[Chapter 3661](#)

"That's not it, she can bring you to find the Tao-creation's Holy Crystal. Right now, the various races and the seven major sects are all searching for the Tao-creation's Crystal Mother, and we also have some clues!" Tao-creation's Crystal Mother is afraid of our Evil-creation Race, so if we want to get her, there's no hope at all.

Old Evil took out a fist-sized black crystal and handed it over to Chen Xiang. "When you hold this thing, you can sense where the Tao-creation's crystal mother is! This was something that Tao-creation Evil Ancestor left behind back then.

Chen Xiang took the black crystal and asked, "What are the characteristics of the Tao-creation's crystal mother? How can I catch it? Is she strong? "

Old Evil thought for a bit, then shook his head: "I don't know the specifics either. In short, I'm not very strong, otherwise I wouldn't have gone around everywhere! But you still have to be careful, this is after all, the Tao-creation's crystal mother, so her power must be quite a bit. "

Without delay, Chen Xiang immediately took action. Holding the black crystal, he felt a vague feeling, this feeling let him know the location of the Tao-creation's crystal mother.

Chen Xiang followed in this direction and rode on his Six Realms mirrors.

Before he left, the Old Evil had warned him that there were a lot of people searching for the Tao-creation's crystal mother, so he had to be careful.

The Tao-creation's crystal mother was previously asleep, but now that she had woken up, the various clans and the seven major sects were able to sense the existence of the crystal mother through a piece of crystal and they all went to search for her.

"This Tao-creation crystal mother is really pitiful," Chen Xiang said as he teleported into space. He needed to find the crystal mother quickly so that no one else could beat him to it.

After Chen Xiang continuously teleported for half a day, he finally had a clearer feeling. It was just that in front of him was an extremely strange place filled with withered trees.

"This area is dangerous." Bai Youyou came out of the You Yao Mountain Villa, and stared at the withering woods in front of him.

"What's the danger?" Chen Xiang, on the other hand, did not feel anything.

"Poison!" In front of us, there seems to be a type of poison that causes everything to turn like this. " Bai Youyou said in a solemn voice, "If you really want to go in, you must be prepared to defend against the poison."

"No problem, I will use Space to isolate them!" Furthermore, my own anti-virus abilities are also very good. " Chen Xiang was already considered half a poison master, his body previously still possessed the body of an impenetrable. After that, as his cultivation grew stronger and stronger, his resistance to poisons continued to increase as well.

Even so, he still took appropriate measures to prevent the poison. He rode on the Six Realms mirrors, and let the Six Realms mirrors release a layer of barrier to protect him from poison. At the same time, he also released a spatial barrier to protect himself from the poison.

After Chen Xiang went in, he released a Heaven devouring rat. The Heaven devouring rat turned into a pile of bones in a flash, causing his heart to become tranquil.

"This Tao-creation crystal mother really knows how to hide." Chen Xiang was sure that the Tao-creation crystal mother had intelligence, otherwise she would not have come to this place.

"Little crystal mother, come out quickly!" Through the black crystal, his feelings for the Tao-creation's crystal mother became clearer and clearer, as if they were right beside him.

He released 3 bodies, floating high in the sky, sweeping past everything below.

"Are they hiding on the ground?" Chen Xiang felt that he was in the vicinity, but he saw nothing. Only a lot of withered and rotten trees.

He let out a phantom body and dived into the ground, but suddenly he saw a withered tree branch suddenly burst open, and a golden shadow jumped out. He let out a phantom body enter the ground, but suddenly he saw a withered tree trunk suddenly burst apart, and a golden shadow jumped out.

BOOM!

Suddenly, a bolt of lightning struck the tree trunk where the shadow had jumped.

Chen Xiang raised his head and looked high into the sky as he silently cursed in his heart. Only someone from the Thunder-creation Race would have such a terrifying lightning power, causing a huge crater to appear on the ground like a dried up lake.

"They came so fast! If not for them, I would never have thought of secretly capturing the Tao-creation's crystal mother." Chen Xiang cursed in his heart, and could only chase after the fleeing Tao-creation's crystal mother at full speed.

What surprised him was that this Tao-creation crystal mother was very powerful, she could actually feel the violent thunder and lightning that was about to strike her. He did not realize that he had almost been struck, but luckily he had used his Invisibility Spell and was not discovered from the sky.

"The methods of this group of fellows are really cruel, to be able to unleash such a terrifying power from the first strike." As Chen Xiang executed his spatial teleportation, he paid attention to the high altitude. Right now, he was very worried that he would be struck by the Thunder-creation Race above.

"They also knew that this area was scary, so they flew high up into the sky. After sensing the location of the Tao-creation's crystal mother, they released a strong attack in order to force the crystal mother out of this area." Bai Youyou said.

The person up there must be powerful, he must be at the peak of World Defying Stage Legendary Rank, and there were other people accompanying him.

The Tao-creation's Crystal Mother was such an important object, it was only natural for experts to step in.

As Chen Xiang chased after her, the Tao-creation's crystal mother did not notice him. This made him feel more at ease.

Half a day later, the Tao-creation's Crystal Mother suddenly stopped and hid. When Chen Xiang came here, he felt that the Tao-creation's Crystal Mother was deep underground.

BOO!

Another extremely terrifying Thunder power descended from the sky, causing a large amount of black soil to fly out from the ground.

"Bastard, I nearly hacked him to death." Chen Xiang cursed in his heart. Right now, the wave of air was blowing his Six Realms mirrors to the point that it was shaking it violently.

The Tao-creation Crystal Mother started to fly again. Chen Xiang could sense it, so he could only give chase immediately.

Ahead of them was a verdant mountain forest. That was a relatively safe place outside of the poison zone.

Chen Xiang chased the Tao-creation's crystal mother into the forest. He felt that he was probably the person closest to the Tao-creation's crystal mother.

Just as he entered the forest, Chen Xiang heard a complacent laugh.

"I got it, I got it, hahahaha" was captured by our God-creation Race. " That person laughed loudly, "We caught the Tao-creation's crystal mother!"

Chen Xiang felt it was strange when he heard this voice, because he felt a familiar Qi. It was the Qi that was unique to the disciples of the Dragon Controlling Palace and the Dragon-Elephant School.

"A few old fellows from the God-creation Race have appeared." Chen Xiang was shocked, and then, using all his strength, he teleported to the front.

He saw that there was a very huge net covering a radius of a thousand miles. After the Tao-creation's crystal mother went in, she was caught.

Chen Xiang saw the Tao-creation's crystal mother. He had initially thought that she was a rock, but he never thought that she was actually a beautiful woman.

liked beauties the most. He immediately released his two clones and rushed towards the net, using his penetrating power to instantly penetrate it.

[Chapter 3662](#)

Chen Xiang focused on using three ways to control the two clones to grab the Tao-creation's crystal mother while he himself rushed towards the few Dragon Controlling Palace's and Dragon-Elephant School's people. These people did not have any cultivation bases of the two World Defying Stage Legendary Rank's, but there was an old man at their side who was in the middle stages of World Defying Stage Legendary Rank.

Chen Xiang was also in the middle stage of World Defying Stage Legendary Rank. Using the legendary dragon fire and the Pressure mantra, he released it the instant he rushed over, smashing it into the old man's body with his palm.

The old man was blown into the air and then exploded into a ball of fire and died.

"Who is it!" A person from the Dragon Controlling Palace shouted in shock.

"Uncle Shen!" Chen Xiang laughed, upon hearing that, the faces of the people of Dragon Controlling Palace and the people of Dragon-Elephant School turned ashen, and then felt a scorching pressure pressing down on them.

"You bastards. To be able to meet me, you are truly unlucky." Chen Xiang laughed coldly. Under the pressure of the dragon fire and the legendary pressure, these people instantly became ashes.

At the same time, lightning flashed and thunder rumbled in the sky. Waves of a powerful aura attacked from all directions.

Chen Xiang's two clones had already captured the Tao-creation's crystal mother and used their strongest powers to lock her inside. Then, they used their penetrating abilities to exit through the net and into Chen Xiang's Six Realms mirrors.

BOOM!

Chen Xiang's Six Realms mirrors was struck by a few lightning bolts and the protective shield he released was instantly shattered. Chen Xiang also felt pain all over his body, he had been hit.

"This bunch of people are really scary!" Chen Xiang was injured, and he immediately teleported a distance away.

