

Dan God 3571

[Chapter 3571](#)

Chen Xiang would never reveal the matter of him knowing Luo Jiuyang and Gu Tong, he still had not figured out the situation. But he could relax now, Luo Jiuyang was still alive, and Qin Shuang had been worried about this matter for many days.

Luo Jiuyang was alive, but he had become Tao-creation Evil Ancestor's follower. When Qin Shuang found out about this, he became even more worried.

"City Lord, can't you leave Seven Mountains Divine Island now?" Chen Xiang asked.

"It can be, but after leaving, it will be hard to come back. Only the Sects from Seven Mountains has the Transmission array which directly leads to here, and they will move to the Seven Mountains Divine Island one after another, at that time, they will also seal their Transmission array from here." Yang Genming said.

"If I want to leave the Seven Mountains Divine Island, what do I need to do?" Chen Xiang asked.

Seeing Chen Xiang ask this, Hua Liqing and Feng Lanyi were both very worried, thinking that Chen Xiang was going to do something recklessly.

"Boss Shen, why do you ask?" Yang Genming was also extremely vigilant, he was also afraid that Chen Xiang would run out, if he went out, it would be very difficult to get in, "Don't do anything stupid!"

"I just think that the Tao-creation Evil Ancestor might use some other method to secretly enter the Seven Mountains Divine Island." Chen Xiang laughed: "I am not trying to do something stupid, I just want to know how to get out. Otherwise, if Tao-creation Evil Ancestor suddenly appears in Seven Mountains Divine Island, we won't even know the way out, how will we escape then?"

Yang Genming immediately nodded, he did not think about this kind of thing before.

"This Seven Mountains Divine Island was originally refined from the Tao-creation Evil Ancestor's Evil Mountain, and there are still mysterious Tao-creation Ancient Place inside, so it's hard to say."

The reason why Chen Xiang was worried about this happening was because Luo Jiuyang and Gu Tong were at First Tao-creation Ancestor's side. These two fellows were formation masters.

"If you want to go out, you can go through the holes under the lakes of the big cities. You can go out from there." Yang Genming said.

There was indeed a very large lake in the Fighting Glorious City. Chen Xiang had seen the lake before, so he nodded.

"Let's do it today!" I have been busy these few days because something like this suddenly happened. I need to strengthen the Fighting Glorious City's defenses. " Yang Genming said.

On one hand, Yang Genming was more busy. On the other hand, he wanted to try and see if he could use the Flaming Heart of Flame so that the Red fire dragon in the deep sea could step into the World Defying Stage Legendary Rank.

When Chen Xiang returned to the secret room, he heard Qin Shuang's voice.

"Chen Xiang, I'm going to look for my grandfather." Qin Shuang said: "There must be some sort of secret behind this, my grandfather definitely won't be casually manipulated by others."

Luo Jiuyang was indeed such a person, if not he would not have wandered around.

"This is too dangerous." Chen Xiang shook his head.

"I have already agreed with Xuan Fei and Xueyi to let them go with me." Qin Shuang replied, "Your master also used the Tao-creation's Holy Crystals to help us refine divine weapons and protective divine artifacts."

Long Xueyi and Peng profoundfei were only at Late period of World Defying magic realm now, and had not reached its peak yet.

"If you're not at ease, just wait for us to step into the Peak of World Defying magic realm. During this period of time, all we need to do is to eat the high grade World Defying god-becoming Dan formed by our Elixir." Qin Shuang said: "We will definitely be able to break through after staying in the Time array for a few days."

Chen Xiang was not willing, because the situation outside was very complicated. Although the Peak of World Defying magic realm was very strong, facing the people from the World Defying Stage Legendary Rank, it was basically nothing.

In the end, Bai Youyou and Su Meiyao felt that there were no problems, and only after persuading Chen Xiang for a while, did Chen Xiang agree.

Qin Shuang, Long Xueyi, Peng profoundfei and the three Young girl Danling, respectively stayed inside the Time array and the Six Realms mirrors for two days. After going through two hundred years, they stepped into the Peak of World Defying magic realm.

At night, Chen Xiang quietly arrived at the lakeside and dove in. When it was time to the end, he would release Qin Shuang and the other two girls and repeatedly remind them to be extremely careful.

As for how they were going to enter, Chen Xiang would think of a way later.

Chen Xiang also wanted to understand the situation between Luo Jiuyang and Gu Tong. If they could get rid of the Tao-creation Evil Ancestor and come here, it would be a good thing for him. At that time, he would provide them with a large amount of Tao-creation Holy Crystals and let them set up a Transmission array, connecting them to the small island on the Divine Dragon Lake.

After sending the three of them off, Chen Xiang was not at ease at all. Previously, he would always be wandering around outside, this was probably how his beloved women were feeling.

Chen Xiang returned to the City Lord's Mansion and immediately entered the Time array s. He also had the two Young girl Danling s accompany him since he needed them to condense the Emotional heart Dan.

After obtaining the Emotional heart Dan, Chen Xiang did not eat it immediately. Instead, he put it inside the Divine Sense Sea World, so that the Red fire dragon inside could eat it. This way, the Emotional heart Dan's energy would not be absorbed by him, but directly absorbed by the Red fire dragon.

If the Red fire dragon were to step into the World Defying Stage Legendary Rank, Chen Xiang would be more worried, worried that the Red fire dragon would get rid of him, but when he thought about the deep feelings he had for the Red fire dragon and how Ah Hu had merged with it, he felt that there shouldn't be any problems.

After the Red fire dragon ate the Emotional heart Dan, a strange thing happened. It actually became smaller and smaller, the Red fire dragon was originally not very big in the Divine Sense Sea World.

"What the hell? Why is it getting smaller and smaller? What's going on?" Chen Xiang also did not sense any change in the Red fire dragon's aura. It did not increase nor did it have any other movements.

Although the Red fire dragon did not strengthen, it still became smaller. This meant that the Emotional heart Dan had an effect, but the effect was still not very clear.

"Whatever, let's continue eating." Chen Xiang had let the Red fire dragon eat quite a lot of Emotional heart Dan, so he couldn't give up.

Chen Xiang had been inside the Time Formation all day and closed up. He did not know who had come to look for him, but Hua Liqing had come by twice already. Even though she had come, she did not wake him up.

Chen Xiang had stayed in the Time Formation for five or six hundred years and had been eating Emotional heart Dan s all day.

Just as he decided to give up, he saw that the Red fire dragon's body was emitting traces of a strange mist, and red colored flames overflowed from its scales along with a terrifying energy.

"This... Could it be that it succeeded? " What he felt just now was indeed the Legendary gas. This meant that the Red fire dragon had become a legendary beast.

"He should have succeeded!" Xiao Xianglin said: "If you don't believe me, you can ask that little blue bird."

"That's not necessary. I just think it's strange that the Red fire dragon has become so small." Chen Xiang sighed: "If I release it, I wonder if it will become a little bigger."

[Chapter 3572](#)

After the Red fire dragon entered the World Defying Stage Legendary Rank, there was this strange change that happened. Chen Xiang was very suspicious, he did not know if this was the situation in the Azure Dragon Fighting God.

Even though Feng Lanyi was from the World Defying Stage Legendary Rank, her cultivation situation was different from Chen Xiang's. She did not cultivate any World Defying beast within the Divine Sense Sea.

"Let's go out and take a look first. Anyway, I can feel that the Red fire dragon is able to give me a lot of power." Chen Xiang had just tested it just now. The Red fire dragon was able to send waves of

Legendary gas to him, and after merging with his world's proud power, he could become extremely strong.

After Chen Xiang walked out of the secret room, he saw Feng Lanyi here.

"Lan Yi, have you come find me during this time?" "I was too serious in my training, I might not know." Chen Xiang said.

"Li Qing has come to find you twice, mainly because of Violent Saber Fighting God." Feng Lanyi said: "Violent Saber Fighting God is still in City Lord's Mansion, Li Qing is going out with him to participate in the trade to buy the Divine Pill Tattoo Pills."

"Let's go see Violent Saber Fighting God." Chen Xiang said.

Feng Lanyi led the way and brought Chen Xiang to Violent Saber Fighting God's residence.

Violent Saber Fighting God was leisurely sunbathing in a small courtyard. The fingers on his hands had already grown longer, and he looked like he was fine. Seeing that Chen Xiang had arrived, he immediately stood up and walked over.

"Hello, Boss Shen!" The Violent Saber Fighting God laughed, because what did Yang Genming call Chen Xiang.

"We talked about it in the World Defying Stage Peak Divine Rank Colosseum." Chen Xiang nodded his head: "I have been in closed door cultivation for the past few days, which is why I am able to come to see you now."

"It doesn't matter. If there is nothing else, I can swear a blood oath right now." Violent Saber Fighting God said: "Right now, I don't have five hundred Tao-creation Divine Crystals, but I will definitely give them to you in the future."

