

## Dan God 3411

### [Chapter 3411](#)

Chen Xiang handed enough Crystal emperor over to the Night lone wolf, then walked towards the forbidden grounds.

The forbidden grounds were just a small mountain. There was a cave in the small mountain, and inside the cave, it was pitch black, so Chen Xiang couldn't see what was inside. When Chen Xiang wanted to enter, he saw a small mountain about two to three feet away from him.

When he came in contact with the power, Chen Xiang felt like his body was struck by lightning.

"There's actually a Spirit Formation here? I actually didn't discover it." Chen Xiang was very surprised. In the past, if he encountered a barrier or something like that, he would definitely be able to discover it immediately.

But this time, he didn't notice it at all.

Feng Ke'er had already gone into closed door cultivation to comprehend the Tao-creation's incantation, so he could not let her come out immediately, and could only give it a try himself.

In the past, he could always easily pass through various barriers with this kind of power, but this time, he failed.

Even though he had failed, Chen Xiang saw a glimmer of hope, because when he was using it, he could clearly feel that he could open up a bit of an invisible spatial rift. It was just that the Time and space power he was releasing at this moment was not enough.

He had a spatial World Defying holy soul, but it was very young. He could obtain a certain amount of spatial power from the Space holy soul, but the spatial laws were very strong in this place.

"I don't have enough strength!" Chen Xiang said to the women inside the You Yao Mountain Villa: "Help me, transfer most of your energy into my body. I'll try to see if you can pass through this barrier after transforming into spatial energy."

Su Meiyao and the others immediately released their strongest powers and channeled it to Chen Xiang.

They were originally inside Chen Xiang's Divine Sense Sea World, so the power they released could easily be absorbed by Chen Xiang.

After Chen Xiang absorbed their powerful energy, he immediately activated his Time and space power.

"It's working!" Chen Xiang frowned as he continued to increase his spatial energy. He could feel that the spatial cracks on the barrier were growing larger bit by bit.

The girls continued to release their power while Chen Xiang crazily absorbed them, transforming them into his own Space holy soul to increase the number of cracks in space.

"I'm about to succeed!"

Chen Xiang let out a muffled shout, and finally opened up a spatial crack large enough to strike at him. It was also at this moment that he arrived at the entrance of the cave in an instant, as he had already succeeded in penetrating the barrier.

"It's really difficult! Without the Time and space power, breaking through this barrier is extremely difficult, so I can only rely on brute force." Chen Xiang felt that even if it was the peak of the Aoshi Holy Stage, opening it would still be extremely difficult.

"This doesn't seem like the work of a grandpa." Qin Shuang said: "It's possible that grandfather and Gu Tong jointly arranged it."

"Un, the things that they worked together to create are truly not simple." Chen Xiang exclaimed and walked into the cave.

He took out the illumination stone to illuminate the surroundings. This would make him feel more comfortable. Even if there was no light, he could still sense things through his spiritual sense.

The small mountain was not very big, so this passage was not very deep. However, at the back, Chen Xiang discovered that there was a spiral staircase at the bottom of the mountain.

He had seen this kind of construct quite a few times, building Transmission array s deep underground was also a method of seeking stability.

Before long, Chen Xiang arrived at a stone room. There was indeed a Transmission array there.

"Xiao Shuangshuang, come out and see how you're going to activate this Transmission array!" Chen Xiang called Qin Shuang out.

In the past, Chen Xiang had seen those Transmission array s constructed by Super Yang Old Ancestor s with a groove specially for the Crystal emperor, but this one did not exist.

"Let me see!" Although Qin Shuang was not a Grandmaster of formations, her grandfather was. Since she was young, she had seen quite a few array formations set up by her grandfather.

"This Transmission array was primarily set up by Gu Tong. It does not have the feeling of being set up by my grandfather." Qin Shuang said.

"Can't I open it?" Chen Xiang was a little worried, after all he had gone through so much trouble to get here, if he was unable to open it, then it would be useless.

"Of course not!" Qin Shuang took out a wooden stick and knocked on the stone Transmission array.

Not long after, Chen Xiang saw a spot where the wooden stick had loosened a little after hitting it, although it was very weak and loose, both he and Qin Shuang could see it.

"We should be able to pick it up from here!" Qin Shuang said, then she placed her hand on the spot where she had loosened her hand, releasing a wave of frost from her palm, freezing her palm together with the stone.

She raised her hand and also picked up a heavy stone, placing her stone at the side, then asked Chen Xiang: "Is there any place to place the Crystal emperor below?"

"On both sides of the rock are ... This is truly a troublesome design, can't Gu Tong be like the Super Yang Old Ancestor, and directly leave some grooves on the surface of the array?" Chen Xiang looked and saw that he actually wanted five Crystal emperors.

"Motherf\*cker, they actually want that Crystal emperor!" In order to guarantee the stable activation of the teleportation formation, Chen Xiang had to let go of the best Crystal emperor so that he wouldn't make any mistakes.

"Gu Tong is a guy who strives for perfection. He definitely wouldn't allow things that are full of holes on the surface." After Qin Shuang put down the rock, "That's why he became like this. If there is no hint, it would be really hard to find."

The reason why Qin Shuang was able to find it was because her grandfather had previously mentioned someone setting up the array. He had said that the person had to make a very smooth and beautiful surface, and even hid the grooves that were embedded with energy very well.

"What a weird guy." Chen Xiang snorted: "I can now activate the Transmission array."

This will reduce the burden on the Transmission array and make it more stable. If you teleport over, the first thing you need to do is to conceal yourself. "Su Yun said in a low voice. Qin Shuang warned repeatedly. If the Transmission array was in an extremely dangerous place, Chen Xiang's sudden appearance there would be extremely dangerous.

Chen Xiang nodded, he secretly activated the Counter Power, and immediately hid himself once he successfully teleported over.

After Qin Shuang entered the You Yao Mountain Villa, he penetrated his mind into the Transmission array and activated it.

The Transmission array flashed with waves of golden light, and with a burst of violent trembling, it teleported Chen Xiang away.

... ..

Because his master had also opened the Transmission array this way back then. With just his current strength, Chen Xiang was actually able to enter the forbidden grounds, and even open the Transmission array to head to the fifth floor of the World Defying Stage Soul River!

After Chen Xiang successfully teleported and calmed down, he took a closer look and immediately heard a scream!

"Ah... "Scoundrel!"

"Where did this scoundrel come from?"

"Quickly kill him!"

Chen Xiang was shocked, he was actually teleported to a very shallow round pool, there were a few women bathing here!

[Chapter 3412](#)

Before Chen Xiang teleported, he had thought that he would be teleported to some dangerous place, or a place where people were watching him, such as a plaza, but he never thought that he would be in such a beautiful place.

There was a Transmission array at the bottom of this pool. Somehow, people would treat it as a place to bathe.

Chen Xiang originally wanted to use the Counter Power, but he slowed down a little. The jade-like beauties in the pool just now had all surrounded him, even throwing an array disc to seal off all of his strength.

These five beauties were covered in thin dresses that stuck closely to the beautiful wet jade bodies. They were full of temptation. However, Chen Xiang was not in the mood to watch, because these beauties all had killing intent written all over their faces and held sharp swords in their hands.

"Pervert, how did you get in!" This woman was the tallest, with an exquisite oval face. Her curved eyebrows were tightly knitted, making her appear extremely angry and vigilant.

"Ladies, I didn't see anything just now, really ..." Chen Xiang said, it was true, after he appeared there was a large splash of water, then he heard all kinds of screams. By the time he reacted, the beauties had already put on their muslin dresses and surrounded him.

"You still want to quibble? Do you know who we are? "To actually come here to peep, directly killing you would be too easy on you." A charming woman with phoenix eyes said. Although her breasts were the smallest, they were still very imposing.

It was indeed hard for Chen Xiang to explain now, he could understand why these beauties would do so. After all, if a man suddenly appeared while bathing, it would definitely make them very angry and embarrassed.

