

Dan God 3441

[Chapter 3441](#)

Chen Xiang rarely saw any Black Tortoise Beast, and it was even a very unique one. Now that he had seen it, it was actually frozen and sealed!

What surprised him the most was that there was another Transmission array inside the body of the Fiery Xuanwu beast!

Because he had previously experienced it, when Chen Xiang was teleporting away, he was already prepared and had already guessed at many possibilities. However, he had never thought that the Transmission array would actually appear in the body of a sealed gigantic beast.

"This place is really cold. What kind of seal could have been placed on a Fiery Black Tortoise?" The place Chen Xiang was at right now seemed to be brewing a strong snowstorm.

"This is a super seal. It shouldn't be limited to sealing the Fiery Black Tortoise. Rather, it should have sealed this region. Everything in this region has been frozen." Feng Ke'er said: "Quickly leave this area, if the next seal is released, you might be frozen too."

This scared Chen Xiang so much that he hurriedly summoned his Dragon horse and rode on it to fly up quickly.

"How big is this place?" Chen Xiang flew for less than an hour and the snowstorm was getting stronger and stronger.

Originally, he wanted the Dragon horse to fly according to his instructions, but he found out that the Dragon horse seemed to be more familiar with this place, so he let the Dragon horse fly based on his instincts.

"I don't know, I'll look through the memories of the two Dragon Controlling Gods s." Bai Youyou said: "They should know a bit."

Bai Youyou came to a conclusion very quickly, and said: "The place you are in is called Xue Feng Dian, it is extremely vast ... "I heard that the reason that Xue Feng's land is sealed is because two formation masters left behind after a contest here!"

Two formation masters competing? Chen Xiang cursed in his heart. Making such a contest had almost killed him, he had to quickly leave this place.

"Sister You You You, how did the two Dragon Controlling Gods s previously go to the fifth floor? Was the Transmission array inside Ox-Head Mountain destroyed by them?" Chen Xiang asked.

"It was destroyed by them, but they didn't go through the Transmission array, they went through the flight of the Dragon horse to get to the fifth floor!" Bai Youyou said.

Chen Xiang could only let the Dragon horse fly faster, otherwise, he would probably be frozen in place. The current Icy cold power was getting stronger and stronger.

A few days had passed and the Dragon horse finally flew out of the snow-covered land with Chen Xiang on its back. The Dragon horse was also quite cold and needed to rest for a while.

Fortunately, Chen Xiang had obtained two Dragon horse s, so he could use them for exchange.

"We have finally arrived at a normal place. This should be the Tao-creation Place, right?" Chen Xiang lied on top of a pile of rocks and looked at the dazzling sun in the sky.

"No, there are nine smaller ones in this sun!" Chen Xiang suddenly sat up. Upon closer inspection, he found that there were nine small fireballs behind the intense sunlight.

"The various auras in the Tao-creation Place did not increase by much either?" Chen Xiang secretly felt the Madness soul's power, it was only a little stronger than when he was at the fifth floor.

"I've finally reached this place. I wonder if I can find the Super Yang Old Ancestor and Gu Tong." Chen Xiang thought back to how he had been here since passing the first floor of the World Defying Stage Soul River. The various things that had happened during this time were just like what happened yesterday.

Chen Xiang did not dare to ride his Dragon horse now, for fear that the Dragon Controlling Palace would find out. However, the speed at which he was riding on his Six Realms mirrors was about the same, and he could even make the Six Realms mirrors hide.

Six Realms mirrors flew at a low altitude on this piece of wasteland, and after flying for a while, they finally arrived at a green area.

Passing through the green area, Chen Xiang once again arrived at an ancient forest.

"Where is this place?!" I don't know how much there is. " Chen Xiang came out from the Six Realms mirrors s, climbed up a large tree, and observed the environment inside.

Of course there were people in the Tao-creation Place, and the people here were all very strong.

"Poison woman, do you see any herbs here?" Chen Xiang asked He Fengyuan inside the Six Realms mirrors. From inside, He Fengyuan could see that there were a lot of flowers and plants under the forest.

"Neither!" Do you think that the precious high-level medicinal herbs will be like wild grass and flowers scattered all over the ground? " He Fengyuan said snappily: "If it's a high level medicine, there must be something strange happening nearby."

Chen Xiang curled his lips, then jumped around the trees like a monkey, jumping between the big trees. He wanted to see if he could find any kind of medicinal ingredients, because he felt that there were not many people who had come to this forest.

"Senior sister, look! There's a monkey over there! It's quite big!" Suddenly, a child's shout came from afar, the child pointed at Chen Xiang who was jumping up and down.

Chen Xiang heard this weak voice and almost fell down. He was once again mistaken for a monkey, he could not help but suspect life!

"Does laozi look like a monkey?" Chen Xiang stood on a tree branch and looked at the child in the distance. The child was about five or six years old, and was bald.

"Your whole family is monkeys!" Chen Xiang could not help but snort in a low voice. Then, he looked at the three people behind the child, two men and one woman. The two men were tall and handsome, the woman was tall and beautiful, and they were all wearing the same pale white robe.

This was because even the bald child was wearing a robe of the same style.

"I was wrong, that's not a monkey, it's a wild man!" The little baldy smiled and said, "Senior-apprentice Sister, I am going to capture him!"

"Wait, let us pass!" A man with sharp eyebrows pressed down on the baldy and then rushed over.

The other refined man who was holding onto this fan leaped up lightly and landed on a tree, then stepped on a tree branch and rushed towards Chen Xiang.

"I'm not a wild man!" Chen Xiang shouted from afar, then came to the ground. He really wanted to immediately go over and ruthlessly hit the little baldy.

Although Chen Xiang was not a barbaric being, the two men who rushed over were still cautious of him. However, they could sense that the World Defying holy soul in his body was only at the late stage, so they could be at ease.

Being surrounded by the two men, Chen Xiang also felt terrified in his heart. They were actually both from World Defying Stage Divine Rank, they were both figures that had surpassed the peak of Aoshi Holy Stage, they were even more powerful than those two Dragon Controlling Gods.

Of course, this was the Tao-creation Place, it was definitely a place where the strong gathered! Super Yang Old Ancestor and Gu Tong had travelled a long distance to reach this place.

It was unknown what was going on with that beautiful and tall woman. She grabbed the little baldy and unexpectedly flew over. She could actually fly!

If Chen Xiang did not use the power of a dragon, he would not be able to fly.

"It really is one person!" The little baldy said with a bit of disappointment, slightly pouting his mouth.

[Chapter 3442](#)

"This forest was just planted by our Cang Soul Sect, why would there be people here?" The scholarly man frowned, and looked at Chen Xiang with suspicion.

"I got lost. and then came to this place. " Chen Xiang gave a silly smile and said: "Big brothers and big sisters, can you take me out of this place? This place is very big, I'm afraid! "

When the little baldy heard this, he laughed and said, "Such a big person, and he's actually a coward. Are you ashamed?"

"I'm not shy. Quickly bring me away from here." Chen Xiang said again, and even pretended to be afraid.

"Just wait a moment and come with us!" The woman said.

The little baldy snorted, "How did this guy get here? I really don't understand! "

The scholarly man chuckled. "It should be those poor people who came to this place in order to find medicinal herbs!"

"That's right, those poor people all day long wanted to pick good medicinal herbs. Unfortunately, even if they picked good medicinal herbs, they wouldn't be able to recognize it, and they wouldn't even know how to make use of it." Another man mocked.

Chen Xiang felt it was weird, there were actually some poor people here, this was the Tao-creation Place, all the people here should be strong, even that little baldy should be at the peak of Aoshi Holy Stage.

Although Chen Xiang was suspicious, he did not ask, but chose to follow behind them. Although the two men's words were ear-piercing, Chen Xiang did not say anything.

Half a day later, they finally exited the forest. Chen Xiang never thought that this forest was grown by a sect, he didn't know what their intentions were.

"If you go that way, you'll see a town." The woman pointed in a direction.

"Thank you elder sister." Chen Xiang immediately said gratefully. Along the way, only this woman did not say anything about him. Even that little baldy occasionally ridiculed Chen Xiang.

This caused Chen Xiang to feel that these sect disciples seemed to have a feeling of superiority, especially that little baldy who actually felt that Chen Xiang's strength wasn't as strong as that wild monkey.

