

## Dan God 3241

### [Chapter 3241](#)

Based on Ma Jinhong's performance just now, it was hard to not make others look down on him!

"How long has your Thief Race been here?" Chen Xiang asked. He felt it was strange that a person had entered here before, but now, there was actually a large group of people, and they were all very strong.

-

Without sufficient strength, it was impossible to enter this place!

Previously, it was impossible for Chen Xiang to enter, and he still relied on the Purple Yang Excalibur. However, that group of people didn't even need the Purple Yang Excalibur to enter, and they could even enter the Purple Yang Divine Palace.

"I've been inside for a long time, I only came in at the back, but because I accidentally activated the mechanism, I was trapped here. At that time, they were still outside the big 'door' of the Purple Yang Divine Palace." Ma Jinhong said: "In the end, I saw that they used many methods to successfully enter the Purple Yang Divine Palace, and from start to finish, they did not think of saving me, they only told me, that only Purple Yang Excalibur could easily destroy the tiger statue."

This was indeed a tragedy. With this, Chen Xiang could also tell what kind of people the Thief Race and the rest were. If they were so heartless to their own people, then they would definitely not be good people.

"If you agree to sign the blood contract with me, then I will save you." Chen Xiang wanted to safely enter the Purple Yang Divine Palace to search for what he needed.

Saving this person was not a difficult task. If the other party was really able to sign the blood contract, then it would not be a problem for him. This could ensure his safety.

"Come here, I can sign the blood contract with you." The man said. A ball of white light appeared above the tiger statue. This was the contract power. No one knew how he got it from the statue.

Chen Xiang walked over and put away the white ball of multicolored light. He poured the essence into it and checked the contents of the contract to see if there were any problems, then he took out the Purple Yang Excalibur and swiped it towards the tiger stone statue.

Sure enough, the tiger statue was easily sliced open by him, and a golden light burst out from within, followed by a wild laugh.

"Haha, laozi came out, laozi came out!" When Chen Xiang heard this wild laughter, he was extremely worried, even though he had already signed the contract.

Ma Jinhong was a big and sturdy man with a full beard. After he came out and laughed for a while, he suddenly came in front of Chen Xiang and hurriedly kowtowed to him.

"Alright, alright!" Chen Xiang laughed: "Quickly get up, I'm not used to seeing you like this."

Being kowtowed and expressed gratitude to such a tall and sturdy man nonstop, Chen Xiang was not used to it.

"Big brother, if not for you, I might have been imprisoned here for the rest of my life." Ma Jinhong's face was covered in tears. It could be seen how miserable his days trapped inside.

"How did you get in? "That purple sun is quite strong. It doesn't have any ability, but it's still impossible to enter. And there's this big 'door'." Chen Xiang pointed at the big 'door' of the Purple Yang Divine Palace: "They actually managed to enter."

"We all spent a lot of time to make a hole, and it took us a few thousand years to do so. A large team of Thief Race has at least a few thousand people, and all of them are experts, specializing in breaking barriers and so on. They are very skilled in this aspect." Ma Jinhong replied, "It's just right now ... They are all trapped inside. After so many years, I wonder if they are still alive. "

Chen Xiang looked at the big 'door' and smiled: "Won't we know if we go in and take a look?"

That kind of strength made Chen Xiang feel that Ma Jinhong was very strong. If he were to fight with Ma Jinhong, he didn't know if he would be able to win against him.

Ma Jinhong followed behind Chen Xiang and asked: "Big brother, where did you 'get' the Purple Yang Excalibur? We did not manage to find it at all at that time, but now that it is in your hands, what is your relationship with the Super Yang Divine Race? You don't look like a person from the Super Yang Divine Race.

"I got it by chance." Chen Xiang responded to Ma Jinhong with a simple sentence.

Ma Jinhong curled his lips and said: "You can now open this large 'door'. Once the 'door' opens, remember to store the Purple Yang Excalibur immediately. You must do it quickly and not be discovered by the people inside."

Chen Xiang nodded: "I understand!"

When he had first entered this place, he had also put away the Purple Yang Excalibur at the first possible moment.

Chen Xiang stabbed the Purple Yang Excalibur into the hole. After he stabbed in, there was a "clang" sound as the Purple Yang Excalibur automatically rotated a few rounds before slowly opening the big "door".

At this time, Chen Xiang was still holding onto the Purple Yang Excalibur's sword hilt. He tried to discover that the sword hilt was a little loose, then pulled it out and kept it hastily. This way, no one would see anyone seeing that he had the Purple Yang Excalibur.

"Alright, now you have to be careful. I haven't seen the people inside for many years. I wonder if they will recognize me." Ma Jinhong took off his shirt, only to see a golden skull tattooed on his chest, shining brightly.

"This is a tattoo that is unique to our Thief Race. When they see this tattoo, they will know that I am one of them, and at that time, you can just pretend that you are my subordinate. Don't talk too much with them, otherwise, they will suspect you." Ma Jinhong said.

"I got it!" Chen Xiang waited for the big door to slowly open bit by bit. Inside, it was pitch black, Ma Jinhong walked in first while Chen Xiang followed behind.

After the two of them entered, the door quickly closed with a "boom", causing both Chen Xiang and Ma Jinhong to abruptly shake. They did not expect the door that was slowly opening just a moment ago to actually close so quickly.

"Don't worry, you can come out anytime." Ma Jinhong was extremely cautious at the moment as he sent a sound transmission to Chen Xiang.

This place was completely pitch black and he couldn't see anything. Chen Xiang could only carefully move forward with Ma Jinhong.

"There's something ahead!" Ma Jinhong was also from the Thief Race, so he was very sensitive towards enchantments. He quickly discovered that there was something in front.

When Chen Xiang approached, he also noticed that there was a black barrier in front of him. As long as he entered, he would be able to enter another place.

Ma Jinhong nodded to Chen Xiang and said: "Let's go in together!"

Chen Xiang and Ma Jinhong stepped into the black barrier at the same time.

When they opened their eyes, they could already see the situation inside. It was a very spacious stone room ... It should be said that this was a huge plaza. Although it was very large and tall, it was surrounded by stone walls.

"Someone's coming." Ma Jinhong said softly, his expression becoming extremely serious. He had told Chen Xiang before that the people of Thief Race were not good people, so he did not trust the Thief Race very much.

#### [Chapter 3242](#)

Chen Xiang also felt that there were a lot of people approaching him. All of them were very strong, and the pressure they emitted made it difficult for him to breathe, especially the Qi of one of them, it was extremely terrifying. -

Very soon, this group of people appeared within their line of sight. Most of them were middle-aged with a few elders, but these elders weren't very strong. When Chen Xiang saw these people, he did not have a good feeling about them. They did indeed look like bandits, but their faces were filled with rage.

"You are from the Thief Race?" One of them, a middle-aged man who carried a golden machete on his shoulder, asked.

"Yes, my name is Ma Jinhong. When I first came here, because I accidentally touched the mechanism, I was sealed inside a stone statue. Ma Jinhong did this to help Chen Xiang and allow him to safely enter this place. Otherwise, he wouldn't want to see this group of fellows again. He felt that these people could have saved him back then, but they didn't.

It was just that he was worried that there would be one more person and that he would need to share more, so he did not rescue him. Thinking of this, Ma Jinhong became extremely furious, because he had been trapped in that small place for many years.

"Of course I have an impression of him!" The middle-aged man laughed out loud and said, "You must be that unlucky bastard, haha ..."

This made Ma Jinhong even more furious, it was only because of the strength of this group of people that he did not flare up. Although he scolded people so fiercely previously, he was actually a very cowardly person, and this could be seen from the way he knelt and thanked Chen Xiang.