"I really didn't see anything. I suddenly appeared from below and didn't see anything. All of you were already dressed." Chen Xiang sighed helplessly.

"Big Sis, what he said seems to be true!" A young and beautiful lady said in a low voice.

"Don't listen to his nonsense, he appeared out of thin air. His goal is very obvious, who doesn't know that this place was bestowed by royal father to us five sisters." The eldest sister with the longest legs bellowed. She controlled the sword to float above Chen Xiang's throat.

"Scoundrel, we've already trapped you with the formation plate and you can no longer move. If you don't cooperate with us, don't blame us for being impolite."

"Alright, how do you want me to cooperate with you?" Chen Xiang said in an extremely helpless tone.

"How did you get here! Tell us honestly. " the long-legged woman demanded harshly.

Only now did Chen Xiang realise that this used to be a belly of the mountain. Perhaps it was because of this Transmission array, but after forming a pool of water, it could gather a lot of energy in the water.

When Chen Xiang was submerged in the water, he could feel the dense Madness soul energy. Furthermore, it was extremely warm.

"Underneath this pool is an ancient Transmission array!" Chen Xiang said: "I came here from the third floor of the World Defying Stage Soul River, I found an ancient Transmission array there, and after opening it, I could have arrived at the fifth floor, but before I opened it, I did not know that all the young ladies were here, otherwise I would not have opened the Transmission array."

This place was heavily guarded and very tightly guarded. There were enchantments on the inner, inner, and outer layers, so the five sisters were very confident of bathing here. But Chen Xiang suddenly appearing out of nowhere made them feel that it was unbelievable. Even with such tight security, he was actually being barged in, so they had to figure out what was going on.

"I don't believe it!" The long-legged woman said coldly.

"If you don't believe me, just get the water here dry. You'll know after looking at it for a while." Chen Xiang said: "If you still do not believe me, I will teleport you all to the third floor of World Defying Stage Soul River."

They often came to this pool, and it was very shallow, only reaching their waists. When they stepped on the ground, they could obviously feel some Spirit grains protruding out of the water, they only thought it was to increase the pool's soul power.

Chen Xiang had to be a little more honest now, because these girls were all very strong. Otherwise, they wouldn't have been able to stop him in an instant.

"Second sister, take the water away, I want to have a look!" The long-legged woman said.

That second sister was the charming woman with the phoenix eyes. She gently waved her hand and the water in the pool began to float before entering a jade bottle in her hand.

"If you want to open the Transmission array, you should need to place energy in it! Myriad Tao Divine Soil Crystals or Crystal emperors, but there are no grooves here." The long-legged woman said.

"If you want me to move, I'll prove it to you." Chen Xiang said: "I believe you guys are very familiar with this pond, but this is the first time I have been here, so you guys are definitely not as familiar with this Transmission array as I am with me."

The few women let the array disc form a seal, sealing Chen Xiang in this pit.

Like what Qin Shuang did before, Chen Xiang released the icy cold power to freeze his hand against a loose rock on the ground. Then, he raised his hand to pick up the huge rock.

"Look!" Chen Xiang lifted up the huge rock: "The dent on top of it was precisely placed into the Crystal emperor! Because the creator of the Transmission array was a person who pursued perfection, he didn't want this kind of crater to appear on the surface of the Transmission array and destroy the overall sense of beauty.

Chen Xiang was now a little grateful that Gu Tong had done this. Otherwise, he wouldn't know how to prove it.

The women were all speechless. They were already that strong at such a young age, and they also had a royal father in their mouths. They were most likely the daughters of an emperor, and they also had all kinds of powerful divine artifacts at their disposal.

"Now, if you don't believe me, I can't do anything about it. If you want me to teleport you all to the third floor of World Defying Stage Soul River, I need several Crystal emperor. I've used up all of them! And when the time comes, I will have to teleport you all back and consume a few Crystal emperor s.

Chen Xiang sighed: "If you still don't believe, then kill me." After he returned the stone to the pit, he sat on the ground with a resigned look on his face.

Of course, he didn't accept his fate like that in his heart. He still had a way to escape, but that would require a lot of strength. If it really wasn't possible, he would have done so.

He had already made up his mind to try his best to resolve the misunderstanding between him and these women. Otherwise, if he were to clash with them and alert the people outside, he would be in a lot of trouble.

These few women ignored him as their eyes interacted. They should be discussing how to deal with Chen Xiang using sound transmission.

After Chen Xiang saw this, he also thought that there was hope and patiently waited.

"Eat this!" The long-legged woman threw a black pill to Chen Xiang.

"What is this?" After Chen Xiang caught it, he did not eat it immediately.

"After you eat a Heart Devouring Pill, if you lie about it, your heart will suffer the pain of being bitten by insects." The long-legged woman said, "After you eat it, we will ask you a question. At that time, you must answer truthfully."

### [Chapter 3413](#)

Chen Xiang frowned, he was deep in thought.

"Alright!" In the end, he decided to eat it.

"What's your name?" The phoenix-eyed woman asked.

"Chen Xiang!"

"Did you really not see anything?"

"I really didn't see anything!" Chen Xiang was calm and composed.

"Is the matter with the Transmission array true?"

"It's true!"

"What is your cultivation level?"

"The peak of the middle stage of Aoshi Holy Stage, I'm about to step into the late stage of Aoshi Holy Stage."

The girls looked at each other. They didn't know what they were going to do next, but it could be seen that they were all relieved. Their chaste bodies were not seen by the man.

"How many women have you harmed?" the long-legged woman asked.

"Not a single one!" When Chen Xiang answered, both Su Meiyao and Long Xueyi let out a "pei" sound.

Chen Xiang finished answering the question, and there was no discomfort at all. He was very satisfied with himself, he had indeed never harmed women before, and it was all thanks to you and me.

"Then do you have any ill intentions towards us?" The young woman asked softly.

"No evil thoughts!" Chen Xiang truly did not, he was extremely sincere right now.

Seeing that Chen Xiang did not have any expression of pain on his face, and that there was no discomfort whatsoever, the girls all felt that it was inconceivable. The man in front of them did not have any evil intentions towards them, they knew clearly that every time they saw him, many of the men in front of them wanted to tear their clothes apart and swallow them whole.

"After we remove the seal, will you attack us?" the long-legged woman asked.

"Of course not! You guys are much stronger than me, I can't beat you guys. " Chen Xiang laughed bitterly.

The long-legged woman let out a light snort, and then pulled away from the array disc. Chen Xiang then jumped up from below.

"Ladies and gentlemen, would that pill affect me in the future?" Chen Xiang was not really worried, he was just a pill refiner, the reason he asked this question was just to get a better understanding of this pill.

"No, the effects will pass in an hour." At this time, they were very wary of Chen Xiang. After all, this was their very private place, and with a man here, they felt very uncomfortable.

"That's good!" Chen Xiang deliberately let out a sigh of relief, then scratched his head and laughed: "I wonder what kind of place this is? I just came here from the third floor of World Defying Stage Soul River, so I know nothing about this place. I have just heard the two words' royal father 'from you two. You two must be the daughters of an emperor, right?"

"This is the Heavenly Ao Empire, our royal father is the Heavenly Proud Divine Lord, you are currently in the Heavenly Proud Imperial Palace." The long-legged woman said.

"Ladies, can you send me out of Imperial Palace ... ..." It's not good for me to go out like this. " Chen Xiang thought for a while, took out a case of Myriad Tao Divine Soil Crystals, and said: "This is your reward ... ..."

"You have just come here from below. If you want to survive, you will need a lot of resources, so you should just keep it!" We'll just send you out of the palace. " The long-legged woman said.

Although these girls were very fierce just now, it was also because they were in a hurry. Now, they seemed to be quite gentle and kind, otherwise, they would have killed Chen Xiang a long time ago.

They took out a small house from their storage equipment and changed into light clothing inside the house.

"If I bring you out like this, it will definitely make people nag at me if they see you." The phoenix-eyed woman said.

