

Dan God 3551

[Chapter 3551](#)

The Emperor War God was about to fight. Everyone thought it would end like this, they didn't think there would be another one!

A thousand Tao-creation Holy Crystals, this was simply a huge fortune. Even Chen Xiang was moved by this, if he could obtain it, it would be more than enough for him! He could not use the Tao-creation's incantation and the spatial power of the Divine Weapon. He did not have much confidence in defeating a fellow like the Bloody Costume Fighting God, unless he risked his life.

79-

"The owner of the Crazy Sword Fighting God is indeed rich, he asked for a thousand Tao-creation's Divine Crystals." Feng Lanyi sighed: "I wanted to go up, but unfortunately I don't have the strength!"

"Emperor War God? Let him come out, I will tear him to shreds!" Bloody Costume Fighting God laughed crazily.

"If you lose, if you are still alive, you will have to be my slave for a hundred thousand years, how about that?" The boss behind the scenes said again.

"No problem. Let your Emperor God of War come out. I've wanted to see them for a long time. I heard they look down on people very much." Bloody Costume Fighting God shouted.

Bloody Costume Fighting God was already on the verge of a breakthrough. His body's cultivation level was so terrifying, that's why he felt that no one in the Peak of World Defying magic realm could match him.

After the battle arena enchantment was removed, a green light fell from the sky and landed on the battle arena.

A handsome man dressed in green looked at Bloody Costume Fighting God with cold arrogance and a pair of cold, emotionless eyes.

"Azure Dragon Fighting God!" Feng Lanyi saw the light robed man, and her expression was terrified, as if she was afraid of him.

"Azure Dragon?" Chen Xiang saw Feng Lanyi's expression and hastily said: "Lan Yi, this guy can cultivate World Defying Green dragon?"

Feng Lanyi nodded, and her expression became serious: "I'm very afraid of him ... This kind of guy really likes capturing beasts like me. If it's a mother, then she will become his female slave. If it's a male, then he will feed the Azure Dragon.

I have met him once before. Even though I am from the Yan Mountain Sect, he still acted against me.

"Looks like this guy is very powerful!" He should be the strongest in the Peak of World Defying magic realm. He should be able to enter the World Defying Stage Legendary Rank at any time, but why has he

not broken through yet? " Chen Xiang felt very suspicious. Someone like the Bloody Costume Fighting God could make a breakthrough at any time.

"There's a reason for this. It's mainly because he has an Azure Dragon. He will let the Azure Dragon break through first, that's why he made the breakthrough himself ... Therefore, there are rumors saying that all of the God of War emperors have cultivated World Defying beast, and these World Defying beast have already stepped into the World Defying Stage Legendary Rank. " Feng Lanyi said.

Chen Xiang himself cultivated there, but he would usually breakthrough at the same time. If the Red fire dragon made a breakthrough first, it would become more dangerous for him, and he would not be able to control it easily.

"If that's really the case, it only means that their cultivation of World Defying beast isn't deep enough." Chen Xiang said. Since the World Defying beast had no effect on their master after entering the World Defying Stage Legendary Rank, it could only mean that the World Defying beast was very weak.

Just as Feng Lanyi wanted to ask, the battle began!

His claws were extremely sharp and sharp, and upon seeing the Green dragon claw, Chen Xiang was sure that he had trained in the Azure Dragon.

"This guy ..." It's really strong! " Chen Xiang frowned, although the Azure Dragon Fighting God's green dragon cultivation was not deep enough, but since he had already entered the World Defying Stage Legendary Rank, his strength must be extremely terrifying.

The Bloody Costume Fighting God was very slow, he was very confident in his own defense, so he wasn't afraid at all.

After releasing the dragon claw, Azure Dragon Fighting God flew over like a streak of cyan light and instantly used the huge green dragon to pinch Bloody Costume Fighting God's throat.

Bloody Costume Fighting God did not seem to care, he immediately waved his fist, and just as he was about to hit Azure Dragon Fighting God, a burst of lightning burst out from Azure Dragon Fighting God's body.

Countless bolts of lightning shot out from Azure Dragon Fighting God's body, filling the entire arena like claws or fangs. If not for the barrier, the entire city would have been covered up by the lightning. It was extremely terrifying.

The most surprising thing was that Azure Dragon Fighting God poured a terrifying amount of lightning power into his body, causing his body to tremble continuously, twitching when he was hit by the strong electric currents.

Even if he had the body of a Tao-creation Holy stone, he would still find it difficult to resist the power of the lightning!

The lightning power of the Azure Dragon Fighting God not only poured into the Bloody Costume Fighting God's body, but also into the Bloody Costume Fighting God's body.

At this time, Bloody Costume Fighting God could only howl in pain. He had just torn Crazy Sword Fighting God into pieces and displayed an extremely terrifying strength, but now, he was powerless to retaliate against Azure Dragon Fighting God's lightning bolts, and had his throat gripped tightly.

"The green dragon that this fellow cultivates should be in the World Defying Stage Legendary Rank, otherwise, without using the Tao-creation's incantation, it would be difficult to break through the body of the Bloody Costume Fighting God." Chen Xiang was very sure: "This should be unfair, but the boss had tacitly agreed."

"They are concealing the unique aura of the World Defying Stage Legendary Rank." Feng Lanyi nodded, and agreed with Chen Xiang: "They still want some face, so they need to cover it up."

Bloody Costume Fighting God was electrocuted to the point of kneeling on the ground, he had already shouted that he would lose, otherwise he would have been 'killed'.

He could still live while begging for forgiveness, but he had to be a slave for a hundred thousand years. Bloody Costume Fighting God was about to step into the World Defying Stage Legendary Rank, a hundred thousand years was nothing to him, so he chose to admit defeat.

The boss was very satisfied. Although the Crazy Sword Fighting God had died, he had obtained a very powerful slave!

The Azure Dragon Fighting God's cold eyes swept across his surroundings, then looked at Feng Lanyi who was seated far away. This caused Feng Lanyi's delicate body to tremble, and that frightening might of a dragon, was not only something that Feng Lanyi felt fear, even Hua Li and the rest of the people in this region felt that it was frightening.

Without the protection of the enchantment, the Azure Dragon Fighting God's presence could be felt. It was very scary.

Chen Xiang was right beside Feng Lanyi. He saw that Feng Lanyi was trembling and frowning, the Red fire dragon in his body released its Profound Spirit Qi, and Azure Dragon Fighting God's Azure Dragon Arrogant Morale was immediately shattered.

"Let's go!" Chen Xiang pulled Feng Lanyi and Hua Li and quickly left the place.

Feng Lanyi was frightened just now, and he didn't know what was going on ... She didn't think that Azure Dragon Fighting God would be able to sense her and unrestrainedly threaten her with Arrogant Morale.

Because all along, he had always thought that the Azure Dragon he cultivated in was one of the strongest World Defying beast that could not be surpassed by anyone, and would at most be at the same level as him.

But just now, he felt the existence of an even stronger World Defying beast, causing him, the Azure Dragon in the Divine Sense Sea, to tremble in fear.

Hua Li Qing noticed something, and she could feel that the Arrogant Morale in the Azure Dragon Fighting God was instantly destroyed, as though someone had attacked. She too, did not know whether it was Chen Xiang.

After returning to the shop, Feng Lanyi heaved a long sigh of relief, "This guy is still thinking about me, hmph!"

"You need to hurry up and evolve. When the time comes, you don't have to be afraid of him." Chen Xiang said, he was not afraid of the Azure Dragon Fighting God, as long as they did not fight in the arena, there were not many rules, he was confident in defeating the Azure Dragon Fighting God.

[Chapter 3552](#)

Hua Liqing comforted the frightened Feng Lanyi.

Chen Xiang just received a piece of good news. The good news came from the You Yao Mountain Villa, that the pill spirit had successfully evolved after eating the Emotional heart Dan, but the speed at which it formed would be slower, only able to condense one Emotional heart Dan per day.

At the very least, Chen Xiang did not need to go into closed door cultivation for so long to refine it.

"As expected, if the alchemy's cultivation level increases, then it can smoothly evolve." Su Meiyao said.

Right now, Jiang Lisi wanted to practice the Twin Life Mysterious Technique with Jiang Sihua so that he could condense the Emotional heart Dan.

"Azure Dragon Fighting God knows that I'm in this city. I'm afraid there will be a lot of trouble in the future." Feng Lanyi said.

"He probably won't dare to recklessly make a move in the city." Hua Liqing said: "In the cities above Seven Mountains Divine Island, it is very strict. If someone fights in the cities, the consequences will be severe."

"Yes, there are many powers in this Fighting Glorious City, and the boss behind the Azure Dragon Fighting God is one of them. If the Azure Dragon Fighting God were to mess around here, it will be caught." Feng Lanyi nodded.

It was because she was chased by the Azure Dragon Fighting God the last time, that she was terrified in her heart and wished to break through. This way, she would be able to obtain great strength as soon as possible and would no longer be afraid of the Azure Dragon Fighting God.

"Boss, little brother, next we are going to start selling the World Defying god-becoming Dan. Are you ready yet?" Hua Liqing said: "We might need a lot to start."

