[Chapter 3421](#)

The Second Prince was so angry that he looked like a mad bull. He took out a long blade, and the moment the seal was removed, he immediately rushed forward, and fiercely slashed at Chen Xiang for hundreds of times.

Chen Xiang was only at the middle stage of Aoshi Holy Stage, but for some reason, this Second Prince's several hundred blades in an instant did not even manage to hit Chen Xiang. Chen Xiang's dodging speed was extremely fast, even faster than the Second Prince's blade.

Just as they were about to attack, Qin Shuang, Su Meiyao, Bai Youyou and the three Poison monkey all ran out from the You Yao Mountain Villa.

The strength of the ten Emperor Guards was extremely terrifying. Zhou Zhiqin and the other two sisters thought that they would be defeated, but suddenly, the few girls that appeared helped them block a few of the Emperor Guards, greatly reducing their pressure.

"I'm here!" Although she looked like a little girl, the sealing power that she used was very strong. Furthermore, she had comprehended a bit of the Tao-creation Incantation, and with the addition of her mysterious and terrifying golden needle, her overall strength was not weak.

The three Poison monkey s were also very scary. Using the Counter Power's concealment technique and poison sneak attack in the midst of chaos, three of the imperial guards were hit and fell to the ground.

The Second Prince was extremely anxious, he never thought that so many people would suddenly appear, and although the Chen Xiang in front of him was only at the middle stage of Aoshi Holy Stage, he was much more difficult to deal with than the two late stage Aoshi Holy Stage s.

"You don't believe it yourself when I say you're trash, but now you have witnessed it yourself! You are only at the late stage of Aoshi Holy Stage, and yet you can't even touch my middle stage clothes. If I were you, I'd kill myself immediately. " Chen Xiang mocked, which made the Second Prince extremely angry.

"You only know how to speak, you bastard. If you have the guts, then fight back!" You're always dodging. It's because you can't hit me that you don't attack! Heh heh, you better not get cut by me, or else the blade in my hand will definitely cut you into two, my blade is made from the Tao-creation Holy stone. The Second Prince retaliated with words at the same time as he became angry.

"Is your knife really strong?" Chen Xiang laughed, took out the Six Realms mirrors and grabbed onto its edges, as if he was holding onto a round plate, and smashed at the blade that was slashing towards them.

Clang!

The blade that was coming at him hacked at the Six Realms mirrors that was coming at him. The blade actually cracked.

After Bai Youyou used the Soul Absorbing Devil Spell on the Second Prince, he already knew where the two sisters were imprisoned.

At this time, the Holy Letter Shop had already been repaired. Furthermore, there was a large underground palace under the Holy Letter Shop, and all of the Alchemist were concocting pills below.

"It's not easy to enter that underground palace. The people here are extremely proficient in sealing barriers, and there are a few layers of strong barriers under the underground palace. Even if you use the Time and space power, it would be hard to penetrate." Bai Youyou said.

"Seems like I can only force my way in!" Chen Xiang said: "We have the Second Prince with us, I wonder if we can use him to force them to hand him over."

"It would be best if it could." Bai Youyou said: "King's father-in-law is still in Imperial Palace, he seems to want to ask Heavenly Proud Divine Lord to cooperate with him for a few things, but Heavenly Proud Divine Lord is not willing, so he is under house arrest. If King's father-in-law is not in Imperial Palace to restrict Heavenly Proud Divine Lord, then the power King's father-in-law has in there will be disrupted by Heavenly Proud Divine Lord."

This was all information obtained from the memories of the Second Prince Bai Youyou.

"They only came to capture you to lure me out." Chen Xiang said: "This matter was caused by me, so I will definitely save them, you don't have to worry."

Zhou Zhiqin nodded, they had already experienced Chen Xiang's strength.

"You guys aren't weak, as long as you don't lose your courage when facing your enemies." At least the three of them could defend against five or six of the imperial guards previously. If it was just the three imperial guards who went with them, they would have easily taken care of them.

"Do you know where my sister and the others are imprisoned?" Zhou Qiqi asked.

"We're at the Holy Letter Shop. Let's rest first, make sufficient preparations, and then head out." Chen Xiang said.

While resting, Chen Xiang released the Time Domain and then took out more than ten pieces of Crystal emperor, refining the Tao-creation Incantation which could release a wild power into them.

[Chapter 3422](#)

The Crystal emperor that Chen Xiang refined could easily kill a late stage Aoshi Holy Stage. Although it was very easy for him to obtain his Crystal emperor, he did not want to waste it either.

"I wonder if the Alchemist here knows how to refine elixirs!" Chen Xiang had always been suspicious about this matter. He went to ask Bai Youyou, to see if he could find anything related from the Second Prince's memories.

"I don't think so. This Second Prince knows the arrogant Pill Palace in the Imperial Palace very well and is able to enter and exit it frequently. He has seen quite a few good pills and Alchemist s but he has never seen any pill spirits." Bai Youyou said.

"Then should I impersonate the Second Prince and go to the Holy Letter Shop?" Chen Xiang wanted to hear Bai Youyou's opinion because she had swallowed the Second Prince's memories.

"It's best if they don't. This guy is not easy to impersonate. Moreover, there are experts inside the shop right now. If they discover him, it'll be very dangerous." Bai Youyou said.

After resting, Chen Xiang, Zhou Zhiqin and the other two sisters sat on the same carriage and drove towards the Holy Letter Shop.

"I will use the Second Prince to threaten them in exchange for your two sisters." Chen Xiang said: "They will definitely agree when the time comes."

From the memories of the Second Prince, Bai Youyou knew that although the Second Prince was a little arrogant, the King's father-in-law and Queen took a liking to him. If he were to inherit the throne in the future, then it would definitely be the Empress and the King's father-in-law who held authority behind him.

The Second Prince was raised by them, so they would definitely listen obediently.

When they arrived at the entrance of the Holy Letter Shop, it had already returned to its original state. However, the interior had become very calm, because many people no longer believed in these pill shops.

Chen Xiang, Zhou Zhiqin and the others did not change their appearances and directly appeared at the entrance of the Holy Letter Shop.

The location of the Holy Letter Shop was extremely prosperous to begin with, and some of the passersby immediately recognized Chen Xiang when they saw him.

Very quickly, many of the passersby stopped in their tracks, no one daring to approach, because it was clear what kind of conflict there would be. Last time, many of them witnessed the power of Chen Xiang's explosive Crystal emperor, and directly shattered many late stage Aoshi Holy Stage s.

The appearance of Chen Xiang, Zhou Qi and the others also caused the people inside the Holy Letter Shop to be shocked.

"You all..." With the help of a large amount of pills, Boss Zhao was almost fully recovered. When he saw Chen Xiang, his anger overflowed to the heavens, and he was about to charge over.

"The second prince is in my hands!" Chen Xiang's words immediately made Boss Zhao stop in his tracks.

Of course he knew that the Second Prince had gone to capture Zhou Zhiqin and the others.

But now that Chen Xiang, Zhou Zhiqin and the others were here, the Second Prince had no news of them. Even though there was news that a huge battle had broken out at the Heavenly Note Villa, there were no corpses present. Therefore, even though Boss Zhao and the rest didn't know the exact situation, they felt that it was more likely to be a success.

Seeing that Boss Zhao did not believe him, Chen Xiang immediately dragged the Second Prince out from the Tianchuang furnace and slapped him a dozen or so times in front of Boss Zhao.

