[Chapter 3481](#)

Chen Xiang had also carefully checked the energy contained within these medicinal herbs, and found that it was indeed not difficult, but during the refining process, it was a little difficult to add nine Increase spell s.

"Master, what kind of Tao-creation Incantation are you learning right now?" Chen Xiang had already shown all the incantations for the ninth stage and the ninth stage inside the Six Realms mirrors to Xiao Xianglin. After Xiao Xianglin learnt it, he would teach him a lot faster.

"Fusion spell... "You bastard, why didn't you give it to me earlier." Mentioning this matter, Xiao Xianglin complained, Chen Xiang had mastered such a complete set of Tao-creation Incantation, yet he hid it for such a long time.

Of course, Xiao Xianglin was still very happy at the moment, because she knew very clearly that it would be extremely difficult to obtain such a complete set of Tao-creation Incantation. Take the Fusion spell, for example.

"Wait until I learn the Nine Calamity Fusion spell well, then maybe I'll be even more powerful than my parents. Let's see if they still dare to look down on me in the future." Xiao Xianglin laughed.

Chen Xiang began to refine the pill. This time, he used the Fusion spell, although it was only a stage four Fusion spell, it was much easier to fuse the two types of Medicine crystal.

"Can this Fusion spell only allow two things to fuse?" Chen Xiang asked Xiao Xianglin.

"I can also use three of them at the same time, but the third curse seal has to be higher! For example, there are three items. Two of them are Rank 1 Incantation while the third one is Rank 2. Xiao Xianglin said: "If you want to fuse with more, you will need to master a higher level Fusion spell."

"So that's how it is!" Chen Xiang used the derivation method and allowed the big Medicine crystal to form two small crystal balls. The small one was then engraved into the third stage of the Fusion spell and the big one was carved into the fourth stage of the Fusion spell.

Chen Xiang only added a little strength during the fusion, in order to make the fusion more thorough. This did not exhaust him too much energy.

Following that, Chen Xiang continued to use his derivation method, and each time, he would only produce two small crystals and fuse them together again. After doing this a few times, the effects of the Fusion spell had already weakened, and it was not as easy to fuse them together as it was in the beginning.

"I need a higher level Fusion spell." Chen Xiang said. After the Stage Four Fusion spell didn't have much effect, Chen Xiang stopped using the derivation method and started to condense the pellet.

When he was condensing the pellet, he carved the pellet into the pellet of a ninth stage Increase spell with great familiarity, causing the pellet's power to increase by multiple folds.

Chen Xiang had the Young girl Danling, so he would first feed it to the Young girl Danling. After the Young girl Danling evolves, it would condense into a Holy Elixir, so he wouldn't have to refine it himself.

After Jiang Lisi ate it, he predicted that he would only need thirty pills to evolve. Chen Xiang felt that it wouldn't be difficult at all, he could finish refining it in a day with the help of the second stage of Time Domain.

After a day, Chen Xiang successfully refined thirty pills, fed them to Jiang Lisi, and then played with them for another day. The three Young girl Danling all succeeded in evolving, and then they started to condense the Holy Elixir.

"I think Li Li and the other Young girl Danling should also learn the Tao-creation's Incantation." Xiao Xianglin said.

"What kind of incantations are they trying to learn?" Chen Xiang asked. With Xiao Xianglin's guidance, they should be able to learn very quickly.

"Time Curse!" Xiao Xianglin said: "The seventh stage of the Time Incantation!"

"There is actually a Time Curse here!" Chen Xiang didn't expect that because of the fact that the power of time was extremely mysterious, even though he had grasped the Time Domain very early on, he couldn't level up any further. The main reason was that the laws of time were too difficult to comprehend, and were even more difficult than space.

"Yes, if I'm not wrong, the seventh incantation is the Time Incantation." Xiao Xianglin said: "Previously, Gu Tong had displayed one, but I was still young at that time, so I can only vaguely remember it."

"Then what are the eighth and ninth incantations?" Chen Xiang asked.

"I don't know, only after studying." Xiao Xianglin said: "These Tao-creation Incantations are very rare, especially the eighth and ninth levels, I have never heard of them."

Xiao Xianglin already knew that these Tao-creation Incantations were all obtained from an Ancient Bronze Gong. What was used to refine the Destruction Bronze, Xiao Xianglin did not know much about the Destruction Bronze.

"Don't worry, I'll be able to learn it very soon." Xiao Xianglin laughed: "Your master is a genius at learning Tao-creation's incantation!"

Thinking that he could learn all of these Tao-creation's incantations, Xiao Xianglin felt a burst of excitement in her heart, making her feel that taking Chen Xiang as her disciple was earning her a lot.

In order to get more Holy Pellets, Chen Xiang and the three Young girl Danling entered the second layer of Time Domain, which would allow him to gain more time.

When there were still four days until the day of the competition with the divine child, Chen Xiang had successfully stepped into the peak of Aoshi Holy Stage.

And following that, the three Young girl Danling s had to help Su Meiyao and the others to break through, they were Chen Xiang's trump cards. When Chen Xiang was extremely helpless, he would have to rely on them, so she had to ensure that she was strong enough.

"Beauty Feng Yuan, you really helped me out this time. This is my little gift to you." Chen Xiang laughed and gave him a Holy Elixir, He Fengyuan.

He Fengyuan wanted to recover her strength now, so any pill was effective on her. After eating it, she was extremely shocked in her heart.

"You are indeed an alchemy genius." He Fengyuan had to admit that even her father would find it difficult to compare to Chen Xiang in refining such an ultra-high quality pill.

"In the future, we'll work together more. This will benefit both you and me." Chen Xiang said.

"Then you have to recover my strength as soon as possible." He Fengyuan said: "If I am strong enough, it will be of help to you. You must know that this Tao-creation Place is very big, and is not only limited to ten great sects and Dragon Controlling Palace s.

"I was afraid that you would take revenge on me. After all, I killed your son." Chen Xiang curled his lips: "And you even destroyed your great future! I have to guard against you! "

"The reason why I want to control the empire is to obtain a large amount of resources for my cultivation and to make me strong! Now that you have made me strong, I will naturally not hold grudges against you! " He Fengyuan said: "I never had a son, I stole that prince from you, my husband in Divine Lord knows about it very well."

"It's useless to say anything more. You and I want to work together, so you better sign a blood contract with me." Chen Xiang laughed: "As long as I die, you will die too!"

He Fengyuan frowned her eyebrows, she had all sorts of yearning towards the Tao-creation Place. Now that her cultivation had been crippled, if she wanted to quickly recover, she could only rely on Chen Xiang's large amount of pills. Even if it was her father, he was still far from being comparable to Chen Xiang.

"Alright!"

He Fengyuan agreed and then signed a blood contract with Chen Xiang. Her soul was closely intertwined with Chen Xiang's soul and as long as Chen Xiang died, her soul would also be destroyed.

[Chapter 3482](#)

When He Fengyuan first followed her, she always thought that Chen Xiang was courting death everywhere and she was always on tenterhooks, always thinking that no matter what Chen Xiang did, Chen Xiang just didn't care about his life. However, when she found out that Chen Xiang had a myriad of tricks up his sleeve and even specifically provoked various Rankers, she gradually got used to it.

Previously, Chen Xiang had killed a few powerful Leader with Xiao Xianglin inside the barrier. This ability was enough to reassure her.

