

## Dan God 3201

### [Chapter 3201](#)

After Chen Xiang succeeded in making one Crystal emperor, he felt a lot more at ease. This proved that he could do it, and it was only a matter of time before he could make the other eight. As long as he made those eight Crystal emperor, he could restore the ancient Super Yang Divine Alter to her original state. ○

After that, he could return to the Divine Wasteland without worry, and then, he would be able to refine even more Crystal emperor, so Chen Cai could help him refine divine artifacts.

Although Chen Xiang had stayed in the Triple time field for dozens of years, a day had yet to pass outside.

The Mei Jing Sisters controlled the Heaven devouring rat to help them obtain more Myriad Tao Divine Soil Crystals. Chen Xiang told them to get one more Myriad Tao Divine Soil Crystal anyways.

Song Yichen followed them as well. He had to protect the Mei Jing Sisters well, even though this place was already safe enough.

After a few days, when Song Yichen saw that Chen Xiang still had not come to find him, he became anxious. He was worried that Chen Xiang would not succeed, and if he was unable to restore the Super Yang Divine Alter, the Heaven Old Divine Race would come here, and he would be able to break the barrier of the Sun God Forest.

Just as Song Yichen was thinking about this, he suddenly heard a miserable scream.

The scream came from outside of Sun God Forest. Song Yichen hurriedly looked over, and then said to the Mei Jing Sisters, "Don't worry, hide first. I'll be back soon."

Song Yichen hurriedly left and arrived outside the Sun God Forest. At the moment, he was still inside the enchantment, and he could see a group of people in the distance.

"Heaven Old Divine Race!" Song Yichen was surprised: "There are a lot of people, what are they doing here? Do you really want to enter this place now? "

Previously, he had guessed that the people of Heaven Old Divine Race would not be able to come that fast. After all, coming here once in awhile required a lot of time, but they had actually come running here. They must have used some array or knew how to use Spatial Force to bring them here.

"They won't be able to enter in a short period of time. I wonder if they sent anyone to the place where Super Yang Divine Alter is." Song Yichen was a little worried, with his strength, he couldn't stop the group of Heaven Old Divine Race people.

Song Yichen walked out a bit more. There were nine layers of enchantments here, and even the strong Heaven Old Divine Race would need a lot of time to break through it.

Just now, an old man from the Heaven Old Divine Race was injured by the barrier, which was why he let out such a blood-curdling scream.

"This outfit ... Could it be the Heaven Old Emperor? " Song Yichen took a deep breath: "This guy actually came here personally, incredible!"

Song Yichen and Chen Xiang had overheard the conversation between the two old men from the Heaven Old Divine Race before. The two old men wanted to go back to get help, but they did not want to alarm the other factions.

And now that the Heaven Old Emperor had come here, it was obvious that they knew something, but they weren't clear about it. That was why they came here.

"Looks like there are several factions within the Heaven Old Imperial Palace. This Heaven Old Emperor is unable to completely control the entire Imperial Palace." Song Yichen heaved a sigh of relief in his heart, then hurriedly returned to the Sun God Forest.

... ..

Outside the Nine Layered Sun Barrier, Heaven Old Emperor floated in the air and looked at the golden Sun God Forest in front of him. He frowned, "Something must have happened inside.

"Who the hell is fusing with the sun fire seed?" Once it is merged, they will be able to have enough flames to burn Myriad Tao Divine Soil Crystals. Previously, these Turkish people did not know how to refine divine tools, but now, they are cultivating such powerful flames. It is clear that they are going to start refining divine tools. "

"Great Emperor, haven't these natives all become Tiangu beast? Can they turn back into their human forms? " An old man asked.

"Of course they can. Furthermore, it is very easy for them. Especially after they've found a way, they will be able to turn all of them back very quickly." Heaven Old Emperor asked: How was the investigation before? What are Moon King and the rest doing? "

"There's still no news for now. Their people just left the Heaven Old Imperial Palace, but they didn't come here. We used the Transmission array to come here much faster than them." The old man said.

"Alright, let's not go in for now!" If we go in now, we will definitely be exhausted. Let's first wait for the people from the Moon King and then follow them to see what they want to do. " Heaven Old Emperor was done, he waved his sleeves and flew away.

... ..

In the Sun God Forest, Chen Xiang was hiding beside a large tree to refine pills, the Triple time field enveloped his body. From the outside, he looked blurry, and the area he was in was also distorted, making it impossible to see his appearance.

He had already used the Triple time field for seven days, he had already lived inside for four or five hundred years! He had previously gone out once to ask the Mei Jing Sisters for Myriad Tao Divine Soil's Crystals, and Song Yichen had then just happened to go out!

At this time, Song Yichen walked over, he had finally found Chen Xiang, he saw that Chen Xiang was still using the Time Domain and sighed, but just as he was about to turn around and leave, Chen Xiang suddenly shouted: "Brother Song!"

Song Yichen suddenly turned his head, only to see that Chen Xiang had already removed her Time Domain, and was looking at him smilingly.

"What is it? You're in such a hurry!" Chen Xiang laughed.

"Did I disturb you? I'm so sorry!" Song Yichen said embarrassedly: "I am a little worried that something might happen to you. After all, there is a certain level of danger when you use the Sun madness fire to refine the Myriad Tao Divine Soil Crystal."

"There isn't any danger, I'm just a bit bored." Chen Xiang shook his head and laughed: "Are you in a hurry?"

"Yes, Heaven Old Imperial Family has come. I don't know what they are here for, but he just tried it a bit and was unable to enter the Nine Layer Formation. After that, he left, but I'm guessing that he must still be inside the Divine Soil Restricted Area." Song Yichen said: "It's rare for him to come here, he definitely won't leave so quickly."

Chen Xiang thought for a while, then asked: "Did he come because he saw the sky phenomenon triggered by the Tinder array?"

"There is such a possibility, but I am worried that he will find the Super Yang Divine Alter." Song Yichen sighed: "There's nothing I can do now. The Crystal emperor s have not been refined yet ... "Oh, by the way, how are you doing?"

Song Yichen just wanted to ask Chen Xiang if he had made a breakthrough. If this path would not work, he hoped that Chen Xiang would quickly give up.

Chen Xiang smiled mysteriously: "Guess!"

"There's a chance?" Song Yichen was very excited: "I knew it would definitely succeed!"

Chen Xiang nodded his head: "I have already succeeded, I can successfully refine the Myriad Tao Divine Soil Crystal into a Crystal emperor!"

"Great, then... How long would it take you to refine nine Crystal emperor?" Song Yichen asked excitedly.

"I've already finished refining it!" Chen Xiang laughed mischievously, and then, he took out nine pieces of Crystal emperor that released a blinding sunlight. The Crystal emperor looked like this, and the light it released was as dazzling as sunlight.

When Song Yichen saw the Crystal emperor that Chen Xiang suddenly released, he was shocked but at the same time, his eyes were stung. He could not help but shout out, although he anxiously blocked the incoming light, his eyes were still burning with pain.

## [Chapter 3202](#)

Chen Xiang hurriedly put away the Crystal emperor. When he was refining, he was already used to this kind of light. If he saw people like Song Yichen for the first time, he would probably look like this.

"Brother Song, I'm sorry. I was already used to this kind of light, so I thought there was nothing wrong." Chen Xiang laughed.

Song Yichen had already opened his eyes, he did not care about whether it was painful or not. In short, he was certain that Chen Xiang had already successfully refined nine Crystal emperor.

"It's only been a few days and you've already completed it. How amazing!" Song Yichen gasped in surprise.

"Nothing, I'm just a little tired." After all, he had been refining these things for hundreds of years. This was an extremely boring and dull matter, and it was fortunate that he was able to chat with Feng Ke'er inside.

"Then let's go and take a look now." Chen Xiang said: "Look at what the group of fellows from Heaven Old Divine Race are doing!"

"En, let's go!" Song Yichen brought Chen Xiang and quickly came to Mei Jing Sisters.

The Myriad Tao Divine Soil did not get that many Myriad Tao Divine Soil Crystals. Previously, Chen Xiang wanted to leave a lot of them and refined them into Crystal emperor.

He could only wait until the next time he came here to get more, since there were so many big trees here.

