

## Dan God 3691

### [Chapter 3691](#)

Chen Xiang thought about it carefully and immediately understood what Han Xiaoying was saying.

Han Yixian had obtained a lot of Flame Tao-creation holy crystal, so he couldn't defend himself at all. However, if he gave a portion to the other Ice-creation Sacred Race s, and also agreed on the conditions to protect and mine the Tao-creation's Holy Crystals, then the ten of them would be able to temporarily join forces.

As long as the Ice-creation Sacred Race gathered together, even if there was no clan emperor, it would still be a power that couldn't be underestimated. At least, it wouldn't be oppressed by the other Creation Race.

The reason Han Yixian gave the Ice key to Chen Xiang was also to thank him for finding the mine! As long as he obtained the mines and gathered the Ice-creation Sacred Race s, even if he did not have any Ice key s, he could still go against the other Creation Race s.

In this way, even if Han Xiaoying managed to escape Thunder-creation Sacred Race, Thunder-creation Sacred Race couldn't say anything.

"Miss Han ..."

"Call me Xiaoying, you're not really here as a follower." Han Xiaoying smiled beautifully.

"Xiaoying, why did you marry the grandson of the Thunder-creation Sacred Race's emperor?" Chen Xiang was curious about this question the entire way.

"The main reason why the descendants of the imperial clan want to marry me is because of my Ice Creation Sacred Body." Han Xiaoying sat on the side of the bed and faintly sighed: "As long as he can obtain my body, then he can obtain two kinds of Creation Race's bloodline ... At the same time, it will also allow him to borrow the power of my Ice Creation Sacred Body, allowing him to cultivate it. "

"What is the use of the Body? With the blood of two Creation Race s, you can become very strong? " Chen Xiang asked curiously.

"The blood of the Ice Creation Saint Body possesses a special kind of power, it can refine a divine weapon, this kind of divine weapon can suppress all Creation Race s!" Han Xiaoying looked at the Ice key in Chen Xiang's hands. "The dagger in your hand is made from the blood of the Ice Creation Holy Body."

"The Creation Saint Body is extremely rare, even the emperors of various clans do not have it! I was found out by the Thunder-creation Sacred Race's royal family to be the Ice Creation Sacred Body, so he forcefully dragged me here! Thunder-creation Sacred Race also gave my father some benefits as compensation. "

Chen Xiang had not known about the origins of the Chuangyuan key before, but it had been refined using the blood of the Holy Body!

"And this is something that the other Creation Races do not know about, only my father and a few other people in the clan already know of it. If the other Creation Race knew that the Creation Saint Body had appeared and were unable to obtain it, they would destroy it together."

"Xiaoying, you are a Ice Creation Saint Body, then doesn't that mean that your strength can restrain all of the Creation Races? You are already at the peak of World Defying Stage Legendary Rank, you don't have to be afraid of them. " Chen Xiang was very suspicious of this, if he was Han Xiaoying, he would definitely kill all the people in Thunder-creation Sacred Race.

"My sacred body has just awakened ... So it's useless. I can't undo the seal myself. " Han Xiaoying shook his head in frustration: "I cannot commit suicide now, otherwise, they would have killed my father. But I am not afraid now, my father will definitely be able to gather the entire Ice-creation Sacred Race."

When Xiao Xianglin heard that there was a seal in Han Xiaoying's body, she was extremely interested. She also wanted to take some of Han Xiaoying's Blood of the Creation Saint Body to refine, that would restrain all the Creation Races.

This way, Chen Xiang could directly use this kind of Divine Weapon against the people from the Creation Race, as using Chuangyuan key would make it easier for him to be discovered.

"Shen Fei, are you really sure that you can take me out? If I can't, I'll have to kill myself. I definitely won't let my body be tainted. " Han Xiaoying had placed all his hopes on Chen Xiang, she felt that Chen Xiang must have had some extraordinary methods to be able to find the mine, if not her father would not have placed so much hope on Chen Xiang.

"Of course! Xiaoying, can I leave the Divine Thunder Mountain Villa now? If it's possible, I'll put you inside my Divine Sense Sea and bring you out. This will be much easier. " Chen Xiang laughed.

"No way!" They will surely think of that, and it won't work. " Han Xiaoying shook his head: "Think of another way!"

Chen Xiang had several methods, but it was not easy.

For example, he could use the Transmission array to teleport Han Xiaoying to the Hundreds of Flowers Village.

However, he was worried that the Transmission array would leave behind spatial and temporal fluctuations, allowing experts to probe to the location of the teleportation gate.

The other method was to use the Oldest Tree's inheritance and run out of the enchantment through it. Since they did not try, he did not know if it would work.

The other one was more complicated and required him to coordinate with a clone. He did not plan on using it, and it would be easier for accidents to occur if he did not need to rush for it.

"Tonight, I'll go investigate." Chen Xiang said: "I'll have to invite my master to take a look."

"Your master? It might be a little difficult, but arranging for you to enter here alone is Thunder-creation Sacred Race's bottom line. " Just as Han Xiaoying finished speaking, he saw a petite but very beautiful woman appearing.

"Xiaoying, this is my master! She is a master of refining and setting up formations, an expert in the art of incantations." Chen Xiang laughed.

"Hello!" Han Xiaoying immediately bowed to greet him.

"You're welcome!" Xiao Xianglin smiled slightly: "Can I see the seal in your body first?"

"Of course you can!" Han Xiaoying nodded.

Xiao Xianglin used his hand to lightly press onto Han Xiaoying's chest to let her relax, then he checked the condition of her body.

"This seal uses Legendary mantra!" Xiao Xianglin frowned: "This is not easy to remove! It might take a long time! Looks like someone specially created this seal to seal the Holy Body."

"No problem, I can wait." Han Xiaoying secretly admired Xiao Xianglin. With one look, he could tell that she had used a Legendary mantra, but she didn't even know what had happened to the seal.

"Master, take a look at this barrier." Chen Xiang said: "Take a look at it first and determine my plan for tonight."

Xiao Fuya closed her eyes and released her spiritual sense to sense the situation.

"It's better if I do the sealing!" Feng Ke'er came out from the You Yao Mountain Villa and smiled coquettishly.

"What a cute girl." When Han Xiaoying saw Feng Ke'er, he was slightly shocked. With a chuckle, he touched Feng Ke'er's face.

"She is Feng Ke'er, sealed into an elf." Chen Xiang pinched Feng Ke'er's pill: "Don't just look at her like a little brat, she can be considered an old demon."

Feng Ke'er rolled her eyes at him, then smiled sweetly at Han Xiaoying: "Big Sister Xiaoying, you're really pretty!"

"You're beautiful too." Han Xiaoying's smiling face was like a flower, squatting down and conversing with Feng Ke'er.

"I'm going to take a look at the seals here first. I must get Sister Xiaoying out of this damn place quickly." Feng Ke'er said sweetly.

"Thank you!" Han Xiaoying was currently very happy, the previous melancholy having been swept away.

Chen Xiang only released three bodies that scouted the surroundings. Once someone came over, he would immediately sense them.

An hour later, both Xiao Xianglin and Feng Ke'er reaped their rewards.

"The barriers are all very strong, they are all made with Legendary mantras and Supreme Mantras." Xiao Xianglin said.

"The enchantments in the central region are the most powerful ones, there are at least three kinds of Legendary mantra!" Feng Ke'er exclaimed in shock, "And the barrier in the east region is mainly composed of Supreme Mantra."

### [Chapter 3692](#)

was most surprised that the people of the Thunder-creation Sacred Race could grasp such a large number of Legendary mantra.

"The Supreme Mantra in the east region are nothing to worry about, but the large barrier that covers the entire Villa is formed from the mixture of over a dozen Supreme Mantra and two Legendary mantra," Xiao Xianglin said. I can sense a little bit of it, so let's determine the location. "

"There are more than ten of them!" Feng Ke'er said.

Then the two of them took out a piece of paper and drew a map.

Han Xiaoying exclaimed: "They are truly powerful, but they are so clear about this place."

