### [Chapter 3281](#)

Zuo Tianyi was still carefully observing the pill Chen Xiang had given him, but after hearing about the Tao-creation's Holy Crystal, he was immediately stunned!

"Is this true?" Zuo Tianyi took a deep breath. "Where did you guys hear that from?"

"We also got wind of it by chance. Obviously, those big clans wanted to hide this from us. "Alright." Qin Shuang said: "I think the other powerful races might not know about this, but they want to eat it all by themselves."

Qin Shuang now understood Chen Xiang's thoughts. Chen Xiang wanted to let a lot of strong powers participate in this, so that the Soul River Divine Race and the others would not be able to take it for themselves.

"If the World Defying holy dragon were to obtain the Tao-creation's Divine Crystal, that would be a bad thing." Zuo Tianyi's face became gloomy: However, I will definitely spread this news.

"Uncle Zuo, be careful when you spread the news. Fierce Saber Race and Soul River Divine Race are not easy to deal with." Chen Xiang said: "If they knew that someone was spreading the news, they would definitely investigate the source."

"What are you afraid of? Since you know about this, it means that this matter is not a secret. You can rest assured." Zuo Tianyi laughed: "You must have a grudge with Soul River Divine Race and the Fierce Saber Race!"

Chen Xiang laughed foolishly, "There is indeed a bit of a conflict! Oh right, Master Zuo, you said before that it was not good for the World Defying holy dragon to obtain the Tao-creation's Holy Crystal, why is that? "

"There were many old fellows in Ao Dragon City back then who had 'fought' with World Defying holy dragon ... They are already dead and dressed up, but I stayed with them for a long time and specifically studied World Defying holy dragon s. " Zuo Tianyi said: "We all agree that the World Defying holy dragon was sealed by something, because there is a collar around the World Defying holy dragon's neck!"

"Aren't World Defying holy dragon very powerful? Why is there a collar around his neck? " Qin Shuang was surprised: "Could it be that there is someone that is strong enough to control World Defying holy dragon?"

"I don't know, but that necklace is actually very hidden. Only a few old fellows and I saw it, and it was very thin and thin. It didn't seem like it was something that could suppress World Defying holy dragon s! However, other than the necklace, we can also feel a very strong sealing force. " Zuo Tianyi said: "I have come in contact with this before, and anyone who has seen the World Defying holy dragon have discovered it."

"If he has the Tao-creation Divine Crystal in his hands, it very likely means that he has already broken through the seal, so his strength is now even more terrifying." Zuo Tianyi said: "Of course, it could also be that I'm overthinking things."

Zuo Tianyi wanted to urgently try the pill that Chen Xiang gave him, and Chen Xiang also wanted to rush to find the World Defying holy dragon. So they left, went to an empty place, and waited for the World Defying holy dragon to go crazy.

While they were waiting, Chen Xiang concocted the Myriad Tao Divine Soil Pellets, and the pills he gave Zuo Tianyi previously were all concocted by him while he was rushing along his way.

Three days later, Qin Shuang suddenly saw the small piece of red stone in her hand light up, and she shouted in shock: "There's a reaction!"

Chen Xiang anxiously looked over, the small piece of debris had become extremely beautiful. Although it was only the size of a fingernail, the surface was covered with a hazy red light, flickering, like a star emitting a red light in the middle of the night.

Qin Shuang immediately spun in place, and when she hit a direction, the red light became even brighter.

"This way, let's go!" Qin Shuang said.

Chen Xiang took out the Six Realms mirrors, then began his journey to search for the dragon!

Eight days later, the Six Realms mirrors stopped outside a black desert.

As soon as they passed through a forest, they saw a black desert in front of them, then immediately coming out from the Six Realms mirrors.

"What's going on inside?" Chen Xiang looked at the black colored desert, and in the distance, a red mist of light would occasionally fly past and dissipate into the violent winds.

It was afternoon and the sun was shining fiercely. From time to time, there would be a hot wave coming from inside.

"Blood Wind Black Desert!" Qin Shuang's voice carried a trace of fear: "This is a very dangerous place, I didn't expect the World Defying holy dragon to be hiding inside."

"No matter how dangerous it is, there's no way around it. In the end, we still have to enter it. No matter what, we have to look at the World Defying holy dragon from afar before deciding whether or not to carry out my plan." Chen Xiang said.

"Alright, let's go in. Since everyone is here, let's go in!" Qin Shuang was also very adventurous and intelligent. She didn't know why, but she felt that she would be very safe when she was with Chen Xiang.

"We'll go in at night. It's too hot during the day." Chen Xiang said, although they would not feel the heat inside the Six Realms mirrors, they were worried that they would encounter a situation where they needed to come out, and at that time, it would definitely be very hot.

In the evening, Qin Shuang who was resting against the tree suddenly became alert, he anxiously patted Chen Xiang who was refining pills: "Someone is approaching!"

Chen Xiang opened his eyes and anxiously kept the pill furnace, then brought Qin Shuang to jump onto a big tree and hid himself using the Counter Power.

Not long after, more than thirty huge caravans sped by. In front of them, two caravans were driving side by side, smashing apart many trees.

Chen Xiang and Qin Shuang saw He Yancong's car from the first glance, and it was also a beautiful car!

"It's them!" Chen Xiang sent a sound transmission to Qin Shuang, "Their speed sure is fast enough."

Amongst them, two of Chen Xiang and Qin Shuang recognized each other. It was none other than Zhu Hai profound and He Yancong, and other than the two of them, there were four other elders. The other carriages also opened their 'doors' at this time, and a few men wearing golden armor walked out.

What surprised Chen Xiang and Qin Shuang the most was that one of Zhu Hai profound's arms was missing!

Chen Xiang suspected that it was Wang Dao, but did not succeed, and only caused Zhu Hai profound to lose an arm. With Zhu Hai profound's cultivation level, and one of his arms being destroyed, it was impossible to grow back an arm in a short period of time, and he also wanted to look at the World Defying holy dragon, so he came back injured.

Zhu Hai profound looked at the place where he had lost an arm and scolded in a low voice, "Those trash from the Myriad Tao. If it wasn't for them, I wouldn't have lost an arm either."

It was indeed Wang Dao's doing!

"Almost certainly." He Yancong sneered: "That woman called Qin Shuang, I must capture her alive. She actually killed my Wild thunder tiger ... "And the people around her, they have never shown themselves, but they are always able to escape. I must let them see my power."

"After the two of you enter, just watch from the side. You two are too weak, and in battle with the World Defying holy dragon, there is only death waiting for you two." An old man said: "We initially did not want you to come, but the World Defying holy dragon is already injured and its power is greatly reduced. When the time comes, we will be more at ease."

## [Chapter 3282](#)

On the big tree, when Chen Xiang and Qin Shuang learned that the World Defying holy dragon was injured, they were extremely shocked. The strong World Defying holy dragon was actually injured. "..."

"This is a very good opportunity, we must obtain the Tao-creation's Divine Crystal from the World Defying holy dragon." An old man from the Fierce Saber Race said, "The Blood Wind Black Desert in front is not peaceful. Let's continue on our way."

Very quickly, these dozens of RV cars drove into the Blood Wind Black Desert. After they distanced themselves, Chen Xiang and Qin Shuang jumped down from the top of the RV, and looked in the direction they disappeared in.

"The World Defying holy dragon are injured, this way, they have a very high chance of obtaining the Tao-creation's Divine Crystal. They definitely cannot obtain it." Chen Xiang was very anxious: "This group of

fellows are very powerful. If they join hands, they might really be able to take down the World Defying holy dragon."

"Yes, we should hurry on our way as well!" Qin Shuang took out that small piece of dragon's scale, looked around, and frowned: "That's not right, the World Defying holy dragon is not in that direction!"

Qin Shuang placed the dragon's scale on his palm and pointed it in several directions. The direction that the dragon's scale lit up the brightest was not the direction that the group of people had pointed at just a moment ago.