"Don't worry about that." Right now, Chen Xiang was already very familiar with refining World Defying god-becoming Dan. He got Xiao Xianglin to make several pill furnaces for her in order for him to refine multiple pill furnaces at the same time.

"Alright, you can start concocting pills now. Leave this place to us." Hua Liqing said.

Chen Xiang entered the secret room, took out the Six Realms mirrors, and activated the Time Formation inside. He did not activate all of the Time Formation, but only part of the time curse was activated.

"Right now, I should be able to refine ten pills per month. I'll stay in there for a hundred months, but I'll only have two or one thousand pills." Chen Xiang calculated, estimated the time he had taken to refine the pill, and then began to refine.

In order to speed up the process of forming the Emotional heart Dan, the three little Core Souls took the opportunity to enter the Six Realms mirrors with Chen Xiang. They planned to condense a few hundred pellets in one go.

Jiang Simei and Jiang Sihua were born from Chen Xiang's blood, so they were very close to Chen Xiang and they felt that they were connected to him through blood and flesh.

To be able to chat and laugh with Chen Xiang, while they were condensing their pellets, they were also increasing their own cultivation. The only way for them to evolve better was to become stronger.

Jiang Lisi and Jiang Sihua left after condensing a thousand Emotional heart Dan. They only stayed inside for around three years, while Chen Xiang continued to refine pills.

Chen Xiang had concocted ten batches of pills at the same time, and he could also spare some of his energy to learn the Tao-creation's incantations. It was extremely important for him to master all of the Tao-creation's incantations, which would help him master the World Defying Dan grain in the future.

After a day outside, Chen Xiang also came out from the Six Realms mirrors. He had already refined a thousand World Defying god-becoming Dan.

The moment Chen Xiang came out, he felt a wave of Arrogant Morale filled with hostility.

"Azure Dragon Fighting God, he actually found us here." Chen Xiang immediately ran out and saw Hua Liqing and Feng Lanyi in the empty shop, facing a large group of people, who were led by Azure Dragon Fighting God.

"Isn't this Azure Dragon Fighting God?" Chen Xiang saw that the atmosphere was tense, he immediately walked over with a smile: "I'm sorry, I just opened it, there are no tables and chairs here. You can sit on the ground and do whatever you want."

Chen Xiang laughed with a face full of smiles, causing Azure Dragon Fighting God's expression to sink, but Chen Xiang still did not withdraw it.

"Sit down, what are you waiting for?" Chen Xiang pointed to the floor, telling them to sit.

Hua Liqing and Feng Lanyi also did not expect Chen Xiang to be that reckless. Just now, they and Azure Dragon Fighting God had a fierce argument.

"Who are you?" Azure Dragon Fighting God coldly asked, he knew that the person who was smiling mischievously was the person who instantly destroyed his Azure Dragon Arrogant Morale.

"I'm just a nobody. You wouldn't know me even if I told you." Chen Xiang laughed: "I wonder why Azure Dragon Fighting God is here."

As Chen Xiang said that, he sat on the ground with his back against a wall, grinning from head to toe.

"There's something wrong with your store. We're just here to investigate." Azure Dragon Fighting God pretended to look around, "Because your shop might be hiding criminals that are wanted by Fighting Glorious City, we need to search for them for a period of time. As for when we need to search, we can't be sure."

It was because of this that Hua Liqing and Feng Lanyi started to argue with the Azure Dragon Fighting God.

It was obvious that the Azure Dragon Fighting God was here to cause trouble. If he really agreed to it, then the shop would be bought for nothing.

"What if we don't agree?" Chen Xiang asked with a smile.

"If you don't agree, then you're hindering our search for wanted criminals." Azure Dragon Fighting God sneered: "You can try."

"Then who gave you the right to come here looking for wanted criminals?" Chen Xiang asked again, the smile on his face had already disappeared, "Alright, you can leave now, there are no fugitives here for you guys to find."

A middle-aged man behind Azure Dragon Fighting God sneered: "We suspect that you guys have something here, so you have to cooperate with us and help us search for a while."

"Hurry up and get out. I don't want to use violence. No matter what, I won't let you search me." Chen Xiang waved his hand: "I have already obstructed you from finding the wanted criminals. If I don't agree, you should search this place."

The people behind Azure Dragon Fighting God looked at each other, not knowing what to do next. It was clear that they were only putting on an act, and this Fighting Glorious City did not allow them to do as they pleased.

They thought that Chen Xiang and the others would be terrified, and would cooperate with their search. When the time came, they would easily find a fugitive to hide in here, and then frame Chen Xiang and the others.

Chen Xiang was able to see through such retarded schemes with a glance.

"Just wait and see." Azure Dragon Fighting God was extremely wary of Chen Xiang, because Chen Xiang could instantly destroy his Azure Dragon Arrogant Morale and because his cultivation was unknown, he did not dare to do anything rash.

Azure Dragon Fighting God and the others left very quickly, and there were many people watching from the outside. They wanted to know why Azure Dragon Fighting God would come to this shop.

"I knew they'd come looking for trouble." Feng Lanyi's face revealed shame, because she felt that she was the one who had caused all of this.

"Eat this first, this is the Time array. After it is activated, it will be outside for a day, and inside for a hundred years. You have to hurry up and refine these Emotional heart Dan."

Chen Xiang passed Feng Lanyi a Time array and a Storage bag.

[Chapter 3553](#)

There were a thousand Emotional heart Dan inside the Storage bag. Chen Xiang did not know if it was enough for Feng Lanyi to make a breakthrough, he could only confirm it after she had eaten all of them.

Even though he and Hua Liqing were both at the Peak of World Defying magic realm, they still had not been able to touch the feeling of a breakthrough. Furthermore, the Emotional heart Dan was not suitable for them to eat, so they could only let Feng Lanyi, a bird beast that could quickly evolve, have a breakthrough first.

Feng Lanyi could not believe that there were actually a thousand Emotional heart Dan inside that Storage bag, she knew the quality of Emotional heart Dan well, and it was engraved with Flying Dan grain. Even if there was a Time array, it definitely could not be refined that quickly.

In the inner sect of the Fire Mountain School, every year, there were only a total of ten or so Tao-creation Divine Pellets that condensed Flying Dan grain s. Therefore, the competition was extremely intense, she had only eaten one in all those years, and it was the one with the worst quality, the one that was made of trash, so she recognized the Flying Dan grain.

Chen Xiang immediately gave her a thousand pills, as if he was giving beans.

"It's enough for me to break through. Who knows, I might still have some left." Feng Lanyi came back to reality and became more confident, quickly entering the secret room. Only by evolving to become a blue phoenix, would Chen Xiang and Hua Liqing be able to sell pills here happily.

After Feng Lanyi entered the secret room, Chen Xiang handed a thousand refined World Defying god-becoming Dan pills to Hua Liqing. Hua Liqing was also shocked, she had originally thought that Chen Xiang would only refine a hundred.

"We'll wait for a few days. If Lan Yi is able to successfully evolve, then we'll start selling pills." Chen Xiang said, as long as the World Defying Stage Legendary Rank was in charge, they had nothing to be afraid of.

"How many Emotional heart Dan did you give Lan Yi?" Hua Liqing took a deep breath. Just now, she had seen Feng Lanyi's shocked expression, and Chen Xiang seemed to be filled with confidence.

"As many as the World Defying god-becoming Dan." Chen Xiang snickered.

"How did you do that? That's where the World Defying Dan grain were carved." Hua Liqing was also shocked, this kind of thing was already beyond her imagination. To be able to take out a thousand of these kinds of pellets, just thinking about it made her feel terrified.

Because Flying Dan grain were carved on it, it could not be sold. Otherwise, Chen Xiang would very quickly be able to accumulate a large amount of wealth and would be able to command the wind and rain in the Fighting Glorious City.

"Sister Li Qing, close the door. I'm going out for a walk." Chen Xiang said.

The shop had a perfect defensive array, and no one dared to cause trouble on the streets, so Chen Xiang was not worried, if not Azure Dragon Fighting God and the rest would have already started a ruckus.

Hua Liqing also did not know where Chen Xiang was heading to. Just as he wanted to ask, Chen Xiang had already walked far away.

Chen Xiang originally did not have such plans, but Azure Dragon Fighting God and the rest were just too arrogant, that's why he had the plan all of a sudden.

"I need to find a few better wargods. I want to form a team." Chen Xiang came to the outside of World Defying Stage Peak Divine Rank Colosseum, and started fighting inside. Because it was not a famous Martial Immortal fight, the fighting grounds inside were split into several different ones, and there were many battles at the same time.

Chen Xiang only used five Tao-creation s to buy the wooden signboard.

"I'm a bit short on cash right now, so I can only take a look at the market." Chen Xiang entered the arena and saw that there were many battles going on intensely below.

As long as they were Peak of World Defying magic realm's people, they could sign up for the competition and choose to challenge the famous War Gods of various teams. As long as they defeated those War Gods, they would be awarded the Tao-creation's Holy Crystals.