Chen Xiang laughed: "It's all thanks to them, I can only be safe these past few years!"

After Xiao Xianglin and Feng Ke'er confirmed the killing array, Chen Xiang also saw a clear path.

"It's dark tonight, so I'll go and try." Chen Xiang's mysterious body suddenly saw someone coming, and anxiously said: "Someone is coming, is this guy a middle-aged man, the grandson of the Emperor?"

"That's right!" Han Xiaoying nodded his head, "Let's get out of here quickly."

Feng Ke'er and Xiao Xianglin anxiously entered the You Yao Mountain Villa, Han Xiaoying brought Chen Xiang out of the room and went outside.

Chen Xiang followed behind Han Xiaoying and strolled in the courtyard. At the same time, they told Chen Xiang about some things related to the Emperor.

The clan emperor's grandson was called Lin Tianshuo, and was also at the peak of the World Defying Stage Legendary Rank. He was extremely sinister and ruthless, had countless women, and was also a very brutal person. It was said that he had to kill at least one person every day, and was happy without any blood.

No wonder Han Xiaoying was so depressed before, and even had thoughts of suicide.

With a kick, Lin Tianshuo smashed the door of the house, then walked in fiercely. Especially when he looked at Chen Xiang, his killing intent surged, and he almost wanted to tear Chen Xiang into shreds.

"Lin Tianshuo, what's wrong with you today?" Han Xiaoying really hated Lin Tianshuo.

"What is the purpose of your father's dog follower coming here?" Lin Tianshuo looked at Chen Xiang.

When Lin Tianshuo entered, his gaze did not leave Chen Xiang, which made Chen Xiang's hair stand on end. Lin Tianshuo was already middle-aged. Although his looks were not bad, he was too ferocious, causing him to look very scary.

"My father only arranged for Shen Fei to come because he wanted to repay the kindness of his friends." Han Xiaoying's tone of voice was indifferent, and it was far from the kind and gentle tone he had when conversing with Chen Xiang.

"I won't allow it!" Lin Tianshuo said angrily: "If it's a woman, then forget it, but how is it proper for a man to be a man? You are a woman that you want to marry to Lin Tianshuo, yet you are with a male follower! He doesn't look like much, but I'm worried about him. "

Chen Xiang had only changed to a very ordinary appearance. If he had revealed his true handsome appearance, this Lin Tianshuo would have definitely charged over the moment he entered the door.

"Am I not even free to do that?" Han Xiaoying bellowed, her eyebrows knitted.

"He can stay here, but I'll castrate him myself." Lin Tianshuo laughed coldly, and had already taken out a blade: "For your sake, I'll give him three paths! The first path, if you scam to the edge of Divine Thunder Mountain Villa, I guarantee that you will be able to save your little life and get out! "

"The second way, I will castrate him. I have a special method that guarantees that he will have his roots cut off forever."

Lin Tianshuo's words made Han Xiaoying both embarrassed and angry, but at the same time, made him feel disgusted.

"He won't choose either path, I want him to stay by my side." When Han Xiaoying released his aura, the peak Legendary gas felt chilled to the bone, causing Chen Xiang's entire body to turn cold.

"Humph!" Can you beat me? " Lin Tianshuo laughed coldly.

"Wait, I have a third option!" Chen Xiang suddenly shouted: "I guarantee that I can satisfy everyone!"

"Speak. If I am not satisfied, I will crush your head." Lin Tianshuo bellowed.

Chen Xiang took out a silver dagger that was as white as ice, while his two clones suddenly flashed out, surrounding Lin Tianshuo.

"Doppelgänger mantra, Legendary mantra!" Lin Tianshuo was shocked. He wanted to roar, but was suddenly restricted by three pressure, making it hard for him to move at all.

Lin Tianshuo's power was very strong and violent, it was worthy of being the descendant of the clan emperor. Chen Xiang felt that his pressure wall could only seal Lin Tianshuo for a few moments.

But these few moments were more than enough!

He rushed forward, the white dagger in his hand releasing cold Qi, he thrust out a few times, causing Lin Tianshuo's entire body to be pierced, the place that was stabbed did not bleed, but was covered in black Qi.

This only happened after being pierced by the Chuangyuan key!

"Chuangyuan key!" Lin Tianshuo shouted with a trembling voice.

"If I kill you on this path, you will definitely be satisfied to become a dead man!" Chen Xiang smiled.

## [Chapter 3693](#)

Chen Xiang was hiding in another city, it was a very small city, the main reason he was here was to find out more about the Divine Thunder Holy City. Even though he had been here for a few days, he only knew that the Divine Thunder Holy City was sealed and he was not allowed to enter or leave.

Xiao Xianglin was still helping Han Xiaoying to remove the seal in her body. To Xiao Xianglin, being able to come into contact with this kind of profound seal was a very rare opportunity, because it could help her increase her own experience in breaking the seal. There were also some things she could comprehend from the seal, especially this kind of seal made with Legendary mantra, which was equivalent to a challenge in her eyes.

For the next few days outside, the Time array had been inside for hundreds of years, but the seal could not be broken.

"Master, how's the progress?" Chen Xiang asked, her main body was still outside, she had only let her clone in.

"Very slow, this kind of seal isn't that easy to remove." Xiao Xianglin said: "Pay attention to the movements of the Thunder-creation Sacred Race first. Although you have retreated completely, you can't say what methods they might have to find you!"

The reason why Xiao Xianglin was so worried was mainly because she had seen the enigmatic and unfathomable seals and barriers of the Thunder-creation Sacred Race.

In the Creation Race here, the use of various incantations had already reached the pinnacle.

"There isn't any news at all. The main thing is that the Divine Thunder Holy City is sealed off and can't be entered or left. Furthermore, there are also many large formations covering the area, so it's impossible for information from within to leak out." Chen Xiang said.

Even if he used the Communication jade Symbol paper now, he wouldn't be able to send a message out of the city. From this, it could be seen how much power the Thunder-creation Sacred Race had used in this matter.

"Then we can only wait and see!" Xiao Xianglin said: "It's best if you don't go back to Hundreds of Flowers Village during this period of time! If they really have a way to find you and you are still in Hundreds of Flowers Village, it will be very troublesome. "

"Un, I understand!" I'll go ask around about the Ice-creation Sacred Race now! Xiaoying is related to the Ice-creation Sacred Race, maybe the Thunder-creation Sacred Race will send someone over to the Ice-creation Sacred Race. " Chen Xiang said.

Chen Xiang immediately headed to another big city, it was Fire-creation Sacred Race's city.

As soon as he entered the city, he saw some bounty announcements. The main thing was the bounty clues.

When Chen Xiang had killed a World Defying Stage Legendary Rank at the peak of the mountain, this had caused a huge uproar in the Fire-creation Sacred Race. They had to find out who exactly killed their people.

Chen Xiang had asked around the city for most of the day and heard quite a few things about the Ice-creation Sacred Race. Right now, the people in the city still did not know what was happening in the Divine Thunder Holy City.

They only knew that the Divine Thunder Holy City was completely sealed off, and this must have happened because of something major.

You have to understand that in a super big city like Divine Thunder Holy City, there was a large force inside, and now that they were sealed inside, it could cause a lot of conflict. However, the Divine Thunder Holy City still did it, and it could be seen from this just how big the trouble was.

"The Ice-creation Sacred Race has started to gather!" Chen Xiang said, "Just like what Xiaoying said, Han Yixian used the Flame Tao-creation holy crystal veins he found to temporarily unify the split Ice-creation Sacred Race. After all, this is a large amount of resources, and it is beneficial to those lords in the Ice-creation Sacred Race.

"Now it's all up to Xiaoying! If Xiaoying broke through the seal, with the power of her Immortal Creation Sacred Body, it would definitely be very powerful. "

Chen Xiang would continue to stay in the city. He knew that many spies were gathering outside the Divine Thunder Holy City, and as long as there was any movement inside the Divine Thunder Holy City, they would be able to immediately return here.

After more than ten days, Chen Xiang received a piece of shocking news, which shocked everyone in the city.