"Boss Zhao, quickly save me..." Mother is in the shop too, hurry up and let her come out to save me, she is at the peak of Aoshi Holy Stage, she can definitely kill this brat ... "

Before the Second Prince could finish his words, he had been ruthlessly slapped by Chen Xiang several more times, and his face had even slanted away. What caused the Second Prince's heart to collapse was, after Chen Xiang crippled his face, he actually touched a type of medicinal liquid, which allowed his face to quickly recover so that he could continue to slap him next time.

Chen Xiang placed the Second Prince back inside the Tianchuang furnace and spoke to the extremely angry Boss Zhao: "Hand over Zhou Qi Painting and Zhou Qi Yi and I will return the Second Prince to you. I will only give you one hour's time."

Boss Zhao quickly turned around and returned to the shop, probably to find the empress.

Very quickly, Boss Zhao followed a purple-dressed middle-aged lady whose face was covered by a white veil out. When the middle aged woman came out, she looked at Chen Xiang with a sinister gaze.

Chen Xiang had never seen this kind of sinister and vindictive gaze before, and one that came from a woman.

"I can promise you that I will return those two girls to you, but you must guarantee that my son's cultivation will not be affected." Then, she swept a glance at Zhou Zhiqin and the other two. Their delicate bodies trembled, as if they were extremely afraid of this woman.

"Sure, let them out now. You have to release them first!" Chen Xiang said: "Your precious son has only suffered a little physical pain, and his foundation is not affected at all."

After all, the Second Prince had to succeed him as a puppet. He couldn't be too weak or he wouldn't be able to make it onto the stage.

"Alright!" Heavenly Proud Empress turned and left.

Zhou Zhiqin bit his lips and said, "They have really fallen into the hands of the empress. They must have suffered a lot."

"What do you mean?" Chen Xiang frowned and asked.

Zhou Qiqi and Zhou Zhishu were on the verge of tears. It was obvious that they were well aware of this empress's methods.

Chen Xiang now understood as well and comforted her, "Everything will be fine. After this matter is over, all of you should go find your mothers and stop staying in the Imperial Palace."

Zhou Zhiqin and the others nodded, their faces full of pain. It could be seen that they were very sure that their two little sisters who had been captured would be tortured.

When Heavenly Proud Empress, Boss Zhao and the others came out, Zhou Zhiqin's face was already full of tears when he saw the two girls in black swaying out from the room behind them.

Just like what Zhou Zhiqin and the others had expected, they had already been tortured by the Queen.

Seeing them, Chen Xiang immediately clenched his fists tightly.

Heavenly Proud Empress, on the other hand, had a cold smile on her face. She seemed to be very happy to see Chen Xiang and Zhou Zhiqin's reactions.

"They really are two extremely strong girls. If they refuse to tell me anything, it would be useless to keep them." Heavenly Proud Empress sneered, and pushed with his strength, allowing Zhou Chi Hua and Zhou Qi Yi to pass through.

Chen Xiang immediately rushed over, supported them up, and brought them back to Zhou Zhiqin and the others' side.

Zhou Zhiqin hugged them and cried bitterly!

Zhou Chi Hua and Zhou Qi Yi knew that Chen Xiang came from the third floor, and they also knew about the mysterious Transmission array, but they didn't say anything. In order to protect this secret, they had to endure a great deal of pain.

When Chen Xiang thought of this, an angry dragon's roar came from within his heart. The sleeping Six beasts woke up in an instant, and without going through the Six Realms mirrors, it immediately fused together and turned into a raging fire Red fire dragon, roaring crazily in the Divine Sense Sea.

"Wait, all of you enter my Divine Sense Sea World!" Chen Xiang sent a sound transmission to Zhou Zhiqin and the others.

Zhou Zhiqin and the others could only agree, they did not know what Chen Xiang wanted to do, but Chen Xiang's anger seemed to have washed away the sorrow in their hearts, they could feel that Chen Xiang would definitely help them get it back!

"It's your turn, hand over my son!" Although she saw that Chen Xiang was angry, she did not know that the Red fire dragon in Chen Xiang's heart was about to be unable to hold back any longer.

[Chapter 3423](#)

C3423

The Red fire dragon of Chen Xiang's Divine Sense Sea World continued to emit a wave of berserk might, as if it could break free from Chen Xiang's control and charge out at any time.

Feeling the anger of the Red fire dragon, Chen Xiang finally understood that the Red fire dragon had already blended into one with him. Previously, he was still a little worried that the Red fire dragon would lose control and break away from his Divine Sense Sea World, but now, he was relieved.

The Red fire dragon was currently equivalent to his other soul. The anger, slaughter, evilness, and savagery deep within his soul, if he was unable to suppress them one day, then he would lose control over them.

Chen Xiang let the Second Prince out. The Second Prince looked a little haggard at the moment, but when he saw Heavenly Proud Empress, he immediately became excited and shouted, "Imperial Mother, quickly save me!"

"Chen Xiang, quickly release him!" When Heavenly Proud Empress saw Chen Xiang before, he was extremely furious but now he was calm. The calmness Chen Xiang displayed seemed to be like the calm before the arrival of a storm.

"I'll send you there!" Chen Xiang said indifferently, once he said that, his arms suddenly shook, and a berserk force surged out, causing even the ground to tremble slightly.

Chen Xiang's palm landed on the Second Prince's back and sent him flying.

"Quick, catch him!" The Heavenly Proud Empress hastily shouted. Chen Xiang's palm strike just now was extremely strange, as though he had used a very powerful force, but the Second Prince was still flying over.

Boss Zhao hastily jumped up and caught the Second Prince. However, just as he was about to catch the Second Prince, a shockwave suddenly exploded out from the Second Prince's body!

Bang!

With a muffled sound, the Second Prince's body suddenly swelled up and turned into a fog of blood!

Just now, Chen Xiang had sent the berserk incantation into the Second Prince's body, so it seemed like he used a lot of strength, but the Second Prince did not react immediately.

Only after Boss Zhao borrowed the Second Prince did Chen Xiang manage to control the condensed power to form the Explosion Curse. It was the unparalleled power of the fusion of the Red fire dragon and Chen Xiang, so the resulting explosion Curse was naturally extremely terrifying.

When the spectators in the distance saw all of this, the lofty Second Prince of the Heavenly Proud Imperial Palace turned into a cloud of bloody mist and dissipated into the air! And it was even destroyed in front of the Heavenly Proud Empress!

Everyone could not believe their eyes. There was actually someone who dared to kill a second prince in public!

Zhou Zhiqin and the five sisters had seen it the most, but they had never thought of it.

"You guys go in first!" Chen Xiang immediately put the five girls, Zhou Qi and the others into the You Yao Mountain Villa.

At this moment, Boss Zhao's face was covered in blood. Normally, he would have to bow before the Second Prince, but it had exploded just now. Even someone as experienced as him was trembling in fear at the sudden change in events.

"Boss Zhao, if you can't kill him today, then go and die with him!" Heavenly Proud Empress was so angry that his entire body was trembling, his voice sounded like he was growling.

Boss Zhao roared and took out a long sword. His body burst with a burst of golden light and a set of armor appeared on his body.

Boss Zhao's godly sword was severed, and his soul was connected to the godly sword. At this moment, it was as if someone had suddenly torn him apart. The pain made his head hurt so much that it felt like it was splitting apart.

"Boss Zhao's godly sword was crafted using the Tao-creation's Holy stone! It was cut off just like that! "

"What kind of background does this Chen Xiang fellow have? He killed the Second Prince in front of the Heavenly Proud Empress and now that he's fighting with Boss Zhao, he actually destroyed Boss Zhao's precious divine sword with one sword strike!"

