

Dan God 3541

[Chapter 3541](#)

Separating Fire Dan Pavilion was very tall, there were many floors, and it would not be easy for them to search them all.

"If we go over there, we should be able to leave easily." Hua Li Qing was already invisible, but she was still a little nervous. She pulled Chen Xiang along carefully, wanting to leave Sparkling Fire City without anyone noticing.

"Sister Li Qing, did Wood Mountain Sect send them?" Chen Xiang asked: "They actually dare to 'mess' here?"

"They should be from Wood Mountain Sect. It seems like they want to secretly capture you alive, I knew they would send people to watch us." Hua Li Qing was extremely angry, Wood Mountain Sect was too unreasonable.

Even if we make a big commotion here, it will be fine. Just consider it as the explosion of the Separating Fire Dan Pavilion, we will definitely be able to capture Chen Xiang and Hua Li this time! It must be said that Hua Li Qing has mastered many pill formulas, if they can be used by our Wood Mountain Sect, then our Wood Mountain Sect will definitely be the strongest of the seven Tao-creation Mountain s. "

The black-armored man guarding the door laughed in a complacent manner. It was an old man.

Hearing that, Hua Li Qing's heart was filled with rage, it was actually caused by Fire Heaven General Director, if not, Wood Mountain Sect would not dare to do such a thing.

"Right now, we are here on behalf of the Sparkling Fire City to clean up this burning building, haha ... Definitely no one knows that we are from the Wood Mountain Sect. " Another old man also laughed complacently.

Chen Xiang could feel that Hua Li's jade-like hand was suddenly squeezing his own hand tightly. It was so hot that it seemed to be enduring the anger in his heart.

"Sister Li Qing, do you want to fight?" Chen Xiang asked anxiously: "I can fight at any time. Fiction [

"No need, let's talk after we get out!" She had already suppressed the anger in her heart and pulled Chen Xiang out of the Separating Fire Dan Pavilion, but the two black armored men who were chatting and laughing did not notice them.

After walking out of Separating Fire Dan Pavilion, Hua Li Qing saw that Fire Heaven General Director had brought a large group of black armored men to seal the place, and did not allow anyone else to approach the Separating Fire Dan Pavilion.

Hua Li Qing ran with big strides, and suddenly distanced himself from the Separating Fire Dan Pavilion.

Chen Xiang felt a great amount of regret, because he felt that he should be the one repairing the group of Wood Mountain Sect inside the Separating Fire Dan Pavilion. Just as he was sighing to himself, he heard a burst of intense explosions from behind him, and scorching waves of air swept over, bringing with it a large amount of purple colored mist, and then, a large amount of broken pieces of air flew over.

Separating Fire Dan Pavilion had been shaken to the point that there were many cracks on his body. In the darkness of the night, the entire Sparkling Fire City was enveloped by the purple fire qi that had erupted from Separating Fire Dan Pavilion. Looking down from high up in the sky, it seemed as if the entire Sparkling Fire City was shrouded in purple light.

"Sister Li Qing, did you do this?" Chen Xiang did not expect Hua Li to be so terrifying when he was infuriated, and he could not help but laugh.

"Hmph, who told these guys to have ideas about a girl like me every day. They always thought that I was weak and easy to bully." Hua Li Qing snorted, "Now let them see how powerful I, Hua Li, am."

"Will those guys survive?" Chen Xiang asked curiously.

This is a killing array that was left behind when I was building the Separating Fire Dan Pavilion. Only I can activate it, and that is to prevent the Separating Fire Dan Pavilion from dying together with the enemy. If the Separating Fire Dan Pavilion were to finish burning this array, then this killing array will disappear. Hua Li Qing said.

Hua Li Qing had already left Sparkling Fire City with Chen Xiang.

Sparkling Fire City was in an uproar, such a huge commotion, it was unprecedented!

Fire Heaven General Director who was closest to the Separating Fire Dan Pavilion was blown away by the wave of heat and crashed into a building. When he landed on the ground, he was also stunned, he never thought that Hua Li Qing would actually do such a thing.

Fire Heaven General Director was panicking, because the people of Wood Mountain Sect must have all died inside, it was a powerful force, and it was all destroyed just like that, and it was all because of him.

No matter what the reason was, the Wood Mountain Sect would definitely blame it on him.

In the dark of the night, the Fire Heaven General Director took advantage of the chaos to flee the Fire Heaven Building.

Hua Li Qing and Chen Xiang were already far away from Sparkling Fire City.

"Sister Li Qing, where are you taking me? Is there really no need to worry about Wood Mountain Sect there?" Chen Xiang believed that Hua Li Qing would quickly become famous, and the moment Wood Mountain Sect finds out, she would definitely rush over to cause trouble.

"That place is called Seven Mountains Divine Island!" Hua Li Qing said: "You probably haven't heard of it before."

"I have heard of the Tao-creation Ancient Place. There are a lot of the Tao-creation's Holy Crystals inside." Chen Xiang asked: "Where is the Seven Mountains Divine Island?"

"The Tao-creation Ancient Place is above the Seven Mountains Divine Island!" had actually heard of the Tao-creation Ancient Place, but not the Seven Mountains Divine Island.

Hua Liqing knew that Chen Xiang had won over the Time array at Wood Mountain Sect, so they did not have to wait for too long.

"Little brother, your master is so powerful. He's actually such a powerful Refiner ... The Flying mantra is the fourth stage of the Tao-creation's Incantation, the Space mantra is only at the third stage, but your master has mastered all of the Flying mantra. " Hua Liqing felt that this was impressive, she knew about the Tao-creation Incantation very well.

"Hehe, my master has mastered all the's incantations from the first to the seventh, she is currently learning the eighth, Tao-creation's incantation." Chen Xiang laughed.

Using the Legendary mantras, Xiao Xianglin was able to divide two clones to learn the Tao-creation's Incantation, while her main body was only learning Artifact Forging. This was her greatest strength, even Chen Xiang did not know how her clone was able to learn the eighth stage of the Tao-creation's Incantation.

"Is your master the legendary Heavenly Incantation Master?" Hua Liqing took a deep breath, "She is only at the middle stage of the World Defying Stage Divine Rank, but she has mastered so many Tao-creation's Incantation.

Hua Liqing knew a lot of things, which showed that her origins must not be simple.

"What is the Heavenly Incantation Master?" Chen Xiang only knew that Xiao Xianglin's Incantation of the Tao-creation was extremely terrifying, learning the Tao-creation Incantation was as easy as eating a meal.

"He is a person who learns the Tao-creation's incantations very quickly. He is born with this talent." Hua Liqing was very anxious and excited as he asked, "Is your master like this?"

"En!" Chen Xiang once again recalled the Song Longprofound he met in the Cang Fire City. This was also a person who learned the Tao-creation's incantations very quickly.

"That's great!" Hua Liqing was very excited: "Once your master has mastered all the incantations in the Tao-creation, she will be able to study the World Defying Dan grain. For the Alchemist, this is an extremely difficult task, but for the Heavenly Incantation Master, it is very easy."

Chen Xiang had thought of this since a long time ago, he did not expect it to be true.

"Sister Li Qing, is Heavenly Incantation Master very rare?" Chen Xiang asked.

"Of course, this is very, very rare ... If you go to Seven Mountains Divine Island, you will know that Heavenly Incantation Master and the powerful Alchemist are on equal footing. " Hua Liqing was very happy at the moment. Chen Xiang was a talented Alchemist, and Chen Xiang's master was a rare Heavenly Incantation Master.

Hua Liqing did not know of He Fengyuan's existence. The best pill recipe that He Fengyuan could concoct, to the Alchemist, was undoubtedly the same as a Heavenly Incantation Master.

"Sister Li Qing, you really know a lot of things. I am also from the Peak of World Defying magic realm, but I don't know as much as you do." Chen Xiang laughed.

"You must have entered the Peak of World Defying magic realm too quickly, so you haven't traveled through the Tao-creation Mountain. Naturally, you don't know ... I grew up in the Seven Mountains Divine Island, so I know more. "

Hua Liqing was actually raised by the Seven Mountains Divine Island, so her parents must be a very strong figure within the Seven Mountains Divine Island ... But why would she be oppressed by the Wood Mountain Sect?

"Then do you know about the Tao-creation Evil Ancestor?" Chen Xiang asked.

