### [Chapter 0341 - Double Headed Snake Demon](#)

From looking at the situation in his front, Chen Xiang was sure that a group of devils were sure to be present at the front. He had not imagined that there would be so many.

He flew a little higher to get a clear picture of what was in his front. Initially, it was some mountains, but now they had been razed to the ground. A black mass of something was wriggling there now, it was as thick as huckleberries. It appeared to be more than a hundred thousand.

"It's the Evil Demons from the Demon Domain!" Su Miyao spoke in a heavy voice.

The "Evil Demon" was the name for the residents of Demon Domain. It would be first for Chen Xiang to encounter one. Most of these Evil Demons were a half demon and half human. Generally, they had the body of demon beast, a part of which was human. All in all, their body was extremely powerful as well as sturdy.

Amidst the group of Evil Demons in front, stood a robust man with the body of snake and head of a man. Much to Chen Xiang's surprise, this robust man had two heads. The majority of Evil Demons were of a strange or grotesque figure. However, this double-headed snake demon was rather appalling.

"That's a Double-Headed Snake Demon! It is one of the stronger Evil Demon among the various demons in Demon Domain, and one of the rare ones. This guy should be in Nirvana Realm." Long Xueyi explained.

Chen Xiang in the form of bird flew even higher in the sky. He thought that he would not be found out. However, suddenly, the Double-Headed Snake Demon looked straight at him. Which made his heart jump out of his chest.

"Go grab that flying bird!" The Double-Headed Snake Demon yelled. Both of his mouths spoke together in an overlapping voice. Surprisingly, the voice was not only ear-piercing, it was also carrying a kind of sonic attack.

Suddenly Chen Xiang noticed over a thousand Evil Demons from the group flying straight at him. All of them had wings on their backs. They looked as if the body of an eagle and a human had somehow joined together. Not only were they very ferocious, but they were also astonishingly quick.

One by one their numbers grew at an astonishing speed. In the blink of an eye, their numbers were over ten thousand. Chen Xiang was scared out of his wits. However, his speed was also nothing to joke about. He swiftly bolted down from the sky and landed inside the forest. He was planning to use the lush forest to escape, however, the Hawkmen who were chasing him were also extremely violent. They crashed right into the forest. In the blink of an eye, a large piece of forest turned bare.

Chen Xiang flew into a small hole inside a tree and hid there. The environment was now filled with dust and sand. Although these Hawkmen were large in number, but not one of them caught his trail.

"The Double-Headed Snake was quite capable. He can clearly sense every degree of temperature around him. Even if you were hiding inside the clouds, both of his heads can clearly sense your temperature

through the clouds. That's why you were found out." Long Xueyi quickly explained, "I'm now helping you in hiding by changing your temperature to be the same as the environment around you."

Long Xueyi had just finished speaking to Chen Xiang when that Double-Headed Snake Demon started swearing, "Bunch of good-for-nothings. Can't even catch a bird. Something was definitely wrong with that bird. It flew quickly as well as quite cleverly. Don't know who had sent it investigate us."

The Double-Headed Snake Demon left only after walking in a big circle and investigating everything around here. Chen Xiang who was hiding inside the small tree hole let loose a big sigh of relief. The Double-Headed Snake Demon was extremely quick, in just a few blinks, he had arrived here. Not to mention that he was after all in the Nirvana Realm, the gap between him and Chen Xiang was large. If Chen Xiang had been spotted, then he would have been in a big trouble.

"It appears that it was the Double-Headed Snake Demon who had been resurrected. This guy's vitality is quite astonishing; these kinds of Evil Demons are rather proficient in playing dead! After the opening up of the rift, unexpectedly, only the creatures from the Demon Domain are here. It seems that the Devil Domain still had not overlapped with our world." Su Meiyao said.

Chen Xiang could be said to be someone who had read a lot of books, yet he was still ignorant of the matters of the Devil and Demon Domain. While Su Meiyao and Bai Youyou were quite knowledgeable, even more so was Long Xueyi. She knew a lot more than Su Meiyao and Bai Youyou altogether. After all, she had a massive amount of hereditary memories.

"Will the Devil and Demon Domain join forces to deal with the Human World?" Chen Xiang asked.

"Not necessarily so. In the past sometimes they were allies and other times they were enemies. However, they both have the same mindset, and that is that the Human Domain must be destroyed! Anyhow, these guys are very arrogant by nature. Just because of some disagreement, they will fight to the death with you. In the past, they had allied one time to repulse the enemies, but due to the emergence of some troubles, they became mortal enemies. In the past the Human Domain often drove a wedge between them, making the demons and devils fight each other." Bai Youyou replied.

Chen Xiang flew out of the tree hole and flew according to the map. He had already investigated more than enough about the One Hundred Thousand Devil Mountains. Now he needed to obtain the Suppressing Devil Divine Exercise.

Now he came to realize why these devil sect disciples left in such a hurry. As there were hundreds of thousands of Evil Demons gathered here, and each and every one of them was quite formidable. Not to mention, they possessed the unique constitution and strength of a demon beast. Thereby, in a battle, they held more advantages than the humans.

The Suppressing Devil Divine Exercise was surprisingly hidden inside a cave. It was just that the cave happened to be sealed very tightly. Chen Xiang could not understand why the person who constructed this place didn't take the Suppressing Devil Divine Exercise with him. If so, he would not need to charge through such a dangerous place.

After Chen Xiang arrived outside the mountain, he didn't directly rush inside. On the contrary, he turned into a mole and dug a tunnel into the ground.

"There isn't any restrictive spell inside, but there is a very rich Devil Qi. Does this place have some demon or devil corpse?" Long Xueyi said. This freaked out Chen Xiang. At this point, he had already dug into a passage inside the cave.

It was pitch black here. He stretched out his hand and released the flames to illuminate the dark passage. At this time, he could also sense the aforementioned Devil Qi. The Devil Qi here was quite strange, it was unlike anything he had encountered before in the Southern Wasteland, very much different from those devil prince he had encountered.

"Is there really a corpse of some demon or devil inside?" Chen Xiang was a little worried. Just from looking at the Devil Qi, he knew that the owner of that devil or demon corpse would have been an extremely powerful martial artist of his time. At least, he was in the Nirvana Realm.

"Yes, anyhow you don't need to worry. This guy seems to be sealed. Whether he is alive or dead, that I don't know." Long Xueyi's words once again freaked the hell out of Chen Xiang. But fortunately, the terrifying demon or devil was sealed, which was a big relief for Chen Xiang.

When Chen Xiang arrived at the end of the cave, he arrived at the belly of the mountain, which was not only very wide in space but also totally empty. At the center, there was a huge obelisk, about a dozen zhang high.

Chen Xiang reckoned that the Suppressing Devil Divine Exercise was buried under that enormous obelisk. He was having a hard time understanding how such an enormous obelisk came about here. When he illuminated the obelisk with his flames; the obelisk suddenly started sucking away the flames from his hands.

"What the fuck is happening!" Much to Chen Xiang's dismay, he could not even control the release of his flames. Surprisingly, the flames were like a fire dragon overflowing out of his palm and flushing into the obelisk. Soon, the obelisk stopped absorbing the flames. The huge belly of the mountain also became very bright, for the gigantic obelisk was releasing an intense aura.

At this time Chen Xiang understood why the Suppressing Devil Diving Exercise could not be taken away. Because the entire exercise had been carved onto the obelisk and the entire exercise was extremely long. The huge obelisk had many chanting formulas engraved completely on its surface. On such a massive obelisk, the characters engraved upon its surface were just the size of a thumb. Not to mention all four sides of the obelisk was completely packed with such small characters. One could imagine, how complicated and abstruse the Suppressing Devil Divine Exercise was.

#### [Chapter 0342 - The Suppressing Devil Golden Body](#)

Looking at those countless little characters that were densely packed on the obelisk, Chen Xiang felt a burst of powerlessness coursing through his body. He sat down on the ground, spread his divine sense to give it a try. But, to no avail, he couldn't directly get the Suppressing Devil Divine Exercise.

"Let's see if I could get it after dripping a drop of blood on it!" However, once again he was disappointed, the obelisk didn't show any reaction.

"Little rascal, conscientiously remember the content on the obelisk! This is the divine exercise, however, the chanting formula is relatively small. After you know it by heart, you'll be well versed in it. You will

not feel that it is too long. You'll feel just the same as when you're cultivating the Divine Exercise of the Four Symbols and the Tai Chi Subduing Dragon Exercise." Su Meiyao explained to Chen Xiang.

At first, Chen Xiang also had to spend quite a long time before he could remember the entire Tai Chi Subduing Exercise. Now he could only clench his teeth and recite the chanting formula on the obelisk bit by bit.

Only after contemplating for awhile, Chen Xiang came to realize that the chanting formula's beginning was at the top, while the bottom of the very same side was the ending of the first part of the chanting formula. While on the surface right behind it constituted the second part, while left and right side altogether made up for the 3rd part of the chanting formula.

Chen Xiang turned into a bird and flew from top to bottom while in the process of reading the 1st part. What made him feel surprised was the fact that after he had memorized a sentence of the chanting formula by heart, that part would disappear from the obelisk.

After spending one whole month, Chen Xiang finally succeeded in memorizing one part of the chanting formula by heart. One side of the obelisk was now completely blank. What was totally out of his expectation was that he now felt as if he came to understand but not really understand the abstruse principle of the Suppressing Devil Divine Exercise. He was secretly euphoric. He reckoned that once he was done with the entire chanting formula, he would have finished learning the Suppressing Devil Divine Exercise.

Legend has it that the Suppressing Devil Divine Exercise was rather difficult to learn. Chen Xiang could now understand why. Because, first of all, one had to remember a very long chanting formula. He thought that the difficulty of the Suppressing Devil Divine Exercise lies in this very fact.

