

Dan God 3511

[Chapter 3511](#)

There were not many people from Wood Mountain Sect, because they knew that Chen Xiang's cultivation was not high, and was merely at the early stage of World Defying Stage Divine Rank, and all they needed to do was to send two middle stage World Defying Stage Divine Rank s.

Of course, Chen Xiang did not know how many people were following him, but as soon as they appeared, they released a very strong aura. Furthermore, Chen Xiang's current position was locked on, so he needed to delay for a while for Feng Ke'er to seal the Time array.

"Alright!" Feng Ke'er came out from Chen Xiang's Time Domain.

Chen Xiang was finally a lot more relieved. He immediately allowed Ah Hu to slowly descend onto a large tree, then conceal himself.

"Where is he? Why did they suddenly disappear?" A black clothed man held something in his hand and frowned: "Impossible, his Time array clearly sent out a message, why did he suddenly not accept it?"

"This guy runs really fast, he just walked out of our Wood Mountain Sect's gate not too long ago and already came to such a far place, that's why the elders had no choice but to open the Transmission array and teleport us here."

"This time, we used the Transmission array. If we can't capture him, we will be punished."

"The recipe for the World Defying god-becoming Dan is too precious. No matter what, our Wood Mountain Sect has to get it. If we can get it this time, then it would be a great merit."

On top of each of the two men in black was a giant golden eagle. They sat on the back of the eagle, looking down from above.

"All of them are in the middle stage of the World Defying Stage Divine Rank!" Chen Xiang could finally see the cultivation level of the other party.

"We should be able to deal with them." Qin Shuang said.

"How about this, you guys deal with one guy with Xiao Ke'er, I deal with one guy myself."

Chen Xiang felt that there shouldn't be any problems dealing with a middle stage World Defying Stage Divine Rank. The other girls combined their sealing powers with Feng Ke'er's, so dealing with one of them wouldn't be a problem.

"Alright, I'll attack first, then you guys can come out." Chen Xiang said: "Ah Hu doesn't need to intervene for the time being, unless we are no match for him."

Chen Xiang immediately allowed the Six beasts to fuse together and transform into a Red fire dragon. The Red fire dragon's energy fused with Chen Xiang's, causing his Arrogant Morale to instantly increase by leaps and bounds.

The Six beasts in his Divine Sense Sea had also risen along with his cultivation. Now that they had fused together, they were even stronger and more terrifying.

Chen Xiang's sudden appearance carried a sharp Arrogant Morale, catching the two men in black off guard, because the Arrogant Morale that Chen Xiang had released was not from the early stage of World Defying Stage Divine Rank.

"Hurry up and kill him, otherwise we'll be the ones to die." A black-clothed man roared, he had already thrown several punches at Chen Xiang, each of his punches condensed with a burst of Arrogant Morale.

The Arrogant Morale of the middle stage World Defying Stage Divine Rank was even more vigorous, as though wave after wave of overlapping waves were charging over, and it seemed as though it could penetrate space itself as it arrived in an instant.

As soon as Chen Xiang appeared, he was sent flying backwards by the wave of Arrogant Morale fist force. His body seemed to be in pain from being continuously beaten up, and the crown of the huge tree below was being torn apart by the tornado of Arrogant Morale, which covered the sky with broken leaves and broken pieces of wood.

At the same time, Bai Youyou, Qin Shuang and Long Xueyi had already started their attack, rushing towards another black-clothed man, He Fengyuan and Su Meiyao followed closely behind.

Chen Xiang and the others had just stepped into the World Defying Stage Divine Rank not long ago, so their use of Arrogant Morale was inferior to the two black-clothed men. However, their combat experience was extremely rich, especially Bai Youyou and Su Meiyao, so Chen Xiang did not need to worry about them.

"We have to end this quickly!" Chen Xiang had already summoned his Six Realms mirrors and allowed it to hide itself. At the same time, he gathered Arrogant Morale and then used the power of space to teleport over.

Seeing so many people suddenly appear, and they were even women, the man in black was also startled, but he was not worried about his comrades, because he could tell that the girls all had an early stage World Defying Stage Divine Rank cultivation, and he was even more concerned about Chen Xiang, who had released his Arrogant Morale just now, but was still a mid stage World Defying Stage Divine Rank cultivator, he was extremely surprised.

"Hmm? Unable to track his movements, could he be ... " The black-clothed man was shocked. He immediately guessed that Chen Xiang had used Spatial Force, and following that, he felt a spatial fluctuation coming from his side. However, he didn't have enough time to react.

A dull rumbling sound rang, and when Chen Xiang teleported over, he used his Arrogant Morale to launch a strike. Chen Xiang's Arrogant Morale was close to the middle stage, and after he struck out, the shock wave was like a surging tide, wave after wave of attacks. As the black-clothed man was knocked flying, waves of shock wave after wave of shock wave continuously surged forth, as though the wheels were continuously crushing and crushing his body over and over again.

When the black clothed man was sent flying, he had no way of fighting back. It was as if he was suddenly submerged by a wave. He did not know what to do and could not struggle free from the wave.

Chen Xiang took the chance and controlled the Six Realms mirrors to fly over quickly, smashing it into the black clothed man's head.

The man in black felt dizzy and his mind went blank after being spun so fiercely.

"You bastards of the Wood Mountain Sect, if you want to capture me, I have to have a certain amount of strength." Chen Xiang had already reached the black-clothed man's side. He swung his Six Realms mirrors and smashed it towards the black-clothed man.

The Six Realms mirrors exploded with flames, smashing the black clothed man into ashes ...

The other black-clothed person, although he was in the middle stage of the World Defying Stage Divine Rank and his Arrogant Morale was also very strong, facing these few women, even though they were only in the early stage of the World Defying Stage Divine Rank, none of them were weak.

Qin Shuang was proficient in the way of the sword. The Purple Yang Excalibur she had refined was extremely sharp, and had also pierced several holes in the black clothed man's body. Su Meiyao was proficient in fire, burning the black clothed man's face to ashes ...

With one of his arms hanging limply by his side, it was because Bai Youyou had used the Bone-melting magic palm. Right now, he was in a miserable state that he could not escape, nor could he fight back.

"Leave it to me."

Long Xueyi, who had been preparing for a long time, let out a shout as she released her Heavenly dragon seal. A few white dragons suddenly appeared around the black clothed man, and like chains, they wrapped around him, causing rumbling sounds in the air.

Bai Youyou and the others immediately distanced themselves as the huge dragon had already descended, engulfing the black-clothed man. It let out an angry roar, then exploded, only to see the blue, red, and black lightning continuously dancing wildly, wreaking havoc on a large amount of trees and turning them into smoke. The black-clothed man was also torn apart by the berserk Heavenly dragon seal, disappearing from this world.

"These wastes... Wood Mountain Sect is really looking down on people." Long Xueyi snorted.

"Hurry up and leave this place!" Feng Ke'er said.

After the few women returned to the You Yao Mountain Villa, Chen Xiang summoned Ah Hu and rode him to the Cang Fire City.

"After returning to the Cang Fire City, I have to remind Long Xuan and Ling Yong first. I don't want them to leak anything related to me." Chen Xiang thought to himself, because his name had already spread throughout the Wood Mountain Sect.

[Chapter 3512](#)

On the way back to the Cang Fire City, Feng Ke'er was trying his best to erase the imprint on the Time array. Only by doing this could he avoid being tracked by the Wood Mountain Sect.

"He should be able to succeed. This isn't a difficult task!" Feng Ke'er laughed.

... ..

"Dead? How was this possible? That brat just stepped into the World Defying Stage Divine Rank, and he is only at the early stage, and after two middle stage, he actually died? " One of the clan elders of the Wood Mountain Sect said angrily: "These are my two precious disciples, what did you say back then? Isn't it just an early stage World Defying Stage Divine Rank ... Now look! "

"Elder Blue, we've neglected this." Another elder sighed.

"Did you find any traces of the fight on the scene?" Elder Blue was quite angry.

"Although he is at the early stage of the World Defying Stage Divine Rank, the Arrogant Morale at the scene contains a hint of the aura of a dragon. If I'm not wrong, this kid has an unparalleled divine dragon in his body.

"I must capture this brat and take out his divine dragon. Only by doing this can I make up for the loss of my two disciples." Elder Blue clenched her fists angrily, but her face was full of greed. It was obvious that she wanted to see the divine dragon of arrogance.

Chen Xiang was currently in the midst of returning to the Cang Fire City. He did not know that his prideful divine dragon had been targeted again, and this was not the first time this had happened. It had been like this for many years.

When he returned to the Cang Fire City, Feng Ke'er had already successfully erased the imprint on it.

"Two months have passed. There are still ten months left." Su Meiyao said.

"I know. I'll go and see if Long Xuan is out yet." When Chen Xiang returned to the inn, he saw Song Longprofound.

"Big brother, I have mastered all the Tao-creation Incantation you gave me." Song Longprofound laughed out loud: "I'm already capable of refining weapons, the old guys in my clan have a whole new level of respect for me."