Violent Saber Fighting God had only taken out a hundred Tao-creation Divine Crystals, which were all his savings over the years. It would be quite good for him to be able to accumulate this much Tao-creation Divine Crystals.

"Alright, regarding the Tao-creation's Holy Crystals, I can take it slow in the future! I can't guarantee that my pills can help you enter the World Defying Stage Legendary Rank right now, and you need a lot of pills either, so the refining process will take some time." Chen Xiang said.

Violent Saber Fighting God began to swear a blood oath. This blood oath was a type of contract, if it was broken, his own soul would be affected by the backlash from the contract, and it would be extremely painful.

Chen Xiang gave himself the remaining five hundred Emotional heart Dan s. Violent Saber Fighting God and Feng Lanyi were the same, the kind that were about to breakthrough successfully.

"Thank you!" Violent Saber Fighting God took one from the Storage bag. When he saw the Emotional heart Dan, the flaming heart on his chest started to tremble. It could be seen that the Emotional heart Dan was effective on him.

"What kind of pill is this?" Violent Saber Fighting God asked.

"Emotional heart Dan." Chen Xiang smiled: "Try it."

"Alright!" The Violent Saber Fighting God still had a few Tao-creation Holy stone that could be used by him. There were some in the City Lord's Mansion that could be used by him as a wargod.

"Lie Dao, does Mu Yijing know about you coming here?" Chen Xiang asked.

"He constantly monitors the City Lord's Mansion. He definitely knows about me entering the City Lord's Mansion." The Violent Saber Fighting God glanced at Feng Lanyi. The reason why Mu Yijing was monitoring the City Lord's Mansion was to find out where Feng Lanyi was, but Feng Lanyi rarely left the City Lord's Mansion.

"Mm, you can go cultivate." Chen Xiang nodded: "I'll wait for your good news."

Violent Saber Fighting God immediately headed to the location of the Time Formation.

Feng Lanyi said: "If he were to step into the World Defying Stage Legendary Rank, do you think he would be of any use to you?"

"If he still wants to become stronger in the future, he should know how to do so. He's a smart person, and he doesn't hate evil like he would before, not as extreme as the Azure Dragon Fighting God and Mu Yijing." Chen Xiang said.

Feng Lanyi looked around, and said softly: "Boss Shen, I feel that you have become much stronger!"

Chen Xiang's heart stirred. Feng Lanyi could actually feel it, and he said with a smile: "Lan Yi, you felt the change in my aura?"

Feng Lanyi shook his head, and frowned: "I can't speak, in short, it's not a change in aura, but ... It's my intuition that tells me you've become stronger. "

Beasts had very keen senses. They could always sense natural disasters ahead of time.

"Boss Shen, what have you been training in seclusion for the past few days?" You are already very strong, but you are still levelling up at this stage, you are close to the World Defying Stage Legendary Rank already. " Feng Lanyi said: "Could it be that you and Azure Dragon Fighting God are in the same situation ..."

Chen Xiang smiled and nodded: "That's right."

Feng Lanyi took a deep breath. Chen Xiang was indeed cultivating with his World Defying beast, but it was never exposed.

"Don't spread it around." Chen Xiang laughed.

"I know!" Feng Lanyi was very curious to know what kind of World Defying beast Chen Xiang trained in. She guessed that it was fire attributed and that Chen Xiang was strong just by using fire alone.

"Lan Yi, I have a question to ask you!" It's just that after cultivation World Defying beast entered the World Defying Stage Legendary Rank, they became very small. What's going on? " Chen Xiang asked softly.

"Small, how small is it?" Feng Lanyi asked in shock. She obviously knew something, and looking at her reaction, Chen Xiang was also very surprised.

"So small!" Chen Xiang raised his finger and sighed.

"What kind of World Defying beast are you cultivating?" Feng Lanyi frowned, "Are you sure that the World Defying beast you cultivate has become so small?"

Feng Lanyi anxiously pulled Chen Xiang, and returned to their residence, and entered a secret room.

"Yes!" Chen Xiang nodded: "Lan Yi, is this a bad thing?"

"I don't know if it's a good thing or a bad thing, but it's very rare." Feng Lanyi said: "In the legends of our World Defying beast, this is called reverse birth."

"When a World Defying beast reaches a certain point in its strength, it will evolve to a certain point. This stage is called the 'rebirth stage', where it will grow smaller and smaller."

Feng Lanyi paced back and forth, and was extremely anxious, "If this continues, it will become an egg, and it will be very small as well! I don't know what will happen after that. "

"When I transform into an egg, am I not allowed to use his power?" Chen Xiang asked anxiously.

"Yes, you better hurry up and think of a way to enter the World Defying Stage Legendary Rank, otherwise, when you hatch, it will affect you greatly! Legend has it that when you transform into an egg, you will absorb a huge amount of energy and condense it into a shell to protect yourself. Feng Lanyi said in a low voice: "Can you let me see your World Defying beast?"

Chen Xiang took out the Six Realms mirrors, released a few enchantments, and then released the Red fire dragon.

The Red fire dragon was very small, and after Chen Xiang released it, it looked like a beautiful little four-legged snake, lying on the back of Chen Xiang's hand.

"This is a dragon... but it's not. " Feng Lanyi first sensed the aura of a dragon, and then felt the aura of other World Defying beast, causing her to be confused. She looked at Chen Xiang at a loss, hoping that he would give her an answer.

[Chapter 3573](#)

The Red fire dragon s had fused with many other World Defying beast, and the outer dragon's characteristics were the most obvious. At the same time, there were the auras of other World Defying beast s.

"I'm not sure what kind of dragon this is! Now that he was so young, he wondered how strong he would be in battle. Chen Xiang said as he looked at the small Red fire dragon on the back of his hand that was flapping its wings.

"It doesn't matter, as long as you can borrow his power." Feng Lanyi said: "Give it a try, whether or not you can absorb the Legendary gas in his body. If you can successfully release it, then it doesn't matter how big this dragon is anymore."

Chen Xiang followed Feng Lanyi's instructions. After the Red fire dragon entered his Divine Sense Sea, he used his mind to control the Red fire dragon and released a trace of the Legendary gas. This wisp of Legendary gas could be smoothly controlled by him, and it flowed within his body ... However, when the Legendary gas flowed in his body, it made him feel very hot and uncomfortable.

It could be seen that the Legendary gas s released were very strong, and with his current strong body, he actually felt a burning pain. He only used a small strand of Legendary gas, if the Red fire dragon released a large amount of Legendary gas, it would be unbearable for him.

Chen Xiang released the strand of Legendary gas from his palm, and a scorching pressure immediately rushed over from all directions. Feng Lanyi was extremely terrified, and her face lost color as she cried out in alarm.

"Hurry up and put it away!" Feng Lanyi said anxiously: "Control that Legendary gas."

Feng Lanyi also released his own strength to suppress the ferocious Legendary gas, otherwise this secret room would definitely be destroyed.

Chen Xiang was sweating profusely, Legendary gas s were not that easy to control. Although he could force them out of his body, the moment he released them, it would cause a huge commotion and release a very strong power, if not for Feng Lanyi who anxiously resisted the suppression, the house would have been turned to dust.

After Chen Xiang put away the Legendary gas, he gasped for breath: "It's really dangerous!"

"Your Legendary gas is really scary." Although Feng Lanyi had not been in the World Defying Stage Legendary Rank for long, she knew a lot about Legendary gas s and had asked Yang Genming for guidance before.

The Legendary gas that was released was definitely scary, but Chen Xiang was still surprised. It was just that at the moment, he was unable to control the even stronger Legendary gas that was hidden inside.

"Right now, your dragon is in the process of being reborn. I will gather more relevant information." Feng Lanyi was also very interested in Chen Xiang's situation. What she was most curious about was the Red fire dragon that caused her to feel fear in her heart.

Feng Lanyi was also considered a phoenix, and was one of the top World Defying beast.

Hua Liqing had returned. She and Yang Genming had gone to participate in the trade fair to help Chen Xiang obtain the pellets for which he had obtained the Divine Patterned Pellet.

"Shopkeeper Shen, there will be fewer 'Divine Patterned Pills' in this transaction ..." The main reason is that the Tao-creation Evil Ancestor has appeared. Everyone is saving precious pills for sale at a high price in the future. " Yang Genming was very gloomy.

"The price is very high now." Hua Liqing took out a box and said: "I only bought two, and used twenty of the Tao-creation's Holy Crystals ... This is a high-grade Tao-creation Divine Pellet, it can create Yuanshen Dan s, it can help the people in the Peak of World Defying magic realm level up, I am not too sure about the exact effects, but just think of it as a very good name for this pellet. "

"It's a Divine Pill!" Chen Xiang opened the box and saw Flying Dan grains inside. This was not the Flying Dan grain that he was familiar with, and he did not know what pill patterns it was.