Chen Xiang asked around and found out that it required at least five War Gods to form a team. There were a total of ten victories for the team members to become a part of World Defying Stage Peak Divine Rank Colosseum's team and then they would have to wait for someone else to challenge them.

There were Wargods, teams, small teams, or even well-known teams that challenged teams.

"I have to find five wargods that are a bit stronger. Where are you going to find them?" Chen Xiang had a headache. This kind of War God must be someone like the Bloody Costume Fighting God, otherwise, he would be easily killed.

Chen Xiang thought about it again and again, but he still didn't have a clue. These War Gods had to be trusted, and had great potential.

"Let's go back first. Once Lan Yi evolves, this matter will be easy to handle." Chen Xiang left the World Defying Stage Peak Divine Rank Colosseum and returned to the shop.

Hua Liqing had already started to prepare a plan to sell the World Defying god-becoming Dan. For example, how to attract people and prove the effectiveness of the World Defying god-becoming Dan. was not worried about these things.

At noon on the second day, an abnormal scorching Qi enveloped the courtyard at the back of the shop, causing Chen Xiang and Hua Liqing to be alarmed. They hurriedly came out of their rooms to take a look.

They just saw Feng Lanyi wearing a blue dress, her entire body releasing blue qi flames, that terrifying qi aura, without question, she had already evolved.

"Is this the World Defying Stage Legendary Rank?" Chen Xiang walked over with a smile. "Lan Yi, congratulations. You've stepped into the World Defying Stage Legendary Rank.

"It's all thanks to Boss Shen's pills. I will never forget your kindness." Feng Lanyi handed over the Time array and the remaining two hundred or so Emotional heart Dan back to Chen Xiang.

"Is this the special Legendary gas of the World Defying Stage Legendary Rank?" Hua Liqing looked at Feng Lanyi's body that was covered in blue mist and felt envious. Of course she also wanted to enter World Defying Stage Legendary Rank.

"Yes, this is the Legendary gas. I just came out of it and I'm still not proficient enough to use it. In the future, I'll have to figure it out myself." Feng Lanyi was very happy as he nodded and smiled.

"Lan Yi, you'd better conceal your presence. Azure Dragon Fighting God will come looking for trouble again. When the time comes, we'll catch him off guard." Chen Xiang laughed.

With Feng Lanyi having a breakthrough, Hua Liqing would be able to sell her pills without worry. In the future, she would not need to worry about anyone disturbing her, as long as there were experts from the World Defying Stage Legendary Rank in charge, then she would be much more stable.

Hua Liqing immediately began to sell pills, Chen Xiang asked Xiang'er and Yu'er to come out and help him, while he and Feng Lanyi discussed about forming a team in the backyard.

Hua Liqing had already asked some people to spread the news that there were World Defying god-becoming Dan on the streets, and this could quickly attract a group of people who had nothing better to do, so all they needed to do was to prove that it was effective. Hua Liqing had even borrowed Chen Xiang's Time array, and demonstrated it on the spot quickly.

... ..

Feng Lanyi was very interested in the idea of Chen Xiang forming a team.

Sister Li Qing will be able to earn a large amount of Tao-creation Holy stone soon. At that time, we will also have sufficient resources to build a team. " Chen Xiang said, "If there is a World Defying Stage Legendary Rank like you as the boss behind the scenes that wants to rope in the War God, it should be relatively easy."

"Although Emotion-Opening Pills can earn you a lot of Tao-creation Holy stone, World Defying Stage Peak Divine Rank Colosseum only recognizes Tao-creation Holy Crystals. If the Tao-creation Holy Crystals aren't enough, it would be difficult to recruit War Gods." Feng Lanyi said: "Moreover, teams always require a large amount of investment in the beginning, after the later stages of the competition to defeat the famous, only then would they be able to profit from War God's spoils of war or the admission fee.

[Chapter 3554](#)

Chen Xiang had also thought about it before. There was another reason why he formed a team, which was to make his Battle God team eat the various pills he refined and then display different types of power. This would make his pills easier to sell and would sell for a higher price.

Feng Lanyi thought that it was pretty good that he had mentioned this idea, because she had broken through after eating Chen Xiang's pill. If someone knew about this, they would definitely rush over to buy it.

If you really want to do this, you don't need to create a team. If you want to join the World Defying Stage Peak Divine Rank Colosseum, you will need to pay a huge price. Feng Lanyi said: "It would be

better if we just find a few people who have potential and can trust them, and train them up, so that they can challenge those famous War Gods."

At the same time, we will let everyone know that we are a team, but we will not join the World Defying Stage Peak Divine Rank Colosseum, so I do not need to pay the entrance fee. If you want to gain a lot of influence, you need to use your pill to be able to make people strong.

"That's not a problem." Chen Xiang said, he had many strange ideas, especially when he saw Bloody Costume Fighting God's Holy stone like body.

He felt that he could fuse the Tao-creation's Holy stone and the medicinal ingredients into a medicinal pellet, allowing people to consume it to achieve the same effect. Or perhaps, he could extract the blood of a divine beast and fuse it with the medicinal ingredients to allow people to cultivate the power of the World Defying beast.

"Alright, I'll do it right away. I'll use my connections to find a suitable candidate." Feng Lanyi replied, "I will be back soon."

Feng Lanyi had already raised the price of the World Defying god-becoming Dan to one hundred and fifty of Tao-creation's Holy stone, which was still very easy to sell. Occasionally, she would even auction a few, raising the price of the World Defying god-becoming Dan to a very high level.

There were already many people at the peak of Aoshi Holy Stage in the first place, but after knowing that it was effective, they all rushed over. On the other hand, Hua Liqing only sold two hundred pills today, and at the same time, announced that he would need to wait another month for the next sale.

The World Defying god-becoming Dan soon spread throughout the city. One of them was a pill god, which made many pill shops shocked, because they had already sold two hundred, and the price was very high, so there was no need to question the effectiveness of this pill.

... ..

After Azure Dragon Fighting God heard about this, he frowned: "These few people, are actually Alchemist ... Feng Lanyi was definitely not it, and neither was it the man in charge of selling the pills, could it be that man? "

"That should be it, this man looks pretty strong, what is his background? World Defying god-becoming Dan, to be able to concoct such a pill, it is enough for them to establish a certain prestige in the Fighting Glorious City." A middle-aged man said.

War Emperor, we just received news. Feng Lanyi left the shop, I wonder what she's going to do.

"Feng Lanyi is of too great use to me. As long as I eat her, I would be able to possess a body that is close to a World Defying beast's." The Azure Dragon Fighting God clenched his fist tightly: "I haven't been able to step into the World Defying Stage Legendary Rank for long, it's just that my physical body's cultivation is not enough. Even though the Azure Dragon in my Divine Sense Sea has already stepped into the World Defying Stage Legendary Rank, it's still just a soul, and needs to be compatible with my physical body to become stronger."

This was because Chen Xiang guessed wrongly, he had thought that Azure Dragon Fighting God would suppress his cultivation and not achieve a breakthrough.

"Then what do we do now? We can't act recklessly in the Fighting Glorious City, there are many families and forces watching us." The middle-aged man said, "If we make a mistake, they will definitely get hold of something and find trouble with us."

The various battle squads in the World Defying Stage Peak Divine Rank Colosseum were extremely intense, especially the main force in the battle teams like the Azure Dragon Fighting God, which many of the boss of the battle squads wanted to get rid of.

"Think of a way to capture Feng Lanyi ... Oh right, isn't she from Fire Mountain School? Why did she join a shop now? Azure Dragon Fighting God walked around, feeling very frustrated.

"She just left the Fire Mountain School. She has nothing to do with the Fire Mountain School anymore." The middle-aged man said.

"Alright, you guys go contact the Fire Mountain School and ask them if there's any way to move Feng Lanyi out of the city ... Or if they have any evidence against Feng Lanyi, I will give them a large reward." The Azure Dragon Fighting God said.

"I'll do it."

After the middle-aged man left, he quickly brought an old man. It was an old man from the Peak of World Defying magic realm.

"Lord War Emperor, this old mister is Elder Wang of the Fire Mountain School. He is in charge of managing some of the disciples of the Fire Mountain School and Feng Lanyi is included in this group of disciples."

Azure Dragon Fighting God's eyes lit up, he anxiously asked: "Elder Wang, what method do you have to deal with Feng Lanyi, I need an honest reason."

"Yes, Feng Lanyi is a Four-winged flamingo. She has been carefully accumulating resources for many years ... She has secretly accumulated a lot of resources for herself, so our Fire Mountain School can say that she had stolen the resources of the Fire Mountain School. Elder Wang said: "If she is not willing, then we, the Fire Mountain School, will be able to apply to the Fighting Glorious City and forcefully capture Feng Lanyi. After we capture Feng Lanyi, we will bring her out of the city and at that time, we will be at the mercy of the Azure Dragon Fighting God."

"We'll do it right now. After we finish this, fifty Tao-creation's Divine Crystals as compensation to Elder Wang." Azure Dragon Fighting God was very excited as he shouted.

... ..

Just as Feng Lanyi returned to the shop, Elder Wang brought a group of old men from the Fire Mountain School over.