"Hehe, this way, I can feel at ease!" Chen Xiang laughed, and then reached out his hand to touch He Fengyuan's jade face. He had to admit, He Fengyuan was rather pretty, her face was beautiful, cold, arrogant and evil.

"Hmph, don't do anything." He Fengyuan opened Chen Xiang's hands and shouted coldly: "Even Heavenly Proud Divine Lord wouldn't dare to touch me like this."

"The Heavenly Proud Divine Lord is really pitiful. He can't even touch such a beautiful Queen ..." I'll touch it for him. " Chen Xiang laughed sinisterly.

Just as he finished speaking, Xiao Xianglin came out from the You Yao Mountain Villa and grabbed his ears: "You better behave for me, and quickly go and do your proper work."

Xiao Xianglin could not bear to see Chen Xiang teasing her any longer, if it was He Fengyuan who was willing, then it would be fine, but He Fengyuan had rejected her, and she was weak as well, so she ran out.

"It's just a joke!" Chen Xiang curled his lips: "Alright, I'll go do my proper work."

When Chen Xiang came out of the Six Realms mirrors, the main thing he wanted to do was to investigate about the Cang Soul Sect. There was a Tao-creation Divine Crystal waiting for him inside.

"I can't find any useful information!" Chen Xiang wandered around the streets for the majority of the day and also used up a lot of Tao-creation's Divine Crystals. However, he found out about some things related to the origins of the Tao-creation's Divine Crystals and he thought that the Transmission array would unrestrainedly announce this matter.

"The main target is that Wandering Old Man. This guy definitely knows where the Tao-creation's Divine Crystals are located. Otherwise, if his Tao-creation's Divine Crystals were taken away, he wouldn't complain at all." Chen Xiang didn't know how he could find a specific Wandering Old Man, so he could only wait until later.

Two days had passed and Chen Xiang still could not get much information from him. However, he found out that the Divine Azure Soul Child had won another Crystal emperor.

"This little bastard, I must mercilessly expose his true colors." Chen Xiang scoffed in his heart. pretended to be a child, but he was already a World Defying Stage Divine Rank cultivator, so no one would notice if he wasn't able to release the World Defying Stage Divine Rank's unique Arrogant Morale during battle. Furthermore, he had also used the crystal ball to test himself, causing many to believe that it was real.

It was time for the arranged battle to begin, so Chen Xiang headed to the arena in the plaza very early. The people from Cang Soul Sect came early, but Liu Yifeng, the fake god child, did not come.

"This little thing, it's really arrogant!" Chen Xiang sat on stage and patiently waited.

"What's your name?" The old man asked, he was very happy to see Chen Xiang coming, he was even worried that Chen Xiang had ran away.

"Gao Fei." Chen Xiang randomly said a name and he had already used his transformation technique. Last time, Liu Yifeng did not recognize him. But if his real name was mentioned, then the disciples of the Cang Soul Sect would definitely know about him. After all, his master was Xiao Xianglin, he had obtained the Legendary mantra and the True Dragon Holy Soul, so he was still quite famous.

He sat on a large palanquin that was carried by dozens of people, like a little emperor sitting high above, his eyes closed, as if he did not put the people around him in his eyes.

"This guy really knows how to act." Seeing that arrogant little face, Chen Xiang had the urge to slap her.

Although he was only at the late stage of Aoshi Holy Stage, he was very confident in his own strength. He had already grasped the ninth stage Increase spell and the elemental incantation, and if he were to use the power of the dragon elephant, his power would not be weak.

"You can't use weapons... This is mainly for your own good, because the weapons that we, the Divine Ashen Soul Children, possess are extremely good, and those ordinary metals of yours definitely can't compare to it. " The old man laughed.

"Can I ask everyone to use their weapons together?" Chen Xiang asked, if he could use Six Realms mirrors, he would have more confidence in winning.

"I don't need it, but I'll allow you to use it. Even if you use it, you won't be able to win against me." Liu Yifeng opened his eyes and sneered with his young and tender voice. His small eyes were filled with snobbery, as if he could pinch Chen Xiang to death anytime.

"Is this true?" Chen Xiang was secretly happy, and asked: "Other than using weapons, can I use divine artifacts?"

"Sure! But you have lost, so all the divine tools will belong to me. " Liu Yifeng had already jumped down from the palanquin, and gently landed on the ground.

Chen Xiang knew that this Azure Soul Child must be a fellow who had lived for many years. Although he looked like a child, and very arrogant, when encountering unexpected situations, he would definitely react quickly. He definitely could not be complacent because he had taken advantage of her, and had to be cautious at all times.

"No matter what, he is still from the World Defying Stage Divine Rank. Even though he's only at the early stage, the power of arrogance in his body definitely surpasses the peak of the sage realm. I have to be careful not to underestimate him." Chen Xiang calculated in his heart.

News of the arranged battle had already spread like wildfire. Those who had nothing better to do all ran over to watch the commotion and fight. Everyone loved to watch, and it was a confrontation between two powerful experts.

Chen Xiang observed the stage. There was a powerful barrier around, which was used to prevent the aftermath of the battle from erupting, and was a very common existence. He was only worried that after he won, the people from the Cang Soul Sect would not hand over the Tao-creation Holy stone.

"Have you brought your Crystal emperor?" Liu Yifeng asked: "Show me!"

Chen Xiang took out the Crystal emperor and asked, "Where is your Tao-creation's Holy stone? Let me take a look as well! "

Liu Yifeng indicated for an old man to take out a small box. After the old man opened it, Chen Xiang asked Xiao Xianglin to take a look and see if it was real.

After confirming it was the real deal, Chen Xiang nodded his head.

"If you admit defeat, you can just throw the Crystal emperor out, or else I'll attack very ruthlessly! If you don't want to hand over the Crystal emperor, don't blame me if you get beaten to death. " Liu Yifeng's young and tender face was filled with gloominess. No matter how one looked at it, it did not look like the expression a naive child should have, but everyone felt that he was a divine child.

"I know!" Chen Xiang nodded his head, he did not say much, and retreated ten steps to maintain the distance between him and Liu Yifeng.

Xiao Xianglin was now focused on observing the outside world. She knew that Chen Xiang had a lot of battle experience, but she couldn't fight against the World Defying Stage Divine Rank.

"Don't worry, Master is here!" You will definitely win. " Xiao Xianglin encouraged Chen Xiang. She was happy that her disciple had won.

Chen Xiang was not worried, he was worried that the other party would act shamelessly after winning, because the Cang Soul Sect was not a good person either. The divine child in front of him was also lying to him, which was why he was so worried.

[Chapter 3483](#)

Liu Yifeng quickly saw that Chen Xiang had stepped into the peak of Aoshi Holy Stage, so he was not surprised, because this was his prediction before. He sneered in his heart, because he believed that no matter how strong the opponent was, the Aoshi Holy Stage would not be able to defeat the World Defying Stage Divine Rank.

"I never thought you would already be at the peak of Aoshi Holy Stage. You were previously at the early stage, you are pretty fast!" Liu Yifeng smiled playfully.

"I'll definitely beat you." Chen Xiang was extremely confident. He was currently moving his body to relax and make preparations before the battle.