"That's good!" Chen Xiang patted his shoulder and laughed.

"Thank you, Big Bro!" Song Longprofound lamented, if it were not for Chen Xiang giving him so many Tao-creation's Incantation for him to learn, he would not have such achievements.

"Long Xuan, you definitely can't reveal anything about me to your family." Chen Xiang said to Song Longprofound very seriously.

"I know, I didn't say anything!" Song Longprofound nodded his head: "I also let my stupid father keep it a secret, don't worry."

If Song Jiangnan knew that his son called him an idiot, he didn't know what expression he would have.

"Also, go find Ling Yong first and tell him not to spread my name everywhere." Chen Xiang warned again.

"Big brother, did you offend a big enemy?" Song Longprofound asked.

"Yes!" I offended the Wood Mountain Sect. " Chen Xiang said truthfully.

"Impressive, big brother, you even dare to provoke Wood Mountain Sect, you truly are worthy of being my big brother!" Song Longprofound actually laughed out loud.

"This isn't a good thing. Quickly find Old Ling and tell him not to talk too much." Chen Xiang said snappily.

"I'll go now." Song Longprofound immediately left the inn.

Chen Xiang asked Jiang Simei: "How are the medicinal herbs?"

"It's almost done! Very well, just a little bit more. " Jiang Simei said: "At that time, as long as you refine this medicine, you will be able to directly refine a World Defying god-becoming Dan. The quality should improve a little, and you will also have twice the results with half the work."

Jiang Simei then asked Chen Xiang for another World Defying god-becoming Dan, this was all to help them absorb the medicinal ingredients cultivated by him, so as to increase their compatibility with this kind of medicinal ingredient. After all, several types of medicinal ingredients were combined into one, becoming a new breed.

Song Longprofound returned very quickly.

"Old Ling, that fellow was worried that you might not trust him. He even made a blood oath to go all out." Song Longprofound laughed.

"That's good!" Chen Xiang heaved a sigh of relief, then took out some Tao-creation's incantations and gave them to Song Longprofound. These are Space mantra and Fusion spell, learn well.

Song Longprofound was a genius who learned the Tao-creation's Incantation, he was the same as Xiao Xianglin, maybe even worse. However, this kind of genius could only be encountered by luck and not sought after.

"There's something new to learn." Song Longprofound was very excited.

"Long Xuan, how did you learn so quickly? It's only been a few days! " Chen Xiang asked curiously.

"My old man gave me the right to use the Time Formation in the Song Family." Song Longprofound said: "He suddenly called me back to use it, but unfortunately our Song Family's Time Formation is not as marketable as the Ling Family's, otherwise I would have let big brother use it."

"No problem, you can do it yourself. I have my ways." Chen Xiang said: "Can you still use the Time Formation?"

"Of course you can, I will go back now and use it. I want to learn more of the Tao-creation's incantation quickly so that I can help big brother in the future." Knowing that Chen Xiang had provoked the Wood Mountain Sect, Song Longprofound felt a lot of pressure. As Chen Xiang's brother, if he could not help at that time, he would feel very bad.

Song Longprofound left the tavern and returned to the Song Family.

While Chen Xiang was patiently waiting for Jiang Simei and the others to succeed, he even used the first stage of Time Domain on the three girls.

Half a day later, Jiang Simei said, "It's finally done!"

Chen Xiang got a very strange flower from Jiang Simei. An entire flower was already half the height of a person, this was a very large flower, and its petals had many different colors, emitting a weak light.

The most surprising thing was that the stem of the flower was very big, like a small tree trunk. The leaves were also very hard, thick and dark green, like jade.

"What a strange flower, is it really useful?" Chen Xiang was already itching to refine it, but they still need to use this flower to reproduce even more before he could start using it to concoct pills.

"Giant Rainbow Flower!" Jiang Simei laughed: "This is my name!"

"Not bad, as long as it's useful, it doesn't matter what name it is." Chen Xiang laughed: "Now, all of you are preparing to use that Time array to cultivate."

"With Sijing and I together, our speed should be much faster. We can probably make one in twenty years." Jiang Simei said.

Once the Time array was activated, every day on the outside, it would be a hundred years inside. In other words, it was not bad for them to be able to produce five of them in a day.

"You have consumed a lot of Crystal emperor!" Feng Ke'er suddenly said: "Running the array disc for two hours will only consume ten Crystal emperor!"

To use up one hundred and twenty Crystal emperor in a single day, such a huge consumption rate left him in shock.

"What if we use Tao-creation Holy stone?" Chen Xiang asked, he had more than a hundred Tao-creation Holy stone currently, so he was not really lacking in them.

"One Tao-creation Holy stone is equivalent to the energy of one thousand Crystal emperor, so one Tao-creation Holy stone can probably be used for around eight days." Feng Ke'er said: "Let's just use the Tao-creation s ... If you make the three Young girl Danling stay in the Time Domain all day to condense Crystal emperor, it would make them very boring and degenerate. "

The Young girl Danling s inside the You Yao Mountain Villa were refining Crystal emperor and playing around with Long Xueyi and the others happily. If they were allowed to enter the Time Domain, they would also become very depressed after a long time.

"Alright, let's use the Tao-creation Holy stone!" Chen Xiang said.

[Chapter 3513](#)

Chen Xiang placed ten pieces of Tao-creation Holy stone in the Time Formation, which could be used for a long time.

"It shouldn't be a problem for two people to enter the Time array." Feng Ke'er said. She was already prepared to activate the Time array, so Mei Jing Sisters entered the Time array carrying the multicolored Giant Multicolored flower.

"It's open." Feng Ke'er said.

Chen Xiang still had a few Giant flower on him, he would use the Time Domain now and continue refining them.

Inside the secret room, he could not sense anything outside, but he could contact the You Yao Mountain Villa inside the Divine Sense Sea World. After refining more than twenty World Defying god-becoming Dan, he could feel a very strong wave coming from outside.

The fluctuations that he could feel even from the Time Domain was extremely strong, so he immediately retracted it.

"What's going on?" Chen Xiang looked at the secret room, it was not destroyed, but a strong aura was constantly surging in from the outside.

"It's Ling Yong's!"

Chen Xiang immediately walked out of the secret room, and saw that Ling Yong was inside.

"Ling Yong, what's wrong?" Chen Xiang asked anxiously.

"Something terrible has happened! You actually provoked Wood Mountain Sect." Ling Yong anxiously said the moment he saw Chen Xiang.

Before, Song Longprofound had told him to not speak about Chen Xiang everywhere, but he did not tell him that Chen Xiang had provoked the Wood Mountain Sect.

"En!" Chen Xiang nodded: "Has Wood Mountain Sect found him yet?"

"Almost there." Ling Yong let out a "sigh" and heavily sat on a chair.

"When you helped me sell the World Defying god-becoming Dan before, didn't you already get those buyers to swear blood oaths?" Chen Xiang said: "I can't figure it out for you!"

"That's right, but even so, the Wood Mountain Sect has managed to find out a few things, because they know that there are a lot of people here who can step into the World Defying Stage Divine Rank in a short amount of time." Ling Yong said: "This is what they want to say Wood Mountain Sect is extremely concerned about this matter right now and has already sent people to the various large cities to investigate it. I only came to look for you because I just received some news. "

"We can't stay in this place any longer!" Chen Xiang sighed: "I need to go to another city."

"You don't mind, but I'm in trouble. If I leave the Ling Family, I will suffer a great loss." Because Ling Yong was helping Chen Xiang with the sale of World Defying god-becoming Dan, if Wood Mountain Sect was really the worst off, he would definitely not be able to escape.

"Is there a city around here?" Chen Xiang asked.

"Of course!" Ling Yong said.

"How about this, I'll tell you to bring some World Defying god-becoming Dan to sell, but you have to be careful, that way you can distract them." Chen Xiang said: "Go to the big cities and stroll around, sell some World Defying god-becoming Dan s, that way, you can attract their attention, and won't need them to focus on Cang Fire City."

"If you sell a World Defying god-becoming Dan, I'll give you a Tao-creation Holy stone." Chen Xiang said: "The price of the World Defying god-becoming Dan has risen to 10 now, I was selling it in Wood Mountain Sect before, and there's a lot of people fighting over it."

"Really?" Ling Yong didn't think that the World Defying god-becoming Dan could be sold at such a high price.

Chen Xiang took out thirty World Defying god-becoming Dan s and told Ling Yong to sell five in one city. If he sold all of them, Ling Yong would be able to get thirty of the Tao-creation's Holy stone.

Ling Yong took Chen Xiang's World Defying god-becoming Dan and sold it. He felt that if he could obtain a sum of Tao-creation Holy stone, it would be alright even if he left the Ling Family. If he was in the Ling Family, it would not be so easy for him to earn so many Tao-creation Holy stone.

"Looks like Wood Mountain Sect and the rest are going to eat me up." Chen Xiang returned to the secret room and continued refining the World Defying god-becoming Dan.

