

Dan God 3211

[Chapter 3211](#)

The people of the Ancient Sword Clan could not understand why Chen Xiang suddenly appeared here, but they were sure that Chen Xiang had a goal that was why he came to find them.

"You can go straight ahead. Why did you come here? Could it be to tell us that the Heavenly Dan Landlord is unreliable?" The middle-aged man asked: "You aren't planning to use us to save Yue Yiran right?"

Even the family servants knew of Heavenly Dan Landlord's plan. It was impossible for the Ancient Sword Clan not to know of it, so they could guess the answer.

"Yes, I really do need you guys to help me, but I'm not using you guys, but helping each other. I have no other choice but to think of a way, you guys help me save Yue Yiran." Chen Xiang said: "This is a pretty good deal, could it be that you are really placing your hopes on the Heavenly Dan Landlord? This fellow is not a good person. "

"What makes us believe you?" The middle-aged man asked. Of course, he did not completely trust the Heavenly Dan Landlord, but he did not trust Chen Xiang either.

"If you move the sword away, we can talk." Chen Xiang said.

The middle-aged man glanced at his sister, who nodded. He then waved his hand, and those few elders moved to protect the weak woman, and the people who surrounded Chen Xiang retreated.

Seeing that everyone had retreated, Chen Xiang heaved a sigh of relief, and laughed: "It's really dangerous!"

"First, you have to make us believe that Heavenly Dan Landlord is unable to refine a pill spirit, and then you have to make us believe that you have a way to treat my sister. Otherwise, we will gift you to Heavenly Dan Landlord. The middle-aged man sneered, "You are indeed quite capable, but don't forget, you are weaker than us."

The people of the Ancient Sword Clan thought that Chen Xiang had nowhere else to go so they took the risk to look for them.

"You guys definitely won't give me to the Heavenly Dan Landlord." Chen Xiang said with complete certainty: "Firstly, I am unable to prove that the Heavenly Dan Landlord is unable to refine a pill spirit because I do not have any evidence. Also, I don't know about your sister's condition, so I can't guarantee that I can cure her. "

"You ..." The middle aged man was furious, just as he was about to attack, Chen Xiang suddenly opened his palm. There was a pale golden crystal in his palm.

It was a piece of Myriad Tao Divine Soil Crystal, the one that was only the size of a thumb.

Although the Myriad Tao Divine Soil Crystals were very strong, the people from the Ancient Sword Clan could immediately recognize them. Seeing the Myriad Tao Divine Soil Crystals, their faces were all filled with shock.

The divine swords they used could become very strong as long as a small amount of Myriad Tao Divine Soil s were added. Myriad Tao Divine Soil s were very scarce, so they could only add a small amount of the divine swords, which were all added in on the second method.

And above the Myriad Tao Divine Soil, the Myriad Tao Divine Soil Crystals were the strongest. Even if there was only one, it was much stronger than many of the Myriad Tao Divine Soil s.

"If you were to gift me to the Heavenly Dan Landlord, you would definitely not receive such benefits." Chen Xiang laughed: "These are Myriad Tao Divine Soil Crystals, you are all sword users, you definitely understand the effect of adding one into the mix during the refining of the divine sword."

"Don't worry about where you obtained my Myriad Tao Divine Soil Crystals. In short, this will be used as a reward to repay you for helping me. If you're willing, we can sit down and have a good talk right now."

Chen Xiang could tell from their expressions just how precious this first fart Myriad Tao Divine Soil Crystal was to them. One must know that he was not lacking in this kind of thing.

The woman nodded to her brother.

Very quickly, there was a large table of food and wine, Chen Xiang laughed heartily as he ate and drank.

Just thinking about it made them feel intoxicated. To have such a human barged in, they had to treat him like an old man.

"When I save Yue Yiran, I do not need any of you to help." Chen Xiang said: "I only need you to arrange an identity for me, and let me sneak into the auction. If you agree, then this piece of Myriad Tao Divine Soil Crystal will be yours, and if I successfully save Yue Yiran, I will give you two more."

Chen Xiang actually had another one! This made the people of the Ancient Sword Clan extremely excited.

This Myriad Tao Divine Soil Crystal was extremely important to them, because ever since the Super Yang Realm was separated from them back in the day, there had been very few Myriad Tao Divine Soil Crystals that appeared, let alone Myriad Tao Divine Soil Crystals.

When the time comes, we will arrange something for you. Just because you are a human Alchemist that we invited ... But you need to disguise yourself. " The middle-aged man thought for a bit, and felt that this was not a difficult matter, because no matter what, they could get a piece of Myriad Tao Divine Soil Crystal.

If they were investigated, they would be able to clear up the relationship. Previously, they did not know what kind of person Chen Xiang was.

"Fine, I believe you!" "You guys will bring me out later. Then, I will change my appearance outside and you can bring me in. That way, I can participate in the auction in name and reason ..." Oh right, when the time comes, I will reveal the secrets of the Heavenly Dan Landlord, do you have any objections?" Chen Xiang said.

During the auction, some things would be auctioned, and Yue Yiran would become a slave and become an auction item. Right now, Chen Xiang did not know where Yue Yiran was hiding, so he could only wait for the auction to start.

"No problem, it would be for the best if you could expose him, so that we won't be fooled by him." The middle-aged man said.

"By the way, what's the situation with your sister? I am an Alchemist, you should all know that I am experienced in matters such as poison." Chen Xiang looked at the frail looking lady.

"It isn't a poison injury..." The middle-aged man sighed, "It's an innate disease caused by someone seriously injured the day after tomorrow."

"Why do you think she is the hope of your sword clan? Her situation shouldn't be simple, can you explain it to me?" Chen Xiang said: "Yue Yiran is also an old Alchemist, he might have a way, and at that time, I can also go with him."

"Her situation can only be cured with Sun madness fire s, and we heard that someone from the Divine Soil Restricted Area used the Tinder array some time ago. It's said that the Heavenly Dan Landlord is using it, and many rumors say that the Heavenly Dan Landlord has already produced Sun madness fire s." The middle-aged man said.

Chen Xiang couldn't help but laugh: "Heavenly Dan Landlord really knows how to brag. I use my head to guarantee that the Sun madness fire was not made by him ... From what I know, after the opening of the Tinder array, the first people to go to Divine Soil Restricted Area are the people of Heaven Old Imperial Family, and they are unable to enter.

The people who had activated the Tinder array were Chen Xiang and Feng Ke'er. How could it be the Heavenly Dan Landlord?

[Chapter 3212](#)

Chen Xiang felt that the lady must have some sort of secret on her body. He asked the middle aged man about it just now, but didn't answer.

"I have a way to cure your sister." Chen Xiang suddenly said: "It will be very difficult, but at least I have a way to get hold of the Sun madness fire."

"You can get Sun madness fire?" The middle-aged man was in disbelief and his face was filled with doubt.

"Yes, but. This is too dangerous. I could easily lose my life." Chen Xiang shook his head: "So I don't know whether or not I should decide to get the Sun madness fire or not."

"What method?" The middle aged man asked anxiously, he started to believe in Chen Xiang.

"You guys should know about the Divine Soil Race, right?" Chen Xiang asked.

"Of course I know. The Divine Soil Race was destroyed by the Heaven Old Imperial Family and sealed within the Divine Soil Restricted Area." The middle-aged man said.

Chen Xiang now knew that the Heaven Old Imperial Family did not tell the truth about the ancient Super Yang Divine Alter to these people. It was most likely to trick them into charging into the Divine Soil Restricted Area to scout ahead.

"Has the Divine Soil Race s of the Divine Soil Race been snatched away by the Heaven Old Imperial Family?" Chen Xiang asked again.

"It's a well-known thing." The woman was also very curious and replied.

"Divine Soil Race is different from the others. As long as there are enough Wild source stone, we can make that Super Yang Divine Alter condense a Sun madness fire." Chen Xiang laughed: "You should know that the Divine Soil Race is being looked after by the Super Yang Old Ancestor, that's why there are so many Myriad Tao Divine Soil, if you want to make good use of these Myriad Tao Divine Soil, then you must rely on the Sun madness fire."

"How do you know all this?" The middle-aged man had a serious expression. Chen Xiang was a human, but he knew things that even they, the Super Yang Divine Race s, did not know.

Chen Xiang tossed the Myriad Tao Divine Soil Crystal in his hand over, then ate a large mouthful of food and tossed the Myriad Tao Divine Soil Crystal in his hand to the middle aged man.