"Don't you have any god tools for storing people?" Chen Xiang asked.

"No, let's think of a way!" The long-legged woman said.

The cute, round-faced woman, who hadn't spoken for a long time, chuckled and said, "Why don't you disguise him as a girl and then say that he's our servant girl? That shouldn't be a problem!"

Another girl with big eyes, who had not spoken before, laughed. "Big Sis is just a bit shorter than him. Her clothes should fit her perfectly."

The few ladies immediately stared at Chen Xiang, and revealed a mischievous smile. Dressed such a robust man into a woman, they couldn't help but laugh when they thought of him.

Chen Xiang cursed a few times in his heart. What made him most speechless was that Long Xueyi was shouting for Chen Xiang to do whatever he wanted in the You Yao Mountain Villa.

"Absolutely not!" Chen Xiang strongly opposed it.

"Why not? Why don't you tell me how you're going to get out of here? We definitely can't let you go out with us as a man. What would people think if they saw us five sisters bringing a man into the bathing area?" The round faced cute girl laughed and said: "Just be a good girl and obediently go about your business! You have to believe in my makeup. "

"Hurry up!" The woman with big eyes urged. These two girls had not spoken at first, but now they became so lively.

The long-legged woman had taken out one of her clothes, and it was very pretty.

"Wait!" Chen Xiang anxiously shouted, if he was really going to make himself look like a woman, he would definitely have a shadow in the future.

"This is the only way!" The long-legged lady revealed a sly smile, as though she also wanted to see how Chen Xiang would look like after he became a woman.

"Yeah!"

"A grown man, what are you dawdling for!"

"Quick, take off your clothes. We're starting now!"

"What are you standing there for? We often dress up as women, so it's fine if you play as a woman once. "

Chen Xiang was speechless, these women were previously fierce, but now they wanted him to play the role of a woman.

"I have a better way! And it won't be so troublesome. " After Chen Xiang finished speaking, he turned into a very cute little white kitten.

Chen Xiang helplessly meowed twice, then used his divine sense to transform it into a voice and said, "It's fine if you all carry me out like this, it's better than disguising yourself as a woman!"

"You ... You're actually a soul type, and a cat spirit at that! " The long-legged lady anxiously carried Chen Xiang and petted him.

"No, I am a real human. I can just become a cat ... I can still change into something else, hurry up and take me out. " Chen Xiang said.

The few girls came over and pinched Chen Xiang who had turned into a little white cat, not believing that Chen Xiang was a human at all. Helplessly, Chen Xiang turned into a cute little squirrel again.

If they still did not believe him, Chen Xiang planned to turn into a snake or something even more terrifying to scare them to death!

In the end, Chen Xiang fell into the hands of the phoenix eyed woman. She seemed to like cats very much, and had turned Chen Xiang into a cat from a squirrel.

Although he was being groped and hugged by such a beauty, Chen Xiang still felt that he was not used to it.

The Imperial Palace was very big, just like a small city. There were mountains, rivers, and all kinds of palaces and buildings, as well as countless of gardens.

At this time, Chen Xiang followed a few ladies and sat on the carriage, using the Imperial Palace.

"Ladies, being able to get to know each other can be considered fate. I wonder if we can be friends?" Chen Xiang suddenly said. They were royal daughters after all, and were not weak, so it would be good if they could befriend each other.

#### [Chapter 3414](#)

Chen Xiang's cultivation was not high, but his transformation technique was extremely powerful, allowing the few girls to broaden their horizons, they felt that Chen Xiang was also a good person, although there was some misunderstanding, but it had now been resolved. "A novel with a bit of vertex."

"Of course you can!" The long-legged woman said. She was the eldest sister, and upon seeing her nod, the other four younger sisters also nodded.

"I wonder what your names are!" Chen Xiang laughed.

"Zhou Zhiqin!"

"Zhou Qiqi!"

"Zhou Zhi Shu!"

"Zhou Zhi Tu!"

"Zhou Zhiyi!"

The women began to announce their names one by one. They went from big to small, but only the last word was different, so it was very easy to remember.

"It's pretty easy to remember!" Chen Xiang laughed. "I wonder how I can contact you in the future?"

"Easy, there's a place outside of the palace called the Heavenly Note Villa. If you want to find us, you can go there from time to time. We'll often play there." Zhou Zhiqin said: "You can enter as long as you have Myriad Tao Divine Soil Crystals, that place isn't that strict."

The carriage had already been driven out of the palace, and Zhou Zhiqin had ran out in a place with no people, but Chen Xiang was still just a little kitten, even if he was seen by others, he would not have any suspicions.

Only after Chen Xiang left far away did he relax. He had finally escaped to an incredible place.

"It was really dangerous inside!" Chen Xiang had already transformed into his human form and was walking on the street.

"Yeah, it's a good thing that this girl isn't that kind of savage woman. Otherwise, you, a little scoundrel, would have turned into a dead scoundrel this time." Long Xueyi chuckled: "I never thought you would actually be so honest, you did not have any intentions of hitting them!"

Chen Xiang scoffed, "I have always been that obedient, okay?"

Although the Zhou sisters were all very beautiful, Chen Xiang still felt that Su Meiyao and Bai Youyou were more interesting. Furthermore, they had an extremely deep relationship with each other, and had experienced many things together, and after being with them for so long, no matter how beautiful they were, Chen Xiang would not take them to heart.

Previously, Peng profoundfei was also the one who shouted that he would get her to accompany them inside, but he wasn't in the mood at all.

"The fifth floor seems to be much better than the third floor. That place is filled with water!" Chen Xiang saw a lot of people and soul types on the streets, and they all had decent strength. The reason they were cultivating here, was also to reach the higher levels of the Sixth Floor, which was the Tao-creation Place.

The people here all felt that the Tao-creation Place was a very sacred place, even though they had enough power to go, they were still here, because they wanted to wait until they could get stronger.

"There should be pills for sale here!" Chen Xiang released more than ten Mouse Man s and strolled around the streets. At the same time, he was asking everywhere for information, as this would allow him to quickly understand the situation on the fifth floor of the World Defying Stage Soul River.

Chen Xiang mainly wanted to see if there were any pills that could help someone break through in Aoshi Holy Stage. Although he already had Aohun holy bead, it was still not fast enough to use it. Furthermore, he still had to make Bai Youyou, Su Meiyao and the others stronger.

After around half an hour, Chen Xiang found a medicine shop through a Mouse Man.

The medicine shop was located in the middle of an empty plaza and looked like a magnificent palace. It looked extremely sacred, showing just how sacred the Alchemist was to the fifth floor.

"Isn't that Zhou Zhiqin?" Chen Xiang saw a tall lady walking into the pill shop from afar through the Mouse Man.

Mouse Man also entered the pill shop and discovered that the cultivation levels of the people inside were not low. Furthermore, they looked like a very rich group of people, and it could be seen that pills were very expensive here.

"This little b \* tch is here too!" Through the Mouse Man, Chen Xiang saw the charming woman with phoenix eyes, Zhou Qiqi.

The two of them were sitting next to a counter, listening to a middle-aged man talk about the effects of a pill.

Although Chen Xiang was not at the scene, but through the Mouse Man, he could see that the pill in the middle of the middle-aged man's hands was extremely poor. First, the pill's surface was extremely rough, and if it was an extremely good quality pill, its surface was as smooth as jade, sparkling and translucent.

The pellet in the middle-aged man's hand was not only coarse, but also not round enough. It was oval in shape. Chen Xiang could determine that it was because the Alchemist did not have enough strength to refine the pill.

It wasn't a big deal to concoct a substandard product. After all, it was normal to fail, but it wasn't right to sell it.

Chen Xiang saw that the two beautiful girls were immersed in their conversation, and he knew that they were about to be tricked.

They were friends that Chen Xiang had just made, so he couldn't just watch them get tricked.

