

Dan God 3711

[Chapter 3711](#)

After Chen Xiang entered the Medicine God Mountain Villa, he headed towards the Herb God Mountain at the center. The Medicine God and the Ice-creation Race Emperor were both there. Ice-creation Race Emperor had not completely recovered from the injuries on her body, and it would take some time for her to recover.

Although Ice-creation Race Emperor was injured, she was still very strong. When Chen Xiang arrived outside of the Herb God Mountain, he could feel the strong aura Ice-creation Race Emperor released when she was operating her cultivation.

Chen Xiang entered from a cave and arrived at the cave's entrance inside.

"Senior Bing, you've recovered quite well. You should be able to recover completely after a while!" Chen Xiang laughed: Do you still need Rebirth powder?

"I've almost recovered from my body's injuries. It's just that I wasn't able to get an effective cure for my injuries for many years, so I left some behind. I'll need a long period of time to recuperate." Ice-creation Race Emperor smiled benevolently.

Ice-creation Race Emperor had already sent people to use the Sacred Blood Ice Crystal to refine Divine Weapons, and once the Divine Weapons were refined, she would be more at ease. At least, she wouldn't have to worry about being bullied by other Creation Race's people anymore.

The entire Ice-creation Sacred Race was already unified and she, the Ice-creation Race Emperor, had already returned. Her prestige was enough for the divided Ice-creation Sacred Race to gather together.

"Senior Bing, how much do you know about Tao-creation Divine Lord?" Chen Xiang felt that these emperors must know of the Tao-creation Divine Lord, as they were already part of the ancestors.

"He's an old friend!" The Ice-creation Race Emperor seemed to know that the Tao-creation Divine Lord had passed away. She let out a long sigh: "His strength isn't the strongest, but he has concocted pills and arranged formations. He is extremely proficient in all kinds of incantations! Afterwards, he brought the ancestors of various races to open up a new world ... I just did not expect the various races to become so strong and ambitious, especially God-creation Race and the others. In order to break through their limits, they had the entire Most Ancient Era in their sights. "

"How was the Tao-creation Divine Lord born? Amongst the Most Ancient Era, he was the earliest human? " Chen Xiang asked.

"I don't know. In short, it's all because of him that this Most Ancient Era was able to be perfected. Even though I'm a Ice-creation Race Emperor, I don't really understand the things that happened before. Of course, the Most Ancient Era was very desolate back then, with nothing at all. "

"What about the Chuangyuan key? I heard that when the nine Chuangyuan key gather together, what would happen? "

This was what Chen Xiang wanted to know the most, because he had already gathered nine Chuangyuan key.

"The nine Chuangyuan keys were all refined using the blood of the person with the body of the Creation Saint." The Ice-creation Race Emperor thought back to the past, "At that time, I was still very young, and all of us nine Creation Race had the Immortal Execution Archipelago, and those who possess the Immortal Creation Sacred Body should have all become the clan emperors. But later on, for some reason, those people who had the Immortal Creation Sacred Body all disappeared."

"I only found out later that all those people were killed! I still don't understand who killed him! Furthermore, the nine Chuangyuan keys were also created at that time. I only know that it has the effect of restraining themselves and also the method of returning to the Natal Creation Region.

"What is the purpose of all nine keys coming together? "I don't know, but there's a legend!"

Chen Xiang was also extremely doubtful in his heart: "Other than you Creation Race, are there other forces? Oh right, have you heard of Beast-creation Race? "

When Ice-creation Race Emperor mentioned the Domain of Creation, Chen Xiang immediately thought of the Beast-creation Race that was sealed inside the Domain of Creation, which was the clan Chu Jinfeng belonged to!

"Beast-creation Race?" Ice-creation Race Emperor's pupils immediately contracted as his face revealed a terrified expression. "Where did you hear that?"

"This... Didn't I come from the Creation Domain? It seems like there is a Beast-creation Race in the Creation Elemental Fire Domain. They were sealed but the seal has already been broken. " Chen Xiang said.

"This is not good!" Ice-creation Race Emperor's face turned serious.

"Why?" Chen Xiang felt that Chu Jinfeng was a good person and had treated him well, so he felt that the Beast-creation Race as a whole should be a good place.

However, he also thought back to how the Beast-creation Race had released all kinds of beasts that destroyed cities. This made him extremely worried, because the Beast-creation Race was a terrifying force, especially those powerful beasts, they were not restricted by the Chuangyuan key.

"It's a long story... In short, the Beast-creation Race was a hidden danger, they were sealed by the Tao-creation Divine Lord back then! "Back then, our clans were all in the Genuine Domain, and because of the situation inside, the power of the Genesis Realm gradually drained away. Only later on did we find out that it was the Beast-creation Race who had planned this in secret, and then we created the Most Ancient Era to rebuild a world suitable for us to live in."

"When we left the Genuine Domain, the Tao-creation Divine Lord sealed the Beast-creation Race inside!"

Chen Xiang frowned, he was secretly worried about the city inside the Initial Thunder-creation Realm, since it had many friends.

"How terrifying is the Beast-creation Race?" Chen Xiang asked.

"They are born with a terrifying devouring ability. They can speed up the power of heaven and earth and become stronger! At first, the Beast-creation Race was good, but after they created all kinds of beasts to

enrich the world, they mutated and the beasts they created all had problems! Those beasts eat everything, and they also have the power of the Tao-creation's crystal mother. They can condense the energy into the Tao-creation's Holy Crystal, and use it to strengthen their own bodies. "

Chen Xiang had previously seen that group of beasts in the Beast-creation Race.

"The Tao-creation's crystal mother is of the same race?" asked. He had previously heard from Jing Yun'er that there were some Tao-creation crystal mothers in the Most Ancient Era.

They are a race, and can be considered a type of Elf. There are very few of them, and they are unable to reproduce. There are only so many in total, and the Most Ancient Era can grow and supply them with energy. The Ice-creation Race Emperor said.

Chen Xiang didn't know how to find Jing Yun'er now either. After Jing Yun'er cultivated in Initial Evil-creation Realm for a period of time, he had become extremely evil. Fortunately, he still recognized him, and their relationship wasn't bad.

"Looks like the Beast-creation Race is extremely dangerous. They might even come here ... From what I know, the people that the Thunder-creation Sacred Race sent to the Initial Thunder-creation Realm before were able to cooperate with the fellow from the Beast-creation Race. " Chen Xiang said.

"This is trouble!" Ice-creation Race Emperor took a deep breath, "If it's really like this, then it may not be long before Beast-creation Race comes here. They should already know how to get here. I'm most worried about the God-creation Race allying with them and helping them to get here! "

This was not a good thing. God-creation Race had always wanted to devour the entire Most Ancient Era, and now with Beast-creation Race added on, it would make people shiver.

