

Dan God 3581

[Chapter 3581](#)

"In charge?" They were all hiding in Seven Mountains Divine Island, the outer sect that wasn't important to them, they had brought the inner sect here a long time ago. "Please come to this book," Yan Jiu said.

Chen Xiang was currently on top of a tall mountain. He looked ahead and said: "Could it be that the Tao-creation Ancient Place's strongest power is hidden inside this Tao-creation Ancient Place?"

Yan Jiu nodded his head, "That's right, I only found the readings here after touching a melon with my fingers! Back then, when I reported about the Tao-creation Evil Ancestor, they didn't care about him at all. Instead, they transferred all of their power to the Seven Mountains Divine Island. When I came to the Seven Mountains Divine Island, I found that there were fewer people in the inner sect, and these people are all relatively more outstanding. "

"After I investigated some clues, I found them!"

"Then why are they chasing you?" Chen Xiang felt that Yan Jiu must know some extraordinary things.

"I only know that Sects from Seven Mountains who is hidden inside Tao-creation Ancient Place isn't worried at all." Yan Jiu said, "I was discovered before I could investigate it thoroughly. They wanted me to stay inside forever. I was not willing, so they set their killing intent on me. Then, I started to escape."

He Fengyuan's speculations were not wrong. Deep inside the Tao-creation Ancient Place, there was the strong power of the Sects from Seven Mountains hidden, and they were not worried about the Tao-creation Evil Ancestor.

"Chen Xiang, what are you doing here?" Yan Jiu was also very curious.

"I'm here to look for Supreme Mantra." Chen Xiang said: "I heard that there was some kind of Paternoster beast inside, so I came in to take a look."

"Right now you are like someone killing a Paternoster beast, isn't this a little too early?" Yan Jiu shook his head.)

"Oh right, Senior, I forgot to thank you. The Flying Dan grain that you gave me last time, I learnt it." Chen Xiang laughed: "If I didn't have this Flying Dan grain, I probably wouldn't have been able to break through so quickly."

"What?" You have control over the Flying Dan grain? " Yan Jiu was shocked. He had initially brought Chen Xiang to the mountain cave with Flying Dan grain carved on it and left, but he never thought that Chen Xiang had actually learned Flying Dan grain and could even use it to refine pellets.

Back then, Yan Jiu had studied for many years but still was unable to condense it.

"I refined this, it's called the World Defying god-becoming Dan." Chen Xiang took out one and gave it to Yan Jiu.

Yan Jiu only needed to eat it to confirm that there was a Flying Dan grain inside.

"Looks like you have the talent to learn World Defying Dan grain." Yan Jiu had also heard of such things.

"But World Defying Dan grain are not so easy to come into contact with, so I came here to find them and to see if I could create them." Chen Xiang said.

"Indeed, although the's Pill Pattern Alchemist have the World Defying Dan grain, they have a contract with the sect and cannot reveal it. The Flying Dan grain was' made 'for me by my friend many years ago, and now, my friend is also in the Tao-creation Ancient Place." Yan Jiu sighed.

Chen Xiang immediately took out a piece of paper, it was the piece of paper that Song Longprofound had given him, and on it was an octagonal diagram.

"Senior, do you know what this is?" Chen Xiang asked.

After Yan Jiu saw it, he quickly caught it and stared at it in surprise.

"Eight ancestor contract map!" Yan Jiu shouted in shock, "Where did you come from?"

"A friend of mine gave it to me. He said that once I entered this place and saw the picture, I would have to leave." Chen Xiang said: "Otherwise, it would be extremely dangerous."

"Yes!" However, not many people know about this pattern. I've only heard of the star design, but have never seen it before. " Yan Jiu looked into the distance. "What is the background of this friend of yours?"

"He was my good brother, then he was accepted as my disciple by a mysterious old man. I don't know who his master is, so he didn't tell me." Chen Xiang never thought that this pattern was actually that of a Eight ancestor contract map.

"Senior, what exactly is this Eight ancestor contract map?"

Yan Jiu returned the map to Chen Xiang and said, "Back then, there were eight ancestors ... The current seven Tao-creation Mountain s and the original Tao-creation's Evil Mountain have all been destroyed. "

Chen Xiang nodded, he knew about this matter, "I'm talking about the eight First Tao-creation Ancestor s, right?"

Yan Jiu said: "Yes, this Eight ancestor contract map was a contract made by the eight ancestor back then, and this contract has many effects. It is said that because of the contract's power, many strong things were birthed, some are even stronger than the ancestors, because these things were jointly created by the eight ancestor. These strong things will be responsible for protecting some things, or for maintaining order in the Tao-creation Mountain. "

"If this area of Tao-creation Ancient Place truly has this pattern, then it means that this item is still here. If you accidentally enter this kind of thing's domain, then it would be extremely dangerous."

Chen Xiang really wanted to find Song Longprofound and ask him why he had this Eight ancestor contract map.

"Also, Eight ancestor contract map is a powerful seal ... Looks like the Tao-creation Ancient Place is sealing something. " Yan Jiu said: "If you want to break the seal, or drive the Eight Ancestor to contract and create something, then you need the Eight Ancestor's blood. Otherwise, any of the ancestors would be powerless."

"Senior, I came here because I don't want to return empty-handed. No matter what, I have to 'get' a Supreme Mantra." Chen Xiang said. He was anxious to use it to concoct pills so he could step into the World Defying Stage Legendary Rank as soon as possible.

Right now, he was a Red fire dragon that had stepped into the World Defying Stage Legendary Rank, but he had not. This had caused his body to be unable to release the strongest power of the Red fire dragon.

"Paternoster beast are not so easily hunted, even if they are the experts of the World Defying Stage Legendary Rank s, many of them have died in their mouths. You might not know this, but generally speaking, Paternoster beast s are hunted by dozens, or even hundreds of people for a small team. This kind of strength is considered the apex of power within the sect."

Yan Jiu said, "From the time Paternoster beast were discovered to when they were hunted, it has all been over a thousand years, before being handed over to the sect's Incantation Master."

The corner of Chen Xiang's mouth twitched.

"Senior, you cannot return to Flame Mountain Sect now. Do you have any plans?" Chen Xiang asked.

"Sigh, I'm about to step into the World Defying Stage Legendary Rank. I plan to break through first." Yan Jiu replied, "It's fine if they don't return, I've been loyal to them for so many years, but they actually want to silence me by killing me."

When this matter was brought up, Yan Jiu was extremely furious.

"Senior, how about this, you go to the Fighting Glorious City and find the City Lord. Even if you were recommended by me, Chen Xiang, when the time comes, you will be safe in the City Lord's Mansion." Chen Xiang laughed: "When I go back, I will also be able to find you."

"Alright!" Yan Jiu immediately agreed. He felt that being with Chen Xiang was pretty good, since Chen Xiang had an extremely high talent and unlimited potential to learn World Defying Dan grain.

After Yan Jiu recovered from his injuries, he left the Tao-creation Ancient Place and continued to search for Paternoster beast in the Ten Thousand Mountains. Although he knew that he couldn't beat them, since he was here, he still had to see what the Paternoster beast were like.

[Chapter 3582](#)

Chen Xiang had previously learned from Yan Jiu that not only were Paternoster beast difficult to deal with, they were also extremely rare.

"To use a large group of people from a sect to deal with a single Paternoster beast, you still need many years to take it down. Isn't this just too scary?" Chen Xiang was flying at a low altitude, shuttling between several large mountains. His speed was very slow, allowing him to clearly see the movements below.

"The Supreme Mantra is a very powerful Tao-creation Incantation, it should be somewhere between a Legendary mantra and a Tao-creation Incantation. Yan Jiu said that it is very difficult to obtain a Supreme Mantra, but at least there is a direction, and he knows that there is a Paternoster beast that can be hunted here, and if he wants to obtain a Legendary mantra, it is extremely difficult, and he does not know where he obtained it." Xiao Xianglin said.

Otherwise, the patriarch of the Dragon-Elephant School would not have used such a despicable method to steal away his Legendary mantra. There was also the fact that the Legendary mantra was extremely hard to control, and even if one could obtain it, learning to use it was still one thing.

Chen Xiang felt that it was difficult to control the Legendary mantra, and seeing Xiao Xianglin using the Doppelgänger mantra was extremely easy, which made him envious, but he was unable to learn it.

