

## Dan God 3461

### [Chapter 3461](#)

Chen Xiang remembered that this fellow was from one of the top ten sects of the Mortal Life Cavern. Now that he had suddenly appeared, it was clear that he was a spy, so he must definitely recognize Xiao Xianglin's carriage.

"Is that Xiao Xianglin inside the carriage?" The white clothed man asked coldly, because he already knew that the person who destroyed his divine sword and became Xiao Xianglin's disciple, made him extremely angry.

Initially, he had felt that Xiao Xianglin's relationship with him was not bad, but he had accepted his enemy as his disciple very clearly to protect Chen Xiang. That was why when he saw Xiao Xianglin's big carriage, he immediately brought his people over.

"Dai Haiyi, what business do you have? Quickly tell me!" The one who spoke was Liu'er, because Chen Xiang had said before that Master would not speak, and that was the most arrogant.

"Let Xiao Xianglin speak." Although he was a little afraid and confused, he felt that Xiao Xianglin would not do anything to him. He and Xiao Xianglin were both core disciples in the sect, and if Xiao Xianglin were to kill him, it would cause a huge conflict between the sects.

"Just tell me what you want." Liu'er said again.

It was obvious that he looked down on Xiao Xianglin for letting a female slave talk to him, but he couldn't do anything either. Xiao Xianglin couldn't do anything to him, and similarly, he couldn't do anything to Xiao Xianglin.

"Xiao Xianglin, why did you take that guy as your disciple!" His divine sword had been destroyed by Chen Xiang, but he had received a heavy punishment. Otherwise, he wouldn't be here as a spy now.

Wu Zhong and the others were just watching from the side. They were spies and knew a lot of things, and they were very clear about the matter of Dai Haiyi's Divine Sword being chopped into pieces. Furthermore, that person was Chen Xiang, who was recruited by Xiao Xianglin into the Dragon Elephant Gate.

"This is my master's matter, it has nothing to do with you. If there is nothing else, please step aside, and don't hinder us from doing important things." Yu'er said.

After all, Chen Xiang was the disciple of the Celestial Sect of Dragon and Elephants. To be able to do such a thing would only bring about more glory to the Celestial Sect of Dragon and Elephants.

The dragon elephant roared and was about to fly out. Although Dai Hai Yi was furious, he didn't dare to stop it. He could only let the dragon elephant fly over.

Xiao Xianglin's Sixteen Dragon Elephants were still very scary, especially when they roared together. Dai Haiyi and a few others who were floating in front of them turned green.

"This Chen Xiang brat, sooner or later, I will let you have a good look." His grandfather and parents were also Elders of the Mortal Life Sect, but he did not look as good as Xiao Xianglin on the outside.

Just Xiao Xianglin's dozen or so dragon and elephant were enough to make the spies feel inferior.

Chen Xiang laid on a chair and said: "Dai Hai Yi's future isn't too good ... Master, do you think the Mortal Life Sect will pursue the matter of me splitting that divine sword to pieces? "

"No!" This is a grudge between you and Dai Hai Yi, and it will not affect the clan level. " Xiao Xianglin said: "This guy is really something, it's none of his business if I take in a disciple. Every time I go to the Divine Weapon Tower, this guy would act all day and always ridicule others. I wanted to teach him a lesson a long time ago."

"Yu'er, your performance just now wasn't too good." Chen Xiang laughed.

"Then the next time I let you say it, I'm not that kind of arrogant person!" Yu'er felt very wronged as she pouted and said, "Anyway, you're Big Sister's disciple, so it's alright for you to speak up for Master."

"Alright, let me do it next time. If you cause too much trouble, Big Sister, you have to support me." Chen Xiang laughed.

"You, when the time comes, just speak to anyone, don't be so arrogant to anyone." Xiao Xianglin was rather 'worried' about Chen Xiang, because she had experienced Chen Xiang's kind of invisible arrogance.

"Elder sister, those dragon elephants shouldn't be able to fool the elders, right?" Xiang'er said: "How about if I get recognized?"

"Don't be afraid, just tell them that I purposely 'made' them scared." Xiao Xianglin laughed: "I want to see how they will react!"

"Damn it, I forgot to ask where big brother Wu Zhong is." Xiao Xianglin patted his leg and said.

"Look ahead..." Xiang'er anxiously shouted.

Xiao Xianglin and Chen Xiang stuck their heads out of the carriage, and saw a strange cloud appearing in the high skies far away. This cloud covered the sky in the distance, and released a sparkling and translucent multicolored light.

"Could that place be in the clouds?" Wu'er said in surprise.

"It's not a cloud... It's just a barrier, in the clouds there is a huge formation plate, and the release barrier covers the area below, and below the clouds, should be the area where the Legendary mantra appeared. " Xiao Xianglin frowned, and immediately saw through it.

Feng Ke'er said the same thing inside the You Yao Mountain Villa. She could feel the power of the barrier and seal.

The large carriage flew for quite a while before a dragon elephant suddenly flew up. It was a delicate and pretty man. "Follow me!"

Without much words, Xiao Xianglin controlled his Dragon Elephant and followed, before landing on a huge headless mountain. After this mountain had been flattened, there was a vast expanse of flat ground, where the large team of Dragon and Elephant have set up camp.

When he was in the air, Chen Xiang saw that there were many people camping on the flat ground at the top of the mountains not far away.

The sixteen dragon elephants pulling the carriage landed on the flat ground in a vast and surging manner. The scene attracted many Dragon Elephant Sect disciples to come and watch, and their first reaction was to be very shocked, who would pull the chariots for so many Dragon Elephant Xiao Xianglin ...

However, if one took a closer look, the overall aura of these dragons and elephants looked extremely weak!

"Father!" "Mother!" Xiao Xianglin alighted from the carriage and jogged towards the two middle-aged men and women. Normally, she was a wild and wild lady, but after seeing her parents, she was like a lamb.

After Chen Xiang got off the car, he walked behind Xiao Xianglin and bowed to her parents: "Disciple Chen Xiang greets the two elders!"

Xiao Xianglin had accepted a disciple, her parents knew about it immediately, but they did not go to take a look. Now that they saw Chen Xiang, they were very satisfied.

"Stupid girl, what's going on with these dragon elephants?" A middle-aged beautiful woman pinched Xiao Xianglin's face and said somewhat angrily: "I thought that your grandfather had lent it to you, but who would have thought that ... But it doesn't look like it is at all! "

Xiao Xianglin anxiously looked towards Chen Xiang, giving him a look, letting him explain.

"Elder, this is just a trick from me." After Chen Xiang finished speaking, he waved his hand and the Heaven devouring rat returned to its original form.

When the disciples of the 'Sect of Dragon and Elephants' saw this, they inwardly cursed. It was actually fake. It had really frightened them.

### [Chapter 3462](#)

Xiao Xianglin's parents were secretly surprised when they saw Chen Xiang's trick. Previously, they knew that their daughter had some skills in taking in a disciple who possessed a very powerful divine sword. She was able to shatter the divine sword that was made from Tao-creation's Holy stone.

"Xianglin, you can just stay here." 's father, Xiao Hengyong, said in a serious tone. This place was still safe, but it was hard to say what would happen inside the barrier. For the sake of his daughter's comfort, Xiao Hengyong would not allow her to enter.

Hearing that, Xiao Xianglin snorted angrily, but she did not say anything, she knew that Xiao Hengyong was doing this for her safety, it was for her own good.

However, she refused to accept this, because in this place, many disciples had cultivations similar to hers. There were even some who were not as strong as her, that they could enter, but she could not.

"You all are really messing around... Xiang Luan, even if you don't think for yourself, you still have to think for your disciple. She just took in a pretty good disciple, and you're bringing her around to do whatever you want, truly." Xiao Hengyong said.

Xiao Xianglin looked at Chen Xiang and pursed her lips. She thought that even if all the disciples here died, Chen Xiang might not die, so she was very clear about Chen Xiang's hidden strength.

"Chen Xiang, let's go!" Xiao Xianglin brought Chen Xiang to an empty area. Xiang'er and Yu'er pulled her caravan over, and then she got on the caravan out of breath.

Chen Xiang followed her in. Xiao Xianglin was so angry that her cheeks bulged, because her parents always treated her like a child.

"What do we do now?" Yu'er said.

"Chen Xiang, quickly think of a way!" Xiang'er pushed Chen Xiang a little when he saw him being so calm and composed.