"I have to enter the Time array to recuperate, Beast-creation Race will be our powerful enemy in the future." After the Ice-creation Race Emperor finished speaking, he hurriedly entered the secret room.

[Chapter 3712](#)

The Medicine God was listening by the side. After Ice-creation Race Emperor went to the secret room, he opened his mouth and asked: "Chen Xiang, what are your plans for the upcoming battle? The strength of the Beast-creation Race was extremely terrifying.

Beast-creation Race was not restricted by the power of the Chuangyuan key because they were all beasts and the power they could grasp was far stronger than humans!

"I don't know! Back then I had a friend who was also from Beast-creation Race, if only I could see him again. " Chen Xiang really hoped to see Chu Jinfeng and ask him about the situation.

Chen Xiang and the Medicine God walked out of the Herb Mountain.

"I have a lot of spies. If there's any commotion, I'll definitely find out as soon as possible." The medicine god said.

"Okay, I'll be back every once in a while."

Chen Xiang did not plan to stay in Medicine God Villa, because he needed to secretly meddle with many things, and he did not want too many people to discover it.

He was hiding in a forest outside the city.

"Master, are there any results?" Chen Xiang asked, at the same time, he was studying a blueprint of the Chuangshen key.

"My clone is already refining the array disc, it won't be long before he can refine the Transmission array disk." Xiao Xianglin said: "At that time, we will be able to teleport to that place through the Transmission array Plate. It's very possible that it's the very mysterious Initial God-creation Realm!"

"Alright!" Chen Xiang was secretly excited. Although he did not know what use they had, to be able to go to the Initial God-creation Realm was truly a pleasant surprise for Chen Xiang.

"Right now, we don't have the Tao-creation's Divine Bead as our energy source, but we have the Source Spirit Stone. Xiao Xianglin laughed tenderly, "This Origin Creation Spirit Stone can allow us to teleport back and forth many times."

Chen Xiang had already decided to go to Initial God-creation Realm to take a look!

Aside from the Initial Thunder-creation Realm, all of the other areas within the Domain of Creation were lifeless. Only the Beast-creation Race that were hidden in one area of the Domain of Creation were not harmed.

During this time, Chen Xiang had been refining the Extreme Heaven Pill to allow Xiao Xianglin, Feng Ke'er and the others to break through to the peak of the legendary realm.

After a month, he came to Medicine God Manor. He wanted to see if the scouts of Medicine God had brought back any news.

"Chen Xiang, a very fierce woman is looking for you! This woman is very strong, and her entire body is filled with hostility. Did you do something to let me down? Why were you so careless? You offended such a woman! "Young man, be careful!" After the Medicine God found out that he had stepped into Medicine God Villa, he immediately rushed over to find Chen Xiang.

"This woman is really looking for me?" Chen Xiang's eyes turned as he tried to figure out who it was. The inside of the Hundred Flowers Village was more ferocious, the one with the most violent aura could be Leng Youlan ... Maybe it was Little Lizhi, but there was no reason at all. Even though they were usually cold, they would never reveal their fierce side.

"He already said aside from your real name, I don't know how she knew you were related to the Medicine God's Villa." The Medicine God whispered, "If you want to fight, you must not fight in here!"

"I know!" Chen Xiang nodded, then followed the medicine god into a luxurious hall.

Along the way, Medicine God's face was filled with worry because he was a very observant person. He could feel that the aura of that woman was very strong and fierce. She must be the kind of person that would beat people up easily.

Chen Xiang came to the living room. Seeing that charming and elegant face as well as that luxurious golden colored clothes, he knew who it was.

Tao-creation's Crystal Mother, Jing Yun'er!

"Big Sister Yun!" He had always been very worried that something would happen to Jing Yun'er, and he had also wanted to look for Jing Yun'er. He did not expect that Jing Yun'er would actually come looking for him.

"You damned brat!" Jing Yun'er looked at Chen Xiang and frowned. In the blink of an eye, he had already arrived at Chen Xiang's place.

"What happened to me?" Chen Xiang asked.

"Still talking! See what your Divine Thunder Mountain Villa has done?" Jing Yun'er placed both of her hands on her waist, propping her head up, she said while looking at Chen Xiang with resentment.

"This... Your relationship with Divine Thunder Mountain Villa is very good?" Chen Xiang did not know either why Jing Yun'er had asked that.

"Bullshit!" When I fell into the Divine Thunder Mountain Villa, I was tortured like crazy! If it were not for the fact that there was a problem with my teleportation, the Divine Thunder Mountain Villa would have been flattened by me long ago.

"I was still waiting for my injuries to heal and I personally pushed Divine Thunder Mountain Villa to the ground. Hmph! Hmph!"

Jing Yun'er s puffed up his face as he lightly snorted, his eyes filled with a faint grievance.

Chen Xiang didn't know whether to laugh or cry.

"Since what has happened has already happened, there's nothing I can do about it!" Chen Xiang spread out his hands helplessly.

"No, you have to find the God-creation Race's lair, I have to go flatten them." Jing Yun'er pinched Chen Xiang's face.

The Medicine God was speechless. He had thought that Chen Xiang would be angry because of what he had done to Jing Yun'er. However, he was extremely curious about Jing Yun'er's identity;

"Big Sister Yun, I've been worried about you these past few days. Did you come over from the Transmission array back then? Injured?" Chen Xiang asked anxiously: "Have you recovered from your injuries? "I can refine a type of pill that is useful in healing injuries!"

"I also don't know what's wrong with that broken Transmission array, it directly teleported me into a tyrannical space and time place. If it wasn't for me being extremely powerful and forcefully escaping out of there, I would have definitely died inside! In the end, I fell into a trap array in Divine Thunder Mountain Villa and was tormented to the point that I couldn't bear it. It took a lot of effort for me to escape. "

"I'm really sorry, I shouldn't have let you come." Chen Xiang felt extremely guilty.

"Big Sister Yun, you have quite a number of sisters that are Tao-creation's crystal mother, right? Can you sense the Tao-creation's Divine Crystal from here?" Chen Xiang laughed.

"I can only sense the Tao-creation's Divine Crystal that I have created ... So just give up." Jing Yun'er poured a plate of cold water on Chen Xiang: "There are a lot of Tao-creation's Crystal Mothers here, but I don't want to see them anymore. We are not on the same road now."

Jing Yun'er had already trained to kill the Evil Phoenix, she was no longer the Tao-creation's crystal mother!

"Yun-jie, what exactly is there in that place?" Chen Xiang did not know how long he would take to fly, but he had told her that he was at a very far distance.

"It's a very mysterious place. I've never been there before! It was said that this place was the base of the Most Ancient Era.