"You're welcome." The woman smiled at Chen Xiang: "Don't get lost again next time. If you accidentally enter some dangerous place, you won't be that lucky."

"Yes, yes, yes!" Chen Xiang hurriedly nodded and said.

"Hmph, this kind of idiot can live that long, his luck is really good." The little baldy snorted softly.

"You are the fool." Chen Xiang finally could not take it anymore and said.

"How dare you scold me!" The little baldy was immediately enraged.

"Looks like you aren't especially stupid. You know idiots are scolding people! If you can scold me, why can't I scold you?" Chen Xiang said.

This little baldy looked to be only five or six years old, but Chen Xiang knew that his true age definitely wasn't limited to just that.

"Senior Brother, quickly beat him up!" The little baldy shouted angrily.

Just as the two senior brothers were about to make their move, the woman lightly shouted, "You two have enough, go back!"

"I won't reply, he scolded me, I must let him know my mistake." As the little baldy spoke, his body began to emit a faint golden light. He suddenly turned into a fifteen or sixteen year old youth; he was still bald.

Chen Xiang secretly despised him in his heart. He was clearly a young man, but he had actually turned into a little kid acting young and tender.

Although he was young, to be at the peak of Aoshi Holy Stage at that age, he was still considered very powerful.

"Sorry, I shouldn't have called you an idiot, because you already used that word to call me, I should have called you an idiot" You're bald, like a fool. " After Chen Xiang finished speaking, he started laughing loudly.

"I will kill you!" The bald youth was immediately enraged as he thrust out his sword, but his sword was broken by the girl.

"Senior Sister, what are you doing? Didn't you see this guy scold your junior brother?" The scholarly man said.

"Master told me that I can't do anything once I leave the sect. You can do it if you want, but I'll definitely report it to you when I get back." The woman said coldly.

Chen Xiang curled his lips, then turned and ran. He had already scolded the baldy until he was angry, so he had already achieved his goal.

"This guy, I will definitely teach him a lesson!" The bald youth angrily stomped his feet.

"You guys don't have the right mindset. If you don't change it now, you will definitely stir up some trouble in the future." With that, the woman flew off into the distance.

... ..

Chen Xiang had already arrived in a town. When he came to this place, he felt that it was on the fifth floor, because the overall strength of the people here was about the same as the people on the fifth floor.

"It seems like entering the World Defying Stage Divine Rank is not easy!" ~ We are still using Myriad Tao Divine Soil Crystals here for the trade, so Chen Xiang will not be too poor for the time being.

If he did not have enough Myriad Tao Divine Soil Crystals, he could still sell the Crystal emperor.

"I wonder if Xuan Fei has come here yet?" Su Meiyao asked in a tender voice, "Really, that grandmother took Xuan Fei away just like that."

"Don't worry, I will definitely find her." This Tao-creation Place was very big, it would not be easy to find Peng profoundfei's whereabouts here.

Peng profoundfei was not famous, so it would be difficult to find out the whereabouts of the two of them, but Gu Tong and the Super Yang Old Ancestor were different.

"Gu Tong is a Master Refiner and is currently an elder of a sect. This sect's name is Tao-creation School." Chen Xiang frowned and said: "This Tao-creation School sounds extremely powerful, I wonder if I can go there."

"However, the Super Yang Old Ancestor is different from Gu Tong. He is called Luo Jiuyang here and it is said that the nine little suns that appeared in the sun here are the masterpieces created by the Super Yang Old Ancestor.

From what Chen Xiang had heard, although there was no trace of Super Yang Old Ancestor, it was still not bad to know where Gu Tong was. Because Gu Tong and Super Yang Old Ancestor had come to this place together, there might be some connection between them.

"Looks like I have to go to the Tao-creation School."

After that, Chen Xiang started to inquire about the location of the Tao-creation School. After a little less than half a day of inquiry, he found out that the Tao-creation School was one of the ten great sects here, and the few disciples he met earlier were all from the Cang Soul Sect.

And Dragon Controlling Palace was one of the powers that stood side by side with the top ten sects. If the disciples of the top ten sects managed to cultivate and produce a dragon, the people of Dragon Controlling Palace wouldn't dare to fight over it, and they would only dare to snatch the weak ones.

"This Dragon Controlling Palace is truly a very evil existence. I must kill them in the future." Chen Xiang already knew where the Tao-creation School was.

The sun here was normal, so they could use the sun to determine a direction. As long as they walked in that direction, they would be able to find the Tao-creation School by asking around on the way.

[Chapter 3443](#)

Chen Xiang rode on the Six Realms mirrors and hid himself to fly. He already had a direction, so he would not need to worry about not knowing how to go.

After flying for more than ten days, Chen Xiang finally arrived at a place near the Tao-creation School. This was an extremely chaotic area.

The earliest group of people were able to occupy a pretty good position here and build good shops and buildings! Of course, if one wasn't powerful enough, they wouldn't be able to defend the store and would be robbed at any moment.

The Tao-creation School would not care about the things here, so the order here was in chaos. It was just that no one dared to erupt into battle here, or else they would destroy the city.

Although large scale battles would not occur, there were quite a few small-scale battles. Just as Chen Xiang arrived at the most chaotic place on the outside, he saw a few headless corpses on the ground, all of them killed by people on the street.

"The people who did this were most likely all very strong ones. Or was it hired by someone else?" Chen Xiang looked at the corpses on the ground and frowned.

The Tao-creation Place was not as good as he had imagined. It was still a place where the strong preyed on the weak.

Here, people like Chen Xiang, who were in the late stage of Aoshi Holy Stage, were everywhere, with even more in the mid and early stages. As for people at the peak of Aoshi Holy Stage, as long as they weren't too lazy, they could live a good life.

Chen Xiang was walking in this messy area when he suddenly heard noise in front. He immediately looked over and saw five black figures appearing on the street, causing everyone to move out of the way.

They were all dressed in black, all of them in Peak of World Defying magic realm s. Their faces were covered, and the blades in their hands were dripping blood.

Just as Chen Xiang was wondering what the black-clothed men were doing, he saw one of the black-clothed men suddenly charge towards an old man who was holding a stall at the side of the street.

Chen Xiang really did not think that these black-clothed people would actually kill innocently in public. He also immediately realized that the reason these black-clothed people killed was because that old man had slightly opened his stall.

At this moment, many people were far away from the street. The people on the street were huddled up on both sides of the street. No one dared to walk on the street.

The middle of the street was quickly emptied, and only Chen Xiang was still standing in the middle of the street. He was stunned because of the elder who had been beheaded, and after coming back to his senses, he quickly rushed to the side of the elder.

The old man had lost too much blood and he was extremely weak. Chen Xiang took out a Blood shark fitness Dan and gave it to the old man to eat.

The Blood shark fitness Dan itself contained a very dense blood energy. After the old man ate it, his face immediately turned red, and everyone who saw this scene could not help but inwardly click their tongues, he had actually been saved!

Of course, everyone was worried about this matter because the five men in black had also witnessed it. Someone had actually saved the person they killed, so it was clear that they were provoking them.

The five men in black were all unreasonable. After they saw this scene, the two men in black immediately rushed over, slashing towards Chen Xiang and the old man's necks with their sharp blades.

However, Chen Xiang was a little faster than them. Just as they brandished their blades, Chen Xiang had already taken out his sword, leaving behind only a rainbow of light as the necks of the two black clothed men fell to the ground.

Everyone was dumbstruck when they saw this. They were all locals, so they naturally knew what kind of existence these black-clothed people were. However, now, there was actually someone who dared to make a move against them.

The other three black-clothed men also saw it, but they did not attack immediately this time, because they could tell that Chen Xiang was very strong.

"You don't know who we are?" A black-clothed man spoke up.

"I don't know! "All I know is that I'll kill whoever kills me." Chen Xiang said coldly: "Do you also want to kill me?"

"Alright!" After the man in black said this, he left with the other two men in black.

"Thank you, Young Noble!" The old man hastily expressed his gratitude. He had thought that he was doomed.

Just as Chen Xiang was helping the old man who was kneeling, a few extremely violent auras came from afar.

Chen Xiang immediately looked over, only to see eight huge elephants pulling a dazzling large carriage, slowly approaching.

"It's a dragon elephant!" Chen Xiang stared at the dragon and elephant that were clad in golden armor. It was a combination of a dragon and elephant, just like the Dragon horse.

