[Chapter 3271](#)

Chen Xiang wasn't the kind of person who would honestly earn wealth, he himself had a heaven-defying talent for pill refining. If he wanted to do that, he would do it without hesitation. 80ebook/- -

Qin Shuang shook his head: "This is impossible, my grandfather had continuously tried it many years ago ... You have also seen the Myriad Tao Divine Soil inside the Divine Soil Restricted Area. Those are all Myriad Tao Divine Soil s that he accumulated after many years of trying. "

The corner of Chen Xiang's mouth twitched. So many Myriad Tao Divine Soil s had all failed to accumulate information, then how many attempts had the Super Yang Old Ancestor made?

"It wasn't just my grandfather who failed, even many of the Refiner s and Alchemist s above Myriad Tao did not succeed." Qin Shuang said: "And only my grandfather grasped the method to quickly refine Myriad Tao Divine Soil s, so the circulation of Myriad Tao Divine Soil s with Sun madness fire inside was prohibited, and those who refine this kind of Myriad Tao Divine Soil s would also be caught and killed."

"Xiao Shuangshuang, artificial Myriad Tao Divine Soil is not allowed to circulate in this place, but can I use weapons refined in this kind of Myriad Tao Divine Soil?" Chen Xiang laughed: "I am definitely unable to detect this kind of weapon!"

"This can't be detected. After refining, all of the Sun madness fire in the Myriad Tao Divine Soil will be released." Qin Shuang nodded his head: "However, there is also a Divine Artifact Hall here, every time Refiner refines a Divine Artifact, they would have to leave a mark in the Divine Artifact Hall, otherwise they would not be able to be sold openly and would become a Black God Artifact." Qin Shuang snorted: "These big powers have calculated everything accurately."

The Divine Black Equipment were the same as the Black Dan, they could only circulate in the black color, and their value would be greatly reduced. 800)

"Also, if we use Black God Equipment in public battle, once we are discovered, it will be very troublesome." Qin Shuang said: "So when you use your divine artifact, you better be careful."

"This is a monopoly!" Chen Xiang was a little angry: "When we go to the God Equipment Hall to brand, do we have to pay Myriad Tao Divine Soil?"

"Yes!" Furthermore, if you want to become a Refiner and obtain the qualifications, the difficulty would be as great as that of a Alchemist. " Qin Shuang said: "In short, those people standing at the very top, do not want the people at the bottom to have it easy to turn the tables. They will think of all sorts of methods to restrict you."

Chen Xiang curled his lips: "It doesn't matter, since I don't have that kind of Myriad Tao Divine Soil, I can still live on like that."

"If you need a High Level Arrogant Core, you'll have to pay a lot of Myriad Tao Divine Soil s." Qin Shuang said.

Chen Xiang thought about it, that was indeed the case. If he wanted to refine a type of pill, he would definitely need to use the Myriad Tao Divine Soil to purchase rare and precious medicinal ingredients. Without that kind of natural Myriad Tao Divine Soil, it would be extremely difficult to obtain.

After thinking about it, he felt that if he wanted to quickly transfer to this place and become a Myriad Tao Divine Soil, he could only go and hunt down the arrogant beasts. No wonder Qin Shuang had chased that Wild thunder tiger ever since, because that would be a fortune.

"What a place!" Chen Xiang curled his lips. "It seems like I can only refine a few more Huakuan Dan and sell them on the black market. Even though I've lost a bit, it's still better than hunting down those arrogant wild beasts."

Only powerful arrogant beasts had value, but this kind of arrogant beast was extremely powerful and difficult to deal with.

Chen Xiang did not want to stay in this city anymore, because this city was only a small and medium-sized city. He wanted to go to those super cities to have a look, and see if he could find a way to earn Myriad Tao Divine Soil s or not.

"Xiao Shuangshuang, let's leave this city." Chen Xiang told Qin Shuang his thoughts.

"Alright, it won't be easy to sell the Wild thunder tiger here. If we go to a large place to sell it, the price would be even better."

After that, Chen Xiang and Qin Shuang arrived at the entrance of the city.

When they arrived at the entrance of the city, they saw many people gathered there. After asking around, they found that this place was sealed!

Qin Shuang frowned and whispered: "We're in trouble."

The only one who had the power to seal the city was the young master from the Soul River Divine Race. Chen Xiang did not expect that this kind of young master would have such great ability, to be able to seal the city just because he said so.

"What should we do?" Chen Xiang whispered to Qin Shuang.

"The Wild thunder tiger is in your hands! Maybe there is something on the Wild thunder tiger that they can track to. " Qin Shuang anxiously said: "You must get rid of the Wild thunder tiger."

Chen Xiang immediately checked inside his own You Yao Mountain Villa. The Wild thunder tiger's corpse was placed in a corner by him, and he had Feng Ke'er inspect it too. As expected, there was a pearl inside the Wild thunder tiger.

"This is it!" When Chen Xiang saw that thing, he immediately used the Sound Transmission Technique to help him.

Qin Shuang immediately brought Chen Xiang to stroll around the city, looking for a place with fewer people.

"They've already sealed the city. Next, they'll definitely search the entire city!" Qin Shuang said: "We must give up the Wild thunder tiger."

"I found something and threw it away." Chen Xiang really couldn't bear to part with his Wild thunder tiger.

"No, for safety's sake, we have to give up on the entire Wild thunder tiger. You must not underestimate the methods of those fellows from Soul River Divine Race." If the city was not sealed now, Qin Shuang would not be this cautious.

Chen Xiang dug a deep pit and buried the Wild thunder tiger's corpse. Then, he asked Feng Ke'er to lay down a barrier.

He threw the other thing on the Wild thunder tiger far away.

Then, they came to the city gate and waited for the city seal to end.

After waiting for an hour, they suddenly heard a piece of news. They actually wanted all the people inside the city to come out and receive their checks, and the people who were checking were the two servants who chased after Qin Shuang.

"Oh no, that young master of the Soul River Divine Race is not an ordinary person. Otherwise, he wouldn't have this kind of power." Qin Shuang's face turned gloomy, he did not know what to do next.

There was already a very spacious area at the entrance of the city. Many people were driven out of hotels or inns for inspection. They were only complaining in their hearts and did not dare to say anything. Otherwise, they would be killed.

"They will definitely recognize you!" Chen Xiang said to Qin Shuang. "There's only one way now, and that is for you to hide inside my Divine Sense Sea World. There's an extremely strong barrier around my Divine Sense Sea World, and they definitely won't be able to detect it."

Qin Shuang nodded, then quickly entered the devoid alley together with Chen Xiang, entering Chen Xiang's Divine Sense Sea World. Chen Xiang placed her in a concealed corner and let Feng Ke'er place a few layers of seals.

Along the way, Chen Xiang passed by the place where the Wild thunder tiger was buried. There wasn't much movement from that place, but he had lost that thing and disappeared.

Chen Xiang came to the city gate to line up, and very soon, it was time to check on him. He smoothly passed, and this made him feel relaxed, he didn't know when the city gate would open, and the city was enveloped by a barrier, unable to fly out.

[Chapter 3272](#)

Chen Xiang stood at the side and waited for the inspection to end, when he suddenly saw a big carriage passing by, this carriage was extremely luxurious, as though it was made of gold, what made him shocked was that the carriage's four wheels were actually refined using Myriad Tao Divine Soil Crystals, and the rest of the carriage used a large amount of Myriad Tao Divine Soil s, so with one look, he could tell that it was a very valuable Divine Equipment.

"The person who killed the Wild thunder tiger is inside. We must find that bastard and show him to the public." It was a man.

"If we don't find that person, we'll seal the city!" Following that, someone in the car added.

The caravan left the city, but left quite a few experts behind.

After checking for a few days, everyone had been inspected. At this moment, everyone began to complain, because they were trapped here, and it was just because a young master's arrogant wild beast was killed!

Although everyone could continue to move about in the city, they could not leave!

Chen Xiang was finally out of danger, and just could not leave.

"What should we do now?" Chen Xiang then came to the place where he had buried the Wild thunder tiger again. He carefully dug out the Wild thunder tiger.

Qin Shuang had already exited the You Yao Mountain Villa, she had heard about the caravan from Chen Xiang, she frowned: "I never thought it would be someone of this level!"

"Awesome?" Chen Xiang said: "That carriage is very powerful, it was made using the Myriad Tao Divine Soil's Crystals."

"This person is very powerful, those who have this kind of carriage are all the people at the top of the Soul River Divine Race, it should be the clan leader's family." Qin Shuang said: "We have to think of a way to leave this place quickly! If we continue to stay here, we will be discovered sooner or later. "

Chen Xiang told Feng Ke'er to come out from You Yao Mountain Villa.