Xiao Xianglin often had his two clones learn the other two Legendary mantras, and even learned them from the Time array. It had been a long time, but he still hadn't learned them.

"Master, do you think you can turn the Legendary mantra into a World Defying Dan grain and let me refine it into a pellet so that I can produce the effects of the Legendary mantra? For example, the pellet I refined has a Doppelgänger mantra. Chen Xiang laughed: "That way, I won't have to learn the Legendary mantra."

"It should be possible... However, what materials do you want to use when refining the pellet? Without sufficient energy, it is impossible for the Legendary mantra to make it work, and the Legendary mantras have special powers, so the amount of energy required to make it work is extremely huge. " Xiao Xianglin said: "If you were to grasp the Legendary mantra yourself, the consumption rate would be much less."

"If I have the chance, I'll try again. I just have this thought." Chen Xiang said.

Right now, he was having a headache how to find Paternoster beast. In these past few days, he had already given up on the idea of killing Paternoster beast.

"Tao-creation Ancient Place is very big, but Paternoster beasts are very rare, so it would definitely not be easy to find them." Xiao Xianglin said: "After all these years, Paternoster beasts have also been arrested and killed. The number is becoming fewer and fewer, making it even harder to find."

Chen Xiang stopped and landed on the peak of a tall mountain, "Master, the reason why the Paternoster beast could be born is definitely because of the Supreme Mantra. There should be scattered Supreme Mantra within the Tao-creation Ancient Place, and then, these Supreme Mantra would turn into beasts ... Just like Ah Hu. "

Ah Hu was formed from a Legendary mantra.

"That's right." Xiao Xianglin said.

"There is a Supreme Mantra in the crystal core of the Paternoster beast. That is to say, this kind of beast must be very interested in things like incantations." Chen Xiang said, "Then Master, is there any way for you to make the powerful incantation release its aura before going to attract the Paternoster beast?"

Xiao Xianglin felt that Chen Xiang's idea was not bad. She thought about it and said: "If I'm not wrong, the Paternoster beast itself can evolve, there are two ways. The first way is to use the Supreme Mantra in his body to absorb energy and strengthen itself, and the other way is to learn other incantations, and then fuse with your own incantations to make your own Supreme Mantra stronger."

"So, we can try using these two methods to see if we can lure out the Paternoster beast." Xiao Xianglin said: "I'm afraid the first energy method will be difficult, because the Paternoster beasts are already very

strong, and there are a lot of Tao-creation's Holy Crystals inside, whatever we control right now, the released energy might not be enough to attract the Paternoster beast."

"I can only use the second method ..." Even if Legendary mantras are not as powerful as Supreme Mantras, they would not be much weaker, at least in the same level." Chen Xiang said.

"Yes, I can give it a try with the Doppelgänger mantra that I have mastered now." Xiao Xianglin came out from You Yao Mountain Villa.

"Master, are you still a clone?" Chen Xiang was unable to differentiate between Xiao Xianglin's clones.

"Main Body, I didn't release any clones." Xiao Xianglin laughed tenderly, "You little scoundrel, you don't even recognize this master's clone or this sovereign."

"If you get more intimate with me, maybe I'll be able to tell." Chen Xiang said in all seriousness.

Xiao Xianglin cursed in a low voice before closing his eyes and inscribing Legendary mantra in the air.

Legendary mantras were formed by 18 strokes, and the highest level nine incantation for Tao-creation was only nine strokes. It was extremely difficult to learn, let alone these eighteen strokes for Legendary mantra.

Chen Xiang looked at Xiao Xianglin's smooth and smooth process of inscribing a complicated eighteen strokes of Legendary mantras, and his heart was filled with admiration. He did not know when he would be able to do it.

Xiao Xianglin completed it in one breath, and used his own energy to create a Doppelgänger mantra in the air. Chen Xiang also did not feel any aura, and seemed to be full of spirituality.

"We have to get away from here." Xiao Xianglin anxiously said, and then entered the You Yao Mountain Villa.

Chen Xiang immediately rode on his Six Realms mirrors and left, observing everything from the top of a tall mountain. His eyesight was very good, he could see the Doppelgänger mantra that was carved on the gigantic boulder's wall at the top of the mountain.

"Master, this Doppelgänger mantra of yours doesn't have any aura. Will it have any effect?" Chen Xiang asked.

"This you don't understand, the Legendary mantra does not have any aura, but the incantation is closely linked to the incantation, if you reach a certain realm, you will understand the connection, for example, me, if I meet the Tao-creation Incantation that is exposed outside, I will immediately be able to sense and recognize what Incantation it is." Xiao Xianglin said, "Perhaps, we can directly see them from a few enchantments and formations."

"Master, you are so awesome. In the future, you must teach me how to learn the Tao-creation's incantations." Chen Xiang laughed.

"I know, I'll teach you whenever you want to learn from me." Xiao Xianglin laughed tenderly: I'm afraid you won't have that kind of patience, Xiao Ke'er's patience is not bad, her current progress is huge.

When Xiao Xianglin was in the You Yao Mountain Villa, he would often teach the girls how to learn the Tao-creation's incantations. In any case, when the Time array opens, one or two people would not be affected much by it.

Chen Xiang had waited for more than ten days already, but the Doppelgänger mantra on the mountain top opposite could still be seen clearly. At this moment, he could see even more clearly at night.

"Master, the Doppelgänger mantra that you used your energy to create is truly magical. The energy actually did not dissipate. It's been more than ten days." Chen Xiang said. If he were to use the Tao-creation Incantation, he would not be able to last so long.

"That's true, my Legendary mantra can be maintained for a very long time ..."

Just as Xiao Xianglin finished speaking, Chen Xiang saw a black shadow suddenly appear next to the huge stone wall at the top of the mountain opposite him.

[Chapter 3583](#)

"Something has appeared. I wonder if it is a Paternoster beast!" Chen Xiang shouted to the You Yao Mountain Villa in shock.

"Is there anything special about it?" Xiao Xianglin did not dare to come out, as she was worried that her concealing of her Qi was not as good as Chen Xiang's, and would lure the Paternoster beast over.

Paternoster beast were very strong, and if they were discovered, it would not be a good thing.

"I can't see what this is!" Chen Xiang was depressed: "I can only see its shape, it looks like a skinny big monkey."

"Why can't I see it clearly?" Xiao Xianglin felt that Chen Xiang's words were very strange.

"Alright, it's just a ball of black shadow, but it can move ..." Chen Xiang said: "This thing only has shadows."

"I wonder if it's a Paternoster beast." Xiao Xianglin somewhat understood what Chen Xiang was saying, and she asked: "What is this thing doing?"

"He's looking at your Doppelgänger mantra, he's watching it very seriously, and sometimes he walks around, but he doesn't touch it either." Chen Xiang said: "What should we do now?"

Xiao Xianglin also felt very helpless, they could not be sure if this was a Paternoster beast or not. If it was, then there was nothing they could do, because the Paternoster beast were very strong, if they went there, it would be more dangerous.

"How about we risk getting closer to take a look." Xiao Xianglin said.

"Good, even if it's a very powerful fellow, with my strength, I will definitely be able to escape." Chen Xiang had thought about this since long ago, so he decided to ride his Six Realms mirrors and fly over at the slowest speed possible.

Halfway there, he saw the skinny monkey move as if it was looking at him.

"I am such a fool. The Six Realms mirrors would trigger the Flying mantra when it flies. This thing is so sensitive to incantations, it will definitely discover me." Chen Xiang scolded himself in his heart as he began to try his best to teleport away.

He had already made preparations to escape long ago, so he quickly activated the Time and space power and teleported once.

"It's safe!" Chen Xiang heaved a sigh of relief, only to see a black shadow appear in front of him.

"Motherf * cker, how did I teleport here?" Chen Xiang cursed in his heart, without saying a word, he swung the Six Realms mirrors in front of him, but the black shadow did not move.

Chen Xiang took a few more steps back, but the black figure still did not move. Then, he continued to retreat, and just as he was about to fly, he was pressed down by a pressure and was unable to fly.

"Skinny Monkey... Do you understand human speech? " Sensing that the other party did not want him to leave, Chen Xiang dared to ask.

"Skinny?" From the looks of the voice, it was a woman.

Chen Xiang was driven mad, was this a human or a beast!

