

people, the law of things, and the book of things, extended peace haggard. They didn't know what kind of kind of Power was in this Lei Yichen's bag, but that felt as if if they had had a ghost.

"You guys, if you don't have only answer my demand, I'll put you guys back here." Lei Yichensaid with a color face, scouring the face of the em so much money. The felt that people would come be bound strong, but if the person in front of them can be used to catch them so that they can be given, he must be strong.

Furthermore, they had been in that bag before. It did not want to enter again.

"What is ur purpose in building a city on that island?" Lei Yichen asked.

"" "The freedom we build this is island has only to move the issue transfer array that is connected to the World Defining Stage Sool River over..." " A light foot medidle-bound man said: t The Transmission array is able to the technology the properties from the World Defining Stage Sool River. Three are a new from the Field Race That are in the Blood Wind Fire Sea, but if this is to be made to the Blood Wind Fire Sea from the World Defining Stage South River, it will take a very long time. "

"" "Are they?" " Lei Yichen sneered: tQuickly! "

The right to do medidle-bound man saw that Lei Yichen had waded the flag in front of the head for em for a new times and couldn't help ut shiver.

"t'no, no, no, they are not interested.com. Instead, we have to come here to look for the Tao-creations Holy stone! "The light flump medide-bound man has so scarified that is his voice trembled."

Chen Xiang fried, the peace above the South River River River River actually plotting Something against the Blood Wind Fire Sea, and the Blood Wind Wind Fire Sea has his story. Accessing to Lei Yichen, the Blood Wind Fire Sea as the baiit thy law to attract the Tai-create's Holly stone.

"t There are so many Tau-creation Holy stone above World Defining Stage Soul River, where are you all hill running fall here?" Lei Yichenalso though about things, he felt that this is met to Leader, after he returns, he is reeled to quickly tell this matter to Leader.

"The Tau-creations above the World Defining Stage Sou River are not that this is to capture ..." Although it is not easy to catch Black Wind Fire Sea's Holly stone, but it is much easier to find than to find it in the World Defining Stage Sool River's story. "The middle-bound man has so far, so it shouldn't be a meess."

Chen Siang had alreadydown from the start that was black name was not simple, it must have been addwith home social energy, which was worth it was able to be a breeding-group for the Tao-creations Holy stone, acting the Tao-creations Holy-side to end cachem above.

"The cells from the World Defining Stage South River are actually interned in this place?" Don't you want to watch this place? When you bastards go back, well them this is Ancient Fire Divine Secret's story. If they'll don't get out of here, don't name me for being rude. "Lei Yichenscoved, then beat them up and then them back onto the Blody Wind Island."

And it took a lot of traffic for the Ancient Fire Division Secret to create this process land, but now, someone acted to share the results of the case. The identity of the Ancient Fire Divine Secret, and it took

Lei Yichen also thinks that Wang Dao is not a simple character. When he was on the road, he asked Shen Xiang what kind of friends he was looking for. Shen Xiang just told him to find an alchemy teacher friend.

"This is my master, Lei Yichen." Shen Xiang smiled: "Master, this is the friend I said, the name is Wang Dao."

"Hello!" Lei Yichen politely smiled.

Wang Dao looked at Lei Yichen, and his face showed a hint of sympathy, because he knew that Shen Xiang was not an honest guy. Whoever did his master had to cast a little more mold.

"Fortunately, I will be lucky!" Wang Dao laughed and said hello.

"Half-ghost old man, do I want the Dan refining system to be better?" Shen Xiang asked, and he ran out of the ancient fire gods, all for the sake of Dan.

On the one hand, he needs to look at the Dan of the reign of Wang Dao. With reference, he can study better.

"There are only three in total, this kind of Dan can not be refining." Wang Dao took out a jade bottle and handed it to Shen Xiang.

"Well, then I have to go around." Wang Dao said: "I want to travel a lot. There are still many places on this 10,000 roads. I have not been there. Let me go and see."

"Then you must be more careful!" Shen Xiang said: "The above is still dangerous."

"You can rest assured!" Wang Dao smiled.

Then the three of them ate a meal and talked for a while and said goodbye.

Shen Xiang also hurriedly let Lei Yichen take him back to the ancient fire god.

Lei Yichen also heard some things about Shen Xiang on the road, because now the Mad Knife and the Soul River Protoss are still offering him a reward. He heard someone talking on the road, and when he heard it, he heard many unfortunate things.

Shen Xiang and Lei Yichen sat on the RV. Lei Yichen heard the sound outside. Shen Xiang could hear the same. When he saw the change of Lei Yichen's face, he knew that Lei Yichen had heard about him.

"Good guy!" Lei Yichen did not look at Shen Xiang: "How much do you care about me? How do I hear that you got more than a dozen crystal emperors?"

"Yes!" Shen Xiang can only honestly admit.

"It's awkward. I look like the kind of person who will ask you for the crystal emperor?" Lei Yichen snorted.

"Like!" Shen Xiang scratched his head and said: "Master, in fact, there are not so many crystal emperors in my hands, only seven or eight!"

"The seven or eight pieces are also quite a lot, and they are all obtained from the Ziyang Temple. The Crystal Emperor refining the Sun is still very good." Lei Yichen said.

"Master, do you want it?" Shen Xiang asked.

"Of course I want it, but you can rest assured that I don't want the apprentice to send things. Only the master sends things to the apprentices." Lei Yichen said with great enthusiasm.

"Master, you are so good! Unlike my last master, it is a stupid old man who wants to take advantage of me all day long." Shen Xiang smiled, he could not help but recall Huang Jintian.

Shen Xiang said that Lei Yichen did not dare to ask for his things.

"Master, how is it better, you help me to use Crystal King to refine something, is it good?" Shen Xiang said, he finally found a good level refiner, and can help him refine the artifact for free.

"Okay!" Lei Yichen is very happy. After all, there is a rare opportunity to refine the crystal emperor, which can increase his experience. ,

Shen Xiang took out six mirrors and handed them to Lei Yichen.

Lei Yichen took a look and frowned. "This has added a lot of crystal emperors? At least five!"

"Good eyesight!" Shen Xiang smiled.

"But the refining techniques are somewhat immature, and they can't play the power of those crystal emperors, so they will be burned by blood." Lei Yichen is a good refiner, and he has seen many problems at a glance.

The six mirrors are indeed burned by the blood and then deformed. Fortunately, they are only slightly deformed, and they can still be used.

"It is this artifact that is very weird. The inner lining embryo is very long-lasting. It has been preserved for many years. This artifact has only been reinforced by people. The spiritual pattern in the base has not changed." Lei Yichen looks carefully Look, and again.

This is true of the six mirrors, which have been strengthened several times, and the mysterious spirits inside have never changed.

"Master, then you will help me strengthen and strengthen." Shen Xiang took out three crystal emperors and said: "Add three crystal emperors!"

"Good! If you join the three crystal emperors, this artifact will be very terrible." Lei Yichen thought a little excited, because not everyone can have the opportunity to refine so many crystal emperors.

The six mirrors are mainly the role of defense assistance, and they are very useful for Shen Xiang.

"Master, if you reform, you are not afraid of blood burning?" Shen Xiang is more concerned about this, because the six mirrors can not resist the burning of blood and fire, but only later rely on the inside of the array.

"Sure, there are so many artifacts that Jinghuang refining, must not be afraid of blood." Lei Yichen is very confident, he urged his car to accelerate, he wants to hurry back to the ancient fire god, help Shen Xiang Transform this artifact.

The RV quickly reached the **** fire outside the country. Although Lei Yichen was a refiner, he did not have a lot of materials to refine his artifacts like Shen Xiang, so his RV could not resist the blood.

Lei Yichen can only enter the **** sea with Shen Xiang, then come to the vicinity of Bloodwind Island, open a battle, and return to the ancient fire gods with Shen Xiang.

