

## Dan God 3351

### [Chapter 3351](#)

Chen Xiang was very curious about this place. It must not be his luck that he was able to come here.

"Granny Long, how did you find this place? You seem to be able to control the barrier here." Chen Xiang asked. Although Long Zhiyu was a World Defying holy dragon, she was not naturally nurtured, but was cultivated. It was just that her master was already dead.

"My master came here before, and this place was transformed by him and the Super Yang Old Ancestor together. Now that the Super Yang Old Ancestor is missing, I originally came here to see if he was here."

Long Zhiyu's words gave Chen Xiang a huge shock. This place was actually built by the Super Yang Old Ancestor!

"Did you find anything else here?" Chen Xiang looked around: "For example, some treasures?"

Long Zhiyu shook his head: "There's no treasure, but I found a little girl here! All along the way, I was chased by those eight old fellows and almost couldn't make it here. Luckily, a little girl suddenly appeared and dragged me inside.

"What kind of girl? "If she's so powerful, then where is she?" Chen Xiang asked.

"Sigh, in order to save me, she suffered from severe injuries. Right now, she is in her room healing her injuries. Her injuries are quite severe. I wonder if you have any pills to help her heal her injuries?" Long Zhiyu sighed, that little girl had only suddenly saved her, and she did not have the time to speak with the little miss.

"I'm the best at healing, take me to see a little girl." Chen Xiang said with a serious face.

"Kid, don't be reckless when the time comes." Long Zhiyu warned again, "She's my savior."

Just as Long Zhiyu wanted to bring Chen Xiang to see the little girl, the door suddenly opened, and a weak voice came out: "Did those bad people come in? Why is it so noisy? "

Hearing that voice, Chen Xiang's entire body shivered, he then looked over, and immediately saw the familiar beautiful face, this young lady was actually Long Xueyi!

"Xueyi!" Chen Xiang teleported forward and supported Long Xueyi.

"Little Scoundrel!" Long Xueyi was originally very weak, but after seeing Chen Xiang, he became very excited. His eyes became moist, and then he threw himself into Chen Xiang's arms.

"Little Naughty Dragon, how did you get here?" Chen Xiang was very curious about this. They should be inside the Dan God Mysterious Land, if he wanted to be here, he had to go to the Divine Wasteland first, then go to the Myriad Tao, and finally enter the World Defying Stage Soul River.

"It's a long story. I'm injured, hurry up and help me heal my injuries!" Long Xueyi said in a tender voice, "Hurry, hurry, I thought I was going to be done for!"

Long Zhiyu was stunned. This little girl was actually very familiar with Chen Xiang, and very close as well. She could tell with a single glance, that Chen Xiang and Long Xueyi were just like husband and wife.

Chen Xiang immediately let Long Xueyi actually be the You Yao Mountain Villa, and then, the Mei Jing Sisters used the power of rebirth to help her heal her injuries, and used the Time Domain at the same time.

"Just now .... That girl from before, is she a dragon? " Yu Yilan frowned and asked: "Why do I feel the faint aura of a dragon from her body?"

"I have this feeling, but I think it's because she has a divine artifact related to dragons on her body. That's why I have this feeling. There aren't many dragons these days." Long Zhiyu shook his head: "That's why they killed me so crazily."

Everyone was sitting at a stone table and chatting, waiting for Long Xueyi to recover from his injuries.

Under the healing from the Mei Jing Sisters, Long Xueyi quickly recovered and came out alive. She giggled non-stop, being mischievous and pitiful, full of liveliness. This was the Long Xueyi that Chen Xiang was familiar with.

"Little girl, thank you for saving me. I truly can't thank you enough." Long Zhiyu anxiously asked: "What do I call you?"

"Grandma Long, my name is Long Xueyi. I am a dragon, just that I am not as powerful as you." Long Xueyi smiled sweetly, "I am Bai Long!"

Long Zhiyu was stunned, looking at Chen Xiang, Song Tianchuan and the rest were also stunned, seeing the old dragon in front of them, they were shocked, there was actually another small dragon in human form, it was actually such a cute little girl.

What surprised them the most was that Long Xueyi and Chen Xiang's relationship was extremely close!

Although there were not many dragons here, there were many dragons in the Dan God Mysterious Land. There was a powerful dragon race in the Heavenly Dragon City, and up till now, there were at least a hundred thousand dragons. If all of them were to train in the Aoshi Holy Stage, that kind of power would be enough to look down upon all of Myriad Tao.

"Xueyi, how did you get here? It seems impossible. " Chen Xiang said as he frowned.

"Here is an ancient Transmission array, sent here by the Spirit of Divine Alter after they opened a Transmission array. He said that he can send me to some World Defying Stage Soul River, but for safety's sake, he only sent me here because I am a dragon with a powerful body." Long Xueyi stuck out his tongue: "It's just that I didn't expect to come to such a desolate place. Moreover, there are powerful beasts everywhere, so I didn't dare to wander around, and could only stay here."

"Spirit of Divine Alter! How did you meet this guy? " Chen Xiang asked curiously.

"It's Chen Cai ... After that, we can enter the Divine Soil Restricted Area. After that, with the help of the Spirit of Divine Alter, we can set up some Time Formation s or something similar to it, and we can accelerate our cultivation. In this way, we can withstand the attacks of the Super Yang Divine Race. "

There was a powerful force in the Dan God Mysterious Land, Chen Cai knew that so he discussed with the Spirit of Divine Alter to make it stronger. In other words, the Divine Soil Restricted Area was an invincible existence in the Heaven Old Super Realm, especially for that large group of dragons.

Long Xueyi was only at the Peak of World Defying crazy realm now, so it was pretty good for her to be able to train herself to such a level in the Divine Soil Restricted Area!

"Then... Can you go back?" Chen Xiang asked.

"Of course you can, but you can only open it once every once in awhile because activating the Transmission array requires a Crystal emperor. Since I don't have any here, I can only open it from there. The Crystal emperor were created by Xianxian and Meng Er." Long Xueyi said.

Song Tianchuan and the others were stunned. To open the Transmission array, one had to use a precious thing like a Crystal emperor, and Crystal emperor could actually be refined. According to the name, it was even refined by two women, this was ... This was too heaven-defying.

As they chatted, the island suddenly trembled, followed by a whistling sound.

"Aiya, Xue Ying is here!" Long Xueyi laughed tenderly: "Maybe only us Divine Beasts can resist the power of the teleportation, so we brought her over."

Xue Ying, she is really Phoenix Princess, and also Chen Xiang's woman!

### [Chapter 3352](#)

Everyone hurriedly looked towards the direction that Long Xueyi had run towards, only to see that a fiery light had spouted out from there and a beautiful, fiery divine bird had flown out. This divine and beautiful fiery divine bird had left Du Rouke and the others dumbstruck.

Even though Long Zhiyu was an old dragon, she was still shocked. She couldn't understand, what kind of place was this, for so many World Defying beast to appear!

"Divine Phoenix, this is a void!" Long Zhiyu exclaimed.

A holy light flashed from Phoenix's body and fell to the ground, turning into a beautiful woman wearing a pure white dress.

"Xue Ying!" Chen Xiang walked over and shouted.

"Why are you here!" Xue Ying originally thought that they would be teleported to this place to search for the legendary Tao-creation's Holy stone, but she unexpectedly met Chen Xiang.

The Old Man Qin said smilingly: "This brat is really amazing. He knows both the dragon girl and phoenix girl, and their relationship is not ordinary either."

Chen Xiang told Xue Ying everything that had happened here in a simple manner, allowing her to understand what had happened.

"It seems like we don't have enough strength to walk around here." After Xue Ying heard this, he sighed, she and Long Xueyi only had the Peak of World Defying crazy realm.

But from the looks of it, they at least had the strength of a Aoshi Holy Stage.

After Xue Ying got to know everyone, and chatted for a while, Long Zhiyu could tell that Chen Xiang and the two girls had private things to say, so he gave them a eye signal. They understood very well.

Song Tianchuan and the others pretended to rest and walked to a small hut by the lake, while Long Zhiyu stayed at another place.

"Come on, let's talk in the room." Chen Xiang said while laughing, causing Long Xueyi and Xue Ying's jade face to turn red.

After entering the room, they, who had not seen each other for so many years, could not help but be intimate with each other to vent the pain and longing they had for so many years ...