"What's the hurry? Wait until they go in first." Chen Xiang laughed: This is nothing to be angry about, your parents are not letting you in, just promise that you won't go in, first promise that then we will talk.

"Do you mean that we should sneak in?" Xiao Xianglin said.

"Hm!" Although it is a very powerful barrier, you must have confidence in our strength. Without their help, we can still enter." Chen Xiang looked through the window at the distant region shrouded in clouds that was releasing light. The area enveloped in a barrier was very large.

"I can give it a try ..." I was just worried that we wouldn't be able to get in." Xiao Xianglin said: "The various big sects should have arrived very early, but they are all outside now, and have not entered the barrier yet. It's clear that they have been blocked by the barrier, or they are waiting for an opportunity, for the barrier to open."

"Master, you will know when you go out and ask!" You promised your parents that you wouldn't go in, and said that you were very curious about the things here, so they will definitely tell you." Chen Xiang chuckled: "After you ask around, I'll go check on that barrier."

"Alright!" Xiao Xianglin's anger had already subsided a lot. If she and Chen Xiang could break through the barrier and enter, she wouldn't have to fear being scolded by her parents.

Xiao Xianglin got out of the carriage, and went to find her parents to ask them about the details of the place.

An hour later, Xiao Xianglin returned.

"Gu Tong and Luo Jiuyang have already entered ... I never thought that both Dragon-Elephant School s would come and enter the barrier." Xiao Xianglin said, "As long as this barrier reaches the full moon, the chance for it to become weak, Xu Du. At that time, if you use enough strength, you can open a hole and enter."

"The Leader and the rest went in first to scout, and brought over a dozen strong Palace Main Disciples with them. When they have a clear picture of the situation, they will inform the people outside to go in."

Chen Xiang looked at the barrier before him and said softly: "Then what about the Legendary mantras? With so many people going in, would they all get Legendary mantras? Or is there a lot of good stuff in it?"

"I don't know ..." My parents are deliberately hiding something. I think there's more than just Legendary mantras inside. " Xiao Xianglin said: "Otherwise, we wouldn't have let such a powerful disciple come."

Chen Xiang had also seen earlier that the disciples here were all Palace Main Disciples, the core strength of the sect.

"Alright, I'll go outside the barrier to check it out first when it gets dark." Chen Xiang looked at the sky: "It's already evening."

Xiao Xianglin nodded her head. She was completely at ease with Chen Xiang as she felt that he was much more powerful than many Palace Main Disciples.

At night, Chen Xiang activated Counter Power Invisibility and left the carriage.

Chen Xiang used his Spatial Force and easily passed through it. Previously, he had comprehended a few spatial techniques, so his use of Spatial Force had increased by quite a bit.

Chen Xiang released the Six Realms mirrors. He quickly rode on it and arrived beside the barrier.

"Xiao Ke'er, what do you think?" Chen Xiang only had a slight understanding of barriers, but Feng Ke'er was extremely proficient in them.

Feng Ke'er came out of the You Yao Mountain Villa, placed her small hands on the barrier, and closed her eyes. She was investigating the power of the barrier, as well as the structure of the barrier.

Two hours later, Feng Ke'er reaped some rewards, and said: "It's extremely troublesome, this barrier is created using the Tao-creation's Incantation. If you want to pass through, you can only use the Time and space power to pierce through space."

"Is my current strength enough?" Chen Xiang asked.

Feng Ke'er shook his head: "This barrier has a huge limitation on the power of space. Even so, this is the only direction that can be broken through."

"The full moon? There are still a few days left!" Chen Xiang said: "By then, Xiao Xianglin will definitely be seen to death by her parents, and would be hard to move, so we can only move ahead!"

"Even though your spatial energy isn't sufficient, your Six Realms mirrors has already replicated several Transmission arrays before ... I should be able to modify those Transmission arrays and let the Six Realms mirrors release sufficient strength to create space. Then, I can absorb your power of time and teleport it in. " Feng Ke'er said: "But at that time, I will need your master's help!"

"No problem!" Chen Xiang said.

"Alright, let's head back now. I'll have a chat with her first. She's rather proficient in formations, so it's better if we discuss it with her." Feng Ke'er said.

After Chen Xiang returned to the carriage, he anxiously asked: "How is it? Is it easy to pass through that barrier? "

"It's not easy... This question, it would be better if this little girl could explain it to you. " Chen Xiang shook his head.

"Little girl?" Xiao Xianglin, Yue Shuang, and the two girls were confused. Where did this little girl come from?

Just as they were wondering, Feng Ke'er came out of You Yao Mountain Villa. She looked like a little girl a few years old, and was extremely cute.

"This... Your daughter? " Xiao Xianglin was startled and asked.

"He wouldn't have a daughter as good as me." Feng Ke'er smiled sweetly.

Chen Xiang explained Feng Ke'er's background, Xiao Xianglin and the others could also accept this kind of thing, they were just surprised, but after that, Feng Ke'er kept talking about the situation with Xiao Xianglin, causing Xiao Xianglin to be shocked, she suddenly felt that it was more appropriate for Feng Ke'er to be her disciple.

### [Chapter 3463](#)

Xiang'er also saw Feng Ke'er, the cute and beautiful little girl, chattering about the various profound constructs of the barrier without end. She was so shocked that she could not close her mouth. Although they already knew that this was not an ordinary little girl, they were still shocked.

Big sister Xiang Luan, you have to work together with me to 'create' a spatial formation. When the time comes, you will need to control that spatial formation. Feng Ke'er said.

The array formation within the Six Realms mirrors could not be directly released just by absorbing energy. It required a strong enough amount of energy to activate the spatial array formation.

"Alright!" Xiao Xianglin felt that it was a little difficult, but the little girl in front of him felt that it was nothing, so of course she couldn't shrink back.

Chen Xiang took out his Six Realms mirrors. Xiao Xianglin was his master anyway, so it wasn't a big deal to show his master his own treasures.

The structure of the Six Realms mirrors immediately attracted Xiao Xianglin's attention. Feng Ke'er brought her to a place inside the Six Realms mirrors where they would lay down a spatial array.

"Chen Xiang, give the Time Domain to us!" Feng Ke'er said: "This kind of profound formation requires a lot of time."

The Six Realms mirrors had already replicated a few Transmission array s. Right now, Feng Ke'er and Xiao Xianglin needed to modify the Transmission array and transform it into a spatial formation so that the spatial formation could fuse with Chen Xiang's Time energy. At the same time, it could absorb Xiao Xianglin's energy and absorb the powerful energy that would instantly erupt from his body. ad)

Chen Xiang then used the Time Domain on Feng Ke'er and the others, they were now setting up a spatial formation within the Time Domain.

Xiao Xianglin did not know how to use Space mantra, but when she saw the incantations, she immediately recognized it. Feng Ke'er knew how to use Space mantra, which caused Xiao Xianglin to be extremely impressed.

"Xiao Ke'er, where did you learn these Space mantra? The Space mantra is here, but it's a very rare Tao-creation's Incantation. Although it's not very hard to learn, it's impossible to spread it around, and we only have three Dragon Elephant Door, so I can't learn any of them." Xiao Xianglin did not expect Feng Ke'er to have mastered nine.

"Chen Xiang has it! I can teach you too!" Feng Ke'er smiled sweetly, then quickly drew nine Space mantras and placed them into nine small crystal boards. In the future, Xiao Xianglin would learn from them.

"Thank you so much!" Xiao Xianglin was in disbelief. He didn't expect Feng Ke'er to be so generous and just give it to her like that.

Feng Ke'er was Chen Xiang's master, so she also felt that it was not a big deal.

Very quickly, it was Feng Ke'er's turn to be jealous of Xiao Xianglin, because Xiao Xianglin had an extremely heaven defying talent for learning Tao-creation's incantation. He actually managed to successfully grasp three Space mantras in just a few days of time.

When Feng Ke'er first went to learn these Space mantra, he spent a lot of time, but Xiao Xianglin did it so easily.

"Big sister Xiang Luan, you're so awesome. Your talent in learning Tao-creation's incantations is really high. Back then, I had only learned three Tao-creation's incantations a long time ago." Feng Ke'er spoke softly with a face full of envy.

Xiao Xianglin had learned all kinds of 'messy' and 'shitty' Tao-creation's incantations before, and there were a lot of complicated Tao-creation's incantations among them. Now that she had turned around to learn simple Space mantras, it was simply too easy.

In the next period of time, Xiao Xianglin and Feng Ke'er worked together and spent almost a year to set up that spatial array. During this period of time, Xiao Xianglin learned two more Space mantras, and learning them was like playing with her.