"Did they go in the wrong direction?" Chen Xiang said in pleasant surprise, "Perhaps the World Defying holy dragon has changed its direction in this period of time ... This is a good thing for us, we need to quickly find the World Defying holy dragon. "

"Un, let's go then!" Qin Shuang said.

After they entered the Six Realms mirrors, they used their fastest speed to rush to the direction of the World Defying holy dragon.

The World Defying holy dragon s were very strong, and they were now injured. This made Chen Xiang and Qin Shuang a little worried that there was an existence hidden in this desert that was as strong as the World Defying holy dragon s.

"We don't know what injured the World Defying holy dragon, but we must be very careful when the time comes. If we meet that guy, we might be killed." Chen Xiang was in a room inside the Six Realms mirrors, he took a look at his surroundings and said, "I suddenly feel that the divine tools refined with the Crystal emperor are not necessarily strong."

"After all, there are Tao-creation's Holy stone and Tao-creation's Divine Crystals on top of the Crystal emperor. These are all materials used to refine artifacts that are close to the limit." Qin Shuang said: "If I could get a little and add it, it would definitely be very powerful."

Although Chen Xiang felt that it was not safe, but Qin Shuang felt that it was not bad.

"How many materials did you use for the Six Realms mirrors?"

"Six!" Chen Xiang still had a lot of Crystal emperor in his hands, but he didn't know how to use them yet.

"Quite a few!" Qin Shuang exclaimed: "You, you actually managed to get so many Crystal emperor, could it be that your speed of refining Crystal emperor is very fast?"

"Of course not... I also took a long time to refine it, but I know how to use the power of time, so I can shorten the time I have with the outside world. " Chen Xiang laughed bitterly, it was not comfortable to stay in the Time Domain for a while to refine Crystal emperor.

Qin Shuang nodded his head, showing that he could understand, she seemed to know that refining Crystal emperor s was not an easy task, but because Chen Xiang had grasped the power of time, it seemed like he could concoct it in a short period of time.

The Six Realms mirrors was rolling extremely quickly in the Blood Wind Black Desert. Previously, Chen Xiang had competed with He Yancong's carriage, and even though the carriage was fast, it was far

inferior to Chen Xiang's carriage, because the ingredients used to make the carriage were different. To many people, it was an extremely extravagant task to refine them using the Myriad Tao Divine Soil Crystals, but compared to Chen Xiang's six Crystal emperor s, it was not worth mentioning at all.

Although there were many great powers above Myriad Tao that were able to grasp a large number of Myriad Tao Divine Soil s, they did not have the method to refine Crystal emperor s. Therefore, the speed at which they refined Crystal emperor s was extremely fast, and the consumption of Myriad Tao Divine Soil Crystals was also very large, so Crystal emperor s were like little magpies to the large races.

Six Realms mirrors flew all night in the Blood Wind Black Desert, but when dawn arrived, the Six Realms mirrors's speed suddenly decreased.

"Why did it suddenly become so slow?" Chen Xiang immediately checked the room's surroundings. From the inside, he could also see the outside of the room.

"Is it because of this strange wind?" Chen Xiang frowned: "That's not right, when we first entered, we also encountered many of these strange winds, but we did not slow down at all, now we are suddenly so much slower."

Qin Shuang looked carefully, and said in a low voice: "It is definitely not caused by the blood wind, but a strong force that appears in the surroundings. This force caused the space to distort, and then erupted with an intense and tyrannical force, blocking the advance of the Six Realms mirrors, look carefully at the blood wind, it is currently blowing chaotically, this is not a normal blood wind."

"Could it be that the World Defying holy dragon is close by?" 's heart suddenly jumped, World Defying holy dragon were very strong, although he had seen many strong dragons before, but now he could not help but feel fear.

"Let's go out and take a look!" Qin Shuang said: "Now that we are all here, we can only take the risk and go take a look. Otherwise, when Fierce Saber Race and the rest arrive, we won't have any chances to get close to the World Defying holy dragon."

"Alright!" Chen Xiang immediately left with Qin Shuang. After arriving outside, Chen Xiang felt a familiar aura;

"The World Defying holy dragon is indeed close by, this guy is really scary!" Chen Xiang could feel the surrounding space trembling because of a strong aura and he could tell how strong the World Defying holy dragon were.

Chen Xiang suddenly thought about it, that there was also a World Defying Green dragon in his own Divine Sense Sea, but that was only for the World Defying Stage, if he were to step into it in the future, that World Defying Green dragon would be an arrogant Sacred Azure Dragon, but he did not know how its strength compared to the current World Defying holy dragon.

"This guy is too strong, should we continue?" Qin Shuang asked.

"Continue!"

They returned to the Six Realms mirrors and let it slowly roll, towards the direction of the imposing aura.

"This is bad!" Suddenly, Chen Xiang saw a wide and deep crevice in front of him. The Six Realms mirrors almost fell inside, it was fortunate that he could make it stop even if it wanted to.

Chen Xiang and Qin Shuang came out from the crack in the ground and looked down, the powerful Qi was surging out from below.

"We can't go down, it's too dangerous down there, and we can't fly." Qin Shuang said.

"I know!" Chen Xiang was walking around, thinking of a way to lure the World Defying holy dragon up below.

Qin Shuang came here to find the World Defying holy dragon in order to tell them that an enemy was coming to attack him and then have him lay in ambush. Only after arriving here did he find out that the World Defying holy dragon was already injured.

### [Chapter 3283](#)

Therefore, Chen Xiang had no choice but to change his plan. He could only inform the World Defying holy dragon and let it quickly hide. Or perhaps, he could be more cautious and not fall into the Soul River Divine Race's and Fierce Saber Race's trap. /800. The updates were quick.

As long as Soul River Divine Race and Fierce Saber Race could not obtain the Tao-creation's Divine Crystal, Chen Xiang felt that this trip was a success.

"How can I lure the World Defying holy dragon up here?" Qin Shuang was also thinking of a way. Although she thought of a few, she felt that none of them would work, because they were the more violent kind, and could easily make World Defying holy dragon angry.

"Those fellows should be arriving soon, the aura released by the World Defying holy dragon is so dense, they will definitely be sensed, even if they go in the wrong direction, they can still use this aura to find the location of the World Defying holy dragon." Qin Shuang said.

Chen Xiang clenched his teeth and said: "I can only try this method, although it is a bit risky ... .."

"Could it be violence? If that's the case, then we don't need to try. The World Defying holy dragon is currently injured, and if we 'infuriate' it, it would not be a good thing. Maybe the moment he appears, he will 'kill' us. " Qin Shuang said. She could think of this idea, but she felt that it would be impossible. In other words, if she attacked the deepest part of the crevice with her strong power, she would definitely be able to cause a huge commotion.

"It's not what you think!" Chen Xiang took a deep breath, and then his eyes suddenly flickered with a green light.

Soon after, a blue light appeared in the sky above the crack. The green light was like a massive whirlpool, and with a dragon's roar, a large amount of lightning was sent out from the whirlpool.

"This... This is an Azure Dragon! " Qin Shuang cried out in alarm and immediately retreated. Since she was so close to the green dragon, the berserk Qi made her feel extremely shocked.

The massive body of the dragon was like a pillar supporting the sky. The green dragon scales on its surface emitted a green glow. Accompanied by streaks of lightning, boundless lightning and thunder continued to surge out from the dragon scales.

The green dragon roared and flew high into the sky. The dragon's roar shook the earth. Countless lightning bolts shot out from the dragon's body. They were like a torrential downpour of lightning, striking the ground. It was extremely terrifying.

Qin Shuang was so shocked that she was stupefied like a chicken. Of course she knew, this green dragon was released by Chen Xiang!

There was only one possibility for a man to release a dragon, and that was that this man could cultivate World Defying beast. Anyone who could cultivate World Defying beast s were all terrifying existences. This was Chen Xiang's true strength!

"The green dragon can actually fly!" Chen Xiang muttered. He originally wanted to let the green dragon fly into the abyss, but just when he had that idea, a wave of hot air suddenly came from the bottom of the crevice. Red light gushed out from the bottom, straight into the clouds.

