

Dan God 3601

[Chapter 3601](#)

Xiao Xianglin's two clones were still trying to comprehend the two Legendary mantra, but her original body had become a lot more relaxed, because she had already created some World Defying Dan grain for Chen Xiang.

"Master, help me refine a better pill furnace. Follow the instructions of the Tianchuang furnace and make an identical one." Chen Xiang said. He now had the Tao-creation Divine Crystal, and Xiao Xianglin had mastered various incantations. He would definitely be able to create a very good pill furnace for him.

"No problem, I'll ask Xiao Ke'er to help me. We'll finish it very soon." Xiao Xianglin said, she was inside the Time array, she would definitely be fast.

At night, when the shop was closed, Feng Lanyi brought Little White Fox's clone to wander around the city for an entire day before returning.

Chen Xiang came to Hua Liqing's room.

"Sister Li Yi, did you get the Zaoyuan purple bamboo that was refined to make Yuanshen Dan?" Before he went to the Tao-creation Ancient Place, he had asked Hua Liqing to think of a way to purchase a Zaoyuan purple bamboo and a few high-grade Tao-creation Divine Medicines.

"There has been some progress. Someone has already promised me that they will get it. They should be able to get it within two days." Hua Liqing chuckled: "Xiang'er told me already, you have concocted a new type of pill, which can allow her to directly step into the Peak of World Defying magic realm, what kind of pill is it?"

"Peak dan! Sister Li Qing, how many Tao-creation's Divine Crystals do you think we can sell this for?" Chen Xiang said: "Is that a pill?"

"Are you going to sell it?" Could it be that the World Defying Dan grain is not really a Flying Dan grain?" Hua Liqing was pleasantly surprised.

"Yes, it's the Huajing Dan grain that my master just created." Chen Xiang laughed: "I feel that this can be sold at the price of the Tao-creation's sacred crystal!"

Before, when Chen Xiang sold a group of high, middle, and low rank World Defying god-becoming Dan to Yang Genming, he only sold five Tao-creation's Divine Crystals.

"That's hard to say!" But I think people will buy it no matter how tall it is. " Hua Liqing frowned as he thought about it: "Because not everyone is able to step into the Peak of World Defying magic realm with their innate talent. According to my investigations, there are many elderly people here who are about to run out of talent, and these elderly people definitely have a certain amount of savings, if they are still not at the peak of the Peak of World Defying magic realm, then their lifespan will definitely be exhausted."

"In that case, this group of people is our main target." Chen Xiang said.

"Yes, people of the Late period of World Defying magic realm have a very long lifespan. They must have accumulated a lot of Tao-creation's sacred crystals or other kinds of wealth." Hua Liqing said: "If it's big, we can definitely quickly earn a large amount of Tao-creation's Divine Crystals."

The most important thing about the Tao-creation Holy Crystals was that they could store a large amount of energy. The effect was very good when used urgently, for example, he used them very quickly before, but when he put them in the water of the Divine Sense Sea, he could quickly recover.

"I will investigate the details. As long as I can figure out the price that this group of people can bear, then we will be able to set the price accurately." Hua Liqing said, "Then we can go and ask City Lord, he definitely needs a lot of these kinds of pellets."

Little White Fox had played enough today, so he could be considered to have experienced the world outside the Tao-creation Ancient Place. She entered the You Yao Mountain Villa, and played with Long Xueyi inside.

"The pill furnace you wanted is ready." Xiao Xianglin came out from the Time array s and took out a Tianchuang furnace, which was exactly the same as Chen Xiang's current appearance.

Xiao Xianglin did not know what Chen Xiang was going to do with it either.

Chen Xiang was only worried that he would be too strong in refining the pellets, and that the Tianchuang furnace would be broken, so he asked Xiao Xianglin to refine one for him to use as backup.

"Refining the Peak dan first. This way, I can get familiar with the Huajing Dan grain. Once the materials to make the Yuanshen Dan are in place, refining and refining the Yuanshen Dan will be much easier." Chen Xiang had planned it this way. He felt that the current Peak dan would definitely sell for a decent price.

The time it took to refine a Peak dan was relatively long, and with Little White Fox's help, Chen Xiang needed a year to refine one pellet.

In one breath, he refined more than ten pills before he was able to extract the Time Formation from the Six Realms mirrors. However, Little White Fox didn't think much of it, because she liked to stay together with Chen Xiang and listen to his rambling.

Mu Yijing's death shook all of Seven Mountains Divine Island's large cities and sects. World Defying Stage Legendary Rank's death in public was something that had happened before, but it would always result in an intense battle. It was not like this time, where he would be killed instantly.

Wood Mountain Sect did not make any movements at the moment, but they would definitely take their revenge. Even now, Wood Mountain Sect could not say anything, because Mu Yijing had initially admitted that he was going to cause trouble.

Everyone was clear about the rules of the Fighting Glorious City, it was normal to be killed by others if they went to cause trouble, not to mention that Yang Genming was also present.

Chen Xiang came to the City Lord's Mansion.

"Boss Shen, you really have a plethora of talented people around you." Yang Genming sighed, he looked behind Chen Xiang, and did not see the three women with half-veiled appearance, Chen Xiang had come alone.

Little White Fox and her two clones frightened Yang Genming, because his strength was on par with Mu Yijing. This meant that killing him with three Little White Foxes was as easy as flipping his palm.

"They're not here. They're in the shop." Chen Xiang laughed: "City Lord, I have brought a good thing."

Chen Xiang refined eleven Peak dan and gave her one pellet so that she could have a breakthrough and once again verify the effectiveness of the Peak dan. Only then did he come to find Yang Genming.

As a City Lord, Yang Genming's network in the Fighting Glorious City was very wide, and could help out a lot. He had previously helped Hua Liqing to purchase a lot of high-quality Tao-creation's Divine Medicines.

"What good stuff?" Yang Genming asked anxiously.

Chen Xiang took out the Peak dan and smiled mysteriously: "City Lord, this is a Peak dan. As long as the Late period of World Defying magic realm is consumed, it can be refined for around twenty days or so, and you would be able to step into the Peak of World Defying magic realm.

Yang Genming inhaled a breath of cold air, nodded his head in shock: "Yes, yes! I didn't expect Boss Shen to really produce such a pill. It's definitely going to be worth a lot, and it's also going to make you more famous. "

"I have ten of these. I prepared them first for City Lord." Chen Xiang laughed, took out ten Peak dan s and gave them to Yang Genming: "As for the price, City Lord, you decide for yourself."

Yang Genming was very clear about the benefits brought by the Peak dan. Firstly, it allowed people to quickly step into the Peak of World Defying magic realm. Although many people often went to the World Defying Stage Peak Divine Rank Colosseum to watch the battles, there weren't many people in the Peak of World Defying magic realm.

If he could quickly let the people from the Late period of World Defying magic realm reach the peak, then in the future, these people would definitely help him earn even more Tao-creation's Holy Crystals and help him earn the money to buy Peak dan.

"Here!" Yang Genming passed Chen Xiang a Storage bag.

"One hundred Tao-creation Holy Crystals for one pellet?" Chen Xiang saw that there were a thousand Tao-creation Holy Crystals inside, and was a little surprised, because Hua Liqing had told him before that most of the Peak of World Defying magic realm s could handle around fifty of them.

[Chapter 3602](#)

Yang Genming smiled, "Boss Shen, your pills are definitely worth this price. If you don't believe me, you can sell them to the public! I just don't need that much right now, and I'm a bit tight on money, or I'll buy as much as you have. "

The fact that Yang Genming was able to easily give this price showed that he was very clear on whether this price could be sold for or not.

"You don't know how much value a Peak of World Defying magic realm can bring! Many of the people who were trapped to death in the Late period of World Defying magic realm possessed Tao-creation's Divine Crystals. " Yang Genming shook his head and sighed, "Even if they are people that I have nurtured before, there are still many who are unable to step into the Peak of World Defying magic realm. Even if they eat pills, it would take a very long time and the amount of Tao-creation's Holy Crystals they require far surpasses a hundred."

Chen Xiang nodded his head, "If that's the case, then in the future, I'll sell one hundred Tao-creation Divine Crystals!" When he returned, he would have to discuss it with Hua Liqing.

"City Lord, you go try out this Peak dan first! I've only tried it on two people before, and I want to see if it works on most people. " Chen Xiang said: "If it doesn't work, I will return the Tao-creation's Holy Crystal to you."

"I'm sure it will work." Yang Genming was extremely confident in Chen Xiang. After seeing him out of the City Lord's Mansion, he hurriedly went to arrange for people to give it a try.