... ..

"Right now, everyone can enter the World Defying crazy realm, but it will become difficult if we wait any longer. You are currently in the Aoshi Holy Stage, how did you manage to break through?" Long Xueyi snuggled up to Chen Xiang.

Xue Ying also leaned on Chen Xiang's shoulder, and said: "Big Sis Feng and the rest can refine such a powerful thing like Pill Spirit. Little Scoundrel, can you refine a Pill Spirit?"

"Of course you can. Where are my two elixirs?" Little Naughty Dragon should have met him in You Yao Mountain Villa. " Chen Xiang said.

"Ah? Are those two little girls?" Long Xueyi had seen Jiang Lisi and Jiang Sihua before.

"But... "You're a man, your pill spirit should also be a man." Xue Ying said. She was a phoenix and was able to release flames.

Chen Xiang told Xue Ying about his pill spirit. When Xue Ying heard about it, he was shocked.

"That's right, who can refine a pill now?" Chen Xiang asked.

"Even the beautiful Alchemists in the Incense Pill Pavilion are able to refine it. They are very powerful, and they all help each other to refine it." Long Xueyi said.

"They're unable to concoct any pills that would allow someone to enter the Aoshi Holy Stage, right?" Chen Xiang said.

"Hm!" They wanted to ask you, but they just didn't know where you were. " Long Xueyi scoffed, "You dead man, don't bother with us, the sisters of Hundreds of Flowers Village missed you."

"Is that so? I miss them a lot too! " Chen Xiang laughed sinisterly.

"Then why aren't you going back?" Xue Ying also complained, "Go back and visit us from time to time!"

Chen Xiang said: "You can't help it! Since I've come to this place, it will be difficult for me to stay here. If I don't come out, I won't have the face to go back. "

"Oh, that's right. Which one of you is going to go back? When the time comes, bring some pills for Sister Feng to give her to eat. After her pill spirit eats it, it will evolve. When that time comes, give the other pills to eat, allowing the other pills to evolve as well."

Chen Xiang asked the two Young girl Danling to start refining the Aohun holy Dan, then he told Long Xueyi and Xue Ying about the Aohun holy Dan.

Chen Xiang indeed had this pill, which made the two girls extremely happy.

"How about I go back with you guys?" Chen Xiang said. He also wanted to go to Hundreds of Flowers Village to enjoy life for a while since there were many beauties waiting for him to love them.

"This won't do, you are already a Aoshi Holy Stage, if you were to use that Transmission array, it would be extremely dangerous! That Transmission array is still not perfect enough to allow someone like you to teleport. Even for us, it would be extremely difficult." Long Xueyi said: "When Xianxian and the others have perfected the Transmission array, I will bring them here to play."

"Okay, so who's going back?" Chen Xiang asked.

"I'll head back. Before I came, I had already made an agreement with them that the Transmission array would open at that time and teleport one of Xueyi and I back." Xue Ying said: "Xueyi is a bit stronger, it would be better if she stayed by your side."

"Then will you still come?" Chen Xiang might not necessarily be Xue Ying.

Xue Ying kissed Chen Xiang's lips and smiled sweetly: "Don't worry, I'll definitely come in the future, my little lover."

Xue Ying put on his clothes, got off the bed and said: "There will probably be more people coming over, you guys seem to be in trouble, why don't we send some more powerful people over, how about it?"

"Send Senior Jiu Xiao and Elder Sister Xiao Ling over." Chen Xiang thought about it and said.

"Alright!"

Chen Xiang activated Time Domain, allowing the Young girl Danling to condense more Aohun holy Dan even faster so that Xue Ying could bring them back.

In just a few hours, Chen Xiang had condensed more than two hundred Aohun holy Dan.

"I will wait here for Senior Jiu Xiao and Elder Sister Xiao Ling to come." Chen Xiang laughed.

"The next time you see me, I will be Aoshi Holy Stage." Xue Ying smiled tenderly at Chen Xiang: "You better take good care of yourself, don't do something that's too risky."

Chen Xiang escorted her to the ancient Transmission array. When the Transmission array sensed that someone had come up, it immediately activated.

Long Zhiyu walked over and asked: "Did the Little Phoenix go back?"

"Hm!" "Go back and get reinforcements. When the time comes, we can discuss and see if we can be beaten away by the eight old fellows outside." Long Xueyi laughed, "Grandma Long, you are really strong. You are at the peak of Aoshi Holy Stage, right?"

"Of course not, I'm only at the late stage of Aoshi Holy Stage." Long Zhiyu sighed.

The late stage of Aoshi Holy Stage was not weak, being able to fight against eight strong clan experts.

If Long Xueyi also stepped into the Aoshi Holy Stage, he would not be weak either, his strength could be comparable to a middle stage Aoshi Holy Stage, or even a late stage Aoshi Holy Stage!

Song Tianchuan said, "Those old fellows from the Soul River Divine Race s are all peak late stage Aoshi Holy Stage s. They are just a step away from the peak of the Aoshi Holy Stage.

Du Rouke said: "If we want to leave from here, it might be difficult, but luckily it's not bad here, and cultivating for many years here won't be a problem."

Chen Xiang wanted to help Long Xueyi get to Aoshi Holy Stage, this was not a problem for him.

### [Chapter 3353](#)

Inside the Time Domain, Long Xueyi was eating Aohun holy Dan and cultivating at the same time. She had been stuck in the Peak of World Defying crazy realm for a while. But now that he had eaten the Aohun holy Dan, he could feel that the World Defying Stage Fierce Soul was quickly improving.

It had only been a few days since Chen Xiang first stepped into the Aoshi Holy Stage.

"Haha, This Dragon has finally entered the Aoshi Holy Stage. Those old bastards outside, I want to go out and kill them all." Long Xueyi laughed complacently in the You Yao Mountain Villa.

"No, your current strength is not enough. Unless a chaotic battle occurs outside, you will have the chance to launch a sneak attack and win." Chen Xiang said.

He had brought Long Jiuxiao and Du Xiaoling here to see what their views were on this. Long Jiuxiao had a powerful dragon race behind him, if he were to improve them, then his strength would be extraordinary.

He had three Poison monkey s in his hands. Although the Poison monkey's poison was strong, it lacked something, so the poison's spreading rate was a little slow. He wanted to see if Du Xiaoling had any ways to increase the Poison monkey's poison powers.

After a few days, the ancient Transmission array suddenly trembled, and following that, two figures appeared. They were Du Xiaoling and Long Jiuxiao.

"Senior Jiu Xiao, Elder Sister Xiao Ling." Seeing them, Chen Xiang smiled and walked over to greet them.

When Long Jiuxiao heard about the situation here, he came over wearing his armor. He looked mighty and domineering, with a very strong aura.

Du Xiaoling, on the other hand, was wearing a light blue long skirt. Being a delicate Xiao Linglong, she gave off a peerless feeling, soft and beautiful, but she was actually a very strong poison user.

When Long Zhiyu saw Long Jiuxiao, he was very sure that this was another dragon.

Long Jiuxiao had already heard from Xue Ying that there was a granny Long here, so when he saw Long Zhiyu, he immediately bowed to her.

"Where the hell are you from? Are there a lot of dragons there? Above Myriad Tao, I think there's only one dragon." Long Zhiyu exclaimed. Although Long Jiuxiao was only at the peak of Aoshi Holy Stage, his strength was already at the peak of Aoshi Holy Stage.

"We come from a world under the Myriad Tao. There are fewer dragons there compared to humans." Long Jiuxiao chuckled, "However, it's all thanks to this kid that we were able to gather together in such a large group. It will be a safe development."

"So that's how it is. It seems like the dragons there have been well-protected. This way, I can relax and hope that they can come back in the future." Long Zhiyu revealed a pleased smile: "Oh right, how many are there?"

"Um... About a hundred thousand." Long Jiuxiao said.

When Song Tianchuan and the others heard it, they nearly went limp on the ground. A hundred thousand dragons, even if their cultivation were low, just thinking about it was enough to shock them.

After the Long Zhiyu born in the Myriad Tao heard this, he was also quite shocked. If these hundred thousand dragons could develop, and all of them could smoothly step into the Aoshi Holy Stage, then he would definitely be able to dominate the entire Myriad Tao. This was truly an extremely terrifying power.