"That's what everyone on stage said." Liu Yifeng laughed, "Seeing you work so hard, there should still be hope! Actually, you don't have to worry about it. It's not like there aren't any old fellows who have lost to me. It's just that you can't beat a child, so your reputation isn't that great. "

Chen Xiang scoffed, "You're so arrogant at such a young age, let big brother teach you a lesson, you ignorant little brat!"

Liu Yifeng did not think that Chen Xiang would actually say such words, which made him a little angry. He even planned to not end the battle so soon, because he wanted to toy with Chen Xiang.

"No matter how powerful you are, you are just a little brat. If you are so arrogant, you won't be able to grow up. Perhaps in the future, you will lose your life because of this kind of arrogance. " Chen Xiang continued to ridicule, he naturally knew that Liu Yifeng was not really a child, and he had seen the process of Liu Yifeng becoming a teenager before.

Liu Yifeng had never seen anyone who ridiculed him repeatedly, causing him to feel extremely furious. He shouted at an elder: "We are already prepared, we can begin!"

When the old man heard Chen Xiang's words from below the stage, he was infuriated by him and immediately shouted: "Three, two, one, begin!"

Chen Xiang did not use his Increase spell's power just now, because Liu Yifeng's current defense could be said to be extremely strong. Even if he used all of his skills, it would still be difficult to break through his opponent's defense.

The corner of Liu Yifeng's mouth moved as he sneered: "One punch, I only need one punch to defeat you!"

After he finished speaking, Liu Yifeng's small and tender body trembled. Chen Xiang only felt a boundless pressure come attacking and instantly enveloped his entire body. A strong pressure fell on his shoulders, making him feel as if he was carrying a huge mountain.

Chen Xiang's knees bent slightly, the pressure was simply too terrifying, even if he ate a large amount of the powerful flesh that the Blood shark fitness Dan cultivated, he would still not be able to withstand the pressure.

"One punch!" Seeing Chen Xiang being suppressed by the Arrogant Morale that he had released, Liu Yifeng was elated in his heart. With a cold shout, he rushed forward and jumped;

"It's Cang Soul Sect's Blue Soul Brilliant Sun Fist! Even if this brat doesn't die, he will be crippled! "

"This is too terrifying, the Ashen Soul Shining Solar Fist is not that easy to learn. Even someone at the peak of Aoshi Holy Stage would find it hard to master, yet this child actually mastered it!"

Everyone was shocked, they now understood why Liu Yifeng had the confidence to defeat Chen Xiang with one punch!

The moment the dazzling fist came smashing over, Chen Xiang thought about many things. He had initially planned to teleport to avoid it, but now that he was under a huge pressure, teleporting required him to open a spatial tunnel, so if this pressure collapsed the spatial tunnel, he would be heavily injured, so he decided to give up.

He once again thought of using the Six Realms mirrors to block, but he felt that the Six Realms mirrors was his trump card.

He also thought of turning his body into mist, but since the opponent was a World Defying Stage Divine Rank, that Arrogant Morale would definitely tear his soul apart.

"Black Turtle, appear!" Chen Xiang used the fastest time to activate the Black Tortoise Divine Beast's shell in the Divine Sense Sea. The Black Tortoise Divine Beast's thick black tortoise shell appeared, wrapping's body inside it.

BOOM!

Cang Soul Brilliant Sun Fist struck the tortoise shell, creating a shockwave that swept through the entire square as the stage shook.

"Stop..." "He blocked it!"

"This fellow didn't lose!"

"What's going on? He actually received the Mysterious Ancient Spirit Shining Solar Fist!"

"A turtle shell just now!"

"Correct. Could it be a protective divine armor?"

"No, that seems to be the power of a World Defying beast!"

World Defying beast, this immediately caused a huge uproar, and the people in the plaza were all boiling over. To cultivate a World Defying beast, this was a very extraordinary thing, and it was a very rare divine beast known as the Black Tortoise!

[Chapter 3484](#)

When Chen Xiang stepped into the peak of Aoshi Holy Stage, the Divine Sense Sea Six beasts had also evolved. Although it was only the peak of the Aoshi Holy Stage, its strength was still comparable to the World Defying Stage Divine Rank, and the Xuanwu Divine Beast focused on attacking and defending, using all of its power on its turtle shell as it blocked Liu Yifeng's terrifying punch.

Liu Yifeng's face was ugly to the extreme, at the same time, he was extremely envious and jealous. He never thought that the other party would actually have such a precious World Defying beast, it was something that many cultivators would dream of cultivating!

, who had been watching the entire battle, was also stunned. She knew that her disciple had an Azure Dragon and a Ground-suppressing immortal elephant, at that time, she was extremely shocked, but she did not expect that Chen Xiang actually had Black Tortoise Divine Beasts!

Amongst the World Defying beast, even if there were dragons, they were more common. This was mainly because Dragon-Elephant School and the Dragon Controlling Palace had them, but their dragons were not pure dragons! Dragon Controlling Palace was born by plundering others, and was born weaker. On the other hand, Dragon-Elephant School was created by training techniques and World Defying Stage Fierce Soul, and not by nature. Moreover, it was not the legendary World Defying beast.

However, Chen Xiang's Azure Dragon and Black Tortoise were both World Defying beasts, and they could not be robbed. With this kind of World Defying beast, after borrowing its strength, even if they met an opponent a level stronger than them, they would still be invincible.

Liu Yifeng's expression became serious, he never thought that his opponent would have such strength.

"Humph, that's only the Black Tortoise. The Black Tortoise's attack isn't strong, but its defense is strong. Let's see how long you can last!" Liu Yifeng said with a sneer. He was still releasing a strong pressure on Chen Xiang, but after Chen Xiang fused with the power of the black tortoise, that pressure had no way of affecting Chen Xiang.

Liu Yifeng also did not dare to use an even stronger Arrogant Morale to suppress Chen Xiang, because if others knew that he was the World Defying Stage Divine Rank, he would definitely be exposed. If they knew that he was from a big harvest, he would not be able to deceive people, and those people that lost to him before would definitely scold him with all kinds of nasty words.

Chen Xiang was worried that the Black Tortoise's defensive power was insufficient, hence he revealed it. Only by doing so could he fully display the power of the Black Tortoise! And the White Tiger energy that

he was currently using was hidden within his arms. He didn't need to reveal it to release a very strong power.

Liu Yifeng looked at Chen Xiang's gloomy face, he did not know why, but he suddenly felt that Chen Xiang's killing intent was very strong, like a person who had killed millions of lives, the dense killing intent was accompanied by a violent pressure, which made Liu Yifeng feel extremely pressured.

"This guy doesn't dare to raise his Arrogant Morale any further, or else he'll be exposed." Xiao Xianglin laughed: "You can force out his powerful Arrogant Morale now!"

Chen Xiang's arms shook violently. After his sleeves shattered, strong, explosive muscles appeared, and dense Tao-creation incantations appeared on them. Using the power of his Arrogant Morale, he quickly engraved Increase spell s at the first to ninth stages respectively on his arms.

Below the stage, after some people who were familiar with the Tao-creation's incantation saw it, they immediately focused on the Tao-creation's incantation and exclaimed: "Increase spell, and it's at level one to nine, all nine of them appeared on his arm!"

"Is this kid crazy?" Is he not afraid that his two arms will break because they cannot withstand such a multiplier? "

"It's too scary. Even if I were to use my fifth stage full control, I would still feel my arms tearing. He actually managed to get all nine Increase spell up, and all nine of them are on his arms!"

"What is the background of this guy?" "This is too scary!"