At this time, Feng Ke'er was using the Myriad Tao Divine Soil to refine some things. They were all very small gloves, and looked like claw tips.

The main reason was so that the Heaven devouring rat could wear them. If the Heaven devouring rat had these things installed on its teeth and claws, it could easily dig through the sturdy Myriad Tao Divine Soil and would very quickly reach the bottom of those large trees.

Feng Ke'er had never thought that he would use a precious material like the Myriad Tao Divine Soil to refine equipment for mice. If the Divine Inscriptionists above the Myriad Tao were to encounter this, they would definitely scold her.

"Just concocting a few hundred sets is enough." Chen Xiang said: "This shouldn't be difficult for you, right?"

"It's not difficult!" Feng Ke'er also liked refining. It was a rare opportunity to do so.

When that time came, she would be able to set up another Tinder array and then obtain the Sun God's Flame. She and Chen Xiang had lived inside the Triple time field for hundreds of years, and during that time, she would be able to step into the World Defying crazy realm by eating Strong strength Dan s and Huakuan Dan s. The World Defying Stage Fierce Soul that she was looking for was also above the third level of World Defying Stage Soul River.

She only needed to set up a Tinder array and condense the Sun Fire Seed. She needed this kind of flame, and in the future she would definitely have a large amount of Myriad Tao Divine Soil Crystals to use.

Riding on their Six Realms mirrors, Chen Xiang and Song Yichen flew to the ninth layer of his sun enchantment, and immediately teleported to a secret passage. This passage could lead them to the secret underground room where the Ancient Super Yang Divine Alter was.

He didn't teleport to the underground chamber in one breath. If there were strong Heaven Old Divine Race people there, they would be in danger.

Last time, they had overheard the conversation of the two old men from Heaven Old Imperial Family. Now, they were like last time, hiding behind the stone door.

"No one seems to be inside!" Song Yichen sent a sound transmission to Chen Xiang, "Did they not come?"

"Let me try to see if I can talk to Spirit of Divine Alter." Chen Xiang tried to send a sound transmission to the Spirit of Divine Alter, and soon received a response.

"Brat, you finally came, how was it? Will it work? " Just like Song Yichen previously, he too thought that Chen Xiang had not finished refining the nine Crystal emperor yet.

"Of course I can succeed. How is the situation with you?" Chen Xiang asked: "Have any of the Heaven Old Divine Race s come before?"

"They've been here, and quite a few of them have come. They even started a commotion here. Right now, they are all outside. They have set up a spirit formation to seal off the entrance to this place." Spirit of Divine Alter laughed: "But they didn't know there was a secret passage here."

"That's good!" Chen Xiang heaved a sigh of relief: "I was worried that you would be done for, if not I would have wasted my time!"

"Human brat, you're underestimating me." Spirit of Divine Alter laughed out loud, "I'm very powerful!"

"Oh right, you really managed to refine a Crystal emperor? How long will it take for you to completely refine those nine pieces? " Spirit of Divine Alter felt that Chen Xiang being able to refine it was already very powerful. As for how long it would take, he wasn't too worried.

"I'm done refining, what do I need to do? Shall we just put it in those square boxes? " Chen Xiang asked.

"Are you serious?" The Spirit of Divine Alter did not dare believe that Chen Xiang could refine it now. The last time Chen Xiang came, was more than ten days ago.

"Of course I'm serious. Why would I lie to you now?" Chen Xiang laughed: "I've used up quite a bit of time, about 400 to 500 years like this, I have to use my time and energy, in order to make it so fast."

"It's already been four or five hundred years!" This was what the Spirit of Divine Alter could accept, it was only now that he remembered that Chen Xiang knew how to use the Time Formation.

"Stealthily come in, and just put the Crystal emperor of the Myriad Tao Divine Soil Crystal into the square." The Spirit of Divine Alter said.

"Would he be taken out of the cave after I put it in?" Chen Xiang was a little worried, because the Heaven Old Divine Race was just outside.

"No problem." Spirit of Divine Alter replied, "They can't take it out."

"Alright!" Just as Chen Xiang was about to teleport in, Spirit of Divine Alter sent a sound transmission to him, "Wait, they seem to be here!"

Sure enough, Chen Xiang and Song Yichen had already passed through the stone door, and heard sounds coming from inside.

"Moon King, why didn't you tell me this when you discovered this place?" The one who spoke was the Heaven Old Emperor, he was currently chuckling, and it was impossible to tell what conflict he had with the Moon King.

"Royal brother, didn't I want to give you a surprise? I thought that I could get Myriad Tao Divine Soil Crystals as a gift, but who would have thought that you would also find out. " Moon King laughed, he was also an old man.

Moon King and Heaven Old Emperor were both blood brothers, and their strengths were both about the same. Moon King had always wanted to usurp the position of Emperor because he himself was not weak, but he could not sit on the throne.

Heaven Old Emperor was also aware of this point, so he had always been on guard and wanted to get rid of Moon King. All of them hated each other to death, but right now, they were talking and laughing!

"This is an ancient Super Yang Divine Alter. Although it has already been abandoned, it was refined by the Sun Ancestor Emperor back in the day. It's not easy to destroy it. Moon King said with a serious face: "I tried a few times with my subordinates before, but to no avail."

Heaven Old Emperor nodded his head, "This is indeed not easy. Now we must guard this place well! We must have a way to obtain the Myriad Tao Divine Soil Crystals here. "

### [Chapter 3203](#)

When Chen Xiang and Song Yichen heard their conversation, they became even more relieved. The experts of the Heaven Old Imperial Family were unexpectedly unable to destroy the ancient Super Yang Divine Alter in such a short period of time.

"Royal brother, are we going to look for those old princes?" The Moon King said, "Only they have the strength to destroy it, even though... Although some will have to be shared with them, it is still better than not being able to get some now. "

Moon King originally wanted to take the Myriad Tao Divine Soil's Crystals for himself, but now that he was discovered by Heaven Old Emperor, he was extremely unhappy, so even if he took a bit less, he would not be able to get a large portion of it.

Right now, Moon King did not have the confidence to get the majority of the treasures. He was worried that Heaven Old Emperor would eliminate him, which was why he wanted to find the old dukes to leave the mountain so that he could + + guarantee his own safety.

Heaven Old Emperor saw through his thoughts at a glance, but he smiled and said: "Don't alert them for now, they have been in closed door cultivation for so many years, they cannot be disturbed casually. Let's try our best first, if we really are unable to destroy Super Yang Divine Alter, it's not too late to invite them out."

"Alright, we'll listen to what royal brother says." Moon King smiled apologetically.

Heaven Old Emperor took out a sword and fiercely slashed down at Super Yang Divine Alter. With a "dang" sound, his beautiful sword was broken into many pieces.

"Myriad Tao Divine Soil Crystals are really powerful!" Although Heaven Old Emperor's Loving Sword was destroyed, his eyes were still filled with joy, because this allowed him to witness the power of the Myriad Tao Divine Soil Crystal. If he were to use the Myriad Tao Divine Soil Crystal to refine a sword, then it would definitely be many times stronger than the sword he had just destroyed.

"Not a trace." Moon King also exclaimed, he wanted the Myriad Tao Divine Soil Crystal even more.

"It seems like we need to think of a way." Heaven Old Emperor frowned: "Let's go out and talk."

It was just the two of them entering. The others were waiting outside.

"Oh right, royal brother, someone activated the Tinder array, and he is inside." Moon King suddenly said.

"Yes, that's why I came to take a look. I didn't expect to meet you here so coincidentally." Heaven Old Emperor's face was gloomy: The opening of the Tinder array requires a large amount of Myriad Tao Divine Soil Crystals, we do not know who it is, but we do know who it is that is doing it in Divine Soil Restricted Area, and they are most likely our enemies. We must treat them with caution and work together to eliminate our enemies.

Moon King cursed in his heart, this Heaven Old Emperor did not come here by chance, but had followed him, and did not notice anything!

... ..

After Moon King and his group left, Super Yang Divine Alter immediately sent a sound transmission to Chen Xiang, "Brat, make your move now!"

Chen Xiang immediately ran out and released eight of his Mouse Man s, allowing them to each take a piece of the Crystal emperor and insert it into the nine square boxes on top of the Super Yang Divine Alter.