Chen Xiang rushed as fast as he could to the palace-like medicine shop, inside it was a spacious hall with many counters, all of them were all different kinds of spirit herbs, but the quality was very average, there were even some that were very poor. The experienced Chen Xiang could tell at a glance that these were trash pills picked out, laid out to deceive people.

"Two ladies, what a coincidence, to actually meet you two here! What about your three younger sisters?" Chen Xiang came over to and Zhou Qi's side and said.

Zhou Zhiqin and the rest were listening to the middle-aged man bragging about the effects of the pill, and were deep in thought. Suddenly, they heard Chen Xiang's voice, which surprised them.

"They went back. Let's go out and buy some pills." Zhou Zhiqin chuckled: "Right now, we are all at the peak of the late stage of Aoshi Holy Stage, so if we want to break through soon, we can only do it through consuming pills."

Chen Xiang felt that it was strange, they were the royal daughters of the imperial palace, and they actually did not use the Alchemist s in the imperial palace.

When the middle aged man saw Chen Xiang suddenly appearing, he secretly cursed in his heart, but he did not understand why Chen Xiang, other than her looks, was dressed so poorly. She wore ordinary clothes, and her cultivation was far inferior to the two girls, but was actually able to hook up with them.

"Young master, this kind of pill suits you well as well!" It's a high rank World Defying holy Dan! " The middle-aged man revealed a professional smile on his face: "This pill is called the Primordial Divine Pill, you are currently in the middle stage of Aoshi Holy Stage, eating this pill will make breaking through the bottleneck much easier."

Chen Xiang looked at it, then frowned: "The quality of the pills here isn't good, they don't look good!"

The middle-aged man was stunned, he did not expect this suddenly popped out of nowhere to have such good taste.

"This was made by the top ten Alchemists in our shop. The quality is guaranteed." The middle-aged man chuckled, "You don't know much about pills, so don't jump to conclusions."

"Chen Xiang, why do you say that this pill's quality is not good? I think it's okay!" Zhou Zhiqin asked.

#### [Chapter 3415](#)

Zhou Qiqi took the pill, looked at it carefully, and said, "This pill is really good, why do you say it is of poor quality?"

Chen Xiang secretly despised these two sisters. Of course he wouldn't say it out loud, it was very hurtful.

"The surface of this pill looks very rough, and there are many granules on it. Moreover, this pill is not round at all. This is usually caused by an error during the process of condensing the pill. It can be said to be an inferior pill." Chen Xiang said: "I really shouldn't have taken it out to sell."

Chen Xiang was right, but Chen Xiang actually dared to say such a thing, it was as if he was trying to ruin their reputation.

"What do you mean?" The middle-aged man's voice sank, "You must be here to cause trouble!"

"I'm just speaking the truth!" Chen Xiang was not afraid of causing trouble either.

"I think you're just talking nonsense." The middle-aged man pretended to be extremely angry, and his voice became much louder, so that many people could hear him.

A few people who were in charge of the store's security hurried over. They were in charge of fighting when someone was causing trouble here.

Zhou Zhiqin frowned, she never thought that Chen Xiang would actually dare to cause such a ruckus, to actually say such a thing, for a large shop, it was extremely lethal.

Zhou Qi wanted to quickly stop her, but was stopped by Zhou Zhiqin. She transmitted her voice to Zhou Qi: "Second sister, let's take a look first! Maybe we really were deceived, Chen Xiang is very evil, maybe he was right. "

"Brat, if you don't clarify the situation today, you might not be able to get out of this gate. Even if you can get out, we will be the ones to throw you out." The middle-aged man rolled up his sleeves and said arrogantly.

Previously, when Chen Xiang saw this dazzling palace like shop, he thought that the pills sold here were good. However, when he entered, he was thoroughly disappointed.

"What I said was very clear. The pills that you concoct are of poor quality, you shouldn't sell them. This can be considered a form of fraud." Chen Xiang's tone was calm, as if he was extremely calm. With the two royal daughters by his side, he had nothing to be afraid of.

"Your words have humiliated the Alchemist. Don't you know how sacred the Alchemist is?" The middle-aged man said coldly, "If you really don't know, then it's understandable. Just apologize and we won't pursue this matter."

"The Holy Letter Pill Shop has been open for many years. We're all here to buy pills, so how could the quality be poor?"

"Exactly, young man, don't talk nonsense! This shop has been in the Imperial City for many years and every day is bustling with activity. Everyone has seen it with their own eyes. "

"Insulting Alchemist is a capital offense!"

Many people began to shout.

Chen Xiang was very surprised with this phenomenon. He felt that all of these people had never seen good pills before. There were Alchemists here, but they were unwilling to take out good items and sell them to swindle others to obtain Myriad Tao Divine Soil Crystals.

"Little brat, you're not talented, but you've refined a few batches of pills. The quality of the pills I've refined is much better than this." Chen Xiang said helplessly: "The pills here and the medicinal ingredients here are all very inferior things, don't tell me that you've never seen good things before?"

The group ridicule that Chen Xiang released immediately incurred the wrath of the crowd, and it was as if the entire hall had exploded into an uproar as all sorts of insults and insults exploded out, aimed straight at Chen Xiang.

Chen Xiang's expression of indifference made them even more furious.

Zhou Zhiqin and Zhou Zhiqin had seen good things before, and they had seen good ingredients before. Compared to the things placed on the counter here, they were indeed much better, but they had only come here to buy pills. The reason they often came here to buy pills was because the Alchemists in the palace were all very busy, and the pills they had refined were all given to strong people from the empire.

Furthermore, they could only take one or two pills occasionally, but those pills were all the same as what Chen Xiang had said.

"You know how to refine pills?" It's too funny! " That middle-aged man smirked. "It seems like you're here to cause trouble. Someone, grab him and beat him up!"

A few late stage Aoshi Holy Stage s immediately walked over.

At this moment, Zhou Zhiqin took out a golden token, and said: "Wait, I am from the Imperial Palace, and am here to purchase pills!"

It's actually someone from the Imperial Palace!

Everyone suddenly felt a burst of surprise and retreated, especially the few burly middle-aged men who wanted to capture Chen Xiang. They did not dare to approach him, as they could not afford to offend the people inside the Imperial Palace.

Just now, the pill seller was secretly shocked in his heart. He knew that these two girls definitely had noble backgrounds, but he never thought that they were from Imperial Palace, and could very likely be his royal daughter.

However, he knew a little about the situation inside the Imperial Palace. The two girls often came here to buy World Defying Holy Dan s, which showed that they had fallen out with the Imperial Palace.

Furthermore, they had bought for such a long time, yet had yet to discover anything. From this, it could be seen that they had quite a bit of knowledge regarding medicinal pills.

Thinking of this, the middle-aged man relaxed.

"Is this kid your friend?" the middle-aged man asked.

"Yes, we just met." Zhou Zhiqin answered truthfully: "But I believe that he definitely wouldn't say such words for no reason at all. I wonder if you can give him a chance to prove himself?"

"Of course you can, I already got people to send out the Alchemist from my shop, didn't this guy say he knows how to concoct pills? "Alright, just let him refine a cauldron for me." The middle-aged man looked at Chen Xiang with disdain. He did not believe that Chen Xiang could refine a good pill, even though Chen Xiang had already seen through that their pills were of inferior quality.

Very quickly, two old men walked out. They had a faint medicinal scent all over their bodies, their hair was white, and they were dressed extremely plainly. This was the image of the Alchemist in everyone's hearts.

Seeing these two Alchemist, everyone was suddenly filled with respect. They respected the Alchemist the most. And when Chen Xiang said that he was the Alchemist, they felt that it was a kind of insult to the Alchemist.

"First of all, I want to prove that most of the herbs here are of poor quality." Chen Xiang said: "It's all because of the low quality medicinal ingredients that are half-dead and had problems during cultivation."

"How are you going to prove it?" That middle-aged man seemed to have great authority as he coldly spoke.

"Take out your medicinal ingredients and place them on the table." Chen Xiang said: "You can take any of the medicinal herbs inside the counter so that everyone will be able to see."