"Jing Yun'er said," The nine's refining materials were also taken out from that place.

Seeing how Jing Yun'er spoke so mysteriously, Chen Xiang became curious.

After the Six Realms mirrors flew for more than a month, Chen Xiang suddenly discovered that a rock had lit up.

"What is this?" Jing Yun'er looked at the flashing stone.

"A friend of mine is asking me to come over. It seems like the direction I'm flying towards is over there." Chen Xiang said in shock, "My friend's name is Han Xiaoying, she has the Ice Creation Sacred Body!"

"So that's how it is! Ice Creation Holy Body, back then those bodies were all related to that place, so she should have already found that place." Jing Yun'er said in shock: "But that place is quite dangerous, it would be hard for her to enter by herself."

The place Han Xiaoying was going to, was unexpectedly the place Jing Yun'er wanted to bring Chen Xiang to.

After more than ten days, Chen Xiang landed on top of a tall mountain. That glowing rock was the one that guided Chen Xiang here.

"This place is very close to the origin." Jing Yun'er said: "That girl should be inside this mountain!"

"Chen Xiang!" Han Xiaoying's soft shout came over, she came out from behind a rock, and when she saw Jing Yun'er, she asked: "Who is this big sister?"

"Big Sister Yun, she's my friend!" Chen Xiang said.

"Hello, Big Sister Yun!" Han Xiaoying was very polite, she was a gentle girl in the first place.

"Hello, Xiaoying!" Jing Yun'er also laughed, then asked. "Xiaoying, were you summoned here by some kind of power?"

"Yeah, it's over there, but I don't dare to go near it. There seems to be something powerful over there." Han Xiaoying nodded.

"Fortunately, you didn't go, otherwise it would have been very dangerous." Jing Yun'er said: "Even if it's the three of us right now, we should probably be more careful."

"How about you guys enter my Divine Sense Sea World and I will 'sneak in' by myself?" Chen Xiang said.

"No, those guys are very strong. Don't you dare get in there, you have to beat them up." Jing Yun'er said: "Let's go, we will head over now. With the strength of the three of us, even if we can't beat them, we can still run away."

Jing Yun'er said that she needed to walk over there on foot, and she was walking at the very front while Chen Xiang and Han Xiaoying were following behind her.

They were walking in a forest. Originally, the sun was bright and bright, but suddenly, the forest turned dark, as if everything had lost its color.

Jing Yun'er immediately stopped and quickly went to Chen Xiang and Han Xiaoying's side.

Chen Xiang and Han Xiaoying also became vigilant.

"Tao-creation's Crystal Mother Nature's Sacred Body, there's another ... "Normal humans?" A voice seemed to come from all directions, enveloping Chen Xiang and the rest.

"Hurry up and come out, let me see what kind of person you are." Jing Yun'er said coldly.

A gust of wind blew past, and a youth dressed in black appeared in front of Chen Xiang and the others. He had a thin and handsome face, and a pair of bright eyes flashed with a playful glint.

"I thought it was something, but it turned out to be a black tiger!" Jing Yun'er snorted in disdain.

"I'm not an ordinary tiger!" The black-robed youth was even looked down upon by Jing Yun'er after his identity was revealed, which made him very unhappy in his heart.

"That's still a tiger!" Jing Yun'er sneered: What? If you don't become your Black Tiger now, do you want to be a dog blocking the road? "

"From the looks of it, you should understand the situation here!" The black-robed youth's expression turned cold, because Jing Yun'er's words made him very angry.

"Of course I know that if you want to go to the Origin of the Gods, you have to kill a blocking dog like yourself." Jing Yun'er was not afraid of the black-robed youth in front of him at all.

"It's good that you know this! I don't need to kill you two women, you can stay by my side to accompany me, but I will definitely kill this man! When I see you guys together with him, I really hate him. " The black-clothed youth said.

Jing Yun'er laughed heartily: "You must be jealous of him! You seem to despise him. But I really like a kid like him! "

Chen Xiang was completely speechless, while Han Xiaoying also felt that it was strange.

"Don't be arrogant, as the Tao-creation's crystal mother, your power is limited! Even though she is an Ice Creation Saint Body, she was only able to restrain the Creation Race, this human ..." The youth in black shook his head. "I don't think much of this human."

"Chen Xiang, this black tiger doesn't take you seriously! Are you going to tell him if you're the same or not, or should I?" Jing Yun'er said.

"Yun-jie, just let me deal with this kitten. I won't trouble you." Chen Xiang stepped forward, looked at the black-robed youth, and said: "You are Killing Evil Tiger! You still have some ability!"

Chen Xiang was extremely familiar with the aura of beasts, and when Jing Yun'er said Black Tiger, he thought so.

[Chapter 3714](#)

The black-clothed youth was slightly surprised. He did not expect that the human in front of him would be able to see through his identity. He had met many powerful humans here, but had never been able to see through his true form. As Jing Yun'er was the Tao-creation's crystal mother, he was not surprised that he could see it. This made him wonder how Chen Xiang had come out of it.

"Since you know that I am the Killing Evil Tiger, then you still have to fight with me. It can be seen that you are an extremely arrogant person, and a fool that isn't afraid of death at all." Killing Evil Tiger laughed as he pulled out his black sheath sword.

The Killing Evil Tiger was very confident in his own strength. It was mainly because he was the Killing Evil Tiger and had been guarding this place for many years, meeting with many powerful humans that he had killed. As a result, whenever he saw a human, he would habitually look down on them.

"I feel like you are talking about yourself, because in my eyes, you are also an arrogant fool. However, you are very afraid of death." Chen Xiang smiled slightly, he looked at Killing Evil Tiger's black sword, and summoned his own Heavenly magic sword.

Jing Yun'er and Han Xiaoying had already retreated to the back.

Chen Xiang was very clear that they were currently in the Killing Evil Tiger's Domain, which was why their surroundings had turned into a dim black and white.

"Even if you kneel and beg for mercy now, I won't let you go. You're not a woman after all, hahaha ..." Killing Evil Tiger's laughter was extremely evil. He looked at Han Xiaoying and Jing Yun'er who had retreated far away and licked his lips. His eyes were filled with fire ...

Just as the Killing Evil Tiger was looking at Han Xiaoying and the rest, Chen Xiang had already flashed past them, and instantly stabbed them with thousands of swords.

When Killing Evil Tiger sensed Chen Xiang approaching, he couldn't help but release a protective layer of Qi to protect himself, but he was still struck by the sword Qi that continuously exploded out.

"Retreat!" Killing Evil Tiger waved his sword to block, the speed of his sword was not slower than Chen Xiang, with a few swipes, it created a rain of swords, the evil Sword Qi turning into many black tigers, they continuously attacked Chen Xiang and forced him to retreat.