"Done, run away!" After Chen Xiang finished playing, he immediately teleported into the secret passage.

After the nine Crystal emperor were placed on the square of the Super Yang Divine Alter, the Super Yang Divine Alter immediately shone with a strong light. The divine altar also unceasingly shook and then it suddenly shot out a strong blinding sunlight that shot up to the sky!

Originally, there was a thick layer of soil above Super Yang Divine Alter, but after the Super Yang Divine Alter shot out a ray of light, it instantly opened up a gigantic hole in the sky.

Such a huge commotion had already alarmed the Moon King and the Heaven Old Emperor outside. They hurriedly ran over, and through the glaring sunlight, they could see that inside the square of the Super Yang Divine Alter were pieces of crystals.

"That is... Crystal's Crystal emperor, damn it. " The Moon King shouted in shock, "We just came out and a Crystal emperor already appeared. What exactly is going on?"

After Spirit of Divine Alter finished speaking, he released a ray of light that connected with the blazing sun in the sky and turned into a dark red color.

In an instant, the entire Divine Soil Restricted Area was enveloped in this dark red color, making it look extremely strange and terrifying!

(girls)

The Spirit of Divine Alter had a lot of things to do. Right now, he needed to help the people of the Divine Soil Race recover, and then, he also had to connect to the Super Yang Realm so that the two worlds that were originally separate could merge into one.

"Stone Golem, can you open the spatial passageway so that I can return to Divine Wasteland?" Chen Xiang said, he was worried that his own ability was insufficient for him to return to the Divine Wasteland.

"I'll try again when the time comes. Are you in a hurry to go back?" Spirit of Divine Alter asked.

"There's no rush, I still have to get some Myriad Tao Divine Soil Crystals." Chen Xiang laughed: "You don't mind if I get more, right?"

"Of course not, there are a lot of them here." The Spirit of Divine Alter did not have any lingering feelings towards these things, furthermore, he was only able to recover himself with Chen Xiang's help.

Chen Xiang not only wanted to obtain Myriad Tao Divine Soil Crystals, he also wanted to refine some Crystal emperor.

"Say, if I were to use Crystal emperor s to refine a sword, how many pieces would I need?" Chen Xiang asked again: "Just like repairing the size of the Crystal emperor on your body."

"One piece is enough. After the Crystal emperor melts, it becomes very flexible, and can be stretched at will. If the Refiner is powerful, it can even be forged into an even better weapon." The Spirit of Divine Alter said.

Chen Xiang wanted to make a few pieces to refine, but after hearing Spirit of Divine Alter's words, he did not plan to make too many to refine the Heavenly magic sword.

However, he had to get more Six Realms mirrors s because Six Realms mirrors were extremely useful. Over the years, he had relied on Six Realms mirrors s to escape danger many times, and had relied on Six Realms mirrors s to survive this ordeal.

The Six Realms mirrors was currently quite weak. He didn't even dare to use it in battle anymore, afraid that it would be damaged during battles and be difficult to repair.

At this moment, Song Yichen was extremely nervous. He didn't know how many patriarchs he could give back to him, he only hoped that he could meet people he was familiar with at that time.

"At this time, I have already strengthened the barrier, and I have already controlled the barrier of the Divine Soil Restricted Area. It will not be easy for those fellows of the Heaven Old Divine Race to come

in." Spirit of Divine Alter said: "Currently, there are already Tiangu beast undergoing changes. You can go out and take a look now!"

Song Yichen said to Chen Xiang: "I will go out, you stay here!"

Chen Xiang called Mei Jing Sisters out to help him gather the Myriad Tao Divine Soil's Crystals.

"Where did these two beauties come from?" Spirit of Divine Alter was very serious just now, but after he saw Mei Jing Sisters, his voice suddenly became very vulgar as he laughed non-stop.

"You ..." The large amount of Myriad Tao Divine Soil Crystals that I used to help you refine the Crystal emperor was all painstakingly obtained by them. Chen Xiang kicked Spirit of Divine Alter.

"Really? "Then I must thank them." The Spirit of Divine Alter laughed, "You little rascal, you aren't any good person either. You actually hide such a beauty."

Chen Xiang snorted and said, "You should know that the Myriad Tao Divine Soil Crystal is beneath the big tree, right? But why didn't you tell me? It took us half a day of hard work. "

"This... I thought that Song Yichen, this guy, knew it. Even if he didn't know, he should have been able to think of it. To think that you do not even know this, no wonder the Divine Soil Race is in decline. " Spirit of Divine Alter curled his lips, and then the altar suddenly trembled. The big trees shook, and a large amount of Myriad Tao Divine Soil Crystals flew out.

"I'll give you ten thousand Myriad Tao Divine Soil Crystals first. There's no use in asking for too many now." The Spirit of Divine Alter said.

Feng Ke'er suddenly came out from You Yao Mountain Villa and said: "I need that. I want to set up Tinder array too, I want to cultivate Sun madness fire. I want to become a Master Refiner in the future. "

"Alright, then I'll help you get some more."

Here, the Spirit of Divine Alter was an existence which ruled over everything. With a casual wave of his hand, he was able to cause the Myriad Tao Divine Soil Crystals under the big tree to fly out.

After receiving these Myriad Tao Divine Soil Crystals, Feng Ke'er was extremely happy, and then he happily went to arrange the Tinder array.

Chen Xiang also hoped that Feng Ke'er could quickly cultivate Sun madness fire, so that Feng Ke'er could refine treasures and give him a lot of help. Right now, he was still worried that no one would help him refine artifacts for him, as he was not proficient enough himself, if he went to look for Xue Xianxian and the others, their flames would not be strong enough to refine Myriad Tao Divine Soil Crystals.

The second time Feng Ke'er set up the Tinder array, she would be able to finish it very quickly. The most difficult part was the period of bleeding, which required the help of the Mei Jing Sisters.

Without Feng Ke'er's help, it was impossible for Chen Xiang to refine Crystal emperor, so he could only watch from the side.

What made him more happy was that Jiang Sihua and Jiang Lisi, who were in the You Yao Mountain Villa, had also followed Chen Xiang back then, and were enveloped by the Triple time field. Over the hundreds of years, they had refined many Strong strength Dan and Huakuan Dan.

Deep into the night, the Spirit of Divine Alter still released a blinding sunlight that illuminated the entire Sun God Forest.

Chen Xiang who was resting in a small hut suddenly felt a strong vibration in the air, and he suddenly woke up.

"Is someone coming in?" Chen Xiang asked anxiously.

"No." Spirit of Divine Alter laughed heartily. "Since Super Yang Realm has fused with us, this group of people from Heaven Old Divine Race is going to have a hard time."

"While you are recovering your Divine Soil Race people, you are also merging with two other Heaven Old Super Realms. How amazing!" Chen Xiang now had even more respect for the Spirit of Divine Alter's strength. The Spirit of Divine Alter was able to merge two worlds together in such a short period of time.

"That's nothing. I already had this power to begin with, because when I was created, it was to stabilize this world. When I was split, it only started after I was damaged. The Spirit of Divine Alter said, "The truly powerful ones are the people who possess the Raging Yang bloodline in the Super Yang Divine Race. Back then, it was this group that divided the Heaven Old Super Realm."

There were only Heaven Old Divine Race and Heaven Old Orcs left in the Heaven Old Super Realm, Divine Soil Race was a relatively peaceful race.

Furthermore, it was unknown how many clans were left in the Super Yang Realm, but Chen Xiang began to worry, if the Super Yang Realm was united, the Heaven Old Divine Race here would be defeated very quickly!

"Stone Golem, I'm worried that the Super Yang Divine Race from the Supreme Demon Realm will cooperate with the Heaven Old Divine Race here once they come." After all, this ancient Super Yang Divine Alter was already exposed. Many people knew that the ancient Super Yang Divine Alter required nine Crystal emperor to recover.

For the sake of the Crystal emperor, even though there was hatred between them back then, they might be able to let it go and work together to destroy the Super Yang Divine Alter.

"There's no need to worry, it won't be that easy for them to destroy me. Back then, I did not resist at all, and the old patriarch of the Divine Soil Race also did not destroy me that easily." Spirit of Divine Alter did not care about this matter at all, as he had obviously considered it before.