When Qin Shuang saw Chen Xiang suddenly release such a cute little girl, he was also curious: "Is this your pill spirit?"

"Of course not, but she's about the same as a pill spirit." Chen Xiang placed his hand on Feng Ke'er's little head and giggled.

Feng Ke'er stuck out his tongue at him, then moved his hand away, saying: "The great formation that shrouds this city is not easy to break."

Hearing Feng Ke'er's words, Qin Shuang said in shock: "Are you saying that you want her to break through the formation?"

As his granddaughter, Qin Shuang might not be good in terms of pill refining, but she did understand a little bit about it. For example, in terms of array formations, she knew very well that this kind of array was extremely difficult to break.

"I'm fine with it." Feng Ke'er said with complete confidence: "Though it's a little difficult."

Chen Xiang said: "You have to hurry, if we get caught, we will be in big trouble!"

Feng Ke'er laughed: "Don't worry about me! However... It's just that when the time comes, this great formation will completely destroy the city and cause quite a commotion. "

"Whatever. When the time comes, we just need to escape while breaking the formation." Chen Xiang looked at the city walls. They had to get to the top of the city walls first, this was too easy for Chen Xiang.

Deep in the night, Chen Xiang and the other two were at the bottom of the city walls. It was very quiet here, only the walls had people!

Feng Ke'er made Chen Xiang take out the Six Realms mirrors, and then said in a low voice: "The Great City Barrier Formation needs to be maintained by adding energy sources every so often, and when exchanging it for energy sources, it's the weakest. At that time, I'll be able to break through the formation easily! Chen Xiang, bring us to the city wall first! "

Chen Xiang used the Counter Power to make both Feng Ke'er and her invisible body, and then quietly climbed up the city walls with them. Although there were guards on top of them, they were quickly taken care of by Qin Shuang.

As long as the formation was broken, they could jump off the city walls and escape from the city!

Deep in the night, Feng Ke'er sent a sound transmission to Chen Xiang and Qin Shuang: "Are you guys ready yet, I'm preparing to begin!"

"Alright!" Qin Shuang replied.

Feng Ke'er immediately started, not long later, Qin Shuang and Chen Xiang sensed that the big formation that enveloped the city had disappeared, and also produced a very powerful energy wave.

Soon after, a series of loud bell chimes rang out from all directions of the city. The great formation had been broken, and this was a huge matter!

Chen Xiang placed Feng Ke'er inside the You Yao Mountain Villa and continued using the Counter Power to make him and Qin Shuang hide. After that, he jumped down the city wall and arrived outside the city.

"Let's go, they're coming!" Qin Shuang dragged Chen Xiang and quickly ran.

As he was running frantically, Chen Xiang looked behind him and saw the light. He quickly sent a sound transmission to Qin Shuang: "It's that big caravan ... Damn it, how can this thing be so fast! "

The speed of the caravan was extremely fast. In this world where flying was extremely difficult, this kind of speed was extremely terrifying. Moreover, it didn't require a person to expend any strength.

"We'll definitely be caught." Chen Xiang saw the carriage approaching, he was very nervous, but Qin Shuang had already used all his power to run.

Qin Shuang was even more nervous than Chen Xiang now, because she knew just how strong the guy in the carriage was. If they caught up to him now, the consequences would be unthinkable.

"Got it!" Chen Xiang was still holding onto the Six Realms mirrors. He made it bigger, like a wheel, and then said to Qin Shuang: "We will enter the Six Realms mirrors!"

Qin Shuang's eyes lit up. He immediately agreed and then pulled her into the Six Realms mirrors.

There was a very large space inside the Six Realms mirrors, and there were also quite a few of them. Some of them were for Chen Xiang to seal humans or beasts, while some were for him to store some things.

Right now, he was in a room. He could see the situation outside from all sides of the room.

The Six Realms mirrors had already become a wheel, spinning quickly on the ground. Under Chen Xiang's control, it spun extremely quickly, gradually pulling apart from the caravan behind them.

"Hahaha, that caravan is too big, its speed is definitely not faster than mine." Chen Xiang said, while taking out some things, they were all round stones.

"What is this?" Qin Shuang asked.

"This is called an explosive pill, beng!" Chen Xiang threw a few of them out, and calculated the time so that the exploding pills would explode.

Qin Shuang was in her room. Through the wall, she could see the gorgeous RV chasing after her. When she saw the explosion, she couldn't help but laugh because the RV was sent flying and almost flipped over.

Soon, the distance between them and the caravan became wider and wider.

Qin Shuang suddenly felt that even without her, with all these methods, Chen Xiang would still be able to survive.

"I didn't think that Six Realms mirrors could be used like this." If Chen Xiang did not see the rolling wheels on the carriage, he would not have been able to think of this method. The Six Realms mirrors was refined with six Crystal emperor, he felt that it was worth it.

"I think we have completely angered a young master of the Soul River Divine Race." Qin Shuang said, but she was not too worried, rather she felt that it was a bit exciting.

"If I had the strength, I would have killed that guy." Chen Xiang curled his lips, he was not afraid of some Young Master.

[Chapter 3273](#)

Inside the Six Realms mirrors, Chen Xiang felt that it was extremely safe. The Six Realms mirrors was extremely fast, even the carriage belonging to the young master of the Soul River Divine Race was unable to catch up to him. "Hu,"

According to Qin Shuang's guidance, they headed towards a large city. This large city was called Heaven Fire City, and there were a lot of Alchemists and Refiners gathered inside.

Chen Xiang wanted to see the Primordial Demon Pill and the World Defying artifact, so Qin Shuang brought him to this city.

"Even if you eat the Huakuan Dan, it won't be easy to head to the World Defying Stage Soul River." Chen Xiang ate a Huakuan Dan and for some reason, his consciousness could only arrive at the first level of World Defying Stage Soul River. He could not go up any further.

"It has always been like this. The stronger your cultivation, the harder it is for you to head to the higher levels of World Defying Stage Soul River." Qin Shuang said: "Usually, everyone only knows that World Defying Stage Soul River has three floors. But actually, World Defying Stage Soul River has four floors, it's just that it's extremely difficult to go up."

Chen Xiang had already heard that someone had condensed the World Defying Stage Fierce Soul of the fourth floor's World Defying Stage Soul River!

"Have you been there?" Chen Xiang asked, he felt that if he wanted to condense the second World Defying Stage Fierce Soul, it would take a lot of time. First, he would need a period of time to reach the third floor, and then choose a World Defying Stage Fierce Soul from above.

"Of course I've been there before. One of the paths in my World Defying Stage Fierce Fighting Soul was acquired by the fourth floor. Otherwise, I wouldn't be Gifted Fierce Fighting God." Qin Shuang said: "Of course, it's extremely difficult for me to reach the fourth floor, if I were fellows from the Soul River Divine Race, it would be easy, they can even go to the legendary fifth floor, there are legendary Madness souls inside, and they are extremely powerful."

Chen Xiang said in shock: "The fellows from the Soul River Divine Race are really frightening, they can actually easily make it to the fourth floor."

Qin Shuang nodded his head: "Yes, so their strength is the strongest here. Although we have offended them, they do not know our true identity, otherwise we would be in big trouble."

Until now, Qin Shuang was still a little worried in her heart, because once Soul River Divine Race found out their identities, they would be hunted down and hunted down by World Defying Stage Soul River. That was what she was most afraid of.

Above this Myriad Tao, no one dared to offend the Soul River Divine Race. The reason why the Soul River Divine Race was able to stand tall above the Myriad Tao was not only because they were able to enter the fourth floor's World Defying Stage Soul River, but also because they had mastered a powerful Inherent Skill.

"The most powerful thing about the Soul River Divine Race is that they are able to capture the most powerful World Defying Stage Fierce Soul from the World Defying Stage Soul River." Qin Shuang's expression became serious.

To be able to directly capture World Defying Stage Fierce Soul from the World Defying Stage Soul River, if they were able to capture one and sell it, or use it to win over the hearts of people, it would definitely have a great attraction, allowing many strong warriors to work hard for them.

The people of Soul River Divine Race do not lack Myriad Tao Divine Soil, they only lack all kinds of Alchemist! Of course, the Soul River Divine Race also had a lot of competition power, and they often fought amongst themselves, so this kind of thing was not rare in the large clans.

Chen Xiang nodded his head: "Looks like we have offended them, we must be more careful in the future. We definitely cannot let them discover our true identities, if not it would be difficult to take even a single step from now on."

Chen Xiang had already experienced the difficulty of condensing World Defying Stage Fierce Soul s, and even if he ate Huakuan Dan s, it would be impossible. He felt that even if he ate high quality Huakuan Dan s, it would only allow him to go to the second level of World Defying Stage Soul River, and his current goal was to go to the fourth level of World Defying Stage Soul River.