"Think of it, this should be the Suppressing Devil Obelisk! During the time of the Ancient Battle of Demons and Devils, this kind of obelisks appeared throughout the many worlds. However, rumor has it that they didn't play much of a role in that battle. Now that it has appeared here, it should be for passing the Suppressing Devil Divine Exercise. But who placed it down here?" Long Xueyi doubtfully said.

"It seems, once someone remembers the contents on its surface, the corresponding characters will disappear from the obelisk. Speaking of which, it seems that no one else had learned the Suppressing Devil Divine Exercise in the past." Su Meiyao felt a little doubtful. She too had heard of the Suppressing Devil Obelisk.

After thinking about it, Long Xueyi said, "At the beginning, only after absorbing the little rascal's flames was the Suppressing Devil Obelisk illuminated. I didn't even notice the text upon the obelisk when it was dark. Does the Suppressing Devil Divine Exercise need Fire Spirit to cultivate it?"

In reciting the chanting formula, Chen Xiang suddenly spoke, "Yea, it needs the Fire Spirit to learn, moreover, a Fire Spirit above the rank of Purple Fire Spirit."

"How did you know? It is not written anywhere." Bai Youyou asked. She had been intently reading the text on the obelisk, and secretly memorizing it as well. Su Meiyao was doing the same.

"I'm not too clear about it. After I memorized these texts, my body feels hot, as if there is a flame that is in my brain, burning these very texts. That's how I came to know." Chen Xiang described that weird

feeling, which surprised Su Meiyao and Bai Youyou. Although they didn't have the Fire Spirit, they still planned to memorize it completely.

Another two months went by. The obelisk was now considerably dim, but it was still retaining a feeble firelight. Chen Xiang sat across the obelisk, he had finally memorized the entire Suppressing Devil Divine Exercise. After he had completely memorized it, he had fallen into an extremely wonderful state. Flames were constantly being released from his body; which had burned his clothes entirely.

"Little rascal's body is getting stronger and stronger at an astonishing speed... Oh my God, what the hell is happening." Long Xueyi exclaimed. Su Meiyao and Bai Youyou also seemed to notice this.

"Immortal and Devil Body level 6... Level 7... Level 8... what is going on! He is still getting stronger!" Su Meiyao was frightened out of her wits.

"10th level!" Bai Youyou's ice cold voice was carrying a trace of excitement. Apparently, she was happy for Chen Xiang in having such a fortuitous encounter.

Before, Chen Xiang was at the 5th level of Immortal and Devil Body, but now all of sudden he had soared to 10th level. Moreover, he was not showing any signs of halting; which rendered Long Xueyi along with Su Meiyao and Bai Youyou speechless from shock. Chen Xiang was just a True Martial Realm martial artist. One must know that in the mortal world, only when one reached the pinnacle of the Extreme State, would he have such a level of a body!

Su Meiyao took a long deep breathe, "10th level, it is much slower now. If this brat will not rely on the Azure Dragon Slaughtering Devil Blade, he would possess the strength equivalent to that of an 8th level True Martial Realm martial artist expert. And may contend with 9th level if he relied on Azure Dragon Slaughtering Devil Blade."

The 9th level of True Martial Realm martial artist expert for Su Meiyao was the one with multiple attributed veins and with many kinds of martial techniques.

Chen Xiang woke up. After he opened his eyes, he started laughing. His laughter was no different from Huang Jintian's maniac laugh.

"Quickly wear your clothes!" Long Xueyi fumed in anger.

"Little rascal, what the hell happened?" Su Meiyao quickly asked.

Chen Xiang while putting on his clothes said with a smile, "I have learned the Suppressing Devil Divine Exercise. Who knew that the Suppressing Devil Divine Exercise was supposed to be like this; I have now cultivated to the Suppressing Devil Golden Body! The Suppressing Devil Golden Body is invulnerable to any kinds of poison, fearless of various unique attacks from demons or devils. Moreover, I can also release the Suppressing Devil Yuan Qi which is extremely lethal to demons or devils."

The Demon and Devil Domains' martial artists were proficient in poison. Especially those Evil Demons from the Demon Domain, some of them had inborn poison. While there were those martial artists from Devil Domain who utilize poisonous things to aid them in cultivation. Invulnerable to any kinds of poison would truly act as a restraint against these demons or devils.

"Quite formidable! After you got the Suppressing Devil Yuan Qi, how much of your strength had advanced?" Long Xueyi asked.

"Besides a powerful physical body, there is not much change in aspects to True Qi. The Suppressing Devil Yuan Qi is only useful in facing demons and devils. And I'm already contented with that." Chen Xiang laughed and said. He arrived in front of the obelisk.

"What do you want to do?" Bai Youyou asked, but Chen Xiang had not responded to her.

Much to everyone's dismay, Chen Xiang had blasted a powerful punch at the obelisk. However, he had not mobilized any True Qi, he just used his physical strength. Nevertheless, he was still able to shake that giant obelisk, moreover, many cracks had also appeared.

"After I have merged with the Suppressing Devil Divine Exercise's chanting formula, I found some other things. It said that after I have learned the Suppressing Devil Divine Exercise if I can break the obelisk, something good will appear." Chen Xiang said in excitement.

After the giant obelisk was riddled with cracks, it suddenly broke off and turned into shining powder which thereupon, stuck upon the nearby walls. The belly of the mountain had turned extremely beautiful.

Chen Xiang at this time noticed a square pit just below where the obelisk stood. He walked over to have a look, but he was freaked out. Because he saw a girl lying in the pit!

The girl was very beautiful and was wearing a very thin dress. Although her eyes were shut closed, from her ice cold face one could easily tell that she was a cold beautiful girl. Moreover, on the place where there should be a left eyebrow, there was a purple tattoo of a scorpion, which added a bit of charm to her.

Suddenly, the cold beauty opened her eyes, her eyes were shining in blue light. After she noticed Chen Xiang, her ice cold yet charming face turned, even more, colder. Her blue pupils were brimming with killing intent. She furiously roared before leaping out of the pit.

Chen Xiang retreated a few steps. He had not imagined that after the obelisk had broken off, such a situation would take place. He now knew from where such an intense Devil Qi originated in the mountain belly.

#### [Chapter 0343 - Scorpion-like Woman](#)

The girl had a very long braid draped over her bosom. After jumping in the air, she slumped towards the ground. However, just as she was about to hit the ground, her pair of snow-white feet, lightly touched the ground, and she steadily came to a stop.

Filled with a hostile look, the beautiful ice cold girl's blue eyes stared upon Chen Xiang. The braid hanging over her bosom surprisingly had a purple-colored sharp hook at its end. It appeared to very dangerous, like a poisonous hook on a Scorpion's tail.

"Have you learned the Suppressing Devil Divine Exercise?" The eye with the purple Scorpion tattoo twitched as the blue-eyed girl coldly asked. Along with the aura emanating from her, Chen Xiang felt extremely uncomfortable.

"Yes!" Once Chen Xiang's voice fell, at lightning speed, the girl's foot fiercely swept over. Such a charming foot surprisingly erupted with a completely destructive power, which ruthlessly lashed upon Chen Xiang's cheek.

Chen Xiang only felt a burning sensation on his cheek, before a fearsome impact raided him over. His body could not help but flew out from the impact, and crash on the cave walls. Upon those rugged stone walls of the mountain belly, a dent riddled with many cracks appeared.

"Puff!" Chen Xiang spewed a mouthful of blood. This girl was far stronger than he had imagined. He guessed that she must at least be in the Extreme State. He didn't expect that after he broke the obelisk, he would unexpectedly unseal and release such a powerful figure.

If the Suppressing Devil Divine Exercise had not told him to do so, why would he even care to blow the obelisk for nothing? He was regretting it now.

"Only with this much skill?" The blue-eyed girl coldly asked. She lightly tapped the ground, and her body, was like a smoke, as it floated towards Chen Xiang. In the blink of an eye, she appeared in front of him, and before he could do anything, both of her feet continuously sent flying kicks, which thereupon landed on Chen Xiang.

At the moment, Chen Xiang was already embedded into the stone wall. He could do nothing but suffer those frightening attacks.

"Little girl, do not challenge my limit!"

Chen Xiang was fuming in anger. Suddenly, Universe True Qi started surging from his dantian, impacting every part of his body, as if it was sweeping the pain in the various parts of his body. His bones made a loud crackling noise, while the Universe True Qi coursed through his entire body. His entire body was filled with a terrifying amount of power.

Like lightning, he stretched out his hand and grab ahold of the blue-eyed girl's bare foot. He vigorously squeezed his hand, only to hear the tender yet furious cries coming from the girl.

When Chen Xiang was just about to crush the girl's tender jade-like foot, her long braid, like a scorpion's tail, attacked him. The sharp purple hook was glistening in a strange yet sinister aura as it plunged towards his chest.

The blue-eyed girl's long braid was just like a part of her body, it was very flexibly controlled by her as she so desired!

When the sharp purple hook at the end of that long braid was about to prick Chen Xiang's chest, he gave a stifling shout before forcefully flinging the girl, or else he would be pricked by that sharp purple hook. Chen Xiang felt that this purple hook may very well be the most dangerous point of the girl, he felt it was no different that any poisonous Scorpion's tail.

"Father has let you out, yet instead of feeling grateful, you are even trying to kill me. You ungrateful bitch, you better not let me get ahold of you or I will fuck you at least a hundred times!" Chen Xiang wiped the blood at the corner of his mouth. He was burning in anger, but he could only swear to vent his feelings.

The blue-eyed girl's face turned as white as snow, in a trembling voice, she said, "You... You dirty man, you dare to curse me with such vulgar words!"

While speaking, with a flicker, her tender figure once again flushed towards Chen Xiang.

This girl's agility technique was extremely strange. It was quick as well as light, so fast that it was impossible to track her. However, Chen Xiang was also cultivating Shinto, as he spread his divine sense, every smallest movement in his field was within his grasp. Sensing the blue-eyed girl, bouncing left and right, charging at him, a smile appeared on his face. The exact moment when he sensed that she was just about to arrive, he mercilessly blasted a Transforming Bone Devil Palm at her.