He thought that the reason why Wood Mountain Sect caught him was mainly to recover their losses. Their competition often had them, but no one had ever taken the rewards for it. This time, they suffered a huge loss.

Furthermore, they sent two disciples to chase after Chen Xiang, and they were killed by Chen Xiang!

If they could not get Chen Xiang's World Defying god-becoming Dan s' pill formulas, it would be difficult for them to make up for their losses this time, so they would not let this matter rest.

The reason why Chen Xiang stayed in the Cang Fire City was mainly to gather information. Only in this kind of city would he be able to obtain some important information, otherwise, he wouldn't be able to know what kind of competition the Wood Mountain Sect was in, and wouldn't be able to obtain Time array.

After a day had passed, Mei Jing Sisters came out from inside and gave Chen Xiang five Five Colored Giant Multicolored Multicolored Flower.

"Now we can finally begin. I wonder if it's as easy to refine as they say." Chen Xiang placed the multicolored Giant Multicolored flower into the Tianchuang furnace, and released flames to begin refining the medicinal ingredients.

The refining process was extremely smooth. Although there were five Medicine soul after the Five Colored Giant Multicolored Flower was refined, these Medicine soul were all linked together, like a five-star baby; other than the difference in color, all the other auras were the same. Chen Xiang only carved the Fusion spell into the Medicine soul, and they quickly fused together.

During the fusion, Chen Xiang drew Feng Ke'er's attention ... However, the moment they merged, it was extremely peaceful. Without any ripples, it formed into a piece of high quality Medicine crystal.

The mysterious thing was, the quality after the fusion was much higher than when he was using Giant flower.

"This Giant Rainbow Flower is really powerful!" Chen Xiang couldn't help but exclaim in surprise. The whole process of refining the pellet could be said to be incomparably smooth, as it saved him a lot of effort.

Previously, he needed thirty days to concoct a batch of pills, but now, he only needed ten days to do so!

"It's too easy to refine!" Chen Xiang opened the lid of the pill furnace and took out a World Defying god-becoming Dan.

Even after eating it and stepping into the World Defying Stage Divine Rank, the people at the peak of Aoshi Holy Stage would still have a lot of energy left over!

Of course, Chen Xiang didn't plan to sell this pill for the time being, even if it was left for him to eat, it wouldn't be enough!

Su Meiyao was also refining World Defying god-becoming Dan in You Yao Mountain Villa, she was refining with Giant flower, this was to familiarize herself with the process. When the Medicine soul was fusing, she also needed Feng Ke'er's help, otherwise she would not be able to pass it.

"First refine a few pills, then eat them together."

Chen Xiang had used the second stage of Time Domain, and even though he had refined five batches of profound energy inside, he had only used fifty days.

"Eat one and see its effects." After eating one pellet, Chen Xiang quickly felt that this World Defying god-becoming Dan was much better than the one before. This was the reason why the quality of the spirit herbs had improved.

Even one pill would take him ten days.

"Around 200 pills would be enough to enter the intermediate stage. It's not a long time!" Chen Xiang estimated that the World Defying god-becoming Dan s that he would need. According to the speed at which he was refining pills and refining pills, he would need fifty to sixty years.

The speed at which the Mei Jing Sisters was growing inside became faster and faster. Furthermore, they were cultivating or learning the Tao-creation's incantations from time to time.

[Chapter 3514](#)

Chen Xiang concocted pills inside the Time Domain, then ate the refined pills. He didn't know how much time passed until he felt his proud divine soul had increased and his Arrogant Morale had become stronger.

At this time, he had already stepped into the middle stage of the World Defying Stage Divine Rank!

"I've finally stepped into the intermediate stage. It's really not easy!" Chen Xiang had stayed inside the Time Domain for a long time, and after asking Feng Ke'er about the time outside, about a month had passed.

"What if you want to step into the Late period of World Defying magic realm now? How many grains do you need to eat?" He Fengyuan asked.

"At least ten times ... That's two thousand pills, but I don't know how long that will take. " Chen Xiang shook his head. The Young girl Danling could not evolve right now and could not condense pellets like it did in the past. Therefore, if he wanted to obtain a large amount of pellets, he would need to grow medicinal herbs and then refine pills.

"Looks like I have to look for better pill formulas and ingredients." Chen Xiang said.

It had already been three months since Xiao Xianglin was captured, and he had already stepped into the middle stage of the World Defying Stage Divine Rank.

Chen Xiang made a trip to the Ling Family's shop, but Ling Yong had not come back yet.

"Are you looking for Ling Yong?" A middle-aged man asked, "What's your name?"

When Chen Xiang came to look for Ling Yong, he had already changed his appearance: "Li Fei!"

"Oh... Ling Yong might not be able to come back. " The middle-aged man sighed, "He was taken away."

"Who took him?" Chen Xiang's heart jumped, obviously he was captured by the Wood Mountain Sect.

"Wood Mountain Sect... Because he is related to Chen Xiang, he was caught by the Wood Mountain Sect. " The middle-aged man was extremely helpless, "Ling Yong is my son.

Ling Yong was indeed taken away by the Wood Mountain Sect!

Who is Chen Xiang? Why is it that when he had a relationship with Chen Xiang, he was taken away by the Wood Mountain Sect? " Chen Xiang pretended not to know anything and asked.

"After Chen Xiang won Wood Mountain Sect's competition ... The disciples of the Wood Mountain Sect wanted to look for him for guidance, but there were conflicts and two disciples of the Wood Mountain Sect were killed by Chen Xiang. "

Ling Yong's father sighed: "Chen Xiang refined a miraculous pellet like the World Defying god-becoming Dan, and was originally a genius Alchemist. He asked Ling Yong to help him sell the World Defying god-becoming Dan, and in order for Wood Mountain Sect to find out where Chen Xiang was, he kidnapped Ling Yong, while Ling Yong refused to leave his hiding place no matter what."

Ling Yong was very touched that Ling Yong had kept such a secret!

"What a helpless matter!" Chen Xiang patted Ling Yong's father's shoulders, then walked out of the Ling family store.

He definitely had to rescue Ling Yong who had been captured. Ling Yong did not reveal the inn he was hiding in, it could be said to be very loyal, and he might very well be forced to confess by torture everyday.

After knowing that something had happened to Ling Yong, Chen Xiang immediately rushed to Wood Mountain Sect.

"Wood Mountain Sect, those trash!" Chen Xiang rode on Ah Hu's back and quickly headed to Wood Mountain Sect.

During this month, Ling Yong went to various large cities to sell his World Defying god-becoming Dan, and he was extremely cautious.

However, he had long gotten used to this kind of thing. He had to make Wood Mountain Sect pay a huge price anyway, he had to let Wood Mountain Sect know the consequences of angering a person like him!

That was why they always thought that what they had done was the right thing to do. Even if they stole Chen Xiang's pill formulas, they felt that it was natural, because Chen Xiang had won their precious prize in their competition, and they thought that Chen Xiang had to pay a price for it.

The city outside the Wood Mountain Sect was filled with disciples of the Wood Mountain Sect. Although they knew that Chen Xiang was not in the city, they still felt that he might return because they had captured Ling Yong.

Although Ling Yong was only helping Chen Xiang with the World Defying god-becoming Dan s, they saw that Ling Yong was extremely secretive about it and did not want to deal with it. They could tell that Chen Xiang had a deep relationship with him.

Chen Xiang turned into a hunchback as he brought Feng Ke'er to walk around outside of the giant wall of the Wood Mountain Sect.

"How is it?" Chen Xiang asked.

"With the spatial formation in your Six Realms mirrors and your power of time, you can pass through these five layers of enchantments." Feng Ke'er said: "When that time comes, you must be careful, since horses have lost their hooves."

Chen Xiang nodded, let Feng Ke'er return to the You Yao Mountain Villa, and then activated the Six Realms mirrors, activating the spatial formation inside.

After opening it, he circulated the power of time and poured it into the spatial formation, releasing the Time and space power and bringing him through the Wood Mountain Sect's fifth layer of enchantment.

After passing through the barrier protecting Wood Mountain Sect, Chen Xiang felt that something was wrong!

"Crap, something happened!" Feng Ke'er said: "This Wood Mountain Sect's enchantment is indeed powerful, even though you can pass through it, you can feel that there are people inside."

Chen Xiang immediately activated his Counter Power, he quickly walked up to the buildings, and not long after he left, a few elderly people appeared.

"I need to quickly find Ling Yong." Chen Xiang was a little nervous at this moment. If the people from the Wood Mountain Sect suspected that he had barged in, then martial law would be immediately imposed on the place where Ling Yong was imprisoned.

"Don't be nervous, you'll definitely be able to save Ling Yong." Feng Ke'er said: "Right now, you have to be careful to not let your aura become chaotic, and remain calm."

Chen Xiang had already entered the group of floors. At the same time, the Wood Mountain Sect was ringing a bell because someone had barged into the Wood Mountain Sect.