"Ugh ..." "Hello, why don't you let me run away?" Chen Xiang asked.

The black figure suddenly twisted, and with a flash of white light, a woman in a white dress appeared.

The woman was tall and had a charming face. Her jet-black hair was adorned with a beautiful snow-white hair ornament. What was surprising was that there were nine fluffy snow-white tails behind her waist. She was extremely beautiful.

"Is this a fox?" Chen Xiang thought, a woman's nine tails, could very easily make people think of a Nine-tailed Fox.

"Did you just call me skinny monkey?" The woman's face revealed a charming smile. She chuckled and asked, "Do I look like a monkey?"

"This..." "You were just a shadow just now. I can see you from afar ..." Chen Xiang scratched his head and laughed. Actually, he himself had been seen by others as a monkey many times.

The woman giggled, then pointed to the Doppelgänger mantra diagram on the giant wall and asked: "Is this related to you?"

Chen Xiang nodded, he was still not sure if this extremely charming fox spirit was actually a Paternoster beast or not. What he was sure was that she was extremely interested in that Legendary mantra.

The thing that shocked Chen Xiang the most was that this Nine-tailed Fox Spirit seemed to be very powerful, but he did not sense any kind of strong aura. Instead, he could smell a tempting body fragrance that made his heart move from time to time.

"Did you do it?" It's really amazing! " The lady stared at the Doppelgänger mantra with her charming eyes, her expression was filled with admiration as she praised.

[Chapter 3584](#)

"Miss, this is my master, Xiao Xianglin." Chen Xiang laughed.

"Hello!" Xiao Xianglin smiled as he greeted the Nine Tailed Fox Spirit and asked, "How do I address you?"

"I... My name is Little White Fox. "

The Nine-Tailed Fox Spirit did not have a name. However, since she could speak human language, she must have interacted with humans before.

"Little White Fox, do you see human beings frequently here?" Xiao Xianglin asked. She had a strong feeling that this Little White Fox in front of her was a Paternoster beast.

"I've seen them. I've seen them often." Little White Fox nodded. "They all want to capture me, but I've been playing hide-and-seek with them for many years!"

Little White Fox laughed. "But you guys look different from them, they want to kill me, and if you guys don't, I can feel it."

Chen Xiang had indeed wanted to kill her before, but seeing that this pure and charming Nine Tailed Fox Spirit was not killing intent towards him, he did not have any killing intent.

"Little White Fox, you probably don't know this, but the reason why we came here is to look for the Paternoster beast." Xiao Xianglin said: "The reason I created this Legendary mantra, is to lure it over."

Little White Fox frowned and said: "I am the Paternoster beast That's what those people who often chase me call me. Do you want to kill me too? "

"Of course not, we just want to learn the Supreme Mantra." Xiao Xianglin laughed: "Just like you want to learn this Legendary mantra."

Little White Fox understood very quickly. She smiled and nodded: "The incantation I grasp is Supreme Mantra. I can teach you and then you can teach me this.

"I am indeed at a disadvantage, but it doesn't matter. Who told me to like you?" Xiao Xianglin laughed and walked over to pull Little White Fox, as they were very close.

"How about this, I'll acknowledge you as my teacher... I feel that you are very powerful in terms of incantations. " Little White Fox said.

Xiao Xianglin shot a glance at Chen Xiang, but Chen Xiang did not say anything, those bright eyes of his showed that he wanted Xiao Xianglin to quickly accept this cheap disciple of his.

"I'm so weak, are you really willing to take me as your master?" Xiao Xianglin was surprised, why would Little White Fox have such a thought.

"Of course I am willing. Master, please accept a bow from your disciple." ~ Who knows where Little White Fox learned that from, and he hurriedly kneeled down to kowtow.

"Get up!" Xiao Xianglin immediately laughed and helped her disciple who was a head taller than her to stand up.

"Hello, Junior Sister." Even if Chen Xiang wanted to cut open his brain, he would never have thought that a Paternoster beast would become his Junior Sister.

"Senior brother, don't bully me." Little White Fox was very happy as she skipped over to him and held Chen Xiang's hand, rubbing it against his arm.

"You are my junior sister, I don't even have enough time to love you, how can I bully you?" Chen Xiang laughed, and then, he pinched that charming face of his.

Chen Xiang and Xiao Xianglin returned the fox tail to her, and for some reason, she allowed those two tails to stay behind him.

"Aiya, something is coming. Let's hurry up and leave." Little White Fox anxiously shouted: "Master, get this too!"

Xiao Xianglin nodded, waved his hand, and the condensed Doppelgänger mantra was put away. Then, he quickly flew away on Chen Xiang's Six Realms mirrors.

Little White Fox was extremely interested in Chen Xiang's Six Realms mirrors, as if she had never seen it before. As she sat on top of it, she quickly discovered that there were all kinds of incantations and Spirit grains inside the Six Realms mirrors.

"Junior Sister, what was that thing just now?" Chen Xiang asked.

"A wolf. I hate him and always want to eat me." Little White Fox snorted lightly, "I am not as powerful as him, but he was always discovered by me from far away, so he was unable to catch me."

"Is he a Paternoster beast too?" Xiao Xianglin asked.

"Yes, he also eats people often, I don't like eating people, I usually only eat some fruits and flowers or leaves." As Little White Fox said that, he took out a purple leaf. The skin of the leaf was very thick, she took a bite and chewed it, it was very sweet.

"Senior apprentice-brother master, you guys have a taste too." Little White Fox also took out two pieces, and handed them over to Chen Xiang and Xiao Xianglin.

Chen Xiang received it and took a bite. It was surprisingly delicious, and he finished it very quickly.

Chen Xiang controlled the Six Realms mirrors to fly towards Little White Fox's fox nest.

On the way, Chen Xiang and Xiao Xianglin realized that Little White Fox had actually mastered all the Tao-creation's incantations and one Supreme Mantra, which was much more powerful than Chen Xiang.

"I was born to understand these things." Little White Fox said: "According to what I know, all of the Paternoster beast here are more or less like that If you eat other Paternoster beast, you can also get their Supreme Mantra immediately. "

Chen Xiang sat beside Little White Fox and played around with her while stroking her nine dancing fox tails. He and Little White Fox also played around with him and not long after meeting each other, their relationship was really good.

"There are a lot of humans here, they are so bad, they want to catch me to eat all day." Little White Fox said.

"My junior sister is so beautiful, but they are also so heartless." Chen Xiang rubbed Little White Fox's face, and said very angrily.

"The people who came to arrest me were all very weak. They couldn't eat me." Little White Fox said with a tender smile, she also curiously caressed Chen Xiang's handsome face, she had never been so intimate with a man before.

After flying for half a day, they finally arrived at Little White Fox's cave. On a tall mountain, a place near the top of the mountain, was extremely secretive.

On both sides of the path in the cave, it was filled with all kinds of beautiful flowers. In a very spacious stone room, all sorts of flowers, plants and trees were planted, they were all Little White Fox's food.

"If I am discovered by other Paternoster beast, I will have to move." Little White Fox sighed. All these years, she had been constantly moving her nest, and it was only because she was discovered by other powerful Paternoster beast.

Little White Fox said that her strength was weaker than the Paternoster beast here, but she had a strong perception and her speed was very fast, so she was always able to escape in time.

Amongst the Paternoster beast, it was also a world where the strong preyed on the weak.

Chen Xiang and Xiao Xianglin were glad that the Doppelgänger mantra Diagram had attracted Little White Fox over. If it had attracted anyone else, they would have missed out on such a good little fox.

At this time, Little White Fox was playing with Chen Xiang's Six Realms mirrors, because Chen Xiang had told her that the inside of the Six Realms mirrors was much larger than her cave abode.

Of course she knew that it was because of the Space mantra, but she didn't know that it could still be used like this. When Xiao Xianglin said that he wanted to teach her how to forge artifacts, she was very happy.

[Chapter 3585](#)

Little White Fox was a strange beast bred by Supreme Mantra and she was very interested in these incantations as well. Therefore, when Xiao Xianglin taught the Legendary mantra, he only needed to engrave them into a piece of crystal so that Little White Fox could see and understand them for himself. If there was anything she didn't understand, she would ask Xiao Xianglin.