"Twenty Tao-creation Holy Crystals, it's really expensive!" Chen Xiang looked at the two pills. There were World Defying Dan grains inside, but he had no other choice, because he did not understand the World Defying Dan grains.

"Boss Shen, although this pill is expensive, it has a long history. It was refined and refined by a famous Alchemist in the Tao-creation, Yushan. I have also tasted it back then." Yang Genming said: "During this period of time, the price of this kind of pill is still reasonable."

In Chen Xiang's two fights, the twenty Tao-creation's Holy Crystals he earned were gone. It could be seen that reaching the Peak of World Defying magic realm required him to use up a lot of resources, if it were any other Peak of World Defying magic realm, it wouldn't be so easy for him to obtain so many Tao-creation's Holy Crystals.

"Alright, I'll try it out first." Chen Xiang took the two pellets and entered the secret room.

"Beauty Feng Yuan, you are only in the Late period of World Defying magic realm now. I wonder if this pill will have any effect on you." Chen Xiang gave a pellet of Yuanshen Dan to He Fengyuan.

"It will definitely have an effect, but it won't be too strong." He Fengyuan said: "I'll try. Wait for a while more and I'll give you an answer."

He Fengyuan could decompose the names of the the necessary medicinal herbs needed to create the Yuanshen Dan. Although he did not have the World Defying Dan grains for the pellet, Chen Xiang felt that it would still be possible to add them into the Flying Dan grain.

"Beautiful Master, how is it for you to learn the ninth stage of the Tao-creation's Incantation?" Chen Xiang asked.

"I've almost mastered it. I can even complete the next two incantations, but due to the complexity of the incantations, I'm still not proficient in them." Xiao Xianglin said in a tender voice: "On the other hand, those two Legendary mantra s give me a headache. As long as I can use them, I will release the clones and go in to learn. However, the progress is extremely slow."

"Forget about the two Legendary mantra s first ... I need World Defying Dan grain now, I don't know if you can analyze the World Defying Dan grain inside by eating a pill. " Chen Xiang had a headache about this matter, he only had control over one Flying Dan grain right now, and that was not enough.

"If it was before, I definitely wouldn't have been able to do it. However, there shouldn't be any problems now. I can get my two clones to analyze it for me at the same time." Xiao Xianglin laughed proudly: "This is equivalent to me having three minds analyzing at the same time. I am very smart to begin with, I am a Heavenly Incantation Master, and possess an extremely high talent in the Tao-creation's Incantation! Adding my two clones, it would be equivalent to three Heavenly Incantations! "

"Yes!" Master, you're really amazing! " Chen Xiang's heart was filled with envy and he couldn't help but exclaim in admiration. He gave the made Yuanshen Dan to Xiao Xianglin and let her analyze it.

The great pill masters had a plethora of talents by their side, and many of them had pill disciples helping them study the pill formulas, or with the Incantation Master in charge of the World Defying Dan grain. If he was alone, he would not be able to handle it.

The people around Chen Xiang all had divine skills, which could help him out a lot and save him a lot of trouble.

During this period of time, Chen Xiang had also entered the Time Formation of the Six Realms mirrors to familiarize himself with its control. Furthermore, he had to use the Legendary gas with his demonic techniques and various battle skills, this required a period of time to familiarize himself with it.

"I wonder if others will sell World Defying Dan grain. If they can, I can buy them when the time comes." Chen Xiang definitely had to defeat Azure Dragon Fighting God and Crude Bear Fighting Emperor that day, as he would be able to obtain a large number of Tao-creation's divine crystals from them.

Although the Fighting Glorious City was shrouded in a haze of fear brought about by the Tao-creation Evil Ancestor, on the day of the duel between Chen Xiang and the Azure Dragon Fighting God, everyone seemed to have forgotten about the affairs of the Tao-creation Evil Ancestor, especially those spectators in the World Defying Stage Peak Divine Rank Colosseum who were filled with anticipation.

[Chapter 3574](#)

Chen Xiang arrived earlier than Azure Dragon Fighting God, while Mu Yijing and Azure Dragon Fighting God were still backstage. Newer, clearer, less advertising, like this site, you have to be good at it.] -79-

Mu Yijing looked at Chen Xiang, and said while gritting his teeth: "This guy actually took away the Fierce Blade, is the Fierce Blade crazy? "You actually followed this brat, does he not know that this brat will lose to you?"

The Violent Saber Fighting God was in the City Lord's Mansion, and their relationship with Chen Xiang was also not bad. The entire city knew about this! Before the battle between Chen Xiang and Azure Dragon Fighting God, she had actually gone to seek support from Chen Xiang.

The Violent Saber Fighting God came out of the Green Wood Fighting Team, he had sided with Chen Xiang because he felt that Chen Xiang could defeat both the Azure Dragon Fighting God and the Crude Bear Fighting Emperor!

Why did the Violent Saber Fighting God have such huge confidence in Chen Xiang? This made everyone suspicious, and many people started to fervently discuss this matter.

"Fierce Blade was anxious and anxious to enter the World Defying Stage Legendary Rank. That's why he was confused by Chen Xiang's words." The Azure Dragon Fighting God said: "He thinks that Chen Xiang can help Feng Lanyi to step into World Defying Stage Legendary Rank, and similarly, help him to break through. If it was really possible, Chen Xiang himself would have stepped into World Defying Stage Legendary Rank long ago."

"That's right, there's a possibility that Feng Lanyi was able to enter World Defying Stage Legendary Rank with his help, but it's all because of a coincidence. There aren't any pills that can help people enter the World Defying Stage Legendary Rank, otherwise, the streets would have been full of these. Almost all the books I want to read are available, and they are even faster to stabilize than the average station.

There are no ads for all the words.] What Mu Yijing said was true, otherwise someone like the Azure Dragon Fighting God would not be willing to become a slave just to step into the World Defying Stage Legendary Rank.

"Azure Dragon, go up!" "Kill this guy. Don't let that damn baldy pick up all the cheap stuff." Mu Yijing was very confident in the Azure Dragon Fighting God, because he was very clear on the strength of the Azure Dragon Fighting God. There was a World Defying Green dragon that had stepped into the World Defying Stage Legendary Rank, and through this Azure Dragon, the Azure Dragon Fighting God could use Legendary gas, which was equivalent to half of the World Defying Stage Legendary Rank's strength.

The other Battle Teams' Emperor Warlords did not challenge each other's Emperor Warlords. It was also because they were worried about each other, worried that the other party's Divine Sense Sea had a legendary beast that was so arrogant.

When Crude Bear Fighting Emperor saw Azure Dragon Fighting God enter the arena, he laughed complacently and said, "Boss, we need to support that Scarlet Dragon War God. If he really can defeat Azure Dragon Fighting God, then we will be taking the spoils for ourselves."

"If Chen Xiang can really defeat Azure Dragon Fighting God, it means that he is stronger than him and can become my slave." The bald middle-aged man started laughing as if Chen Xiang was already his slave.

... ..

When Azure Dragon Fighting God arrived at the stage, although there were a few admirers of the Azure Dragon Fighting God, they did not shout too loudly.

This time, Azure Dragon Fighting God's opponent was a very mysterious person. He could easily kill Bloody Costume Fighting God and was also a Alchemist.

"Chen Xiang, don't worry, if you become the boss's slave, I won't bully you, as long as you are respectful to me." Azure Dragon Fighting God looked at Chen Xiang as if he was a slave.

"Don't worry, I'll do my best to let you die a happy death." Chen Xiang laughed, making him become a slave was not that easy.

"I really don't know where your confidence comes from to defeat me. You definitely know about the things related to me, but you still made such a foolish action. It can be seen that you are only a savage person who loves his face." Azure Dragon Fighting God snorted in disdain.

"Speaking of which, you look so much more independent than me. What right do you have to say anything about me?" Chen Xiang taunted him with a face full of ridicule: "In order to step into the World Defying Stage Legendary Rank, you were willing to become a slave. "Fine, let me give you this pathetic and lowly dog life of yours. You becoming someone else's slave is simply an insult to the dragon."

"Don't think I don't dare to kill you!" The veins on Azure Dragon Fighting God's forehead popped, and his eyes immediately turned red, like an eagle's eye. The clothes on his upper body had been ripped apart, revealing his sinister muscles, which were still squirming, a green light flashing, and pieces of green scales grew out, covering all the muscles on his body, causing his hands to become extremely big, and his hands to transform into dragon claws.

When Azure Dragon Fighting God shouted, lightning flashed and thunder rumbled in the sky. The lightning struck his body, causing the dragon scales on his body to jump in electricity, making him look even more violent.

Azure Dragon Fighting God had turned into a dragon, causing many people to exclaim in shock, because this was a very rare scene, it also meant that Azure Dragon Fighting God was going to go all out.

Chen Xiang could also transform into a Draconian before, so he could definitely obtain a lot of power, but it was just that he was still unable to do so right now.