### [Chapter 3205](#)

A few days later, Sun God Forest had quietened down.

Chen Xiang saw Zheng profound and a large group of people breaking through the Nine Suns Barrier and entering the room.

Spirit of Divine Alter immediately let them in after sensing it. He could now easily control the barrier.

"Song Yichen is still outside searching for his tribe members who have recovered." When Zheng profound saw Chen Xiang, he grinned at him and said, "Thank you very much, otherwise our Divine Soil Race would be finished."

Zheng profound had brought back a few hundred people. Although it was not a lot, they all had the blood of the Divine Soil Race in their bodies. If not for Chen Xiang's help, an absolute large number of people from the Divine Soil Race were just Tiangu beasts now, and would be killed in the future.

"You're welcome." Because he had helped them, he had also obtained many benefits. Right now, he had obtained many Myriad Tao Divine Soil Crystals, and he had even cultivated a Sun madness fire.

Feng Ke'er had already successfully cultivated the Sun madness fire. Seeing that this place had stabilized, Chen Xiang was relieved and brought Feng Ke'er to a quiet place.

"Xiao Ke'er, why don't the two of us release the Sun madness fire together? That way, we can save quite a bit of time while refining the Crystal emperor." Chen Xiang had already activated the Triple time field.

"Sure, but I don't know if it'll work!" Feng Ke'er replied: "If it's really possible, it can indeed shorten quite a bit of time."

Chen Xiang took out the Tianchuang furnace, and laughed: "This Tianchuang furnace needs to be strengthened first, if not I would not dare to use the Crash method while concocting pills."

When using the Crash method, one would be able to unleash a very strong power. If the cauldron was not strong enough, and was unable to withstand the instantaneous explosive power of the cauldron, the furnace would explode. Therefore, even Chen Xiang did not dare to use it when he was refining the Arrogant Core.

"The Crash method's quality is higher. If you can use it, it can increase the speed at which you refine Crystal emperor." Feng Ke'er said. She had witnessed Chen Xiang refining pills using the Crash method and the derivative method, so the quality increase was very high.

"When the Tianchuang furnace becomes strong, I will definitely try."

Chen Xiang threw a large amount of Myriad Tao Divine Soil Crystals into the Tianchuang furnace, and then poured in the Sun madness fire at the same time as Feng Ke'er, burning the Myriad Tao Divine Soil Crystals inside ...

With the two of them working together, the time it took them to refine Crystal emperor was shortened by a lot!

"Much faster!" Chen Xiang looked at the refined Crystal emperor and was very happy: "Let's continue, I plan to refine three pieces to strengthen the Tianchuang furnace."

"Where's the Six Realms mirrors? How many Crystal emperor do you plan on using to strengthen your Six Realms mirrors?" Feng Ke'er asked.

"Six!" You should know the use of Six Realms mirrors. " Chen Xiang said.

Refining a Divine Weapon with six Crystal emperor was an extremely extravagant thing. It was not only because the Crystal emperor were hard to obtain, it was also because refining with Crystal emperor was extremely difficult.

Chen Xiang didn't know how difficult refining Crystal emperor was right now, so he felt that it would be better to use more Crystal emperor.

After a few days, Chen Xiang had refined ten pieces of Crystal emperor. He and Feng Ke'er both used Sun madness fire s, and with their cooperation, their speed increased even more.

When he came out, he saw that the vicinity of Super Yang Divine Alter was filled with people, there were more than 2000 people!

It was already not bad that there were so many of them in the Divine Land, their strengths were all very 'strong'. Now that they had recognized Song Yichen as their Patriarch, Spirit of Divine Alter did not have any objections.

After the Divine Earth people saw Chen Xiang, they immediately came over to thank him, because it was with Chen Xiang's help that they could recover.

After Chen Xiang exchanged some pleasantries, he got the Spirit of Divine Alter to help him return to the Divine Wasteland.

Spirit of Divine Alter spent half a day to open a spatial tunnel. When Chen Xiang entered the spatial tunnel, Song Yichen made him come here often to take a look, and then said his goodbyes.

After returning to the Divine Wasteland, Chen Xiang was a lot more at ease. He was worried before that he wouldn't be able to come back.

"The Divine Wasteland is much safer now. Even the Heaven Old Divine Race is not here anymore. Chen Xiang teleported back into the Dan God Mysterious Land.

He found Lv Qilian and asked him about the situation there.

"This place is pretty smooth. Natural Law World has recovered." Lv Qilian said: "Even the Heaven Old Orcs are a little tricky, but they shouldn't cause too much harm to us."

"That's good." Chen Xiang nodded his head, "If I were to leave again, I would probably need a very long time to come back."

He gently caressed Lv Qilian's jade face: "I wonder when I'll be back again."

"We're already used to it. It's alright!" Lv Qilian smiled gently at Chen Xiang, "Have we not been like this all these years? Before we leave, let's meet up with them and have a chat! "

Chen Xiang had first gone to find Xue Xianxian, and gave a lot of them, and also gave them some Myriad Tao Divine Soil Crystals. With their current cultivations, they were unable to refine any Myriad Tao Divine Soil Crystals, even a Myriad Tao Divine Soil would find it difficult.

He stayed here for a long time, mainly because he wanted to talk about the Heaven Old Super Realm with them. Afterwards, he left Feng Ke'er here and let Feng Ke'er teach these artifact forging girls what he could to impart them.

After that, he went to find Hua Xiangyue and co. and told them about the matter of the pill spirit. He told them to give it a try when they had the chance and passed on their pill refining experiences to them.

Right now, he had a lot of Strong strength Dan and Huakuan Dan, he didn't even need them himself, so he gave a lot to them.

Jiang Si 'Hua' and Jiang Lisi were his alchemy spirits and would not leave him, so they could stay here.

Chen Xiang stayed in the Dan God Mysterious Land for more than ten days, reminiscing with his father. He talked about the matters of the Heaven Old Super Realm with Huang Jintian and told them that there was a much wider world above.

After Chen Xiang finished making the arrangements, he left the Dan God Mysterious Land.

He took out the Six Realms mirrors and found Chen Cai!

"I thought you died." Chen Xiang teleported to the small mountain cave that Chen Cai was in. Looking at how miserable his body was now, he laughed: "You're not doing well, you rascal!"

"You're still laughing!" Chen Cai snorted: "I am truly unlucky. I don't know what methods Heaven Old Orcs and the others used to be able to always know my position."

"Aren't you very strong? For Heaven Old Orcs to make you into such a state, they must have sent many people over, right?" Chen Xiang laughed: "But I can tell, in the eyes of Heaven Old Orcs, you are extremely important!"

"That's right, who asked me to be so capable!" Chen Cai laughed extremely shamelessly. "Heaven Old Orcs wants me to help them refine equipment, but I'm not willing."

Chen Cai grew up within the Heaven Old Orcs's race, and had some sort of relationship with the Heaven Old Orcs. Even though he was a weirdo in the Heaven Old Orcs, he also had a few friends.

However, most of his friends had died, and they had all been killed by a few strong beastmen from the Heaven Old Orcs. Therefore, he would not help the Heaven Old Orcs refine artifacts right now.

### [Chapter 3206](#)

"Did the Heaven Old Orcs do something big?" Chen Xiang asked, and then found a collapsed stone chair to sit on in the damp mountain cave. Access:.

Chen Cai shook his head and sighed: "It's not really a big movement, it's just an internal movement ... They didn't have the time to fight with humans right now, as a huge problem had arisen within them. You know what? The guy who came looking for me, is the Heaven Old Orc Emperor. "

Chen Xiang frowned: "The one who tried to kill me? I haven't settled the score with him yet! "

"Besides this bastard, no one in the Heaven Old Orcs can make me look so 'miserable'." Chen Cai was very angry, "Not only does this guy want me to help him with the artifact forging, he also wants to control me so that when he needs me to, he can immediately let me do the artifact forging."

"Go, go destroy him!" Chen Xiang was very strong, he didn't care about a mere Heaven Old Orc Emperor.

"Yo, you look so awesome." Chen Cai laughed. Of course he knew the grudge between Chen Xiang and the Heaven Old Orc Emperor.