The few elders who were watching from afar exclaimed in admiration. They had some understanding of Boss Zhao.

Boss Zhao also did not expect that the divine sword that he was so proud of would be shattered by Chen Xiang just like that.

"Die!" Chen Xiang continued to swing his sword, with a 'shua', three slashes, he cut Boss Zhao into three pieces.

After Boss Zhao's godly sword was destroyed, he was actually chopped into three pieces!

Boss Zhao was clearly wearing a precious set of Divine Armor, but it looked like paper paste right now. Chen Xiang's slash was extremely smooth, that Divine Armor had no effect at all.

"Humph!" Chen Xiang let out a cold snort, condensed the power of the Tao-creation Incantation of berserk and shock, and smashed towards Boss Zhao with a palm.

"Empress, save ..." Boss Zhao screamed in despair and fear, but Chen Xiang's power of thunderfire had already surged over, crushing him into dust and dissipating a wave of air in all directions.

Heavenly Proud Empress looked at Chen Xiang, her body trembling slightly. No one had ever dared to be so arrogant in front of her, as though they were trying to kill her son.

[Chapter 3424](#)

Chen Xiang calmly looked at Heavenly Proud Empress, as though nothing had happened, and said indifferently: A dog and a piece of trash dying can make you so angry, this is truly delightful! Since you care so much about them, I will send you to accompany them. "

"How dare you! I'll let you know what fear is!" Heavenly Proud Empress gave a cold shout and the ground cracked, revealing rows and rows of black pythons.

The python was formed from black energy, the energy at the peak of the Aoshi Holy Stage was extremely scary. After the python appeared, it rushed towards Chen Xiang like a madman.

"This kind of trash dares to be so impudent in front of me!" Chen Xiang's eyes flashed with a gold light, suddenly, dragon roars sounded out, a few golden dragons flew out from his body and rushed towards the incoming black pythons.

The golden dragon roared. The dragon's might was vast. With just a few roars from the golden dragon, those black pythons that came surging over from all directions were all destroyed in an instant.

Such monstrous killing intent turned into rolling dark clouds that covered the skies above the imperial city. The killing intent in the air was filled with ruthlessness, as if countless souls were wailing in agony.

"Why does this guy have such a terrifying murderous aura!"

"It's too scary, I can't even breathe!"

"Look at the sky! What is that?"

Everyone looked up and saw that the dark clouds that had covered the sky were actually gathering, gradually forming into a gigantic black dragon head. That dragon head was like a gigantic mountain as it floated in the air.

Heavenly Proud Empress had been hiding in space to attack Chen Xiang, but she could not seem to sense any changes happening outside. By the time she sensed that something was amiss, a black super dragon had already appeared in the sky.

"Killing evil dragon!" Chen Xiang looked at the gigantic black dragon in the sky, and something suddenly appeared in his mind. It was the killing intent released by the Red fire dragon, and because the killing intent was extremely dense, it had congealed into a dragon.

This is the embodiment of the evil of Red fire dragon! The Red fire dragon was formed from the fusion of Six beasts, and the Six beasts had accompanied Chen Xiang for many years.

"With such a large commotion, we have to finish this quickly." Bai Youyou was shocked by Chen Xiang's hidden strength. It was as if Chen Xiang's body contained an endless amount of power, and an explosion only required an opportunity.

Chen Xiang felt that he and the Killing evil dragon in the sky were linked. Following his will, the Killing evil dragon in the sky let out a low and aged roar, and then, it smashed its head onto the ground.

When the Killing evil dragon descended, that ruthless killing aura caused Heavenly Proud Empress to feel fear, and she immediately teleported away from Chen Xiang.

Roar! Roar! Roar!

The Killing evil dragon roared and crashed into the ground, drowning Chen Xiang out. In just a few blinks of an eye, this evil dragon that could slaughter the heavens was gone, turning into a black mist.

The mist suddenly surged, converging towards the center and entering Chen Xiang's body.

After the mist dissipated, Chen Xiang donned a set of dragon scale black armor, and between the gaps of the armor, streams of black flames surged out, with killing intent constantly overflowing.

Chen Xiang's eyes were red, at the moment, he could only feel an endless amount of killing intent erupting from his body. If he did not release it, it would be extremely uncomfortable.

Heavenly Proud Empress really could not understand what was going on with the person in front of him.

"So what? I'm at the peak of Aoshi Holy Stage!" Heavenly Proud Empress shouted coldly. He concealed himself within the space and shot out a sword aura that had been stored up for a long time towards Chen Xiang.

"Don't you like to abuse people? Now, I will torture you! " After Chen Xiang finished speaking, he gathered the power of the Thunder Fire Concussive Curse in his hand and fiercely slapped the other side of Heavenly Proud Empress's face.

BOOM!

She was furious to the extreme, she was the Queen of Heavenly Proud Imperial Palace, the father's King's father-in-law, and her husband was the Divine Lord. She felt that she had only mistreated two girls, yet she had caused Chen Xiang to become so angry.

Clap clap ...

Following that, Chen Xiang's palms continued to slap on Heavenly Proud Empress's face, to the point where her face was no longer recognizable.

"You also know the power of space; this is great!" Chen Xiang sneered, grabbed the Heavenly Proud Empress's head, channeled his Devouring magic kungfu, and devoured the Space holy soul.

"Ahh ..." Heavenly Proud Empress could clearly feel that her most precious Space holy soul was being torn off bit by bit, and was moving further and further away from her Divine Sense Sea.

"Stop!" An angry bellow came from the distance as a wave of oppressive force attacked.

"Your father came, but it was of no use!" Chen Xiang laughed out wildly before grabbing onto Heavenly Proud Empress's head and devouring her Space holy soul as he teleported away.

That King's father-in-law was someone who had brought several experts at the peak of Aoshi Holy Stage with him, and Chen Xiang was already forcefully squeezing out all of the potential in his body. It was already extremely difficult for him to take down the Heavenly Proud Empress, so dealing with a few other experts at the peak of Aoshi Holy Stage would be even more difficult.

Chen Xiang quickly completed his devouring process. He obtained the Space holy soul of the Heavenly Proud Empress, then, with an extremely strong power, he forced a gust of thunderfire into the Divine Sense Sea, completely destroying it.

Chen Xiang fused with the Killing evil dragon and was able to fly in the sky, quickly leaving King's father-in-law and the others behind. Heavenly Proud Empress's body was already thrown into the air by him.

When the King's father-in-law found Heavenly Proud Empress's body, she roared at the sky. The Heavenly Proud Empress did not die, but it was even more painful than death. Her cultivation had been crippled, and the most precious Space holy soul had been devoured by Chen Xiang.

Although her heart was filled with anger, it was mostly fear and regret. She knew that all of this was because of the treatment Chen Xiang had gone through after seeing Zhou Qian Tu and Zhou Qi Yi being abused by her.

It was because of Chen Xiang's fury that he had squeezed out all of the potential in Chen Xiang's body and thoroughly defeated her.

... ..

As Chen Xiang flew in the air, the dragon-scaled black armor on his body disappeared bit by bit, and that murderous aura was gradually being drawn into the Red fire dragon. He did not know when the Killing evil dragon would appear again, and in short, this was not something he could control.

If it was really possible, he did not want any anger to anger him, because that was not a good thing. Just like now, Zhou Zicheng and Zhou Chiyi were tortured in all kinds of ways, which was why he was so angry.