"Chen Xiang this guy has a lot of Tao-creation incantations, he actually didn't teach me." Xiao Xianglin was indignant.

"You're his master, so of course he won't teach you. Plus, he doesn't think there's any benefits." Feng Ke'er laughed tenderly: "He values rewards a lot."

"Humph, this kid is serious."

Xiao Xianglin pouted her lips, she could not say anything more, she was Chen Xiang's master, if she went to look for Chen Xiang to learn the Tao-creation's Incantation, where would her master put her face? If

she wanted to give Chen Xiang benefits, she didn't know what to give. She felt that Chen Xiang would definitely not lack something, and even if he did, it wasn't something she could give him.

When Xiao Xianglin and Feng Ke'er came out of the Six Realms mirrors, they had already finished modifying the array. Chen Xiang had used the second stage of Time Domain, so only half a day had passed.

"My good disciple, tell Master honestly, how many Fusion spells have you mastered now?" When Xiao Xianglin found out that Chen Xiang's Time Domain was so powerful, he thought that Chen Xiang must have used the Time Domain after going into closed-door training for a year.

Chen Xiang raised four of his fingers. There was no point in continuing to hide it!

"Four... You actually have a Fusion spell behind you!" Xiao Xianglin also did not expect that, she felt that Chen Xiang would be very strong just by possessing the Space mantra, but she actually thought that the Fusion spell behind them would be very precious.

Chen Xiang "shushed" her and said, "I'll tell you in the future. Only then will I know what those Tao-creation's incantations are."

Xiang'er and Yu'er, the two girls, heard their conversation and did not understand what Chen Xiang and Xiao Xianglin were saying.

After Xiao Xianglin explained it, they finally understood. Previously, they thought that they were just like Xiao Xianglin, who was a genius at learning Tao-creation's runes.

"It took me nearly two hundred years to learn four of them!" Chen Xiang curled his lips. He now knew that Xiao Xianglin had learned five Space mantras, but in less than a year's time, this talent made him jealous and envious.

"Stupid!" Xiao Xianglin laughed complacently, "How about you teach your master how to learn those Tao-creation's incantations, and then I will guide you in your studies?"

"Are you for real?" Chen Xiang did not believe it.

"You don't believe me to ask these two girls, do you know that their talent for learning Tao-creation's incantations is worse than yours? Furthermore, they did not have any basic knowledge previously, but their learning speed of these six complex incantations of Fusion spells is almost the same as yours! It is precisely because they are mentoring their teacher that they are so fast." Xiao Xianglin said very confidently.

"Alright, wait till we 'get' the Legendary mantra. No matter if I can 'get' the Legendary mantra or not, I still have to 'get' it." Chen Xiang said. He was a greedy person, whether it was useful to him or not, if there was a chance, he would definitely not let it go.

"Alright, let's set off now!" At this moment, Xiao Xianglin was secretly excited, he said to Xiang'er and Yu'er: "You guys follow along, at that time, I might want to borrow your power!"

Xiao Xianglin planned to leave the carriage there, because she already knew part of the uses of Chen Xiang's Six Realms mirrors. Just like this, Chen Xiang, Xiao Xianglin and the three women entered the Six Realms mirrors and let the Six Realms mirrors disappear.

After the Six Realms mirrors shrank in size, it flew out of the window and arrived behind the barrier. Then, it used the formation that was just set up to teleport out.

They were not discovered even in broad daylight, so they successfully ran out!

#### [Chapter 3464](#)

Xiao Hengyong's husband had been keeping an eye on Xiao Xianglin's carriage for the past two days, and would shout from time to time from the outside. When they saw Xiao Xianglin poke his head out, they were relieved. Ye Zichen smiled wryly. It could be seen that Xiao Xianglin had secretly ran away many times, if not her parents would not have been so cautious.

"Xiang Luan!" "Xiang Luan!" Xiao Hengyong shouted.

He waited for a moment, because in the past, Xiao Xianglin would always stick his head out quickly, but he did not do so now.

"Xiang Luan!" Xiao Hengyong shouted twice, but there was still no one around, even without seeing Xiao Xianglin, he should have seen her two female slaves or her disciples.

Xiao Hengyong panicked and immediately rushed over. He went in and saw that it was empty, there was no one inside!

"This damned girl!" Xiao Hengyong was startled, then he cursed and anxiously rushed out.

"Master, what's wrong?" The two disciples that were in charge of watching Xiao Xianglin ran over quickly. They were both Xiao Hengyong's disciples.

"Xiang Luan that damned girl actually ran away, did you not see that!" Xiao Hengyong felt that he had seen a ghost. Although the barrier was not very strong, someone had ran out and touched the barrier, they would definitely be able to discover it.

But they didn't notice at all.

"Isn't Junior Sister in there?" The disciple became anxious, they kept staring at them without stopping, but they did not see any movements, and Xiao Xianglin just disappeared like that.

Xiao Hengyong anxiously called for his wife, the two clan elders walked over, Xiao Xianglin was actually able to disappear into thin air, all these old fellows did not know, this was simply too strange.

"This, this..." "That's impossible!" An old man said. This was because he was in charge of the enchantment here. Even if a bug flew in, he would be able to feel it. How many beautiful novels]

However, even though Xiao Xianglin and a few other big shots had ran out, they did not know!

"There are more and more flowers for this girl." "It's even faster than normal, the pages of the website are fresh and the advertisements are few. I like this kind of website the most, you have to give me good reviews," said Xiao Xianglin's mother, Ning Xi.

"It must be the doing of her disciple. This little guy tricked me just because he 'created' the dragon elephant for ten days. I don't know what method he used." Xiao Hengyong was extremely anxious,

because he knew where Xiao Xianglin and the rest had gone. If they went to an extremely dangerous place ... The thought infuriated him.

"That may not be true. Xiang Luan herself has an extremely high talent in learning Tao-creation's incantations. She might have secretly learnt some powerful Tao-creation's incantations ..." When Ning Qian said here, she cried out in alarm, "Space mantra, it must be like this, she must have control over the Space mantra!"

After Xiao Hengyong heard it, he almost jumped: "Where did this girl learn to use Space mantra? We only have three Space mantras and we can't just pass them down. You and I don't even know anything about them, how could she understand? "

"There are also Tao-creations, but even they would not spread word of it." Ning Xi said with a frown.

"I can only ask when I see her." One of the clan elders sighed, "This girl, she has always used all kinds of methods to learn many Tao-creation's incantations. Even we old bones don't have as much control as her."

"This damned girl, I must give her a good beating." Xiao Hengyong was burning with anxiety, and at the same time, he was very angry.

... ..

Chen Xiang's Six Realms mirrors had already flown outside the super enchantment, and there was some kind of Legendary mantra inside. Chen Xiang and Xiao Xianglin were both looking forward to it.

"Master, whether or not we can succeed will depend on you." Chen Xiang said to Xiao Xianglin and the other two women. They were all from the World Defying Stage Divine Rank, and could instantly burst with extremely strong energy for the Six Realms mirrors to absorb.

The World Defying Stage Divine Rank was originally very strong, and was also the domain that He Fengyuan had always wanted to step into, but he did not succeed. Currently, among the three women of the World Defying Stage Divine Rank, one of them was Chen Xiang's master, this made He Fengyuan feel that he had not expected to recognize a master so quickly, and not only that it was so beautiful.

"Good!" It will definitely succeed. " Xiao Xianglin was very confident that she and Feng Ke'er would be able to set up that spatial formation together. It was a very strange formation, and once it was activated, it would release a very strong power of space. Then, it would absorb Chen Xiang's time energy and transform into a very strong power of space and time, bringing the Six Realms mirrors through the barrier.

Xiao Xianglin and the two female slaves placed their hands on the spatial formation. Chen Xiang also walked over and placed his hands on it.

"One, two, three, begin!" After Xiao Xianglin shouted, they released their powers together.

Xiao Xianglin and the other two girls released their most powerful energies, while Chen Xiang unleashed his most powerful energies.

In just an instant, Chen Xiang felt half of his Divine Sense Sea's power being 'sucked' away, and he anxiously controlled the Six Realms mirrors's teleportation. After passing through the barrier, he only felt himself being sucked empty, and fell asleep on the ground.

On the other hand, Xiao Xianglin and the others were fine.

"This fellow..." Xiao Xianglin pinched Chen Xiang's cheek, and laughed: "Good disciple, rest well!"