"He's out! He's really strong!" Chen Xiang released the World Defying Green dragon at this time. After comparing it with the World Defying Green dragon, he understood its strength even more clearly.

The World Defying holy dragon was even stronger than his own World Defying Green dragon!

The fire red color of the World Defying holy dragon was a huge fire dragon. After it came out, it charged straight at the World Defying Green dragon and spat out a flame from its mouth, directly attacking the World Defying Green dragon the moment it came out!

"I'm not your opponent!" Chen Xiang knew how powerful the World Defying holy dragon was, but his World Defying Green dragon was still not a match for it at the moment. He did not want to take it head-on, as this would harm the World Defying Green dragon.

Qin Shuang knew that Chen Xiang had cultivated a World Defying beast, this was something that was extremely difficult to come by, but now that the World Defying holy dragon was attacking the World Defying Green dragon, she was extremely worried and wanted to make a move!

"Chen Xiang, quickly take back the World Defying Green dragon and leave this place. Your World Defying Green dragon must not be destroyed here." Qin Shuang knew the importance of World Defying Green dragon. As long as Chen Xiang stepped into the Aoshi Holy Stage in the future, this World Defying Green dragon's strength would definitely be even more shocking than it was right now.

"If we take it back, we won't be able to run away." Chen Xiang said: "This guy already knows we are here!"

Chen Xiang held onto the Six Realms mirrors tightly, closed his eyes, and shouted loudly. Through the Six Realms mirrors, he released a ray of red light which landed on the World Defying Green dragon's body.

Chen Xiang was summoning his Red fire dragon. The combined six Heavenly beast s could only be fused together through the special stone inside the Six Realms mirrors.

As the Green dragon howler moved, the green dragon scales on its body turned red, spitting out waves of scorching hot air. On its back, a pair of huge wings appeared, it was the Vermillion Bird's wings.

The dragon claw had also undergone a huge change. It was the fusion of the dragon and tiger claws, making it seem even bigger, sharp, and strong. The scales on it compared to the Sky World Defying holy dragon's were even thicker and tougher, because it was a hard armor that had merged with the Black Tortoise.

And the most terrifying thing was that the Ground-suppressing immortal elephant's power was roaring nonstop, unleashing an earth-shattering might, as though it was going to suppress the heaven and earth, suppress everything.

The Red fire dragon's appearance looked even more mighty and tyrannical, and its body was also larger than the World Defying holy dragon's. Especially that pair of gigantic Suzaku fire wings, when it fluttered, it set off bursts of violent flame astral winds, blowing the World Defying holy dragon so that it did not dare to approach.

"I don't want to fight with you, and I'm not your enemy. If you can understand my words, then stop!" Chen Xiang's voice came out from the Red fire dragon like rolling thunder.

When Qin Shuang saw that the World Defying Green dragon had turned into such a terrifying Red fire dragon, she almost fell to the ground. She looked at Chen Xiang's back and was extremely shocked, she did not know how much strength the man in front of her was hiding!

Just how mysterious and strong was Chen Xiang in her eyes right now!

"We are not enemies?" The World Defying holy dragon spoke.

"Yes!" Chen Xiang said: "I know you're already injured, but there's a group of very powerful people on their way right now. They want to snatch the Tao-creation's Holy Crystal from your hands, I'm here to remind you!"

Chen Xiang's words made the World Defying holy dragon let out an angry roar.

That group is very strong, they are from Fierce Saber Race and Soul River Divine Race, my strength is limited, I am not their match, so you should be careful, or else you should leave this place. Chen Xiang said: "The Tao-creation's Sacred Crystal definitely cannot fall into their hands."

"Alright, thank you very much!" After the World Defying holy dragon finished speaking, it went back into the crevice and Chen Xiang quickly took it back.

He sensed that the World Defying holy dragon's aura was gradually weakening, and was probably leaving from deep underground. This made him and Qin Shuang heave a sigh of relief.

"It really succeeded!" Qin Shuang also felt that it was hard to believe, she never thought that the World Defying holy dragon would actually listen to Chen Xiang and stay far away. And what she did not expect was that Chen Xiang possessed such a powerful Red fire dragon.

They entered the Six Realms mirrors, and just as they were about to leave, they heard a low and deep dragon roar coming from afar, followed by a wave of scorching air.

"Oh no, they're here!" Chen Xiang said as he gritted his teeth. He had wasted all his efforts just now, and the World Defying holy dragon had still been intercepted.

...

### [Chapter 3284](#)

Qin Shuang anxiously said: "Don't worry, although the World Defying holy dragon is injured, it is powerful and will not lose that easily. Let's quickly go over and take a look!"

"The sound is coming from the opposite side of the crevice. We can't fly, how do we cross the crevice?" Chen Xiang came out from the Six Realms mirrors and asked with a frown: "Can I jump over there?"

"I can!" As Qin Shuang said this, he grabbed Chen Xiang and leaped with all his might towards that wide crack in the ground.

After they entered the Six Realms mirrors, they quickly flew towards the direction where the dragon's roar came from. Cotton candy dancing e-book.

When they approached, Chen Xiang came out from the Six Realms mirrors. The aura here was extremely tyrannical, making it easier for them to hide!

"Which carriage belongs to He Yancong and He Yancong?" Chen Xiang searched for the caravan enveloped by the black colored sandstorm. He could vaguely make out a little shadow, but he was unable to find it quickly.

With He Yancong's and Zhu Hai profound's current strength, they were completely unable to enter the battlefield, so they had to be hiding inside the caravan to watch the show. This was a good opportunity to make a move against them.

"Their caravan is very strong, so it's not easy for us to get in." She hated Zhu Hai profound the most, because Zhu Hai profound's dirty thoughts about her always made her feel disgusted. Furthermore, Zhu Hai profound's strength had been greatly reduced after losing an arm, so if she and Chen Xiang were to work together, she would definitely be able to beat him.

"Don't worry, I'll use my sword to break it." Chen Xiang said: "I may have to use the World Defying beast's power later!"

"En!" Qin Shuang knew that it was Chen Xiang's secret strength, and she knew very clearly what would happen if the matter of Chen Xiang possessing a World Defying beast were to be exposed, it would definitely attract the attention of the upper echelons of the various races, and they would definitely want to snatch it away. Approaching the carriage, Feng Ke'er suddenly said: "Do as I say, I guarantee that you will be able to destroy this carriage with a slash of your sword!"

Killing Zhu Hai profound was the most important thing, because all of Ji Xingyuan's deaths were caused by him, so he had to take revenge!

Feng Ke'er told Chen Xiang a spot. After memorizing it, Chen Xiang used enough strength to slash down at the spot slightly beside the side of the caravan. At this time, he was still using the Counter Power to conceal himself, but his Qi had been exposed.

With a boom, the RV was split into two by Chen Xiang, causing the energy inside to gush out of the RV and create a series of intense explosions.

Qin Shuang also jumped over, holding onto his Purple Yang Excalibur, he leapt over like a ray of purple light.

"Bitch, it's you!" He never thought that Qin Shuang would actually appear here. He believed that Qin Shuang had followed them all the way here, and only took advantage of the departure of the old man in the convoy to make a move.

He Yancong's caravan was nearby, but with such a large commotion happening on Zhu Haiprofound's side, He Yancong was sure to realize something, he just got off the carriage, and immediately saw Qin Shuang's figure. He anxiously went over, but was immediately enveloped by the Six Realms mirrors that Chen Xiang had released.

After Chen Xiang destroyed Zhu Haiprofound's carriage, although he revealed his own Qi, Qin Shuang's appearance caused Zhu Haiprofound to ignore Chen Xiang's existence, and took the chance to hide in the vicinity of He Yancong's carriage, waiting for He Yancong to come out.

Just as he expected, He Yancong saw Qin Shuang from the window of the carriage and was instantly furious. Because Qin Shuang had 'killed' his Wild thunder tiger, he hurriedly got off the carriage and thought that Qin Shuang had followed him all the way here.