Hua Liqing returned to the shop, and told Hua Liqing about this matter. Hua Liqing didn't think that Yang Genming would actually use a hundred Tao-creation Divine Crystals to buy one, she had also decided to sell it at one hundred Tao-creation Divine Crystals.

Hua Liqing gave Chen Xiang a few dozen high grade Tao-creation Divine Medicines.

Chen Xiang gave the Tao-creation Divine Medicine to He Fengyuan to choose from, and wanted He Fengyuan to see if there were any that could fuse with the Zaoyuan purple bamboo. He could not just use the Zaoyuan purple bamboo to refine and create the Yuanshen Dan, it would be easy for others to discover, so he needed to add other Tao-creation Divine Medicines.

The Zaoyuan purple bamboo was already in his hands, and was as small as a finger, like a purple crystal. There were nine sections in total, Chen Xiang gave it to the Mei Jing Sisters to grow.

Little White Fox could also help a lot now. She had used the derived and regenerated incantations to quickly grow the medicinal herbs, and her second Supreme Mantra, the Qi Gathering Incantation, was also effective.

He Fengyuan took some time to mix the pill formulas together, and in this period of time, he had refined another ten or so Peak dan s.

When he came out of the Time Formation, Hua Liqing saw that he had arrived at the store. He hurriedly walked over and sent a sound transmission to him, "The City Lord is looking for you, he said that he has Supreme Mantra s for sale. I'm not too sure about the specifics, go and ask him."

Chen Xiang immediately walked out of the shop and went to look for Yang Genming.

"Boss Shen, your Peak dan is truly effective." Yang Genming had already used the Time array to let his subordinates enter the Peak of World Defying magic realm.

"That's good! City Lord, you said that Supreme Mantra were being sold, what's the specific situation?" Chen Xiang asked.

"This kind of Supreme Mantra is called the Blood extended spell! As long as I create this incantation, I will be able to quickly absorb energy and condense more powerful blood." Yang Genming said: "According to the introduction, according to what I know, refining the Divine Pill Tattooed Pills requires a large amount of blood."

"Yes, looks like there will be a lot of people fighting over them." Every time he refined a Divine Pill, he would need to release a large amount of fresh blood. If he allowed Xiao Xianglin to merge the Blood extended spell into the Huajing Dan grain, then during the process of refining, all he needed to do was to provide energy.

"When the time comes, you won't have enough Tao-creation Divine Crystals, so I can lend it to you." Yang Genming said: "There are still three days until the auction, I think. It will be sold by auction."

"Three days? "Alright!" Chen Xiang only had three days to prepare the Tao-creation's Divine Crystals, he felt that it shouldn't be a problem, at most, he would be tired.

"I can lend you twenty thousand Tao-creation Holy Crystals!" Yang Genming said: "This is something that I can currently use!"

"Thank you very much." Chen Xiang nodded, then hurriedly returned to the shop, told Hua Liqing about this matter, and then gave her ten Peak dan s.

"I'll first sell these ten pills, then continue to refine them!"

Chen Xiang felt that if he and Little White Fox were to go all out, refining a hundred Peak dan inside the Time Formation without stopping was not a problem.

After refining three hundred Peak dan in three days, one Tao-creation Holy Crystal would be able to obtain thirty thousand Tao-creation Holy Crystals. Adding the twenty thousand that Yang Genming had borrowed, Chen Xiang felt that he would be able to obtain the Blood extended spell.

"Boss, how about I sell these ten pieces first and sell one hundred and fifty Tao-creation Divine Crystals? If no one buys it, I will lower the price." Hua Liqing said: "Right now, none of us are sure of the price of this pill. I think we should go from the top to the bottom."

"That's fine too!" Chen Xiang nodded his head: "I will go back to concoct pills, I will supply these pills for you guys to sell."

Chen Xiang planned to let Xiao Xianglin integrate the Blood extended spell into the Huajing Dan grain after he obtained it and then refine it into his Yuanshen Dan. Whether or not he could step into World Defying Stage Legendary Rank would depend on the creation of his Yuanshen Dan.

Owner Shen's store could be said to be the most famous medicine shop in the Fighting Glorious City, so when Hua Liqing announced the Peak dan, it immediately caused a huge commotion, especially those trapped in the Late period of World Defying magic realm. They all rushed over quickly, but before long, the entrance of the shop was packed with people.

"Shopkeeper Hua, quickly tell us the price!"

"There are a lot of people already, so don't keep us in suspense. Just say whatever you want. We can't afford it, so we won't say anything."

"It's been tens of thousands of years, I have a lot of Tao-creation Divine Crystals, I don't want to die with these Tao-creation Divine Crystals, so hurry up and tell me the price."

"I only have ten beads with me right now. I'll use the drawing of lots to sell them to everyone." Seeing how enthusiastic everyone was, Hua Liqing was very happy and smiled: "The current price is one hundred and fifty Tao-creation Holy Crystals. Everyone is clear about the reputation of our shop, if there is no effect, we will double the price and exchange it for the Tao-creation Holy Crystals."

Everyone fell silent and started discussing softly. This kind of pill was not considered expensive and was not considered cheap, but many people felt that it was worth it. To be able to help a person break through a bottleneck and break through a realm, that was the same as being reborn.

"If you wish to purchase them, you can enter the main hall of our store and wait for the lots to be drawn." Hua Liqing said, and then a few old men with dead auras walked over.

Soon after, over a dozen people walked into the shop, with over a hundred people in the end.

Hua Liqing was very satisfied, because only a small number of people could come here. If people from other cities knew, there would definitely be more people coming.

After drawing lots, Hua Liqing quickly sold the ten Peak dan s in her hands for fifteen hundred Tao-creation Holy Crystals. This made her secretly excited, there would be even more Tao-creation Holy Crystals in the future.

[Chapter 3603](#)

After the death of the Wood Mountain Sect's Mu Yijing, the Wood Mountain Sect had completely disappeared from the Fighting Glorious City. In the past, the Wood Mountain Sect still had shops on the top of the Fighting Glorious City, but now, they were all closed.

Now that Chen Xiang's shop was selling Peak dan, it caused a huge sensation in the entire city. There were already many powers who were secretly expressing their goodwill to Hua Liqing, and all of them came to give him gifts. Although there were only ten Peak dan, their effects were quickly confirmed.

Yang Genming didn't think it was strange when he heard that Hua Liqing had sold one pellet of Tao-creation Sacred Crystals, because it was already worth that price.

Chen Xiang stayed in the Time Formation for a day, passing through a hundred years, continuously refining a hundred Peak dan with Little White Fox in one breath.

Ever since the day of the Peak dan s' sale, other cities had all rushed over, some of them using the Transmission array.

Hua Liqing very quickly sold out all the hundred Peak dan today, but many people could not buy them. Unfortunately, Hua Liqing told them that this kind of pellet would be sold for three consecutive days.

Peak dan s were high class pills in the eyes of many people. To be able to sell them for three days in a row was extremely rare. One had to know that there were many precious pills in shops that were used for auctions.

Since Chen Xiang could refine a lot, he would naturally sell it for a lot more.

Chen Xiang had Little White Fox's help, otherwise, how could he possibly act like that by himself? After being quickly refined, Little White Fox could not only release a large amount of power of regeneration to activate the Huajing Dan grain, but he could also release a large amount of pressure to compress it during the process of condensing the core.

Although the consumption rate was huge, the absorption speed was very fast, so it could increase the speed of the condensing of the core.

Su Meiyao herself had learned how to refine Peak dan in the You Yao Mountain Villa. With the help of Feng Ke'er and Mei Jing Sisters, she was also able to do it, but the difficult part was mastering Huajing Dan grain s. She was not able to master World Defying Dan grain s as easily as Chen Xiang, and luckily she had always been refining pills using the Heavenly Alchemy.

Using the Heavenly Alchemy to refine pills was already enough to increase her talent. Although learning the World Defying Dan grain was slow, she could learn it, but it would take her a while to do so.

Chen Xiang refined three hundred Peak dan in a row, and after feeling extremely tired, he handed the final batch of Peak dan he refined to Hua Liqing, and fell into a deep sleep.

Little White Fox, on the other hand, was extremely relaxed, as if nothing had happened.

When Chen Xiang woke up, he came out of the Time Formation and handed over all the earned Tao-creation Holy Crystals to him. There were forty five thousand Tao-creation Holy Crystals, and he immediately went to find Yang Genming.

"Boss Shen, when the time comes, it would be best for you to use a fake name to attend the auction." Yang Genming lent Chen Xiang 25,000 Tao-creation Holy Crystals.

"Alright, where will it be held?" Chen Xiang asked. He had seventy thousand Tao-creation Holy Crystals, he felt that it should be enough.