Ever since he knew that there was a World Defying Stage Soul River of the fourth floor, he no longer bothered with the third floor, and his goal was even higher.

"It's impossible for you to only want to eat Huakuan Dan now." Qin Shuang saw that Chen Xiang had eaten a few Huakuan Dan s, and could tell that Chen Xiang was extremely anxious to condense the World Defying Stage Fierce Soul.

"Then what should we do?" Chen Xiang frowned.

"The higher your cultivation is now, the greater the restrictions on you going to the World Defying Stage Soul River. And if you want to break through that level of assistance, you need to increase in all aspects under your current cultivation in order to break through and easily reach the higher levels of the World Defying Stage Soul River."

At that time, he had thought that he would be able to easily cultivate your World Defying Stage Fierce Soul through eating Huakuan Dan s in the future. Although it was possible now, the condensed World Defying Stage Fierce Soul s were not good.

"You have to focus on your own cultivation, strengthening your physical body, and mental strength, because only then will you be able to capture a strong World Defying Stage Fierce Soul when your mental strength is above World Defying Stage Soul River. Otherwise, when you encounter a strong World Defying Stage Fierce Soul to capture, you will discover that your strength is insufficient and you will regret it." Qin Shuang seriously warned Chen Xiang.

"I got it!" Chen Xiang nodded immediately: "That's enough, you can get the World Defying Stage Fierce Fighting Soul from the Purple Yang Excalibur."

"That was mine." Qin Shuang scoffed, "When you are condensing your World Defying Stage Fierce Soul, don't be impatient. You must be able to hold it in and not fuse it until you meet a World Defying Stage Fierce Soul that you are satisfied with. Otherwise, if you want to give up on the World Defying Stage Fierce Soul that you have fused with, you will have to pay a huge price."

"The early formation of the World Defying Stage Fierce Soul will greatly affect your future development, so you must take this to heart."

No one had ever told this to Chen Xiang before. If not for Qin Shuang telling him, he would not have known.

"Thank you, Xiao Shuangshuang." Chen Xiang laughed: "If it wasn't for your reminder, I might have gone too far."

"Just remember my words." Qin Shuang really didn't think that a guy like Chen Xiang would actually not know how to cultivate. She believed that Chen Xiang must have been cultivating in a reckless manner all the way.

Chen Xiang took out a few Myriad Tao Divine Soil s, all of them were taken from Divine Soil Restricted Area s, at that time, he only took around ten thousand kilograms, but he couldn't go back for a while now, so he regretted taking less.

"How do I use Myriad Tao Divine Soil to cultivate?" Chen Xiang asked, the people above Myriad Tao had already discovered the method to use Myriad Tao Divine Soil to strengthen the physical body, but Chen Xiang did not.

"Generally speaking, first you have to buy array discs from a talisman shop. Those array discs can release very strong flames, and then through which kind of flame you can melt Myriad Tao Divine Soil." Qin Shuang said: "Since you can refine Crystal emperor, then you must know how to melt the Myriad Tao Divine Soil right?"

"Of course I understand!" To Chen Xiang, this was a piece of cake.

"If you melt the Myriad Tao Divine Soil into a liquid, then eat it immediately. Then, circulate your energy to refine, and let the melted Myriad Tao Divine Soil flow within your body." Qin Shuang said: "When a melted Myriad Tao Divine Soil flows within its body, its physical body will constantly strengthen."

Chen Xiang frowned, and asked: "Why not refine the Myriad Tao Divine Soil into a pill? The effect should be very good! Myriad Tao Divine Soil Pellet, this is a really good idea! "

[Chapter 3274](#)

Qin Shuang shook his head: "Previously, many Alchemist s thought it was possible, but after they took great pains to refine Myriad Tao Divine Soil into a pill, they realized that once Myriad Tao Divine Soil enters his body, he would immediately spurt out a large amount of energy.

Chen Xiang thought for a moment, then nodded: "It is indeed so, but if it was me who refined it, then it wouldn't be like them. It's just that their standards aren't high enough, and they don't know how to change it."

The traditional way was to use a lot of Myriad Tao Divine Soil s, then compress and refine them to make the quality of the Myriad Tao Divine Soil s increase, and in the end, condense them into a pill. At that time, the energy inside this Myriad Tao Divine Soil Pill would become extremely terrifying.

"So you're going to do this?" Qin Shuang said: "If you want to refine a pellet, then you will need a lot of Myriad Tao Divine Soil s. But if you want to refine a pellet, then the quality will definitely improve by a lot! Myriad Tao Divine Soil levelling up means that his energy is even more powerful. Myriad Tao Divine Soil's energy is very violent. "

"Myriad Tao Divine Soil's energy is berserk, but it can completely suppress that berserk energy by adding in other things. It can even transform that berserk energy into something that can strengthen the body and temper the soul." Chen Xiang laughed. He had these ingredients, although not very high quality, but after being refined, it could achieve the desired effect.

"Alchemist has also raised this idea before, but not by much. Alchemist did it, otherwise, this pill would definitely be sold off. " Qin Shuang said: "Using the Myriad Tao Divine Soil to cultivate has become very popular today, but the Myriad Tao Divine Soil is unusually violent, so it requires you to endure a certain amount of pain and danger during cultivation."

Chen Xiang took out two types of medicinal herbs. One was a fruit, the other was a small purple grass.

"On the black fruit it's called the Fire God Suppressing Fruit and on the purple grass it's called the Mad Soft Grass." Chen Xiang laughed: "You must have never heard of these two medicinal ingredients before, right?"

Qin Shuang shook his head: "There are so many herbs, it's normal that I haven't heard of them, is it alright if I just add them all?"

"According to my understanding of the Myriad Tao Divine Soil, I think it should be enough!" Chen Xiang laughed: "These two medicinal herbs are not even available in Heaven Old Super Realm."

The two medicinal herbs that Chen Xiang had taken out were both grown in the Divine Wasteland, and compared to the medicine above the Heaven Old Super Realm, they were considered to be of a very low grade. However, under the Mei Jing Sisters's nurturing, the level of the medicinal herbs would continuously increase, to the extent of being comparable to arrogant medicine.

This kind of medicinal herb was not available to Myriad Tao or above. Even if there was one, it was extremely rare, because this kind of medicinal herb was very difficult to cultivate in the first place, and it was innately resistant to fire.

Chen Xiang took out a Tianchuang furnace, then a kilogram of Myriad Tao Divine Soil!

"Do you want to use so many Myriad Tao Divine Soil s to refine it?" Qin Shuang was a little surprised: "Based on what I know, when other Alchemist s refined this Myriad Tao Divine Soil Pellet, they would at most use half a kilogram, or two and a half grams ... Furthermore, normally, when Myriad Tao Divine Soil s are directly used for cultivation, it would only be by one or two taels. Only late stage or peak level World Defying crazy realm cultivators like us can use four to five taels to cultivate it once. "

After all, being able to raise the quality of a half kilogram Myriad Tao Divine Soil to one kilogram, or even two kilograms, was not something that anyone could endure.

Chen Xiang immediately took a step forward. In Qin Shuang's eyes, this was simply foolishness.

"You'll know when I finish." Chen Xiang laughed: "This pill was created by me. If I could sell it, I would definitely prosper!"

Seeing Chen Xiang's confident look, Qin Shuang was skeptical. She knew that Chen Xiang had true abilities, otherwise she would not be able to refine a Crystal emperor. She had been in Myriad Tao for a while, and she was the granddaughter of the Super Yang Old Ancestor, so she was very familiar with the matters of the Crystal emperor.

Many major powers above Myriad Tao had always been researching Crystal emperor, but not many succeeded, and only a few could do it, but it required a lot of Myriad Tao Divine Soil Crystals.

Furthermore, those Myriad Tao Divine Soil Crystals were made using the Myriad Tao Divine Soil s themselves, so it would be extremely difficult for them to obtain just a little Crystal emperor.

But Chen Xiang could get nine or maybe even more! Qin Shuang knew clearly that the Ancient Super Yang Divine Alter had been restored by Chen Xiang, and he himself needed nine Crystal emperor, but Chen Xiang himself had used several of them!

Although he had a large amount of Myriad Tao Divine Soil Crystals as his foundation, this was still pretty good, and was much better than the s of the clans above Myriad Tao.

Therefore, just because Chen Xiang was able to refine a Crystal emperor, Qin Shuang did not dare to underestimate his ability to refine pills!

"If you can succeed, this pill will be of great use to me. I can only use six taels of Myriad Tao Divine Soil to cultivate it once, and I will also have to endure a lot of pain." Qin Shuang said.