"The people from the God-creation Race have appeared. The Divine Thunder Holy City will also temporarily open the seal for the people from the God-creation Race to enter."

"Just as the seal was opened, a shocking piece of news came from inside! In the Divine Thunder Mountain Villa, the Emperor's grandson was killed! "

When Chen Xiang heard this news, he had a bad premonition and immediately left the city.

"What are the fellows from God-creation Race doing?" Chen Xiang heard from many people that the God-creation Race seemed to be very mysterious, because here, the other Creation Clan clans all had their own cities and already controlled many of the Tao-creation's holy crystal mines.

Only the God-creation Race did not.

However, the strength of the God-creation Race was extremely terrifying, and the other Creation Race members were very afraid of the God-creation Race.

The Tao-creation Divine Lord is the God-creation Race's!

If Chen Xiang wanted to find out news of Luo Jiuyang's death, he would have to contact the people from God-creation Race first.

"Master, how is the progress of the seal on Xiaoying's body?" Chen Xiang asked.

"It's almost done. It should be done in two days!" Xiao Xianglin said: "I'm so tired!"

In another two days, the Time array will take more than two hundred years!

"Master, you've worked hard!" Chen Xiang laughed.

"That's nothing. It's just that my doppelganger is a little tired." Xiao Xianglin chuckled: "Right, you'd better leave the big cities now!"

On one hand, it was because after Han Xiaoying's seal was broken, there was no movement. On the other hand, the God-creation Race had gone to the Divine Thunder Holy City, so it was very possible that he found some clues, because he had previously used Ice key to kill people.

Chen Xiang rode on his Six Realms mirrors and continuously flew for two days. He did not know where he came from, but there were mountains everywhere.

"I've finally succeeded!" Xiao Xianglin felt as if a heavy burden had been lifted, and she had finally released Han Xiaoying from her seal.

Han Xiaoying was also very happy when he was in You Yao Mountain Villa, and he continuously thanked Xiao Xianglin.

"Big Sister Xianglei, you are from Refiner ... How about I give you some of my blood? Han Xiaoying said.

Han Xiaoying's cultivation was much higher than Xiao Xianglin's, but she still called Xiao Xianglin big sister. It was mainly because Xiao Xianglin was more capable, and was able to help her break the seal.

"Xiaoying, would the blood you released affect you?" Xiao Xianglin was more worried about this, so she did not ask for it before.

"It's nothing, just a little bit of blood!" Han Xiaoying laughed: "I'll give you a bit more, in the future, maybe Chen Xiang will need even more."

Han Xiaoying already knew Chen Xiang's real name, she just didn't know anything else about Chen Xiang.

Chen Xiang and Xiao Xianglin had thought that the blood Han Xiaoying had released would look like liquid. This was also normal blood, but the blood Han Xiaoying had forced out of his finger was actually silvery-white in color.

"Xiaoying, is this your blood?" This was the first time Xiao Xianglin had seen this kind of blood.

"Mm, it's been like this ever since my Ice Creation Sacred Body awakened! My blood is like ice, isn't it? " Han Xiaoying smiled sweetly, "The first time I saw it, I was also shocked by my own blood!"

#### [Chapter 3694](#)

Han Xiaoying let out a lot of ice crystal like blood, and her face turned pale white. Luckily, the Mei Jing Sisters and the others were here, they gave Han Xiaoying a large amount of regeneration ability to help her recover quickly.

In the end, Han Xiaoying managed to release more than a thousand kilograms of this ice crystal blood.

"Xiaoying, where are you going next?" Xiao Xianglin asked, she naturally did not need to worry about Han Xiaoying.

Because Han Xiaoying was the Creation Sacred Body, her strength was enough to restrain all the Creation Race.

"I have to go somewhere... "For the time being, I don't know where that place is either!" Han Xiaoying's eyes were filled with confusion. "I'll have to wait until I get there first before I know the specifics."

"Is this related to your Creation Saint Body?" Chen Xiang asked.

"Yes!" Ever since I found out that I had the Absolute Soul Holy Body, I always felt like I wanted to go somewhere, "Han Xiaoying said.

"Xiaoying, can I ask you something?" Chen Xiang wanted to ask if Han Xiaoying knew anything about the God-creation Race.

"Go ahead! I will tell you what I can answer! I know you are not an ordinary person, you must have a purpose in joining the Ice-creation Sacred Race. " Han Xiaoying mischievously smiled.

"I have a friend who is dead! His death has something to do with the Tao-creation Divine Lord. " Chen Xiang said: "I want to find out how he died."

"Is your friend called Luo Jiuyang?" Han Xiaoying asked with some surprise.

Chen Xiang and Xiao Xianglin were both stunned for a moment, then nodded.

"How do you know?" Xiao Xianglin asked.

"At that time, it was a huge issue, even we, the Genesis Clan, knew about it." Han Xiaoying sighed: "The white dagger in your hand, was given to my father by Tao-creation Divine Lord!"

"Daggers are called Chuangyuan keys, there are a total of nine of them! When he was brought by the nine Creator Gods to create a new era, he lost seven of them there! Tao-creation Divine Lord brought two back, one of them to my father, and the other to Luo Jiuyang. " Han Xiaoying said.

The Tao-creation Divine Lord actually gave the Chuangshen key to Luo Jiuyang!

The Chuangshen key should be the most precious out of the nine keys, but the Tao-creation Divine Lord actually gave it to Luo Jiuyang.

"Did Luo Jiuyang die because of this Chuangyuan key?" Chen Xiang asked.

"Tao-creation Divine Lord disappeared after he gave Luo Jiuyang the key, and Luo Jiuyang was besieged and attacked by all four of them ... But the Chuangshen key did not fall into the hands of the God-creation Race, into the hands of a youngster named Gu Tong. This Gu Tong and Luo Jiuyang are both his foster brothers, and Gu Tong is currently missing. " Han Xiaoying said: "That's all I know."

"But the God-creation Race did not order for Gu Tong!" Chen Xiang said.

"There's no use in bounty hunting, it would let even more people know that Gu Tong has the Chuangshen key! Chuangshen keys are extremely important to God-creation Race, and are equivalent

to God-creation Race's lifeline. " Han Xiaoying sighed: "My father also once grasped a Ice key, this is our Ice-creation Sacred Race's lifeline, but he doesn't dare to take it!"

Ice key could not only restrain the Ice-creation Sacred Race, he could also restrain the other Creation Race s. If the news of Han Yixian possessing a Ice key were to spread, he would definitely be killed.

"Xiaoying, God-creation Race is also very mysterious here!" Chen Xiang frowned: "They went to Divine Thunder Holy City earlier, I wonder what they are going to do now."

"Someone from the God-creation Race went to the Divine Thunder Holy City?" Han Xiaoying was extremely surprised with this matter.

"What does that mean?" Chen Xiang asked anxiously.

"I don't know! In short, the God-creation Race has many mysterious techniques, and the number of various incantations you have mastered is also the greatest. " Han Xiaoying said: "Anyway, it's better if you stay away from Divine Thunder Mountain Villa during this time."

"Do you know where God-creation Race's old nest is?" Chen Xiang wanted to investigate who it was that killed Luo Jiuyang, but he didn't know either. He wanted to find out who it was.

"I don't know for now, but maybe I'll find out in the future!" After Han Xiaoying finished speaking, he opened his palm and condensed a silver white pearl.

"Chen Xiang, take good care of this pearl! If I find anything else when I get there, I'll send you to find me."  
"

Han Xiaoying had already come out of You Yao Mountain Villa, and handed the pearl over to Chen Xiang.

"Alright!" Chen Xiang nodded.

"Can I see your real face?" Han Xiaoying chuckled.

"Of course you can!" Chen Xiang smiled and changed back to his original appearance.

"So beautiful!" Han Xiaoying even touched Chen Xiang's face.

"Take care of yourself!" Chen Xiang blushed and giggled.

Han Xiaoying nodded, then turned into a streak of silver light and flew far away with a flash.

"Master, when you have the time, refine my Six Realms mirrors and Heavenly magic sword for a while."  
Chen Xiang laughed: "Use Xiaoying's blood to refine it."