Chen Xiang also discovered that out of the eight dragon and elephant, six were riding on a black clothed man. Only two of them were not dressed in black, because the two black clothed men had their heads chopped off by Chen Xiang.

Of course, although their heads were chopped off, they could still be saved. Chen Xiang did not kill off their souls.

When the old man saw the eight giant dragon elephants pulling the carriage, his legs couldn't help but shiver. Everyone looked at Chen Xiang, their eyes seemingly telling Chen Xiang, "You've gotten into big trouble!"

Chen Xiang was only shocked, he did not panic at all. He grabbed the old man's trembling wrist and calmed him down a lot.

The eight dragon elephants came to a stop in front of the two men in black who had their heads separated from their bodies.

"But you killed them?" A cold female voice came from the carriage.

"Yes sir!" Chen Xiang sensed a bit more and found that there were a few traces of World Defying Stage Divine Rank inside, causing his heart to become serious.

"Why did you kill them?" The woman's ice-cold voice came again.

"What's wrong with them killing me and me retaliating to protect myself?" Chen Xiang replied.

"There is nothing wrong with that, but they are my subordinates. No matter if you are right or wrong, if you kill my subordinates, it means that you are going against me. I will kill you! If you have the strength, you can naturally counterattack again. " The woman sneered, "Are you prepared for a counterattack?"

"My strength is not as strong as yours, so I am naturally unable to retaliate!" "If you truly wish to kill me, please, before you begin, tell me your name. In the future, when I am prepared, I will definitely come and take your dog life." Chen Xiang said indifferently.

Hearing Chen Xiang's words, everyone inhaled a deep breath of cold air, and many people quickly left the street. Chen Xiang also had the old man to quickly leave.

"Looks like you really don't know who I am!" The newborn calf is not afraid of the tiger, and the ignorant one is fearless. Are you prepared to die? " The woman's ice-cold voice carried a trace of contempt.

"I won't die, so why should I prepare?" Chen Xiang laughed coldly: "It doesn't matter if you don't tell me your name, you seem to be a famous person, I can definitely find out your name, so you should do it now!"

After Chen Xiang finished speaking, he fell into a period of silence, though he did not know why.

After a moment of silence, a woman in white wearing a mask walked down from the carriage and saved the two men in black who were lying on the ground. The two men in black rode the gigantic dragon elephant and continued to drive forward.

[Chapter 3444](#)

Chen Xiang watched as the carriage drove off, his heart filled with doubts. Those people did not attack him, nor did they say anything, and just left like that.

Seeing that car leaving, everyone sighed, but they did not dare come over, as they were afraid of Chen Xiang. Advertisement

Only the old man whom Chen Xiang saved earlier walked over and pulled Chen Xiang away from this place.

Chen Xiang followed the old man to a dilapidated house, which was the old man's residence.

The old man's name was Lu Zhiwei. Although he was at the middle stage of Aoshi Holy Stage, he was an existence in this place, which was why his days were not good.

"Little brother, you're so brave. You don't know the origins of those fellows, right?" Lu Zhiwei sighed as he poured a cup of water for Chen Xiang.

"I don't know who they are, but I'm not afraid of them." Chen Xiang smiled slightly: "Elder Lu, just what is the background of those fellows? Why do you act so tyrannically, killing people on the street? "

"This is how it is in this place. As long as you have the strength, you can treat people's lives like grass! For a weak old man like me, if my luck is bad, I will be mysteriously killed by those strong warriors. " Lu Zhiwei sighed helplessly.

Chen Xiang finished his cup of water and listened carefully.

"The giant chariot that was pulled by the eight dragons and elephants just now came from the Dragon-Elephant School, one of the top ten sects! Furthermore, the more Dragon Elephants one had, the more noble one's identity would be. It was said that in the Dragon-Elephant School, the most noble person would own a Nine-headed Dragon Elephant, and just now, there were eight Therefore, the people in the carriage should be the more noble ones in Dragon-Elephant School. " Lu Zhiwei said, "I don't know who the woman inside is."

"Dragon Elephant?" Compared to dragons, which one is stronger? " Chen Xiang was extremely curious about that dragon elephant. He felt that he might even be able to produce a dragon elephant because there was a very strong Ground-suppressing immortal elephant among his Six beasts.

"Let's each have our own ups and downs!" The dragon and elephant are formed by the combination of a Dragon Madness soul and an Elephant Madness soul, and the disciples of the Dragon-Elephant School who cultivate their Dragon Elephant Divine Arts can also form a Dragon Elephant. " Lu Zhiwei said.

"Isn't this the Tao-creation School's? Why did the Dragon-Elephant School come here? Could it be that their relationship is not bad? " Chen Xiang came here to take a look at the Tao-creation School.

"Yes, the relationship between Dragon-Elephant School and himself is not bad." Lu Zhiwei said, "The two sects frequently contact each other."

"Elder Lu, which of the ten great sects do you think is the strongest?" Chen Xiang had inquired about it before, but there were many different opinions. Furthermore, the people did not understand much about the matters of the sects.

Although Lu Zhiwei's cultivation was not very high, he had been here for many years. To be able to get a small, dilapidated house here was already not bad. He should be more familiar with the affairs of these large sects.

"Everyone has their own merits... However, if your strength is more outstanding, you should be Tao-creation School, because Tao-creation School is proficient in refining medicinal pellets, and has studied and mastered the control and nurturing of World Defying Stage Fierce Soul for many years. Lu Zhiwei said.

"Is there any way to join the Tao-creation School?" Chen Xiang asked: "I want to try and see if I can enter!"

"Little brother, with your strength, there shouldn't be any problems, but ..." But when you go in, you need to be careful. " Lu Zhiwei had seen Chen Xiang's style of doing things before.

"However, you had a grudge with that person just now. If Tao-creation School knew about this, I wouldn't be clear about it." Lu Zhiwei added.

Chen Xiang was unconcerned about this matter: "Where are you going to register and enter the Tao-creation School? Should I take some sort of test? "

There are already a lot of disciples in the Tao-creation School, so the Tao-creation School does not want to recruit any more disciples. If you want to enter the Tao-creation School, you can only enter through the introduction of the elite disciples in the Tao-creation School ... Generally, only the Palace Main Disciples have the qualifications to be introduced, and the Palace Main Disciples are the people who have the qualifications to enter the main hall of the Tao-creation School, and it is said that in the entire Tao-creation School, only over a thousand disciples have the qualifications. " Lu Zhiwei said: "You just need to find a Palace Main Disciple and find a way to please him. Or show off your strength and have him recommend you."

"If your skill is not bad, the recommended person will also receive rewards, so you don't need to worry about the Palace Main Disciple ignoring you."

Chen Xiang laughed: "This is quite a good method! Elder Lu, have you ever tried to enter the Tao-creation School before? "

Lu Zhiwei laughed self-deprecatingly: "Of course I tried. I even looked for over a dozen Palace Main Disciples, but none of them were satisfied, so I didn't succeed."

Chen Xiang thought back to the group of people he met earlier, the little baldy. They were all disciples of the Cang Soul Sect, and they were so young at that.

"Little brother, did you come up from below?" Lu Zhiwei said, "You don't seem to know anything about this place!"

"Yes, I just arrived." Chen Xiang laughed.

"The people coming up from below are all good men, I heard that they are all very difficult, and we who were born here, compared to you, we lack experience." Lu Zhiwei suddenly felt deep veneration for Chen Xiang. He felt that Chen Xiang might be older than him.

Chen Xiang and Lu Zhiwei chatted until it was dark before they bid their farewells.

In the middle of the night, he arrived at a relatively neat street. The houses here weren't shabby, but rather, a prosperous city. Even though it was late at night, there were still many people walking on the streets.

The Tao-creation School was not on the mountain, but seemed to be in the palace. There were many big and small halls within the Tao-creation School, and the main hall was located in the main hall. Only the disciples who entered the main hall would be considered the core disciples of the Tao-creation School.

If he wanted to enter the Tao-creation School, he would need to be recommended by the Palace Main Disciples. Chen Xiang felt that it would be very easy, but now he had to first find a Palace Main Disciple.

He had asked around before, but there was a tavern that looked like a villa in this area. It was called the Unparalleled Hotel, where disciples of the Tao-creation School would frequently come and go.

Chen Xiang came to the Supreme Hotel right now. He had the Myriad Tao Divine Soil Crystal, so he could stay here like a lord.