"It will definitely succeed!"

Chen Xiang had already started, he used Sun madness fire s to quickly melt the Myriad Tao Divine Soil inside the pill furnace, and the ingredients were being refined extremely quickly!

The Medicine crystal formed from the medicinal herbs did not have any conflict with the crystal formed from the Myriad Tao Divine Soil. Even if there were some, they would have been quickly taken down by the Medicine crystal.

There were a certain number of Sun madness fire in the Myriad Tao Divine Soil, and even if they had turned into crystals, there was still a small amount of them.

The reason why the Myriad Tao Divine Soil had become so berserk after entering the human body was mostly because of the flames contained within.

With the addition of the Mad Soft Grass, the violent energy flames would become gentle. After softening, it would even turn into energy!

Although there were many kinds of strange medicinal herbs that he could not use for the time being, he was a Alchemist, and just like to collect these medicinal herbs, he thought that he might use them in the future.

And now he did.

After all, he was concocting so many Myriad Tao Divine Soil s, and there were even two types of medicinal ingredients that were at the level of arrogant medicine.

At this time, the Six Realms mirrors was moving very steadily and safely. It could let him feel at ease while concocting pills, without delaying his journey.

Six hours later, Chen Xiang opened the furnace and smiled: "Everything is going smoothly, come, let me try out my Myriad Tao Divine Soil Pill!"

Qin Shuang watched as Chen Xiang took out a golden pill from the furnace. He frowned and took it.

"There won't be a problem, right?" Qin Shuang was a little worried: "Don't mess with me!"

Qin Shuang knew that Chen Xiang was an extremely mischievous person.

"Are you worried that I put aphrodisiac ingredients in there?" Chen Xiang laughed sinisterly.

[Chapter 3275](#)

Qin Shuang glared at Chen Xiang fiercely. Seeing Chen Xiang's cheap smile, she couldn't help but be worried.

"I lied to you!" Eat quickly, only you know the difference between this and using the Myriad Tao Divine Soil to cultivate directly. " Chen Xiang said: "Don't worry, I can guarantee that there is nothing else inside."

Qin Shuang rolled his eyes as he ate the Myriad Tao Divine Soil Pill.

After eating it, at first, she only felt that her stomach was warm and comfortable, but after that, a familiar warm current suddenly burst out. When it burst out, it scared her, and she even shouted loudly because she was afraid that it was the Myriad Tao Divine Soil's berserk energy that had erupted.

At the same time, she felt extremely happy, because after the explosion, the energy within the Myriad Tao Divine Soil flowed into every part of her body. That kind of warm energy flowed through her limbs and bones, giving her a very comfortable feeling.

That was the special energy inside the Myriad Tao Divine Soil. In the past, when she was cultivating, this kind of warm current was extremely weak. At the same time, it would also be accompanied by a scorching and berserk energy flowing through her body, causing her to feel extremely painful.

But now, there was no pain at all, and there was still a lot of that kind of warm energy, she estimated that it was at least as effective as five kilograms of Myriad Tao Divine Soil s.

"How is it?" Seeing Qin Shuang opening his eyes, Chen Xiang anxiously asked. "Yes."

"Very good!" Qin Shuang's ice-cold eyes were filled with admiration and joy. The pellet Chen Xiang refined could completely replace Myriad Tao Divine Soil; if Chen Xiang could sell this pellet, he would definitely be able to earn a lot of Myriad Tao Divine Soil s.

It was a pity that the pill trade was being controlled very strictly by the big powers, unless Chen Xiang became a Alchemist. But with Chen Xiang's current strength, if he joined a small power and displayed his talent in pill refining, he would definitely be forced by the powerful Alchemist to hand over their secret pill techniques.

"I knew I would succeed!" Chen Xiang chuckled: "I must refine a few more of these pellets. I want my physical body and spirit to reach their peak before going to the World Defying Stage Soul River. I want to see how high of a World Defying Stage Soul River I can climb!"

Before, when Chen Xiang witnessed the power of the Soul River Divine Race, if he did not have sufficient strength, he would not be able to fight against such a colossal being like the Soul River Divine Race.

"We're almost at the Heaven Fire City." Qin Shuang said: "Let's go out! Even if that fellow could chase us all the way here, he would not dare to act rashly. Heaven Fire City is a huge city, so he would not dare to act recklessly here. "

When Chen Xiang and Qin Shuang came out of the Six Realms mirrors, he planned to settle down in Heaven Fire City before using the Time Domain to refine the Myriad Tao Divine Soil Pellet.

It was very expensive to enter the Heaven Fire City, and each person needed one jin of entry fee. Fortunately, they had sold some Huakuan Dan before, so even if they paid the entrance fee, they would still have some left.

"It's really big!" When Chen Xiang was outside, he could see that the city walls were very thick, and there were layers of enchantments and arrays inside the walls, even Feng Ke'er would find it difficult to break through them.

Entering the city, Chen Xiang saw hundreds of gigantic towers that lined up on both sides of the wide streets. They were all tall and big towers, and the shortest one was below a hundred floors.

"Follow me closely!" Qin Shuang said as she quickly walked through the inner city walls: "The inn near the city gate is very expensive, we should go to a more remote place."

"Up to you!" Chen Xiang followed behind, paying attention to the cultivation levels of the passersby, there were many of them being World Defying crazy realms, their overall level was much higher than in the small city.

Qin Shuang brought Chen Xiang to a relatively deserted area. The aura of the World Defying Stage Fierce Power was extremely sparse, and it was clearly caused by a large formation. Furthermore, the areas with dense World Defying Stage Fierce Power were all in a bustling area.

Chen Xiang and Qin Shuang did not need to absorb the World Defying Stage Fierce Power to cultivate, so it did not matter to them anymore.

"Fifty silver Myriad Tao Divine Soils for one month!" The innkeeper said.

"Why is it so expensive? This wasn't the price before!" Qin Shuang frowned: "It's at least twice as expensive!"

"Miss, this is the cheapest room in Heaven Fire City, moreover, there are only four rooms left. Someone else will come if you don't stay." The manager shook his head.

"Alright, let's stay here!" Qin Shuang took out the last fifty pairs of Myriad Tao Divine Soils and kept cursing in his heart.

"Manager, why did it suddenly become expensive?" Qin Shuang was very curious about this.

"The four great races are gathered here, and many people are here to join in on the fun. That's why they're here." The manager said, "Don't tell me that you didn't come because of this matter?"

"Who knows?" Chen Xiang came here to see the world.

After Qin Shuang received the room plate, he dragged Chen Xiang to the tenth floor and entered a very small room. There was a bed and a table in this room, which made it even more crowded.

"Fifty taels of Myriad Tao Divine Soil. This is simply robbery." Chen Xiang curled his lips. In order to save Myriad Tao Divine Soil, they could only live in one room.

"I really didn't expect to meet a group gathering." Qin Shuang was extremely helpless: "Looks like that Soul River Divine Race fellow will also come here with your computer. We have to be careful."

Chen Xiang sat on a chair, took out something to eat, and shook his head: "What is the purpose of their gathering?"

Qin Shuang sat on the bed and said: "They are most likely discussing some important matter, or planning on working together to do something. They are currently announcing to the outside world in a high-profile manner, and it is very likely that they are planning to join hands to fight against their common enemy ... Of course, this has nothing to do with us. "

"The Wild thunder tiger is in my hands, do you think we should sell it?" Chen Xiang said.

Qin Shuang thought for a while, then said: "Sell it! That fellow from the Soul River Divine Race will most likely come, but he won't come as fast as us. We'll sell the Wild thunder tiger to the big powers here and give some hatred to the young masters of the Soul River Divine Race. "

Chen Xiang laughed sinisterly: "Xiao Shuangshuang, I never thought that you would also be such a sinister fellow, you're truly from the same world!"

After that, Qin Shuang brought Chen Xiang and left the inn. Qin Shuang was extremely familiar with the city, she brought Chen Xiang to travel through the streets and alleys, and after half a day, they finally arrived at a magnificent, golden tower.

"This is Soul River Divine Race's shop, let me see if I can sell it here successfully."

Qin Shuang went in to test the waters and found out that the shop was selling Wild thunder tiger's corpses. This surprised Qin Shuang and she immediately sold it, selling a total of a few hundred Myriad Tao Divine Soil s.

"Let's go!" After Qin Shuang finished inspecting all the Myriad Tao Divine Soil, she anxiously left with Chen Xiang. Right now, she was extremely nervous.

Returning to the inn, Chen Xiang laughed: "Not long later, that ugly wanted poster of you will fill the entire city, hehe!"