"Alright, I'll have my clone refine it now!" Refining the Six Realms mirrors would require a bit more blood, which would be even more lethal for the Creation Race. " Xiao Xianglin laughed.

Chen Xiang did not run around, but stayed far away from the Divine Thunder Holy City.

Ten days later, he arrived at a small city that was very far away from the Divine Thunder Holy City. From here, he could also hear some things about the Divine Thunder Holy City.

Chen Xiang was the clearest about what was happening in the Divine Thunder Holy City, so there was nothing much to inquire about. What he needed to know was what the God-creation Race was doing in the Divine Thunder Holy City and what his purpose for going there was.

Now, even in this small city, they only knew that the descendant of the royal family, Lin Tianshuo, was killed, and the whereabouts of Lin Tianshuo's fiancée was unknown.

Before that, Han Yixian had sent a follower to the Divine Thunder Mountain Villa.

Everyone was sure that it was that follower who killed Lin Tianshuo and ran off with Lin Tianshuo's fiancée, Han Xiaoying.

In this period of time, Han Xiaoying's father, Han Yixian, actually unified the entire Ice-creation Sacred Race.

As for the mine that Han Yixian was controlling, that was already known to all. Therefore, right now, Thunder-creation Sacred Race did not dare to make a move against Ice-creation Sacred Race, otherwise he would fight with them and both of them would suffer losses.

Today, many people were also curious why Han Xiaoying would be taken away by the Thunder-creation Sacred Race to force a marriage. For this reason, the grandson of the Thunder-creation Sacred Race's royal father had even lost his life.

... ..

Han Yixian was walking back and forth in his room. He was feeling very depressed, he told Chen Xiang to go and save Han Xiaoying, but Chen Xiang had already succeeded, and his speed was extremely fast. This was something he had never expected. What was even more unexpected was that Chen Xiang actually killed Lin Tianshuo.

Han Yixian was very clear that Chen Xiang must have used that Ice key to kill Lin Tianshuo.

"Lord, Thunder-creation Sacred Race definitely knows something! God-creation Race already went to the Divine Thunder Mountain Villa, if Shen Fei really used a Ice key to kill Lin Tianshuo, there would be remnants of his aura." An old man said.

### [Chapter 3695](#)

Han Yixian frowned, he was worried about this matter.

"Yes, they will definitely know that Shen Fei has the Ice key in his hands." Han Yixian said: "They could also guess that I had given the Ice key to Shen Fei, so in the end, they would only chase after Shen Fei."

"They haven't come looking for trouble with me yet, they probably know that I had already sent the Ice key out! I did not use the Ice key to deal with them, so they must thank me in their hearts, otherwise, I would be able to turn Most Ancient Era upside down." Han Yixian scoffed, "If I wasn't looking at the bigger picture, I would definitely have fought with them."

As one of the higher-ups of the Ice-creation Sacred Race, with his immense power, Han Yixian naturally had to take responsibility for protecting the Ice-creation Sacred Race.

"I have already discussed this with the Earth Saints and the Gold Saints. They have agreed to buy our Tao-creation's Sacred Crystal, so I will give them a suitable price. This way, they will support us in the dark." Han Yixian said.

"But... But there is a God-creation Race over there! Furthermore, the Thunder-creation Sacred Race might join hands with the other Creation Races to deal with us." The old man was very worried.

"Alright, go and spread the news that the Thunder-creation Sacred Race used a barbaric method to steal my daughter. That is to say, they have taken a fancy to my daughter's Ice Creation Saint Body." Han Yixian said: "As long as you spread this news out, the other Creation Races will have one more thing to worry about."

The reason why Thunder-creation Sacred Race took a fancy to Han Xiaoying's Creation Sacred Body and seized it was extremely obvious.

As long as one controlled the people who possessed the Ice Creation Saint Body and obtained a large amount of blood to refine divine weapons, they would be able to restrain all of the Creation Race.

In the next few days, this news spread throughout the large cities. Originally, many people did not know about the matter of the Creation Saint Body, but this rumor also detailed the matter of the Creation Saint Body.

Today, many people believed that it was true. Otherwise, they would not be able to understand why the Thunder-creation Sacred Race would suddenly attack and occupy a woman. With his illustrious status in the Thunder-creation Sacred Race, what kind of woman didn't exist?

When Chen Xiang heard about this, he immediately guessed that this was something that Han Yixian had released. The reason was so he could tell the other Creator Clan that the Thunder-creation Sacred Race had set their eyes on them.

"This Han Yixian has covered up the news for a long time. He did not release him before because he was afraid that Xiaoying would be robbed and killed by the other Creation Races, or else the Thunder-creation Sacred Race would kill Han Xiaoying in order to not make an enemy out of the other Creator Clans." Chen Xiang said.

"If the other clan members knew that Xiaoying was in the hands of the Thunder-creation Sacred Race and that they couldn't get their hands on him, they would still force the Thunder-creation Sacred Race to kill Xiaoying! This is also the reason why Han Yixian didn't dare to leak this information before." Xiao Xianglin said: "But right now, Xiaoying has already escaped, so he is not worried."

While Chen Xiang was in the small city, he had always been thinking of a way to find out about the God-creation Race, but he did not make any progress.

Late one night, when he was resting, he suddenly felt the Ice key violently tremble. Moreover, it was constantly releasing its aura.

The Ice key was sealed with multiple dimensions, but its Qi could still be stolen.

"Master, what's going on?" Chen Xiang was panicking.

"Run! Leave this city!" Xiao Xianglin said: "The reason the Ice key made such a commotion, is definitely because of those Creation Race s."

Chen Xiang quickly ran out of the city and rode on his Six Realms mirrors.

At this time, Xiao Xianglin was also dealing with the Ice key, but no matter what, the's Qi was constantly being released.

"Xiaoying said before that the God-creation Race had many methods ... Maybe this is the doing of the God-creation Race. " Chen Xiang scolded in a low voice: "This bunch of bastards, just what method did they use to make the Chuangyuan key move like this? I wonder if the other Chuangyuan key would also do the same."

He looked at the other Chuangyuan key, those Chuangyuan key were actually sealed very quietly.

"What should I do now? You can only run away like this? " Chen Xiang's head was in a mess. If he stopped, someone would definitely chase after him.

In the next few days, the Ice key would constantly release auras. Although the auras were weak, it was true that the auras were unique to the Chuangyuan key, and the people of the God-creation Race would definitely be able to track them.

Just like that, Chen Xiang rode his Six Realms mirrors at its fastest speed, he didn't dare to stop.

After more than ten days, the Ice key finally quieted down and did not have that kind of activity from before.

Chen Xiang was relieved, and he slowed down his pace.

He had been running around these past few days, so it was unknown if he had been chasing him.

After slowing down his speed, two days later, he suddenly sensed a weak aura. After all, there was someone chasing after him. There was only one aura!

"He's here!" Chen Xiang immediately increased his speed, but suddenly he heard a sound transmission to him.

"Is it Chen Xiang? I am Gu Tong! "

Hearing that, Chen Xiang immediately stopped, he wanted to look for Gu Tong too, but now, he realised that Gu Tong had found him.

Gu Tong was flying in the air, his speed was not slow either. From his Qi, one could tell that he was at the peak of World Defying Stage Legendary Rank, and his breakthrough was fast.

"Senior Gu, how did you find me?" Chen Xiang looked at the young man in front of him and was pleasantly surprised. Gu Tong was still the same as before, looking like a teenager.

"Are the Ice key in your hands?" Gu Tong said in a serious tone, "I found them based on this."

Chen Xiang hurriedly nodded.

"When news of Divine Thunder Mountain Villa spread, I knew that there was a follower named Shen Fei, I guessed that it was you." Gu Tong sighed: "This really does seem like your way of doing things!"

"Senior Gu, I have too many things to tell you." Chen Xiang said.

"Me too! The Ice key is in your hands, have there been any changes during this period of time?" Gu Tong asked quickly.

"Yes, yes, yes!" Chen Xiang was having a headache about this matter, "It's been two days already."