Hiding in a mountain range, although Chen Xiang released a power that surpassed his own, it did not affect his body much, and only made him feel very tired.

Last time, when he merged with the Tao-creation's incantations, it was the most painful. This time, he had wanted to merge the Tao-creation's incantations into his body, but he couldn't do it. If he could be like the Six Realms mirrors, his power would be even more terrifying.

"There is a complete Tao-creation's Incantation inside the Six Realms mirrors, and all of the Tao-creation's Incantation was arranged and fused, the moment it appeared in my body, it would be able to absorb my energy and erupt. Right now, there are very few Tao-creation's Incantation I have grasped, and it is impossible for me to do that."

Chen Xiang took a small breath and merged the Space holy soul that he had engulfed into his own body. This could strengthen his spatial energy.

Chen Xiang released the Time Domain to speed up his recovery.

After the second day, he recovered to his peak condition, and had already stepped into the later stages of Aoshi Holy Stage, so he could be considered a very strong existence!

"Where is your mother, Zizi? I'll bring you guys to find her. Just follow her from now on and don't go back to Heavenly Proud Imperial Palace. "

Zhou Zhiqin and the other five sisters also knew what Chen Xiang had done yesterday. They were still shocked when they thought back to it.

Zhou Zhiqin told Chen Xiang where his mother was and he immediately allowed the Red fire dragon to merge with his body before flying into the sky.

Now that he was using Spatial Force, it would be even stronger. However, the energy consumption was also huge, and it wasn't as fast as flying in the sky.

Zhou Zhiqin and her mother lived in a quiet valley. It was said that Zhou Zhiqin's grandfather and grandmother were also living there.

When Chen Xiang saw the valley from afar, he was also a lot more relieved. He was a little worried that the King's father-in-law would find this place.

However, just as he landed on the ground, he could feel three presences coming out of the valley. An old man and an old woman were at the front, followed by a beautiful middle-aged woman who looked quite similar to Zhou Qiqi and the others.

Chen Xiang hurriedly let Zhou Zhiqin and the other five sisters out. He did not need to explain anything.

When the beautiful middle-aged woman saw Zhou Zhiqin and the rest, she immediately rushed over. Her eyes were filled with tears, as though she had found out about something.

That old man, who was also Zhou Zhiqin's grandfather, looked at Chen Xiang with a grave expression. "Young man, you shouldn't be so arrogant."

After Zhou Zhiqin and the others heard it, they were also very worried.

Chen Xiang nodded his head: "Senior, what are the consequences this time?"

[Chapter 3426](#)

Zhou Zhiqin's grandfather frowned and sighed. He patted Chen Xiang's shoulders and said: "Young man, you have to hide properly. It's best for you to leave the World Defying Stage Soul River."

"Why?" Chen Xiang could tell from the serious tone of the old man that he was currently in a very dangerous situation.

"There is a Dragon Controlling Palace in the Tao-creation Place! I don't really know much about this Dragon Controlling Palace, but I do know that the moment this Dragon Controlling Palace knows that someone else who managed to cultivate a World Defying beast is a dragon, they would immediately send someone to find that person and take his dragon away." The old man said: "As for whether or not they will come to the fifth floor, I don't know. In short, it's better for you to hide."

A mysterious power that came from the Tao-creation Place! That would definitely be very powerful, but Chen Xiang had already walked all the way back, it was impossible for him to return just like that.

"I understand, I will be more careful!" It would be best for you all to also change to another place, and not be found by that King's father-in-law. " Chen Xiang said, he was only a little worried, but he felt that his concealment skills were not bad, so there shouldn't be anything wrong.

"That's right, Senior, have you heard of Gu Tong and a person called Super Yang Old Ancestor?" Chen Xiang asked.

Zhou Zhiqin's grandfather and grandmother both shook their heads. They had never heard of this before.

"Chen Xiang, you should return to your original place! The Dragon Controlling Palace that grandfather was talking about must be very strong." advised, power from the Tao-creation Place, strength did not need to be questioned.

"En, you don't have to worry, I have my own plans." Chen Xiang nodded his head, "I shall take my leave now. See you later if fate wills it."

After Chen Xiang bade farewell to Zhou Zhiqin and the other two sisters, he quickly ran off. At this time, he did not merge with the energy of the Red fire dragon again to allow himself to fly.

The Dragon Controlling Palace that Grandfather Zhou Zhiqin mentioned definitely exists, because Chen Xiang thought of a few things. Even if the dragons in the World Defying Stage Soul River were extremely rare, he had only seen this Grandma Long.

Long Zhiyu had also said before, but she had never seen any dragon in the Aoshi Holy Stage nor had she seen any dragon in the Myriad Tao.

He suspected that Long Zhiyu's master might have been attacked by the people from the Dragon Controlling Palace!

"Looks like I have to be careful." Chen Xiang was no longer afraid of those who were at the peak of Aoshi Holy Stage anymore. When he stepped into the late stage of Aoshi Holy Stage, he could use the combination of the Six Realms mirrors and the Tao-creation's incantation to allow him to forever be comparable to the strength of those who were at the peak of Aoshi Holy Stage.

Even if he encountered a strong expert at the peak of Aoshi Holy Stage, even if he was unable to defeat them, he would be able to escape unscathed.

Chen Xiang returned to Heavenly Ao Imperial City.

He wanted to find clues about Gu Tong and the Super Yang Old Ancestor, and only the Heavenly Proud Divine Lord had heard of them.

Now, the entire imperial city was shrouded in a stifling atmosphere. It was because that King's father-in-law was extremely angry, his own daughter had been crippled, and his own plans had been disrupted. How could he not be angry? Furthermore, he didn't know where Chen Xiang had gone to.

Of course, if he knew that Chen Xiang had secretly returned to the city, he would definitely admire Chen Xiang as well. He actually dared to come back at a time like this.

... ..

Inside the Heavenly Proud Imperial Palace, a middle-aged man dressed in plain clothes was holding an ancient book, stroking his small beard and seriously looking at it, this person was the Heavenly Proud Divine Lord who was being placed under house arrest, Zhou Zhengyang!

A haggard middle-aged beauty walked into the study and stood behind Zhou Zhengyang. She was the Heavenly Proud Empress that was crippled by Chen Xiang previously.

"My son is dead!" After the Heavenly Proud Empress entered, her voice was calm and there was no sadness in it. She only felt that it was a pity that she did not have any feelings for her son.

"I know!" Zhou Zhengyang flipped open a page, and laughed: "Even though I'm here, I know all about the matters outside!"

"You ..." Heavenly Proud Empress was slightly angered: "You can still laugh!"

"Don't laugh? Did you cry?" Zhou Zhengyang was still smiling as he glanced at the Heavenly Proud Empress.

"He's your son!" Heavenly Proud Empress was furious.

"He is only your son! When he tried to rob me, I stopped seeing him as a son. If he died, so be it. I still have five daughters." Zhou Zhengyang chuckled: "That's my real daughter. At least when I'm with them,

I don't need to worry about being tricked by them. I don't need to think about their words and I'll be able to relax."

Heavenly Proud Empress was so angry that her entire body was trembling, she wanted to break some things, but she had already been crippled, and could only rely on a large number of pills to help her stand up in a short period of time. She did not know how long she would need to recover her strength in the future.

"Are you happy to see me like this?" Heavenly Proud Empress gnashed his teeth and said: "It's all that little bastard Chen Xiang, I must ... "Humph!"