Bang! A sonorous explosion resounded in the mountain belly, which was immediately followed by the shaking of the mountain. The mountain belly was riddled with cracks.

But Chen Xiang, on the contrary, was left surprised, because his attack had not sent the girl flying as he had imagined, much to his dismay, there was not even a bit of injury on her.

Chen Xiang took a glance at the channel from where he had arrived. After all, he had used the Transforming Bone Devil Palm a moment ago, but that mysterious force which could melt the bones had unexpectedly no effect on this girl. He realized the strength disparity among them, now his best option was to flee from her.

"That was the Transforming Bone Devil Palm, from whom did you learn it from?" The blue-eyed girl's voice was carrying a trace of surprise. Noticing that Chen Xiang wanted to run, she waved her tender hands before a black aura shot out from her palm, landing dead right above the cave entrance. Before you know it, the entrance had been blocked by the stones.

Chen Xiang didn't reply. When Bai Youyou had taught him, he promised Bai Youyou that it was going to remain a secret, even on his deathbed, he was not allowed to speak!

The blue-eyed girl upon seeing that Chen Xiang was not replying, didn't pry for an answer and once again launched a swift and violent assault. Her offense was quite overbearing, she used both of her fists and feet, and occasionally she would thrust at Chen Xiang's chest using the sharp purple hook.

The blue-eyed girl was getting stronger and stronger by the minute. Chen Xiang reckoned it must be due to her gradually recovering her strength after her seal was dispelled; which simply rendered him unable to fight back. He could only try laying out the Black Tortoise Luo Tian Cover to defend, but, not long after it burst into a mist.

What was troubling Chen Xiang the most was the purple hook on her braid, he held no doubt that if that purple hook pierced his chest, it would certainly gouge out his heart!

Chen Xiang began fighting back. Just when the girl smacked a palm at him, he countered it with a fist, at the same time, he fired the Ice Spirit Devil Aura. Last time he had used the same trick to defeat Xiao Chou of the Herculean Family.

"Ice Spirit Devil Aura!" The blue-eyed girl exclaimed and withdrew her attack before taking a few steps back. With her ice-cold blue eyes, she sternly stared at Chen Xiang, "Did Bai Youyou teach you these?"

Chen Xiang was flabbergasted, to his dismay, the blue-eyed girl had accurately guessed the source of the Ice Spirit Devil Aura.

Looking at Chen Xiang's expression, the blue-eyed girl sneered, "She is actually not dead!"

While speaking, she once again started her relentless attack on Chen Xiang.

Along with the recovery of blue-eyed girl's strength, it was getting more and more difficult for Chen Xiang to resist. Chen Xiang knew Su Meiyao and Bai Youyou had one powerful foe, it was precisely that foe who had crippled them. He suspected, that this girl may very well be that foe!

If it was said that Chen Xiang was struggling to resist before, then now, he was taking a fair share of beating. The blue-eyed girl was getting stronger.

"Little Dragon, lend me your power. I'm going to make sure she have one deep unforgettable memory!" Chen Xiang in his heart shouted. At this time, he felt an incredibly hot feeling originating from his left arm. Long Xueyi was transferring her power to him.

Even though after he drew support from Long Xueyi, he would feel an excruciating pain, but now he was boiling in anger, he threw everything at the back of his mind.

Feeling the incredible strength in his left arm, Chen Xiang felt as if he was possessed by a Heavenly God. With a furious roar and the speed of lightning, he thrust his palm towards the blue-eyed girl's bosom. Chen Xiang soon felt a big yet soft and rich elastic mass in his hand which he clutched tightly.

The blue-eyed girl was shocked. She screamed in shame and anger, then shouted at Chen Xiang, "Take your dirty hands off me! I'm going to make a mince meat out of your hand."

While shouting, she mindlessly punched and kicked at Chen Xiang. However, Chen Xiang did not let it go, not only that, but he also squirmed his fingers.

Suddenly, a red blade, like a crescent moon, appeared in the blue-eyed girl's hand. Seeing Chen Xiang's arm was about to be cut, Bai Youyou coldly shouted, "Stop!"

Hearing Bai Youyou's voice, the blue-eyed girl stopped her attack, Chen Xiang too withdrew his hands. Although it was very painful, the feeling he got from his hands was quite exhilarating.

Chen Xiang's vulgar act by using her power had made Long Xueyi despise Chen Xiang. However, she was also feeling contented, for she too enjoyed that kind of feeling.

"Humph, Princess Wuqing, it's really you!" The blue-eyed girl's voice was brimming with anger. She kept on staring at Chen Xiang, her blue eyes were filled with a grim aura as if she could not wait to hack Chen Xiang into pieces.

#### [Chapter 0344 - Devil Scorpion Princess](#)

The blue-eyed girl was unlike any evil demon from the Demon Domain yet the Devil Qi on her was exceptionally heavy. Chen Xiang reckoned that she was from the Devil Domain. Chen Xiang suspected Bai Youyou to be from the Devil Domain long ago, however, much to his surprise, she turned out to be a famous Princess of the Devil Domain. Her antecedents were clearly extraordinary.

Bai Youyou came out of the ring. Garbed in simple white skirt and tunic, she gave off the impression of being holy and pure, no one could say that she belonged to the Devil Domain or cultivated any sort of Devil Exercise.

Even though she appeared to be very weak now, the imposing aura exuding from her body was in no way weak. Her ice-cold pretty eyes that were filled with a hint of a strange aura, glanced at the blue-eyed female.

"Princess Purple Scorpion, you still haven't died? Why did you attack him! From what I can remember, you have given up on cultivating the Ruthless Devil Exercise. You are not someone who will kill innocents indiscriminately, much less someone who has released you!" Bai You's voice was even colder than the Princess Purple Scorpion, such coldness that it could make others feel cold.

At this moment, Chen Xiang was extremely puzzled. Bai Youyou was referred as Princess Wuqing and the blue-eyed female was Princess Purple Scorpion. But why were they called as such, is their father some Emperor in the Devil Domain.

"Sister Meiyao, what's the connection between her and Sister Youyou? What is their background?" Chen Xiang asked

"Don't ask too much, just wait and watch!" Su Meiyao didn't tell Chen Xiang anything, even though she knew that Chen Xiang could very well tell that their background was truly extraordinary. However, she still didn't have any intention to tell Chen Xiang too much.

Princess Purple Scorpion looked at Chen Xiang, nibbled on her lips and said, "I want to kill this bastard. Even a thousand deaths would not be enough to subside my anger. He... He actually dared to do such thing to me, I really really want to kill him."

"Pooh!" Chen Xiang spat the blood in his mouth and said, "Humph, who told you to not be grateful and instead attacked me. Even a desperate dog will jump off the wall, let alone a human. This is what you brought upon yourself, at most, I can let you touch mine in return."

Princess Purple Scorpion shouted in anger and was about to charge at Chen Xiang, but she was stopped by Bai Youyou.

"Bai Ziqian, there is still a powerful guy outside. Not to mention, you're not at your best now, it is not the time to waste your strength." Bai Youyou's voice was solemn which made Bai Ziqian immediately stop her action, otherwise, she definitely would have beaten Chen Xiang for a while.

"Princess Wuqing, although I don't know why you have such a big bet on this rascal, you must have your own reason! Are you going to return to the Devil Domain with me?" Bai Ziqian asked. Her complexion had now eased a lot.

"No, I've my own plans!" Bai Youyou shook her head.

"You've changed. I think you should not need this title, it's not you! Have you dispersed your power? Why is your current aura so weak?" Upon discovering her situation Bai Ziqian said with a frown, she immediately took hold of Bai Youyou's wrist.

"Your injuries are actually so serious! What about your junior sister? She can't be dead, otherwise, she would have definitely saved you." Although Bai Ziqian's voice was now cold as ice, Chen Xiang could still discover that she was very much concerned about Bai Youyou which was also quite clear from the look in her eyes.

Bai Youyou sighed lightly but her voice remained as cold as ice, "You don't need to be so concerned about me, I know how to walk my own path!"

Bai Ziqian closed her eyes, took a deep breath and said, "You best take care of yourself! Because of you, I'll let this brat off the hook this time. Initially, I just wanted to try his strength, but who knew that this brat was actually a rogue!"

Chen Xiang was furious, he suddenly shouted, "Your sister is a rogue, a girl like you hitting others is a rogue, you..."

Bai Youyou suddenly pulled Chen Xiang and said in a low voice, "I'm her sister!"

Chen Xiang suddenly swallowed his next words. Much to his surprise, this scorpion-like girl turned out to be Bai Youyou's sister. Until now he suspected that this Devil Scorpion Princess must have a close relationship with Bai Youyou, but how could he have known that they were related by blood. What made Chen Xiang speechless was the fact that after both sisters saw each other in such a long while, they surprisingly remained cold. If it was an ordinary person, he would definitely cry in tears and hug his brother or sister.

Chen Xiang after finding that Bai Youyou had relatives, he felt secretly happy for her. Before, he believed that Bai Youyou neither had any family nor any friends.

"Brat, let me tell you, if it was someone else, during the fight, he would have long been poisoned to death by me!" Bai Ziqian coldly snorted. However, she was taken aback by the fact that Chen Xiang could actually cultivate the Suppressing Devil Divine Exercise. She very much understood her sister — Bai Youyou, she knew Bai Youyou had invested a lot of effort in this little rascal, or else she would not have passed on such powerful devil techniques to Chen Xiang.

Chen Xiang sneered, "Father is cultivating the Suppressing Devil Divine Exercise and is invulnerable to poison. If you can poison me, I'll kneel down and kowtow to admit I was wrong. However, if you can't poison me?"

Bai Ziqian, of course, didn't believe that she couldn't poison Chen Xiang. First of all, she didn't know too much about the Suppressing Devil Divine Exercise, she only knew that it was quite lethal to the Devil Domain's cultivators. Most of all, she was too confident about her poison.

"If I can't poison you to death, then I'll..."