"Evil Tiger Sword Formation!"

At the same time the Killing Evil Tiger brandished her sword, the surrounding black tigers appeared and surrounded Chen Xiang, pouncing madly at him. These were all powerful evil Sword Qi, if they were to be pierced, the consequences would be severe.

Chen Xiang had no choice but to release two clones inside the Divine Sense Sea World, and then borrow the strength of two clones to unleash Pressure mantra.

A wave of pressure was released by Chen Xiang, pressing down on the bodies of the fierce tigers, causing them to fly slower, after that Chen Xiang waved his sword and stabbed them all in, breaking the Sword Qi barrier.

Following that, the pressure also enveloped Killing Evil Tiger, causing him to feel heavy. By the time the pressure was over, he had already flashed away, and released the Six Realms mirrors at Killing Evil Tiger's side.

The Six Realms mirrors flew over, and ruthlessly smashed onto the waist of Killing Evil Tiger who was about to stab towards it. The Six Realms mirrors's spinning speed was very fast, when it hit Killing Evil Tiger's waist, it cut him in half.

To Chen Xiang's surprise, after Killing Evil Tiger's body was split into two, it suddenly erupted with a burst of black energy.

At this moment, Killing Evil Tiger's face was filled with anger. He did not expect that he would be beaten into such a sorry state by a human.

"It's that guy again. It looks like he's going to get killed soon. He'll turn into a ball of black gas and revive." Chen Xiang had already encountered this kind of thing several times before, and it was extremely annoying.

Killing Evil Tiger bellowed, his arms turned into thick tiger arms, he looked like a half man, half a tiger, the killing intent around his body became even stronger, and when it was released, it was accompanied by a very violent aura, causing people's hearts to tremble.

"Roar!"

As the Killing Evil Tiger roared, he transformed into a black ray of light and charged towards Chen Xiang!

In that instant, Chen Xiang felt his chest go cold, locked on by an ice-cold killing intent, as if the sword in Killing Evil Tiger's hands had already pierced through.

The sword in Killing Evil Tiger's hand was indeed aimed towards Chen Xiang's heart, but he was blocked by the Six Realms mirrors that suddenly appeared, causing Chen Xiang to fly out from the impact.

"This fellow is quite capable!" Chen Xiang was secretly shocked, he landed stably on the ground and only felt his chest throbbing painfully. Although the Six Realms mirrors was able to block it, the force still entered his body, causing him to almost vomit blood.

Killing Evil Tiger was also sent flying by the power of the six gods. The sword in his hand did not shatter, which showed that it was an extremely powerful divine weapon.

Seeing the Killing Evil Tiger rush towards him again, Chen Xiang immediately released his strongest pressure, forming a wall of pressure, locking down the Killing Evil Tiger in an instant.

"You must die this time!" Chen Xiang removed the seal on the Red fire dragon, and it roared continuously inside Chen Xiang's Divine Sense Sea, which was burning with red fire.

Chen Xiang revolved the flame, and released it. It was strengthened through various incantations, and then he gathered it on top of the Heavenly magic sword. He flew up, and pierced into the Killing Evil Tiger's neck with his sword.

With a hualala sound, the scarlet flame overflowed from the Heavenly magic sword and poured into Killing Evil Tiger's body.

Feeling the power coming towards him, Killing Evil Tiger's face was filled with fear. He could feel the power coming from the Red fire dragon. This was a power that far exceeded that of the Killing evil dragon s!

Killing Evil Tiger's body instantly swelled up, and then a crack appeared on his body as flames overflowed from the crack and bursted out of his body!

BOOM!

Killing Evil Tiger exploded into pieces, turning into white smoke and disappeared!

The domain that enveloped Chen Xiang and the others also gradually dissipated, and the surrounding trees regained their original color.

"Brat, you've been wasting time. If elder sister were to make a move, that fellow would have already been killed." Jing Yun'er scoffed, "Let's hurry up and go!"

"Sorry, Big Sister Yun." Chen Xiang laughed, he was more satisfied with his own battle.

"Chen Xiang, does it hurt?" Han Xiaoying walked over and gently rubbed Chen Xiang's chest with her jade hands. She had just seen Chen Xiang being shaken to the point where she almost vomited blood.

"It doesn't hurt anymore!" Chen Xiang's old face reddened, and he laughed dryly: "Let's go!"

Chen Xiang and Han Xiaoying continued to follow behind Jing Yun'er. Chen Xiang was originally quite happy, but he very quickly stopped laughing, because he felt a very oppressive killing intent enveloping the sky, making it hard for him to breathe.

"Yun-jie, did I anger someone when I killed that tiger just now?" Chen Xiang asked anxiously.

"I don't know. Anyway, there is a certain level of danger when we enter this place." Jing Yun'er's expression was also solemn, as he walked and stopped.

It was clear that there was someone powerful up ahead, but there was no other way. If they wanted to go to the Origin Lands, they would have to face someone as terrifying as this.

"Why are there so many powerful people blocking our way?" Chen Xiang was suspicious, the killing intent that was enveloping the sky seemed to be more powerful than the Killing Evil Tiger.

[Chapter 3715](#)

The further they walked, the stronger the murderous aura became, causing people to feel uneasy. On the other hand, Jing Yun'er was still very lively as he was skipping and walking in front. She said it would be more dangerous or something, but she acted like nothing had happened.

Chen Xiang and Han Xiaoying were much more cautious now, every step they took required them to be fully prepared to strike. Their faces were serious, and if there was any movement, they would bring out their strength.

After half a day, Jing Yun'er suddenly stopped in his tracks.

"Something's wrong!" Jing Yun'er shouted lightly.

Chen Xiang and Han Xiaoying also immediately stopped, and started to spin with their backs facing each other.

"Is that guy coming?" Chen Xiang said in a low voice. All along the way here, they had been enveloped by a strong killing intent, causing their hearts to feel extremely stifled.

Chen Xiang himself had cultivated Killing evil dragon before, and he even had Evil dragon array, but he had never encountered such a terrifying situation like this type of killing intent.

During this entire journey, he and Han Xiaoying felt as if they were being watched by a berserk killer. They felt that they could be killed at any moment, and that this put them under a lot of pressure.

"Yes, it's about to appear!" Jing Yun'er looked ahead: "You all must be careful, we do not know the purpose of this fellow yet!"

Suddenly, the forest was shrouded by a gray fog. Inside the thick gray fog, it was as if the aura of slaughter had come over, surrounding Chen Xiang and the other two.

"Big Sister Yun!" Chen Xiang yelled in a low voice, that kind of terrifying feeling was getting closer and closer, and Chen Xiang couldn't help but to pant. Han Xiaoying was so nervous that she grabbed onto Chen Xiang's arm, her beautiful face completely bloodless from the terrifying aura.