"Feng Lanyi, even though you have already left the Fire Mountain School, we suspect that you have stolen our resources for many years, so we will bring you back to investigate." When Elder Wang entered the shop and saw Feng Lanyi, he shouted loudly.

Chen Xiang immediately looked outside and saw a middle-aged man who had a simple disguise on the other side of the street. The man's eyes were hidden, and when he looked carefully, he could tell that this man had been to Azure Dragon Fighting God before.

"Troublemaker, please get out of our shop." Chen Xiang walked up and pushed with his strength. A burst of power rushed out and blew Elder Wang and the others out of the shop.

Everyone, these people claim that they are from the Fire Mountain School, and they are here to cause trouble. I just came to the Fighting Glorious City, and do not know how to deal with this kind of people. Chen Xiang said to the people outside. There were many people outside who wanted to buy World Defying god-becoming Dan.

"Send those who are causing trouble to the City Lord's Mansion."

"For a person from the Fire Mountain School to do something like this, isn't that just too cheap?"

"He is the Fire Mountain School's Elder Wang, his position is not low at all. Haha, the Fire Mountain School's inner court elder actually did such a thing. He is jealous of someone else's store, come and cause trouble here."

"Arrest them and send them to the City Lord's Mansion. Let the City Lord's Mansion deal with them."

"I heard that Fighting Glorious City doesn't have a good relationship with him, and likes to deal with him the most."

"If everyone can help to capture them and bring them to the City Lord's Mansion, I, Shen Cui, will use the Time Formation to refine some World Defying god-becoming Dan for everyone. I will have them by tomorrow as soon as possible." Chen Xiang suddenly said.

The young man in front of them was actually the Alchemist of the two World Defying god-becoming Dan. After everyone was startled, they all shouted Master Shen, while Elder Wang's face turned green. Now, a group of people surrounded them, preventing them from escaping.

[Chapter 3555](#)

It was possible that the Fire Mountain School's Elder Wang did not know how much influence Chen Xiang's sale of the World Defying god-becoming Dan had, which was why the crowd was so enthusiastic.

Elder Wang and the others could not escape, while the people from City Lord's Mansion rushed over, after understanding the situation, without saying a word, they brought Elder Wang and the others away.

After Chen Xiang, Hua Liqing and Feng Lanyi closed the shop's door, they also went to City Lord's Mansion because they wanted to investigate this matter.

Initially, Elder Wang did not do anything, but Chen Xiang pushed them out instead. However, a moment ago, many people exaggerated and said that Elder Wang was looking for trouble, causing his shop to not be able to operate normally.

The people of City Lord's Mansion, especially after knowing that Elder Wang was from there, became more enthusiastic and escorted Elder Wang and the others back to City Lord's Mansion.

This was completely different from what he had expected. He thought that it would be just as he had expected, the ones to bring Feng Lanyi out of the city, on the contrary, it was them who were escorted back to City Lord's Mansion.

Chen Xiang knew that the Azure Dragon Fighting God was behind this. He had already seen the people from the Azure Dragon Fighting God.

It was already the second time Azure Dragon Fighting God had come looking for trouble with them, there would definitely be a third time. Chen Xiang planned to retaliate against Azure Dragon Fighting God after this matter ends, he could not just sit still and wait for death.

City Lord was a middle-aged man named Yang Genming, with a hint of a Legendary gas, which meant that he was a member of World Defying Stage Legendary Rank, and had extremely strong power.

Yang Genming had a gentle smile on his face as he quickly made Chen Xiang and the others sit down. However, Elder Wang and the others were standing in the middle of the hall, with a few black armored guards trying to keep an eye on them.

"Boss Shen, right? You can refine a World Defying god-becoming Dan at such a young age, this is really rare. You opening a shop in the Fighting Glorious City is really a blessing for us." Yang Genming laughed.

"The reason we are opening our stores in the Fighting Glorious City is because we see the Fighting Glorious City as a safe city, so we do not need to worry about anyone making trouble. Even if there are people making trouble, the City Lord's Mansion will help us make decisions. Chen Xiang replied with a smile.

"That's what we should do." Yang Genming looked at Elder Wang, and his expression became serious: "Have any of you barged into Boss Shen's shop."

When Yang Genming asked this question, the powerful Legendary gas overflowed and enveloped Elder Wang and the others, causing them to tremble uncontrollably.

"We... We are only here on the orders of the Fire Mountain School to bring Feng Lanyi back to investigate. We are not ... "It's not a disturbance." Elder Wang trembled.

Why didn't you inform our City Lord's Mansion first? Our Fighting Glorious City and the various large sects have an agreement so if you want to bring the people away from Fighting Glorious City, you must first communicate with our City Lord's Mansion.

Yang Genming shouted coldly, and was extremely furious: "All these years, your Fire Mountain School has also brought a few people away from the Fighting Glorious City, and they have all come to the City Lord's Mansion to report. Fire Mountain School is definitely aware of this rule, but you did not follow it.

Although he did not bring anyone away, but he did have the intention to do so, as long as his actions have the possibility of causing a conflict, that would be breaking the rules of the Fighting Glorious City.

"Take them away, imprison them for ten thousand years, and declare the city as well." Yang Genming waved his hand, ordering his men to bring Elder Wang and the few pale-faced people away.

Chen Xiang was very satisfied with the treatment given to him by the City Lord, and immediately thanked him.

"No need to be polite, Boss Shen. Maintaining order in Fighting Glorious City is my duty." Yang Genming laughed.

In order to express his thanks, Chen Xiang gave ten World Defying god-becoming Dan s. No matter what, this City Lord made him feel that it was good.

Yang Genming did not refuse and accepted it with a smile. Among his City Lord's Mansion, there were many who were at the peak of the Aoshi Holy Stage. Eating this pill would allow them to step into the World Defying Stage Divine Rank and increase his power a little.

"I wonder if Boss Shen has any godly pills with magical effects other than this one." Although Yang Genming still did not know Chen Xiang's background, he felt that Chen Xiang was not bad and was someone to befriend.

Hua Liqing and Feng Lanyi were just watching by the side. They did not expect that Chen Xiang would be so familiar with such situations.

"Yes there is, but ..." It's just that that kind of dan is more likely to cause a dispute. " Chen Xiang chuckled: "You know that."

"I understand, I understand..." Yang Genming hurriedly nodded, and then asked doubtfully: "What kind of effects will that pill have? If its effects are not bad ... It's nothing to cause a dispute. "

For Yang Genming to be able to become the City Lord, he was an elite. For a Alchemist like Chen Xiang, who could concoct miraculous pills, the first thing he needed to do was to get on good terms with him. Therefore, at this moment, he was extremely enthusiastic.

"Well... This kind of pill has a lot of power, so it will take a lot of time and effort. " Chen Xiang said, but he did not directly say what effect it had.

"This is normal. The better the pill, the longer the forging takes. Even though I don't know how to forge pills, I still know this." Yang Genming's heart itched. He really wanted to know what effect that pill had.

"Boss Shen, how about this? If the effects of this pill are good, you can provide it to me alone. I will keep it a secret and we can discuss the price." Yang Genming said.

"This pill of mine is also a World Defying god-becoming Dan, but it's of an even higher grade. The pill I gave you just now is a low rank World Defying god-becoming Dan, capable of allowing a person to advance from the peak of Aoshi Holy Stage to the World Defying Stage Divine Rank.

"As for mid-grade World Defying god-becoming Dan, they can help a person advance from the early to mid stage of the World Defying Stage Divine Rank, and for high-grade World Defying god-becoming Dan, they can help a person advance from the middle stage of the World Defying Stage Divine Rank to late stage."

Feng Lanyi was not surprised at all by the effects of Chen Xiang's words, because the Emotional heart Dan she ate was even more powerful, able to allow her to step into the World Defying Stage Legendary Rank from the Peak of World Defying magic realm.

After Yang Genming heard this, he sucked in a small breath before frowning and asking in a low voice, "Have you joined the World Defying Dan grain?"

Chen Xiang nodded.

Normally, it was very difficult for Yang Genming to even see such a person. This kind of Alchemist was usually very willful, and even amongst the various large sects, sects and powers, it was not that easy to see him.

And now, there was one in front of him. Although he was a little young, he had a good character and did not put on airs. He was unlike those old Alchemist who were so arrogant.

"That World Defying Dan grain should not be owned by Boss Shen himself, right?" Yang Genming asked in a low voice.

Chen Xiang nodded his head: "It's not mine, it's also a place that will easily lead to arguments."

Yang Genming was now certain that Chen Xiang's World Defying Dan grain had secretly learned from someone else. Without anyone to guide it, it was possible to comprehend it for oneself.

"City Lord, Fire Mountain School's people are here, Azure Dragon Fighting God is also here." Someone suddenly whispered outside.

[Chapter 3556](#)

Chen Xiang was not surprised at all with the arrival of the Azure Dragon Fighting God.

After Yang Genming heard it, he rolled his eyes and said to the people outside: "Tell them, I don't have time in the next few days, tell them to come back next time."