After He Yancong got off the car, he immediately thought of the fact that Qin Shuang still had other comrades, but it was already too late. Chen Xiang's Six Realms mirrors had already enveloped him!

"Who the hell are you?" He Yancong finally saw Chen Xiang's true face, to think that he was actually a human, which was unexpected, because in his eyes, no matter how strong humans were, their power was still limited, and most of the powerful humans were all Alchemist.

"I am the one who killed your Wild thunder tiger." Chen Xiang laughed coldly: "But I have to tell you, Wild thunder tiger attacked me first, you didn't take care of the pets, and went around 'randomly' biting people. After being killed, you harbored hatred in your heart, and didn't reflect on your own mistakes.

"A lowly human like you is actually the one who killed my beloved pet ..." He Yancong was furious, he wanted to struggle free from the seal released by Chen Xiang the Six Realms mirrors, but he was unable to succeed.

"Lowly?" Chen Xiang laughed, and in a flash, the Heavenly magic sword appeared in his hands. He stabbed his sword into He Yancong's chest: "I am a lowly person, but you died in my hands. It seems like you are not even comparable to me, a lowly person, so just die!"

He Yancong never thought that Chen Xiang would actually dare to make a move, "You ... You are a human, do you know who you are killing? I am a Soul River Divine Race ... "

"Pfft!" Chen Xiang fiercely poured the Sun madness fire s into He Yancong's body, burning He Yancong into ashes from the inside.

He Yancong died, and even the one-armed Zhu Hai profound saw from afar. He Yancong was slightly stronger than him, but he was actually killed.

Zhu Hai profound had never felt such fear before. Although Wang Dao had attacked him and almost killed him, he did not have such fear.

But now, the strong had gone to deal with the World Defying holy dragon!

Qin Shuang also never thought that by relying on Six Realms mirrors, Chen Xiang would be able to easily kill off a powerful Fierce Fighting God like him. However, she thought that since Chen Xiang had cultivated a World Defying beast, his own strength was not weak, so killing He Yancong was not a big deal.

Just now, Chen Xiang had secretly used a lot of World Defying beast's power. Otherwise, he wouldn't have been able to use the Six Realms mirrors to trap He Yancong, and he would have been run out by He Yancong.

When he had destroyed He Yancong, it had seemed very easy, but in reality, more than half of his power had been used up.

"Father, quickly save me." Zhu Hai profound suddenly roared out involuntarily, while Chen Xiang had already used his Counter Power and disappeared, causing Zhu Hai profound to be even more afraid, because he was fighting with the World Defying holy dragon in the distance, a wave of tyrannical Qi rippled out, making him unable to sense where Chen Xiang was.

When Zhu Hai profound roared, Qin Shuang's Purple Yang Excalibur had already stabbed into his abdomen, causing Zhu Hai profound to scream in pain. Then, he was kicked twice by Qin Shuang, causing him to be extremely furious.

"An aura is approaching!" Qin Shuang anxiously used the Sound Transmission Technique, and Chen Xiang suddenly appeared behind Zhu Hai profound. His arm seemed to be wrapped in a faint Red fire dragon image, it was spewing flames.

"Uncle, I've avenged you!" Chen Xiang's fist that was wrapped around the Red fire dragon burst out, containing a berserk Sun madness fire that penetrated Zhu Hai profound's chest in an instant, a powerful flame energy exploded out, exploding and rampaging within Zhu Hai profound's body.

Zhu Hai profound screamed miserably, as Ji Xingyuan's figure also appeared in his mind. Because, back then, Ji Xingyuan was also a person, he knew this person, knew this name. At that time, he only thought that it was okay to kill him, he never thought that there would be someone who would take revenge for Ji Xingyuan.

But now, he died because of it. This kind of death was so sudden, so sudden that he was completely unprepared, the kind of nostalgia towards the world before he died made him feel extremely unreconciled. He talked about the son of a great clan's elder, his status was honorable, above tens of thousands of people, but now he was going to die!

The fiery-red bead was not very big, and could be grabbed with one hand. When the Red fire dragon flew over, it swallowed it in one gulp.

"What is this!" The old man only felt a scorching Qi approaching and when he reacted, the bead was no longer in his hand. Then, he saw a streak of fire.

The Red fire dragon's speed was extremely fast, after getting it, it immediately entered the Six Realms mirrors, while Chen Xiang also anxiously controlled the Six Realms mirrors to fly, and with a swoosh, it left the battlefield.

The World Defying holy dragon in the air roared, and then entered the deep pit, and also disappeared!

"Chase!" Looking at the direction that the Six Realms mirrors disappeared in, the Fierce Saber Race Elder turned into a black shadow and chased after it. The others also followed.

Obviously, Chen Xiang took the pearl away was much more important than the World Defying holy dragon.

Chen Xiang held the fiery-red pearl in his hand and looked at it carefully. He could not tell what it was, but even though it was emitting a faint fiery red light, it did not have any aura, nor did it feel hot.

"This bead is extremely important to the World Defying holy dragon. What exactly is it?" Chen Xiang looked at Qin Shuang, who shook his head, she did not know what it was.

"Whatever, we can give it to him when we see the World Defying holy dragon. Right now, let's shake off those guys." From within the Six Realms mirrors, Chen Xiang could see that the people behind were chasing very closely. Furthermore, they were constantly attacking from behind, releasing clumps of strong energies, causing the Six Realms mirrors to fly a few times.

The pursuers behind them looked at the thing that was rolling like a wheel and suddenly felt very familiar, as if they had heard of it before.

An old man from Soul River Divine Race said suddenly: "I remember, Yan Cong said that Qin Shuang who he had chased before was hiding inside this thing, fast!"

After Zhu Qingneng heard this, his face changed. "He Yancong and my son are both gone ... .. Could it be that Qin Shuang, that little bitch, did this? "

### [Chapter 3286](#)

When everyone heard Zhu Qingneng's words, their faces all changed, especially the people of Soul River Divine Race, He Yancong was extremely important to their Soul River Divine Race, although this time their Patriarch did not come, the Patriarch's son had! "When they see the Six Realms mirrors, they will definitely recognize it." Chen Xiang said: "If they found out that it was you, Qin Shuang, who did it, would you be in big trouble?"

"No!" Qin Shuang said indifferently: "Anyway, I frequently caused troubles a long time ago."

"That's more like me, I'm also a troublemaker." Chen Xiang laughed.

Qin Shuang was the grandson of the Super Yang Old Ancestor. She knew a lot of things, especially some secrets about the large clans, so she really hated those large clans.

Right now, she was very excited to have eliminated two famous genius disciples, He Yancong and Zhu Haiprofound. If this matter were to spread, there would definitely be a lot of people praising her, because there were many people who hated these large clans.

"Heaven Old Imperial Family will definitely know that you are together with me now. If you reveal it, I will also expose it." Chen Xiang said.

"What is it? Are you scared?" Qin Shuang's eyes held a look of contempt.

"What am I afraid of?" Chen Xiang curled his lips: "Don't underestimate me, you know how strong I am, and I am never afraid of making trouble."

Chen Xiang had only just arrived in Myriad Tao a short while ago, and yet he had already done such a world-shaking thing.

Qin Shuang looked ahead and frowned: "Not good, ahead seems to be an extremely dangerous place."

On the wall of the room within the Six Realms mirrors, Chen Xiang saw everything in front of him. It was an area that was burning with red flames.

"This is the Blood Wind Fire Sea, it's very dangerous inside." Qin Shuang's expression revealed a hint of fear. Even she was afraid of a place that was definitely very frightening.

"How dangerous is it?" There was a large group of experts chasing after them from behind. Right now, they could only move forward; there was no other way.

"There aren't many strong people in the Blood Wind Fire Sea. The only danger is that the temperature inside is very high. It's said that the flames inside can easily melt the Crystal emperor." Qin Shuang said: "I heard this from grandfather... Back then my grandfather had mentioned this place, that he had once come here and used the flames inside to refine Crystal emperor. "

It could even melt Crystal emperor s, it was truly very dangerous!