The middle-aged man harrumphed and took out ten or so medicinal herbs. They were all flowers and plants, and all of them looked withered and withered.

"These medicinal ingredients have all been specially prepared. That's why the energy contained within them is so vigorous." The middle-aged man said.

Everyone nodded in agreement. Although they had seen fresh medicinal ingredients before, these Alchemists had told them that they needed to be processed before eating them. The quality would also be higher. They would not doubt the words of the Alchemist, so they believed it.

### [Chapter 3416](#)

"How much are you selling these medicinal herbs for?" Chen Xiang asked: "Wait, I want everyone here to try eating this grass, so I have to buy it."

"Eight thousand Jin of Divine Earth Crystal!" The middle-aged shopkeeper said.

As expected, Chen Xiang took out four thousand kilograms of Myriad Tao Divine Soil Crystals.

Everyone had previously thought that he was a poor kid for being so generous.

After that, Chen Xiang cut all the medicinal ingredients into two halves in front of everyone. He then took out a jade bottle and said: "There's a kind of divine liquid inside this jade bottle that can restore the medicinal ingredients to their fresh state. At that time, I can randomly choose a person to come out and let them taste the same medicine separately, in two different states."

After Chen Xiang finished speaking, he dropped the water droplets from the jade bottle onto half of the medicinal herbs. Surprisingly, they quickly returned to their original fresh state, causing the middle-aged shopkeeper and the Alchemist to feel fear and trepidation upon seeing them.

Those medicinal ingredients were all dead, they couldn't save them, but when Chen Xiang dripped a drop on them, they actually resurrected.

They started to worry. If Chen Xiang proved it, then their reputation would be ruined.

Following that, Chen Xiang randomly picked out a few people from the crowd to try out the ingredients that weren't good to eat, and he quickly came to the conclusion that the herbs that had recovered to be fresh would be even better.

"Alright then!" Zhou Qiqi, who had tried it herself, suddenly became furious. "You guys are actually doing something to deceive us!"

"Most of the medicinal herbs sold here are withered and dead. I've only used the divine liquid to revive them. If everyone has any fresh medicinal herbs, you should all eat them yourself." Chen Xiang said in a clear voice.

"You ..." The corner of the middle-aged shopkeeper's mouth twitched. He was extremely angry, but with the two royal daughters here, it wouldn't be good for them to flare up.

At this moment, everyone began to question the quality of the new medicinal herbs. Compared to the fresh ones, the ones sold here were simply rubbish.

"What else do you have to say? You lied to us for so long!" Zhou Zhiqin said coldly.

"Miss Zhou, I remember you had a pill called Heart Devouring Pill. If you give it to people to eat, it will be very painful to tell a lie. Can't you just give them one?" Chen Xiang laughed.

Heart Devouring Pill! Hearing that, the shopkeeper immediately broke out in a cold sweat. The two old Alchemists beside him were the same, they knew how terrifying that thing was.

Everyone had long since heard of the Heart Devouring Pill and knew that it was an extremely precious pill. Now that they saw the middle-aged shopkeeper frightened to such an extent, they were even more suspicious.

At this moment, an old man suddenly walked out. Looking at the old man's extraordinary demeanor, one could tell that he was a person with a lot of power in the shop.

"Boss Zhao!" The storekeeper hastily shouted.

"I understand everything here now!" Boss Zhao nodded his head and said in a clear voice, "The quality of the herbs sold here are indeed the worst because we use all of them for concocting pills! The effects of the herbs are extremely small, so we will choose the ones that are not of good quality and use them for sale! "

"If everyone wants to buy good herbs, that's fine, but the price is definitely not something you can accept. You must know the price of growing herbs, in order to create a higher value, we will use good herbs to refine pills."

Boss Zhao looked at the crowd and continued, "You should have been to many cities and other empires. The medicinal herbs sold by the major pill shops are all like this. This is one of the unspoken rules of our pill business."

Chen Xiang cursed in his heart. This guy actually turned black into white.

"Fellow brother, your doubts are good, and it is for everyone's benefit that you have succeeded in proving that the medicinal herbs that we are selling are of poor quality. I admit this!" Boss Zhao said, "If the herbs here were of the highest quality, then the price would be ten times more expensive. However, the effect of good herbs is at most ten times more effective than bad herbs. This is the same price, so no one would lose out in buying it."

Chen Xiang secretly cupped his hands in respect to Boss Zhao in his heart. He actually spoke in such a righteous manner, even saying that he lied to her for your own good.

At this moment, no one made a sound. Boss Zhao's words made a lot of sense, making it difficult for anyone to refute him.

"Alright, let's not talk about the medicinal ingredients, talk about the World Defying holy Dan! Are you World Defying holy Dan good or bad?" Chen Xiang had already proven that the quality of the ingredients was poor, although Boss Zhao had already recovered, but everyone would definitely resent this matter.

"Of course it's good!" Boss Zhao looked at the pellet and said, "Although it doesn't look beautiful on the surface, our Alchemist only strives for quality, not beauty. So, you can't judge from the surface that this pellet is not good."

"I have a test tool here that can test the quality of the pill." Boss Zhao was indeed worthy of having opened a store for so many years. He had lied for so many years, and now, he seemed to be extremely calm. It was as if he was confident that he could calm down this matter.

Boss Zhao took out a round box. He opened the lid of the round box and placed a pill inside. Then, he said to everyone, "Everyone has seen the pill that is about to be tested!"

Everyone nodded.

Boss Zhao closed the lid and saw a number appear on the round lid of the round box.

"Everyone, can you see this? This is a Ninety Tier Pill!" The higher the number, the higher the quality. " Boss Zhao held the box and showed the cover to everyone so that they could see the numbers on it.

"Just eat a Heart Devouring Pill and answer us." Chen Xiang said: "Perhaps you did something to this box."

"It's very easy for problems to arise from the Heart Devouring Pill. Sometimes, even if you don't answer a question, your heart will still feel a stabbing pain. Even if you suffer serious injuries, I won't recklessly test it out." Boss Zhao sneered.

With a few words, he reasonably refused to eat the Heart Devouring Pill, yet he couldn't force him.

"If you doubt it, why don't you go to the Imperial Palace and borrow a test box. Compared to my box, you will know whether it is real or fake." Boss Zhao looked at Zhou Zhiqin and Zhou Qi.

Zhou Zhiqin said a few words to Zhou Qi, telling her to quickly go back and get it. She would definitely get a result today, because looking for the boss now seemed to be too untrustworthy.

Everyone was very patient. After an hour, Zhou Qiqi brought out a test kit that was slightly bigger than Boss Zhao's.

Then, Zhou Zhiqin personally tested it, and the result was 90!

"Now everyone can see that the quality is the same." Then, he took out a few pills from the counter and gave them to Zhou Zhiqin for test. The results were all above 90, with the highest receiving 97.

Zhou Zhiqin frowned as he looked at the box below him, because the box was inside Imperial Palace, there would be no problem at all.

"Little brother, if you can concoct high quality pills that surpass ours, that would mean that the quality of our pills is inferior. Didn't you say that you had concocted a few batches of pills before?" "If you're so capable, why don't you try using the pills you concoct?!" Boss Zhao said in a proud tone, because he saw that everyone approved of their store. This was all due to the quality of the pills they had just seen.

### [Chapter 3417](#)

When everyone saw the quality of the pills being tested so high, they were filled with trust towards this shop. After all, they were all in their nineties!

Zhou Zhiqin and Zhou Qi were both looking at Chen Xiang, and everyone was looking at Chen Xiang, hoping that he would take out a higher quality pill to prove himself, if not he would deliberately cause trouble.

Chen Xiang on the other hand had a relaxed expression, as if he was not the least bit surprised by the quality of the pills tested.

"Didn't you say that you know how to concoct pills? Take out the pills you refined and test them out. Let me show everyone the quality of these pills!" At this moment, Boss Zhao was very pleased with himself, thinking that he had settled the matter.