"This is a battle between the peak of Aoshi Holy Stage, it's too intense!"

The battle on the stage had only lasted for a short while, yet it was so shocking that it caused people to be amazed.

"Smelly brat, grandpa has come to teach you a lesson." Chen Xiang sneered, and with steps that felt like stars falling to the ground, he rushed forward, and as he ran, his steps caused the ground to shake. The pressure Liu Yifeng released from using his Arrogant Morale, was also immediately dispersed by his running.

Liu Yifeng wanted to dodge, but when he rushed to the halfway point, he suddenly disappeared, and he had already teleported to in front of him, where he could only hear the furious roar of a tiger resounding in his ears, followed by a stinging pain on his cheek.

Crack!

The instant that Chen Xiang punched out, thunderous roars filled the air, the explosive shockwave from the Thunder Curse gathered together in a flash, merging with the power of the White Tiger and rushed straight towards Liu Yifeng's face. After going through the amplification of nine Increase spell s, his strength increased by several times, his arms became even thicker and more sinister.

After that, another punch followed. Chen Xiang's speed was already extremely fast, and everyone could only see him punching out once, but in that instant, Chen Xiang had already punched out more than 10 times.

with evil, and felt that they should have realized earlier, that this was not something an innocent child would have.

Liu Yifeng's position in the Cang Soul Sect was relatively high, if not he would not have teamed up with so many of his seniors and juniors to do such a thing, and the Cang Soul Sect did not care about it at all. The news of him being in the World Defying Stage Divine Rank did not spread, and it could be seen that he had obtained the tacit approval of the higher ups in the Cang Soul Sect.

"Catch!" The old man's face was filled with killing intent as he handed over a small box to Chen Xiang.

Chen Xiang caught it and opened it, allowing Xiao Xianglin to appraise it. He confirmed that this was a good quality Tao-creation Holy stone.

"You can release him now!" the old man shouted.

Chen Xiang fiercely stepped on Liu Yifeng's face, then looked at the surrounding disciples of the Cang Soul Sect, There were four of them who were all World Defying Stage Divine Rank s, and even though they were only at the early stage, they were not disciples that Chen Xiang could handle.

Of course, if Xiao Xianglin came out, there definitely wouldn't be a problem!

"Humph, I'm giving it to you!" Chen Xiang fiercely kicked Liu Yifeng who was like a dead dog, he flew far away, then teleported into the crowd. Using his transformation technique, he turned into a small worm and landed on an old man's body.

"Search the entire city!" This was Cang Soul Sect's territory, but they had suffered such a huge loss. Not only was the important disciple severely injured, they had even lost a Tao-creation Holy stone.

Cang Soul Sect's reputation had been tarnished even more, so everyone had already scattered. Along the way, they discussed about it, and many of them were filled with anger, cursing at Cang Soul Sect.

The most furious people were the ones who had previously fought with Liu Yifeng and lost to him. Now, they finally understood why Liu Yifeng could defeat them so quickly, and cause them to lose so completely.

"Cang Soul Sect, this bunch of bastards, had eaten a huge loss." Chen Xiang was still in the city, but he had changed his appearance and was preparing to infiltrate Cang Soul Sect.

"Take a rest first." Xiao Xianglin said: "You're serious, it's already time for that. You're still concealing your strength, you haven't even used the power of the dragon and elephant!"

"If I use it, they will know that I am from the Dragon-Elephant School, and that there will be a lot of trouble." Chen Xiang said: "Oh right, Master, you are serious too, last time you attacked too fast, killing off Dragon Controlling Palace Leader, you should have taken out his dragon to refine, maybe it can be used by me."

"I had the same idea, but I gave up in the end. Those dragons that have been with the Dragon Controlling Palace Leader for so many years are hard to tame, they might even self-destruct or something like that. Xiao Xianglin said.

Chen Xiang stayed in an inn near the Cang Soul Sect. The Cang Soul Sect was like a huge palace, with an extremely strong barrier covering it, it would be difficult to enter if he wished to.

Chen Xiang rested on the bed and asked: "Master, that Tao-creation Holy stone is of good quality, right?"

"Indeed, I intend to forge it!" Xiao Xianglin said: "I can defend myself by refining the type that explodes."

"I thought it would be used to refine Six Realms mirrors." Chen Xiang said.

"Six Realms mirrors, wait until you find the Tao-creation's Holy Crystal before refining it." Xiao Xianglin said: "Earlier, when you used Six Realms mirrors to block the Blue Soul Brilliant Sun Fist, the Six Realms mirrors did not experience any fluctuations either. It should be able to endure for a while."

"Even if we were to find the Tao-creation's Divine Crystal, we have to first find the Wandering Old Man and hand it over to him." Chen Xiang said: "After all, the Cang Soul Sect stole from others."

"I know that!" Xiao Xianglin said: "Don't be anxious, we'll definitely get something out of it."

The reason why he returned the Tao-creation Divine Crystal to the mysterious Wandering Old Man was also to ask the old man where the Tao-creation Divine Crystal was, so that they could find it themselves.

"Kid, just how many secrets are you hiding? There's actually another Xuanwu Divine Beast?" Xiao Xianglin scoffed.

"Master, you will know in the future." Chen Xiang laughed, "I have a lot of secrets!"

Xiao Xianglin curled his lips: "Can you give me the second stage of Time Domain? I want to learn Fusion spell! "

"Of course you can!" Using second stage Time Domain did not give Chen Xiang too much pressure, he needed to rest for a day. To Xiao Xianglin, just a single day was enough for her to have thirty months.

When Chen Xiang was resting, he closed his eyes and thought about the Legendary mantra. Such a complex Legendary mantra gave him a headache, he did not know when he would be able to learn it.

Xiao Xianglin was not anxious, because before she learned the Legendary mantra, she still had a large amount of Tao-creation's incantations to learn. A day had passed, and when Xiao Xianglin came out of the Time Domain, he said with a smile: "I have already learned the fifth Fusion spell, and have only four more to learn. I don't even need to compete with the sect to learn the Tao-creation's incantations, it's so good!"

"It's all thanks to your precious disciple ... In order to repay me, you have to properly guide my wives to learn the Tao-creation's Incantation. " Chen Xiang said.

"I know!" Xiao Xianglin laughed.

[Chapter 3485](#)

Liu Yifeng also thought that with the punch, Chen Xiang's body would be smashed into pieces, but who knew that his fist would suddenly hit a hard object, following that, a scorching and berserk energy surged from his fist!

Chen Xiang fiercely stepped on Liu Yifeng's face, then looked at the surrounding disciples of the Cang Soul Sect, There were four of them who were all World Defying Stage Divine Rank s, and even though they were only at the early stage, they were not disciples that Chen Xiang could handle.

"Indeed, I intend to forge it!" Xiao Xianglin said: "I can defend myself by refining the type that explodes."

"I thought it would be used to refine Six Realms mirrors." Chen Xiang said.

"Six Realms mirrors, wait until you find the Tao-creation's Holy Crystal before refining it." Xiao Xianglin said: "Earlier, when you used Six Realms mirrors to block the Blue Soul Brilliant Sun Fist, the Six Realms mirrors did not experience any fluctuations either. It should be able to endure for a while."

"Even if we were to find the Tao-creation's Divine Crystal, we have to first find the Wandering Old Man and hand it over to him." Chen Xiang said: "After all, the Cang Soul Sect stole from others."