Thinking of Chen Xiang, the Heavenly Proud Empress felt his teeth clench in hatred!

"I am a little happy ..." "You should be thankful that he didn't kill you. I think he could have definitely killed you. Do you want to know why he didn't kill you?" Zhou Zhengyang placed the ancient book down. After he found out about this, he had been thinking about this problem.

Heavenly Proud Empress thought for a while, frowned, and said: "He wants me to live in pain ... Right now, I am indeed suffering from a fate worse than death! "

"Better to die than to live! You need to understand clearly how frightening that killing aura was, but he didn't kill you. " Zhou Zhengyang seemed to not understand. After thinking about it, he could only think that Chen Xiang did not want Heavenly Proud Empress to die too quickly.

"In short, he's finished. This time, he will definitely alarm the Dragon Controlling Palace, and the only outcome for him will be death!" Heavenly Proud Empress sneered: "Who asked him to be so high-profile!"

Zhou Zhengyang continued to read his book and ignored Heavenly Proud Empress, they did not seem to have any more feelings for each other, if not they would not be so tit for tat.

Heavenly Proud Empress walked out of the study room in a huff. Although it looked like Zhou Zhengyang was under house arrest, she knew very well that if Zhou Zhengyang was serious, no one could stop him.

Not long after Heavenly Proud Empress left, Zhou Zhengyang suddenly frowned, and said indifferently: Who's here? "You're sneaking around!"

"I am Chen Xiang, hello Heavenly Proud Divine Lord!" Chen Xiang appeared behind Zhou Zhengyang, smiling faintly.

Zhou Zhengyang immediately turned his head, stroking his small beard, he squinted his eyes and sized Chen Xiang up. He was very surprised in his heart. Chen Xiang had already pierced through the heavens, but not only did he not fly far away from the Heavenly Ao Empire, he actually appeared in his study.

"Have you just arrived?" Zhou Zhengyang laughed, and indicated for Chen Xiang to sit on the big chair.

Chen Xiang sat down, crossed his legs and laughed: "No, I followed that woman in, if not I would not have known where you were."

Zhou Zhengyang could not help but laugh out loud, if the Heavenly Proud Empress knew that his enemy was following behind her, he would definitely be so angry that he would vomit blood.

[Chapter 3427](#)

"You are an interesting young man with both strength and courage. "Zhou Zhengyang's eyes were filled with praise. He also knew that Chen Xiang had exploded in anger because of Zhou Chi Hua and Zhou Qi Yi being mistreated by the Heavenly Proud Empress, all for the sake of his daughter.

Chen Xiang only smiled slightly.

"Then you should have heard my conversation with her. Can you dispel my doubts? "Why didn't you kill her?" Zhou Zhengyang asked.

"There are a total of three reasons! Firstly, I will devour her Space holy soul. If she dies and the Space holy soul I devour does not fuse with me, when my master dies, the Space holy soul will also dissipate. Space holy souls are extremely valuable, I do not wish to lose them. "

Zhou Zhengyang nodded his head, this was a reasonable decision. Sometimes, even he was a little jealous of the Heavenly Proud Empress's Space holy soul.

"Secondly, because I feel that I will see you again in the future. If I kill Heavenly Proud Empress, I am afraid that you have feelings for him, and would hate me."

Zhou Zhengyang already knew that Chen Xiang wanted to ask him about some things related to Gu Tong and the Super Yang Old Ancestor.

"Thirdly, the life of the Heavenly Proud Empress will be even worse than death, you all have already thought of that." Chen Xiang chuckled: "I might come to see her later ... "No, it's to anger her!"

Zhou Zhengyang suddenly felt unwell, the guy in front of him, was actually going in and out of his Heavenly Proud Imperial Palace, as though it was his own home, coming and going as he pleased, he started to suspect if the enchantment around his Heavenly Proud Imperial Palace was installed.

"Then your purpose for coming here, should be to ask about Gu Tong and the Super Yang Old Ancestor, right?" Zhou Zhengyang asked.

"This is one of the things, and another thing... I hope that you can take good care of the Zither sisters. I'm worried that the King's father-in-law will find them. " Chen Xiang replied, "This makes me very worried."

"You don't have to worry about that. I've been sending people to protect them from the shadows. Not to mention, their grandparents are not weak either." Zhou Zhengyang said.

"Then I am relieved." Chen Xiang said.

"I don't know much about Gu Tong and Super Yang Old Ancestor. I only know that they are the top masters of artifact forging and formation setting." Zhou Zhengyang said: "The last time I saw them, I was still very young, and was even Heavenly Proud Imperial Palace's crown prince."

"I wonder where they spent so much time? Is it here? " Chen Xiang asked.

"Not here, but in. Once I step on it, I will be devoured. When I was travelling, I met them near there, and after that, they entered the depths of the Blood Mud Plains." Zhou Zhengyang sighed: "That place is really scary!"

"In what direction?" Chen Xiang asked.

Zhou Zhengyang took out a map and showed it to Chen Xiang, who quickly memorized the general direction.

"Goodbye, I'll go take a look now." Chen Xiang said.

"You have to be careful. Also, you have to pay more attention to the people of Dragon Controlling Palace. This is an extremely terrifying force." Zhou Zhengyang said in a serious tone, and then told Chen Xiang about Dragon Controlling Palace's situation, which was more or less what Grandfather Zhou Zhiqin had said.

"I got it!" This was not the first time someone had warned him like this.

"Oh right, if you want to kill Heavenly Proud Empress, then please!" In the end, Zhou Zhengyang said without mercy. What the Heavenly Proud Empress had done had already made him want to kill her.

... ..

Chen Xiang left the study and immediately headed towards another palace. It was the palace of the Heavenly Proud Empress, and Chen Xiang had one of his Heaven devouring rat follow behind him stealthily.

When the sky darkened, Chen Xiang quietly entered the Heavenly Proud Empress's chambers. Even though there were a few mid stage Aoshi Holy Stage s guarding the place, they were as transparent as crystal in Chen Xiang's eyes.

Chen Xiang arrived at Heavenly Proud Empress's room very easily. Heavenly Proud Empress was currently very weak, she slept very soundly, furthermore, her Divine Sense Sea was already destroyed by Chen Xiang, her cultivation was completely gone, she was extremely weak, and could not even sense that someone had entered her room.

Chen Xiang took out the Six Realms mirrors and set up a barrier, to prevent the sound of this place from spreading. He had to play with this Heavenly Proud Empress a little.

The sleeping Heavenly Proud Empress suddenly felt that something cold was fiddling with her haggard jade face, but she didn't want to wake up because she was too sleepy.

But the thing kept touching her face, and she had to open her eyes.

Heavenly Proud Empress blurrily opened her eyes and saw Chen Xiang making a face at her. She immediately screamed in fear.

"Ah... "Ahhhh ..." Heavenly Proud Empress suddenly jumped up from the bed and retreated, screaming loudly, "Men, men!"

"Come your grandpa, even if you scream your head off, no one will hear you." Chen Xiang laughed out loud.

"It's actually you ..." Little bastard! " When Heavenly Proud Empress saw that it was Chen Xiang, he confirmed that he was not dreaming.

She never thought that Chen Xiang had actually already snuck into the Heavenly Proud Imperial Palace, and that King's father-in-law was still looking for Chen Xiang everywhere.

"You can scold me however you like, since it's not like I'm going to lose a piece of meat!" No matter how much you scold me, it would not change the fact that you're a piece of trash, haha ... " Chen Xiang mercilessly taunted Heavenly Proud Empress.