When he caught the piece of Myriad Tao Divine Soil Crystal, his hands were still trembling. Chen Xiang actually gave him the piece of Myriad Tao Divine Soil Crystal just like that.

"The people from the Divine Soil Race are not dead yet, the Myriad Tao Divine Soil Crystals in my hands were given to me by them." Chen Xiang said: "Divine Soil Race and other Super Yang Divine Race are different, they do not reject humans, so I can become friends with the Divine Earth."

"I can get the Sun madness fire ... That's because I have the ability to hide, and you all have seen it just now, I snuck in here a long time ago, but you all didn't notice it, so I think I can enter the Heaven Old Imperial Family to borrow Super Yang Divine Alter s, but I will know about the specifics at that time! "

Chen Xiang sighed: "If I enter the Heaven Old Imperial Family, then it will definitely be very dangerous, and at that time I will also have to use the Super Yang Divine Alter."

The middle-aged man believed Chen Xiang's nonsense and asked: "Do you know how to use that Super Yang Divine Alter?"

"My Divine Earth friend will teach me. He also wants me to go take a look at their Super Yang Divine Alter."

The middle-aged man returned the Myriad Tao Divine Soil Crystal in his hand to Chen Xiang, and said: "What request do you need for you to be willing to help us obtain the Sun madness fire?"

In order to save that girl, they actually didn't even want the Myriad Tao Divine Soil Crystals anymore. This showed just how important that girl was to them.

"I just want to know about her. Why is she so important to your sword clan, the Bai Clan?" Chen Xiang just wanted to satisfy his curiosity. This caused the people from the Ancient Sword Clan to look at each other in dismay.

Chen Xiang threw the Myriad Tao Divine Soil Crystal to the middle aged man, and laughed: "You should keep this stone, this is the deal we made earlier."

The woman nodded to the man, she was too weak and did not want to speak like that, she only wanted to listen at the side, then indicated to her brother, that he could tell Chen Xiang about the matter.

Chen Xiang also wanted to build a good relationship with the Bai Family of the Sword Clan. In the future, he would need the Bai Family to stir up trouble, after all, they could still be considered good people.

"The Ancient Sword Clan is the only clan in Super Yang Divine Race that has been named after a weapon. Our Super Yang Divine Alter is also very special, it's a sword ... Of course, this was created by imitating the ancient Super Yang Divine Alter. The ancient Super Yang Divine Alter has already been destroyed, back then ... "

"I know about this part, the reason why my friend in Divine Soil Race told me about it was mainly to deal with the Divine Soil Race, and the Ancient Super Yang Divine Alter in the Divine Soil Race was also destroyed because they were cheated of their own accord." Chen Xiang said.

The middle-aged man nodded, he believed even more so that Chen Xiang had a friend from the Divine Soil Race, because this sort of thing was a secret that only the upper echelons of the great Super Yang Divine Race s knew about.

"When we destroyed the ancient Super Yang Divine Alter, our Bai Family's ancestor was opposed to it. However, because there were still a few other surnamed races in the Ancient Sword Clan, they all supported destroying it."

"In the end, we, the ancestor of the Bai Clan, were extremely helpless and could only join in the destruction. Otherwise, our Bai Clan would have been rejected, which would have been extremely detrimental to our long-term development." The middle-aged man's face was filled with helplessness because he felt that there might be a secret method to condense Sun madness fire in the ancient Super Yang Divine Alter.

"When the Bai Clan ancestor was participating in the destruction of the ancient Super Yang Divine Alter, he encountered a sudden situation. The instant the Super Yang Divine Alter was destroyed, he spat out a large amount of red and white blood.

"Our ancestor collapsed on the spot, his entire body cracked open, but he did not die, only suffering heavy injuries ... After his injuries healed, he gave birth to another child. His name was Bai Yang, and the people here are all descendants of Bai Yang. "

"Our ancestor, Bai Yang, was born after his blood was splashed onto the Ancient God Altar. That's why he inherited a bloodline called the Sun Sword blood!"

After listening to his explanation, Chen Xiang turned even more serious. According to his experience, he had already guessed what would happen next.

"It would be a good thing if the Sun Sword blood were to awaken from the body of a man. The man who possesses the Sun Sword blood is extremely powerful and can be considered a genius amongst geniuses." The middle-aged man was very excited about this.

"Almost every generation of our Bai Family has people that can awaken Sword blood, and all of them are men. Therefore, our Bai Family is the strongest existence among the few surnamed races in the Ancient Sword Clan. But in our generation, Sword blood has actually awakened in a woman's body, which means

she's my sister. " The excited look on the middle-aged man's face disappeared as a look of worry appeared on his face.

"Because a woman's physique is of the yin attribute and a sun Sword blood is extremely positive. Both of them are in conflict with each other... Unless we use a Sun madness fire to refine my sister's body, then we can reverse her physique and allow her to fuse with the Sword blood in her body. "

"Our Bai Family has flourished for many years, gathered countless resources, and gained great power. However, because of our weakness, not only did the other clan clans suppress us, even the other Super Yang Divine Race s have to do something to us. If no strong person appeared in our Bai Family, we would be exterminated."

Chen Xiang was extremely interested in that Sword blood. He was wondering if he could take it out for research and use it for concocting pills.

[Chapter 3213](#)

Chen Xiang was also a person who used the sword. He was very curious about the Sword blood and continued to ask: "Is there anything special about this Sword blood? To be able to make people with Sword blood become so strong! "

Just now, the middle-aged man had already said that among the Bai Family, those who awakened Sword blood would become extremely powerful. "Crap."

"The most peculiar thing about Sword blood is that when you use the sword, it can produce a unique power. Furthermore, when you awaken the Sword blood, you will also awaken a sword technique. As for what kind of sword technique it is, we do not know. The middle-aged man said.

Chen Xiang had already stepped into the World Defying crazy realm, but he had previously used many of the techniques he used in battle, so he was a little unable to keep up with them. Although he could still release a lot of power, he was not able to truly dig out the power of the World Defying Stage Fierce Power.

For many years, he had been refining pills and the cultivation techniques he practiced were mostly related to refining pills, so he had not paid much attention to cultivation techniques. Now, he felt that he needed some powerful cultivation techniques in order to display his own strength.

"Can you give me some Sword blood?" Chen Xiang said: "Give me some Sword blood, I will take it back to study it and see if the Sun madness fire can really help you. It doesn't need too much, just half a bowl will do!"

Half a bowl of blood was relatively insufficient. Even if the woman was extremely weak, it was not a problem for her.

Just like this, the Bai Family gave half a bowl of blood to Chen Xiang, who was discussing the details of the cooperation with them.

It was already night by the time they finished talking.

The middle-aged man's name was Bai Ximing, and he was actually the Bai Family's Patriarch. His sister, who was also the weak girl, was called Bai Xuelan.

Especially Bai Xuelan. Even though the Sword blood had unluckily appeared on her body, the elders in the clan hadn't scolded her and instead, used a lot of energy to help her. Otherwise, she wouldn't have lived until now.

"Relax, I will help you as soon as possible." Chen Xiang and Bai Ximing had already arrived outside the Heavenly Dan Mountain Villa. Chen Xiang used transformation techniques and turned into a handsome man with a head of white hair. He was dressed in a white robe and looked very much like an expert.

Bai Ximing had personally seen Chen Xiang's change in appearance, and he could not even see a single flaw in Chen Xiang's change in appearance. He was extremely shocked in his heart.

"Call me Master Long." Chen Xiang randomly gave himself a name.

"Alright!" Bai Ximing nodded, and then brought Chen Xiang to the entrance of the Heavenly Dan Mountain Villa.

Because Bai Ximing's identity was noble and respected, it was very easy for the people he brought to enter Heavenly Dan Mountain Villa. This way, Chen Xiang could have a jade plate that allowed him to enter and exit freely.

"Master Long, are you really confident?" Bai Ximing brought Chen Xiang back to the big house where everyone else was already resting.

"Yes!" Chen Xiang felt that as long as he could see Yue Yiran, he had the confidence to save him.

"If you are not strong enough, I will help you." Bai Ximing said. Right now, he trusted Chen Xiang a lot, and if that Heavenly Dan Landlord really couldn't release the Sun madness fire, then Chen Xiang was their Bai Family's only hope.

Therefore, no matter what, they had to curry favor with Chen Xiang. Otherwise, their Bai Family would be in danger.