Within the supreme hotel, the entire villa had nine hundred story buildings, and there were thousands of different sized houses. It was extremely spacious, as if it was a town.

With such a huge hotel and such a good spot for building mountains and rivers, it was obvious that the owner of this hotel was someone with great power. Otherwise, he would have been divided up by someone long ago.

As one of the top ten strongest sects, the disciples of the other sects, as well as the disciples of various families and influences, would often come to this place. One reason was to rope in outstanding talents, and the other reason was to do business with others.

Chen Xiang was wandering around the Villa, inquiring about the location of Tao-creation School.

[Chapter 3445](#)

Chen Xiang reaped his rewards very quickly. As long as he gave some Myriad Tao Divine Soil Crystals to the people who were working here, they would easily ask him what he wanted to know.

"Those Dragon-Elephant School disciples are also here!" This was unexpected to Chen Xiang. He thought that the disciples of the Dragon-Elephant School would be in the Tao-creation School since they were guests.

"It might be a bit of a hassle to be recognized." Chen Xiang was currently considering whether he should change his appearance or not. Just now, he had heard that the disciples of the Dragon-Elephant School were in a place appraising some divine weapon.

Right now, Chen Xiang was heading towards the tall building where the Divine Arms Appreciation party was located.

Chen Xiang was stopped at the door, the Divine Weapon Congregation did not need any invitation, all it needed was to reveal its own Divine Weapon, if the guard thought that it was a good Divine Weapon, he would be allowed to enter.

Chen Xiang took out the Blood fire sword he had snatched from the Ancient Fire Divine Sect. It was refined using the Tao-creation s, and it was a very good divine weapon, even here.

"Very good!" When the guard saw Chen Xiang take out the Blood fire sword, his attitude immediately dropped by quite a bit, and his face was filled with respect and reverence. He knew that those who could take out such divine weapons were not ordinary people, and today, they had seen many of these people, all disciples of famous sects.

Chen Xiang easily entered the building. The Divine Weapon Appraisal Hall was divided into one to nine floors, and each floor was filled with Divine Weapons that were purported to be crafted by renowned smiths. The Divine Weapons on the first floor were of course of the worse quality, Chen Xiang could tell with a mere glance.

Then he came to the second level, and the same thing happened ... It was only on the seventh floor that the divine weapons here could barely be seen. This was because the divine weapons here were all refined using Crystal emperor s.

The previous floors were all densely packed with Divine Weapons. On the seventh floor, the distance between Divine Weapons and Divine Weapons was very far, because Divine Weapons of this level were beginning to be fewer in number.

Chen Xiang did not really care about Divine Weapons that were refined using Crystal emperor s, but these Divine Weapons all had a special purpose, which was to use the Tao-creation Incantation to refine them.

When he was on the eighth floor, he was still using the divine weapons refined by the Crystal emperor s. However, there were more divine weapons here, much more than on the seventh floor, where there were only seventy to eighty divine weapons. On the seventh floor, there were more than two hundred of them.

"Just based on the divine weapons on the eighth floor alone, I can live up to the name of the Divine Weapon Pavilion!" Chen Xiang looked at the divine weapons on the eighth floor. All the divine weapons

here were made from at least ten Crystal emperor s, and all of them had been added with at least three Tao-creation's incantations.

The divine weapons here made Chen Xiang feel that they were pretty good. Although Feng Ke'er was inside the You Yao Mountain Villa, when she saw them, she couldn't help but praise them.

"It's quite expensive, I think I'll need dozens of Crystal emperor to buy it!" Chen Xiang said: Do you want to try one?

"It's not something that's been refined by the Tao-creation's Holy stone. It's something that's been refined by the Crystal emperor. Long Xueyi said, she was extremely picky.

This building was called the Divine Arms Tower. Chen Xiang had only heard of it after entering, and up to here, he had not seen the Palace Main Disciples ...

"Could it be on the ninth floor?" If my guess is not wrong, all of the divine weapons at the ninth floor should have been refined using Tao-creation Holy stone. " Chen Xiang was also looking forward to it as he quickly walked up the stairs.

However, there was a black metal door at the top of the stairs. It was actually closed, and there was no one guarding the door.

"Ki, the top floor is the ninth floor, it won't be that easy to get in. You need to get a divine weapon refined by the Tao-creation Holy stone first." An old man in charge of protecting the eighth floor said.

"What if there is such a godly weapon? How do I get in? " Chen Xiang asked.

"Just use this weapon to lightly touch the middle of the door." The old man said.

In the middle of the black door, there was a round green gem that was as big as a disk. Chen Xiang took out the Blood fire sword and lightly touched it.

The old man was startled, he did not know which sect or family Chen Xiang came from, to actually have a Divine Weapon refined by the Tao-creation Holy stone.

After Chen Xiang opened the door, he immediately walked in, and the door closed again.

There were quite a few people on this floor, all of them young people. There were about a dozen or so, and there weren't many divine weapons here, only about thirty or so. They were all placed in transparent crystal display cabinets and protected by barriers.

Everyone could not help but be curious as they saw someone enter. They immediately looked over, but it was an unfamiliar face! Because in their circle, even if they had never seen this person before, they would have definitely heard of him. As for the dozens of people in their circle, none of them knew who this person was.

Chen Xiang only glanced indifferently at the people here, then walked over to take a look at the divine weapons. There were several women here, and he didn't know which Dragon-Elephant School they were from.

What made people surprised the most was that Chen Xiang's cultivation was only at the late stage of Aoshi Holy Stage. One must know that the young people here all belonged to World Defying Stage Divine Rank!

A guy in the late stage of Aoshi Holy Stage actually had a divine weapon refined by the Tao-creation's Holy stone. Everyone could not help but doubt if Chen Xiang could save this kind of divine weapon.

"Brother, you look unfamiliar!" A purple clothed man walked over and said with a smile: "I am Tao-creation School's disciple, Ding Yuhai, where is brother from?"

"I came up from the fifth floor of World Defying Stage Soul River." Chen Xiang answered truthfully before cupping his fists at the purple clothed man, "Chen Xiang!"

He actually came from the fifth floor of the World Defying Stage Soul River, but normally, he would be at least at the peak of the Aoshi Holy Stage from there, but this Chen Xiang in front of him, was only at the late stage!

"This is really not easy! I wonder if I can take a look at Brother Shen's Divine Weapon. Since this is a Divine Weapon Congregation, I'm sure Brother Shen wouldn't mind!" Ding Yuhai laughed.

Chen Xiang took out the Blood fire sword, and only a few people immediately surrounded and examined them. Chen Xiang did not expect that this group of people would actually like to look at other people's divine weapons.

"Although the refining method is a little conservative, it can be seen that the Refiner has a very solid foundation."

"That's right, this sword is also ancient, but Refiner has such a brilliant technique back then, I think he must be a famous expert!"

"Who refined it? With such a Refiner on the fifth floor, you should be here in the morning!"

"This technique seems like Luo Jiuyang, but it's not. It seems to be imitating Luo Jiuyang's technique." Ding Yuhai carefully observed and came out.

Chen Xiang couldn't help but admire this group of fellows. They could actually see through so many things, this Blood fire sword belonged to Ancient Fire Divine Sect, and that Luo Jiuyang was a Super Yang Old Ancestor. Super Yang Old Ancestor came from Ancient Fire Divine Sect, so the methods of the Refiner inside were more or less the same.

"Brother, where did you get this sword?" Ding Yuhai was extremely curious, "The person who refined this divine sword must be related to Luo Jiuyang."

"I snatched him away. As for whether he was related to Luo Jiuyang, I don't know." Chen Xiang said.

[Chapter 3446](#)

Everyone was startled, they had thought that Chen Xiang would spout continuously and that his spittle would fly all over the place due to the red godly sword's origins, they never thought that Chen Xiang would be done for with just one sentence.

She stole it! You, a mere late stage Aoshi Holy Stage, can actually snatch such a good divine sword? Everyone's faces were filled with disbelief!

"You ... How are you strong? Logically speaking, a person who possessed such a godly sword would definitely not be too weak. It would not be easy to snatch it away from. " Ding Yuhai asked again, which was what many people wanted to ask.

"I was lucky. That guy just happened to be injured. I got lucky." Chen Xiang laughed.

This was indeed possible, everyone could only praise Chen Xiang's luck!