Heavenly Proud Empress was so angry that he grabbed his pillow and threw it towards Chen Xiang.

"You ... What do you want? Are you here to kill me? "Give me a quick death, I'm not afraid of death." Heavenly Proud Empress's voice was filled with hatred.

"I want to kill you. You were dead when you came out of the study." Chen Xiang curled his lips: "Also, Heavenly Proud Divine Lord doesn't mind me killing you!"

The Heavenly Proud Empress roared: Then why haven't you made your move? Quickly kill me!

"Wouldn't killing you be letting you off easy?" Chen Xiang sneered.

Heavenly Proud Empress was not afraid of death, but was afraid of being tortured to death, so she wanted to ask for a quick death. Seeing Chen Xiang's expression, her heart skipped a beat, she was worried that Chen Xiang would torture her to death.

"What do you want?" Heavenly Proud Empress was extremely terrified, forcing himself to stay calm.

"I'll give you a way out of this, and I won't kill you." Chen Xiang sat on a chair. Earlier, he did not give Zhou Zhengyang another reason not to kill the Heavenly Proud Empress.

This was something that the Heavenly Proud Empress had definitely not comprehended himself. For the Heavenly Proud Empress to be able to hide in the air, this move made Chen Xiang feel that it was very strange. At the very least, Chen Xiang was not able to do it right now.

"Which way?" Heavenly Proud Empress asked, she was worried that Chen Xiang would torture her.

"As long as you pass this secret technique of using the power of space to me, I'll let you go." Chen Xiang said.

Thinking about his own Space holy soul, Heavenly Proud Empress was so angry that his heart was bleeding.

"It's not that I don't want to pass it on to you ... It's just a coincidence that I got this inheritance, including the Space holy soul! " Speaking till the end, Heavenly Proud Empress almost gritted her teeth as she spoke. From this, it could be seen how much she hated Chen Xiang.

[Chapter 3428](#)

Chen Xiang released the three Poison monkey s and laughed sinisterly: "Then I'm sorry! These are three Poison monkey, the poison they release will not kill you immediately ... "

"I really don't have any secret techniques that I can pass on to you. Those are all things that I inexplicably understood after fusing with a Space holy soul." Heavenly Proud Empress saw the claws of the three Poison monkey and became anxious.

"Is that so?" Chen Xiang had Poison monkey flash to the side of Heavenly Proud Empress and surround him.

"It's true, I won't lie to you." Heavenly Proud Empress was afraid that she would die a terrible death. After all, she was a beauty.

Chen Xiang shook his head: "Looks like you don't want to tell me!"

"Wait, I can bring you to the place where I obtained the inheritance. It's in the Bloody Plains." The Heavenly Proud Empress hastily replied, "There are still legacies over there. My strength was weak back then, so I did not go deeper."

Chen Xiang made the Poison monkey retreat, it was actually in the Bloody Mud Plains, this was exactly where he planned to go next.

The Blood Mud Plains must be very dangerous, maybe this Heavenly Proud Empress was lying to him on purpose, wanting Chen Xiang to die with her.

Chen Xiang also thought about this, but he felt that he should enter the Bloody Plains first, so he decided to give it a try.

"I have a method to search your memories so that you don't need to take me there." Chen Xiang said.

"Hmph, my current strength is so weak. I believe that before you found any memories, my soul had already shattered. You need to understand how weak I am right now. Do you think you can control your strength well?" The Heavenly Proud Empress sneered.

Chen Xiang had obviously come out to give it a try, but Bai Youyou didn't dare guarantee if it would succeed either. The Heavenly Proud Empress's soul was destroyed by Chen Xiang, and was indeed very weak, she had not recovered yet. If she tried to forcibly search for her soul, it would only cause her soul to shatter, and in the end, she wouldn't be able to obtain anything.

If it was a powerful soul, even if it was shattered, there would still be remnants that could still be obtained. However, once the Heavenly Proud Empress's soul was shattered, it would immediately dissipate.

"Don't play any tricks on me! Even if you wish to die with me, I can still let you live a life worse than death at the last moment. " Chen Xiang laughed coldly, and then, the Heavenly Proud Empress sealed him in a room inside the Six Realms mirrors.

He felt that after taking the Heavenly Proud Empress away, the Heavenly Proud Empress would not urge them to go find Zhou Zhiqin and the others.

Just like this, Chen Xiang brought a Heavenly Proud Empress who was cursing him in his heart and headed towards the Blood Mud Plains.

The Heavenly Proud Empress was called He Fengyuan, she was a very sinister woman, only that her vicious fangs were now fiercely pulled out by Chen Xiang.

"Poison Woman, how much do you know about Dragon Controlling Palace?" Chen Xiang sent a sound transmission to He Fengyuan who was inside the Six Realms mirrors: "Heavenly Proud Divine Lord isn't very familiar with this."

"Of course that idiot doesn't know!" He Fengyuan sneered: "I understand Dragon Controlling Palace a lot more than him. You are currently in extreme danger, it would be best for you to stay far away from World Defying Stage Soul River in order to live longer."

"How much do you know!" Chen Xiang asked.

They are very strong, even my father would have to be respectful to them when he sees them. Now that you have caused such a big trouble and released such a terrifying black dragon, they will definitely find you. " He Fengyuan said.

"I'm not afraid. At most, I'll die!" You won't live anyway. " Chen Xiang laughed, he was not worried at all.

"Hmph. Right now, I am living a life worse than death. If I can see you die, I would be extremely happy." He Fengyuan laughed out loud.

"Do you think I would die so easily? After I devoured your Space holy soul, my power of space increased by a lot. Thank you so much, noble and beautiful Queen, haha ... " Chen Xiang's words fiercely stabbed at He Fengyuan's hatred.

He Fengyuan could not laugh anymore, he was so angry that he trembled, treating one of his clothes as Chen Xiang, fiercely ripping it apart. Now she realised that Chen Xiang stirring up her resentment from time to time was also a form of torture for her.

After all, Chen Xiang was her enemy and she was threatened by her enemy. Since she couldn't take revenge, she could only curse, it was extremely painful!

"Poison Woman, those two Dragon Controlling Gods s, can they find me?" Chen Xiang asked again, he was a little worried about this.

"I'm not sure. In short, they are extremely powerful. Maybe they have some kind of secret technique. When the time comes, you'd better run faster." He Fengyuan snorted: "I don't want to be buried with you, you bastard."

"Just now you said you would be happy to see me die." Chen Xiang curled his lips.

"That was my idea just now." He Fengyuan said angrily: "You placed me in this damned place, and I can't see you get killed with my own eyes. I can only accompany you in death."

"You're right, you think too much." Chen Xiang laughed, he was also inside the Six Realms mirrors, but he was in another room.

The Six Realms mirrors flew towards the Bloody Plains. Using this method to travel, Chen Xiang felt that it would be safer.

After flying for more than ten days, Chen Xiang finally saw the Bloody Plains. Although he did not exit the Six Realms mirrors, he could still clearly see the situation around him.

He immediately brought He Fengyuan who was in the other room over and said: "Where did you get the Space holy soul from? "Take a good look!"

He Fengyuan was furious when she saw Chen Xiang's face, and when she saw that Chen Xiang's room could see everything outside, she secretly cursed Chen Xiang a few times in her heart. He had actually locked her in a sealed off room, causing her to feel very bored.

Upon closer inspection, one could see that the bloody plains were not solid at all, but were rather muddy. Bubbles would occasionally appear, and if one were to step on a bloody plain, one would definitely be sunk in.