"Senior Jiu Xiao, I believe you should already know about the danger we face." Chen Xiang told Long Jiuxiao about this matter.

"I already know. I've thought of a plan." Long Jiuxiao chuckled, then took out a small pagoda.

"What is this?" After Long Xueyi saw it, he wanted to rush over to take a look, but he was stopped by Long Jiuxiao who removed her hand.

"This is called the Nine Heavens Dragon Battle Tower." Long Jiuxiao smiled mysteriously: "This tower was created by me and the Spirit of Divine Alter jointly.

"What's the use?" Long Xueyi asked curiously.

Long Zhiyu, Song Tianchuan and the others also came over to see what use the Nine Nether Dragon Battle Tower had. They wanted to see if they could beat the eight powerful elders outside.

Everyone had their attention focused on the tower, but Chen Xiang walked to Du Xiaoling's side and held her delicate hand, talking to her via sound transmission.

"The Nine Heavens Dragon Battle Tower can hold a hundred Dragon Warriors. I've brought all of them here, and they are all proud dragons. They are about the same as me, just a little bit away from entering Aoshi Holy Stage."

Long Jiuxiao said: "What kind of Aohun holy Dan does Chen Xiang has? I feel that as long as we can eat some, we should be able to step into the Aoshi Holy Stage!"

Even though the dragon of the White Striped Aoshi Holy Stage was only at the early stage, it was still very frightening. With Long Zhiyu's power, it shouldn't be a problem for him to deal with the eight elders outside.

Long Jiuxiao was also a Master Refiner, he had heard from the Spirit of Divine Alter that there was an extremely powerful Tao-creation Holy stone above the World Defying Stage Soul River, much more powerful than the Crystal emperor, so he wanted to look around from above, but from Xue Ying, he knew that the World Defying Stage Soul River above was not simple.

"Alright!" Chen Xiang knew that he had a difficult task and nodded, "I will provide you with enough Aohun holy Dan."

Long Jiuxiao was someone close to the Aoshi Holy Stage, and he did not need many Aohun holy Dan, including the Dragon Warriors he brought.

Chen Xiang used the Time Domain, allowing the Young girl Danling inside the You Yao Mountain Villa to begin refining the Aohun holy Dan.

"Senior Jiu Xiao, I think you should learn something from Uncle Song. They are experts at hunting beasts here." Chen Xiang suddenly said.

"Is that so? Good! I'll have the soldiers come out. "

Then, Long Jiuxiao released a hundred Dragon Warriors. They were all in human form, if they all became dragons, then it would be very lively.

Song Tianchuan was also very willing to explain some of the things that Aoshi Holy Stage needed to pay attention to, such as fighting and teamwork. Long Zhiyu added on at the side, while Long Xueyi listened on the side with interest, because she was also going to fight.

Chen Xiang then brought Du Xiaoling to a quiet place on the shore and called out the three Poison monkey.

"Very strong poison, but it seems to have some flaws." Du Xiaoling was indeed born to be a poisonous woman, she could immediately tell the difference when she smelled something good.

"Elder Sister Xiao Ling, Ziqian and Qinlian are still alright, right?" Chen Xiang asked.

"Of course!" Du Xiaoling rolled his eyes at Chen Xiang, who had killed her two disciples in her little house.

Du Xiaoling played with the Poison monkey, and at the same time, took out a little bit of the black venom from its claws.

The Poison monkey's claws could spew out black venom. Once the claws pierced the prey's body, a small hole would spew out venom at a crazy rate, infusing the venom into the prey's body.

"Elder Sister Xiao Ling, the Poison monkey's poison is strong enough, but the poison's effects seem to be slow, and sometimes the poison's effects aren't stable enough." Chen Xiang said. Three Poison monkey s had attacked Tiger King before, but Tiger King fell after a long while.

Chen Xiang told Du Xiaoling the story of how he obtained the Poison monkey.

"Tiger King should be much stronger than these three little monkeys, but he was poisoned in the end. This is pretty good." Du Xiaoling said, "Let me try to see if I can make their poison stronger."

Du Xiaoling had also collected some Poison monkey's venom. Other than that, Chen Xiang had also collected some of the venom he had acquired over the years and shared them with Du Xiaoling.

#### [Chapter 3354](#)

When Du Xiaoling entered the You Yao Mountain Villa, she needed a quiet and stable place to refine her kind of strange poison.

Chen Xiang was in a secret room, refining Aohun holy Dan while allowing Young girl Danling to condense at the same time. This way, he could obtain more Aohun holy Dan even faster. "..."

Long Jiuxiao and the hundred Dragon Warriors would need around a thousand Aohun holy Dan. Each of them only needed ten of them to step into the Aoshi Holy Stage.

Chen Xiang and the two Young girl Danling were able to produce five Aohun holy Dan a day, which would take them over two hundred days to gather enough. If Chen Xiang were to use the first stage of Time Domain, he would only need to wait outside for around seven to eight days.

Seven to eight days passed in the blink of an eye. Long Jiuxiao and the hundred strong Dragon Warriors had already understood a lot about the affairs of the World Defying Stage Soul River, and knew a lot about the battles of the Aoshi Holy Stage.

This was all taught to them by Song Tianchuan, and Song Tianchuan and the others had even fought with a few dragon warriors, allowing them to understand the strength of the Aoshi Holy Stage Warriors in advance.

Chen Xiang came out of the secret room and handed over a thousand Aohun holy Dan to Long Jiuxiao, telling him to give the pills to the dragon warriors.

After the hundred dragon warriors obtained the Aohun holy Dan, they entered the Nine Clouds Dragon Battle Tower to eat and refine.

"I only ate ten pills. I don't need much time to refine them." Chen Xiang said: "We just need to wait patiently and they will succeed."

Long Zhiyu was only really looking forward to the Hundred Dragon Arena scene, which was exactly the same for Song Tianchuan and the others!

Chen Xiang once again entered the secret room, because Du Xiaoling had made progress.

"Alright, I let these three little monkeys learn some methods, and also successfully increase their own poison's potency, allowing them to use quite a few poisons." Du Xiaoling laughed and said, "These three little fellows are very smart. They understand once you learn it."

"They added a few other poisons. How's the potency? Your poison is being used in the Divine Wasteland, can it still be used in the Myriad Tao?" Chen Xiang asked.

"Right now, there are four types of poison in their bodies. One is their own, and the other three are Drunk god magical poisons, Wangwo scent s, and Magical corruption gas s." Du Xiaoling looked at Chen Xiang, whose face was filled with astonishment, and laughed: "Do you feel that it's very familiar? Have you not used it in a long time?"

Drunk god magical poisons and Magical corruption gas s were the strange poisons that killed many people back then. However, because the people he encountered became stronger and stronger, he was gradually unable to keep up with the poisons. If he wanted to increase the strength of the poisons, he would need a lot of energy to research and refine them.

"Elder Sister Xiao Ling, is this poison really effective?" Chen Xiang was still a little doubtful: "Back then, it was very powerful, but if I get hold of this place, I won't be sure."

"I have researched and improved this poison for many years!" Du Xiaoling pouted. "Could it be that you don't trust them?"

"Of course, I trust you. But I'm more curious, how did you improve it?" Chen Xiang immediately said, worried that Du Xiaoling would be angry.

"Isn't it just refining the pill the same as you refining it?" Du Xiaoling said, "The poison in these three little monkeys have a very special and powerful energy. It's the ability to increase the power of the poison and to duplicate many different types of poison!"

Du Xiaoling touched one of the Poison monkey and said, "The three poisons that I gave them have all been replicated in the poison sac. Furthermore, the poison in their poison sac is comparable to Cui Qiang's three kinds of poison, and as long as they can raise their strength in the future, the poison will become very strong."

"Alright, then will I be poisoned? Magical corruption gas and Drunk god magical poison would not be affected, but Wangwo scent is hard to say." Chen Xiang had been destroyed by Wangwo poison before.

"Don't you have your own antidote pill?" Du Xiaoling said: "You can just refine the Antidote Pill according to the standards, you don't need me to teach you that right?"

"Thank you, Elder Sister Xiao Ling!" Chen Xiang smiled and nodded.

"There's no need to be courteous, I extracted that kind of strange poison from the poison sac of a little monkey. This will save me a lot of time when refining the poison in the future. It's also a great harvest for me." Du Xiaoling said.