Chen Xiang was only at the late stage of Aoshi Holy Stage, so he naturally couldn't compare to the three of them.

Chen Xiang slept for a whole day and night before recovering.

"Alright, we're already in this mysterious area. What should we do next?" Chen Xiang asked: "How do we find Legendary mantra?"

This area was not small, and there might even be hidden dangers, it would not be easy to find the Tao-creation's Incantation.

"Why don't you let me go out and see if I can sense my grandfather?" Qin Shuang came out from the You Yao Mountain Villa and appeared in the room inside the Six Realms mirrors.

They didn't think it was strange for a woman to suddenly appear, because they had seen He Fengyuan before.

secretly snorted in her heart. Previously, when Chen Xiang said that she was a beauty who could read countless of different women, she did not believe him, but now she believed him.

"Good!" If we go out together, it'll be safer with my master protecting us. " Chen Xiang said, and then immediately introduced Qin Shuang to Xiao Xianglin.

Chen Xiang and the others arrived at the top of the Six Realms mirrors and stood on it.

"Xiao Shuangshuang, who is your grandfather?" Xiao Xianglin asked curiously, she was also following Chen Xiang's call to Qin Shuang.

"Luo Jiuyang!" Chen Xiang answered for Qin Shuang.

Xiao Xianglin was startled, unable to believe it.

"Is this true?" Xiang'er shouted in shock.

"That's impossible!" We have never heard of Luo Jiuyang having a family member. Luo Jiuyang seems to only have one friend, and that is Gu Tong. " Yu'er said.

Xiao Xianglin looked at the Six Realms mirrors beneath her feet and took a deep breath. The Spirit grain and the bronze statue were too similar to the Heavenly magic sword she had seen before. She immediately thought that Chen Xiang's Heavenly magic sword could fuse with this strange Six Realms mirrors.

Now she understood why Chen Xiang's Heavenly magic sword looked so normal at the start, but suddenly had a huge change.

"I felt it!" Grandfather is over there! " Qin Shuang shouted in surprise as he pointed in a direction.

At the same time, a strong Qi suddenly surged, causing Chen Xiang and the others to be extremely terrified.

"Get away from here!" Xiao Xianglin shouted. At the same time Chen Xiang sensed this aura, he moved all of them inside the Six Realms mirrors and controlled the Six Realms mirrors to fly quickly.

...

### [Chapter 3465](#)

Chen Xiang and the rest had just come out, and the powerful Qi was already there, so they were definitely heading towards them.

"Could it be the people who entered this place?" Xiang'er said.

"Absolutely not!" Xiao Xianglin was very sure: "That kind of aura is not something humans possess, it should be a fierce beast formed from World Defying Stage Fierce Soul!"

When Chen Xiang came here, he had never seen a Fury beast before. The World Defying Stage Fierce Soul of the Tao-creation Place was extremely strong, if it could turn into a beast, then it would definitely not be weak.

"In short, I am no match for that thing." Xiao Xianglin sighed, "I wonder how Leader and the rest are doing after they came in!"

Chen Xiang did not speak, because the thing behind him was chasing him.

"What exactly is this thing?" Chen Xiang couldn't see what was chasing after him, but he could feel the pressure.

"Can't you see?" Xiao Xianglin looked at the wall behind him. He only saw an extremely calm tree with nothing else.

Xiao Xianglin and the other girls had been carefully observing him, trying to find any trace of him, but they couldn't find anything.

"Is that thing still chasing?" Qin Shuang asked.

"Yes!" Chen Xiang said: "Do you want to change your direction now?"

Chen Xiang had controlled the Six Realms mirrors to fly towards Luo Jiuyang's direction. Just now, Qin Shuang had already sensed where Luo Jiuyang was, and was worried that this would cause trouble for Luo Jiuyang, so he asked for his opinion.

"Continue walking. My grandfather should be very strong. There is no need to be afraid of this thing." Qin Shuang said: "It shouldn't be just my grandfather over there, Gu Tong might also be there."

Currently, only Chen Xiang could feel how terrifying the thing that was chasing the Six Realms mirrors was. If it wasn't for the fact that he had the Six Realms mirrors which allowed him to agilely move through the forest, that thing might have caught up very quickly.

"I saw it!" He Fengyuan suddenly shouted.

Qin Shuang and Xiao Xianglin both frowned, because they did not see anything.

"See what?" Chen Xiang asked anxiously.

"I didn't see anything." Xiao Xianglin said.

He Fengyuan did not answer, she frowned as she looked at the image on the wall, then suddenly shouted: "Look at the trunk of the tree!"

The few girls immediately gazed at the tree He Fengyuan was pointing to, only to see a transparent object appearing on the tree trunk. If one did not look carefully, it would be difficult to find, but because it was transparent, it looked like it had fused with the tree trunk.

"This thing went into the tree!" Qin Shuang shouted. Just as she finished shouting, Xiao Xianglin pointed at another big tree that was very close to the Six Realms mirrors.

On the trunk of the large tree, another transparent object appeared!

Chen Xiang also saw this scene, no wonder he was unable to sense that this thing was chasing after him, but he could feel a very strong Qi.

"Poison woman, what is this?" Chen Xiang thought that He Fengyuan might know about this, otherwise, she would not have noticed him, because if she did not pay attention to this matter, it would be hard to find out.

"I've only heard of such things!" He Fengyuan fell into deep thought, and said after a while: "This kind of thing is also evolved from the World Defying Stage Fierce Soul. But it is actually a special kind of World Defying Stage Fierce Soul, and this kind of World Defying Stage Fierce Soul is not beast-type! "

There were indeed a lot of beasts that were not Madness souls, and there were also blade, sword, plant, etc. This was not a rare sight.

"This kind of World Defying Stage Fierce Soul is very, very rare, just like the spatial or temporal Madness soul." When He Fengyuan first obtained the Space holy soul, he had inquired about a lot of things related to this topic.

Chen Xiang and the others listened patiently.

"This kind of World Defying Stage Fierce Soul is called the Incantation Madness soul, it is the result of the Tao-creation's Incantation ... Or in other words, the World Defying Stage Fierce Soul that was formed from the Tao-creation's Incantation was extremely unique and extremely rare. This is because this Incantation Madness soul would only appear under very rare and special circumstances. "

Xiao Xianglin said: "So you're saying, this thing is formed from spatial Madness soul?"

They had all seen it just now. Once this transparent object entered a tree, it would emerge from another tree. It was as fast as a spatial travel.

"Yes!" Furthermore, not only that, the Incantation Soul Demon also has a certain control over the plants, and can sense the location of the Six Realms mirrors through the trees. " He Fengyuan said: "The Six

Realms mirrors is invisible. It was detected by the trees, that's why it was teleported through the trees to chase after the Six Realms mirrors."

Xiao Xianglin nodded his head: "If this thing could determine the location of the Six Realms mirrors, it could immediately teleport us, and right now, he is constantly teleporting through the trees, precisely because he is unable to directly sense the Six Realms mirrors, and can only pass through the trees, but after sensing the trees it can only be transmitted to him, and once he has rushed over, it will be slower."

"Right now, he's chasing us because he's waiting for us to make a mistake." He Fengyuan said: "To be able to evolve to such an extent, my strength must be very strong, I need to treat it with caution."

He Fengyuan said so much because he wanted Chen Xiang to know how powerful this thing was. If he wanted to capture it, he needed to make preparations.

"Looks like Legendary mantra really exist in this place. Otherwise, it would be impossible for them to nurture Incantation Soul Demon." He Fengyuan said.

"Maybe... Maybe this thing knew where the Legendary mantra was? Should we catch him?" Feng Ke'er was excited, she was also very curious about this thing.

"It's not easy to grab, you're already a very strong person!" Chen Xiang frowned and looked at Xiao Xianglin: "Master, you should have sensed the presence of this thing just now. What rank of strength do you think it should have?"

"Probably in the middle stages of the World Defying Stage Divine Rank ... It is close to the Late period of World Defying magic realm, and in short, is not the aura of the Late period of World Defying magic realm. Xiao Xianglin said.

"Is it easy to deal with?" Chen Xiang asked again.

Xiao Xianglin shook his head: "It's not easy to deal with, if not these two girls and I would have rushed up."

"Alright, let's lure this thing to my grandpa first." Qin Shuang said.

That was all they could do now.

Chen Xiang's Six Realms mirrors flew inside the tree spirit, the translucent Soul Demon incantation chasing after it was very patient. Even though she missed every attack, she did not give up.