On the plains, there would be small mountains, and in the distance, there were many large mountains.

"You go to that mountain that looks like a cow's head!" He Fengyuan pointed to the image that appeared on the wall of the room.

Chen Xiang immediately controlled her Six Realms mirrors to fly, and her flying speed was not slow either. This caused He Fengyuan to be secretly surprised, she had always doubted Chen Xiang's background, not only did he possess great strength, the divine tools he possessed were also extremely powerful.

"Poison Woman, have you heard of Gu Tong? "A refiner!" Chen Xiang suddenly asked, he felt that Heavenly Proud Empress knew more about this than him.

"Of course I've heard of it! He was born in a very mysterious place. Many years ago, he once came to the fifth floor of the World Defying Stage Soul River and disappeared in the Bloody Plains in the end. I had once suspected that the inheritance I received from the Space holy soul was left behind by Master Gu Tong. "

As expected, He Fengyuan knew more than Zhou Zhengyang.

"If only that's the case." Chen Xiang gazed at Ox-Head Mountain in the distance and muttered to himself, "Maybe I can find that Transmission array quickly."

[Chapter 3429](#)

Chen Xiang's Six Realms mirrors was flying on the Blood Mud Plains. If they didn't fly, they could only use some tools that could be used to float in the blood mud. Otherwise, it would be difficult to walk on the Blood Mud Plains.

Even if they had a divine artifact, it would still be extremely dangerous in the Bloody Plains.

"There seems to be something here!" Chen Xiang suddenly felt a weak Qi below him, he immediately controlled the Six Realms mirrors to speed up, and to fly forward as fast as he could.

Not long after the Six Realms mirrors flew forward, a huge red figure suddenly emerged from the mud and blood behind them. Something flew up from below.

"It's the Blood devil shark!" He Fengyuan shouted in shock, his face full of fear.

"It really is a bit scary." Chen Xiang said.

"Not only is it scary, it's deadly! Little Rascal, hurry up and think of a way to leave this area. Do you know how frightening this place is?" He Fengyuan was very anxious, she could not help but pat Chen Xiang hard, making her very nervous.

"Weren't you the one who begged me to kill you? Why are you so afraid of death now!" Although Chen Xiang was hit, but with He Fengyuan's current strength, she could only scratch his head.

"Cut the crap. If you don't want to die, then do as I say." He Fengyuan grinded his teeth in anger: "I can't be bothered to accompany you, little devil, in death."

Chen Xiang could only use the power of space now to allow the Six Realms mirrors to teleport a distance, and then quickly fly. At the same time, he was also using the Counter Power.

"There shouldn't be any problems now, right?" Chen Xiang also did not understand why He Fengyuan would suddenly be so nervous.

That's why I told you to run faster. You really are an unlucky thing. The moment you entered the Bloody Plains, you encountered the most terrifying thing. " He Fengyuan stared at the stone wall of the room, watching the movements outside the Six Realms mirrors.

Chen Xiang disagreed, and said: "So what? This Six Realms mirrors of mine is very powerful, even if it is eaten it will be fine. "

"Then you're wrong!" He Fengyuan laughed coldly: "Truly, the ignorant are fearless. Do you really think that the Blood devil shark is a normal soul beast? An adult Blood devil shark has lived for a million years. In the beginning, there were many Tao-creation s here, and Blood devil shark grew up eating these things. If the Blood devil shark swallowed them, they wouldn't be able to leave even if they used Spatial Force.

"The Blood devil shark has an invisible barrier inside their body that can refine Tao-creation Holy stone. Even if you use a large number of Tao-creation Holy stone to refine this, it will definitely be refined by them as time passes."

Chen Xiang's heart trembled. If it was really as He Fengyuan had said, then this Blood devil shark was really very scary! No wonder He Fengyuan was so afraid.

"How many Blood devil shark are there in groups?" Chen Xiang asked again.

"At least a thousand, I definitely won't lie to you. Fortunately, you reacted quickly and were able to avoid it in time, if not, we would be inside the Blood devil shark's stomach now." He Fengyuan looked at the wall, suddenly pointing at a certain place, he shouted: "Look here!"

Chen Xiang immediately looked over, only to see many sharks whose backs were exposed on the surface of the Bloody Plains. Behind them, many Blood devil shark s were quickly catching up to them.

"No matter how fast these things are, they won't be able to match me." Chen Xiang was not worried at all. After all, these Blood devil shark were all trapped in the blood mud and would more or less receive help.

Seeing Chen Xiang like that, He Fengyuan stomped his feet in anger, and strongly patted Chen Xiang: "Little bastard, be more serious, the Blood devil shark is not only chasing after them, they have other methods as well."

"These Blood devil shark all live for a million years. Not to mention that their own strength has already reached the peak of Aoshi Holy Stage, they have lived in this blood paste for so many years and know it like their own hands. They can control the blood paste here."

Just as He Fengyuan finished speaking, he saw a thick wall of blood suddenly appear in front of him. His Six Realms mirrors's flying speed was limited, it could not fly past that wall.

"Look around!" He Fengyuan shouted.

Right now, the walls on all four sides were huge and thick, the walls formed by the Blood devil shark controlling the blood mud.

"Can you fly over?" He Fengyuan asked anxiously: "They've caught up, there's more up ahead!" What did you make this thing? Let so many Blood devil shark chase after him. "

Chen Xiang had already used the Counter Power, but he was still sensed by others. Right now, he suspected that the Blood devil shark could have sensed the Tao-creation's Holy stone within the Six Realms mirrors, which was why they were chasing after him all the way.

"These things are underestimating me. I'll take care of it." Chen Xiang immediately left the Six Realms mirrors and kept it at the same time. When he was about to leave, he had the Red fire dragon fuse with him, and then he flew high in the sky and easily passed through the high walls.

The reason why Chen Xiang didn't use the Red fire dragon's power before, was only to avoid being sensed by the people from the Dragon Controlling Palace.

Right now, he felt that after entering the Bloody Plains, it would be safer, and the people from the Dragon Controlling Palace would not be around.

"Do all Blood devil shark eat Tao-creation's Holy stone? The bodies of these fellows should be very sturdy!" Chen Xiang secretly thought, he suddenly wanted to grab a Blood devil shark to see.

The moment Chen Xiang had this thought, he couldn't sit still anymore. He took out a piece of Tao-creation Holy stone and let it be exposed, and very quickly he sensed that a Blood devil shark was approaching.

"Only one! That's great!" Chen Xiang took out the Six Realms mirrors and had it activate a killing array. A ray of light came out from the mirror and struck one of the Blood devil shark.

What Chen Xiang did not expect was that the Blood devil shark was actually very powerful. The light emitted by the killing array just now was extremely strong, but the Blood devil shark was only able to jump out from the bloody mud due to the pain.

Just as the Blood devil shark jumped out, Chen Xiang immediately released the Tianchuang furnace, allowing it to grow bigger and catch the Blood devil shark that was about to fall.

After the Blood devil shark entered the Tianchuang furnace's body, it began to struggle intensely. The Tianchuang furnace began to shake crazily, as if it could break apart at any time.

"Xiao Ke'er, use your needles and try to see if you can kill this fellow." Chen Xiang said to Feng Ke'er.

Feng Ke'er entered the Tianchuang furnace and controlled her golden needles to fly out, stabbing the Blood devil shark's gigantic head back and forth. Her golden needles were indeed very strong, they were able to easily pierce through the strange, stiff layer of skin on the Blood devil shark's surface.