"Now that I'm in Thief King, why aren't you kneeling down when you see me!" The middle aged man waved his golden machete and sneered at Ma Jinhong.

Ma Jinhong said as he furrowed his brows, "Thief King is the strongest among them ..."

"Kneel!" The middle aged man was furious. He suddenly attacked, bending over and used the back of his blade to sweep Ma Jinhong's knee, causing him to kneel down.

"Kneel!" The middle aged man said to Chen Xiang in a cold voice.

Chen Xiang frowned, he was not one to casually kneel to others.

"He's my big brother. It's fine for you to insult me, but if you disrespect him, even if I die, I won't let you off." Ma Jinhong was not only kneeling down now, he was also sprawled on the ground, his head being ruthlessly stepped on by the self-proclaimed middle-aged man as Thief King.

Just now, Chen Xiang saw that there were three big doors on the front and the left and right walls of the square. He did not know what those big doors were either, but he was sure that it led to many places in the Purple Yang Divine Palace.

"He's not someone from the Thief Race. He doesn't need to kneel to the Thief King." When Ma Jinhong saw Thief King walk towards Chen Xiang with a face filled with anger, he started to worry secretly.

"Seems like he has the Purple Yang Excalibur s." The Thief King suddenly stopped and laughed out loud. "Truly, you came without any effort, haha ... I finally got the Purple Yang Excalibur! "

The other Thief Race people were shocked, then their faces were filled with ecstasy as they quickly surrounded Chen Xiang.

"You ..." Ma Jinhong didn't say anything, but the other party still noticed it.

"Don't think I'm an idiot." The Thief King said: "This guy's cultivation is so low, but if he can enter here and even save you, then there's only one possibility, and that is that he has a Purple Yang Excalibur!"

Ma Jinhong roared as he fiercely flew over and tightly hugged the Thief King. He roared at Chen Xiang: "Big Brother, hurry up and leave!"

Chen Xiang was startled, Ma Jinhong's actions were undoubtedly courting death, Ma Jinhong's entire body expanded, the energy in his body was boiling, burning, expanding, it was obvious that he did not want to live!

It made people feel that he was extremely useless. But now, in order to protect Chen Xiang, he went all out to hug Thief King, releasing the energy within his body. He wanted to self-destruct, and die with Thief King.

Chen Xiang took out his Six Realms mirrors and released beams of intense light from it. One ray of light was a temporary seal that locked those people in place, then, he rode his Six Realms mirrors and flew over. He took out his Heavenly magic sword and thrust towards Thief King's head.

Thief King roared angrily, as he released a burst of strong sound waves, trying to stop Chen Xiang from stabbing over. He was currently in Ma Jinhong's embrace with all his strength, and was unable to move at all.

When Chen Xiang pierced the sword, due to the enemy's sudden sound wave, it also caused his power to weaken. However, his Heavenly magic sword still pierced through, piercing into one of Thief King's eye, causing him to scream in pain.

"Come up!" Chen Xiang grabbed Ma Jinhong's arm, and used all his strength to 'get' Ma Jinhong onto the Six Realms mirrors.

At the same time, the other people who were sealed by Chen Xiang had already escaped and attacked. Thief King also used all his strength to strike at Chen Xiang.

The protective shield Chen Xiang's Six Realms mirrors had released was very strong. Even though they had been attacked by so many powerful energies, none of them were affected. It was just that they felt uncomfortable because of the Six Realms mirrors's vibrations.

Chen Xiang controlled the Six Realms mirrors and quickly rushed to the one in the middle of the three giant doors on the left side. The Six Realms mirrors was extremely fast as well and entered it in the blink of an eye.

After entering the 'door', they came to another gigantic stone room. What made them curious was that Ma Jinhong did not chase after them.

"Old Ma, are you alright?" Chen Xiang asked.

"I'm fine!" Ma Jinhong regained his senses at this moment and took a deep breath. He thought that he was finished, and felt that he could only save Chen Xiang at that time.

"Big brother, you're so strong!" Ma Jinhong's face was full of admiration, and he recognized this big brother even more.

Chen Xiang only smiled.

"They are afraid to enter this place, probably because this is the territory of another group of people." Chen Xiang looked around and said.

He couldn't use Spatial Force here, so he needed to be more careful.

"There are only twenty or so of them." Ma Jinhong said: "They have been here for so many years, they should not have been able to obtain anything, and because of this, they formed a disagreement, so they have already split up, and there should be many small groups within."

Just as Chen Xiang finished speaking, many swords flew over.

"Get lost!" Ma Jinhong was very angry, and the swords that flew over were not powerful things either. After jumping out of the Six Realms mirrors, his body trembled, and with a hong sound, he exploded into a wave of berserk Qi waves, causing the flying swords that were flying over to all fall to the ground.

Ma Jinhong was originally angry, but after running away from danger and encountering another threat, he was unable to hold back his anger.

### [Chapter 3243](#)

Chen Xiang and Ma Jinhong never thought that after coming to this stone room, they would meet such an enemy. Without saying anything, they directly attacked them, which made them very angry.

"What kind of scoundrel gives in? Come out right now, I promise I won't beat you to death." Ma Jinhong roared loudly, he was no longer as useless as before, he looked very heroic.

Chen Xiang just found it funny, he guessed that if the person who appeared was strong, this Ma Jinhong might immediately kneel down. However, when he thought back to how Ma Jinhong had risked everything to save him, he was still moved.

"Old Ma, be careful, these guys might be the Thief King's men." Chen Xiang said softly, there were very few people in the previous Thief King, and there were so many people in this stone room, they were all powerful, and only the group of Thief Race could have such strength.

Ma Jinhong obviously knew this, so he was extremely cautious.

Very quickly, around a hundred people appeared around them. Although they were not very strong, they were not weak either, with two Peak of World Defying crazy realm s being the strongest, which was something that Ma Jinhong was unable to handle, furthermore, there were those with lower cultivation realm or higher, and their numbers were not few in number. If they joined forces to fight Ma Jinhong, Ma Jinhong was not his opponent.

When Ma Jinhong saw all these people, he shivered. He never thought that the strength of the people here would be so terrifying, and that there would be so many of them from the very start.

Of course, if he did not have the two Peak of World Defying crazy realm s, he might not have to be afraid, but the two old men from the Peak of World Defying crazy realm were brimming with killing intent that caused Ma Jinhong to be extremely worried.

Chen Xiang didn't have anything to be afraid of, because the Six Realms mirrors was still in his hands. His Six Realms mirrors had a strong defensive power that could block the group's attacks for a while, giving him enough time to escape.

Are you all from the Thief King? Chen Xiang asked.

"Thief King? Don't tell me you guys have grudges with the Thief King? " One of the old man asked with a vigilant look on his face, "Who are you people? This is our Thousand Ancient Sect's territory, you can't just casually come in. You'd better leave immediately, otherwise, don't blame us for using force. "

The old man pointed to a door. Once they went out, it would be a very large plaza, and there would be a very vicious Thief King. He and Ma Jinhong had just escaped from there, and they would not go back.

"Who made this place yours?" Chen Xiang frowned: "This is Purple Yang Divine Palace, it's Super Yang Old Ancestor's territory!"

"Just based on the fact that we came here first, we were able to arrive several tens of thousands of years earlier than you. This is our strength, so we have the qualifications to occupy this place. Quickly leave, otherwise, don't blame us for being ruthless." The old man took out a fork and pointed it at Ma Jinhong.

Ma Jinhong was after all a strong World Defying crazy realm Ranker, he snorted, and grabbed the fork in the air: "I am also from Thief Race, and they are all on the same side, is there a need to be so heartless? The man who claims to be the Thief King outside is trying to kill us all. Isn't it too cruel for you to just throw us out like that?!"

