Assembly was at the huge plaza at the entrance of Heavenly Dan Landlord's mansion. A few days ago, this Heavenly Dan Landlord had announced that he had refined a pill spirit.

When Chen Xiang and Yue Yiran arrived, they realized that they had come too early and the sky had only just started to brighten.

"Brother Yue, you're really early!" When Heavenly Dan Landlord arrived, he chuckled and waved to the blue-clothed man behind him. It was the pill spirit that he had refined.

"This is a Huakuan Dan refined from my Elixir. Take a look, what's its quality?" Heavenly Dan Landlord had a complacent smile on his face, causing Yue Yiran to feel extremely unhappy.

Yue Yiran took the pellet and looked at it, then said: "The quality is very good. As expected of a pellet refined from a pellet spirit ... "Oh right, he shouldn't need to refine it, right? He should be able to condense it directly!"

#### [Chapter 3176](#)

Heavenly Dan Landlord laughed out loud: "Brother Yue is truly knowledgeable, indeed so. My pill spirit does not need the medicine from the Huakuan Dan, I can directly condense a Huakuan Dan from the World Defying Stage Fierce Power that is unique to my body.

"How long does it take for him to condense a Huakuan Dan?" Yue Yiran knew that the Heavenly Dan Landlord was showing off. Although he was a little unhappy, this allowed him to take the chance to understand more about alchemy, which was a pretty good thing.

"Two pills in two hours!" Heavenly Dan Landlord ate the Huakuan Dan and praised: "This Huakuan Dan is really high quality, even better than the ones I made myself!"

Yue Yiran snorted in his heart, and continued to curse.

"Right, is this human brat going to participate in the Heavenly Pill Assembly and represent your shop for the competition?" Heavenly Dan Landlord asked.

"Yes!" said. Right now, he really hoped that Chen Xiang could perform well in the Heavenly Pill Assembly, and it would be best if he could get first place. This would at least make him feel better.

"Not bad, being able to defeat Zhen Minghui is indeed something, but if he wants to shine in this Heavenly Pill Assembly, it will be very difficult." Heavenly Dan Landlord shook his head and sighed: "The rewards for this Heavenly Pill Assembly are very generous."

"How rich?" Yue Yiran asked anxiously.

I will announce it after a while, but I have to tell you, the people from Heaven Old Imperial Family are here too, and other than them, there are also the young elites from the Medicinal Families. Yue Yiran chuckled, then patted the shoulder of the blue-clothed Core Spirit and laughed, "My treasure will also participate. He can be considered a young man, so this is permitted."

Yue Yiran cursed a few more times in his heart. Allowing a pill spirit to participate, this was simply not fair.

The Heavenly Pill Assembly was organized by the Heavenly Dan Landlord, and the rewards were set by him. This way, as long as his pill spirit could win, his rewards would return to him. This was too shameless, no wonder he took out such a generous reward.

"You worked so hard to make a pill spirit, you really should have let him show off. Otherwise, others wouldn't know that you invested so much into it." Yue Yiran laughed: "But your pill spirit is still a little weak, I think you should let him train properly in the future."

"Brother Yue, you don't have to worry ... When the others come, I will go and greet them, especially Heaven Old Imperial Family. If we slow them down, they will not be happy." Heavenly Dan Landlord hastily walked over.

Yue Yiran groaned in a low voice, then sent a sound transmission to Chen Xiang: "The best would be to defeat that Pill Spirit, and let him know how powerful you are ... This guy used to call me Elder Yue, but now he's calling me Brother Yue! "

"To be defeated by a pill spirit ... This is a very interesting thing." Chen Xiang laughed: "I'll try!"

Many talented young Heaven Old Divine Race s had already arrived. Although they had not stepped into the World Defying crazy realm, they had all grown up in great powers, and after undergoing careful nurturing, their strength was still much higher than ordinary Alchemist s.

"Alright, since everyone is here, let me announce the rewards for this competition." "Only one." Heavenly Dan Landlord shouted, "The reward is to obtain a pill spirit!"

When everyone heard it, they couldn't believe it, especially Yue Yiran!

