

Dan God 3311

[Chapter 3311](#)

"In two days, I'll be able to receive my pills. I have to admit, that bottle of Soul body madness Dan is very good, but one pellet is equivalent to the effect of three Myriad Tao Divine Soil Pills. Ten pellets a month is already very generous. "When Chen Xiang ate before, he was full of praise.

To be able to distribute such a good pill for free, it was clear that the Ancient Fire Divine Sect did not lack this kind of pill.

"Is the reason why Huang Longsheng could become so powerful all because of the Soul body madness Dan?" Chen Xiang felt that it must be so, because there were only ten of them every month. If he wanted to become stronger faster, he could only do so by stealing from them, but the Ancient Fire Divine Sect did not care about this kind of things.

He guessed that Huang Longsheng used a few methods to get some weaker people to hand over a portion of the Soul body madness Dan to him when she distributed the pills. In this way, she could have a lot of Soul body madness Dan every month.

"Huang Longsheng, just you wait!"

Chen Xiang had to rest well and adjust his condition in the next two days.

"Chen Xiang!" Du Gang knocked on Chen Xiang's door.

Du Gang was a good person, he had a very good impression of Du Gang, so he quickly went to open the door.

"What is it?" Chen Xiang let Du Gang in.

"I'll be going to collect some pills in two days." These days, Du Gang had knocked on the door a few times, but when he was in closed door cultivation, he did not hear anything.

"I know." Chen Xiang kept this time in mind.

"I'm really sorry for what happened last time. I forgot to remind you." Du Gang felt extremely guilty: "If I told you about the things you need to take note of when collecting the pills, you wouldn't have provoked Huang Longsheng."

"What does this have to do with you?" Chen Xiang laughed: "It's fine, this is none of your business. It's all because of this brat Huang Longsheng that is such a bully. I should remind you, if a little tyrant comes to you to buy pills, you should give him at least two pills so that he won't make things difficult for you. In the future, give him two pills every month when you receive the pills. Du Gang sighed: "I thought ... I thought you knew all this. "

This was just as Chen Xiang had guessed.

"If you give Huang Longsheng the Soul body madness Dan, the other small overlords will no longer look for trouble with you. If the other small overlords come and look for you, you tell Huang Longsheng and Huang Longsheng will look for them to settle the score. Du Gang said, "So... The next time you receive a

Soul body madness Dan, the best thing to do is apologize to Huang Longsheng and give him a bottle of Soul body madness Dan. There will be a lot of time in the future anyway and there will be Soul body madness Dan every month.

"Thanks for the reminder, I got it." Chen Xiang said.

"That's good!" Du Gang laughed, he was relieved, he did not wish to see Chen Xiang being crippled by Du Gang.

Chen Xiang sent Du Gang away, and became even more determined. He must defeat Du Gang, as he was a person who would never lower his head to a bully, and he must eliminate this kind of bully.

"What exactly is the World Defying Stage Fierce Soul that I have just fused with?" Chen Xiang looked at the ball of liquid that looked like it twisted in his Divine Sense Sea: "This thing immediately returned to my Divine Sense Sea from the World Defying Stage Soul River, and it looked like it teleported. Could this be a World Defying Stage Fierce Soul related to the power of space?"

Chen Xiang had always been training his spatial energy previously, but since he had come here, he was unable to grasp the spatial laws here. He also did not know how to grasp it, so he could not use this energy again.

"For the time being, I don't understand." Chen Xiang wanted to activate the power of the World Defying Stage Fierce Soul, but he was unable to.

He closed his eyes and controlled his arrogant dragon soul, allowing the Red fire dragon to appear within the Divine Sense Sea. Because during battle, he needed to use the Red fire dragon's power, so as long as he did not release the Red fire dragon, no one would discover that he had a World Defying beast.

Even if he knew that he possessed the arrogant dragon soul, he would still be fine, because others could not snatch it away.

Soon, it was the day to receive the medicinal pellets. The first people to receive the pellets were those young tyrants. They were strong, strong, and extremely arrogant. The people here were all afraid of them, so they did not dare to be ahead of them.

When Chen Xiang arrived, many people were paying attention to him, because last time he was beaten up by Huang Longsheng, he seemed to be recovering well. Everyone thought that Chen Xiang should already know the rules here, so they thought that Chen Xiang would definitely hand over many Soul body madness Dan to Huang Longsheng.

Huang Longsheng was with a few of his henchmen, watching Chen Xiang receive the pellets with a cold smile on his face.

After Chen Xiang received the pellet, he was only concerned with walking out of the plaza. This shocked many people, and Du Gang even more so sent a sound transmission to Chen Xiang, telling him to quickly hand the Soul body madness Dan over to Huang Longsheng.

The old man who gave out the medicinal pellets also shook his head. He thought that Chen Xiang would be enlightened this time, since getting on good terms with the little overlord here could reduce a lot of trouble in the future. However, Chen Xiang did not do that.

Huang Longsheng saw that Chen Xiang was not walking towards him, and immediately rushed forward in a rage, stopping Chen Xiang once again.

"Kid, do you think I didn't have enough fun last time?" Huang Longsheng said in a cold voice, "If you know what's good for you..."

Chen Xiang squinted his eyes, retreated two steps, and laughed coldly: "If you know what's good for you, then hand the Soul body madness Dan in your hands over to me obediently!"

When everyone heard this, they were all stunned!

When Chen Xiang said this, he was simply worried that Huang Longsheng's attacks wouldn't be strong enough.

Huang Longsheng's face sank and his body trembled slightly. At this moment, everyone was watching with rapt attention, and the little tyrants in the distance also found it very interesting. Someone was actually trying to snatch Huang Longsheng's Soul body madness Dan s.

"You ... Say that again! " Huang Longsheng's voice trembled, like a furious tiger's roar, his eyes flashed with anger, and blue flames spewed out of his body.

The Red fire dragon in Chen Xiang's Divine Sense Sea suddenly roared and released a tyrannical power of a wild dragon. It erupted from the Divine Sense Sea and rushed towards Chen Xiang's body.

Chen Xiang didn't say it again, but directly punched!

His speed of his punch was much faster than Huang Longsheng's. Basically, no one could see the trajectory of his punch, but they could see his arm shake a little, and a faint flame appeared. Then, they saw his fist turn into a flaming dragon head, flashing with flames as it charged forward like a blazing sun ...

With a roar from the dragon head, Chen Xiang's fist fiercely smashed into Huang Longsheng's nose. After a burst of gorgeous sparks exploded, a shockwave engulfed the entire plaza.

's nose had already been completely disfigured after being punched by Chen Xiang with all of his strength. His eyes, nose and mouth were all gone, and only had a large hole left in the air.

"Don't you understand what they're saying? I can only tell you with my fists. That way, you'll understand. " Chen Xiang's cold voice carried a bit of power, causing the dazed crowd to tremble.

Huang Longsheng laid on the ground, motionless, and could tell that his injuries were severe, immediately fainting.

Chen Xiang walked out of the plaza, and passed by Huang Longsheng without even looking at him!

[Chapter 3312](#)

The last time Chen Xiang came, he was beaten into a pulp by Huang Longsheng, and if not for the elder stopping him, he would have been beaten to a pulp. At that time, everyone could tell that Chen Xiang was very weak, far weaker than Huang Longsheng, but now, Chen Xiang had actually punched Huang Longsheng until he laid on the ground. (iv),

No one knew what exactly happened or what happened to him. In short, to be able to make such a strong person like Huang Longsheng fall to the ground and not be able to stand up, he must be severely injured.

Chen Xiang quickly returned to his own courtyard. When he returned to his room, he was a little excited, because the power of the fist was extremely strong, even he himself felt that it was inconceivable.

After Chen Xiang walked for a long while, Huang Longsheng's henchmen finally ran over and carried him away for treatment.

"Huang Longsheng should be done for, to be knocked unconscious with a single punch, what kind of terrifying power is this, that fellow called Chen Xiang is so terrifying, he just entered the outer sect of the Ancient Fire Divine Sect, and he already possesses such power ..."

"Don't you find it strange? When we came here to retrieve pills last month, Chen Xiang's strength wasn't that strong! "

"This isn't anything strange, although Chen Xiang was weak last time, he was able to last for a few moves. He should have broken through this month, Huang Longsheng is unlucky and met a guy who was preparing to break through."

"Chen Xiang is a new little overlord, I wonder how his temper is ... What should we do now? "

This group of people regularly provided Huang Longsheng with pills, and now that Huang Longsheng had lost to them and was even heavily injured, if they were to receive the pills next month, they would not be able to see Huang Longsheng, nor would they know who to give the pills to.

"Let's just wait and see. In short, people like us who don't have enough strength and strength can only regularly provide their confession to those little overlords."

The outer sect's situation had suddenly changed, leaving the crowd at a loss as to how to react. No one had expected the overweeningly small overlord to be suddenly defeated.