"Xiao Ke'er, Master, use your multiple dimensions to seal that Tao-creation's crystal mother. They're chasing us!" After Chen Xiang teleported, he could sense a wave of spatial undulation approaching him from all directions, and it was from all directions.

Now, he could clearly feel that the Tao-creation's crystal mother was being chased everywhere. It really wasn't easy for her to hide until now.

Feng Ke'er and Xiao Xianglin entered the Six Realms mirrors and immediately took out an array disc to begin the multiple space-time seals.

After Chen Xiang teleported for a period of time, he finally could no longer feel that someone was chasing after him.

"Fortunately, the injury wasn't too severe." Chen Xiang entered the Six Realms mirrors to take a look at the Tao-creation's crystal mother.

Tao-creation's Crystal Mother was dressed in luxurious golden clothes, the clothes on her clothes were sparkling and translucent. She had a rather tall figure and a charming and beautiful face, which made her grind her teeth and glare at Chen Xiang.

"Why are you looking at me like that?" I saved you! " Chen Xiang laughed.

"Humph, you are merely snatching me away from those fellows. You are still capturing me. Why else would you seal me?" The Tao-creation's crystal mother was very spicy, her tone full of hostility.

"The reason why I sealed you is so that you won't be detected by those fellows." Chen Xiang curled his lips: "Before, I was chased by them for a period of time, that kind of feeling really doesn't feel good, and it's hard for you to escape for so long."

Speaking of this matter, the Tao-creation crystal mother became even more furious and flew into a rage, "You bunch of bastards! Originally, I was sleeping well, but suddenly I felt that my energy was weakening. The reason why I woke up was only to escape from this damned place, but I was chased by you. Have you considered how I feel? "

Tao-creation's crystal mother kicked the barrier while cursing. Chen Xiang had not seen such a spicy woman for a long time.

"Hurry up and release this old lady!" "I am made of stone, so don't even think about falling for me. Do you think it would be interesting to climb over a stone?" The Tao-creation's crystal mother suddenly realised that the person holding her back was a man, and his eyes were evil.

"Of course there's no meaning to the last stone!" Chen Xiang laughed, "But you have now become a human, and have a human body. Even a female human being might not be as feminine as you! "

"You ... Do you even want to climb rocks? This is truly something that is worse than an animal! " Tao-creation's crystal mother was stunned and scolded loudly, "You bastard, if you dare to go against this old lady, do you believe that I won't break that lousy thing of yours!?"

Hearing that, Chen Xiang felt a chill in some place, and laughed: "Alright, alright, I have women on me, and I don't lack you How about we make a deal? "

"I do not sell myself. I am a mother of Tao-creation Crystals, with the Tao-creation Crystals, I do not need to sell myself." The Tao-creation crystal mother bared her teeth at Chen Xiang.

Chen Xiang really didn't know what was going on with the Tao-creation crystal mother, she was actually so sensitive in this regard, making him very speechless.

"Let me ask you, if I release you, you will still be hunted down by those people, and most of those people are ugly and old." Chen Xiang said in a smug voice, "You should have also seen them before! None of them will be as handsome as me! "

The Tao-creation's crystal mother thought about it carefully and humphed, "You are indeed more pleasing to the eye than them! But I still feel like you're not a good person. " If Chen Xiang released her, she would still inevitably be pursued.

"I'm not a good person, but at least I didn't want to fuck you." Chen Xiang curled his lips.

"Hmph, I don't believe you." The Tao-creation's Crystal Mother was starting to believe something, because she had just seen Xiao Xianglin and Feng Ke'er. She thought that Xiao Xianglin was Chen Xiang's wife and Feng Ke'er was Chen Xiang's daughter.

"Believe it or not, that's your problem. Let me get down to business." Chen Xiang said with a serious expression on his face, "If you help me find the approximately one hundred million Tao-creation Holy Crystals, I'll let you go ... If you are willing, you can also leave Tao-creation Place with me. "

"One hundred million Tao-creation Holy Crystals? "You are asking me for it, hmph." The Tao-creation crystal mother said in disdain, causing the corner of Chen Xiang's mouth to twitch.

Hundreds of millions of Tao-creation Holy Crystals were nothing in her eyes!

"My request is very simple! I want to leave this damned Tao-creation Place alive. When those nine old fogeys brought me here, they did not care about me, and then beat me to death, and even wanted me to destroy the world. I hate these bastards, and if I see them again, I will definitely scold them to death. " The more Tao-creation's crystal mother spoke, the angrier she got.

The Tao-creation's Crystal Mu mentioned about the nine First Tao-creation Ancestors, causing Chen Xiang to be secretly shocked in his heart. This Tao-creation's Crystal Mother was truly a mysterious existence.

"I have explained in advance that I want to go to the Initial Evil-creation Realm. Have you heard of this place before?" Chen Xiang asked, he felt that the Tao-creation's crystal mother must know about this matter.

"Initial Evil-creation Realm? You have Chuangxie key! " The Tao-creation crystal mother suddenly asked in surprise.

"Yes!" Chen Xiang took out the Chuangxie keys: "Now we are lacking in energy, we need a large amount of Tao-creation's Holy Crystals."

"I don't know about the Initial Evil-creation Realm, but it will be safer than here! I heard that those guys are going to the Initial Thunder-creation Realm? Aren't you the same as them? " Tao-creation's crystal mother asked.

"Of course not! If you and I are in front of them, and they can only catch one person, they will definitely arrest me and not even look at you. " Chen Xiang laughed.

"I don't believe that a brat like you is more valuable than this old lady." The Tao-creation crystal mother stared at Chen Xiang and snorted.

[Chapter 3663](#)

Chen Xiang sat on the ground and looked at the beautiful face of the Tao-creation's crystal mother and said: "It's a deal then. We will start cooperating.

As long as the Tao-creation's Crystal Mother could help him find enough of the Tao-creation's Divine Crystals, once he refined it into the Tao-creation's Divine Bead, he would be able to quickly open the formation disc and access the Initial Evil-creation Realm.

"How can I trust you? You don't seem to be very reliable, although you have Chuangxie key, your cultivation does not seem to be very high. " Tao-creation's crystal mother said.

"My cultivation base is not high, but I can catch you. This is skill!" All the trash who were chasing you previously all possess a higher cultivation than me, but in the end, you still ended up in my hands. " Chen Xiang said.

The Tao-creation's crystal mother was unwilling to accept this. She coldly snorted and said, "Are you saying that I can't even compare to you?"

Chen Xiang nodded seriously: "Yes, otherwise, you wouldn't have been captured by me! Right now, you have no other choice, you can only choose to cooperate with me. If you don't cooperate with me, you can only die with me in this Tao-creation Place. Do you want to die? "

"I don't want to die. Although I've lived for many years, I still haven't lived enough!" Tao-creation's Crystal Mother immediately replied: "Alright, I have no other ways now, I can only temporarily cooperate with you, you little brat, don't play any tricks in front of me, otherwise I will kill you."

The tone of the Tao-creation's crystal mother was filled with threat, but Chen Xiang was not scared, and laughed: "Big sister, since I'm afraid of you, I definitely won't play any tricks. Big Sis, you must have a name at least, right? "

"Jing Yun'er!" The crystal mother snorted in a small voice before looking at the strange expression on Chen Xiang's face. She bared her teeth as she said, "Do you think that name is funny?"

"This... I just don't think I'm right with you. " Chen Xiang laughed dryly.

Jing Yun'er scolded angrily, "That's right, this is all the crappy name that the old turtle in Tao-creation Divine Lord gave me. If I meet him, I will definitely beat him up."

Jing Yun'er had a lot of resentment towards the First Tao-creation Ancestor s, because they were the ones who brought her here back then, and she was suddenly responsible for nurturing a large amount of Tao-creation's divine crystals.

"Elder sister, how did you get the Tao-creation's Holy Crystal? You actually made so much? " Chen Xiang had always been curious about this matter, and it all depended on Jing Yun'er alone.

"That's my innate ability, I can absorb the energy in this world and then release a type of energy that can turn into crystals through my body. I normally hide in some big mountains, and after releasing a bit of energy, that mountain will become the Tao-creation's Holy Crystal." Jing Yun'er's tone now was much better. Perhaps it was because he had told Chen Xiang his name, but in order to make it seem like his name and that of his, she had calmed down a lot.

"If you really hate those First Tao-creation Ancestor, you don't have to go to the Crystal Forming!" Chen Xiang said: "Isn't this my revenge against them?"