"Isn't the pill spirit absolutely loyal to its master? How can you give it to someone else?" a man asked.

"The pill spirit that I'm talking about isn't the one beside me." Then, he took out a transparent crystal. This crystal was as big as the one Chen Xiang had refined.

"This is the half finished product I've made. As long as you put your blood into it and infuse it with your life force, you will be able to form a baby. When the life force is sufficient, this baby will awaken and he will be able to consume the energy of the crystal and cultivate by himself. When he grows up, it will be your own spirit pill." Heavenly Dan Landlord said in high spirits: "I refined this pill spirit too. The quality is guaranteed, you can rest assured!"

"What pill is that?" An old man asked.

"Huakuan Dan, at the moment, I only know how to refine the pill spirit of Huakuan Dan, sigh ... That's all I have." Heavenly Dan Landlord intentionally laughed at himself.

Everyone cursed silently. It was impressive for him to have this level of skill by pretending to be here. Clearly, he was mocking the other Alchemists here, but they couldn't even reach this level.

The elixir spirits of Huakuan Dan sounded extremely enticing!

Chen Xiang was already moved, he knew that it would not be easy to obtain them, because the reason the Heavenly Dan Landlord allowed his pill spirit to participate was obviously because he did not want to give out the rewards.

The reason why he took out the incomplete pill as a reward was to show off. To let more people know that it wasn't a coincidence that he made the pill and that the pill was not important in his eyes, that was why he took it out as a reward.

Yue Yiran had told Chen Xiang before that this Heavenly Dan Landlord loved to show off, and it was not bad!

"Everyone, quiet!" Yue Yiran saw that everyone was discussing enthusiastically and shouted loudly. After everyone quieted down, he said: "This reward is extremely precious, so it's not that easy to obtain. It's because my pill spirit is also participating, and he knows how to refine pills.

Everyone immediately started to curse in their hearts. This was indeed deceitful, no wonder the Heavenly Dan Landlord was so generous, he had actually also allowed his pill spirit to participate, and now everyone knew that his pill spirit was truly amazing ... If he were to refine a Huakuan Dan, he would not even need to refine it.

There were many outstanding young Alchemists here, but no one dared to guarantee that they could defeat that Pill Spirit.

"If there are no more objections, then let's begin." Seeing everyone's expression, Heavenly Dan Landlord was very satisfied, he wanted this kind of effect. Everyone now knew that he had a pill spirit and that there were many of them. This would make him even more prestigious in the Heaven Old Super Realm.

Before, Yue Yiran was still his elder generation, but now, he was brothers with Yue Yiran. Not long later, he might even start to look down on Yue Yiran.

"Chen Xiang, are you confident?" Yue Yiran asked: "If we can obtain his incomplete pill spirit, I might be able to find out what method he used to refine it, it would be beneficial to us."

"Before this reward was announced, I did not have much confidence. However, after receiving this reward, I immediately became filled with confidence." Chen Xiang replied to Yue Yiran with a smile.

This was a very rare opportunity, he did not need to refine it himself to be able to obtain the Huakuan Dan's Elixir!

The biggest use of Huakuan Dan was to allow people to step into the World Defying crazy realm, and then steadily improve within it, consolidating their foundation.

[Chapter 3177](#)

With the pill spirit as a reward, if he had obtained it, Chen Xiang wouldn't have to work so hard to refine it. It had to be known that this was a middle ranked Berserk Pill Spirit, even Yue Yiran had difficulty refining it.

The current Chen Xiang did not have the strength to refine a middle stage arrogant pill spirit. Even if he had that power, it would be extremely difficult.

Seeing how confident Chen Xiang was, Yue Yiran was also looking forward to it. If Chen Xiang could defeat the spirit of the Heavenly Dan Landlord, then it would become a legend.

Here, most of the Heaven Old Divine Race looked down upon humans, and in the pill refining domain, humans were looked down upon even more, so if Chen Xiang could defeat other Heaven Old Divine Race people and still have a pill spirit in pill refining, who knew what the proud Heaven Old Divine Race people would think.