Bai Youyou quickly pulled her, "Bai Ziqian, forget about it. You will absolutely fall in his hand!"

Bai Youyou had witnessed Chen Xiang had taken advantage of many women resorting to the same methods. She didn't want her own sister to be taken advantage by Chen Xiang.

"Wuqing, are you doubting my strength?" Bai Ziqian didn't believe in hearsay.

Chen Xiang was having a little difficulty in understanding their relationship. Obviously, the two were sisters and yet they were shouting each other's name, it seemed that both of them were not related by blood.

"As you wish!" Bai Youyou coldly snorted. Her sister was not paying any heed to her advice, she could only let her suffer a loss for her to realize it.

Besides the similar disposition of Bai Ziqian and Bai Youyou, there weren't any other similarities, there was a remarkable disparity between their appearances.

Bai Ziqian had blue eyes with a purple scorpion tattoo at the corner of her eye. A whip was hung at her waist. She had a charm of her own, but her beautiful face was as cold as ice.

Bai Youyou, on the other hand, was an ice cold fairy, her elegant and aloof temperament and the peerless beautiful face had an elegance in her own way, her beauty could ruin and overturn a nation. Since the very first time he saw her, Chen Xiang had been completely enthralled by her.

Chen Xiang kept on staring at Bai Youyou, in his heart, he was having a good laugh, he sneered and said, "If you can't poison me, then what are you going to do?"

"At that time, I'll be at your disposal, you can do anything you want to me!" Bai Ziqian confidently replied. She had complete confidence in her poison, let alone, Chen Xiang was not even in the Extreme State, even if it was a Nirvana Realm expert, she could easily put him down.

"You've have not completely recovered your strength!" Bai Youyou already knew the result. Chen Xiang was going to win for sure.

"So what, it's sufficient to deal with this brat!" Bai Ziqian while speaking charged at Chen Xiang. Suddenly, her jade like palm was completely wrapped in black Qi, it was nothing but poisonous.

"I have a Heavenly Poison Body! In other words, my entire body is poisonous. If others want to touch me, so long as I didn't withdraw the poison, no matter how formidable he is, he will be poisoned from just touching my body! I'm going to use the weakest poison, though it cannot kill you, it will be enough to put you down." Bai Ziqian while speaking, lightly smacked a palm at Chen Xiang which landed upon Chen Xiang's arm.

Chen Xiang smiled and said, "Do you know what I'm thinking at the moment?"

"What are you thinking?" Bai Ziqian subconsciously asked.

"I'm thinking of what I'm going to do to you. You're definitely going to lose. Your poison can't even penetrate my skin!" Chen Xiang laughed as the Poisonous Qi was stopped by the Black Tortoise Adamantyl Armor.

#### [Chapter 0345 - Invulnerable to Poison](#)

Thanks for everyone's concern. I'm fit and fine, just moved to a new flat, I was basically busy with all the daily routines and my job.

Contrary to what Bai Ziqian had imagined, Chen Xiang didn't fall down and was even able to laugh and talk; which made it difficult for her to understand. She secretly clenched her teeth and released even more Poisonous Qi, yet not even a bit of poison could invade Chen Xiang's body.

Although these Poisonous Qi would automatically drill into his pores, but they would immediately be spilled back out right after. Evidently, something was rejecting the Poisonous Qi.

"Hey, haven't I said, I have learned the Suppressing Devil Divine Exercise and I'm invulnerable to poison. You still don't believe?" Chen Xiang laughed and asked.

Bai Ziqiang refused to believe, she coldly said, "Impossible, my Poisonous Qi can destroy your body directly. Let alone your weak body, even if it was someone with a 20th level Immortal and Devil Body, it would still be difficult for him to resist my poison. Aren't you using some secret method to resist my poison?"

Chen Xiang spread his hands, smiled and said, "Even if I was using some secret method, doesn't it mean that your poison is useless. Hei hei, do you want to throw in the towel?"

Bai Ziqian would like to try again, but when she thought of how much of her Poisonous Qi failed to poison Chen Xiang, she could only concede. She hurled her head and gave a cold snort, from the look on her face it was quite evident that she remained unconvinced.

"What about the poison in that purple hook? Do you have its antidote?" Chen Xiang looked at the hook that was shining in a bizarre purple aura, he was secretly curious. He reckoned that it must be most toxic venom in Bai Ziqian arsenal. He didn't know what was the Heavenly Poison Body, however, he knew that her whole body was poisonous. He wanted to try whether the Suppressing Devil Golden Body was truly invulnerable to poison or not.

Bai Youyou was shocked, she quickly came forward to stop the fight, "That purple hook is very toxic. Although it can be cured, at the very least you will not be able to move for one month!"

Bai Ziqian nodded her head, "It's true! I have the antidote with me, even if I gave it to you in time, it will take at least one month for you to expel the poison. Moreover, during this month, you will suffer an excruciating pain."

Bai Youyou's complexion turned ugly, a hint of fear flashed past her eyes.

"I've experienced it first-hand. Once, I was not careful and was pricked by that hook, it was very painful!"

Bai Ziqian found it preposterous that Chen Xiang could resist that kind of Poisonous Qi. That was why she intended to throw in the towel. She didn't want Chen Xiang to try the poison on the purple hook. Even though she appeared to be ominous and cold, she noticed that Chen Xiang was her sister's hope and no matter what, she didn't want to ruin her hope.

From the very beginning Bai Youyou and Bai Ziqian — these two sisters believed that Chen Xiang would be scared by the poisonous hook, but who knew that an excited look would appear on his face when looking at the purple poisonous hook!

Chen Xiang in order to thoroughly convince Bai Ziqian fiercely grabbed the long braid draped over her bosom and pricked his wrist by that purple hook. The two beautiful sisters had never imagined this kind of situation, and when they wanted to stop him, it was already too late, it all happened in an instant.

Bai Ziqian quickly took out a purple dan and handed it to Chen Xiang. "Quickly take it. Recovery might take a while. Although this kind of poison can't kill you in an instant, it will bring you an excruciating pain."

"It is inside your blood vessels, the venom has already spread to your whole body!" Bai Ziqian said with a frown, her voice sounded extremely anxious.

Chen Xiang didn't take the antidote, he calmly smiled, "Your poison seemed to have no effect on me!"

Chen Xiang was unafraid of some pain. He had tempered his body in the furnace, in the Immortal and Devil Pool, not to mention the torture he had undergone to that old madman – his teacher. Facing some pain was just common for him, that was also why he dared to try.

"What! Nothing? Do you not feel extremely cold? Doesn't your whole body feel as if it have been stabbed by tons of ice needles, even the head!" Bai Ziqian was taken by surprise, she couldn't help but ask.

Bai Youyou too had an inconceivable look hanging on her face. Previously she heard Chen Xiang say that he was invulnerable to poison because of the Suppressing Devil Golden Body, but she had confidence in her sister's poisoned hook. Every person in the Heavenly Realm dreaded that kind of poison, let alone Chen Xiang; this True Martial Realm little man.

Chen Xiang pursed his lips as a grin appeared on his face, "I'm not feeling anything. If you don't believe me, I can try it again for you!"

Thus, under the eyes of dumbfounded cold sisters, Chen Xiang once again grabbed the purple poisonous hook at the end of the braid and pricked his wrists. Moreover, this time he stabbed it even deeper and kept it under his skin for a long time.

If he didn't want Bai Ziqian to be thoroughly convinced, Chen Xiang didn't need to do torture himself. Currently, he had removed the Black Tortoise Adamantyl Armor so that the poisonous hook could stab into his flesh and blood. However, he still didn't feel anything.

After Chen Xiang had removed the poisonous hook from his wrist, he wiped the hook cleanly and played around with it. Nothing happened to him, not even a bit, looking at this, the sisters were shocked out of their wits, they were completely speechless.

"Is there poison left in your purple hook?" Bai Youyou took a deep breath, calmed herself down before asking.

"It is poisonous. If you don't believe me, you can give it a try!" Bai Ziqian was now thoroughly convinced that Chen Xiang was indeed invulnerable to poison. She coldly harrumphed and pulled her braid back. Apart from her, Chen Xiang was the only person in the whole world who can play with the poisonous hook like this.

Chen Xiang smiled and said, "Now are you convinced completely!"

"What do you want me to do? If you want me to die, I'll die." Bai Ziqian coldly said. When she spoke, her calm and composed look left Chen Xiang surprised. Much to his surprise, she happened to be so straight and decisive.

"Little rascal she is my elder sister! You better handle it well!" Bai Youyou gave him a glare which suddenly poured cold water right on all Chen Xiang's eagerness to create trouble.

Chen Xiang slightly sighed. A while ago he had so vigorously grabbed the big rabbit of hers, he had taken advantage of her so cheaply.

"Alright! From now on you'll address Sister Youyou as younger sister." Then he turned to Bai Youyou and said, "Sister Youyou, you too will address her with proper formalities — you'll call her elder sister, now that will be more like a family! I truly can't understand you."

Chen Xiang noticed the two were looking at each other with a complex look in their eyes. He urged, "Is it that difficult? Sister Youyou, my condition is very loose."

Bai Ziqian faintly let out a sigh, affectionately looked at Bai Youyou and gently said, "Younger... Younger sister!"

At this very moment, Bai Youyou's eyes turned moist, two lines of tear fell and trickled down her face as she threw herself into the arms of Bai Ziqian. She sobbingly said, "Elder sister!"

Bai Ziqian too started crying. She tightly embraced Bai youyou. The two girls tightly held onto each other as they broke into tears which made it difficult for Chen Xiang to understand; because he felt that it was only normal to address each other like this.

Inside the ring, Su Meiyao laughed and said, "Little rascal, you're really something! Well done!"

Chen Xiang laughed and said, "Why don't you give me a reward then? How about giving me a kiss or taking a bath with me."

"Pooh!"

"Why are they acting like this?" Chen Xiang doubtfully asked.