"I've heard of it... It was sealed a long time ago, and this fellow is the ancestor of all evil, he is extremely terrifying. " Hua Liqing replied, "And how do you know that?"

Chen Xiang had gone to the place where the Tao-creation Evil Ancestor was sealed, of course he knew about it.

"He ran out!" Chen Xiang sighed.

"Seriously... "Really?" Hua Liqing could not believe it.

"Hm!" But now there seems to be no movement. " Chen Xiang said: "Sister Li Qing, where do you think the Tao-creation Evil Ancestor will go after he breaks the seal!?"

"Of course it's here... You may not know this, but this place was originally one of the eight mountains, and one of them was the Tao-creation's Evil Mountain. After the Evil Ancestor was sealed, this mountain was refined into the Seven Mountains Divine Island. " Hua Liqing looked high up in the sky. "If the Tao-creation Evil Ancestor breaks the seal, it is very possible that he will return here."

Chen Xiang had never thought that the place he was going to next, would actually be refined in the Tao-creation Evil Ancestor's lair.

"How could this be?" Chen Xiang was very worried: "Is it not safe up there?"

[Chapter 3543](#)

In Hua Liqing's eyes, the Seven Mountains Divine Island was a very sacred place, and now that he found out that the Tao-creation Evil Ancestor had broken the seal, Hua Liqing was extremely worried. @,

"I don't know yet... The Tao-creation Evil Ancestor has broken the seal, the experts above the Seven Mountains Divine Island must definitely know about it. " Hua Liqing said: "If there really is any danger, then we will definitely be thrown into chaos right now."

"Let's go up and talk!" Chen Xiang thought of Luo Jiuyang and Gu Tong. After the two of them brought Tao-creation Evil Ancestor away, they had always been missing, which made Qin Shuang very worried.

Hua Liqing asked Chen Xiang how he knew about Tao-creation Evil Ancestor breaking the seal, and Chen Xiang told her what happened inside the barrier.

After hearing everything, Hua Liqing became more worried.

"Where did the Tao-creation Evil Ancestor go now? It seems like he has been trying to break the seal for a very long time, but there is no movement from this side at all. " Hua Liqing believed that if anything

had happened to the Tao-creation Evil Ancestor, he would have definitely come here at the first possible moment.

"Maybe he's not strong enough ... He has been sealed for so many years, his strength must have been affected by it. So now, he can only hide and strengthen himself, before investigating the entire strength of the Tao-creation Mountain to prevent himself from being sealed again. " said, he did not know how he could find Gu Tong and Luo Jiuyang right now.

No one knew whether Luo Jiuyang and Luo Jiuyang were dead or not, but Qin Shuang thought that Luo Jiuyang was not.

"Sister Li Yi, Wood Mountain Sect's Leader is so powerful, he should be staying in Seven Mountains Divine Island. The last time he attacked me, he almost got killed by him." Chen Xiang said: "Wood Mountain Sect is not at the peak of the mountain, it's just at the halfway point ... It's the same for Tao-creation Fire Mountain. "

"The peaks of the seven Tao-creation Mountain s are all occupied by genuine super great sects ... Halfway up the mountain is only the outer sect of the Wood Mountain Sect. If you perform well in the outer sect, you will be invited to the peak of the inner sect, and the inner sect disciples above can easily enter the Seven Mountains Divine Island. "

"So that's how it is!" Chen Xiang suspected that the in front of him might be an inner disciple of the Tao-creation Fire Mountain. It was on top of that, because Yan Jiu said that he had been to the Tao-creation Ancient Place before.

The Tao-creation Ancient Place was above the Seven Mountains Divine Island.

One day passed and Xiao Xianglin came out of the Time array. She handed the Six Realms mirrors over to Chen Xiang and said: "Refine all the Flying mantra s into it. I have even merged with the Increase spell in order to strengthen the Flying mantra. You only need to use your mind to control the Six Realms mirrors to float.

Chen Xiang wanted Feng Ke'er to use her golden needles to try and see if he could pierce through it, but after thinking about it, he decided to forget about it. If by any chance he could pierce it, it would take a long time to recover.

"Xiang Luan, have you finished learning the eighth and ninth level of the Tao-creation's Incantation?" Hua Liqing asked.

"Not yet... These two Tao-creation Incantations are not easy, and it is also a little complicated. " Xiao Xianglin frowned.

"Only by mastering these two Tao-creation's incantations can you create the World Defying Dan grain s with greater ease." Hua Liqing said: "I'm not too sure either, I heard about all of this. Among the nine levels of the Tao-creation's incantations, the two later stages are greatly related to the World Defying Dan grain."

"Mm, I will definitely master it." Xiao Xianglin laughed: "I'm going to take a look at this Six Realms mirrors's flying ability."

After Xiao Xianglin entered the You Yao Mountain Villa, Chen Xiang made the Six Realms mirrors grow bigger before walking with Hua Liqing.

Chen Xiang controlled the Six Realms mirrors to float in the air, and it could very easily fly up.

"Sit tight. We're going to fly high into the sky now." Chen Xiang laughed.

Hua Liqing was very happy when he saw the Six Realms mirrors flying at such a high altitude. In the future, they would be able to easily land on the ground.

"First fly high, and then you will be able to see the Seven Mountains Divine Island, and then fly towards it." Hua Liqing said, she did not know how she would be able to reach the island after flying like this.

The Seven Mountains Divine Island must have a huge barrier protecting them. If they couldn't pass through the entrance, they definitely couldn't fly in.

We can only talk about it now.

After flying for about an hour, Chen Xiang saw a black dot in the sky.

"That's the Seven Mountains Divine Island." Hua Liqing anxiously shouted: "Be careful that you don't fly over."

Chen Xiang was extremely careful. He immediately activated the Counter Power, causing the two of them and the Six Realms mirrors to hide themselves and fly towards the black dot.

The speed of his flying slowed down by quite a bit. It was mainly because Chen Xiang was worried that he would encounter some unexpected accidents when approaching, so he needed to be careful.

He was getting closer and closer to the Seven Mountains Divine Island. Right now, it looked like a super continent was floating in the sky, it was extremely huge.

"This Seven Mountains Divine Island is indeed very big." Chen Xiang exclaimed.

"It's, it's made from a Tao-creation Mountain, and it's said that the Tao-creation's Evil Mountain is the largest among all the Tao-creation Mountains." Hua Liqing said.

Several hours later, the Six Realms mirrors was already above the Seven Mountains Divine Island. Sure enough, there was a super huge barrier that the Six Realms mirrors could not penetrate, and would bounce away if it touched the barrier.

Chen Xiang secretly used the spatial formation within the Six Realms mirrors, releasing the power of space. After that, he added in the power of time and tried to use the Time and space power to penetrate it, but to no avail.

"Master, this barrier is too strong!" Chen Xiang shouted.

It had to be known that the spatial formation within Chen Xiang's Six Realms mirrors had been modified by Xiao Xianglin and his sister, so they had to use all of the Space mantra.

Adding on Chen Xiang's current strength, it was completely useless.

"I'll go out and take a look!" When Xiao Xianglin came out of the You Yao Mountain Villa, her expression changed greatly, "This ... This barrier does not seem to have been set up using the Tao-creation Incantation that I am familiar with. "

"It's not the Tao-creation Incantation? Could it be Legendary mantra? " Chen Xiang said in shock.

"He's also not a Legendary mantra" Xiao Xianglin shook his head, then looked towards Hua Liqing. "Li Qing, in this Seven Mountains Divine Island, there should be a type of incantation that is extremely powerful, right?"

"Tao-creation's Supreme Mantra ... I have only heard of these incantations, the Supreme Mantra s are all controlled by the seven great sects of the Tao-creation Mountain. " Hua Liqing said: "How is the Supreme Mantra? I don't know what ability it has, it has always been very mysterious."

"That should be it. Right now, I have no way of breaking this barrier." Xiao Xianglin frowned and shook his head: "How about this, you ride a Six Realms mirrors and fly around the Seven Mountains Divine Island to see if there are any entrances."

"Alright!" Chen Xiang could only do this.

After Xiao Xianglin entered the You Yao Mountain Villa, he controlled the Six Realms mirrors to once again rush towards the barrier. He wanted to test the barrier's reaction.

This time, it was very rough and fiercely collided with it. It caused a huge area of the Spirit Formation to make huge movements and a wave of lightning exploded out.