"I'll take you there!" Yang Genming said.

Yang Genming brought Chen Xiang to the top of a tall building, there were only a hundred people there, if they wanted to enter, they would need to prepare at least thirty thousand Tao-creation Holy Crystals for everyone to inspect, if not they would not have the qualifications, so few people had the qualifications to enter, and as the City Lord, Yang Genming was naturally able to enter, he was only there to spectate the show.

There was only one thing being auctioned today, and that was the Blood extended spell!

After Chen Xiang came in, after waiting for more than two hours, it had finally started.

The person in charge brought up a light golden crystal core. Seeing this crystal core, Chen Xiang immediately knew that it came from a Paternoster beast, which meant that it was very easy to control

the Supreme Mantras that were being sold. All he needed to do was eat the crystal core. This also meant that the price would be very high.

"The person selling this crystal core definitely doesn't need this Supreme Mantra, he actually took it out to sell." It was said that during the trade, the seller would swear a blood oath to ensure the authenticity of the Supreme Mantra.

The auction started, and the first person to bid shouted out 10,000 Tao-creation's Divine Crystals.

Each increment must not be less than one thousand Tao-creation Divine Crystals.

Soon after, everyone in the auction hall raised the bid by 1000, and not too long after, the bid had reached 40,000.

At this time, the number of people bidding gradually lessened, and only Chen Xiang and the few elders continued.

40,000 Tao-creation Holy Crystals was not expensive at all to Chen Xiang, because if this Blood extended spell could successfully merge into the Huajing Dan grain, then he would be able to refine pills much faster and more convenient in the future.

Chen Xiang had already used his Huajing Dan grain to refine a few hundred pills, but he still couldn't refine them by himself. If he had the Blood extended spell, he could do it even without Little White Fox's help.

"47,000!" Chen Xiang shouted.

"48,000!"

"Fifty thousand!"

"Fifty-one thousand!"

"..."

Right now, there were only three people increasing the bid, Chen Xiang and the two old men.

Those who did not bid, were mostly the ones who did not have enough Tao-creation Divine Crystals, so they could only helplessly watch as others competed.

"Sixty-six thousand!" An old man hesitated and spoke slowly.

"67,000!" Chen Xiang's voice was calm as he shouted. Only he and the old man were competing.

In the next moment, the entire stadium went silent.

"No one has bid yet?" The auctioneer shouted.

No one bid after that, and in the end Chen Xiang obtained Blood extended spell, causing him to heave a sigh of relief.

He only had a little more than seventy thousand Tao-creation Divine Crystals, if he continued to fight, he could only give up.

The people who came here had all disguised themselves, so no one knew each other.

Chen Xiang went into a secret room to conduct the final transaction. He saw the seller, who was wearing a mask and a large black robe.

Congratulations, you have obtained a Blood extended spell. This is a very good Tao-creation Incantation, you have used so many Tao-creation Sacred Crystals to purchase it, it means that you are a knowledgeable person. The masked man said in a low voice, and then he swore a blood oath to ensure that the Blood extended spell was real.

Chen Xiang gave him sixty-seven thousand Tao-creation Holy Crystals, for him to count.

The masked man quickly confirmed that the Tao-creation Divine Crystals were real and there were enough of them. He nodded.

Chen Xiang did not ask anything, nor would he say anything, in short, the other party was extremely mysterious.

This would allow her to quickly master the Blood extended spell. Chen Xiang had already eaten one before, and grasped the Illusory Body Incantation so that he wouldn't be able to eat it again for a fixed amount of time.

The masked man gave Chen Xiang a very strange feeling, he couldn't explain how he felt about this feeling. After the transaction was successful, the masked man gave the's Divine Crystals to the auction, then left.

"That guy seems to be a Paternoster beast." Little White Fox said, "I was not sure at first, but when I intentionally released a bit of my aura earlier, he reacted after sensing my aura. How can he also come out of Tao-creation Ancient Place? "

"The Paternoster beast is here to sell the crystal core?" Chen Xiang now understood why he felt that the other party was not a human.

[Chapter 3604](#)

Chen Xiang found a hidden place to change back to his original appearance, and then returned to the shop.

"Sister Li Qing, for now, I will not refine the Peak dan. You can announce it so that there won't be anyone waiting here every day." Chen Xiang said, he planned to wait for Xiao Xianglin to create a new Huajing Dan grain.

After Xiao Xianglin ate the crystal core, she quickly grasped the Blood extended spell, so she had already started to improve the Huajing Dan grain s. She did it inside the Time array s, so Chen Xiang did not have to wait for long outside.

Improving the Huajing Dan grain was a piece of cake to Xiao Xianglin, the Incantation Heavenly Master.

"Chen Xiang, when you use the new Huajing Dan grain to refine pills and activate the Pill Rune, you need to put the Tao-creation Holy Crystal in!" Xiao Xianglin said: "The speed at which this Blood extended

spell absorbs energy is extremely fast, much faster than the speed of Huajing Dan grain from before. You are not from World Defying Stage Legendary Rank, so you might get sucked dry in an instant."

"Alright!" Chen Xiang said.

"Other than that, I have also improved the Rebirth Incantation and the Derivative Incantation. These two incantations can absorb the Tao-creation's Holy Crystals and release a large amount of power for regeneration to activate the Huajing Dan grain." Xiao Xianglin said: "At that time, you just need to place the Tao-creation's Divine Crystal inside the Tianchuang furnace. At that time, even without Little White Fox, you can refine it yourself."

"That's great! "It's good to have a master with the incantation." Chen Xiang laughed. "I'll try it out right now."

Chen Xiang felt that refining a Peak dan could even be accepted as he would need to consume fifty of the Tao-creation's Divine Crystals per pellet. If he sold the hundred and fifty Tao-creation's Divine Crystals, he would still be able to earn a hundred.

"Just directly use the World Defying god-becoming Dan to inscribe it. This can be very fast." Chen Xiang had done the same thing before. The most difficult part was awakening the Huajing Dan grain, it would take around a year or so.

Chen Xiang placed the World Defying god-becoming Dan into the Tianchuang furnace, and after carving the Huajing Dan grain, the pill pattern immediately lit up, and quickly absorbed the energy.

Chen Xiang had already placed a hundred Tao-creation Sacred Crystals inside the Tianchuang furnace, so he could carefully observe the Tao-creation Sacred Crystals.

"It seems like I have nothing to do with it now!" Chen Xiang suddenly felt relaxed, he did not need to worry about it as the Pill Marking could absorb and awaken its own energy.

"That's great!" Chen Xiang immediately told Xiao Xianglin this good news as he smiled gleefully.

Chen Xiang immediately took out the other reserve Tianchuang furnace, and placed it into a single, refining it into a Huajing Dan grain. As long as the Huajing Dan grain successfully awakened, it would be a Peak dan.

All Chen Xiang had to do was inscribe the Huajing Dan grain. He only needed to finish this step and wait patiently.

A month later, Chen Xiang could feel that both of the pill furnaces had calmed down, meaning that they had already succeeded. As expected, each of the two pill furnaces had one Peak dan.

"Consumption of thirty Tao-creation Divine Crystals, it's pretty small!" Chen Xiang was pleasantly surprised, because even though he had effortlessly refined two batches of Peak dan, it merely consumed the Tao-creation's sacred crystal.

Of course, if he was not proficient enough in inscribing Huajing Dan grain, he would not be able to achieve such an effect, and the step of inscribing Huajing Dan grain was extremely important.

"This Blood extended spell is worth it!" Xiao Xianglin laughed: "It seems that I will have to follow Xiao Ke'er and refine a few more pill furnaces for you."

"The pill furnace doesn't need to be too good, it just needs to be hard enough." Chen Xiang laughed: "It's best if you can refine a hundred of them. I want to concoct them in batches!"

Chen Xiang originally planned to refine multiple pills simultaneously in one pill furnace, but he decided to give up. This was because it was very easy to reject two pills in one pill furnace, so at that time, he might even waste the Tao-creation's Holy Crystals.

The three Xiao Xianglin s and three Little White Fox s refining the pill furnace, and they were refining in the Time array and the Six Realms mirrors, this speed was very fast.

guided Little White Fox in refining the pill furnace. As long as some Tao-creation runes were engraved on the furnace, it would increase the furnace's stability and toughness.

The hundred pill furnaces were completed very quickly, and were exchanged for the Time Formation s Chen Xiang had entered into the Six Realms mirrors. He spent a lot of Tao-creation's sacred crystals to purchase the Blood extended spell previously, and now he needed to return the price, he owed Yang Genming over twenty thousand Tao-creation's sacred crystals.