At this moment, news of this incident was spreading like wildfire. The other little tyrants were also eyeing Chen Xiang covetously, and were quite wary of his strength. After all, Chen Xiang could defeat Huang Longsheng in an instant.

... ..

"Huang Longsheng this guy's Divine Sense Sea is going to collapse because of me, he won't be able to recover well for a period of time." Chen Xiang took out the Soul body madness Dan he had just received.

Last time, after eating it ten times, he discovered that the effects of the Soul body madness Dan were much better than the Myriad Tao Divine Soil Pellet, so he really wanted to refine a few more Soul body madness Dan and then give them to the Young girl Danling to eat, allowing them to evolve.

"This kind of pill is definitely very easy to refine. I just don't know what kind of ingredients to use. If I can get the ingredients, I'll be able to help them evolve very quickly." Chen Xiang ate ten pieces of Soul body madness Dan and then began to cultivate.

"The reason they are able to distribute so many Soul body madness Dan every month is very likely because they possess a large number of elixirs!" Feng Ke'er said: "This is a Ancient Fire Divine Sect, so there will be many powerful Alchemist."

"It's very possible!" Chen Xiang nodded his head: "Maybe they have specially produced a batch of pill spirits to use in refining the Soul body madness Dan. They do not need to consume any medicinal herbs, nor do they need the Alchemist to refine them."

"Why does the Ancient Fire Divine Sect cultivate so many experts? They seem to be training the strong for free." Feng Ke'er said.

"I don't know, but what I am sure of is that in that case, the Ancient Fire Divine Sect will be very powerful and will be able to survive above the Myriad Tao. Even the Fierce Saber Race and the other experts will be cultivating inside." Chen Xiang said: "I don't think that's good. It's not a good thing for Ancient Fire Divine Sect to have such a disciple."

Chen Xiang needed to continuously improve his own strength and enter the inner sect as soon as possible. Only then would he know more about the matters of the Ancient Fire Divine Sect.

"I wonder how the World Defying holy dragon is doing now." Chen Xiang really wanted to go find World Defying holy dragon, but he couldn't enter the inner disciple's territory right now.

After refining the ten Soul body madness Dan s, Chen Xiang walked out of the secret room, and saw a few people sitting in the hall of his residence. One of them was an old man, and the others were all middle-aged.

, you're in trouble. Last time, when Du Gang saw Chen Xiang defeat Huang Longsheng, he knew that he was not mistaken. As expected, Chen Xiang shocked him.

Seeing that Chen Xiang had come out, the few middle aged men stood up and caught him.

"What are you guys doing?" Chen Xiang frowned and shouted.

"You injured fellow disciples and destroyed all of Divine Sense Sea. People like you must be punished." The old man said angrily. He seemed to be an old man who was in charge of this sort of thing.

"Hmph, Huang Longsheng almost crippled us, why don't you guys care?" Chen Xiang was also very angry.

"We will deal with him when the time comes." The old man sneered, "You are so ruthless. When you become strong in the future, you will definitely kill people. We will seal you right now."

"Pfft!" Chen Xiang was even more furious, this elder was obviously targeting him, Huang Longsheng had injured so many people before, and for no reason at all, so many people had attacked him, and he did not receive any punishment, but now, he had only retaliated, and was about to be captured and sealed!

This elder was clearly partial towards Huang Longsheng. Now that Huang Longsheng was heavily injured by him, he harbored hatred in his heart, which was why he was acting this way towards him.

"Chen Xiang, you don't need to be at ease, your strength is so powerful and your talent is also not bad, but you are only temporarily sealed right now. If this news were to spread to the inner sect elders and

they find out that you are an inner sect disciple, they would definitely release you." Du Gang sent a sound transmission to Chen Xiang, telling him to calm down so that he wouldn't have to do something in a while.

Chen Xiang was escorted by four middle-aged men, all four of them belonged to the Aoshi Holy Stage, and the old man was one of them as well. Chen Xiang's strength was definitely inferior to them, and now it was impossible for him to escape, even if he resisted, he would definitely be captured in the end.

"Humph!" Chen Xiang just snorted and did not say anything else. Right now he was only sealed, and Feng Ke'er was able to break the seal, so he was not too worried.

"Just you wait." Chen Xiang clenched his teeth and said to the old man.

"Don't even think about coming out. Don't think that just because your aptitude is good there will be an inner court elder who would like you. Dream on, haha ..." The old man smiled sinisterly.

Chen Xiang didn't know the relationship between this old man and Huang Longsheng, but in short, he was already his enemy. As long as he broke the seal on the old man, he would definitely exterminate him.

"May I know the elder's name?" Chen Xiang suddenly calmed down and asked the old man for his name.

[Chapter 3313](#)

The old man was surprised that Chen Xiang suddenly asked for his name, but he still answered. "Huang Ziyun, what's wrong? Are you thinking of taking revenge in the future?" Huang Ziyun laughed heartily: "Stop dreaming, I am an outer sect's Punishment Elder. Even if you were to come out from there, you would not take revenge on me, unless you decide to make the entire Ancient Fire Divine Sect your enemy."

"If I can get rid of you, so what if I become enemies with the Ancient Fire Divine Sect?" Chen Xiang sneered: "Old bastard, just you wait, when the time comes I'll see how pleased you are with yourself."

Chen Xiang was escorted away, he was escorted out on the road, and was seen by many outer sect disciples, they had all known of this matter before, Huang Longsheng was heavily injured by Chen Xiang, the Punishment Elder was enraged, and rushed over, because Chen Xiang was hiding inside the secret room, and the Punishment Elder found it difficult to break open the door, thus they waited for Chen Xiang outside.

Only now did the Sentencing Elder manage to catch Chen Xiang.

"I heard that Huang Longsheng is the grandson of the Sentencing Elder!" A person said.

"It should be, the Sentencing Elder is the strongest in the outer sect, Chen Xiang is truly unlucky, if he were to kill the other little overlords, it wouldn't be much, but Huang Longsheng ..."

Chen Xiang scolded in his heart. Huang Longsheng actually had such a relationship with him, and even Du Gang, who had been here for many years, did not know about this matter. It was clear that Huang Ziyun had deliberately made Huang Longsheng hide this from him, and then from secretly protecting Huang Longsheng, no one would gossip about it.

Chen Xiang was escorted to a blood-red small mountain. This mountain was burning with red flames, and from afar, it looked as if he was being enveloped by many evil red Evil Souls. The red flames danced strangely, and from afar, it looked terrifying.

On the way, there were many people who had good intentions behind them, because they wanted to see what kind of outcome Chen Xiang would suffer.

"Isn't this Soul Swallowing Mountain? Don't tell me you want to seal Chen Xiang inside! "

"It's over, Chen Xiang is completely finished."

Seeing Chen Xiang being escorted to Soul Swallowing Mountain, Du Gang shouted in despair.

If it was a normal seal, Chen Xiang would still have a large chance of winning, since he is a young man with good talent. If the fellows from the inner sect are interested, they would definitely come to check on him, but after being sealed in this Soul Swallowing Mountain, the powerful World Defying Stage Fierce Soul in his body will be devoured in a few days, so his talent is useless. " One of them patted Du Gang's shoulders, "Let's go!"

Before Chen Xiang was pushed into the Soul Swallowing Mountain, he had heard everyone's fearful discussions. After knowing how terrifying the Soul Swallowing Mountain was, he was also extremely frightened, and was worried that his powerful World Defying Stage Fierce Soul would be devoured.

Not only were Berserk Sword Souls and Raging Dragon Souls rare, they were also very powerful. If they were to be devoured, he did not know what to do either.

Chen Xiang, full of helplessness and anger, was forced into that cave. After one stone door was closed, and the seal was opened, he was sealed within this Soul Swallowing Mountain.

The inside of the cave was blazing red, Chen Xiang took out his Six Realms mirrors and released a protective shield to block the hot air that was invading his body.

Although Six Realms mirrors could release a very strong barrier, the power of this barrier was unable to block the hot air from entering the body.

After that bizarre heat wave entered his body, it immediately rushed into his Divine Sense Sea. Then, as if he knew where the World Defying Stage Fierce Soul was, he went to look for it.

"Is it over?" Chen Xiang felt the hot air continuously approaching his World Defying Stage Fierce Soul, using all his strength to resist, but it did not succeed. The strange hot air was simply unable to stop it, and any kind of power was pierced through like thin paper in front of him.

Seeing that heat wave about to envelope his three World Defying Stage Fierce Soul, Chen Xiang felt despair in his heart.

Just when he thought that he was about to be done for, his third mysterious World Defying Stage Fierce Soul suddenly trembled and released waves of transparent waves. The waves looked like waves rippling in the air, as though space was being distorted.

When the weird heat wave pounced over, it turned red, but it was now distorted by the power released by the mysterious World Defying Stage Fierce Soul.

The fiery red heat wave twisted under the waves of energy and gradually disappeared.