[Chapter 3544](#)

After Chen Xiang's Six Realms mirrors collided with the barrier, it was violently sent flying. Luckily, nothing happened.

"Quick, run." Hua Liqing anxiously shouted, because she had already seen many figures flying out of the barrier at an extremely fast speed.

"Someone is guarding the barrier." Chen Xiang used the Counter Power to make the Six Realms mirrors disappear.

A dozen or so people stepped on divine swords and flew out from the barrier. They all looked like middle-aged men with Late period of World Defying magic realm cultivations.

"There was a big commotion just now. What happened?" the leader shouted, looking around.

Chen Xiang rode on his Six Realms mirrors and quietly flew away, the security around the enchantment around Seven Mountains Divine Island was extremely tight, which also made Chen Xiang and Hua Liqing more at ease, because it would not be so easy for the Tao-creation Evil Ancestor to break through the enchantment.

"Looks like I have to find an entrance. I don't know if there will be any obstructions when the time comes." Chen Xiang said.

"I thought that it would be easy to get on there ... Legend has it that as long as a Seven Mountains Divine Island descends into the sea, they will be able to climb up. Hua Liqing said.

"It might have been easier in the past, but later on, when the people from the Seven Mountains Divine Island found out about what happened in the Tao-creation Evil Ancestor, they removed the barrier."

Chen Xiang looked ahead, while paying attention to what was inside the Seven Mountains Divine Island. At the edge of the area, there was a large forest, and it was difficult to see anything.

After flying for a good half a day, Chen Xiang still did not see any entrance.

"Could it be that Seven Mountains Divine Island will be more strict with this period of time?" Chen Xiang was currently outside the Seven Mountains Divine Island, but they were unable to enter. This made both him and Hua Liqing extremely anxious.

Seven Mountains Divine Island continued to move, but it was extremely slow. It was as if he was walking, and no one knew where he was going to fly to.

Chen Xiang continued to fly around Seven Mountains Divine Island.

It was night, and there were many stars in the sky. Multicolored starlight was brilliant, causing the dark night to be extremely bright.

Chen Xiang told the Six Realms mirrors to fly slower so he could see that there were no entrances.

"Is that star moving fast? That's a meteor code." Hua Liqing said. She was already invisible, and Chen Xiang could not see where she was pointing. He could only turn around and look at the sky.

Sure enough, he soon saw a blue speck of light flying towards him from behind.

"That's not a meteor. It looks like something is chasing us from behind ... It could have been something flying in our direction. " Chen Xiang said, then made the Six Realms mirrors stop. This way, they could hide even better.

The thing that was flying from behind was extremely fast, and not long later, Chen Xiang and Hua Liqing recognized what it was.

"It's actually a Four-winged flamingo." Hua Liqing was very surprised, they had seen the Four-winged flamingo not long ago, and had seen it at a close distance, so they would not recognize it wrong.

"Why is this guy here?" Chen Xiang watched the Four-winged flamingo flying above them, but the Four-winged flamingo did not discover them. It could be seen that the Six Realms mirrors had a good ability of concealment.

"This is the Flame Mountain Sect's Divine Bird. It might even be raised by the inner sect. Let's follow and take a look." Hua Liqing said: "Can we follow them without being discovered?"

"Alright, I'll try." Chen Xiang controlled the Six Realms mirrors to carefully fly up. Right now, he was maintaining a distance from the Four-winged flamingo, so it would not be discovered that easily.

The speed of the Four-winged flamingo was also very fast. Fortunately, the Six Realms mirrors had already been modified by Xiao Xianglin and had been refined using a few Tao-creation Divine Crystals.

"The Flying mantra is quite useful." Chen Xiang lamented, he previously thought that the Flying mantra was not very useful.

After flying with the Four-winged flamingo for an entire night, after daylight, the Four-winged flamingo's speed slowed down. They saw a gigantic door in front of them, and over half of the gigantic door was shrouded in clouds and mist.

"That's the gate." Hua Liqing said excitedly.

"The gate is guarded. It won't be that easy to get in." Chen Xiang said: "We have to think of a way."

"Why don't we discuss it with the big bird in front." Hua Liqing said.

"I'll try." Chen Xiang had revealed a bit of his own Qi, allowing the Four-winged flamingo to feel that the beasts were very sensitive towards auras. Thus, the remaining people felt that if the Four-winged flamingo discovered him, it would definitely make a move.

Sure enough, the Four-winged flamingo sensed the sliver of Qi he was releasing, and immediately turned around and flew over.

Chen Xiang withdrew his Counter Power, allowing them and the Six Realms mirrors to see through themselves. The Four-winged flamingo s were only at the Peak of World Defying magic realm level, while Chen Xiang and Hua Liqing were at it, so they were naturally not afraid of being attacked by the Four-winged flamingo.

When the Four-winged flamingo saw that it was Chen Xiang, a blue light flashed as it transformed into a woman dressed in a long skirt. The Four-winged flamingo also transformed into a woman, with a very beautiful appearance, tall stature, and a cold and arrogant expression, with a pair of enchanting almond-shaped eyes. Her eyes were a light blue, and a weak blue light flickered in her eyes as she stared at Chen Xiang and Hua Liqing.

"It's all of you." The woman was slightly surprised. She did not expect that humans could actually fly up here.

"Are the pills I refined still tasty?" Chen Xiang laughed.

"Hmph." The lady snorted, because at that time, Chen Xiang did not want to give her the pill.

From the last time the Four-winged flamingo landed on the roof of Separating Fire Dan Pavilion, Chen Xiang knew that although the woman in front of him looked noble and cold, she was actually an absolute glutton.

"Hello, I am Hua Liqing, this Alchemist is called Chen Xiang, the pill you ate at the top of the building last time is called Emotional heart Dan." Hua Liqing said softly with a sweet smile on his face.

"This guy didn't want to give me the pill last time, so he thought I was easy to trick." The Four-winged flamingo had become a lady, and she had been brooding over this matter, causing Hua Liqing to laugh uncontrollably.

"I wonder what Miss's name is." Hua Liqing asked with a smile.

"Feng Lanyi." She rolled her eyes at Chen Xiang who was smiling merrily.

"Miss Lan Yi, we can enter the Seven Mountains Divine Island." Hua Liqing asked.

"I'm afraid it won't be that easy..." Feng Lanyi looked at the door, "Right now, entering and leaving Seven Mountains Divine Island is very strict. It's not like how I could casually enter in the past."

"Is there any way?" Hua Liqing asked.

"The way to do that is to find the envoy of the island... Perhaps the seven Tao-creation Mountain Sects would need one proof to prove your identities, or else it would be difficult to pass through the big gate."
" Feng Lanyi said.

"Big sister Lan Yi, why don't you bring us in? Big sister Li Qing and I will enter the divine tool at my feet and then shrink. You just need to bring this divine tool through the door." Chen Xiang said: "If we are going to obtain that evidence, it will definitely cost a lot of the Tao-creation's Holy Crystals."

"No, I cannot do this, this is against the rules of the sect, I am an inner sect disciple of the Fire Mountain School, I absolutely cannot do this." Feng Lanyi's arrogant and beautiful face was filled with seriousness.

"I'll give you a Emotional heart Dan." Chen Xiang immediately said.

[Chapter 3545](#)

Feng Lanyi furrowed his brows, and said coldly: "If you don't do it, it will be a violation of the sect's rules."

"Two pills." Chen Xiang shouted.

"Alright." Feng Lanyi was speechless that Feng Lanyi would actually agree so straightforwardly.

However, Chen Xiang started to laugh. He knew that this kind of delicious fellow was easy to deal with, Long Xueyi had this kind of character.

"Give me Dan first." Feng Lanyi said.

"Not yet. How about we go in first? I'll give it to you after I finish refining." Chen Xiang said: "Refining requires a bit of time."

"No, you must give it to me first. I can wait for you to finish refining it." Feng Lanyi's expression was firm.

"Okay, wait for me."

Chen Xiang entered the Six Realms mirrors s, took out the Time array s, and entered the Time array s to quickly refine them into Emotional heart Dan s.

Right now, he had finally found a benefit of having the Four-winged flamingo, Feng Lanyi, work for him.

Chen Xiang stayed in the Time array for a long time and finally managed to refine two pills.

"Elder Brother Shen, we might be able to evolve this pill." Jiang Lisi the Young girl Danling suddenly said.