"My speed has increased tenfold, and I don't even need to look at it myself. It's just too fast." Chen Xiang was thoroughly experiencing the benefits of World Defying Dan grain.

Chen Xiang poured flames into a hundred pill furnaces, placed the World Defying god-becoming Dan s in separately, then began to inscribe the Huajing Dan grain s one by one, and then placed thirty Tao-creation's Divine Crystals into each of the furnace. After a month, he would get a hundred Peak dan s.

Even if he refined Huajing Dan grain a hundred times, it would only take a day.

"Damn it, I really can obtain a hundred Peak dan like this in a month?" Chen Xiang couldn't believe how easy it would be, this was a Pill Tattooed Divine Pill.

If he had more pill furnaces, he could continue to carve Huajing Dan grain.

"Master, I want to learn Doppelgänger mantra." Chen Xiang said.

"I suggest you not to learn until I master the other two Legendary mantra." Xiao Xianglin said: "If the other two Legendary mantra were very useful to you in refining pills, and if you had learned the Legendary mantra, it would be very difficult for you to learn the other Legendary mantra. Don't you see that I haven't learned a single one? My clone has been inside the Time Formation for who knows how many years. "

That was what Chen Xiang had planned to do before, but when he saw how powerful Little White Fox was using his three clones, he started to get restless. Now, he could only wait patiently.

"Just wait a little longer and I'll succeed." Xiao Xianglin said.

"Alright!" Chen Xiang walked out of the Time Formation, but the Time Formation was still running. He made use of the time difference between inside and outside of the Time Formation, and waited outside for a short while before he entered. A month had passed inside the Time Formation.

Yes, in this way, he obtained a hundred Tao-creation's Divine Crystals, which didn't take too much time, and the time he spent outside was only about four hours.

"Hahaha ..." Chen Xiang looked at the hundred high quality Peak dan s and could not help but laugh. He quickly sold them to Hua Liqing because he had already used up most of the Tao-creation's Holy Crystals when he was refining the Peak dan.

Hua Liqing was very surprised, Chen Xiang had actually refined a hundred Tao-creation Holy Crystals that quickly, so much faster than before.

"This is all due to the strength of my master and the Blood extended spell." Chen Xiang smiled at Hua Liqing. I will tell you in detail later, I am lacking the Tao-creation Divine Crystals.

"Right now, more and more people are rushing to the Fighting Glorious City just to buy Peak dan! If we have a lot of people in the future, we will have to consider lowering the price, and this way, a large number of people will come to buy it. " Hua Liqing said: "Boss, if you lower the price, is it acceptable?"

"Of course you can!" Chen Xiang laughed, it was too easy for him to refine this Peak dan, as long as it was not less than fifty Tao-creation's Holy Crystals, he would earn money.

If it was like before, refining one pellet required three Little White Fox s and an entire year's worth of time, then he would not be able to earn much.

[Chapter 3605](#)

Chen Xiang and Su Meiyao entered the Time Formation and guided her in learning the Huajing Dan grain.

"Little Scoundrel, how did you master the speed of World Defying Dan grain so quickly? Can you lend me some of your talent? " Although she had grasped a bit, it had taken her a lot of time.

"If I can lend it to you, I will." Chen Xiang laughed, "That's why I'm the only one giving you pointers now. sister Meiyao, you'll definitely be able to master it very quickly."

Su Meiyao now knew just how powerful Huajing Dan grain were. If she could control it, she could quickly refine Peak dan too, so she could complete the task of refining Peak dan in the future.

Su Meiyao had been refining pills for many years and her talent was also not bad. Under Chen Xiang's careful guidance, she started to learn even faster. Although it was not as heaven-defying as Chen Xiang's, Chen Xiang felt that she could definitely master it in a short time.

Being alone with Chen Xiang in the Time Formation, Su Meiyao naturally would not let go of the chance to get intimate with him. They could be considered husband and wife, and once they grew bored from their studies, the two of them would get intimate with each other.

Su Meiyao had finally learned it, and it had taken her several tens of years.

Chen Xiang went out to find Hua Liqing to get the Tao-creation's Sacred Crystals. Those hundred Peak dan were all sold out by Hua Liqing quickly, and those fifteen thousand Tao-creation's Sacred Crystals were all obtained just like that.

After that, Chen Xiang did not go by himself, but rather, let Su Meiyao come.

Su Meiyao could condense Huajing Dan grain a hundred times in a day, and Su Meiyao needed three days to do so so it could be considered to be not slow either.

"What a pity, if only we could have eaten Peak dan and entered the World Defying Stage Legendary Rank." Chen Xiang had eaten a few pills before, but it wasn't much of a benefit for him, so he gave up.

On He Fengyuan's side, she had already picked out two types of medicinal ingredients that could fuse with Zaoyuan purple bamboo, which was something that she had spent a lot of effort thinking about.

"The Divine Stainless Grass and the Violet Spirit Fruit, after these two medicinal herbs fuse with the Zaoyuan purple bamboo, it will produce a very huge reaction." He Fengyuan said: "I believe that the refined pills will definitely allow you to quickly step into the World Defying Stage Legendary Rank."

He Fengyuan was the Alchemy Recipe's Heavenly Master and the Incantation Heavenly Master. Chen Xiang felt that with the help of the two of them, he would definitely be able to refine even more various kinds of Divine Pills in the future.

He Fengyuan gave these medicinal ingredients to the Mei Jing Sisters to grow. Although this kind of medicinal ingredient was sold, it was definitely not much, and it was better to cultivate it yourself.

Su Meiyao also learned from Chen Xiang, she carved Huajing Dan grain on top of the Time Formation and then came out to play with Long Xueyi, then entered the Time Formation to collect Peak dan s.

Seeing that he could refine so many Peak dan in a moment, Su Meiyao suddenly felt a great sense of accomplishment.

Chen Xiang gave Hua Liqing the hundred Peak dan s she had refined.

Hua Liqing had always been curious, and now, he was going to tell Hua Liqing about the new Huajing Dan grain, as well as the refining process.

When Hua Liqing found out about it, he was pleasantly surprised and excited. This meant that Chen Xiang's pill refining would be even faster in the future.

"I'm going to the City Lord's Mansion to take a look." said. Now that Su Meiyao was refining the Peak dan, he did not need to worry about the Peak dan for the time being.

He only needed to wait for the materials to refine Zaoyuan purple bamboo to continue refining new pills.

Just as Chen Xiang was planning to go to the City Lord's Mansion, Yang Genming sent someone to his shop.

"Boss Shen, City Lord said that an old man surnamed Yan is here." the man said.

Yan Jiu!

Chen Xiang immediately nodded, "I will go over now." He hurried to the City Lord's Mansion.

"City Lord!" When Chen Xiang saw Yang Genming, he asked in a low voice, "Where is Senior Yan?"

"He's seriously injured!" Yang Genming said with a grave expression on his face, "His injuries ... "You come with me."

Yang Genming brought Chen Xiang to the underground passage.

"Why did you put him here?" Chen Xiang walked along the pathway, which led to the secret room.

"You'll know when you get there. I'll only be at ease if you leave him here." Yang Genming's face became gloomy.

He brought Chen Xiang deep underground. At the entrance of a secret room, there was actually an old man from the World Defying Stage Legendary Rank standing guard there. Chen Xiang could already tell that something big had happened to Yan Jiu.

"Open the door!" Yang Genming said.

After the old man opened the door, he led Chen Xiang in. Furthermore, he and the old man were standing in front of Chen Xiang, with Chen Xiang following behind them.

Upon entering the secret room, Chen Xiang immediately felt a very violent aura. This was an extremely evil force, and at the same time, a strong stench of blood.

Chen Xiang saw Yan Jiu lying on a jade bed, on the jade bed, there was a seal sealing him, and on the upper half of Yan Jiu's body, there were many ribs, all of them sticking out, they were a deep black, releasing waves after waves of black mist, his eyes were completely black, there were no whites in his eyes, his teeth were red, and blood kept flowing out, it was extremely terrifying.

"Senior Yan!" Chen Xiang frowned, "How did he become like this?"

Yang Genming shook his head: "I don't know either, when he arrived, he was severely injured, and his body was covered with scars. But he told me to use the strongest seal I have, otherwise, it would be extremely dangerous."

"After I sealed him, he became like this ... "Furthermore, all the injuries on my body have healed. I recovered very quickly." Yang Genming said with a grave expression on his face, "This is the first time I've encountered such a thing. You should be able to sense that the power in his body is increasing explosively."

"Yes, his aura has always been growing stronger. What exactly did he encounter?" Chen Xiang asked: "Can he hear anything outside?"