Wood Mountain Sect was protected by several barriers, and those who were able to enter were mostly the strong ones. All the disciples had serious expressions.

It was currently night, so Chen Xiang entered an alley and captured a middle aged World Defying Stage Divine Rank. After passing out, he handed it over to Bai Youyou so he could use the Soul Absorbing Devil Spell on this middle-aged man.

"Do you know where Ling Yong is?" Chen Xiang asked.

"In the dungeon, I'll tell you how to get there!" Bai Youyou said.

Chen Xiang had already become invisible and was not discovered by anyone. He could also be at ease now by walking quickly on the road towards the dungeon's entrance.

The entrance to the dungeon was in a mountain. The stone door of the cave was opened, but there were two big men guarding the door. Although the bell rang, it didn't affect them.

Chen Xiang quietly entered the cave, but the two big men did not notice him.

There was a stone stairs that led to the dungeon inside the cave. He walked down without thinking, and when he arrived at the bottom level, he heard a miserable scream. It was Ling Yong's voice.

Hearing this tragic yell, Chen Xiang's heart was enraged!

Chen Xiang immediately rushed towards the direction the voice came from, only to see a few people using a type of long steel needles to stab into Ling Yong's body, they were extremely vicious.

Ling Yong's upper body was already riddled with holes!

"Ke Er, borrow your gold needle!" Chen Xiang shouted, Feng Ke'er's mysterious golden needle was extremely powerful, it could easily pierce through many things, even in the Tao-creation Mountain.

[Chapter 3515](#)

After Chen Xiang obtained the golden needles, he controlled the golden needles to fly out and pierce through the heads of the five elders. At the same time their heads were penetrated, they were also affected by the energy that exploded out from the golden needles, causing them incomparable pain.

Chen Xiang immediately took away the needles in their hands and pierced them fiercely with his needles.

These old men were all from the Late period of World Defying magic realm, but their heads looked like paper in front of the mysterious golden needles. They were pierced through in an instant, and after getting heavily injured in front of the Divine Sense Sea, they were heavily injured by Chen Xiang.

Ling Yong immediately transferred him into the Six Realms mirrors, then let the Mei Jing Sisters come out of the Time array to release a power of regeneration to treat Ling Yong.

After Chen Xiang got rid of the few old men who had tortured Ling Yong, he immediately left the prison.

"Ling Yong has escaped." A person suddenly shouted.

It was unknown how he found out, but Chen Xiang had already successfully saved Ling Yong.

Suddenly, in the pitch black night sky, a large amount of golden powder appeared. After the powder appeared, it suddenly dropped down and landed on Chen Xiang's body, causing his body to shine with a gold light.

"Over there!" Someone suddenly shouted, "There's someone there. I can't see his appearance."

Chen Xiang never thought that the Wood Mountain Sect would use this kind of method to find him, and he had already reached the side of the giant wall.

"You want to catch laozi? No way!" Chen Xiang snorted and immediately activated the spatial formation. Adding his own power of time, he pierced through the few layers of enchantments.

"He ran out!" Because just now, the Wood Mountain Sect's barrier was moving again.

Chen Xiang's entire body was covered in golden powder, he immediately entered the Six Realms mirrors, otherwise, he would be extremely conspicuous in the dark of the night.

"This Wood Mountain Sect is indeed the great sect of the Tao-creation Mountain." Chen Xiang began to clean up the golden powder. The disciples of the Wood Mountain Sect would not be touched by it, because their sect's clothes could resist it. On the other hand, Chen Xiang was different.

After Chen Xiang finished cleaning up, he was finally relieved. The Six Realms mirrors had already flown out of the city.

Originally, Chen Xiang wanted to go and see Ling Yong, but he suddenly felt a strong suction force that sucked the Six Realms mirrors back.

"What's going on?" Chen Xiang was extremely shocked. He immediately came out from the Six Realms mirrors and felt a wave of extremely terrifying Arrogant Morale.

He was certain that this wave of Arrogant Morale had already surpassed the World Defying Stage Divine Rank, and was extremely terrifying!

"The super strong warriors of Wood Mountain Sect are making their move, is it over?" Chen Xiang suddenly felt an incomparable despair. In front of such terrifying power, he didn't even have the chance to struggle.

He suddenly thought of Xiao Xianglin, Xiao Xianglin was still waiting for him to save him, but right now, he had no strength to resist!

He immediately thought of Killing evil dragon, he felt that Killing evil dragon might be able to make him stronger, or maybe he could fuse with the Tao-creation's incantation and make him stronger ...

In that instant, he thought of many methods, but he felt that they would not work against this kind of power.

"Follow me!"

Originally, his body was being quickly pulled towards the Wood Mountain Sect by the suction force. However, the moment the white shadow appeared, he only felt his body loosen up, and then, a spatial fluctuation came over, causing him to be taken away.

After a while, Chen Xiang came to the side of a river. Lying on the riverbank, he held up the water to wash his face, and in the end, even stuffed his head into the river to let the ice-cold water wash away the fear in his heart.

"Thank you, senior!" Chen Xiang gasped for breath, and said.

The person who saved him was Wandering Old Man, Chen Xiang never expected to meet him here!

"There's no need to be polite, I have long hated Wood Mountain Sect and his people." Wandering Old Man's benevolent face revealed a bright smile.

"I thought I almost died this time. What is that guy's background? "This is too scary!" When Chen Xiang thought back to it, he still felt a lingering fear. In that instant, his life and death seemed to have been dictated by someone.

"Leader of the Wood Mountain Sect, beyond the World Defying Stage Divine Rank, is an arrogant heavenly being!" Wandering Old Man said: "It's a very strong person in Tao-creation Mountain."

"Senior, I never would have thought that I would meet you again. Furthermore, you even saved me. I am truly deeply grateful." When Chen Xiang thought back to it, he also felt that it was very lucky.

"I would appear in the Wood Mountain Sect mainly because I heard about the World Defying god-becoming Dan you refined, and was very curious, so I came over. It's a pity that I didn't manage to buy the World Defying god-becoming Dan, but I found out that the person who sold it for you was captured by the Wood Mountain Sect, and then I waited outside the Wood Mountain Sect."

Wandering Old Man sighed: "Brat, you're quite impressive. You created this Wood Mountain Sect and even saved him. This time this Wood Mountain Sect has lost a lot of face."

"Even I find it hard to charge in!"

Chen Xiang took out a World Defying god-becoming Dan that was refined from a multicolored giant flower and gave it to Wandering Old Man.

"I still have some left. Take them all out!" Chen Xiang took out a few more pills.

"There's no need for that much. I only want one pellet to give it a try." Wandering Old Man chuckled, then quickly revealed a surprised expression after eating that piece of World Defying god-becoming Dan.

"Very good ... It really is a Pill Transformation! " Wandering Old Man praised again and again: "This pill formula was something that many grandmasters in Tao-creation Mountain had been researching all along, but they did not succeed, so this time Wood Mountain Sect is going all out, and wants to get your pill formula."

"Senior, if you want the medicinal formula, I can give it to you as a thank you gift for saving my life." Chen Xiang immediately said, since he didn't have much of a loss even if he were to give the Wandering Old Man.

"That won't be necessary." Wandering Old Man shook his head and laughed: "I am just curious about this kind of pill. Your pellet contains six Fusion spells and nine Increase spells, these incantations are

perfectly compatible with the pellet's overall power, and can be combined together. This kind of control is not bad. "

"Senior, you flatter me!" Chen Xiang snickered.

"Using the Tao-creation's incantation to refine pills is something that many Grandmasters use frequently in the Tao-creation Mountain." The Wandering Old Man said, "But the most powerful thing is still to use World Defying Dan grain to refine pills!"

"World Defying Dan grain? "What is this?" Chen Xiang asked anxiously.

"It's something similar to the Tao-creation's Incantation ... Moreover, it was evolved from the Tao-creation Incantation, and was modified out by the Alchemist. Adding World Defying Dan grain s into the process of refining the pill will make it even more powerful, I don't even know the specifics, because I am not the Alchemist. " The Wandering Old Man said.

Chen Xiang was extremely interested in this World Defying Dan grain: "Senior, how do I obtain the World Defying Dan grain?"

"There are two ways. One is to comprehend it yourself from the Tao-creation's incantation and improve it to become a World Defying Dan grain. The other way is to pass on the knowledge of the World Defying Dan grain to you." The Wandering Old Man said.

[Chapter 3516](#)

Chen Xiang had never heard of World Defying Dan grain before. From the tone of the Wandering Old Man, this kind of World Defying Dan grain seemed to be very strong, able to raise the quality of pills.

"Senior, do you know any Alchemist who knows about World Defying Dan grain?" was curious in his heart. The World Defying Dan grain s were very new to him, he wanted to see them for himself "There is this kind of Alchemist in my Tao-creation Mountain ... However, these Alchemist s do not easily accept disciples. " When Wandering Old Man saw Chen Xiang's curious look, he chuckled. "If you really want to learn, I can bring you to a place where you can reap benefits."