"No way! If I don't crystallize, then there will be no energy in this Myriad Tao era. The energy released by the Tao-creation's Holy Crystal will circulate once it is released, and I will also need to absorb this energy myself. " Jing Yun'er said, "If I don't crystallize, there will be no energy and I won't be able to absorb it. I will die."

So Jing Yun'er was forced to do this, no wonder she had a stomach full of grievances.

"What if we go to the Initial Evil-creation Realm?" Chen Xiang asked: "If you enter inside, will you die?"

"Of course not. There is energy everywhere and I feel a lot of energy. As long as I go to another world and feel some energy, I will not die." Jing Yun'er said.

"Big Sis, how about you enter my Divine Sense Sea World and condense your crystals inside?" Chen Xiang suddenly had a strange thought and said anxiously.

"No, your energy is too weak for me to absorb. When I absorb energy, it's very scary." Jing Yun'er said: "I'm still storing a large portion of the energy in my body, so I should be able to last until I reach the Initial Evil-creation Realm."

Chen Xiang shook his head, the existence of this Jing Yun'er was truly too mysterious.

"Can you take me to the Tao-creation's Divine Crystal Mine now?" Chen Xiang asked. The Tao-creation's Holy Crystals here were all created by Jing Yun'er, it was just that they were originally exploded out of the seven Tao-creation Mountains.

"Once I leave, they will detect me. So, you need to be careful not to get caught by them." Jing Yun'er looked at Chen Xiang, and said with a frown: "Have your injuries healed yet? Is it about to start now?"

"It's almost done." Chen Xiang nodded, "We will begin now."

Xiao Xianglin and Feng Ke'er came out of the You Yao Mountain Villa, and under Jing Yun'er's curious inquiry, she found out that Xiao Xianglin was originally Chen Xiang's master, and Feng Ke'er was also not Chen Xiang's daughter.

Jing Yun'er still liked the cute little girl very much, so he couldn't help but pinch her a few times.

After Xiao Xianglin and Feng Ke'er put away the seal, Jing Yun'er and Chen Xiang immediately left the Six Realms mirrors.

"Big sister, you helped me find the Tao-creation's Divine Crystal Mines, they shouldn't be in those guys' territory, they found quite a few of them, if it's a large scale mine, there will definitely be some strong warriors guarding it." Chen Xiang said, "It would be best to find one that no one has discovered."

"That's simple. Let me sense it. It'll be quick!" After Jing Yun'er closed his eyes, he quickly sensed it. Then, he hurriedly gave Chen Xiang a direction, allowing him to fly over for the time being.

"These guys are really fast." Jing Yun'er scolded when she sensed the fluctuations in space. Then, Chen Xiang quickly placed her into the Six Realms mirrors and let Xiao Xianglin and Feng Ke'er temporarily seal her in a spatial enchantment.

Chen Xiang controlled his Six Realms mirrors to fly quickly, and the moment he flew, he produced a bolt of lightning from the spatial ripple a moment ago.

Chen Xiang's Six Realms mirrors flew very fast and teleported. Inside the Six Realms mirrors, Jing Yun'er could see what was happening outside. She told Chen Xiang the shape of a huge mountain and that he would be able to find it as long as he saw it.

Several hours later, Chen Xiang finally found the mountain. It was relatively huge, and he could see it from afar.

"Big Sister Yun, how do you usually choose these mountains to turn into crystals?" Chen Xiang asked.

"It depends on your mood!" Jing Yun'er said: "Wherever we go, my mood will be better. I will be going in for a while, and then that mountain will become a mine, and after it becomes the Tao-creation's Holy Crystal, this mine will release a weak energy. Countless mines will release their energy at the same time, and after that, the energy will flow into all the realms, nourishing all living things in all realms, releasing energy from all realms. This kind of energy will flow back here, and it will be extremely huge, and it can be said that there will be a steady flow of energy."

"It's just that you can't feel this kind of energy. Only I can sense it, so I can absorb this energy and turn the mine into a crystal!" But now that all realms have left the Tao-creation Place and the energy cycles released by all realms have not come back to me, the amount of energy that I have absorbed is pitifully small. "

[Chapter 3664](#)

According to Jing Yun'er's words, as long as the Tao-creation Place did not have enough energy to sustain it, it would gradually disintegrate. The energy that gathered in the Tao-creation Place's spatial energy, the power of time, and the laws of all sorts of energy would gradually disappear.

This kind of method to destroy the world was not berserk, it was just equivalent to summing up the Tao-creation Place's energy source, making it so that the Tao-creation Place was completely burnt out and died in the end.

As the Tao-creation's crystal mother, Jing Yun'er was the first to notice this matter, so she immediately thought of running, and was then exposed, and was discovered by the Creation Race.

"Big Sister Yun, don't you have the Tao-creation Divine Crystals?" Chen Xiang felt that it would not be easy to find one. If Jing Yun'er had one, he could just take it out.

"Why do I have to store this trash?" Jing Yun'er's words made Chen Xiang not know what to say.

She had refined the Tao-creation's Holy Crystal herself, and the energy she had absorbed came from all over the Tao-creation Place, it had been flowing endlessly before. It could sustain her life, so she did not need the Tao-creation's Holy Crystal at all.

If it wasn't for the fact that she needed to use this power of crystallization to protect her life, she could have helped Chen Xiang refine the Tao-creation's Divine Bead.

When Chen Xiang got close to the huge mine, he suddenly heard a bone chilling roar.

"What is this?" Chen Xiang stopped his flight. He wouldn't go over until he found out what was over there.

"You'll know when you get there. What's there to be afraid of? You can run away like that." Jing Yun'er said.

Chen Xiang released his spirit body after he went into stealth. The spirit body scouted ahead while his main body followed right behind him. The mine in front of him was extremely huge, many times bigger than the one in Yan Shan Tian City.

"If such a large mine was not discovered by humans, there would most likely be something hiding here, such as a beast or spirit body ..." Anyway, after absorbing the energy from the mines for many years, these guys will become very strong. " Jing Yun'er said: "Take a look first, there are some that are very weak."

Chen Xiang quickly saw it with his spirit body. There was a large purple bat with a bat body, a tiger head, and it was extremely ugly. When it opened its mouth to roar, it looked even more ferocious and scary.

"This thing doesn't look weak." Chen Xiang was thinking about whether he could avoid this item, but he thought that Xiao Xianglin would need to refine the Tao-creation's Divine Bead inside for a period of time, so in order to ensure its safety, he had to kill this guy.

"Not good, he found me!" Chen Xiang did not know how the purple bat found him either. Furthermore, it flapped its wings at him, releasing balls of purple mist, which looked extremely poisonous.

At first, it was just a mist, but suddenly it became countless rays of light and pierced over, like a purple light net that was enveloping Chen Xiang.

Chen Xiang took out the Heavenly magic sword, releasing two clones and attacked from three directions. With one teleportation, he dodged the net.

Three streams of fire pressure were simultaneously released by Chen Xiang, rushing towards the gigantic bat in the sky. The invisible pressure pushed the huge net filled with purple mist back.

After the purple bat was hit by the three streams of pressure from the legendary dragon fire, it let out a roar and its body exploded. A blinding, purple light shot out from the center of the pressure.

"Dead?" Chen Xiang didn't dare to be sure, because he could feel the aura of that large purple bat even now.

Suddenly, that ball of purple energy quickly gathered over, and from all directions. Chen Xiang's three clones had a total of nine balls of purple light that were in the four directions.

"What the hell is going on?" Chen Xiang anxiously controlled his clone to attack the purple balls of light, using the power of the legendary dragon fire and Pressure mantra to break through.

These three energies rushed towards the three blobs of light. To his surprise, the blob of light suddenly flashed and a purple bat appeared!

The other balls of light also exploded. There were a total of nine large purple bats that were larger and stronger than the previous bats. They looked like they were clones.

BOOM!

The purple bat that appeared. For some reason, it actually released a strong pressure as it charged towards Chen Xiang.

The nine gigantic bats released a strong pressure at the same time, as if they were all released by the Pressure mantra. This made Chen Xiang very surprised, as this purple bat had actually imitated his strength.

Chen Xiang controlled the three clones to immediately avoid the attack!

"They are imitating my ability." Chen Xiang was fearful, but when the bats saw his astonished expression, they all started to laugh complacently.

"Humph!" "You can imitate my ability, but can you imitate this?" Chen Xiang took out the Six Realms mirrors and Heavenly magic sword, then used the Time and space power to teleport behind a purple bat.