Yan Jiu laid on the jade bed as he struggled in pain. Black Qi kept leaking out of his body, especially now, when the black Qi increased, the white jade bed started to turn black.

"No, I spoke to him, but he couldn't hear me." Yang Genming shook his head: "Boss Shen, what should I do now?"

"There must be a large amount of Evil Qi inside his body. He just has to force the Evil Qi out of his body." Chen Xiang said. He asked Little White Fox to come out and split into two clones.

When Yang Genming saw the three women again, he was secretly shocked. He did not think that the three women would actually follow Chen Xiang, thinking that they had been hiding inside Chen Xiang's shop all this time.

"Junior Sister, take a look at this situation?" Chen Xiang said.

Little White Fox nodded, then walked in and observed.

"This is your Junior Sister!" Yang Genming asked curiously.

"Hm!" Those two are her clones. She is actually just one person. " Chen Xiang said.

Yang Genming secretly inhaled, it was actually a clone, and a clone was even so terrifying, he had never heard of a clone having power similar to his own body.

"He has the Paragon's Demonic Inscription within him!" After Little White Fox finished speaking, he immediately took a few steps back, and Yan Jiu's body also fiercely trembled at this moment, as a burst of violent black qi exploded out of his body.

[Chapter 3606](#)

Hearing that, Chen Xiang knew that the Supreme Evil Scripture was an evil being, if not he would not have allowed Yan Jiu to become like this.

"What is the Supreme Evil Scripture?" Yang Genming immediately asked, the evil aura that Yan Jiu had released earlier had scared him witless, although it was evil, it had Legendary gas s with it.

"The things that the Tao-creation Evil Ancestor created back then should have all disappeared." Little White Fox frowned as he looked at the struggling and roaring Yan Jiu, "These are all vague information in my memories."

Little White Fox was originally a demon spirit transformed by Supreme Mantra. In the end, she turned into a beast and took human form.

"Junior Sister, do you have a way to help Senior Yan?" Chen Xiang also didn't know how Yan Jiu got infected with this sort of thing, and he could only find out after Yan Jiu regained his consciousness.

"Either inside his body or in the Divine Sense Sea, there must be some kind of Supreme Evil Scripture. As long as we get rid of it, it will be easy, but the problem is how to find it." Little White Fox said:

"Moreover, we have to hurry up and look for him, if not it will be too late."

Little White Fox released his two clones, and Yang Genming and the old man also came over to help. With the five of them from the World Defying Stage Legendary Rank, it would not be difficult to stop Yan Jiu.

After Yang Genming undid the seal, he immediately went to search, and very quickly, he found her.

"That thing is on him... It's too good that it didn't enter his body. " Little White Fox walked over and removed a black pearl from Yan Jiu's body.

This black pearl was a crystal core! The crystal core that only existed in Paternoster beast s, Yan Jiu actually had it.

"Junior Sister, be careful!" Chen Xiang was very worried about Little White Fox, because Yan Jiu had been tormented by this thing to such an extent.

"I'm fine!" After Little White Fox finished speaking, he released a strong pressure that poured into the crystal core and destroyed it.

The Evil Qi on Yan Jiu's body was dissipating, if he did not save Yan Jiu, he would be devoured by the Evil Qi.

"It's from the Paternoster beast!" Little White Fox said with a grave expression on his face, "In all my years in Tao-creation Ancient Place, I have never come across a Paternoster beast with this kind of evil crystal core."

Yang Genming had never heard of it, but he felt that this matter was definitely not that simple. It might even be related to the seven half evil Tao-creation Divine Lords, Chen Xiang had told him before, that Yan Jiu was someone from the Fire Mountain School, and had even been chased after by them.

"We'll know when he wakes up." Yang Genming said: "Let him continue to stay here, we will just wait outside."

Yang Genming was worried that Yan Jiu would make a change, so he continued to seal him.

Chen Xiang and the others walked out of the secret room.

"It seems like he must have met with some accident. He must ask him where that crystal came from. This thing is too scary." When Yang Genming thought back to it, he felt that that crystal core could turn one into an extremely terrifying demon.

"I separated with him in the Tao-creation Ancient Place. Did he encounter danger in there?" Chen Xiang kept feeling that this matter was not that simple.

After a few hours, sounds came from inside the secret room. Yang Genming and the others immediately walked in, with the few World Defying Stage Legendary Rank s walking in front, with Chen Xiang following from behind.

Yan Jiu was lying on the teleportation gate, his face was pale white. Seeing that it was Chen Xiang, he heaved a sigh of relief.

"Little brother, you saved me again." Yan Jiu seemed to know what happened just now.

"Senior, what happened to you?" How did you get that crystal core? " Chen Xiang asked, and then took out a pill for Yan Jiu to eat, causing his expression to improve a lot.

He said that he escaped from the Fire Mountain School and chatted with me quite a bit along the way. After that, he gave me the black crystal core, he said that there was a Supreme Mantra inside and told me to find a quiet place to eat and refine it. Yan Jiu said: "I have it with me, after I entered the Fighting Glorious City, that kind of situation happened to me. I felt that I wasn't under my control, and that my power was increasing crazily, but that increasing power wasn't being controlled by me."

"At that time, I only wanted to destroy everything, and then, with extreme restraint, I came to the City Lord's Mansion and had the City Lord seal me."

Yang Genming wiped his sweat, luckily Yan Jiu had a strong self-control, if not the consequences would be unimaginable.

"It should be fine now." Chen Xiang asked.

"I don't know. For the time being, I want to stay in this secret room." Yan Jiu sighed.

Chen Xiang told Yan Jiu about the Tao-creation Divine Lord. After hearing about it, Yan Jiu started to ponder.

"Who is the guy who gave me the crystal core?" Yan Jiu was furious: "He actually wants to harm me in such a way."

"Do you have any leads?" Chen Xiang asked: "Senior, please look carefully, what are the characteristics of this person?"

His appearance would definitely be useless, because he had cheated Yan Jiu, so he must have changed his appearance.

"He has a mask." Yan Jiu said: "When I met him, he was wearing a mask, he said that he was playing around with it, and later on he destroyed that mask as well."

"Draw the mask for me to see." Chen Xiang immediately thought of the masked man whom he sold the Blood extended spell to.

Yan Jiu immediately drew out the mask, seeing the mask, Chen Xiang and Yang Genming looked at each other, Yang Genming had also seen the masked man before.

"The guy who brought out the Blood extended spell also has such a mask. I wonder if it's the same guy." Yang Genming replied: "He's still in the city."

"Where is it? I'll go find him!" Chen Xiang replied: "With junior sister here, nothing will happen."

"At the Tian Lan Hotel." Yang Genming said: "You have to be careful, I'll keep watch on Old Yan."

Chen Xiang left the City Lord's Mansion and proceeded towards the Heavenly Tide Hotel alone.

After he arrived at the Tian Lan Hotel, he quickly found out where the masked man's room was and went upstairs.

When he went upstairs, he released his illusion and flew out, passing through the room to enter.

The masked man sat at a table. No one knew what he was doing, but he did not discover Chen Xiang's illusion.

"This guy is very mysterious." Chen Xiang came to the door, changed his appearance, and lightly knocked.

"Who?" The masked man's cold voice was heard.

"A friend, I need to talk to you. May I ask if it's convenient for you?" Chen Xiang asked, he was not sure if the masked man was the one who tricked Yan Jiu.

The masked man opened the door, and when he saw Chen Xiang, he sneered: "It's you!"

"What?" Chen Xiang never thought that he would be recognized even after changing his appearance.

"You are the person who bought my Blood extended spell last time." "Don't think that I'm so easily deceived!" The masked man sneered.

Although it was seen through, Chen Xiang did not feel awkward at all, laughing out loud: "You are truly powerful, to be able to see through me, that's right, I am the person who bought the Blood extended spell, I have let you down."

[Chapter 3607](#)

The masked man opened the door and let Chen Xiang in. He didn't know that Chen Xiang was the extremely talented Boss Shen, he was only a little curious about him, because a person who could buy Blood extended spells with around seventy thousand Tao-creation Holy Crystals was not a simple person.

"You haven't reached World Defying Stage Legendary Rank yet, right?" The masked man asked, indicating for Chen Xiang to sit.

"You should be from the World Defying Stage Legendary Rank." Chen Xiang laughed, Little White Fox had said it before, this masked man was a Paternoster beast, he had come from the Tao-creation Ancient Place.

"Since you know that I'm from the World Defying Stage Legendary Rank, you actually dared to come here to find me." The masked man said.