"I know that!" Xiao Xianglin said: "Don't be anxious, we'll definitely get something out of it."

The reason why he returned the Tao-creation Divine Crystal to the mysterious Wandering Old Man was also to ask the old man where the Tao-creation Divine Crystal was, so that they could find it themselves.

"Kid, just how many secrets are you hiding? There's actually another Xuanwu Divine Beast?" Xiao Xianglin scoffed.

"Master, you will know in the future." Chen Xiang laughed, "I have a lot of secrets!"

Xiao Xianglin curled his lips: "Can you give me the second stage of Time Domain? I want to learn Fusion spell! "

"Of course you can!" Using second stage Time Domain did not give Chen Xiang too much pressure, he needed to rest for a day. To Xiao Xianglin, just a single day was enough for her to have thirty months.

When Chen Xiang was resting, he closed his eyes and thought about the Legendary mantra. Such a complex Legendary mantra gave him a headache, he did not know when he would be able to learn it.

Xiao Xianglin was not anxious, because before she learned the Legendary mantra, she still had a large amount of Tao-creation's incantations to learn. A day had passed, and when Xiao Xianglin came out of the Time Domain, he said with a smile: "I have already learned the fifth Fusion spell, and have only four more to learn. I don't even need to compete with the sect to learn the Tao-creation's incantations, it's so good!"

"It's all thanks to your precious disciple ... In order to repay me, you have to properly guide my wives to learn the Tao-creation's Incantation. " Chen Xiang said.

"I know!" Xiao Xianglin laughed.

[Chapter 3487](#)

Xiao Xianglin's divine sword had already pierced out, and when Cang Soul Sect saw that it was Xiao Xianglin, he was startled for a moment. Xiao Xianglin's divine sword had already pierced into his neck.

"Humph!" The Cang Soul Sect groaned as a powerful aura surged forth, sending Xiao Xianglin flying. Although his neck was stabbed, not a drop of blood flowed out.

The Cang Soul Sect didn't understand why Xiao Xianglin was able to enter the array disc, but he looked at the Tao-creation Sacred Crystal in alarm. When he reached out to grab it, the Tao-creation Sacred Crystal suddenly disappeared.

The invisible Chen Xiang had already unleashed the power of space and teleported away.

"Old bastard!" Chen Xiang cursed in his heart as he swung the invisible Six Realms mirrors towards Leader's head.

When he was slapping them, Chen Xiang had released a killing array which released a very strong power of thunder and lightning, causing a "boom" sound. Cang Soul Sect was already heavily injured earlier, and had become extremely weak, and he had expended quite a bit of energy when he was sent flying just now, so he did not have the time to block Chen Xiang's sudden attack.

After being struck ruthlessly by Chen Xiang's Six Realms mirrors, the Cang Soul Sect's head tilted and then lay on the ground. Xiao Xianglin immediately rushed forward and chopped off its head with his sword.

"Hurry up and destroy them!"

When Chen Xiang finished speaking, he felt a surge of power expanding. He was extremely shocked and anxiously pulled Xiao Xianglin, then gathered the Six beasts's power as well as the ability to absorb Long Xueyi and the others' power. He used all of his strength to push the spatial power up and teleported to the sky.

Before Xiao Xianglin could react, he was already in the air.

"Ah Hu!" Chen Xiang released Ah Hu and sat on Ah Hu's body. A violent wave of air and sound suddenly burst forth from below.

Ah Hu was already far away from this place with his fastest speed, but he still felt a scorching wave of air behind him.

"This guy actually self-detonated!" Chen Xiang turned around and looked at the flames behind him that shot into the sky. A big hole had appeared in the middle of the Cang Soul Sect, and those around there, even if they were World Defying Stage Divine Rank s, they would all be affected.

Xiao Xianglin also took a deep breath: "This guy is really vicious, he still wants to drag the disciples of the Cang Soul Sect down with him even before he dies."

"It's a good thing that the stone room has a barrier. Otherwise, the power would have been even stronger." Feng Ke'er said.

Chen Xiang and the others had already obtained the Tao-creation's Divine Crystal, but they did not know where the master of the crystal, the Wandering Old Man, was.

Xiao Xianglin returned to the inside of the You Yao Mountain Villa with lingering fear in his heart. Chen Xiang let Ah Hu return to the Six Realms mirrors, then he continued to stay in the city outside of the Cang Soul Sect.

Very quickly, there were rumors saying that the Cang Soul Sect had self-destructed because of an error in their cultivation and had already died. Dozens of disciples of the World Defying Stage Divine Rank were severely injured because of this, and the Leader had died as well.

The disciples of the Cang Soul Sect fell into a panic, because they were worried that the Cang Soul Sect would decline in secret and become a third-rate power.

Chen Xiang entered the Six Realms mirrors and looked at the Tao-creation Holy Crystal with Xiao Xianglin.

"The quality should be very good, right?" Chen Xiang asked.

"Un, very good!" Xiao Xianglin was more excited, because it wasn't easy for anyone to come into contact with the Tao-creation's Holy Crystal at such a short distance.

"How do we find the Wandering Old Man?" Chen Xiang sighed: "Maybe he is no longer here."

"How about we post a notice, saying that we have been searching for a Wandering Old Man that was robbed, saying that we have already found that precious stone for him?" Su Meiyao said.

Chen Xiang immediately did as he was told. He had a lot of Myriad Tao Divine Soil Crystals, and he would quickly find someone to help him finish this matter. He planned to first post a notice on the city outside of Cang Soul Sect, then wait for a period of time to read it.

Chen Xiang waited patiently in the tavern.

It was an old man, which made Chen Xiang excited, but he saw that the old man was only at the late stage of Aoshi Holy Stage, he did not look like he had a Tao-creation Holy Crystal at all, and Cang Soul Sect and the rest had spent a lot of effort to snatch it from him.

"What did you lose?" Chen Xiang asked with a smile.

"A stone, the Tao-creation's Holy stone was robbed by a few bandits." The old man was very angry and said, "Thank you, little brother, for helping me get it back."

"I'll count to three. If you're still standing in front of me, I'll definitely break your legs." Chen Xiang said with a serious face, and just as he finished speaking, the elder ran out of Chen Xiang's room and down the stairs.

"What a headache. He actually wanted to claim it." Chen Xiang cursed in a low voice: "Next time we meet with this kind of fellows, we must definitely teach them a good lesson."

Not long after the old man left, another old man came in, dressed in tattered clothes, and upon entering, he laughed out loud, immediately thanking Chen Xiang. He even knelt down and kowtowed a few times, saying how grateful he was to Chen Xiang for helping him to find the Tao-creation's Holy stone.

Without saying a word, Chen Xiang directly gave this old man a violent beating, and then threw him outside the door.

In just a single day, Chen Xiang had met seven old men who came to take their places. Other than the first one, the rest were all severely beaten up by him, and the people who came to take their places were also all poor people, they were all lazy eaters and definitely weren't strong. Chen Xiang easily beat them up to the point of crying for their parents, while kneeling down and begging for forgiveness.

Now that someone came to take the lead, Chen Xiang was not angry, because he could beat them up and vent his anger.

For several days in a row, there were always people thrown out of the door by Chen Xiang as they screamed miserably, and then they were crawled out of the inn ...