"I will first go to find a teacher and tell him that the mad knife and the soul river gods occupy the **** island." Lei Yichen said: "You first eat those Dan practitioners, and when I come back, I will help you refine." The six mirrors."

After Lei Yichen left, Shen Xiang also rushed into the secret room.

"The Dan of the half-ghost refining is really good, much better than the broken soul of Sheng Dan that the master had brought back!" Shen Xiang took out the jade bottle and opened it, and a breath came out to make him proud of the world. They are like hungry and hungry wolves.

Shen Xiang looked at the word above the jade bottle and read: "The proud soul of Sheng Dan!"

"I will take a look at it first." Shen Xiang only knows how this kind of Dan is refining, but there is only one direction. Others need him to comprehend.

After Shen Xiang ate the dan, he felt like there was a proud mad soul entering his **** sea, without any potency!

"The half-ghost old man should be directly using the proud world to refine it! This power is like extracting from the proud world to the pure power." Shen Xiang said: "This is not the power without the medicine, but also I don't know if Danlings can eat after they have eaten."

In the ancient fire gods, those alchemists can not refine the Dan spirit that can condense the soul of the holy Dan, so the soul of the holy Dan is very expensive, mainly because the soul of the holy Dan contains a lot of power of the proud world. Dan Ling can't absorb this strange energy.

[Chapter 3323](#)

"It's a purely arrogant madness energy, all refining by the half-ghost old man, and finally condensed into Dan, and I don't know how many arrogant singers of the half-ghost old man have refining a Dan."

After Shen Xiang ate the next sacred soul, he felt that his hunger and arrogant madness devours the energy of this proud soul, Sheng Dan, compared with the previous sacred sacred Dan, absorbed by the proud world. More energy.

Shen Xiang took out another one and handed it over to Jiang Sili, who let Jiang Sili eat it.

"Lili, can you eat this kind of Dan, can you evolve?" Shen Xiang asked, and only let Danling eat a grain to determine this kind of thing.

"This is not sure...but I think it should be!" Jiang Sili said: "The factor we can evolve is that after the body absorbs a lot of the same type of energy, it will condense a core in our body, and this core will absorb the power of the outside world. It will release the unique energy of the core, and then through our unique body of Danling, you can condense Dan."

Jiang Sihua said: "The previous Wandao Shentu Dan was only adding a small amount of medicinal materials. The main ingredient is still 10,000 Dato, but we can still successfully evolve and condense the high quality Wandao Shentu Dan."

"So, you are not very sure now." Shen Xiang is somewhat guilty, because one of them has evolved and needs to consume a lot of pride.

"Yeah!" Jiang Sihua nodded. "Shen's big brother, we just think it can evolve, but it's not very sure!"

"How many grains do you need to eat?" Shen Xiang asked.

"Two hundred or so, if it is of high quality, one hundred tablets should be able to evolve." Jiang Sihua said.

Shen Xiang wondered if he could eat two hundred arrogant souls and could not step into the proud world.

He had previously asked Lei Yichen how many granules to break through, and Lei Yichen told him that he needed at least a thousand. If you can get one capsule a month, it would take a thousand months!

Of course, the soul of the Holy Spirit is also very precious, it can not be every month, so if you count it, it will take at least a hundred years to break through.

"If it is the proud soul of Shengdan, at least 500 tablets!" Shen Xiang is considering the value is not worth trying to let Dan Ling evolve, if successful, he will have a large number of proud souls in the future.

"Okay, just try it!" Shen Xiang thought that the proud soul of Sheng Dan can be sold, and can exchange a lot of things in the future, so I decided to fight.

After the decision, he walked out of the Chamber of Secrets and wanted to see his master come back.

"Master, how is it?" Shen Xiang asked, Lei Yichen's face is not good-looking.

"Hey, our ancient fire gods are also true, actually cooperated with the mad knife and the soul river protoss, and agreed to let them build the city on the **** island." Lei Yichen is very dissatisfied with this matter: "Blood fire is Our ancient fire gods worked hard to provoke the creation of the holy stone, but now they share it with outsiders."

"There must be some people benefiting from this." Shen Xiang said.

"It is someone who benefits, but definitely not you and me!" Lei Yichen said: "The mad knife and the soul river protoss are the overlord on the river of pride, they can get a lot of proud madness, and these proud worlds are very useful. Big, you should be clear."

Poorly proud of the world can be used to refine the spirit of the Holy Spirit, if the powerful proud of the world can be combined, let yourself gain more strength, this is the purpose of Shen Xiang.

"I was also blamed by the old elders." Lei Yichen said; "I don't know what is going on in the church, I actually agree with such a thing! It is estimated that now the soul river protoss and the mad knife people enter the ancient fire gods They are very valued by them."

"This is not good for me!" Shen Xiang frowned: "They know that I have so many crystal emperors on hand!"

"It is unfavorable, so I will always pay attention to your movements. If anything is wrong, I will take you away from the ancient fire gods." Lei Yichen nodded.

Shen Xiang knows that Lei Yichen is not a few days. How does Lei Yichen help him, so that Shen Xiang is very moved, I feel that this master is still very reliable.

"Master, look at this thing!" Shen Xiang took the bronze gong out.

Although the ancient bronze gongs have been damaged, but after Lei Chenchen saw it, he was very surprised.

"This is... this is the refining thing of the ancient boy!" Lei Yichen can see more than Shen Xiang, he hurriedly said: "There is a sacred stone in this artifact!"

Lei Yichen touched the ancient bronze gongs and took a deep breath: "The things that ancient children refining are different, it is amazing!"

"If it's awesome, it won't break." Shen Xiang grinned. "Master, why is this thing broken?"

"This must have been attacked by the same powerful things." Lei Yichen also felt very surprised: "Where did you find it? Even the current teaching has no such powerful thing!"

"I found it in the **** sea," said Shen Xiang.

"The ancient boy must have fought in the **** sea." Lei Yichen said: "This ancient bronze cymbal is the artifact he often uses, and now he is missing, how is he?"

The artifacts that are often used are damaged, and they are still left in the **** sea, which makes Lei Yichen could not help but worry, the ancient boy is his most admired predecessor.

"This matter must be kept secret, and anyone can tell." Lei Yichen whispered: "There are some ingenious stones in the ancient bronze plaque. I can try to see if it can be extracted from it. If it can be successfully extracted, I will It is smelted into your six mirrors."

"Good!" Shen Xiang had some accidents, but he could still do so.

Subsequently, Shen Xiang and Lei Yichen each were busy with their own.

Shen Xiang wants to refine the proud soul of Shengdan, and Lei Yichen helps Shen Xiang to transform the six mirrors.

In the secret room, Shen Xiang closed his eyes and ate a mad god, which allowed his spirit to go to the mysterious and proud world, and he would grab the proud world from above.

After grabbing the arrogant madness, you need to bring the proud madness back to the sea of gods with the spirit, and then let the spirit go to the proud world, which is very troublesome.

If it is necessary to refine a proud soul, Sheng Dan needs a thousand proud spirits, Shen Xiang does not know whether he can persist, because he has to refine several hundred.

"The proud soul of Sheng Dan should be proud of the world, more powerful than the proud world, the refining difficulty is certainly great." Shen Xiang comforted himself not to be afraid.

His spirit came to the third floor of the proud soul river. He felt that it was because his body was very strong at this time, so he could rush in one breath.

"As long as it is proud of the world's madness!" Shen Xiang directly grabbed his nearest proud madness, he just grabbed the proud world, and suddenly there was a familiar power.

"It is the power of space!" Just now, the space madness in his **** sea released the power, and directly moved the proud madness that he touched to the sea of gods, completely without any effort, which surprised him.

If there is no such power, he needs to slowly pull it down with the spirit, put it into the sea of gods, and then let the spirit go to the proud world, which is very troublesome!