The Time and space power was not so easy to imitate. Chen Xiang appeared behind a purple bat, quickly waved his sword, and after a few hundred slashes, he cut the purple bat into many pieces. Then, he controlled the Six Realms mirrors to absorb it into a seal.

The other two clones were also fighting against the purple bat, fighting against the minority who were having a hard time, while Chen Xiang was facing off against four. His Six Realms mirrors had a strong rebound capability, the purple bat released a very strong pressure attack, which was reflected back by the Six Realms mirrors and shattered him.

Using the collaboration of the Six Realms mirrors, Chen Xiang quickly defeated the four purple bats and sealed them inside the Six Realms mirrors. He discovered that the purple bat was hard to kill, so he could only temporarily seal them.

Now that he only had four purple bats left, he combined with his two clones and quickly captured them.

"They've fused together. I need to strengthen the seal." Xiao Xianglin said, and at the same time, Little White Fox came to help.

Chen Xiang had previously used fire to burn these bats, but when he burned, the purple bat could turn the flame purple, and then absorb the fire.

If it was in the past, Chen Xiang could easily burn his enemy to ashes using the Pressure mantra and Legend Dragon Flame, but this purple bat was different. It would explode into a cloud of purple light mist and then merge into a new group.

"The era of the Myriad Tao is like this, with all sorts of things. Even the ancestors who created the era of the Myriad Tao couldn't imagine this." Jing Yun'er said: "They felt that the Myriad Tao Era World they created was the best, but it's a pity that they lost control of it in the end, because too many variables have appeared here, and there are many existences that surpassed them in terms of strength."

Inside the Six Realms mirrors, Chen Xiang looked at the sealed purple bat. This guy was extremely hard to kill, and even Chen Xiang was extremely envious of this ability.

"Big sister Yun, did the First Tao-creation Ancestor give up their Myriad Tao Era World because of the Killing evil dragon?" Chen Xiang was very concerned about this.

[Chapter 3665](#)

Jing Yun'er heard Chen Xiang's question and fell silent. After a long while, she answered: "That is a possibility! Killing evil dragon is the existence they fear the most! "

"Why?" Chen Xiang could not understand: "Tao-creation Divine Lord can seal Killing evil dragon!"

"The terrifying thing about Killing evil dragon is not its power, but its mental influence! The way Killing evil dragon reproduce was very special ... As long as the living beings have evil thoughts, the spirit of the Killing evil dragon will germinate in the souls of these creatures. And when the Killing evil dragon needs it, it will be able to give birth to the Killing evil dragon in the souls of many creatures. "

Chen Xiang suddenly thought of the possibility that his Red fire dragon had become a Killing evil dragon because of this, but was the real Killing evil dragon already dead?

He only knew that after the Seven Mountains Divine Island exploded, the little black ball carrying a strong aura of a Killing evil dragon was swallowed by the Red fire dragon.

"Back then, Tao-creation Evil Ancestor created this era in the Myriad Tao, so this evil energy was already hidden in the era of Myriad Tao. Even in my body, this evil energy was present." Jing Yun'er said:

"Maybe they felt that they were unable to control the reproduction rate of the Killing evil dragon, so they had no choice but to give up."

"So Killing evil dragon are such terrifying existences!" Chen Xiang sighed, he felt a Killing evil dragon wrapped around his body, he did not know when it would burst out.

"Although they are scary, many people want to possess the power of Killing evil dragon." Jing Yun'er sneered: "Especially those ancestors, even they wanted it. Back then, when they killed the Tao-creation Evil Ancestor, seven of them absorbed a portion of the Evil Spirit Qi in order to be able to control the Killing evil dragon! But in the end, not only were they unable to control the Killing evil dragon, they themselves were also affected by the evil influence of the Tao-creation Evil Ancestor, which made them both righteous and evil. "

Chen Xiang knew about this, it was just that he didn't know the real reason behind the seven First Tao-creation Ancestor absorbing the Evil Qi.

"You seem to be very concerned about the Killing evil dragon. Have you seen the Killing evil dragon before?" Jing Yun'er asked: "If you have seen the Killing evil dragon with your own eyes, then you must be careful and can be easily controlled by it."

"Big Sister Yun, the reason why I was being hunted down by those Creation Race s was because I managed to cultivate Killing evil dragon." Chen Xiang laughed bitterly: "But this is a matter of the past, I am simply unable to release the Killing evil dragon now."

"Is this true?" No wonder the Chuangxie key are in your hands ... But that's not right, even if you managed to train in Killing evil dragon, you still don't have the memories to kill the dragon ancestor! Only the Evil Dragon Clan's ancestor has the Chuangxie key's memories, how did you obtain it? " Jing Yun'er was very clear about all these, far more so than the Evil-creation Race.

"I... Back then when the Seven Mountains Divine Island exploded, it was the Killing evil dragon that caused it to explode. At that time, I was born with a mass of things falling down, and those things were directed at me, so in the end, it was swallowed by this little thing. "

Chen Xiang released the Red fire dragon. The moment it came out, it roared loudly and then flew around randomly spitting out fire.

"A dragon at the reverse level!" Jing Yun'er looked at the Red fire dragon: "This thing ... Very strong! "

"Originally, the World Defying beast I cultivated was like this, but because I was angered, I had become a Killing evil dragon before, and fortunately, I was fine at that time, and the second time I felt that I was about to be devoured by evil, I was able to suppress it in the end. In the end, I didn't feel that I was going to become a Killing evil dragon anymore. " Chen Xiang wanted to know more about the Red fire dragon, that was why he told Jing Yun'er so many things.

Jing Yun'er seemed to be very curious about Chen Xiang's situation as well.

"It's highly likely that this dragon of yours has swallowed or merged with the Red fire dragon. Does this dragon of yours have such an ability?" Jing Yun'er said.

"This... "Yes!"

Chen Xiang thought of Ah Hu, who had a type of Legendary mantra that could fuse with many things and then become his. Now that he thought about it, it was extremely possible that this was the case!

The Red fire dragon had fused with the Killing evil dragon ancestor, so it had the Killing evil dragon ancestor's memories. In the future, it could even obtain a lot of powerful strength.

"Then it's settled! He really did not expect that the matter that he was worried about with the First Tao-creation Ancestor would be resolved so easily! The Killing evil dragon still existed, but its evil energy was being suppressed. It's the equivalent of being tamed. " Jing Yun'er was extremely excited.

"So what? Isn't it still the same?" Chen Xiang laughed bitterly.

"So what if it's destroyed, we can still enter the Initial Evil-creation Realm! You have the memories of a Killing evil dragon. Entering the Initial Evil-creation Realm is equivalent to being able to rule that area and control the evil energy within. " Jing Yun'er anxiously said: "I am not too sure about the details, but Killing evil dragon is at the peak of the evil power right now."

"But this little thing isn't a Killing evil dragon!" Chen Xiang said.

"It's equivalent to becoming a Killing evil dragon. In short, he has the memories of a Killing evil dragon." Jing Yun'er urged: "Hurry back to the mines, and get the Tao-creation's Divine Beads out of them. The mines there are enough to refine five pills, I need to go to the Initial Evil-creation Realm to take a look."

But now, it was Jing Yun'er who was more anxious than Chen Xiang, didn't know whether to laugh or cry.

After he entered the mine, he asked Xiao Xianglin to come out.

Xiao Xianglin entered the Time array and released two clones, then took out five of the Tao-creation's Evil Beads. She wanted to use the array formation to absorb the power of all the Tao-creation's Holy Crystals in the mine, and guide them into the Tao-creation's Evil Beads, and refine them into the Tao-creation's God Orbs.

Chen Xiang and Little White Fox released two doppelgangers to guard outside the Time array. Chen Xiang released three doppelgangers to float outside the Time array to have a look.

Inside the Time array, the array disc had been twisted by time, causing an air shield to appear outside the array disc that looked like crazy water waves surging. The energy within the huge mine poured madly into the Time array, turned into a few streams of water, and flowed inside the array disc.

Jing Yun'er was very bored inside, so she couldn't come out, so Chen Xiang let Long Xueyi go in and accompany her to play. Long Xueyi was very bored, so Chen Xiang let Long Xueyi go in to play with her.

After two days, this mine was dead, and all of its energy had been absorbed. Xiao Xianglin exited the Time array s, and successfully formed five Tao-creation Divine Beads.

"I still lack five crystals. I need to find a mine of the same size as this one." Jing Yun'er was looking forward to see how quickly she could enter the Initial Evil-creation Realm.