"The alchemy I refined was of a lower grade, perhaps just a low-grade World Defying holy Dan." Chen Xiang said: "But if we were to test their quality, I think that they would most likely be higher than yours."

"It doesn't matter for low-rank World Defying holy Dan. As long as the quality is higher than ours, it will prove that the quality of the pills here is very poor. It also proves that you're right." Boss Zhao said.

Although the pills being sold here were all crude, the fact that Boss Zhao could trick so many people for so long showed that there were very few Alchemists here. Furthermore, all the shops had a tacit understanding with each other to sell this kind of pills, and then use the test box made by them to deceive everyone.

"Alright!" Chen Xiang took out a Aohun holy Dan. This was the product of a Young girl Danling, but the quality was high.

After Chen Xiang took out the pellet, many people looked at it in a daze because the pellet released a pale golden light. The Aohun holy Dan's surface was also extremely smooth, as if it was wrapped in a layer of light gold crystals.

"Is this a pill?" Zhou Zhiqin could hardly believe that this pill could actually be as beautiful as a gem.

Chen Xiang had seen all kinds of beautiful pills, and compared to some of the pills, Aohun holy Dan could only be considered normal.

"Yes!" Chen Xiang nodded his head: "This is suitable for Peak of World Defying crazy realms to eat. After eating enough, you will be able to step into the Aoshi Holy Stage."

Zhou Zhiqin knew that Chen Xiang came from the 3rd level of World Defying Stage Soul River and was not a person from this world. She had also heard that in other worlds, there were more people with weak cultivations.

"If you don't believe me, I can give everyone a try. I still have some left." Chen Xiang took out more than ten pills, and casually picked out a few Peak of World Defying crazy realms to eat. All of the people who ate these pills were young people, and some of the youths amongst them were young masters.

After they ate it, they immediately began to praise it endlessly. They said that this was the best pill they had ever eaten. After eating it, they felt as if there was a life force circulating within their bodies. Self-refinement was extremely helpful.

A few wealthy young masters even asked Chen Xiang if there were anymore, they wanted to buy some from him at a high price.

Boss Zhao became anxious, because he was someone who knew what was good for him. Although he did not take the pellet himself, just by looking at the surface, he knew that Chen Xiang's Aohun holy Dan s were of good quality.

"No matter how high he is, he can't possibly be that high. Furthermore, his pellet of pellet is a lower tier Aohun holy Dan, at most, it would be of ninety percent quality." Boss Zhao thought to himself.

Chen Xiang gave the pill to Zhou Zhiqin, asking him to use the box to test its quality.

Soon, an unbelievable figure appeared on the surface of the box!

"Eight hundred and thirty points!" Zhou Zhiqin cried out in disbelief, and Boss Zhao who was at the side was also dumbstruck.

"Your box must have broken, and been tested with mine!" Boss Zhao hastily shouted.

Zhou Zhiqin immediately gave the pill to Boss Zhao. After using his box to test the pill, he still found it to be 830 years old, and both of his hands were trembling as he held onto the box.

The two old Alchemists were also stunned. There was such a high quality pill, but refining such a high quality pill would take a long time and would require a lot of medicinal ingredients.

But now, there was actually someone who could use it to refine low rank World Defying holy Dan!

Everyone was stunned on the spot, their hearts surging with anger. Now they finally understood that the original quality of ninety was not high, but very low.

Boss Zhao's previous tests had misled everyone into thinking that the highest quality pills could be found in a hundred pills. However, the quality of the pills in here were all above ninety and were close to a hundred. Everyone subconsciously thought that they were very high.

It was only until Chen Xiang took out the Aohun holy Dan s that they knew that this quality was not top-notch.

"Boss Zhao, do you have anything else to say?" Chen Xiang smiled lightly: "Of course, all the shops here do this, it is obvious that they have already formed a kind of unspoken rule, to deceive those who do not know much about medicinal pellets! Your explanation of the herbs was reasonable, but what about the pills? These pills are much more expensive than medicinal ingredients, but they are actually such inferior items. "

"I will make a wild guess. All the best pills will be kept by you. You can either secretly sell them to those super powers or use them for yourselves!" "These pills that are of inferior quality due to a slip of the hand are placed here at a high price to swindle everyone." Chen Xiang laughed: "Do you think I guessed right?"

The people who were the most furious should be Zhou Zhiqin and Zhou Qiqi, because in all these years, they had not eaten any good pills, and the food they ate was of a very poor quality.

If not for what happened today, many people would not have known that the real pill was so beautiful and of such high quality.

The flesh on Boss Zhao's face twitched as he said in a low voice, "You little rascal, you're finished!"

"Am I finished? Is it because I have exposed this matter so that you cannot continue to deceive everyone?" Chen Xiang laughed out loud: "Everyone has seen his ugly expression, right!"

Everyone saw this. In any case, they would never come back here to buy pills again. They would rather not have it.

Initially, Chen Xiang did not want to make this a big deal, but back then when he advised Zhou Zhiqin and Zhou Qi not to buy it, the middle-aged shopkeeper was stubborn, and did not admit that their pills were fake, and even said that he had insulted Alchemist. All sorts of slander towards him made everyone look at him with hostility, which was why he decided to bring this matter to the end.

Later on, this Boss Zhao also came out, causing him to become even more angry.

"To be honest, everyone's pills are of poor quality! The main reason was because the best quality pills were secretly ordered by the major powers. Furthermore, it would take a long time to refine the best quality high quality pills! But the pills that this brat took out are extremely low quality pills, and they are only for the World Defying crazy realms to eat. Therefore, it is wrong for him to be able to refine many of the higher quality pills in a short period of time and then compare them with our high level pills." Boss Zhao was still able to come up with a bunch of logic even at this stage.

#### [Chapter 3418](#)

Everyone already knew that the medicinal pellets sold by this shop were of poor quality and had already achieved the effect that Chen Xiang had expected. Therefore, he did not plan to continue arguing with Boss Zhao, as it was a waste of time.

"Say what you like! I have always suspected that your pills were of the worst quality, and at that time, I don't know who said that the pills were of the highest quality, and kept insulting Alchemist! Even if there is a reason behind it, the fact that you all are big liars cannot be denied." Chen Xiang said.

Everyone saw the middle-aged shopkeeper slapping his chest to ensure that the quality of the pills was the best, yet now he was admitting that the pills were of the worst quality. Wasn't this just slapping his own face?

Hearing the whispers and discussions of the crowd, Boss Zhao became even angrier. They had indeed lost.

"Someone, arrest him!" The furious Boss Zhao suddenly shouted.

After being shocked, Zhou Zhiqin and Zhou Qi immediately stood in front of Chen Xiang.

"You dare?" Zhou Zhiqin shouted coldly.

"Why would I not dare? If it were your elders in the Imperial Palace, they would also do the same. If you don't move away, then don't blame us for being impolite." Boss Zhao sneered, "You are the daughters of the Imperial Palace, but even you have been deceived for so many years, that proves the existence of these unwritten rules. Now someone is breaking these rules, this is the same as the entire world of pills."

The door to the shop had already been closed, and the people inside began to panic as the number of experts in the shop increased.

"Don't worry, everyone. As long as you form a blood contract and promise not to tell anyone about what happened today, we'll let you all off the hook." Boss Zhao said with a dark face.

Everyone was shocked. This Boss Zhao actually wanted to silence them by killing them. In order to ensure that this matter would not spread out, they had to resort to such a dark method!

Chen Xiang did not expect it to turn out like this, but after thinking about it, since these people could hide it from him for so long, it was clear that they had a very thorough plan, which was to kill them all!

"There are no peak Aoshi Holy Stages, I shouldn't have to worry about them!" Chen Xiang had already been surrounded by a few people, while Zhou Zhiqin and Zhou Qiqi were also stopped by a few elders.

But at this time, Chen Xiang had nothing to fear, he suddenly took out three Crystal emperors!

Crystal emperors!