[Chapter 3276](#)

Now that Qin Shuang had sold a Wild thunder tiger's corpse here, it would definitely attract some attention. Before long, any of the young masters in Soul River Divine Race would know, and at that time, they would definitely know that Qin Shuang was here.

After Qin Shuang arrived here, he was no longer afraid of that young master. Although he had a lot of power, his power was not enough to seal this gigantic Heaven Fire City. "..."

"I'm not afraid. Isn't it just a portrait? They can catch me just because of this, they're underestimating me too much. " Now that Qin Shuang had obtained the Purple Yang Excalibur, he was extremely confident in his own strength.

She was already at the peak of the World Defying crazy realm, and her grandfather was the Super Yang Old Ancestor. Since she had inherited the Super Yang Old Ancestor's bloodline, her aptitude must be very good.

"Fine." Chen Xiang followed Qin Shuang around the city, looking for news everywhere.

Qin Shuang was asking about information about the Heaven Old Imperial Family, which made her quite famous, and now that Hong Qianyi was here, he would definitely make a move. Qin Shuang wanted to find Hong Qianyi and kill him, but she had almost succeeded that day.

"Hong Qianyi did not spread the news about me." After asking around for a bit, Qin Shuang temporarily came to this conclusion.

"He probably doesn't want anyone else to find you." Chen Xiang laughed: "Even if we put the Purple Yang Excalibur here, it would still be a pretty good weapon!"

"Of course. Although the Purple Yang Excalibur were refined by grandfather, as long as they are strong enough, even without the God Equipment Hall's authentication, there will still be many experts fighting for them." Qin Shuang snorted: "As long as the big powers here get their hands on them, they can easily get the Divine Artifact Hall to give their certification ... Furthermore, even if they were to use a God Equipment without authentication, no one would go and talk about them. "

Chen Xiang scolded in a low voice: "This group of scoundrels, one day, I will take care of them all!"

Qin Shuang brought Chen Xiang back to the tavern. The young master of the Soul River Divine Race did not come, and they could not gather much information. Qin Shuang had also asked about the young master today, but not many people had heard of him.

On the way back to the inn, there were many people gathered around one of them, watching something.

Chen Xiang was originally not interested in it, but when he heard the familiar voice, he was shocked: "King's Dao! Half-ghost Old Man! "

"Everyone, don't worry. I'll be able to concoct this Lu Dan very soon. Patience, wait." Wang Dao laughed as he shouted.

"They concoct pills on the streets!" Qin Shuang said: "He passed the Alchemy Hall's authentication, but is unwilling to surrender to other great powers and come out on his own. This kind of Alchemist cannot own their own shops, they can only set up stalls on the streets."

"I know this geezer ..." He's very powerful! " Chen Xiang had learned a lot from the king back then, so he was very grateful towards him.

Qin Shuang did not expect Chen Xiang to have friends here, but she thought that Chen Xiang was a very powerful Alchemist, and it was normal for him to have friends there.

Chen Xiang anxiously squeezed through the crowd and indeed, he saw Wang Dao, the little old man. He was dressed in white and had grey clothes, his hair was white, he sat cross-legged on the ground and was focused on staring at a pill furnace.

After looking at the pill furnace for a while, he suddenly smiled mischievously, talking to the people around him. Chen Xiang looked at the jade box beside his pill furnace, the ingredients inside were all Huakuan Dan s.

Wang Dao was currently refining a Huakuan Dan. To Wang Dao, refining this kind of pill did not take a long time and could be quickly done on the spot. This method made many believe in him.

"I want a hundred Huakuan Dan. How long will it take for you to refine them for me?" Chen Xiang suddenly said.

"Kid, you must be here to cause trouble!" Wang Dao looked at Chen Xiang, and suddenly felt that the young man in front of him was very familiar.

Wang Dao quickly recognized Chen Xiang!

"Brat, you actually came to the Myriad Tao ... Wait, you're already a World Defying crazy realm, not bad!" Wang Dao was extremely surprised at Chen Xiang's progress, because last time he communicated with Chen Xiang, Chen Xiang was still very weak.

Wang Dao very quickly finished refining this furnace, then closed up the stall. After apologizing to many people, he left with Chen Xiang.

Qin Shuang and Chen Xiang followed Wang Dao to a relatively good inn, and saw that the place where they were staying was much larger than theirs, with one hall and two rooms.

"This girl is very unusual. Is she your woman?" Wang Dao chuckled.

"You saw it!" Chen Xiang laughed, and the adjacent Qin Shuang immediately glared at him.

Qin Shuang could not see through her, but Wang Dao could see that she was abnormal.

"Oh right, Half-ghost Old Man, where's Uncle Ji Xingyuan?" Back then, when Ji Xingyuan went from No Tao Place to Myriad Tao, he should have met with many people.

Wang Dao originally poured tea for Chen Xiang, but when Chen Xiang asked this question, his hands couldn't help but tremble, but they quickly calmed down and continued to pour tea for Chen Xiang and the others.

"Dead!" Although Wang Dao's voice was very calm, it was filled with endless grief and anger.

Ji Xingyuan had helped Ji Xingyuan break through cultivation back then, and allowed Ji Xingyuan to go to the Myriad Tao to find the way of the King. But now, he was actually dead!

Chen Xiang remembered that Wang Dao once said that he needed the help of some friends. It was obvious that he encountered some difficulties, and Myriad Tao Dan God who had a good relationship with Wang Dao was also killed at the same time!

"Uncle... "Him!" Chen Xiang did not dare believe it, an anger was surging from the bottom of his heart, seeing that a wave of powerful Spirit Qi was about to burst out, Wang Dao immediately grabbed onto his shoulder: "Calm down!"

When Chen Xiang was at No Tao Place, he received a lot of care from Ji Xingyuan. Ji Xingyuan treated him extremely well, and in his heart, he saw Ji Xingyuan as his own elder.

"Who killed him?" Chen Xiang's cold voice carried a trace of trembling fury. Qin Shuang, who was watching from the side, frowned, this was the first time she had seen Chen Xiang this angry.

"Fierce Saber Race!" Wang Dao said: "Just like Myriad Tao Dan God, we were all killed by him!"

Qin Shuang exclaimed: "Fierce Saber Race is only slightly weaker than Soul River Divine Race, and is a large race above Myriad Tao."

"The true strength of the Fierce Saber Race is not weaker than that of the Soul River Divine Race. They should be the same." Wang Dao sighed, "They wanted to control our little human circle, but we refused. We had a conflict with them, and in the end, many people were killed ... Over the years, they have fought against us many times, but this time, their power suddenly increased."

"Who cares if he's a Fierce Saber Race or not, now that they have killed uncle, I will definitely exterminate them and take revenge for uncle!" Chen Xiang bellowed, his body constantly releasing hot Qi, the anger in his body was being suppressed as much as possible, and did not burst out.

"I would like to, but this matter needs to be considered carefully... All the humans who come from below are now living in random places. They no longer live together, and they only agree to meet once in a while." Wang Dao's heart was filled with hatred, but he knew the strength of Fierce Saber Race, which was not something he could handle.

[Chapter 3277](#)

Chen Xiang had already seen the strength of the Soul River Divine Race a little, a young master could force a small city into a city, he had a lot of power, and the Fierce Saber Race was definitely the same. To deal with such a huge being, it would take a very long time to think of a plan.

"Destroying the entire Fierce Saber Race is very difficult, but we can still deal with a small portion of the Fierce Saber Race." Qin Shuang suddenly said. She was the granddaughter of the Super Yang Old Ancestor, although she knew how powerful he was, she was not surprised.

Wang Dao nodded: "That's right, as long as we kill the important people in Fierce Saber Race and let them know that we did it for revenge, we have to let them know the pain, we have to let them know the price for killing Old Ji."

"Half-ghost Old Man, then do you have a goal?" Chen Xiang anxiously said: "I heard that there are a few large clans gathering here, is Fierce Saber Race also coming back?"

"Of course they will come, because it's the party they're initiating." Wang Dao snorted, "Fierce Saber Race is now planning to join hands with his allies to hunt World Defying holy dragon!"

"Pride of the world ... "Holy Dragon!" Qin Shuang was shocked, he took a deep breath: "That dragon that can cause Soul River Divine Race to suffer too much?"

"Yes, this World Defying holy dragon obtained a small piece of the Tao-creation's sacred crystal, and its size is relatively larger. Not only the Fierce Saber Race and the rest would want to go, the people from the World Defying Stage Soul River would also go."

The Tao-creation's Sacred Crystal!

Hearing these words, Feng Ke'er almost jumped out, because that very powerful small needle of hers was made from this material. Spirit of Divine Alter had mentioned before that there was some Tao-creation material, and it was something even more powerful than Crystal emperor s.