"Mm, if it's necessary, I will say something. I'll go rest first." Chen Xiang entered the house, found a relatively quiet secret room, and then took out the Sword blood that Bai Xuelan had given him.

The Sword blood was very peculiar. Although it was dark red in color, it did not solidify for a long time, and there was even a very faint smell, neither fragrant nor fishy. The smell was like the morning forest, and after smelling it, it made one feel refreshed.

"Sword blood, I wonder if it can be mass-produced?" Chen Xiang took out a pill furnace, and then placed a few Sword blood in, and released a weak flame to be refined.

During the process of burning, the tiny bit of Sword blood gradually evaporated, turning into a dark red mist!

"It's just a few drops of Sword blood, but they've actually turned into so much blood energy." Chen Xiang was astonished. This small amount of Sword blood actually contained such a large amount of energy.

At this time, he had put in more than half of the Sword blood and he only had half of them remaining.

After putting it in the fire, he immediately used the weak Sun madness fire to burn it. What he did not expect was that after the Sword blood and the Sun madness fire combined, the fire burned even more vigorously, and the blood also became denser.

"Bam!"

The pill furnace suddenly shook, and the Sword blood that was frantically expanding suddenly exploded, turning into a thick blood mist that filled the entire pill furnace.

"Xiao Ke'er, quickly do it!" Chen Xiang anxiously shouted.

Feng Ke'er had been staring intently the entire time. Just as Chen Xiang finished shouting, she had already made her move, releasing a strong sealing force to suppress the clawing blood Qi, otherwise she would be pulled out by the blood Qi. It was extremely dangerous.

Chen Xiang heaved a sigh of relief, as he exclaimed in his heart.

"This Sword blood is really powerful!" Feng Ke'er felt that the Sword blood's blood essence was still struggling and couldn't help but exclaim in admiration, "If it can successfully condense a pill, then it would definitely be very powerful."

"The problem now is, if the Sun madness fire were to encounter a Sword blood, the situation would have happened. You should have seen it too, right?" Chen Xiang said: "If we inject Sun madness fire into Bai Xuelan's body, she will be in great danger."

"This is indeed the case. Maybe it will be different after entering the human body?" Feng Ke'er said: "Even though that situation is very scary, as you and I have seen, Sword blood and Sun madness fire can fuse together, and the Sword blood becomes even stronger under the Sun madness fire's incineration. It's just that because you have too many Sun madness fire and too few Sword blood, it becomes extremely uneven, resulting in the explosion."

Chen Xiang thought about it and felt that it made sense, then said: "I'll think about it after I settle the things inside the pill furnace."

He condensed the sphere of blood energy into a crystal, but it was only as small as a grain of rice.

"I can only use the Time Domain." After Chen Xiang released the Time Domain, he used the derivative method on the rice sized Sword blood Crystal.

Because it was too small, he was unable to continue refining it and could only use it as a derivation.

After he produced nine smaller Sword blood Crystals, he went on a rampage!

He had originally thought that these Sword blood Crystals were very small, and wouldn't be a problem when they collided with each other, but he was wrong. During the collision just now, he had almost damaged Feng Ke'er's mental state.

"This thing is too scary." Chen Xiang looked at the many tiny particles on his body, his forehead drenched with sweat.

[Chapter 3214](#)

Chen Xiang no longer dared to look at this kind of Sun Sword blood. It was simply terrifying, he was already in big trouble just now, if he did not control it in time, this mansion would probably be flattened.

Fortunately, it was only a shock!

"Master Long, what's wrong?" Bai Ximing knocked on Chen Xiang's door. The sound just now was coming from Chen Xiang's place, although it was not loud, but the people in the house were all experts, so they could feel it.

"I'm concocting pills, something happened." Chen Xiang replied, "There are no problems now."

"That's good!"

After Bai Ximing, Chen Xiang continued to refine Sword blood s.

He did not dare to use the Crash method anymore, so he could only use the derivation method to gently improve his quality.

After fusing all the fine crystals in the furnace together, he had grown a lot larger. However, he felt that it was still not enough and continued refining.

After a few days, he used the derivation method several times, and the lump of crystal became much larger. In the end, he and Feng Ke'er worked together to condense it into a pill.

"I wonder if there will be any effect if I eat it?" Chen Xiang felt that the quality of the pills here were very high. After being refined using multiple derivation methods, the quality had increased by a lot.

"We'll know after we try. We shouldn't be able to eat the dead." Feng Ke'er laughed.

"Then I'll try!" Chen Xiang swallowed the pill and his face suddenly changed, because a burning sensation erupted from his stomach, causing his entire body to become hot, his skin becoming completely red.

Chen Xiang moaned in pain, "This is really killing me, burning it from the inside ... Fortunately, my physical body is strong enough. Otherwise, everything in my body would have turned into ashes. "

He was able to cultivate Sun madness fire, so he had a strong resistance against fire. Otherwise, if anyone else were to eat it, they would instantly turn into ashes.

"When you refined this Sword blood Berserk Pill, you used Sun madness fire s. Furthermore, Sword blood Crystals have been frantically devouring Sun madness fire s, and the inside of the Sword blood itself already contains extremely strong Sun madness fire s. After many more times of refining with your derivation, the quality of the Sun madness fire s have also increased by a lot." Feng Ke'er analyzed.

"Yes!" Chen Xiang took a few deep breaths and continued to suppress the burning sensation in his body.

"How do you feel now?" Feng Ke'er asked: "Is this pill useful?"

"Yes, after the pill was refined within my body, it continued to emit a burning red liquid, just like volcanic magma." Chen Xiang said: "That should definitely be a dense Sword blood, replacing the blood in my body."

Chen Xiang suddenly roared out, because the pellet in his body had gone out of control, a large amount of scorching Sword blood s surged out and flowed into all parts of his body.

Feng Ke'er anxiously set up a sound-isolating array, isolating himself from the sounds of Chen Xiang's secret room, so as to not alarm anyone else.

Chen Xiang continuously roared; he had not experienced this kind of pain in a very long time.

Fortunately, he was inside the Time Formation, so he had enough time to cultivate it.

Although it was painful, he could continuously release energy to maintain the circulation of the Time Formation.

laid on the ground, panting. He had a feeling as if he had been reborn, although he was in pain, it brought him a very strong power.

"Is this the power of a Sword blood?" Chen Xiang closed his eyes, and some sword moves kept on flashing through his mind. This was what Bai Ximing had done before, that he could awaken sword skills.

"Frenzy sword method." Chen Xiang opened his eyes and laughed: "No wonder the Bai Family is so strong. It turns out they have this kind of sword technique, and it is even used by the Sword blood Awakened ones.

"How powerful is it?" Feng Ke'er was extremely curious.

"The Frenzy sword method can release the power of a Sun madness fire. If you cultivate it to the peak, you can use this sword technique to condense a fire seed and you can cultivate a Sun madness fire." Chen Xiang said: "This must be a secret of the Bai Clan, but the Bai Clan did not come out!"

"They definitely won't come out!" Feng Ke'er laughed: "You can even use Sun madness fire, so the power of the sword technique shouldn't be much use towards you right?"

"No, it is still of great use, because this sword technique can display the full power of a Sun madness fire, and can increase it by several times, or even dozens of times. If I do not have this sword technique, I can only use other techniques, but most of them can only display two to three times more." Chen Xiang said.

Although the Meteor immortal power was strong, it was only for the kind of weak power from before, and the Frenzy sword method was created for the World Defying Stage Fierce Power and Sun madness fire.

As for who started it, Chen Xiang could guess that it must have been the Super Yang Old Ancestor!

"This is really an amazing sword art. I need to practice it well." Chen Xiang said: "But now is not the time, after all, I took her Sword blood, I have to help her."

Chen Xiang was someone who would repay favors and favors. He thought for a moment, then released a few of the Sun madness fire s. He took out some other medicinal ingredients, and even some Strong strength Dan s.

"If a large number of Sun madness fire come into contact with the Sword blood, they will erupt, and their quality will improve, and they will erupt with a very strong power. If they are not controlled in time, their lives will be in danger." Chen Xiang said: "So I plan to first let a bit of Sun madness fire enter her body, and then observe her body. If there is any effect, I will refine a lot of these pills for her to eat on time."