Chen Xiang and Han Xiaoying suddenly saw a skinny old man dressed in black clothes appear in front of Jing Yun'er, but in the next moment, the old man passed through Jing Yun'er and arrived in front of Chen Xiang.

What made Chen Xiang even more terrified was that when the black clad old man came in front of him, the sword at his waist had already left its sheath and was lowered to his neck. The dense killing intent shrouded Chen Xiang, causing him to be unable to move, and his entire body was covered in cold sweat.

Chen Xiang felt that he was already at the pinnacle of the legendary realm. Even if he met an even more terrifying person, he definitely wouldn't beat him too much.

"How did you get your Evil dragon array?" The old man's voice was cold and emotionless.

"Old Evil gave it to me!" Chen Xiang answered immediately, he also clenched his fists, although his neck was lowered by a sword, he believed that he too, had the ability to retaliate.

"He's dead?" The black clad old man seemed to know the Old Evil.

"He was killed by someone!" Chen Xiang said.

"Have you taken your revenge?" The black clad old man asked again, and at this time, Jing Yun'er had unknowingly arrived beside Chen Xiang, when she unknowingly released a burst of energy, which actually forced the black clothed elderly man to take half a step back, and also moved the sword that was pressed against Chen Xiang's throat a little.

"Yes!" Chen Xiang replied.

"Alright!" The black-clothed person looked at Jing Yun'er, and then kept his sword.

"Old man, if you have something to say, we can talk about it. You're not friendly if you use a knife or a sword." Jing Yun'er's tone was also not good. She did not seem to be too afraid of the black-robed old man in front of her.

"Don't you worry about being punished when you become like this?" The black clad old man looked at Jing Yun'er.

"Punishment? "If you have the guts, then come at me. Let me see who's so powerful!" Jing Yun'er sneered.

The black clad old man no longer bothered with Jing Yun'er. He seemed to be even more interested in him as he could sense that the Evil dragon array was in Chen Xiang's hands.

"You have nine Chuangyuan key?" The black-clothed old man asked.

"Are you going to stop me?" Chen Xiang said.

"No. I will not stop you. I do want to see if you have enough strength to open that door." The black clad old man revealed a trace of a strange smile. He looked at Han Xiaoying. You do not know that this will make you more dangerous. "

"Old man, what is your role here? The Overseer? " Jing Yun'er asked.

"You can say that. However, I do not plan to stop you because with your strength, you cannot do anything here. Instead, you will even lose your life." The black clad old man swept a cold glance at Chen Xiang and the others: "I advise you to leave this place as you please, and stay alive."

"Since you're here, of course we have to go take a look." Jing Yun'er looked at Chen Xiang: "Brat, what do you think?"

"Since you're already here, go take a look!" Chen Xiang smiled slightly: "Are there any more obstructions in front?"

The thick murderous intent was also kept by the black clothed elder, "I am just a servant that is guarding here. I do not know what lies ahead, all I know is that with your strength, it will be very difficult to reach the final location."

"Thank you for the reminder!" Chen Xiang clasped his hands at the black-robed old man, while Jing Yun'er walked in front.

Just as Chen Xiang and Han Xiaoying were about to follow him, the black clothed elderly man said, "We will meet again!"

Jing Yun'er brought Chen Xiang and the others and quickly passed through the forest.

"This is truly a false alarm. That old man is very powerful. If we were to fight, I would have to spend quite a bit of time to defeat him." Jing Yun'er looked at the plain in front of him, pointed to the plain and said: "It should be there!"

Soon after, they quickened their pace. As soon as they stepped onto the plains, the ground slightly trembled and immediately, the wind and clouds surged. The originally clear sky suddenly became dusky and from time to time, ferocious lightning flashed, as if it was about to rain.

The plain suddenly cracked open, causing Chen Xiang and the rest to stop in their tracks.

Han Xiaoying looked ahead, and shouted: "It seems like something is going to pop out from there!"

From the crevices there emerged an altar the size of a small mountain. At the top of the altar, a large man was tied to a pillar.

From time to time, a few crows would fly over and tear off a lot of flesh from his body. What was terrifying was that the flesh would immediately grow back after being torn off. What kind of torture was this, made Chen Xiang and the others feel numb.

"Let's go take a look! "Did I just come here and come across such a person?" Jing Yun'er slightly frowned, and immediately flew over.

After going over, the big man opened his eyes, which were completely bloodshot. From the outline of his face, he was extremely handsome, and he gave a pitiful laugh, "Finally, someone came to see me ... "Who are you people?"

"Even if I say it, you're not us!" Jing Yun'er asked: "Why were you tied here? We have nine Chuangyuan keys, is this the end point? "

Han Xiaoying glanced at Chen Xiang. She was from the Ice Creation Saint Body, and something was calling for her. She nodded towards Chen Xiang, indicating that they were at the end of the line.

[Chapter 3716](#)

This end point was different from what Chen Xiang and the others imagined. There was actually such a person here, could it be that they want to let him go?

"This is the Land of Origin! The source of all evils! " The middle-aged man laughed at himself, "Are you all disappointed? There's nothing good for you here. If you need it, you can get a taste of it from my body.

"What is your background?" Jing Yun'er frowned.

At this moment, not only crows could be seen, but a black lion came running over and tore off a piece of meat from the man's thigh. The man also frowned slightly; after the lion had eaten that piece of meat, the man's thigh was completely healed as the lion bit off another piece of meat.

This middle aged man was actually using his own flesh and blood to feed all kinds of Evil beast!

After the black lion had eaten its fill, another pack of wolves came up and gnawed on the middle-aged man's body, causing him to regrow his flesh and allow the wolves to gnaw on him.

Han Xiaoying could not bear to watch any longer, so he stood right behind Chen Xiang.

"I'm the best thing." The middle-aged man who was being bitten by the wolf pack laughed loudly.

Chen Xiang could not help but admire this middle aged man's power of regeneration. It was simply heaven defying, to be able to grow so fast.

"What an evil person!" Jing Yun'er snorted: "We have nine Chuangyuan keys, we should be here to do something right?"

"The nine Chuangyuan keys can release me, but you can't do it. Didn't you see that? If you let me go, they will definitely stop you, and I will be their food." The middle-aged man said.

Chen Xiang and the others were already watching the pack with their red eyes. The pack of wolves were also growling softly, as if warning them not to come over.

"What would happen if I let you go?" Chen Xiang asked: "Could it be that the reason we gathered all nine Chuangyuan keys was to release you here?"

"I am also a Creation Saint Body ... She's like that little girl, but she's the Body of Ice Creation, and I'm the Body of Evil Creation. Also, I am a beast myself, I am a First Beast-creation Ancestor!"