City Lord's Mansion was considered quite a strong force within the Fighting Glorious City, and the relationship between City Lord's Mansion and him was never very good. Furthermore, Azure Dragon Fighting God was only a thug, so Yang Genming did not put him in his eyes at all.

"City Lord, you probably don't know the reason why Fire Mountain School's Elder Wang has come to make trouble." Chen Xiang said: "This Miss Feng Lanyi, she was originally a member of the Fire Mountain School, a Four-winged flamingo. Later, she joined my shop and left the Fire Mountain School! As for the Azure Dragon Fighting God, who cultivates a World Defying Green dragon, he likes to devour birds and beasts. "

Yang Genming had previously known that Elder Wang was going to bring Feng Lanyi away, and he had heard of some of the Azure Dragon Fighting God's hobbies.

"Azure Dragon Fighting God is not important. The main thing is that the boss behind Azure Dragon Fighting God is not someone to be trifled with." Yang Genming said: "But you don't have to worry, the boss behind Azure Dragon Fighting God is not an idiot, he would definitely not do anything for the Azure Dragon Fighting God."

"I'll have to ask City Lord to take care of me in the future." Chen Xiang said.

"Definitely! Let's talk about the World Defying god-becoming Dan! Middle Ranked World Defying god-becoming Dan One Tao-creation Holy Crystal, High Ranked World Defying god-becoming Dan Three Tao-creation Holy Crystals, what do you think? " Yang Genming immediately moved his hand to the side. If

Chen Xiang had enough Tao-creation Holy Crystals, he would be able to quickly expand his power and stabilize his position in the City Lord.

Hua Liqing sent a sound transmission to Chen Xiang, telling him that the price was very suitable.

"Alright, this pill will take a long time to refine, so I'm not sure when I'll be able to do so." Chen Xiang said.

"It's fine as long as you can refine it!" How about this, for a total of five Tao-creation's Divine Crystals, you refine a set to come and find me. " Yang Genming added another Tao-creation Divine Crystal, he was also worried that the price would be too low, and that would cause Chen Xiang to feel resentful.

"City Lord is so generous, looks like I have to speed up and refine a set for City Lord to test its effects, at that time, City Lord can wait until the effects come out, then you can pay me the Tao-creation Divine Crystals." Chen Xiang laughed.

"Don't worry, I trust Boss Shen!" Yang Genming laughed.

After that, Yang Genming brought Chen Xiang and the others and left through the back door. He also assured them that Azure Dragon Fighting God would not come and cause trouble again.

... ..

After returning to the shop, Hua Liqing laughed: "This City Lord is truly intelligent! He must have sensed Lan Yi's concealed aura, so he definitely knows something about Feng Lanyi. "

Before, Feng Lanyi was only a Peak of World Defying magic realm, but after he joined Chen Xiang's shop, he became a World Defying Stage Legendary Rank, so Yang Genming was sure that this had something to do with Chen Xiang.

Although Chen Xiang did not say it, Yang Genming believed that he possessed a miraculous pill that allowed people to enter World Defying Stage Legendary Rank.

"Now it all depends on my master. If she can make good World Defying Dan grain, then the pills I refine will be even better." Chen Xiang now understood the importance of stepping into the World Defying Stage Legendary Rank.

In the Fighting Glorious City, only the powerhouses could step into the World Defying Stage Legendary Rank. Although there was a difference in strength, the Peak of World Defying magic realm did not hold any status in their eyes.

For example, the Azure Dragon Fighting God. Yang Genming did not even put him in his eyes, the bosses only treated the Azure Dragon Fighting God as a tool. If the Bloody Costume Fighting God made a breakthrough, even if it was a slave, their status would definitely be higher than Yang Genming's.

This was also why the Azure Dragon Fighting God was so anxious to break through. He was nothing if not for stepping into the legendary realm.

It was a pity that his Pill Spirit could not condense a World Defying god-becoming Dan. The main reason was because of the characteristics of the World Defying god-becoming Dan.

"Lan Yi, how is the team doing?" Chen Xiang asked.

"I've already sent people to look for it. We might need to wait patiently for a while." Feng Lanyi said: "If Fire Mountain School or Azure Dragon Fighting God were to come and cause trouble, would you like me to reveal my Legendary gas?"

"Alright, if they come again, I'll teach them a lesson!" Chen Xiang said: "Bring them out of the city and finish them off."

"That's it, I have to hurry up and concoct the pills, I need to get the five Tao-creation Divine Crystals first." Chen Xiang laughed: "We need to buy some other pills and bring them back to improve ourselves. Only by doing this will we be able to progress quickly."

Hua Liqing smiled as he said, "Lan Yi, when you have time, go and find out how to sell these pellets so that we can bring enough Tao-creation's Divine Crystals."

... ..

Chen Xiang entered the secret room, took out his Six Realms mirrors and activated the Time Formation.

To refine a middle tier World Defying god-becoming Dan, he did not need to inject too much blood and life force into it. As long as he controlled the amount well and was able to let it reach the middle stage, it would save him a lot of time.

"The refining speed has increased a lot." Chen Xiang had refined a few Emotional heart Dan s before, so he was getting more and more experienced.

But now, when he refined it, it was not for sale, but for the girls to eat. Su Meiyao could only refine middle ranked World Defying god-becoming Dan, so refining upper ranked World Defying god-becoming Dan was much more difficult.

Chen Xiang planned to let all the people in the You Yao Mountain Villa step into the Late period of World Defying magic realm, especially into the Spirit Pill.

Chen Xiang stayed in the Time Formation for a long time, refining enough pills for the girls inside the You Yao Mountain Villa to eat. At this time, Xiao Xianglin was also a Late period of World Defying magic realm, if he ate more high grade World Defying god-becoming Dan, he might be able to step into the Peak of World Defying magic realm.

"I have learnt the ninth stage of the Tao-creation Incantation!" Xiao Xianglin suddenly said.

"What exactly is the ninth stage of the Tao-creation's Incantation?" Chen Xiang was so curious that he died, even when Hua Liqing went to ask around, he did not find any information, it was clearly a secret that was not passed down.

"Derive!" Xiao Xianglin said, "The eighth stage is the regeneration incantation, and the ninth stage is the derived incantation!"

"Derived!" Is that really that different from the Rebirth Incantation? " Chen Xiang said, and just as Xiao Xianglin had guessed, the eighth and ninth level of the Tao-creation's Incantation wasn't that berserk.

"A flower is about to die. It can be regenerated using the power of regeneration. A tree has been killed, leaving only its roots. It can be regenerated quickly to become a tree. This is regeneration!"

"When a flower becomes two flowers, the resulting flower will be even better. It has undergone evolution, and this is what is meant by derivation." Xiao Xianglin said.

When Chen Xiang was refining pills, there was a derivation method, so he quickly understood the difference between a derived incantation and a regenerative incantation. These two Tao-creation's incantations were extremely useful in pill refining.

As for how to use it, that was Xiao Xianglin's problem, she was the Incantation Master.

[Chapter 3557](#)

Chen Xiang frequently came into contact with the power of regeneration, and frequently used derivation to refine pills. These two powers were born from the effects of the Rebirth Incantation and the Derivative Incantation. Therefore, although Chen Xiang had not learnt these two Tao-creation Runes before, he was extremely familiar with the powers released from them.

Amongst the Flying Dan grain, these two types of Tao-creation Incantations were the most common, which was why he had learnt them so quickly.

"Master, where are the two Legendary mantra? Have you made any progress? " Chen Xiang asked, it was a good thing that he had two clones helping him learn, so he could share a lot of her problems.

"Not yet. Let's wait a little longer. This really isn't easy to grasp." Xiao Xianglin sighed, she too wanted to quickly grasp it.

"Teacher, why don't we try refining a pill together and inscribe a new incantation?" Chen Xiang said, "If nine incantations for regeneration were carved into a pellet, I feel that after the pellet is consumed, it might be formed! The reason why the Core Spirit could not evolve to remove the World Defying god-becoming Dan's soul is because it might be missing something. "

He Fengyuan said: "It's very possible that it's because the World Defying god-becoming Dan's medicinal ingredients had fused together and then added with various Tao-creation's incantations to seal or suppress the power of regeneration, that's why the pill spirit was unable to condense."

"Alright!" Xiao Xianglin also knew the benefits of evolving the soul of a World Defying god-becoming Dan.

Xiao Xianglin withdrew the two clones. She had to wholeheartedly focus on refining the pellet with Chen Xiang, in case there was to be a mistake when the time came.

"..." Chen Xiang and Xiao Xianglin were inside the Six Realms mirrors's Time Formation.

In the previous stage, Xiao Xianglin was only learning the derived incantation, she was only learning the first incantation well, there were still eight incantations left.

Chen Xiang needed a lot of time to refine a batch of high-grade World Defying god-becoming Dan, and currently, he would need a year to refine all of them at his fastest speed. The main reason was because it would be more stable and not take his life.

The first time he used the Flying Dan grain, although its speed was fast, he desperately channeled and released his blood and life force, as well as the power of regeneration.

Right now, he had the Time array, so there was no need to be so anxious.