On one hand, Strong strength Dan could replenish their World Defying Stage Fierce Power and strengthen their body. On the other hand, it was very useful to the weak Bai Xuelan to refine a strand of Sun madness fire into his Strong strength Dan.

Refining this kind of pill was extremely easy, because he already had the ability of a Strong strength Dan, he only needed to focus on refining the World Defying Stage Fierce Soul into the pill.

In just half a day, he managed to refine more than ten pills.

"Alright, you can leave now. It should be morning by now!" kept the Time Domain and walked out of the secret room, entering the courtyard. and Bai Xuelan were present as well. He also saw a few elders pouring energy into Bai Xuelan's body, which could maintain Bai Xuelan's body and suppress the situation in her body.

"Master Long, what pill did you concoct last night? It caused such a stir!" Bai Ximing was extremely curious.

"I might be able to use the pill again." Chen Xiang took out a Strong strength Dan.

When Bai Ximing and the other elders saw this, they frowned.

"Isn't that the Strong strength Dan?" Bai Ximing could recognize this pill.

"This is no ordinary Strong strength Dan." Chen Xiang laughed, then handed it over to Bai Xuelan and said, "Try it, it might not have any effect on you."

Bai Ximing didn't dare believe it, because no matter how he looked at it, it looked like a Strong strength Dan.

"She had eaten quite a few Strong strength Dan s before, but ..." Bai Ximing was still puzzled.

"I've passed. This is no ordinary Strong strength Dan." Although it was only a tiny bit, it was able to change Bai Xuelan's current constitution.

[Chapter 3215](#)

Chen Xiang's body had undergone a huge change, but Bai Ximing and the others could not see it, and were fortunate that they were unable to do so, if they knew that Chen Xiang suddenly had a Sword blood, who knew what kind of expression they would have.

Bai Xuelan rarely spoke, and she wanted to do so very much. It was just that because her body wasn't good, she would frequently be in an uncomfortable state, so she didn't even open her mouth to say anything.

Bai Xuelan looked at Chen Xiang, at that moment Chen Xiang had already turned into a handsome young man with a head full of white hair, which made her feel extremely surprised, but Chen Xiang's outfit, was indeed that of a master.

Since she was young, she had frequently consumed all kinds of pills. She had even eaten all kinds that were poisonous, and although it had no effect, in order to cure her, she was not afraid of anything.

After Chen Xiang saw that she had eaten, he stood at the side and observed her carefully, staring at her haggard but extremely beautiful face.

Very quickly, Bai Xuelan's face changed. Previously, her face was pale, but now there was a tinge of blood on it.

Bai Ximing saw it, and the other elders saw it too. They had tried various methods previously, but they just could not let Bai Xuelan's face turn red, furthermore, Bai Xuelan's condition was worsening continuously.

Now, they had only eaten the pellet Chen Xiang had refined, but it had actually undergone such a huge transformation. It was truly unbelievable!

After a short while, a faint blush appeared on Bai Xuelan's beautiful face. Chen Xiang smiled, reached out to touch it, and said.

Bai Xuelan's face became even redder after being touched by Chen Xiang. She slightly lowered her head and used her clear and pleasant voice to say: "Thank you!"

"Dragon ..." Master Long. " Bai Ximing now truly treated Chen Xiang as a master, and his face was filled with respect. Previously, they had used a lot of resources on the Super Yang Realm, but they couldn't let Bai Xuelan have this kind of change.

And now, it was just a Strong strength Dan that Chen Xiang had spent an entire night to refine but such a huge transformation, he was truly impressed to the core.

The other elders of the Bai Family were also the same, they were clearly aware of Bai Xuelan's situation!

"How did you do it?" Bai Ximing asked.

"This is a type of energy that I condensed using the sun. I accumulated it for many years. I mainly used it to strengthen my own flame." Chen Xiang said: "I felt that the energy I gathered would have the same effect as the Sun madness fire, so I tried it out. I didn't expect it to actually work!"

Possessing a Sun madness fire was a very important matter, Chen Xiang definitely could not tell anyone else.

"Is there a lot of that energy?" Bai Ximing asked anxiously.

"Not much..." Chen Xiang shook his head: "But you don't have to worry, this will temporarily alleviate Bai Xuelan's situation. It's enough for me to refine dozens of pills!"

Chen Xiang took out more than ten pills, and said: "Every morning, just take one, and after ten days, I will see how the situation is. At that time, I will not guarantee that your body will recover, and then you can try to use Sword blood's power to change your physique!"

I guess this kind of energy is similar to the Sun madness fire's. However, because you were born a girl and your body was unable to restrain this kind of Yang energy, your body was born a very weak one, unable to cultivate! Now that I am able to temporarily improve the condition of your body, I can give you the chance to cultivate and control the Sword blood. "

Chen Xiang's face was stern, what he said was not a lie.

"Once you can successfully control the Sword blood, you might not need the Sun madness fire anymore. The energy of those Sword blood is as powerful as the Sun madness fire."

After he said those words, Bai Ximing and the other elders were even more shocked. They knew that people who owned Sword blood could release Sun madness fire s or even cultivate Sun madness fire s after cultivating the sword techniques.

They never thought that Chen Xiang, who looked so young, would actually be so powerful, worthy of the title of Master. Now, they understood why the Heavenly Dan Landlord was trying so hard to catch Chen Xiang, and why Chen Xiang was able to win the spirit pellet from this place.

"As for how she will cultivate and control the Sword blood after she recovers, that will depend on you. I believe your Bai Clan definitely has some methods related to it." Chen Xiang said.

Bai Ximing nodded: "Thank you, Master!"

Chen Xiang smiled faintly: "You don't have to be so polite, in fact if I can resolve this situation, it will be a challenge to me personally. I like challenging these kinds of difficult problems the most, if successful, I can also accumulate experience in this area, which will be of great help to me in refining pills in the future!"

Bai Ximing and the other elders looked at each other, they did not know what discussions they had in the past, but Chen Xiang was curious, it was not appropriate for him to ask.

"I'll go out for a walk and check out the situation." Chen Xiang said.

... ..

After Chen Xiang left, Bai Ximing said: "Although his pill techniques are powerful, his cultivation is still weak, and is only at the early stage of the World Defying crazy realm, even at the late stage, if he wants to save Yue Yiran, he will definitely be in danger. I think we should help him."

"Brother, the Alchemist who had a good relationship with our Bai Family previously did not dare to interact with us anymore because he was forced by other families. However, Chen Xiang's Alchemist is an outstanding Alchemist." Chen Xiang had helped her, so of course she had to help Chen Xiang.

"Since all of you have already decided on this, then let's discuss this properly. When the time comes, we should also help him save Yue Yiran. It's just that we don't know what his plan is right now. "

"Does he want to rob Yue Yiran when he appears?"

"If that's the case, it would be very convenient for us to take action. At that time, we might have to put our lives on the line in order to bring Chen Xiang and Yue Yiran away." An old man said.

"How about we use a more gentle method such as buying Yue Yiran and using up all of our Bai Family's wealth?" Bai Ximing said: "If little sister is able to successfully control the Sword blood, even if our Bai Family is temporarily destroyed, we will be able to rebuild it in the future."

The other old men all nodded. Bai Ximing's way was to ensure that no one sacrificed their lives.

... ..

Chen Xiang was wandering outside, he could guess that the Bai Clan was definitely discussing how to help him save Yue Yiran, but he already had a plan, so when the time came, he would use his own, although he did not know if it would work, if not, he could get the Bai Clan to help him, which would be much safer.

[Chapter 3216](#)

After Chen Xiang walked around outside, he was suddenly filled with admiration for the Heavenly Dan Landlord. Many people actually believed in him because of this big scheme and many people believed that the Heavenly Dan Landlord was the strongest Alchemist in the world.

Chen Xiang's main goal was to save Yue Yiran, he really wanted to expose the Heavenly Dan Landlord, the bragging king, and he couldn't watch any longer. If it was possible, he would definitely not let the Heavenly Dan Landlord off at that time.

"I can't let this guy continue being cocky." Chen Xiang really hated the Heavenly Dan Landlord. If the Heavenly Dan Landlord didn't take Yue Yiran away, he wouldn't have such a thing to do.

Furthermore, the Heavenly Dan Landlord was not aiming at Yue Yiran, but at him. The Heavenly Dan Landlord was extremely jealous that he obtained the pill spirit.

After Chen Xiang went back, Bai Ximing quickly went to look for Chen Xiang and entered his secret room.