And at this time, there was an unceasing flow of fiery red steam entering Chen Xiang's Divine Sense Sea.

Chen Xiang, who was originally a little surprised, started to worry. He did not know how long his mysterious third World Defying Stage Fierce Soul could last.

"Just what kind of power does the World Defying Stage Fierce Soul possess? To think that it would be able to resist such a terrifying devouring force." Chen Xiang was even more curious now. Originally, he had mysteriously fused with this World Defying Stage Fierce Soul which was bizarre enough, but now that such a strange phenomenon had appeared, he felt it to be inconceivable.

The Third World Defying Stage Fierce Soul continued to vibrate, and twisted the approaching fiery red hot air. Chen Xiang carefully observed the twisted hot air, and discovered that the hot air was absorbed and refined, until it was finally swallowed by the World Defying Stage Fierce Soul.

"Is this guy too hungry?" That is why I am unable to unleash my true strength?" Chen Xiang carefully observed the mysterious Third World Defying Stage Fierce Soul for more than an hour. He felt like an evil spirit that was continuously devouring the hot air that entered his Divine Sense Sea.

"Anyway, I'm safe now." After Chen Xiang heaved a sigh of relief, he stood up and looked around him, the place was filled with the strange red flames, the heat emitted by the flames could devour a human's soul, the World Defying Stage Fierce Soul, he was almost engulfed just now, it was fortunate that his World Defying Stage Fierce Soul had this special energy, allowing him to escape from danger.

"What exactly is going on with this mountain? It can actually release this kind of power." Chen Xiang was extremely curious about this kind of mountain. According to his experience, the reason this mountain could release this kind of power was definitely because of some kind of energy source.

"I want to have a good look at what's here!" Chen Xiang was not in a hurry to break the seal. After all, he had just entered the cave not too long ago.

He carefully observed the cave. It was surrounded by flat stone walls.

"These stone walls were built on them!" Chen Xiang touched the stone wall that was spewing red flames, but only felt a bit of heat.

This mountain was very shallow. After he entered, he found himself in a very small stone room. The walls were neat and orderly, and there were flames coming out of them. There was nothing special about it at first glance.

However, after he observed carefully, he discovered that there was a small piece of rock that was pure red in color. The other bricks were not red in color, they were just emitting red flames.

"What is this?" He walked over and knocked on that small red brick. Surprisingly, it was extremely cold.

"Could it be a gap?" Chen Xiang brought his eyes closer to the room and then used the Dao heart Eye to look inside. Through this red stone tile, he saw a lump of golden thing at the bottom of the ground, right in the middle of the stone room inside the mountain cave, separated by a thick layer of brick.

[Chapter 3314](#)

The red stone brick allowed Chen Xiang to see the ball of golden energy below it. Chen Xiang looked at it carefully for a moment, then muttered: "Could this be the Soul Swallowing Mountain's energy source?"

Chen Xiang placed his palm on the only red stone brick and fed a large amount of World Defying Stage Fierce Power to the stone brick. Then, he smoothly passed through the stone brick and was absorbed by the yellow energy below.

"As expected, this red brick should be able to transmit energy. If the energy ball below is not enough, it can be sent through here." After Chen Xiang confirmed his thoughts, he frowned: "What exactly is the use of that ball of energy? Could it be that the seal was maintained? Or should I maintain the Soul Swallowing Mountain's Soul Devouring Flame? "

"Do you know that soon enough?" Feng Ke'er said.

"Don't absorb it, I can only channel the energy inside, it can't be absorbed." Chen Xiang wanted to absorb it from within, but to no avail.

He took out the Heavenly magic sword to try and see if he could pierce through it, but he did not succeed. Not only was he unable to pierce through the red stone bricks, the ordinary stone bricks by his side were also unable to pierce through them.

"Try it with my golden needle." Feng Ke'er gave the golden needle to Chen Xiang.

Chen Xiang received it, and used the golden needle to pierce into the stone bricks, easily piercing out a small 'hole'.

"The things refined by the Tao-creation Holy stone are really powerful." That rock was very thick, and the golden needle was too short. However, Feng Ke'er could control the golden needle to become longer.

In the end, Chen Xiang succeeded in piercing through a small hole, and then, he let his own spirit enter the hole.

"What is this?" It gives me a very familiar feeling! " Chen Xiang's heart trembled: "The golden thing below, is the World Defying Stage Fierce Soul And it's the kind that's very strong! "

"What kind of World Defying Stage Fierce Soul would it be?" Feng Ke'er asked anxiously: "What World Defying Stage Fierce Soul is so big!"

"I don't know. Let me see if I can deduct some of it now." "800), Chen Xiang can 'pull out' a small ball, and this ball of World Defying Stage Fierce Soul's power is very easy to control, it does not produce any rejection, so I can just send it to Feng Ke'er for him to study.

At that time, he took out another large lump of World Defying Stage Fierce Soul, and placed it into his own Divine Sense Sea.

"What exactly is this thing?" Chen Xiang was very curious about this matter. He knew that there was an extremely mysterious World Defying Stage Fierce Soul in his Divine Sense Sea and now there was another one.

"Let me see if I can fuse them!" Chen Xiang tried it, but did not succeed. "Could it be because my body is too weak, and I am still unable to fuse with the Fourth World Defying Stage Fierce Soul?"

After fusing with the Fourth World Defying Stage Fierce Soul, he would have the cultivation of the Peak of World Defying crazy realm, and would then be able to advance towards the Aoshi Holy Stage.

"Xiao Ke'er, do you know what kind of World Defying Stage Fierce Soul is this? It's actually such a big lump, and it can even be split apart!" Chen Xiang asked.

"For the time being, I am not sure, but I can say with certainty that this is definitely the World Defying Stage Fierce Soul of fire ... I just don't know what's so special about it." Feng Ke'er said: "It should be something good. I'll try to see if I can fuse it."

"Alright, since there's nothing wrong with me staying here, I'll take the chance to cultivate and eat more Myriad Tao Divine Soil Pills." Chen Xiang's You Yao Mountain Villa had two young female Dan Souls. They were able to condense a large number of Myriad Tao Divine Soil Pills, which was more than enough for him to consume.

... ..

After all, he had crippled a little Overlord, something that hadn't happened for many years. Furthermore, he was sealed in the Soul Swallowing Mountain at the end.

"Huang Ziyun, you're going too far." A white robed middle aged man looked at the burning red flames on the Soul Swallowing Mountain and spoke with a voice filled with anger: "You have destroyed a good seedling."

"Lei Yichen, you must 'understand' that he was the one who crippled Huang Longsheng first." Huang Ziyun shouted in fury.

"Hmph, Huang Longsheng crippled so many disciples, why haven't you punished them yet? Yet, you actually dared to make a move on this disciple called Chen Xiang." When Lei Yichen heard about Chen Xiang, his heart ached for someone who loved money as much as his life.

"Huang Longsheng crippled disciples before? Why didn't I know? If someone comes to report to me, I will deal with it." Huang Ziyun sneered.

"Alright, I won't waste any more time talking to you. Now, I'll let you release Chen Xiang." Lei Yichen said in a heavy voice.

You should know that I do not have the authority. Once the big 'door' of the Soul Swallowing Mountain closes, it will require the Leader to open it. Huang Ziyun laughed sinisterly: "Most likely, Chen Xiang's World Defying Stage Fierce Soul has already been devoured, and you want this kind of thing as well?"

"Even if the World Defying Stage Fierce Soul is being devoured, it's still better than that broken grandson of yours from the Divine Sense Sea. That grandson of yours is completely crippled, but Chen Xiang cannot, haha ..." Lei Yichen laughed loudly: "When you first made your move, you should have been a bit more ruthless towards Chen Xiang. You should have wanted to destroy Chen Xiang's' flesh'; As long as his body is fine, given him time, and allowed him to merge with the new World Defying Stage Fierce Soul, he will still be very strong. "

"I will go and find the Leader to open the door now. Farewell!" Lei Yichen saw that the wrinkles on Huang Ziyun's old face were twitching and he was very happy. He laughed loudly and left.

Huang Ziyun glared at the big door, and at the moment, he wanted to immediately open the big door to beat Chen Xiang up, but he himself was unable to do so. He thought that if he sealed Chen Xiang up in the Soul Swallowing Mountain and his World Defying Stage Fierce Soul was devoured, no one would covet Chen Xiang.

Now, he was even going to look for the Leader. If he could 'get' Chen Xiang out, it would be easy to cultivate him, but in the future, Chen Xiang would definitely be able to recover his strength.

"We must not let Lei Yichen succeed." Huang Ziyun felt resentment in his heart, and then, he hurriedly left. He wanted to use all of his strength, and make Chen Xiang fall into his hands.

Qin Shuang had only just found out about this matter, but she had no other choice. There was a little overlord over there for the male disciples, and there was also an overlord over for their female disciples.