"Is this for real? I remember showing you the World Defying god-becoming Dan that was refined with World Defying Dan grain before. You said that it was not possible, but why is this pill possible?" Chen Xiang was a little doubtful.

"I don't know either. I just feel that this pill can ..." Maybe it is because this pellet is purely attributed to energy, but the World Defying god-becoming Dan contains a lot of complex energy. " Jiang Lisi said with her charming voice.

"Alright, then how many pills do you need to take to evolve?" Chen Xiang thought that the Young girl Danling wouldn't be able to evolve in the future, but he never thought that it would be possible again.

"Around five, no more than ten." Jiang Lisi said.

"En, once I enter the Seven Mountains Divine Island to stabilize, I will refine it for you to eat." Chen Xiang felt that the Emotional heart Dan was still very useful because it could attract fire type beasts like Feng Lanyi. Those who cultivated fire type energy might also like this pill a lot.

It had been more than a day since Chen Xiang came out of the Six Realms mirrors.

"I'll give you one pill first. After we successfully ascend to the Seven Mountains Divine Island, I'll give you the other one." Chen Xiang flicked his hand, allowing Feng Lanyi to see the two transparent Emotional heart Dan s in his palm.

"Alright." Feng Lanyi agreed and accepted the Emotional heart Dan's pill. Then, she placed the pill into her beautiful little mouth and began to chew.

At this time, Chen Xiang also anxiously used his prideful power, if Feng Lanyi was being shameless, even if she had a beautiful face, Chen Xiang would definitely beat her up, the pills that lied to him would not end up in a good place.

"Hmph, you think I'm a scoundrel like you?" Feng Lanyi still remembered that when Chen Xiang lured her over, he immediately put away the Emotional heart Dan and didn't want to give it to her to eat. When she thought about this matter, her stomach filled with anger.

"You guys can enter the God Equipment now, I'll bring you guys in." Feng Lanyi said.

"Lan Yi, isn't this breaking the sect's rules? Will it affect you?" Hua Liqing asked.

"It's fine, you don't say it, I won't say it, no one will know it, it's fine even if you violate the rules of the sect once in a while." Feng Lanyi said casually. She had already eaten a pill and was addicted to it.

When Hua Liqing and Chen Xiang entered the Six Realms mirrors s, Chen Xiang turned the Six Realms mirrors into a small stone and held it in his hands.

After Feng Lanyi grabbed onto the Six Realms mirrors, he flew towards the huge door. She landed in front of the door and took out a bronze tablet with seven kinds of strange inscriptions on it, then she could easily pass through the barrier around the huge door. There was no one guarding this door, and only by holding onto the bronze badge, would one be able to pass through.

After passing through, Feng Lanyi didn't fly around everywhere. Instead, he quickly sprinted and entered a dense forest, then said to the Six Realms mirrors in a low voice: "You can come out now, it's safe now."

Chen Xiang brought Hua Liqing out of the Six Realms mirrors.

"You're not allowed to fly around here. It's very tight, and once you do, you'll be shot down." Feng Lanyi returned the Six Realms mirrors to Chen Xiang, then extended his hand and said: "The other pellet."

"Here." Chen Xiang handed over the Emotional heart Dan. Just like before, it was immediately eaten by her.

"Only the Alchemist of our Flame Mountain Sect would have such a pill like this when using a Flying Dan grain. How did you grasp it?" Feng Lanyi ate a total of three pills before he was sure that there were Flying Dan grains inside.

"I learned it by accident." Chen Xiang said.

"There's absolutely no surprise with that. Flying Dan grains are not easily spread out. Even if they are, I still know of people who have studied them. I have been in the inner sect for such a long time, I know very well." Feng Lanyi was very curious about this.

"It was Yan Jiu who brought me to a cave to learn it. Yan Jiu didn't learn it himself, but I did." Chen Xiang said: "You should know Senior Yan Jiu."

"I know him, but he doesn't know me. If that's really the case, then it's not strange. Within the inner sect, he knows several of the most important Alchemists." Feng Lanyi said.

"Sister Lan Yi, do you still want to eat that kind of pill in the future?" Chen Xiang chuckled.

"If you have something to say, just say it." Of course, Feng Lanyi wanted to eat it, otherwise she would not have violated the sect rules and brought Chen Xiang and her in.

"I have nothing to do now, so when I need your help in the future, we can work together." Chen Xiang laughed: "I am also a Alchemist who will not come out ... If you cooperate with me, you definitely won't lose out. "

Chen Xiang guessed that although Feng Lanyi was a member of the inner sect of the Fire Mountain School, her position was definitely not high. Otherwise, she would not have been sent flying all over the Sparkling Fire City.

Hua Liqing had seen through this point. If they wanted to expand here in the future, they would need helpers, and she felt that Feng Lanyi was a good helper.

"Alright, I want to return to the sect first. You guys wait for me at Fighting Glorious City." Feng Lanyi handed over a blue jade talisman to Hua Liqing and said, "I'll be able to contact you when I head to Fighting Glorious City."

Feng Lanyi left in a hurry, and should be returning to report. She had been sent to Sparkling Fire City for a period of time, and had even waited outside the barrier for Chen Xiang for a day and a half.

"This kind of Communication jade Symbol paper can only be used in one city." Chen Xiang asked.

"En, let's go to the Fighting Glorious City first. This is an ancient city, where the fighting is the most important. Many strong warriors would like to fight and kill on the arena inside." Hua Liqing had been

here in the Seven Mountains Divine Island since he was young, so he knew where the Fighting Glorious City was.

[Chapter 3546](#)

After Hua Liqing determined the direction of the Fighting Glorious City, he released a white ox. Then, he rode on it together with Chen Xiang and let the white bull run wildly.

"How about we fly over? Flying at a low altitude shouldn't be a problem." When Chen Xiang saw how the White Bull ran so slowly, he became a little impatient.

"Not even low altitude flight." Hua Liqing said.

"Why can't I? I'm not in the city right now, I'm in the wilderness." Chen Xiang felt that the rules of the Seven Mountains Divine Island were unreasonable, and that no one was allowed to fly around in the wild.

"This rule has been in place for a long time. I heard that once you fly, you will trigger some sort of formation here." Hua Liqing said: "You should know, on this Tao-creation Place, the higher one flies, the more energy they would consume. Without the Flying mantra, it is difficult to fly."

"Yes, my Six Realms mirrors consumed two Tao-creation s as soon as she flew over." Right now, Chen Xiang felt more and more that the powerful Divine Bird Feng Lanyi was actually able to very easily fly up to him.

"That's right, the reason why flying is restricted here is because we are worried about the energy in this island being disturbed by the powerful Flying mantra. After all, this island is already flying very high." Hua Liqing replied, "In short, my parents told me this. If you were to fly, it would be very easy for you to attract a group of black-armored people."

"Alright, then I'll just honestly run over." Chen Xiang sighed.

The White Bull's speed was actually already very fast, but Chen Xiang felt that it wasn't as fast as the Six Realms mirrors.

A day later, Chen Xiang saw the big city gate of the Fighting Glorious City. At the city gate, there were huge swords and sabers intersected, and around the gate, there were also a large number of different kinds of huge weapons.

After Hua Liqing handed in the two Tao-creation Holy stone s, they could enter the city. When entering, the guard had told them many rules: they could only fight in the arena, not ride on horses on the streets, not fly.

The last time I came here, I was only at the peak of Aoshi Holy Stage. It's been many years already, and nothing has changed here. Hua Liqing had observed the cultivation levels of the people here the entire way, she found that there were quite a few of them at the peak of Aoshi Holy Stage.

Although it was difficult to get to the Seven Mountains Divine Island, it had already existed for many years. There were many people on the island, and as time passed, more and more people came.

Hua Liqing was born and bred here, but there were fewer and fewer people who came to the Seven Mountains Divine Island from other places. Most of the people here were aboriginals, and these aboriginals were all disciples of the Sects from Seven Mountains.

Hua Liqing saw that there were a lot of people at the peak of Aoshi Holy Stage, and was secretly happy, because Chen Xiang's World Defying god-becoming Dan had a huge market here, and could easily be sold.

"Sister Li Qing, can Wood Mountain Sect really not reach here?" Chen Xiang was still a little worried, because all of the things here were constructed by the various big sects of the Seven Mountains, including the Wood Mountain Sect.