"My sister's condition is much better." Bai Ximing laughed: "This is all thanks to you. Otherwise, my sister would never be as happy as she is today."

"You're welcome." Chen Xiang laughed: "When she is completely recovered, it won't be too late to thank me again."

"Dragon ..." Chen Xiang, I will tell you the truth, you are powerful when you concoct pills, but your current cultivation is not high, you should be clear about this! If you are the only one with that power, then it will be very difficult to save Yue Yiran. I have discussed it with the elders within the clan. This was also to rope Chen Xiang in.

Furthermore, he did not want anything to happen to Chen Xiang, because he needed Chen Xiang to help him out in the future since he had not completely recovered yet.

"This... I have my own plans, and I'm not planning to rob you. " Chen Xiang said: "Of course, the details can only be implemented at that time."

"How about this, we're also prepared. If you can't handle it, we'll help you." Bai Ximing said: "Even so, we still have two things to prepare, there's no mistake."

"Very well. At that time, if it is not possible, I will inform all of you. I shall thank you here first." Chen Xiang said.

With the help of the Bai Clan, he could relax a lot. At the very least, after his plan failed, there would still be the Bai Clan.

... ..

Two days had passed and the auction was held as scheduled. Bai Xuelan's complexion was much better now, and could no longer see how weak her state was before. She had been skipping in the courtyard for two days, and she had already started cultivating.

Chen Xiang never thought that his own Strong strength Dan would have such an effect. Bai Xuelan had only taken three pills, and he had already recovered so well.

There were a lot of people in the auction, but Bai Xuelan did not come. It was because Bai Ximing did not want others to know that she was getting better.

Bai Xuelan was extremely important to the Bai Clan. If the hostile forces of the Bai Clan knew about this, they would not hesitate to take action against Bai Xuelan, and the Bai Clan had already made a decision, after they returned, they would make the Bai Clan stay low profile for a period of time, or even hide themselves. Once Bai Xuelan became strong, their Bai Clan would come back again, and kill all the people who had bullied and bullied them back then.

Chen Xiang, Bai Ximing and a few other elders had only come here, the auction was only a part of the gathering, many people did not come, because the things that were being auctioned were already not suitable for them.

The auction had already started, the people who were auctioning were mainly the pills, since this was the Heavenly Dan Mountain Villa, all of these pills were taken out by the Heavenly Dan Landlord to be auctioned.

It was just that Chen Xiang did not expect that it would be used in the auction with the Myriad Tao Divine Soil as the currency.

"When we were in the Super Yang Realm, we did the same thing. We used the Myriad Tao Divine Soil to buy precious things." Bai Ximing said: "It's just that the items auctioned are not considered rare."

Chen Xiang nodded his head, the pill that he had just sold could only be sold for two or three taels of Myriad Tao Divine Soil, if it was something good, he would be able to compete for a few dozen taels of silver, but this kind of situation was extremely rare.

Chen Xiang felt that if he tried, he would definitely be able to buy Yue Yiran, but he didn't want Heavenly Dan Landlord to have so many Myriad Tao Divine Soil, so he had to think of another way.

"The next item we are auctioning is the same person. I believe everyone should already know about it." Heavenly Dan Landlord who was suddenly on stage shouted.

When the crowd saw him on stage, they all applauded and cheered.

When Chen Xiang saw this face, a wave of disgust arose in his heart. He really wanted to walk forward and ruthlessly stomp on her.

Yue Yiran had already been dragged out. When Chen Xiang saw Yue Yiran, his body trembled slightly.

Although this Yue Yiran was once a highly respected Alchemist, he joined hands with a human to obtain the pill spirit that I refined. He cheated during the competition and used unfair means to obtain my pill spirit. Luckily, I found out later on and caught him.

Everyone here knew what level Yue Yiran was at, this was a very strong Alchemist, and after they bought it, they would even be able to give them instructions, it was definitely worth buying.

"What's your plan?" Bai Ximing whispered to Chen Xiang.

"Wait!" Chen Xiang was still considering.

Yue Yiran was placed on an array disc, trapped by the strong array disc, unable to come out, but Chen Xiang was not worried, he felt that he would definitely be able to get Yue Yiran out.

The Heavenly Dan Landlord laughed: "Yue Yiran's starting price huh ... Ten taels of Myriad Tao Divine Soil. "

Just as he finished speaking, Chen Xiang stood up and said: "Heavenly Dan Landlord, I'm getting a little impatient, can you hurry up and auction your spirit pellet?"

Bai Ximing was startled, but he did not know what Chen Xiang was planning.

Seeing Chen Xiang's attire, the Heavenly Dan Landlord did not dare look at him, and smiled: "Please wait!"

"I'm impatient." Chen Xiang finished and took out a big bag filled with Myriad Tao Divine Soil. When everyone saw it, they were shocked.

This number of Myriad Tao Divine Soil s made many of the Super Yang Divine Race present extremely jealous.

The Myriad Tao Divine Soil in Chen Xiang's hands weighed more than a few dozen kilograms, that was a few hundred taels!

The families of the Super Yang Divine Race that were present had at most a hundred taels of silver, but this mysterious person had so many Myriad Tao Divine Soil s in his hands.

Heavenly Dan Landlord was ecstatic, and he chuckled: "Since that's the case, then I will change it temporarily, and auction the pill spirit first."

He also needed Myriad Tao Divine Soil very much. Otherwise, he wouldn't have held this kind of auction, and even more so, wouldn't have lied and tricked so many families from Super Yang Divine Race.

"Heavenly Dan Landlord, how about this, when we auction the pill spirit, add Yue Yiran in as well. Whoever buys the pill spirit will get Yue Yiran. Chen Xiang said.

[Chapter 3217](#)

Seeing that Chen Xiang had so many Myriad Tao Divine Soil, Heavenly Dan Landlord immediately nodded his head and laughed: "Alright, let's sell it together!"

He also felt that this was a good idea. In this way, it would be even more attractive and it would be equivalent to buying a pill spirit to send to a servant for pill forging.

"This is the Pill Spirit, the Fierce-transformation Dan Spirit." The Heavenly Dan Landlord said: "Since the Huakuan Dan were able to refine it, everyone should have a good understanding of it."

The Heavenly Dan Landlord himself had a Fierce-transformation Dan Spirit, he had shown it to everyone before.

Chen Xiang asked: "Heavenly Dan Landlord, do you have any way to prove this pill spirit is real?"

When Chen Xiang saw this pill spirit, he was extremely happy. However, he did not expect that Heavenly Dan Landlord would actually bring out a fake pill spirit, which he could immediately see through.

This was because when he used the Dao heart Eye to check, he couldn't see anything. If it was a real pill spirit, he could directly use the Dao heart Eye to see a ball of golden mist.

Chen Xiang guessed that this Heavenly Dan Landlord must have left just because he wanted to obtain a ticket back. If he obtained a large number of Myriad Tao Divine Soil, and adding his current strength, he would be able to survive if he went over the Myriad Tao.

Seeing Chen Xiang's question, Heavenly Dan Landlord laughed: "My Heavenly Dan Landlord never lies, how do I prove it? 'Ow? "I still don't have a good idea, but I can guarantee that this pill spirit is real!"

"Alright, let's begin." Chen Xiang did not continue the investigation, which made the Heavenly Dan Landlord heave a sigh of relief.

Heavenly Dan Landlord personally hosting the auction, he shouted, "Now you can bid, the highest bidder will bid."

Chen Xiang immediately shouted, "I will leave the Myriad Tao Divine Soil s for a hundred."

When the crowd saw his tone, they knew that he was determined to win. The people who wanted to bid immediately gave up. No matter what, they would not be able to compete with him.

Of course, they also wanted to make a malicious bid to let Chen Xiang have a bit more Myriad Tao Divine Soil, but they did not dare, because they were worried that if Chen Xiang suddenly did not want it, they would not be able to take responsibility for it.

If it was before, Heavenly Dan Landlord would definitely feel that these hundred or so Myriad Tao Divine Soil s were very satisfied, but when he saw that Chen Xiang had quite a few Myriad Tao Divine Soil s in his hands, he felt that it was not enough.

"One hundred and ten taels." an old man shouted.

"One hundred and fifty!" Chen Xiang very generously increased the bid, causing everyone to take a deep breath. It could be seen how much this person hoped to obtain a pill spirit.

"One hundred and sixty." The old man shouted.

"Two hundred." Chen Xiang did not even blink.