"Oh right, brother, you just came up from the fifth floor of World Defying Stage Soul River. How about coming to the Tao-creation School? "It's near here." Ding Yuhai said.

A white clothed man laughed: "Ding Yuhai, he is only at the late stage of Aoshi Holy Stage, and you want to recommend him to enter the Tao-creation School? Aren't you afraid of being blamed? I heard that your Tao-creation School s randomly recommended it, and would lose the qualifications to recommend it. Aren't you being a little too hasty? "

Just now, Chen Xiang had quietly taken note of the few women here, and not a single one of them matched the aura of the Dragon-Elephant School.

Now that he saw that the woman wasn't here, he felt more at ease.

"Old Ding, this kid only has a good godly sword, that doesn't mean he has good aptitude. If his talent isn't high, he won't be able to grow up in the future. This will leave a bad reputation for you."

"That's right! To be recommended, you have to at least have access to World Defying Stage Divine Rank s. "

Everyone were trying to persuade Ding Yuhai, but Chen Xiang was expressionless, and continued to look at the divine weapons. Ding Yuhai was also hesitating, and had this thought just now.

Chen Xiang could tell that these disciples of the sects all had quite a good position within their own sects. Their sects probably had the same recommendation as the Tao-creation School.

"Alright, it was just a momentary whim of mine. Brother Shen, please forgive me." Ding Yuhai was not bad, after thinking about it, he felt that changing his mind, would make him feel bad, so he apologized to Chen Xiang.

After all, Chen Xiang was just a late stage Aoshi Holy Stage. There was nothing to be afraid of if he were to offend them since they were all core disciples of the sect.

"It doesn't matter." Chen Xiang smiled slightly.

The black door suddenly opened, and a faint fragrance wafted into the air. It was not a very rich fragrance, but it was able to drift all the way to this floor.

Chen Xiang smelled a faint fragrance and his heart trembled. He was sure that this woman was the woman sitting inside the Eight Dragons Elephant Carriage, because at that time, he had also smelled this fragrance.

"It's Xiao Xianglin! I thought she wasn't coming!" A silver-clothed man chuckled and said, "She's always late!"

Xiao Xianglin was pretty much two heads shorter than Chen Xiang, but she was not soft at all.

She wore a simple and elegant purple dress, giving her a kind of noble yet serene beauty. She was graceful and elegant, and her seemingly delicate and exquisite appearance didn't give off a very weak feeling. Instead, she possessed a faint sense of power that no one dared to look at.

"I was delayed because of something!"

Xiao Xianglin said, her phoenix eyes swept, and saw that there was a strange face, but looking carefully, the face was extremely familiar, and her mind couldn't help but recall the man who stopped her carriage.

"There's a new friend this time!" Xiao Xianglin recognized Chen Xiang, but Chen Xiang pretended to not know anything and continued to look at the divine weapons.

"He is not my friend! However, Old Ding's friend, Old Ding was just about to introduce him to the Tao-creation School. Luckily we woke him up in time, otherwise, he would definitely regret it in the future." A man said.

Xiao Xianglin smiled, it was a mysterious smile, everyone felt it was strange.

"Xiao Xianglin, did you bring any good divine weapons this time?"

"That's right, we're just waiting to see what you have."

"I didn't bring them. Instead, I brought eight dragon elephants. Do you want to take a look?" Xiao Xianglin found Chen Xiang very interesting, and walked over: "Sir, can you take a look at your divine weapon?"

"No way!" Chen Xiang did not want to let her see, he knew that this time he failed to find the person who recommended him.

Everyone was startled, they did not give Xiao Xianglin face, but a few of the men were already furious.

"Brat, what are you pretending for? Isn't it just because we don't recommend you to enter the Tao-creation School? What are you putting on a show for? Do you really think that with a good Immortal Sword, it will be too late!?" A white clothed man said angrily.

"Exactly, this is the Ares-class Exhibition, so we should bring out the Ares-class weapon for everyone to appraise."

"He really deserves a beating. In any case, he came from the fifth floor of the World Defying Stage Soul River. It's not a big deal to beat him up!"

"He's probably here to try his luck, to see if he can be recommended to one of the top ten sects. It's a pity that his cultivation base is too low, haha!"

Chen Xiang was not in a good mood, and laughed coldly: "You have all seen my divine weapon, but I have not seen yours. Why don't you all show it to me! "Just now, someone was talking about appraising or appreciating it."

"Who do you think you are? Why should I show it to you? " Because Chen Xiang's cultivation was low, he looked down upon Chen Xiang.

Chen Xiang looked at Xiao Xianglin, and asked Xiao Xianglin: "Who do you think you are? Why should I show it to you? "

Chen Xiang's words had aroused the anger of the crowd, to actually treat Xiao Xianglin like that. However, the white clothed man's face was extremely ugly, because Chen Xiang had borrowed his words from Xiao Xianglin, as if telling everyone that his words were directed at Xiao Xianglin.

"Brat, are you looking for a beating?" Do you really think we don't dare to hit you? You just came from the fifth floor of World Defying Stage Soul River, but since you are able to come here, you should know the rules here. The man in white was enraged and his killing intent surged.

"Wait!" Xiao Xianglin didn't mind what Chen Xiang had just said to her. She gave a bland laugh: "Since this is an audience for Divine Weapons, everyone should be peaceful."

"I've always been calm and collected. Instead, it was some people who were shouting and fighting. Before this, they even mocked and ridiculed me." Chen Xiang snorted: "I don't think this place is a place to appraise Divine Weapons, but a place to appraise one's arrogance."

"Who are you? It's clear that you are too weak to enter our eyes! " The man in white refuted.

"I am weak, but do you dare to clash with my sword here? Let's see whose divine weapon is stronger!" It's just that the appraisal for Divine Weapons is too boring. If we were to meet face to face, this appraisal would be interesting. " Chen Xiang summoned his Heavenly magic sword.

[Chapter 3447](#)

The Blood fire sword that Chen Xiang had taken out before, was obviously good stuff, because it had a faint Tao-creation Holy stone aura, and the Heavenly magic sword that Chen Xiang had brought out now was completely pale golden. The people here could tell at a glance that this was something that had been refined using a large number of Crystal emperor.

The people here all agreed that no matter how many Crystal emperor s one used to refine the Divine Weapon, they would never be able to compare to a single Tao-creation. Chen Xiang did not take out the Blood fire sword and instead "..."

"Are you worried that your red godly sword will be damaged?" The white-clothed man sneered. "So what if it was against my previous strike? I'm not as afraid of things as you are. I'll use my best divine sword to compete with you."

Xiao Xianglin frowned, and said: "The Divine Arms Exhibition should not be like this, all people here are people who cherish and cherish Divine Weapons, if Divine Weapons were to be destroyed, everyone would not be happy to see it."

"If that broken thing of his is destroyed, then so be it. I believe that everyone will be happy to see it." The man in white laughed, and took out a silver white sword, which he obviously refined with Tao-creation Holy stone.

Chen Xiang squinted his eyes, and laughed: "It's a good sword, what a pity!"

"What's a pity?" The man in white sneered, "Could it be that it's a pity about that broken black sword of yours?"

Chen Xiang laughed without saying a word.

Xiao Xianglin felt that Chen Xiang had already recognised her, and the reason he had displayed such an attitude towards her just now was obviously because he was angry at what happened today. She felt that it was all because of her.

"Brother, if you are unhappy because you cannot enter the Tao-creation School, then how about this, I will invite you to join our Dragon-Elephant School." Xiao Xianglin anxiously said. If they were to fight, no matter what, there would be conflicts today.

She was the one who initiated the Divine Arms Appraisal, she didn't want to create such a situation.

Everyone was very surprised that Xiao Xianglin would do such a thing in order to pacify this matter. This was something incomprehensible to everyone, because in their eyes, Chen Xiang was only a guy who came from the fifth floor of the World Defying Stage Soul River, he was weak.

"Dragon-Elephant School? I'm not interested right now! My bad mood is not because I can't enter the Tao-creation School, but it's mainly because some people are going too far and are looking down on others." Chen Xiang said: "I already can't endure it any longer, since he looks down on me, I would like to see what capabilities he has."

"Fine, all of you can only fight against one. If you dare to attack for the second time, don't blame me for being ruthless. This Divine Weapon Pavilion was built by me, so I have the right to invite you to leave." Xiao Xianglin said.