"The Seven Mountains Divine Island has already nurtured some strong powers, to be able to stand at the same level as the Sects from Seven Mountains, so we can rest assured that this place is not under the Sects from Seven Mountains's control." Hua Liqing said.

"Alright." Chen Xiang also realized that there were a lot of people at the peak of Aoshi Holy Stage, his World Defying god-becoming Dan could truly be sold here, at that time, he would definitely be able to earn a lot of Tao-creation Holy stone.

"Actually, Fighting Glorious City is a pretty good city. Everyone who come here want to rely on their own strength to go to the arena to win some money." Hua Liqing said: "So the people here all desire to raise their strength. Only by doing this can we earn more Tao-creation Holy stone."

"Is there anyone at the peak of Aoshi Holy Stage fighting in the arena here?" Chen Xiang's eyes lit up.

"Of course there is. Most of the people who often win are very rich, and they also wish to break through as soon as possible, so when that time comes, you must sell your World Defying god-becoming Dan for a bit more." Hua Liqing revealed a sly smile.

"Sell it for a bit more, twenty Tao-creation Holy stone s per pellet." Chen Xiang previously sold them at ten Tao-creation s for one Holy stone each.

"Twenty, it's too cheap. I have to sell it for at least a hundred Tao-creation Holy stone."

The price that Hua Liqing mentioned startled Chen Xiang. A hundred Tao-creation Holy stone.

"Could it be that in this Seven Mountains Divine Island, there are no pills that can allow people to quickly step into the World Defying Stage Divine Rank?" Chen Xiang asked in shock.

"If there was, the Wood Mountain Sect would not have wholeheartedly wanted to snatch your World Defying god-becoming Dan's pill formulas. If they could obtain it, they could refine and sell it here." Hua Liqing said: "There are many types of pills that can help a person break through to the World Defying Stage Divine Rank, and the fastest will require one to consume at least fifty pills, and the fastest time to refine each pill is twenty days, and for some people, it would take at least a month, and it would take a very long time."

"How much does this pill usually sell for?" Chen Xiang asked.

"One or two Tao-creation Holy stone. This is the fastest kind of pill, if you're slow, one Tao-creation Holy stone can buy several of these." Hua Liqing said: "That's why selling a hundred Tao-creation Holy stone is not expensive at all.

"I sold so many previously and all of them were ten Tao-creation Holy stone s. I really lost out." When Chen Xiang thought about this, his heart secretly throbbed with pain.

"You probably don't know why you want to use Tao-creation's Evil Mountain as your Seven Mountains Divine Island ... The main reason is that the Tao-creation Evil Mountain contains a large amount of Tao-creation Holy stone and Tao-creation Divine Crystals. " Hua Liqing said: "So the people above Seven Mountains Divine Island have a large number of Tao-creation Holy stone."

"Did you get all this from the Tao-creation Ancient Place?" Chen Xiang felt that he did not need to go to the Tao-creation Ancient Place to search for the Tao-creation's Holy Crystals, he could just directly refine pills and sell them.

"Yes, other than the Tao-creation Ancient Place, there are also some buried deep underground, so there is a need to dig more." Hua Liqing said: "If we reach the World Defying Stage Legendary Rank, then we would need a large number of Tao-creation s to set up a formation for our own cultivation, otherwise there wouldn't be any improvements at all.

If Chen Xiang managed to break through, he would be considered a World Defying Stage Legendary Rank. This realm was extremely far for many people in the Peak of World Defying magic realm, even though the difference seemed like it was only a realm away from them.

Hua Liqing and Chen Xiang were searching for a transfer shop on the street. She didn't need them to be big, she only needed to have a quiet backyard.

After searching for two days, Hua Liqing finally found a shop that was satisfied. This shop originally sold weapons, but because the business was not good, it was transferred to another shop.

Hua Liqing used three Tao-creation Divine Crystals to buy the shop. What made her most satisfied was the huge garden house at the back, with more than ten rooms, and a few deep secret rooms. The shop had a total of three facades, and it wasn't too big, they only sold a few pills from time to time, thus it was enough.

"Sister Li Qing, after the World Defying god-becoming Dan is carved, it can let a person reach the intermediate stage from the early stage of World Defying Stage Divine Rank. Eating another pellet will allow them to reach the late stage. Chen Xiang was just curious about the price, he couldn't sell it, because there were Flying Dan grain carved on there. This Flying Dan grain was created by a Alchemist.

[Chapter 3547](#)

Hua Liqing carefully thought about it, the fact that World Defying god-becoming Dan s could have this kind of effect surprised her, no matter how expensive this pill was, someone would definitely want it.

"Two or three Tao-creation Sacred Crystals per pellet should be wanted by people." Hua Liqing said.

Two or three Tao-creation's Divine Crystals were considered a lot, but even after Hua Liqing had opened the Separating Fire Dan Pavilion for so many years, there were only ten of them left to continue.

Although it was said that one Tao-creation Holy Crystal was equivalent to one thousand Tao-creation Holy stone, people who had Tao-creation Divine Crystals would rarely exchange them for Tao-creation Holy stone, so if they truly wanted to exchange for Tao-creation Divine Crystals, they would need at least ten thousand Tao-creation Holy stone.

"It's a pity that I can't sell it." Chen Xiang sighed.

"There's only one way left now, and that is for Xiang Luan to grasp the first eight stages of the Tao-creation's incantation. Afterwards, she can improve the Flying Dan grain and create a World Defying Dan grain that is different from the Flying Dan grain, but has the same effect as the Flying Dan grain." Hua Liqing was cleaning up the shop.

Chen Xiang asked Xiang'er and Yu Er, the two girls, to come out and help him. They were only playing with Long Xueyi all day anyway.

"I will go and concoct pills first. If Feng Lanyi comes, you can come and get me." Chen Xiang said.

"Yes." Hua Liqing also needed to tidy up and decorate the shop, it would take a few days.

Chen Xiang came inside the secret room and said to Xiao Xianglin, "Master, do you think that the current Six Realms mirrors can replicate the Time array?"

The Six Realms mirrors added a few of the Tao-creation's Divine Crystals to refine, increasing its intensity by a lot.

"It should be fine." Xiao Xianglin said. Normally, she and his two clones would be used at the same time, and sometimes Mei Jing Sisters would go in to grow medicinal ingredients.

Chen Xiang also needed to use them now, so one Time array was not enough. Generally speaking, two or three people would be the best if the Time array went in.

The Six Realms mirrors could successfully replicate the Time array, but whether it could operate smoothly was another story.

Chen Xiang placed the ten Tao-creation s in and could operate it smoothly. It was just that the ten Tao-creation Holy stone could only maintain themselves for five days, while the Time array could circulate for seven to eight days.

"Master, your clone has been learning the eighth stage of the Tao-creation's Incantation and Legendary mantra for a long time now, right? Why haven't you succeeded yet?" Chen Xiang said.

"You don't know" Originally, it would be extremely difficult for one to learn the second Legendary mantra. Furthermore, you must know that there are three Legendary mantra in my mind. " Xiao Xianglin said: "This caused my Legendary mantra to be in a constant state of chaos, making it harder to learn."

Previously, when Chen Xiang and Xiao Xianglin had killed the Leader of the Mortal Life Sect, they had allowed Bai Youyou to swallow the Legendary mantra Zhou Wensheng had obtained.

Bai Youyou had long ago passed this Legendary mantra to Xiao Xianglin, and the other one that the elder stole away from Chen Xiang earlier was also devoured by Bai Youyou, so she gave it to him as well.

Chen Xiang now that she thought about it, she also felt that Xiao Xianglin was extremely scary. She had actually grasped three Legendary mantras, and even had to learn the eighth and ninth level of Tao-creation's Incantation.

"I have made some progress on the eighth stage of the Tao-creation Incantation." Xiao Xianglin said: "After I tried it, I found out that it was an auxiliary Tao-creation Incantation, and had a very strong Regeneration Incantation. I have already tried it with Sijing and Simei, and they can quickly regenerate medicinal herbs, but during planting, they need to use Tao-creation Holy stone as fertilizer."

"When I completely master the Regeneration Incantation, I will try to grow it. The effect will be even better, and the World Defying Dan grain also have the Regeneration Incantation. The nine incantations must be similar, and I think that it will be even more useful."