"If I let you out, those guys are coming again." Chen Xiang said: "I'll talk after I run far away!"

"It's useless even if we run far. They have teleportation." Jing Yun'er scoffed, "Just put him in there. Just react fast like last time and he'll be fine."

Just like last time, Chen Xiang released Jing Yun'er and had her search for the next mine. After she found it, she quickly entered the Six Realms mirrors s.

[Chapter 3666](#)

Chen Xiang ran really fast this time, so he did not feel anyone approaching him. He was not like the last time, where he was almost smashed into smithereens.

"The mine this time is bigger, maybe a lot bigger than the previous ones!" It just depends on how lucky you are. " Jing Yun'er said, she had to stay inside the seal all day, causing her to be in a bad mood, and she did not smile.

"Depends on my luck? "What do you mean?" Chen Xiang was rushing to the mine.

"You were unlucky last time and ended up encountering that large purple bat. If your luck is equally bad this time, you might end up encountering something even more powerful! If our luck is good, then maybe we won't encounter anything. " Jing Yun'er scoffed, "If I didn't have to hide, I would have been able to find a better mine for you."

Every time she came out, it would take her a long time to sense it. Therefore, she could only use a limited amount of time to search for the largest mine. This was indeed a great limitation for her.

"There's nothing we can do about it. Those guys all have something in their hands that can sense you." Chen Xiang sighed.

"Isn't it all because of those bastards in the First Tao-creation Ancestor? I will definitely find them in my lifetime!" When this matter was brought up, Jing Yun'er was immediately angered. She had been tired of it all these years, and the whole thing required her to do something that was too repetitive, so she couldn't return to her hometown.

Now that all the ancestors had gone back and left her here to die, this only made her angrier.

"So what if you find them?" Chen Xiang was very clear about Jing Yun'er's strength. If she was really strong, then she wouldn't have been hunted down and forced to hide everywhere.

"You brat, don't underestimate me!" I don't have much strength right now, but that doesn't mean I won't be strong in the future! Just you wait, I will definitely change my current state, and won't be the useless trash who gave birth to the Tao-creation's sacred crystal anymore. " Jing Yun'er was very angry at Chen Xiang's contempt.

Chen Xiang approached the mine. He did not find anything, but he still released three spirit bodies to investigate.

After some investigation, he found that there was someone inside this huge mine, and he was not weak at all!

"This mine was discovered long ago!" Chen Xiang said: "I just don't know who they are yet, I will find out after I enter the cave."

Chen Xiang controlled the spirit body to enter the cave and carefully floated in, trying to not make any sound, so as to not alert the people inside.

"My time is too short, and I can't sense it too precisely. You should understand me." Jing Yun'er said: "If they aren't strong, then let's kill them! If you can't beat her, I'll help you find another one. Don't let anything happen to you, my life is in your hands, and my future is in your hands. "

"I know, I'm also very afraid of death." Chen Xiang laughed.

After the three beasts entered the cave, they quickly discovered that there were only three people inside. To Chen Xiang's surprise, these three people had a very familiar aura on their bodies, they were actually from the God-creation Race.

"It's from God-creation Race!" Chen Xiang frowned: "I never thought that they would also have methods to find the huge mine, and even sent three strong warriors to guard here!"

"After all, he's a descendant of the Tao-creation Divine Lord, of course he has some ability! What cultivation do they have? Can you defeat them? " Jing Yun'er asked.

"They are all late stage World Defying Stage Legendary Rank, I think there should be no problem!" Chen Xiang had Chuangxie key, it was very effective against Creation Race who had a higher cultivation level than him.

Moreover, he himself was at the middle stage of World Defying Stage Legendary Rank. Adding the power of the Red fire dragon in his body, dealing with late-stage was not impossible.

"Then let's give it a try. As long as you can't win and save your life, don't think running away is a shameful thing. If I had the ability to run away, I would have died long ago." Although Jing Yun'er was bold and unruly, she could tell that Chen Xiang had a very promising future.

"Got it!"

Chen Xiang approached the cave quietly, he was thinking about how to deal with the people from the God-creation Race.

The 3 bodies were within the cave, staring at the 3 old men.

"Once Initial Thunder-creation Realm opens, we will immediately move this mountain away. This is definitely not a problem for the three of us."

"The Thunder-creation Race actually agreed to let us enter the Initial Thunder-creation Realm, they are really generous, humph!"

"Actually, they are just timid. They don't know what's inside Initial Thunder-creation Realm, and the reason they want us to join them is to make us their henchmen."

"This group of fools, they actually warned us not to let Chen Xiang into the Initial Thunder-creation Realm, and now Chen Xiang is even running away! If we let Chen Xiang in, it will be even easier for us to capture Chen Xiang, control his Killing evil dragon, and force him to hand over the pill formulas.

"Those fellows are short-sighted, after all."

Three of the elders were chatting casually when they suddenly talked about Chen Xiang. This made Chen Xiang feel that it was extremely funny, these people were actually trying to trick him.

"Who would've thought that I would be so important in their eyes." Chen Xiang laughed in his heart, and then quietly released two clones.

Both clones had Red fire dragon s in them, and under his control, the clones were brewing with power. After condensing the strong legendary dragon fire and pressure, the clones immediately released the power.

Chen Xiang himself was also gathering energy, the energy released by his two clones instantly fused together. After being strengthened by various incantations, it turned into a huge fire dragon.

The Fire Dragon brought a strong pressure with it as it charged into the cave. When it entered the cave, the strong pressure tore the cave apart. This huge mine was also shaking crazily.

BOO!

The fire dragon suddenly sped up, bringing with it raging flames and pressure. After charging into the cave, it instantly charged through the huge mountain and charged out from the other side.

The three old men who were talking inside suddenly felt a wave of pressure and scorching Qi approaching them. As soon as they walked into the tunnel, they were hit by the pressure and then pierced through the huge mountain.

After the fire dragon passed through the giant mountain, its power did not weaken at all. It continued to roar and tear the earth apart, leaving behind a charred, charred ravine that emitted waves of scorching flames.

Chen Xiang found the three old men, they were at the end of the ravine and their bodies were no longer complete. When they were attacked by the powerful fire dragons, they were torn apart, then burned by the dragon flames, their bodies burned in darkness, but they did not die.

They laid on the ground, gasping for breath with their eyes half opened. Looking at Chen Xiang's look of disdain, the fear in their hearts increased to a few points. The person they were talking about just a moment ago, had actually attacked them!

"You must be from the God-creation Race, you're really weak!" Chen Xiang took out a Chuangxie key and stabbed it down at one of them.

[Chapter 3667](#)

Just as the Chuangxie key stabbed in, the old man screamed in pain, his body slowly melting into black liquid. Access:.

The two old men at the side, were all frightened, they never thought that the Chuangxie key would be in Chen Xiang's hands.

"The Chuangxie key is in your hands!" An old man cried out. They thought that since Chen Xiang possessed the Killing evil dragon, it was natural for him to be able to find it.

They believed that Chen Xiang had already grasped a part of the Killing evil dragon's power!

"Of course, you're all very afraid of this!" Chen Xiang laughed heartily, and then he stabbed the two of them, causing them to die from the pain.

Chen Xiang had now truly experienced the destructive power these Chuangyuan key had towards Creation Race. With just a single thrust, they were able to eliminate the opponent. He felt that even if it was a person at the peak of World Defying Stage Legendary Rank, they would not be able to survive a single stab from him.

After exterminating the two of them, Chen Xiang immediately headed towards the huge mine to retrieve the Tao-creation's sacred crystal and refine it into the Tao-creation's divine bead.

"Senior Brother, the Initial Thunder-creation Realm is open. At that time, should we try to sneak in?" She was protecting Xiao Xianglin with Chen Xiang outside.

"Chen Xiang, when the Initial Thunder-creation Realm opens, the Thunder-creation Race will definitely invite a lot of people in, because they are not sure about the situation inside, and they will not take sole ownership of this matter, and they are also worried that there might be a stronger force or something inside, so they will open it up to even more people." Bai Youyou's intention was the same as Little White Fox's. He wanted Chen Xiang to sneak in from the Initial Thunder-creation Realm.

"When the time comes, I will go to the Initial Evil-creation Realm first. We can't give up on our path here, this is our other path. Chen Xiang said: "Right now, no one knows what's going on inside."