"No wonder. Otherwise, the Fierce Saber Race would definitely not provoke this guy. After all, this is the Tao-creation's sacred crystal!" Qin Shuang exclaimed: "Tao-creation Holy stone are even more rare than Crystal emperor, and Tao-creation Divine Crystals are even more so."

"The Heaven Fire City is the territory of the Fierce Saber Race." Wang Dao said: "Originally, Fierce Saber Race wanted to gather his allies to discuss, but he also wanted to join in! Fierce Saber Race is very willing for them to join, because with an additional force, the more chances they have to win, as long as they can split the small amount of Tao-creation Holy Crystals evenly, it will be enough. "

"Only a small piece. Is that enough?" Chen Xiang scoffed, "We absolutely cannot let them obtain such a good thing ... Half-ghost Old Man, do you know where the World Defying holy dragon is? "

"One small piece is definitely enough, in fact, as long as it is a Tao-creation Holy Crystal the size of a grain of sand, it would be sufficient for a Divine Equipment to be extremely powerful. Although Crystal emperor are rare, but each clan has one or two divine tools refined by Crystal emperor, and powerful clans like the Soul River Divine Race and the Fierce Saber Race have their own Tao-creation Divine Equipment refined by Tao-creation Holy stone." Wang Dao said, "And no one has a Tao-creation Divine Crystal. If they could have it, their strength would definitely be even stronger."

"If we go to the World Defying holy dragon now, we are basically courting death. This method is no good!"

Qin Shuang nodded: "Yes, World Defying holy dragon are extremely powerful, otherwise Soul River Divine Race would not have teamed up with Fierce Saber Race."

"As for the World Defying holy dragon s, we can't stop them. As for whether or not they can obtain the Tao-creation's Holy Crystals, we have no choice but to use this opportunity to make the Fierce Saber Race feel pain."

Wang Dao took out a portrait and said: "This is the youngest son of one of the Fierce Saber Race's three great Fierce Fighting God s, and also a Fierce Fighting God. His cultivation is at the late stage of the World Defying crazy realm, which is what it is, weapons are made from Myriad Tao Divine Soil Crystals."

"Three Great Fierce Fighting God s ... They are also the three great elders of the Fierce Saber Race. It is said that their strength is as strong as the Patriarch's, and their position is almost equal to the Patriarch! " Qin Shuang said.

"That's right, it was this kid who controlled his father's men to deal with us." Wang Dao's expression turned cold, "This guy used all kinds of methods in order to expand his strength. He relied on his father's power and acted recklessly. His father is the same kind of trash, so he doesn't care about him at all."

"It's him!" Qin Shuang looked at the portrait and frowned.

"You know him?" Chen Xiang asked in surprise. Wang Dao was also curious.

"His name is Zhu Hai profound!" Qin Shuang looked towards the king.

Wang Dao nodded his head, "There are many who have heard of his name, but there aren't many who have seen him. You must have come into close contact with him before!"

"I have cultivated with him in the Wildfire Divine Sects before. At that time, we were in the same academy, and his talent was indeed not bad. Furthermore, he had abundant resources behind him, so his cultivation and strength was always ahead of us." Qin Shuang said: "Of course he knows me too"

"What's your relationship?" Chen Xiang asked, looking a little jealous.

"Humph!" Not too good, back then when I was in a school, he took over half of the girls in there, and he also had thoughts on me, and I was very cold to him, and over time, he hated me greatly, and at the same time wanted to rob me even more, so I had no choice but to quickly leave the Wild Fire Divine Sects ... But at that time, I didn't know he was from the Fierce Saber Race. " Qin Shuang said.

"You are already very powerful to be able to cultivate in the Wildfire Divine Sects." Even though he did not know Qin Shuang's identity, he was able to tell that Qin Shuang was not ordinary with a single glance.

"You look stronger than Zhu Haiprofound!" Chen Xiang said. Wang Dao had previously said that Zhu Haiprofound was at the late stage of the World Defying crazy realm, but Qin Shuang was at the peak.

Qin Shuang didn't say anything, because she didn't know whether or not she could beat Zhu Haiprofound.

"This is our goal!" Wang Dao looked at Chen Xiang: "Your cultivation is still low now, so when the time comes you don't have to do anything, just wait by the side and do what you need to do."

"Alright!" Chen Xiang nodded, then told the matter of the young master from Soul River Divine Race to Wang Dao. He wanted to see if Wang Dao understood anything about this.

"Amongst the young masters of Soul River Divine Race, there is only one person who has a Wild thunder tiger and that must be him." Wang Dao frowned: "This guy should also be coming to Heaven Fire City!"

"Who is it?" Qin Shuang had some understanding of the large clans like the Soul River Divine Race, but she did not know who the owner of the Wild thunder tiger was.

"He Yancong!"

"It's definitely him!" Qin Shuang raised her eyebrows, "I really didn't expect this!"

"Is this guy really strong?" Chen Xiang didn't understand this at all.

"Peak of World Defying crazy realm ... Even stronger than Zhu Haiprofound, and the youngest among the ten sons of the Soul River Divine Race's Patriarch, he is the most favored and most gifted. " Qin Shuang said.

Wang Dao laughed, "So what? These fellows can only be so strong with the support of the World Defying Stage Soul River. Give me some time, and sooner or later, I will uproot them completely!"

Wang Dao had the confidence to say such words, because he was a Alchemist!

[Chapter 3278](#)

It was only a matter of time before Alchemist would become strong. Alchemist at his level could turn corruption into magic, and they had a lifespan that was close to eternity!

Generally speaking, even above Myriad Tao, were extremely powerful clans, they would try their best to avoid offending this Alchemist who had great potential. If they were to offend them, they must kill them, otherwise, they might face a calamity. Popular novel interview:

After all these years in the Myriad Tao, it was not as if the extermination of a strong race by the Alchemist had never happened.

Chen Xiang was the same as Wang Dao, he had great potential. If he provoked them and allowed them to live, they would definitely find a place to concoct pills with all their might, until possessed enough strength, then come out to take revenge!

Previously, Qin Shuang had thought that no Alchemist would be able to refine a pill for cultivation, but he had done it, and it was done easily as well. This was Chen Xiang's terrifying potential.

"The reason why Soul River Divine Race is strong is because they can easily obtain a strong World Defying Stage Fierce Soul ... When one is in the World Defying crazy realm, the requirements for the World Defying Stage Fierce Soul are very large. With a good World Defying Stage Fierce Soul, there will be more room for growth in the future. "

Wang Dao stood beside the window, looking up at the sky, his cultivation had already surpassed the World Defying crazy realm, but he did not know how much, just that he was very strong.

"But in the eyes of our Alchemist, this is not absolute. Wang Dao turned his head, looked at Chen Xiang and smiled: "Chen Xiang, you definitely do not know that World Defying Stage Fierce Soul can be refined, right?!"

"Can World Defying Stage Fierce Soul do it too?" Chen Xiang was immediately stunned.

Qin Shuang was secretly shocked, in her eyes, these Alchemist were all lunatics.

"Yes, I have!" "Back then, I did not know how great an impact the World Defying Stage Fierce Soul would have in the future, so when I first started, I only managed to make do with it."

"But then I found out that the World Defying Stage Fierce Soul restricted my growth!" Wang Daochild chuckled, "Then I will think of a way to refine my fused World Defying Stage Fierce Soul once again, so that they can become even more powerful! Of course, we are the only ones who can use this method, because the techniques we practice are all the same. "

"How do I refine it?" Chen Xiang asked anxiously.

"I'll provide you with some ideas, but you'll need to find them yourself. Once you find them, it'll be very easy." Wang Dao had Chen Xiang sit down.

"Once the World Defying Stage Fierce Soul is fused, it's extremely difficult to give it up. Although it's possible, it requires one to pay a very large price, and one almost has to start from a new cultivation."

"At that time, I felt that the World Defying Stage Fierce Soul would definitely strengthen later on in my life after fusing with it. Then, I would consume a pill and use my spirit to search for a powerful World Defying Stage Fierce Soul in the World Defying Stage Soul River. After I found it, I would capture all of these World Defying Stage Fierce Soul and refine them into a World Defying Stage Fierce Soul Pellet to eat."