After knowing Chen Xiang's name, those old thugs who had nothing better to do did not dare to pretend to be Chen Xiang. In the next few days, Chen Xiang felt much more peaceful.

Just as he was about to go to another city and announce himself, someone knocked on his door.

"It's here again!" Chen Xiang walked over impatiently. After opening the door, he saw an old man wearing a white robe and a bamboo hat.

The old man had a long beard and eyebrows, all snow-white. He had a faint smile on his face, and he looked extremely kind. With this temperament, one could tell that he was no ordinary person.

"Come in!" Chen Xiang quickly made an inviting gesture, he was secretly excited in his heart, he felt that it was true, because the old man looked to be extraordinary.

The old man chuckled and walked in.

After Chen Xiang closed the door, the old man stroked his long beard and said with a smile: "You really took the Tao-creation's Holy Crystal from Cang Soul Sect?"

Hearing this, Chen Xiang immediately confirmed that this was indeed the Wandering Old Man, and it was indeed out of the ordinary.

"Senior, this is your Tao-creation's Holy Crystal right?" Chen Xiang took out the Tao-creation Divine Crystal. "This Tao-creation Divine Crystal has been placed on a formation plate, it should have been used before, it might have been absorbed before."

The old man took it over and nodded. "The quality has dropped a little."

[Chapter 3488](#)

Chen Xiang felt that this old man was not weak, but the Tao-creation Holy Crystal had been stolen from him, making him unable to understand what was going on.

"Why don't you want this Tao-creation Holy Crystal?" Wandering Old Man was very curious and asked with a smile.

"I found out that it was them who stole it, so it should be returned to its original owner." Chen Xiang said honestly, although he had a goal, it was mainly to find out where the Tao-creation Holy Crystal came from.

However, this was not something that he would definitely know about, so most of the reason why Chen Xiang had done this, was for the sake of returning the object to its original owner.

"Then I'll give it to you." Wandering Old Man handed the Tao-creation's Divine Crystal to Chen Xiang.

"This... "It's too valuable." Chen Xiang said.

"Cang Soul Sect's self-destruct, is this matter related to you?" Wandering Old Man placed the Tao-creation Holy Crystal on the table. This piece of Tao-creation Holy Crystal seemed to be very important to him.

"He was injured, and I just happened to sneak in and sneak attack him." Chen Xiang said.

Wandering Old Man nodded his head: "His injuries were probably caused by First Tao-creation Ancestor."

"Senior, do you know anything about the First Tao-creation Ancestor?" Chen Xiang asked in shock, the barrier had First Tao-creation Ancestor sealed inside, and it was the sudden appearance of First Tao-creation Ancestor that caused the big heads of the major powers to be injured.

"That's why I came." The Wandering Old Man was also slightly baffled. "And how do you know about the matters concerning the First Tao-creation Ancestor?"

"I got the Legendary mantra inside the barrier." It was not a secret that he and Xiao Xianglin had obtained the Legendary mantra.

"I seem to have heard that two young people obtained Legendary mantras. They are a master and disciple, both very young. You should be that disciple, right?" Wandering Old Man laughed out loud. "I really didn't expect you to cause such a ruckus in Cang Soul Sect not long after obtaining the Legendary mantra. You're really not simple."

"When I was in the barrier, Dragon Controlling Palace Leader wanted to kill an elder of the Cang Soul Sect. In order to protect my life, I told him that the Cang Soul Sect had snatched a Wandering Old Man from me and obtained a piece of the Tao-creation's sacred crystal! I was very secretive at the time, so when I found out about it, I rushed over here." Chen Xiang said.

"Senior, can you tell me about the First Tao-creation Ancestor?" Chen Xiang said with a serious face: "Is this related to us stealing the Legendary mantra?"

"It's alright... It was only because you snatched away the Legendary mantra that the seal weakened." The Wandering Old Man said: "That seal is made from the combination of many Legendary mantras. When the Legendary mantra appears, it can absorb and evolve, and then break out of the seal. Over time, the seal will weaken."

Chen Xiang, the Ah Hu that Chen Xiang met, was exactly like this!

Those Legendary mantras were actually a seal! The one who used so many Legendary mantras to seal was the First Tao-creation Ancestor!

"Why did you seal the First Tao-creation Ancestor?" Chen Xiang was puzzled.

"There are many First Tao-creation Ancestors, and the one in the big enchantment is the one who created the evil way. You should know why you want to seal him now, right?" Wandering Old Man's face became solemn: "Now that he has come out, things are not looking good."

It was actually the founder of the evil way, and all the evil in the world came from this ancestor. Just thinking about it made him feel terrified.

"What do we do now?" Chen Xiang was a little worried: "This is the Tao-creation Place, if it is destroyed, how big of an impact will it be?"

"If the Tao-creation Place is destroyed, then it's ruined. The thing to be worried about is that this evil ancestor has spread his evil way!" The Wandering Old Man said, "Because this is the Tao-creation Place, the source of the Myriad Tao, from here on out, the evil energy will unceasingly flow into the various worlds, if you can't control it, the evil thoughts in your heart will skyrocket, and at that time, you will all be enslaved by him."

"Is there any way to stop him?" Chen Xiang felt that it was extremely terrifying, because this kind of evil effect could not just cut off space, but also made the inside of the Myriad Tao contain Evil Force. It was just that it was being suppressed, and once it was being controlled by the Evil Ancestor, the Evil Force would suddenly explode, and it would lose its nature.

"I don't know either. I just came to investigate the situation and investigate it thoroughly, then I would go back to report. This sort of thing isn't something that you and I can stop." The Wandering Old Man sighed.

The Tao-creation Place was very big, and the area that Chen Xiang resided in was only the tip of the iceberg. The top ten sects were the strongest here, but in other regions, there were stronger and more mysterious existences.

"It's all our fault, let this guy out." Chen Xiang said.

"It's not your fault. This guy will come out sooner or later. It's just that it'll be a bit later. If we let him out now, we can only deal with him earlier." The Wandering Old Man said.

"Senior, where are you from? It sounds amazing to know so much." Chen Xiang asked curiously.

"Tao-creation Mountain!" The Wandering Old Man laughed: "The Tao-creation Mountain is very big, and there are a total of seven of them. One of the huge mountains covered an area of five thousand kilometers, and I come from one of them."

"How amazing!" Chen Xiang was shocked just thinking about it.

"Your potential is not bad. You must train hard." Wandering Old Man patted Chen Xiang's shoulder.

"Senior, where did you get your Tao-creation's Holy Crystal? I want more." Chen Xiang asked somewhat embarrassedly, because this was one of his motives for returning the Tao-creation's sacred crystal.

"It's not easy to find one even on our side! On our side, there is a place called the Tao-creation Ancient Place. There are a lot of Tao-creation's Holy stone and Holy Crystals there, but they are hidden very deeply so that we can't find them." Wandering Old Man said: "With your current cultivation level, some of it is not enough. You might die inside."

"Tao-creation Place is so big, this is the first time I'm learning about this." Chen Xiang lamented.

After all, you are still a Tao-creation Place." Wandering Old Man chuckled: "Alright, I'm going back. I originally planned to teach that Cang Soul Sect a lesson, but I didn't expect that he would already be dead. I came to visit you on the way."

"I will give the Tao-creation Divine Crystal to you as a gift. We will meet again in the future." Wandering Old Man took out an array disc, and said goodbye to Chen Xiang with a smile. After he activated the array disc, a strong wave of Time and space power surged out, and Wandering Old Man disappeared.