To inscribe the Rebirth Incantation, one had to first condense the Incantation after forming the Incantation. Chen Xiang had to have Feng Ke'er to prepare the Incantation at the side so that he would not make any mistakes.

"Master, you can begin!" Chen Xiang said.

Xiao Xianglin immediately sent his consciousness into Chen Xiang's pill furnace and locked onto the ball of red light. It was the World Defying god-becoming Dan that was being compressed, with many Tao-creation incantations engraved on it.

Currently, Xiao Xianglin needed to condense nine complicated regeneration incantations without messing up the pill patterns and incantations. This was also a huge test, but Xiao Xianglin liked this type of test very much.

Chen Xiang saw with his own eyes how Xiao Xianglin had managed to create the Rebirth Incantation. This was definitely not simple, because the pellet was very small and the Incantation was already filled to the brim with Flying Dan grain and many Tao-creation Incantations.

Xiao Xianglin needed to carefully carve the regeneration incantation in the midst of these sparse gaps, without affecting anything else.

One took a year, and the further it went, the longer it would take. She took a full 30 years to finish nine of them.

"It's a success!" Xiao Xianglin had completed it in one go. In thirty years of time, she had focused on inscribing the incantation, which was extremely difficult. Fortunately, she was extremely serious when she was inscribing the incantation, so she did not feel as if time was passing by.

Chen Xiang was also watching. After reading it, he was sure that if Xiao Xianglin were to teach others how to learn the Tao-creation's Incantation, he would definitely be able to grasp it faster.

"Master, you are really amazing. Such a complicated Tao-creation Incantation, forget about successfully condensing it, I don't even know how long it will take for me to learn it." Chen Xiang sighed.

"Of course I'm powerful. Otherwise, I wouldn't have been able to become your master, right?" Xiao Xianglin lightly patted Chen Xiang's face and said with a smile, "Hurry up and condense the pill, let Li Li give it a try."

Chen Xiang immediately began to condense the pellet. There was a Fusion spell in this pellet, so under Chen Xiang's control, the effect of the Fusion spell was able to quickly fuse all the energy within the pellet.

A High Rank World Defying god-becoming Dan that was able to form nine regeneration incantations was finally completed. It looked no different from the rest of the World Defying god-becoming Dan.

Chen Xiang immediately gave it to Jiang Lisi for her to eat.

After Jiang Lisi ate it, the effects quickly came to fruition, and did not disappoint Chen Xiang and her.

"That's enough. Give me four more pills, and I will be able to condense these World Defying god-becoming Dan." Jiang Lisi was also very happy, this way, she could condense another type of pill.

There were still four pills remaining. This was only a matter of time for Chen Xiang and Xiao Xianglin.

As long as one Young girl Danling could successfully evolve, and condense a World Defying god-becoming Dan, the other two Young girl Danling could quickly condense their own! If they had a large number of high rank World Defying god-becoming Dan, they would be able to quickly step into the Peak of World Defying magic realm after eating it.

Previously, Chen Xiang was still having a headache because of their breakthrough, but it had already been resolved.

Chen Xiang and Xiao Xianglin stayed in the Time Formation for about two days, refining five high-levelled World Defying god-becoming Dan that were able to create regeneration runes and giving them to Jiang Lisi to eat.

What happened afterwards, was up to Su Meiyao to arrange it. Chen Xiang had been concocting pills in the Time Formation for so many years, it was time for him to go out and take a breather.

"Sister Li Qing, has anyone come to cause trouble in the past two days?" After Chen Xiang came out, he saw Hua Liqing analyzing some of the content in the paper in the courtyard.

Chen Xiang walked over and discovered that they were all names of medicinal pellets and herbs, as well as quite a few drawings.

"No, and I don't know why, neither Fire Mountain School nor Azure Dragon Fighting God came to cause trouble, could it be that City Lord secretly warned them?" Hua Liqing also felt that it was strange.

"That's good. Where's Lan Yi?" Chen Xiang asked.

"Lan Yi went out to prepare the team ..." She wanted to choose people who are primarily flames as the War God, because she felt that the Emotional heart Dan could make the people who are primarily fire stronger. " Hua Liqing said: "As long as we have enough Emotional heart Dan, we can make these War Gods' flames even more powerful."

Chen Xiang nodded his head: "That's good!"

"Look, these are all the high-grade Tao-creation s' divine medicines and divine pills that Lan Yi collected." Hua Liqing passed it over to Chen Xiang. "A Patterned Divine Pill requires at least one Tao-creation Divine Crystal to purchase, and the effects don't seem to be that miraculous, at most it's just that it's very powerful."

"Can anyone enter the World Defying Stage Legendary Rank from the Peak of World Defying magic realm?" Chen Xiang asked.

"No, even if there is, no one will take it out to sell. It will definitely be sold at a high level!" Moreover, this pill needs to be consumed for a long period of time, and might not even break through by then. " Hua Liqing shook his head.

Chen Xiang looked at the introductions on the Divine Pill Pattern Divine Pills and was a little disappointed.

"I will make a trip to the City Lord's Mansion and ask if there are any good pills. Let him introduce me to them and see how they can be purchased." Chen Xiang also wanted to sell the World Defying god-becoming Dan on hand to Yang Genming.

[Chapter 3558](#)

Good pills were rarely sold. Even if they were sold, they would only be sold through auctions. Only some powerful individuals would be able to buy them, and most of them would be bought by this group of people.

The moment Chen Xiang entered the City Lord's Mansion, he was warmly invited to the hall by a manager of the City Lord's Mansion. Then, the manager rushed to inform City Lord Yang Genming.

Yang Genming arrived very quickly, and he felt that Chen Xiang had come to find him most likely because the World Defying god-becoming Dan s had already been refined.

"City Lord, you seem to be very busy." Chen Xiang smiled when he saw Yang Genming walking in.

"No matter how busy you are, you can't just ignore Boss Shen." Yang Genming laughed and then ordered someone to pour Chen Xiang a cup of tea.

Yang Genming waved for everyone here to leave, and then closed the door.

"City Lord, here is a group of World Defying god-becoming Dan!" Chen Xiang passed over a jade case. Among the group of World Defying god-becoming Dan, there were three mid-ranked high-ranked World Defying god-becoming Dan, which could allow a person at the peak of Aoshi Holy Stage to quickly step into the Late period of World Defying magic realm.

Yang Genming received it, opened it up and took a look, then gave Chen Xiang five of the Tao-creation's Holy Crystals, all of them were of good quality.

"City Lord, you should have tried giving it to me first." Chen Xiang laughed.

"I trust you!" Yang Genming smiled slightly, "Boss Shen, next time you finish refining, you must first consider selling it to me."

"No problem, City Lord has to keep this a secret, because the World Defying Dan grain I use to refine this pill will easily cause trouble." Chen Xiang said in a low voice: "If this gets out, I'll be in a bit more trouble."

"I know. I will definitely keep this a secret. You can rest assured." Yang Genming nodded.

"The people of Azure Dragon Fighting God and Fire Mountain School did not come to cause trouble. This is all thanks to City Lord's secret assistance." Chen Xiang hurriedly said with gratitude.

"It's just a small matter!" I was only saying a few words to the boss behind Azure Dragon Fighting God. As for Fire Mountain School, I promise to let that Elder Wang go, and Fire Mountain School also promises to not cause any more trouble. "

After Yang Genming finished speaking, he frowned, "I feel that Azure Dragon Fighting God will not let this matter rest! He might even convince the boss behind him ... I believe Boss Shen knows better than me why Azure Dragon Fighting God is so persistent about this matter. "

Yang Genming seemed to already know something.

"If the boss behind the Azure Dragon Fighting God really agrees, then do they dare to mess around here?" Chen Xiang wanted to confirm.

"I don't dare, there are many powers in Fighting Glorious City, there are a lot of scheming bosses here." Yang Genming said: "If the owner of the Azure Dragon Fighting God is really going to intervene, then he definitely won't dare to fight inside the city. However, it's hard to say whether or not he's already left the city."

"City Lord, are you the boss of the World Defying Stage Peak Divine Rank Colosseum?" Chen Xiang asked again.

"This... Yes, I'm the boss of one of the teams. Yang Genming sighed: "It's mainly because it's too late to form my team, and I don't have enough resources, so my luck isn't good either, I can't find a good wargod."

Chen Xiang was still not very clear about the workings of the World Defying Stage Peak Divine Rank Colosseum, so he carefully asked Yang Genming about the things related to the World Defying Stage Peak Divine Rank Colosseum.

After asking, he found out that if two wargods were fighting, the loser wouldn't be able to get the admission fee, and the winner would get everything. This was a very large amount of income.

Generally speaking, only the battle between two famous War Gods could raise the admission fee, and many people went to watch, such as the battle between Bloody Costume Fighting God and Crazy Sword Fighting God.

Although Azure Dragon Fighting God had defeated Bloody Costume Fighting God at that time, his final income was still obtained by the boss behind Bloody Costume Fighting God. The boss of Crazy Sword Fighting God did not get it, but he did get a slave like Bloody Costume Fighting God, who was about to step into World Defying Stage Legendary Rank.