Although the World Defying Green dragon that Azure Dragon Fighting God cultivated had already stepped into the legends, it did not seem very strong. There was indeed a gap with the Azure Dragon Fighting God, but it was not too big, otherwise the Azure Dragon Fighting God would not have been able to fuse with the World Defying Green dragon that easily and release the draconic person's form.

The Red fire dragon s within Chen Xiang's Divine Sense Sea were very strong, its power far surpassing Chen Xiang's. The Legendary gas s contained in that small dragon's body were especially tyrannical, and if he wanted to fuse with that small dragon, his body would simply not be able to handle it, and would be devoured.

Previously, when he was in the Time array s, he had already familiarized himself with them and was able to use them smoothly. However, he did not dare to try becoming a dragon.

After transforming into a dragon, his entire body had become much taller, and was three heads taller than Chen Xiang. Just by looking at his size and aura, the Azure Dragon Fighting God had far surpassed Chen Xiang.

"This guy looks very imposing. His Legendary gas is not as scary as I imagined." Chen Xiang had already grasped Legendary gas, so he was no longer afraid of Legendary gas. If it was before, he would definitely be afraid, and would not even dare to fight against it.

"You are just a piece of mud, I can crush you at any time. Surrender, and be the boss's slave." The Azure Dragon Fighting God said with his hoarse and echoing voice. It sounded very scary.

"Begin!" An old man shouted and began to fight.

Azure Dragon Fighting God did not make a move. He was giving Chen Xiang one last chance to admit defeat.

Lightning unceasingly flashed in the sky, covering the arena like a giant net. From time to time, multiple bolts of lightning would collide, sending out frightening explosions of light.

"Admit defeat?"

Chen Xiang laughed coldly in his heart as he shot forward like an arrow, his speed reaching his limit. As if he had teleported, he crossed several tens of meters in the blink of an eye and when he arrived in front of Azure Dragon Fighting God, he struck out with both of his fists.

In front of the Heaven Blasting Palm, it surged mightily towards the front, bringing with it a trace of Legendary gas, as it violently surged towards the incoming attack. Azure Dragon Fighting God had

already made his move, with a roar, his mouth spewed out a mouthful of lightning, filled with dense Legendary gas s.

The lightning directly struck the waves of Heaven Blasting Palm and clashed together. The thick lightning instantly exploded and was scattered by the Heaven Blasting Palm, exploding countless of tiny electric threads as it jumped onto the stage.

Just now, he could feel that Chen Xiang was using the weak Legendary gas. At the same time, Chen Xiang's Bone-melting magic power had already silently passed by.

[Chapter 3575](#)

In Chen Xiang's palm and fist, the Heaven Blasting Palm only carried a hint of a Legendary gas, but it was extremely powerful, and in the silent Bone-melting magic power, it carried a powerful Legendary gas. The updates were quick.

The Azure Dragon Fighting God only thought that Chen Xiang had released Heaven Blasting Palm just now, but never expected that Chen Xiang had another wave of strange hidden force, which allowed him to grasp the timing very well. The moment he was shocked by the sight of the Legendary gas, the Bone-melting magic power came closer.

When the Bone-melting magic power entered his body, he could only feel a faint numbing sensation on his shoulder.

Knowing that Chen Xiang could use Legendary gas s, the Azure Dragon Fighting God was extremely crystalline. This time, he directly flew up, but never would Chen Xiang have thought that his huge body would actually instantly become a bolt of lightning, attacking directly from his direction.

Crack!

Suddenly, Chen Xiang's chest was struck by lightning. Luckily, he managed to congeal the Legendary gas in front of his chest, and only his body was sent flying.

He didn't know why, but Azure Dragon Fighting God turned into a green bolt of lightning, flying around continuously, attacking Chen Xiang.

After his body was sent flying, he was immediately sent flying by the lightning bolts that shot in his direction. These types of continuous lightning strikes came striking over, and it was as if his body was flying in the air, was flying over here, was being hit flying over again. Every second, he would be hit by dozens of lightning strikes from the Azure Dragon Fighting God.

The Azure Dragon Fighting God that had turned into lightning seemed to have control over the entire situation, but his heart was incomparably shocked. If it was any other person from the Peak of World Defying magic realm were to be knocked back and forth by him, they would have been turned into ashes long ago.

Chen Xiang spent a lot of time practicing inside the Time Formation, allowing the arrogant energy of the Legendary gas s and Divine Sense Sea s in his body to develop a habit. When attacked, the Legendary gas s and the energy in his body would naturally react, instantly forming a protective shield.

He was only trained to do so after Bai Youyou and Feng Ke'er kept on attacking him countless of times. Feng Ke'er had even used the power of a powerful killing array.

"If this goes on, I won't be able to hold on for long. The Bone-melting magic power just now clearly hit, will there even be a reaction if I buy anymore?" Chen Xiang could feel his Legendary gas rapidly depleting. He only had the ability of natural defense, so it would be useless for him to gather the strength to counterattack. That would cause his defense to be insufficient, and cause him to be severely injured.

"That's the only way!" Chen Xiang roared in his heart, as he erupted with Red fire dragon s to his heart's content.

Doing so was extremely dangerous because he was currently unable to control the violent power of the Red fire dragon. However, after careful deliberation, if he did not release this power to his heart's content and only released a small amount of power, he would be easily destroyed by the Azure Dragon Fighting God.

Only by releasing a large number of Legendary gas would he be able to struggle free from the crazy lightning strikes that were Azure Dragon Fighting God.

When the Azure Dragon Fighting God flew over, he suddenly felt this Legendary gas, and he was extremely shocked and terrified. What he felt was not only the berserk Legendary gas, but also the might of the Red fire dragon.

BOO!

When the Azure Dragon Fighting God collided with Chen Xiang this time, a large ball of blood flame suddenly burst out, causing the Azure Dragon Fighting God to fly out while being enveloped by the flame. At the same time, when Chen Xiang said that he was enveloped by the flame, he used all his strength to retract the Legendary gas that had exploded, otherwise, it would be extremely dangerous.

He only wanted to borrow the Red fire dragon's full strength to unleash the Legendary gas's momentum.

The Azure Dragon Fighting God that was terrified in his heart was sent flying and fiercely crashed into the ground. His body was also burning with flames, the berserk aura of a Red fire dragon, and the flames that erupted were no small matter.

The Azure Dragon Fighting God himself had cultivated a legendary beast, when he was panicked and in a state of 'chaos', he quickly controlled his Legendary gas to calm himself down, and dispersed the scorching energy that had entered his body. At the same time, he gathered his energy into his arm, and just as he was about to swing his fist at Chen Xiang, he realized that he was unable to raise his arm.

Only now did he realise that the bone in his shoulder was missing, causing him to be unable to control his arm, causing him to react quickly. He immediately used his other hand, but Chen Xiang suddenly disappeared.

Chen Xiang had used the Counter Power, and he had already seen the terrified expression on Azure Dragon Fighting God's face. Therefore, the fact that he had used the Counter Power was not something that Azure Dragon Fighting God would notice at first glance.

Azure Dragon Fighting God was stunned for a moment, because Chen Xiang suddenly disappeared, making him very worried that some terrifying energy would attack him. When he sensed Chen Xiang's weak aura, it was already too late, as a terrifying and bizarre hidden strength struck directly at his forehead!

When Chen Xiang released this sharp Bone-melting magic power, Azure Dragon Fighting God also threw out a punch, and a gigantic bolt of green lightning burst out with blinding light, straight at Chen Xiang, and after hitting his body, the green lightning's momentum pushed Chen Xiang straight to the barrier.

Chen Xiang leaned on the enchantment, otherwise he would have already been flying out. Everyone who saw this scene immediately cried out in alarm.

"Chen Xiang lost!"

"What an explosive Thunder power!"

"Chen Xiang did not disappear for a long time, that's luck!"

"Azure Dragon Fighting God is indeed Azure Dragon Fighting God. Even I feel that the power of this fist is terrifying, as if death has descended on me."

Hua Li Qing suddenly stood up, and wanted to go in to take a look at Chen Xiang's injuries. Because of Azure Dragon Fighting God's punch just now, a weak Legendary gas had already wildly surged out of the barrier, and everyone in World Defying Stage Peak Divine Rank Colosseum could feel it.

She knew about the situation with Chen Xiang and the Red fire dragon, and she was sure that Chen Xiang's Red fire dragon was much stronger than the Azure Dragon Fighting God's Azure Dragon.

Seeing this scene, Yang Genming frowned, he clenched his fists tightly, Azure Dragon Fighting God had unleashed his full force just now, the power of the Legendary gas had even leaked out through the few layers of enchantments on the stage.

"Hahaha... Yang Genming, you have lost. " Just then, Mu Yijing was also extremely shocked. He saw that Azure Dragon Fighting God was sent flying by a ball of fire and he was extremely shocked, and when Chen Xiang suddenly rushed over, he was even more shocked.