With Xiao Xianglin making such progress, Chen Xiang felt that it was pretty good. In the future, Mei Jing Sisters would not need to spend so much time to grow medicinal herbs, nor would he need to spend so much energy.

"In the future, I will create a flower bed, add in the time and regeneration incantations, and after that, as long as I add in Tao-creation Holy stone, I can quickly grow a large amount of medicinal ingredients." Xiao Xianglin laughed: "Although I am not as good as you in terms of cultivation, you are far inferior to me in this aspect."

"My beautiful master, you are truly amazing. Allow your disciple to kiss you." Chen Xiang laughed.

"Hmph, hurry up and enter your Six Realms mirrors and refine five of them. Let the three Pill Spirit girls try and see if they can evolve." Xiao Xianglin scoffed.

On top of the Six Realms mirrors, Chen Xiang activated the duplicated Time Formation and began refining the Emotional heart Dan.

After three days, Chen Xiang managed to refine five Emotional heart Dan, but his refining speed had increased by a lot. This was mainly because he was more familiar with using Flying Dan grains.

"Master, can Feng Lanyi really give us a lot of help?" Back then, Su Meiyao and Xiao Xianglin both thought that Feng Lanyi would have a great use in the future, so they asked him to rope Feng Lanyi in.

"Xuan Fei, tell him what Feng Lanyi will do in the future." Xiao Xianglin said.

"Chen Xiang, Feng Lanyi looks like a Four-winged flamingo but... However, there is the Phoenix's bloodline in her body. If she succeeds in evolving, it would be a four-winged Blue Fire Phoenix. This divine bird will definitely become the mount that many powerhouses dream of. At that time, she will definitely also be very strong." Peng profoundfei said. She was a Roc, so she could feel it.

"It can actually evolve into a phoenix." Chen Xiang was extremely surprised. If this kind of powerful Phoenix was in his camp, then it would be beneficial to him in the future.

"Birds like this have a special ability. As long as they possess sufficient energy to sustain themselves, they can break through." Peng profoundfei continued: "Xueyi is like this."

"No wonder you like eating so much." Chen Xiang finally understood that Long Xueyi's talent in sleeping and eating was indeed great, he only needed to sleep and eat to break through.

"Feng Lanyi is from the Peak of World Defying magic realm. She must be desperate to break through right now, because once she breaks through, it means she can evolve into a phoenix." Peng profoundfei said: "If she were to become a Indigo Phoenix, it would not be good if she were to be captured as soon as possible, so I must let her know of my situation."

When Chen Xiang walked out of the secret room, the shops outside had already been renovated. Under Hua Liqing's guidance, Xiang'er and Yue'er decorated it very elegantly and comfortably.

"Lan Yi came by this morning. I was going to call for you, but she said I'd contact her when you came out of seclusion." Hua Liqing took out the blue Communication jade Symbol paper and said, "Do you want to contact her now?"

"Mm, call her over. I have something important to tell her." Chen Xiang said.

The shop had not officially opened for business yet, so Feng Lanyi walked in and knocked on the door tightly. Hua Liqing quickly opened the door.

After Feng Lanyi came in, he said: "If there's anything important, I'll say it in advance. Without Emotional heart Dan, I won't help you with anything."

"I know, I know." Chen Xiang smiled and then indicated for her to sit.

After Feng Lanyi sat down, Hua Liqing poured her some tea. She was very polite to Hua Liqing and thanked him politely.

"Lan Yi, will you become a Blue Fire Phoenix in the future?" Chen Xiang asked.

[Chapter 3548](#)

Feng Lanyi took a sip of his tea. Just as he was about to drink, he heard Chen Xiang's question and immediately put down the teacup.

"Yes sir!" Feng Lanyi nodded: "I can feel that as long as I step into World Defying Stage Legendary Rank, I can become a phoenix! How do you know about this? "

"A friend of mine told me." Chen Xiang called Peng profoundfei out.

Peng profoundfei was a great peng, and was an equally strong bird beast as well. Feng Lanyi very quickly sensed Peng profoundfei's aura, which was a type of extremely close feeling, and it made her expression become gentle all of a sudden.

"Do you want to enslave me?" Feng Lanyi snorted: "If I were to become a phoenix, there will definitely be many experts who would want to recruit me."

"I originally had a wife with pure Phoenix blood ... "That's why you're thinking too much." Chen Xiang spread out his hands and said: "Xuan Fei is Bai Da Peng, and because you and her are of the same kind, she is worried that you will be in danger after you break through, so she asked me to take care of you as much as possible."

Chen Xiang had a phoenix wife, which surprised even Hua Liqing. This matter was not known even to Xiao Xianglin, so Xiao Xianglin definitely did not doubt Chen Xiang's words, because she had seen the white dragon, Long Xueyi, before.

"Alright, I believe her!" Looking at the gentle and amiable Peng profoundfei, Feng Lanyi felt that he could be trusted.

"I can provide you with enough Emotional heart Dan." Chen Xiang said: "As for the conditions, they are that you want to leave the Fire Mountain School and join us. That should not be a problem!"

"No problem, I can leave Fire Mountain School at any time." Feng Lanyi promised straightforwardly: "As long as you give me two Emotional heart Dan every month, I can do whatever it is that I can for you guys ... And you can't force me to do anything that would harm the world. And you can't restrict my freedom."
"

"Alright!" Chen Xiang laughed.

"I will go break off all relations with the Fire Mountain School now." After Feng Lanyi finished speaking, he left in a very decisive manner.

It was not hard to understand why Feng Lanyi would cut off their relationship so easily, because she was not valued highly in the Fire Mountain School and her cultivation was not bad as well. She was always assigned to do many trivial things, which made her feel extremely disgusted and petty. The most unbearable thing was that because she was a bird beast, she was discriminated against greatly in the Fire Mountain School. She could only get a slightly better pill every year.

"Sister Li Qing, will Feng Lanyi be able to help you in the future?" Chen Xiang laughed.

"Of course, she is familiar with this place. Furthermore, she is very fast, and she is trustworthy even when she can run around. When that time comes, she will need to go around everywhere to purchase Tao-creation's divine medicines or go to other cities to sell pills."

Hua Liqing really hoped that Feng Lanyi would work together with her, but he also had other concerns, "Little brother, it will be a bit difficult for you to refine two Flaming Heart of Li in a month, right?"

"You don't have to worry about that." Chen Xiang laughed. If the Young girl Danling had successfully evolved, let alone two a month, even twenty wouldn't be a problem.

In half a day, Feng Lanyi returned. Seeing her smiling face, he knew that she had successfully left Fire Mountain School. The inner sect of Fire Mountain School had a branch family here, so she came and went very quickly.

"Did Fire Mountain School say anything?" Hua Liqing said: "Does Fire Mountain School have any other ideas?"

"Hmph, those old fellows from Fire Mountain School wanted me to get lost long ago." Feng Lanyi coldly snorted.

"Lan Yi, you're not weak. Why would Fire Mountain School treat you like this?" Hua Liqing was puzzled.

"It's mainly because I'm a bird or beast... In their eyes, birds and beasts that can fly are good mounts, and they have always wanted to do what they can, but I was not willing to do it. Furthermore, in the inner sect of Fire Mountain School, the golden flames are the most noble, and the other colored flames are lowly in the eyes of those old fellows. "

"I am born with a blue flame, so they look down on me. Moreover, my blue fire is stronger than their disciples, so they feel even more uncomfortable. They treat me like this simply because they don't like me."

Speaking of these, Feng Lanyi's stomach was full of complaints. She was overjoyed that Chen Xiang agreed to give her two Flying Dan grains every month, so she agreed quickly and straightforwardly. Furthermore, she felt that Hua Liqing and Chen Xiang were both not bad.

Especially Chen Xiang, a young Alchemist who had mastered Flying Dan grains.

"Fire Mountain School also planned to let me bring some people to fly into Tao-creation Ancient Place to search for the Tao-creation's Holy stone. Hmph, Tao-creation Ancient Place is so dangerous, my body is so big, flying around above is simply courting death. " Feng Lanyi brought up this matter and gnashed his teeth, "They even said that if I didn't do it, they would expel me from the Fire Mountain School ... I didn't do it, so I left. "

"In Tao-creation Ancient Place, the Flying mantra is ineffective. Only birds can fly, and it can quickly enter deep into the Tao-creation Ancient Place. If you fly high in the sky, you can quickly find Tao-creation's Holy Crystals or Tao-creation's Holy stone." Hua Liqing knew of these things.