[Chapter 3324](#)

It's a lot easier to catch the madness on the river of the proud world now. Shen Xiang doesn't worry that the refining will take a long time. Now he's like a basket of his own god. Inside the sea. ↗

"There is a lot of madness needed to refine the spirit of the Holy Spirit!" Shen Xiang analyzed the madness according to his own experience. He said: "At least three hundred proud spirits can be refining one!"

If it is an ordinary person, it is very difficult to capture three hundred proud spirits. It takes a lot of time to say nothing, and it also needs a lot of madness! Shen Xiang now understands why Wang Dao has refining three pieces in such a time!

"If it is a half-ghost old man, he may take longer, because he only catches the madness of the first layer of the proud soul river, at least a thousand!" Shen Xiang is now directly catching the third layer of the mad soul. The third layer of madness is much better than the first layer, and the energy contained is extremely high.

The third layer of the madness is not good to bring back, if Shen Xiang does not have the power of space, he himself can not easily put the proud world into his own sea of God.

"Now it is refining!" Shen Xiang was only a small half-day, and he got three hundred madness.

The madness of the third layer of the proud soul river, compared to the first layer and the second layer, can be seen a lot less, but it can still be seen everywhere, Shen Xiang needs the madness of alchemy and does not require any attributes, so he likes Grab the fish and catch it back.

"I don't know if I can use the derivative collision method?"

Shen Xiang needs to refine the super high-quality proud spirit of Sheng Dan, and only then can you let Dan Ling evolve!

He combined the ancient fire madness, now only know the great benefits of the ancient fire mad!

"This kind of flame burning is proud of the world's madness." Shen Xiang just released the flame through the ancient fire madness, and with his sun fire, it was very fast when burning the mad soul.

The last time Wang Dao told him that it is not easy to burn the proud world, and to extract more energy from the proud world, you need to be very careful to burn, otherwise it will only waste the proud world.

However, when Shen Xiang used his flame to burn, it was only half an hour, and he burned all the energy contained in the proud world.

"Half hour of smelting a proud world, this speed is already quite good." Shen Xiang can clearly feel that he is so fast, mainly because of the ancient fire madness.

"Ten hours are twenty proud mad souls. It seems that I don't have to spend a long time to refine a proud soul." Shen Xiang calculated that it would take half a month to succeed.

He has not yet entered the time field, mainly to see if the refining spirit of Shengdan is too big, and there is no danger of frying. If these problems are encountered, the use of time domain will be very inconvenient.

"I don't know how the proud world is in the proud world. The high-level inside the ancient fire gods is so good for the mad knife and the soul river protoss, and there is a cooperative relationship. This is very worrying!" Shen Xiang sighed. The proud world Shenglong is good to him. It is his friend. Now his friend is in danger and he is very worried.

Shen Xiang smashed the hoe, so that he can concentrate on refining the proud soul of Shengdan. Only if he has strong strength, can he go to the proud world to find the proud dragon.

After fifteen days have passed, Shen Xiang has successfully burned three hundred proud mad souls. At this time, he gathered a large number of great arrogant powers together and condensed them into a large crystal cluster. Then he needs to The crystal cluster is subjected to derivativization.

"Derivatives have failed!" Shen Xiang used the derivative method, but it was not as smooth as before. The crystal group did not react at all, which made Shen Xiang very surprised.

"The derivative method I use is rarely missed!" Shen Xiang was puzzled.

"Try to see the collision method!" said Feng Keer.

Shen Xiang immediately used the collision method. Before using the collision method, he needs to divide the large crystal cluster. It is necessary to divide it into several pieces. It is not easy to divide it. The energy crystal cluster of the power of the proud world is not easy to deal with. .

Shen Xiang only tossed more than ten hours before he succeeded!

"boom!"

The collision method was successful. At the time of the collision, the quality of the power of the proud world has improved a lot!

"Why does the derivative method fail?" Shen Xiang is difficult to understand. Now he can only use the collision method. Fortunately, the collision method has an effect, and the quality is also improved.

After the collision ended, Shen Xiang and Feng Keer joined forces to start condensing Dan!

Cheng Dan succeeded, Shen Xiang let Jiang Sili eat.

"Lili, how is the effect? Do you think that you can eat a lot of tablets to be successful?" Shen Xiang feels that the proud spirit of Shengdan is compared with Wang Dao, and the quality is very high.

"At least one hundred!" Jiang Sili said: "The power of the proud world is very strange, and the flowers and plants, the energy between the heavens and the earth is somewhat different, these energies are difficult to reproduce."

"No wonder I can't use derivative methods!" Shen Xiang finally solved the doubts in his happiness: "So, can you really evolve successfully? This can't be derived!"

"So I am not so sure!" Jiang Sixi whispered, because if it is not successful, Shen Xiang will be busy, can say that the loss is heavy, she can not make up her mind.

"Well, I will give it a try. In short, even if I fail, I will not blame you." Shen Xiang smiled and didn't want Jiang Sili to have too much pressure. The reason was not her.

Shen Xiang pondered a bit, still used the time field, so that outside the day, he would be able to refine almost two high-quality proud spirits.

A hundred grains, that is, more than fifty days, almost two months!

Because of the need to use the collision method, it is enough for Shen Xiang to use a heavy time field, which can make him more stable in the time domain, otherwise the time domain will be wrong, but the consequences are very serious.

Shen Xiang is busy with alchemy, not far from the secret room, Lei Yichen is also busy refining the six mirrors of Shen Xiang, his progress is somewhat slow, because he has to go from the ancient bronze Extracting a small number of invasive sacred stones, this process is very time consuming, and Lei Yichen is also the first thing to do.

Both the mentor and the teacher are busy with each other, especially the thundering enchanting of the refining device. It is even more intoxicated, a large number of crystal emperors, including the ancient bronze gongs of the sacred stone, and the bronze He is still from the hands of the ancient boy, but he is the most admired refiner.

Time flies, in the blink of an eye, two months have passed, and Shen Xiang has also produced three hundred arrogant souls, Sheng Dan, to Jiang Sili. If Jiang Sili can evolve successfully, she and Jiang Sihua will practice their twins, then Jiang Sihua can also evolve. .

At that time, Shen Xiang does not need to work hard to refine the proud soul of Shengdan!

Shen Xiang walked out of the secret room. When he came to the hall, he saw several people sitting here. One of them, he knew, was Zhu Qingneng, an elder of the mad knife family, and others were also mad knife and soul river protoss. .

This can shock Shen Xiang, this is his great enemy!

[Chapter 3325](#)

Chen Xiang looked at Lei Yichen's room, he really wanted to rush over and smash that door to pieces, and let Lei Yichen, who was inside, out to help him deal with his archenemies.

"Junior Chen Xiang greets all the seniors! Various seniors have truly improved very quickly, it seems like we have all gained a lot from entering the Ancient Fire Divine Sect. " Chen Xiang laughed heartily, walked over and sat on a chair.

When Zhu Qingneng saw Chen Xiang, he almost rushed forward to slap Chen Xiang to death. However, he did not do anything because he had already investigated Lei Yichen's situation clearly before they came here.

Lei Yichen was an elder. Although this elder did not have much power, it was true that Lei Yichen was the youngest looking elder in the inner sect of Ancient Fire Divine Sect. This was mainly because Lei Yichen's master had a certain amount of power in the Ancient Fire Divine Sect.

Lei Yichen had not accepted any disciples for many years, and now that he had accepted Chen Xiang as a disciple, it could be said to be extremely rare. Everyone in the Ancient Fire Divine Sect knew that Lei Yichen was extremely picky with his disciples, and Chen Xiang was able to enter Lei Yichen's eyes before even reaching Aoshi Holy Stage.

If they were to take Chen Xiang down that easily, when Lei Yichen got angry, he would definitely exterminate them!