Xiao Xianglin had also gotten the Supreme Mantra from Little White Fox. What made her surprised was that Little White Fox had actually mastered two types of Supreme Mantra.

Little White Fox had also killed a Paternoster beast before. She had eaten the other party's crystal core, so she had obtained the Paternoster beast's Supreme Mantra.

"Master, what kind of use does the Supreme Mantra Junior Sister gave you?" Chen Xiang asked curiously, Little White Fox had already entered the Time array to learn.

"She didn't tell me. Right now, I will let my two clones temporarily stop learning Legendary mantras and go learn these two Supreme Mantras first! Learning Supreme Mantra should be a lot faster, so I can help you create World Defying Dan grain sooner." Xiao Xianglin said.

Afterwards, she let the two clones start learning Supreme Mantras, while her original body started to familiarize herself with the Time Incantation, the Rebirth Incantation and the derived incantation. These three incantations were extremely difficult to learn, and even though she had learnt it, she was not very familiar with it yet.

Xiao Xianglin entered the You Yao Mountain Villa and used the Six Realms mirrors' Time Formation. Feng Ke'er also entered to learn the Tao-creation's incantation.

Chen Xiang didn't do anything when he was outside alone. He asked He Fengyuan to come out and see if the strange flowers and herbs that Little White Fox grew had any great uses.

Little White Fox had said before that he could eat anything she grew here as long as it didn't kill him.

Chen Xiang had a taste too and they were all very tasty.

"They are all medicinal herbs, but most of them are middle grade Tao-creation Divine Medicines. Because they are for eating, the medicinal herbs are not suitable for refining pills." He Fengyuan was also eating a fruit.

Chen Xiang also understood that if the medicinal herbs could be used for pill refining, it would not be so easy to break it with one's teeth! Some of the medicinal materials used for alchemy were even tougher than divine weapons.

"Junior definitely knows that there are high grade Tao-creation Divine Medicines, I will ask her about it when she comes out." Chen Xiang said, he took the opportunity to enter the Six Realms mirrors' Time Formation, there were only Xiao Xianglin and Feng Ke'er, coincidentally three people inside.

If there were one or two more people, the Time Formation would become very unstable, so it was best for it to not exceed three.

"Master, teach me the Tao-creation's incantation." Chen Xiang hugged onto Xiao Xianglin's soft arm, and chuckled. "You're not really too busy right?"

"Alright, alright, I'll teach you now!" Xiao Xianglin tapped his forehead with his finger, then began to instruct Chen Xiang on how to learn the Tao-creation's Incantation.

Chen Xiang did not even learn the Space mantra well, but under Xiao Xianglin's guidance, he actually mastered it quickly.

Now that Xiao Xianglin had mastered all of the Tao-creation's incantations and also learned a Legendary mantra, she could be said to be a grandmaster in the field of incantations. This caused her to have a deeper understanding of the various incantations, which was why when she guided others in learning, she was always able to enlighten them, and very smoothly and quickly inscribe the Tao-creation's incantations.

Unknowingly, Chen Xiang had learnt the seventh stage of the Tao-creation's Incantation, which was also known as the Time Incantation.

He had learned all the Flying mantra, Space mantras, sonic wave incantations and Fusion spells in front of him, and could completely inscribe them.

"With teacher's guidance, not only will you learn quickly, you won't feel bored and time will pass." Chen Xiang looked at Xiao Xianglin's beautiful face and laughed.

"Little Scoundrel, be serious." Xiao Xianglin rolled her eyes at Chen Xiang. Long ago, Chen Xiang had suddenly kissed her lips, so she had always been on her guard against him.

"Master, you're so beautiful. The more I look at you, the more beautiful you look." Chen Xiang laughed.

Xiao Xianglin walked over, and grabbed onto the flesh on his waist, and said coquettishly: "Be a little more honest, do you believe that I won't ask You You to come out and discipline you?"

"It hurts!" Chen Xiang pretended to be in pain and hugged Xiao Xianglin's waist, bringing her closer.

Xiao Xianglin was not as strong as him, even if he struggled, it was useless. However, he was still hugged by Chen Xiang.

"Little Scoundrel, I'm not done with you." Xiao Xianglin randomly pinched the flesh on Chen Xiang's body: "You You You, save me."

When Chen Xiang saw Xiao Xianglin calling out to Bai Youyou, he immediately let go of his hands and said with a twitch of his mouth: "I was just messing around with you!"

Xiao Xianglin snorted angrily as he pinched the flesh off of Chen Xiang's body, "This time, I'll let you go. If there's a next time, I'll definitely let You You and Meiyao teach you a lesson."

Chen Xiang was also a little afraid, so he immediately became more honest. He really only wanted to play with Xiao Xianglin just now.

The Time Formation had already been inside for a thousand years, while the outside had only been for ten days. Chen Xiang was inside learning the Tao-creation's incantation, and he did not feel that time had passed, furthermore, he had the beautiful master Xiao Xianglin accompanying him.

"Alright, I've already grasped those two Supreme Mantra." Xiao Xianglin replied: "It's really hard to learn."

Under Xiao Xianglin's guidance, Chen Xiang had already mastered all of the Tao-creation's incantations. He was secretly glad that Xiao Xianglin was a Heavenly Incantation Master, if not he would not know how long he would have to learn it.

After grasping the Tao-creation's incantation well, it would be even easier for him to learn the World Defying Dan grain. Even if there was a Supreme Mantra among the World Defying Dan grain, it would not hinder him in the slightest.

When Chen Xiang came out of the Time Formation, his cave had a little change.

"Has it turned cold? It has only been less than ten days!" Chen Xiang said with a frown, then he told Little White Fox who was inside the Time array.

It was not easy for Little White Fox to learn Legendary mantra, as she did not have Xiao Xianglin's talent, so her learning speed was much slower. Fortunately, with Xiao Xianglin's guidance, she could master it after learning for a while.

"Danger!" The moment Little White Fox came out, her expression changed immediately. "We need to leave this place as soon as possible."

"What's the danger?" Chen Xiang anxiously asked, as Little White Fox began to clean up the strange flowers and herbs that she grew.

Chen Xiang called He Fengyuan and Mei Jing Sisters out to help her pack. There were a lot of strange plants here, and it would take her a long time to pack them all.

Little White Fox also didn't have the time to ask who these three beautiful women were.

He Fengyuan had often come into contact with medicinal ingredients when he was with the Mei Jing Sisters, so they were very familiar with digging through strange flowers and herbs. Seeing this, Little White Fox became more at ease.

"Senior Brother, who are they? Why did it suddenly appear?" Little White Fox could not resist asking.

"My friends, they are usually in my Divine Sense Sea World. They are extremely proficient in growing these strange flowers and herbs." Chen Xiang said. In order to increase his speed, Xiao Xianglin asked Xiang'er and Yu'er to come out. The two of them were both his maids, and the moment they appeared, Chen Xiang would introduce them to Little White Fox.

"Junior Sister, what danger is outside?" Chen Xiang originally wanted to go out and take a look, but Little White Fox refused to let him.

"The Purple icy ape are nearby, and they even released a purple blizzard. Popular. w w w. "How fast." Little White Fox said: "Once the blizzards he releases infiltrate in and sense our auras, he will discover us."

Chen Xiang didn't need to ask to know that the Purple icy ape was a Paternoster beast. Seeing Little White Fox's worried look, Chen Xiang could tell that the Purple icy ape was extremely powerful.

"Junior Sister, how strong is this guy?" Chen Xiang asked.

"Very powerful. I am no match for him. Over the years, I have been almost eaten by him several times." Little White Fox's charming face was filled with fear.

"With senior brother here, there's no need to be afraid of him." Chen Xiang laughed.

"En!" Little White Fox nodded his head, she had also pretty much cleaned up the ingredients that she grew and was temporarily transferred to You Yao Mountain Villa.

After Chen Xiang let He Fengyuan and the others enter the You Yao Mountain Villa, she asked: "How do I leave this place? "What's the situation outside?"

"It's very dangerous outside. There are purple snowstorms everywhere ... Once we go out, we'll be sensed." Little White Fox said: "Senior brother, you can use the Time and space power to teleport away."

"Alright!" Chen Xiang took out her Six Realms mirrors. "Junior Sister, come up!" He reached out his hand and grabbed Little White Fox's jade hand, pulling her up.