At this time, the other Heaven Old Divine Race s were all discussing with the elders of the clan. Those elders had also temporarily transferred some knowledge to them.

Big now? If the abcxs haven't been set up yet, it would definitely be very beneficial to that Fierce-transformation Dan Spirit.

"Everyone is ready. I will announce the rules now." The Heavenly Dan Landlord said loudly: "The rules are simple, the battle this time is only one round and it determines the outcome."

"All you need to do is refine the Huakuan Dan within two hours, and the evaluation criteria will be who can refine the most pellets, and who will obtain the final victory."

It was actually refining a Huakuan Dan!

The Fierce-transformation Dan Spirit herself could condense Huakuan Dan, she did not need any medicinal ingredients, so no one could see how fair this competition was.

Heavenly Dan Landlord was not nervous at all after hearing everyone's complaints. He laughed and said that if he were to condense himself, everyone would be able to see it. "

"If the Fierce-transformation Dan Spirit were to refine his own Huakuan Dan, he would be able to condense two pellets in two hours. It is very fast." Yue Yiran told Chen Xiang that he understood and in short, this Heavenly Dan Landlord coming up with such a rule would definitely benefit them greatly. "

"Under normal circumstances, how many pellets can a Huakuan Dan refine in two hours?" Chen Xiang asked.

"If it's an old guy like us, we can only make three pills in two hours. We need to guarantee the quality. If we can't guarantee the quality, four or five pills shouldn't be a problem. We can even make six or seven." Yue Yiran said: "As for you youngsters, if you can refine two pellets in two hours, you would be considered a genius. If you can refine three pellets, you would be considered a genius amongst geniuses."

"I've never tried!" Chen Xiang laughed bitterly, "I know, I was doing other things before!"

Of course, Yue Yiran knew that Chen Xiang had been refining pills and was close to success. Compared to refining Huakuan Dan, Chen Xiang's achievements were huge.

"It doesn't matter. Even if it fails, it's fine. Just treat it as an opportunity to train yourself." Yue Yiran laughed.

Now that Chen Xiang could refine a pill spirit, this kind of pill technique was extremely powerful. Furthermore, Yue Yiran had the time to refine it now, he felt that he would definitely be able to succeed.

"I heard that the prince of Heaven Old Imperial Family was able to refine three Huakuan Dan in two hours.

"Maybe he can beat that pill spirit! Didn't the Heaven Old Imperial Family send out the news last time? The three Huakuan Dan s that this prince refined in two hours were all of pretty good quality. "

"This competition does not have any requirements, so there is no pressure. Who knows, I might be able to refine four or five pills in two hours."

"This time, a genius disciple from a large clan is not an ordinary person. Refining Huakuan Dan s shouldn't be too difficult for them. What's more, how can they refine even more?"

"No, no, that's not right. The guy from Yue Clan's store is a human, even though this guy can defeat Zhen Minghui, he's just a human after all."

"That's right, and it's so weak!"

"Yue Yiran will be blamed by the Yue Clan this time."

Chen Xiang heard the people around talking about him and couldn't help but to shake his head and laugh.

"Boss, I didn't expect that the shop belonged to your Yue Clan." Only now did Chen Xiang know that there was actually a family behind Yue Yiran.

"Yes, we have a lot of shops here. I'm the one in charge of managing that shop ..." However, your presence here does not represent our Yue Clan. It is merely representing my shop, that's all. "

Heavenly Dan Landlord was making everyone prepare for the competition, and when the news of the pill spirit as a reward spread, the entire city was shocked.

Originally, many people did not know about the matter of the pill spirit. However, a few days ago, when the Heavenly Dan Landlord spread this matter, it was already known by many people and they were extremely envious of it.

Therefore, it could be said that the Heavenly Dan Landlord was rewarded with a pill spirit, which was very generous.

"Second Brother, do you have the confidence to win!?" An old man suddenly walked over and looked at Chen Xiang with disdain.

Behind the old man were a few young people. These young people all had haughty looks, and looked at Chen Xiang with seemingly arrogant eyes. They did not look down on him at all.