"Why wouldn't I dare? If you mess around in this city, you definitely won't be able to escape." Chen Xiang laughed: "I am very curious, where did you get your core?"

"I got it from killing Paternoster beast in Tao-creation Ancient Place." The masked man said calmly.

"Oh? Is that so?" Chen Xiang did not believe it.

"Hmph, believe it or not! What are you looking for me for?" The masked man said, "If there's nothing else, I'll send you off."

"I just want to ask you, do you know anything about the Supreme Evil Scripture?" Chen Xiang asked, at the same time, allowed Little White Fox to make preparations, if the mask was going to attack, she would immediately do so.

Hearing Chen Xiang's words, the masked man became silent as he stared at Chen Xiang.

"How do you know about the Supreme Evil Scripture? And you even know that it has something to do with me?" The masked man was quiet for a moment, then asked, he was surprised that Chen Xiang knew about these things.

"A friend of mine was deceived by someone. He carried a supreme evil script crystal with him and then almost turned into an evil demon." Chen Xiang said, "He only recovered after I took the crystal core away. According to his memories, a person gave it to him."

"If you do not take the crystal core away, your friend will not become an evil monster, but a Tao-creation Evil beast!" The masked man said seriously, "You should know in your heart that I'm not the one who lied to your friend."

"Yes, if it was you, I think that Fighting Glorious City would have already been in chaos." Chen Xiang laughed, "But you must be related to that guy."

"That's right, it is indeed related to that guy. I came to look for him." The masked man said, "He has violated our clan rules. Not only did he escape from the Tao-creation Ancient Place, he even gave such a dangerous thing to a person and caused chaos. I am here to capture him."

"How many crystal cores does he have?" Chen Xiang asked: "If he has a lot, then it must be very dangerous."

"That crystal was from his own body. He would only be able to condense it ten thousand years after he took it off." The masked man said: "If he successfully becomes a Tao-creation Evil beast, then this Tao-creation Evil beast will be under his control."

Yan Jiu was extremely dangerous, and almost became that guy's slave.

"He hurt my friend. I must find him and kill him." Chen Xiang said.

"I will not let you succeed. I will capture him and bring him back to the clan." The masked man sneered, "Also, you are no match for him. If you find him, only death awaits you."

"Your race is truly dangerous and irresponsible. They actually let this thing escape. If I were to meet them, I would definitely kill them at all costs." Chen Xiang stood up and walked to the door: "You better not let me find him first."

"I'm not worried at all, because you're very weak! Also, he's the son of my clan's Patriarch, and his status is honorable. If you kill him, you'll be responsible for any consequences." The masked man mocked.

Chen Xiang walked out of the room, but he did not completely believe the masked man's words. He walked out of the hotel, and then hid in a nearby area.

"What a strange race, I wonder what kind of race this is, to actually have this kind of guy." Chen Xiang said to Little White Fox: "Junior Sister, in the past in Tao-creation Ancient Place, have you ever met such a clan."

"No, the Tao-creation Ancient Place is very big, there are many places that I have never been to before." Little White Fox said: "Senior Brother, what do you plan to do now? Leave the fight to me, you just have to find that guy."

Little White Fox was extremely confident in his own strength.

"Junior Sister, you're so amazing, I am truly ashamed." Chen Xiang laughed.

Senior is the strong one, in such a short amount of time you earned so many Tao-creation's Divine Crystals, I don't have that kind of ability." When she was in Tao-creation Ancient Place, she knew how

important the Tao-creation's Holy Crystals were. She also needed to look for the Tao-creation's Holy Crystals normally, and she knew that it wasn't easy to get the Tao-creation's Holy Crystals.

When Chen Xiang returned to the shop, his illusionary body was still staring at the masked man. He gave two hundred Peak dan pills to Hua Liqing for her to sell and then had Lie Dao go to the City Lord's Mansion for Yang Genming to arrange the sale.

Chen Xiang was worried that Yan Jiu's body would be detected by that guy, so he asked Lie Dao to help.

Originally, it was just a group of old guys that made up the majority of the population, but now, there were a lot of middle-aged people, because this allowed them to quickly step onto the Peak of World Defying magic realm, allowing them to advance to World Defying Stage Legendary Rank sooner.

"That guy is moving." Chen Xiang suddenly saw that the masked man had walked out of the room, he had his spirit body follow him.

After the spirit body had caught up, Chen Xiang followed closely behind.

"You have to be careful. Keep your distance, don't let them find you." Little White Fox said.

"En!" Chen Xiang used Counter Power to make himself invisible, he could hide a lot of Spirit Qi, making it hard for others to discover him.

The masked man walked out of the hotel and got into a car. He then drove on the main road towards the city gate.

"He's leaving the city." Chen Xiang let the spirit body follow after it, while he kept his distance from the carriage.

The car suddenly stopped on the street and a few masked people walked out. A few masked people got out of the car and got into their cars.

"This guy is backtracking." Chen Xiang sneered. His illusions could distinguish the Qi, so he quickly locked onto the real masked man.

The masked man drove back, heading in the opposite direction.

The masked man no longer had any means of countertracking and immediately used the city gates.

Chen Xiang's illusion body could fly, so he could quickly catch up.

A day later, Chen Xiang and the masked man arrived at a barren mountain outside the city.

"Big brother, I know you're inside. You can come out now." the masked man shouted.

Chen Xiang was secretly shocked, the masked man was actually the brother of the man who framed Yan Jiu.

"You're pretty good! You found me so quickly. " A cold laugh came from inside.

"Come back with me. You are the young master. If your clan members knew that you ran out, your father would be furious." The masked man said.

[Chapter 3608](#)

A wild laughter came from inside the cave, "I was living so comfortably outside, why should I go back with you? With such powerful strength, why would we hide inside the Tao-creation Ancient Place? I came out just to revive our Paternoster Race! "

It was actually some Paternoster Race. Upon hearing this name, Chen Xiang knew that this race must have grasped a lot of incantations! The masked man had previously taken out the Blood extended spell to sell, and the junior family head of the cave had also given the Zhi Zun Xie Wen to Yan Jiu.

"Go back and tell your father that I'm not going back. If you have the ability, let him come out and capture me." The junior family head sneered, "Of course, with him alone, he doesn't have the ability to catch me!"

"Did you use the Supreme Evil Scripture on others?" The masked man said coldly, "I will definitely tell Father about this when I return."

"How do you know that? Could it be that you have ruined my plans?" The junior family head roared and rushed out of the cave. This junior family head had a feminine appearance, fair skin, and was brimming with an evil aura.

"It was just that someone discovered it early and saved it in time, and then that person recalled your mask and I was found." The masked man said, "It seems that you've really cast an evil spell on others!"

"So what? told me to kill him. I just thought it was a pity, so I wanted him to become my beast pet. I never thought that it would actually be destroyed. " The junior family head was furious.

When Little White Fox shattered the crystal with the Supreme Evil Rune on it, the junior family head could already feel it.

"Are you sure you don't want to go back with me? The fact that you placed a curse on others is very serious. " The masked man said.

"I already said it, it was the Fire Mountain School who sent me to kill that old fellow! It's not like you don't know the relationship between our Paternoster Race and their ancestors. I'm just using their trash to make that fellow my pet. " The junior family head sneered, "Answer me honestly. Did you disrupt my plan? You know what? "How long would it take for me to form a crystal core? You clearly know that it's me, and yet you're ruining my good fortune."

"I told you, I didn't destroy it." The masked man was furious. "It's fine if you don't go back. I'll go back by myself."

Just as the masked man was about to leave, the junior family head suddenly took action. He shot out a black light and blew the taxi into a cloud of smoke. The masked man was also sent flying and crashed into a mountain in the distance.

The masked man was the younger brother of the junior family head, but he was actually so ruthless when it came to fighting.

The junior family head immediately gave chase and started another round of vicious attacks on his younger brother. He unleashed countless streaks of black energy, completely destroying that mountain.

The masked man lay on the ground, his body riddled with wounds.

"You are ruining my plans, go to hell!" Just as he was about to attack, Little White Fox suddenly came out from the You Yao Mountain Villa.

The three Little White Foxes surrounded the junior family head and released an invisible pressure wall at the same time, charging straight for the junior family head!

Little White Fox condensed pressure swords out from the walls of the pressure wall, and in the moment of pressure, they pierced through the Young Patriarch's entire body.

"Who is it!" The junior family head screamed in pain.

"Junior sister, get rid of him." After Chen Xiang sent a sound transmission to Little White Fox, Little White Fox released the strongest pressure and directly tore this junior patriarch into pieces, turning him into a black blood mist.

Following that, Chen Xiang released flames, burning away the remaining Evil Spirit Force.