"Is it in this Tao-creation Mountain?" Chen Xiang did not want to be too far away from the Tao-creation Mountain.

"It is in this Tao-creation Mountain." Wandering Old Man nodded: "Let's go, I'll bring you there now."

Wandering Old Man took out a flying disc, and then, he flew in the sky while carrying Chen Xiang.

"He must have engraved many Flying mantra s in his flying discs to be able to fly at such a high altitude." Chen Xiang guessed that the flying discs were very fast, and they could even fly very high.

The Wandering Old Man brought Chen Xiang to a mountain and entered a cave.

At the end of the cave was a stone room. Wandering Old Man took out a glowing stone to illuminate the pitch-black stone room, only to see a very intricate pattern appear on one of the stone walls.

Chen Xiang observed carefully and discovered that the pattern was very similar to the Tao-creation's incantation. He could immediately see the shadow of a Increase spell from it.

"There were only three strokes in total, yet they managed to draw out one picture." Chen Xiang frowned: "It's only three strokes, the pattern already contains all the Increase spell, how exactly did it happen?"

"That's right, this is a World Defying Dan grain that has evolved from a Increase spell. Its name is the Flying Dan grain, meaning that it can cause the quality of the pellet to soar." Wandering Old Man nodded: "Whether or not you can successfully control this World Defying Dan grain will depend on yourself."

Chen Xiang frowned, he stared straight at it, he felt that it was very difficult, it seemed easier than Increase spell s or even more, but after looking carefully, he felt that it was even more difficult.

"From what I know, if you want to successfully engrave a pellet of pellet into the World Defying Dan grain, you must pay a large price." Wandering Old Man said, "Time, energy, and even life ... The improvement brought by the World Defying Dan grain s were, however, extremely worth it. "

"Alright, let me try and see if I can control this World Defying Dan grain." Chen Xiang decided to try it. He felt that it was not because it was hard to learn, but because it was hard to feel.

"Senior, who left this World Defying Dan grain behind?" Chen Xiang walked over and gently stroked the World Defying Dan grain on the stone wall. He felt a trace of warmth.

"A good friend of mine, I was once very interested in World Defying Dan grain. After that, he carved a World Defying Dan grain here and gave it to me. It's a pity that I can't control it." Wandering Old Man shook his head.

"Senior, you should be from another Tao-creation Mountain, right?" Chen Xiang said.

"I am from Tao-creation Fire Mountain, and I am an elder of the Flame Mountain Sect. My name is Yan Jiu, if you have the chance to come to the Flame Mountain Sect in the future, you can look for me." Yan Jiu said: "I am going back now. The matter regarding the Evil Ancestor coming out, the seven Tao-creation Mountain s already know about it."

Mentioning the Evil Ancestor, Chen Xiang's face turned serious. He nodded, this was a huge threat.

After Yan Jiu left, Chen Xiang stayed in the stone room and looked at the World Defying Dan grain on the wall.

"Ling Yong has woken up, he's recovering pretty well!" Jiang Simei reminded Chen Xiang.

Chen Xiang immediately let Ling Yong come out of the Six Realms mirrors.

"I didn't expect you to arrive so quickly!" When Ling Yong saw Chen Xiang, he smiled slightly, as if he had forgotten all about the torture he had suffered.

"I'm really sorry for making you suffer." Chen Xiang laughed.

"Then why don't you give me more Tao-creation Holy stone." Ling Yong took out a bag of Tao-creation Holy stone.

"For every World Defying god-becoming Dan you sell, I'll give you two of them. What do you think?"

"Alright!" From the bag that Ling Yong took out, he took out sixty pieces of Tao-creation Holy stone and handed the rest over to Chen Xiang: "I just finished selling these World Defying god-becoming Dan, and was caught by the Wood Mountain Sect. Although my luck is lacking by one, it's still not bad to have thirty more Tao-creation Holy stone."

Chen Xiang already had around three hundred Tao-creation Holy stone s and a Tao-creation Holy Crystal, so he was pretty rich.

"Ling Yong, you must not return to the Cang Fire City in the future." Chen Xiang said.

"I know, I won't even be able to stay in this Tao-creation Mountain anymore. I'll take a walk around the other Tao-creation Mountain since I have quite a few Tao-creation Holy stone on me." Ling Yong felt that his current cultivation was pretty good, being able to accumulate so much Tao-creation Holy stone.

"Take care." Chen Xiang patted Ling Yong's shoulder.

"We'll meet again if fate wills it!" Ling Yong laughed and said goodbye to Chen Xiang.

After Ling Yong left, Chen Xiang stared at the World Defying Dan grain on the wall and let Su Meiyao come out from the You Yao Mountain Villa.

"sister Meiyao, do you think that it's easy to learn?" Chen Xiang asked.

Su Meiyao stared at the stone wall seriously for a moment. She frowned and shook her head: "Not good, very difficult, very difficult I am not a genius who learned Tao-creation's incantations, but I can see that this World Defying Dan grain was formed from a combination of nine Increase spell, some of them should be connected together. "

Chen Xiang nodded his head, "Yes, there are a few Increase spell that have been perfectly linked together. They are not overlapping with each other, that's why this World Defying Dan grain looks very simple, it does not seem to be densely packed after overlapping."

"Not only was it perfectly linked together, it was even modified. It might even have been added to other Tao-creation incantations, but we could not see it." Su Meiyao was also a Alchemist. Using World Defying Dan grain seemed to be the highest realm of a Alchemist.

"Let's learn together." Chen Xiang said.

"If only your master was here. She was very familiar with the Tao-creation's incantations, she would definitely be able to see through a lot of things." Su Meiyao said.

"I must save her." Chen Xiang sighed, now that Xiao Xianglin was still locked up in the Dragon-Elephant School, if he wanted to save Xiao Xianglin, he had to have the cultivation of the Late period of World Defying magic realm, which was the most basic thing.

Su Meiyao did not have much patience, she tossed and turned for two days before returning to the You Yao Mountain Villa. She entered the Time array s to refine them, and the Mei Jing Sisters was also growing multicolored Giant Multicolored Flowers inside.

Su Meiyao felt that refining pills was much more enjoyable than learning to become a World Defying Dan grain. The quality of the World Defying god-becoming Dan she refined was not bad either, it was mainly for girls like them to eat.

Chen Xiang had already started to carve this Flying Dan grain out of thin air. He didn't know why, but he suddenly felt that this Flying Dan grain wasn't that hard to learn.

[Chapter 3517](#)

himself also felt that it was strange, when he had tried previously, he had only been able to create a relatively decent Flying Dan grain after a few attempts, and as he kept trying, the process gradually became much smoother. In just ten days of time, he was able to successfully create a Flying Dan grain.

"sister Meiyao, why don't you come out and try? Why do I suddenly feel like it's very easy! " Chen Xiang shouted towards the You Yao Mountain Villa.

"If I don't try, it will be difficult, even harder than learning the Tao-creation's incantation. You can learn it first and then guide me." Su Meiyao pouted. To her, learning World Defying Dan grain was like a nightmare.

"Alright!"

Chen Xiang just wanted Su Meiyao to test whether it was really that easy to grasp or not.

"Could it be my misconception? Maybe I can smoothly inscribe it, but it is still far from success. " Before, Chen Xiang had heard from him that even though he had studied for many years, he still could not succeed.

Chen Xiang shook his head, he no longer thought about it and continued to learn the World Defying Dan grain.

Right now, he could smoothly form a Flying Dan grain with one breath, but he still felt that he was lacking something.

In the next two months, he had gradually grasped this Flying Dan grain. It could be carved to look exactly like the one on the stone wall, but it lacked a trace of spirituality.

"Do I have to refine it into a pill?" Chen Xiang took out a World Defying god-becoming Dan. He did not know how to use it, so he could just directly inscribe it on the surface of the pill.

"Let's begin!" Chen Xiang took a deep breath.

The Flying Dan grain that he had previously carved were all very large, and the one that he had carved on the surface of the pellet right now was very small.

"Let me try and release my strongest Arrogant Morale. Then, I will form a pill pattern and inscribe it on this pellet." Chen Xiang remembered that Yan Jiu had said before that the consumption required to inscribe a World Defying Dan grain was enormous, and that he would have to pay a great price.

Chen Xiang began to release his own Arrogant Morale, condensing it into extremely thin threads.

With no one to guide him, he could only figure it out by himself. Based on his own experience, he was able to determine what to do next.

In ten whole days, he had used half of his energy to condense the Flying Dan grain. He had already succeeded, but he was still missing something, which made him very angry.

He was sure that even if the World Defying Dan grain was carved onto the surface of the World Defying god-becoming Dan, it would not have any use, because it was missing one thing, he could not say what it was. He could only feel that the World Defying god-becoming Dan would not fuse with the Flying Dan grain.

"What is it?" Chen Xiang thought hard. He wished that a Alchemist could teach him a thing or two, because thinking about this answer was extremely painful.