"Yes!" When Yue Yiran saw this old man, his face revealed a look of disgust.

"Hmph, someone like him can actually win?" The young man behind the old man sneered.

That old man was a member of the Yue Clan's cousin. His name was Yue Yan, and he was also an alchemist, though his alchemy skills were not as good as Yue Yiran's.

Right now, he was in charge of most of the pill shops in the Yue Clan, so Yue Yiran only stayed alone.

However, many people still treated him as a part of the Yue Clan's shop.

"The victory has nothing to do with you guys, he is not here to represent the Yue family." Yue Yiran looked coldly at the young man, and thought: What do you know!

Yue Yiran knew very well that Chen Xiang could refine a pill spirit. Amongst the young Alchemist, Chen Xiang could now look down on all the heroes and even the older Alchemist s.

"Since all of you look down on him so much, why have you come here?" Yue Yiran said in a displeased tone, his expression ice-cold.

"We only came here to tell you not to let this guy represent the Yue Clan in the competition. We can't afford to lose face." After Yue Yan finished speaking, he snorted and left with his men.

### [Chapter 3178](#)

When Heavenly Dan Landlord saw that everyone was looking forward to the competition, he was also very happy. With so many geniuses gathered here, if they lost to his pill spirit, then he would be able to ridicule them to his heart's content. The updates were quick.

So many geniuses couldn't even match up to a single pill that he concocted.

"Everyone, the competition was delayed for two hours due to a small problem. This way, everyone would have more time to prepare." Heavenly Dan Landlord suddenly said, and then took the pill spirit and left in a hurry, no one knew what urgent matter he encountered.

After the Heavenly Dan Landlord left, everyone started to complain again. They were originally going to start, but then they actually started to delay.

"Regardless of him, I'll try refining it now!" Chen Xiang said: "Boss, do you have the Huakuan Dan's medicine ingredients?"

"Of course there is. Are you going to refine it now?" Yue Yiran was a little shocked, it was not good to start learning now, if the energy consumption during refining was too high, it would affect his condition.

"Yes!" Chen Xiang nodded his head, because he had never refined a Huakuan Dan before, and there was still time for him to do it now, so he could take advantage of the time to familiarize himself with it.

This competition was very important to Chen Xiang as long as he won it, he would be able to obtain his core spirit.

He wasn't the only one who wanted it. Everyone here had thought of it as well.

Yue Yiran gave Chen Xiang three leaves and said: "This is called the Wild God's leaf, it's a leaf from the Wild God Tree. Usually, it only requires three leaves to refine one pot! If this was a competition, the medicinal herbs would probably be restricted. Therefore, you should first refine three pieces of Wild God Leaves. "

The Wild God Leaf was red in color and looked like a maple leaf, but it was even redder than a maple leaf. Furthermore, it was very thick. Something was flowing under the leaf's skin, like blood.

There was a certain amount of weight in his hand, and it was somewhat heavy.

"Alright!" Chen Xiang took the leaf and placed it among the Tianchuang furnace, then began to refine it.

"This fellow is starting to forge pills now?" Don't you have confidence in yourself? " One of them saw that Chen Xiang had set up a pill furnace at the side of the plaza, and could not help but laugh.

"To be still concocting pills at this time, and even refining Huakuan Dan, is not wise at all!"

"That's right. Refining a batch of pills takes a lot of mental energy. I bet this human is worried that he won't be able to perform well in a while, so he's familiar with it now."

"Alright, let's take a look at his standards now!"

The few Yue Clan disciples behind Yue Yan heard the crowd discussing about Chen Xiang. One of them suddenly said, "He does not represent our Yue Clan.

"Our Yue Clan definitely won't recognize this guy. This is all Yue Yiran's own doing."

"So just say it, don't involve our Yue Clan."

The members of the Yue Clan were extremely worried that Chen Xiang would affect their reputation, so they decided to make a name for themselves.

Chen Xiang refined very smoothly from the start, and very quickly, he started to use the derivation method.

The derivation method could give birth to more medicinal crystals. If the medicinal strength was stronger, then it could also produce more pills.