Chen Xiang sighed helplessly. At a time like this, Ma Jinhong actually said such a thing to the other party. Anyone could tell that this group of people were extremely heartless.

"So what? It has nothing to do with us!" The old man sneered: "Who asked you to offend the Thief King, there are nine doors on the walls, and each door is a large plaza. It has long been someone else's territory, and you guys no longer have anywhere to run."

The old man pushed the fork in his hand forward, causing Ma Jinhong to retreat a few steps.

The middle-aged and elderly held half of them, and the others were all youngsters who came to join in the fun. Although the weapons in their hands were all divine weapons, they were all very poor, and only the two Peak of World Defying crazy realm elders had rather good divine tools, with a bit of Myriad Tao Divine Soil inside.

Even if there was a little Myriad Tao Divine Soil inside, in Chen Xiang's eyes, it was still a little lacking.

"Wait, do you want to know why we are being chased by the Thief King?" Chen Xiang suddenly said: "Thief King does not dare to chase us, and is obviously afraid of you guys. How about this, you let the two of us stay, I will give you some things in exchange."

However, if they were to fight with us, both of them would definitely suffer. When that time comes, the other people from the other eight sects will come out together and annihilate us, so that they can split their territory. "Su Yun said in a low voice. The old man said: "We really don't want to provoke Thief King."

The group of people thought that Chen Xiang couldn't give them anything and immediately rejected him.

Chen Xiang took out a small box of Myriad Tao Divine Soil s and said: "If you can make us stay here, I'll give this to you."

The people of Thief Race all came from above Myriad Tao, and were extremely familiar with treasures, so they immediately recognized what it was!

"Myriad Tao Divine Soil!" The old man shouted in shock, his eyes that were half opened suddenly widened, as though flames were about to spew out of his mouth as he stared at the jade case in Chen Xiang's hands.

Chen Xiang quickly put away the jade box and said: "How is it, are you willing?"

Furthermore, this group of Thief Race people had been trapped here for tens of thousands of years. In order to obtain their territory, they had already used up all the Myriad Tao Divine Soil s in their possession.

"Alright!" The old man answered very straightforwardly.

"We want to sign a blood contract. If you chase us out of this area, you will suffer the backlash from the contract." Chen Xiang said: "My request is not too overboard."

"No, we agree!" The two old men were both from the Peak of World Defying crazy realm, so in terms of strength, they could be considered to be at the top. Therefore, they had the power to decide, since Chen Xiang's box of Myriad Tao Divine Soil was not small in number, it was at least two jin in weight!

"Oh right, how many Myriad Tao Divine Soil do you have? We need to first confirm that you won't reduce in number." The old man was also very cautious.

The others watched on from the side with faces full of surprise. Myriad Tao Divine Soil was already a legendary existence in their eyes, and to be able to see it with their own eyes was truly unexpected.

"Two Jin, each of you, one Jin!" Chen Xiang said: "If possible, I will begin to sign the agreement right now!"

There were Crystal emperor inside the Purple Yang Divine Palace, but they didn't know where they were. Right now, Chen Xiang needed to stabilize so he could have a place to stay before he can go look for the treasures inside the Purple Yang Divine Palace.

#### [Chapter 3244](#)

Not long after Chen Xiang entered the Purple Yang Divine Palace, he was noticed by the Thief King. All he knew was that there were nine big doors inside the Purple Yang Divine Palace, and that he was inside one of them.

"Are you sure you want to give two kilograms of Myriad Tao Divine Soil to us?" That old man evidently did not dare believe it. Not mentioning now, even in the past, there were many that could obtain two kilograms of Myriad Tao Divine Soil from Myriad Tao.

Chen Xiang nodded his head, "I will definitely not lie to you. After all, we have to sign a blood contract, if I do not give it to you, I will definitely die from the backlash of the blood contract."

The two old men looked at each other, nodded, and began to sign the blood contract with Chen Xiang. Once they succeeded, they would be able to sign the blood contract with two kilograms of Myriad Tao Divine Soil s.

They had been trapped in the Purple Yang Divine Palace for many years, and there were no resources at all. Therefore, if they were able to obtain a little bit of the Myriad Tao Divine Soil, it would be a huge improvement for them.

Now they were two kilograms of Myriad Tao Divine Soil, how could they not be moved?

Very quickly, they signed a blood contract with Chen Xiang, who immediately gave them the Myriad Tao Divine Soil.

After they had obtained the Myriad Tao Divine Soil, their old face revealed a smile.

Chen Xiang's Myriad Tao Divine Soil was very important to them, they already had these Myriad Tao Divine Soil's words, and that alone would allow them to obtain stronger divine tools. If their strength was the same, then the odds of them winning would be much higher!

"Well, now we can stay here." Ma Jinhong was a little unhappy. He felt that Chen Xiang giving the Myriad Tao Divine Soil to these people was equivalent to feeding a dog.

Ma Jinhong knew that Chen Xiang's Myriad Tao Divine Soil was a good thing, but in order to stay here, he had no choice but to take it out.

This little bit of Myriad Tao Divine Soil was simply nothing to Chen Xiang. He still had a lot of things to take care of, so he would obviously not tell anyone about this matter. Otherwise, given the other party's greed, he would definitely think of ways to get it from him.

"If you have nowhere else to go, why don't you come to our residence?" He was also very curious about the origins of Chen Xiang and her. To think that she could actually own a Myriad Tao Divine Soil and would even be hunted down by one.

He guessed that Chen Xiang and Ma Jinhong must have dug up the Myriad Tao Divine Soil from inside the Purple Yang Divine Palace, which was why Thief King chased after them.

The two elders had their own thoughts, they thought that Chen Xiang still had the Myriad Tao Divine Soil in his hands!

Although there were a lot two kilograms of Myriad Tao Divine Soil s, their greed was not enough to satisfy, unless they were certain that there were no more Myriad Tao Divine Soil on Chen Xiang.

Chen Xiang and Ma Jinhong followed them and chatted casually along the way.

They were also from Thief Race, but when they first came here, because they discovered the ninth door, the thousands of Thief Race people were split into nine factions, and entered the nine gates respectively. This way, as long as treasures were found inside, they would belong to that faction, and would not be able to interfere with each other.

On the other hand, Thief King was the most powerful faction that had been separated from the others. Furthermore, he was certain that the Purple Yang Divine Palace's treasure was in the huge plaza in the middle of it.

The two old men were two brothers. Their eldest brother was Wen Yuan, and their younger brother was Wen Jie. They were one of the thirty Peak of World Defying crazy realms from the group that came in before, so they were considered very strong.

Of course, in the next tens of thousands of years, there were many people that stepped into the World Defying crazy realm. Although they were trapped here, but since they could acquire the World Defying Stage Fierce Power, they could still cultivate in it.

During this period of time, they had asked Chen Xiang where his Myriad Tao Divine Soils came from, but Chen Xiang had only said very vaguely that he had casually dug them up.

After arriving at the Wen Palace, Chen Xiang and Ma Jinhong were arranged to rest in a room.

"Big brother, you gave Myriad Tao Divine Soil to them just like that, what a pity." Ma Jinhong kept this matter in mind.

"It's fine. At least we are safe now." Chen Xiang said.

"I don't think it's that easy. I understand Thief Race very well." Ma Jinhong snorted, "These fellows are definitely discussing how to continue lying to us."

Chen Xiang did not doubt Ma Jinhong's words at all, but he had no other choice at the moment.

This Purple Yang Divine Palace was extremely strange, it looked very empty, and didn't have any treasures, but Chen Xiang firmly believed that there must be something inside.