Only after he saw Chen Xiang being pushed to the ground by the violent and huge bolt of lightning released by the Azure Dragon Fighting God, did he finally feel at ease.

Just now, Chen Xiang had struck a mysterious force into his head, surging into his upper body. He thought about the situation where the bones in his shoulders suddenly disappeared, and recalled the battle between Bloody Costume Fighting God and Chen Xiang, as well as the disappearance of the Violent Saber Fighting God's ten fingers ...

He immediately understood that the mysterious power that Chen Xiang had used could make a person's bones melt.

[Chapter 3576](#)

When Chen Xiang injected the Bone-melting magic power into his head a moment ago, in order to lessen the damage to his head, Azure Dragon Fighting God secretly regretted it. He had transferred the

Bone-melting magic power to all parts of his body and he could already feel all the bones in his body gradually melting.

Seeing Azure Dragon Fighting God's body on the verge of collapse, Chen Xiang knew that his Bone-melting magic power had successfully penetrated the inside of his body and would have quite a good effect.

Azure Dragon Fighting God was extremely terrified and continuously urged his Legendary gas to drive the Bone-melting magic power away. Even though he could get some effect, it was too late because the Bone-melting magic power was everywhere in his body and he was unable to dispel it for a while.

When Mu Yijing, who was laughing complacently, saw Azure Dragon Fighting God's ugly expression, his laughter came to a stop. And at this time, Chen Xiang had already slowly crawled up and dusted himself off.

Just now, the lightning on Azure Dragon Fighting God was extremely terrifying, using a large amount of Legendary gas, although Chen Xiang was not smashed into pieces, but no matter what, he should at least be severely injured, and would not be able to get up again.

Chen Xiang crawled up, his entire body turning soft, his face full of fear. Chen Xiang laughed coldly, and in a moment, he flew over, punching and slapping Azure Dragon Fighting God like a torrential storm, using his, Heaven Blasting Palm, and Heaven Blasting Palm's energy repeatedly, he used his Legendary gas and struck every corner of Azure Dragon Fighting God's body.

In just a few seconds, Azure Dragon Fighting God was beaten to the ground.

When Mu Yijing realized that something was amiss, he saw a large ball of flame suddenly condensing in his palm.

"Stop." Mu Yijing let out a wild roar, and released a wave of extremely terrifying Legendary gas. However, Chen Xiang had already smashed the back of the Azure Dragon Fighting God on the ground with his palm, causing the fire to immediately soar to the sky.

Boom.

A loud explosion resounded as a wave of flames billowed out.

A large amount of flames condensed from Legendary gas were released by Chen Xiang and entered Azure Dragon Fighting God's body. The violent flames rushed out from Azure Dragon Fighting God's body, and his body that did not have any bones to support became extremely weak. In an instant, he was burnt to ashes by the powerful legendary dragon.

The stage was covered in flames, Chen Xiang stood within the blazing flames, with most of his body submerged inside. The flames were released by him, so it did not affect him at all.

"Where's the Azure Dragon Fighting God?"

"How could this be? The Azure Dragon Fighting God is so powerful, how could he be defeated?"

"Even if we lose, it wouldn't be like this. This is too fast."

"What kind of strange power did this Crimson Dragon War God use? His flames are really scary, as expected of a Alchemist."

Mu Yijing also did not know how Azure Dragon Fighting God was doing, but he looked at him with anger, he never expected that Chen Xiang had such power, that he could suppress Azure Dragon Fighting God.

It seemed like Chen Xiang was beaten to the point that he had no way to fight back, but he was suddenly turned around by Chen Xiang.

Feng Lanyi and Hua Liqing were both a little nervous just now, but now that they saw Chen Xiang standing on the fighting stage with a relaxed expression, they knew that the outcome of the battle was already set.

The flames disappeared and there was nothing on the stage.

Upon seeing this scene, everyone was dumbstruck, unable to believe what they had just witnessed.

The strongest War Emperor in the World Defying Stage Peak Divine Rank Colosseum was actually beaten into dust, without leaving anything behind.

Mu Yijing clenched his fists tightly and glared at Yang Genming.

Yang Genming's face was full of shock. He knew that Chen Xiang was able to defeat Azure Dragon Fighting God, but he never thought that he would be able to defeat him so thoroughly.

The bald headed middle aged man's expression turned serious, while the Crude Bear Fighting Emperor beside him had a face full of fear, because the next battle would be between him and Chen Xiang.

Crude Bear Fighting Emperor felt that he wouldn't be able to defeat Azure Dragon Fighting God, and would at most be able to tie with him. However, Azure Dragon Fighting God was killed by Chen Xiang, which meant that Chen Xiang's strength was way above Azure Dragon Fighting God, and was not someone he could deal with.

"Bring it over, one thousand Tao-creation Holy Crystals." Yang Genming said: "The battles in World Defying Stage Peak Divine Rank Colosseum, you and I are very clear, death and injury are a common occurrence."

Mu Yijing's face trembled. He had a thousand Tao-creation Divine Crystals, and that was a huge sum of his wealth. He never thought that he would lose, which was why he had never thought that he would lose.

"If you don't give it to me, don't even think about leaving this place today." Yang Genming said coldly, following that, two middle-aged men from the World Defying Stage Legendary Rank walked over, these were Yang Genming's friends, they were the boss of the team.

The rules of the Fighting Glorious City were all set by them. Although Mu Yijing was a person of the Wood Mountain Sect, if he kept his promise here, he would have to bear the consequences.

"Just you wait." Mu Yijing gritted his teeth and gave Yang Genming a Storage bag.

Yang Genming counted and after confirming that there were a thousand Tao-creation Sacred Crystals inside, he waved his hand and told Mu Yijing to leave.

Mu Yijing's strength was about the same as Yang Genming's, but Yang Genming had two helpers, so Mu Yijing was simply not their match.

Yang Genming looked at the bald middle-aged man and laughed: "Crude Bear Fighting Emperor, it's your turn to go up."

Although they had already announced Chen Xiang's victory, many people still could not believe that the Azure Dragon Fighting God had been annihilated.

Chen Xiang seized the opportunity to rest. Just now, he had consumed a lot of energy, so Azure Dragon Fighting God was extremely powerful.

Although his goal was to kill the Azure Dragon Fighting God, he did not see Chen Xiang's true strength, especially the strange power that Chen Xiang had, which caused his heart to palpitate in fear and fear.

Before, the bald middle-aged man was always laughing, but now, he could no longer laugh. His forehead was covered in sweat.

If they were to go on stage, it was very possible that they would be killed like the Azure Dragon Fighting God. If they did not go up, then they could only admit defeat and hand over the thousand Tao-creation Divine Crystals to Chen Xiang.

Previously, they thought that Crude Bear Fighting Emperor was lucky, but now, they only thought that he was unlucky. They secretly rejoiced that they did not provoke Chen Xiang back then, otherwise, they would have a headache right now.

At this moment, the bald middle-aged man was in a dilemma.

"Do you still want to fight?" Yang Genming laughed.

The bald middle-aged man was considering the possibility of losing. If he allowed Crude Bear Fighting Emperor to take the stage, not only would he lose, he would also lose a thousand Tao-creation Divine Crystals. If he won, he would be able to obtain this powerful slave, Chen Xiang.

But Chen Xiang was very strong, it was difficult for Crude Bear Fighting Emperor to defeat him.

"I'm not fighting anymore." The bald middle-aged man wiped his sweat as he made his decision.

[Chapter 3577](#)

Everyone knew about the fight between Chen Xiang and Crude Bear Fighting Emperor, so they were all looking forward to it. Previously, they had thought that even if Chen Xiang was the War God Azure Dragon Fighting God, he would definitely lose the battle with him.

But now, it did not look like it was necessarily true. Everyone felt that the pressure on Crude Bear Fighting Emperor must be very strong.

If Azure Dragon Fighting God was seriously injured or something like that, Crude Bear Fighting Emperor would not be so afraid. However, Azure Dragon Fighting God was burnt into ashes by Chen Xiang, which caused Crude Bear Fighting Emperor and the bald middle-aged man to be terrified.

"This is the Tao-creation's Divine Crystal." The bald middle aged man dared not act shamelessly, if not Yang Genming would fight with him ferociously here.

"Crude Bear Fighting Emperor admits defeat, Chen Xiang wins." After the elder in charge of supervising the competition received the message, he announced loudly.

The audience burst into an uproar. Crude Bear Fighting Emperor had actually admitted defeat, and had not even fought, which made everyone feel extremely disappointed, but after thinking for a bit, it was understandable, because the chances of Crude Bear Fighting Emperor winning was not high, so he might as well go and accompany Azure Dragon Fighting God. Furthermore, he might even lose a thousand Tao-creation Holy Crystals.

Chen Xiang heaved a sigh of relief, otherwise, he would have to put in more effort. He immediately walked off the stage to look for Yang Genming.