However, Chen Xiang did not choose right now. He could only enter the sea of fire in front of him.

"It's the Blood Wind Fire Sea!" Zhu Qingneng shouted in shock: "We can't go in again, otherwise only death awaits us. The flames inside are extremely strange, if the temperature suddenly rises, none of us will be able to escape."

They could only watch as the Six Realms mirrors rolled into the Blood Wind Fire Sea.

"Don't worry, they're dead for sure!"

"Mm, the fire energy Crystal emperor inside can melt all ... Even if that wheel was refined with Crystal emperor, it would not be able to hold for long before it becomes damaged. "

"It's extremely likely that Hai Xuan was killed by them." Zhu Qingneng said angrily: "We need to go back and check their life orbs. If they break ...."

Zhu Haiprofound didn't dare imagine, if he was really sure that Zhu Haiprofound had died, he didn't know what to do either.

The expression on Soul River Divine Race's face was extremely ugly to see.

They were both aware that He Yancong and Zhu Haiprofound had many enemies, but there were very few who came to take revenge, and even if there was, it would be difficult to succeed ... Although Zhu Haiprofound's arm was cut off previously, he was still alive.

But now, he might have died!

They had never thought that someone would actually dare to kill the favored children of their large clan, because the favored children of their clan were extremely respected. Even if they did the wrong thing, they would not allow others to take revenge on them, and they had always been indulging these favored children of their clan.

But now, they had finally paid the price for their mistakes.

Not to mention that they had not taken down the World Defying holy dragon, they had also lost the thing that was used to 'lure' the World Defying holy dragon. If two more heaven favored ones died, it would only add to the amount of pain they suffered.

Chen Xiang controlled the Six Realms mirrors to enter the Blood Wind Fire Sea, and continued to advance forward at a very fast speed.

"They didn't chase us in!" Chen Xiang said: "Why didn't I see them?"

"Because this place is too dangerous. Anyone who understands this place will not be able to enter." Qin Shuang said: "Those old fellows all know this place very well, so they definitely won't come in."

Qin Shuang's face was now filled with worry, even a tinge of fear. Although she wasn't afraid of death, she didn't like the way she died.

"Is this place really that dangerous?" Chen Xiang looked at Qin Shuang's beautiful face and laughed.

"It's really scary! I can use flames and Icy cold power, but I can't defend against the flames here." Qin Shuang said: "The flames here are extremely strange, and will gradually raise the temperature at random. By the time people noticed it, it was already too late ... It's like boiling a frog in warm water."

Chen Xiang had already controlled the Six Realms mirrors to enter the Blood Wind Fire Sea a long distance away, but he did not feel any change in the temperature at all.

Even though Chen Xiang had already heard about the terror of this place, he didn't have anything to worry about. After all, he had never seen how terrifying the flames here were.

"Alright, I'll make a big circle and leave this place." Chen Xiang controlled the Six Realms mirrors to change its direction, as long as it did not appear in the entrance when they leave the Blood Wind Fire Sea.

Qin Shuang was finally a little relieved. She knew that the Six Realms mirrors's speed was very fast, and it wouldn't be long before she would be able to leave this Blood Wind Fire Sea area.

However, not long after the Six Realms mirrors changed its direction, Chen Xiang and Qin Shuang suddenly felt a wave of heat. After sensing the heat, Chen Xiang and the others immediately felt a scorching pain entering their bodies.

"It's here! A terrifying flame has appeared!" Qin Shuang's face changed drastically.

"Don't worry, we'll be able to get out very soon." Chen Xiang consoled Qin Shuang. At this time, he was controlling the speed of the Six Realms mirrors, but he realized that the Six Realms mirrors was gradually becoming slower.

"Not good, the Six Realms mirrors is injured and starting to transform." Chen Xiang was panic-stricken, he had finally witnessed the terror of Blood Wind Fire Sea.

The thing that Qin Shuang was worried about had happened, her face was pale white, but she could still feel the scorching pain growing stronger.

"You think of a way, I can't deal with this kind of flame." Qin Shuang shouted in shock.

If this continued, the entire Six Realms mirrors would be destroyed. Chen Xiang never thought that the six pieces of Spirit Equipment refined by the Crystal emperor would actually start to melt!

### [Chapter 3287](#)

Although the situation was urgent, Chen Xiang still maintained his calm and continued to think of ways!

"Got it!" Chen Xiang anxiously released a very strong force of time, the power of time enveloped the Six Realms mirrors, causing the Six Realms mirrors's time to change slightly. This way, it could slow down the Six Realms mirrors's transmutation, supporting it to run out.

However, what he did not expect was that the Time Domain was used very smoothly inside the You Yao Mountain Villa, but it was difficult to use it outside because the Time Laws on the Myriad Tao were different.

"Is it over?" In his desperation, Chen Xiang took out the fiery-red bead, and then, put away the Six Realms mirrors.

"Xiao Shuangshuang, use your greatest strength to resist the flames here. It will only take a short period of time." When Chen Xiang went out, he also asked Feng Ke'er to activate the fire array formation inside the Six Realms mirrors.

"I can only resist for a short period of time." Qin Shuang said, and then released a frost barrier.

He released the Red fire dragon through the Six Realms mirrors. He wanted to try and see, the World Defying holy dragon could fly in the sky, but he discovered that the higher up he went, the higher the temperature of the fire would be. Even the Red fire dragon found it hard to endure, and could not fly into the sky.

Right now, he could only use the power of the Red fire dragon to resist the blood colored flames.

The blood fire within the Blood Wind Fire Sea was extremely terrifying, and its temperature continued to rise, as if there was no limit to it. At this moment, Chen Xiang finally experienced the terror of this kind of fire.

With a few layers of protection, they would be able to temporarily withstand the invasion of the blood flames.

"What's next?" Qin Shuang asked.

"Wait!" Chen Xiang held the Fire Pearl tightly. This thing could lure the World Defying holy dragon, he felt that the World Defying holy dragon would definitely be able to resist the flames here.

As time passed, Qin Shuang's energy was about to run out, and when Chen Xiang released the Red fire dragon and activated the array inside the Six Realms mirrors, he was quickly exhausting his energy as well.

Not long after, they felt that scorching, stabbing pain again!

Suddenly, the earth began to shake as it began to crack open. With a dragon's roar, a red and fiery dragon leapt out from the ground.

"Hurry up!" The World Defying holy dragon had appeared, his body burning with red flames, making him look like the blood and fire of the place.

Chen Xiang and Qin Shuang anxiously jumped onto the back of the World Defying holy dragon, and with a long hiss, the World Defying holy dragon flew into the air.

Climbing onto the back of the World Defying holy dragon, Chen Xiang and Qin Shuang both felt a burst of coolness! Of course, the World Defying holy dragon's back was very hot, but compared to the Blood Wind Fire Sea, it was extremely "cool".

"You are really amazing ..." My dragon can't fly up here. " Chen Xiang had tried to let the Red fire dragon fly before, but to no avail.

"Your current strength is insufficient to resist this sea of fire." When the World Defying holy dragon flew high into the sky, Chen Xiang and Qin Shuang looked down at the sea of fire below them. At this moment, they realized that they were still a long way from the edge of the sea of fire.

However, the World Defying holy dragon did not fly them out. Instead, it continued to penetrate deep into the sea of fire.

"What is this bead?" Chen Xiang asked. Because of the relationship with the Red fire dragon and the fact that Chen Xiang had obtained this pearl, the World Defying holy dragon did not have any hostility towards Chen Xiang.

"This is my life essence." The World Defying holy dragon said.

After Chen Xiang released his hand, the fiery-red pearl released a burst of blood-colored flames, and then fell onto a piece of dragon's scale, entering into the dragon's body and into the World Defying holy dragon's body.

"How did such an important thing end up in the hands of those guys?" Chen Xiang finally understood why the World Defying holy dragon seemed to be threatened, so that bead was his real life.

"World Defying holy dragon, you are so powerful, how could Soul River Divine Race and the rest of the Fierce Saber Race take your life essence?" Qin Shuang also felt that this was unbelievable.