"Junior Sister, I'll take you far away from this area. You don't have to worry about those scary guys here eating you up in the future." Chen Xiang touched her small face and said.

Little White Fox shook her head: "I can't leave this place. There is a strange power in my body that prevents me from leaving this mountain. "Tsk tsk, tsk ..."

The Paternoster beast were actually restricted from leaving this place, why was this so? This made Chen Xiang very surprised. ong >

"I will definitely find a way to take you away." Chen Xiang said firmly. The more impossible it was, the more he needed to do it.

"Senior brother, I believe in you." Little White Fox held Chen Xiang's arm, and leaned on Chen Xiang's shoulder. She didn't know why, but Chen Xiang gave her a very reliable feeling.

"We're going to leave." Chen Xiang congealed Time and space power, and he even added a Tao-creation Divine Crystal to speed up the congealing process.

"Let's go!"

Chen Xiang immediately released the Time and space power and teleported through a long distance of space.

In the blink of an eye, he and Little White Fox rode on the Six Realms mirrors and left the place they said they would be.

"Senior Brother look, that is the area where the Purple icy ape released the blizzard." Little White Fox pointed to the ball of purple light in the distance.

Chen Xiang could see a large expanse of purple clouds in the sky. That was the area where the Purple icy ape had released the blizzard to cover.

"Junior Sister, is he here specifically to look for you?" Chen Xiang asked.

"Maybe not. He often goes to search for all kinds of Paternoster beast." Little White Fox said: "If he finds me, I'm afraid she won't be able to escape. I was found by him twice before, and both times I touched his purple snowstorm. Luckily, I ran fast, so he didn't catch up to me. "

Over the years, Little White Fox had successfully escaped from many pursuers, and this caused her to accumulate a lot of experience.

"I have to 'understand' why you can't leave this area." Chen Xiang said: "Junior sister, how about this, you enter my Divine Sense Sea World, I'll try to see if I can bring you away."

Little White Fox shook his head: "No, once I leave this Tao-creation Ancient Place, I will immediately die. The last few times I wanted to leave, I felt extremely uncomfortable walking halfway, and felt that my body was about to explode. In the end, I had no choice but to run back quickly."

"So that's how it is." Chen Xiang frowned, he wouldn't stay here for long, and he and Xiao Xianglin couldn't bear to leave Little White Fox alone here, so no matter what, they could be considered their people.

Bai Youyou said: "The sects that are here definitely know the reason. Maybe they have a way."

The Sects from Seven Mountains had been hiding here for a long time now, and they often hunted Little White Fox down. Perhaps, even if they knew what the situation was, they would still have a way to change it.

"Alright, I'll go and investigate inside those sects right now." Chen Xiang nodded. He looked flirtatious but his eyes were filled with innocence. Little White Fox.

"Junior Sister, continue learning Legendary mantra from Master! "If you can master it, you will have two more clones. By then, you will be even more powerful." Chen Xiang replied, "Yes!" Little White Fox nodded. "Senior Brother, can I enter your Divine Sense Sea World to take a look?"

"Of course you can!" Chen Xiang immediately sent Little White Fox inside, and then Su Meiyao brought her to stroll around, and get to know the woman inside.

The You Yao Mountain Villa grew all kinds of strange flowers and herbs, and under the care and nurturing of the Mei Jing Sisters, all of them grew up very well, some of which were edible. These were all things Long Xueyi made Chen Xiang collect.

Little White Fox strolled around inside, while tasting all sorts of delicious fruits. She had picked up many of them herself, and bid farewell to Su Meiyao and the others with some reluctance, then headed towards the Time array s.

"Elder Brother Shen, do you still remember that mysterious seed?" Jiang Sijing asked.

"I remember!" Chen Xiang thought for a while before replying.

He had previously found the mysterious seed in the three strange mountains of the Bloody Plains. It was this seed that suddenly released a mysterious power, causing a Dragon Controlling Gods to be unable to move.

When he was initially unable to move due to the power released by the seed, he felt fear just by thinking about it. Later on, this seed began to take root and sprout in his You Yao Mountain Villa.

"This tree has bloomed, looks like it will bear fruit very soon." Jiang Sijing said: "I wonder what the fruit will do."

"To think that it would bear fruit." Chen Xiang was very surprised, he had also released the Wishing Fruit's effects.

"Great beauty Feng Yuan, take a look at what it is." Chen Xiang said to He Fengyuan.

"I've seen it before. I don't know either." He Fengyuan shook his head and said, "The memories in this thing's medicinal soul will only start when you kill Dragon Controlling Gods."

But He Fengyuan also followed Chen Xiang, and it was she who brought Chen Xiang to the Blood Mud Plains.

"Alright! I can only wait and see." Chen Xiang rode on her Six Realms mirrors and flew at a low altitude, heading towards the hidden sects.

Chen Xiang asked Little White Fox if she could go to those sects. She had went there a few times because he wanted to find out if there was any way to remove the shackles on her soul. She had longed for the world outside since a long time ago.

Not only Little White Fox, even some of the other Paternoster beast had been there before. Luckily, all of them were strong enough and were able to escape safely.

From Little White Fox's words, he could tell that her strength was at the bottom, but he had lived for a very long time. The main reason was that she was born with a strong 'cave' detection ability and an extremely fast speed, which allowed her to always run away in times of danger.

"I can feel an icy aura coming from behind me." Chen Xiang looked behind him. It was night now, and he couldn't see anything.

[Chapter 3587](#)

Chen Xiang immediately told Little White Fox about this.

"Senior brother, maybe the Purple icy ape has caught up." Little White Fox's voice was solemn, she immediately came out from the Time array.

She closed her eyes. After sensing for a while, her expression became suspicious: "The Purple icy ape is not bad But other than the Purple icy ape, there are also the auras of other Paternoster beast, so it is very likely that the two Paternoster beast have started fighting. "

"That's good. Should we go over and take a look?" Chen Xiang anxiously said: "If they were to fight to the point where both of them would be injured, then I would be rich."

Little White Fox thought for a while, then nodded: "Okay, Senior Brother, you must be careful.

Chen Xiang laughed embarrassedly: I am your senior brother, but if there is any danger, I have to get my junior sister to protect me, this senior brother of mine is truly useless.

"Senior Brother, don't say that. You're very powerful, I can feel it!" Little White Fox smiled daintily, then shook Chen Xiang's hand. "Master told me the same thing before."

"Junior sister, learn the Legendary mantra well and learn one. There are two more waiting for you to learn." Chen Xiang said.

Little White Fox felt that being able to meet Xiao Xianglin and Chen Xiang was her greatest luck. Chen Xiang and Xiao Xianglin both came from the outside world, and they also possessed Legendary mantra s,

furthermore, they treated her really well and loved her a lot. She had been so lonely for so many years, but now she could finally be happy with others.

Chen Xiang could also feel the happiness in Little White Fox's heart, so he had to help this Junior Sister leave this damned place.

In order to not be discovered, Chen Xiang withdrew his Six Realms mirrors, came to the ground, and using Counter Power concealment, carefully headed in the direction of the cold Qi.

Purple icy ape s were powerful Paternoster beast s, and Paternoster beast s who had great power in this place could control many Supreme Mantra s. If they could pick up Purple icy ape s at a cheap price, then they would earn a lot.

Even though Chen Xiang was running on the ground, his speed wasn't slow at all. He quickly approached the area with the strongest cold Qi.

"This is definitely not the power of a Purple icy ape, why is it so scary? What exactly is it?" Chen Xiang felt that it was two Paternoster beast s fighting.

However, when he entered the area, he heard a few people shouting and immediately knew that he had guessed wrongly.

There were still people here!

"Could he be from a sect in the Tao-creation?" Chen Xiang thought in his heart, and then, he carefully approached them. Waves of cold air as well as noisy shouts continuously emitted from in front of him.

What Chen Xiang found strange was that if someone was fighting randomly in front of him, that person would definitely erupt with all sorts of different kinds of energy auras, but he did not sense them; he only sensed a unique and powerful cold energy.

As he got closer and closer, Chen Xiang saw a dark light in front of him. The cold air was becoming more and more terrifying, and it was fortunate that he could withstand it.

Entering into that area of dim light, Chen Xiang saw more than ten people in front of him, their bodies covered in white frost. They were constantly shouting and trying to move their bodies, but their bodies seemed to be stiff, causing them to be unable to move.