"If only we can take out the Heavenly magic sword." Chen Xiang only thought about it, he did not dare take it out, if he was discovered, the people here would definitely treat them the way the Thief King did.

Just as Chen Xiang was thinking of a way to explore, there was a sudden knock on the door.

After Chen Xiang went to open the door, he discovered that it was actually an extremely alluring woman.

"Elder Brother Shen, there's some food here that I made personally. Try it." The lady smiled at Chen Xiang charmingly, that smile was so evil that it could captivate souls.

"Many thanks!" Chen Xiang smiled and accepted it.

"You're welcome." The bewitching woman lightly laughed a few times before closing the door and leaving.

Ma Jinhong anxiously walked over, and was about to put a snack in his mouth, but Chen Xiang anxiously gave him a signal with his eyes.

"Be careful!" Chen Xiang gave Ma Jinyin, "When you eat it, remember to wrap the dim sum up with the World Defying Stage Fierce Power, don't let it suffer any damage. We are only pretending to eat the poison inside!"

Chen Xiang was extremely cautious, moreover, he understood poison quite well, he had seen through it with a single glance just now.

"That bitch, I'm going to kill her." Anger raged in Ma Jinhong's heart as he transmitted his voice to Chen Xiang.

"Ignore her, we have important things to do." Chen Xiang sighed, then sat on a chair.

Not long after, the woman knocked on the door again. Chen Xiang opened the door and let her in, she started to get close to Chen Xiang and continued to seduce him. Chen Xiang pretended to be interested in her.

The woman's name was Qiu Yuqing, and she was in the middle stage of the World Defying crazy realm. She said that she was the number one beauty in the Wen Mansion.

"Hey, why aren't you eating these pastries? Is it not delicious? Is there still that much?" Seeing that there were only a few missing, Qiu Yuqing asked.

"It's very delicious, but I'm too full to eat." Ma Jinhong laughed: "Since there's so much left, you should eat it. Don't waste time!"

Ma Jinhong took the pot of pastries and handed it over to Qiu Yuqing.

Chen Xiang also laughed: "Everyone eat together, quickly finish all of these pastries, don't waste Miss's effort!"

Chen Xiang grabbed one of them and passed it to Qiu Yuqing, then he also picked up the other and stuffed it into his mouth.

When Qiu Yuqing saw that Chen Xiang and Ma Jinhong had eaten one, she felt that Chen Xiang and Ma Jinhong had eaten enough. Her expression suddenly turned cold: "The pastry you guys have eaten is poisonous, this poison is extremely powerful, if you cannot get the antidote, you will be in extreme pain!"

#### [Chapter 3245](#)

Chen Xiang didn't know whether it was Qiu Yuqing herself who poisoned her, or if someone ordered her to do so, but that wasn't important anymore. As long as they were poisoned, they would be their enemy.

"Ah, is this true? I'm in so much pain here!" Chen Xiang suddenly held his stomach, and shouted loudly.

When Qiu Yuqing saw it, he sneered.

"Brat, do you know how powerful my poison is? Haha ..." Qiu Yuqing laughed complacently. Seeing her laughing so proudly, Chen Xiang pretended to be in even more pain.

Ma Jinhong reacted and copied Chen Xiang's actions in a hurry, pretending that being poisoned was painful.

"Kid, how many Myriad Tao Divine Soil do you have left? As long as you give it to me, I can give you the antidote." Qiu Yuqing pinched Chen Xiang's handsome face, his entire face was filled with a cold smile, and his coquettish face looked extremely ugly.

"I still have over ten kilograms of Myriad Tao Divine Soil. I'll give all of them to you. Don't kill me, I'm very afraid of death." After Chen Xiang finished speaking, he pretended to be in extreme pain and screamed.

10 Jin!

After Qiu Yuqing heard it, she took a deep breath. If she could obtain it, she would definitely be overjoyed.

"Miss, who told you to do this?" Chen Xiang held onto his stomach, and asked: "The Wen Family brothers promised me, they wouldn't hurt me, why are you ... .."

"It has nothing to do with those two old fellows." Qiu Yuqing sneered: "They think that after obtaining two kilograms, Myriad Tao Divine Soil will be able to defeat Boss Li. They are wrong, haha ... They will lose miserably. "

Chen Xiang never thought that there would be so many schemes and scheming inside this door. He was just surprised for a moment, after all, this kind of thing happen often in fights between great forces, it was very common.

Thief Race had been trapped here for tens of thousands of years. At the beginning, they had tried to work together and leave, but they couldn't succeed in the end. In order to prevent their days from getting bored, they could only fight around everyday to resolve the boring days.

Chen Xiang thought so!

"Bitch, do you really think we've been poisoned!?" Ma Jinhong fiercely jumped up, grabbed Qiu Yuqing's hair and fiercely struck her on the back with his palm: "I'm not poisoned!"

Qiu Yuqing spat out blood after being hit by Ma Jinhong's palm and shouted loudly. She hurriedly struggled out of Ma Jinhong's grasp and rushed out of the door.

At this moment, the Wen brothers arrived.

"Leader Wen, I was kind enough to make them some pastries, but they suspected that I had poisoned them and even spoke ill of them. They even wanted to ... "You even want to molest me." Qiu Yuqing's face was aggrieved, as he sobbed.

Ma Jinhong roared: "Bitch, there's poison in those pastries, if my big brother didn't see through it, we would have been poisoned long ago." After he finished speaking, he realized that Qiu Yuqing had taken the pot of pastries.

"This matter shall end here. Who can bring it up in the future?" His voice was ice-cold, making it hard for others to tell what he was thinking at the moment.

Chen Xiang was extremely calm, he watched as the Wen brothers brought Qiu Yuqing away, and immediately closed the door.

"These fellows..." Chen Xiang snorted: "I underestimated their tricks!"

"Big brother, what's going on?" Ma Jinhong was also confused: "Could it be that there's really no poison in those pastries?"

"Poison!" Of course, this is only a test. Although I had pretended to be poisoned and said that I had a Myriad Tao Divine Soil of ten kilograms, they will definitely believe me. " Chen Xiang said: "Next, they definitely have other methods to deal with us, we will leave right now!"

The Thief Race inside had been bored for tens of thousands of years, they must have had all sorts of ideas to deal with him and Ma Jinhong, if they continued to stay, Chen Xiang dared not guarantee that nothing would go wrong.

Chen Xiang and Ma Jinhong quickly walked out of the room. When they reached the entrance, the Wen brothers suddenly appeared in front of them, and there were over a hundred people stopping them.

"What, we can't leave even if we wanted to?" Ma Jinhong shouted in anger.

"Yes!" Wen Yuan sneered. "The blood contract we signed only said that we won't chase you out and hurt you."

Chen Xiang nodded his head: "That's right, but now we have to leave the Wen Mansion and stroll around casually!"

"This place is extremely dangerous. It's best that you don't casually stroll around. Otherwise, when you die, don't blame us. The reason why we don't let you leave is also for your safety." The Wen brothers thought that although Ma Jinhong was strong, he would definitely not be able to defeat them. On the other hand, although Chen Xiang had the Myriad Tao Divine Soil, his cultivation was too low, and was not their match.

Chen Xiang also saw the seductive and charming Qiu Yuqing, she was standing behind the Wen brothers, sneering at Chen Xiang non-stop.

Just as Chen Xiang was about to take out the Six Realms mirrors and leave, he suddenly sensed that a large wave of aura was approaching.

The Wen brothers also felt it, and their faces turned extremely unsightly.

Very soon, a few dozen people arrived. These people were all burly men, and only one of them was an old man. However, this old man was also tall and sturdy.

"People of the Li Family, what are you doing here?" Wen Yuan was furious. "This is our Wen Mansion's territory. Get away from it!"