Seeing Chen Xiang, Yang Genming immediately passed over the two Storage bags with a laugh: "These are your spoils of war. Two thousand Tao-creation Holy Crystals, it's not a small amount."

This could also be considered a fortune to Yang Genming.

He felt that since his relationship with Chen Xiang was that good, it would be a huge gain. Moreover, his Becoming Famous Fighting Team had already become famous, and there were already many War Gods who wanted to join his team.

Now that Chen Xiang had also risen to become the Scarlet Dragon War Emperor, the Becoming Famous Fighting Team could be said to have become a stronger warlord. Since then, the Green Wood Fighting Team had declined, and they no longer had an emperor plate wargod. Bloody Costume Fighting God and the Crazy Sword Fighting God died, and when the Violent Saber Fighting God joined the Becoming Famous Fighting Team, it could be said that the few people the Green Wood Fighting Team could fight were all gone.

Chen Xiang brought Feng Lanyi back to the City Lord's Mansion. He had obtained two thousand Tao-creation Holy Crystals, and was extremely excited in his heart.

Right now, he could still use his Six Realms mirrors, but Xiao Xianglin's strength was limited. If he let her refine it, she definitely could not use so many of the Tao-creation's Holy Crystals, so he could only wait.

"Beauty Feng Yuan, is there any result?" Chen Xiang was fighting previously, so she did not disturb him.

"To create a Yuanshen Dan, only one medicinal ingredient is needed." He Fengyuan said: "It's called the Zaoyuan purple bamboo, this kind of bamboo is very small, with fingers as thick as one's finger, it is mature to the point of only nine knots, and it requires twenty thousand years for the festival. The entire bamboo, including the leaves, can be used to concoct pills."

"It's actually a bamboo type medicinal herb, it's quite rare." Chen Xiang said: "I need Sister Li Qing to think of a way to buy some back."

"To be able to create a Yuanshen Dan, you need World Defying Dan grain. That kind of World Defying Dan grain seems to be more difficult than Flying Dan grain." He Fengyuan said: "You better get Li Qing to think of a way to get a few more high-quality Tao-creation's divine medicine. I'll go take a look at it then, and see if there are any medicinal ingredients that can fuse with the Zaoyuan purple bamboo."

"Alright." Chen Xiang nodded his head. Right now, the most difficult thing to find were the World Defying Dan grains.

When Hua Liqing returned, when she went to settle the entrance fees, she found out that there were more than a hundred Tao-creation's Holy Crystals.

"Sister Li Qing, help me ask around in secret if there are any World Defying Dan grain being sold ... Also, help me purchase five Zaoyuan purple bamboo and at the same time, help me buy some high-quality Tao-creation Divine Medicines." Chen Xiang gave Hua Liqing a thousand Tao-creation Divine Crystals, telling her to be in charge of these things. "If that's not enough, you can ask City Lord if it's possible to keep it."

"Brother, you have to leave the Fighting Glorious City." Hua Liqing frowned, she looked at Feng Lanyi, only to see Feng Lanyi shaking his head, Chen Xiang had never told her about this matter.

"Well, I'm going away for a while." Chen Xiang looked at Feng Lanyi and said: "Lan Yi, you have to properly protect Sister Li Yi."

"Where are you going?" Feng Lanyi asked anxiously, Chen Xiang was strong enough, but Chen Xiang had provoked so many enemies, it was not safe to leave Fighting Glorious City.

"Tao-creation Ancient Place." Chen Xiang said: "I want to go inside to look for the Supreme Mantra, this is very important to me."

He thought that there was a huge relationship between Supreme Mantra and himself. If he could find them and let Xiao Xianglin learn from them, he would definitely have more and better World Defying Dan grain in the future.

"That place is very dangerous. Let's have Lan Yi go with you." Hua Liqing said.

"No need. I can handle it myself. Lan Yi needs to stay by your side." Chen Xiang took out a few World Defying god-becoming Dan, there were even some of high, middle or low quality.

He told Hua Liqing to sell a few low rank World Defying god-becoming Dan at intervals, and the middle and lower set of World Defying god-becoming Dan would sell to Yang Genming, which was what Yang Genming needed.

These pills were all concocted from elixir spirit energy, and the quality was also very good.

"I'll be back soon. Don't worry about me." Chen Xiang laughed.

The two girls could only sigh lightly. They couldn't say anything about the things that Chen Xiang insisted on doing, they could only do well in the Fighting Glorious City.

He didn't go to find Yang Genming because he was afraid that Yang Genming would stop him. He enriched Feng Lanyi and the others so that he could tell Yang Genming only after he had left.

Deep in the night, Chen Xiang activated his Counter Power and quietly left the City Lord's Mansion. He walked around the city a few times, and after confirming that no one was following him, he left the Fighting Glorious City.

Mu Yijing and the bald head middle aged man were both big shots in terms of power, and they had all lost to Chen Xiang in one thousand Tao-creation Divine Crystals. They would not let things rest, so Chen Xiang had to be extremely careful.

... ..

"Boss, are you just going to let Chen Xiang go?" Crude Bear Fighting Emperor was extremely unreconciled. He was currently addressed as the Bear Battle Emperor because he would admit defeat if they didn't fight.

"What can we do, kill our way to the City Lord's Mansion and capture Chen Xiang alive, then force him to hand over the Tao-creation's Divine Crystals." The bald middle-aged man was not in a good mood and roared loudly.

If not for the fact that Crude Bear Fighting Emperor and Chen Xiang had a tit for tat, such a thing would not have happened. He was extremely dissatisfied with the Crude Bear Fighting Emperor in his heart.

"We can go find Mu Yijing and try to figure out a way to make amends with him." The Crude Bear Fighting Emperor said.

The bald middle-aged man nodded his head: "That's exactly what I wanted to do, and I can only see what Mu Yijing was planning to do next. He had lost Azure Dragon Fighting God, Bloody Costume Fighting God and a thousand Tao-creation Divine Crystals, he would definitely think of a way to take them back from Chen Xiang."

"Boss, Mu Yijing is here." An old man said in a low voice outside.

The bald middle-aged man and Crude Bear Fighting Emperor were overjoyed and immediately went to greet him.

While the two team bosses was scheming against Chen Xiang, Chen Xiang had already slipped out of the city and was on his way to the Tao-creation Ancient Place.

[Chapter 3578](#)

Once Chen Xiang was outside the city, he started running. Although he could fly, once he was caught, he would be severely punished. He could only run.

"I wonder how Xiao Shuangshuang and the rest are doing." Chen Xiang, Peng profoundfei and the others had left the Seven Mountains Divine Island, and went out to look for Luo Jiuyang. Even if they had any news, it would be difficult for them to transmit it to him.

"They'll be fine, don't worry." She told Chen Xiang not to worry, while she herself was also worried.

Chen Xiang shook his head and stopped thinking about it. Otherwise, it would make him uneasy.

"Master." Chen Xiang shouted to Xiao Xianglin.

"There are already results. There are many different kinds of Tao-creation Incantations inside the World Defying Dan grain, and among them are derived incantations and rebirth incantations. These are not difficult for me." Xiao Xianglin said: "The difficult thing is, some of the Tao-creation's incantations I do not recognize, I think it should be Supreme Mantra, I do not understand these Supreme Mantra, so I am unable to bring the entire World Defying Dan grain out."

"Are there any Supreme Mantra among the Flying Dan grain?" Chen Xiang asked.

"No, Flying Dan grain can be considered to be a very simple type." Xiao Xianglin shook his head: "If I can find those Supreme Mantra, I might be able to get them out."

"There are probably a few Supreme Mantra." Chen Xiang asked.

"At least two." Xiao Xianglin said: "These Supreme Mantra are really powerful, with the Tao-creation's incantation, they can make the Tao-creation's incantation stronger."

Chen Xiang could be considered to have foresight, so he was already on his way to Tao-creation Ancient Place.

More than ten days later, Chen Xiang arrived at a city.

"After passing through this city, we will be very close to the Tao-creation Ancient Place." This was how the map in Chen Xiang's memories was written.

Coming here, he could also inquire about the matters within the Tao-creation Ancient Place. Most of the people here must have come for the sake of entering the Tao-creation Ancient Place.

There were a large number of Tao-creation Holy Crystals and Tao-creation Holy stone, and many people would risk going in to look for them. It was said that as long as one's luck was not too bad, they would more or less be able to find a few Tao-creation Spirit Crystals, and there were also a lot of people who were able to find the Tao-creation's Holy Crystals. So above Seven Mountains Divine Island, there were a lot of Holy Crystals, and most of them were found within the Tao-creation Ancient Place.

While Chen Xiang was walking on the street, he suddenly felt many strong Spirit Qi in front of him. All of them were from the Peak of World Defying magic realm, they were quickly approaching him, many of them also sensed it, and walked to the two sides of the street.

"Bandits, arrest the bandits!" Behind the old man were more than ten middle-aged men. They were all from Peak of World Defying magic realm s, and judging from their attire, they all belonged to the same faction.