The strongest among these Fierce Saber Race and Profound Practitioners were only at the middle stage of Aoshi Holy Stage. Although they came from a powerful clan, they did not dare to act rashly in the face of Lei Yichen, who was at the late stage of Aoshi Holy Stage.

For Lei Yichen to be able to become an elder in the Ancient Fire Divine Sect and possess the strength of an expert in the later stages of Aoshi Holy Stage, this point could not be underestimated.

"Why did all of you seniors come to find my master?" Chen Xiang asked: "My master is currently in closed door cultivation to refine artifacts, he cannot come out for the time being."

"We have important matters to discuss with him. I wonder if it would be convenient for us to let him out now?" Zhu Qingneng said coldly.

"I'll try!" As Chen Xiang sat in the hall, he also felt that the atmosphere wasn't right, which made him feel uncomfortable. After all, they were all his enemies, and all of them were stronger than him. He had to hurry up and let Lei Yichen come out to hold the fort!

Chen Xiang entered Lei Yichen's room. There was a stone door in the room, and that was Lei Yichen's secret room.

"Master, I'm in trouble!" Chen Xiang immediately caused his own voice to tremble.

Only then would Lei Yichen know, that he was waiting outside, and even if Lei Yichen heard, he would need some time to stop the work at hand before he could come out.

"I wonder why these fellows are looking for Master!" Chen Xiang muttered to himself in his heart.

"Anyway, nothing good will happen." Feng Ke'er said: "Luckily your master is not bad, I will definitely help you this time."

Chen Xiang waited for a moment, then opened the door.

Lei Yichen frowned, Chen Xiang anxiously sent a sound transmission to him, telling him of Zhu Qingneng and the others' arrival.

"Don't worry, nothing will happen to you." Lei Yichen patted Chen Xiang's shoulder, and then, he brought Chen Xiang out.

After Lei Yichen arrived, he swept his eyes across this group of people. Then, with a look as though he was very busy, he said, "If there's anything you want to say, just say it!"

Lei Yichen was very straightforward, if not because of etiquette, he would have immediately said: "If you don't have any fart, hurry up and let it out, I am busy!"

That was why he did not have a good expression on his face for this group of people to see. Furthermore, he was an elder in the Ancient Fire Divine Sect, so when this group of people saw him coming out, they all sat there like paralyzed lords. They did not have the intention to greet him.

Lei Yichen could bear it, but Chen Xiang could not.

"Master, didn't you tell me that you were an elder of the Ancient Fire Divine Sect? It can't be that you're bragging!" Chen Xiang suddenly said: "These people are just inner sect disciples, and they just entered Ancient Fire Divine Sect not long ago, why are they not respectful in the slightest? Looks like you're not some inner court elder at all."

"Of course I am an elder. You also know that they are disciples who just entered the inner court. They do not know courtesy or anything like that, so I don't blame them." Lei Yichen said indifferently, and secretly praised Chen Xiang in his heart, he indeed felt very dissatisfied with this group of elders.

Lei Yichen swept his eyes across this group of people, that look in his eyes seemed to be telling Zhu Qingneng and the others, 'I am an elder, why don't you all kneel and bow to me?'

Seeing the displeasure on Lei Yichen's face, they finally each and every one of them lifted up their ten thousand kilograms worth of butt, stood up, and unwillingly bowed to Lei Yichen.

"It's still considered enlightened." Lei Yichen laughed: "If you have anything to say, then say it quickly!"

At this time, Zhu Qingneng was about to sit down when he heard Chen Xiang shouting loudly: "Impudent, my master still hasn't asked you to sit down!"

Zhu Qingneng yelled out in anger, but he did not dare to sit down, because Lei Yichen's expression was tense and his eyes were filled with coldness.

"We have come here today to discuss an extremely important matter with Elder Lei." Zhu Qingneng looked at Chen Xiang with a cold expression.

"Speak, don't dilly-dally." Lei Yichen was getting impatient.

"Elder Lei, although you are of high standing and prestige, we still have to tell you that you must not ruin your reputation just because of a moment of confusion." Zhu Qingneng mustered a lot of courage, because the fact that Lei Yichen doted on him far surpassed their expectations.

"The beloved disciple you just accepted had once killed my son, and at the same time, also killed a genius disciple from the Soul River Divine Race. His methods are extremely cruel, and he is not worthy of being your disciple."

The other elders quickly nodded their heads.

"We came here today because we hoped that you would be able to dissolve the relationship between master and disciple with Chen Xiang and hand it over to us. Let us punish him." Zhu Qingneng said again.

After Chen Xiang heard this, he became furious and said coldly: "You bunch of bastards, you better understand that it was that genius from the Soul River Divine Race who attacked me! Back then Qin Shuang had a Purple Yang Excalibur, so not only did Zhu Haiprofound covet it, he also covet Qin Shuang's beauty and was killed by her, so it is well-deserved. "

"Chen Xiang has already told me about this. You still want to snatch the Crystal emperor on his body, right? Him taking the Crystal emperor from the Purple Yang Divine Palace is something that he deserves. The entire way you guys chased him here, you probably want to kill him for the sake of the Crystal emperor. " Lei Yichen laughed coldly: "Good, I will hand him over to you all right now. If you guys have enmity, then take revenge! Chen Xiang, stand down! "

As expected, Chen Xiang walked into the hall.

"If you guys have a grudge, then attack." Lei Yichen said indifferently, and then took a sip of tea.

After drinking the tea, Lei Yichen frowned: "What are you all doing sitting here? Aren't you here for revenge? Kill him quickly, or what are you doing here? Are you trying to make fun of me? I am refining and am still in high spirits, you have already disturbed me, didn't you say that there was something important? Are you kidding me! "

Zhu Qingneng and the others really did not think that Chen Xiang would actually tell them about this. They thought that Chen Xiang would definitely not tell anyone about the Crystal emperor, because after imagining themselves as Chen Xiang, they thought that Chen Xiang would definitely keep the secret of the Crystal emperor a secret.

[Chapter 3326](#)

Shen Xiang didn't really want to tell Lei Yichen about the crystal emperor, but later he found that Lei Yichen was a very honest person. This is Zhu Qingneng's embarrassing thing, mainly because they are villains themselves. The villain, so Lei Yichen is also a villain.

"Get him away and kill!" Lei Yichen sipped tea and urged him: "Take him to take revenge, I have to go to the refiner!"

Shen Xiang stood in the hall, Zhu Qingneng, they stood still, did not dare to sit down, they all looked at Shen Xiang.

Lei Yichen, although they took Shen Xiang away and killed Shen Xiang, they didn't dare because they saw Lei Yichen's love for Shen Xiang's, they couldn't imagine it, Shen Xiang and Lei Yichen didn't take long, unexpectedly There is such a strong master and apprentice relationship.

If they kill Shen Xiang now, they certainly can't live.

"Yeah?" Lei Yichen stood up, and his face was full of anger: "What are you doing in the end, I will let you revenge, but you will not fight! I am only because of this matter, you are so Noisy, I am very angry!"

Lei Yichen stepped down step by step, and the pair of angry eyes glanced at Zhu Qingneng and they watched them snoring.

Zhu Qingneng They couldn't speak. They originally intended to smear Shen Xiang, saying that Shen Xiang was a murderous countless villain, but he did not expect Shen Xiang to tell Lei Yichen all the reasons.

Now they don't know what to say!

"I'm bothered and asked Elder Lei to forgive." Zhu Qingneng bit his teeth and said.

"Forgiveness? No, I will punish you today, lest you create a mess again." Lei Yichen coldly said.

"Elder Lei, we are from the community above the World Defying Soul River!" An elder knows that Ancient Fire God Sect takes care of their Violent Blade Clan and Soul River God Clan, so they have a sigh of relief.

"So what? You are Violent Blade Clan and Soul River God Clan, can you ride on my head? Well, you are very powerful, from the big ethnic group, you can tease me at will!"