Du Xiaoling also knew about Heavenly Alchemy. She knew both the derivative method and the Crash method, and for many years, she had always used this method to refine all kinds of poisons. She was

very adept at refining poisons, so she was always able to ensure that the poison energy she frequently used was always in a very strong state.

Du Xiaoling would often provide all kinds of useful poisons to the warriors in the Hundreds of Flowers Village, allowing them to quickly end the battle when they went out to fight.

"I knew that when you, Elder Sister Xiao Ling, came here, you would definitely not disappoint me." Chen Xiang laughed, and sent Du Xiaoling to the Transmission array.

Du Xiaoling still had to return to the Divine Soil Restricted Area, she did not plan to wander around, and she was not the type of person who liked to wander around, she liked to be calm and peaceful.

"Be nice to the little monkeys, don't hurt them." Du Xiaoling said as he stood on top of the Transmission array.

"I know, goodbye!" Before Chen Xiang activated the Transmission array, he fiercely kissed Du Xiaoling's charming lips. Before Du Xiaoling could even curse at her, he was teleported away.

"You little scoundrel, you're not afraid of death, you dare to kiss Elder Sister Xiao Ling, she's a poisonous woman." Long Xueyi chuckled: "Aren't you afraid of being poisoned or something?"

"What's there to be afraid of?" Although this was what Chen Xiang said, he was still a bit nervous in his heart. He had long experienced the brilliance of Du Xiaoling's poison arts.

Long Xueyi was very lively in the You Yao Mountain Villa. He would play with Feng Ke'er all day long, and he even had a partner now.

"Chen Xiang, I remember you still have a few rats outside. Can you take a look at the situation outside?" Du Rouke asked: "I wonder if those eight old fellows are still outside."

"I'll see if I can establish a connection with those rats." Chen Xiang tried it and quickly established a little connection with the Heaven devouring rat. He could only occasionally see the situation outside.

"I found something!" Chen Xiang said.

Song Tianchuan and the others immediately surrounded them.

"So many people! How did they find this place?" Chen Xiang was shocked: "I saw that there are a lot of people at the top of the mountains."

Du Rouke laughed: "They are all here for Grandma Long!"

Long Zhiyu also laughed: "They like dragons so much. At that time, let them see enough!"

Chen Xiang was only slightly curious as to how these people managed to find their way here. He suspected that the Fierce Saber Race and the Soul River Divine Race had deliberately spread the news to get them to come here.

A few days passed, and Long Jiuxiao walked out of the secret room. Seeing his happy expression, Long Jiuxiao knew that he had successfully stepped into the Aoshi Holy Stage.

"Senior Jiu Xiao, can you still go back to the Divine Soil Restricted Area?" Chen Xiang asked. Previously, Long Xueyi had said that after entering the Aoshi Holy Stage, one would not be able to go back after entering the Ancient Transmission array.

### [Chapter 3355](#)

Long Jiuxiao had already made his plans, and said: "I'm not going back, just stay here and search for the Tao-creation's Holy stone! Transmission array will send someone to contact me at regular times. If I find the Tao-creation Holy stone or other resources, I will send them back from here. "

The Milky Way Mountain Range was a place where a large number of Fury beast gathered. A strong Fury beast was also a type of resource.

"Where are the dragon warriors? Have they all broken through? " Long Xueyi came out from You Yao Mountain Villa and asked.

Long Zhiyu was also more concerned about this issue, she really wanted to go out and take a stroll. She had been in the World Defying Stage Soul River for a long time and had not seen the place before, but she was trapped here.

"They should be able to break through in the next two days." Long Jiuxiao said: "When the time comes, we will fight with all our might!"

Song Tianchuan said: "There are a lot of people outside, these guys are here to hunt dragons, and at that time, there might be a lot of people from the Fierce Saber Race and the Fierce Saber Race. If they are participating in the battle, we don't need to hold back, we can kill them all."

Those who were able to come here were all quite strong, and they had to pay a great price to be able to come here. If something were to happen here, the power backing them would surely be pained to death.

"Good!" There aren't many people in the World Defying Stage Soul River, are there? In the future, there will be more and more dragons from the Divine Soil Restricted Area. Long Jiuxiao said.

Right now, they were only lacking in experts who were at the peak of Aoshi Holy Stage. With this kind of expert protecting them, they could not be afraid of anything.

Previously, Chen Xiang had obtained a Tao-creation Holy stone, but now, he had already obtained its acknowledgement. He wanted to quickly refine this Tao-creation Holy stone into his Heavenly magic sword.

If he succeeded, his Heavenly magic sword would become very strong, and that was a divine tool that only the older generation of late stage Aoshi Holy Stage s could own.

"I wonder when Master will be able to come out!" Chen Xiang planned to let Long Jiuxiao refine it, but Long Jiuxiao had just stepped into Aoshi Holy Stage. Although he knew about the Tao-creation Holy stone, he was not familiar with refining.

No matter what, Lei Yichen had helped him refine Six Realms mirrors before, and had even perfectly fused the ancient bronze gong with his Six Realms mirrors!

Furthermore, Chen Xiang had a handful of Blood fire sword in his hands. He snatched this from the Ancient Fire Divine Sect s, but joined them.

Just like that, he was sealed in the You Yao Mountain Villa by Feng Ke'er. He felt that only Lei Yichen could melt his Blood fire sword.

After the Blood fire sword melted, the materials obtained would be equivalent to that of the Tao-creation's Holy stone!

Two days later, all one hundred Dragon Warriors entered the Aoshi Holy Stage. Now, they were Holy Dragon Warriors, all of them extremely powerful.

Long Zhiyu was also very excited, and said: "I'll go out first, after I fight with them, it's your turn to fight. At that time, if there are any other little ants making a move, we'll directly exterminate them."

They were all waiting, because on the island in the middle of the lake, there was a World Defying holy dragon. If they could wait for the World Defying holy dragon to come out, they might be able to get something. They thought that even if they could get a few Dragon Blood, it would be worth it.

Long Zhiyu controlled the stone bridge below the lake to float upwards, and then, she walked atop the stone bridge. As she walked, she opened the barrier enchantment around the lake.

The moment the enchantment was opened, a commotion broke out.

"There's movement! The World Defying holy dragon is coming out! Everyone, get ready to fight!"

"Haha, my luck is really good. Not long after, the World Defying holy dragon appeared. This time, I can at least get something back."

"Bastard, get ready!"

Just as everyone was about to make a move, they saw a white-haired old woman walk out. They were immediately stunned.

Everyone thought that the World Defying holy dragon was huge, and its entire body was wreathed in flames. They did not expect it to be an old granny!

The eight elders that had been waiting here all took action. Only they knew that after the World Defying holy dragon took human form, it would be this old woman.

Everyone was very disappointed, because they thought that the World Defying holy dragon's body was very big, and that if they randomly hit it, it would hit the World Defying holy dragon's huge body, and could even hit a dragon's scale or something.

But now, there was only an old woman, and she was being beaten up by eight old men. They didn't even have the chance to get involved.

Long Zhiyu looked at the people around him, and when he heard their complaints, he laughed coldly in his heart, these people were really here for him, to make a move on him.

Long Jiuxiao roared, causing the other World Defying holy dragon to immediately roar.

Seeing that Chen Xiang's Six Realms mirrors had already rushed to the top of the mountain and was chasing after the fleeing people, they started the battle with ease.

They split into eight groups, and started to focus on dealing with the eight elderly men, leaving behind more than ten dragons to chase after the people who were attacking Long Zhiyu.

After the Six Realms mirrors flew to the top of the mountain, he summoned Song Tianchuan and the others out. At this time, Long Xueyi also joined the battle.

Song Tianchuan and the others had been oppressed by the Fierce Saber Race and Soul River Divine Race for many years.

"Kill all the dogs of Fierce Saber Race and myself." Chen Xiang roared and released the three Poison monkey s.

Long Xueyi summoned the two white swords. Following Chen Xiang's instructions, she distinguished the auras of the Fierce Saber Race and himself, then flew over and waved the swords to kill.

There were hundreds of them, which was more than half of their power within the Soul River Divine Race. They were all at the early and middle stages of Aoshi Holy Stage.