"It went smoothly!" Chen Xiang calculated the time, and suddenly frowned: It's still too slow, it only spawned once, and that took me a long time, I think I won't be able to condense a pill now.

"Xiao Ke'er, help me." Chen Xiang calculated the time, and the two hours were quickly about to end. And right now, he had just produced nine lumps of Medicinal Crystals.

"It's too late!" Feng Ke'er said: "If you were to compete, you must not give birth to nine small crystals!"

Heavenly Dan Landlord was already out. After he walked onto the stage, just as he was about to announce the start of the competition, a "peng" sound rang out, and everyone immediately saw a pill fragrance lingering at the side of the square.

Chen Xiang had exploded!

When Yue Yiran saw this, he could not help but shake his head and laugh. Naturally, he did not doubt Chen Xiang's strength, but rather, knew what Chen Xiang had in mind.

"This guy actually ..." The furnace actually exploded, hahaha ... "

"I had thought that he would be more stable when training. I didn't expect him to actually fail. He was preparing to start the match, and something like this even happened. This has a huge impact on him."

"Humans are humans, that's all."

Chen Xiang was calm, he had deliberately exploded them, he knew that he was close to success anyway, but because he had produced too many medicinal crystals, he did not have enough time, so if he had more, it would not be a problem.

"Hehe, it doesn't matter if you practice before the match. A failure means a failure. In any case, whether you fail or succeed, it won't affect your results in the next match." Seeing Chen Xiang walking up the stage, Heavenly Dan Landlord patted Chen Xiang's shoulders and laughed.

"However, he still failed just now. He wasn't in first place in the end, right?" When everyone heard this, they also burst out in laughter.

had already gotten used to it. He came to the competition to improve himself, and to obtain the core spirit. As long as he could obtain the core spirit, it wouldn't matter if he was laughed at.

"Each of us only have two portions of ingredients and we can only produce two portions. Furthermore, we are the ones who will provide the best ingredients. Although it cannot be considered the best ingredients, it is sufficient to satisfy all of you."

Heavenly Dan Landlord waved his hand and had his men bring up pill furnaces one by one and place them in front of the Alchemist.

There were a total of a hundred or so Alchemist participating in the tournament, so to speak. However, they were all young Alchemist within the Heaven Old Divine Race, and all of them were geniuses.

To be able to see so many geniuses compete here was an eye-opener.

Chen Xiang carefully checked the pill furnace. The quality was indeed good, he was very satisfied, but there were still some who complained, after all they were young masters, the pill furnaces that they used in the past were all noble ones.

"The pill furnace with the ingredients is already in place. You can start now."

After Heavenly Dan Landlord finished speaking, he immediately turned the hourglass over and the competition began.

From the start, everyone was shocked, only to see the body of a luxuriously dressed Heaven Old Prince emit a gold light, and even the pill furnace released this kind of light.

"This is the Ancient Divine Flame, only the Heaven Old Imperial Family can release it, it's really powerful!"

"He concocted two sets of ingredients in one go!"

"As expected of the genius of the Heaven Old Imperial Family!"

"He started with two pills. I wonder how many pills he will produce in the end!"

Just as everyone's eyes were focused on the Heaven Old Prince, the other Fierce-transformation Dan Spirit also made a big movement, her body started emitting a red light, that kind of light made people feel that it was extremely hot, it was a very strange type of flame, it looked very hot.

### [Chapter 3179](#)

It was just that in the beginning, the two most eye-catching characters had displayed extremely terrifying strength, especially the Heaven Old Prince, who was able to grasp such a powerful Primordial Divine Flame at such a young age.

Because everyone heard that only those who step into the World Defying crazy realm can cultivate the Ancient Divine Flames!

This kind of flame could only be produced by the Heaven Old Imperial Family, as for how powerful it was, no one knew, all they knew was that this was the legendary flame.

When everyone's attention was focused on the two geniuses, someone with sharp eyes shouted, "Look at that human, he seems to have put the two ingredients into the pill furnace as well."

"You must be joking. He had already made an explosive batch of medicinal ingredients when he was refining the pill. Wouldn't it be even better if he were to refine two of them now?"