At this time, the Heavenly Dan Landlord did not dare to continue raising the price, he immediately had the old man stop, he was afraid that he would scare Chen Xiang away, at that time they would miss this chance, and the losses would not even be worth it.

"Alright, it's yours now!" Heavenly Dan Landlord waited for a while, but before he could make another bid, he shouted loudly.

Chen Xiang anxiously walked up and released the Six Realms mirrors.

Seeing this, Heavenly Dan Landlord's face was full of shock, and asked: "What are you doing?"

"This is the Myriad Tao Divine Soil, take it." Chen Xiang passed two hundred Myriad Tao Divine Soil s to the Heavenly Dan Landlord.

He did not know what Chen Xiang wanted to do, and he was a little worried at this moment. This was because his spirit pellet was fake, and Chen Xiang was able to take out so many Myriad Tao Divine Soil s, he was definitely not an ordinary person.

"Is this Myriad Tao Divine Soil for real?" Chen Xiang asked.

"It's true!" Heavenly Dan Landlord had also seen Myriad Tao Divine Soil before.

"Alright, you can give me the pill spirit now." Chen Xiang said.

The Heavenly Dan Landlord gave the pill spirit to Chen Xiang and laughed: "You are really cautious, afraid that people will try to steal it. That's why I sent out an array disc, creating a strong barrier to protect you."

After Chen Xiang received the pill spirit, he smiled slightly. "Not bad!"

"This person is mine, right?" Chen Xiang looked at Yue Yiran and said.

"Take it away!" The Heavenly Dan Landlord laughed: Do you want me to help you get the Master-servant Contract?

"No need!" After Chen Xiang finished speaking, he immediately kept Yue Yiran inside the You Yao Mountain Villa.

Just as Heavenly Dan Landlord heaved a sigh of relief, Chen Xiang asked again, "How do I use this pill spirit? I'm going to use it here. I hope you won't lie to me. "

Heavenly Dan Landlord felt a chill run down his spine. This pill spirit was fake, if he used it on the spot, it would definitely be exposed.

Bai Ximing who was watching from below suddenly understood Chen Xiang's plan. Previously, Chen Xiang had asked Heavenly Dan Landlord whether this pill spirit was real, and if he could use it on the spot, it was clear that Chen Xiang had already determined that the pill spirit was fake.

If the Heavenly Dan Landlord was exposed here, then the Heavenly Dan Landlord would not be able to take away the Myriad Tao Divine Soil.

Heavenly Dan Landlord was already trapped inside the barrier by Chen Xiang, and it wasn't easy for him to escape, but Chen Xiang had already walked out of the barrier.

Heavenly Dan Landlord tried to break through the barrier but he found that it was too strong and he couldn't break through it at all.

"Tell me quickly, I already gave the Myriad Tao Divine Soil to you." Chen Xiang said: "I am going to use this pill spirit now, and I do not wish it to be fake!"

"Please forgive me for using this method, because I have a problem with not trusting anyone."

Heavenly Dan Landlord trembled again. If he was found out that this pill spirit was fake, he would be done for, but he was trapped inside Chen Xiang's array disc, so only the person who used the array disc to break it would be able to, and if he forced it open, the people inside would be severely injured.

Inside the You Yao Mountain Villa, Chen Xiang had already released Yue Yiran, but he was safe and sound. He knew that the person who had saved him was Chen Xiang, and now, he understood Chen Xiang's plan.

"Use your blood to permeate the blood into the pill spirit, and form a baby inside the pill spirit." An old man at the auction said. This was the method to use a pill spirit, and the old Alchemist knew it.

"Thank you!" After Chen Xiang finished speaking, he immediately poured his blood into the pill spirit.

At this moment, everyone was looking carefully. Being able to see someone using a pill spirit was also a very rare thing. Everyone was also very curious about the birth of a pill spirit.

However, just as Chen Xiang was about to inject his blood, the pill spirit suddenly cracked and fell to the ground.

When everyone saw the fragments, they all turned pale with fright. All of them frowned when they saw the transparent crystal core, because it was a very common material.

The people here were all sly foxes. When they saw those crystals, they immediately realized that this pill spirit was fake!

Thinking back to Heavenly Dan Landlord's various bragging, they suddenly realized that this Heavenly Dan Landlord was a big liar.

"This is fake!" Chen Xiang was instantly enraged and coldly said to the Heavenly Dan Landlord: "You're a good Heavenly Dan Landlord, you're actually a scammer, quickly give the Myriad Tao Divine Soil back to me."

Initially, everything was going smoothly, but unexpectedly, they met with such a thorn in their side.

[Chapter 3218](#)

Those who wanted to buy a pill spirit felt their backs turn cold. If they bought it and found out that it was fake when they used it, Heavenly Dan Landlord would definitely refuse to admit it when they visit

him. Furthermore, with the prestige of the Heavenly Dan Landlord, they would definitely not dare to offend him, so in the end, they could only grit their teeth and swallow their anger.

"Heavenly Dan Landlord, give us an explanation!" An old man shouted, "You actually used fake goods to deceive us. If you don't make things clear, don't blame us for this."

The feeling of being tricked was not good. Everyone present was very angry.

Many people were secretly blaming themselves for being careless. They had almost been deceived, and now they understood that the person who possessed so many Myriad Tao Divine Soil s was not stupid like them. If he was stupid, there wouldn't be so many Myriad Tao Divine Soil s.

"He changed the contract." Heavenly Dan Landlord said angrily: "Just what kind of ulterior motive do you have for using such despicable methods to slander me?"

The Heavenly Dan Landlord was furious, he was still continuously attacking the barrier, but to no avail. The array formation released by Chen Xiang's Six Realms mirrors was extremely strong, it had all been modified by Feng Ke'er.

"Humph!" Chen Xiang merely snorted, "Whether or not I switched it or not, everyone can see that. You better not admit it, or else, if you give the Myriad Tao Divine Soil back to me, I can let bygones be bygones."

Heavenly Dan Landlord sneered: "Your technique is so profound, of course no one present could tell that I had personally refined the pill spirit myself. "I have a pill spirit, he's right there!"

"Alright, if you are able to refine a pill on the spot, it would be my fault. Furthermore, I will give you two hundred more Myriad Tao Divine Soil s as compensation." Chen Xiang said in a cold voice, "If you are unable to refine it, then I will kill you. At most, I won't take the Myriad Tao Divine Soil in your hands anymore."

Chen Xiang did not lack that little bit of Myriad Tao Divine Soil. If he could kill this Heavenly Dan Landlord, wasting that little bit of Myriad Tao Divine Soil would not mean anything to him.

Heavenly Dan Landlord was shocked, he never thought that Chen Xiang would actually be so ruthless.

"You ... "Pill spirit is not something that can be refined so easily." Heavenly Dan Landlord bellowed: "Do you think alchemy is easy to refine? "It's impossible to refine it in a few hundred years. You actually harmed me in such a way. What kind of grudge do I have with you?!"

"I will need five hundred years to refine a pill spirit. Can everyone here afford to wait?" Can you afford to wait? I am willing to refine it, but no one is willing to wait. "

Chen Xiang and Heavenly Dan Landlord had a huge grudge, but he would not admit his identity here.

"I have the Time array, so I can shorten the time needed to go out. It will only take around seven to eight days for five hundred years to pass inside the formation plate." Chen Xiang said: "Seven or eight days, everyone can still afford to wait."

Bai Ximing shouted: "Heavenly Dan Landlord, just concoct then, I'm already willing to waste a lot of resources to open the Time array, and you also said that you are willing to concoct it, for seven or eight days, we can all wait."

Everyone nodded their heads. To them, seven or eight days was nothing. What they were more concerned about was that Chen Xiang really wanted to use the Time array.

"Are you ready?" Chen Xiang looked at Heavenly Dan Landlord and laughed coldly.

Heavenly Dan Landlord kept on cursing in his heart. He really did not know why he would meet such a person, but he could not blame others for it. After all, he was the one who was selling fake elixirs, and he himself did not know how to refine them.

"If you still don't return the Myriad Tao Divine Soil to me, don't blame me for killing you." Chen Xiang's voice was filled with killing intent, he then took out a shovel.

When Refiner saw his shovel, he shouted in shock, "The shovel in his hand was crafted by Myriad Tao Divine Soil!"

When the crowd heard this, they burst into an uproar. Someone had actually used the Myriad Tao Divine Soil to refine such a shovel.