"While I was cultivating, I needed to fuse with the World Defying Stage Fierce Soul, so I let my life force go to the World Defying Stage Soul River. Although my life essence is very strong, I was still captured by them. At that time, I used my life essence to kill a few of them. " The World Defying holy dragon said: "And after my life essence is far away from me for a period of time, I will find it hard to control it, unless it returns to me."

When World Defying holy dragon cultivate, they would actually send such an important life force to the World Defying Stage Soul River. This was indeed an extremely dangerous thing.

"No wonder those guys came in so confidently." Chen Xiang said: "It seems that they have yet to send their strongest warriors over."

"Yes, but they are still very confident. It's a pity ..." Qin Shuang laughed, they did not expect Chen Xiang to also be here.

Originally, Chen Xiang was too lazy to get involved with this matter, but he suddenly knew that Ji Xingyuan was killed by Fierce Saber Race, and in order to take revenge, he had to take it at all costs. Furthermore, he was chased by He Yancong previously, so he ended up taking care of He Yancong here.

"World Defying holy dragon, where did you get your Tao-creation Divine Crystal? How did they know that you possess the Tao-creation's Divine Crystal? " Chen Xiang was extremely curious. Fierce Saber Race had only received the World Defying holy dragon's life force.

"They have read some memories from my life essence." The World Defying holy dragon said: "This is where I found my Tao-creation's Divine Crystal, and it's also very difficult to tame. In order to tame that small piece of the Tao-creation's Divine Crystal, I almost died, so if you meet it, you better be careful."

Chen Xiang did not think that the Holy Crystal of the Tao-creation would actually be found in this Blood Wind Fire Sea.

"Blood Wind Fire Sea is a huge treasury, and there are Tao-creation's Holy stone and Tao-creation's Divine Crystals inside. Only these kinds of things can be preserved under this kind of flame." The World Defying holy dragon said: "Tao-creation Holy stone s are slightly easier to tame, but the Tao-creation's Divine Crystal is very difficult."

Chen Xiang suddenly felt that it would be extremely difficult to get ahold of Tao-creation s.

"The Tao-creation's Holy Crystals have already been subdued by me, so even if they were able to snatch them away, they wouldn't be able to be used. Under my control, the Tao-creation's Holy Crystals would explode, killing them immediately." The World Defying holy dragon laughed.

Chen Xiang and Qin Shuang sat on the dragon's back, looking down at the red sea of fire. As the wind blew, they suddenly felt that the scenery inside the Blood Wind Black Desert was quite unique.

"World Defying holy dragon, where are you bringing us?" Qin Shuang asked. She had never thought that she would actually be able to ride a World Defying holy dragon.

"Bloody Wind Island!" The World Defying holy dragon said: "That is an island in Blood Wind Fire Sea, it will not be burned by fire from above."

Qin Shuang had never heard of a place like this in the Blood Wind Fire Sea. After all, it wasn't easy to enter the depths of the Blood Wind Fire Sea, unless one could fly high in the sky like the World Defying holy dragon and wasn't afraid of blood and fire.

### [Chapter 3288](#)

Chen Xiang and Qin Shuang followed the World Defying holy dragon to the Bloody Wind Island. It was a very small island, surrounded by blood colored flames, and although there would be blood winds blowing here from time to time, the island was very cool and refreshing.

"Are you the only one on this island?" Chen Xiang felt that this place was extremely desolate. Although the island was not very hot, but there were no plants here.

"Only I can come here ... I've been here many years. " The World Defying holy dragon said.

When Chen Xiang was in Ao Long City, he had heard that World Defying holy dragon had been missing for a long time, but he did not expect to be hiding here.

"Then let's cultivate here for a period of time. Fierce Saber Race and the Soul River Divine Race will definitely search everywhere, maybe we will very quickly find out some things from the Heaven Old Imperial Family."

Chen Xiang had already succeeded in refining the Myriad Tao Divine Soil Pellet, he could rely on this pellet to strengthen his body, and help him make an early breakthrough.

"Xiao Shuangshuang, you are now a Peak of World Defying crazy realm, you should be about to break through as well!" Chen Xiang said: "If you can break through, wouldn't you be a very young Aoshi Holy Stage Ranker?"

Qin Shuang nodded his head: "There are younger Aoshi Holy Stage Rankers, but they are fewer in number. All the great clans have this kind of genius ... Of course, the so-called youth was only the appearance of youth. Although they have lived for a long time, all of them were able to step into the Aoshi Holy Stage in a short period of time.

Chen Xiang felt that it shouldn't be too difficult for Qin Shuang to break through. After all, she was the granddaughter of the Super Yang Old Ancestor.

"Hurry up and cultivate. If you can step into the middle stage of World Defying Stage, your strength will definitely increase by leaps and bounds." Qin Shuang said: "Even if it's the Gifted Fierce Fighting Gods, it's still very difficult for them to defeat you in the same realm, unless you are not allowed to use Six Realms mirrors."

Speaking of Six Realms mirrors, Chen Xiang took it out. Although it had been melted and deformed, but it was not injured, so it could still be used. It was just that it did not look smooth on the surface.

"I need to concoct some pills now." Chen Xiang took out his Tianchuang furnace.

"You actually know how to refine pills?" When the World Defying holy dragon floating in the air saw this, it was slightly surprised.

"I'm a genius in this aspect." Chen Xiang laughed: "You have pills to refine?"

"Not really. I just didn't expect that you were actually an artificer!" The World Defying holy dragon said: "I also need to sleep for a period of time to let my life essence completely merge with my body."

"Alright!"

Right now, this Bloody Wind Island was extremely safe. If someone were to enter this place, they would definitely be a very powerful existence. At the very least, they would be able to tie with the World Defying holy dragon.

Previously, Chen Xiang had only used the derivation method for the Myriad Tao Divine Soil Pill, but now he had enough time, so he wanted to try to use the Crash method. His Tianchuang furnace was made from Crystal emperor and it was very strong, so he felt that there shouldn't be any problems.

After that, he was the same as before, refining pellets together with Feng Ke'er. When using the Crash method, although Chen Xiang was able to handle it alone, it would still consume a lot of energy.

Qin Shuang was also resting quietly at the side, she did not know that she needed to train like this at the moment, although she was only a step away from entering the Aoshi Holy Stage from the Peak of World Defying crazy realm, this step was extremely difficult.

... ..

Chen Xiang and the others were cultivating inside the Bloody Wind Island, while the other large cities on top of the Myriad Tao were in an uproar. This was because the Fierce Saber Race and the Soul River Divine Race had issued wanted posters that had never placed highest bounties before.

They used ten Crystal emperor s to reward Qin Shuang ... As well as a person who used a 'round disc' divine tool, they didn't know that it was a Six Realms mirrors, and they also didn't have any information related to Chen Xiang, so they could only do this.

When Soul River Divine Race and Fierce Saber Race returned, they found out that He Yancong's and Zhu Hai profound's life orbs had shattered, which meant that they were already dead. At first, when those people knew that Qin Shuang was present, they assumed that it was Qin Shuang who did it, and also the mysterious person who was with Qin Shuang all this time!

After the bounty was issued, the Fierce Saber Race quickly found some clues, because even if they provided a useful clue, they would still be rewarded with a piece of Myriad Tao Divine Soil Crystal.

As one of the ten great Fierce Fighting God s of the Fierce Saber Race, Zhu Qingneng had brought his son along, but he did not actually manage to bring him back. He was the most furious one, of course he knew that his son had many enemies, but he had never known of any enemy who was so strong!

Zhu Qingneng was in a secret room, and the person he met was a young man whose face was filled with arrogance. When the man saw Zhu Qingneng, the arrogance on his face suddenly disappeared.

This man was Hong Qianyi, Heaven Old Imperial Family of the Heaven Old Imperial Family. He knew about the relationship between Chen Xiang and Qin Shuang!