"If you use the Ice key to kill the people of Creation Race, then the Ice key will be in a state of awakening. As long as you use the blood from the Ice-creation Sacred Race's people to do it, the Ice key will go insane and the Ice key will be able to release its aura so that it can be easily tracked." Gu Tong said.

"This is the work of the God-creation Race?" Chen Xiang could guess that someone must be up to no good.

"Yes!" That person is already dead, so they need to capture another person. Moreover, they need to capture someone from the World Defying Stage Legendary Rank, and that person is not easy to capture, so it will take a period of time. " Gu Tong said: "I'll bring you to a place, seal the Ice key first."

Gu Tong must have experienced a lot, if not he wouldn't have known so much.

"Un, hurry!" Chen Xiang had been scared these past few days.

Gu Tong was also worried that some strong enemy would come to find Chen Xiang, so he anxiously brought Chen Xiang to that place to seal the Ice key.

"Senior Gu, the Ice key was given to Han Yixian by the Tao-creation Divine Lord, why didn't he give it to you back then?" Chen Xiang asked.

"Tao-creation Divine Lord had originally thought that giving the Ice key to Han Yixian would allow him to perform an act and unite Ice-creation Sacred Race. It's just that she didn't expect that Han Yixian's daughter would actually be taken away, which resulted in Han Yixian continuing to endure patiently." Gu Tong said: "If Tao-creation Divine Lord knew that Han Yixian's daughter was the Ice Creation Sacred Body, he might have had another plan in mind."

Gu Tong used a flying discs to fly with Chen Xiang high up in the sky. Although the speed was not fast, the flying discs would occasionally travel through space and time, this way they wouldn't leave auras behind along the way.

"What about the Tao-creation Divine Lord? Where is he? He is so powerful, and he must be very powerful to be able to use two Chuangyuan key. " Chen Xiang said: "Why did he send the Chuangyuan key out? You gave one to Senior Luo, and even caused her death! "

Chen Xiang had a lot of complaints about this.

"Chen Xiang, this is very complicated! You may not know this, but Tao-creation Divine Lord is already dead! He had secretly sent the two Chuangyuan key out before his death. In the Most Ancient Era, if one does not have Chuangyuan key, then they are invincible. " Gu Tong sighed. When he mentioned Luo Jiuyang's death, his heart was heavy.

Luo Jiuyang had been with him for so many years, he would not be around if he said he wasn't.

Tao-creation Divine Lord was also dead! Chen Xiang went silent, he did not know what the Tao-creation Divine Lord was doing, to pay such a heavy price for two keys!

"Why didn't he just send the Chuangshen key out?" Chen Xiang replied: "If I give it to God-creation Race, wouldn't there be nothing else?"

"Chen Xiang, there is a reason why Tao-creation Divine Lord refused to give his Chuangyuan key to Tao-creation Divine Lord even after he dies! No Chuangyuan key can ever fall into the hands of the God-creation Race. "

Gu Tong let out a long sigh, "God-creation Race is the strongest of the Creation Race, but they were also restrained by the Chuangyuan key, which is why they didn't act rashly for so many years. Their current strength is very strong, but they still have the power to restrain them. It's precisely because they don't have any Chuangyuan key in their hands, that's why the other Creation Race can deal with them by joining hands. "

"If they have a set of Chuangyuan key in their hands, then all the other Creation Race s will be wiped out by them!"

< >

"And then? It doesn't seem to affect us at all! " Chen Xiang said.

"Do you really think that it is natural for Most Ancient Era to imagine such a thing? Among them, the black hand is the God-creation Race! " Gu Tong said: "The God-creation Race controls the Most Ancient Era to devour the era of the Myriad Tao. This way, the Most Ancient Era's overall energy will be even greater."

"I even thought that Tao-creation Divine Lord had given up on the Myriad Tao era ... Back then, we almost died in Tao-creation Place. " Chen Xiang frowned: "Then what is God-creation Race's final goal?"

"The ultimate goal of the God-creation Race is extremely terrifying! But they were unable to complete it themselves, which was why they secretly joined up with the Thunder-creation Sacred Race. " Gu Tong said, "They want to obtain the Chuangyuan key, then eliminate the other Creation Race. Finally, they will set up a super large formation to gather all of the Most Ancient Era's energy and let them absorb it, allowing them to break through to an even stronger realm."

"The power you have in the Most Ancient Era includes also includes you and me ... We are all energy, and they have already set up that super array. Once we open this super array, everything inside the Most Ancient Era will be absorbed by that array, especially for those like us who have a lot of energy in our bodies, we will slowly be swallowed by that array. "

When Chen Xiang heard these words, he could not help but shudder: "Have they already started?"

"Of course not! The moment they start, the other Creation Clans would immediately realize that Most Ancient Era was originally created by the Creation Race, so they are very sensitive to the flow of energy within the Most Ancient Era. Gu Tong said: "And this is exactly what the God-creation Race are afraid of, so they want to eliminate the other Creation Race s."

"They can totally join all the Creation Race s!" Chen Xiang said: "Didn't they join hands with the Thunder-creation Sacred Race?"

"No, because in their eyes, the other Creation Race s are just a huge wave of energy. If we lack this energy, they won't be worried enough, but there are a lot of people between Thunder-creation Sacred Race and the God-creation Race. If we lose the energy of the other Creation Race, it won't be enough for them to share." Gu Tong shook his head: "Now do you understand why Chuangyuan key are so precious?!"

"Doesn't that mean that Yuan Yanying is even more precious?" Chen Xiang took a deep breath, "Thunder-creation Sacred Race did not tell God-creation Race that Yuan Yanying is the Ice Creation Sacred Body!"

"Yes, Thunder-creation Sacred Race wants to monopolize the energy of the entire Most Ancient Era." Gu Tong sneered.

"God-creation Race should be very angry by now. He will be tricked by Thunder-creation Sacred Race, and luckily you saved Yuan Yan ... Right, where's Yuan Yanying? We have to protect her well! "

"This... She said she was going somewhere, and then she left on her own, and we didn't have to worry about her, she was so much better than we were. " Chen Xiang said.

"I don't know much about the Ice Creation Saint Body. Big brother only mentioned it occasionally." Gu Tong recalled and said: "He said that at that time, the ancestors of the great Creation Race s were all Primordial Sacred Body, and then for some reason, went extinct, and the Chuangyuan key were all refined by them.

"Later on, when it came to Big Brother's generation, they took the Chuangyuan key and went to start the era of Myriad Tao. On one hand, it was to prevent the Creation Race from killing you to death with the Chuangyuan key, and on the other hand, when they were there to start the era of Myriad Tao, they were also wary of each other." Gu Tong said. [Pen, i] [- Pavilion]. com

"Then did Tao-creation Divine Lord say anything about gathering all the Chuangyuan key together? Chen Xiang asked, he was only short of that Chuangshen key.

"He's also very curious, but he will never get the chance to do so. Right now, the other seven Chuangyuan key are all in the Tao-creation Place, so they might have already disappeared forever." Gu Tong asked, "What happened to Tao-creation Place in the end? How did you escape! "

"This..." Chen Xiang told Gu Tong about the Initial Thunder-creation Realm, but he didn't say anything about him obtaining those Chuangyuan key.

"This Thunder-creation Sacred Race sure has a lot of tricks up his sleeves!" Gu Tong sighed.

Although the Thunder-creation Sacred Race had sent people to the Initial Thunder-creation Realm, that person was killed by Chen Xiang. That person was very arrogant back then, and the City of Thunder was taken down by Chen Xiang as well.

Chen Xiang guessed that the Thunder-creation Sacred Race was hiding something from the God-creation Race and had gone to the Initial Thunder-creation Realm to search for the Chuangyuan key.

"Senior Gu, where is your Chuangshen key sealed? "Don't you have it with you?" Chen Xiang asked, if he did not bring it with him, he would never feel at ease.

### [Chapter 3697](#)

Gu Tong was going to bring Chen Xiang to a place to seal Ice key.