"In particular, you'd better go and discuss it with Evil-creation Race. You will always have Chuangyuan key, and when you train in them, the people of Evil-creation Race will take care of your own people." Bai Youyou said: "It would be best if I could 'mix in' within the Evil-creation Race s, and then enter the Initial Thunder-creation Realm s! If the situation inside Initial Thunder-creation Realm is different, we can quietly open the Initial Evil-creation Realm and enter it. "

Xiao Xianglin had already used two days to refine the Tao-creation's Divine Bead.

Chen Xiang returned to the Evil-creation Race to look for him.

"Many things have happened in this period of time!" Old Evil was relatively happy that he returned, as if he had been waiting for Chen Xiang for a long time.

"What's the matter?" Chen Xiang asked.

"The Initial Thunder-creation Realm has opened, but the cost to enter is only fifty thousand Tao-creation Holy Crystals." The Old Evil said with a wry smile: "Even we need to give fifty thousand Tao-creation Holy Crystal Thunder-creation Race s."

The Thunder-creation Race actually dared to do such a thing, they could not help but earn a lot.

"Doesn't that mean many people in Tao-creation Place are dead for sure?" Chen Xiang said.

"That's not it, they only need people at the middle stage of the World Defying Stage Divine Rank or above to give them to them so that everyone else can enter ... Other than that, we, the Creation Race and the seven major sects, need fifty thousand. " Old Evil sneered: "Most likely, the reason they let so many people in was to let them investigate the situation inside first."

"Old Evil, when the time comes, should I also go through the big doors of Initial Thunder-creation Realm?" Chen Xiang said: "If I stay with them, it might be a lot safer, even though I have already gathered all of the Tao-creation's divine beads."

"You can try, but you'd better be careful!" Old Evil did not force Chen Xiang.

"Okay, I will go now. If not, I will come back and then go to Initial Evil-creation Realm." Chen Xiang said.

After Chen Xiang left the Evil-creation Race, he headed towards the main entrance of the Initial Thunder-creation Realm.

"Fifty thousand Tao-creation Holy Crystals, it's not a lot to say, but it's also quite a lot to say!" Chen Xiang secretly observed and was about to register, when he suddenly heard Chu Jinfeng's voice.

"Chen Xiang, hold on!"

He did not know where Chu Jinfeng was.

"Chief, what's wrong?" Chen Xiang asked anxiously.

"You want to use fifty thousand Tao-creation Holy Crystals to enter the Initial Thunder-creation Realm?" Chu Jinfeng asked hastily.

"Yes!" Where is Chen Xiang.

"They know you're here!" Chu Jinfeng said: "They used a secret method, as long as the Killing evil dragon approached them, they would be able to sense it. The Killing evil dragon has already changed into another form, but they can still sense it. "

"But they didn't do anything!" Chen Xiang was alerted of his surroundings.

"Yes, because they hoped that you could enter the Initial Thunder-creation Realm so that they could catch you." Chu Jinfeng said: "Other than Evil-creation Race, the other Creation Race s and the Seven

Great Sects are all waiting for you here! You have a Chuangxie key, so I believe that you will definitely be able to head to Initial Evil-creation Realm through that Chuangxie key. "

When Chu Jinfeng had obtained the Chuanghuo key, he had already sensed the Chuangxie key on Chen Xiang's body. At that time, he had guessed that Chen Xiang had also discovered the secret within the Chuangxie key.

The big gate of the Initial Thunder-creation Realm was a white light screen, many people went in! Chen Xiang dispelled his thought, that this road was not doable, behind that door, there were many people waiting for him.

"Good!" Chief, we'll meet again in the future. Help me bid farewell to my friend. "

Chen Xiang clenched his teeth, then returned to the Evil-creation Race.

Old Evil returned and laughed: "That place is equivalent to Thunder-creation Race's territory, even if you can enter, you will definitely not be at ease."

"Not only will I not be at ease, I will also be 'killed' by them." Chen Xiang sighed, then took out the formation plate. "Old Evil, did your family members divulge this information to the public?"

"My Evil-creation Race's people keep our mouths shut! They're going to die before they say it. I keep it a secret. " The Old Evil said.

"That's good. Now I have to open this array disc!" Chen Xiang took out the Chuangxie key. In the middle of the array disc, there was a place where the Chuangxie key would be inserted.

"Once it's open, I'll let our people in first. You can be at ease." The Old Evil said.

The inside of the tree that the Old Evil was on was huge, like a huge hall. It was enough for Chen Xiang to open a 'door' here.

Xiao Xianglin also came out from You Yao Mountain Villa to help Chen Xiang open the array disc.

After everything was prepared, Chen Xiang inserted the Chuangxie key into the hole in the array disc, but there was no movement from the array disc.

"Master, what's going on?" Chen Xiang asked anxiously.

Xiao Xianglin also frowned, then shook his head. "There is absolutely no problem with this array disc, and there are enough Tao-creation's divine beads, there can't be no reaction!"

Old Evil's eyes flashed, and said: "I know! Now that the Initial Thunder-creation Realm is open, those that cannot be opened at the same time will have to wait for them to close. "

"So that's how it is. Let's wait a bit longer then." Xiao Xianglin heaved a sigh of relief, she was worried that doing so much would cause all her efforts to go down the drain.

[Chapter 3668](#)

During this period of time, Chen Xiang had been waiting inside the Evil-creation Race. [How nice]. The updates were quick.

The Old Evil had sent many people to investigate the situation and when the big 'door' of the Thunder Dominion would close.

A few months later, the Old Evil brought Chen Xiang good news.

"They've finally 'gone'! There should be no one left in Tao-creation Place now. " Old Evil laughed: "We can go now!"

Just then, Jing Yun'er, who was inside the Six Realms mirrors, said: "Don't go yet, take away all the Tao-creation's sacred crystals here! Since those fellows are gone, they won't be able to sense me anymore. The Tao-creation's sacred crystals are all yours! "

Chen Xiang's eyes lit up. There were still many Tao-creation's Holy Crystals here, and they were not so fast to destroy either.

"The Yuan Lightning Territory is most likely safe. Otherwise, they would not have closed that 'door'." Chen Xiang smiled and said to the Old Evil: "Old Evil, I have the Tao-creation's Crystal Mother with me. I want her to 'make' me a little more Tao-creation's Holy Crystals."

"This... Good, you guys hurry up, you guys better refine the Tao-creation's Divine Crystal into the Tao-creation's Divine Bead, this will make it easier to store readings. " Old Evil said, then he gave Chen Xiang many of his Evil Beads.

"Why do you have so many Evil Orbs of the Tao-creation?" Chen Xiang counted, and there were more than 100 of them.

"Our Evil Beads aren't as hard to refine as the Tao-creation's God Orbs. We have a lot!" Then, he urged Chen Xiang to hurry up to find the Tao-creation's Holy Crystal.

Jing Yun'er didn't need to be sealed, the moment he came out, he felt that there were many large Tao-creation Holy Crystal mines. Then, Chen Xiang brought her along to go inside, and along the way, most of the huge cities that were devoid of people were all destroyed by Jing Yun'er while laughing.

In the next two months, Jing Yun'er destroyed many cities and huge mountains. Cotton candy novel, p. 325. p. 105; anhuatang, anhuatang, anhuatang, anhuatang, anhuatang, anhuatang, anhuatang. [cc] is even faster, the website page is refreshing, there are few advertisements, this is my favorite website, I must give it a good review.]

Chen Xiang also felt that it was funny, those cities were newly built and abandoned just like that.

With Jing Yun'er's help, Chen Xiang found many of the Tao-creation's sacred crystal mines and refined them into the Tao-creation's divine beads. There were already more than a hundred of them.

"The large Tao-creation's Holy Crystal mine has basically been found out. Although there are still a lot of Tao-creation's Holy Crystals here, they are scattered all over the place. It will take you a lot of time to find them one by one." Jing Yun'er said: "The Tao-creation Place is not weak right now, it won't be able to sustain us for long, it's good for us too, we won't consume too much energy when we activate the formation plate."

When Chen Xiang returned to the Evil-creation Race, there were a lot of people waiting for him.

Xiao Xianglin brought out the array disc. Chen Xiang used the Chuangxie key to activate it, but there was finally movement this time!

The array disc started to tremble, and a black door formed from mist appeared in front of the array disc.

"It's open!" Old Evil was very excited, he had long since arranged for who to go in first.

The Old Evil ordered thousands of people to go in first, and then send people out to report after entering. As long as the Space and Time Gate was still open, they could travel back and forth.

"Chief, the situation inside is still safe. We can't find any other dangerous places. The environment inside is not bad either. It's just that there's a dead silence inside."