"Can't you understand from their characters!? Since childhood, they grew up in a very cruel environment. Their father was very formidable, he had many wives, at least over a hundred. As for sons and daughter, it is needless to say. They were born to the same mother, right after their birth, both of them were thrown in a place where they underwent brutal methods of cultivation. They didn't get the chance to see their mother, not even once."

"Their mother had a cold constitution, that's why both of them were born with the Extreme Yin divine vein and both had a pair! In order to turn them into a vicious and ruthless devil princess, since childhood, they were not allowed to act like sisters. They could only call each other by name or their title. They were not allowed to have any feelings. However, finally, they encountered their mother. Their mother happened to be an extremely strong martial artist and since then she was secretly communicating with them, and gradually planted a seed of kindness in their hearts; that's why they were unlike their other brothers and sisters."

Chen Xiang did not expect that they have such a father. He actually treated his sons and daughter as tools! This made him extremely furious.

"The environment they grew up in was very cruel. Even if they had a pretty good talent, they could still be easily killed. Moreover, killed by someone who had the same blood flowing as them — their own blood relatives!" Su Meiyao's voice started to turn angry.

"Then?" Chen Xiang wanted to know more about Bai Youyou.

"Finally their mother was killed by a woman! Their father died during the last Great Battle of the Three Realms..." Su Meiyao didn't go on, she found out that she had said too much.

### [Chapter 0346 - A Rare Smile](#)

Su Meiyao didn't come out, but Chen Xiang obtained one very crucial information — Bai Youyou and Su Meiyao were someone who had experienced the Great Battle of the three Realms a hundred thousand years back, in other words, their strength was very terrifying, far more than he had imagined.

Chen Xiang was not stupid, after some line of thinking, very soon he was able to deduce that the person who lured Bai Youyou and Su Meiyao to the Immortal and Devil Cliff was very likely the same woman who had murdered Bai Youyou's mother!

However, for the sake of some blood pact, that woman had not killed Su Meiyao and Bai Youyou. She just stripped off their clothes, took their everything and injured them heavily!

"Don't think too much, you're currently facing the fast approaching great catastrophe, it's nothing you can joke about, you need to focus on that!" Su Meiyao let out a light sigh.

Bai Youyou and Bai Ziqian, the two hugged for a long time, also cried enough in their lifetime. They both looked at Chen Xiang with a gratified look in their eyes.

"Don't worry, Sister Youyou is my benefactor, if not for her I won't be standing here!" Chen Xiang waved his hand and said.

"Elder sister, what are you planning to do next?" Bai Youyou asked.

"I'll go back, the Great Battle of the Three Realms is about to start! I've been sealed for a hundred thousand years, I must restore my strength as soon as I go back. I've missed last time, this time I'm not going to miss it again! I will not let those Demon Domain guys go." Bai Ziqian ruthlessly said.

Imprisoned for a hundred thousand years! Chen Xiang reckoned that when the Suppressing Devil Divine Exercise fell to the Mortal World, she was suppressed here.

"Sister Ziqian, who imprisoned you down here? When I learned the Suppressing Devil Divine Exercise, it reminded me to break the obelisk, and that's why you were able to come out." Chen Xiang could not help but stare at Bai Ziqian's chest which not too long ago had been ruthlessly kneaded by him.

Thinking of this point, Bai Youyou suddenly shimmered in anger. However, she knew Chen Xiang was not a bad guy, and he was also her benefactor. It was all because of him that she and her younger sister were able to break past that one barrier in their relationship, leading them to finally accept each other!

"I don't know who that guy was, I only know that the Suppressing Devil Divine Exercise originated from his hands. And as I was defeated by someone who had the Suppressing Devil Divine Exercise once, I sought him out to discuss the Suppressing Devil Divine Exercise, I wanted to know why in the bloody hell did I lose!" When Bai Ziqian spoke till here, her whole face was red in anger, yet the look in her eyes was completely opposite, there was a sliver of fear in them.

"Using just one finger, that guy had defeated me, and so I agreed to be sealed inside the giant obelisk and was imprisoned until today!"

Bai Ziqian suffered defeat under a finger, the owner of that finger was terrifying indeed, even Long Xueyi was feeling surprised.

"Someone's here, it's the double-headed worm." Long Xueyi said with disgust.

Chen Xiang hastily told Bai Ziqian, "The Double-Headed Snake Demon is coming. We have created no small commotion earlier, this guy must be coming here because of that."

"Double-headed Snake Demon? I'll take care of it. After I've dealt with it, I'll take my leave!" Bai Ziqian indifferently said.

Seeing such confidence coming from Bai Ziqian, Chen Xiang heaved a sigh of relief, "Sister Ziqian, not only are you beautiful, you are also so formidable. Thank you for your help!"

Bai Ziqian harrumphed lightly, but Chen Xiang's compliments had put him in her good grace. At least in her opinion, Chen Xiang was the first person to compliment her. Generally, others upon seeing her, they would either avoid her like a plague, or attack brutally, and if not then they would not dare to raise their head, not to mention speak anything to her.

Now she knew why Bai Youyou placed all her hopes on Chen Xiang because she even thought that Chen Xiang had a strange kind of charisma which was totally unlike anyone else.

"Sister Ziqian, where are you going? How about you stay here for a couple of days?" Chen Xiang walked over to Bai Ziqian and took Bai Ziqian's jade-like hand and said while shaking her hand, "Please stay a few days to accompany Sister Youyou!"

"No, my time is very tight! If I'm not wrong, that Su surnamed seductress is certainly beside her, they are totally inseparable." Bai Ziqian firmly declined as she threw Chen Xiang's hands away. She had a strange kind of feeling; she did not expect that a man would actually take the initiative to pull her hand.

Chen Xiang was very curious why Su Meiyao did not come out to meet an old friend. Surprisingly, she nested inside the ring.

Bai Ziqian was indeed in a hurry. She lightly waved her hand as a giant cave appeared before her yet it didn't produce the slightest of vibration or even an iota of broken stones. Chen Xiang was stupefied by her strength, he reckoned that such a feat would be impossible for Gu Dongchen.

As the giant cave opened wide, Chen Xiang and the others could see the group of half-human-half-beast creatures outside. Bai Ziqian on seeing this slightly frowned, "The Demon Domain creatures are so ugly, go to hell!"

While speaking, her cold and empty voice sound burst out with sonic waves one after another which shook the air as they rippled through the cave up to the other end.

Chen Xiang felt as if the space in front of him was distorting. Those countless of evil demons were smashed to pieces under those space ripples, they didn't even have the chance to let out a final cry before they die.

It only lasted an instant, yet the Evil Demons in front had been wiped out by Bai Ziqian. Chen Xiang's jaw dropped, this scared the hell out of Chen Xiang, his hands involuntarily seized Bai Youyou's jade-like hand; he was utterly terrified.

Only the Double-Headed Snake Demon remained standing in front, his two hideous heads were brimming with fear, his whole body was laden with wounds. Although he had survived, his big body had been torn by that power.

Bai Ziqian seeing the dreading appearance of Chen Xiang felt very happy. In a flash, her figure disappeared and reappeared behind the Double-Headed Snake Demon. Her pair of jade-like palm burst out with a Purple Qi which completely wrapped her palms as she struck towards its two heads.

After her pair of palms landed on the two heads, purple blood suddenly overflowed, at the same time, Bai Ziqian flung her purple hook as it penetrated the Double-Headed Snake Demon's chest.

Seeing the Double-Headed Snake Demon suddenly lying on the ground while letting out heartbreaking shrills, everyone had goosebumps.

"My poison is still useful!" Bai Ziqian proved that she still had poison on her hook, thereby, she smacked a palm against the Double-Headed Snake Demon as it blasted into nothing, not even a dreg remained.

The Double-Headed Snake Demon was at least in the Nirvana Realm, yet he was so easily killed by Bai Ziqian. This kind of departure was very daunting to Chen Xiang.

"Sister Youyou, your elder sister is very powerful!"

Chen Xiang let go of Bai Youyou's hands, which made Bai Youyou coldly snort. Glancing at the redness that was left on her jade-like hands due to being tightly grabbed by Chen Xiang, she snorted and said, "Truly useless, this is just the tip of the iceberg.

With a flash, Bai Ziqian arrived beside Bai Youyou and coldly looked at Chen Xiang, "If you dare to bully my sister, I will certainly peel your skin!"

After she finished threatening Chen Xiang, Bai Ziqian warmly looked at Bai Youyou and hugged her before gently speaking, "Younger sister, elder sister has to leave now. If I stay here for a long time, my power will be restricted and my strength will also decline. I am afraid that we will only see each other during the Great Battle of the Three Realms, please forgive me because I can not stay here with you!"

Bai Youyou said in a gentle tone, "Sister, it doesn't matter, I have a friend with me here. All my life, I am truly happy now. I now realized what's the meaning of life, you don't need to worry about me!"

Bai Youyou glanced at Chen Xiang and smiled, she showed a beautiful smile. Chen Xiang thought that the best thing he had obtained during this trip was that smile. It was a kind of smile which was full of passion for the future and ardent love for life!

Chen Xiang felt that Bai Youyou didn't need to disperse the Ruthless Devil Exercise because currently the seven emotions and six desires were now completely engraved on her soul.

Chen Xiang also smiled to her, it was a very jovial smile coming right from the heart. Su Meiyao and Long Xueyi also smiled similarly.

### [Chapter 0347 - Gathering of Experts](#)

Upon noticing that her younger sister had changed a lot, Bai Ziqian was extremely happy. Although she knew it was all accredited to Chen Xiang, yet to this little devil, Chen Xiang she coldly snorted. She was still feeling a little pain in her chest, if someone else had done such a vulgar thing, she would have certainly tortured him for a good several thousands of years before finally killing him.

"Younger sister, if possible, please let go of the Ruthless Devil Exercise now!" Bai Ziqian wiped the tears on Bai Youyou's face. Everyone has their own fragile side, the same was true even for the iceberg beauty, Bai Youyou. She was reluctant to part with her elder sister.