"You can take it with you, but I can't! Chuangshen keys are not so easy to control. If I carry them with me for too long, it will be easy for me to be affected and then fall into a lost state. I don't even know what will happen to me. " Gu Tong said: "Your Ice key should be fine, it isn't as scary as the Chuangshen key."

Gu Tong flew for many days with Chen Xiang before finally arriving in a desolate dead end.

From high up in the sky, Chen Xiang could see a long black line on the ground in the distance.

Gu Tong brought Chen Xiang into the deep crevice, where there was a cave.

"Big brother brought us here before." Gu Tong brought Chen Xiang into the cave.

Chen Xiang saw a table in the cave. On the table, there was a very small formation plate and in the middle of the formation plate, there was a groove.

"Put your Ice key on it!" Gu Tong said.

"Alright!" Chen Xiang immediately took out the Ice key. The moment he put it on the ground, the Ice key began to tremble and then release a wave of aura.

"Crap!" Gu Tong's expression changed, "How did they capture a legendary Ice-creation Sacred Race so quickly?"

"Isn't it fine to just take this formation plate away?" Chen Xiang said.

"No, I can't take it with me! Big Brother used a secret technique to absorb energy from below and used it to seal Chuangyuan key. It would be impossible to leave this place. " Gu Tong said: "You stay here and watch, I'll go up to block them."

"How long would that take?" Chen Xiang asked.

"It'll take at least twenty hours." Gu Tong said: "I'm just afraid that they will use the super space-time array to teleport over."

Gu Tong had already ran up the stairs, he was extremely anxious inside the cave, he wanted to try and see if he could use the Time Domain to cover the array disc and increase his speed, but he did not succeed.

"I really shouldn't have used the Ice key to kill that bastard." Chen Xiang secretly regretted it, they had left a clue, if not they would not have been traced.

"Even if you use other Chuangyuan key, you will be discovered!" Xiao Xianglin said: "Don't blame yourself, if you didn't use the Chuangyuan key, you wouldn't have been able to quickly kill that Lin Tianshuo."

Chen Xiang could only walk around the cave anxiously, waiting for the seal to succeed.

After nine hours, Chen Xiang felt like he had lived for a thousand years.

"Soon, soon!" Chen Xiang was even more anxious. Once the seal was completed, he would be able to carry the Ice key far away.

Just as Chen Xiang was worrying about this, a rumbling sound came from above.

"Not good, they're here!" Chen Xiang immediately released a magic body.

After the phantom body ascended, the scene that greeted him startled him. He saw that high up in the sky, there was a large black mass of people, there were at least 100,000 of them.

"These are all people from the Thunder-creation Sacred Race s. There's actually so many of them, and they're so powerful as well." Chen Xiang understood, even if they had Chuangyuan key s, they were not invincible.

What he saw through the illusions were the mighty powers of the Thunder-creation Sacred Race and the God-creation Race!

And Gu Tong only had him!

"This is bad!" Chen Xiang looked at Gu Tong who stood alone on that vast and empty land, and didn't know what to do.

In his anxiety, Chen Xiang released two clones and two Red fire dragon s, waiting for the right time to run out.

Seeing that it was Gu Tong, an old man from God-creation Race said in shock: "Gu Tong, it's you again! This is great, you won't be able to escape. "

"Hmph, I don't plan on running anymore. If you have the guts, then kill me!" Gu Tong laughed loudly, "And you will never be able to find the Chuangshen key! At most, you can only restrain your Ice-creation Sacred Race s. Although you can restrain other Creation Race s, their power is not strong enough. "

Chuangshen key are the strongest!

"Completed!" Chen Xiang saw that the light on the array disc had disappeared, and was overjoyed. He immediately took down the Ice key.

"Senior Gu, the seal has been completed." Chen Xiang told Gu Tong through his [Phantom Shadow].

"That's great, hurry up and escape." Gu Tong replied, "Don't worry about me."

"How can that be?" Chen Xiang would definitely not leave her alone.

"Is it safe?" Chen Xiang did not come to the surface, but continued to move deeper, further away from that land of death.

More than a month had passed, and Chen Xiang had arrived at the surface of the mountain forest. It was extremely quiet, which made him feel a lot more at ease.

Even though it had been over a month, when he thought back to how Gu Tong had self-destructed in front of his eyes, he felt an unbearable pain in his heart.

"Now we can be sure that Luo Jiuyang and Gu Tong died just like that." Xiao Xianglin said: "I will try to use that Array to guess the location of the Chuangshen key."

### [Chapter 3698](#)

Chen Xiang sighed, even the Tao-creation Divine Lord died because of the Chuangshen key, he did not know how terrifying the Chuangshen key was, he did not know why, but he was suddenly afraid of the Chuangshen key.

After resting for a while, he began to search for the city.

After searching for a few days, he arrived at a small city. He then inquired about the nearby big cities from the small city.

"This city should be the strongest other than the Creation Race." After Chen Xiang entered this city, he discovered that it was much larger than the Thunder-creation Sacred Race and the barrier around the city was very strong as well.

Most Ancient Era had existed for many years. Other than those Creation Race s, there were also some very powerful existences among them. They would also establish their own power to fight against the Creation Race and not be bullied by the other Creation Race s.

"Divine Power City, I hope I can stay here for a while." Chen Xiang didn't have anywhere else to go, and he didn't want to return to the Hundreds of Flowers Village either.

As a large city, the Divine Power City was very well-received. Everyone here knew about the affairs of the Thunder-creation Sacred Race and the Profound Creation Saint Body.

The Thunder-creation Sacred Race had secretly developed his own strength and hidden it from the God-creation Race. He had not been taught a lesson by the God-creation Race, which made Chen Xiang puzzled.

"I'm safe for the time being, let's not bother about these trivial matters." What Chen Xiang needed the most right now was to raise his own strength.

He had been asking around the Divine Power City about various types of medicinal pellets, but he did not manage to find any that could allow a late stage World Defying Stage Legendary Rank to step into the peak.

"Do I really need time to do this?" Chen Xiang was not a patient person.

"If there really isn't any, we can directly find the medicinal materials to create the pill formula." He Fengyuan said: "Anyway, we have World Defying Dan grain, and a genius Alchemist like you."

"This will definitely require a very high level of Tao-creation divine medicine. At the very least, it will be a top grade Tao-creation divine medicine." Chen Xiang said: "This will take quite a bit of time to collect."

"Be patient. There will be an answer." He Fengyuan said.

A few days later, Chen Xiang's clone suddenly heard a piece of good news. There was a guy called the Herb God in Divine Power City, who was recruiting for the Alchemist, who knew what he was planning to do.

The reason why he had the title of 'Herb God' was mainly because this fellow had a very mysterious method of harvesting medicinal herbs. He was able to find many high grade medicinal herbs and even grow them.

The Medicine God himself was very strong, he was at the peak of World Defying Stage Legendary Rank, and his relationship with many of the Alchemists were not bad. He was also the richest person within the Divine Power City, and also the strongest person.

What the crowd couldn't understand was that the Medicine God had never openly recruited Alchemists, not to mention that he had many strong Alchemist friends. If he needed the Alchemist, the stronger Alchemists would also recommend the other alchemist grandmasters to join him.

The biggest advantage of the Medicine God was that he had mastered a large amount of high grade herbs. This was extremely attractive to the Alchemist and he himself did not know how to refine pills.

"The Medicine God recruited the Alchemist to refine a mysterious pill. Although someone was able to refine this pill, its quality is far from what he wanted." Chen Xiang thought: "If I can refine it, the Medicine God will definitely reward me heavily, saying that I can choose five types of precious divine medicines."

This was a rare opportunity, of course Chen Xiang would give it a try.

He immediately went to the Medicine God's store, which was a very large villa. The moment he came to the door and said that he was an Alchemist, someone would immediately bring him in.

Chen Xiang was brought to a Dan Hall to wait.

When night fell, the Medicine God finally came. He was a thin, tall old man who was in high spirits as he smiled at Alchemist in the great hall.

"Everyone, you really give me some face, I just started recruiting and already have so many Alchemists." The Medicine God laughed. It was said that the Medicine God was someone with the same surname, and his name was the Medicine God ...