"Alright, got it. The second batch will be in now." The Old Evil continued to command.

After entering a few batches in succession, the report came out that there were no problems within.

Then, the Old Evil went in, and Chen Xiang stood on the array disc at the end, controlling the array disc to teleport him and the array disc in.

"This is the Initial Evil-creation Realm?" When Jing Yun'er came out of the Six Realms mirrors, he said in a normal tone, "It's just a desolate place!"

This place was filled with an evil and deathly aura. Although there was a bright sunlight in the sky, it made people feel a sense of coldness. At a glance, it was desolate and deathly still. There were no plants, and it was lifeless.

"At least it's better than the Tao-creation Place, that place is about to be destroyed, and there is a lot of energy here!" Jing Yun'er could feel an energy that many people could not.

"Will it allow you to give birth to the Tao-creation's Divine Crystal?" Chen Xiang asked anxiously.

"Of course you can!" Jing Yun'er was much more relaxed now, because she was finally free from worry, "It's just that the energy here is dense with evil energy, I might be able to cultivate Killing evil dragon here!"

"Little brat, it's a pleasure to work with you!" Jing Yun'er was very happy, and happily laughed as he left. After he walked far away, he heard her reply: "If fate wills it, we'll meet again!"

"She originally came from the hometown of the people from First Tao-creation Ancestor. She might be able to find a way back here."

"That's possible! What are your plans?" Chen Xiang asked.

"We don't have any plans at the moment, although this place is desolate, we can absorb a lot of evil energy." Old Evil laughed out loud: "This has always been our paradise, we feel 'pretty good' here."

"I'll stay here for a while!" Chen Xiang was not very familiar with this place, but he had something important to do right now.

Xiao Xianglin took out a Transmission array plate. This was the formation plate that had been contacted with Xue Xianxian and the others: "I wonder if I can still use this place!"

Chen Xiang was also a little worried, because if he lost contact with Xue Xianxian and the others, it would be hard for him to find them.

The Old Evil commanded the people to build some residences, Chen Xiang and Xiao Xianglin came over to a quieter place.

Xiao Xianglin placed the Tao-creation's Divine Bead into the Transmission array Plate, then opened it.

"There's a reaction!" Xiao Xianglin said in surprise.

After the array disc slightly trembled, they heard Xue Xianxian's voice.

"How are things on your side?" I've made some discoveries here. " Xue Xianxian said: "According to our speculations, the Tao-creation Place should be about about to collapse!"

"We have already left the Tao-creation Place." Xiao Xianglin said, and then told the matter to Xue Xianxian and the others.

"Great!" Xue Xianxian also let out a sigh of relief, "We have integrated into another era, and our name is Most Ancient Era! The ancestors who created the era of the Myriad Tao have all come here. It is said that this is the earliest era. "

"Motherf * cker, they ran over themselves, but didn't bring us along." Chen Xiang snorted, he had helped the Tao-creation Divine Lord before.

"Right now, there are some forces in the Most Ancient Era that are trying to take over our territory. Luckily, we hid them before them, so they didn't discover us! However, they do know of our existence. Our previous fame was too great. " Xue Xianxian laughed tenderly: "We are also being targeted here."

"Xianxian, have you comprehended the Time and Space Laws of the Most Ancient Era?" Xiao Xianglin asked.

"I have comprehended a little bit, let's learn a bit of incantation from it!" It is very similar to the Tao-creation's incantation. After all, the Myriad Tao era was created using this Most Ancient Era as a reference. " Xue Xianxian said: "You all must be prepared, open the Transmission array to its maximum, and we will teleport some things to you."

"Alright!" Xiao Xianglin said.

The Transmission array suddenly started to tremble violently, a few large crystals appeared, and curses were imprinted onto the interior of the crystals.

"We got it!" Xiao Xianglin quickly picked up the crystal.

The Transmission array Plate had been destroyed just now, and Xiao Xianglin had to refine another one.

[Chapter 3669](#)

Xiao Xianglin received a few Time and Space Incantations from Xue Xianxian and the others, these came from the Most Ancient Era. With just a glance, she was able to see many things.

"The spacetime incantations in the era of the Myriad Tao evolved from the spacetime incantations of the Most Ancient Era, so there are many similarities! When compared to Most Ancient Era's era, the spacetime incantations are much simpler and more streamlined, and much more outstanding." Xiao Xianglin said: "No wonder the Tao-creation Divine Lord felt that this era is the best created by them."

"In the end, they gave up! I wonder if the Tao-creation Incantation we learned can still be used in the Most Ancient Era." Chen Xiang curled his lips. He had previously helped Tao-creation Divine Lord, but before Tao-creation Divine Lord left, she didn't even let him know.

Xiao Xianglin had long since known about her grievances towards the Tao-creation Divine Lord, so she said: "I guess the Tao-creation Divine Lord already knew that you had a Red fire dragon, and he probably sensed that you had cultivated a Killing evil dragon, so he didn't bring you along."

"That's a possibility!" Chen Xiang sighed: "But my Red fire dragon are under my control now, what are they afraid of?"

"Look around at this Initial Evil-creation Realm. I have to go refine it." Xiao Xianglin was also not clear as to what kind of existence this Initial Evil-creation Realm was, so she had to quickly master the Time and Space Incantation and improve the Transmission array. She had to leave the Initial Evil-creation Realm and reunite with Xue Xianxian and the others as soon as possible.

"Alright!"

Chen Xiang originally had a few things she wanted to ask Jing Yun'er, but who knew that the moment she arrived here, she would run wildly in excitement?

The people of the Evil-creation Race were very hardworking, they soon built many houses, there were no such huge trees here, they could not live inside the cave like before, they could only take materials and use some stones to build houses.

"Old Evil, I will take a walk around to see this Initial Evil-creation Realm." Chen Xiang replied, "I'll be back soon."

"Mm, you better be careful. Our current location is safe, so we don't know where else we are." The Old Evil replied, "According to my memories, I only know that the Initial Evil-creation Realm was abandoned by the Tao-creation Evil Ancestor's race. I am not clear about the situation in the other Creation Regions."

After Chen Xiang greeted the Old Evil, he headed towards the boundless wasteland in the distance.

After running for a few days, Chen Xiang still did not find anything.

There were a lot of stones on the ground. Although there were blue skies and white clouds in the sky, this place still gave off a strange feeling. A chilly wind was blowing everywhere, and in addition, this place was shrouded in an evil aura.

Chen Xiang was really worried that he would gain some kind of evil power from it after staying here for a long time, so he had to leave quickly.

"During this period of time, I am unable to absorb any of the Evil Qi here. It would be best if I do not let the Red fire dragon come into contact with it, just in case." Chen Xiang even told Feng Ke'er to

temporarily seal the Red fire dragon in multiple space-time seals, preventing it from contact with the outside world.

Ten days later, Chen Xiang finally saw a lot of mountains, which made him excited, because from afar, he could see dense trees on the mountains.

"Finally, there's a decent place."

Chen Xiang immediately rushed over. Just as he was about to cross that stretch of green mountain, he was suddenly stopped by something, and then was bounced back.

"There is a barrier!" After Chen Xiang was sent flying, he was shocked in his heart. To think that there would be such a powerful barrier here, it was truly unexpected.

and Feng Ke'er immediately came out to check if there was anything special about it.

"It's very strange!" Feng Ke'er frowned: "This is not a barrier!"

"It's not a barrier?" Chen Xiang looked towards Xiao Xianglin, only to see Xiao Xianglin nodding his head.

Xiao Xianglin touched the invisible barrier in front of him and said, "There should be a time space barrier here! On that side, is another world, completely different from the Initial Evil-creation Realm. "

"What world would it be? Is there any way to get there? " Chen Xiang asked. If he could go over, then he would not have to stay in this lifeless Initial Evil-creation Realm.

"I don't have any ideas right now! It would take a long time to find a way to break through this barrier... If you really want to go over, there's another reason, which is to use a lot of power to break this barrier! " Xiao Xianglin punched towards the transparent time space barrier.

The strong pressure charged over and produced a muffled sound. The time and space barrier rippled like water.

"Even if you use a very strong power to break it open, the time and space barriers will quickly heal. This is far from the power of a barrier." Xiao Xianglin exclaimed: "You can go back to Old Evil and have him bring a few powerful people over for a try."

"Good!" I'll go back now. " Chen Xiang could not wait any longer.