Evil Creation, and a Holy Body? It sounded very contradictory, moreover this middle aged man was a First Beast-creation Ancestor, so he should be acquainted with him.

"Seems like I can't let you go, you were actually sealed here by the Tao-creation Divine Lord!" Chen Xiang said. Beast-creation Race was viewed as a threat, and this First Beast-creation Ancestor had some sort of Evil Creation Saint Body.

"Is Tao-creation Divine Lord dead? This guy is so much better than me, he can die a happy death! Sigh, it's all my fault that I have an indestructible body. As you can see, I won't die at all." The middle-aged man felt extremely helpless. With a lifeless look on his face, he really did look like he wanted to die.

"Chen Xiang, this fellow is very strange! Evil Creation Holy Body was the most terrifying existence, the killing power of Evil beast was very strong, it was mainly because they had awakened a trace of the Evil Creation Holy Body's power ... I feel that the existence of those divine beasts most likely has something to do with this First Beast-creation Ancestor." Jing Yun'er pondered for a moment, then said.

"The nine keys should have been made by the Tao-creation Divine Lord and the rest. They can restrain each other, and then release the First Beast-creation Ancestor? And why is that!" Chen Xiang also didn't understand at this time.

Logically speaking, the First Beast-creation Ancestor was extremely dangerous. Now that they were tied up here, they should not have the chance to be saved, but nine Chuangyuan keys could.

"Hey, what will happen if I save you? Why did the Tao-creation Divine Lord leave behind such a path? " Jing Yun'er said.

"Looks like your relationship with Tao-creation Divine Lord is not bad, but he is already dead, right? "I think the other ancestors are dead as well. I'm the only one left now." Then, he looked at the leopard that was biting his calf.

They were not very strong themselves, but the development of the Most Ancient Era was very fast. After they came back, the Creation Race here was worried that they would be able to regain control of the country, so they were all killed.

"You should be the strongest one!" Chen Xiang said.

"That's true. After all, I have an eternal body ... If you save me, I might teach you this secret technique. " First Beast-creation Ancestor said, "This should be the greatest benefit."

"The Chuangyuan key was created by working with many ancestors mainly to help me remove the seal! They said that if one day all the other ancestors were to die, and if I was lucky and someone gathered all nine keys or the Body Creation Saint Body was to be reborn, I would not want to be unsealed. "

"And it wasn't Tao-creation Divine Lord and the rest who sealed me back then, they didn't have such power! Of course, it's not easy for you to rescue me. "

"Those fellows that sealed me lost a large group of vicious beasts here. They have gnawed on my body for many years and are extremely powerful. They are not people that you can deal with!"

The altar was like a small mountain, and inside, there were many dark Evil beast.

"Compared to the old man outside, how is the strength of this group of beasts?" Jing Yun'er asked, she was already prepared to go all out.

"Are you talking about Ah Qian?!" He's still out there? "Ai, it's been so many years but he's still here guarding me. He's my servant." First Beast-creation Ancestor laughed out loud: "He is not weak, but the beasts here are even more terrifying. They have gnawed on my flesh and blood for many years, and their bodies have become as strong as mine."

"You are also from Creation Race! These beasts should also have your blood in them, they should be afraid of Chuangyuan key s, and Chuangyuan key s will restrain them! " Han Xiaoying said.

"No, no, no. I am from Beast-creation Race, and Beast-creation Race cannot control me, even though I have the Evil Creation Holy Body." The First Beast-creation Ancestor said.

The Chuangyuan key did not have the key to create beasts!

"If you want to restrain me, if you want to kill this group of vicious beasts, the best would be a Beast Creation Saint Body!" First Beast-creation Ancestor sighed, "What a pity, a person with the Beast Creation Saint Body died the moment he was born. There wasn't even blood!"

"Then... Then why is it that my Ice Creation Sacred Blood is able to restrain the other Creation Race s? " Han Xiaoying asked again, "It's alright if you don't have the Beast Creation Holy Body! As long as the other races are able to restrain it! "

"Back then, when the nine clan's divine body blood was merged together, and when your nine clan's divine body was used as a blood sacrifice, a curse was placed on your Creation Race, which was why your nine Creation Races were suppressed." First Beast-creation Ancestor laughed: "This is the reason why we can't be restrained."

"Chen Xiang, use your strongest strength to kill off all the monsters in the group. Save this guy first, Tao-creation Divine Lord must have his reasons for making such an arrangement." Jing Yun'er said.

Although the evil beasts could not be killed, they could be sealed.

Chen Xiang took out the Six Realms mirrors, this was a good sealing item, if he could truly learn the First Beast-creation Ancestor's immortal body, it would not be a bad thing.

[Chapter 3717](#)

When the First Beast-creation Ancestor saw that Chen Xiang and the rest were prepared to go up, and even used a sealing method, he said: "You won't be able to use the Sealing Imprint Method! None of these beasts will be affected by the seal, and it's not like they won't be able to kill them. If you use your power and instantly kill them all, they won't be able to regenerate if you don't leave any blood on them." "Crap."

Chen Xiang and the others had also noticed just now, that the body of the First Beast-creation Ancestor that was injured had regenerated from its flesh wounds. If it could really release a strong power and instantly kill those ferocious beasts until nothing was left, then there would not be a situation of regeneration.

"I'll take the wolves!" Chen Xiang said that he had three clones and the power of Red fire dragon. It was more suitable for him to fight this kind of beast.

"Alright, leave the rest to us!" Jing Yun'er said.

"I'll go up and challenge the wolves first."

When Chen Xiang approached the altar, he controlled the Heavenly magic sword to fly over and cut a black evil wolf in half. The evil wolf, after being cut in half, did not die, only seeing the evil wolf nibbling at the latter half of its body, which quickly grew into the latter half, completely fine.

The evil wolf was very angry, it howled towards the sky and rushed forward bringing its wolf pack with it. They had seen Chen Xiang and Jing Yun'er earlier, but they did not care because Chen Xiang and the others were not here, and as long as it did not affect them, they were too lazy to go over.

The dozens of evil wolves were as strong as cows, and their strength was as strong as the Killing Evil Tiger that Chen Xiang had met outside.

When the pack of wolves rushed over, the sound was extremely loud, the evil aura that soared to the sky covered Chen Xiang like a gigantic invisible claw that grabbed him.

"These beasts are pretty strong!" Chen Xiang immediately summoned his two clones, and the two clones used the power of Red fire dragons, and rushed up together.

"Although these Evil beast are strong, they don't have much intelligence. It's easy to deal with them. I just don't know if there will be any stronger Evil beast." The Killing Evil Tiger that Chen Xiang had met before could transform into a human, but compared to these Evil beast, he was much stronger.