"If the furnace explodes, he will definitely hit someone else. Make him stop right now, this guy will do a lot of harm."

Heavenly Dan Landlord saw that everyone on stage was worried, and laughed: "Don't worry, I will guarantee that such a thing will not happen. You guys should trust my strength."

Chen Xiang seemed to be concocting pills silently the entire time, but he was secretly observing the Fierce-transformation Dan Spirit, using the Dao heart Eye to carefully observe.

"The flame that this guy used was extremely strange. It actually refined the Wild God's leaf in an instant. The speed was extremely fast, and it practically happened in an instant." Chen Xiang exclaimed in his heart.

These pill furnaces did not have any special protection, so he could easily see what was going on inside.

A few of the old Alchemists below the stage were also able to observe the situation within the pill furnace through faint movements. They were all watching Fierce-transformation Dan Spirit closely, as they wanted to see if this Fierce-transformation Dan Spirit could really concoct pills.

As a result, they were able to see what Chen Xiang had discovered and were extremely shocked.

That kind of flame could instantly refine a Wild God's leaf. This was simply abnormal, but what shocked them the most was that the Fierce-transformation Dan Spirit's flame could actually make the number of crystals larger.

"This guy's flames were originally made from the Huakuan Dan's medicinal strength. His flames carry a dense amount of Huakuan Dan's energy, which is why there are so many medicinal crystals." Yue Yiran frowned: "No wonder Heavenly Dan Landlord is so confident, so that's how it is!"

When he spoke of this matter, many people felt pressured. If they couldn't win, most of them would be scolded by their clan's elders because they couldn't obtain incomparably precious pills.

However, there was clearly a suspicion that this Heavenly Dan Landlord was cheating. His pill spirit was made from a Huakuan Dan, so the flames and energy released by him were unique to Huakuan Dan. He could also form Huakuan Dan.

Although everyone was unhappy, there was nothing they could do, since the competition was organized by the Heavenly Dan Landlord and the rewards were provided by him, although it was a little unfair, but at least it gave them hope of obtaining a pill spirit.

Chen Xiang did not mind, he felt that it would be more interesting to have a competition with a Pill Spirit!

"Pay attention to that prince, this guy isn't an ordinary guy either." Feng Ke'er sent a sound transmission to Chen Xiang: "He uses fire energy to condense a fire array inside the pill furnace and can make the fire energy even more ferocious. The speed at which he refines the Wild God's leaf is extremely fast."

"Alright, let's do it too!" "The main reason for the failure of the previous batch was because we did not have enough time. If we succeeded, we would be able to produce many pills." Chen Xiang said: "And now, refining two medicinal ingredients at the same time will be even more difficult."

With Feng Ke'er's help, Chen Xiang still had some confidence.

Feng Ke'er released a few array formations, and these arrays were able to absorb Chen Xiang's World Defying Stage Fierce Power and release a very strong, arrogant fire.

This kind of powerful, unparalleled flame that even Chen Xiang himself was unable to release, could only be released through profound formations. And Feng Ke'er had mastered many of these formations, which he could release at any time.

"That prince of the Heaven Old Imperial Family should be able to use something else to activate the fire array formation." Feng Ke'er said: "Otherwise, based on his own words, it would be impossible to achieve."

"Don't worry about him, we'll just refine it properly for me." Chen Xiang closed his eyes and quietly burned the medicinal ingredients.

Very quickly, an hour had passed, and Chen Xiang had just finished incinerating the six leaves.

Feng Ke'er told Chen Xiang what he had observed.

"Fierce-transformation Dan Spirit's refining speed was the fastest, followed by Heaven Old Prince's." Feng Ke'er said: "They are all at the Core Formation stage now, they are not that good!"

"Yes, the Fierce-transformation Dan Spirit should have just been born, so he's not very familiar with using fire to refine pills! And this time, Heaven Old Prince must be chasing the ducks away. He probably

did not try to refine two medicinal ingredients in one go before, so he used a formation array to help him." said. Heaven Old Imperial Family was not very familiar with using fire arrays, because many of the old Alchemist present could see that.