Hong Qianyi told Zhu Qingneng what he knew, but he did not say that Chen Xiang and Qin Shuang were brought over by him to the Myriad Tao. Otherwise, Zhu Qingneng would definitely be furious, because if Hong Qianyi did not bring Chen Xiang over, such a thing would not have happened.

"Possessing Purple Yang Excalibur and Sun Sword Blood ... And the Myriad Tao Divine Soil who controls the Super Yang Old Ancestor, Chen Xiang!" After hearing Hong Qianyi's story, Zhu Qingneng had already believed Hong Qianyi.

Because the Six Realms mirrors that Chen Xiang used were very powerful, and could only be refined by adding Crystal emperor. He even suspected that this was something refined by the Super Yang Old Ancestor.

"Alright, here is your reward." Zhu Qingneng gave Hong Qianyi a piece of Myriad Tao Divine Soil Crystal: "If you find anything, you can come back again. At that time, the same rewards will be given to you."

After Hong Qianyi obtained a piece of Myriad Tao Divine Soil Crystal, he was extremely excited and immediately nodded his head before leaving the place.

"The Purple Yang Excalibur has appeared ... It should be in Qin Shuang's hands. After Qin Shuang obtained the Purple Yang Excalibur, his strength grew by leaps and bounds, and he obtained two World Defying Stage Fierce Fighting Souls in an instant ... The things left behind by the Super Yang Old Ancestor are terrifying as expected." Zhu Qingneng clenched his fist: "They have already entered the Blood Wind Fire Sea. If they have something from the Super Yang Old Ancestor, they might be able to survive."

... ..

Wang Dao had seen Qin Shuang before, and knew that they were extremely close. Now that he saw the Fierce Saber Race and Soul River Divine Race giving such a bounty to Qin Shuang and the mysterious person beside her, he knew that Chen Xiang and must have done something to cause such a commotion.

After listening to Wang Dao's inquiry, he found out that He Yancong and Zhu Hai profound were both dead, and had died in the Blood Wind Black Desert. He also found out that Chen Xiang and Qin Shuang were both forced into the Blood Wind Fire Sea, but when Soul River Divine Race and Fierce Saber Race returned, they felt that they might still be alive, which was why they issued such a bounty.

### [Chapter 3289](#)

When he had ambushed Zhu Hai profound, it was because there was a very strong Aoshi Holy Stage protecting him, that caused him to be unable to succeed and he was only able to cut off Zhu Hai profound's arm.

"Chen Xiang this guy, he really succeeded. I didn't expect him to actually go to that place, I hope he's okay." Wang Dao naturally understood the dangers of Blood Wind Fire Sea.

Now that Zhu Hai profound was dead, it could be said that he was going to take revenge. Wang Dao also sighed.

... ..

Li Ba and Ma Jinhong were also on top of the Myriad Tao at the moment. When they saw the Six Realms mirrors painted on the bounty slip, they knew that it was Chen Xiang.

After Zhu Qingneng found out that Qin Shuang had the Purple Yang Excalibur, he released a new bounty order, adding Chen Xiang's name and picture.

"It's only been a few days, and it's already been investigated by them." Holding the bounty, Li Ba shook his head and sighed: "We're in trouble now."

"Those fellows from the Thief King should also know about it now ... They will definitely go crazy trying to find big brother. " Ma Jinhong started to admire Chen Xiang even more. Although the Fierce Saber Race and the Soul River Divine Race didn't say why they were offering such rewards to Chen Xiang, one look and one could tell that there was a huge grudge between them.

Of course the Thief King knew, this group of people were already asking all over the Myriad Tao about Chen Xiang, but they didn't have any gains at all. They didn't expect to suddenly see a picture of Chen Xiang when the bounty was being issued in the Fierce Saber Race and the Soul River Divine Race.

"This fellow is actually being watched by Fierce Saber Race and Soul River Divine Race. We definitely cannot let him fall into the hands of these two races, otherwise those Crystal emperor will also be snatched away." However, when Chen Xiang had entered the Purple Yang Divine Palace, many people from the Thief Race knew about it. In other words, this matter would definitely be known by the Fierce Saber Race and the Soul River Divine Race.

"At all costs, go to the Fierce Saber Race and ask about some things regarding Chen Xiang." Thief King slapped the table hard: "I want to get all the information related to Chen Xiang."

This group of Thief Race s had mostly followed Thief King after they came out of his residence. Because Thief King had the strength, they had left the Myriad Tao for tens of thousands of years. Now that they had returned, there would definitely be many new forces present, and if they did not unite, they would definitely be bullied.

No one knew who spread the news, but after Chen Xiang obtained the Purple Yang Excalibur, he entered the Purple Yang Divine Palace and obtained over ten pieces of the Crystal emperor that the Super Yang Old Ancestor left behind!

Everyone started imagining things. They suspected that Fierce Saber Race and Soul River Divine Race wanted to keep all the Crystal emperor for themselves, that's why they didn't explain the reason for the bounty.

To a large clan like the Fierce Saber Race, Crystal emperor were still extremely rare!

Just when everyone was suspicious of Fierce Saber Race's and his motives, they found out that He Yancong and his wife had died, and in addition to that, it was Chen Xiang and Qin Shuang who had killed them.

Everyone knew the strength of He Yancong and He Yancong, they were definitely a rare Gifted Fierce Fighting God, but they were still killed.

"They're in trouble." Wang Dao had been paying attention to this matter for the past few days, and he was also extremely surprised. Chen Xiang had actually entered the legendary Purple Yang Divine Palace before, and even obtained more than ten Crystal emperors from them.

Fierce Saber Race and Soul River Divine Race were also like that. Now, they finally understood that He Yancong and Zhu Hai profound had provoked an incredible fellow, and no wonder they were killed. What surprised them the most was, Chen Xiang was just a human, and not someone with a bloodline like them!

... ..

Bloody Wind Island, this place was extremely desolate, the rest were all good, very quiet and safe, Chen Xiang had already refined 10 Myriad Tao Divine Soil Pellets that had gone through a barrage of trials.

"I'm starting to eat it now. I wonder if these ten pills will be enough?" After consuming one pellet, Chen Xiang felt that the medicinal power was extremely berserk, so he immediately activated his cultivation method to refine it.

"Its effects are very overbearing!" Chen Xiang laughed and quickly controlled the medicinal power to circulate through his entire body, causing his entire body to be enveloped in a state similar to that of a Myriad Tao Divine Soil.

His physical body continued to grow stronger, at an extremely fast speed!

However, he was not happy because he felt that his body was like a bottomless pit, needing to absorb a lot of this energy in order to break through.

Generally speaking, it would take a very long time to break through a level from the World Defying crazy realm, and at the fastest, it would take a hundred years.

What he didn't know was that some people could spend tens of thousands of years in order to break through, but this was a difficult stage to reach!

Chen Xiang had always used the shortest amount of time to make breakthroughs, and this was mainly because of his heaven-defying pill refining skills, and the fact that he was always able to refine pills that could help him break through quickly.

"Looks like I can only enter the You Yao Mountain Villa to use the Time Domain to refine pills." Chen Xiang quickly refined the ten Myriad Tao Divine Soil Pills, but they did not increase his strength by much.

In the following days, Chen Xiang stayed in the You Yao Mountain Villa to refine pills.

"Elder Brother Shen..." Jiang Lisi suddenly called out, and Jiang Sihua was beside him.

Chen Xiang opened his eyes, looked at the cute and beautiful girl, and laughed: What's the matter?

"Elder Brother Shen, Lily can only condense Strong strength Dan, and I am a Huakuan Dan ... You don't seem to need it now." Jiang Sihua said. Although Jiang Sihua was also a young lady, he looked to be much more mature.

"Yes, but you don't have to worry. You're still my little sisters." Chen Xiang laughed: "Sijing and Mei Mei are bored staying here, it's not bad to have you two to accompany them."

Jiang Lisi shook her head, and said in a soft and gentle voice: "Actually, we can evolve .... "What pill do you need to refine? As long as you give us some, we can refine some of those pills too."

Jiang Sijing and Jiang Simei were both surprised. They had interacted with the two little girls for a long time, but did not know about this.