"Your Wen Mansion's territory is in the Wen Mansion, and we haven't gone in yet, so this place can't be considered your territory." The leading old man sneered, "I've come to invite these two friends to our Li Residence. We will treat you as distinguished guests, and we will not be the slightest bit slow."

Chen Xiang frowned, this Lee family member who suddenly appeared had this kind of attitude towards them, which surprised both him and Ma Jinhong.

"Bullshit, Li Residence. When that bitch poisoned us, she told us with her own mouth that it was from your Li Residence." Ma Jinhong shouted in anger.

"Brother, you shouldn't believe these words. This woman has a very high status in the Wen family. If she really was a member of our Li family, she would have been killed long ago. She was only trying to sow discord." The Li family elder laughed.

Chen Xiang also nodded his head, the Wen Family might have been worried that they would head to the Li Family in the future, thus they intentionally arranged for Qiu Yuqing to make a move against them, it was just that there were some mistakes, so they did not succeed, and even made Chen Xiang and Ma Jinhong be alert, which was why they were forced to stay behind.

"Alright, let's go to the Li Residence." Chen Xiang laughed: "But now ... It's a bit difficult, they won't let us leave! "

The Li family's old man laughed, "If they don't want you to leave, then we will destroy the Wen family today. No matter what, we will destroy the Wen family and let you out!"

Seeing the old man's resolute attitude, the Wen brothers were secretly surprised. Although Chen Xiang still had a little Myriad Tao Divine Soil on him, he definitely would not let the Li Residence take action against them.

"I'll let you go, the Li Residence is the poorest one here, they don't have anything in their mansion, you guys only know how to drink from the northwest wind, be careful of your Myriad Tao Divine Soil." After that, he let Chen Xiang and Ma Jinhong walk out of the Wen Palace.

#### [Chapter 3246](#)

When Qiu Yuqing saw Chen Xiang passing by, he sneered: "Chen Xiang, you have offended the Thief King, and now you have offended us! Do you know that the Li Residence is also against the Thief King? You better be careful, at that time Thief King might even let us attack you. "

Chen Xiang didn't even look at her, nor did he say anything. He only smiled and walked out of the Wen Palace with Ma Jinhong. This made Qiu Yuqing extremely angry. She thought that she was a beauty, but Chen Xiang was not interested in her at all.

"So is the Wen Mansion." After Ma Jinhong walked out of the Wen Mansion's main entrance, he sneered: "You all don't know how powerful my big brother is, he's not afraid of some Thief King."

Chen Xiang and Ma Jinhong had already arrived beside the old man from the Li family. The people from the Li family were very friendly, although they did not know if he was putting on an act, but at least they gave Chen Xiang a good impression of him.

He thought that there would only be one Wen Family here, but he never thought that there would be several Wen Family Clans here, yet the Wen Family actually wanted to chase Chen Xiang out, this was not a place where the Wen Family could decide.

"My two friends, please!" The Li family's old man was extremely polite.

Just as they were about to leave, there was a sudden cry from the sky and a very large bird suddenly swooped down.

Qiu Yuqing looked at the giant bird and shouted, "This is a member of our Wen Family, do not take action." She was worried that the Lin Family would treat this giant bird as a demonic beast.

The men from the Lee family did not attack nor did they take it seriously. They only raised their heads and looked around before walking down their own path.

"Don't let them leave!" cried the man on the bird in the air, and from his tone it seemed very important.

Just as he finished, the Wen brothers rushed forward and brought the Wen Family and encircled Chen Xiang and the Li Family members, not allowing them to leave.

Chen Xiang frowned, he did not know why he suddenly did not let them leave.

"What are you doing?" The elder from the Lee family said angrily, "Don't tell me you want us to stay as well?"

The Wen brothers did not know why they were staying, but it was because the giant rider had gone out to search for information, and was definitely investigating something related to Chen Xiang.

"That brat has Purple Yang Excalibur s on him, don't let him go!" The man riding the giant bird shouted, "Thief King has allied with many families, prepare to enter and capture that brat."

Chen Xiang was shocked, he anxiously took out his Six Realms mirrors and rode on it with Ma Jinhong, he did not expect the matter to be exposed so quickly!

Chen Xiang had the Purple Yang Excalibur on her body, but this made everyone in the Wen Family shocked, especially Qiu Yuqing, he felt regret in his heart. If she was a little closer to Chen Xiang, maybe Chen Xiang would tell her about this matter, and if they found the Purple Yang Excalibur, they would be able to find the hidden treasury, which was something that they couldn't find in tens of thousands of years.

The old man from the Li family shouted angrily, "He's already a friend of our Li family. If you want to make him stay, then don't blame our Li family for being impolite."

Chen Xiang possessed the Purple Yang Excalibur, and Purple Yang Excalibur were crucial to finding the treasures within the Purple Yang Divine Palace. Most importantly, they were able to bring them out of this damned place.

"Don't fight with them, let's go!" The old man from the Li Clan said to Chen Xiang, who nodded and flew in a certain direction with the men from the Li Clan following closely behind.

The Wen family's people did not know what to do, their strength was about the same as the Li family's, if they fought, both of them would definitely suffer, they did not have the confidence to defeat the Li family, and when the time came, Thief King would bring his men in, and they would be laughed at.

Just like this, while the Wen family was still in a dilemma, the Li family had already left with Chen Xiang.

"It's all your doing!" Wen Yuan said angrily, "This guy is very mysterious to begin with. He doesn't know how to control the flow of water in such a hurry to make a move. Look at the situation now ... "The Li Family got lucky."

Qiu Yuqing gritted his teeth and scolded: "Who knows how cunning this brat is. What do we do now?"

"What should we do? Of course I'm going to the Thief King. If I ally with the Thief King, maybe we will even get some soup. " Wen Yuan grunted.

Chen Xiang and the Li family members kept their distance from the Wen Family as fast as possible.

The old man from the Li family was the patriarch of the Li family, his name was Li Ba. He looked very straightforward, giving off a very heroic vibe, making people not at all wary of him. However, Chen Xiang had already experienced this before, so he was still very cautious.

The Li Residence was indeed very poor. The place was small, and there weren't many people. It seemed to be very weak.

"This is our Li Residence. Although it is a bit shabby, our Li Family members are not as despicable and treacherous as those bastards of the Wen Family." Li Ba laughed: The two of you, if you are tired, you can go rest first, we can discuss business tomorrow!

"I'm not tired!" Chen Xiang said: "Elder Li, is there something urgent that you need to tell me ..."

Li Ba nodded, he waved his hand and let the people who were watching the show return, he wanted to take Chen Xiang to discuss some matters.

Chen Xiang brought Ma Jinhong to a very quiet stone room.

"Little brother, if you don't believe me, I can sign a blood contract with you here first. I promise that I won't do anything that would let you down." What Li Ba wanted to say was very, very important, and he needed Chen Xiang's trust to do it.

"Good!" Even though the Wen family had signed a blood contract with me, they still set me up in the end. At that time, it was only the two of them who promised not to hurt me. " Chen Xiang said: "So now I have to be a bit more cautious, after all, I have already experienced this before."

"That's understandable!" Li Ba nodded, and then signed a blood contract with Chen Xiang, allowing him to feel at ease.

"I, Li Ba, had also entered with the Thief Race back then. It's just that at that time, I was still a relatively weak old man." Li Ba said: "I've met this Brother Ma before."

Ma Jinhong scratched his head and laughed: "But I don't have any effect on you anymore!"