On the other hand, the people of Fierce Saber Race and the Soul River Divine Race were reluctant to leave, because they too wanted to kill a dragon. Although they did not understand why so many dragons suddenly appeared, they could see that the majority of the dragons were fighting the eight old men, and only a few dozen dragons were rushing over.

"Don't be afraid of these ten dragons. There are hundreds of us, so we will definitely be able to easily kill them." He was from the middle stage of Aoshi Holy Stage, near the late stage, and was one of the stronger ones among the group. He was from Fierce Saber Race, and his arm had already transformed into a strange blade with an exaggerated shape.

However, just as he finished speaking, the Poison monkey who had been invisible all this while flew past him and gently scratched his old face.

Black poisonous blood immediately flowed out from the scratch!

"I've been poisoned!" The old man shouted in shock, while Long Xueyi rushed forward and with a wave of his two swords, he cut him in half.

The old man, who was full of confidence just a moment ago, was actually cut into several pieces by a very cute girl with two swords. The people of Fierce Saber Race and the Soul River Divine Race were both dumbstruck.

"You ... Who are you? Why did you want to kill the people of our Fierce Saber Race? " A middle-aged man asked angrily. Just as he finished asking, he felt a light breeze blow past his cheek, making scratch marks appear on his cheek. A Poison monkey just now had quickly swept over from his cheek.

After the Poison monkey succeeded, the poison in the middle aged man's body quickly spread, making it hard for him to gather his strength in a moment, while Long Xueyi's swords had already arrived, with a few quick and ruthless moves, they sliced him into several pieces.

"Who am I? I'll let you all know who I am now!" Long Xueyi said with a cold face. A white light flashed on her delicate body, and in an instant, she turned into a gigantic and beautiful white dragon.

In that dragon just now, there were all kinds of colors. It was just that there was no white color. It could be seen that the white dragon was very rare!

As everyone looked at Bai Long in astonishment, the other dozen or so dragons had already arrived. They turned into half human and half dragon, charging into the crowd and starting a massacre.

Long Xueyi had also turned into her human form, because there were too many enemies. If her body was too big, she would suffer a loss.

These Holy Dragon Warriors were very powerful. Their bodies were half human, half dragon, and they were covered in dragon scales. Their hands turned into dragon claws, and they were extremely powerful divine weapons. The weaker ones were easily torn apart by them.

The people of the Fierce Saber Race and the Soul River Divine Race had never thought that there would actually be a race stronger than them in this world, and that was the dragon race!

Song Tianchuan and the others were also dumbstruck. They knew that these Holy Dragon Warriors had only just stepped into the Aoshi Holy Stage, but their power was so terrifying, the early stage of Aoshi Holy Stage was like a rag in the eyes of the Holy Dragon Warriors, being easily ripped apart by the dragon claws.

When the divine weapons hit the dragon scales of the Holy Dragon Warriors, they would only emit tinkling sounds, unable to break through the defense of the dragon scales.

"I'm dead, kill all of you!" Chen Xiang sent a sound transmission to Song Tianchuan and the others. He had two Poison monkey cooperate with Song Tianchuan and weaken the strength of the two.

As long as Song Tianchuan and the other three saw the scratches on their faces, they would immediately rush over and easily kill them.

Chen Xiang did not have the cooperation of Poison monkey, but he had Six Realms mirrors and Heavenly magic sword. When he threw the Six Realms mirrors out, no matter how strong the person's body was, as long as they were hit by the Six Realms mirrors, they would immediately disintegrate.

Six Realms mirrors's internal organs already contained an extremely strong power, and it was even refined from a small number of Tao-creation Holy stone and a large number of Crystal emperor.

Those people at the foot of the mountain who were not Fierce Saber Race s or Soul River Divine Race s, looked at the hundreds of Fierce Saber Race s and Soul River Divine Race s on the mountain being slaughtered by more than a dozen dragons and were extremely shocked in their hearts!

Fierce Saber Race and Soul River Divine Race were normally as arrogant as they could be, they were one of the strongest races in the World Defying Stage Soul River, but now they were being massacred by people, and by dozens of dragons at that!

"This place is yours!" Seeing that there were fewer and fewer Fierce Saber Race s, Chen Xiang shouted at Song Tianchuan and the others before rushing to another battlefield.

Eight elders were fighting fiercely with the Holy Dragon Warriors led by Long Jiuxiao. When Chen Xiang arrived, he saw that more than thirty dragons were already riddled with scars.

Fierce Saber Race and Soul River Divine Race, these old fellows who were at the peak of the later stages of the Aoshi Holy Stage, were powerful after all.

The dragons in the sky released waves of domineering power to suppress the eight old men. The eight old men gathered together and released a protective barrier, blocking the combined attacks of the dragons in the air and occasionally using their divine weapons to launch fierce attacks. Just like that, the Saint Dragon Warriors were injured.

"Xiao Ke'er, create the strongest killing array from the Six Realms mirrors. It would be best if it can only be activated by absorbing the power of a group of dragons." Chen Xiang said to Feng Ke'er.

"No problem!" Feng Ke'er quickly found a killing array. "You can begin! The Berserk Dragon's Terminator Array! "

Chen Xiang controlled the Six Realms mirrors to grow a little bigger, and then he faced the eight elders with the reflection of the Six Realms mirrors. Of course, when the eight elders saw this, he disapproved.

"Pour your power into the Six Realms mirrors!" Chen Xiang whispered to Long Jiuxiao and Long Zhiyu.

"Is that a problem?" Long Jiuxiao was a little worried, because they were very strong in terms of strength. He felt that the Six Realms mirrors might not be able to hold on, even though the Six Realms mirrors seemed to have changed its appearance.

"No problem, come at me!" Chen Xiang shouted, "Hurry!"

### [Chapter 3357](#)

Long Jiuxiao and Long Zhiyu could only trust Chen Xiang now. They also knew that Chen Xiang's Six Realms mirrors was extremely mysterious, able to display all kinds of abilities.

"Attack Chen Xiang's Six Realms mirrors. Long Jiuxiao sent a sound transmission to the Holy Dragon Warriors.

"One, two, three ..." Long Jiuxiao roared, and the group of dragons in the sky all spat out extremely strong energy beams from their mouths, and all of them struck Chen Xiang's Six Realms mirrors.

After the Six Realms mirrors received the vast Dragon Power, it immediately activated the killing array inside, aimed straight at the eight elderly people on the ground and released a colorful light beam, which struck the protective barrier released by the eight elderly people!

The killing array released a beam of light that contained a strong power. After it shot out, it burst out with light like a tidal wave, engulfing the entire valley. The mysterious lake was already enveloped by the strong mist.

The surrounding mountains were shaking as well, releasing all the power they could muster. With the area as the center, everything within ten thousand kilometers began to tremble violently. The birds and beasts were scared to the point of flying away.

They looked at the giant dragons in the sky that covered the sky, and their hearts were filled with reverence. Their previous thought of taking advantage of the dragon had disappeared, but they did not dare to do so again, otherwise, the consequences would be very serious. If a powerful race like the Fierce Saber Race or the Soul River Divine Race were killed, it would be even worse than killing small fry like them.

On the other side of the mountain was the battle between experts. The spectators couldn't see it, they only knew that the dragons in the sky were constantly attacking the eight old men.

The eight elders had seen Chen Xiang earlier, but they did not think much of it, because they could determine that it was a human, so they did not put it to heart. However, when they saw the group of dragons attack the Six Realms mirrors that Chen Xiang had released, they knew that something was amiss.

By the time they saw that he was activating a killing array, it was already too late.

"That brat... "What is his background?" An old man laid on the ground. His body was only half left, and his head was bleeding profusely.

Earlier, they had seen how Long Zhiyu, the World Defying holy dragon, brought Chen Xiang into the lake. A few days later, a strong dragon appeared out of nowhere, leaving them unable to react in time.

The other elders' bodies were also in pieces. Although they were heavily injured, they were still alive. However, they looked even worse off than death.

Long Zhiyu turned back into his human form and descended from the sky. The other Holy Dragon Warriors also turned back into their human forms and returned to the center of the lake to heal their wounds.

On the other side of the mountain, hundreds of Fierce Saber Race s and Fierce Saber Race s had already been killed by Long Xueyi and dozens of dragons, as well as Song Tianchuan and the others.