Previously, when Chen Xiang bought those medicinal herbs straightforwardly, everyone could see that he was a very rich person. However, he was still surprised when he brought out three Crystal emperors.

"What do you want?" Boss Zhao squinted at the three high quality Crystal emperors.

"Aren't you guys working so hard for the sake of wealth? Take it!" Chen Xiang threw the Crystal emperors high into the air and even used the power of space, allowing the Crystal emperors to reach the rooftop in an instant.

Even the experts at the peak of Aoshi Holy Stage would be moved by the Crystal emperors, let alone the late stage Aoshi Holy Stage. More than ten people flew out to snatch the three pieces of Crystal emperors, and even Boss Zhao jumped up in a hurry.

Of course, Boss Zhao knew what Chen Xiang was thinking, it was to lure them away, but he was sure that Chen Xiang would definitely not leave the shop.

However, just as they were about to capture the three Crystal emperors, Chen Xiang hastily sent a sound transmission to Zhou Qi and Zhou Zhiqin: "Prepare to run!"

Just as he finished his sound transmission, there was suddenly a loud bang from above. A wave of pressure from the shock wave caused everyone to feel as if they were being pressed down by millions of pounds of force. At the same time, there was also a scorching wave of pressure from the shock wave.

The intense explosion caused the people inside the shop to stagger, and they all fell to the ground. A huge hole was smashed through the luxurious palace, and the door was blown away.

Crash! \*

The dozen or so people who had jumped up earlier were all blown to pieces. That Boss Zhao should be the strongest and also the fastest one to react, but he still lost an arm from the blast and was seriously injured.

"Everyone run!" Chen Xiang shouted and disappeared.

Boss Zhao fell to the ground like a burnt pig. His half-opened eyes were filled with rage. He had been tricked by such a kid.

Only then did Zhou Zhiqin and Zhou Qi react, they anxiously followed Chen Xiang out of the destroyed shop, and then everyone also ran out like a swarm of bees.

The elixir shop was the largest in the imperial city and its location was also the most bustling one. The sudden outburst of such activity had alarmed many people.

"You are too reckless!" Zhou Zhiqin turned his head to look at the palace that had been blown apart, and exclaimed.

"They were the ones who messed around first. If I'm not like this, they would definitely kill me and you guys would also be forced to make some blood contract. Are you willing?" Chen Xiang curled his lips and said: "It's best that you don't return to the Imperial Palace during this period of time. You should first secretly contact your three sisters and scout out the rumors about the Alchemist s.

Zhou Zhiqin and Zhou Qi had already realized the seriousness of this situation. Anyone who was able to force Boss Zhao to sign a blood contract could be seen.

"What about you?" Zhou Zhiqin said.

"This world is so big, I can go anywhere I want." Chen Xiang chuckled, and spoke without hesitation.

"Alright, let's hide for a while." Zhou Zhiqin sighed, they also had a secret hiding place here.

After Chen Xiang bid farewell to them, he hurriedly went to a place devoid of people and used a transformation technique to change his appearance.

"This group of fellows, wasted my three Crystal emperor!" Chen Xiang felt his heart ache. He had refined those three Crystal emperor before, using the method of refining pellets to refine the Explosion Incantation and the Fire Curse Incantation. That was why they had exploded with such powerful might.

As a Alchemist, Chen Xiang definitely could not bear to see someone using such a low quality medicinal pellet to lie to. If he had to say it was a low quality medicinal pellet, then it would be something that you and I would both wish for.

He also did not leave the city immediately. Instead, he used the Mouse Man to spread the news of this incident, letting more and more people know about the dark behind the pill shop's curtain, and not be fooled again.

The majority of the people who came out of the house were rich young masters or similar people. They spread the news to the rest of the city very quickly, and then spread it to other cities.

In the past few days, Chen Xiang had understood that the shop did not belong to Boss Zhao. Boss Zhao was just a puppet, and there was someone else behind the scenes.

"Most of them are nobles! "Ai, I wonder how those two sisters are doing. They should be fine." Chen Xiang did not want to harm them.

This matter gave rise to a huge commotion, because finally, someone exposed such a shady situation. Over the years, there were many people who suspected, but because these people were afraid of strong powers and also worried that no one would believe them, they never dared to step out.

Thailand's most popular female anchorwoman new love video exposure down the male host!

### [Chapter 3419](#)

Chen Xiang had been to many large and small worlds, and had seen many great forces that focused on pills for profit. Although he was somewhat unscrupulous, he had never seen a shop that sold the worst quality pills, and it was done by all the great powers in the fifth floor of the World Defying Stage Soul River.

In just ten days, this matter had spread to several empires. The business of those shops immediately decreased. Many people were furious when they found out that the pills they consumed were all disposed of as garbage.

The most important thing was that they had used a lot of Myriad Tao Divine Soil Crystals to buy it, but what they had obtained was trash.

"I also do not have any strength. Otherwise, I would have let these guys have a good time." Chen Xiang strolled on the streets, asking for all sorts of useful information.

He had already told Qin Shuang to sense the Transmission array here earlier, but he could not find it.

Although he was in a hurry to go to the Tao-creation Place, he understood that it would be very dangerous if he did not have enough strength to go there.

"I heard that this matter has already attracted the attention of the Heavenly Proud Divine Lord."

"Hmph, back then there were two royal daughters at the scene, and even they were tricked. This Heavenly Proud Divine Lord might have also been doing something in the dark."

"No one believes in any of the pill shops these days, so how can I buy any good pills in the future?"

"I don't know. In short, I heard that there will be a gathering of Alchemists in the future, and that's the reason why they are discussing about it."

"This group of Alchemists are all a nest of snake rats. They probably gathered together to discuss how to deceive us."

Chen Xiang heard some of the young masters discussing about this matter. From their conversation, he could tell that these young masters were not stupid.

"Hello everyone!" Chen Xiang walked into the hotel, and stood at the side, laughing: "Seeing that you guys are still discussing about the pills, I wonder if you guys can join?"

Chen Xiang was even holding onto two pots of good wine.

"Of course you can!" A red-clothed man with a long face laughed and hurriedly invited Chen Xiang to sit down, because he could already tell that the two jugs of wine in Chen Xiang's hands were pretty good.

After Chen Xiang poured some wine for them, he asked: "Everyone, could it be that in this place, the strongest is the one in the Imperial Palace?"

"Of course, in such an empire, the strongest is of course the people from the Imperial Palace." A man sighed and said, "Every year, small clans like ours have to pay tribute to us. We also have to give gifts to all sorts of influential people or things like that. Otherwise, it would be hard to survive."

"Is the strongest person in the Imperial Palace the emperor?" Chen Xiang asked again.

"That's not it either. Anyway, I heard from my grandfather that there are many powers in the Imperial Palace and that the emperor can't really manage it well either."

"That's right! Even his daughter was deceived for so many years, that alone shows that the Imperial Palace's medicinal pellets are not under the emperor's control. "

"It was this matter that exposed the Emperor's power. Previously, they were fighting in secret, and we could only see the flowers in the fog. Now, we can see even more clearly."

"In other words, the person that distributed the medicinal materials isn't under the Emperor's control?" Chen Xiang's eyes lit up. He felt that he could go and have a talk with this Emperor, but the prerequisite was that he had to confirm if this Emperor was as he had guessed.

After Chen Xiang chatted with these young masters for a while, he even found out a very useful piece of news, which was that all the Alchemists had very high statuses. Some of them were even the big bosses of the large families, or could secretly control a region of strength.

Of course, these were only the high level Alchemists, but low level Alchemists were no weaker!

Chen Xiang left the hotel and headed towards the Heavenly Sound Villa.

Previously, Zhou Zhiqin had told him that if he wanted to find them, he could go to the Heavenly Sound Villa from time to time.

The Heavenly Note Villa was also a hotel, but it was a manor like hotel. All sorts of things were expensive, facing the middle and upper class nobles.