"Generally speaking, if you want to earn more, you have to brew an attractive competition! This is rather difficult, otherwise it would just be a small matter, not many people would want to watch it. " Yang Genming laughed bitterly: "I am the boss of the team, but I often lose. Not only can I not get any benefits from the admission fee, I also have to provide the spoils of war for the winners. Sometimes, even my War God would be killed or heavily injured, which is not even worth the loss."

"City Lord, if you have a good team, would you have a lot of influence in the Fighting Glorious City?" Chen Xiang felt that Yang Genming buying his pills was probably to strengthen his own team.

"Of course, the stronger the team, the more Tao-creation Holy stone they can earn, and the more War Gods they can recruit." Yang Genming said: "Many of the bosses in the battle teams normally do not show their faces, but we all know who they are You may not know this, but the Sects from Seven Mountains has a team here too. "

"Azure Dragon Fighting God is from Fire Mountain School?" Chen Xiang frowned.

"No, the boss behind the Azure Dragon Fighting God comes from the Wood Mountain Sect, he's a big shot." Yang Genming replied: "My relationship with this guy is average."

Chen Xiang suddenly had an idea, but he still needed to discuss it with Feng Lanyi.

"City Lord, if you know that the boss behind Azure Dragon Fighting God is going to make a move on Feng Lanyi, quickly inform me." Chen Xiang said: "If that's really the case, then I can only use my fist to settle this issue."

"Alright, I will go inform you." Yang Genming said.

"Oh right, City Lord, I would like to buy a few of the Divine Pills, but I don't seem to sell any here." Chen Xiang wanted to see what a good Pill Tattooed Divine Pill looked like.

There will be a trade fair in a while, and at that time, there will be a sale of this pill. I'll send someone to the shop to notify you.

Yang Genming sent Chen Xiang out of City Lord's Mansion and then left in a hurry.

... ..

In a villa in Fighting Glorious City, Azure Dragon Fighting God was respectfully standing in front of a blue-clothed middle-aged man. Azure Dragon Fighting God, who had always been arrogant and respectful towards this blue-clothed middle-aged man, was so respectful that he knew this blue-clothed middle-aged man was his boss.

"Boss, are you sure Feng Lanyi is from World Defying Stage Legendary Rank?" Azure Dragon Fighting God didn't dare to believe that after being hunted down by the Four-winged flamingo all those years ago, she had actually entered the World Defying Stage Legendary Rank now.

"Even though I have never seen this woman before, Yang Genming had told me before that he would definitely not lie to me about this sort of thing! Feng Lanyi has just stepped into the World Defying Stage Legendary Rank, and is only at the early stage. The blue clothed middle aged man sat on a chair and said, "Bloody Costume Fighting God should be stepping into World Defying Stage Legendary Rank soon. By then, he should be able to deal with Feng Lanyi with his strength."

"Boss ..." "You mean ..." Azure Dragon Fighting God thought that the boss would not do anything to Feng Lanyi, but hearing what he said, it was obvious that he was planning to do something to Feng Lanyi.

"If you eat Feng Lanyi, will you be able to enter the World Defying Stage Legendary Rank?" The blue-clothed middle-aged man asked.

"Yes, of course!" The Azure Dragon Fighting God was ecstatic. Even if he stepped into the World Defying Stage Legendary Rank, he had to follow this boss and swear on the blood oath that even if he was a slave for 10,000 years, it would still be worth it. Otherwise, he would have no hope of entering the World Defying Stage Legendary Rank.

[Chapter 3559](#)

The blue clothed middle aged man was also developing his own strength. If the Azure Dragon Fighting God was able to step into the World Defying Stage Legendary Rank, it would undoubtedly be a strong early stage legendary realm.

At that time, he would have the Azure Dragon Fighting God s and Bloody Costume Fighting God s as his right-hand men, and his power would be able to quickly expand.

"Alright, I'll look for Yang Genming now and tell him not to interfere in this matter." The blue-clothed middle-aged man said.

... ..

Chen Xiang returned to the shop.

"Lan Yi, do you think we need to work with the City Lord's team?" Chen Xiang said, "If it's really possible, then we don't need to nurture the War God and can directly cooperate with the City Lord."

"The City Lord has a good personality. Although the reason why he is cooperating with you is for his own benefits, it is rare for him to have such an eye." Feng Lanyi said: "If we can really become his powerful allies, that's not bad. If the City Lord is strong enough in the future, we can sell pills in the Fighting Glorious City much more easily."

Chen Xiang nodded her head: "Alright, then it's decided. I will go and have a good talk with him."

"Boss Shen, the City Lord's Mansion has come to find you." Hua Liqing laughed, she did not know what was going on, and thought that it was a good thing, but seeing Chen Xiang's expression slightly change, she knew that it could not be a good thing.

When Chen Xiang had just left the City Lord, he had told Yang Genming that if the boss behind the Azure Dragon Fighting God decided to make a move against him, he was to send someone to notify him.

Now that he was here, it was clear that he had come to a conclusion.

"So fast. I hope it's not that." Chen Xiang anxiously walked out, only to see the man handing him a letter, without saying anything, he quickly left.

Chen Xiang opened the letter and looked at it, sighing helplessly. The boss behind the Azure Dragon Fighting God had already decided to take action against Feng Lanyi, and even went to talk to Yang Genming, to ask him not to interfere in this matter.

Chen Xiang handed the letter over to Feng Lanyi, and Hua Liqing stuck his head out to read it together.

"Chen Xiang, how about this, I will go and expose that I am a World Defying Stage Legendary Rank." Feng Lanyi said. She felt that this was the only way to intimidate the Azure Dragon Fighting God.

Chen Xiang shook his head. "City Lord told Azure Dragon Fighting God and the others about you being a World Defying Stage Legendary Rank long ago in order to intimidate them. However, they still haven't given up.

Hua Liqing said, "In order to win over Azure Dragon Fighting God, the boss behind Azure Dragon Fighting God must definitely catch Lan Yi and help Azure Dragon Fighting God step into World Defying Stage Legendary Rank."

Feng Lanyi clenched her jade fists tightly, gritted her teeth, and snorted coldly: "That trash, Azure Dragon Fighting God, is actually willing to be your slave to eat me, I must definitely kill him."

"Azure Dragon Fighting God knows that you have stepped into the World Defying Stage Legendary Rank, so they will definitely not leave the city easily. They will also definitely think of ways to get you out, or wait until you leave the city to make a move on you." Chen Xiang said: "That's the only way they can do it, the City Lord already told me, they don't dare to mess around in the city."

"That's good then. I can always stay in the Fighting Glorious City, but I want to see how long they can keep dragging it out for with me." Feng Lanyi was finally relieved, she was worried that it would affect the shop, since the shop had just started.

"I told you, we can't sit still and wait for death." Chen Xiang said.

"Then what do we do?" Feng Lanyi also wanted to deal with Azure Dragon Fighting God, but there was nothing he could do.

"I will join the City Lord as a war god to fight and destroy the Azure Dragon Fighting God." Chen Xiang said calmly: "Since the boss has already decided to make a move on you, then there is no need for me to be courteous. I will make a move on Azure Dragon Fighting God and kill him in World Defying Stage Peak Divine Rank Colosseum."

"Rest assured, this will not affect my ability to refine pills." Chen Xiang smiled slightly, the pill spirit could condense World Defying god-becoming Dan with pill patterns on them, and could also condense normal World Defying god-becoming Dan.

Chen Xiang did not need to concoct the pills anymore, he planned to finish off the Azure Dragon Fighting God first, and wait for Xiao Xianglin to master all the Tao-creation's incantations before he go and concoct the new pills.

"But it doesn't mean that you will affect the forging of the pill... but rather, will you be able to win against Azure Dragon Fighting God?" Feng Lanyi was very worried. She knew that Chen Xiang was not a simple person, but Chen Xiang was only strong in the area of alchemy.

Chen Xiang had been concocting pills all day, so both Feng Lanyi and Hua Liqing were worried.

"I know what I'm doing. I will go find City Lord right now." Chen Xiang was very confident in his own strength. After all, he was someone who had cultivated a Red fire dragon, and World Defying Green dragon was very weak in his eyes. If he was afraid of the Azure Dragon Fighting God, then it would be too laughable.

When Chen Xiang arrived at the City Lord's Mansion, he saw that Yang Genming was already waiting for him.

"I didn't expect it to be so sudden." Yang Genming hurriedly brought Chen Xiang into the hall, he was also very gloomy.

"I have long since prepared it." Chen Xiang smiled slightly.

"The owner of the Azure Dragon Fighting God is called Mu Yijing. He's from the inner sect of the Wood Mountain Sect, and should be at the elder-level." Yang Genming said: "Those of you who are in Fighting Glorious City do not dare to be reckless, they can only wait until you all have left the city before they can make their move."

"City Lord, can I join your team?" Chen Xiang said.

Yang Genming was drinking his tea, and upon hearing Chen Xiang's words, he almost choked.