"Of course. Do you know where I just came from?" Chen Xiang smiled mysteriously.

"Where?" Although Chen Cai asked, he seemed to have guessed something, "Could it be the Heaven Old Super Realm?!"

"This is the place." Chen Xiang laughed: "Let's go find that guy and eliminate him. Then, I'll bring you to the Heaven Old Super Realm."

Chen Cai was a talent, and was born with a good Inherent Skill. He had inherited the memories, and his cultivation was just a little lacking now. If he were to raise his cultivation, he would definitely become a powerful Refiner.

"Really? That's great, I'm tired of staying in this damned place, I want to go to Heaven Old Super Realm." Chen Cai was extremely agitated: "We don't need to look for the Beast King right now, as long as I run out of this cave and release the aura on my body, he will know where I am and then immediately rush over."

"That's great!" Chen Xiang said as he punched the mountain.

Chen Cai had only just stepped out and wanted to walk out of the cave, but he had already made his move.

"You don't need to be so cocky in front of me when you become stronger, right?" Chen Cai laughed and scolded: "This mountain cave was set up by me with great difficulty. I'm afraid I have to stay behind as a souvenir or something like that."

Chen Cai had set up many enchantments in Shandong in order to avoid being tracked by the Heaven Old Orc Emperor, and now that it had been destroyed by Chen Xiang's fist, his heart ached for her.

"Old dog, come and 'kill' me!" Chen Cai roared, and released his Qi.

After Chen Cai shouted a few times, Chen Xiang sensed a familiar aura approaching. Back then, he had almost been killed by this Heaven Old Orc Emperor.

"I don't know if he remembers me." Chen Xiang was now standing behind Chen Cai.

When Chen Cai saw that the Heaven Old Orc Emperor had arrived, he immediately ran to Chen Xiang's back and whispered to him, "He's already here."

Heaven Old Orc Emperor was an old man. When he saw Chen Xiang, he sneered: "No wonder you are so bold, so it turns out that you found a helper. You do have some power, but in the end, you would only be eaten by me.

Chen Xiang shook his head, because the Heaven Old Orc Emperor had already forgotten about him.

"Chen Cai, I suddenly don't want to fight anymore." Chen Xiang said.

Chen Cai was startled, and was a little confused: "You're not joking right? This guy is very dangerous!"

"If I kill this old dog, my hands will get dirty. How do you want me to wash them?" Chen Xiang laughed bitterly, as if he was in a difficult situation: "Even if he wanted me to kill him, I didn't want to.

Chen Cai was stunned yet again. Heaven Old Orc Emperor was also stunned, this young man in front of him was actually this arrogant!

He had seen such an arrogant youth before, but those were all people from the Heaven Old Divine Race, and the person in front of him was just a human.

"Chen Cai, the human you found is only this strong, you are so arrogant." Heaven Old Orc Emperor laughed out loud. "You should just follow me back to the refining world."

Chen Cai did not care about him, and said to Chen Xiang: "Wouldn't it be fine if you used your foot to kill him? "That way you won't dirty your hands."

and Chen Xiang actually looked down on him that much, he was a dignified Heaven Old Orc Emperor!

Chen Xiang shook his head, then said to Heaven Old Orc Emperor: "You should kill yourself, this will be better for both you and me!"

When the Heaven Old Orc Emperor heard him, he immediately roared out, and grabbed towards Chen Xiang, and bellowed: "Human, don't be so arrogant!"

When Chen Xiang saw him coming over, he stuck out his tongue and made a face at him. Meanwhile, Heaven Old Orc Emperor's claws had already turned into a soft and furry beast claw, grabbing towards Chen Xiang's head.

Chen Xiang saw that the beast was closing in, the Heavenly magic sword in his hand suddenly flew out, and quickly cut off the gigantic hand.

Heaven Old Orc Emperor and Chen Cai did not see Chen Xiang making his move, Chen Xiang also stood there motionlessly, suddenly flying out with a sword, very quickly cutting off Heaven Old Orc Emperor's arm.

"Ahh ..." Heaven Old Orc Emperor took a few steps back as he looked at the smiling Chen Xiang.

The instant Chen Xiang attacked just now, he felt a trace of aura that caused him to feel extreme fear; that was the aura of the World Defying Stage Fierce Soul.

Those who possessed World Defying Stage Fierce Soul s, were all people who had stepped into it!

The Heaven Old Orc Emperor was currently only at the peak of the World Defying Stage. No matter how strong he was, it was impossible for him to defeat the World Defying crazy realm.

"How could a human from the World Defying crazy realm appear here!?" Ever since Heaven Old Orc Emperor came here, he had always looked down on humans. Humans were extremely weak in his eyes, and he could easily kill a large group of them.

But, the Chen Xiang in front of him, was actually this frightening?

The weak humans in his eyes were now so much stronger than him, he found it hard to accept.

"Why is it impossible? If a guy like you can claim supremacy here, then why can't I come here?"

The World Defying Stage Fierce Power that was released by the World Defying Stage Fierce Soul was extremely terrifying. After being poured into the Heavenly magic sword and added with the fact that the Heavenly magic sword was refined by the Myriad Tao Divine Soil, it easily broke through the Heaven Old Orc Emperor's armor and cut her body into several pieces.

"It was done just like that?" Chen Cai found it hard to believe, he took a deep breath and rushed forward, releasing a few balls of flame, and burned the corpse, then took the World Defying mad source bead.

"You don't lack this, but I do." Chen Cai laughed, the enemy that was chasing him had been killed, and he would be able to quickly head to Heaven Old Super Realm soon, so he was currently in a great mood.

### [Chapter 3207](#)

The World Defying mad source bead was no longer of use to Chen Xiang, he definitely did not need them anymore.

"What are you doing here?" Chen Xiang remembered that previously, Chen Cai did not need World Defying mad source bead either, but now, he had to ask for it.

"It's extremely useful!" Chen Cai said: "I need this thing to make the Myriad Tao Divine Soil. Although you can make it, it's still too little."

Chen Xiang had given a lot of Tiangu beast to Chen Cai to refine previously, and Chen Cai still had a few Myriad Tao Divine Soil s on his hands, who knew what he had used them for.

"You need Myriad Tao Divine Soil so much? I remember I gave you a lot. " Chen Xiang said.

"You are only giving this to me, the Tiangu beast, to help you refine. Myriad Tao Divine Soil is still yours, I do not need your things." Chen Cai was very kind indeed. After that, he took out those Myriad Tao Divine Soil s and gave them to Chen Xiang.

Chen Xiang pushed Chen Cai's hand back, and laughed: "You should still keep it, I no longer have any interest in this kind of thing!"

Chen Cai was startled, he suddenly thought of something and anxiously asked: "Did you find something good? Or do you have more Myriad Tao Divine Soil s now? "

"Hehe!" Chen Xiang smiled in a very mysterious manner, making him very anxious.

"Look at this!" Chen Xiang took out a piece of black crystal. This was a Myriad Tao Divine Soil Crystal, but because the thing on its surface did not fall off, it looked black.

When Chen Cai first saw it, he did not know what it was, but after he played with it for a bit, he still did not know what it was, but he could confirm that this black crystal was very strong, because just now, he secretly channeled his energy to test it out, and felt that this crystal had a very strong absorbing power. Not only was it sturdy, it could also quickly absorb the pressure from the outside world.

"You used the Myriad Tao Divine Soil to refine this?" Chen Cai frowned, he could determine that this crystal possessed the characteristics of the Myriad Tao Divine Soil.

"No!" Chen Xiang shook his head and laughed: "These are Myriad Tao Divine Soil Crystals, things that have been evolved from Myriad Tao Divine Soil. They are much better than Myriad Tao Divine Soil's crystals."

After Chen Cai heard it, he carefully looked at the black crystal in his hand and immediately remembered the legend of the Myriad Tao Divine Soil Crystal.

Looking at Chen Cai's dumbstruck expression, Chen Xiang patted his shoulder.

"This... Do you have a lot of these things?" Chen Cai regained his senses, he anxiously took a deep breath and asked.

"Not much, this is for you." Chen Cai said. Chen Cai liked refining, as a Refiner, he was very excited to see such rare materials.