Chen Xiang and his two clones used Red fire dragon punches, continuously attacking the incoming Evil beast s. The explosive fist roared furiously, releasing waves of dragon roars, sweeping past everything, and as long as they were struck, they would immediately turn into black smoke.

In just a short moment, a black mist floated out from the surroundings. Those Evil beast were all killed by Chen Xiang, but Jing Yun'er and Jing Yun'er were working together, Han Xiaoying was in charge of sealing the Evil beast, and Jing Yun'er used his pair of wings that contained a terrifying evil aura to slap the frozen Evil beast into ice crystals.

Less than an hour later, the sky and earth were filled with black mist, all of them were the ashes of Evil beast s killed by Chen Xiang, and Chen Xiang and the rest had already reached the bottom of the altar.

"You guys are amazing!" First Beast-creation Ancestor couldn't help but exclaim in admiration. He thought that Chen Xiang and the others would be pushed back by the Evil beast.

"Next?" Chen Xiang asked.

"Come up, there are nine holes around here. These nine holes will form a circle around me, and as long as you insert the Chuangyuan key into those holes, you can leave the rest to me." The First Beast-creation Ancestor said.

"Alright!"

Chen Xiang immediately went to the top of the altar, and just as he was taking a few steps, First Beast-creation Ancestor's face suddenly changed.

"Stop!" He was the type to be extremely calm before this, but now that there was such an abnormal change, Chen Xiang and the others were extremely shocked.

"What's wrong?" Jing Yun'er asked.

"I can sense a weak spatial ripple. Someone is coming." First Beast-creation Ancestor shouted anxiously, "Leave quickly!"

First Beast-creation Ancestor's face was currently filled with seriousness, he shouted at Chen Xiang and the others with a stern voice: "Hurry and go, if you're any slower, it'll be too late!"

Seeing the First Beast-creation Ancestor's expression, Chen Xiang did not say anything further and turned to leave with Jing Yun'er and the others. But at this time, the space suddenly trembled, and a ray of light shot out from the void, landing in front of Chen Xiang and the others, stimulating a strong wave of energy that sent them flying.

"Don't even think about leaving!" They saw a young man in glittering golden armor holding a folding fan. He waved it in the air, and a golden barrier of light appeared, covering the surrounding area.

[Chapter 3718](#)

Chen Xiang, Jing Yun'er and the others had already felt that the black-robed old man outside was very strong, but the young man in front of them was even stronger.

"Thankfully I came early. If I had been any slower, it might have been too late!" When I sensed that those Evil beast were killed, I immediately rushed over. I never thought that there would actually be people who could gather nine of them. " The man Xiang, had eyes full of contempt, without a trace of Chen Xiang, he was standing right beside First Beast-creation Ancestor.

Then, he stepped on First Beast-creation Ancestor's face and laughed contemptuously: "You dog, you always cause me trouble! If it wasn't for you, I wouldn't even be in this crappy place right now! If you weren't so stubborn, I would have killed you long ago.

The golden robed man flew behind him and waved his fan, releasing a golden Qi wave that struck Chen Xiang in the blink of an eye. Chen Xiang cried out in pain, his chest was severely injured by the wave of Qi, and blood continued to flow profusely.

"Big Sister Yun, quickly take Xiaoying and leave!" Chen Xiang clenched his teeth, and sent a sound transmission to Jing Yun'er: "Use all means, hurry up and bring her away!"

Jing Yun'er immediately followed his instructions. She also knew that the man in golden clothes was not someone she could deal with.

"You have to be careful, this guy is very evil!" Jing Yun'er said anxiously, she knew that Chen Xiang was powerful, and would not die so easily in here.

The golden robed man, Yun'er, wanted to bring Han Xiaoying away, but with a sneer, she waved her fan and released another wave of Qi, but this time, it was blocked by the pressure released by Chen Xiang. Fiction]

"You're courting death!" The golden robed man's attack was blocked by Chen Xiang and he was extremely furious. He shouted loudly and arrived in front of Chen Xiang and gently waved his fan, releasing a burst of berserk force that shook Chen Xiang to the point of him spitting out a mouthful of blood. His body was pierced through by the berserk force and almost exploded.

"Bastard!" Chen Xiang cursed in his heart as two clones suddenly appeared and pounced towards the golden-robed man, tightly surrounding him.

"Do you think you can deal with me like this? "Foolish fellow." Originally, he thought that when Chen Xiang attacked, he would have to rely on his own strength to counterattack.

The moment Chen Xiang ran, he clenched his teeth, and controlled the two clones, including the Red fire dragons inside, to self-detonate!

With a loud boom, the ground instantly crumbled, and countless rocks were pushed in all directions by the explosive force, the violent red flames spread everywhere, and in the blink of an eye, the entire sky

was filled with a sea of fire, the fierce flames, accompanied by a large amount of rocks, were like raging waves, roaring violently.

The altar's circumference of a million miles was instantly destroyed!

The explosion of the two Red fire dragon and two men at the peak of World Defying Stage Legendary Rank was extremely terrifying. Chen Xiang and the others were also engulfed by the explosion of the shock wave.

Chen Xiang did not know what kind of background this fellow who suddenly appeared had, his power was truly terrifying. Just a casual strike was enough to heavily injure him, if he was unwilling to self-destruct, he would definitely not be able to escape.

After who knows how long had passed, Chen Xiang woke up in a daze. He was the old servant of the First Beast-creation Ancestor, Chen Xiang and the others had met him before.

"Senior ... Are you a woman?" Chen Xiang asked weakly.

"No!" The old man shook his head, "You really dare to go all out. But, it's not bad that you can escape this calamity." Previously, the only one who could survive in that guy's hands was my master, and now you have one more person. "

First Beast-creation Ancestor was the master of this black clad old man, and this black clad old man was also very strong.

Chen Xiang only hoped that Jing Yun'er and his sister would be fine. After all, they could be considered his friends.

"Sorry to ruin your place." Chen Xiang laughed bitterly, the entire altar was destroyed, and the elder's resting place was also among them.

"It doesn't matter!" The old man calmly said, "Rest well!"

Around Chen Xiang, he was in a simple stone room.

"Chen Xiang, your clone is destroyed. Are you affected by it?" Xiao Xianglin finally woke up and anxiously asked.

"It has a huge impact! After my two clones were destroyed, all the memories I had regarding the Doppelgänger mantra disappeared from my mind!" Chen Xiang sighed: "Master, refine another Doppelgänger mantra Soul Stone for me!"

"Alright!" Xiao Xianglin heaved a sigh of relief. She had only lost the memories of the Doppelgänger mantra.

Chen Xiang still had a lot of Tao-creation Holy Crystals, which was enough for him to refine more Paternoster soul stone.