Since the Divine Weapon Tower was actually built by Xiao Xianglin, then this Unparalleled Hotel should also be related to her. There might be Dragon-Elephant School behind the scenes, no wonder she could take down so many of them.

Everyone immediately stepped back, leaving an open space in the middle for Chen Xiang to compete with the white robed man.

If Chen Xiang only used Heavenly magic sword, he would definitely not be able to compare to his opponent's silver white divine sword, and the most powerful part of his Heavenly magic sword, was its ability to fuse with Six Realms mirrors at any time.

"Also, you cannot use the power of the world to fight. This place will be damaged. If I sense that you are using the power of the world, don't blame me for being ruthless." Xiao Xianglin anxiously warned.

Chen Xiang and the white clothed man heard what Xiao Xianglin said, they had to listen to him anyway.

"I understand. Let's begin!" Xiao Xianglin shouted: "I will shout three times, one, two, three, begin!"

From the very beginning, Chen Xiang and the white clothed man had both immediately taken three steps. When they were wasting each step, they released all the energy in their bodies, and Chen Xiang was one more step ahead of the white clothed man, instantly integrating the Six Realms mirrors into the Heavenly magic sword.

The two of them were both experts, and the strength in their bodies was able to smoothly match up with the two of them in an instant. It allowed them to unleash the strongest power when they brandished their swords.

They could only use the power from their physical bodies. However, they were extremely frightening. When they brandished their swords, the whistling sound that could cause one's heart to tremble was extremely shocking.

The most inconceivable thing was that just now, Chen Xiang's Heavenly magic sword had undergone a huge change and directly became like bronze, and this type of divine tool, there was only one person who was an expert in refining, and that was Gu Tong!

However, no one had ever known that Gu Tong could refine this kind of Divine Weapon that understood the meaning of "transformation". Although they couldn't be sure if it was actually Gu Tong who refined it, after seeing the Heavenly magic sword's transformation, with the aura of a Tao-creation Holy stone, they felt that it was extremely powerful.

The most shocked was of course, the white clothed man, because he felt that Chen Xiang's Heavenly magic sword was just a Crystal emperor, no matter how powerful they were, they would be unable to contend against his divine sword.

If it was the divine weapon refined by the Tao-creation Holy stone, even if it wasn't as strong as his divine sword, under such a clash, it would definitely be injured, and even if he won, he would definitely suffer a loss.

In the instant that the electric sparks sparked, the two gods violently clashed, causing a flash of light to burst out, releasing a gale like force!

The sound of metal clanging rang out, causing the hearts of the crowd to jump. This sound meant that a divine weapon had been damaged.

The damaged godly weapon was actually the white-clothed man's. It wasn't broken, but shattered!

It was extremely rare for a Tao-creation Holy stone's divine weapon to be broken like that. Previously, everyone thought that just a crack would be enough to shatter the weapon, but they never expected it to shatter into pieces.

"You are so arrogant. It would seem that you are only mediocre now. I only know that someone as arrogant as you would not have much ability. You are only good at speaking." Chen Xiang held onto the Heavenly magic sword tightly, there was a hole in it, and some were even damaged.

With such a good sword being damaged, Chen Xiang did not seem to be pained at all. He kept the sword. Others might not know, but he was clear that there was a type of self-repairing power within the various Tao-creation Incantation in the Six Realms mirrors.

If he uses Blood fire sword, it might be broken!

The fusion of Heavenly magic sword and Six Realms mirrors was his strongest divine weapon.

The man in white was trembling with anger. His best godly sword had ended up like this, as it was given to him by the sect. He had to give it to the sect every now and then for inspection.

"You ... "You ..." The white clothed man looked at Chen Xiang angrily, his entire body's Qi boiling, his killing intent soaring to the skies. He wanted to kill Chen Xiang immediately, but when he saw Xiao Xianglin's cold gaze, he could only endure.

"You lost!" Chen Xiang smiled faintly, and the rage that the white-clothed man had just suppressed once again ignited.

"I will kill you!" The man in white finished his sentence, picked up the broken pieces of the floor, and rushed towards the door with a howl.

"You only speak!" Chen Xiang sneered as he watched the white clothed man leave.

[Chapter 3448](#)

Xiao Xianglin naturally knew the man in white. She had seen Chen Xiang's personality before, so in this situation, she could only sigh faintly.

"Are you really not going to consider joining the Dragon-Elephant School?" Xiao Xianglin said: "There is no need to hang yourself in Tao-creation School, our Dragon-Elephant School is also very strong!"

Ding Yuhai had given up inviting Chen Xiang just now, but now, he regretted it a little. Everyone could see that Chen Xiang was not a common person, although his cultivation was a little low, but if he were to raise his cultivation level in the future, combined with the divine weapons he had at his disposal, his future would still be pretty good.

"Alright, I'll join!" Chen Xiang thought about it, then nodded his head and agreed.

He felt that even if he entered the Tao-creation School, he would not be able to see Gu Tong in a while. If he wanted to meet a strong Ranker like Gu Tong, he would need to have a certain amount of strength, and the conditions to enter the Tao-creation School seemed to be extremely strict.

Ding Yuhai came to Chen Xiang's side, patted Chen Xiang's shoulders and said: "Dragon-Elephant School is indeed not bad, and is also quite strong, but our Tao-creation School you should understand, moreover you are currently near Tao-creation School!"

"Ding Yuhai, you can't do this, just now, you decided not to invite him, but now that he has agreed to come to our Dragon-Elephant School, why did you jump out again?" Xiao Xianglin laughed: "Are you planning to go against me?"

Ding Yuhai chuckled: "I didn't say for Chen Xiang to come, I just wanted him to consider more."

Just a while ago, there were many people who looked down upon Chen Xiang, but when they saw that Chen Xiang alone had obtained two divine weapons refined by the Tao-creation Holy stone, they

suddenly felt that Chen Xiang was not bad, if they could recommend him to their own sect, that would definitely be a good thing, as this could increase their sect's overall strength, they regretted.

"Something unpleasant happened today. Let's leave the Divine Weapon Congregation to this." Xiao Xianglin sighed, and then said to Chen Xiang: "Follow me!"

Chen Xiang followed Xiao Xianglin out of the tower and up to the highest floor of the Divine Arms Tower. They stood on a grandstand, and could see the entire Supreme Hotel.

"You must be the arrogant woman in the Dragon Elephant Chariot!" Chen Xiang asked: "Why did you invite me to your Dragon-Elephant School?"

"That's right, I'm that arrogant woman!" Xiao Xianglin lightly snorted, "Then why did you still join our Dragon-Elephant School when you knew I was such an arrogant woman? There is such an arrogant person in Dragon-Elephant School, Dragon-Elephant School must be very arrogant, you shouldn't like it!"

"That's because I like to teach arrogant people a lesson, that's why I decided to join the Dragon-Elephant School, and teach them a good lesson." Chen Xiang walked to a chair and sat down.

Xiao Xianglin said: "This world is a place where the strong preys on the weak. How much can you save?"

Chen Xiang smiled slightly: "I won't be able to save much, but I have to save him when I see him! If I was strong enough, you would probably be dead by now. "

"So you're a good person?" Xiao Xianglin sat opposite to Chen Xiang, her beautiful eyes staring fixedly at him.

"Not really. If there is a chance, I will show you my bad side." Chen Xiang snickered.

Xiao Xianglin did not quite understand, but after thinking carefully, she suddenly let out a cold snort.

"Can you show me that godly weapon of yours? You still have a divine sword that I want to see. " Xiao Xianglin was indeed a person who liked Divine Weapons, to think that he would still be concerned about this matter.

"I'm not giving it to you, I'm worried that you will take it away!" You are a very tyrannical woman, and I do not trust you for you to let your subordinates kill the innocent. " Chen Xiang still remembered this matter.

"Those people can't be considered my subordinates. They were merely ordered to protect me." Xiao Xianglin gritted his teeth: "If I had really killed so many innocent people, you would probably be dead by now."

"Not necessarily!" Chen Xiang said.

"They're all going to do it, but I won't allow it." Xiao Xianglin said.

"Even if they add a few of the women in your car, they might not be able to kill me." Chen Xiang said very confidently.

"Good!" I apologize here. I will send someone to find the old man and give him some things as compensation for my mistake. " Xiao Xianglin was also not an arrogant woman.