"Medicine God, just tell me what pill you want to concoct." An old man laughed, "I was in seclusion, but after knowing that you had a mysterious pill that was hard to refine, I immediately ran over."

"Don't be anxious. The medicinal ingredients required for a mysterious pill like mine are extremely precious. Therefore, I must first see if everyone has the ability to refine them in order to avoid wasting

the medicinal ingredients." The Medicine God laughed and then waved his hand, instructing someone to bring up a few baskets.

The contents of the basket were like gray stones.

"This is called the Huishen fruit. I will not talk about its specific uses first, what you need to do is to first know the uses of this fruit, and then refine it into a pill." The Medicine God smiled. "Each person has three. You only have three chances."

Chen Xiang looked around. There were more than two hundred Alchemists here, some of them were in the late stage of World Defying Stage Legendary Rank. To Alchemists, this realm could be considered to be very high.

There were also some who were at the peak of World Defying Stage Legendary Rank, and could be said to have gathered many outstanding Alchemists.

When Chen Xiang obtained the three Huishen fruit, he also felt that it was strange. When he held them in his hands, they felt like they were made of stone.

If it wasn't for the fact that the Medicine God said it was a fruit, everyone would have thought that it was some kind of refining material!

Therefore, at this moment, many people were feeling strange. They all thought that this was a blacksmith's ore...

Chen Xiang quietly placed a fruit inside the You Yao Mountain Villa, letting He Fengyuan have a look.

"This is the medicinal herb, I'm sure of it." After He Fengyuan received it, he could immediately confirm it.

"For what purpose?" Chen Xiang asked: "If it really is a medicinal ingredient, then I do not have any problem in refining pills!"

Chen Xiang had already taken out his pill furnace and started refining. There was no time limit, but refining this kind of high level medicine definitely required a lot of time, so many people would take out their Time arrays, and they would spend many days inside the Time array refining. This way, the Medicine God wouldn't have to wait for a long time.

"This is not a high-grade fruit!" He Fengyuan saw that Chen Xiang was about to take out the Time array, and anxiously said: "You will not need too much time, you will have to wait, I need to understand more before I can tell you the specifics."

"Alright!" Chen Xiang did not immediately start refining like the other Alchemists. He took a glance at the Medicine God and saw a smile on his lips, but there was a trace of disappointment in his eyes.

Now that there were no results, the Medicine God was disappointed!

Chen Xiang felt that the Herb God must have already seen through them. The people here did not see the grade of the fruit and all went into the Time array to refine them.

Forget about high-level herbs, he did not even need to use Time array!

Very quickly, there were people who came out from the Time array. From their expressions of disappointment, they knew that they had all failed.

### [Chapter 3699](#)

Chen Xiang was secretly glad he had He Fengyuan's reminder, if he had tried blindly, he would have definitely failed. The Medicine God was not an ordinary person. He had spent a great deal of effort to gather all these Alchemist here, so the test he had given would definitely not be completed so easily.

"Feng Yuan, how is it now?" Chen Xiang asked, at the same time, there were already people who had failed and came out from the Time Formation, after they failed, they would only leave the middle area and go to the side.

They wanted to see if there was anyone who would be able to successfully refine it.

Right now, only Chen Xiang had not started. There was no time limit, so there was no problem no matter how much more he waited.

"It's about time. This fruit looks very strong, but it can't be burned with fire ..." Furthermore, when these fruits come into contact with flames, they will produce a strange reaction and instantly burn up. If you cannot quickly prevent the medicinal herbs from burning up, then the Huishen fruit will be burnt away very quickly. "

Through her special ability, He Fengyuan understood the characteristics of Huishen fruit.

"For what purpose?" Chen Xiang asked.

"Its specific use... It looked grey and indistinct, but this kind of fruit had a very good effect. It could rapidly grow the bones and flesh ... It can even strengthen the flesh and bones. " He Fengyuan said: "Go refine one first and take a look."

Chen Xiang took out his pill furnace, and after placing the Huishen fruit in it, he released a weaker flame to burn.

"What's going on with this kid?" Doesn't he use Time array s? The Huishen fruit did not look like a low level medicinal ingredient. It would take a lot of time for him to refine it directly. " Someone said.

At this time, many people were paying attention to Chen Xiang's side, because he was the only one who had not started refining and did not use his Time array.

"In any case, he will fail in the end, and I did not fail very long after starting. These types of medicinal ingredients are truly strange. They can only be tried three times and it will be difficult to successfully refine them before the pills are produced."

"That's right! The first time was because the flames that I released were too strong and burned away all of the medicinal ingredients in one go. "

A few Alchemist s were also discussing the unique part of the Huishen fruit in low voices.

The Medicine God was extremely interested in Chen Xiang, because Chen Xiang did not use Time array to refine it. This meant that Chen Xiang had already discovered that this was a low level medicinal ingredient. Furthermore, Chen Xiang had to observe for a while before he started to refine it.

After Chen Xiang released the flame to burn the Huishen fruit, he quickly felt the Huishen fruit burning up on itself, and its burning speed was extremely fast, so he quickly thought of a way to save it. It was as if he put away the flame inside the pill furnace, and then used his consciousness to separate the flame above the Huishen fruit.

"This is bad!" Chen Xiang was shocked, because the Huishen fruit's flames had already burned into the interior. By the time he discovered it, he was already a step too slow.

"It's just as Feng Yuan said!" Chen Xiang took a deep breath, opened the pill furnace, and continued to place the second one.

When the crowd saw that he had failed, they also secretly laughed, because they all had this kind of experience.

"It looks like I can only use fire and water to refine it!" This was a method used in the Heavenly Alchemy, it could release flames in the water to refine medicinal ingredients.

Huishen fruit would spontaneously combust, and the flames they produced after spontaneous combustion were very special as well. The speed of combustion was very fast, and would even quickly burn internally, causing the entire Huishen fruit to become crippled if it wasn't careful.

Chen Xiang condensed some water out and placed it inside the furnace. The water that he had was not ordinary water, it had been condensed from Legendary gas.

At the moment, the Huishen fruit was already immersed in the water inside the pill furnace. Chen Xiang released the flame and poured it into the water to start burning the Huishen fruit.

After the Huishen fruit was burnt by the flames, it did not spontaneously combust. This meant that the situation with the spontaneous combustion had been effectively controlled.

"I've finally passed this stage." Chen Xiang sighed, then continued to refine the Huishen fruit.

The Huishen fruit's outer appearance was grey, but after being refined, it had turned into a silvery white crystalline color.

"Chen Xiang, this kind of Huishen fruit does not need to refine into a pill, it would be better to refine the medicinal powder." He Fengyuan suddenly said: "This is a type of external medicine."

"Alright!" Although he did not need to condense the pills, Chen Xiang still used a derivation method to make the quality higher. Finally, he used pressure to grind the crystals into powder.

This was indeed not some high grade medicinal herb, and Chen Xiang had refined it in more than two hours.

After opening the pill furnace, he poured out some sparkling powder. When everyone saw this, although they were surprised, they did not think much of it.

"This guy still failed. He just turned the medicinal herb into white ashes."

"He seems to have been going on for a long time. What is he doing? "Looks like no one will be able to succeed today!"

When these people scoffed at the silvery white crystal powder refined by Chen Xiang, they saw that the Medicine God had immediately walked up to them with an excited expression.

"Do you know what effect this medicine has?" The Medicine God asked in pleasant surprise.

"External treatment." Chen Xiang laughed.

"This is called Brilliant Powder. Not only can it treat all kinds of serious wounds, it can also be used for information on burns and poison injuries. Refining powder for external use is the most suitable." The Medicine God nodded immediately, then patted Chen Xiang's shoulder and said with a smile: "Little brother, you should be considered very young. What's your name?"

"Just call me Ah Sen." Chen Xiang laughed faintly.

"Alright, Ah Sen, come with me!" The Medicine God anxiously brought Chen Xiang and left the great hall. It was only then that Chen Xiang realised that he was the only one who was still concocting pills.