"Pay the price of my life?" Chen Xiang carefully thought back to what Yan Jiu had said. Yan Jiu had once said that in order to condense Flying Dan grain, one could even pay the price of one's life!

"Alright, I'll throw caution to the wind!" Chen Xiang took a deep breath and frowned. He forced out all of his life force and poured it all into the Flying Dan grain.

His pure life force flowed into the Flying Dan grain like a ray of blood-red light.

The Flying Dan grain was like a bottomless pit, crazily devouring his life force. Seeing this, Chen Xiang's eyes lit up, because there was finally an effect.

"Sijing, how beautiful, quickly send me your life force." anxiously shouted, the Flying Dan grain had suddenly increased its devouring speed in an instant, and Chen Xiang could feel that his life force was disappearing many times faster.

Jiang Simei and Jiang Sijing had trained in the power of life and regeneration for many years, and both of them were already at the World Defying Stage Divine Rank. She very quickly released a large amount of life force and channeled it into Chen Xiang's Divine Sense Sea, allowing him to absorb it on his own.

There were all sorts of strange flowers and herbs growing in You Yao Mountain Villa, which could also provide a large amount of life force.

"This Flying Dan grain is so deadly!" Chen Xiang couldn't help but exclaim. It had already been devouring his life force continuously for two days, and if not for the Mei Jing Sisters's support, he would have been sucked dry long ago.

Three days had passed, and the originally pure white Flying Dan grain had become blood-red and alluring, yet it looked as if it had a trace of spiritual energy. This was what Chen Xiang thought was missing previously, this was the Qi!

"I wonder if it can be successfully branded on the World Defying god-becoming Dan!" Chen Xiang had spent more than two months to torture the Flying Dan grain and he felt that he was not far from success.

The Flying Dan grain was being controlled by Chen Xiang, and covered on the surface of the World Defying god-becoming Dan. Currently, it was flashing with a red light, Chen Xiang thought that it would

be easier to follow along, because he could feel that the World Defying god-becoming Dan had formed a resonance with the Flying Dan grain.

Just as Chen Xiang was rejoicing in the situation, a strong devouring force suddenly appeared. This time, not only did he feel his life force being drained, he also felt the blood in his body being frantically devoured.

"Meimei, Sijing, save me!" Chen Xiang shouted in shock, he could not shake the Flying Dan grain off either.

Jiang Simei and Jiang Sijing immediately channeled all of their life force into Chen Xiang.

"Blood!" Blood! "Blood!" Chen Xiang's body was strong, and his blood was also strong.

"Eat the Blood shark fitness Dan!" Su Meiyao anxiously shouted. Previously, when Chen Xiang needed her life force, she had already escaped from the Time array, worried that something might happen to Chen Xiang.

Su Meiyao took a big pile of Blood shark fitness Dan and stuffed it into Chen Xiang's mouth, allowing him to chew.

After Chen Xiang ate a large amount of Blood shark fitness Dan, his pale, shrivelling up body finally recovered a bit of color. Luckily, the Young girl Danling was able to refine a lot of the blood.

In order to condense more Blood shark fitness Dan, they went inside the Time array. In just a moment, they brought out a big basket and like rice, they placed it beside Chen Xiang. Su Meiyao kept stuffing it into his mouth, trying to replenish his blood!

Chen Xiang trained like this for a whole day and night before the Flying Dan grain finally began to slow down and engulf and devour.

"I almost died, refining pills and using World Defying Dan grain, I really have to pay with my life." Chen Xiang sighed again.

"It's nothing. Aren't you fine now?" Su Meiyao laughed.

The World Defying god-becoming Dan fused with the Flying Dan grain and the instant after, all of the World Defying god-becoming Dan's aura disappeared in an instant. Previously, it had even released a trace of a faint aura and pill fragrance, but now it was completely gone.

Chen Xiang looked at the World Defying god-becoming Dan on his palm, and said with a frown: "This pellet is trembling! The inside is very, very hot! "

After speaking, he couldn't help but loosen his grip on the World Defying god-becoming Dan. The World Defying god-becoming Dan was currently like a red-hot metal bead, constantly emitting waves of heat. In an instant, the entire stone room was filled with steam.

"Evolving!" Su Meiyao was drenched in sweat from the heat. "This heat is way higher than the temperature of your blood and fire!"

[Chapter 3518](#)

Chen Xiang did not expect that there would be such a shocking change after he had successfully engraved the Inscription.

In order to test the core's current temperature, Chen Xiang took out a piece of Crystal emperor, and controlled it to float at the side. Just as it approached the pellet, the Crystal emperor instantly melted, and its energy was also absorbed by the pellet.

"Self-refining?" Su Meiyao looked at the World Defying god-becoming Dan that was floating in the air while constantly shaking, and looked forward to the effects of this pellet.

"It should be. After carving the Flying Dan grain, this pellet of pellet had such a change. It should be the effect of the Flying Dan grain." Chen Xiang earnestly stared at the pellet, patiently waiting ...

"We have already been in Tao-creation Mountain for half a year." Su Meiyao snuggled close to Chen Xiang, and looked at the World Defying god-becoming Dan's pellet that was continuously emitting heat. They had already waited for a month.

Chen Xiang didn't dare to do anything during this month. He could only watch quietly, worried that something might happen to the pellet. Su Meiyao would also come out of the Time array from time to time to take a look.

The fiery red World Defying god-becoming Dan floated in the air and continuously trembled. Every time it trembled, waves of hot air would leak out and Chen Xiang did not know when it would end.

"It doesn't seem that intense anymore!" Su Meiyao said. She struggled out of Chen Xiang's embrace and sat up looking at the World Defying god-becoming Dan.

"En!" Chen Xiang anxiously walked over.

After the World Defying god-becoming Dan had stopped trembling, it gradually dimmed down. Previously, it had been as red as a glowing ruby, but now that it had dimmed down, it had turned into a greyish-black color, like a piece of carbon.

"No signs of life, it's ice-cold, as if it's dead!" When the pellet fell, Chen Xiang immediately caught it with his hand. Holding it in his hand, he felt disappointed.

"Could it be that he failed?" Su Meiyao was a little worried, Chen Xiang had spent a lot of time and energy on this pill, and now he had to use this time to increase his own strength to save Xiao Xianglin.

"I don't know, I'll eat and see!" Chen Xiang opened his mouth and threw the pellet into his mouth.

After swallowing it, Chen Xiang started to feel an ice-cold feeling from before, causing him to involuntarily cover his stomach. The sudden coldness made his stomach tingle, making him feel a kind of throbbing pain in his abdomen.

"How is it?" Su Meiyao saw the pain on Chen Xiang's face and asked anxiously.

Just as Chen Xiang wanted to speak, he felt the ice in his abdomen suddenly disappear, and then, a warm feeling appeared, causing him to feel extremely comfortable.

"It's very strange!" This was the first time Chen Xiang had eaten a pellet refined with a Flying Dan grain, and he didn't know what was going on when he encountered this kind of situation.

After the warm current appeared, the temperature gradually rose ...

"It's here, it's working!" Chen Xiang suddenly shouted out in shock, his face was full of excitement: "What a terrifying wave of energy!"

After he finished talking, the pellet in his abdomen suddenly cracked open and burst open. A violent wave of energy surged within his body like a raging wave.

He immediately sat down cross-legged and channeled his cultivation technique to unblock the energy that was continuously flowing out and control it to enter the Divine Sense Sea.

The Six beasts in the Divine Sense Sea was suddenly extremely excited. The energy that was rushing into the Divine Sense Sea was like several huge rivers that rushed towards the Six beasts as well as his proud divine soul.

"It's really strong!" Even Su Meiyao, who was beside Chen Xiang, could feel the aura that was emitted from the explosion of his energy.

Chen Xiang had his doubts about the effectiveness of the World Defying Dan grain before, but now, his doubts had been completely dispelled. He also found it hard to understand why the World Defying god-becoming Dan would become so terrifying and contain so much energy after fusing with the World Defying Dan grain.

"I understand!" Feng Ke'er suddenly said: "The Tao-creation Incantation has a subtle connection with the Myriad Tao, so the energy of the Tao-creation Incantation comes from the Myriad Tao World."

"The World Defying Dan grain was evolved from the Tao-creation's Incantation. Previously, it was constantly heating up, and was crazily absorbing the Myriad Tao's power to improve itself. It's just that we can't feel the connection between the World Defying Dan grain and the Myriad Tao at all."

"After the Tao-creation Incantation was evolved by the smart Alchemist, it could absorb a lot of energy that was more compatible with the divine pellet, and a large portion of the energy absorbed by the Tao-creation Incantation was not beneficial to the divine pellet."

The World Defying Stage Soul River was an extremely large number of Tao-creation Incantation, so there was an unending flow of energy to nurture the World Defying Stage Fierce Soul.