Chen Xiang did not immediately enter. Instead, he carefully observed outside and discovered that there was a very tall figure even further inside.

He looked carefully, it was a small giant, its thick arms were filled with purple hair, and there was a purple ice crystal scale armor on its chest. He was sure, this was the Purple icy ape.

The Purple icy ape had the same face as a human, only a portion of its body still maintained the characteristics of a beast. Just like Little White Fox, she still kept her nine beautiful fox tails.

"This guy is the Purple icy ape, he's frozen, who was it?" Chen Xiang was shocked. He could only see the Purple icy ape from afar, and could feel its terrifying aura.

Furthermore, the dozens of people that were frozen were all from World Defying Stage Legendary Rank. They did not have any resistance against this kind of power and could only struggle.

"I must not approach." Chen Xiang quietly observed from the side. He knew that this place was extremely dangerous, but if he left, he would miss the chance to hunt a Purple icy ape.

"I need to think of a way!" Chen Xiang thought that he could try using the Six Realms mirrors.

The Six Realms mirrors had been refined by Xiao Xianglin many times before, and had been added with a lot of Tao-creation Divine Crystals. It was extremely sturdy, and he did not know if he could trap the Purple icy ape.

"Junior sister, do you think that the Six Realms mirrors can trap the Purple icy ape?" Chen Xiang asked. Little White Fox had also carefully observed the structure of the Six Realms mirrors and had a certain understanding of it.

Chen Xiang also quickly told Xiao Xianglin and the Purple icy ape's current situation, asking them to come up with ideas.

"There shouldn't be a problem with the Six Realms mirrors. If it were to act recklessly inside, I will control it." Little White Fox said: "He's definitely not my match since he's trapped inside the Six Realms mirrors. Moreover, he's currently frozen, so it'll take a while for him to unravel it."

Xiao Xianglin was also sure that the Six Realms mirrors could trap the Purple icy ape.

Chen Xiang took a deep breath, activated the Time and space power, and directly sent the Purple icy ape into the Six Realms mirrors.

Initially, he had planned to bring the ten over people in, but after taking away the Purple icy ape, the cold air suddenly became extremely violent and he had no choice but to immediately teleport away.

The instant he took away the Purple icy ape, he understood that there was a killing array in this area. Because there were no Purple icy apes left, the killing array did not need to deal with the Purple icy apes and could only focus all of its power on dealing with the dozens of people. If he took the ten-odd people away, the power of the killing array would focus on him and he would be the one dying.

"Attack!" Chen Xiang said to Little White Fox, who had long since been waiting in an empty place inside the Six Realms mirrors.

After the Purple icy ape was brought into the space within the Six Realms mirrors, Chen Xiang immediately activated all kinds of enchantments and killing arrays. The Six Realms mirrors also crazily absorbed the energy of over ten Tao-creation's Holy Crystals and began to attack the Purple icy ape.

The power Little White Fox used was very strange as well, as if it was a type of pressure that imperceptibly created a very strong pressure. Then, she controlled this pressure and madly hammered the Purple icy ape.

The pressure that Little White Fox released could also come from all directions. At the same time, it would attack the Purple icy ape's body and crush the purple crystal scales on the Purple icy ape's surface. Finally, she condensed the strong pressure into a very thin, transparent sword that penetrated through the Purple icy ape's body.

Chen Xiang didn't think that Little White Fox's power would be so terrifying.

"Junior Sister, you're too amazing!" Chen Xiang exclaimed.

"This is the power of a Supreme Mantra, called the Pressure mantra." Little White Fox laughed tenderly: "Senior Brother, you can learn too. If you learn, maybe you can use it better than me."

"Alright!" Chen Xiang nodded.

"Senior Brother, Master said that your flames are very strong. Release your strongest flames, and I will use my pressure to press the flames into the body of the Purple icy ape. The Purple icy ape is most afraid of strong flames." Little White Fox had been chased by this Purple icy ape for many years, so she knew this Purple icy ape very well.

[Chapter 3588](#)

The flame Chen Xiang released from the Red fire dragon was a prideful and legendary fire. If it was released from the Increase spell, this kind of legendary dragon fire would become even more terrifying.

"I'll try!" Chen Xiang was not sure if he would be able to release the strongest of the legendary dragon flames because the flames would have to pass through his body.

He tried it out and discovered that the legendary dragon fire was very hot. However, the weaker ones weren't a problem, but it would be difficult to release the strongest ones.

"No way!" At this moment, Chen Xiang's entire body was extremely scalding hot, all because he had just released a bit of the strongest legendary dragon fire.

Chen Xiang thought for a bit, and could only release the Red fire dragon, controlling it to immediately release flames into the space trapping the Purple icy ape.

Little White Fox stared at the Purple icy ape, waiting for Chen Xiang's flame.

"Junior Sister, are you ready? I'm going to start now." Chen Xiang said.

"Alright, Senior-apprentice Brother, you can release the fire now." Little White Fox nodded.

Chen Xiang also went inside the Six Realms mirrors, and when he was outside the space outside where the Purple icy ape were locked up, he released the Red fire dragon.

The Red fire dragon was very small, with a pair of glowing fire wings.

"What is this? "So powerful!" Little White Fox saw that the little guy looked like a dragon and shouted in fear, "Is this a dragon?"

"En!" Chen Xiang made the Red fire dragon spew out flames, attacking towards the Purple icy ape.

Little White Fox was also considered a beast, and was extremely afraid of Red fire dragon, this mysterious and powerful World Defying beast. Chen Xiang's cultivation was not as strong as hers, but this dragon made her feel afraid.

"You little fox, I will kill you!" When the Purple icy ape saw that it was Little White Fox, it roared angrily.

Little White Fox let out a cold snort, and released his power. An invisible pressure appeared around the Purple icy ape, pushing all of the legendary dragon flames inside towards the Purple icy ape.

"Senior brother, put out a little more flame, I want to burn this guy to death." Little White Fox was filled with anger: "Purple icy ape, you tried to eat me again and again, but now you have finally fallen into my hands! hmph hmph hmph, you brought this upon yourself. If you had not been my enemy, you would not have ended up like this. "

"Stupid fox spirit, just you wait ..." "Ah ah ah ah....." The Purple icy ape roared. He didn't expect this Little White Fox to retaliate against him.

It was just that Little White Fox's defense was not strong, but her attack power was extremely terrifying. She was currently exerting an invisible but extremely strong pressure to the extreme, pushing all of the legendary dragon fire Chen Xiang had released into the body of the Purple icy ape.

A large amount of the purple colored ice crystals on the Purple icy ape's surface had melted.

Killing a Paternoster beast was not an easy thing to do, especially since this was a Paternoster beast with a strong defense.

The Purple icy ape roared and cursed at Little White Fox, but it was useless, it would only increase Little White Fox's strength.

Chen Xiang was shocked in his heart. This Purple icy ape's body was actually this terrifying. He had continuously burned for several hours and with Little White Fox's help, he had only just started to decompose.

After the ice crystal scales on the Purple icy ape's body were destroyed, its entire body was quickly burnt to ashes.

After his body was incinerated, Little White Fox anxiously shouted out: "That is the Purple icy ape's crystal core, there are two of them!"

Chen Xiang immediately took away all the enchantments and formations, and walked with Little White Fox.

"The Purple icy ape themselves are purple ice incantations, they can condense purple ice crystal scales like he does." Little White Fox said: "I don't know about the other one."

"Senior Brother, as long as you eat these crystals, you will be able to obtain Supreme Mantra s quickly. Which one do you want to eat first?"

Chen Xiang looked at the crystal core that Little White Fox passed over, and asked with a frown: "Junior Sister, can I only eat one piece?"

Little White Fox nodded: "For now, you can only eat one piece. After you eat one piece of crystal core, it will take at least ten thousand years or so before you can eat a second piece ... The main reason is that a strong repulsive force will be generated between the crystal nucleus and the crystal nucleus, and it will take tens of thousands of years to be eliminated. "

Chen Xiang was extremely hesitant. The Purple Ice Incantation was very powerful, it had a very strong defensive power, and when released during battle, it could allow his body to avoid being attacked too much.

As for the other piece of crystal, the Supreme Mantra that had it was unclear. If it wasn't something good, it would definitely be very depressed.