The surrounding people were all stunned. What they thought was impossible, was someone had actually done it, and the few people who had mocked and ridiculed Chen Xiang earlier, had flushed red all over.

... ..

The Medicine God brought Chen Xiang into a small hall and laughed: "Ah Sen, how do you know about the effects of this kind of medicinal ingredient?"

"I tried a little. I can feel it from that energy."

The Medicine God nodded his head: "This is the power of a powerful Pill God!"

"Medicine God, you seem to be troubled by some difficult problem? You have a pill that you can't refine?" Chen Xiang asked, as long as he could concoct those pills for the Medicine God, he would be able to obtain the best quality of Tao-creation's Divine Medicinal Herbs from the Medicine God, which was what he needed the most right now.

"Yes!" I need to concoct a kind of medicinal powder similar to the Brilliant Powder for external use. " The Medicine God nodded. "I cannot reveal the specific person I am helping to treat."

"This is your private matter. All I need to do is refine what you need." Chen Xiang said with a smile: "When can we start?"

"I can give you the medicinal herbs right now ..." "There are ten sets of ingredients in total. You just need to refine a box of medicinal powder and give it to me." The Medicine God gave Chen Xiang a Storage bag. Inside were ten sets of medicinal ingredients and a small box.

[Chapter 3700](#)

The small box was not big, and did not need much medicinal powder. Chen Xiang estimated that he would only need to use two sets of ingredients. Please search for ()! Fastest novel [how good] -79-

"I know of a few alchemy gods. Although they can refine it, their quality can't meet my requirements. This type of medicinal powder has very high requirements for quality. As long as it is just a little bit less, it won't have any effect." The Medicine God said, "The Brilliant Powder that I just made is of excellent quality, so I think you might succeed."

"I will do my best!" Chen Xiang nodded.

"The name of this pill is Rebirth powder, it can rebirth a person ... .. It can cure both internal and external injuries, it can cure all kinds of strange poisons, and it can let a person's body be reborn, even if it is rotten to the core, as long as you can 'touch' this kind of Rebirth powder, you can recover back to your original state, it is extremely strange, it is a very perfect healing pill, but it is very difficult to refine.

The Medicine God said: "If you are unable to succeed in these ten portions, I will continue to provide you with the ingredients. If you are able to successfully refine the Rebirth powder and give it to me, as for the rewards, you can rest assured that I will not treat you unfairly."

"I believe in medicine." Chen Xiang laughed: "Please provide the 'Medicine God' a quiet place for me to refine pills."

The Medicine God brought Chen Xiang to the tallest place in the villa. It was called the Medicine Divine Pagoda, and at the top of the pagoda was a very comfortable, bright and quiet pill refining room.

"This place is really comfortable." The place Chen Xiang was at was very spacious, and he was the only one there.

Chen Xiang took out those medicinal ingredients. There were three types of fruits in a dish, and their surface were about the same as Huishen fruit s. However, the depths of their eyes were different.

"The fruits are the same as the Huishen fruit before, it's just that the quality is a bit higher." "Chen Xiang said, this way, he would not have to pass He Fengyuan.

There was no need for Chen Xiang to use his own Time array here, because the floor he was on had Time arrays built into it.

"The person the Medicine God needs to save is very important to him, and he's also very strong." He Fengyuan said.

"How do you know he's strong?" Chen Xiang asked.

"Who is the 'Medicine God'? Did he not have all sorts of healing pills? But only this kind of Rebirth powder is required, and the requirements for quality are also very high. " He Fengyuan said, "From this, it can be seen that the person he saved is a very strong person, and only the most powerful of people would be able to survive after receiving such heavy injuries."

"Although I'm curious about what kind of person he is, this is, after all, his private matter." Chen Xiang laughed: "Right now, I just need to refine the Rebirth powder."

Chen Xiang felt that refining the Rebirth powder s should not be too difficult. Even the Medicine God had said before that even the Pill Gods he knew could refine it, but the quality was still a little lacking.

Chen Xiang was best at refining high quality pills.

"This' Medicine God 'is a reliable person. He can be strong." He Fengyuan said: "Try your best to refine the highest quality for him."

"That's exactly what I was thinking." Chen Xiang placed a portion of ingredients into the pill furnace, using the Water Fire Refinement technique.

Right now, he was officially refining high level pellets, so he would even be refining incantations or World Defying Dan grain s in the future.

Refining the medicine was a very smooth process, just like refining the Huishen fruit. As long as he suppressed the spontaneous combustion of the fruits with water, it would be fine. The only difference was that it would take a very long time to refine them.

Right now, the refined ingredients were all condensed into a huge ball of crystals by him. He started to use his derivation to charge at them, going through them thrice, which was about his limit. Furthermore, he released his clone to use the Pressure mantra.

"Let's start refining the World Defying Dan grain and go in." The World Defying Dan grain that Chen Xiang refined was a Huajing Dan grain. If the quality of the ingredients used was of a very high quality, then the amount of Tao-creation's Divine Crystals required to awaken the pill imprint was also very high.

"This should at least cost a hundred thousand Tao-creation Holy Crystals!"

Chen Xiang placed five hundred thousand Tao-creation Holy Crystals into the furnace at once. This was what Han Yixian had given him before.

"I still need a long time. I'm going out for a stroll!" Chen Xiang walked out of the pill refining room and went outside.

After exiting the alchemy room, he saw Yao Shen sitting in a hall.

"Ah Sen, are you done refining?" Yao Shen asked anxiously, he was actually waiting for Chen Xiang here.

"This... "Not yet, but it's about time. I came out to get some fresh air." Chen Xiang said.

"You'll run out when you're halfway through refining?" The Medicine God laughed: "Ah Sen, your pill refining skills are truly bizarre!"

"The stage of Awakening of Pill Marks... It will take time, you should know that. " Chen Xiang laughed, "After the awakening of the Pill Mark, I will then refine it into a powder and that would be great."

"Your World Defying Dan grain can awaken by itself?" Yao Shen asked in surprise.

"Mn, awaken by absorbing the power of the Tao-creation's Holy Crystal on its own." Chen Xiang said.

"Impressive! Since you have such a profound pill technique, you shouldn't be a nobody!] I have been in the Most Ancient Era for many years, what kind of Pill God do I not know? However, none of them seem to have your alchemy skills. " The Medicine God exclaimed.

"I'm a bit more low-key, so I don't want to be too famous." Chen Xiang laughed.

The Medicine God also understood Chen Xiang's intention now, so he did not pursue the matter.

"Since Ah Sen is so 'confident', then I am relieved. I will go and take care of some matters first, you will definitely not disappoint me." The medicine god said.

"Alright!"

The Medicine God left in a hurry. There were indeed many things that needed to be taken care of.

Chen Xiang sat outside for a while, drank some tea, and then returned to the pill refining room.

"It's done! "Faster than I thought." Chen Xiang used up two hundred thousand of the Tao-creation's Divine Crystals, which was one hundred thousand more than what he had expected.

But Chen Xiang felt that it was still not enough, so he had to release two of his clones to refine it. He had to compress it even smaller, so the quality would be even higher.

After that, he grinded the crystal ball into powder, which was just enough to fit a box. It took him a few months, but he was inside the Time Formation, so not much time had passed outside.

After the pill refining was successful, Chen Xiang immediately left the pill refining room and went to find the medicine god.

When the Medicine God heard that Chen Xiang had come to find him, he hurriedly put down the matter at hand and met with Chen Xiang in a small hall.

"Medicine God, how about you? If you can't do it, then I can only continue to work hard." Chen Xiang said.

The moment the medicine god took the box, he found that the powder inside was golden and had a dense smell coming out of it. He could not help but take a deep breath, this quality had already far surpassed his own standards.

"Enough, enough." The Medicine God was shocked, his heart was also excited: "Ah Sen, you're really powerful!"

Chen Xiang only smiled slightly.

"Let's go, I'll bring you to my secret medicine room first and let you choose five top quality Tao-creation Divine Medicines." The medicine god was very happy, immediately bringing Chen Xiang to the medicine room.