Chen Xiang thought about it, and felt that this was not bad, "That's not bad."

"Now, can you show me your Divine Weapon?" Xiao Xianglin revealed a smile.

"Why do you like Divine Weapons so much?" Chen Xiang was very suspicious about this. He took out his own Blood fire sword and threw it over to Xiao Xianglin.

After Xiao Xianglin received it, he carefully examined it. She quickly came to the conclusion that this method was very similar to Luo Jiuyang's method, and it was the same as what Ding Yuhai had said before.

"Just like how you guys like beautiful women who don't wear clothes. I just like them and have no reason to." Xiao Xianglin's words made Chen Xiang nod his head. This kind of thing really has no reason, it's just an instinct.

"In that case, let me show you my divine sword. In that case, won't you be showing me something that I like to see?" Chen Xiang laughed sinisterly: "For example, a beautiful woman without clothes!"

"You still have a divine sword? It's the one you compared your sword with! " Xiao Xianglin said.

Chen Xiang threw the Heavenly magic sword over. It was still merging with the Six Realms mirrors, and the current state of the sword was extremely strange, after Xiao Xianglin received it from him, she was a little excited. She looked at it carefully, and touched it repeatedly.

"What is going on with this sword? I have heard of this divine weapon before, but this is only a divine weapon that Master Gu Tong had thought of before. Even though its style looks like it belongs to Master Gu Tong, it isn't. Xiao Xianglin was extremely curious as he looked at Chen Xiang.

Chen Xiang drank his tea and did not tell her his plans.

Xiao Xianglin clapped his hands, a door opened, and two tall women walked out. The two women's faces were extremely beautiful, soft and charming, with some similarities, they should be a pair of sisters.

The two women were only wearing a thin layer of muslin, but when she walked out, she took off the muslin.

Not only were they beautiful, they also had the best figures and were impeccable. Most importantly, these two women were very strong, both of them belonged to the World Defying Stage Divine Rank!

Chen Xiang could feel a familiar aura from her body. This was the woman who was with Xiao Xianglin in the carriage, she was actually Xiao Xianglin's female slave, and to have such a strong female slave, it could be seen that Xiao Xianglin was definitely not an ordinary disciple of the Dragon-Elephant School.

"How is it? They're perfect! It is publicly acknowledged that she is prettier than me, taller than me, and better built than me. " Xiao Xianglin laughed complacently: "I'm the only one who has seen them before! You were the first man to see them. Do you feel very accomplished? "

Chen Xiang only drank his tea, admired it, and laughed: "They are considered average!"

His words made Xiao Xianglin frown, and the two female slaves were also unconvinced. It was fine if the woman said that, because she might be jealous, but a man said the same thing, which made them extremely unhappy.

[Chapter 3449](#)

Xiao Xianglin really wanted to know the secrets of Chen Xiang's Heavenly magic sword, which was why he made his two female slaves make such sacrifices.

"I know. If I can't get it, no matter how good it is, it would only be considered average. Right!" Xiao Xianglin thought he understood and laughed: "I can let you touch them!"

Chen Xiang shook his head, put down the teacup and said: "You give them to me, and I won't take them. I have as many women as I want, so I can easily get them.

"You looked at my divine sword, I looked at them, so we were even." Chen Xiang laughed: "You can return the divine sword to me now, right?!"

Xiao Xianglin was stunned there, and the two beautiful female slaves were also struck.

"You are trying to capture me, right? I know you want them." Xiao Xianglin coldly snorted: "I won't agree to that. At most, I'll just let you touch it."

Chen Xiang laughed: "You are wrong, hurry up and return my divine weapon to me! I really don't like them, but I still think that my Divine Weapon looks better. "

"What a boring man!" Xiao Xianglin snorted and threw the two divine swords back at Chen Xiang. Even if she refused them, Chen Xiang could still take them back.

Xiao Xianglin anxiously said: "Xiang'er, Yu'er, quickly put on your clothes, don't let him see you anymore, it's such a waste!"

Xiang'er and Yu'er put on their clothes and stood behind Xiao Xianglin. They slightly pouted their small mouths and looked at Chen Xiang with hidden bitterness.

"Big Sister, he must have said that on purpose. He wants to get something even more cheap." Xiang'er said. She was the older sister.

"That's right, putting on airs." Yu'er snorted.

Chen Xiang only shook his head with a smile. Within his You Yao Mountain Villa, there were Su Meiyao and Bai Youyou, the two absolute beauties, and also Long Xueyi, the White Dragon Girl. These three were all her wives.

"That's not it. To tell you the truth, I have seen countless women, so in my eyes, all of you are nothing more than ordinary women." Chen Xiang took a sip of tea: "Of course, you guys are already very outstanding. If I hadn't seen so many women before, I might have already been bewitched by you guys to the point of turning over your divine soul."

"Fine, you guys are taller than your elder sister, and your strength is not weak either. You guys are also a bit better looking than her. However, I feel that your elder sister is even more attractive than you."

Xiao Xianglin stared at Chen Xiang, his gaze like a blade.

"Why is that? It was mainly a desire for conquest! This is because all of you are her female slaves and your status is slightly low. However, your Big Sister is different. Chen Xiang laughed: "Of course, even if she were to go all out, she wouldn't be able to tempt me."

Chen Xiang looked at Xiao Xianglin who had a dark expression and laughed: "Big Sister Xiao, are you not planning to recommend me to the Dragon-Elephant School anymore?"

Xiao Xianglin slapped the table beside him, and said coldly: "Who am I, Xiao Xianglin? I will keep my word and will not go back on my word. You can rest assured about that! "

Chen Xiang looked at the two female slaves who had bitterness written all over their faces, and laughed: "You two look a little better now!"

He felt that He Fengyuan was more interesting than these two girls since they were both female slaves since He Fengyuan was once a slave in the past. His aura could not be compared to the two girls who had been slaves since he was young.

The fusing of the Six Realms mirrors and the Heavenly magic sword was Chen Xiang's greatest secret, so of course he wouldn't tell others about it. However, Xiao Xianglin didn't give up, as curiosity was like an ant in her heart, making her itch in her heart, unable to scratch it out.

"What would it take to tell me?" Xiao Xianglin asked.

"This... "In truth, I also know, because when I obtained this sword, it was like this. Do you believe me or not? How would I know that such a profound thing like this is a God's Mirror that you don't even know?" Chen Xiang said.

"Then can you lend it to me for a while?" Xiao Xianglin said.

"No, this Divine Weapon is my third life. I can't lend it to you." Chen Xiang said with a serious face.

"Then what about your second life?" This was also what Xiang'er and Xiao Xianglin wanted to know, because even such a powerful divine weapon would only have a remaining three lives.

Chen Xiang laughed, and glanced at his crotch: "My second life is something that I can't lend you, even if you all want to see it!"

Xiao Xianglin and the other two girls already understood what was going on. Their faces turned red, and they couldn't help but scold Chen Xiang in their hearts. It was even harder for them to understand now. The guy in front of them looked like a pervert, but he was indifferent to their temptations. This self-control was something they admired.

Xiang'er said, "Dahei... It's that black-clothed man. Was he decapitated by your sword? "

Chen Xiang nodded his head: "At the same time, I can also chop off your head."

The swords refined by the Tao-creation Holy stone could even be chopped into pieces, let alone a human's neck!

"Oh right, are you guys going to bring me to the Dragon-Elephant School at that time?" Chen Xiang asked: "Are you riding on that beautiful big carriage?"

"We can set off now! You messed with a guy, I have to hurry up and bring him back to Dragon-Elephant School, this will reduce the trouble. " Xiao Xianglin said: "You probably don't know who that fellow who you destroyed should be!"

"I don't know. Even if I did, I would've still destroyed his sword. This guy is asking for a lesson." Chen Xiang curled his lips and said.

"He belongs to the Mortal Life Sect, and his grandfather is an elder of the sect." "This person always takes revenge for his flaws," said Yu'er. "It's because Big Sister is here that he didn't make a move."

"Looks like I have to thank you!" Chen Xiang cupped his hands towards Xiao Xianglin and laughed.

"No need to be so polite, go to Dragon-Elephant School in the future and avoid trouble." Xiao Xianglin said: "Of course, if there are arrogant people, I can teach them a lesson."

Xiao Xianglin and the others could tell that Chen Xiang wasn't afraid of the white clothed man's revenge at all.