Chen Xiang felt that Feng Ke'er's words were reasonable. Amongst the Myriad Tao, there were many different types of energy, and the energy that was the most suitable for the divine pellets to raise in quality was the best.

"Refining this energy will take a long time, I need to release a Time Domain." Chen Xiang said.

Su Meiyao entered the You Yao Mountain Villa and continued refining her World Defying god-becoming Dan. She felt that it wouldn't be easy to master the Flying Dan grain, so she didn't plan to learn it now.

Chen Xiang used the second stage of Time Domain and stayed inside for nearly a hundred years before he managed to refine that power. After he came out from inside, more than a month had passed outside.

"Late period of World Defying magic realm!" When Chen Xiang released his Arrogant Morale, the ground and mountains suddenly shook. He did not use the power of the Divine Sense Sea's Six beasts yet.

Just a single World Defying god-becoming Dan that had joined the World Defying Dan grain had caused him to step into the Late period of World Defying magic realm from the middle stage ... Although he had refined it for a hundred years, it was still an extremely fast speed.

Even Xiao Xianglin had only been at the peak of the middle stage of the World Defying Stage Divine Rank before;

"It's about time to go back." Chen Xiang walked out of the cave with a profound gaze, staring into the distance. He could no longer wait to return to the Dragon-Elephant School to save Xiao Xianglin.

Before he left, he came to an inn in the Cang Fire City. This was the room that Song Longprofound had rented before he left, and the lease term had not yet arrived.

"Big brother!" Song Longprofound was actually inside. He was very excited when he saw Chen Xiang had arrived.

He had heard about Ling Yong's matter and was about to go save Ling Yong. He had even succeeded in doing so, but Chen Xiang's delay in coming back made him extremely worried.

"I'm fine, those guys can't do anything to me." Chen Xiang chuckled: "Long Xuan, how's the progress of your Curse literature?"

"You learn very quickly. Brother, there is an old man who knows that my talent is not bad, he said that he wants to take me as his disciple, he is from another Tao-creation Mountain, do you think I should go?" Song Longprofound asked.

"Of course I'm going. This is an extremely rare opportunity." Chen Xiang asked: "What's the level of that old man?"

"The old man said that he had mastered all of the Tao-creation's incantations and even showed them to me. It should be very reliable." Song Longprofound said.

"Alright, you can go with him! When the time comes, help me keep an eye out for World Defying Dan grain, it will be useful to me." Chen Xiang had already tasted the sweetness of World Defying Dan grain, he only had Flying Dan grain like this kind of existence now.

"Alright, I will definitely pay attention. If it wasn't for you giving me so many Tao-creation's Incantation, I wouldn't have been looked up to by that old man." Song Longprofound chuckled: "I will definitely learn a lot in the future and help Big Brother get more World Defying Dan grain."

"En, we will meet again in the future. We will definitely meet again." Chen Xiang laughed.

Chen Xiang bid his farewell to Song Longprofound in such a simple and simple manner. The seven Tao-creation Mountain s were neither big nor small, they would be able to meet again in the future.

[Chapter 3519](#)

After Chen Xiang left the Cang Fire City, he summoned Ah Hu and rode him out of the Tao-creation Mountain, entering the white mist.

"Dragon-Elephant School! Master, I am here, you must have suffered a lot over this period of time. " Chen Xiang's expression was solemn, his fists clenched, he gazed into the distance and gave way.

Back then, Xiao Xianglin had only been captured to avenge him, and used the Tao-creation's sacred crystal to blow the Grand Elder to death. This was all to help him vent his anger!

When Chen Xiang thought back to the elders in the Dragon-Elephant School who had deprived him of his Legendary mantra, he could not help but feel anger in his heart. Back then, his strength was weak, and he was not even a match for those elders.

Even though Xiao Xianglin was his master, the strength of those elders was still hard for her to shake! However, as her teacher, how could she just sit by and watch her disciple suffer without being able to do anything? Therefore, she gave it her all. She wanted to make those elders pay a heavy price, no matter what the cost.

She had done it, but it had put her in a desperate situation where she was captured and sealed by the elders!

The strongest elder in the Dragon-Elephant School is also the Peak of World Defying magic realm, if they truly had a cultivation level that surpasses the Peak of World Defying magic realm, they would have already gone to the Tao-creation Mountain.

Chen Xiang was currently using the Late period of World Defying magic realm, and he believed that by using the power of the Red fire dragon, he would be able to rival the Peak of World Defying magic realm.

"This time, I can only succeed. I can't fail!" He had to settle the debt of having Chen Xiang's Legendary mantra stolen from him with the elder of the Dragon-Elephant School.

... ..

Within ten days, Chen Xiang arrived at the bustling city outside the Dragon-Elephant School. Ah Hu was currently in the middle stages of the World Defying Stage Divine Rank, and his speed had increased in all aspects, becoming a great help to him.

He had only been gone for more than half a year, but there seemed to be a lot going on here.

The previously injured sect Leaders had now recovered from their injuries! Those sects that had lost their Leaders in the barrier also had new Leaders born.

The moment Chen Xiang returned, he heard everyone talking about what had just happened!

Ten days ago, Xiao Xianglin's parents returned!

Xiao Xianglin's parents had been missing for a period of time, and their whereabouts were already unknown when Xiao Xianglin was in trouble. They came back ten days ago. They seemed to have known about this long ago, so they attacked and tried to rescue their daughter as soon as they came back.

Although they were just half a step away from the Peak of World Defying magic realm, against the few elders of the Dragon Subduing School, they were no match for them.

So, Xiao Xianglin's parents were quickly taken down, seriously injured from the beating, and hung in front of the Dragon-Elephant School's gate as an example to the people!

Chen Xiang had already arrived at the entrance of the Dragon-Elephant School. Xiao Hengyong and Ning Qian's bodies were covered in blood and wounds, both of them looking listless.

Seeing this scene, the anger in Chen Xiang's heart almost burst out. This was Xiao Xianglin's parents, although they were normally strict with Xiao Xianglin, they still doted on their daughter.

This is what happens to the traitors of the Dragon-Elephant School. First, it was their precious daughter who betrayed them, and then it was them. He was Palace Main Disciples of the Dragon-Elephant School, his name was Li Kaiyi, and Chen Xiang remembered him, he was sworn enemies with Xiao Xianglin.

"Xiao Xianglin being here today is such a great pleasure, I have long disliked this unreasonable woman." Li Kaiyi laughed sinisterly as if he was a small person who had achieved his goals.

"You can't bear to look at her because you're not as strong as her!" Chen Xiang said in a deep voice, purposely speaking loudly, so that the thousands of people around him could hear him.

"I'm not stronger than her? "What a joke!" Li Kaiyi smirked, then glared at Chen Xiang with a hint of anger.

Chen Xiang had already changed his appearance, he could not recognize him at all.

"You're not as strong as her! I can only blame her here. This is truly a very funny thing! " Chen Xiang also laughed: "I'm right, you're even worse than women, useless trash."

Li Kaiyi suddenly became furious. This was the entrance to the Dragon-Elephant School, and to think that someone would mock him like this at his front door. Anyone would get angry at this.

"What kind of thing are you? On what basis am I not stronger than Xiao Xianglin? I could kill a woman like her with a single slap. " Li Kai Yi bellowed and walked towards Chen Xiang.

"Oh? Xiao Xianglin could kill a few Elders, which meant, you can kill a few Elders with a single slap? Haha... You are so powerful, the Dragon-Elephant School sent you here to guard the door, you are truly a waste of your talent. " Chen Xiang laughed and said.

Li Kaiyi was infuriated to the point that he could not hold back, he walked in front of Chen Xiang and slapped him with his palm.

Li Kai Yi was from the Palace Main Disciples, and was at the peak of the middle stage of the World Defying Stage Divine Rank. He was almost at the late stage, and could be considered more outstanding among his generation, he was extremely confident in his own strength.

"You talk too much!" When Li Kaiyi's palm landed, he shouted angrily.

With a move of Chen Xiang's mind, a burst of Arrogant Morale formed an invisible shield, bringing with it a burst of scorching power, Li Kaiyi's palm landed on the invisible shield, causing a burst of smoke to emit from his palm, and in the next moment it melted, turning into ashes!

Li Kaiyi looked at his disappearing palm in horror, his whole body was trembling, and he kept retreating. He knew the man in front of him was very strong, and he was not someone he could deal with.

Right now, Chen Xiang was a Late period of World Defying magic realm, adding on the fact that he had the power of a Six beasts, a person like Li Kaiyi was just a pile of ashes in his eyes.

"You ... "Who are you?" Li Kaiyi screamed in shock.

Chen Xiang immediately changed back to his original appearance. "I am Chen Xiang, and Xiao Xianglin is my master!"

After he finished speaking, Chen Xiang fiercely kicked Li Kaiyi's abdomen, "Scram back and tell those dog shit elders, if they don't release my master, I will flatten Dragon-Elephant School!"