Li Ba laughed out loud: "Because at that time, I was still just a nobody. There were so many people in Thief Race, it's normal that we didn't know each other! It was only after you triggered a mechanism that I had a bit of an impression of you. "

"Elder Li, your Li Clan seems to be slightly different from others." Chen Xiang said. This feeling was very clear, from the moment he entered the Li Residence, he could feel that the atmosphere was different from the others.

"Hehe, this is just for the juniors to live better when they go out in the future. In these tens of thousands of years, I have seen through the essence of our Thief Race, and even we ourselves hate the Thief Race. So, I do not wish for the Li Residence to become a person that we hate."

"That's right, I don't want to be a part of the Thief Race anymore, f \* cking detestable." When Ma Jinhong talked about his own Thief Race, he was filled with anger.

"Let's get down to business!" Li Ba laughed, his expression suddenly becoming serious again: "Little brother, can you let me see the Purple Yang Excalibur?"

### [Chapter 3247](#)

Chen Xiang had already signed the blood contract with Li Ba previously, so he was not worried that Li Ba would attack him now. He took out the Purple Yang Excalibur. The Purple Yang Excalibur's entire body was purple, and when it was injected into the World Defying Stage Fierce Power, it would emit waves of purple light. When Chen Xiang took it out, he only needed to take a glance to confirm that this was the Purple Yang Excalibur.

"This must be the real Purple Yang Excalibur, otherwise Big Bro wouldn't be able to save me." Ma Jinhong laughed.

"Yes, yes, yes... This is a real Purple Yang Excalibur." Li Ba took the Purple Yang Excalibur from Chen Xiang. Although he held it in his hand, he could feel that this Purple Yang Excalibur did not have any spiritual energy, and was trying to struggle free from his hand. It was obvious that this sword did not approve of him, which was why it became like this in his hand.

Li Ba immediately gave the Purple Yang Excalibur back to Chen Xiang.

"Elder Li, what exactly happened?" Chen Xiang urged.

"When you entered the main hall, you should have already seen the huge plaza. That place was occupied by the Thief King." Li Ba said: "As for the rest of our clans, we will separately enter the other nine doors."

Chen Xiang nodded his head: "I see. At first, I also ran to the 'door' closest to me, and it is this place!"

"The place we are at right now is the first floor of the Purple Yang Divine Palace. For many years, we have been unable to break through this floor and have been unable to find a way up." Li Ba said: "There are many times that we have teamed up together to try and break the stone walls, but we have no way of doing so, it is simply too sturdy, the stone walls are even surrounded by the power of the barrier."

"Then how can I get there?" Chen Xiang frowned and asked: "I already have the Purple Yang Excalibur, I know that the Purple Yang Excalibur is the key to Purple Yang Divine Palace, but I don't know if I need to do this."

"I think there might be a 'door' that is hidden here and can only be opened by using Purple Yang Excalibur." Ma Jinhong said.

Li Ba shook his head: "I've searched for many years and have never seen such a 'door' before, but I know how to use the Heavenly magic sword!"

"How do I use it?" Chen Xiang asked.

Li Ba raised a stone tablet on the ground and said, "Over the years, I have carved out a very deep tunnel here, and there are some special areas down there."

"Success, you can come down now!" Chen Xiang said. At this time, the huge stone board below had already turned into a green shining liquid. Chen Xiang and Ma Jinhong floated into the air.

After Li Ba came down, she was also floating.

"The Purple Yang Excalibur is indeed useful!" Li Ba sighed. He had tried many different methods before, but none of them could cause any changes to the stone floor. Currently, Chen Xiang was only using the Purple Yang Excalibur to 'do' some things.

"I wonder what's below us." Ma Jinhong said: "I'll go down and take a look first. After I get down, I'll see if I can come up later!"

Ma Jinhong's courage suddenly increased, and he immediately jumped down.

Chen Xiang and Li Ba waited at the top.

"The Thief King and the rest are here?" Chen Xiang asked.

"Yes, this guy actually teamed up with so many clans. It's clear that he isn't confident in his own strength. This way, they will be absolutely safe." Li Ba said.

"Big brother, you guys can come down now. This is really another place." Ma Jinhong's voice came out from below.

Chen Xiang immediately jumped down.

After he went down, he discovered that he had landed in a magnificent hall. It was here that he had the feeling of being a Purple Yang Divine Palace.

After that, Li Ba brought some people down, there were only around a hundred of them in the Li Family, and more than half of them were youths.

Ma Jinhong looked up, and anxiously said: "Big brother, that wound is still there, can't be sealed?"

Chen Xiang looked to the top of the hall, there was indeed a green spot that was floating there, the big piece was extremely obvious, he anxiously jumped up, and used the Purple Yang Excalibur to stir it a few times, but to no avail.

"Whatever, we have to leave as soon as possible." Chen Xiang released a few hundred Heaven devouring rats, allowing them to scout the surroundings.

"There's a big door there. It might be the big door that left the Purple Yang Divine Palace." Li Ba pointed to the side of the hall. The big door was very big, it looked like a big door.

"Alright!" Chen Xiang anxiously walked over: "I'll try. If you really can leave, you all better leave this place as soon as possible. Thief King and the rest should be able to find this entrance soon."

### [Chapter 3248](#)

Chen Xiang walked to the front of the 'door' and saw a hole. He 'inserted' the Purple Yang Excalibur into it, and 'purple' light exploded out from the 'door' and started floating like a water wave. Chen Xiang controlled a Heaven devouring rat to go out. After the Heaven devouring rat went out, they saw a large

expanse of forest, and there was only a sun in the sky. Obviously, that was not the Heaven Old Super Realm, because there were several suns in the Heaven Old Super Realm.

"What is that place?" Chen Xiang was sure that it was not the Divine Wasteland but he was able to recognize the aura of the Divine Wasteland.

"What a strong World Defying Stage Fierce Power, could it be ... Could it be a world above Myriad Tao? " Chen Xiang's heart trembled, then he told Li Ba what he discovered, "After leaving, you won't be able to enter anymore!"

The Heaven devouring rat that Chen Xiang released could no longer enter right now, and Chen Xiang could only maintain contact with the Heaven devouring rat through the power of space.

"If it's a world above Myriad Tao, then that's not bad. Our Thief Race lived inside it before." Li Ba said, and then began to send people through the 'door'.

All of the Li Family's people left quickly, leaving only Li Ba here!

"Elder Li, you're not leaving?" Chen Xiang said: "They have returned to the Myriad Tao and need you very much. You cannot leave them behind."

"No, they can take care of themselves." Li Ba laughed: "I owe you a favor now, I'll go with you guys, don't worry, I don't need anything!"

Li Ba felt that Chen Xiang and Ma Jinhong's abilities were limited. If he stayed, maybe he could help them.

"Alright!" Chen Xiang had already found a 'door', and quickly walked over. This 'door' did not need any Purple Yang Excalibur to open.

Just as they entered the 'door', a large group of people appeared. Thief King and the others had come!

Chen Xiang had left a few Heaven devouring rat here, so he could see the Thief King and the rest come here as well.

"The big gate should be leaving this place, and the small gate is the entrance to the treasure trove. Let's chase them!" The Thief King quickly found the small door, opened it and chased after it.

At this moment, more than ten thousand people had already arrived at the great hall. Some chose to leave, while only a few experts wanted to continue searching for the location of the treasure.

They had been trapped here for tens of thousands of years, and now that they had finally made some progress, they definitely would not give up.

After Chen Xiang and the rest entered the 'door', they madly ran through a passageway. After reaching the end, they were blocked by a stone door, and there was a hole in the door. Chen Xiang easily opened the door once he stabbed the Purple Yang Excalibur in.

After they entered, they hurriedly closed the stone door.

"This stone door can't stop them for too long." Li Ba said: "The experts from the various great clans in Thief Race, are all experts who destroyed my sect."