Although Qin Shuang's personality was tough and unyielding, she was unlike Chen Xiang. Therefore, when she came here, she was able to get along well with many female disciples. To her, it was only a monthly loss of one or two Soul body madness Dan s.

Lei Yichen has already gone to find the Leader, and the Leader will still need more than half a year to come out. At that time, it would be too late for the outer sect disciples to fight over the Ancient fire madness, even if that Chen Xiang fellow comes out, they would definitely miss him.

"But I have to say, Chen Xiang, a new disciple, actually dared to provoke and cripple a little Overlord. Just thinking about it, I feel that he's very cool, but unfortunately, he didn't see it with his own eyes."

As Qin Shuang listened to these 'women' chit-chat, he could tell how much these 'women' worshiped Chen Xiang from the bottom of their hearts. Because they were also bullied and humiliated by the overlords here, they only thought about it and had no power to do it.

"This Chen Xiang guy only knows how to 'mess' all day!" Qin Shuang was very worried for Chen Xiang right now, and it was hard for her to calm down and cultivate.

[Chapter 3315](#)

At this moment, Qin Shuang was very worried about Chen Xiang, but there was nothing wrong with Chen Xiang in the Soul Swallowing Mountain. He felt that it was actually very safe here, and he had already told Feng Ke'er to go and check the seal here. → Top → → →,

"How is it? Do you understand what that ball of fire is?" Chen Xiang asked, giving Feng Ke'er a ball of flame that was extracted from beneath the Soul Swallowing Mountain.

"Not at the moment, but right now I'm certain that it's a World Defying Stage Fierce Soul, and one of a very high quality one at that. If I want to completely understand that World Defying Stage Fierce Soul, then I can only find out after I fuse it." Feng Ke'er said.

"I can't merge with it right now!" Chen Xiang was currently consuming the Myriad Tao Divine Soil Pellet to cultivate, strengthening his own body so that he could integrate with the Fourth World Defying Stage Fierce Soul, and find out what kind of World Defying Stage Fierce Soul it was.

"In short, the World Defying Stage Fierce Soul is not simple, you have to quickly fuse it, I'm worried that the World Defying Stage Fierce Soul will escape." Feng Ke'er said worriedly: "I'll see if there's any way to seal it."

When Feng Ke'er researched it, she discovered that the ball of fire like thing was struggling, and would dissipate, making it extremely intelligent. Feng Ke'er's current cultivation was not strong enough, so she could not fuse with the World Defying Stage Fierce Soul.

Inside the Time Domain, Chen Xiang was eating the Myriad Tao Divine Soil Pellets refined by the two Young girl Danling, quickly strengthening his own body.

While he was cultivating, unknowingly, time passed very quickly. Chen Xiang already felt that his body had reached the peak of this realm, and he could fuse with that mysterious World Defying Stage Fierce Soul.

"Is there really no problem with the unclear World Defying Stage Fierce Soul?" Chen Xiang was a little worried, the World Defying Stage Fierce Soul he fused with previously was also unclear, but luckily there wasn't any big problems and it had even given him a huge help to resist the soul devouring power released by the Soul Swallowing Mountain. Otherwise, he wouldn't know what to do this time.

"Definitely no problem." Feng Ke'er said: "After so many days of research, this World Defying Stage Fierce Soul is extremely powerful. As long as you succeed in fusing it, you will definitely be able to feel the power this World Defying Stage Fierce Soul has brought you."

"Alright!" Chen Xiang could only give it a try. He had been training so hard these past few days, wasn't it to fuse with the World Defying Stage Fierce Soul?

He took a deep breath and allowed his mind to be immersed in the Divine Sense Sea, searching for the World Defying Stage Fierce Soul.

Very quickly, he wrapped the World Defying Stage Fierce Soul with his mind. As he did so, the World Defying Stage Fierce Soul gradually fused with his Divine Sense Sea.

"What a terrifying flame aura. This World Defying Stage Fierce Soul has something to do with fire." Only after they had just merged, Chen Xiang could already feel a scorching aura enveloping his Divine Sense Sea.

"I feel it too." Feng Ke'er was right inside the You Yao Mountain Villa, so she could feel it, "I need to quickly cultivate up there, I want to absorb this World Defying Stage Fierce Soul."

Feng Ke'er was obviously very excited, because she felt that this would allow her to release even more powerful Sun madness fire s, making it even easier for her to refine as she required a very strong flame to melt those very stubborn materials.

"What exactly is this World Defying Stage Fierce Soul?" Chen Xiang did not know what it was, but now he could feel that the benefit that the World Defying Stage Fierce Soul had brought him was that it could make his Sun madness fire become stronger. He felt that he could melt the Crystal emperor now, and before this, he would need the help of the Spirit of Divine Alter to succeed.

After completely fusing with this mysterious World Defying Stage Fierce Soul, that sudden surge of powerful energy flooded his Divine Sense Sea, causing his World Defying Stage Fierce Power to become even more powerful, and even bring with it a strong aura of flames.

"Now I am the Peak of World Defying crazy realm!" Chen Xiang had already fused four World Defying Stage Fierce Souls. The Berserk Sword Soul and the Berserk Dragon Soul, these were things he knew of, but he did not know what the other two World Defying Stage Fierce Souls were.

"The third World Defying Stage Fierce Soul does not need to be fused with anything else, nor does it need to be refined." After Chen Xiang's Berserker Sword Soul was refined by him, it fused with the Heavenly magic sword, and the Berserk Dragon Soul fused with the World Defying Green dragon.

The two mysterious World Defying Stage Fierce Souls did not merge, but they were able to change his powers.

For example, the World Defying Stage Fierce Soul he had just fused with could already cause him to release a very strong flame.

"Looks like the fourth World Defying Stage Fierce Soul has fused with my own." When Chen Xiang used the World Defying Stage Fierce Power, it carried an extremely strong aura of flame.

"If that's the case, then the World Defying Stage Fierce Soul should be the Blazing Flame Madness soul." Feng Ke'er said: "Right now, there is only the third World Defying Stage Fierce Soul that I have yet to understand."

"I suspect that it is the spatial World Defying Stage Fierce Soul." Chen Xiang said: "No matter how I look at it, it seems very similar. Let me try!"

Chen Xiang had been extremely familiar with the use of spatial energy for many years. If it really was the World Defying Stage Fierce Soul, then he could release the spatial energy once he activated it.

"The power of this World Defying Stage Fierce Soul is very difficult for me to use. It can only be used at a very high consumption rate, and its quality is also very high." Chen Xiang suddenly instigated the World Defying Stage Fierce Power in his entire body, allowing this wave of World Defying Stage Fierce Power to rush into the mysterious World Defying Stage Fierce Soul, attacking and producing an invisible force.

"This... It really is the power of space!" Chen Xiang was overjoyed, and then he tried it. Indeed, it could retrieve an item from the air, even if the energy consumption was too huge, he couldn't teleport, and could only get a few meters away from it.

"I've gained new control over the power of space!"

Although the power of space was currently very weak, it still made Chen Xiang excited.

"Right now, I have to go find the Half-ghost Old Man." Just like Qin Shuang, Chen Xiang was currently stuck at a bottleneck that was very difficult to break through.

Breaking through this bottleneck was not easy, but according to the way of the king, as long as he ate enough pills, he would be able to breakthrough quickly. It was just that those pills were not easy to refine, he had to go to the World Defying Stage Soul River to capture World Defying Stage Fierce Souls to refine them.

"Ke Er, is it convenient for you to break this seal now?" Chen Xiang asked. He was going to work hard to cultivate and fuse with the mysterious and powerful fire attribute World Defying Stage Fierce Soul.

"Wait four more hours." Feng Ke'er said.

After Chen Xiang waited for four hours, Feng Ke'er was preparing to break through the array, but at that moment, he saw the big door open.

"What's going on? Someone actually opened the door for me!" Chen Xiang was very surprised. He thought that he would be trapped to death here, he never expected that someone would actually open the door for him.

"Chen Xiang?" A handsome middle-aged man walked in with a smile and said, "Come, I'll take you out. You don't have to worry."

Chen Xiang was very suspicious, because this middle aged man looked to be very friendly, but he was still very cautious. If the people from the Fierce Saber Race and the Soul River Divine Race leaked the news that he owned a Crystal emperor, then the people inside could not help but have other impure motives.

[Chapter 3316](#)

Chen Xiang stayed in the Soul Swallowing Mountain for three months, and at the same time, used the Time Domain, allowing him to make a breakthrough into the Peak of World Defying crazy realm.

"Could it be that it's because he's been trapped inside and roasted by the flames for a very long time that the aura of the flames on his body is that strong?" There were quite a few people outside watching.

"It's possible that it is. After being locked up for a month, his World Defying Stage Fierce Soul has basically been devoured. However, the Soul Swallowing Mountain's flames are very mystical. It's likely that he absorbed a lot of these flames to cultivate."