"I wonder if your grandfather found any Legendary mantra." Chen Xiang looked ahead. Right now, he couldn't go out, so he naturally couldn't be sure of Luo Jiuyang's exact location.

"I don't think so. If I had, I would have come out long ago." Xiao Xianglin said: "Even though the Legendary mantra is here, it's definitely not easy to obtain. With such a powerful barrier here, you can see that this is to prevent anyone from obtaining the Legendary mantra."

"To prevent himself from obtaining the Legendary mantra?" Chen Xiang curled his lips: "It's hard to say if this Legendary mantra was naturally formed? It couldn't be taken away, couldn't be destroyed? And it's also very powerful, so it can't be obtained by others? "

"That's it." Xiao Xianglin said.

### [Chapter 3466](#)

After Chen Xiang's Six Realms mirrors flew for half a day, it suddenly crashed into something, causing the Six Realms mirrors to sway violently.

"We've collided with the barrier!" Xiao Xianglin immediately replied with certainty.

"The Soul Demon Incantation is coming!" He Fengyuan kept his eyes peeled on her.

Chen Xiang immediately controlled the trembling Six Realms mirrors to teleport, wanting to pass through the barrier in front, but to no avail. He could only try to avoid it in a hurry.

When the translucent Soul Demon incantation flew over, it also crashed into the barrier.

"This guy can't even go in, this barrier is really strong!" Chen Xiang exclaimed. He was already very close to the barrier previously, but he did not discover the presence of the barrier.

Chen Xiang continued to fly around the enchantment, and the Incantation Soul Demon continued to chase after him.

After half a day, Chen Xiang arrived at a large circle around the barrier. He was certain that the barrier was circular in shape, and the area it covered was not very large.

If it were not for the translucent runic Soul Demon chasing him from behind, Chen Xiang would definitely have broken through the barrier through the spatial array inside the Six Realms mirrors.

"I wonder what's inside!" Chen Xiang said, he continued to fly around the barrier, he wanted to think of a way to enter, but right now, he could only see if he could make the Soul Demon know the difficulty of the situation and retreat. How many beautiful novels]

"This won't do. If this goes on, we'll never be able to get rid of this thing." Xiao Xianglin said: "The barrier ahead should have been set up by someone, it's very likely to be Luo Jiuyang and the others. When they came in, they discovered that there were many Incantation Soul Demons here. For everyone's safety, they had set up a barrier! "

He Fengyuan nodded: "Inside the barrier, there might be Legendary mantra."

Chen Xiang paced around anxiously.

"Got it!" Chen Xiang asked Su Meiyao to give him a piece of Crystal emperor.

Su Meiyao had continuously used Fusion spells to refine this piece of Crystal emperor, and had already fused with many of the Crystal emperor, containing a vast amount of energy within.

When Chen Xiang took out this piece of Crystal emperor, she took a deep breath because she could feel just how terrifying this piece of Crystal emperor was.

"Master, how many sets of berserk elemental incantations do you engrave and the Increase spell of the ninth step into it ... As long as it's a Tao-creation Incantation with a strong offensive nature, you can go

in and out of it. " Chen Xiang passed it over to Xiao Xianglin: "Once it's done ', it will be used to attack the thing outside."

Xiao Xianglin took it and pinched this piece of Crystal emperor with great force. She could very clearly feel the terrifying energy contained within: "How many Crystal emperor did you fuse with?"

"Over a hundred!" Chen Xiang said.

Xiao Xianglin could see the Fusion spell above the Crystal emperor, so she could guess.

"I'll inscribe the Sound Wave Incantation and the Stage Nine Increase spell. The Sound Wave Incantation will carry a very light power of the Sound Wave Incantation and will have a wide range of attack." Xiao Xianglin said: "The speed of that Soul Demon rune outside is so fast, it can't possibly be thrown at him, and the Sound Wave Incantation is the best."

"Sure!" Chen Xiang said: "Master, I will use the Time Domain on you, and finish it faster."

"I will engrave all of the 'Wave' Incantation into it." Xiao Xianglin said.

Xiao Xianglin took the Crystal emperor and Chen Xiang into a private room, and began.

Chen Xiang only needed two hours to complete the second stage of the Time Domain.

"If this item is thrown out, it will definitely cause a very strong 'shock wave'. I wonder if the people inside the barrier will sense it." Xiao Xianglin said.

"I don't know them. Let's beat them back first." Chen Xiang was annoyed by the chase, otherwise he would not have brought out such a precious Crystal emperor.

Crystal emperor s were also relatively rare in this place, and Xiao Xianglin usually did not have many Crystal emperor s that she could use to try and engrave incantations, so she was extremely anticipating the strength of the Crystal emperor.

Chen Xiang threw it out from the Six Realms mirrors, at the same time asking the Six Realms mirrors to release an extremely strong protective shield.

The Six Realms mirrors suddenly stopped, and this time the transparent incantation from the Soul Demon did not miss, but the sonic boom from the Six Realms mirrors suddenly exploded, causing a very strong sound wave to shake.

After the explosion, the trees in the surrounding area were all destroyed. In an instant, the trees within 100 kilometers of the area were all destroyed.

Outside, Xiao Hengyong and the others had their ears hurt by the ear-piercing sound, they looked inside the enchantment from a high up in the sky, and saw the inside of the enchantment trembling crazily, and the big tree looked like it was being blown around by the wind.

The Six Realms mirrors was also sent flying. To Chen Xiang's surprise, the Incantation Soul Demon was able to hold onto the Six Realms mirrors tightly, and red blood came out of his mouth due to the impact. He was probably heavily injured.

"This is indeed the World Defying Stage Fierce Soul formed from the Tao-creation's Curse, and then this World Defying Stage Fierce Soul will be possessed by a tiger." Bai Youyou said: "Later on, I gradually gained intelligence!"

"Originally, the Tao-creation's incantation was a type of special incantation. To be able to easily integrate with all sorts of living creatures, this tiger should have already been able to assimilate into the trees, right? "

Chen Xiang nodded his head: "In that case, this Tao-creation Incantation is a Legendary mantra, it should have been evolved from a Fusion spell. The Tao-creation's incantation is really magical. "

### [Chapter 3467](#)

Bai Youyou caressed the tiger's head and continued, "What is even more mystical is that this fellow himself is a kind of strange Fusion spell. That's why he could teleport after fusing with another Space mantra. -. 79xs. "

"There is such a thing!" Chen Xiang was very excited, because he wanted to subdue this tiger.

"Does he have any other abilities?" Chen Xiang asked.

"No, he only has the ability to grasp these three Tao-creation's incantations." Bai Youyou shook his head: "However, his own strength is very strong, and this is mainly because he is able to fuse with various types of energies. There are Tao-creation Holy stone here, and after he finds them, he can directly fuse with them to obtain energy in an instant."

When Bai Youyou returned to the You Yao Mountain Villa, he saw that this tiger looked no different from an ordinary tiger. However, it had the ability to chant the three kinds of strange Tao-creation incantations.

The transparent incantation was probably from a Legendary mantra, and that kind of Fusion spell was also not the kind that Chen Xiang was familiar with.

The tiger woke up, growling in a low voice. At this moment, he was very weak.

"You, who allowed you to chase after me and not let me go. You must have suffered greatly!" Chen Xiang laughed.

The tiger looked furious and roared again.

"How about this, if you follow me and follow me, I can help you quickly recover from your injuries. I also have quite a few good things in the future." Chen Xiang said as he rubbed the tiger's head.

The tiger was very intelligent, it turned its head to let Chen Xiang touch it, then laid on the ground with its eyes closed, ignoring Chen Xiang.

"If you don't agree, I can only roast you to eat." Chen Xiang sighed.

The tiger was heavily injured, and now that it was sealed, if Chen Xiang wanted to roast him, he had no way to escape. He immediately opened his eyes, and fear could be seen from his eyes. txt Complete Download

"Follow me and I'll guarantee you a good meal." Chen Xiang laughed when he saw the tiger.

Since the tiger did not agree, Chen Xiang could only take out a Blood shark fitness Dan incantation and feed it to the tiger.

After eating it, the tiger seemed to realize the effects of the pill. Although there was only one pill, it would be good if he ate it often. At least he did not need to look for food to maintain his consumption.

If he did not continue to deplete his energy, not only would he regress in strength, but he himself would also perish.

In the end, the tiger agreed to sign a Master-servant Contract with Chen Xiang.