They were chasing after a black-clothed man, who was very fast, and instantly flew past Chen Xiang.

Chen Xiang frowned, he looked at the black clothed man who was running far away, then followed along. Just now, the black clothed man's movement was extremely strange, as though he was running, but actually, it was not, on the surface, just running, but he was already flying slightly, his feet did not touch the ground, but was quickly flying.

Chen Xiang followed along because this person had an aura that was very familiar to him. This aura was very weak and wasn't too strong, so he only felt that it was familiar and didn't know which one of the people's auras it was from.

"Could it be Wandering Old Man Yan Jiu?" Chen Xiang felt that it was strange, because that person's strength was not ordinary.

Although Yan Jiu was from the Fire Mountain School, Chen Xiang felt that he was not the same as those fellows from the Fire Mountain School. He also wanted to find Yan Jiu and ask him about the current situation and situation.

Chen Xiang used the Counter Power to hide himself. He used the power of the Red fire dragon to make his body more light and graceful, just like the black clothed man. He would then be able to run and fly at a very fast speed without being noticed.

After the black-clothed man left the city, there weren't any obstructions. The speed had become even more so, as he easily shook off the people who were chasing him, leaving only Chen Xiang behind.

The black clothed man entered a dense ancient forest and slowed down. He only stopped to rest when it was night time.

Not long after he stopped, he jumped up as he sensed something.

Chen Xiang used Counter Power stealth. It was extremely secretive, but he still discovered something.

"Who is it?" The man in black asked, running away in alert.

Chen Xiang immediately gave chase.

"This guy, he actually discovered me." Chen Xiang wouldn't reveal his identity if he wasn't sure of the other person's identity.

The black clothed man ran for a few days as he cursed in his heart. He had the nagging feeling that someone was following him, but he couldn't even see a single hair. This caused him to be extremely suspicious for the past few days.

"Did I really see a ghost?" The man in black sat on the shore of a large tree. He looked around but didn't see anything.

At this time, in the vast prairie, the tree behind him was the only one with a wide field of vision. He did not see anyone following him.

"Maybe I'm being too sensitive." The man in black thought to himself as he took off his black hood.

In the distance, Chen Xiang saw this face and was immediately stunned.

It was the Song Longprofound that he had just met. The one who called him big brother all day.

Song Longprofound possessed the talent to learn the Tao-creation's incantations. When he said that an old man set his eyes on him and wanted to learn the Tao-creation's incantations and equipment forging from him, Chen Xiang encouraged him to go. He did not expect to meet him in the Seven Mountains Divine Island.

"Long Xuan, it's me." Chen Xiang immediately ran over and shouted.

Song Longprofound who was drinking water was shocked, he looked at Chen Xiang in disbelief.

"Big Brother, it's really you." Song Longprofound laughed: "Looks like there really is someone following me these few days, big brother is truly powerful, to be able to follow me quietly like this for a few days."

Song Longprofound was sure now that he wasn't being overly suspicious, he had really sensed that someone was nearby.

"I just felt that your aura is very familiar and I couldn't remember who it belonged to, so I followed you to take a look." Chen Xiang laughed: "I didn't expect it to be you, brat ... You're already a Peak of World Defying magic realm, you're really fast. "

Song Longprofound did not know about the matter of the Fighting Glorious City, but it had yet to spread to other cities.

"Brother, you're also very strong. I feel like I'm no longer a match for you. Your cultivation was even lower than mine back then." Song Longprofound lamented.

"Long Xuan, did you come to Seven Mountains Divine Island alone?" Chen Xiang asked.

"My master sent me here." Song Longprofound said: "He asked me to come here to look for something, and I will leave if I find it."

"Who is your master?" Chen Xiang asked curiously.

"This... I'm sorry, I can't tell you right now. " Song Longprofound scratched his head. It looked like he had a good relationship with his master.

"It doesn't matter." Chen Xiang patted his shoulder, and laughed: "Brat, how can you be treated like a bandit? What did you steal from them?"

[Chapter 3579](#)

Song Longprofound took out a small box and said: "This is a rock, it is much more powerful than the Tao-creation's Holy Crystal. I was the one who found it first, when I was digging, they suddenly ran over and said it was theirs.

Song Longprofound was outnumbered, he would definitely not fight with that group of people, so he immediately ran off, and even ran into the city.

"What kind of stone is this? It actually made the Tao-creation's Holy Crystal even more powerful." Chen Xiang took the small box, and when he opened it, he found that it was actually a pitch black stone.

Just from the surface, Chen Xiang could not see how much stronger this stone was compared to the Tao-creation's Holy Crystals.

The Tao-creation's Holy Crystal contained an extremely dense amount of energy. Forget about the Tao-creation's Holy Crystal, even the energy inside the Tao-creation's Holy stone could make the Time Formation circulate.

"I don't know the exact name of this stone either. My master said that it just looked like a stone. " Song Longprofound took it and held it in his hand: "My master once showed me, after I memorized the aura unique to these stones, I passed by that place and felt it, I dug it out."

"Something that looks like stone." Chen Xiang looked at it again carefully, and even pinched it vigorously, to the point where it could actually be squashed flat. If it was the Tao-creation's Divine Crystal, it would not be so easy to change its shape.

"Master said that this was a fossil made of bone. It was originally a bone, but because many years had passed, it turned into stone." Song Longprofound laughed: "If you want this stone to become stronger, you need to use a flame to refine it, otherwise it will only become very normal."

"What does your master use this for? Is it used to refine weapons?" Chen Xiang was extremely curious, because Xiao Xianglin was an artificer. She had never heard of this material before.

"He can even refine pills. I've only heard him say that this kind of thing is very powerful. As for the specific effects, I've never seen them before." Song Longprofound sighed: "This time, when we return, I will let him show me."

"Oh right, big brother, why are you here? This road leads to the Tao-creation Ancient Place, are you going there?"

Chen Xiang looked ahead, and nodded: "Yes, you know Tao-creation Ancient Place."

Song Longprofound's expression was very strange. He only nodded his head, as if he was engaging in some sort of secret and didn't tell Chen Xiang.

"That place is rather dangerous now, but big brother, you're so strong, so nothing will happen to you." Song Longprofound laughed.

"Could it be that you have been to the Tao-creation Ancient Place before?" Seeing Song Longprofound's mysterious appearance, Chen Xiang was even more curious about Song Longprofound's master, as if he was trying to get Song Longprofound to do some incredible thing.

"This stone was dug out from the Tao-creation Ancient Place. That group of fellows were chased out from the Tao-creation Ancient Place." Song Longprofound scoffed, "These people, they only know how to bully the young with their numbers. If they were to come out and fight me alone, I will definitely teach them a lesson."

"Long Xuan, where are you going next?" Chen Xiang asked.

"I have my own business... If you enter the Tao-creation Ancient Place, you will have to stay far away from the places that have this pattern on them." Song Longprofound took out a piece of paper and drew an octagonal diagram on it. There were many diagrams inside the octagonal diagram.

"Why are you so far away when you see these patterns?" Chen Xiang asked.

"This... I can't say too much. In short, the place with this kind of pattern is a place where strong people live, and these kinds of patterns would usually appear on big trees and big rocks. You just need to pay a little attention and you would be able to find it." Song Longprofound said: "Big Brother, I still have something important to do. Otherwise, I'll go in with you."

"It's fine. Go and busy yourself with what you need to do." Chen Xiang took the piece of paper, and looked at the pattern on it. He felt that it was extremely strange, "Long Xuan, do you know anything about the Supreme Mantra?"

"Of course I know that, big brother. Could it be that you want to enter the Tao-creation Ancient Place to search?" Song Longprofound said in shock.

Chen Xiang nodded, if he wanted to master an even higher World Defying Dan grain, he had to find one.

"This is rather difficult. You might not know this, but the majority of the people who were able to obtain the Supreme Mantra from the Tao-creation Ancient Place were all in the late stages of the legendary realm. They required a certain amount of strength." Song Longprofound sighed.

Song Longprofound was overjoyed that he knew about the Supreme Mantra. He felt that it must have been Song Longprofound's master who told him about it.

"How can I get it?" Chen Xiang had to give it a try.

"There is a type of beast called Paternoster beast in Tao-creation Ancient Place, I don't know about it that appeared like that. In short, all of these Supreme Mantra have a crystal core inside their bodies, and if you want to obtain these Supreme Mantra, you just need to kill them." Song Longprofound's expression became heavy: "Big brother, if you encounter them and discover that you are inferior to them, you must immediately escape, these Paternoster beast are able to use their own incantations to release a very strong power."

"Long Xuan, you really know a lot of things. Truly amazing." Chen Xiang laughed, now he finally knew a bit about the Supreme Mantra.

After Song Longprofound gave his warning to Chen Xiang a bit more, he quickly left. It could be seen that he really had something important to do, but he didn't know what it was.