Wang Daohei laughed: "After the World Defying Stage Fierce Soul was refined into a pellet, it will transform into energy, and after consuming it, it will be absorbed by the originally weak World Defying Stage Fierce Soul! You need to be clear that, of the World Defying Stage Soul Rivers on the third floor that we are familiar with, the World Defying Stage Fierce Soul in the first floor is the weakest! However, after these World Defying Stage Fierce Soul experience countless difficulties, it will improve itself and finally ascend to the third level, World Defying Stage Soul River, or even the fourth level, or even the legendary fifth level! "

"Indeed, the countless World Defying Stage Fierce Soul in the World Defying Stage Soul River are devouring each other, and can constantly improve themselves!" Qin Shuang nodded his head: "Over the years, there have been many people who have attempted to devour the World Defying Stage Fierce Soul and raise their original World Defying Stage Fierce Soul, but they have been unable to achieve it. The main reason is that the original World Defying Stage Fierce Soul does not absorb the other energies from the other World Defying Stage Fierce Soul."

Wang Daoi laughed complacently: "That's because their level is not high enough, and they haven't thoroughly studied the situation, and I have done it, my current World Defying Stage Fierce Soul is even comparable to the strength of the fourth floor's World Defying Stage Soul River!"

Chen Xiang took note of these words. He would try it again when he had the time.

"Half-ghost Old Man, she was recognized, and we are selling the Wild thunder tiger here, do you think He Yancong can find her?" Chen Xiang asked. Right now, it was only Qin Shuang exposing himself.

Although this is the city of Fierce Saber Race, it will not be sealed. There will be a lot of people from the other big clans that will be active here, so they will definitely cause a commotion. "Su Yun said. Wang Dao replied, "There's nothing to worry about. Back then, when I killed a few important figures of the Fierce Saber Race, I didn't see anything that they could do to me."

Although Chen Xiang suppressed the hatred in his heart, he felt that it was not enough to just kill Zhu Hai profound. He had to kill all the people who attacked Ji Xingyuan back then, even the entire Fierce Saber Race!

"Their defenses must be very tight. It would be hard for me to find a chance to attack them." Wang Dao said, "I need to keep an eye on them right now ..." I do not wish to miss this opportunity.

The reason Wang Dao set up his stall on the street was also to investigate news.

After he left the tavern, Chen Xiang also left with Qin Shuang, and hurriedly returned to the tavern they were staying at.

"Xiao Shuangshuang, I want to 'sneak in' into Zhu Hai profound's residence." Chen Xiang's face turned serious.

"Chen Xiang, do not be 'chaotic', the core strength of Fierce Saber Race is currently gathered here, and your cultivation is too low, this is a very dangerous situation." Qin Shuang said: "You are currently unable to use the power of space, this is not Heaven Old Super Realm."

"Of course I know, I won't attack. I just want to find out where the World Defying holy dragon is." Chen Xiang said: "I'm going to look for the World Defying holy dragon!"

"You're crazy!" Qin Shuang shouted in shock, "The World Defying holy dragon's strength far surpasses our imagination, and is even more difficult to deal with. The Tao-creation Divine Crystals are only so small, and it's not that easy to obtain them, they might have already been used up by the World Defying holy dragon."

"I am not going for the Tao-creation's Divine Crystals!" Chen Xiang said: "I want to hurry and find the World Defying holy dragon in front of that group of fellows. When I get there, I'll plan my next step based on the situation."

"Alright, you really came in a mess!" Qin Shuang sighed: "Wait for me here, I'll go and find out where Zhu Haiprofound and the rest are."

Chen Xiang didn't want to ask Wang Dao about it, because he didn't want Wang Dao to know about it. It was extremely dangerous, so Wang Dao would definitely stop him.

After Qin Shuang left the place, he did not feel at ease, so he followed quietly from behind. At the same time, he released several Mouse Man s who were shopping.

He quickly saw Qin Shuang's portrait. It seemed that He Yancong had come to the Heaven Fire City and found out that the Wild thunder tiger had been 'sold'. He must be very angry.

"We have to follow Xiao Shuangshuang first, so that she won't be in danger." Chen Xiang anxiously chased after him.

[Chapter 3279](#)

Chen Xiang followed behind Qin Shuang, and just as he was about to follow and call out to Qin Shuang, two men in gold armor suddenly ran out and stopped Qin Shuang. slant,

Qin Shuang was shocked, but he quickly calmed himself because the person stopping him was not from Soul River Divine Race. From his attire, it seemed like he was from Fierce Saber Race.

Chen Xiang who was at the back saw that, and was extremely worried, and quickly sent a sound transmission to Qin Shuang, asking: "Xiao Shuangshuang, who are these people? They seem to be after you! "

"It's the people from the Fierce Saber Race!" Qin Shuang took a few steps back, wanting to distance himself from the two of them, but behind her, a handsome man dressed in luxurious clothing walked over. The man had a demonic smile on his face, his appearance was extremely handsome, and his skin was fair.

"It's you!" Qin Shuang frowned, and asked solemnly: "Zhu Haiprofound, what are you doing?"

Qin Shuang had already disguised himself, but he was still recognized by Zhu Haiprofound, who knows what methods he used.

Chen Xiang was panicking in his heart. This young master of the Fierce Saber Race actually appeared in the busy city just like that.

"Nothing much, I just want to invite you to a meal to show me some face!" After Zhu Haiprofound finished speaking, he took out a portrait of fire, it really was the bounty for her capture.

"It's ugly." Zhu Haiprofound evilly smiled: "You should be aware of your current situation. If you fall into that guy's hands, it will be extremely painful ... "If you follow me, I can guarantee that nothing will happen to you!"

Chen Xiang watched the two burly men in golden armor from afar. Although they belonged to Peak of World Defying crazy realm, Qin Shuang was much stronger than them. Although Zhu Haiprofound was a late stage Gifted Fierce Fighting God, he could still deal with him if Qin Shuang used a Purple Yang Excalibur.

"Xiao Shuangshuang, wait and see when you can escape!" Chen Xiang sent a sound transmission to Qin Shuang. He could see that the two golden-armoured men of the Fierce Saber Race had already sealed off Qin Shuang's path, and Zhu Haiprofound was blocking Qin Shuang's path.

Aside from that, there were also a few other Fierce Saber Race's people hiding around, they were not weak!

Chen Xiang couldn't understand how Qin Shuang could have found him so quickly.

Qin Shuang could not possibly follow Zhu Haiprofound back. If she followed Zhu Haiprofound back, the consequences would be obvious, as Zhu Haiprofound had coveted her beauty for a long time already. Once there was a chance, he would definitely not let her go.

Chen Xiang took out the Six Realms mirrors, and it turned into a small mirror in his hands. He asked Feng Ke'er to activate a formation.

After the formation was activated, a mass of colorless clouds appeared on the surface of the mirror. This cloud contained a very tyrannical aura and once the light clouds enveloped the area, it was impossible for one to see anything clearly.

Chen Xiang immediately rushed over, and at the same time, Qin Shuang summoned his Purple Yang Excalibur and stabbed it towards the Zhu Haiprofound in front of her! Amidst the five-coloured light, only Chen Xiang could see it clearly. When he rushed over, he had already seen Qin Shuang pull out his sword.

Although he was unable to see anything clearly for the moment, Qin Shuang was able to accurately unleash a sword strike according to the impact and strike Zhu Haiprofound's eyes. Just as the strike was about to hit, Zhu Haiprofound's body exploded out with a strong wave of Qi that sent Qin Shuang flying, while Zhu Haiprofound felt the powerful attack just now, and immediately used that power to escape.

Chen Xiang hurried over to Qin Shuang's side and placed Qin Shuang inside the Six Realms mirrors, then he blended into the crowd and quickly left this place. At this time, his heart was also extremely nervous.

"What a pity!" Chen Xiang returned to the inn and let Qin Shuang out.

Qin Shuang was also slightly out of breath now. Just now, she had used all her strength to attack Zhu Haiprofound, she did not expect Zhu Haiprofound to have such a strong armor on him. Not only could it absorb her power, it could also burst out with a strong force of force and shock to push her away.

"Yeah, I almost got rid of him!" Qin Shuang took a deep breath.

"How the hell did he recognize you? And he seemed to know where you were." Chen Xiang frowned: "Looks like we won't be able to stay in this city for too long."

"We really have to leave this place as soon as possible." Qin Shuang nodded: "It's possible that he found me using this object."

Qin Shuang took out a jade tablet, and said: "This was Divine Sects Wildfire's original disciple identity jade tablet!"

With that, Qin Shuang crushed the jade tablet.

"Let's go, we can't stay here any longer!" Chen Xiang opened the window and looked at the street below. There were many armoured guards looking for something, and in their hands was a portrait.

Fighting was not allowed in the Heaven Fire City, and just now, a young master was almost killed. This was a very serious matter, so the entire power of the Heaven Fire City was mobilized.

"It seems like we can only think of another way to investigate the whereabouts of the World Defying holy dragon." Qin Shuang saw that the entire city was investigating her. If they continued to stay here, they would definitely be in danger.