"You ... Did you really kill him? " The masked man's mask fell off. He was a very handsome man. Although his face was not as feminine and evil as the junior family head's, it was filled with coldness.

"I said I'd kill him." Chen Xiang smiled slightly: "You don't have to thank me. I did it to kill him, not to save you."

"Hmph, thank you for saving us!" The masked man harrumphed, "I didn't expect you to be Boss Shen. You really live up to your name."

The masked man did not recognize Chen Xiang, but he recognized three of them. Back then, he had heard how Mu Yijing had died, and Mu Yijing's strength was much stronger than his and his brother.

After Little White Fox killed the Young Patriarch, he returned to Chen Xiang's You Yao Mountain Villa.

"Your brother is dead. You're the junior family head now, right?" Chen Xiang chuckled, and threw a pill to the man, it was condensed from the power of regeneration.

"I don't want to be the junior family head." After the man ate the pill, the wounds on his body healed by a lot.

"May I have your name please?" Chen Xiang felt that this man was not bad, although he had an ice-cold appearance.

"Zhou Xingzhi."

"Will you tell your father about this when you go back?" Chen Xiang laughed: "I am truly afraid of your Paternoster Race, although I do not know how powerful he is."

"No matter what, my survival is because of you! When I go back to report this, you will definitely be killed, this is an ungrateful deed, I, Zhou Xingzhi will not be able to do it in this period of time. " Zhou Xingzhi coldly snorted, "Don't think that I, Zhou Xingzhi, am such a despicable person."

"I hope it's as you said." Chen Xiang laughed: "Do you still have any Supreme Mantra to sell? Sell one to me directly, cheaper. "

"That's all. I came out this time because I was ordered to capture my big brother, and also to sell the Blood extended spell. The Blood extended spell clan doesn't need it, so I used it to exchange for the Tao-creation's Divine Crystals." Zhou Xingzhi said.

"Seems like you Paternoster Race know a lot of Tao-creation's incantations." Chen Xiang laughed: "How about this, you go back and ask if there are any more Supreme Mantra that you don't want, if there are any more, you can look for me! If you take out the Blood extended spell and auction it, your race will definitely give you a target. How much do you want to buy?"

"At least sixty thousand Tao-creation Holy Crystals! I have already surpassed it, so the rest of the Tao-creation Sacred Crystals will belong to me. Zhou Xingzhi said righteously, afraid that Chen Xiang would point at him.

"Alright, next time, Supreme Mantra, you can come and find me directly. We will discuss a price that both of us are satisfied with, and you don't need to go and buy it. You gave a lot of Tao-creation's Holy Crystals, right?" Chen Xiang laughed: "If you directly look for me, then I won't need to spend this sum of Tao-creation's Divine Crystals."

"Alright, it's a deal!" Zhou Xingzhi thought about it, then he got even more benefits and agreed to it.

Chen Xiang felt that this fellow was very interesting.

"Oh right, your brother said that you are related to the Fire Mountain School. What's going on?" Chen Xiang was very worried that the Fire Mountain School would borrow the power of the Paternoster Race, it was not a good thing.

"It's a long story, Fire Mountain School is not a good thing anyway, these sects are not good stuff, I hate them, but father and the elders treat them as guests." Zhou Xingzhi was indignant: "We gave them quite a few good Supreme Mantra, but didn't get anything. Father and the others are really a bunch of pedantic people."

[Chapter 3609](#)

Chen Xiang was now certain that this Paternoster Race had many Supreme Mantra, and even quite a few.

"There are also several other sects in the Tao-creation Ancient Place. What is your relationship with them?" Chen Xiang felt that it was strange, "Your Paternoster Race should be very strong, why do you want to curry favor with him? Is your Paternoster Race not as strong as her? "

Zhou Xingzhi was extremely angry at Chen Xiang's words: "Bullshit, our Paternoster Race is the strongest out of all of us, not to mention the Fire Mountain School, even all of the sects added together are not our match."

This Paternoster Race was actually this strong, and it gave Chen Xiang a fright.

"Then why does your Paternoster Race want to curry favor with the Fire Mountain School? You guys are so powerful, you don't have to be afraid of them at all." Chen Xiang sneered: "But now it seems that in order to please them, you have endured it."

Zhou Xingzhi said angrily: "How would I know what Father and the others are thinking? In short, our Paternoster Race is very strong, you are an alchemist, and you even bought our Blood extended spell, how strong should you be? Our Paternoster Race only has control over a hundred Supreme Mantra, and our Fire Mountain School only has a maximum of thirty to forty, so different people have control over them."

"In our Paternoster Race, there are people who are able to simultaneously grasp hundreds of Supreme Mantra, and there are also quite a few who are able to grasp a few tens of them."

Zhou Xingzhi was very proud of this. He himself knew how powerful the Supreme Mantra was, so he was very sure that their Paternoster Race's strength was not inferior to his.

Chen Xiang kept having the feeling that something had happened to the Paternoster Race, and they themselves were extremely lacking Tao-creation Holy Crystals. Otherwise, they wouldn't have taken out the Blood extended spell to sell.

Seeing Chen Xiang's look of disdain, Zhou Xingzhi was secretly furious, because he felt that Chen Xiang was looking down on his Paternoster Race.

"You don't need to be angry, I'm not looking down on your Paternoster Race. I just feel that you guys shouldn't continue to cooperate with a fellow like him, and your brother must have been affected by the Fire Mountain School when he used the Supreme Evil Scripture on others." Chen Xiang said: "You should be clear about how terrifying the Supreme Evil Arts are."

"I hope that you can properly report this to the elders of your clan when you return. Otherwise, you will regret your actions when you are scammed miserably by the Fire Mountain School." Chen Xiang said.

I had already thought that the Fire Mountain School was very unreliable, but there was nothing I could do, my position is too low, those who can speak are all powerful people.

They possessed great power. Thus, regardless of what decision they made, the clansmen would all feel that it was correct. Even if they were dissatisfied, they were only a few. They were simply useless.

"Isn't your brother some kind of junior family head? Did this mean that he was the future clan leader? Now that he is dead, and your father is the clan leader, perhaps you will be made the junior clan leader. That is your chance." Chen Xiang laughed: "You were sent out to do things, so you should have been valued by the clan, you shouldn't have underestimated yourself."

Zhou Xingzhi lowered his head and started to ponder. Although his brother had died, he had never thought that he would become the junior family head.

"I know what to do. When I get back, I'll try." Zhou Xingzhi said, I will come back to find you as soon as possible.

Chen Xiang smiled, nodded, and said: "Alright, when the time comes, you can go straight to my shop."

Zhou Xingzhi had almost been killed by his own big brother previously, if it wasn't for Chen Xiang helping him out, he would have died a miserable death. Therefore, he was extremely grateful to Chen Xiang.

Zhou Xingzhi quickly walked away.

"This guy is quite ambitious. Although he always puts on a smug face, he's still a good person. He knows how to repay favors." Chen Xiang laughed.

"Isn't it! Selling something for the clan, while making a profit for himself, is very obvious what his intentions are for secretly earning the Tao-creation's Holy Crystals." Su Meiyao said.

When Chen Xiang returned to the Fighting Glorious City, he had already fully recovered. It was just that he was worried about himself, so he continued to stay in the sealed secret room.

"Senior Yan is fine, I feel a lot more at ease now." Chen Xiang exited the City Lord's Mansion and returned to the shop. He needed to refine Yuanshen Dan s as soon as possible.

Yuanshen Dan s were pills that could help a person improve on the Peak of World Defying magic realm. Although it was not a guarantee that he would be able to break through, this pill had its own effects.

Chen Xiang returned to the shop and handed a few Peak dan over to Hua Liqing. He also told her that if anyone called Zhou Xingzhi came here, she must keep him here and notify him immediately.

If Zhou Xingzhi were to come, it was very likely that he would bring a Supreme Mantra with him.

The Supreme Mantra were extremely precious, it was a once in a lifetime opportunity for anyone to take them out for auction, and Zhou Xingzhi had already promised Chen Xiang that if the Paternoster Race still had Supreme Mantra s to sell, they would sell them to him.

"I wonder how is Tao-creation Divine Lord is doing now." Chen Xiang wanted to find Tao-creation Divine Lord and ask him about the things related to the Paternoster Race. This Paternoster Race seemed to be extremely mysterious, and his strength seemed to be very strong as well.

Tao-creation Divine Lord and the others must have made sufficient preparations to exit the high wall, and who knew how long they would have to wait, so it was hard for Chen Xiang to enter from the outside. Although he succeeded last time, but it caused Icy Jade Sect to be wary, and it became extremely difficult the second time.