Chen Xiang had Myriad Tao Divine Soil Crystals, so he had very easily sneaked in. He even had a small house, and then released his Heaven devouring rat to scout the royal daughters.

In just half a day's time, he saw Zhou Zhiqin here. The place they were staying at was a medium-sized old house, and was in a very secluded location in the Villa.

Chen Xiang immediately rushed over and stood at the door and knocked lightly.

Zhou Zhiqin vigilantly looked through a hole in the wall, and upon seeing Chen Xiang's familiar face, she was pleasantly surprised.

"Chen Xiang, how did you find us?" Zhou Zhiqin immediately opened the door and let Chen Xiang in.

"It's too easy." Chen Xiang laughed, then walked in and looked around. This house was much better than his.

After seeing Chen Xiang, she laughed: "I thought you had left the Heavenly Ao Empire!"

"I was going to leave, but I suddenly thought of something, so I decided not to go first for the time being." Chen Xiang laughed and followed Zhou Zhiqin into a hall.

Chen Xiang sat down and drank his tea, then asked: "You guys are just going to stay here, is there really no problem?"

"That won't happen. Our royal father dotes on us, so we believe he won't harm us." Zhou Zhiqin sighed: "Things are very complicated."

"I know, that's why I'm back!" Chen Xiang laughed: "I am an upright Alchemist, so I feel that I should do something."

Now, Zhou Zhiqin and the others believed in Chen Xiang, otherwise Chen Xiang would not be able to expose the dark curtain of the shop.

"Then what are you going to do? All in all, we now understand that this world is controlled by the Alchemist. They used cheap prices to buy the best medicinal ingredients and refined the best medicinal pellets for themselves to eat, and then sold the worst kind of medicinal pellets at a high price to get a large amount of Myriad Tao Divine Soil Crystals and then bought the best medicinal ingredients. Zhou Qiqi said.

They were also people who had been scammed. Thus, when they thought of this matter, they felt extremely displeased. After all, they had been scammed for so many years.

"I don't know yet." Chen Xiang thought about it, and it was true that he did not have a thorough plan. This was mainly because his strength was too weak, and he was unable to change everything here.

"However, you have already done very well. At the very least, many people will know the truth and not be deceived. This is already a very great thing." Zhou Zhiqin's face was full of a praising smile.

"I feel that your royal father should be very helpless towards this sort of thing. I wonder if I can meet him and have a chat with him?" Chen Xiang asked.

"You can't do that. Right now, his movements are restricted. If others were to find out that he had received you, the public enemy of the world of pills, then he would be in deep trouble." Zhou Qiqi shook her head.

"Then can you help me send the message?" Chen Xiang said.

"That's no problem. What do you want to talk to him about?" Zhou Zhiqin nodded.

"Help me ask if he knows about Gu Tong and a guy called Super Yang Old Ancestor." Chen Xiang said: "I'll ask about that for now."

### [Chapter 3420](#)

Zhou Zhiqin subconsciously thought about it, but when she realized that she hadn't heard Chen Xiang talk about these two people, she still couldn't find any related memories.

"Alright, I will pass on the news." Zhou Zhiqin said: "Right now, it isn't appropriate for you to see my royal father. When the time is right, I will arrange for you to meet him."

Chen Xiang was a Alchemist, so Zhou Zhiqin felt that her royal father might be willing to rope him in.

Zhou Zhiqin and the others were also just ordinary daughters. Although their cultivation was not weak, they had grown up in the Imperial Palace and had not experienced much, so they did not understand much about it. Now that something so big had happened, it would be inconvenient for them to ask about it.

And in these past few days, Chen Xiang had been using the Mouse Man s to gather all kinds of information. He had a large number of Mouse Man s and a large number of Myriad Tao Divine Soil Crystals.

One month after the incident at the Holy Letter Shop, Chen Xiang finally got some useful information. He had already found out who the power behind the Holy Letter Shop was, and he had a good guess.

It was just that he still did not know who was in the Imperial Palace, in short, that this person was someone with a high authority, even within the Imperial Palace.

There was a reply to what Zhou Zhiqin asked about, which made Chen Xiang more excited.

"My father said that he knew these two, but it was inconvenient for them to talk." Zhou Zhiqin said: "He should be busy with other things now, when he has time in the future, when the commotion regarding this matter has passed, we can go talk to him."

"Chiqin, does your father have any enemies in the Heavenly Proud Imperial Palace?" Chen Xiang asked.

"Nope." Zhou Zhiqin shook his head.

"Even if there is, we definitely do not know about it. In short, even if we are in the Imperial Palace, there are many forbidden grounds that we cannot go to, and as for why, we do not know either, all we know is that our royal father had warned us to not go to, that we could not go to." Zhou Qiqi said.

"Then, within the Heavenly Proud Imperial Palace, do you know who has the most power other than your royal father?" Chen Xiang asked again, "You should know about this, right?"

"Only the King's father-in-law, the father of the empress, is a Alchemist. He is at the peak of the Aoshi Holy Stage and his strength is about the same as my royal father. He is in charge of the entire's Primordial Pill Palace and is in charge of the supply of medicine pills. Zhou Zhiqin thought about it and said.

"You are not the empress's daughters?" Chen Xiang asked.

"Father has many women ... "Although our mother is one of his favorites, she doesn't have much power. Because she couldn't stand the conflicts in the palace, she left early to go with my grandparents. It's been a long time since we've seen her." Zhou Zhiqin sighed.

Chen Xiang said: "It's most likely this King's father-in-law!"

"What do you mean?" Zhou Qiqi looked at her elder sister, puzzled.

"The boss behind the shop is this King's father-in-law. I've heard some news that there are powers of the Imperial Palace behind the shop." Chen Xiang said: "The reason that Boss Zhao dared to make a move on you all back then, was because of this King's father-in-law!"

Zhou Zhiqin and Zhou Qi looked at each other, their faces filled with worry. Although they were unable to confirm whether what Chen Xiang said was true or not, they still had such doubts.

"Big Sis! Big Sis!" Suddenly there was a knock at the door.

Zhou Zhiqin quickly opened the door and saw a delicate and pretty girl with a face full of anxiety. It really was Zhou Zhiqin's Third Sister, Zhou Zhishu.

"Third sister, what's the matter?" Zhou Zhiqin saw Zhou Zhi Shu's haggard expression and asked anxiously.

"I was chased by someone ... Fourth Sister and Fifth Sister were both taken. " Zhou Zhi Shu was already crying.

Chen Xiang anxiously closed the door, he had already taken out his Six Realms mirrors.

"What's going on? Aren't you guys in the Imperial Palace? You should be looking for royal father! " Zhou Zhiqin became anxious and shouted continuously: "Quickly tell me, what exactly happened?"

Zhou Zhi Shu cried and said, "When we left the palace, we were surrounded. The fellows that attacked us are all very strong, Fourth Sister and Fifth Sister dragged us along and told me to escape to find you ... I do not dare to return to the palace, because at this time, royal father has already been placed under house arrest in the palace. "

"Is it possible that your Fourth and Fifth Sisters will be taken back to the palace?" Chen Xiang frowned, thinking about something.

"No, after I saw them grab Fourth Sister and Fifth Sister, I quickly ran away from Imperial Palace." Zhou Zhi Shu quickly said.

Chen Xiang felt that this matter was more or less because of him, so he had to think of a way to save Zhou Chi Hua and Zhou Qi Yi.

"They are inside. Seal them inside." A shout came from outside, followed by a sealing force. A translucent red light barrier pressed down, enveloping the mansion.

"Yes ..." It's the Second Prince's voice. " Zhou Zhiqin frowned: "The Second Prince is the empress's son, why would he appear here?"

Chen Xiang's expression became grave. He was certain that the people in the fifth floor of the World Defying Stage Soul River had a very profound understanding of array formations and enchantments. He had previously seen Night lone wolf in the third floor and had mastered the Tao-creation's incantations.

And the seal now had the power of the Tao-creation's incantation. This Tao-creation's incantation was even heavier.