After the Blood devil shark was killed by Feng Ke'er, Chen Xiang placed it in a very large space inside the Six Realms mirrors.

Chen Xiang went to a small mountain to rest, then entered a storage room inside the Six Realms mirrors. Looking at the Blood devil shark that was over thirty meters long, he wanted He Fengyuan to broaden his horizons.

"You saw it, wicked woman! This is the Blood devil shark that you are so afraid of, I easily killed it." Chen Xiang laughed.

[Chapter 3430](#)

He Fengyuan saw the Blood devil shark s whose bodies were covered in a bloody mist, and said that they would not speak. This was indeed something that she was very afraid of, because she had encountered a group of Blood devil shark s a long time ago when she entered the Bloody Plains.

But now, Chen Xiang had caught a Blood devil shark!

"The largest body of the Blood devil shark is only this big, so it should be the oldest Blood devil shark." He Fengyuan said.

In this place, there were some soul beasts that were even larger, like giant mountains.

He Fengyuan looked at Chen Xiang: "Little bastard, don't you know how to refine pills? The blood in the Blood devil shark was the best for refining pills! Since it is the most ancient Blood devil shark, then it must have eaten a large amount of Tao-creation Holy stone s as well. The Blood devil shark's blood can be used to refine pellets, and can quickly strengthen one's body."

He Fengyuan's father, King's father-in-law, was a pill refiner, so she knew about this.

"Leather armor, bones, and tendons ... they should be pretty good when used to forge weapons." He Fengyuan scoffed, "You probably can't refine this kind of thing, you can only hide it for the time being, it's such a waste."

"If it's a pill refining competition, your father might not be able to compare to me." Chen Xiang was unconvinced, there was actually someone who dared to question his pill refining skills.

"On what basis? "My father is the number one Alchemist of the Empire of TianAo, you little brat. Even if you know how to refine pills, you can't compare to my father." He Fengyuan could only feel a sense of superiority from this.

"Your father probably doesn't know how to refine elixirs." Chen Xiang said.

"What is a pill spirit?" "Is it very strong?" He Fengyuan did not think so, but from the bottom of her heart, she did not think that Chen Xiang was strong in pill refining.

"You are truly ill-informed. To think that you are even the so-called number one Alchemist's woman. Your father and you only understand fart." Chen Xiang snickered, "Being able to refine a Pill Spirit is something that a powerful Alchemist possessed."

Sometimes, even Chen Xiang couldn't understand why the people at the fifth floor of the World Defying Stage Soul River were so powerful. However, their skills in alchemy were still far behind them.

"What do you think?" He Fengyuan laughed: "You only know how to talk, if my cultivation is not wasted by you, my pills will be even better than yours."

"A woman who doesn't know her place ..." Chen Xiang shook his head, then told He Fengyuan about the effects of the pill spirit.

"This is impossible!" He Fengyuan didn't believe it, and thought that Chen Xiang was indulging in a fantasy: "How can you turn a pill into a human? "Moreover, this pill spirit can even form pills!"

Chen Xiang let Jiang Lisi come out of the You Yao Mountain Villa, and said with a smile: "This is one of my two spirit pellets, not only is she able to condense pellets ... can even form Crystal emperors, do you believe that? "

"I don't believe it!" To be able to condense a pill, that was already unbelievable. It could actually condense a Crystal emperor.

"Lili, form a Crystal emperor for her to see! "Let this ignorant woman experience an eye-opener." Chen Xiang said as he walked over to the Blood devil shark's side and 'drew' out a lot of blood. He then handed it over to Su Meiyao to try and see if he could refine the pill again.

Jiang Lisi sat cross legged on the ground, both her hands folded together, her palms facing upwards, only to see her palms releasing traces of gold coloured mist.

"Poison woman, you have to watch carefully. Don't say that I messed with you later." Chen Xiang took out the Tianchuang furnace, and then placed the Blood devil shark's blood essence he extracted into the Tianchuang furnace. He wanted to try and see if he could refine a good pill.

While Chen Xiang was refining the pellet, He Fengyuan was also looking at Jiang Lisi. It had been half a day, and she had already seen a small, light gold crystal condensed in Jiang Lisi's palm.

"How is this possible!" He Fengyuan could not help but shout out, this young girl in front of him could actually form Crystal emperor.

It had to be said that Crystal emperor were extremely rare here, it was hard for her to imagine that a young girl could actually condense one.

He Fengyuan suddenly remembered that Chen Xiang had once taken out several Explosive Crystal emperors to attack Boss Zhao and the others. Now, she finally understood why Chen Xiang was so reluctant to part with them!

"You aren't blind. You can see for yourself and judge if it's real or fake." Chen Xiang said.

"Hmph, so what if you have a large number of Crystal emperor? When you go to the Tao-creation Place in the future, the Tao-creation Holy stone would be the strongest there. But when you go now, the Tao-creation Holy stone upstairs will be gone a long time ago." He Fengyuan scoffed, her heart filled with jealousy. She really did not think that the pill spirit that Chen Xiang spoke of really existed, it wasn't something that Chen Xiang made up randomly.

Chen Xiang had also refined a pill. It was red and beautiful, looking like a blood ruby, and this was something he had not refined before.

"It's quite easy to refine pills without using medicinal herbs!" Chen Xiang laughed and said: "Poison woman, take a look at the pills I have here, how is it compared to the pills your father has refined?"

He Fengyuan could immediately tell that the pellet Chen Xiang had refined was not bad, but she would not admit it.

"Whether it's good or not has to be tested first." He Fengyuan said as he took out a box that tested the quality of the pills. Chen Xiang had seen this box before.

"How much is the quality of the pills refined by your King's father-in-law father?" Chen Xiang asked.

"It's usually around 500!" He Fengyuan said: "This is the standard for high level World Defying holy Dan. If it is a low level mid level World Defying holy Dan, then of course he can be higher."

"Then what rank World Defying holy Dan do you think this pellet of mine is?" Chen Xiang placed the pellet of Blood shark fitness Dan into the box and started to test its quality.

The final result was 520, and the quality was not considered low.

"I don't know until I eat." Seeing this beautiful Blood shark fitness Dan, He Fengyuan also wanted to give it a try.

"So what if I gave it to you? Could it be that you can rely on eating this pill to become stronger?" Chen Xiang chuckled: "Even if you eat a hundred, I can still defeat you with one finger."

Chen Xiang's words made He Fengyuan extremely angry, and he fiercely rolled his eyes at him.

"Hurry up and eat." Chen Xiang needed He Fengyuan's knowledge on medicinal pills. In the future, if he went to Tao-creation Place, he might be able to use it.

He Fengyuan fiercely snatched it from Chen Xiang's hands, then closed his eyes and ate it.

Not long after, He Fengyuan heaved a sigh of relief, her jade face was slightly red, showing that the effects of the pill was extremely good, and it was also very beneficial to strengthening the body.

"It should be a top-grade World Defying holy Dan. It has quite a great effect on my current body!" He Fengyuan said. She was the peak of Aoshi Holy Stage, so she was very clear whether it was useful to her or not.

"Really? That's great! That venomous woman of yours sure has a use for it! " Chen Xiang decided to give the young girl time to refine some to evolve.

Chen Xiang brought He Fengyuan back to the room where he could see the outside. They saw that the four sides of the hill were filled with Blood devil shark.

"These beasts!" Chen Xiang immediately ran out and kept the Six Realms mirrors. Then, he flew into the air and towards the Ox-Head Mountains in the distance.