"First, think of a way to enter the World Defying Stage Legendary Rank." Chen Xiang did not want to be trapped in this realm like the majority of people. The previous Azure Dragon Fighting God might have seemed like a talented individual, but he was willing to become a slave in order to step into the World Defying Stage Legendary Rank.

If Chen Xiang wanted to breakthrough, he could only refine a divine pill that he had never seen before, to break out of this predicament.

Now that he had the Huajing Dan grain, he was even more confident in himself. He felt that he would definitely succeed, and if he succeeded, he would be able to make the women in the You Yao Mountain Villa go a step further, and at that time, he would be able to do even more things that he couldn't do in the past.

Mei Jing Sisters and the rest had already grown a lot of Spirit Star Grass and Violet Spirit Fruits, but the Zaoyuan purple bamboo s had long grown a large area of them.

Chen Xiang first burned the Zaoyuan purple bamboo in the secret room to understand its characteristics.

The fire that he was releasing was not very strong, but it was growing stronger bit by bit. This was mainly to understand the limit of how much the Zaoyuan purple bamboo could endure under the fire.

"The Zaoyuan purple bamboo is pretty good. It has been able to endure such a strong flame for a long time and it has not transformed. It seems that I need to continue strengthening the flames."

The flames Chen Xiang had released were already his own limit. Right now, he wanted to let the Red fire dragon release the flames, but his body was unable to withstand it. He could only allow the Red fire dragon to emerge from his body and pour the flames into the Tianchuang furnace.

After the Red fire dragon poured in a large amount of the legendary dragon fire, the Zaoyuan purple bamboo began to change.

Just like that, Chen Xiang burned continuously for several hours. The Zaoyuan purple bamboo was still the same, even if it was burnt red, there were no other changes, nor could it melt.

"Could it be that my fire isn't enough?" Chen Xiang was very gloomy.

"You don't have to be anxious, it's only been a few hours. The Zaoyuan purple bamboo is a high quality divine medicine from the Tao-creation, how can this kind of medicine be so easy to refine?" He Fengyuan said, "Normally, medicinal herbs that have reached this level of growth are already extremely powerful in and of themselves. Just like humans, they grow after experiencing countless difficulties for so many years."

"Okay, I have to be patient." Chen Xiang understood that the medicinal ingredients that he had currently refined were the hardest ones he had ever refined. He had only used the legendary dragon fire to burn for a few hours only.

Chen Xiang was very patient, letting the Red fire dragon burn like this for more than ten days. What made him puzzled was that the Zaoyuan purple bamboo that was originally red, had actually turned purple again, and was exactly the same as before.

"Great beauty Feng Yuan, what's going on?" Chen Xiang anxiously asked He Fengyuan.

"I don't know either, you just continue burning and taking a look. In any case, other people can use Zaoyuan purple bamboo s to refine pills, and you can too." He Fengyuan said.

Maybe my flames are not strong enough. " Chen Xiang thought of Little White Fox.

The fact that Little White Fox was able to gather a large amount of flames and then use a large amount of pressure to instantly press it into an object was extremely frightening.

The Purple icy ape s themselves were very resistant to heat, but they were burnt to death by Little White Fox using this method.

"Junior Sister, I need your help again." Chen Xiang said.

"Alright, alright. I'm just idling away. Pill refining with Senior Brother is very interesting." Chen Xiang laughed as he brought her into the Time Formation.

"Is it like before?" Little White Fox asked, previously, he just wanted her to help him condense the pill, so the pressure on her three clones was extremely fast.

"It's just like burning Purple icy ape. The herbs I encounter are extremely difficult to burn." Chen Xiang laughed: "Last time, how did you burn the Purple icy ape, and now, how are you going to burn this type of medicinal herb, it's just going to be done inside the furnace."

Little White Fox nodded his head, and said excitedly: "When do we begin?"

"We can start now." The Zaoyuan purple bamboo that Chen Xiang had burned down before still remained, he had to continue burning it.

"Junior Sister, how did you make the flame so strong? It seems like the pressure is not enough." Chen Xiang said.

"I used Increase spell s, Fusion spell s, and after making the flames stronger, I fused them with my Pressure mantra." Little White Fox laughed, "This was something I did when I had nothing better to do in the past, so the stronger the fire, the better it is."

"So powerful!" When Chen Xiang had previously used the legendary dragon fire to burn, he had not used the Increase spell s.

It wasn't easy for him to control the legendary dragon fire now. If he were to control the magnified legendary dragon fire now, it would be very difficult for him.

"It's about to begin." Chen Xiang said.

"Yes, I'm ready." Little White Fox nodded his head, he could not wait any longer.

Little White Fox had previously refined a Peak dan with Chen Xiang, so she was already very familiar with releasing pressure inside the Tianchuang furnace, so Chen Xiang did not need to worry.

Little White Fox began to release pressure, causing the Zaoyuan purple bamboo to be pressured from all directions. The Zaoyuan purple bamboo was lifted up by the pressure and floated.

"Senior brother, it's your turn." Little White Fox shouted.

"Alright, I'll be there right away!" Chen Xiang controlled the Red fire dragon and released a flame inside.

Little White Fox very quickly absorbed the flames and used several Tao-creation Incantations, causing the legendary dragon fire to instantly become extremely berserk.

Legend has it that even though the dragon fire was berserk, it was still unable to escape Little White Fox's pressure barrier. It was firmly imprisoned inside, and was even continuously being squeezed into the Zaoyuan purple bamboo s.

"There's a reaction, the Zaoyuan purple bamboo is cracking open." Chen Xiang shouted in shock and fright. He continued to release flames, allowing Little White Fox to undergo the next round of refinement.

When Little White Fox saw the Zaoyuan purple bamboo splitting open, he was also very excited and released an even stronger pressure, "Senior Brother, if you come to stronger this time, you can immediately shatter this thing."

"Alright!" Chen Xiang released another wave of extremely violent legendary dragon fire, and rushed into Little White Fox's pressure barrier like a dragon.

This time, the Zaoyuan purple bamboo could not hold on and instantly shattered under Little White Fox's intense flames and pressure.

After the pill furnace broke, it shook violently, and Chen Xiang and Little White Fox were extremely shocked, because after the Zaoyuan purple bamboo broke into liquid, it actually formed a pattern in the pill furnace.

"Senior Brother, did you manage to refine a World Defying Dan grain inside?" Little White Fox asked in surprise.

"No, this is not the World Defying Dan grain that I'm familiar with." Chen Xiang also thought that it was unbelievable, he immediately told the truth to He Fengyuan and Xiao Xianglin.

He Fengyuan and Xiao Xianglin immediately came in to check.

After a while, He Fengyuan frowned and said: "This Spirit grain should already be here."

Xiao Xianglin nodded his head: "This is something that Zaoyuan purple bamboo is born with, it should be called a medicine mark!"

"What is the use of this medicine mark?" Chen Xiang had refined pills for many years, but this was the first time he encountered such a situation.

"I don't know. Just give me the medicinal imprint for now. I'll go back and study it." Xiao Xianglin said.

"Alright!" Chen Xiang passed the Zaoyuan purple bamboo that had turned into a medicinal pattern to Xiao Xianglin. At this time, the Zaoyuan purple bamboo had already turned into a crystal, a medicinal pattern that appeared after the crystal had solidified.

He Fengyuan said: "When other Alchemist were refining the Zaoyuan purple bamboo, they definitely wouldn't encounter such a situation. This must be because the two of you working together changed the shape of the Medicine soul and directly transformed it into the most primitive medicinal pattern."

"Then would the other medicinal herbs be in such a situation?" Xiao Xianglin asked.

"I don't know! I think this should be a different story." He Fengyuan said, "Xiang Luan, go back first and see what the effects of this medicine mark are. If there's any major effects, maybe we can use the medicine mark to make the World Defying Dan grain."

After He Fengyuan and Xiao Xianglin leave his Time Formation, Chen Xiang and Little White Fox will go refine new Zaoyuan purple bamboo.

"Junior Sister, we have to do better this time." Chen Xiang laughed: "With junior sister's help, I'm really much more relaxed."

Little White Fox giggled. Being with Chen Xiang to refine pills, there were always many interesting things that could be found.

This time, Chen Xiang and Little White Fox skillfully smashed the Zaoyuan purple bamboo to pieces. It only took them a day to do so, so it could be considered to be extremely fast.

Once the Zaoyuan purple bamboo was broken, it would immediately form a medicine mark.

Reaching this step, Chen Xiang also found it difficult, he did not know how to continue.

"How should I deal with these medicinal marks?" Chen Xiang scratched his chin as he thought.