"I hope Half-ghost Old Man can succeed!"

Chen Xiang and Qin Shuang hurriedly left the inn, and prepared to leave Heaven Fire City.

When they arrived at the city's gate, although it was not sealed, the security at the gate was extremely tight. Chen Xiang could only let Qin Shuang enter the Six Realms mirrors and let him queue up by himself to leave the city.

The inspection passed without a hitch when it reached him. He then walked out of the city gate with a large group of people, and just as he was about to exit the city, someone suddenly shouted from behind, "It's that guy ... I remember his aura. "

Chen Xiang did not know who the voice was, but he remembered that it belonged to the person who spoke. It was He Yancong who sat in the carriage that day!

He Yancong unexpectedly remembered Chen Xiang's aura, which caused Chen Xiang to be extremely surprised. After hearing He Yancong's voice, he hurriedly called out for his Six Realms mirrors, and then entered it.

The Six Realms mirrors turned into a wheel, rolling quickly on the ground. Carrying a golden light, it disappeared into the distance, but the moment the Six Realms mirrors left its original location, a few array discs flew over, releasing seals, wanting to capture Chen Xiang, but Chen Xiang had already escaped far away.

"Just who is this guy, to actually have such a powerful thing." He had been bewitched by Chen Xiang when he used Six Realms mirrors, and he had nearly been killed by Qin Shuang at that time. He did not expect that Qin Shuang actually had a very strong killing intent towards him, which made him incredibly angry.

He, Zhu Haiprofound, was the honorable son of an elder in the Fierce Saber Race! There was actually someone trying to kill him, and they almost succeeded.

"This woman is very powerful, it's just that I don't know what her cultivation is. Since you have cultivated with her in the Wild Fire Divine Sects, you must know her well, we have to quickly find out where she came from." He Yancong was wearing a mask and his expression could not be seen, but he was definitely not looking good, because this was the second time he let Chen Xiang run away.

After successfully escaping, when Chen Xiang thought back to it, he did not feel any lingering fear. Just now, he was almost caught.

Qin Shuang sat on a chair, and snorted: "It's just inside the Heaven Fire City, if it's outside, I won't be afraid of them!"

The Heaven Fire City was Zhu Haiprofound's territory. If Qin Shuang were to fight inside, once the experts of the Fierce Saber Race arrived, she would definitely be captured.

"Don't be upset, we still have a chance to get rid of them." Chen Xiang said: "We need to find out where the World Defying holy dragon is.

Qin Shuang could only listen to Chen Xiang's arrangements. After all, it had always been Chen Xiang who had taken her out of danger a few times.

"If you want to find out the whereabouts of the World Defying holy dragon, you can only ask some old fellows. Go to Ao Long City." Qin Shuang said: "Even though this is a small city, there are a lot of old fellows inside. They have all seen World Defying holy dragon before."

"Wait a minute, are those old fellows powerful? What if they refuse to tell us?" Chen Xiang asked: "Are they related to Soul River Divine Race or not?"

"They are all very old, and they are all seriously injured. Ao Dragon City was established by a person who had fought with World Defying holy dragon before. After that, many people who had fought with World Defying holy dragon or had seen World Defying holy dragon gathered together after knowing about the city." Qin Shuang said: "When the time comes, we will just go find those injured old fellows. They shouldn't have any temper."

Chen Xiang controlled the Six Realms mirrors to fly towards Ao Dragon City.

After a few days, they arrived at Ao Long City. Entering Ao Long City did not need to pay the Myriad Tao Divine Soil fees, it was different from the previous city, but there were very few people in Ao Long City, the city looked old and shabby, the entire city seemed very lonely.

When Qin Shuang came to this city, he found out that an injured old man was still here, so they immediately rushed over.

The old man was called Zuo Tianyi, although he owned a big house, he was the only one in the house, he was previously a famous hunter, and had hunted some powerful and rare arrogant wild beasts before, but later on he was injured, which affected his roots greatly and could only stay here to die.

"Uncle Zuo!" Chen Xiang knocked on the 'door' and shouted.

Not long after, an old man who was at the brink of death opened the door a little. After he saw Chen Xiang and Qin Shuang, he smiled and said, "We are not recruiting servants here, go to another house!"

"You misunderstand, we came to ask you about the World Defying holy dragon!" Chen Xiang smiled.

"You want to look for the World Defying holy dragon? You believe in the existence of World Defying holy dragon?" Zuo Tianyi was a little surprised.

"Does the World Defying holy dragon not exist?" Chen Xiang asked.

"Of course it exists. Come in and we'll talk about it!"

Zuo Tianyi hurriedly invited Chen Xiang and her into the old house, then called them to enter a dilapidated hall.

"Sigh, this city is declining ... It was mainly because the World Defying holy dragon had not appeared for a very long time and no one had ever seen it again, that after a while, no one had any interest in it. And later on, there were even many people who suspected that the World Defying holy dragon was fake ... They can't believe there's such a powerful creature." Zuo Tianyi poured tea for Chen Xiang and the others.

It was true that the World Defying holy dragon had not appeared for a very long time, but Qin Shuang had only heard of it by chance.

"Recently, the World Defying holy dragon has appeared again." Chen Xiang lowered his voice and said: "Master Zuo, do you know about the gathering of multiple powerful clans in Heaven Fire City?"

"I heard about it. Although this Auland City is deserted, the news is very well-connected." Zuo Tianyi was shocked, and said: "Could it be that they have already discovered the World Defying holy dragon?"

Qin Shuang nodded his head, "That's right, they want to join hands and hunt World Defying holy dragon!"

"If several large clans were to attack together... Maybe we can take him down." Zuo Tianyi frowned, as though he was thinking about something, he thought for a moment, then suddenly shook his head: "Even if it's a few strong clans joining hands, it's not possible, that guy is very powerful."

"Why?" Qin Shuang asked.

"Because World Defying holy dragon are very strong and are constantly improving." Zuo Tianyi's face suddenly revealed a terrified expression, and said: "You all have never seen the World Defying holy dragon before, but I have. However, I only just saw him and he already crippled me. That guy didn't kill me ... I used a trailer to 'get' myself back here."

Zuo Tianyi and Qin Shuang had heard some news about him before, but Zuo Tianyi had surpassed the strength of the World Defying crazy realm and even though he was a Aoshi Holy Stage, he was still injured by the World Defying holy dragon in an instant.

"Master Zuo, do you know how to find the World Defying holy dragon?" Chen Xiang asked.

"Finding the World Defying holy dragon is more difficult ... However, now that he has revealed himself, it means that he has broken through. " Zuo Tianyi took out the box, inside it was a small piece of red thing.

"What is this?" Chen Xiang asked.

"Dragon scale!" Back then, the City Lord had 'taken' a large piece of the World Defying holy dragon's dragon scales. This proved the existence of the World Defying holy dragon! If we go near the World Defying holy dragon, this piece of dragon's scale will light up. " Zuo Tianyi passed it to Chen Xiang, and said: "I'll give this to you, it'll help you find the World Defying holy dragon."

"Must we get closer?" Qin Shuang asked.

"You don't need to get too close ... Generally speaking, World Defying holy dragon will go crazy once in a while, and when that time comes, his dragon's might will release, and the dragon's scale will light up, and you guys will spin at the same place while holding the dragon's scale, and in that direction, the World Defying holy dragon will go crazy. After Zuo Tianyi finished speaking, he once again warned them in a serious and serious manner, "All of you must remember, you can only watch from afar.

"Alright, we understand. Thank you, Lord Zuo!" Chen Xiang put away the dragon's scale and then took out ten Myriad Tao Divine Soil Pills that he had refined.

"Lord Zuo, this is a pill concocted by this brat. It might be beneficial to your injuries." Chen Xiang said.

"You're also a Alchemist!" Zuo Tianyi was surprised, and laughed.

"Yeah, but I didn't pass the Alchemy Hall's authentication." Chen Xiang felt that Zuo Tianyi's injuries were caused by severe injuries, causing him to be unable to circulate his strength.

And the Myriad Tao Divine Soil Pellet was a pellet for strengthening the body, it would also help to heal the injuries on one's body!

Zuo Tianyi was very focused at the moment, and could be seen that his Divine Sense Sea was unharmed.

"What bullsh * t Alchemy Temple, they're all things that anger people can do." Zuo Tianyi was an old fellow, he naturally knew that the Alchemy God Hall was something that the races had created to control the market and price of the alchemy pills.

"Boss Zuo, can you spread the news?" Chen Xiang said: "To be honest, the reason those clans went to hunt World Defying holy dragon was because they found out that the World Defying holy dragon possessed the Tao-creation's Holy Crystal!"