Bai Ximing and a few other elders of the Bai Family knew that Chen Xiang even had Myriad Tao Divine Soil Crystals, so he definitely had a lot of Myriad Tao Divine Soil s.

"I will do it dozens of times. If you don't give me a shovel, I will kill you." Chen Xiang held the spade tightly, he felt that this spade would not kill Heavenly Dan Landlord, it would take him at least three or four times.

Heavenly Dan Landlord was so angry that the muscles on his face twitched. He, a dignified Heavenly Dan Landlord, actually died under a shovel?

"Consider it my bad luck, I'll return it to you!" Heavenly Dan Landlord took out the Myriad Tao Divine Soil and said, "As long as I return the Myriad Tao Divine Soil to you, you won't kill me. This is what you said, right?"

"Yes, I promised you in front of so many people. You can rest assured." Chen Xiang said with a serious face.

"Everyone heard, if he attacks, my Heavenly Dan Mountain Villa's people will not let you go." Heavenly Dan Landlord looked at the elders at the side, all of them were powerful, but Chen Xiang was not afraid at all.

The Heavenly Dan Landlord passed the Myriad Tao Divine Soil over to Chen Xiang, and when Chen Xiang received it, he smiled sinisterly, causing his entire body to tremble.

"Hurry up and remove the formation plate." Heavenly Dan Landlord anxiously shouted: "Also, return Yue Yiran to me, we have not succeeded in this transaction, and Yue Yiran is also within the transaction range, I have already returned him to your Myriad Tao Divine Soil, so you must return the slave back to me."

"As you wish!" Chen Xiang released Yue Yiran, who was holding onto a shovel, the kind that was refined using the Myriad Tao Divine Soil.

Yue Yiran entered the enchantment, immediately waved the shovel in his hand, and quickly attacked the Groundless Lord.

Yue Yiran had been holding back his anger for a long time, and now that he had the chance to take action, he was risking his life.

Heavenly Dan Landlord never thought that Chen Xiang would actually return Yue Yiran to him like this, and even gave him a weapon that was refined by Myriad Tao Divine Soil.

Yue Yiran was originally very strong, and with the weapons refined by the Myriad Tao Divine Soil in his hands, he could become even more powerful.

Just as Heavenly Dan Landlord took out a sword to block, he was interrupted by Yue Yiran.

"Bastard, go to hell!" The spade in Yue Yiran's hand swept through everything, and a good piece of meat was already dug out, Heavenly Dan Landlord's body was already covered in wounds.

"You all ... "You all..." Heavenly Dan Landlord suddenly felt that Yue Yiran and Chen Xiang knew each other, and when he wanted to say it out, Yue Yiran had already swung the shovel in his hand and cut off Heavenly Dan Landlord's neck.

Heavenly Dan Landlord died under a shovel in the end!

Everyone was at a loss whether to laugh or cry. They were all very strong just like Yue Yiran, but the battle ended so quickly, and Heavenly Dan Landlord did not even release his strength, and he died by the blade.

"I promised not to kill him. I've already done it." Chen Xiang snorted, looked at the few elders who wanted to take action, he kept the array disc, and Yue Yiran was already behind him.

Everyone was afraid of the spade that was still bleeding. It was crafted by the Myriad Tao Divine Soil, and was many times stronger than the beautiful Divine Weapons in their hands.

[Chapter 3219](#)

After the Heavenly Dan Landlord was destroyed, the experts of the Heavenly Dan Mountain Villa did not dare to act rashly, because they all thought that Chen Xiang was extremely strong, otherwise, they would not have been able to have so many of them.

Be it in the Heaven Old Super Realm or the Super Yang Realm, no one had ever used the Myriad Tao Divine Soil to create a shovel. No one had ever owned so many Myriad Tao Divine Soil.

Chen Xiang returned to Bai Ximing's side and then left with him.

No one here knew Chen Xiang, but there were many who knew him, and among them were Bai Ximing's enemies.

When they saw that Bai Ximing was together with such a mysterious and powerful person, they couldn't help but start to worry secretly, because Chen Xiang had a large number of Myriad Tao Divine Soil in his hands.

Just now, everyone had seen that Yue Yiran's shovel could easily destroy the World Defying Stage Fierce Power's protective shield on the Heavenly Dan Mountain Villa's sword. If he was in a battle, it would be extremely dangerous for him to not have enough power to defend against the divine weapons forged by the Myriad Tao Divine Soil.

After Chen Xiang and Bai Ximing returned, Bai Ximing immediately gathered all the people and prepared to leave the Heavenly Dan Mountain Villa.

"We have already received a lot of attention, we need to quickly leave the Heavenly Dan Mountain Villa." Bai Ximing was extremely vigilant, because when he left the auction place, he saw that many of his enemies were staring at him.

Seeing that he knew such a strong person, their enemies would definitely be very uneasy. They might even make a move, he did not want to implicate Chen Xiang.

The matter of Chen Xiang entering the Heavenly Dan Mountain Villa was settled, and Yue Yiran was saved without a hitch. The Heavenly Dan Mountain Villa also died.

Of course, he had also gained a lot from this trip.

"Do you want to return to the Super Yang Realm?" Chen Xiang asked.

"That's the place we're most familiar with. Of course, we have to go back." Bai Ximing said: "My sister's condition has greatly improved."

"There are a few Strong strength Dan here that I refined in the past two days." Chen Xiang gave him another hundred pills and said, "This should be enough for her to recover. The rest is up to you guys."

"Many thanks!" Bai Ximing was extremely grateful. Not only did Chen Xiang give him over a hundred of those Strong strength Dan, he also gave him a piece of Myriad Tao Divine Soil Crystal.

"There's no need to be so polite. See you again!" Chen Xiang was the first to leave Heavenly Dan Mountain Villa, he was also very eye-catching, since he had many Myriad Tao Divine Soil s at his disposal.

... ..

Walking out of the Heavenly Dan Mountain Villa, Chen Xiang saw more than ten people following him. He sneered on the inside, then teleported away.

"It shouldn't be long before the Bai Family can rise to prominence again. According to the power of the Frenzy sword method, the Bai Family only needs one person who possesses a Sword blood to dominate the entire Super Yang Realm."

After coming out, Yue Yiran said that he had other things to do, and left on his own. Chen Xiang, on the other hand, had returned to the Divine Soil Restricted Area.

Chen Xiang had already entered the Divine Soil Restricted Area, so he didn't need to be so alert. It would be much safer inside.

Inside the Sun God Forest, Chen Xiang came to the middle region where the Super Yang Divine Alter was. It was currently very hot here, because the Spirit of Divine Alter was currently releasing flames to refine weapons.

"How's the progress of my Heavenly magic sword?" Chen Xiang asked, this was a weapon that he liked very much, although he had refined it many times, he still liked to use this name.

"It's about time, Spirit of Divine Alter is really powerful. If it was me, I'm afraid I wouldn't be able to complete it in such a short period of time." Chen Cai said.

Chen Xiang took out the Six Realms mirrors and the Tianchuang furnace, and said: "There are still two things here that you need to refine from the start."

The Spirit of Divine Alter snorted, "You rascal, can't you let us rest?"

"You want to rest even with such a crappy stone?" Chen Xiang laughed and then took out nine Crystal emperor s.

Spirit of Divine Alter never thought that Chen Xiang would have so many Crystal emperor in his hands.

"Brat, you are defying the heavens!" You plan to use so many Crystal emperor to refine Divine Weapons? " Spirit of Divine Alter was very surprised.

"Yes, you two have to help me refine these two things again, and one of the most important is this mirror. While you guys are refining, you can't make any big changes to the inside, I just need to increase the strength of this mirror, and use six Crystal emperor s to make it." Chen Xiang said very seriously.

Six Realms mirrors s were extremely useful. They could be used to support alchemy, to protect themselves, to counter enemies, to ride and fly, to find some old friends, and to set up all sorts of powerful formations.

He had even wanted to use nine Crystal emperor s to refine them, but he was worried that there would be a great deal of difficulty in refining them, hence the difficulty was reduced to six.

Chen Cai didn't have any problems with that, because he had always liked refining and using such high grade materials to refine. The Crystal emperor s with Myriad Tao Divine Soil Crystals were extremely rare and valuable refining materials, and not everyone would have the chance to refine so many Crystal emperor.