An hour had passed, and the spectators were somewhat disappointed because Chen Xiang did not explode the furnace as they had expected, instead, he was very steady. The situation inside his pill furnace was also being observed by many old Alchemist, on one hand, to see if anyone was cheating.

"I've already passed the previous stage." Yue Yiran smiled and said, "It's already pretty good that he could develop so steadily to this step, because only ten people on the stage can do it. His level has already surpassed most of the young genius from the Heaven Old Divine Race."

Chen Xiang's words made many old Alchemist unable to refute him. From the beginning till now, Chen Xiang had been very calm and steady.

Hearing Yue Yiran's words, everyone remembered that Chen Xiang had defeated Zhen Minghui before, and he did not come, probably because he was worried that he would be mocked by others.

With Feng Ke'er's help, the refined medicinal energy quickly gathered together and condensed into a medicinal crystal. He took this step very quickly, and it shook many old Alchemist, even Yue Yiran was surprised.

When Feng Ke'er was helping Chen Xiang, he did not reveal any of his Qi, so no one would notice, and it looked like Chen Xiang was doing it!

Therefore, those old Alchemist s all thought that Chen Xiang had a unique pill refining skills that allowed him to quickly fuse them!

What they saw next made them even more shocked, because there were suddenly five large medicinal crystals inside Chen Xiang's pill furnace.

This was Yue Yiran's derived technique!

Everyone knew that Yue Yiran's derivation method was extremely powerful, and Yue Yiran had never spread it around, but now that Chen Xiang was able to use it, many of the old Alchemist looked at Yue Yiran in shock!

"Yue Yiran, your derivation method is actually going to be passed on to this brat!" The person who spoke was Yue Yan, his ice-cold voice filled with anger, because Yue Yiran would rather be passed on to a human than to a member of the Yue Clan.

### [Chapter 3180](#)

Yue Yiran's derivation was very famous, which was also why Yue Yiran had such great authority in the field of alchemy in Heaven Old Super Realm.

As for why he never said anything about it, so, over time, Yue Yiran and the Yue Clan had become enemies. However, because Yue Yiran was a genius Alchemist, the Yue Clan didn't dare to be so hostile towards him on the surface, as Yue Yiran was, after all, a signboard for their Yue Clan ...

Now, they saw that Yue Yiran's derivative was actually used by the human, Chen Xiang. This made all the Alchemist in the Yue Clan extremely angry.

"His [M] derivation technique was not taught to him by me. You should all be clear about how long we've known each other! Back then when he competed with Zhen Minghui from the Zhen Clan, he used a derivation method, which was only at his level. " Yue Yiran looked at the Heaven Old Divine Race people around him and laughed coldly: "I know that all of you yearn for the derivation method, but all of you don't forget, this derivation method was created by humans. You normally look down on humans, so you should also look down on this kind of alchemy technique."

Yue Yiran had never taught the derivation method to the Yue Clan's Alchemist. It was precisely because the Yue Clan's Heaven Old Divine Race looked down on humans and despised them from the bottom of his heart, that Yue Yiran despised them in his heart. He would definitely not teach the derivation method to the Heaven Old Divine Race people who looked down on humans.

The people here all knew that Yue Yiran's pill refining skills were similar to that of an anthropologist, thus, Yue Yiran's attitude towards humans was different from theirs. Today, they had all received a huge blow, such a high level of pill refining skills was actually created by humans, and the people of Heaven Old Divine Race did not have such a high level of pill refining skills.

"Although the derivation technique is powerful and extremely profound, I have always admired this technique. It's just that ... "In my opinion, it's only because my alchemy skills are much stronger than yours. Otherwise, I wouldn't have been able to concoct such a pill before you." Heavenly Dan Landlord laughed out loud. "We Heaven Old Divine Race's people are still much stronger than humans, even if there are a few who are stronger than us, we are still considered part of the minority."

Originally, they looked down on humans in their hearts. They had just received a blow, but after hearing the words of the Heavenly Dan Landlord, they felt that it made sense. They had forgotten about the blow just now, so they continued to look down on humans.