"Boss Shen, you must do what you've promised me. You can't go back on your word." Feng Lanyi said: "I can help you guys with something right now ... Give me the Emotional heart Dan in one month. "

"No problem!" Chen Xiang smiled slightly: "I won't forget you. If you perform well, I will give you another pill."

Although the door was closed, the noise that suddenly came from outside made Chen Xiang and the others extremely curious.

"Let me find out what's going on outside. You can just stay here." Feng Lanyi immediately ran out and returned in a moment.

"The matters of the World Defying Stage Peak Divine Rank Colosseum! This arena is about to reopen! " Feng Lanyi explained: "The Peak of World Defying magic realm's arena is known as World Defying Stage Peak Divine Rank Colosseum. "Before, because the battle was too intense, the battle arena was destroyed. After a hundred years, the battle arena was already repaired, and today is the start of a war."

"The arena has been destroyed ..." This is too intense. " Hua Liqing was very surprised.

"Isn't it! At that time, the outcome of the battle had yet to be decided, so a hundred years later, it was a new one. " Feng Lanyi sighed: "They are all battle maniacs."

"Are there any rewards if we win the battle?" Chen Xiang was extremely concerned about this kind of thing.

"Normally it would be a battle of ten Tao-creation Divine Crystals, where life and death are determined by the heavens, so there will often be experts falling in the arena." Feng Lanyi said: "You are an Alchemist, you aren't good at battles!"

"Fight ..." "I'm not very good at it. My pill refining skills are much better than my battles." Chen Xiang laughed.

Hua Liqing had seen Chen Xiang's battles before, using Six Realms mirrors to kill him instantly. Furthermore, it was crisp and clean, as if he was an expert no matter how he looked at it, he actually said that he wasn't very good at it.

To Chen Xiang, fighting had always been a side business, he only fought a few rounds from time to time.

"Let's go, we should also go to World Defying Stage Peak Divine Rank Colosseum to have a look." Hua Liqing laughed tenderly: "Since Boss Shen has come to Fighting Glorious City, does that mean you have to witness the situation of the Fighting Glorious City's battle arena?"

[Chapter 3549](#)

Chen Xiang himself was from the Peak of World Defying magic realm, and he had also fought many fierce battles, but he had rarely seen any battles involving other Peak of World Defying magic realms.

"Alright, let's go take a look." Chen Xiang said.

Feng Lanyi and Hua Liqing were both peerlessly beautiful. In order to not draw attention to themselves, they all dressed up simply, wearing veils and bamboo hats, not revealing their faces.

Chen Xiang and Hua Liqing followed behind Feng Lanyi as they headed towards the World Defying Stage Peak Divine Rank Colosseum.

"If you win, you can obtain ten Tao-creation's Divine Crystals. Who gave you the Tao-creation's Divine Crystals?" Chen Xiang asked as he walked along the road.

Ten Tao-creation's Divine Crystals was a huge sum. After all these years, Hua Liqing had only earned this much, and as long as he could win one battle, he would be able to obtain ten Tao-creation's Holy Crystals. Thinking about it, Chen Xiang had the urge to participate.

"The employer gave it to you, the World Defying Stage Peak Divine Rank Colosseum was created by a few powerhouses, you have to pay the entrance fee to enter the World Defying Stage Peak Divine Rank Colosseum, it is not low at all, the total capacity of the World Defying Stage Peak Divine Rank Colosseum is one million people, the minimum fee is ten Tao-creation Holy stone." Feng Lanyi said.

"A good spot is more expensive." Hua Liqing said: "There are a lot of people here that are not Peak of World Defying magic realms, but the people gathered in this city are very warlike, so they are all willing to spend their Tao-creations to watch the battle."

"If you can win often in the arena, you'll be very famous. Some people just go there for those wargods." Feng Lanyi looked at the person in front of him: "World Defying Stage Peak Divine Rank Colosseum must be very lively right now."

"Then can we still enter?" Chen Xiang said: "So that means we won't be able to enter."

"I know someone in World Defying Stage Peak Divine Rank Colosseum. I've already contacted her and asked her to keep three seats for me." Feng Lanyi said.

"That's good." Chen Xiang laughed.

There were many people outside the World Defying Stage Peak Divine Rank Colosseum, and none of them could buy an entrance token. They could only watch from the outside of the arena as the gigantic crystal screen appeared.

Chen Xiang stood outside the World Defying Stage Peak Divine Rank Colosseum, and heard the sounds of cheers and roars coming from inside, and this World Defying Stage Peak Divine Rank Colosseum was also like a huge city, surrounded by a tall and thick huge wall.

The person that Feng Lanyi recognized was an old lady, she quietly gave Feng Lanyi three wooden plates and Feng Lanyi also gave her fifty Tao-creation Holy stone, which were not for free.

Chen Xiang and the other two held onto wooden tablets, smoothly passed through the gate, and entered the World Defying Stage Peak Divine Rank Colosseum. Then, they searched for their positions according to the numbers on the wooden tablet.

World Defying Stage Peak Divine Rank Colosseum was very big, surrounded by a circle, there were many levels of stairs surrounding it, the steps were filled with people, but they did not feel crowded.

Chen Xiang and the others had already reached their own seats, they were at the back, and were very tall, but with their eyesight, they could clearly see the battle arena in the distance.

The battle arena was thousands of feet wide and was covered in dense enchantments. Last time, because the enchantment was broken, the battle arena was completely destroyed. Fortunately, an expert had turned the tide and blocked the explosion, otherwise it would have caused a large number of casualties.

"This Fighting Glorious City has gathered many battle maniacs." Fortunately, the majority of the battle maniacs were at the front, and the majority of the people at the back came to watch the show.

There were also some people who would bet at this time, whether they earned or lost.

"There are a total of more than a hundred teams in the World Defying Stage Peak Divine Rank Colosseum. The bosses of these teams are all big shots of the Fighting Glorious City. I heard that there are ten bosses who built the World Defying Stage Peak Divine Rank Colosseum, so no matter what, they will definitely not lose anything." Feng Lanyi was also quite familiar with the matters here.

"Even ten Tao-creation's Holy Crystals are too little." Chen Xiang curled his lips. If there was more, he might have gone up to give it a try.

"This is a battle between two famous wargods, ten Tao-creation's Divine Crystals is a lot for them." Feng Lanyi sighed, and said: "This is the way it is in this world. Some people can easily obtain a large amount of wealth, and some people can only get so little by risking their lives."

Ten Tao-creation Divine Crystals was a huge fortune to Feng Lanyi as well.

On the other hand, Chen Xiang didn't think much of it, it was mainly because he knew how to refine pills, and he only needed to sell the pills to make a huge profit.

"The wargod has appeared" Feng Lanyi shouted.

The moment the War God came out, many people began to crazily shout. Their roars shook the heavens and were extremely lively.

"The one wearing the brown clothes was the Bloody Costume Fighting God. It was said that his clothes were originally white, but because he had lost too much blood during the battle, he had become like this due to his enemies' blood and his own blood."

Chen Xiang looked carefully at the Bloody Costume Fighting God. It was a tall and big middle-aged man with a body of berserk Arrogant Morale.

"The other is Crazy Sword Fighting God." Feng Lanyi continued to explain to Chen Xiang, "Crazy Sword Fighting God is very strong. He was able to turn his hands and feet into swords ... In the battle, you can't use Divine Weapons or Divine Weapons, nor can you use the power of space. Crazy Sword Fighting God was able to turn his own flesh and blood into Divine Weapons, this is permitted, and is not restricted. "

Chen Xiang nodded, he had seen this kind of person before, and he had killed quite a few of them.

"The two wargods look like middle-aged men. It seems like they don't belong to the young people" Chen Xiang said.

Within the Peak of World Defying magic realm, those who were young and possessed appearances were mostly those who had fast breakthroughs. However, if they were unable to continue breaking through, they would age after a long period of time.

Right now, the two wargods should have been stuck in the Peak of World Defying magic realm for a very long time. Their strength should have been pretty good already, but they were still unable to break through.

"There are young and famous War Gods as well, but they rarely fight, and are also important War Gods in the hands of all big bosses ... This kind of powerful young man is called an Emperor level wargod, and the two below him are only trump cards.

"There are so many ways to fight in this arena." Chen Xiang laughed: "Looks like these two fellows are of equal strength, I wonder who will win."