"Okay, anyway, I want to see how powerful the things refined with six Crystal emperor are." The Spirit of Divine Alter itself was refined using the Myriad Tao Divine Soil Crystals and Crystal emperor.

"Spirit of Divine Alter, have you heard of the Sun Sword blood?" Chen Xiang felt that the Spirit of Divine Alter would definitely know.

"Of course I've heard of it. The Sun Sword blood is actually the so-called Super Yang Divine Race's berserk battle bloodline." Spirit of Divine Alter said, "This kind of bloodline is extremely rare, and Super Yang Old Ancestor himself also possessed this bloodline back then. It is possible that Super Yang Old

Ancestor sealed this bloodline in order to allow the nine great Super Yang Divine Race to balance out this bloodline, so it did not appear again afterwards."

"Have you ever seen this kind of Sword blood?" Chen Xiang asked again, but the Spirit of Divine Alter was actually unable to tell that he had already grasped the Sword blood.

"Of course I've seen it before. I was refined and created by the Super Yang Old Ancestor, so I have seen the berserk state that the Super Yang Old Ancestor is in. That is very scary." Spirit of Divine Alter suddenly felt very suspicious, "Hey, how did you know about this? Not many people seem to know about the Sword blood, so even if there were, they would already be dead. "

"You're wrong, the Sword blood has already been passed down, and I've even met them." Chen Xiang laughed mischievously, "What's strange is that following the Sword blood's inheritance, there's actually still those three Frenzy sword methods that were obtained along with the Sword blood's awakening."

"What? Where did you see it?" Spirit of Divine Alter was surprised, she almost ran out and asked Chen Xiang.

"A descendant of the sword clan's Bai clan, and one that belongs to a woman." Chen Xiang said.

"On a woman ..." Wasn't this girl destroyed? However, if they used Sun madness fire s to transform it ... However, it's not a problem with your physique. Did you help them? " The Spirit of Divine Alter said.

Chen Xiang told Spirit of Divine Alter about the Bai Family's situation. Spirit of Divine Alter also felt that he could help the Bai Family because if the Bai Family rises again in the future, they would have a very strong ally.

[Chapter 3220](#)

Chen Cai was very serious about refining Chen Xiang's Heavenly magic sword, his furnace had been injected with a large number of violent Sun madness fire, and it was unknown what method Spirit of Divine Alter used to allow Chen Cai to easily control his Sun madness fire.

When he heard about the Sword blood, he was very curious and said: "I also know a bit about the Sword Clan Bai Clan from my inheritance. I heard that those who possess Sword blood all use their own Sword blood to forge swords."

"The reason they are strong is not just because they have mastered Frenzy sword method, because the strength of the Sun Blood Sword that they forged using Sword blood is comparable to a Myriad Tao Divine Soil Crystal. As for the process, I am not too sure, in short, it is from my memory."

The Spirit of Divine Alter sighed, "I never thought that the Super Yang Old Ancestor's Sword blood still survived. Many things were completely different from what the Super Yang Old Ancestor had expected!"

Chen Cai laughed: "Super Yang Old Ancestor has underestimated his own descendant. After all, he more or less does have a little of his very arrogant bloodline, which is why it has exceeded his control."

At that time, the Super Yang Old Ancestor did everything possible to stop his descendants from fighting within the Super Yang Old Ancestor. Even if it was a internal conflict, it couldn't be a internal conflict in the end, and in the end, the Heaven Old Divine Race was still the strongest within the Heaven Old Super Realm.

For the time being, Chen Xiang had kept the fact that he had a Sword blood a secret. He more or less did not want to tell anyone else about it, because he himself felt that it was a very important matter.

In order to refine his own things better, Chen Xiang had used the Time Domain on the Spirit of Divine Alter and Chen Cai.

Chen Cai started to refine his Six Realms mirrors, it was extremely difficult to refine it, it was not easy to melt six Crystal emperor s, and he had to duplicate all of their Spirit grain s on top of them.

There were a lot of Spirit grain above the Six Realms mirrors. Feng Ke'er had said before, there were at least a million of them.

That was why there were so many different kinds of Spirit grain. Since he was refining them now, he would definitely have to copy the other parts of the Spirit grain and then fuse with the important artifact spirit inside the Six Realms mirrors. There were already a variety of things that required a lot of time.

At the same time as Chen Xiang performed the Time Domain, he was also learning that there were many good sword techniques inside that could release very strong Sun madness fire s, which could allow him to unleash a very strong power in battle.

"My hands are really itchy." Chen Xiang looked at the sword techniques inside, he really wanted to try, but he could not do it now.

At this time, the Mei Jing Sisters within the You Yao Mountain Villa had already successfully stepped into the World Defying crazy realm. Among them, only one would have stepped into the World Defying crazy realm.

The World Defying Stage Fierce Soul that Jiang Simei was looking for also came from the World Defying Stage Soul River s of the third floor. It was a World Defying Stage Fierce Soul that possessed the power of regeneration, so it was suitable for them.

Outside of Divine Soil Restricted Area was a large group of people, all of them coming from the Super Yang Divine Race and the Super Yang Divine Race's Venerable family.

... ..

"According to us using a secret technique, the final location of the great master Long is here. Although it is very blurry, but he should be suspicious there." A black-robed old man sneered, "I really didn't expect that the people from the Divine Soil Race would be so arrogant."

"Hmph, the Myriad Tao Divine Soil inside should have been divided equally, but they took it over themselves. They even said that the Super Yang Old Ancestor let them guard it all those years ago, and now they are actually using it to make shovels."

"We must charge in and take back what belongs to us!"

"The Divine Soil Restricted Area's defense is getting stronger and stronger. Why does the hell is this? Could it be that the ancient Super Yang Divine Alter has recovered? "

"It's extremely possible. If it's really like this, then we'll have to trouble you. If the Gu Super Yang Divine Alter is here, then we have no hope at all."

This group of people all wanted to get the Myriad Tao Divine Soil. They knew that there were a lot of Myriad Tao Divine Soil inside, but they couldn't go in now.

Heaven Old Emperor looked at the crowd and said: "All these years, is the only thing you guys have been able to do? Are you afraid of a barrier like this? You still want to get a Myriad Tao Divine Soil? If our Heaven Old Imperial Family is able to enter, then don't ask us too much about our Myriad Tao Divine Soil s. "

"You all ... Do you have a way? " The various families of the Super Yang Realm were all very worried. If the Heaven Old Imperial Family could enter, they could only do so in a hurry.

The Heaven Old Imperial Family had been on this land for many years, so they must have researched it thoroughly. It was possible for them to break the enchantment around the Divine Soil Restricted Area.

Seeing this group of people's face filled with worry, Heaven Old Emperor could not help but sneer.

Back then, it was the Heaven Old Imperial Family that annihilated the entire Divine Soil Race, so they were extremely powerful, but it was only because they neglected it that the Divine Soil Race came back to life. Actually, this was mainly because they did not expect an anomaly like Chen Xiang to appear.

"Of course we have a way." The Heaven Old Emperor said, "However, you must find out who is the master of this Heaven Old Super Realm. Don't think that just because the two realms have merged together, you all have the qualifications to compete for this land."

Heaven Old Emperor had dominated Heaven Old Super Realm for so many years, yet there were suddenly appeared a few aristocratic families whose strength were on par with theirs. This made them a little unhappy, and they were about to tell these aristocratic families that their Heaven Old Imperial Family was still the King.

After Heaven Old Emperor brought his people and left, the rest of the people from the other families were furious and could only return to discuss with the seniors in their families.

... ..

There would always be grudges between these Super Yang Divine Race s, making it a little impossible for them to join hands with each other. It had to be known that within the Ancient Sword Clan, there were already a few factions that had been separated, and this was the case for the Bai Clan of the Sword Clan. They were currently opposed to the other Sword Clans that had the surname of the Ancient Sword Clan.

Chen Xiang was also clear on this point, so he was temporarily not too worried about these Super Yang Divine Race s.

However, Bai Ximing had told him before that he would lose a large number of Myriad Tao Divine Soil sooner or later, because there were simply too many of them.

Chen Xiang used the dual Time Domain, allowing Chen Cai and Spirit of Divine Alter to help him refine the divine artifact more quickly. At this time, a month had already passed outside and Chen Xiang had already obtained the Six Realms mirrors he had refined before.

"In the future, I can use it without worry, haha!" Chen Xiang laughed complacently as he looked at the dazzling Six Realms mirrors.