Chen Cai quickly kept it, worried that Chen Xiang would take it back.

"Can you make this thing?" Chen Xiang wanted Chen Cai to help him refine Heavenly magic sword s.

"There should be no problems... It will just take a long time. " Chen Cai said: "Because I need a lot of time to melt this kind of crystal."

Chen Cai took out the piece of Myriad Tao Divine Soil Crystal, used the flame to test it, and said with a frown: "For now, if I were to help you use this kind of Myriad Tao Divine Soil Crystal to refine Heavenly magic sword, it would take at least a thousand years!"

A thousand years was quite a long time, and for Chen Cai to refine it with his current cultivation, Chen Xiang had to admire him.

"Time is not a problem... Okay, when I bring you to Heaven Old Super Realm, I'll give you some pills to eat and let you order to enter the World Defying crazy realm. " Chen Xiang said: "Even Xiao Ke'er has already stepped into the World Defying crazy realm, you should be able to eat those pills too."

It was one thing if Chen Xiang was stronger than him, but even Feng Ke'er, this stupid big girl, was stronger than him. One must know that at the time, he was much stronger than Chen Xiang and Feng Ke'er.

"Alright, point them and bring me to the Heaven Old Super Realm. I can't wait." Chen Cai said. Once he enters the Heaven Old Super Realm, he would be able to point his way into the World Defying crazy realm.

When Chen Cai was in the Dan God Mysterious Land, he had imparted many abilities to Xue Xianxian and the others. They all respected Chen Cai greatly, so Chen Xiang had a lot of trust in him.

"Right now!" Chen Xiang took out an array disc. After opening it, a black vortex appeared in the sky and he immediately brought Chen Cai flying.

... ..

Heaven Old Super Realm's seven blazing suns hung in the sky at noon. The first thing Chen Cai did after arriving was to raise his head and look at the seven suns.

"Why seven suns? Weren't there three before?" Chen Cai was also fairly familiar with the Heaven Old Super Realm.

"Because they have already fused ... It's a long story." Chen Xiang told Chen Cai about the other Super Yang Realm.

There were four Super Yang Divine Races on the side of the Super Yang Realm and they had already merged together. Adding the three here, there was a total of seven.

The situation of the Heaven Old Super Realm was so complicated that it made Chen Cai exclaim in surprise. He himself belonged to the Super Yang Divine Race, but his bloodline was a little complicated.

"Heaven Old Divine Race is asking for trouble." Chen Cai held a lot of resentment towards the Heaven Old Divine Race, and he had almost been killed by him at that time.

Chen Xiang brought Chen Cai into the Sun God Forest. He did not know about the situation outside nor did he have time to understand, he only knew that if the other four Super Yang Divine Races were to fuse here, this place would become even more chaotic. Furthermore, there would be more experts.

The Sun God Forest was very safe because of the Super Yang Divine Alter.

When Chen Cai came here, Chen Xiang had told him that he wanted to refine Heavenly magic swords, Six Realms mirrors and Tianchuang furnaces from top to bottom, and even used that kind of material to refine them.

Chen Xiang gave Chen Cai a few medicinal pellets, and then used a three layer Time Domain on him.

"You're not stupid. You should have broken through after staying in there for dozens of years, right?" Feng Ke'er said: "Why didn't you tell him about the Crystal emperor?"

When he found out that he was going to refine the Myriad Tao Divine Soil Crystal, he was already very excited. When he was about to start refining, I would tell him about the Crystal emperor. Chen Xiang chuckled.

"That's true!" Feng Ke'er curled his lips: "If he doesn't have a Sun madness fire, it would be impossible to refine ... "What should we do?"

"Go and ask Spirit of Divine Alter if he can make Chen Cai use the Tinder array."

Chen Xiang hurried to find Spirit of Divine Alter.

"Tinder array? We've already used it twice before. If we use it a third time, it might not go smoothly. " The Spirit of Divine Alter said, "The Tinder array consumes the power of the sun. Although there are now four more suns, when the Tinder array circulated previously, it had already absorbed the power of the four suns."

"It can only be used twice?" Chen Xiang was a little surprised.

"Yes, if you use it a third time, you won't be able to succeed very smoothly. Instead, there will be great danger." The Spirit of Divine Alter said, "Unless they can be used twice every thousand years."

### [Chapter 3208](#)

The thousand years outside was too long for Chen Xiang, and he did not want to wait that long.

"Why do you still want to use the Tinder array?" Spirit of Divine Alter asked: "Didn't you two cultivate Sun madness fire already?"

"I have a friend who is an expert refiner, but his flame cannot keep up with mine." Chen Xiang sighed: "So at that time, everything might not go smoothly for him."

"Only use fire to melt Crystal emperor, right?" Spirit of Divine Alter laughed: "That's easy. The flames I release are very strong, they can allow him to burn Myriad Tao Divine Soil to become a Crystal emperor."

"Is this true?" Chen Xiang was very surprised.

"When the time comes, just let your friend come to my place. I can use my flame as he wishes." Spirit of Divine Alter said, "My Sun madness fire will be much stronger than you soon."

Now that Chen Xiang had finally solved the problem of the flames, he no longer had to worry about Chen Cai's flames not being able to keep up.

When Chen Cai was cultivating inside the Six Realms mirrors, he had already eaten the divine pellets Chen Xiang gave him. These divine pellets could help Chen Cai find a better Madness soul to fuse with in the World Defying Stage Soul River.

In just half a day, Chen Cai was already shouting inside.

"Chen Cai, release me." Chen Cai roared.

After Chen Xiang released Chen Cai, he smiled and said, "You're pretty 'quick', I thought you were staying inside for a few days!"

"How many days?" Wouldn't that be hundreds of years? I, Chen Cai, am not such a trash. " Chen Cai had already stepped into the World Defying crazy realm, and was completely filled with confidence: "My flame is already very strong, I can start right now!"

Chen Xiang brought Chen Cai to Super Yang Divine Alter's side.

The Super Yang Divine Alter was viewed as a sacred artifact by the entire Divine Soil Race and the area that the Super Yang Divine Alter was in was also a Sacred Ground. Other than the patriarch and a few elders, no one was allowed to casually enter, whereas Chen Xiang was capable of doing so.

"Refine my Heavenly magic sword first, use this to refine it!" Chen Xiang finally took out the Crystal emperor and showed it to Chen Cai.

When Chen Cai saw it, he was shocked.

"This is not the Myriad Tao Divine Soil Crystal." Chen Cai shouted loudly, "Just what is this thing!?"

"This is the Crystal emperor of the Myriad Tao Divine Soil Crystal." Chen Xiang laughed: "But it was refined using the Myriad Tao Divine Soil Crystal, it took me a lot of effort to make it. When that time comes, don't waste my time."

Chen Cai swallowed his saliva. This was actually a Crystal emperor, he obviously knew about the Dao crystal Emperor's matter. His Inherent skill in smithing came from the inheritance, and the things related to Crystal emperor were also recorded within the inheritance.

"This... With my current strength, I am unable to burn Crystal emperor. Furthermore, this is not something that can be melted by ordinary flames. Chen Cai looked at the seven suns in the sky: "Sun madness fire s are not easy to cultivate."

The Spirit of Divine Alter suddenly spoke: "Even if you manage to cultivate the Sun madness fire now, it will still be difficult for you to melt the Crystal emperor and use my flame ... Try to see if you can control my flames and I'll help you forge artifacts. "

"Spirit of Divine Alter!" Chen Cai anxiously retreated a few steps, because Chen Xiang did not tell him about the Spirit of Divine Alter.

However, Chen Cai knew that Super Yang Divine Alter who could speak were mostly those kind of ancient Super Yang Divine Alter s, and very powerful ones at that. It was only now that he paid close attention to this Super Yang Divine Alter, when he suddenly realised that this somewhat shabby looking Super Yang Divine Alter actually had a large number of Myriad Tao Divine Soil s that numbered nine.

"Alright, I'll give it a try!" Chen Cai calmed himself down, if not he would be struck unconscious.

Spirit of Divine Alter had already released a small flame which radiated brightly.

Chen Cai took in a deep breath, then he tried to sense the small flame and put it in the center of his palm.

"No problem!" If he couldn't control it, the small flame would burn into his palm.