Everyone began guessing.

The person who released Chen Xiang was obviously Lei Yichen, he got the array disc that was able to open the gate of the Soul Swallowing Mountain from the Ancient Fire Divine Sect, which was why Chen Xiang was able to come out.

"Why did you let me out?" Chen Xiang asked in confusion. He looked at Huang Ziyun, who had followed him here, and revealed a face full of hatred.

Lei Yichen said in a low voice: "I am an elder of the inner sect. After I found out about your matter, I wanted to accept you as my disciple.

Huang Ziyun walked over at this time, and said with a cold smile. "Lei Yichen, it's not like you don't know the rules of Ancient Fire Divine Sect! With his current strength, he doesn't even have the qualifications to become an outer court disciple, not to mention an inner court disciple. "

"If you want to take him in as your inner sect disciple, that would be breaking the rules that our Ancient Fire Divine Sect has had for many years." Huang Ziyun laughed coldly: "If someone like you could easily enough make a person become an inner disciple of the Ancient Fire Divine Sect, then the level of the

inner disciples of our Ancient Fire Divine Sect would very easily drop. Everyone nodded their heads, in fact, they were also very jealous of Chen Xiang. For an inner sect elder to place so much importance on him, they had to go to the Leader to personally get the array disc needed to open the Soul Swallowing Mountain's seal.

Lei Yichen clenched his fists tightly and did not say anything: "What I mean is that when he becomes stronger, I will let him enter the inner sect and become my disciple. Now, I can help him recover his cultivation."

Huang Ziyun laughed out loud, "Lei Yichen, you should know the rules of our Ancient Fire Divine Sect better than I do. Chen Xiang doesn't have the World Defying Stage Fierce Soul, with his little strength right now, he doesn't even have the qualifications to become an outer disciple.

"Bullshit!" Chen Xiang who had been silent the entire time suddenly roared loudly, causing Huang Ziyun to be greatly shocked.

"Chen Xiang, you are too presumptuous! Forget it, now that you are no longer the disciple of our Ancient Fire Divine Sect, I will properly take care of you." Huang Ziyun thought about his own grandson, who was crippled by Chen Xiang, and became furious. He immediately rushed over.

Lei Yichen stood in front of Chen Xiang, blocking his charge, and said coldly: "Huang Ziyun, you are not my opponent, you should be clear about the strength between you and me, don't think that you can act tyrannically just by being able to cover the sky with one hand, I, Lei Yichen, am not afraid of you."

Huang Ziyun indeed stopped in front of Lei Yichen, he did not dare to fight with him.

"The rules of the Ancient Fire Divine Sect cannot be broken! Chen Xiang must leave the Ancient Fire Divine Sect!" Huang Ziyun said: "We Ancient Fire Divine Sect do not accept weak people like him. This will waste our resources."

"Disciples, what do you say?" Huang Ziyun turned around and shouted to the spectating outer sect disciples.

The disciples all nodded, and many of them spoke out, saying that Chen Xiang was not fit to stay in the Ancient Fire Divine Sect.

"Chen Xiang, quickly go, don't be so thick-skinned as to stay in Ancient Fire Divine Sect."

"Exactly, I'm able to discern that you want to receive a medicinal pill every month, right?"

"Wasting our Ancient Fire Divine Sect's resources!"

Hearing everyone's words, Huang Ziyun was very satisfied, and then sneered: "Chen Xiang, Lei Yichen, you all heard it!"

"I'm weak? Is that little tyrant grandson of yours really that strong? "Why don't you pull him out and compare him to me? Let's see who's stronger." Chen Xiang sneered: "That grandson of yours is definitely weak as well. According to the rules of the Ancient Fire Divine Sect, he should get lost with me!"

After Chen Xiang finished speaking, just like how Huang Ziyun was before, he spoke loudly to the rest: "Am I right?"

But Huang Ziyun was still an elder, they definitely could not go along with Chen Xiang, if not they would definitely get revenge on them by Huang Ziyun.

Seeing that no one spoke, Chen Xiang sneered: "You bully the weak and fear the strong, you all deserve to be offered up as Soul body madness Dan s all the time, and live your entire lives in the outer sect being treated like dogs. Just with this little bit of potential of yours, you all have been bullied by those little overlords all your lives, because your bones are filled with a sense of servility."

Everyone was enraged by Chen Xiang's scolding.

"You don't even have World Defying Stage Fierce Soul, what confidence do you have to say those words to us? If it wasn't for Elder Lei protecting you, you definitely wouldn't even dare to fart. "

"Exactly, you weak chicken!" At least we have the World Defying Stage Fierce Soul, we are stronger than you! Don't you understand that the strong are respected? We are stronger than you, so you should respect us! "

Lei Yichen felt that this scene was extremely interesting, especially Chen Xiang's performance, which made him extremely surprised and not arrogant at all!

"Haha, I'm a weak chicken? Even if Laozi did not have the World Defying Stage Fierce Soul, I would still be able to destroy you bunch of cowards. " Chen Xiang laughed out loud: "You, come out here. You call me a weak chicken, do you dare to fight with me? It's right here! "

Chen Xiang pointed at a middle-aged man dressed in black.

"Why would I not dare!" The black clothed middle aged man stood out. Chen Xiang had been locked in the Soul Swallowing Mountain for three months, so the World Defying Stage Fierce Soul must have been devoured by the Soul Swallowing Mountain. Without the World Defying Stage Fierce Soul, he couldn't even be considered a World Defying crazy realm, so he felt that he could definitely win against Chen Xiang.

"Yun Rong, you're from the Peak of World Defying crazy realm, you should be a bit more gentle with him. If you beat him to death, he wouldn't be able to get out of the Ancient Fire Divine Sect, we have to see him get lost with our own eyes."

"Spare his dog life. Let him know what it means to be the supreme expert."

"Yun Rong, don't end it so soon."

Everyone laughed.

Yun Rong was from the Peak of World Defying crazy realm, and had four World Defying Stage Fierce Soul s. He was very sure that Chen Xiang did not have one, so he was not worried at all.

Chen Xiang was also currently a Peak of World Defying crazy realm, and amongst those of the same level, he wasn't afraid of anyone.

"Come!" Chen Xiang snorted.

Yun Rong boldly rushed forward. He felt that if he could teach Chen Xiang a lesson and cripple him, Huang Ziyun would definitely give him a lot of rewards.

Because Huang Ziyun hated Chen Xiang to the core. Right now, the only thing he wanted to do was to make Chen Xiang's World Defying Stage Fierce Soul disappear, so Chen Xiang was still alive and kicking. Furthermore, it wouldn't be difficult for him to fuse with the World Defying Stage Fierce Soul again in the future.

[Chapter 3317](#)

"Little bastard, I'll let you experience your great strength.

Yun Rong's face revealed a sinister look, he quickly rushed forward like an angry wolf, his eyes turning red and his hands also looking like wolf claws.

In the blink of an eye, Yun Rong had already leapt over, her claws grabbing towards Chen Xiang fiercely, as though wanting to tear him apart, she let out waves of pitch-black mist.

"Good heavens!" Chen Xiang stepped forward, and very ingeniously retreated to avoid it.

Yun Rong's claws moved extremely quickly, up and down, left and right, constantly wanting to grab onto Chen Xiang's vitals. However, when Chen Xiang dodged, his body was extremely nimble, as if he was moving his body very casually, causing Yun Rong to not be able to grab onto his clothes.

"This is Yun Rong's Shun Qian Wolf Claw!" One of them said: "Yun Rong's strongest technique, but it's already been so long, yet he's still unable to injure Chen Xiang."

Everyone was shocked. Even without the World Defying Stage Fierce Soul, Chen Xiang's movements were still extremely nimble ... This made them feel that it was inconceivable, because the current Chen Xiang didn't look like someone who had lost his World Defying Stage Fierce Soul at all.

Yes, not only had Chen Xiang not lost his World Defying Stage Fierce Soul, he had gained more, so his reaction was even faster, and he had more control over his body.

"Shun Qian Wolf Claw? "It's nothing more than that!" Chen Xiang laughed in ridicule, with the release of his palms, he quickly pushed out, and a vast shaking power suddenly appeared.

Bang!

The vibrating power exploded out in an instant, and a series of explosions sounded. Even the ground was shattered from the impact.

Yun Rong was still using his poisonous claws, but the shock wave suddenly struck him, catching him off guard. He could only use both of his arms to block, but who knew that the shock wave would actually be stronger than what he expected.

When he knew that this power wasn't something he could defend against, it was already too late. His arms were already affected by the shockwave, and crackling sounds could be heard as his arms broke inch by inch.

Puff!

When the shock wave hit Yun Rong's body, he only saw Yun Rong spurt out a mouthful of blood and then fall onto the ground.

"Chen Xiang, your World Defying Stage Fierce Soul" Yun Rong said with a face full of shock, "Your World Defying Stage Fierce Soul is still here!"