"Ah Hu! Can you still fuse with other beasts?" Chen Xiang asked.

Ah Hu nodded.

Chen Xiang's eyes lit up, and brought Ah Hu to the stone room of the two Dragon horse.

"Fuse them!" Chen Xiang said, the use of Dragon horse was too dazzling, he did not dare to use them carelessly.

The stripes on Ah Hu's body suddenly lit up, transforming into incantations, he pounced on them, and then drilled into the gigantic Dragon horse's body.

After entering, the Dragon horse's body emitted a faint white light.

The originally pitch black Dragon horse was slowly transforming into a tiger!

Very quickly, the Dragon horse disappeared and turned into a tiger!

Ah Hu's body was a bit bigger than before. After fusing with another Dragon horse, his body had grown bigger to the size of a horse.

Chen Xiang thought about how he still had a large number of Blood devil shark that he could fuse with Ah Hu. Then, wouldn't Ah Hu become very strong? After he asked Su Meiyao and Bai Youyou, they were both opposed to it.

"Your cultivation is too low now, go and don't do it. If this tiger is very strong, maybe he can find a way to get rid of the Master-servant Contract, and then what happens if I fuse with you?" Bai Youyou said very seriously.

Chen Xiang thought that if he was assimilated by this tiger, he would disappear, and this made him tremble with fear.

Right now, Ah Hu's strength was already impressive, although he had not recovered from his injuries, he was already at the early stage of the World Defying Stage Divine Rank.

Chen Xiang and Ah Hu could communicate spiritually and spiritually. From Ah Hu, he found out that the Legendary mantra was in that barrier.

What wasn't there before that barrier was only there when a group of people came in later. There were a few boulders that looked like small mountains and the surface of the boulders were flat and had nothing on them, but they were Legendary mantra Stones.

There were a total of seven of them, there were originally a lot of them, but after absorbing the energy, they later turned into the Incantation Soul Demon.

Chen Xiang let Ah Hu continue resting. When he came to the room, Xiao Xianglin and the others were already there.

"How is it?" Xiao Xianglin asked.

"I've subdued that tiger." Chen Xiang laughed: "This guy is very strange ...."

Chen Xiang told Xiao Xianglin everything that happened to him, and after Xiao Xianglin finished listening, he anxiously asked: "Then can he bring out the incantations? I want to learn! "

"This shouldn't be a problem, we can talk about it after he recovers, we can let him condense it when he comes out." Chen Xiang said.

"Now we need to enter the barrier! "Activate the spatial formation again." Xiao Xianglin said, "When I was going out just now, I felt this barrier. It was about the same as the barrier outside."

"No need, you go out with me to take a look. If you can see someone, they will bring us in." Chen Xiang felt that if such a huge explosion had occurred before, the people inside would definitely have been alerted.

Xiao Xianglin nodded in agreement, then walked out of the Six Realms mirrors with Chen Xiang. For safety's sake, she asked Xiang'er and Yu'er to follow along as well.

Once they were outside, Xiao Xianglin said in a low voice, "There is someone here who has an aura that has appeared.

Chen Xiang and Xiao Xianglin walked around the enchantment for a while, but suddenly saw that there was someone in front, they immediately became cautious, and the person in front was the same.

"Brother Shen, Xiao Xianglin!" A surprised voice sounded from the front.

"Ding 'Jade Sea!" Chen Xiang also did not expect to meet a disciple from the Tao-creation.

Ding Yu Hai was a Palace Main Disciples of the Tao-creation. His strength should be on par with Xiao Xianglin, but he was able to follow their Leader and stand at the very front.

Ding Yu Hai and a few elders that were with him, those elders were all Palace Main Disciples of the older generation, so they were relieved when they heard that Xiao Xianglin was one of their own.

"Why are you here?" Ding Yu Hai asked in surprise.

"Sigh, we were wandering around in the huge enchantment outside. For some reason, we were attracted by a force, so we didn't wait for the full moon to come in. Only the few of us." Xiao Xianglin sighed, "We accidentally stumbled upon this place and we encountered two extremely strong objects

that were fighting, causing both sides to suffer. After that, we came over to see if there was any 'hole' or something like that."

Because there were all kinds of magical things here, Ding Yu Hai and the others easily accepted it.

"Then let's hurry in. It really isn't safe outside." Ding Yu Hai said anxiously, then brought Chen Xiang and the rest into the enchantment.

### [Chapter 3468](#)

Ding Yuhai and a few elders brought Chen Xiang and the others into the enchantment. Only the elders could use a few array discs at the same time to open a door, showing how tight the enchantment was.

Xiao Xianglin and the others were from Dragon-Elephant School, so he brought them to where Leader was. ㄨ,

"Ding Yuhai, what's the situation inside?" Xiao Xianglin asked: "Did anyone obtain that Legendary mantra?"

Xiao Xianglin's talent in learning Tao-creation's incantations was something many people knew, and Ding Yuhai was naturally aware of it as well. He really hoped to obtain the precious Tao-creation's incantations, he suspected that Xiao Xianglin had sneaked out of there on his own.

"No one's got it yet." Ding Yuhai shook his head: "I am not too sure about the specifics either!"

"Didn't Luo Jiuyang and Clan Elder Gu Tong come in very early? Didn't they get it?" Chen Xiang asked curiously, "The area you are in right now isn't very big. We should have already found it in the past few days."

"Brother Shen, you don't know." Ding Yuhai sighed: "Even though we came early, the Legendary mantras are not easy to obtain ... There are many giant rocks here, and there are Legendary mantras inside these giant rocks. However, whether or not we can obtain them from the giant rocks, will depend on our own abilities. "

Bai Youyou had heard about this matter from Ah Hu's memories. There were still seven giant rocks inside, and these rocks contained Legendary mantras.

"How fast are these stones?" Xiao Xianglin asked.

"Seven pieces... It was initially occupied by the three sects, but then a dispute broke out and they felt that it was unfair, so they moved the seven huge rocks to the center. Everyone could surround the huge rocks and rely on their own abilities to take away the Tao-creation's incantations. Ding Yuhai said: "Anyways, I've already tried it out, and I feel like there's nothing inside those huge rocks."

Xiao Xianglin looked at Chen Xiang, she knew that Chen Xiang had many clever ideas.

Chen Xiang only frowned. He had not seen those huge rocks yet, so he naturally did not know how to obtain the Tao-creation's incantation.

"Then is Luo Jiuyang also near those huge rocks?" Chen Xiang wanted to quickly find the Super Yang Old Ancestor so that Qin Shuang could meet his grandfather.

"Originally ... But two days ago, he suddenly disappeared. " Ding Yuhai's words caused both Xiao Xianglin and Xiao Xianglin to be shocked.

"He suddenly disappeared?" Xiao Xianglin asked: "Where did you go?"

At this time, Chen Xiang and Xiao Xianglin had already seen a few small hills in the distance, they were huge rocks that contained Legendary mantras, seven big rocks were placed together, many people surrounded the huge rock, sat cross-legged and used their consciousness to enter the big rock, trying to obtain Legendary mantras.

"Clan Elder Gu Tong said that Luo Jiuyang suddenly went into the boulder. He's about to obtain the Legendary mantra." Ding Yuhai laughed bitterly: "This is just Elder Gu Tong's guess."

Chen Xiang and the others had already arrived beside the boulder, and were quietly exploring its secrets. Chen Xiang looked over, and saw Gu Tong.

Gu Tong looked like a thirteen-fourteen year old teenager, who was very recognizable. He had a young, tender and handsome white face, and was an extremely delicate and pretty boy. On the surface, he looked like a youth, but he was indeed an old fellow who had lived for an unknown amount of time.

"Xiao Shuangshuang, does Gu Tong know you?" Chen Xiang asked.

"I don't know him." Qin Shuang was still in You Yao Mountain Villa, but Luo Jiuyang was not there, and she did not plan to come out either. She was a little excited, because her grandfather was right here.

Chen Xiang looked at the stones, and said in a low voice: "Up until now, only Luo Jiuyang has entered the stones?"

Ding Yuhai nodded.

Chen Xiang, Xiao Xianglin and the two female slaves were already sitting cross-legged. They planned to give it a try, but just as they were about to do so, a rock suddenly shook, releasing a weak red light.

"Old Camel!" Gu Tong was surprised, and anxiously shouted: "How is it?"

Chen Xiang already saw Luo Jiuyang, it was a white haired old man with a long beard. He laughed and stroked his beard: "Success, I've obtained the Legendary mantra!"