"Fierce Saber Race, Soul River Divine Race, you were being arrogant before, what about now?" Long Zhiyu looked at their broken bodies and sneered.

"Sooner or later, we will kill all of you." They had already realized that above World Defying Stage Soul River, there was a clan. Although it was a small tribe, it was very scary.

On the World Defying Stage Soul River, their race had always been lawless and tyrannical, because they, these powerful races, had allied together. No one could resist them, but now, there was a race stronger than them, and also opposing them.

Even in the entire Myriad Tao, he would no longer be their ruler!

"You're still being stubborn!" Long Zhiyu released a burst of flames and burned these severely injured elders as he coldly said. "From now on, World Defying Stage Soul River will no longer be your ruler. Just you wait."

Before they died, those elders were being burned by the flames. They were in unbearable pain, and they let out vicious shouts and curses.

"If they had not been greedy and wanted to steal my things and enslave me, they would not have ended up like this. This is all their fault. Let's go." Long Zhiyu had a master, but that master was already dead.

Chen Xiang also knew that Long Zhiyu always hated Fierce Saber Race and Soul River Divine Race very much. Now, it seemed that her master's death was most likely related to these two tyrannical and unreasonable races.

Returning to the small island on the lake, Long Xueyi laughed charmingly: "This is great, hundreds of usually arrogant and domineering fellows were all blown away by our slaughter, scaring those who were spectating as if they had seen a ghost."

Long Zhiyu was currently in a great mood, because she would no longer be alone in the future. There was a large group of dragons with her!

In the past, she was always by herself, and moreover, she was always worried about being hunted. Alone, she had never dared to come into contact with anyone, so she had spent a very long period of time. It was only when she met Chen Xiang and saw him releasing the Red fire dragon that she felt a sense of familiarity.

But now, when she found out that Long Jiuxiao's Dragon Clan had over a hundred thousand dragons, she was very excited!

"Your dragon race is truly powerful. They don't need divine artifacts or divine armor, so they're very terrifying." Song Tianchuan gasped in admiration. During the battle just now, he had seen many Fierce Saber Race s and Soul River Divine Race being torn to shreds by the Warriors who had turned into human dragons.

"You can, too." Long Jiuxiao chuckled: "As long as you use a Dragon Blood's body transformation, you can also transform into a dragon ... We often do this in the Heavenly Dragon City, allowing many humans to possess the power of our dragon race, making them stronger. "

"Is this true?" The Old Man Qin was pleasantly surprised, the dragon's power was terrifying, if they could control it, they would become stronger.

"It must be true. We can start right now." Long Jiuxiao said: "I'm the most skilled in this aspect, let me help you guys."

Du Rouke and Yu Yilan looked at Chen Xiang, and Chen Xiang nodded at them: "Indeed you can. You guys believe in Senior Jiu Xiao, I have also tried this before, and it was extremely smooth. You just need to choose a pair of Dragon Blood with the same profound strength attribute."

"I am of the thunder attribute. I need the blood of the thunder dragon." Du Rouke said.

"Yes!" Long Jiuxiao laughed.

"Let me help you, I'm doing this too." Long Xueyi laughed. In Hundreds of Flowers Village, she had indeed helped some human girls to change their physiques and master the Dragon Blood.

Long Zhiyu said: "The enchantment here is very strong, and even if a strong expert at the peak of Aoshi Holy Stage comes here, it will be difficult to break it. All you need to do is to sense the World Defying Stage Fierce Soul here. By devouring the World Defying Stage Fierce Soul and refining its power, you will be able to become strong. "

"Grandma Long, what's on the other side of World Defying Stage Soul River?" Chen Xiang asked: "That river is extremely terrifying ... You can't swim there directly, you can only fly there. You can fly, have you ever tried it? "

### [Chapter 3358](#)

When Chen Xiang came to the World Defying Stage Soul River, he was by the river but he could not see the other side. Only when he met Song Tianchuan and the others later on did he know how terrifying the other side was, and at night, a large amount of World Defying Stage Fierce Soul would come out from the river to look for food.

"I don't know. That river is very strange and very difficult to fly across, especially in the middle of the river ..." That place is filled with darkness and it is also the place where a large amount of World Defying Stage Fierce Soul is the most active. Long Zhiyu said as he furrowed his brows, "Chen Xiang, it's best that you do not act rashly. That place is truly frightening."

Song Tianchuan and the others also warned Chen Xiang repeatedly. Right now, they knew that Chen Xiang was a very daring guy.

, Li Baojun and the other Alchemists are also becoming more and more powerful, I hope that when the time comes, their elixirs will be able to condense Aohun holy Dan. " Long Jiuxiao said: "We need to bring more Dragon Warriors here and increase our strength."

The small island was relatively small, but the lake was very large. It was large enough to expand the island. To these dragon elders, this was a piece of cake.

Song Tianchuan and the others were all immersed in the Dragon Blood, and Long Zhiyu had also joined in. She also wanted to try and see how the transformation worked, as she was in charge of Du Rouke and his group.

At night, Long Xueyi leaned into Chen Xiang's embrace and sat on the roof with him, staring at the few threads of light that floated in the pitch-black sky.

"That is the higher level World Defying Stage Soul River. They are really mysterious. I wonder how they are going to get up there." Long Xueyi blinked his eyes as he watched.

"You can fly. Try and see if you can fly up." Chen Xiang laughed and caressed Long Xueyi's hair, "I think it would be easier to check the other side of the river first."

"Yeah, I had the same idea." After Long Xueyi found out about what had happened on the other side of World Defying Stage Soul River, he was extremely curious. Back then, when she was together with Chen Xiang, she would often go out of her way with him to adventure, and when she thought back to this period of time, she was always very happy in her heart.

Chen Xiang kissed her lips and said softly: "Why don't we choose a time and try it out? Are you afraid? "

"I'm not afraid of anything when I'm with you, just leave." Long Xueyi laughed.

"Not yet!" Chen Xiang said: "Wait for the news from Heavenly Dragon City!"

Actually, after Chen Xiang planned to leave this place, he wanted to make a trip to the Ancient Fire Divine Sect as he looked for Lei Yichen.

Early morning on the second day, the Transmission array on the small island trembled, and three people were teleported over. Just as Chen Xiang and Long Xueyi arrived beside the Transmission array, they saw Gu Dongchen, Su Meiyao and Bai Youyou!

"Hello, Junior Martial Uncle!" Seeing Chen Xiang, Gu Dongchen immediately smiled and greeted: "You're getting stronger and stronger!"

But Chen Xiang ignored him, and looked at Su Meiyao and Bai Youyou while grinning.

Su Meiyao was wearing a light purple skin-tight clothes, making her curvaceous and curvaceous, making her look very seductive, and at the moment, she was giggling and looking at Chen Xiang with her seductive eyes. That kind of seductive charm caused Chen Xiang to be unable to control himself.

The white dress was like ice and snow, causing her to look even more breathtaking. Although she gave people a feeling of ice, when she looked at Chen Xiang, her ice-cold eyes carried a trace of gentleness.

Chen Xiang knew that when Bai Youyou was moved by her emotions, the charm that shot out from within her muscles and bones was simply fatal. He had already experienced it before, it was even more captivating than a beauty that was on the surface, like Su Meiyao that could captivate people's souls and eat their bones.

This kind of charm could only be enjoyed by him alone. Normally, Bai Youyou would hide it very mysteriously, and only when he had his beloved, clear and beautiful meeting, would it be hard to hide it.

Gu Dongchen curled his lips. He could not help but curse in his heart that this animal Chen Xiang had actually ignored him, and continued to look at those two beautiful girls of his.

"Little martial uncle, little martial uncle ..." "Cough, cough." Gu Dongchen realized that he really did not exist and coughed dryly.

"Got it, go away!" Chen Xiang finally shot a glance at him before she hurried forward and held onto Su Meiyao's and Bai Youyou's small hands.

Gu Dongchen silently sighed, while Long Xueyi giggled at the side.

"Junior Martial Nephew, why have you come as well?" Long Xueyi asked, because she was Chen Xiang's wife, her position was higher than Gu Dongchen's, so Gu Dongchen could do nothing about it, because Long Xueyi was even more unreasonable than Chen Xiang.