This was also why she did not make a move when Xiao Xianglin was in the carriage and had a short conversation with him. At that time, she felt a strange power from Chen Xiang's words, and it was as if he was carrying a strong threat that made her afraid.

In the dark night, Chen Xiang sat on the carriage, the eight dragon and elephant were pulling the carriage and flying in the sky. Chen Xiang laid down on the carriage comfortably, and Xiao Xianglin sat across from him, staring at the Blood fire sword.

Xiang'er and Yu'er, the two female slaves sat beside Xiao Xianglin, treating her very cordially. Furthermore, they were wearing very little clothes in the carriage, so Chen Xiang did not know if they were luring him to do so intentionally or not.

"Can you see the flowers after looking at them for so long?" Chen Xiang asked Xiao Xianglin, who seemed to be extremely obsessed with Blood fire sword too.

Initially, he had planned to give the Blood fire sword to his master Lei Yichen to fuse, but his master had made up his mind.

"Big Sis is learning how to refine it!" This is a technique similar to the one refined by Luo Jiuyang, and Luo Jiuyang's refining technique is even better than his, it's just that the Divine Weapons that Luo Jiuyang personally refined are rarely spread. " Xiang'er said.

[Chapter 3450](#)

Chen Xiang looked at Xiao Xianglin, he did not expect this Xiao Xianglin to actually know how to refine artifacts, and he did not know what her level was.

"Luo Jiuyang's refining level is higher than Gu Tong's?" Previously, when Chen Xiang was in Ancient Fire Divine Sect, he knew that Gu Tong's refining skills were the best.

"Of course, it's just that Luo Jiuyang's temper is much stranger than Gu Tong's! Gu Tong was still obediently staying in the Tao-creation School, but Luo Jiuyang had always appeared and disappeared mysteriously. The last time he had appeared was a hundred years ago. I wonder when he will appear again." Xiang'er said: "How in the world did you get your sword?"

Chen Xiang laughed: "I snatched this sword, when that guy fought with me, he hit me, and I stole his sword."

The situation at that time was indeed like that, but it was not as easy as Chen Xiang had said.

"I don't believe it!" Xiang'er scoffed.

"Believe it or not." Chen Xiang drank his tea and asked: "Is your elder sister's refining skill very good?"

Xiao Xianglin was very serious in his research and did not pay attention to Chen Xiang at all. Her current serious expression made Chen Xiang feel very familiar with her, because Xue Xianxian, Liu Meng'er, and the other girls who specialized in artifact forging were also like this.

"Big Sister's refining skills are considered not bad among her peers in the Dragon-Elephant School. She can refine Tao-creation's divine tools." Yu'er said.

The Tao-creation Divine Equipment was refined by the Tao-creation Holy stone joined in! And for good Tao-creation Divine Equipment, a large number of Tao-creation Incantation would be added.

"Your divine sword is a bit strange." Xiao Xianglin finally spoke.

"Where is it weird?" Chen Xiang had never used Blood fire sword before either.

"There is no Tao-creation Incantation! The person who created this godly sword, his level was not bad. He should have grasped a lot of Tao-creation's incantations, but did not join in. Xiao Xianglin said: "If I add you into the Tao-creation's incantation, you might be able to become a high rank Tao-creation's Divine Weapon, and right now, it is only a middle rank weapon."

The person who refined the Blood fire sword was inside the Ancient Fire Divine Sect. Naturally, he did not grasp the Tao-creation's incantation. This place was the Tao-creation Place, and there were many people who could control the Tao-creation's incantations.

Chen Xiang didn't know what kind of situation the people here were in after they mastered the Tao-creation's incantation, or if they were in the same situation as him.

"Right, big sister Xiao, how many Tao-creation's incantations have you mastered?" Chen Xiang had only grasped a portion of the second layer of the Tao-creation's incantation.

"A total of more than thirty!" Xiao Xianglin said.

"More than thirty? Which ones are they?" Chen Xiang also didn't know if the Tao-creation's incantations were the same as the ones he had learnt before.

Xiao Xianglin took out a piece of paper and quickly drew out the Tao-creation Incantation on it. After looking carefully, Chen Xiang realised that the Tao-creation Incantation was extremely messy, and did not seem to be in an orderly fashion like the ones he had learnt from the Six Realms mirrors.

"These nine are elemental incantations, Increase spell." Xiao Xianglin drew out two sets of incantations on the paper. These incantations were all familiar to Chen Xiang, and maybe the most basic Tao-creation incantations, so it was easy to understand.

Chen Xiang felt that something was strange, Xiao Xianglin did not have control over the Space mantra.

"Then these three are Flying mantra, and these three are the sound wave incantations ..." Xiao Xianglin drew out all of these incantations.

Chen Xiang had only just found out that there was actually a Flying mantra among the Tao-creation's incantation. According to the groups that he had learnt, the Flying mantra was the fourth layer of the incantation, a total of nine.

"Truly powerful, I only understand the Elemental Incantation and a few Increase spell." Chen Xiang was sincerely praising her.

"Oh? You actually know all the elemental incantations, that's pretty good!" Xiao Xianglin was a little surprised. She thought that Chen Xiang did not understand: "With your level, you can already start learning Artifact Forging."

"Refining... I'm not good at it, but I know how to concoct pills." Chen Xiang laughed, he could only refine ordinary pills.

Chen Xiang took out three Blood shark fitness Dan s, "This should be the best pellet that I can concoct now, try and see what level you can all reach!"

"You actually know how to concoct pills!" Xiao Xianglin felt that it was unbelievable, because in her eyes, refining pills was much more difficult than smithing. She had mixed and compressed all sorts of medicinal ingredients perfectly, making this process very difficult to control. She had tried it before, but she felt that it was too difficult.

"Is your pill reliable?" "What pill is it!" Xiang'er asked worriedly when he saw Chen Xiang pass over the red pellets.

"To tell you the truth, this is like a wolf and tiger pill. After you eat it, your lust will skyrocket and you will be like a wolf and tiger demanding it from me." Chen Xiang laughed.

Xiang'er and Yu'er rolled their eyes at Chen Xiang and snorted softly. They obviously didn't believe Chen Xiang's words, but they were still a bit worried.

Xiao Xianglin only sniffed the pellet, and then ate it.

"Big Sister, why are you eating randomly!" Seeing Xiao Xianglin eating it, Xiang'er was very worried.

"If I have any reaction, you can take him down, he's not your opponent yet." Xiao Xianglin was not worried at all, and said while smiling lightly.

Xiao Xianglin could feel that this pellet already brought about a very dense blood Qi, it was a special ability that only the Holy stone of Tao-creation possessed. Although it was very weak, it still made her feel very surprised.

"This pill should be considered a high-grade earth-step 'Primeval Pill'!" Xiao Xianglin said in shock: "How exactly did you refine it? There is a trace of the Tao-creation's Holy stone's power contained within, did you add something that has been soaked in the Tao-creation's Holy stone?"

After Xiang'er and Yu'er heard it, they immediately ate it. They also wanted to feel if this pill was as miraculous as Xiao Xianglin said it was.

Although they were female slaves, they were not weak. They were all in World Defying Stage Divine Rank and had a good understanding of cultivation, so they naturally knew what the benefits of this pellet were.

"I refined it with a type of beast blood!" This kind of soul beast will evolve and produce this kind of blood because it has been eating Tao-creation Holy stone all year round. " Chen Xiang said, "Above the Divine level, what other pills are there?"

"Above it is the Tao-creation Divine Pellet. We need to add some strange Tao-creation's incantations to improve the quality of the pellet." Xiao Xianglin said: "This kind of pellet, if you can join a ninth stage Increase spell, you might be able to become a low grade Tao-creation Divine Pellet ... I don't know the specifics either. "

Increase spell s could increase the quality of pills by nine times, and Increase spell s of the ninth step could indeed be very powerful.

"In that case, can I sell this pill for a good price?" Chen Xiang was just casually asking, he was not lacking Myriad Tao Divine Soil Crystals, he was only lacking Tao-creation Holy stone s.

"How can you sell these pills?" It's good to keep it and eat it yourself! " Xiang'er anxiously asked.

"Chen Xiang, after you go to Dragon-Elephant School, don't tell anyone that you know how to refine pills, understand?" Xiao Xianglin warned with a serious face.