Chen Xiang firmly believed in this, otherwise the Thief Race would not have been able to enter the Purple Yang Divine Palace without the help of the Purple Yang Excalibur.

"What is this place?" Ma Jinhong looked around, there was only a single chest here.

Chen Xiang took his Purple Yang Excalibur and walked over, with Ma Jinhong and Ma Jinhong following behind him.

When they approached the light golden box, there was a flash around them and a large light cover appeared, enveloping them.

"This is a barrier." Li Ba was very good at this as well. "Moreover, it's very strong. If you didn't have the Purple Yang Excalibur, as long as we got close, we might have been attacked."

There were no gaps in the light gold box. The lid could not be seen and there were no holes!

Ma Jinhong wanted to carry the box, but just as his hands touched the box, he shouted loudly, and at the same time, a charred smell floated out, only to see that Ma Jinhong's hands had turned into charcoal.

Chen Xiang immediately took out some medicinal liquid and sprayed it on it, allowing Ma Jinhong's hands to gradually recover.

"How deadly!" Ma Jinhong really couldn't think of how to heat such a box up to the point that a layer of skin fell off his hands.

"Who asked you to be so anxious. I originally wanted to let Mouse Man give it a try." Chen Xiang laughed.

Just as Chen Xiang was about to use his Purple Yang Excalibur to hack the golden chest, the stone door suddenly roared and was violently destroyed by someone. The first person who rushed in was Thief King, and his face was covered in blood, while the people behind him were all in a sorry state.

"Charge!" Thief King shouted in anger. When he saw the chest, he knew that there were a lot of treasures inside, but just as he was about to rush over, he was sent flying by the light gold shield.

They didn't have any Purple Yang Excalibur s, so all the traps were activated. On the way, Chen Xiang and the rest all carried Purple Yang Excalibur s, so the three of them were completely fine.

"Haha, you bunch of scum, all of you are just acting like dogs." Ma Jinhong laughed: "What Thief King, in my opinion, it's just bullsh \* t."

Ma Jinhong hated this group of people to the core. Back then, this group of people only watched and didn't do anything, so Ma Jinhong had always kept this in mind.

"Aren't those the two old bastards from the Wen Family? Oh, I've become an old black egg, haha... "And that little bitch called Qiu Yuqing, she was already very ugly. Now that she's been burnt to such a state, I saw her almost puking out every night." Ma Jinhong did not care about his life as he scolded the group of people, causing them to become even more furious and started to smash the barrier.

Chen Xiang did not care about all that at the moment, he had to quickly open the box and take the things inside.

"No way!" Chen Xiang used his Purple Yang Excalibur to hack at the chest, only to be blown away by a strong force.

"Even Purple Yang Excalibur can't do it?" Li Ba carefully looked at the chest, and said: "Try to see if the Purple Yang Excalibur can release a type of flame that can envelop the entire chest, and then cut open the chest."

"I'll try!" Chen Xiang took a deep breath, and poured a large amount of World Defying Stage Fierce Power into the Purple Yang Excalibur. Then, he saw the Purple Yang Excalibur suddenly flash out a fierce purple flame, which wrapped around the sword body.

Chen Xiang immediately used his sword to cut open the upper layer, he wanted to cut out a hole.

After the people outside saw this, they began to fight even more crazily. Although they were very strong, they were all absorbed by the enchantment.

"No, the energy consumption is huge, come help me." Chen Xiang used up all the World Defying Stage Fierce Power in his body in a short while.

Ma Jinhong and Li Ba hurried over and pressed their hands on Chen Xiang's back, pouring their World Defying Stage Fierce Power into his body, allowing Chen Xiang to use the unique purple flame inside the Purple Yang Excalibur to cut open the chest.

"You bastards, those treasures are mine." Thief King knew that the contents of the chest were definitely very precious. Otherwise, they wouldn't have been able to protect themselves so well, but right now, they could only look on helplessly.

...

### [Chapter 3249](#)

Seeing how angry Thief King was, no one dared to make a sound in their hearts. What they were worried about was, if Thief King obtained those things, they wouldn't get some of it. They didn't really believe in Thief King, especially now that they saw him act this way.

They knew very well who the Thief King was, since a long time ago, they already knew who the Thief King was, but at that time, when the Thief King came to look for them, they did not have any other methods, if they did not cooperate with the Thief King, they would definitely be trapped here for the rest of their lives, so even if they did not get anything, they would still accept it. Read the first issue of the novel.

Chen Xiang was still doing his best to use the Purple Yang Excalibur to cut the treasure chest. When he used the Purple Yang Excalibur to control the flames, the consumption was too huge, it was not something that he could handle alone.

Not only Li Ba and Ma Jinhong were sending the World Defying Stage Fierce Power to him, even Feng Ke'er and the Mei Jing Sisters were secretly providing the World Defying Stage Fierce Power to Chen Xiang.

"How much longer?" Li Ba asked.

"I don't know, maybe half a day." Chen Xiang was also extremely anxious at this time, he never thought that such a thing would actually be so difficult to destroy.

He hastily took out the Heavenly magic sword. The Heavenly magic sword had already been refined using a Crystal emperor and looked sharper than the Purple Yang Excalibur, but it was still unable to cut open the box.

"This box has the power of a barrier. Only by using Purple Yang Excalibur can you cut it open." Li Ba had already discerned that Chen Xiang's sword had a Crystal emperor component, but he didn't know how many.

"No wonder!" Chen Xiang could only continue to use the Heavenly magic sword to cut it up.

The Thief King and the rest who were watching from the outside were all discussing how to break the barrier. Right now, they were not too far away from Chen Xiang, but the barrier was too powerful, even if they combined their powers to continuously attack it, they could not damage it in the slightest. Instead, the barrier was still absorbing the energy they had released to maintain its activation.

"Half a day is a bit too long, right?" Ma Jinhong frowned: "I'm worried that these fellows outside will join hands and break it apart. We'll be in trouble then."

"Don't worry, this barrier should be able to hold on for a long period of time. They definitely won't be able to break through it within a short period of time." Li Ba was extremely familiar with these enchantments, he could tell when he first came in.

Chen Xiang was currently focusing on cutting the box with his Purple Yang Excalibur, this box had a layer of extremely strong defensive energy, and the material itself wasn't that strong, it was only made with the materials from Myriad Tao Divine Soil, the strongest part was the Spirit grain carved on the box.

"How did this box come about? It actually has such a strong defensive power." Chen Xiang was very curious about this.

"It should be refined by the Super Yang Old Ancestor, and only he has such strength." Li Ba said: "The Spirit grain used by Super Yang Old Ancestor are all the strongest, and there might be a powerful energy contained within."

Very quickly, half a day had passed and the top layer of the chest was about to be cut open. In this half day, Thief King and the others had never stopped attacking the barrier, but under their constant attacks, the barrier had become a lot weaker.

Before, the barrier could completely absorb the energy from an attack, but now, only half of it had been absorbed. The rest could attack the barrier and cause an explosion, causing the barrier to almost dissipate.

When everyone saw that it was effective, they attacked even more fiercely, especially the Thief King, he fought with his life on the line, he wanted to get the thing inside the box, the Purple Yang Excalibur that was already in Chen Xiang's hands!

"Come up!" Chen Xiang said to Ma Jinhong and Li Ba.

Ma Jinhong and Li Ba had also been shocked by the Crystal emperor s. Chen Xiang had already obtained the most precious treasures of the Purple Yang Excalibur, and Ma Jinhong and Li Ba were happy for Chen Xiang.

However, what they were worried about now was how to leave this place.

After they had boarded the Six Realms mirrors, Chen Xiang looked at the barrier that was about to explode.