"Because the Transmission array does not need to be activated by Crystal emperor anymore!" Gu Dongchen said: "Since we can directly absorb the Heaven Old Super Realm's energy and store it for a period of time, then we can activate it once, and then when the two of them said that they wanted to see Chen Xiang, we came together."

"Right, where's Boss Ninehorn?" Gu Dongchen asked.

"He's refining a Draconian inside." Long Xueyi patted Gu Dongchen's shoulder, and said while laughing: "Junior Apprentice Nephew, now I am a Aoshi Holy Stage, and you are only a Peak of World Defying crazy realm, I feel that I can defeat you with a single punch."

"I know you are powerful, even if I were to enter the Aoshi Holy Stage now, you would still be able to defeat me." Gu Dongchen curled his lips, then entered the house to look for Long Jiuxiao.

Long Xueyi then skipped over to Su Meiyao's side.

"Sisters, you've come. Don't go back." Long Xueyi laughed, "Didn't we always be together in the past? Little Scoundrel is preparing to explore a place, let's go together. "

In the past, Su Meiyao and Bai Youyou had always been in the Serene Jade Ring, and Long Xueyi was also present. They had been together for such a long time that their relationship was the deepest.

They originally only wanted to see Chen Xiang, and coincidentally, had nothing to do. Now that Long Xueyi had said this, it also brought back their memories of the past.

"At that time, just let Junior Martial Nephew go back and inform us." Long Xueyi laughed tenderly: "Little Scoundrel, hurry up and let them step into the Aoshi Holy Stage, when that time comes, it'll be hard for them to return!"

Su Meiyao said: "My pill spirit has already evolved, and can form Aohun holy Dan, it's just that I haven't started to eat it myself."

Bai Youyou was not in a hurry to breakthrough, and asked some questions about the World Defying Stage Soul River.

Long Xueyi liked to say it the most, so Chen Xiang let her say what she wanted to say. She then told Bai Youyou about the great battle between the Dragon and Earth, and briefly explained the Fierce Saber Race and the Soul River Divine Race here.

Finally, she talked about the World Defying Stage Soul River's mysterious opposite bank.

"Chen Xiang, you have just entered the Aoshi Holy Stage, right?!" Bai Youyou said: "I think it's not too appropriate to go over now, why not wait till you reach the middle stage of Aoshi Holy Stage!"

Bai Youyou was still extremely cautious. She and Su Meiyao both knew that Chen Xiang and Long Xueyi liked to be reckless, so they had to follow Chen Xiang more now.

### [Chapter 3359](#)

But if it is possible, I will let you guys try and see if you can step into the middle stage of Aoshi Holy Stage! Because during this period of time, I have to go find someone. " Chen Xiang said, he was going to look for Lei Yichen.

For safety's sake, he planned to let Lei Yichen refine the Tao-creation Holy stone that he just approved of into either a Six Realms mirrors or a Heavenly magic sword.

"Alright, then let's start now." Su Meiyao nodded: "Let's enter the You Yao Mountain Villa to see just how many girls you have accepted in this period of time."

After Su Meiyao and Bai Youyou entered the You Yao Mountain Villa, they had only seen Jiang Sijing and Jiang Simei. This was something that they had already known since long ago, and it was to help Chen Xiang refine pills or take care of flowers. Then, it was Jiang Lisi and Jiang Sihua.

In order to improve their relationship, Su Meiyao released his pill spirit. She was also an extremely beautiful young lady, and actually had some similarities with Su Meiyao. She looked like a young lady, but she was extremely charming.

"What's the name of this pill spirit?" Chen Xiang asked curiously.

"Su Xiao Yao is my younger sister." Su Meiyao scoffed, "Don't have any ideas about her!"

Chen Xiang curled his lips, but did not say anything.

Su Meiyao and Bai Youyou never thought that Chen Xiang's You Yao Mountain Villa would have so few women, they thought that Chen Xiang would definitely stir up a lot of flowers and grass when he was outside for so many years, and he suddenly became so obedient.

Feng Ke'er also ran out, with more people, it became more lively, and she also had more playmates.

Chen Xiang came to the outside of a room and said to Long Zhiyu who was inside: "Grandma Long, I want to make a trip to Ancient Fire Divine Sect!"

"Oh? Why would they go to Ancient Fire Divine Sect? You caused so much trouble, yet you still dare to go there!" Long Zhiyu already knew what happened inside, even the Leader's Blood fire sword was in his hands.

The eight great elders of the Ancient Fire Divine Sect were very strong, their strength was not inferior to the eight old men that surrounded the place before. Furthermore, there were some fellows at the peak of the Aoshi Holy Stage hiding, such as Qin Shuang's grandmother and Lei Yichen's master Lei Bingyun.

"It's an important matter. My master might be restricted in there, and I need his help earlier." Chen Xiang said: "Grandma Long, do you remember the Tao-creation Holy stone I obtained? I have already acknowledged it, but I am unable to refine this kind of thing, so I need my master's help."

"Okay, but you have to be careful." Long Zhiyu said: "Qin Shuang has her grandmother's protection, she should be safer in Ancient Fire Divine Sect. You should try to contact your master through Qin Shuang, don't easily step into Ancient Fire Divine Sect."

"Alright, I'll go greet Senior Jiu Xiao!" Chen Xiang stood outside the door and said: "Yi Lan, Kou Rou, follow Granny Long and cultivate well. This is a rare opportunity, see you later."

"Take care!" Du Rouke and Yu Yilan said at the same time.

When Chen Xiang went to look for Long Jiuxiao, Song Tianchuan knew that he had to leave.

"Don't worry, I won't be reckless." Chen Xiang laughed.

"a lad, after you return, help me greet my old friends! Oh right, sister Meiyao and elder sister You You will not be going back. Chen Xiang said to Gu Dongchen.

"Alright, since the Heaven Old Super Realm and the Divine Wasteland are both under our control, everyone is working hard to improve them. It won't be long before they reach this place." Gu Dongchen said with ambition.

After saying his goodbyes, Chen Xiang left the island and opened the barrier.

The outside world was completely silent. No one dared to approach this place right now, not to mention the hidden dragons. Just the murderous aura left behind here alone was enough to scare away many people.

Chen Xiang entered the Six Realms mirrors, which rolled around and headed towards the place where he came from.

He remembered that when he came to the World Defying Stage Soul River, he had appeared by the river side. There, he hid a small Transmission array well, but he needed Crystal emperor s to open it.

"You need to consume so many Crystal emperor to get here, you can't afford it!" After Chen Xiang walked out of the Sky River Mountain Range, he changed his appearance and entered the small city. At this time, the small city had already exploded, and there were more and more people gathering.

When the World Defying Stage Soul River and the Fierce Saber Race found out about this, they were naturally very angry. They had suffered heavy losses, and the deaths of so many Aoshi Holy Stage s had shaken their very foundations.

The sudden appearance of so many dragons was incomprehensible to many people. It was as if that place was a dragon's nest, a huge pile suddenly appeared after Fierce Saber Race and the Soul River Divine Race went over to poke it.

Through asking around, Chen Xiang found out that there was a teleportation path that led to the Myriad Tao in a large city.

At this time, there were a few people who wanted to return to Myriad Tao. These were the people from various powers, and they had returned to inform Myriad Tao about the situation.

He would need Myriad Tao Divine Soil Crystals to go back, but Chen Xiang didn't have that many, so he could only use the old method of hiding himself first, then using the Time and space power to go through the barrier and become a small worm that hid in a person's bag.

There were already a lot of people here, so when they reached a certain number, they would open the teleportation gate.

Chen Xiang waited for two days before he had enough people. After the teleportation channel was opened, Chen Xiang successfully returned to the Myriad Tao.

"Heaven Fire City, hurry up and leave a secret note there."

Chen Xiang quickly rushed to the Heaven Fire City, and when he left a secret note there, he also heard about someone talking about the World Defying Stage Soul River. After all, the appearance of a hundred

dragons on the was an extremely terrifying thing, and they even killed a large number of experts from the Fierce Saber Race and the Fierce Saber Race, so no matter how he looked at it, he could tell how powerful the Hundred Dragon was.

After leaving those in mind, Chen Xiang went over to the familiar inn. He also noted that Qin Shuang would come to the inn to find him, and at that time, Qin Shuang would just need to ask the shopkeeper about his room.