Chen Xiang then proceeded to the Tao-creation Ancient Place alone.

"Master, can you see what's inside the pattern?" Chen Xiang showed the octagonal diagram that Song Longprofound had given him to Xiao Xianglin.

"What a strange pattern." Xiao Xianglin let out a cry, and said in shock: "The pattern within the Octagonal Star is formed by gathering eight lines, and these eight lines all have a pattern within them, it's not something that can be drawn easily. As for the situation, I don't know."

Upon stepping into the Tao-creation Ancient Place, Chen Xiang immediately felt a bizarre power attacking him. This kind of power was hard to describe.

"Is this the Tao-creation Ancient Place's old nest?" Chen Xiang looked at the misty fog in front of him, it was like a veil shrouding the secrets of this Tao-creation Ancient Place.

"Sects from Seven Mountains, now you're hiding here like a bear, you can see how afraid they are of Tao-creation Evil Ancestor." Bai Youyou said: "And back then, the Sects from Seven Mountains possessed immense power, sealed the Tao-creation Evil Ancestor, and even created this Seven Mountains Divine Island. They don't have that power anymore."

"At that time, there were also many First Tao-creation Ancestor s who participated in it. These First Tao-creation Ancestor s were all the ancestors of the Sects from Seven Mountains." Chen Xiang said: "But now it seems that all of these First Tao-creation Ancestor s have disappeared."

He Fengyuan said: "It's very possible that those First Tao-creation Ancestors are hiding inside the Tao-creation Ancient Place. I'm not blindly guessing.

"Also, the seven Tao-creation Mountains are huge, but they do not have much Holy stones and sacred crystals, only this place has the most. My guess is, the seven Tao-creation Mountains that have the Tao-creation's sacred crystals and Holy stones are all gathered here."

[Chapter 3580](#)

Chen Xiang was puzzled as to why the Tao-creation Ancient Place in the middle of all the Seven Mountains Divine Island would possess so many Tao-creations!

"If your guess is correct, it is indeed a very dangerous place. "So fast." Chen Xiang took out the piece of paper that Song Longprofound 'handed over', frowned and said, "Could it be that this pattern means that there is a power distribution inside, and in order to facilitate identification, it was engraved with this pattern?"

"Your goal here is the Supreme Mantra, don't think too much about other things." Xiao Xianglin said: "Let's first check on the strength of those Paternoster beast. If they can't beat us, then we can think of another way."

As Chen Xiang stepped into the grey mist, he looked at the soil on the ground. It was also grey, but it emitted a strange life force.

There were a lot of people who entered, he could see a lot of footprints on the road, and he could hear the sound of people shouting, this was the outskirts of Tao-creation Ancient Place, so it was safer here.

Chen Xiang advanced quickly. He had understood a few things about the Tao-creation Ancient Place previously, it was just that there was a grey fog outside, as long as he passed through it, he would be able to see the second barrier of the Tao-creation Ancient Place, which was a continuous gigantic mountain.

The first barrier was a grey mist that filled the sky, covering everything inside. The second barrier were countless mountains, cutting off the inside of the Tao-creation Ancient Place.

The third barrier was said to be an extremely terrifying river.

Very quickly, Chen Xiang passed through the gray fog barrier. Soon after, he saw layers upon layers of tall mountains in front of him. He frowned, released his Six Realms mirrors, and then let it hang in the sky.

"We can only fly in. It shouldn't be so easy to be discovered in this place." Chen Xiang rode on his Six Realms mirrors, using Counter Power Invisibility. He felt that as long as he flew a little slower, it would be fine.

After flying high in the sky, he saw the mountains far below him and felt a chill in his heart. He felt that if he were to walk, he would need to cross at least ten thousand mountains in order to pass through this mountain range barrier.

There were more than ten thousand mountains blocking their path!

After Chen Xiang flew into the mountain, he saw a few people digging around. They were the people who were looking for the Tao-creation's Holy stone and the Tao-creation's Holy Crystals.

"Many mountains have been flattened." Outside, there were at least a hundred or so tall mountains that had been dug up. These were the actions of the people who had entered this place to search for the Tao-creation's Sacred Profound Realm.

"Chen Xiang, you might not be able to meet the Paternoster beast just by flying in the sky like this." Xiao Xianglin said.

"True, I'll fly at a low altitude." Chen Xiang flew a bit closer and at the same time, carefully observed what was below.

After half a day, he did not discover any Paternoster beast. Instead, he heard a series of tremors in the distance, as if two powerful forces were fighting in front of him.

"Someone is fighting? Could he be fighting with a Paternoster beast?" Chen Xiang anxiously flew over, he also wanted to see the power of the Paternoster beast, this would let him be prepared.

After he quietly went closer, he was disappointed, because he was not fighting with the Paternoster beast, but rather with the humans.

Chen Xiang flew closer to take a look and was shocked. He saw a familiar face!

"Senior Yan Jiu!" Chen Xiang exclaimed in his heart. Yan Jiu was fighting with someone else.

"He's been surrounded by more than a hundred people. Those fellows are all from the Peak of World Defying magic realm." Chen Xiang was overwhelmed with shock, but Yan Jiu was already covered with injuries. What made him surprised was that the hundred odd people surrounding and attacking Yan Jiu, all had terrifying powers, in the World Defying Stage Peak Divine Rank Colosseum, they were all his trump cards.

Yan Jiu was also terrifyingly strong, to think that he had to defend against so many people for such a long time, it could be seen that he had been hunted down for a long time.

"He can't run now." thought in his heart. He secretly activated the spatial formation and Time Formation inside the Six Realms mirrors and directly fused it into the Time and space power, which he then used.

Yan Jiu's body had already been pierced through by over 10 broken swords, his entire body was drenched in blood, the wounds were extremely shocking, even a few of his fingers were broken, and his eyes had been stabbed blind.

"Spacetime Shift!" Once Chen Xiang had accumulated enough Time and space power, he teleported Yan Jiu here and used the Time and space power to travel a long distance.

Just a moment ago, that group of people were still fighting fervently with Yan Jiu, but in the blink of an eye, Yan Jiu disappeared.

"Where's Yan Jiu?"

"He was saved by someone. Just now, there was a very strong power of space!"

"It's really rare to see someone who can control the power of space so well!"

"This isn't our fault, let's hurry back and report."

"The chase for more than a month was wasted just like that."

... ..

"Brat, it's you!" Although Yan Jiu was wounded all over, he did not faint. He felt it was unbelievable when he saw that it was Chen Xiang with his only remaining eyes.

"Senior Yan, you saved me last time, I've finally returned the favor." Chen Xiang said with a smile, then began to treat Yan Jiu's injuries.

He first pulled out the broken sword from Yan Jiu's body, then took out a few transparent beads. After he crushed these beads, some water leaked out.

These droplets of water landed on Yan Jiu's body, causing his wounds to quickly heal.

In less than an hour, Yan Jiu's body had fully recovered. He did not receive any internal injuries, and during his battle, he had been extremely protective of his Divine Sense Sea. Right now, he was only extremely exhausted.

"I truly never would have thought that you would come here." Yan Jiu chuckled: "The last time I saw you, you were still very weak, and were almost annihilated by Wood Mountain Sect's outer sect Leaders."

Yan Jiu was extremely moved.

"I went to the Tao-creation Fire Mountain before. I wanted to look for you ... However, I later realized that 'Flame Mountain Sect' is not as good as I had imagined." Chen Xiang said. Back then, Yan Shan had wanted to obtain all kinds of pill formulas from Hua Li Qing.

"Haha, it's not only you. Even I, who grew up in Yan Mountain's sect since I was young, did not expect that the true appearance of Yan Shan's sect would actually be like this. It was the Yan Mountain Sect that sent people to kill me." When Yan Jiu talked about this matter, his eyes were filled with tears.

"Why is that?" Chen Xiang was completely shocked. Yan Jiu, who was loyal to the Yan Mountain Sect, was actually being hunted like this.

"It's a long story!" Yan Jiu shook his head. "I am too disappointed with the Yan Mountain Sect."

"Senior, I remember that you said before that you would report about the Tao-creation Evil Ancestor to Flame Mountain Sect ... Now, the Tao-creation Evil Ancestor has destroyed one of them." Chen Xiang said.

"Hmph, the destruction of the Tao-creation Mountain was not done by the Tao-creation Evil Ancestor!" Yan Jiu laughed coldly: "I only just found out about this matter ... The seven Tao-creation Mountains have an extremely strong killing array and seal inside of them, all for the sake of waiting for the Tao-creation Evil Ancestor, so that when the Tao-creation Evil Ancestor descends upon them, he can trigger

the killing array and seal them. The sealing array will first activate, the Tao-creation Evil Ancestor will be sealed, and then the killing array will open.

"This... Is this true? " Chen Xiang could not believe it: "They themselves control the Tao-creation Mountain, and there are also many disciples in the Tao-creation Mountain, why would they want to eliminate them?"