"Alright, then let's begin!" The Spirit of Divine Alter said.

"You guys begin, I'll take a look around." Chen Xiang took out Heavenly magic sword s. "Heavenly magic sword s, use one piece. Tianchuang furnace s, use three pieces!"

Chen Cai and Spirit of Divine Alter did not say anything, they only told Chen Xiang that they needed some time.

"I have to be careful when I go out this time." After Chen Xiang left the Divine Soil Restricted Area, he took out the Six Realms mirrors and looked for Yue Yiran.

However, the Six Realms mirrors did not seem to be very useful here. He could only vaguely see Yue Yiran's image.

"Boss, is that you?" Chen Xiang tried to send a sound transmission to Yue Yiran through the Six Realms mirrors.

Yue Yiran's current situation was extremely bad. He had already made enemies with the Yue Clan before and was currently fleeing.

"Chen Xiang!" Yue Yiran was very surprised that Chen Xiang could actually send a sound transmission to him.

"Where are you?" Chen Xiang asked anxiously, he felt that Yue Yiran was in danger.

"I'm in the Heavenly Dan Mountain Villa." Yue Yiran sighed: "That bastard Heavenly Dan Landlord, actually lied to me. Now, he wants to lock me up and control me."

"This bastard, I'll go save you now, I've already stepped into the World Defying crazy realm." Chen Xiang said.

"Don't just teleport in. There are restraining space array formations inside. He did this to prevent you from saving me, and he even set a trap for you." Yue Yiran said: "It's better that you don't come and save me. He can't do anything to me; at most, I'll just lose my freedom."

Yue Yiran was worried that Chen Xiang would be caught.

"Chen Xiang, your talent in pill refining is not bad. You will quickly become stronger, and you can come save me when the time comes." Yue Yiran laughed: "Anyway, I've already lived for so long, there's nothing to be afraid of."

"I'm afraid they're torturing you." Chen Xiang said: "I will definitely save you."

Yue Yiran did not speak anymore, and did not know if he was deliberately ignoring Chen Xiang or not.

Chen Xiang asked for a few more times, but Yue Yiran didn't reply, and only asked him to keep the Six Realms mirrors helplessly.

"Xiao Ke'er, what should we do now?" Chen Xiang asked: "The boss is so nice, I can't just ignore him like this."

"He deliberately ignored you." Feng Ke'er said.

"Why?" Chen Xiang did not understand.

"He might have just thought of something. He thinks that the purpose of the Heavenly Dan Landlord capturing him is to lure you out and capture you." Feng Ke'er said: "Heavenly Dan Landlord should do this kind of thing quite often."

The pill spirit that Chen Xiang had previously obtained from the Heavenly Dan Landlord was not refined by the Heavenly Dan Landlord himself. He did not know where the Heavenly Dan Landlord had 'obtained' it, but the Heavenly Dan Landlord had actually bragged that he had refined it.

"The more it is like this, the more I want to rescue the boss, Heavenly Dan Landlord wants to capture me?" He doesn't even have a door, he is underestimating me, Chen Xiang, too much. " Chen Xiang snorted, and immediately rushed towards Heavenly Dan Mountain Villa.

Heavenly Dan Mountain Villa was very famous, as long as Heavenly Dan Landlord gave the order to gather, many Alchemist would immediately dare to come.

On the way, Chen Xiang met two Alchemist s who were rushing to the city. They said that the Heavenly Dan Landlord had urgent matters that required them to rush to the Heavenly Dan Mountain Villa within a month.

### [Chapter 3209](#)

Chen Xiang guessed that this matter was related to Yue Yiran, as for what it was, none of the Alchemist s knew.

In the Heaven Old Super Realm, the most outstanding people in pill refining were the Heaven Old Divine Race, but it was different now, because there were four other Super Yang Divine Race s who had joined them, the Heaven Old Divine Race could no longer control the pills like before.

Chen Xiang felt that it might be related to this matter.

"If I use the Transformation skill, they shouldn't be able to see through me, right?" Chen Xiang felt that he was now in the World Defying crazy realm.

Chen Xiang had already arrived outside the Heavenly Dan Mountain Villa, and there were many people outside. None of them had been invited, and furthermore, they were extremely strict when entering, and they could not enter without an invitation.

The people waiting outside were mostly Alchemist s with a lot of curiosity. This was because the Heavenly Dan Mountain Villa had gathered a large group of outstanding Alchemist s, and it was very likely that they were going to join forces to fight against the other four Super Yang Divine Race s.

"Seems like quite a few Heaven Old Divine Race people were unable to enter." Chen Xiang looked at the crowd. Although there were a lot of humans, there were also a lot of Heaven Old Divine Race people.

Chen Xiang was also waiting outside while thinking of a way to save Yue Yiran.

"Look, isn't that the royal family's ancient god ship?" Someone shouted, and everyone could feel the blinding light coming from the sky.

Chen Xiang raised his head to look and saw a huge ship flying from afar. After this ship arrived, its speed was extremely slow, as it floated above Heavenly Dan Mountain Villa.

After a while, the enchantment of the Heavenly Dan Mountain Villa suddenly opened, obviously to let this boat in. After all, this was the arrival of many important people of the Heaven Old Imperial Family, and there were many powerful people too.

"The enchantment has been opened, this is a good chance!" Chen Xiang immediately became invisible, and carefully flew over. He did not dare to use Spatial Force, as the experts here were extremely sensitive to spatial ripples, and could easily be discovered.

The moment Chen Xiang entered, the enchantment closed immediately, and there were many other experts surrounding him. There were already a lot on the Ancient God Boat, and with the Heavenly Dan Mountain Villa inside, Chen Xiang started sweating profusely.

"We haven't been discovered, hurry up and leave this place!" Chen Xiang could not help but become nervous, and hurriedly leave the wide plaza to prevent himself from being discovered.

If the enchantment had not been opened, it would not have been so easy for him to 'sneak in', and he would not even be able to enter the Heavenly Dan Mountain Villa. At the moment, the Heavenly Dan Mountain Villa was extremely tightly guarded, with many experts guarding the entrance.

Chen Xiang searched for a long time before finally finding a place with no people. He took out the Six Realms mirrors and he could clearly see Yue Yiran.

The place where Yue Yiran was at was blazing red, Chen Xiang guessed that it was inside some sort of cauldron.

"Boss, I have already entered the Heavenly Dan Mountain Villa. At this time, the Heavenly Dan Landlord is gathering all sorts of forces here, and a lot of them have come to visit the Alchemist. Why is this so?" Chen Xiang asked.

"You ... Yet you still came!" Yue Yiran sighed: "They are here to meet the other four Super Yang Divine Races."

"So it's like that!" Chen Xiang heaved a sigh of relief, he thought that Yue Yiran would be in trouble at that time.

If the two worlds that have been separated for so many years were to merge, the respective powers would be greatly affected. The reason why they gathered here is to discuss on peaceful coexistence, I only know that the Super Yang Realm does not wish to fight, and during discussions, pills are also the main problem. Yue Yiran said.

Previously, he and Spirit of Divine Alter had anticipated that the Super Yang Divine Race of the two worlds would clash, because the Heaven Old Divine Race had done the right thing when they had split up that year.

"I wonder if the Heaven Old Divine Race has covered up the ancient Super Yang Divine Alter yet." Chen Xiang was a little worried about the Divine Soil Restricted Area, especially the Sun God Forest.

"Chen Xiang, find a chance to leave this place. Don't save me anymore." Yue Yiran said: "Your current strength is still too weak."

"No, I'm already here." Chen Xiang said: "Let me try to see if I can teleport you here."

"Please don't. The thing holding me is very special." Yue Yiran said: "If you sense a very strong spatial ripple, it will swallow you in ..."

Chen Xiang finally understood why Yue Yiran didn't let him attack.

"Then I'll stay here and find a chance to save you." Chen Xiang had already entered, so he definitely would not give up.

For safety's sake, when Chen Xiang was in here, he used invisibility as well. He did not dare show himself, as he was worried that he would be discovered.

After a few days, a large movement came from outside again. Chen Xiang could feel a large wave of powerful Qi coming from outside, he guessed that it was the experts of the Super Yang Realm.