Lei Yichen has become even more angry, murderous-looking.

"I just punish you, you don't have to worry about it." Lei Yichen was full of jokes and said, "You have ten people here, you are a group of two..."

Seeing that they are not fight, Lei Yichen loudly shouted: "Hurry, don't waste my time!"

Zhu Qingneng They don't know what Lei Yichen is doing, they can only be grouped immediately, and they are still the best group of people with their own relationship.

"Well, now you are a group of two, you play with each other, you must be loud, if you are not loud, you can me to come." Lei Yichen returned to his seat, lazily said, Shen Xiang Also standing next to him, laughing in the heart

Shen Xiang didn't expect his Master to play.

"Elder Lei, you humiliate us." Zhu Qingneng coldly said: "We are the hot of the famous family!"

"What about that? Since you are a famous family, why join us in Ancient Fire God Sect? You tease an elder in Ancient Fire God Sect, if it is really pursued, this is a death sentence." Lei Yichen coldly snorted : "Do not I thought I was scaring you, even if I killed you, Dean couldn't punish me because you came to courting death yourself."

"I am giving you a chance to live now. It is kindness! You slap each other and slap each other. I yell three times. If you haven't started yet, then I have a fight, I will kill you!"

They are in groups of five, two in a group, looking at each other and clenching their teeth...

Suddenly, some people have shot, they have already seen Lei Yichen's waywardness, Lei Yichen will really kill them, in order to live, they have to fight,

Pā pā pā!

Shen Xiang smiled and opened the flowers. They fanned each other's faces. Because one shot was heavy and the other was resentful, so the next time you hit it, you will be more serious. This is a vicious circle. When you shoot, it is heavier than once. hand.

In the end, a slap can throw people down on the ground and their faces are deformed.

"Well, let's get started. You can behave a little when you come next time." Lei Yichen just rushed to the refiner, otherwise he wouldn't mind these guys continuing to kill each other.

These people are originally like a snake, and they know that they are screaming at each other's faces. Everyone is worried that they will be killed, so they are not soft when they play with their companions.

Zhu Qingneng After they stopped, they left Lei Yichen's residence with endless resentment.

"This group of guys is really fine to pick a quarrel." Lei Yichen shook his head.

"Master, is it really okay to play like this?" Shen Xiang was a little worried.

"Hehe, now I am also their enemy, our master and apprentice are on the same boat." Lei Yichen said with a smile : "Don't be afraid, wait until the accident is not too late, I will continue to help you refine Divine Mirror of Six Paths is gone!"

Lei Yichen just walked to the door and said, "No, I will open the barrier first, lest these cats and dogs will run in."

Lei Yichen There is no one in this place, so he never closes, so Zhu Qingneng can sway into the courting death.

After Shen Xiang came out to breathe, he also hastily returned to his secret room. Because of the movement in Hidden Jade Villa, Jiang Sili successfully evolved and could condense Soul Defying Saint Pill, which made him almost tearful. He was still very Worried that it will fail.

"Success is just fine, now you start the twin rare technique!" Shen Xiang is pleased with said: "Li Li, hard work!"

"It's nothing, I can evolve, and my strength will be stronger." Jiang Sili sweet said with a smile: "I can help Big Brother Shen when I get there."

Pill Spirit's cultivation method is different from that of human beings. After they evolved, the strange energy core appeared in the body, which can provide them with a strong strength. As for how, Shen Xiang would not know.

Shen Xiang used Time Domain to cover the two girls Pill Spirit, so that they could practice the double technique and assimilate the great accomplishment, and he would eat the high-quality Soul Defying Saint Pill every day.

"I don't know if they can evolve in the future!" Shen Xiang has this feeling. Pill Spirit is not able to condense all the Dans, and will definitely encounter confusion in this area.

"It seems that I will be able to step into World Defying Sacred Realm soon, Sijing and Mai Mai are also!" Feng Ke'er happily said with a smile : "I think they should now be the cultivation base of World Defying Sacred Realm."

"Yeah!" Shen Xiang also thinks this way: "The two strengths of them are definitely strong, but I hope they will come out to fight and kill."

Soon, the two girls Pill Spirit assimilated in Time Domain, start to condense Soul Defying Saint Pill.

They are so fast that Soul Defying Saint Pill is very fast, two people a day, so that Shen Xiang can eat four tablets a day, much faster than his refining.

[Chapter 3327](#)

It is very difficult to step into the sacred world. Even the ethnic groups such as the Mad Knife and the Soul River Protoss are not so easy to turn their proud world into a proud soul. They still need a long time. The practice of time. +

Some people in the ancient fire gods can refine the soul of the holy Dan, but they are very lacking in the arrogance of the world, otherwise a lot of refining the soul of the holy Dan, the ancient fire gods will have more disciples in the world.

"The spirit of the mad sword has been promoted to the proud soul of the world, and it is quite fast. Every day, let the proud spirit Shengdan eat it is cool!" Shen Xiang practiced in the time field for more than half a year, finally let a mad soul advance!

More than half a year, eating four tablets a day, that is more than seven hundred, and this is only to make his proud world of madness, he still has three proud madness, so it seems that all the holy, you need More than two thousand, it is more than he expected before.

"It seems that it is really cost-effective to let Dan Ling evolve. If I want to refine more than 2,000 of this super-high-quality proud soul, I will be crazy." Shen Xiang looked at his hand and just condensed it. Two sacred souls, Sheng Dan, will eat it and continue to cultivate.

He thinks this may be because his proud world is very powerful, so when he is holy, he needs more energy. After all, his proud world needs a strong mad war.

"The proud world is not so easy." Feng Ke'er said: "The little bullies in the outer gates who are at the top of the world are not aware of how long they have been stagnant."

"Hey, if they don't have medicinal herbs, they can only rely on time to get up." Shen Xiang smiled and said: "Our alchemy teacher is such a rebellious existence."

"It is true!" Feng Keer very much agrees with Shen Xiang's words. Wang Dao is also such a powerful alchemy teacher, but he does not have so many means of sinking.

In the ancient fire gods, there is also such an alchemy teacher, the soul-breaking Sheng Dan that Shen Xiang had seen before, is the refinement of this genius alchemist.

Two years in the time domain have passed, and the outside is only about a month away.

Shen Xiang's four proud mad souls have all been sanctified at this time, and they have successfully become the proud soul! After becoming the proud soul of the world, the release is no longer the pride of the world, but the proudness of the world, which can double the power of the proud world.

"This is the strength of the proud world. It is really amazing. It is no wonder that when I faced the sacred world, I always felt that I couldn't beat it!" Shen Xiang felt that his proud power was stronger than the previous proud world. Times.

After a successful breakthrough, Shen Xiang no longer fears the old guys of the Mad Knife and Soul River Protoss.

"Kid, you always figured it out!" Lei Yichen saw Shen Xiang coming out of the secret room and excitedly said: "Look at the six mirrors!"

When Shen Xiang took a look, his face changed and the six mirrors were actually made into bronze.

"This style..." Shen Xiang was speechless, and his six mirrors now look like the old bronzes.

"This is the unique style of the ancient ancestral master. How do you like to imitate it?" Lei Yichen laughed.

To be honest, Shen Xiang doesn't like this kind of bronze. He still likes the golden look.

"Don't you have to be like this?" Shen Xiang knew that his six mirrors had become very strong, but he was not happy. Lei Yichen also saw that Shen Xiang did not like the style of bronze. He thought that Shen Xiang hoped, because Shen Xiang had said that he would see the ancient boy before, and that Shen Xiang had the bronze gong of the ancient boy refining.

"Forget it, anyway, it's made like this!" Shen Xiang finally showed a smile: "Thank you, Master!"

"You like it!" Lei Yichen laughed.

Lei Yichen went to withdraw the large array that protected the house. Just after he withdrew, he saw several middle-aged voices coming from outside.