"Boss Shen, this... This, isn't good. " Yang Genming understood what Chen Xiang meant. Chen Xiang wanted to get rid of Azure Dragon Fighting God inside the World Defying Stage Peak Divine Rank Colosseum, but he did not know much about Chen Xiang's strength and was worried that something might happen to Chen Xiang.

In Yang Genming's eyes, concocting pills was just concocting pills, he should not be making trouble, but Chen Xiang, this rare genius Alchemist, actually wanted him to kill his enemies.

"City Lord, don't worry, although I specialize in pill refining, I am still very professional when it comes to fighting." Chen Xiang laughed.

"Boss Shen, just concoct pills honestly. I will think of a way to help you get rid of someone like the Azure Dragon Fighting God." Yang Genming put down the teacup and immediately tried to persuade her.

I want to personally kill this guy. The boss behind him wants to kill my man, but I have to teach that Mu Yijing a lesson, I want to let him know the consequences of going against me, Chen Xiang. He did this to Lan Yi, just so that Azure Dragon Fighting God can step into the World Defying Stage Legendary Rank and obtain a legendary helper.

Seeing Chen Xiang's determination, Yang Genming knew that he could not persuade him otherwise, and could only shake his head and sigh.

"Fine, I'll let you try." Yang Genming said: "It's impossible for you to challenge Azure Dragon Fighting God directly ... First, you have to become a War God, and then defeat the two War Gods from the Azure Dragon Squad that Azure Dragon Fighting God is on, in order to challenge Azure Dragon Fighting God. At that time, Azure Dragon Fighting God will definitely not reject you. "

"To become a wargod, I need to win ten consecutive battles, right?" Chen Xiang had also understood it before.

"Yes, this isn't hard to say, but it isn't easy to say either. If your luck isn't good, then all previous efforts will be for naught when you meet someone stronger, especially when you won nine consecutive battles. That's why my current team only has three wargods." Yang Genming laughed bitterly.

[Chapter 3560](#)

There were only three wargods, but they were too weak. When Yang Genming saw Chen Xiang's look of disdain, he could only smile bitterly.

"How many powerful teams usually have" Chen Xiang asked.

"At least ten." Yang Genming curled his lips: "I know that you definitely look down on my team. This is mainly because my team is too young and just started growing up."

"Alright, you will soon have a wargod. That will be me" Chen Xiang laughed: "Oh right, your team is called."

"Becoming Famous Fighting Team." Yang Genming said: "The original intention was for all the members of my team to become famous, and we are still working hard right now."

"I'll join your team right now and help me arrange the upcoming battles." Chen Xiang rubbed his fist. It had been a long time since he had an intense battle, and he wanted to stretch his muscles and bones.

"Have you decided on a name? Your code name." Seeing Chen Xiang being so serious, Yang Genming could only comply with him.

"Crimson Dragon." Chen Xiang laughed, "Who knows? Maybe I'll be able to become a Scarlet Dragon War Emperor or something like that in the future."

"Hopefully, as long as you defeat Azure Dragon Fighting God, you will become a Battle Emperor. At that time, my Becoming Famous Fighting Team will become famous, and there will be more War Gods who will join us."

Yang Genming only knew that Chen Xiang was from the Peak of World Defying magic realm, but he couldn't tell how strong Chen Xiang was at all. He felt that Chen Xiang's talent in alchemy was much stronger than the ten Azure Dragon Fighting Gods.

Yang Genming had already sent people to arrange a match for Chen Xiang.

Chen Xiang would use the nickname of Scarlet Dragon to participate in the battle.

After Hua Liqing and Feng Lanyi heard of this, they rushed to the World Defying Stage Peak Divine Rank Colosseum.

... ..

Azure Dragon Fighting God also quickly found out about this matter, so he immediately went to look for Mu Yijing.

After Mu Yijing heard about this, he sneered: "A Alchemist, actually wants to go up on stage himself, you can see that he doesn't have anyone by his side, it's just that Feng Lanyi, this chick who just stepped into the World Defying Stage Legendary Rank, he was forced to do it, his target is you."

"I know that if he is truly qualified to challenge me at that time, it would be the best. I will definitely kill him on the spot." Azure Dragon Fighting God was looking forward to it.

"Boss, should we go take a look?" Azure Dragon Fighting God wanted to see how strong Chen Xiang was. In fact, he was somewhat afraid of Chen Xiang, but he did not say it because he was afraid that he would be looked down upon.

Becoming Famous Fighting Team, isn't this the trashy team called Yang Genming? Don't you know, because of your team, Yang Genming can't even hold his head up high in this group of people, haha " Mu Yijing laughed.

Azure Dragon Fighting God also stopped looking around. He felt that no matter how strong Chen Xiang was, he would not be his match, because he often fought and trained and Chen Xiang would always refine pills everyday, which was not something he could match up to.

... ..

Chen Xiang came to the World Defying Stage Peak Divine Rank Colosseum, and fought against a person who had just joined the competition. He was middle-aged, and seemed to be quite strong.

"Of course you're from Becoming Famous Fighting Team, Becoming Famous Fighting Team only has three war god level trash teams, yet you chose this trash team. It looks like your strength is not that great." The middle-aged man who had a nickname of "Ghost Spectre" sneered.

There were very few War Gods in Becoming Famous Fighting Team, and these kinds of teams were usually called trash teams. It was only because the boss behind the scenes had a lot of resources that they were able to live on.

Yang Genming, the owner of the City Lord and the one behind the scenes, had changed into an old man and was sitting closest to Chen Xiang. Hearing the guy on the stage say such words, he felt very uncomfortable.

This time, it was also because of Chen Xiang that he was able to watch her at such a close distance.

Hua Liqing and Feng Lanyi were also in front, and Yang Genming had brought them to the very front of the group.

During the competition, one could not use the Tao-creation's Runes or Divine Weapons, in short, one could not rely on external forces, and had to rely on himself in the past. There was a very sensitive array formation on the stage, it could sense that if someone used the Tao-creation's Runes, it would sound out a warning.

Chen Xiang could not use the Tao-creation's incantation, as it would reduce his strength by a lot, but he did not need to worry, he still had the power of the Red fire dragon, if he really could not, he would release all of the Red fire dragon's power.

"What team are you in? Let me see how strong your team is." Chen Xiang asked.

"You don't deserve to know my team's name." Ghost Spectre sneered: "But don't worry, when you are stepped on by me, I will tell you and send you to your death."

"Fine, maybe your team is worse than mine" It doesn't matter if you don't tell me. I might not be able to remember your trash team. " Chen Xiang smiled.

The Ghost Spectre was furious, but at the same time, an old man called, the battle started, the Ghost Spectre immediately turned into a few black figures, rushing in all directions, it was hard to find him.

The fighting stage was not small. There were ghost shadows like him everywhere and it was difficult to lock onto his position.

However, it did not affect Chen Xiang at all. When Chen Xiang used the Dao heart Eye to look, he only saw Ghost Spectre's real body.

"You think you're a ghost, right? But a real ghost should be invisible. I do know a little ghost tricks." When Chen Xiang finished speaking, countless of black ghost figures suddenly rushed over from all directions, wailing miserably, like hundreds of ghosts attacking at them, it was extremely terrifying.

"Not good, the boss can't even tell where he is. If he's hit, then we're in trouble." Even though Feng Lanyi was separated by a few enchantments, he was unable to detect any trace of the Ghost Spectre.

Hua Liqing was not too worried. She had seen Chen Xiang's invisibility skills before.

Sure enough, when the numerous ghost figures rushed towards Chen Xiang, Chen Xiang suddenly disappeared.

When Chen Xiang suddenly disappeared, even Yang Genming was shocked, because he could not see where Chen Xiang was.

Chen Xiang's battle arena attracted a lot of warriors.

"Ghost Spectre has won nine consecutive battles. If we were to win another match, it would be War God. Don't make any mistakes."

"Can a new Martial Immortal be born? The opponent of the Ghost Spectre seems to be very strange, but he suddenly disappeared."

"Yeah, but he is definitely still in the fighting stage. If he runs out of the fighting stage, he will definitely touch the Spirit Formation."

"Ghost Spectre met a real ghost, haha."

Ghost Spectre's arrogant anger completely disappeared, because he did not know where Chen Xiang was. What was most terrifying was that he felt that he was the only one on the stage, and Chen Xiang suddenly disappeared without a trace.

From the outside, it was hard to tell that it was his real body. It was because of this move that Ghost Spectre was able to win nine matches in a row.

Back then when Chen Xiang drew and fought with Ghost Spectre, Yang Genming felt that he had bad luck again, always drawing this kind of person.

"Coward, hurry and come out." Ghost Spectre shouted.

"Alright." As Chen Xiang's voice fell, a scarlet flame flew out and coiled around Ghost Spectre's body like a chain of fire.

Chen Xiang used a huge force to drag Ghost Spectre over, and at the same time, he struck the Scarlet Fire Heavy Palm towards Ghost Spectre's head, releasing Heaven Blasting Palm's power, the palm force

rippled like a wave and scattered all the ghosts in the fighting stage, while the Ghost Spectre was already bleeding out from his seven orifices, and was twitching on the ground.