Chen Xiang exclaimed: "It's actually the Time and space power!"

Xiao Xianglin came out from the Six Realms mirrors and said, "The Time and space power... They must be using the Time Incantation and the Space mantra to the maximum."

Chen Xiang nodded his head, and agreed.

"Master, do you have time to cast the Tao-creation Incantation?" Chen Xiang asked: "Could the Time Curse be the Legendary mantra?"

"I don't think so. I suspect that the seventh or eighth level is just the Time Curse. I haven't learned it yet, and it's not easy to learn it either." Xiao Xianglin said.

"Are we going back to the Dragon-Elephant School now?" Chen Xiang said.

"I don't want to go back." When Xiao Xianglin heard about the Dragon-Elephant School, his expression immediately changed. "I feel that there's no use in going back, you have so many Tao-creation Incantations."

[Chapter 3489](#)

When Xiao Xianglin returned to the Dragon-Elephant School, he was being disciplined, and this time they had sneaked out, when they returned, they would definitely be strictly watched! Of course, Chen Xiang had the dimensional array inside the Six Realms mirrors, it would not be easy to trap him.

"We really don't need to go back now. Master, you can pass on the Dragon and Elephant Divine Arts to me, and now there's the Tao-creation's Incantation." Chen Xiang replied, "At most, I'll be able to find a safe place to cultivate in when I go back."

"Forget it, let's head back. I need to see my parents." Xiao Xianglin said: "No matter what, I have to greet them before I leave."

Xiao Xianglin felt that being together with Chen Xiang was extremely comfortable, especially for Chen Xiang, who always had a strange method up his sleeves. It was very magical, coupled with her strong power, she felt that there shouldn't be any problems with the two of them going out adventuring.

Chen Xiang had already controlled her Six Realms mirrors to fly back to the Dragon-Elephant School. Although Xiao Xianglin's parents were strict in their control, that was for her own good.

After a few days, Chen Xiang and Xiao Xianglin finally arrived at the main entrance of the Dragon-Elephant School.

"What happened to the door?" Xiao Xianglin saw that huge black iron door that was caved in a few times, and immediately asked the guard who guarded the door.

"Senior-apprentice Sister Xiao, someone attacked the door before, and they even fought." The guard said.

"Who will attack the door? This guy must be very strong. " Xiao Xianglin said. He thought about it, but he could not think of anyone who would have the guts to come here and cause trouble.

Chen Xiang looked around, but there were no traces of a fight.

"They fought in the sky ... I don't know what happened, but the fact that the Leader was heavily injured was leaked, causing some scheming fellows to come over and try to take our Dragon-Elephant School

down. Fortunately, the elders of our Dragon-Elephant School were strong enough to push them back. " The guard said.

"Have my parents returned yet?" Xiao Xianglin asked.

"I'm back ..." But, for some reason, they suddenly went out. " The guard said.

"Alright, I understand."

Xiao Xianglin walked and frowned as he brought Chen Xiang to quickly enter the Dragon-Elephant School, and then headed towards her parents' house. After entering the house, an old lady walked over in panic, feeling extremely nervous.

"Aunt Cai, what's wrong?" Xiao Xianglin immediately asked, who were Aunt Cai's parents? She was a loyal servant, Xiao Xianglin was someone who had watched her grow up.

"Miss, you two ... You have to get out of here. " Aunt Cai said in a low voice, saying urgently, "Your parents just went out to look for you."

"Why should we leave this place as soon as possible?" Xiao Xianglin was puzzled.

"It's a long story. Hurry up and leave, hurry up." As Aunt Cai spoke, she pushed Xiao Xianglin and Chen Xiang out of the door.

Chen Xiang and Xiao Xianglin realized that something serious had happened, and they did not have time to ask anymore. They quickly exited the room, wanting to leave the Dragon-Elephant School as soon as possible, even though they did not know what had happened yet.

As they flew over, they each had an array disc in their hands. After they landed, they threw over the array disc, and multiple array discs formed a strong seal that covered Chen Xiang and Xiao Xianglin in an instant.

"What are you guys doing?" Seeing that, Xiao Xianglin's heart was enraged, and he shouted. She and Chen Xiang were Leaders who had saved Dragon-Elephant School, but these elders wanted to capture them.

"Xiang Luan, you don't have to worry. We caught Chen Xiang, he has the Killing evil dragon." An elder said.

"This is what the Dragon Controlling Palace told us. They had already sensed that the Killing evil dragon was in the fifth floor, and they sent two of their Dragon Controlling Gods to kill it. Then, Chen Xiang came to the Tao-creation Place ... He was always well-hidden before, but in the end he still exposed himself and was detected by the Dragon Controlling Palace. "

"The only one who came from the fifth floor of the World Defying Stage Soul River is him, and he is born with the Dragon Soul. So we are sure that he has the Killing evil dragon."

Chen Xiang recalled that when he came to Dragon-Elephant School, he had never released any Killing evil dragon, at most, he only released the Azure Dragon. However, the Azure Dragon was not a Killing evil dragon, so the aura was completely different.

Chen Xiang did not care about the Killing evil dragon, she was her disciple and she was very talented, which made her very satisfied. She knew that Chen Xiang was a secretive person, but she had been in contact with him for the past few days, so she was very clear about Chen Xiang's character.

"He's my disciple, I don't care." Xiao Xianglin said in a cold voice, "You all definitely cannot touch him ... I want to see Leader. "

"Leader is already injured, he did not know about this." An elder said with a gloomy face: "This was approved by the elder of the Dragon-Elephant School."

"The reason why the Leader came back was because Chen Xiang and I saved him. Otherwise, he would have died a long time ago. We must see him." Xiao Xianglin finally understood why Aunt Cai told them to leave quickly.

"Leader cannot make this decision, because it is the Dragon-Elephant School's Elders who are in contact with the Dragon Controlling Palace's Elders, we, the younger generation, are only following orders." An elder said, "If you don't leave the barrier soon, we'll capture you as well."

"Master, you leave the barrier first! Xiang'er and Liu'er are both inside You Yao Mountain Villa, I can use their power to activate the spatial formation. You go out first and clear things up. " Chen Xiang sent a sound transmission to Xiao Xianglin and even secretly gave the Tao-creation's Holy Crystal to him.

"Don't worry, I will definitely protect you, whoever dares to touch you, I, Xiao Xianglin, will never stop until I die." Xiao Xianglin whispered to Chen Xiang.

Xiao Xianglin could only do this now. She would walk out of the barrier and wait for her parents to come back before thinking of a solution.

Soon after, Chen Xiang was sealed by the elders and taken away in a tower.

After Chen Xiang entered the tower, he carefully looked at it. He never thought that this tower would be so extraordinary.

"Where did this elder come from? To think that there's such a thing." Chen Xiang's heart went cold, it was not easy to leave right now, let alone the power of Xiang'er and Yu'er, even if Xiao Xianglin was here, it would still be difficult to pass through the Time and space power's array.

Chen Xiang did not know how long he stayed in the tower, when he suddenly heard a few aged voices speaking to him in a daze.

"This brat has obtained a Legendary mantra, and he also has a Killing evil dragon ... So, the Legendary mantra must not be controlled by him. "

"Yes, we must work together to extract his Legendary mantra."