"Is it a thunder elder? I will teach them to wait for you for many days. I hope that you can bring your loved ones to the lobby of the ancient fire gods. There are important things to discuss," said a middle-aged.

"Well, you go back first, I will go soon." Lei Yichen only promised for the time being.

Last time, Lei Yichen was a singer who had taught the mad knife and the soul river protoss, and the high-ranking gods of the ancient fire had a cooperative relationship with these two ethnic groups. The action of Lei Yichen on the day must have angered the mad knife family. they.

This time, let Lei Yichen take Shen Xiang in the past, obviously it is to deal with this matter.

"Master, do we really want to go?" Shen Xiang was somewhat worried. The seniors of the ancient fire gods were very strong. He was worried that Lei Yichen could not resist himself.

"Reassure, even if you are in charge of teaching, you can't take me." Lei Yichen said with great confidence: "Well, we will meet them in the past, anyway, we are more reasonable."

"If they raise the matter of Jinghuang at the time, you will say that they are all kept by me. In any case, I will not let them hurt you."

Aren't they crazy because they have a lot of crystal emperors? Lei Yichen is very clear about this.

Lei Yichen took Shen Xiang and went to a palace in the inner gate of the ancient fire **** to come to the luxurious lobby. There are many people here.

Shen Xiang is more unexpected, there are more people of the Mad Knife and the Soul River Protoss!

Even Qinshuang is here. She is standing behind an old woman. The old woman is sitting close to the teacher. She should be a highly respected veteran. The old woman is closed, but one The majesty but invisible release of the people around her has pressure.

Shen Xiang guessed that the people of the Mad Knife and the Soul River Protoss must have come more, just to strengthen the momentum. In addition, Shen Xiang also saw Huang Ziyun, the elder of the external penalty, and Huang Ziyun was glaring at him.

Sitting on the top of the palm is a white-haired old man, looks very kind, Shen Xiang thinks he should speak very well.

The two rows of chairs on both sides of the lobby are filled with people. They are the strongest people in the world, and the young people standing behind them are not weak. Most of them are young people who are proud of the world.

Shen Xiang discovered that Qin Shuang actually broke through to the sacred world, which made him feel very confused, because he knew very well that it would be difficult to break through in such a short period of time without his way of swallowing medicinal herbs. .

Shen Xiang gave Qin Shuang a voice, but Qin Shuang simply responded to "convenient to say."

"Shen Xiang, see the teacher, the elders of the elders." Shen Xiang is very polite.

Lei Yichen is not so polite: "Teach, what do you want us to do? We are very busy!"

"Thunder elder, what do you do yourself, don't you know?" A gray-haired old man stood up and sneered, then looked at Zhu Qingneng and others sitting opposite.

"I really don't know, I also asked Lin to tell me that I am too busy, so I may forget it." Lei Yichen laughed.

[Chapter 3328](#)

Lei Yichen's words made many people unhappy, because in less than a month, Lei Yichen had already forgotten! One must know that the entire inner sect of Ancient Fire Divine Sect knew that he had humiliated Zhu Qingneng's group back then.

"You ... When you asked us to slap each other, you... To ruthlessly humiliate us, you must have forgotten about it on purpose. " Zhu Qingneng stood up, his voice trembling in anger.

"Oh, I remember."

Lei Yichen was actually still smiling, "That day when I was refining, and it was even at a critical juncture, you said that you had something important to discuss with me, and then Chen Xiang called me out. After that, all you did was joke with me, and when I was in a bad mood, I scared the both of you, and you slapped each other in the face."

But because I was played by you, I came out from the critical moment of refining to see you guys, so I was a little angry in my heart, and I was a little too scared, but I didn't expect you guys to really slap each other's face, and each time you hit each other more and more, you guys can just not beat each other up, you guys can just pat your butts and run away, and it's not like I'm going to kill you.

Zhu Qingneng and the others were speechless. Back then, they were afraid that Lei Yichen would kill them, which was why they had slapped each other's faces!

Lei Yichen laughed, "Oh, so it's this matter. Seeing how great you guys have become"

"I'm fine with apologizing. Sorry, my fellow sect members, please blame me for getting angry at the moment. "I'm sorry."

Zhu Qingneng's heart immediately surged with thousands of horses, he was completely dumbstruck, because they had predicted that Lei Yichen would definitely fall out with them, and they had even planned to clash with Lei Yichen or something like that.

But now that Lei Yichen had apologized, what could they do to him?

Chen Xiang also didn't think that his own master would actually be willing to yield and be able to speak so easily. With just a few words, Zhu Qingneng and the others were left speechless.

"Elder Lei, do you think we can just let this go?" The person called Elder Lin said, he was obviously biased towards Zhu Qingneng and the others.

The elders present did not expect Lei Yichen to admit his wrongs, they had even planned to wait for Lei Yichen to refute, and then launch a group attack to oppress Lei Yichen, allowing him to apologize and admit his wrongs under their encirclement.

"You don't count like that?" What then? How about this, you guys kill me ... " Lei Yichen raised his head: "Cut off my head, I am willing to die to apologize."

Elder Lin was speechless, how would they dare to kill Lei Yichen? If Lei Yichen's master knew about this, all of them, this group of old fellows, would die!

Chen Xiang had originally been a little worried, but now that he saw that these old fellows were all speechless, he couldn't help but laugh in his heart, and silently praised this master of his.

"Since I've already apologized, I'll let you guys kill me. What else do you want?" Lei Yichen snorted: "If there's nothing else, we are going back. We are very busy, not like you old fellows who are tired of living and are waiting for death."

"Elder Lei!" One of the hunchbacked old man said: "I think the enmity between your disciple and Zhu Qingneng should be resolved here!"

Right, Chen Xiang killed my son! Zhu Qingneng said.

"I was the one who killed your son Zhu Haiprofound, and I killed Fierce Saber Race's He Yancong as well. Chen Xiang is only helping me to escape!" Qin Shuang suddenly said.

They were speechless. They thought that Qin Shuang and Chen Xiang had a conflict with each other, and he thought that Chen Xiang and Qin Shuang would get together with each other. But they never thought that Qin Shuang would actually admit it himself!

They, the group of people, would always act on their own. That was because if it was them, they would definitely try their best to blame it all on the other party.

They had miscalculated this step again!

The person was indeed killed by Qin Shuang, and Qin Shuang admitted it himself. Chen Xiang only helped Qin Shuang to escape, and the matter was clear, he wanted to find Qin Shuang for revenge.

"Alright, that little girl has admitted to it. There is always someone who owes you a debt, go find her." Lei Yichen scoffed, "You guys aren't even sure about the Chou family, but you actually went to my place and disturbed my refining. Who doesn't know that refining is not to be disturbed."

Speaking till this point, Lei Yichen was suddenly very angry, he released waves of anger and said: "I know the reason you guys came to find Chen Xiang, isn't it because you saw the dozens of Crystal emperor he obtained from Purple Yang Divine Palace? Hmph, you fellows, just think about it, remember this, don't ever let me meet you guys outside the Ancient Fire Divine Sect. At that time, I will not be merciful."

Fury burned in Lei Yichen's eyes, causing the entire hall to become extremely hot, and Zhu Qingneng and the rest who were staring at him were so scared that their entire bodies trembled, perspiring profusely.

"Chen Xiang obtained the Purple Yang Excalibur and entered the Purple Yang Divine Palace to obtain it himself. After that, he bestowed the Purple Yang Excalibur to me.

Qin Shuang looked at the people from the Fierce Saber Race and the Soul River Divine Race, and continued: "After Chen Xiang and I arrived above the Myriad Tao, we were attacked by He Yancong's Wild thunder tiger, we killed the Wild thunder tiger, and He Yancong chased after us everywhere. Then, I met Zhu Haiprofound, who coveted my beauty, and clashed with him."