"It's not needed, the Ruthless Devil Exercise doesn't pose a threat to me at the moment, I also might not be able to practice it!" Bai Youyou shook her head.

Bai Ziqian heaved a light sigh and said, "Then you have to be careful. Elder sister will leave now, we will meet again later!"

Bai Youyou nodded her head, gave a smile to Bai Ziqian and said, "Elder Sister, goodbye!"

Bai Ziqian kissed her forehead, smiled and waved her hand. Immediately a tear appeared before her as she stepped into the rift and disappeared.

It was quite rare to see Bai Youyou acting like a little girl. It could be regarded as an eye-opener for Chen Xiang. After Bai Ziqian left, Chen Xiang imitated Bai Youyou's ordinary girl-like shy tone and said, "Elder Sister, goodbye!"

Listening to this Su Meiyao burst into laughter, while Bai Youyou tenderly harrumphed and rushed over to Chen Xiang and smacked him before returning to the ring.

"Is this space tear?" Chen Xiang looked at the gradually disappearing rift and said with emotions.

"One day you can also do it!" Bai Youyou replied. Now she turned a lot more lively, though she still had a cold look on her face. However, it was because she had lived like that for so many years, and it was not going to change now. But at least while talking to Chen Xiang, her tone is a lot warmer such that it didn't make anyone else feel repugnant.

Even if she remained the same, no one would find her detestable as she was still a big beauty and her voice was pleasant to hear. Currently, Chen Xiang was finding it a little difficult in getting used to her new change.

Chen Xiang now remembered that he had already spent more than three months in here. Although a lot more Evil Demons had arrived in these three months, they had all been annihilated by Bai Ziqian. Which relieved a lot of pressure from Chen Xiang.

He turned into a little bird and trace his road back. Once in awhile, he would chirp because he was feeling happy and also he was enjoying the break he was getting while flying.

"Sister Meiyao, why didn't you come out to meet Sister Ziqian?" Chen Xiang asked.

"There is a little problem between us, that's why I didn't want to meet her!" Su Meiyao tenderly harrumphed as she replied.

"What problem? Can you tell me?" Chen Xiang curiously asked.

"Cannot!" Su Meiao flatly refused, which made Chen Xiang even more curious. He knew it was going to be like this, but he still wanted to give it a try.

Chen Xiang flew out of the One Hundred Thousand Devil Mountain. Although many of those Evil Demons had been killed, in the future, more would arrive. Moreover, the large formation was still active, however, as the Double-Headed Snake Demon was already dead, there was no one to control the array. The barrier would now slowly lose its effect, he was now regretting that he didn't ask Bai Ziqian to destroy it.

After returning to Tianmen City, Chen Xiang discovered that the city had actually become very lively. After inquiring about it, he came to know that because the Hero Assembly was going to be held soon, disciples of various sects and clans had arrived here, and major sects of other mainlands were also arriving one after another to discuss how to deal with the approaching catastrophe.

Chen Xiang returned to the Extreme Martial Sect. As soon as he stepped into the main gate, Gu Dongchen suddenly appeared before him.

"Fantastic, I thought you were dead! Otherwise, I might have been pestered to death by Liu Menger." Gu Dongchen heaved a sigh of relief as he dragged Chen Xiang to the Extreme Martial Mysterious Realm.

Inside the private room, only Chen Xiang and Gu Dongchen were inside. Chen Xiang organized his hair which had become messy because Gu Dongchen flew too fast.

"Although everyone who was sent to investigate had returned, they didn't find anything. You, on the other hand, stayed there for more than three months, what did you find?" Gu Dongchen hastily asked, "Representatives of the other mainlands are coming one after another, if we didn't have any information, they will surely laugh at us."

Chen Xiang pursed his lips and said, "If they have guts, they can give it a try! The situation there is not very optimistic..."

From the crack in the space to the many small Evil Demons arriving at the Mortal World, Chen Xiang told everything to Gu Dongchen, of course not the part regarding the Suppressing Devil Divine Exercise and Bai Ziqian.

"Did you set the fire yet?" Gu Dongchen felt that the situation was very serious. However, after he came to know that the powerful Double-Headed Snake Demon was dead, he heaved a sigh of relief because very soon the barrier would break.

"Let me rest a little bit, I have killed too many Evil Demons, otherwise why do you think I stayed there for so long?" Chen Xiang said.

After Gu Dongchen got the useful information, he was filled with joy. He knew that sending Chen Xiang there would definitely lead to a great harvest. However, because of this Liu Menger sought him every day or two to ask him about Chen Xiang's whereabouts.

"Young Martial Uncle, you are truly something. It seems that Liu Menger already loves you wholeheartedly. When she knew that you have not come out after so long, she was worried to death. You should quickly see her! She is inside the Divine Weapon Shop of Tianmen City. Apparently, she has also brought your wife. Sigh, young martial uncle has a really good fortune with girls." Gu Dongchen could not hide his envy as he looked at Chen Xiang.

Chen Xiang kicked him before quickly leaving the Extreme Martial Sect for the Divine Weapon Shop. As soon as he stepped into the shop, he saw a couple of boys wearing a gorgeous dress sitting on some chairs. They all were very handsome. They were no different than any girl; dressed very clean, a precious jade hung on their waist and a fan in their hand.

"Truly formidable, True Martial Realm 7th level, 8th level guys! Moreover, their True Qi is very vigorous and pure, it looks like their background is very good!" Chen Xiang was secretly shocked upon discovering their strength.

Chen Xiang for the first time arrived at the Extreme Martial Sect's Divine Weapon Shop. The people inside only thought that he was a little familiar, but they couldn't put their finger on it. They didn't recognize him because the dress he wore was rustic, his hair was a mess, moreover, he also had a beard. Who would associate him to the all famous Chen Xiang?

Now he was titled as the strongest youth of the Chenwu Mainland, the youngest and fiercest alchemist. He was the idol of many young martial artists.

"I'm looking for a person." Chen Xiang said in a low voice. He didn't want to take the Divine Weapon Heavenly Empire's token. Lest others misunderstand his and Liu Menger's relationship because now he realized how rare this token was.

He ran straight from the Extreme Martial Sect and didn't have the time to put any disguise. He was afraid that Liu Menger might have left for the One Hundred Thousand Devil Mountain to look for him. When he arrived here, he didn't sense Liu Menger or Xue Xianxian, it seemed that his divine sense was blocked by some powerful barrier.

"Are you also looking for Xue Xianxian? I advise you to go back and dress up, or do you want her to see you like this? And you have to line up too." A man sitting nearby stared at Chen Xiang with a look of disgust as he ridiculed.

Chen Xiang touched the hard beard on his chin, smiled and said, "Brother why are you looking for Xue Xianxian?"

"Of course to marry her, didn't you also come here for the same?" The purple robe man sneered.

Chen Xiang suddenly burst into laughter. While laughing he loudly shouted, "Xianxian, come down for me, someone's here to marry you! These guys have been waiting for you for a long time!"

## [Chapter 0348 - Get Together](#)

Chen Xiang was now treated like an idiot by those couple of youths sitting inside the Divine Weapon Shop, but soon they found out that they were idiots themselves. Because Xue Xianxian that they have been waiting for a long time, much to their dismay, had actually come down. She wore a light green longuette, along with a pure and enthralling beauty and an enthralling charm, she looked extremely tempting.

While laughing tenderly, she very jovially came next to Chen Xiang and pulled Chen Xiang's arm. They appeared to be very intimate.

Chen Xiang pinched her cheeks, smiled and said, "How can you do this? Everyone have come from far away to marry you, you should at least meet them!"

Chen Xiang glanced at those youth and smiled. Those handsome youths were dumbfounded, no matter how much they smashed their head, they could not understand why their legendary fairy was so intimate with such a rustic guy. This made them angry and jealous.

"I have already met them three times, but they still haunt me!" Xue Xianxian harrumphed lightly.

"Who are you?" One of the youth asked with a frown. He seemed to be unwilling to accept this. But after thinking about it, the youth believed that he had the strength to have everything, not to mention, he was extremely rich; it should not be too difficult to pursue Xue Xianxian.

Chen Xiang smiled and said, "I'm her husband — Chen Xiang!"

Chen Xiang! Upon hearing these two words, those youth were all surprised for a moment. This time Chen Xiang noticed that these youths were the outstanding youngsters from the other mainlands.

"You are the rumored first youngest martial artists of Chenwu Mainland?" A white robed youth said with a look of despise. In his opinion, although Chen Xiang was not as handsome as him, at the very least he should be someone with grace and elegance.

"The one and only!" Chen Xiang lightly smiled and said, while caressing Xue Xianxian's cheek with his fingers. Xue Xianxian also naughtily pinched his face, the two who were right in front of them, were flirting, which made these several youths from overseas green with envy.

"Brother Xiang, let's go up! Don't talk to them." These days Xue Xianxian had been very annoyed from all these pesterings, not to mention, there had been no news about Chen Xiang, she was extremely worried about him. At this moment she was feeling very happy after meeting with him.

"Chen Xiang... if you are a man, duel with me!" The purple robe youth shouted.

Xue Xianxian turned her head, tenderly laughed and said, "First go to the Free Immortal Sea and defeat Xiao Chou, then think about fighting with Brother Xiang! Brother Xiang had fought with that little guy and put him to bed for a month!"

Chen Xiang was dragged by Xue Xianxian up the stairs and came to the top floor. While those youths all stood dumbfounded at their place. Free Immortal Sea's Xiao Chou, he was one terrifying guy, moreover, he was also from Ancient Herculean Family. After disciples of other mainlands arrived here, they immediately sought powerful martial artists of the Chenwu Mainland to challenge. They all wanted to

establish their sect's prestige by showing their strength, but many of them had fallen under Xiao Chou's hands; several of them have been injured by him.

Chen Xiang had won against Xiao Chou, moreover, put Xiao Chou in bed for one month, this speaks for his strength itself! Thinking of this point, these youths dejectedly left.