"You all ... Hurry and get the Crystal emperor out! "

"Chen Xiang, you will die a horrible death!"

"The Crystal emperor is ours."

"Hurry up and call out, or else I'll tear you into ten thousand pieces!"

The group of Thief Race people outside were enraged when they saw that Chen Xiang had taken the Crystal emperor away. They could only curse at Chen Xiang continuously, but they knew that it was useless.

Chen Xiang looked up at it, then flew up. Using the Purple Yang Excalibur to stab in, the stone board suddenly floated up, like a green light screen. Chen Xiang immediately rode the Six Realms mirrors and rushed up.

...

### [Chapter 3250](#)

After rushing up, they arrived at the golden hall.

"Let's separate here." There was a door at the side of the hall. After entering, he would be able to go up to the Myriad Tao, and Chen Xiang did not plan to go there yet.

"This is for you!" Chen Xiang took out two Crystal emperor s and handed them over to Ma Jinhong and Li Ba.

Ma Jinhong and Li Ba were both stunned, but when Ma Jinhong reacted, he immediately rejected them. He did not dare to accept such a precious thing, since Chen Xiang had saved him and he had not repaid Chen Xiang yet.

Li Ba didn't want it either. The reason was the same as Ma Jinhong, Chen Xiang had helped them before, but they had not repaid his debt to him. Now that Chen Xiang had given them such a precious thing, they felt extremely sorry.

"I don't want it. Take it yourself." Li Ba was about to rush towards the big door.

"Wait!" Chen Xiang immediately pulled him back and gave him a few pieces of Myriad Tao Divine Soil Crystals. Initially, Li Ba did not know what they were, but by the time he had reacted to it, Chen Xiang had already gone over to Ma Jinhong's side and gave him a few pieces of Myriad Tao Divine Soil Crystals.

"Alright, I'm leaving!" Chen Xiang did not lack Myriad Tao Divine Soil Crystals, giving them one was nothing.

Li Ba wanted to reject, but Chen Xiang had already returned to the huge, empty plaza on the first floor. He needed to go back the way he came before he could return to Heaven Old Super Realm.

Thief King and the others had already broken through the barrier and chased after him, but they were all heading towards the Myriad Tao, so they did not know that Chen Xiang was from there.

Chen Xiang very smoothly returned to the Heaven Old Super Realm, and returned there.

Divine Soil Restricted Area was extremely calm, but this kind of calmness made Chen Xiang feel extremely suppressed!

"Spirit of Divine Alter, I'm back!" Chen Xiang said while grinning: "Come to here these past few days, how have you been?"

Chen Xiang's Purple Yang Excalibur was stolen from the Super Yang Divine Lord. If the Super Yang Divine Lord knew that he was cheated, he would definitely go crazy. Right now, he was investigating who did it.

"It's still okay, but as far as I know, the Super Yang Divine Lord has already prepared to attack this place. He already knows that I have recovered, so his fire slave came here to investigate." Spirit of Divine Alter asked: "What about you? Is Purple Yang Divine Palace successful?"

"It went smoothly!" Chen Xiang took out a bag and opened it. There were fifteen Crystal emperor inside!

"So many!" When Chen Cai saw this, his eyeballs almost fell out.

"Indeed!" Spirit of Divine Alter also exclaimed out loud.

"How much do you want?" Before, Spirit of Divine Alter already said that if he wanted to suppress Super Yang Divine Lord, he would need more Crystal emperor.

"I need another five!" Spirit of Divine Alter said, "If it's the kind that you refine, then it needs nine pieces ... The Crystal emperor that you have now, are all quite big, I think five should be enough."

"Alright!" Chen Xiang took out five Crystal emperor s and placed them on the ground. Then, he looked at Chen Cai and smiled.

Without waiting for Chen Cai's reply, he directly gave her a piece of Crystal emperor.

Chen Cai had been forging since the beginning, and he himself also wished to have his own super powerful divine tool. And the best case scenario was that it had been made using a Crystal emperor, although he had already helped Chen Xiang refine a few divine tools using the Crystal emperor, they were all his own and he did not have his own.

"Many thanks!" These weapons were all refined using the Myriad Tao Divine Soil Crystals, so they were all extremely powerful. If they were used to fight with others, they would definitely have a huge advantage.

If Divine Soil Race had been able to make good use of this Sun God Forest that they controlled back then, they wouldn't have been sealed here by the Heaven Old Divine Race.

"The injured Super Yang Divine Lord is currently not very strong, you don't have to worry too much about him." The Spirit of Divine Alter said: "Some Super Yang Divine Races might be stronger than them."

"Yes!" Chen Cai nodded his head, "According to my inherited memories, the Fierce Fighting God is extremely terrifying, especially those that have been nurtured."

"Really?" Chen Xiang had seen the Fierce Fighting God before, there was one in the Bai Family. Although it was strong, it was not as powerful as the ones described by the Spirit of Divine Alter and Chen Cai.

"However, these Gifted Fierce Fighting Gods will usually head for the Myriad Tao. The stage for them to come there is even bigger and the resources are even richer. This is because in the Heaven Old Super Realm, there are very few Myriad Tao Divine Soils." Spirit of Divine Alter said.

"Isn't that enough? Not a few!" Chen Xiang looked at the ground and laughed.

There were indeed many Myriad Tao Divine Soil here, the entire Sun God Forest!

"But they couldn't get it. If they wanted to get the Myriad Tao Divine Soil from here, they would have to pay a huge price, and in the end, they might even lose their lives. They knew this well, that's why they chose to search for the Myriad Tao Divine Soil above." Spirit of Divine Alter said, "But now ... If they knew that there are Crystal emperor here, it is very possible that they would come."

With the Crystal emperor in Chen Xiang's possession, he naturally could not understand his mood. In the eyes of others, the Myriad Tao Divine Soil was extremely precious, but Chen Xiang simply looked down upon it. Even the Myriad Tao Divine Soil Crystal was only barely enough to catch his eye.

"I'll go to Bai Family to take a look." Chen Xiang said: "That Sword Blood of the Bai Family is very strong. If she can grow, she will be of great help to us in the future."

"Give her a piece of Crystal emperor and let her cultivate her own sword of life." The Spirit of Divine Alter said, "The Sword Clan have a rather powerful place, they possess a type of Inherent Skill, which allows them to use some special methods to refine a very powerful divine sword inside their body. If they have good materials, the sword of life that they can condense would not be any worse than the ones refined by a Master Refiner."

Chen Xiang did not think too much about what his Crystal emperor was going to do with it. He was sure that he was not lacking in Crystal emperor's right now, so giving Bai Xuelan a piece would not be a big deal.

The enchantment enveloping the Bai Mansion released a faint white glow. Looking from afar, it looked like it had been covered by a layer of light.

"Did someone else attack the Bai Mansion?" Chen Xiang frowned, he did not dare go near the Bai Mansion at the moment, and carefully observed his surroundings to see if there was anyone outside.

Very quickly, he saw that many people were there, amongst them were people from the Lan Clan, from their blue robes, they were obvious, and the rest were from the Heaven Old Imperial Family, their clothes were easy to recognize.

The Heaven Old Imperial Family was a very powerful Super Yang Divine Race, and now, they had actually joined forces with the Lan Clan to besiege the Bai Family!

Chen Xiang took out the Six Realms mirrors and sent a sound transmission to Bai Ximing.

"Brother Bai, what's the situation now?" Chen Xiang asked.

"Big trouble!" After Bai Ximing heard Chen Xiang's voice, he anxiously said. "Xue Lan is already severely injured, and the enchantment of our Bai Mansion is also continuously consuming the energy of the formation base. Once it is exhausted, they will attack."