"In the end, Chen Xiang and I followed them into the Blood Wind Black Desert, and took advantage of the time when the elders of the Fierce Saber Race and the Soul River Divine Race were dealing with the World Defying holy dragon, I sneak attacked Zhu Haiprofound, who was in the carriage, and succeeded in getting rid of him.

"And you guys kept chasing after Chen Xiang just to get the Crystal emperor in Chen Xiang's hands. Trash like you all actually got accepted by the Ancient Fire Divine Sect as disciples. Pah!"

Zhu Qingneng was very angry to begin with, but now, Qin Shuang had repeatedly said that he had killed Zhu Hai profound, which made him even angrier. He did not plan to take revenge in the first place, he only wanted to obtain Chen Xiang's Crystal emperor.

But now that Qin Shuang had exposed him, he had to show off!

"Stupid girl, don't talk nonsense!"

"That's right, with your words, who would believe it? You want to shield Chen Xiang! It was Chen Xiang who killed him, we do not want his Crystal emperor! "

"Qin Shuang, don't think that just because you have a powerful master you can spout nonsense."

The people of Fierce Saber Race and Soul River Divine Race pointed at Qin Shuang at the same time.

Suddenly, the old lady sitting in front of Qin Shuang opened her eyes. The moment her eyes opened, they shone with an extremely beautiful red light, the red light was as though it was released by a blood flame, but it was even more red than the light of the blood flame!

"Senior uncle ..." Leader shouted in panic, but it was already too late.

The moment the old woman opened her eyes, her killing intent surged. The heat wave was so strong that everyone in the hall felt like they were in a steamer. The entire hall was engulfed in crimson flames!

"You call my disciple a dead girl, damn it, to make you all say that my disciple is speaking nonsense, damn it! Damn it! "Damn it!" After the old lady finished speaking, Zhu Qingneng and the others who were walking around immediately ignited with red flames, and amidst their screams, they were burnt to ashes.

[Chapter 3329](#)

Shen Xiang understand why Qin Shuang dare to say it. Strength is terrifying ,

After the Old Lady closed her eyes, the lobby was restored to calmness. I could hear some people panting and panting. Many people were sweating. At that moment, they felt like they were going to die.

Violent Blade Clan and Soul River God Clan are here, and they are still quite powerful. People who saw their own race are killed. They don't even dare to put one because they already know the strength of Old Lady. Very terrifying, and after killing,] there is no scruples,

Old Lady closed his eyes, just like falling asleep, but no one dared to yell at Qin Shuang.

Everyone looked at the fire on the ground, and there was a lingering fear. Just now they thought they were going to ignite, too terrifying,

"Ancient Fire God Sect's Dean, you said that we worked with our Soul River God Clan and Violent Blade Clan, but now it's such an unpleasant thing, I think it's a good idea," said Soul River God Clan. There is gas in my heart, said,

Ancient Fire God Sect A red clothed old man quickly said: "No, we have to continue to cooperate,"

"But you guys have any sincerity," said the Violent Blade Clan.

"Well, let's give Shen Xiang to you, this is all right," the red clothed old man of Ancient Fire God Sect glanced at the two old men.

The two old man suddenly cheated Zou, and they had to grab Lei Yichen.

"I am desperate with you," Lei Yichen said with a long knife and screamed: "Hey, let's touch Shen Xiang, I will kill you."

Ancient Fire God Sect's more than a dozen elder suddenly got up and walked over.

"Dean, why are you, why did our Ancient Fire God Sect bow to the despicable group of Violent Blade Clan Soul River God Clan," Lei Yichen guarded in front of Shen Xiang, loudly shouted: "Shen Xiang has given crystal emperor I am, even if you catch Shen Xiang, there is any use,"

Hearing this sentence, those elders stopped.

More than a dozen crystal emperors, for the Soul River God Clan and the Violent Blade Clan, the stool is not shallow, but to Lei Yichen,

"Violent Blade Clan, Soul River God Clan, don't you catch me," Lei Yichen said with a sneer: "You will catch me when you have a class, wait for me to return, I believe he will shred the World Defying Soul River." ,"

"hehe, Little Lei, they think your Master is dead," Old Lady suddenly said. "But he certainly can't die, so he will look back one day,"

Ancient Fire God Sect's Dean didn't talk either. Obviously, these elders were acquiesced to catch Shen Xiang and Lei Yichen. Qin Shuang was also very anxious. She wanted to leave, but it was obviously limited by a strength, and she couldn't help herself.

"Wait," Shen Xiang saw the elder take out the formation plate, suddenly shouted,

"Ancient Fire God Sect works with people at Soul River God Clan and Violent Blade Clan for the sake of Violent World Defying Soul," said Shen Xiang. "I'm right, because Violent World Defying Soul has gradually diminished. Alchemy needs a lot of Violent World Defying Soul,"

"For example, if you want to break the soul, you need Violent World Defying Soul to refine. The soul of the soul is now more and more, and the people who can enter World Defying Sacred Realm will pay more, which affects the overall strength of Ancient Fire God Sect. ,"

"Not bad," Dean of Ancient Fire God Sect said: "Our ancient Fire God Sect acquiesced in such a thing, agreeing to work with Violent Blade Clan and Soul River God Clan in exchange for their Violent World Defying Soul,"

"Well, then I asked, how many Violent World Defying Soul they can offer," Shen Xiang asked.

"Enough for them to refine two broken souls every day, refining a broken soul, Saint Dan needs a thousand Violent World Defying Soul, we and Soul River God Clan give them one thousand each day,"

Violent Blade Clan People said: "We are above the World Defying Soul River, but it is not easy to grab the Violent World Defying Soul."

"It's ridiculous to bow to these two despicable people for the sake of two broken souls. The Ancient Fire God Sect in Legend is just that," said Shen Xiang said with a sneer.

"Hey, two broken souls every day, do you know what it means, if it is a hundred years, how many grains, how many excellent fragments can enter the World Defying Sacred Realm," an elder said with a sneer,

"The soul of the sacred sacred Dan, refining a grain actually needs thousands of Violent World Defying Soul," Shen Xiang said with a smile: "I see you are] I have seen good Dan,"

"In addition to the soul-breaking Saint Dan, what better Dan can make people step into World Defying Sacred Realm, don't be kidding, can you know, don't bluff, take them down," said the elder,

Shen Xiang suddenly took out a Soul Defying Saint Pill, loudly said: "This is called Soul Defying Saint Pill. It is twice as powerful as the soul-breaking Saint-Dan. I don't believe you try it, but this is my refining,"

When I heard Shen Xiang's, everyone only thought it was funny, but when they used Divine Sense to sense it, they couldn't smile because Soul Defying Saint Pill in Shen Xiang really contained a very pure World Defying Violent Soul Power. ,

Lei Yichen also] thinks that his Disciple is actually an alchemy master. He understands that these days, Shen Xiang is arguing about this kind of Dan. He doesn't know how Shen Xiang is refining, but he can sense it, Shen. Soul Defying Saint Pill in the hands of Xiang is indeed better than the Soul of the Holy Spirit.

"If you need it, I can give you two tablets a day," Shen Xiang said. "You don't need to work hard to refine,"

"It's ridiculous, you have a poor strength, you can make such a good Dan, here Dan must be your chance, maybe you will take it out of the Purple Yang Temple," Violent Blade Clan's old man said with a sneer, he absolutely Shen Xiang can't be ruined by their cooperation with Ancient Fire God Sect, because they must take Shen Xiang and Lei Yichen back today.