Luo Jiuyang looked kind and benevolent, but when she approached him, she could feel the pressure and pressure from that incomparable power.

"You old fellow, to think that you were the first to successfully obtain the Legendary mantra." Gu Tong was extremely jealous and curled his lips: "Quickly tell me, what kind of Legendary mantra is that?"

The Leaders of the ten sects and the big shots of several forces all came over, they were also very curious.

"I still don't know the specific function of this kind of Legendary mantra. I'll need a period of time to master it." Luo Jiuyang laughed: "There are a total of eighteen Legendary mantras, how can they be so easy to master?"

There were actually eighteen strokes! Chen Xiang and Xiao Xianglin were both shocked, nine strokes of the Tao-creation's Incantation was extremely difficult for Chen Xiang to control, let alone 18.

A huge boulder suddenly crumbled into pieces. This was also the boulder that Luo Jiuyang obtained from the Legendary mantra.

Luo Jiuyang continued to sit cross-legged. When everyone saw this, they all felt unhappy, because Luo Jiuyang had already obtained a type of Legendary mantra and he still wanted to continue obtaining it.

"Old Camel, you're not being nice like this!" The Cang Soul Sect said.

"Why not?" Luo Jiuyang asked.

"You have already obtained a Tao-creation Incantation." The voices of the Mortal Life Sect Leaders carried a hint of bitterness.

After Gu Tong heard their words, he snorted and said: "Without Old Camel, what do you know of the Legendary mantra here? If I tell you about this and bring you here, wouldn't this be considered being kind?"

Luo Jiuyang smiled slightly: "If you want to obtain Legendary mantra, then you need a certain amount of luck. I brought you here, it's equivalent to sharing a great opportunity with you, is that not enough?"

Luo Jiuyang and Gu Tong's strength were extremely terrifying, and Dragon-Elephant School and Tao-creation School shared a common enemy. They were not the same, but if they were to fight, the other sects would only watch with folded arms.

"Did these young people just arrive? Why haven't I seen them before?" Luo Jiuyang noticed Chen Xiang and Xiao Xianglin. His memory was very good, and he had a good impression of how many people were inside the barrier.

"Senior Luo, yes! They accidentally passed through the barrier, and then, they arrived here." Ding Yuhai replied: "They are disciples of the Dragon-Elephant School."

"That girl is indeed from our Dragon-Elephant School." Dragon-Elephant School frowned, "Xiang Luan, your parents treat you as a treasure. They already ordered for you to not be allowed to come, and sent people to guard outside the mountain range to block you! You actually managed to get here, what exactly is going on?"

Gu Tong said: "Aside from the full moon, it's not easy to pass through the barrier at any other time. I don't believe that some kind of coincidence would allow you to pass through the barrier!"

### [Chapter 3469](#)

Just as she was panicking, she looked at Chen Xiang. Chen Xiang was unexpectedly calm, as if there was nothing wrong with him.

"Actually, we didn't come in by accident. We were moved in by something." Chen Xiang opened his mouth and said, "Master's parents did not permit her to come, but we were curious. We planned to go closer to the barrier to take a look, but didn't expect to see something transparent beside it."

and Luo Jiuyang looked at each other. They knew what it was and they had met it before.

"I wonder if that thing was trying to eat us. It seemed to have used a strong power of space to teleport us in." Chen Xiang said.

"That thing's speed is very fast, and it also knows the power of space. How did you come here? The edge of the barrier is very far from here." Gu Tong asked: "Also, there was a huge explosion outside previously, I wonder if it has anything to do with you guys?"

"We flew here." Xiao Xianglin said: "Our flying speed is not slow and we are hiding our auras. That thing cannot sense us and we can only use trees to continuously teleport ... It's a very strange method of teleportation."

"We were chased very closely. In the end, I used the Crystal emperor's that were engraved with the Sound Wave Incantation and the Increase spell to scare that thing away."

Gu Tong nodded his head: "No wonder your voice is so loud, it turns out to be a sonic wave incantation. You seem young, your grasp over the Tao-creation's incantations is not bad! And you have a disciple. Your disciple's strength is quite average."

, as the new disciple of the Dragon-Elephant School, had even taken Xiao Xianglin as his master and possessed the Dragon Soul. As the Leader of the Dragon-Elephant School, he was definitely aware of these things.

"Brother Gu, this brat has the Dragon Soul ..." When he was sparring with a disciple of the Mortal Life Sect, he shattered that disciple's Tao-creation Divine Sword with one slash. "The Leader of the Dragon-Elephant School laughed.

He already knew about this matter, he never expected that it would be the brat in front of him, who caused his Mortal Life Sect to lose a Tao-creation Divine Weapon!

"Also, Xiang Luan's talent is exceptional, her speed of learning Tao-creation's incantations is extremely fast. At such a young age, she has already mastered more than thirty of the Tao-creation's incantations." Dragon-Elephant School said again.

This surprised both Luo Jiuyang and Gu Tong. This was indeed a good seedling.

"Hmph, so what if my Inherent Skill is good? You all are not willing to give me Fusion spells of the third step and above, even Space mantras aren't willing to learn! We were originally of the same generation, but I was the last." Xiao Xianglin said as she scoffed, "The other Tao-creation incantations are all incantations that I learned in secret, and have nothing to do with Dragon-Elephant School."

Dragon-Elephant School laughed out loud. "Even Dragon-Elephant School's disciples have to compete to obtain the Fusion spell, your parents do not allow you to compete, so this has nothing to do with me!"

"I don't care, I just want to learn a Legendary mantra this time." Xiao Xianglin nearly choked on his words.

Chen Xiang's learning speed of the Tao-creation's incantation was extremely terrifying. Chen Xiang had already seen it before, he had also told Xiao Xianglin before to let her learn more of the Tao-creation's incantation.

Chen Xiang glanced at Luo Jiuyang, wanting to secretly send a sound transmission to Luo Jiuyang, but to no avail. Luo Jiuyang seemed to have already protected his own Divine Sense Sea, and did not casually receive other people's voice transmission.

However, Luo Jiuyang could feel that someone was sending a sound transmission to him, and he glanced at Chen Xiang as well.

Although Chen Xiang failed his sound transmission, he continued to persevere.

Luo Jiuyang didn't know why, but the young man in front of him wanted to send a sound transmission to him.

"Young man, what's the matter?" Luo Jiuyang asked Chen Xiang through sound transmission.

"Senior, I came from the Divine Wasteland, then went to there. After finding out about Senior's situation, I repaired myself in the Spirit of Divine Alter, met your granddaughter, and went back to the Ancient Fire Divine Sect ... After passing through the World Defying Stage Soul River and following the Transmission array left behind by senior, I have finally arrived at this place." Chen Xiang said a string of words.

Luo Jiuyang was completely shocked. He never thought that there would actually be someone from his homeland coming to find him. It had to be known that back then, he and Gu Tong had also come here after experiencing countless difficulties.

"Young man, did you encounter that transparent thing before? Can you tell me more about it? This thing is very powerful!" Luo Jiuyang said, he had already reached Chen Xiang's side and grabbed his shoulders.

"Of course you can!" Chen Xiang laughed, then followed Luo Jiuyang and left.

The others didn't think much of it, because they had heard that there was a mysterious, transparent creature outside who was very powerful. Only Gu Tong noticed something, but did not immediately ask.

Luo Jiuyang brought Chen Xiang into a forest and entered a big tree's cave. After setting up the array formation, Chen Xiang released Qin Shuang.

"Grandfather!" When Qin Shuang saw Luo Jiuyang, the stubborn her couldn't help but shed tears and threw herself into Luo Jiuyang's embrace.

"Little girl ..." Luo Jiuyang also didn't think that he would actually meet his own granddaughter.

"Grandpa, why haven't you come back after such a long time?" Qin Shuang complained in a low voice: "I have already been killed once, luckily I can be reborn."

"I'm sorry, but since grandfather came here, he doesn't want to go back." When Luo Jiuyang heard that his granddaughter had already died once, he also felt heartache. However, seeing that his granddaughter was still standing here, he felt more at ease.

Although there were a lot of things to say, Qin Shuang did not say them, as they were, after all, people who had continuously trained in order to obtain a strong power, and had experienced tens of thousands of years, so it was not easy to meet them.

Luo Jiuyang looked at Chen Xiang, he did not expect Chen Xiang to bring his granddaughter here, and Chen Xiang was only at the late stage of Aoshi Holy Stage, to have such abilities, causing him to instantly have a whole new level of respect for Chen Xiang.