"Hello, Sister Menger!" Chen Xiang mischievously smiled and said, while still embracing Xue Xianxian, which made Li Menger snort.

"Good, you are alright, this little girl has been jumping up and down for you!" Liu Menger said.

Chen Xiang smiled, "She turned out to be so anxious, Dean told me that Sister Menger has also been running around to Extreme Martial Sect once in awhile."

Xue Xianxian sniggered, "That's because I had asked the teacher to ask about you."

Xue Xianxian didn't know about Chen Xiang and Liu Menger, which made them feel a little guilty. But they didn't know how to face this, so they can only let nature take its course.

Liu Menger knew that the couple had the chance to meet after a long time, they were certainly going to get intimate, so Liu Menger left them alone on her own accord.

Seeing Liu Menger leave, Chen Xiang and Xue Xianxian, both grinned. Xue Xianxian flushed red as she narrowed her eyes and said, "Brother Xiang, when I and younger sister Youlan were training, you have sent so many things. You are truly formidable!"

Chen Xiang stuck his tongue out and started sucking Xue Xianxian's tongue. The two would occasionally chat while kissing and sucking each others tongue. Which made the peeking Liu Menger secretly scold Chen Xiang and Xue Xianxian, they were unexpectedly having such fun.

"Teacher, does it feel good to do such things? Do husband and wife act like this?" Leng Youlan suddenly asked, which scared the wits out of Liu Menger. She lowered her head to look down and realized that a white haired beauty was peeking too.

Liu Menger was shocked as she realized that she was too engrossed from watching Chen Xiang and Xue Xianxian, her face flushed red to her ears. Moreover, she had also been discovered by Leng Youlan.

"I don't know. Seeing them laughing so happily, it must feel very good." Liu Menger replied with a flushed face. Leng Youlan was oblivious to this, so she was very curious and wanted to give it a try.

Liu Menger didn't dare to peek again, but at this time Leng Youlan once again said in a low voice, "Their mouth are pressed against each other as if they are sucking each other, what's up with them? Are they cultivating?"

Liu Menger nibbled her lips, but also quietly peeked through the seam of the door. She too had french kissed Chen Xiang. Once she had kissed him, and now she was watching others kiss him, which made her heart itch. This kind of thought also made her suddenly feel extremely shy, she secretly envied Leng Youlan who didn't understand the matters between a man and a woman.

"Brother is very bad, he is actually touching Sister Xianxian's breasts, very shameful!" Leng Youlan said in a low voice. Liu Menger silently glanced at her, she didn't expect Leng Youlan to actually know that touching there was something immoral.

"This little rascal!" Liu Menger spat on the ground. Her bosom too had been seen by Chen Xiang, and also had been groped by him once.

Chen Xiang after groping Liu Menger and Bai Ziqian realized the pleasure in that wonderful place. Now with his own wife, he was lightly rubbing her bosom while passionately kissing her.

Originally Xue Xianxian was feeling a little shy, but thinking that Chen Xiang was her husband, and they had known each other well since childhood, she didn't object it. After all, they were husband and wife, which allowed Chen Xiang to enjoy her forbidden and wonderful bosom...

Chen Xiang touched and kissed Xue Xianxian for a long time. Only when he was satisfied did he let go of Xue Xianxian.

Xue Xianxian's face was a little rosy, watching this graceful and otherworldly little fairy have such an appearance, Chen Xiang lasciviously smiled.

"Brother Xiang, you finally grew up." Xue Xianxian tenderly laughed and said, then leaned on Chen Xiang's arms while recalling the happy things from their childhood.

Chen Xiang caressed her silky hair and sighed, "Yes, the more we grow up, the more worried we get! However, in order for us to be happy together in the future, we now have to do everything we can!"

Xue Xianxian nodded her head, "That's why I can not be worse than Brother Xiang. I am now very powerful! Youlan is also here, Brother Xiang, you should also meet with her, she also missed you very much!"

Chen Xiang with a laughing look in his eyes glanced at the door's seam and grinned. Liu Menger upon seeing this had her face completely red from shame, as for Leng Youlan she was oblivious to the whole matter and felt nothing.

Leng Youlan opened the door and with a flash came to Chen Xiang's side, "Brother, I also want to try licking your tongue, do you and Sister Xianxian are like this whenever you meet?"

#### [Chapter 0349 - Harvest](#)

Chen Xiang and the two girls seldom had the chance to be together. This time they romped playfully, like three naughty children. They had made a mess out of this little room; although Liu Menger criticized them, she still didn't stop them. She just examined those spirit patterns given by Chen Xiang.

"Brother, when are you going to spar with me? I want to know how powerful I am now!" Leng Youlan swayed Chen Xiang's hands as she acted all cute and spoiled, "Please spar with me!"

Chen Xiang knew Leng Youlan was a militant-type girl, but he thought, if he and Leng Youlan fought, he would not be able completely play out his strength, thereby, he would lose against his sister. Although he would just lose against his own younger sister, Leng Youlan would certainly not be happy and this kind of fight would then turn meaningless.

Xue Xianxian also joined on the fun and said with a grin, "Brother Xiang, I also want to fight with you, hadn't we decided this in our childhood that if one day we became powerful martial artists, we must heartily have a bout?"

The corner of Chen Xiang's eyes twitched, he bitterly smiled and said, "Two elder sisters, please spare me, to be honest, if I fight with you, I'll definitely lose!"

"How will that be possible? Last time I heard when you fought with Beast Martial Sect's Yan Yanran, you were merciless, moreover, your means were also very sinister." Leng Youlan hugged her chest with both hands as she intently stared at Chen Xiang. She was a little unhappy because Chen Xiang refused to comply with her wish to fight.

Chen Xiang shook his head and sighed, "How can you say that I am sinister? I didn't even hit her face, just from this, it is evident that I have been lenient and only used light means. I am someone who has compassion for females and will not use a heavy hand on them. If I fight with you, I cannot completely unleash my strength. If I went all out, I might ruin you which will break my heart."

"Let's ask the teacher to watch so that if something happens she could prevent it." Xue Xianxian had a naughty smile hanging on her face. Evidently, she very much wanted to thrash Chen Xiang during the bout.

Chen Xiang was dumbfounded. He discovered that due to Xue Xianxian being with Leng Youlan for a long time, she too had turned violent. Leng Youlan was naturally a violent girl, only in front of someone she is closed with would she act a little cute. Otherwise, by virtue of her wild character, she would definitely provoke no small amount of trouble.

"It is still not possible. If in a million chance something unexpected happened, I will regret it for the rest of my life." Chen Xiang shook his head. No matter what, under any circumstances, he was not going to fight the two. It gave him a kind of a bad feeling, especially after seeing the naughty smile on Leng Youlan and Xue Xianxian's face.

Liu Menger indeed understood Chen Xiang, she came to his rescue, "If you two want to fight, I can take you to those little guys from the other mainlands, but you are not allowed to lose!"

"Elder Sister Liu, seriously? I will definitely not lose, quickly take me!" Leng Youlan excitedly said. Chen Xiang knew someone was going to have a bad luck.

Xue Xianxian rolled her eyes, chuckled and said, "Youlan, how about we joust for a spouse? Whoever won against us can marry us!"

Upon hearing this, Chen Xiang turned pale from shock, he hurriedly said, "How can you do this? You are my wife."

Seeing Chen Xiang so anxious, Xue Xianxian giggled and said, "Of course I know, I'm helping Youlan find her husband. This is a good opportunity as powerful martial artists from the other mainland are here."

"That won't do, I am Youlan's brother, her marriage must not be so hasty!" Chen Xiang resolutely said.

Leng Youlan smiled and said, "I think this method is good, let's give it a try!"

Liu Menger walked over and smacked Xue Xianxian and Leng Youlan's head, and criticized them "Don't talk nonsense. don't you want to fight others? There are many people who have come to the Divine Weapon Heavenly Empire as guests, I only let you come here so that you can check up on this brat, because of that I have even postponed my meeting with them."

Xue Xianxian naughtily stuck her tongue out, smiled and said, "I know, the teacher is a big beauty and famous even overseas. As soon as those guys came to Chenwu Mainland, they first visited the Divine Weapon Heavenly Empire as guests, didn't they came just to see teacher!"

"Little girl, you have got a lot of lip!" Liu Menger pinched Xue Xianxian's cheeks, then said to Chen Xiang, "Over time people had started to gather for the Hero Assembly which is going to be held here in the Extreme Martial Sect. These two had just broken through, that's why their hands were itchy."

Chen Xiang nodded his head, he was a little disappointed, that he didn't get the chance to get intimate with Liu Menger.

Liu menger left Tianmen City with the two girls, Chen Xiang too returned to the Extreme Martial Sect.

Although there were many people in the Extreme Martial Sect, it was less than the Divine Weapon Heavenly Empire as those Deans from overseas went straight to the Divine Weapon Heavenly Empire after coming to the Chenwu Mainland.

"A beautiful refiner is really different, no matter where it is, they are the most popular." Su Meiyao laughed.

"Isn't a beautiful alchemist not so different? For example, Sister Meiyao, hei hei."

Chen Xiang returned to the Extreme Dan King Courtyard and encountered Wu Qianqian. They chatted for a while, he inquired about Yun Xiaodao and the others, and he came to know that they are doing intense and brutal training, they were all in King Martial Courtyard.

Wu Qianqian was also very busy, not only she had to take some time out in order to refine various dans to improve her alchemy skills, she also had to keep up with training laid out by the King Martial Courtyard. That was why she didn't chat too long with Chen Xiang and left soon after.

"She is progressing very quickly! In the future, she will definitely become one astonishing girl." Long Xueyi said. Last time she had imitated Chen Xiang's voice and played with Wu Qianqian.

The Extreme Dan King Courtyard was shrouded in a silence all day, Chen Xiang was already accustomed to it. However, he was now missing Elder Dan.

"The Azure Profound Fruit had already matured, fantastic, there are so many Azure Profound Fruit!"