"This old man has never said that my World Defying Stage Fierce Soul was swallowed." Chen Xiang laughed coldly: "It's just that people like you think so yourself."

"Impossible!" Huang Ziyun shouted in a loud voice, his face filled with disbelief and unwillingness: "It's impossible that your World Defying Stage Fierce Soul is still here, no one has ever been able to reach the power of the Soul Swallowing Mountain."

Lei Yichen frowned. He had never heard of someone capable of resisting the power of the Soul Swallowing Mountain, but Chen Xiang had.

"Now you know that someone can do it!" Chen Xiang looked at Huang Ziyun and said, "What, you still want to punish me?"

"You ... "You are a cruel and merciless person who harmed a fellow sect member. I will absolutely not allow you to enter the inner court." Huang Ziyun said angrily: "Look at Yun Rong, he was heavily injured by you, this is just an ordinary exchange of pointers, yet you are so vicious."

Lei Yichen said angrily: "Huang Ziyun, you are done! Just now, everyone saw Yun Rong using a claw infused with poison. If he catches you, you know the consequences even better than I do! Why didn't you say that Yun Rong is malicious? For Yun Rong to use such a vicious move in battle, if he does not attack more heavily, he will have the chance to counterattack, which is reasonable. "

"Huang Ziyun, I have already told the Leader about your crimes, don't think that the Leader would ignore you when you're in the outer sect. I know that your grandson has crippled many good seedlings, and once the Leader has dealt with the matters of the inner sect, it will be your time to be cleaned up."

After hearing all these, Huang Ziyun's face revealed a trace of fear. He was so scared that his face turned white, and did not dare say more.

"According to the rules of the Ancient Fire Divine Sect, only by possessing the strength of a Aoshi Holy Stage can one become an inner disciple of the Ancient Fire Divine Sect. Chen Xiang has not reached that level yet, so he naturally cannot become an inner disciple! But as an elder of the inner sect, I have the authority to choose disciples from the outer sect. I can bring my disciples into the inner sect, and when he steps into the World Defying crazy realm, I can righteously become an inner sect disciple.

Lei Yichen was even more determined to take Chen Xiang as his disciple. After all these years, this was the disciple he was most satisfied with.

"Lei Yichen, don't be complacent, humph!" Huang Ziyun spat out fiercely and left.

Lei Yichen heaved a sigh of relief, if they, the clan elders were to fight here, they would be punished.

"Let's go!" Lei Yichen patted Chen Xiang's shoulder. Then, he brought Chen Xiang and left this place, heading towards a distant mountain. That was the place where the inner disciples would gather.

Chen Xiang followed behind and looked in the direction that Qin Shuang had gone before.

"I wonder how Xiao Shuangshuang is doing!" Chen Xiang thought.

Lei Yichen brought Chen Xiang and walked on the road. Right now, he was in a very good mood, because he could find such an outstanding disciple.

"Hey, I don't want to be your disciple." Chen Xiang suddenly said. Why? If you don't want to become my disciple, then why did you follow me here? " Lei Yichen panicked and asked.

"I'll follow you into the inner sect and take a look!" Chen Xiang laughed: "If I have this chance, of course I won't miss it."

"Do you think I'm not worthy to be your master?" Lei Yichen felt that Chen Xiang had a very unique personality. If it was anyone else, they would have immediately taken him as their master, but Chen Xiang did not.

"That's not true. The main reason is that I had a master before." Although the Huang Jintian that Chen Xiang spoke of did not really teach him much in the future, in his eyes, Huang Jintian was still a "virtuous and respected" master.

"That doesn't matter. On the long road of cultivation, there are many places that you have been to, many people that you have met, many things that you have experienced, and many masters that you have paid respects to." Lei Yichen laughed: "Don't worry, after you enter the inner sect, I guarantee that no one will bully you again."

"I'm actually worried that I might be a burden to you." Chen Xiang curled his lips: "I have enemies in the inner court, the kind that I can't live with."

Lei Yichen was a good person, although he was a tall and sturdy handsome middle age man, he was extremely gentle and friendly, and did not give others any pressure.

"You still have enemies in the inner sect? How many are there?" Lei Yichen frowned: "You have just entered the Ancient Fire Divine Sect not long ago, how did you already have enemies?"

"Because I discovered the Ancient Fire Divine Sect together with my enemies and they entered it together, their strengths were much stronger than mine, so they entered the inner sect ... "You're an inner court elder, you surely know that a group of inner court disciples have come during this time." Chen Xiang said.

"It's actually them!" They are all very outstanding disciples! The blood of Fierce Saber Race and the rest contain a very mysterious power that can turn their body parts into blades, and can even separate them from their bodies. Then, add on some materials to make their blades even stronger. "

"The other is the Soul River Divine Race. They live in the World Defying Stage Fierce Soul and are born with a sense of camaraderie towards it ... Oh right, there is another World Defying holy dragon that is very strong, is this also your enemy? "

"World Defying holy dragon is my friend. Is he okay inside the inner sect?" anxiously asked. World Defying holy dragon were special, he was worried about them, since they had the Tao-creation Divine Crystals on them. Even in Ancient Fire Divine Sect, the Holy Crystals were extremely precious.

[Chapter 3318](#)

Lei Yichen found Chen Xiang more and more interesting. He had a strong enemy in the Inner Sect, and also had a strong friend. Lei Yichen was very clear about the temperament of those World Defying beast, and how difficult it was to get along with them. However, Chen Xiang became the friend of the World Defying holy dragon, which made Lei Yichen very curious. It's just that I don't know what to say.

"The World Defying holy dragon s are pretty good in the inner sect ... He had just been assigned a very important mission, to get him to go up the World Defying Stage Soul River to search for an extremely unique World Defying Stage Fierce Soul. " Lei Yichen laughed: "For such an important mission, if the disciples can't be trusted, they won't be sent out at all."

After Chen Xiang heard about it, his face suddenly became serious and said: "This is not a good thing!"

"Why is that?" Lei Yichen was puzzled, "How can this not be a good thing? You need to be clear that not everyone can go to World Defying Stage Soul River. Even if it is me, I can only normally send my mind to the mysterious World Defying Stage Soul River, and only and my true body can go there. "

"Is that so?" Chen Xiang kept having the feeling that there was something fishy going on.

"Yes, our Ancient Fire Divine Sect used the Transmission array now to teleport the World Defying holy dragon over. You should know that previously, the World Defying holy dragon was unable to take human form, but with our help, he can now take human form." Lei Yichen was curious as to why Chen Xiang felt that this was not a good thing.

"Chen Xiang, do you not trust our Ancient Fire Divine Sect?"

"That's for sure, I was almost crippled by that Huang Ziyun." Chen Xiang snorted: "Anyway, I don't think it's a good thing for the World Defying holy dragon to go to the World Defying Stage Soul River."

The World Defying holy dragon possessed the Tao-creation's Divine Crystals. If the people from the Fierce Saber Race and the Soul River Divine Race informed some Rankers about this matter, that Ranker would arrange for the World Defying holy dragon to go to the World Defying Stage Soul River in order to obtain the Tao-creation's Divine Crystals. At that time, the expert would make a move against the people from the Fierce Saber Race and the Fierce Saber Race.

Once they obtained the Tao-creation's Divine Crystals, they would split them amongst themselves. In short, as long as they obtained one of the Holy Crystals from the Tao-creation, they would be able to make the divine artifact very strong.

"Then do you want to take me as your master now?" Lei Yichen asked.

"What benefits will I get if I acknowledge you as my teacher?" Chen Xiang laughed.

"Well... I can guide you. "Cultivate." Lei Yichen suddenly felt that in terms of cultivation, Chen Xiang did not need anyone's guidance.

"This kind of benefit isn't too tempting to me." Chen Xiang curled his lips.

"Alright! Tell me what benefits you want and I'll see if I can give it to you." Lei Yichen said: "Really, all these years, I have always wished to have an outstanding disciple, mainly because I have been the only one who has not accepted disciples for so long in the inner sect. I have some inheritances that I need someone to inherit.

"Inside Ancient Fire Divine Sect, is there a person called Gu Tong?" Chen Xiang asked.

"Yes!" Do you know him? " Lei Yichen was a little surprised.

"I don't know him!" Chen Xiang shook his head: "What do you think of this person? "Can I rely on you?"

"Gu Tong is an old Leader of the Ancient Fire Divine Sect, he was appointed a few years ago. In short, I have rarely seen him." Lei Yichen said: "I only learned about Gu Tong from passing down my knowledge."

"I want to see him." Chen Xiang said: "As long as you can help me with this, I will agree to be your disciple."

Lei Yichen was stunned, because it was a little difficult!

"You ... You want to see Gu Tong tonight? If it is only refining, then you can ask me to help you. I am also refining, although I am not as powerful as Old Ancestor Gu Tong, I am sure I can satisfy your request. " Lei Yichen snickered.