"He probably hasn't grasped it yet, and he just got it not too long ago. It should be easier for him to retrieve it from his memories and extract it."

"Just do as you said ..." Hand over the Legendary mantra's memories to me for safekeeping, and when I learn it, I'll share with you all. "

[Chapter 3490](#)

Chen Xiang couldn't see who was outside, but hearing the conversation, he knew that these old folks were all extremely despicable people. The reason they caught him was not because of some Killing evil dragon, but because they wanted to snatch his Legendary mantra.

"Sister You You You, they want to snatch my Legendary mantra, do you have any ideas? These old fellows seem to have a lot of tricks up their sleeves." Chen Xiang said.

"Yes, I will take your Legendary mantra away." Just as Bai Youyou finished speaking, he heard Chen Xiang screaming in pain.

"These bastards have started!" Chen Xiang held his head and roared in pain and anger.

The reason why the elders of the Dragon-Elephant School caught Xiao Xianglin was so that they could take away his Legendary mantra, but Xiao Xianglin's parents were both elders, so they were somewhat afraid when they took action. Furthermore, Chen Xiang thought that they had a very reasonable excuse since they had the Killing evil dragon.

"Chen Xiang, how are you?" Bai Youyou asked anxiously.

"I... My Legendary mantra's memories are slipping away." Chen Xiang gasped for breath, at this time the pain was gradually lessening, his memories about the Legendary mantra were already taken away.

"These old bastards truly have some tricks up their sleeves." Bai Youyou was furious. Chen Xiang was her husband, and now that he had suffered such a huge loss, both she and Su Meiyao were extremely angry.

"I must make them wish they were dead." Chen Xiang smashed his fists on the ground. The elder of the Dragon-Elephant School, in order to obtain the Legendary mantra, had used an excuse to openly take away his Legendary mantra.

"Whatever you take away from me, I will take it back!"

Chen Xiang's head was still throbbing with pain!

"You can let him go back now." An old man said.

"He will always be a Killing evil dragon, this ... That's no problem, right? "

"Don't worry, it won't cause any trouble, as long as he doesn't have any Legendary mantra s."

These indistinct voices gradually weakened, Chen Xiang was unconscious, his soul was severely injured, and the moment he woke up, he saw Xiao Xianglin's jade face that was filled with ice-cold anger. It was obvious that he was angry at for receiving such an injury.

"What's the matter with you?" Xiao Xianglin saw Chen Xiang opening his eyes and asked anxiously.

"He didn't die!" Chen Xiang heaved a sigh of relief. At this moment, he was still extremely weak, because his soul had suffered a heavy injury.

"Bring Xiang'er and Yu'er out to take care of you. Your soul has been severely injured and you won't be able to recover for a while. You have been unconscious for three days." Xiao Xianglin's heart ached, and he caressed Chen Xiang's face: "What exactly did those fellows do to you!"

"What did they do to me?" Chen Xiang thought back to this matter. He, who was weak and powerless, fiercely clenched his fists and puckered his bedding: "That group of old bastards, they took away my Legendary mantra!"

"They... Did they really do that?" Xiao Xianglin could not believe that the Legendary mantra was actually taken away.

She suddenly understood that the reason the elder of the Dragon-Elephant School had brought Chen Xiang away was not because of some Killing evil dragon but because he wanted to obtain Chen Xiang's Legendary mantra.

Xiang'er and Yu'er came out from You Yao Mountain Villa, they stood by the side of the bed and looked at Chen Xiang with extreme sadness. They were inside You Yao Mountain Villa, but they heard Chen Xiang's painful howl.

Chen Xiang thought back to this matter and became extremely angry, before fainting again. The pain in his soul was hard to recover from, even with the Mei Jing Sisters channeling the power of regeneration, it was slowly recovering.

A few days later, when Chen Xiang woke up, he found Xiang'er and Ling'er sitting beside his bed. However, this was no longer Xiao Xianglin's room.

"How long have I been unconscious?" Chen Xiang became more spirited, at least he could get up and walk around.

"A month!" Xiang'er's face did not look good before, but when she saw that Chen Xiang had woken up, she revealed a smile.

"I've recovered quite well." The girl smiled, as if she were pretending.

A month! Enough! When Chen Xiang saw the complexions of the two girls, he had a bad premonition. He reckoned that something must have happened to Xiao Xianglin.

"Where's Master?" Chen Xiang frowned and asked: "Did something happen to her? What is this place? Master, was she also captured by those old fellows to take away the Legendary mantra?"

Xiang'er and Yu'er pursed their lips and did not speak, but tears could not help but leak out of their beautiful eyes. It was clear that something big had happened to Xiao Xianglin.

"If your Big Sister is still alive, quickly tell me. There might be hope." Chen Xiang took a few deep breaths to calm himself down.

When encountering something like this, he needed to remain extremely calm. Even if he had a lot of anger and worry in his heart, he absolutely could not panic, because doing so would not solve the problem at all.

"When you woke up that day ... Once you've told us what happened to you and fainted, Big Sis would ask us to secretly move you away the next night. " Xiang'er wiped her tears, the calmness that suddenly appeared on Chen Xiang's face also calmed her down.

Chen Xiang could guess that whatever Xiao Xianglin was planning to do, he was definitely going to take revenge for him. During this period of time where he and Xiao Xianglin had come here, they were extremely clear about Xiao Xianglin's personality.

In short, the information we gathered from the Dragon-Elephant School was that she had used a very strong power and killed many Elders and Elders. The mountain where the Dragon-Elephant School Elders were at and the residences of the relatives of the Elders nearby were all destroyed, resulting in numerous casualties. Yu'er continued.

"It's the Tao-creation's Divine Crystal! She refined the Tao-creation's Divine Crystal. " Chen Xiang clenched his fist. "Where's Master? Is she involved? "

"That's true... However, she was caught. Two of the Elders reacted in time to resist ... and also saw her ruthlessly killing the Great Clan Elder, who was the former Leader. It should be him who obtained your Legendary mantra. " Xiang'er said.

"Big Sister has been captured, and we have to publicly execute her ... Just one year later, when Leader comes out and takes charge of this matter. " As Liu'er said this, she could not help but shed tears. "This matter shocked Tao-creation School ... Tao-creation School's Elders have also come. Tao-creation School's Elders and the Dragon-Elephant School's Elders are very close, and now they have moved into Dragon-Elephant School. "

"Is there any news of Luo Jiuyang?" Chen Xiang took a deep breath. Initially, he had saved Dragon-Elephant School's Yuan Zhiqing and Tao-creation School's Wan Haixu, but this seemed to be useless. These two Leader s were now heavily injured.

"No, there has been no news of Gu Tong and Luo Jiuyang ever since that incident." Xiang'er said, she knew that Chen Xiang had a good relationship with him.

"One more year!" Chen Xiang frowned, "Where are Master's parents? Where did they all go? For one year, I will need to at least have the cultivation of Late period of World Defying magic realm to be able to save Master. "

"I don't know. Ever since they went out last time, they haven't returned. Even now, they haven't returned after such a huge incident occurred." Xiang'er shook her head, she did not dare think in a bad direction.

"Will Master be taken away?" Chen Xiang was also worried that Xiao Xianglin would experience that kind of pain.

"More than half of those doyens were killed by Big Sister. They need to join hands in order to succeed." Xiang'er said: "What Big Sister has done this time, shocked many forces!"