Chen Xiang did not go over to take a look now. The more lively the place, the more dangerous it would be, not to mention the gathering of experts. His purpose of coming here was to save Yue Yiran, not to join in the fun.

He then took out the Six Realms mirrors and contacted Yue Yiran.

"Chen Xiang, they are moving me. I don't know where they are taking me." Seeing how determined Chen Xiang was to save him, Yue Yiran did not reject, and could only cooperate with Chen Xiang.

"Alright, I'll walk around and see if I can find you." Chen Xiang could not teleport using his spatial energy, but the Heavenly Dan Mountain Villa was huge, so it would not be easy for him to find where Yue Yiran was hiding.

Just as he was walking around randomly, he suddenly heard a few servants discussing about Yue Yiran.

"Yue Yiran is a grandmaster of a generation, but he was actually captured by our Villa Master, hehe!"

No one will object if we capture Yue Yiran at this critical juncture. After all, our Villa Master was able to refine a pill spirit and even the Heaven Old Imperial Family is respectful to him. Right now, only he has the qualifications to challenge the four Super Yang Divine Race s.

"Oh right, the Villa Master probably captured Yue Yiran to 'lure' that human kid out. That human's pill refining skills are so great that even the Villa Master values the entire human race very much."

"Yes, Villa Master has already sent out news these few days, he is preparing to auction Yue Yiran out."

"Auction of Yue Yiran?"

"Hehe, you probably don't know, but Yue Yiran is currently the Villa Master's slave, and a very strong Alchemist at that.

Hearing this, Chen Xiang was extremely angry, and almost couldn't hold it in!

"Heavenly Dan Landlord this bastard, you can refine a pill spirit? "Pfft, it's completely fake!" Chen Xiang snorted, the pill spirit that he had previously won from Heavenly Dan Landlord was stored inside, it was not refined by the Heavenly Dan Landlord himself.

"If I let you show off, I'll expose you!" Chen Xiang had already thought of a way.

## [Chapter 3210](#)

The third year of high school was very tiring for most people, but for Su Qing, who was smart and had a photographic memory, it was nothing. However, he still had to do something superficial. It was necessary to not hurt his classmates and reassure his parents.

Today was Saturday, so after finally getting permission to go out alone, Su Qing decided to take a walk around the Flower Bird Market. To find a reason for Little White (given the name of the white fox) and the phoenix (smaller than a canary but insisting that I call it a matter of dignity) to appear openly, but to buy or not to buy flowers is secondary.

In the market, there were flowers, birds, fishes and even snakes. Interests vary from person to person, and there are plenty of people who like to raise rats or snakes. As long as someone wants to consume, there is a market. Although the flowers and plants were not as beautiful as those in the space, they were still worth a fair price. Grandfather likes to raise flowers, and Grandpa has a soft spot for orchids. She had a lot of orchids, but she couldn't get them out. Buying them in the market didn't seem like she could afford them. Although it's a big family but not a business, my parents are clean and honest so my brother and I don't have much pocket money. Her cousin always teased her for her wealth, but was laughed off. Su Qing looked forward to the time when this spoiled child cried.

Along the way, Su Qing was delighted by dewdrops of roses, fragrant lilies, graceful cranberries, beautiful and simple African chrysanthemums, graceful and luxurious peonies, and carnations. She bought her mother a bunch of her favorite lilies and also took away the flowers and plants that had been thrown away as garbage. She believed that with space, she could definitely turn trash into a treasure, and the feeling of not having to spend money was great.

When no one was home, he cut the lily and inserted it into a vase to change into a rose before entering the space in a flash. Little White and Phoenix immediately came over and rushed into Su Qing's arms. The Queen Bee was so cool that she did not pay any attention to the commander, but instead told him to act quickly and accurately when he needed information. And the honey and royal jelly are delicious. After a brief inspection, he planted the flower branches and left the space with a few orchid seedlings he had found in the flower market. Little White and Phoenix were overjoyed to know that they would be able to stay outside with their master in the future. The phoenix flew back and forth, still rolling in the air. Little White stood on Su Qing's shoulder arrogantly like a lady. The phoenix disdained it and laughed out loud while rolling its eyes. The orchids were planted in flower pots to be watered with Spatial Springs. Immediately, the flowers began to grow from a sickly state to a lively one. Now, it could be seen that there were two pots of Cymbidium and two pots of Cymbidium. If he watered them again, they might bloom.

Su Qing glanced at the roses and had the urge to make the pastries. It was always good to be cautious when destroying the poor rose to make it look like you were using these petals. Su Qing then collected the rose petals that contained the spiritual energy and started to make rose pastries. When the pastries were out of the oven, the two pets protected a piece each. As they were tasting it with relish, Su Chen returned.

Su Chen had been playing basketball with his classmates all afternoon and was covered in sweat. Once he entered the house, he entered the bathroom. When he changed into casual clothes and came to the kitchen, Su Qing was cooking dinner and turned around to greet her brother. Su Chen was already 1.8 meters tall when he was 16 years old. His former shota had already grown into a handsome young man with a calm and reserved temperament. Wearing a pair of eyes should look more like a gentle scholar.

Only when Su Chen was about to take out the pastries did he notice the two pocket-sized pets happily tasting the delicacies. Looking at their expressions, they almost thought that they were seeing things.

"Qingqing, did you buy these two little fellows today? What kind of pets are these?"

"I don't know either. I bought it just because it looked cute." Really, they became like this. No one would believe what they said.

"Why don't we find an expert to take pictures of them? I'm quite curious."

"No, what if we ask them to research? I don't want to lose such a cute and obedient pet."

"I'll listen to you. Where did you buy the dessert from today? It tastes pretty good?"

"This is something I learned to cook online. I'll cook after it's tasty." I know the pastry tastes good, but I'm glad to hear the praise. As for the dim sum Su Qing had learned in her previous life, she had only read about it online as an excuse.

"Good luck again!" "Right, Qingqing, didn't you buy two pots of flowers today? Grandfather only wants to buy top quality orchids. We can't buy them, but Grandfather likes pretty flowers."

"Yes, a bunch of lilies for my mother and on the balcony."

Su Chen hurried to the balcony. He was curious as to what kind of flowers his sister had bought. Since she was young, she had felt that her little sister was not simple, that she was lively, cute, and sensible at home, that she had done household chores at such a young age, that she had tried her best to make others ignore her in front of outsiders. He kept having the feeling that Su Qing was pretending to be a pig to eat a tiger. In the eyes of outsiders, he was the rising genius of the Su Clan. That cousin of theirs, Lisa, was one of the top beauties in the capital. However, he did not know that there was a daughter in the Su Clan ... .. That Su Qing who never attended a banquet was the true beauty of geniuses. Su Qing wanted to hide it from him, and her parents also agreed to this. Naturally, he wouldn't cause trouble. Now he wondered what had come into her eyes.

When Su Chen saw the four pots of expensive orchids hidden in the shade of the balcony, he was still astonished. The orchids owned by the old guys in the military compound had already been studied pretty well. How could such a high quality orchid appear in a flower market? It was probably bought by someone with power as soon as it appeared. How did Su Qing get her, she really was a person that could not be seen through.

At dinner, my parents said that dinner and pastries were very delicious, and my mother also liked to take a book of lilies. When Su Qing mentioned whether there were any flowers on the balcony, if it was not enough to send to the military region's courtyard, she would give it to her grandfather. His parents nodded in agreement. They knew that Old Man Su only raised top-quality flowers, and very few people could enter his eyes. However, Su Chen, who was listening at the side, nearly choked on his food. If this kind of flower wasn't good enough, then Grandpa doesn't need to raise flowers. Su Chen did not say anything. He wished that his parents would be shocked once again.

Father Su didn't think much of it. When he saw the flowers a few days later, even the orchids were about to blossom. He was really scared by the orchids. If such an orchid were to go wrong with him, it would be a huge loss. Old Man Su was so happy that he acted like a child when he saw flowers. He immediately ordered the guards to inform his old buddies who loved flowers to admire them. Ye Zichen caused those old guys to be so excited that they almost didn't sleep at night. It was fortunate that Su

Qing didn't directly dig out the flower in the space, otherwise, who knows if someone would have a heart attack from excitement.