Those who looked for Gu Tong normally only wanted him to help them with the artifact forging.

"No, I have something else to talk to him about. If you can let me see him, that's enough." Chen Xiang said.

"This is really something, not you, even the current Leader would find it difficult to meet him. Old Ancestor Gu Tong's whereabouts are unknown, and we do not know when he will return." Lei Yichen shook his head.

"How about this, as long as you help me find out where Gu Tong is, or when he returns, you can tell me. I'll think of a way to find him." Chen Xiang said.

"That's fine ..." But it will take time, do you really need to meet Gu Tong before you are willing to take me as your master? " Lei Yichen said.

"Finding Gu Tong for me is only one of the conditions, it won't be a problem even if you help me do it later." Chen Xiang laughed.

Lei Yichen looked at Chen Xiang with disdain, "How many conditions do you actually have?"

"Three!" Chen Xiang raised three of his fingers, and chuckled: "Finding Gu Tong is one of them, and the next two should not be too difficult!"

"I need to go out for a bit, so I'll need to leave the Ancient Fire Divine Sect and come back later!"

"That's not a problem. I almost always go out once in a while. When the time comes, I'll bring you along with me." Chen Xiang said. Chen Xiang had entered the Ancient Fire Divine Sect from outside for no apparent reason, so it was natural for him to think of ways to settle some matters.

"Alright, last condition is that I need you to bring me to World Defying Stage Soul River. I need to find a World Defying holy dragon." Chen Xiang said again.

Chen Xiang had released Chen Xiang, so he had a very good impression of Lei Yichen. Lei Yichen's strength was not bad, and she was also very kind to him.

"That's fine, but when the time comes, you have to tell me why I'm in such a hurry to find the World Defying holy dragon." Lei Yichen said: "Although it is a bit difficult, but I can still do it."

"Alright!" Chen Xiang giggled, "Master, please take care of me in the future."

When Lei Yichen saw Chen Xiang's smile, he felt like he was on a bandit ship.

"You, don't scam me." Lei Yichen was slightly worried in his heart, because no matter how he looked at it, Chen Xiang was not a person who would settle down.

"Master, don't worry. I won't screw you over. If I did anything bad, I'll definitely run away and not drag you down." Chen Xiang laughed: "Master, where is your residence? I'm a bit tired, so I'm going to rest."

Lei Yichen brought Chen Xiang to a mountain peak. There was a house there, the house was dilapidated, it did not look like a place for Innates.

"You are my disciple now, so you don't have to bother with gifts or anything like that. I can feel that you truly want to take me as your master." Lei Yichen indeed felt Chen Xiang's sincerity.

"Master, what's your current cultivation level?" Chen Xiang asked curiously: "How much stronger is he compared to that old bastard Huang Ziyun?"

"I am in the late stage of Aoshi Holy Stage and Huang Ziyun is in the middle stage of Aoshi Holy Stage. I am one stage stronger than him." Lei Yichen said: "That's why I can completely crush him. He's not my match."

"Master, I am now a Peak of World Defying crazy realm." Chen Xiang said: "How can I quickly step into Aoshi Holy Stage, and what pills do I need to eat?"

[Chapter 3319](#)

Lei Yichen was very surprised, because he had previously understood that Chen Xiang was only at the late stage of the World Defying crazy realm, with three World Defying Stage Fierce Souls. But now, Chen Xiang had personally told him that he had reached the peak of the World Defying crazy realm.

"This... Weren't you at the late stage of World Defying crazy realm? Lei Yichen was extremely doubtful, and could not believe it.

"I broke through in that cave." Chen Xiang said in a low voice: "Don't tell anyone else!"

Lei Yichen being able to resist the power of the Soul Swallowing Mountain's devouring caused Lei Yichen to be extremely surprised, but Chen Xiang was actually able to make a breakthrough inside.

"You can even find World Defying Stage Fierce Souls from Soul Swallowing Mountain? This seems to be impossible. In the Soul Swallowing Mountain, it is very difficult to fly out with your mind and spirit. Lei Yichen shook his head.

"That's because I found something inside that can replace the World Defying Stage Fierce Soul. I mysteriously merged with that thing and I broke through." Chen Xiang replied: "I also don't know what kind of World Defying Stage Fierce Soul it is."

"Release a little Qi for me to see. I'll help you appraise and appraise it. I have a good understanding of the World Defying Stage Fierce Soul." Lei Yichen said.

Chen Xiang activated the mysterious fire World Defying Stage Fierce Soul, then released a faint scorching aura.

When Lei Yichen sensed it, he was so shocked that he could not say anything.

"Master, what's this World Defying Stage Fierce Soul?" Chen Xiang waved his hand in front of Lei Yichen's dazed eyes, causing him to react.

"Chen Xiang, this is the Ancient fire madness!" Lei Yichen said in a low voice: "Don't tell anyone about this matter, your background is unknown, if it were to be found out, the elders of Ancient Fire Divine Sect would definitely punish you, and if it gets serious, they would even say that you stole the Ancient fire madness."

"It's actually the Ancient fire madness!" Chen Xiang was surprised too, this was what he had guessed earlier.

Lei Yichen didn't know what Chen Xiang had done in the Soul Swallowing Mountain to actually be able to find the Ancient fire madness.

"Master, I heard that some time ago, some kind of convention was held to let the outer sect disciples obtain the Ancient fire madness. At that time, I was still locked inside the cave ... Who obtained the Ancient fire madness in the end?" Chen Xiang said.

"It was obtained by a woman! Originally, this Conference was only a round of competition between the outer sect disciples, and in the end, they were given a chance to fuse with Ancient fire madnesses. This is because Ancient fire madness had to acknowledge its master, and in the end, when it was the little girl's turn, she actually succeeded.

"Female?" Chen Xiang could not help but think of Qin Shuang, the one who had the most chance of obtaining the approval of the Ancient fire madness: "Is this woman named Qin Shuang?"

"Yeah, how do you know?" Lei Yichen curled his lips: "Didn't you say that you didn't know about this?"

"This woman is my friend!" Chen Xiang said: "When we first came in, where is she now?"

"She was taken away by an old woman. That old woman was once a Leader of the Ancient Fire Divine Sect.

Lei Yichen now knew that Chen Xiang had Ancient fire madness, and he had indeed picked up a treasure, it was just that it was a bit hot, because Chen Xiang had Ancient fire madness and it wasn't something that could be obtained by right.

"I hope she will have a good future in the future." Chen Xiang said. The thing Qin Shuang hoped the most after entering the Ancient Fire Divine Sect was to find the whereabouts of her grandfather, since right now she was following a Leader who once belonged to a Ancient Fire Divine Sect. She would definitely be able to find quite a few things about her grandfather.

"Chen Xiang, you want to quickly enter the Aoshi Holy Stage, right?" Lei Yichen said: "This may be a little difficult, because crossing from the World Defying crazy realm to Aoshi Holy Stage is only a dividing line, relying on pills is impossible."

"Can't we use pills?" Chen Xiang was in disbelief: "Ancient Fire Divine Sect is such a big sect, yet there isn't such a medicinal pellet!"

"Hey, you need to be clear that stepping into the Aoshi Holy Stage requires you to strengthen the World Defying Stage Fierce Soul, and you need to make all of the World Defying Stage Fierce Soul evolve into World Defying holy soul." Lei Yichen said: "If you want the World Defying Stage Fierce Soul to evolve, you have to absorb the World Defying Stage Fierce Soul's Qi from the World Defying Stage Soul River and let the World Defying Stage Fierce Soul devour you."

This made Chen Xiang a little disappointed.

Seeing the disappointment on Chen Xiang's face, Lei Yichen said: "It's not that there isn't such a pill, but it's just that it's not easy to obtain. are all pills that Alchemist can use to exchange for treasures. "

"Because this pill is very special, it is impossible to condense a pill spirit ..." The main reason is that it needs to absorb a large amount of World Defying Stage Fierce Soul power and use this power along with a few medicinal herbs to be able to refine it, so it is extremely precious, and cannot be refined so quickly like the Soul body madness Dan. " Lei Yichen patted Chen Xiang's shoulders: "It doesn't matter if you slow down, everyone is walking like this."

"This won't do. My enemies are quickly becoming stronger, but I need to stop." Chen Xiang shook his head: "How about this, Master, when will you bring me out? I'm going to find a friend. "

"In a few days!" Lei Yichen said: "I'll try and see if I can get you a pill now!"

Lei Yichen told Chen Xiang to stay in his mountain and not to run around, he said that he would be back soon.

"This cheap master is not bad." Feng Ke'er laughed.

"Yeah, he's a good person." Chen Xiang said: "I need to find the way of the king quickly, and get him to teach me the way to refine those pills. He said that he would let me comprehend it on my own, but I do not have any leads."