After being fiercely kicked by Chen Xiang, Li Kaiyi was sent flying through the Dragon-Elephant School entrance. He did not know where he was kicked to, but after a while, a sound came from inside.

Chen Xiang jumped up and waved his Heavenly magic sword, cutting apart the chains binding Xiao Hengyong and Ning Qian. Then, he placed the couple into the Six Realms mirrors and let the Mei Jing Sisters treat their injuries.

Just as they were saved, two elders ran out from Dragon-Elephant School. The elder of was the one who saved them!

"Chen Xiang, you evil person, use your Killing evil dragon s and commit heinous crimes everywhere. Your master even killed my Dragon-Elephant School's elder, don't think of leaving today." As an old man spoke, he held a huge blade in his hand and walked over to Chen Xiang.

Chen Xiang's body moved like the wind, in a blink of an eye he was already behind the old man, only to see his arm suddenly transforming into a flaming dragon claw, directly smashing onto the old man's head, following the burst of a dragon roar, the dragon claw shook, and a fire dragon came out from the dragon claw, which pierced through the old man's entire body.

The old man instantly turned into ashes!

Another clan elder also attacked, he had witnessed everything from up close, and instantly killed all of these elders of the Late period of World Defying magic realm, his strength was truly at the Peak of World Defying magic realm!

This elder's heart was currently in turmoil and incomparably shocked, because half a year ago, Chen Xiang was merely a Aoshi Holy Stage and it was only half a year later before he stepped into the Peak of World Defying magic realm! This was a peerless genius!

[Chapter 3520](#)

The elder didn't think too much and immediately changed his attack to defend. He knew that Chen Xiang's current strength was extraordinary and would only be able to contend against the Peak of World Defying magic realm in the future.

Furthermore, Xiao Xianglin was currently being imprisoned, so he naturally did not care about anything else as his disciple. Whoever blocked him would die, just like the elder who was killed by Chen Xiang.

Although the elders had already used all of their power to defend and at the same time, move backwards, he thought that he could escape, but he didn't expect Chen Xiang to actually understand the power of space and teleported behind him.

Roar ... The dragon let out a long roar, its fury like a dragon. Its claws roared, pouring into the old man's body from above his head. The dragon fire sprayed out in all directions, and with a boom, the old man's body turned into ashes.

When the surrounding few thousand people saw that Chen Xiang's two claws had killed the two arrogant elders of the Dragon-Elephant School, their hearts trembled and their hairs stood up. When they felt the domineering Arrogant Morale of Chen Xiang that looked down upon the world, they had the urge to kneel down.

"Chen Xiang, you're finally here! I've been waiting for you for a long time! You were once a disciple of the Dragon-Elephant School but you betrayed the Dragon-Elephant School and you even killed an elder of the Dragon-Elephant School. The one who spoke was Yuan Zhiqing, Leader of the Dragon-Elephant School.

Back then, it was Chen Xiang and Xiao Xianglin who had saved him.

Just when Chen Xiang felt that this Yuan Zhiqing was ungrateful and angry, he heard Yuan Zhiqing sending him a sound transmission.

"Quickly capture me, then use me to threaten those elders and have them release your master." The voice that came from Yuan Zhiqing, made Chen Xiang feel gratified. He felt that it wasn't in vain that he had saved him.

"Incompetent Leader!" Chen Xiang pretended to be extremely angry and shouted angrily. He then threw out his Six Realms mirrors, released a barrier, and sealed Yuan Zhiqing who flew out.

After that, he immediately rushed over and gave Yuan Zhiqing a round of punches and kicks. Finally, he kept Yuan Zhiqing inside his Six Realms mirrors.

The surrounding crowd who were scared to the point of retreating earlier, all stopped at this moment. They were scared to the point that their legs had gone limp, that Leader was actually captured in a matter of moments, and it wasn't that easy to catch a mouse.

"Disciples of the Dragon-Elephant School, listen up! Your Leader has already been captured by me! If you want me to return Dragon-Elephant School, then release my master. I will come back tomorrow morning. "

After Chen Xiang finished speaking, he immediately flew into the air, and disappeared in the blink of an eye.

Without Chen Xiang's oppressive Arrogant Morale, everyone felt as if a heavy burden had been lifted as they all let out a long sigh.

... ..

Chen Xiang hid outside the city, and entered the Six Realms mirrors s.

"Seniors, I am truly sorry. If it wasn't for me, Master wouldn't be in such a predicament." Chen Xiang felt extremely guilty. Xiao Hengyong and Ning Qian loved their daughter as if her life depended on it. She often restricted Xiao Xianglin from doing all sorts of dangerous things.

"Sigh, now that things have developed to this point, there's no point in speaking any further." Xiao Hengyong sighed: "Maybe this is her life! Besides, we can handle what she's doing! "

Ning Xi sighed lightly and said, "She is your master, and yet you are being treated like this by the elder. She stood up for her disciple, showing that she is a competent master! It is already unforgivable for those doyens to do such a thing. The reason why she killed a few doings of the doyens is also because she is taking justice for the heavens. "

Yuan Zhiqing rubbed his waist, he had been beaten up by Chen Xiang just now.

"You brat, your attacks are really ruthless." Yuan Zhiqing muttered.

"Hmph, you useless Leader, you still have the nerve to come see me! It was me and my master who saved you, so you should be clear about who retrieved your life. It had already been half a year and you couldn't do anything right? " Chen Xiang was extremely angry, and this was also the reason why his actions were so heavy.

Ning Qian and Xiao Hengyong were secretly shocked. They knew that Yuan Zhiqing had been severely injured after returning from the barrier, but they did not know that Yuan Zhiqing was saved by Chen Xiang and Xiao Xianglin.

"I have my own difficulties too! Xiang Luan is locked in the divine tower of an elder. This divine tower is the divine tool of the elder and is hidden in the elder's Divine Sense Sea. What do you want me to do? " Yuan Zhiqing shook his head and sighed, "I really have no other choice ... I have also discussed with Brother Wan how to save her, but I still don't have a good idea. "

As the Leader, Wan Haixu was extremely powerful and his injuries had already recovered. He was saved by Chen Xiang and Xiao Xianglin and his relationship with Yuan Zhiqing was also pretty good.

Xiao Hengyong and Ning Qian had placed all their hopes of saving Xiao Xianglin on Chen Xiang. They knew that Chen Xiang was very strong, he had only gone missing for half a year, and that he could instantly kill an elder of the Dragon-Elephant School.

They suddenly felt that their daughter had very good eyes. She had actually accepted such a powerful disciple!

"Yuan Zhiqing, do you think they are willing to use my master to exchange for you?" Chen Xiang looked at Yuan Zhiqing with contempt.

"This... I will definitely do so, I am a Leader of the Dragon-Elephant School. " Yuan Zhiqing said with certainty: "I am a cultivator of the Peak of World Defying magic realm after all, and am very important to the Dragon-Elephant School!"

"Really?" Chen Xiang's face was filled with suspicion, causing Yuan Zhiqing to curse in his heart.

"It's true!" Yuan Zhiqing gave a casual smile, filled with absolute confidence.

"And if they don't?" Chen Xiang asked again.

"How could I not?" Yuan Zhiqing had never thought of this. He felt that since he was a Leader, he must be very important to him.

"I said if." Chen Xiang asked.

"If they don't, then I. I will leave Dragon-Elephant School and risk my life to save your master. " Yuan Zhiqing said very seriously: "I am not an ungrateful person!"

... ..

The news of Chen Xiang capturing the Dragon-Elephant School quickly spread through the ten great sects and many forces of the region. This was mainly because the Dragon-Elephant School had spent a large amount of resources and used the Transmission array to spread the news.

When the elders of the Dragon-Elephant School learned that Chen Xiang had advanced by leaps and bounds, they were naturally extremely shocked. They all thought that it was because of the Killing evil dragon, so they had to ask the people of the Dragon Controlling Palace to come over.

The people of the Dragon Controlling Palace were very willing, and were very interested in the Killing evil dragon. Especially after knowing that Chen Xiang had advanced by leaps and bounds through the Killing evil dragon and had stepped into the Peak of World Defying magic realm from the Aoshi Holy Stage in half a year, they all used a large number of the Crystal emperor to open up the Transmission array and headed towards the Dragon-Elephant School!

Leader of the Tao-creation School, upon learning of this matter, immediately guessed Yuan Zhiqing's intentions. He also felt that this method was not bad, and might actually be able to save Xiao Xianglin.

The elders of the Tao-creation School had a good relationship with the elders of the Dragon-Elephant School, so they immediately brought Wan Haixu to the Dragon-Elephant School!

"The Killing evil dragon are really powerful, to actually let Chen Xiang grow so much in half a year!" They had already passed through the Transmission array and arrived at the Dragon-Elephant School.

Wan Haixu was sure that Chen Xiang did not pass through the Killing evil dragon. It was because Chen Xiang had come to find him before and asked him where the Tao-creation Mountain was, he knew clearly that Chen Xiang had only become so strong after returning from the Tao-creation Mountain.