"Last time, they were on par, so it's hard to say." Feng Lanyi said.

"Boss Shen, who do you think will win?" Hua Liqing knew that Chen Xiang was a very good fighter.

"I still can't judge. I don't understand them at all. If they start fighting for a while, I might be able to see it." Chen Xiang laughed.

Although he rarely fought in the Peak of World Defying magic realm, he had a lot of experience and had a lot of battle experience.

For example, Hua Liqing, Feng Lanyi and many other people here, their cultivation were all extremely high when they were born, so when Chen Xiang looked young, his actual age could be compared to the many old people here.

Two War Gods appeared. After their admirers shouted, both sides started to prepare. Bloody Costume Fighting God took off his own blood clothes and Crazy Sword Fighting God also took off his clothes.

An old man then announced the start of the battle.

[Chapter 3550](#)

The moment the battle started, both of Crazy Sword Fighting God's arms suddenly flashed, transforming into two flying swords, flying out of his body, flying towards Bloody Costume Fighting God in the distance, like two balls of flickering golden light, they smashed towards Bloody Costume Fighting God.

After Bloody Costume Fighting God's body was struck, a golden light flashed and waves of Qi surged in all directions. The muffled sound of an explosion that was sealed within the enchantment resonated outwards.

Bloody Costume Fighting God was sent flying, but was not injured and landed firmly on the ground. The muscles and flesh on his upper body looked like they were made of a light gold crystal.

"That's the Tao-creation's Holy stone!" Chen Xiang shouted in a low voice: "This guy, refined his own body into a Tao-creation Holy stone."

"Yes, last time he only refined his arms into the Tao-creation's Holy stone, but now he refined his body." Feng Lanyi frowned: "He only took a hundred years, his speed is too fast."

"His Tao-creation Holy stone looks like the Tao-creation's Divine Crystal." Hua Li Qing said in shock: "If he can break through in the future, his body might be able to evolve to the strength of the Tao-creation's Holy Crystal."

"So this is what training is like." Chen Xiang could be considered to have broadened his horizons. The Blood devil shark he had seen before was one that ate Tao-creation's Holy stone, but it was only flesh that contained a little bit of Tao-creation's Holy stone.

On the other hand, the Bloody Costume Fighting God was covered with Tao-creation Holy stone, as if they were people who had been refined using Tao-creation Holy stone.

Within the arena, shouts of surprise rang out one after another, especially from the worshippers of the Bloody Costume Fighting God. At this moment, all of them were shouting like madmen, pressuring the other worshippers of the Crazy Sword Fighting God to not dare to shout loudly.

Crazy Sword Fighting God's face became heavy, he had previously fought with Bloody Costume Fighting God and at that time he had the upper hand, because he could turn his arms into swords. Although Bloody Costume Fighting God's arms could transform into Tao-creation s, they were not as agile as his swords, and not as powerful as his swords.

Now that the Bloody Costume Fighting God had cultivated to the body of a Tao-creation Holy stone, it was difficult for his two swords to break through the Bloody Costume Fighting God's defense.

"Is the battle going to end soon?" Hua Li Qing frowned and said: "It looks like they will be fighting for a long time!"

"No. The outcome of the battle will be decided in less than a hundred moves, the difference between the strong and the weak is huge. " Chen Xiang said.

"Who's stronger and who's weaker?" Feng Lanyi did not understand Chen Xiang's words, because in her opinion, Bloody Costume Fighting God and Crazy Sword Fighting God were still evenly matched, with victory and defeat decided every hundred moves. It was hard for her to imagine, because within World Defying Stage Peak Divine Rank Colosseum, this kind of situation rarely happened, and usually, it would take a very long time.

"Bloody Costume Fighting God!" Chen Xiang said, "For the past hundred years, the Bloody Costume Fighting God must have had some sort of fortuitous encounter. To be able to quickly turn his body into a Tao-creation Holy stone, requires a large amount of resources.

"Don't ignore the fact that the strongest point of the Bloody Costume Fighting God is his body that has turned into a Tao-creation Holy stone ..."

"In battle, Tao-creation Holy stone cannot be used." Feng Lanyi said: "So even if he has the body of a Tao-creation Holy stone, he definitely cannot suppress Crazy Sword Fighting God."

Hua Li Qing also nodded.

"You don't understand what I mean." Chen Xiang laughed: "For Bloody Costume Fighting God to be able to cultivate such a body in such a short period of time, there are two possibilities, one is to obtain a large amount of resources! However, looking at his personal situation, it is impossible for him to have such a large amount of resources, and the boss behind him would also not give it to him. "

"What I mean is, for Bloody Costume Fighting God's body to become like this, it is because of a change in his body. He 'figured out' a path to cultivate it himself, it is a kind of breakthrough that can allow him to become stronger quickly! If my guess is not wrong, this is his last battle. " Chen Xiang said.

Feng Lanyi and Hua Li Qing listened carefully.

"Bloody Costume Fighting God is about to enter the World Defying Stage Legendary Rank!" Chen Xiang said: "He forcefully suppressed his cultivation, just so that he could win here ... At the same time, it also allowed him to condense even stronger powers, and caused the Tao-creation s on his body to become crystals. "

Chen Xiang often would refine pills, so he was very clear on the process of evolution, which was why he was certain to win.

Crazy Sword Fighting God had already exchanged more than thirty moves with him, so he was unable to gain any benefits at all. This was because the sword he was so proud of, was unable to break through his Bloody Costume Fighting God's defenses.

"Bloody Costume Fighting God's entire body has crystallized ... Nearing the Tao-creation's Divine Crystals, Crazy Sword Fighting God's swords were only the Tao-creation's Holy stone, the difference is too huge. " Chen Xiang shook his head.

Every time he released his sword, Bloody Costume Fighting God would always send it flying with his fist. Even if he were to occasionally hit Bloody Costume Fighting God, it would only make a loud sound, and would never be able to harm Bloody Costume Fighting God at all.

"Bloody Costume Fighting God's weakness is its speed. Maybe it's because his body is too heavy, but that's because it's compressed by a large number of Tao-creation Holy stone, it's as heavy as a mountain." Chen Xiang said.

Although the speed of the Bloody Costume Fighting God was not as fast as the Crazy Sword Fighting God's, he had tried to grab onto the flying swords of the Crazy Sword Fighting God several times but to no avail. In the end, he could only use his fist to 'randomly' hit it, only then would he be able to hit it.

Suddenly, Bloody Costume Fighting God Wu's hands grabbed onto Crazy Sword Fighting God's sword. Then, the Bloody Costume Fighting God laughed out loud and broke the sword. After it was broken, the sword turned into a bloody broken arm and landed on the ground.

Crazy Sword Fighting God's face was ugly, his face was filled with pain, one of his arms had been 'destroyed', his vitality was greatly injured! He did not expect that in a hundred years, the Bloody Costume Fighting God would break through so quickly, and already surpass him by far.

When the Bloody Costume Fighting God saw the fear on his opponent's face, he knew that he was going to win. His body suddenly flashed with a strong gold light, producing a force to push his clumsy body forward, directly smashing into the Crazy Sword Fighting God.

Crazy Sword Fighting God did not expect Bloody Costume Fighting God to suddenly release most of the energy in his body just to push his body forward and crash into him.

The Crazy Sword Fighting God was smashed into the ground by the Bloody Costume Fighting God and suppressed. The following scene caused everyone's scalps to go numb.

The noisy battle arena instantly became silent. The great battle that they had been waiting for a long time, was not as fierce as before. Furthermore, it quickly ended.

Crazy Sword Fighting God was defeated, but he was also dead.

"This fellow has been fighting here for so long, it should be over by now. After he enters the World Defying Stage Legendary Rank, he must be a very terrifying existence." Chen Xiang sighed.

At the same time, shouts could be heard from the arena. Although the battle was not intense, Bloody Costume Fighting God being so powerful was still shocking, and many people could tell that the Bloody Costume Fighting God was about to break through.

"Bloody Costume Fighting God, do you still want to accept the challenge? If our Emperor War God wants to challenge you, as long as you win, you will be able to obtain a thousand Tao-creation Divine Crystals." A man's voice sounded.

These words came from the boss of the Crazy Sword Fighting God, he was unhappy that the Crazy Sword Fighting God was dead, so he wanted to take it back!