Under the dark curtain of the night, Chen Xiang sat on the roof, watching the various herbs and flowers in the herb garden exuding a beautiful radiance. Watching the herb garden, he was dazzled, he was in a very happy mood.

From the Azure Profound Tree he had harvested forty fruits, and the two trees that were planted recently only bore twenty fruits! He knew that after these thee bore fruits a few more times, they would also be able to bear forty fruits.

Now he had altogether harvested sixty Azure Profound Fruits! In other words, he could refine sixty sets of Building Foundation Dans, every time he refined one set, it would be four Building Foundation Dan, altogether it was 240 dans. So many Building Foundation Dan would drive any sect mad, no matter how big they are.

"Later whoever messed with father, the father will smash him using the Building Foundation Dans!" Chen Xiang started laughing as he shouted.

"Quickly grow some Five Elements True Elemental Dan herbs. This dan has a very big advantage for you now, with the help of them you can cross the True Martial Realm. Even if you are in Extreme State, it will still be greatly useful to you." Su Meiyao said.

He still had a set of Five Elements True Elemental Dan herbs. Elder Dan had helped him in collecting most of them, he had been wanting to thank Elder Dan, but there was still no sign of her.

The Five Color Profound Fruit can grow into a tree, while the Five Leaf Grass can produce grass seeds and the Five Color Lotus could also be used to sprout lotus seeds, as for the Colorless Lingzhi, it gave Chen Xiang a headache.

"It's simple, cut it into pieces and bury it under the soil, then you simply have to water it down using the Dragon Saliva, and before you know it they will grow." Su Meiyao explained. In regards to this, she was very experienced.

Chen Xiang didn't expect that the Colorless Lingzhi was actually planted in such a simple way. He was elated, he began planting the Five Elements True Elemental Dan herbs.

#### [Chapter 0350 - Reclusive Alchemy Training](#)

Chen Xiang concentrated on planting his spirit herbs but just two days later, Wu Kaiming came looking for him and told him that someone wanted to challenge him. However, he flatly refused it.

"In the future, if such kind of guys come looking for me, tell them that if they want to fight with me — first go and defeat Free Immortal Sea's Xiao Chou and Beast Martial Sect's Yan Yanran, They can come to me after that. Father can refine several sets of dan in the time it takes to fight with one round. Such a waste of time."

Since his return from the One Hundred Thousand Devil Mountains, many martial artists had come forward to challenge him, there were some who came to challenge him in martial arts and some in alchemy. However, he turned a complete blind eye them, and just concentrated on planting his spirit herbs.

He was not just planting the herbs, he was cultivating too. After tending to the spirit herbs during the day, he would then begin cultivating the Tai Chi Subduing Dragon Exercise to enhance his True Qi, at the same time cultivate the Nine Turn Dragon God Technique to cultivate his Divine Soul. And at night he would also congeal Golden Dragon Saliva.

If there is still some time he would train some martial techniques or refine some Building Foundation Dans, in other words, his schedule was completely packed.

"Little Dragon, since my Divine Soul is a little bigger, will the 72 Transformation and Heavenly Dragon Seal be a little stronger?" Chen Xiang asked. Last time he had seen Long Xueyi cast the Heavenly Dragon which was much stronger compared to his.

"72 Transformations mainly focuses on the utilization of Spiritual Energy. When your Spiritual Energy has reached a certain degree, as well as when you are a little more proficient in its utilization, you can transform into some stronger creatures. Now you should be able to transform into cat, dog, pig and fish like creatures. If you want to transform into a tiger, you are still lacking. You think about what you want to transform into. if you don't understand something, you can ask me." Long Xueyi replied.

When he thought of practicing transforming into a pig and dog-like animals, Chen Xiang was secretly unhappy in his heart.

"Little girl, are you joking with me!" Chen Xiang grunted, "What's the benefit in transforming into a pig? After I transformed into a bird, I'll have the ability to fly, transforming into a fish will help me hide in water, transforming into a gopher will allow me to dig holes. What's the fucking use in transforming into a pig or a dog?"

Long Xueyi giggled and said, "You are not stupid! After transforming into a bird, you can peep on people taking a bath, as a fish you can peep from inside the water. You thought quite well."

"Dead girl, this is your words, not mine, if you hadn't told me, I would not have known that turning into a fish has such advantages?" Chen Xiang scoffingly said.

"I'm not joking with you, 72 Transformation has always been to learn and apply pragmatically. Learn whatever you can transform! Not only you can transform into small animals or something, you can also transform into chair, table, trees and among other things. Wait till your Spiritual Energy has reached a certain degree, then I'll teach you." Long Xueyi said.

Chen Xiang was now training to transform into a fish. Since he had used the Spiritual Energy to create an invisible alchemical furnace, his utilization of Spiritual Energy has advanced a step. It had become very easy to learn to transform into other things. In a short while, he was soon able to transform into a carp and swim in the water.

"When you go to Lotus Island, you can transform into a fish and sneak deep into the sea to search for crystal mines. The Emperor Crystal can't be wasted." Su Meiyao smiled and said.

After acquiring the Emperor Crystal, Chen Xiang had not used it since then. Thinking of the countless crystal mines in seas under Lotus Island, he couldn't wait to leave and start looking. He only wants top-grade crystal stones, others he didn't even care.

In this period, Chen Xiang felt very enriched. Although he had no small amount of pressure bearing down on his shoulders, however, these days passed very well. This month he had learned to transform into other animals. Some didn't even have a practical use, but it made him a little proficient in the 72 Transformation.

"Five set of herbs! If successful, these are fifty-Five Elements True Elemental Dan!" Chen Xiang was also a little surprised because the Five Elements True Elemental Dan herbs grew very quickly; much faster

than he had previously imagined. Of course one of the reasons was that his progress in strength increased the ripening speed of Golden Dragon Saliva by a lot.

Inside the private room, Chen Xiang took out the Brilliant Flame Dragon Furnace! This one month he had been refining the Building Foundation Dan and Hundred Beasts Dan using the Refining Simulation Technique in the Brilliant Flame Dragon Furnace."

Because the timing in the Brilliant Flame Dragon Furnace was different from that of Illusionary Brilliant Furnace, he had to be familiar with the Brilliant Flame Dragon Furnace, only then could he make accurate calculations. From the experience that he gained using the Illusionary Brilliant Furnace, he very easily became proficient in using the Refining Simulation Technique along with the Brilliant Flame Dragon Furnace.

The Illusionary Brilliant Furnace was created using the Spiritual Energy and he had always used his divine sense to check it. As for the Brilliant Flame Dragon Furnace, he didn't need to do anything extra, he could naturally spend his complete divine sense to carry out the calculations.

In order to lay down a better foundation for the Refining Simulation Technique, no matter whatever dan Chen Xiang was refining, he would use the Refining Simulation Technique. It was what Su Meiyao suggested him to do because refining higher level dans were even more difficult. Even if he used the Refining Simulation Technique, he could very well fail. Now that he has a good foundation, it would have a great advantage in the future.

With the help of Brilliant Flame Dragon Furnace, he could speed up the refining process. However, if he slowed down a little, his rate of success would be higher; especially when refining an unfamiliar dan like the Five Elements True Elemental Dan. He had no room for mistakes; although he could grow a lot of herbs, if he didn't succeed, it would still be painful.

He still clearly remembered the entire process of refining Five Elements True Elemental Dan which he had refined during the alchemy tournament. As he already succeeded once, the next batch of refining would be a lot easier. The calculations for the subsequent refining was also a lot easier, unlike the last time when he had an excruciating headache.

After half a day, Chen Xiang was successful in two consecutive batches. Since he was not in any competition now, his speed was also very slow, moreover, he also took a long break in between. At this moment, he had even more in-depth experience in refining the Five Elements True Elemental Dan. The Five Elements True Elemental Dan was but a high-level dan and very difficult to refine yet he had not failed in refining it, not even once.

After all, every dan he had refined in the past, he had always failed many times before finally succeeding; such that every time he suffered a loss, a large number of herbs was lost. And now as he had mastered the basics of Refining Simulation Technique, he could avoid these losses. He estimated that in the future, after a couple of failures, he would be able to successfully refine new dans. However, if he wanted to refine higher-level dans in the future, the herbs required would all be incredibly precious.

"Twenty Five Elements True Elemental Dan! I'm afraid that even if I swallow all of them, I may not be able to step into the 7th level of True Martial Realm. Later it is going to be increasingly difficult to

advance further!" Chen Xiang was lying on the Extreme Dan King Courtyard's lawn and looked at the blue sky. The scenery inside the Extreme Martial Mysterious Realm was always very pretty, it would always clear his mind which would allow him to do other things calmly.

Bang Bang Bang!

Someone was knocking at the door. Upon hearing the knocks Chen Xiang knew it was Gu Dongchen.

He sluggishly stood up, stretched his tired body before opening the door.

"What's the matter?" Chen Xiang gave a yawn. The recent refining of dans had left him a little tired. Among all the disciples in the entire Extreme Martial Sect, only he would dare to act like this to his Dean, he didn't have an ounce of courtesy.

"Let's talk inside!" Gu Dongchen directly went inside and Chen Xiang led him to a private room.

Chen Xiang casually got a glass of drinking water for Gu Dongchen and said, "If you came here to ask me to fight or compete in alchemy, then forget it, I'm not free!"

"Don't worry, after the Herculean Family's little monster became your shield, lesser and lesser people came looking for you. However, that little monster's reputation is now greater than before! That little rascal is clamoring that you had beaten him before by luck, he said he wasn't in his best condition, in short, he is coming up with various reasons to deny the fact that you won!" Gu Dongchen shook his head and said, "This is nothing, what is even more infuriating is that many guys actually believed him."

Chen Xiang didn't agree, smiled and said, "Little Featherhead, are you goading me to come out? Forget about it, I am now preparing everything for the upcoming catastrophe. Only the winner will have the last laugh, now if by chance I get seriously injured and my cultivation came to a stand still, then it will be very troublesome."