"if wanted I will show you a refining on the spot. If I refine it, I will let me have a ten-slap," Shen Xiang hehe smiled. "If I can't refine, I will give the crystal emperor. you guys,"

"Don't believe him, this guy is full of tricks," said Soul River God Clan, who was very cautious. Now they must insist that Shen Xiang can't make Soul Defying Saint Pill, even if Shen Xiang can really make it,

"Yes, Soul Defying Saint Pill in your hands is real, but with this quality of World Defying Violent Soul Power, you need more Violent World Defying Soul, can you get that much every day," said Ancient Fire God Sect Elder doesn't believe either,

"Well, how much do you want," Shen Xiang took out a Violent Transformation Divine Pill and said, "How many Violent World Defying Soul do you want, I will make it now,"

"Ten thousand," the ancient fire god Sect's elder said with a sneer ,

“The ten thousand is ten thousand,” Shen Xiang ate Violent Transformation Divine Pill, closed his eyes, and quickly flew to the World Defying Soul River. There are so many Violent World Defying Souls here. Big piles, sent to your Divine sea,

[Chapter 3330](#)

Shen Xiang grabbed a large number of Violent Soul from the World Defying Soul River. The Violent World Defying Soul on the first floor was the most easily crawled. He just grabbed a hand and made thousands of them. Then he Eat the next Violent Transformation Divine Pill and keep your spirit in the World Defying Soul River.

“Shen Xiang, don’t worry, ten thousand Violent World Defying Soul is so easy to get? Even if our Soul River God Clan’s real body goes to World Defying Soul River, it takes 10 million Violent World Defying Soul Some time, you eat Violent Transformation Divine Pill here, let the spirit enter the World Defying Soul River, and want to catch 10,000 Violent Soul? It’s crazy to dream, whimsical.”

“Don’t waste our time, even if you can get 10,000 Violent Soul, that’s a lot of years!”

Feeling that these people are coming back, Shen Xiang opens his eyes, said with a sneer: “Let you wait!”

After that, he had a stretch of arms and saw countless spots suddenly appeared!

Countless spots are suspended in the lobby, flying like fireflies, and people familiar with Violent World Defying Soul can recognize them at a glance!

Although it is only a layer of Violent World Defying Soul, it is enough to refine the soul of the Holy Land!

Violent Soul is a lot of small light points, everyone does not count, even if only a few thousand Violent Soul, it is very good.

“Now you see it, this is the Violent World Defying Soul I caught with the secret method!” Shen Xiang said: “My Soul Defying Saint Pill is made with Violent World Defying Soul.”

Ancient Fire God Sect’s elder stunned, and they now know that Violent World Defying Soul is not easy to catch, and I don’t know why, but Shen Xiang can release tens of thousands of times.

What surprised them the most is that Shen Xiang can really make Soul Defying Saint Pill!

The quality of Soul Defying Saint Pill is indeed higher than that of Soul Defying. If Shen Xiang can provide them with Soul Defying Saint Pill every day, their Ancient Fire God Sect will not have any concerns in the future.

“This...this must be where you got it, and you can only fool us for a while.” The old man of Violent Blade Clan looked at Dean of Ancient Fire God Sect and said, “Don’t listen to him. Shen Xiang This guy is scheming. Now he just wants to get out and show some tricks! Everyone who is sitting is the late stage of World Defying Sacred Realm and even the expert of the peak. You can ask yourself, you can get so many so easily. Violent World Defying Soul?”

“That’s why neither Violent Blade Clan nor Soul River God Clan! Not to mention Shen Xiang, the little rascal of Violent World Defying Realm, his words are not credible!”

Lei Yichen absolutely believes Shen Xiang, he loudly said: "Dean, Shen Xiang is the discipline of Ancient Fire God Sect, I am the elder of Ancient Fire God Sect, don't you even believe in yourself, but believe in outsiders?"

Dean of Ancient Fire God Sect thought about it and said, "Shen Xiang, you really can't prove that you have the ability to refine Soul Defying Saint Pill!"

"Well, Ancient Fire God Sect really disappoints me! If Gu Tong Old Ancestor is there, he will never say these words, and only your stupid pigs will be so easy to believe in Violent Blade Clan and Soul River God Clan. "Shen Xiang's voice is cold and full of ridicule.

He proved himself twice and twice, just to help Ancient Fire God Sect get through the storm, but now, Dean and other elders are so pedantic, he feels that he is really passionate.

Lei Yichen heard Shen Xiang's words and knew Shen Xiang's meaning!

"Okay, catch Shen Xiang!" An elder slam of Violent Blade Clan rushed up.

"Master, you dragged this group of old fellows!" Shen Xiang's face suddenly became gloomy and cold, giving Lei Yichen sound transmission.

Lei Yichen saw several Violent Blade Clan and Soul River God Clan's old man rushing up and summoning a long knife, said solemnly: "I am fighting with you!"

Several old men know that Lei Yichen is difficult to deal with, so they plan to win Lei Yichen first.

Ancient Fire God Sect is not a fight, they have already said it before, so only Violent Blade Clan and Soul River God Clan people fight.

"Little people, you should catch Shen Xiang, don't be afraid of him. He is just Violent World Defying Realm. The strongest World Defying Sacred Realm initial stage among you, most of them is the peak of World Defying Sacred Realm. It is only a breeze to win him. Said Elder of a Violent Blade Clan.

Lei Yichen waved a long knife and spurred Saint World Defying force, causing his long knife to vibrate, several old men to surround him, and they also released a strong Saint World Defying force, wanting to ban the maddening Yi Yichen.

Shen Xiang here, more than a dozen powerful young people rushed toward him, they have a disdainful smile on their faces, they also feel that it is very easy to take Shen Xiang.

"To be honest, hand over the crystal emperor!" A man said with a sneer, they surrounded Shen Xiang in the middle, when Shen Xiang was unable to fly.

Shen Xiang looked at all around and said, "You want crystal emperor, right? I will give you that's it!"

The juniors were happy, but Shen Xiang was not so honest.

They only saw Shen Xiang take out a round thing that looks like a bronze. This is the Divine Mirror of Six Paths that Shen Xiang has transformed Lei Yichen.

"Open!" Shen Xiang controls the Divine Mirror of Six Paths, releasing a banned formation that shackles all the juniors around him.

The Divine Mirror of Six Paths floated over the top of Shen Xiang's, with the mirror facing down, releasing a touch of golden light, and the Divine Mirror of Six Paths also became larger.

Seeing this bronze, the Old Lady suddenly in front of Qin Shuang opened his eyes and was surprised: "Gu Tong's World Defying divine tool !"

The Dean of Ancient Fire God Sect and the other elders of Ancient Fire God Sect are also shocked. The breath of Shen Xiang's Divine Mirror of Six Paths has been shaped, and it looks like Gu Tong's own refining World. Defying divine tool !

Shen Xiang released Divine Mirror of Six Paths After the juniors were banned, the Dean and Elder of Ancient Fire God Sect had a bad feeling, and they didn't know what Shen Xiang's Divine Mirror of Six Paths had.

And the next moment, they know what Shen Xiang is doing!

After those juniors couldn't move, Shen Xiang called Nine Firmaments Divine Sword. Like a mowing, a sword killed all the juniors around, and then let Divine Mirror of Six Paths release a violent flame and burn the body!

All of this happened in the moment of electro-optical sparks, which made it difficult to react, because no one expected that Shen Xiang would release Divine Mirror of Six Paths, and then kill all the juniors in the next moment!

When Shen Xiang came out of the sword, the release of Saint World Defying was very violent, and everyone suddenly realized that Shen Xiang had stepped into World Defying Sacred Realm!

The young World Defying Sacred Realm, knowing alchemy, mastering the crystal emperor, has a lot of Violent Soul... This is a promising young man. The Dean suddenly of Ancient Fire God Sect has some regrets, he thinks it should be Keep Shen Xiang's.

"Shen Xiang... kill him!" Violent Blade Clan's elder eyes red, and Lee Yichen didn't want to, immediately rushed to Shen Xiang, but he was also cut by Lei Yichen.

Lei Yichen did not expect that Shen Xiang unexpectedly was so brave that all the juniors of Soul River God Clan and Violent Blade Clan were killed.