"Alright, I'll use the Time Domain on you again!" The last time Chen Xiang was waiting for the teleportation gate, he had used it once, but only once. Because there was Su Meiyao and the three pellets inside, it took him a lot of energy and he was in a concealed state so he could not use his power to its peak.

Now, he could use the second stage of Time Domain.

After using it, there would be a day outside and thirty months inside. Chen Xiang didn't have to wait outside for long before they could eat a large number of Aohun holy Dan and step into the Aoshi Holy Stage.

A few days later, Su Meiyao and Bai Youyou successfully stepped into the Aoshi Holy Stage. This made Chen Xiang very happy, and made them hurriedly come out of the You Yao Mountain Villa.

Just as Chen Xiang was having fun, there was a sudden knock on the door. It was really Qin Shuang!

### [Chapter 3360](#)

"Little Scoundrel, who's here? "So nervous?" Su Meiyao lightly pinched Chen Xiang.

Chen Xiang tidied up his clothes and said: "Yes ... A friend is a long story, you guys should know about the Super Yang Old Ancestor, right? "

Su Meiyao and Bai Youyou had both stayed in the Divine Soil Restricted Area before, so they naturally knew about that lowly Spirit of Divine Alter.

The reason they were able to come here now was also because Super Yang Old Ancestor had left a Transmission array behind in the Divine Soil Restricted Area.

"Is this person outside related to the Super Yang Old Ancestor?" Su Meiyao hastily tidied up his clothes, the person who came was actually related to the Super Yang Old Ancestor, it had to be said that the Super Yang Old Ancestor was a very impressive person who refined weapons, it had already become a legend, Xue Xianxian and the other grandmasters who refined arrays were all very respectful to the Super Yang Old Ancestor.

"The granddaughter of the Super Yang Old Ancestor." Chen Xiang said.

"Humph!" Su Meiyao was instantly filled with jealousy, and snorted lightly: "I knew you, this bastard, was dishonest ... But come to think of it, how exactly did you hook up with Super Yang Old Ancestor's granddaughter, she should be very strong! "

Qin Shuang was very strong indeed. Chen Xiang felt that it would take a lot of time before he could tell Su Meiyao what had happened between them.

"I'll tell you guys when I have time. He's waiting outside."

Chen Xiang walked over to open the door.

After opening the door, Qin Shuang, who was wearing a black tight-fitting clothing, stood outside. She was still wearing her bamboo hat and hid herself very well.

"Why so long?" Qin Shuang hastily pushed Chen Xiang in, and then quickly closed the door.

After Qin Shuang closed the door, she looked into the room and immediately scolded in her heart. She saw two great beauties here, especially this kind of charming woman like Su Meiyao, even she had the desire to subdue them.

As for the other white-clothed woman who was leaning against the window with her arms crossed, she was currently exuding a cold air. She was cold and elegant, with a faint valiant aura. It was obvious that she was an ice-cold and tyrannical woman.

Bai Youyou and Su Meiyao were both sizing up Qin Shuang, especially Bai Youyou. This was because Bai Youyou was using the icy cold power, and just like Qin Shuang, he was also a cold and beautiful woman.

"Xiao Shuangshuang, let me introduce these two to you. It's my wife, Su Meiyao and Bai Youyou." Chen Xiang coughed dryly twice, then said to the two women: "This is Super Yang Old Ancestor's granddaughter, Qin Shuang!"

"Hello everyone!" Qin Shuang did not know when Chen Xiang had two wives, but when she saw that Su Meiyao and his temperament was not ordinary, she knew that the two girls were not of an ordinary background.

"Hello!" Su Meiyao smiled charmingly.

Out of politeness, Bai Youyou revealed a smile and greeted Qin Shuang.

"Chen Xiang, when did you suddenly have two wives?" Qin Shuang frowned: "Did you meet him above World Defying Stage Soul River?"

Qin Shuang was still more concerned about Chen Xiang's matters.

"What happened a long time ago ... We went to the World Defying Stage Soul River through the Divine Soil Restricted Area's Transmission array." Su Meiyao said: "That Transmission array was built by your grandfather. Your grandfather is really amazing.

"I don't know, I'm looking for him! My grandmother is currently in the Ancient Fire Divine Sect. She said that my grandfather would return to the Ancient Fire Divine Sect, but I think that's not possible." Qin Shuang couldn't help but sigh as he thought of his grandfather.

"Xiao Shuangshuang, can you help me call out my master Lei Yichen? I have something important to find him for!" Chen Xiang said: "The faster the better."

"That's not a problem. The restrictions on him are not that big. On the other hand, I'm being watched by the eight Elders all day long. I have to be very careful when I come out." Qin Shuang said: "After I go back, I'll have him come here to find you."

"Xiao Shuangshuang, I think that your grandfather might be on the other side of World Defying Stage Soul River." Chen Xiang said: "Have you heard about the things on the other side of World Defying Stage Soul River?"

Qin Shuang frowned, and shook his head: "My grandmother isn't willing to tell me too much about the World Defying Stage Soul River."

Chen Xiang immediately told Qin Shuang about what happened on the other side of World Defying Stage Soul River.

After Qin Shuang heard this, his face was in deep thought.

"It seems like this is very possible. Right now, the most mysterious place on the Myriad Tao is the World Defying Stage Soul River, but the other side of the World Defying Stage Soul River is so mysterious. Maybe my grandfather went over there." Qin Shuang was pleasantly surprised.

"Why don't you come with us?" Su Meiyao laughed tenderly: "You can't always stay in the Ancient Fire Divine Sect and wait. Your strength isn't weak and you're also the granddaughter of the Super Yang Old Ancestor."

"Alright, my Purple Yang Excalibur is still in Ancient Fire Divine Sect, let my grandmother refine it for me. She has already refined the Tao-creation Holy stone into it, it will take some time." Qin Shuang hesitated for a moment, but in the end, he nodded his head and agreed.

She had originally wanted to go with Chen Xiang, but since Chen Xiang and his two wives were together, she felt a little embarrassed. However, now that Su Meiyao had invited her, it showed that he didn't mind her going with him.

"Xiao Shuangshuang, how did you know this little scoundrel? Has he bullied you?" Su Meiyao giggled as he pulled Qin Shuang's small hand, and then rolled his eyes at Chen Xiang who wanted to interrupt.

Qin Shuang remembered that when Chen Xiang had secretly kissed her when she entered the Transmission array, a trace of anger existed in her heart, but she did not say it out loud.

"We'll have to start from the Purple Yang Excalibur and the Bai Family. Have you guys been to the Divine Soil Restricted Area before?" Qin Shuang asked.

"Sword clan Bai Family, of course we know about it! Every time we go to Divine Soil Restricted Area, Bai Xuelan would come to us and ask us about this little scoundrel. Even though she knows that this little scoundrel is very bad, she would still think of him everyday. "

Su Meiyao glared at Chen Xiang, and snorted: "What kind of bewitchment did you give her? "He's causing trouble for the girls again."

Chen Xiang had an expression on his face that said 'I don't know anything'. He was indeed wronged, but he did not do anything to Bai Xuelan.

"Maybe it's because I'm too handsome and my charm is limitless." Chen Xiang said in all seriousness: "Weren't you also enchanted by me to the point of having your divine soul turned upside down?"

Qin Shuang told the story of the Purple Yang Excalibur to Bai Youyou and his sister. Back then, when Qin Shuang was fighting in front of the Bai Family, they had heard of him too.

Qin Shuang, who had personally experienced it, spoke in detail.

Qin Shuang also asked about the matters of the Divine Soil Restricted Area. She was extremely concerned about the matters of the Divine Soil Restricted Area since it was her grandfather's effort after all, and she didn't have time to return to take a look.

After talking for two hours, Chen Xiang finally urged Qin Shuang to hurry up and return to Ancient Fire Divine Sect to ask Lei Yichen to come and find him.

After Qin Shuang left, Su Meiyao pinched Chen Xiang's ears, and laughed: "Qin Shuang is hiding something, have you bullied others before?"

"Alright, I admit it. I made a joke with her before and secretly kissed her on the lips. That's all!" Chen Xiang had no choice but to tell Su Meiyao about this.

Su Meiyao had asked Qin Shuang a few times just now whether he bullied her. Each time, Qin Shuang would stop when she wanted to speak, and there was a trace of lovely anger in her eyes.