After Xiao Xianglin and Feng Ke'er entered the You Yao Mountain Villa, Chen Xiang immediately rushed back to the main group of Evil-creation Race. He could use the Flying mantra and the Time Space Incantation here, but it would consume a lot of energy and would be obstructed a lot, so he did not use it, but rather made the Six Realms mirrors roll on the ground.

Before, he had already ran very far, which was why he had encountered that time and space barrier. It could be seen that this Initial Evil-creation Realm was not very big, he had just reached the border.

It would take him at least ten days to get back, which made him very anxious.

The Six Realms mirrors was like a wheel, rolling on the ground for more than ten days, when Chen Xiang suddenly saw wave after wave of strange auras coming from afar.

"It's not the aura of the Evil-creation Race, what's going on?" Chen Xiang was shocked. He immediately came out of the Six Realms mirrors and used an Invisibility Spell, releasing three illusions to investigate.

Very quickly, he discovered that what was in front of him was a wasteland, and the corpses of many Evil-creation Race people!

"Many people have died. Who were they?" Chen Xiang was extremely shocked, and immediately told Xiao Xianglin and the others about it.

"Is there anything else here?" Bai Youyou was very suspicious, "Can you tell anything from their injuries?"

"Carefully sense if there are any other auras. If there are still living people, then ask them." Qin Shuang said.

"There are no living people. The corpses I saw were all intact." Chen Xiang frowned. Previously, this group of people had happily come over from the Tao-creation Place with him, but now they were all dead. This made him feel an indescribable surge of anger in his heart.

"Could it be Jing Yun'er?" Chen Xiang immediately suspected this Tao-creation crystal mother.

"It can't be her, her strength is limited! She could not handle Evil-creation Race! Other than Evil-creation Race, there are a few other strong ones." Xiao Xianglin said.

Chen Xiang's spirit body suddenly saw a place in the distance that was burning with black flames. The spirit body immediately went over, and saw Old Evil lying there, on the verge of death.

Chen Xiang immediately rushed over, and let Xiao Xianglin out, as he tried to think of a way to extinguish the black flames, because even he was unable to approach them.

"Little White Fox, faint!" Xiao Xianglin let Little White Fox and Bai Youyou come out. "Let's join forces and release the Pressure mantra and the doppelgänger to suppress the black flames."

Chen Xiang and the others nodded and released their clones. They exerted their powers together and the strong pressure charged over like a huge wave, washing away that weird black flame.

Old Evil was already burnt to the point where his lower body was no longer there. When Chen Xiang went over, he discovered that there were many Chuangyuan keys stabbed into his body!

There was only one possibility for so many Chuangyuan keys to appear here, and that was that the people from the other Creation Race had come.

"Old Evil, how are you?" Chen Xiang immediately pulled out the six Chuangxie keys.

Amongst the six Chuangyuan keys, there were fire, lightning, wood, water, earth and gold!

"The Chuanghuo key is here too!" Chen Xiang had doubts in his heart, because the Chuanghuo key was in Chu Jinfeng's hands!

Chen Xiang immediately channeled the vast power of life and regeneration into Old Evil's body.

"I'm hopeless!" Old Evil was extremely weak at the moment, and could die at any moment. "It's already pretty good that I can still survive after being pierced by so many Chuangyuan key!"

"Is Chu Jinfeng here too?" Chen Xiang asked.

"No, the one with the Chuanghuo key is the patriarch of the Fire-creation Race." The Old Evil coughed twice, his body releasing balls of black Qi: "They felt that coming here would make the Chuangyuan key useless, and had even discovered me, so they agreed to send the Chuangyuan key into my body, and set up a seal formation to destroy these Chuangyuan key."

Chen Xiang looked at the six sets of Chuangyuan key in his hands, and then, tightly gripped them, as his voice carried a trace of grief and indignation: "Old Evil, I will help you take revenge. Although you are a Evil-creation Race, you are better than those guys.

"This Evil dragon array is for you!" Old Evil took out his black dragon cane and chuckled: "I have lived until now, and have no regrets now. It's just that my clansmen ... There are many young children among them, and I want to help me exterminate all of these Creation Race. "

"Evil dragon array is not an ordinary thing. This is me ... The Killing evil dragon I cultivated was sealed inside and refined into a Divine Equipment ... "You should use it well..."

After the Old Evil finished speaking, his body instantly turned into black smoke and disappeared. Chen Xiang held the Evil dragon array tightly and immediately felt a monstrous killing intent surging out.

"Give me some peace!"

Chen Xiang could feel that the Killing evil dragon sealed inside the Evil dragon array was enraged, because its master was dead!

After Chen Xiang shouted, the Killing evil dragon inside quietened down.

"Looks like Old Evil has completely tamed the Killing evil dragon, but he's still worried that he won't be able to control the Killing evil dragon, so he has been sealed inside." Chen Xiang released the legendary dragon fire, burning these ruins to ashes.

"If Old Evil were to release the Killing evil dragon, it might be able to save everything." Feng Ke'er sighed.

"No, there's no saving him."

This voice belonged to Jing Yun'er, and she had actually returned.

"Big Sister Yun!" Chen Xiang shouted in shock.

"If Old Evil released the Killing evil dragon, it would definitely be injured by those Chuangyuan key, and in the end, the Killing evil dragon would be under the control of those fellows. Old Evil is very clear on all this, so he did not release the Killing evil dragon even after dying." Jing Yun'er said.

"Big Sister Yun, where did you go?" Xiao Xianglin asked.

"I was just walking around. There is a passage over there that leads to the Initial Thunder-creation Realm." Jing Yun'er said: "I went over there, and met them. They seemed to know that there is a Initial

Evil-creation Realm here, so they quickly rushed over, and even though they found me, they did not chase after me, and it seems like they think that I am useless here."

"I will avenge the Old Evil." Chen Xiang took out the Chuangxie key. Currently, he had seven Chuangyuan keys in his hands, adding the two in Tao-creation Divine Lord's hands, he would be able to gather nine.

"The Chuangyuan key definitely has other uses, it's just that we haven't found them yet. You must keep them well! Those fellows are really funny, they actually threw away the Chuangyuan key just like that." Jing Yun'er sneered.

"They thought that since Old Evil had Chuangxie key in his possession, they decided to leave them here without worry. It's because they have been on guard against each other for many years, mainly because of the Chuangyuan key." Chen Xiang said: "I just think that it's strange, why would the Alliance Master give the Chuanghuo key to them?"

Xiao Xianglin said: "If I don't give it to him, Chu Jinfeng will definitely be dealt with by these Creation Race's combined forces, so he had no choice but to give it to me! For those Creation Race that have come here, in order to eliminate the greatest threat to them, they would definitely go all out."

"But they didn't expect that the Chuangxie key was in your hands, and that you had also come to Initial Evil-creation Realm." Jing Yun'er laughed.

Chu Jinfeng knew that Chen Xiang had also come, so he was very relieved to hand over the Chuanghuo key. He should also know that it would be easier for the Creation Race to destroy the Chuangyuan key as well.

"Big Sister Yun, are you going to the Initial Thunder-creation Realm?" Chen Xiang asked.

"No, I'll stay here!" When I go over there, those fellows will feel me. Although they feel that I am useless now, they will always be staring at me. I simply cannot calm my heart down and cultivate." Jing Yun'er said: "I will train here, I want to try and see if I can cultivate Killing evil dragon."

"Cultivate Killing evil dragon? This is too dangerous!" Chen Xiang said.

"What's the danger? Didn't you manage to cultivate it?" If Old Evil can also cultivate it, I will definitely be fine! "I am the senior of those fellows, but I am being chased by them everywhere. I do not have any power at all, and to become stronger, this is the only way."

Jing Yun'er pinched Chen Xiang's face, and laughed out loud: "You little brat, if you don't have the ability to kill that group of fellows, you wouldn't be discouraged.

"Big Sister Yun, have you heard of Most Ancient Era?" Xiao Xianglin's words immediately caused the laughing Jing Yun'er's face to darken.

"How do you know this place?" Jing Yun'er asked anxiously.

Xiao Xianglin told Jing Yun'er everything in a simple manner.

"Dammit, that's my hometown! I want to go back!" "Those nine ancestors were all part of Most Ancient Era. They tricked me in the beginning and threw me in the Tao-creation Place for so many years without caring about anything. If the Tao-creation Place is going to be destroyed, then take me as well.

"Big Sister Yun, we definitely won't leave you behind. We're not heartless and heartless people." Xiao Xianglin laughed.