"Junior Sister, don't you know what kind of Supreme Mantra is in the other piece of the Purple icy ape's core?" Chen Xiang's heart was tangled.

Little White Fox shook his head: "In the Tao-creation Ancient Place, unless we, the Paternoster beast have no other choice, we will not reveal our ability to chant any other incantations! Like me, many people do not know what my second Supreme Mantra is. "

Chen Xiang already knew that Little White Fox was born with a Supreme Mantra.

"Then what is the second Supreme Mantra?" Chen Xiang asked.

"Gather Qi, my second Supreme Mantra can gather Legendary gas." Little White Fox said: "I accidentally obtained this."

"This Purple icy ape is so powerful, but it can only plunder one Supreme Mantra." Chen Xiang looked at the two crystal cores in his hands, he did not know which one he should have.

"Alright, I don't want the purple ice incantation. I want another unknown one, let's bet on it!"

The crystal was very small and could be swallowed in one gulp. After he swallowed it, the crystal mysteriously fused into his flesh and blood and finally entered his heart. At this moment, many incantations appeared in his mind.

His Supreme Mantra formed a total of thirteen strokes, which was considered rather difficult.

"Eat it, and we'll soon be able to use it. Let's see what power it has." Little White Fox was extremely curious.

Chen Xiang closed his eyes and summoned a Supreme Mantra from within the Divine Sense Sea World. Then, he released the condensed power of the Supreme Mantra.

It was a transparent mass that he could not see nor feel.

"What kind of power is this?" Little White Fox used his hands to touch it, but did not puncture it.

"I can control this thing and through it, I can hear and sense what is around me." Chen Xiang controlled the transparent energy to float, allowing him to fly quickly.

Through this mysterious energy, he could see things in the distance. It was almost as if he was here himself.

"It's very possible that this is how Purple icy ape found my whereabouts." Little White Fox was often hunted down. Other than Purple icy ape, other Paternoster beast had also only chased after her once, but the Purple icy ape had always chased after her.

"Probably." Chen Xiang said: "This thing consumes a lot of energy, I cannot use it for too long, and it seems that I can even more energy to be excavated."

"What other abilities do you have?" Little White Fox asked anxiously.

"I can create a space inside this thing. If I encounter anything, I can just go with the flow!" "Right now, my power is limited and I can't sustain it for too long." Chen Xiang laughed.

"Give this Supreme Mantra a name." Little White Fox felt that this Supreme Mantra was very good: "How about the incantations for illusions?"

I recommend a good women's clothing store. The clothes are nice and cheap, and the quality is also very good! Just search the Taobao net for "Shibu".

[Chapter 3589](#)

The things that Chen Xiang had released through the Supreme Mantra were indeed the same as his own body, but he couldn't see or feel it. Furthermore, he also brought a storage space with him, which made him look like an illusory body. Even faster, the website page is refreshing, advertisement is few, like this kind of website most, must be well-received.] The updates were quick.

"Alright, let's call it illusion." Chen Xiang nodded his head: "Let's keep this Purple Ice Incantation aside for now. It doesn't have much use right now."

Chen Xiang had also thought about it carefully before, the purple ice incantation was not suitable for him, because he was using fire himself, and there was a conflict with the purple ice incantation.

He felt that Bai Youyou had used it pretty well. Bai Youyou had always been a battlemaster, and the Purple Ice Incantation allowed her to have a very strong defense. He mentioned this to Bai Youyou and she decided not to use it for now. Let's talk about it when she needs it.

Just like this, Chen Xiang finally obtained a Supreme Mantra. If he were to learn by himself, who knows how long he would have to learn it.

"All these years, only one Supreme Mantra has been 'obtained'!" Chen Xiang replied, "I thought he had quite a few."

"Paternoster beast are all very strong, and it won't be that easy to kill them. In a battle, even if they can't defeat their opponent, there's a high chance of them escaping." Little White Fox said: "For example, me. My strength is the weakest amongst the Paternoster beast, but I can still sense that they have arrived. Furthermore, my speed is also very fast, so none of them are able to kill me."

Purple icy ape s were considered strong here, all these years he had only killed one Paternoster beast, it could be seen how difficult it was to kill one, Yan Jiu had told him that before.

"Junior Sister, have you seen this pattern before?" Chen Xiang took out his Eight ancestor contract map.

After Little White Fox saw this, his face changed and he nodded immediately: "I have seen it before, this is a map of demons. As long as there is a place with this map, it would be extremely dangerous, and one would most likely die inside."

Chen Xiang said: "Previously, the place where the Purple icy ape and the dozen or so humans were together was most likely where this map was located. Because it's at night, we didn't see it."

She had stayed here for such a long time, so she naturally knew just how terrifying the places with Eight ancestor contract map were. Now that she thought about it, she finally understood why the Purple icy ape and the dozen or so powerful humans were trapped in that place.

Those humans must be dead by now!

"Senior Brother, how did you know about this map?" Little White Fox had seen Eight ancestor contract map before when she was on the tree trunk or on some rocks together, and the moment she saw them, she knew that they had all ran far away.

"A friend of mine gave it to me. He told me that once I enter this place and see this kind of map, I have to stay far away from it." Chen Xiang said: "I was too careless previously, I only thought of this map when I thought of the Purple icy ape and the ten-odd people trapped inside the killing array."

"Senior brother, we must be careful next time. While flying here, you must be vigilant as well. If you encounter this map, you must stay far away, and you must not fly over it." Little White Fox's face was serious, she was so scared that her whole body was trembling.

Chen Xiang caressed her face and laughed: "I got it, Senior Brother will not make any mistakes, you continue to study Legendary mantra peacefully, I will think of a way to let you leave this damn place."

Little White Fox returned to the You Yao Mountain Villa, entered the Time array, and continued learning.

Chen Xiang did not immediately move. Instead, he used the incantation on his body and released a Phantom Shadow.

He wanted to get familiar with controlling illusions, which would help him deal with the Sects from Seven Mountains here in the future.

Chen Xiang tossed and turned until it was dark. He was finally quite familiar with it, he could control the illusion to 'bring' a stone back from a thousand miles away.

Although the flying speed of the illusion was fast, it still required a certain amount of time, and it would take time to travel back and forth. Although the flying speed of the illusion was fast, it still required a certain amount of time, and it would need time to travel back and forth.

"At least it'll help me investigate. It'll make it more convenient and safer for me." Chen Xiang hurried during the night, heading to the closest sect gate.

Little White Fox had heard of some Wood Mountain Sect there. He was most familiar with the Wood Mountain Sects of the mountain range of the Tao-creations, but the ones he had come to were the truly strong ones, far stronger than the outer and inner sect disciples.

It was daybreak and Chen Xiang was flying high up in the sky. He saw that in the forest ahead, there were a lot of huge boulders covering the entire forest, but they did not press against the trees. They were arranged in an orderly manner in the gaps between the trees.

Chen Xiang immediately told Little White Fox about the stone array. After Little White Fox heard about it, he quickly told Chen Xiang to stop and let him inspect it carefully.

Chen Xiang immediately released a phoenix body, allowing the phoenix body to float within the forest.

When the spirit body arrived in front of the closest boulder, he saw a picture on the trunk of a big tree. He was very familiar with this picture, it was the Eight ancestor contract map.

Seeing this pattern, Chen Xiang didn't say anything further and immediately left, circling far away from this area, but his illusion body was still there.

"Junior-apprentice Sister, you said that there shouldn't be anything wrong if I use my illusions to investigate inside." Chen Xiang said: "If my illusion body gets shattered, it's only a ball of my energy that will shatter."

"It's fine, as long as you stay away from that place." Little White Fox said. She was also brimming with curiosity, for Chen Xiang's spirit body to explore such a dangerous place was extremely suitable and convenient.

Chen Xiang controlled the spirit body to enter the stone array. He discovered that the stones inside the array were all weirdly shaped, and Eight ancestor contract map would occasionally appear on one or two stones.

The illusion continued to fly. After flying for a few hours, it suddenly saw a white haired middle-aged man sitting on a rock in front of it.

He sat on the stone with his eyes closed, as if he had become one with the stone. This feeling was very strange, he had not even seen Chen Xiang's illusion in the distance, and only discovered him when he approached the stone.

When Chen Xiang discovered the middle-aged man through the illusion, the middle aged man also opened his eyes and looked at the illusion.