"It looks like you're making up the story of how you entered the barrier." Luo Jiuyang laughed.

"Indeed, I can't tell such things to so many people, can I?" Chen Xiang spread his hands, feeling helpless.

"Grandfather, what kind of place is this Tao-creation Place?" Qin Shuang had always had doubts about this.

"It's the Tao-creation Place ... I'm not sure myself, I only heard about it, but there are all kinds of Tao-creation incantations! I don't know how these Tao-creation Incantations were born, but in short, these Tao-creation Incantations can gather energy and then create a world, creating a Myriad Tao. " Luo Jiuyang said, "In my early years, it was due to luck that I managed to grasp some of the Tao-creation's incantation, which was why I was able to create nine suns and refine a large amount of Myriad Tao Divine Soil and Myriad Tao Divine Soil Crystals."

"Then why is Grandmother afraid of this side?" Qin Shuang asked again.

"She was mainly worried about the World Defying Stage Soul River's endless amount of Madness soul ... Actually, World Defying Stage Soul River is a kind of Legendary mantra. It can release the power of Madness soul and nurture a World Defying Stage Fierce Soul. " Luo Jiuyang said: "Those thread-like World Defying Stage Soul River you saw above Myriad Tao were the Tao-creation's incantations."

#### [Chapter 3470](#)

Chen Xiang had indeed seen the World Defying Stage Soul River in the sky before, but he never thought that it was actually formed from the Tao-creation's Incantation. "Only one. This Tao-creation Incantation is too simple! " Chen Xiang said: "Didn't Senior just obtain eighteen Legendary mantra s?"

"The World Defying Stage Soul River you saw was just a small section of the Tao-creation's incantation lit up. The rest of the incantations that were not lit up were already hidden, so it looks like a line." Luo Jiuyang said, "A few World Defying Stage Soul River s were formed by a single Tao-creation Incantation, so this Tao-creation Incantation should be one of the nine Ancient Incantation."

"Ancient incantation?" Qin Shuang had already learnt the Tao-creation's Incantation, but it was the simplest first layer of the Ancient Incantation.

"Even the first Tao-creation Incantation was the scariest, transforming into various forms and blending into the Myriad Tao. Right now, only the first World Defying Stage Soul River Incantation can be seen, everything else is already gone." Luo Jiuyang sighed in great pity, "Right now, I can only learn from it by going to look for the Legendary mantra, to see if I can piece together the primordial runes, or by sensing the existence of the primordial runes through the Legendary mantra."

"Shuang'er, do you want to travel around this Tao-creation Place with me in the future?" Luo Jiuyang asked with a smile.

Qin Shuang had already made up her mind before this. She shook her head. The reason she came here to find Grandfather was only to make sure that her relative was still alive and was doing well.

Because there had been rumors saying that her grandfather had already died, she did not believe it, so she wanted to find her grandfather.

Qin Shuang shook her head. She decided to follow Chen Xiang because she felt that within the Tao-creation Place, only when she was with Chen Xiang could she steadily grow stronger. If she followed her grandfather, it would only be a burden to her grandfather. Moreover, she was very happy inside the You Yao Mountain Villa. With someone as her companion and Chen Xiang's Time Domain, she could earn a lot of time to cultivate.

Luo Jiuyang was not surprised at all, he nodded: "Just this point alone is enough for him to make me feel at ease."

Just as Luo Jiuyang and the rest were talking, Gu Tong's voice came out from outside: "Old Luo, something's happened. What are you guys doing inside?"

Luo Jiuyang immediately pulled away from the array, allowing him to enter from the outside. He saw Qin Shuang here.

"This is my grandson. This brat brought my grandson here from Divine Wasteland to find me." Luo Jiuyang was extremely happy as he laughed.

Gu Tong was Luo Jiuyang's good friend, so he naturally knew about Luo Jiuyang having a grandson. He was also very surprised, and looked at Chen Xiang with extreme shock. He knew how difficult it was to come to this place from the Divine Wasteland, and how many worlds he would have to experience to pass through.

"Uncle Gu, what's the matter?" Qin Shuang politely asked.

"Yes, yes, yes ... It's that. Your master. " Gu Tong looked at Chen Xiang, and anxiously said: "Your master went into a rock!"

"What?" Chen Xiang was also shocked, he was actually able to get onto a rock, which meant that Xiao Xianglin was about to learn a type of Legendary mantra.

"This little girl is really something." Even though Luo Jiuyang was surprised, he still laughed brightly: "I never thought that she would actually be able to learn one of the Legendary mantra."

Xiao Xianglin had previously breathlessly said that she wanted to learn a type of Legendary mantra, and now she had succeeded.

"Shuang'er, do you want to try?" Luo Jiuyang asked.

Qin Shuang shook her head. She knew Xiao Xianglin had the talent to learn the Tao-creation's Incantation, so she did not find it strange that Xiao Xianglin could obtain the Legendary mantra's acknowledgement so quickly. Furthermore, the speed at which she could learn the Tao-creation's Incantation was very slow.

As Qin Shuang entered the You Yao Mountain Villa, she did not want to reveal herself. Luo Jiuyang and Gu Tong did not say anything either. Qin Shuang's cultivation was weak, so it would be safer to hide.

Chen Xiang followed Luo Jiuyang and the others to the side of the gigantic rocks and saw Xiao Xianglin.

"You're out so soon? Did you get the Legendary mantra?" After Luo Jiuyang finished asking his questions, a huge boulder suddenly shattered. This was the rock that Xiao Xianglin had walked in earlier, and now that it was broken, it meant that Xiao Xianglin had taken the Legendary mantra inside.

Xiao Xianglin laughed: "I got it, I still don't know what kind of incantation it is!"

Chen Xiang looked at the Leader and the powerhouses, as well as the elders that they had brought with them. All of them were so jealous that their eyes were red like a rabbit's.

Although the Dragon and Elephant Leaders did not learn it, he was very pleased with himself because Xiao Xianglin was his, Dragon and Elephant Sect's.

After Xiao Xianglin sat down with his legs crossed, the of the Mortal Life Cavern shouted. "Wait, you've already obtained one, you can't continue any further!"

The Leaders of the Cang Soul Sect also hurriedly supported him, and at this time, the others and powerhouses of the various sects also nodded their heads. They had already experienced Xiao Xianglin's terrifying talent, and in just a few moments, a Legendary mantra had been taken away by Xiao Xianglin.

"Forget it, I've already gotten one! And amongst you all, there will definitely be a large half that will not be able to obtain the Legendary mantra." Xiao Xianglin was extremely pleased, but she was also very satisfied. After all, she was just a junior, and wasn't like Luo Jiuyang who brought everyone to search for Legendary mantras.

These old fellows were all secretly jealous of Xiao Xianglin's words. Out of their dozen or so sect Leaders and more than twenty powerful elders, only five of them managed to obtain the Legendary mantra in the end.

"Continue." Gu Tong said, he was anxious, if he did not get a Legendary mantra, he would be laughed at, at least he was a dignified great Master Refiner.

Xiao Xianglin watched from afar and finally, Chen Xiang could be considered to have officially started to feel these Legendary mantra Stones. There were only five huge boulders left and he hoped to be able to obtain one of them.

Chen Xiang suddenly opened his eyes, only to see a huge boulder releasing a strong attractive force, and immediately sucking Gu Tong in.

Another person had obtained the Tao-creation's incantation, and the opportunities were becoming fewer and fewer. All of the Leaders were extremely anxious.

It took Gu Tong a relatively long time to get in, so it only took three days. Now, everyone felt even more that Xiao Xianglin's talent was terrifying.

Gu Tong came out from within with a very satisfied smile on his face. Then, he distanced himself from the boulders and gave the opportunity to others.

There were only four pieces of the stone array left!

Not long after Gu Tong came out, Luo Jiuyang was sucked into another huge boulder, causing everyone to curse in their hearts. Luo Jiuyang actually obtained two Legendary mantras!

A day after Luo Jiuyang went in, the Tao-creation s also went in, followed by the Mortal Life Sect's Leader s!

A few days had passed, and those who had entered the stone had all come out, leaving only one stone behind!

Luo Jiuyang had obtained two Legendary mantra, Xiao Xianglin and the other four Leader s were from each of them, leaving behind only one gigantic boulder!

Luo Jiuyang also did not participate in the battle any longer. He and the others who had obtained the Legendary mantra watched from afar.