Chen Xiang did not need to enter the inner sect now, he felt that he was fine now, he only had to wait patiently, and wait for Gu Tong to appear. At the same time, he slowly started to have some sort of

reaction with the Tao-creation Holy stone, and before long, he would get the recognition of the Tao-creation Holy stone.

Right now, eating the Myriad Tao Divine Soil Pellet was no longer of much use to Chen Xiang. Since it was all for Feng Ke'er and the Mei Jing Sisters, they also needed to strengthen themselves.

Chen Xiang returned in high spirits after waiting for quite a while.

"Master, you got it?" Chen Xiang saw that Lei Yichen was smiling so happily.

"Of course, you have just become my disciple, I do not want to disappoint you, this is a World Defying holy Dan, named Broken soul Dan, it can strengthen your World Defying Stage Fierce Soul to a certain extent, I will give you one every so often, it can help you quickly step into the Aoshi Holy Stage." Lei Yichen gave the pellet to Chen Xiang.

"Is it expensive?" Chen Xiang looked at it, and didn't think it was anything amazing.

"Of course it's expensive, I used a sacred World Defying artifact for it." Lei Yichen sighed.

Lei Yichen himself was a Refiner, and luckily he still had some assets up his sleeves, if not he would not dare to accept disciples.

"The World Defying artifact of the Holy-rank? "What is the standard for this?" Chen Xiang was very curious about this, because he wanted to know what rank the divine artifacts in his hands were.

"As long as you use more than fifty kilograms of Myriad Tao Divine Soil Crystals to refine it, you will be a saint rank World Defying artifact." Lei Yichen asked: "Do you have such a divine tool?"

[Chapter 3320](#)

Chen Xiang shook his head. He did not use the Myriad Tao Divine Soil Crystal to refine the divine tool. an amount of an amount of an amount of an amount of an amount of an amount of an amount of an amount of an amount of an amount of an amount of an amount of an amount of an amount of an amount of an amount of an amount of a sum of money.

"Hurry up and eat it, there are many people who are not bad about this Broken soul Dan, and it's so expensive." Lei Yichen urged Chen Xiang to eat it. If Chen Xiang could sense that the effects were not bad, then he would not be at a disadvantage.

After Chen Xiang ate it, he frowned: "It's not bad, after the released energy is absorbed by the World Defying Stage Fierce Soul, the World Defying Stage Fierce Soul will strengthen itself, but this type of pill is too little, and it needs to be consumed multiple times."

He had four World Defying Stage Fierce Souls and none of them were ordinary World Defying Stage Fierce Soul. If he wanted all of his World Defying Stage Fierce Soul to evolve into World Defying holy soul, who knows how long it would take.

"This will take time... You should know that the Overlords within the outer sect disciples, they have all been stagnant for a long time with Peak of World Defying crazy realms and are pretty outstanding, but I do not fancy them, and there aren't many who would like them, so they can only wait outside ... If it was

really fast, Huang Ziyun would have long since let that crippled grandson of his step into the Aoshi Holy Stage. "

"Alright!" Chen Xiang could only wait outside to find a place to learn.

"Master, you are an artificer. Have you heard of the Tao-creation's Holy stone?" Chen Xiang asked, "There's a sea of blood and fire outside. I heard that the Tao-creation's Holy stone and the Tao-creation's Divine Crystals exist within this sea of fire, and someone has even obtained them."

"Don't look at me, of course I've heard of Tao-creation's Holy stone. I've even seen them before!" Lei Yichen said: "The Tao-creation Holy stone s are not easy to obtain, even in the Ancient Fire Divine Sect, it is a rare treasure, let alone the Tao-creation's Holy Crystals. If someone obtains the Tao-creation's Holy stone, they will hold a exhibition meeting inside the Ancient Fire Divine Sect, to show off the Tao-creation's Holy stone."

"That's what I saw." Lei Yichen said.

Tao-creation Holy stone were also very rare here. Previously, Chen Xiang thought that there were a lot of Tao-creation Holy stone here.

"You might not know this, but the blood and fire outside is actually something our Ancient Fire Divine Sect released to lure the Tao-creation's Holy stone in." Lei Yichen said: "That's why after a while, the Tao-creation's Holy stone and the Tao-creation's sacred crystal appeared. It's just that it's a bit difficult to find."

"Oh? Then where did the Tao-creation s come from? " This was actually a net thrown out by the Ancient Fire Divine Sect.

"World Defying Stage Soul River!" Lei Yichen said in a low voice: "World Defying Stage Soul River is just a huge treasury, located in a mysterious region high up in the sky. I think there is a fifth or sixth floor, where all sorts of powerful things are produced.

"Fierce Saber Race and Soul River Divine Race are all born from World Defying Stage Soul River, so they can easily enter the World Defying Stage Soul River. Outsiders need to go through the Transmission array to do so, so right now, those Fierce Saber Race s and Soul River Divine Race s are extremely precious to us."

"Hmph. They are my enemies. I don't care. Once I have the strength, I will definitely exterminate them." Chen Xiang said, he hated Fierce Saber Race and Soul River Divine Race to his very bones.

"I know this, I've seen these guys before, they're very arrogant." Lei Yichen said: "If they knew I was your master, their attitude towards me would definitely be even worse."

"My good disciple, what kind of huge grudge do you have with them? Can you tell Master? "

Chen Xiang pondered for a moment, then said: "The main ones were the two genius disciples from the Fierce Saber Race s and the Fierce Saber Race s who were chasing after me, but later on, they were killed by me, and then it was those old fellows who took action."

"If a disciple of the Fierce Saber Race s and their families possess decent talent, they would definitely be extremely arrogant. It would be unavoidable for them to clash with the children of the Fierce Saber Race s as well!" Lei Yichen nodded.

Chen Xiang scoffed, "The most despicable thing is that these people knew that I owned a piece of Crystal emperor, so they all set out together."

Even in the Ancient Fire Divine Sect, Crystal emperor s were extremely precious, and when Lei Yichen heard this, he almost shouted out.

"You really have a Crystal emperor?" Lei Yichen lowered his voice and said, "You must not make this matter public."

"I was just worried that those guys would show off." Chen Xiang said.

Lei Yichen nodded his head: "It is indeed like that, looks like you really know how to cause trouble, right now you are in a lot of trouble."

"Master is not afraid, I got the Crystal emperor fair and square, and did not snatch it. When that time comes, if they ask me, I will give them all to you." Chen Xiang laughed.

"Damn it, you actually want me to help you take the blame." Lei Yichen really wanted to hit Chen Xiang: "Show me the Crystal emperor!"

"Master, have you never seen this before?" Chen Xiang laughed disdainfully: "You don't seem to have seen the world!"

"Bullshit, I've even seen Tao-creation's Holy stone before, how can it be that I've never seen a Crystal emperor before? I still have one more piece, which is refined into my hammer. " Lei Yichen took out a pale golden hammer and said: "Look, this is a divine World Defying artifact, it was added with a Crystal emperor."

Chen Xiang took out a piece of Crystal emperor, its size was huge and its quality was high. When Lei Yichen saw it, he stared at it.

"This is something refined by a human, it's too amazing! In the end, who refined it?" Lei Yichen held it in his hand and carefully touched it, looking at it.

"I heard it was refined by the Super Yang Old Ancestor." Chen Xiang asked: "Can I use the artificially refined Crystal emperor s?"

"Of course you can!" Lei Yichen said: "In here, many Myriad Tao Divine Soil Crystals are refined using Myriad Tao Divine Soil s, and it's all done by Alchemist s."

Lei Yichen gave the Crystal emperor back to Chen Xiang. This was his disciple's, even if he wanted it, he couldn't force it.

At that time, Gu Tong was the Leader and the Super Yang Old Ancestor was her protector. " Lei Yichen said: "It's just that for some reason, the Super Yang Old Ancestor went missing, and I heard that there was a conflict between them."

Fierce Saber Race and Soul River Divine Race both had very strong powers in the World Defying Stage Soul River. And the reason they had joined the Ancient Fire Divine Sect was only to obtain the Ancient fire madness, because there were no such things as Ancient fire madness s in the World Defying Stage Soul River.

Chen Xiang asked Lei Yichen to gather some information, to see if the people from the Fierce Saber Race and the Soul River Divine Race had leaked anything regarding the Crystal emperor.

A few days later, Lei Yichen did not manage to gather much news, he only knew that the people of Fierce Saber Race and Soul River Divine Race had already found out that Chen Xiang had become his disciple.

"They will definitely take action from now on. Master, take me and leave Ancient Fire Divine Sect now, I have a friend I need to meet urgently." Chen Xiang said, he had to quickly step into Aoshi Holy Stage in order to be able to fight against Fierce Saber Race and Soul River Divine Race.

Lei Yichen had promised Chen Xiang, and now that he had obtained permission to leave the Ancient Fire Divine Sect, he brought Chen Xiang to a Transmission array and teleported out through the Transmission array, appearing above the Bloody Wind Island!