The illusion was able to allow Chen Xiang to enter the real body realm, so when he saw the middle-aged man's threatening gaze, Chen Xiang could not help but tremble all over.

"Who are you?" The middle-aged man asked, "This isn't your original body. It's just an energy formation, but it has a strand of spiritual connection. Your original body should be far away, right?"

"Senior, I am only a person who entered the Tao-creation Ancient Place to explore, and came here to look out of curiosity. I apologize for disturbing you." Chen Xiang immediately controlled his spirit body and said.

"Do you think 'making' this thing is the power of the Supreme Mantra?" The look in the middle-aged man's eyes became gentle. It was no longer as frightening as it was before.

"Yes sir!" Chen Xiang replied: "Sorry for disturbing you, senior. I'll be leaving now."

"Wait, don't go yet. I didn't say that you would disturb me." The middle-aged man hastily shouted.

[Chapter 3590](#)

Chen Xiang did not understand what the middle-aged man meant, so he decided to stay. "Senior, what orders do you have?" politely asked. The Eight ancestor contract map had arranged for a few strong warriors to protect the place, and only when the eight First Tao-creation Ancestor s are gathered, would they be able to make the guardians listen to their orders.

"I haven't spoken to anyone in a long time." The middle-aged man let out a long sigh. His sigh was filled with the vicissitudes of life. It could be seen how long he had sat on this rock that he was about to fuse with it.

"In the past, as long as the people who entered this place didn't see me, they would most likely die and be killed by the killing formations outside. This is the first time that you've entered this place, and even the killing formations don't detect you." The middle-aged man said, "Kid, what is your name?"

"Chen Xiang! Where's senior? "

"Even if I said it, you wouldn't recognize me. Just call me Uncle Shi."

"Uncle Shi... I know about the Eight ancestor contract map. When I saw the Eight ancestor contract map outside earlier, my original body ran far away and let this illusion in. " Chen Xiang said.

"You did the right thing. If you don't run far, you will not be able to resist temptation. As long as you come in, you will most likely die if you don't have enough power." The Uncle Shi said.

Chen Xiang only knew that places with Eight ancestor contract map, all of them were extremely dangerous. Since he was curious about what kind of things were hidden in these places, he would naturally ask this Uncle Shi.

"Uncle Shi, I heard that where there are Eight ancestor contract map, there are many things hidden inside. Are you protecting this place?" Chen Xiang asked.

"Of course, I've been here for many years, the Eight ancestor contract map 'made' me protect 'this place." Uncle Shi said, his expression full of memories: "Do you know what I'm protecting?"

"I don't know. He must be very powerful." Chen Xiang looked at those strange-looking rocks.

"I wanted to tell you, but you ran in because you couldn't stand the temptation." Uncle Shi chuckled: "So it's better to forget about it."

"Uncle Shi, my mental fortitude is very good, and right now, I'm so far away from you, I can definitely withstand the temptation. Furthermore, I have very important things to do, so I cherish my life very much." Chen Xiang immediately laughed.

"Alright! You should have heard of Legendary mantra! To be honest, amongst the hundred thousand huge boulders inside, a hundred of them are filled with Legendary mantra. " The Uncle Shi said.

There were actually a hundred Legendary mantra! Chen Xiang was extremely shocked in his heart. There were actually this many Legendary mantra, much more than the Tao-creation's Incantation.

"And there are two hundred Supreme Mantra, these are what many people want." The Uncle Shi said.

"Indeed, I'm a bit tempted now, but I care about my own life." Chen Xiang sighed helplessly, this was a treasure, but it would take a person's life.

"Even if you are able to pass through the killing formation, you will definitely not be able to pass my stage. If you are able to pass my stage, you will certainly not be interested in the things here." The Uncle Shi laughed: Young man, what important matters do you have here, can you tell me? I'm so bored, I might be able to give you some advice. "

"I know a Paternoster beast, and she acknowledged my master as her master, becoming my junior sister, but she cannot leave the Tao-creation Ancient Place! Among the Tao-creation Ancient Place, there are seven sects. I want to go to those seven sects to ask them if they have any methods to help my junior sister leave the Tao-creation Ancient Place. " Chen Xiang spoke the truth.

"Kid, you must remember the words of the Uncle Shi. If you tell them that your Junior Sister is a Paternoster beast, you would definitely capture you immediately and snatch your Junior Sister away. Kill your Junior Sister and take away her uncle to eat. " Uncle Shi's voice was cold, he seemed to hate the seven sects very much.

Chen Xiang had been chased by Yan Shan and his sect, if not for him helping them, he would have died a long time ago.

"Uncle Shi, this place is called Seven Mountains Divine Island ... It was built by the seven First Tao-creation Ancestor s from back then. Those seven First Tao-creation Ancestor s should be in those seven sects now, right? Why are their sects so bad? " Chen Xiang suddenly felt that there was something strange about the Sects from Seven Mountains s.

"This is a long story... Also, the Seven Mountains Divine Island was not built by the seven First Tao-creation Ancestor s, but by eight! Otherwise, the Eight ancestor contract map will not be here. " The Uncle Shi replied, "This place should be called Tao-creation's Divine Island. It was built using the Tao-creation Divine Lord's Divine Mountains."

"Tao-creation Divine Lord? Isn't it the Evil Ancestor? " Chen Xiang immediately shouted.

"What?" Tao-creation Evil Ancestor? Tell me about the legends! " Uncle Shi shouted anxiously.

Chen Xiang immediately explained the situation with the Tao-creation Evil Ancestor.

"Bullshit!" Tao-creation Evil Ancestor had died a long time ago, and it was caused by the seven sect First Tao-creation Ancestor s Did you know that these seven fellows had a great pity about Tao-creation Evil Ancestor's power? That's why when they swallowed the Tao-creation Evil Ancestor's power together and were counterattacked by the power of the Tao-creation Evil Ancestor, they became half evil. At that time, the Tao-creation Divine Lord did not know about this matter and built this Tao-creation Divine Island with them.

"They had the strength to kill the Tao-creation Divine Lord, but they did not. Because, once they kill the Tao-creation Divine Lord, there would be a sealed treasure by the Eight ancestor contract map and they would not be able to obtain it. So, they could only seal the Tao-creation Divine Lord."

After listening to all of the secrets, Chen Xiang felt that it was unbelievable. He had always thought that the one who could break the seal inside the barrier was the heinous Tao-creation Evil Ancestor, he never thought that it would be the best in the entire First Tao-creation Ancestor.

This was obviously done by the seven ancestors to wipe away Tao-creation Divine Lord. He had already felt that something was wrong with Sects from Seven Mountains! Although one of the Tao-creation Mountains had been destroyed, the Tao-creation Ice Mountain was destroyed by them. They then falsely accused the Tao-creation Divine Lord, making everyone hate the Tao-creation Divine Lord.

"I understand now, no wonder Luo Jiuyang and Gu Tong followed Tao-creation Divine Lord, so that's how it is!" Chen Xiang was secretly happy in his heart. After Qin Shuang and the others, they would definitely be safe.

"And now, everyone outside thinks that it's the Tao-creation Evil Ancestor." Chen Xiang sighed: "These seven Ancestral Founder are simply too despicable, I need to think of a way to spread this matter, regardless of whether anyone believes it or not."

"This's Divine Island's great formation, even if it was the Tao-creation Divine Lord himself, it would still be difficult to break through! This has already become the world controlled by the seven half evil progenitors, and there are a large number of treasures sealed here, they will definitely think of a way to get their hands on them bit by bit. " The Uncle Shi said.

"Why are so many resources sealed here?" Chen Xiang asked.

"Initially, I was mainly worried that the Tao-creation Evil Ancestor would explode with a large amount of evil energy after death, and then the Tao-creation Divine Lord would seal a large amount of resources here. If something like this really happens, it would make it easier for him to destroy and rebuild his dao." The Uncle Shi said.

Tao-creation Evil Ancestor had died a long time ago, and his body had been devoured by the seven progenitors! The seven ancestors even sealed up Tao-creation Divine Lord and spread rumors that Tao-creation Divine Lord was the evil ancestor who committed heinous crimes. Because there weren't many people at the time, no one knew about this matter, so they could say whatever they wanted to.

As time passed, it became a legend and became more popular!