"It's enough for there to be a few humans that are stronger than us, because just a few are enough to surpass all of our Heaven Old Divine Race. I'm not speaking for the humans, I just feel that we should be able to be on equal footing with them. Yue Yiran sneered, Heaven Old Divine Race people often bullied humans, this kind of thing could really happen.

"That will be in the future." The Heavenly Dan Landlord smiled faintly: "Brother Yue, you are worrying about nothing. When the human race becomes stronger, we will be even more powerful."

Yue Yiran did not say anything else, because it was clear that the Heavenly Dan Landlord was saying this on purpose to get the people of the Heaven Old Divine Race to approve of his words.

Heavenly Dan Landlord had been to Myriad Tao before, he was very clear on how strong the humans above were, but he did not say it out loud.

At this moment, everyone was disapproving of Yue Yiran's method. They all felt that Yue Yiran did not care about it at all, as he could not refine a pill spirit either.

After some discussion, a lot of time had passed.

Up till now, many people had gone smoothly and there were no signs of an explosion. After all, all of them were the genius Alchemists of the large clans.

Two hours were almost up, there was only a small amount of time left. Many Alchemists had already opened their pill furnaces, revealing the Huakuan Pills they had refined.

Most of them only had one pellet, and only a few could refine two. What surprised Yue Yiran the most was that there were also those that could refine three Huakuan Pills, but the quality was very poor.

"I'm done!" Heaven Old Prince wiped the sweat on his forehead and then opened the pill furnace. He took out five Huakuan Pills, which were all of excellent quality.

"Mine is also done!" Chen Xiang smiled, but he did not open the pill furnace.

Fierce-transformation Dan Spirit did not say anything and directly opened the pill furnace, taking out seven Huakuan Pills. This made Heaven Old Prince's face turn ugly, as he found it extremely difficult to believe that it far exceeded his own, although it was only two pellets apart, in his eyes, this was still a distance that was difficult to climb.

"My Fierce-transformation Dan Spirit wins!" Heavenly Dan Landlord shouted in great happiness: "To be able to refine seven Huakuan Pills in two hours, his level is already far beyond us old fellows, truly amazing!"

The people below started a heated discussion. A pill spirit was actually at such a high level, far surpassing the peak of Alchemist. It was truly surprising.

Chen Xiang sat there very gloomily, because he had already been neglected ...

"Heavenly Dan Landlord, there's still me." Chen Xiang shouted.

"Right, I almost forgot about you. You only have three or four pills at most, right?" Heavenly Dan Landlord chuckled as he walked over, and then quickly opened the lid of Chen Xiang's pill furnace.

When he saw the small pile of Huakuan Pills, he thought that he was seeing things. However, when he was sure that he could see clearly, the smile on his face froze.

Yue Yiran also flew up at this time, he was worried that the Heavenly Dan Landlord would do something, and when he went forward to take a look, he was also stunned!

"Fifteen pills!" Yue Yiran took a deep breath, "Why are there so many!"

Yue Yiran understood the method rather well, but how Chen Xiang was able to refine so many of them in one go was hard for him to understand. Furthermore, he had just seen the number of Medicine crystal that Chen Xiang had produced, so he reckoned that around seven to eight would be his limit when he tried to condense the Medicine crystal, but it had doubled now!

This was because after Chen Xiang used the derivation method, the various old Alchemists had all placed their attention on Yue Yiran. Furthermore, when Yue Yiran was talking to someone else, he did not notice Chen Xiang at all.

It was at that time that Chen Xiang used the Crash method to go against the heavens. Originally, he did not intend to go through with it, but if he won, he would obtain the pill spirit. In order to guarantee that he would obtain the final victory, he decided to go through with it at that time.

What surprised him was that the Spirit God that was born after the clash, the scattered Medicine crystal started to fuse together, the fusion speed was much faster than when Chen Xiang and Feng Ke'er were working together.

After the fusion, Chen Xiang split the gigantic ball of Medicine crystal into fifteen parts, and then quickly started to form his own pellets. This made it very easy for Chen Xiang to complete this batch of pellets.