When they saw Chen Xiang concocting pills nonstop, they remembered this matter.

If he had the help of these two Young girl Danling, then it would truly be much faster.

"How much do you need to eat?" Chen Xiang took out a piece of Myriad Tao Divine Soil Pellet that he had refined using the Crash method and derivation method.

"100 pills should be enough!" Jiang Sihua ate one pill, thought for a moment, and said.

"A hundred pills ..." This should not be a problem, and then the two of you will get two hundred pills! " Chen Xiang thought, although it would take time to refine, as long as he could evolve these two Young girl Danling, he would not have to worry about the Myriad Tao Divine Soil Pellet in the future.

Jiang Simei laughed, "100 pills is enough ... In a sense, Lily and Flower are twins, they were born from your blood, as long as one of them succeeded in evolving and the other two cultivated the Twin Life Mysterious Techniques together! "

### [Chapter 3290](#)

If Jiang Sihua succeeded in evolving it, and she started to cultivate it together with Jiang Lisi, Jiang Lisi would also be able to evolve it successfully. This would allow Chen Xiang to refine at least a hundred Myriad Tao Divine Soil Pills less, and it must be known that the process of refining the pills was extremely arduous.

"Alright, it's settled then."

Chen Xiang used Time Domain to envelop himself and he was only using the first stage of the Time Domain. He had to consume a lot of energy to refine the Myriad Tao Divine Soil Pellet, because he had to use the collision and derivation techniques to refine the pellet.

"These two pill spirits are too powerful ..." I even planned to start from refining the new spirit pellet for the Myriad Tao Divine Soil Pellets, looks like I don't have to refine anymore. " Chen Xiang was very happy at the moment.

After Jiang Sihua and Jiang Lisi evolved, they would be able to condense Myriad Tao Divine Soil Pills every day. If they needed to, they could condense Huakuan Dan s and Strong strength Dan s as well.

"You should have asked Wang Dao about the pill spirit last time ..." You don't seem to understand much about alchemy. " Feng Ke'er said: "Yue Yiran said before, a spirit pellet can still have a very powerful fighting strength."

"That's for sure!" If Li Li consumed a hundred Myriad Tao Divine Soil Pills, how could she not be strong?  
" Chen Xiang laughed: "These pill spirits definitely have their own set of cultivation methods."

"How long will it take for you to refine a hundred Myriad Tao Divine Soil Pills?" Feng Ke'er asked.

"The last time I refined ten pills, it took me three months ..." We should be able to finish it within thirty months. " Chen Xiang said. Inside his Time Domain, thirty months were merely thirty days outside.

When Chen Xiang finished refining, he used thirty-five months of time. In total, there were more than 120 pills, but he was mainly tired and bored. He slowed down during refining to prevent himself from feeling that much pressure.

When he was refining, he had Jiang Sihua enter the Time Domain too. As Jiang Sihua ate, he also refined.

"Alright, I'm done evolving!" After Jiang Sihua ate a hundred and twenty pills, she had succeeded in evolving. She had previously said that she would take a hundred pills, but she did not evolve after she ate a hundred, so Chen Xiang could only continue to refine them until she evolved.

Chen Xiang immediately withdrew his Time Domain, then let Jiang Lisi and Jiang Sihua cultivate the Twin Life Mysterious Techniques together, and allowed the two of them to stay in the Time Domain. Thus, Chen Xiang only waited a day, and they succeeded.

"I am much more relaxed now." Chen Xiang looked at the two Young girl Danlings that had evolved. Although they didn't look like they had changed, he could feel that their bodies were extremely strong.

Chen Xiang pinched their sweet faces and laughed: "You guys have become stronger, looks like I'll have to teach you guys how to fight in the future, maybe you guys can help me out?"

"Elder Brother Shen, we will fight." Jiang Lisi said: "We can continue to evolve, as long as you give us enough pills."

Chen Xiang nodded his head, and laughed: "In the future, I will learn a new type of pill, and I will refine more for you to eat!"

Myriad Tao Divine Soil Pellets were refined using a lot of Myriad Tao Divine Soil s, but Jiang Sihua and Jiang Sihua were able to absorb the energy outside and directly form the Myriad Tao Divine Soil Pellet. They did not know why they were so mysterious, but they were able to do this kind of thing.

"It's only been six hours?" Chen Xiang was in disbelief.

Although Jiang Lisi and Jiang Sihua were doing other things, it did not affect them from condensing the Myriad Tao Divine Soil Pellets. As Chen Xiang looked at the two Myriad Tao Divine Soil Pellets, he could not help but exclaim in admiration, because the quality of the Myriad Tao Divine Soil Pellets was the same as the one he had refined using the impact derivation method!

In these six hours, each of them had condensed one pellet, which was two pellets. However, Chen Xiang had previously required about ten days to refine even one pellet.

"They really are two treasures." Inside You Yao Mountain Villa, Chen Xiang caressed the Young girl Danling's beautiful face.

Following that, Chen Xiang continued to eat the Myriad Tao Divine Soil Pellet to cultivate. He did not enter the Time Domain when he was cultivating because he could not absorb the special World Defying Stage Fierce Power above the Myriad Tao.

Jiang Lisi and Jiang Sihua could condense eight Myriad Tao Divine Soil Pellets in a day, and there was a steady flow of them. This allowed Chen Xiang to save the fatigue of refining pills, which would happen after he ate them.

Qin Shuang cultivated for more than a month before walking around. From her expression, it seemed that her progress was not going smoothly.

"You, don't you need to concoct pills?" During this month, Qin Shuang would pay attention to Chen Xiang from time to time. She could always see him eating that high quality Myriad Tao Divine Soil Pill and not being able to see him refining it.

"Of course I don't need to refine it." Chen Xiang laughed, "I am a genius Alchemist."

Qin Shuang observed Chen Xiang for two days, and the more he looked at it, the more surprised he became. Chen Xiang really didn't need to refine pills, she would take out two Myriad Tao Divine Soil Pills every six hours and eat them. Qin Shuang exclaimed.

"More or less. However, they are not old hens. Instead, they are two very beautiful little girls." Chen Xiang laughed.

"Pill spirit!" You refined a pill? But that's impossible! The Myriad Tao Divine Soil Pill should be an Primordial Desolate Pill that's around the level of a middle and upper rank pill. You still can't refine a Pill Spirit of this level, right? " Qin Shuang had some understanding of all these.

"I was the one who caused the pill spirit to evolve. Of course, I can't forge it ..." "Don't you know how hard it is to refine a pill spirit?" Chen Xiang had only successfully refined one pellet spirit of the Strong strength Dan, and that was Jiang Lisi who was in the You Yao Mountain Villa.

The longer Qin Shuang was together with Chen Xiang, the more they felt that Chen Xiang was terrifying! She had eaten the Myriad Tao Divine Soil Pellet that Chen Xiang had refined using the impact derivation method. That kind of quality had a certain effect on her, Chen Xiang had also said that it was extremely difficult to concoct.

But now, every six hours, Chen Xiang would have two of these pellets, one which was basically unnecessary to refine. This expanded her horizons, and was something she had never even heard of before.

It was only now that she truly understood the terror of Alchemist, and also understood that after she became enemies with him, she must kill him at all costs. Otherwise, the other party would get her revenge sooner or later.

"How are you doing?" Qin Shuang asked: "You still can't condense the second World Defying Stage Fierce Soul?"

"It's not enough, my body is not strong enough yet ..." I don't know what's going on, but my body is like a bottomless pit. I've eaten a lot of Myriad Tao Divine Soil Pills, and even though they are gradually

increasing in strength, I feel that they have been unable to bring my body to its limits. " Chen Xiang frowned and sighed.

"You have that dragon in your body ..." This is normal! " Qin Shuang said: "That dragon was also absorbing the medicinal power of your Myriad Tao Divine Soil Pill, but you had merged with that dragon, so you did not discover it yourself.

Qin Shuang's face was filled with jealousy, cultivating World Defying beast was something many people would dream of!