Chen Xiang took out the Time array. It had been a few days since he last came out after recuperating from his injuries in there for a few hundred years.

"May I know how to address you, senior?" After Chen Xiang walked out of the stone room, he was outside.

"Master called me Ah Ying!" The old man held a stone in his hand.

"Many thanks to Senior Ying for saving us!" Chen Xiang said.

"I only saved you because I felt that you had hope of saving my master. No need to thank me." Ah Ying said coldly.

"Senior Ying, do you know the background of that fellow who suddenly appeared? His strength was truly terrifying! has he already surpassed the peak of World Defying Stage Legendary Rank?" Chen Xiang asked.

"The World Defying Stage Legendary Rank is hard to cross, of course he isn't." Ah Ying said.

"Then why is he so powerful?" Chen Xiang himself was also at the peak of World Defying Stage Legendary Rank, and he had his clones and Pressure mantra. Facing the golden-robed man, he was almost killed instantly.

"That's because he cultivated the World Defying Stage Divine Source!" Ah Ying said: "The World Defying Stage Divine Source is able to combine the powers together and then forcefully spit them out, the resulting energy is extremely terrifying, just like the energy after the medicinal pellet is compressed."

"Is it easy to cultivate World Defying Stage Divine Source?" Chen Xiang asked quickly.

"It's not easy. To date, I've only felt a little hair on my skin." Ah Ying shook his head.

He had felt a bit of hair on his skin, but he now had a lot of power.

"So that means, if I didn't cultivate that whatever World Defying Stage Divine Source, I wouldn't be a match for that guy at all?" Chen Xiang asked again.

"It is indeed so. However, your explosion earlier has already injured him. He is now looking for you everywhere." Deep inside, Ah Ying had a lot of admiration for Chen Xiang. He felt that if he was killed by Chen Xiang's two clones using his own strength, he would not be able to survive.

"Where did this bastard come from?" Chen Xiang clenched his teeth, someone who suddenly teleported in was actually so powerful.

"From Initial God-creation Realm!"

The auntie's words caused Chen Xiang to be shocked, this fellow actually came from the Initial God-creation Realm!

"He can't stay here for too long. He can only stay here for ten days at most." Ah Ying said: "If he doesn't leave after ten days, he will be torn apart by the Most Ancient Era. This is a type of natural power that the Tao-creation Divine Lord created to restrain this guy."

[Chapter 3719](#)

When Chen Xiang heard this, he could immediately imagine that there might be many such fellows in the Initial God-creation Realm. No wonder the Initial God-creation Realm was so mysterious!

"They were also sealed in the Initial God-creation Realm, and only those born in the Initial God-creation Realm won't be sealed, so they can run over here from time to time, but they won't stay for long either, afraid that they'll be 'killed' by the power the Tao-creation Divine Lord left behind. "How fast." Ah Ying said again.

Chen Xiang took out the stone that Han Xiaoying gave him. There wasn't any light at the moment, and he silently sighed in his heart.

"How far is this from First Beast-creation Ancestor?" asked. After self-detonating, he possessed immense power, so Jing Yun'er was the first to take Han Xiaoying and leave.

"Some distance." Ah Ying said: "You still want to go back? The moment the altar senses something approaching, someone will immediately come. "

"Then what do we do now?" Chen Xiang said.

"Only by becoming stronger can I get closer and defeat that fellow. And I have always been increasing my strength, hoping to defeat them one day! "

Chen Xiang didn't know how to become stronger to that extent either. He didn't even have a clue what kind of World Defying Stage Divine Source he was training in.

Chen Xiang left Ah Ying's cave and walked outside, eating the Doppelgänger mantra Soul Stone that Xiao Xianglin gave him. After obtaining the new Doppelgänger mantra, he smoothly released his two clones and two Red fire dragon.

"I'm finally back!" Chen Xiang was worried that he would never be able to control the Doppelgänger mantra again.

He released his three phantoms and headed towards the altar where the First Beast-creation Ancestor was.

After flying for a few days, the illusion finally reached the altar.

The altar was located in the middle of an extremely large pit, and it was only because Chen Xiang had allowed his two clones to self-destruct that he had become like this.

The First Beast-creation Ancestor did not have much to do, if he could be 'killed', he himself would be very happy.

Chen Xiang used his illusory body to look at the many savage beasts on the altar, and saw that they were crazily eating away at First Beast-creation Ancestor's body. All the Evil beast were killed by Chen Xiang and the others. And now they were putting in a new batch of ferocious beasts.

However, these ferocious beasts were not as strong as the ones before. If they continued to eat First Beast-creation Ancestor's meat, they would become very strong.

"First Beast-creation Ancestor!" Chen Xiang transmitted to the First Beast-creation Ancestor.

"You're still alive. You're pretty amazing!" The First Beast-creation Ancestor laughed.

"Although I am not your indestructible body, my life is much tougher than yours. I won't die." Chen Xiang said.

"That's good!" The First Beast-creation Ancestor said: "Don't go near it, otherwise next time there won't be that much of Zhou Yun."

"First Beast-creation Ancestor, do you remember the two girls that came with me? You should have been able to find out where they went!" asked. The reason he used his spirit body and First Beast-creation Ancestor was also to inquire the whereabouts of Han Xiaoying and Jing Yun'er.

"Of course! They ran away and were hurt! Back then, Yun Pengxiao punched them from afar." The First Beast-creation Ancestor replied, "But Yun Pengxiao himself wasn't much better off. His injuries from your avatar exploding were pretty severe, otherwise he would have been searching for you for a while. He only searched for a few days before returning."

"Yun Pengxiao, is that very arrogant guy?" Chen Xiang scoffed, "He hurt me so badly, I will definitely take revenge! I was almost killed by him!"

"He also hates you to death right now. After all, you made him look so bad." First Beast-creation Ancestor laughed: "I have to say, you brat, you're really willing to go all out!"

"If you can't bear it, you might even lose your life." Chen Xiang sighed.

"You have lost your Doppelgänger mantra! Those two dragons of yours are really strong. Even though I am a First Beast-creation Ancestor, I never knew of such a powerful beast-like existence. It seems to have evolved from a Killing evil dragon. The First Beast-creation Ancestor said.

Chen Xiang and Xiao Xianglin already knew that if their clone died, they would lose control of the Doppelgänger mantra, but it wouldn't affect him at all, because he could continue to eat the Doppelgänger mantra Soul Stone to gain new control.

"That's a long story! First Beast-creation Ancestor, right now, I can only save you if I become stronger. Quickly tell me, how can I cultivate World Defying Stage Divine Source!" Chen Xiang asked: "World Defying Stage Divine Source? I don't know how to train it either. At least, I am not able to cultivate it, if I had the World Defying Stage Divine Source, I wouldn't be sealed here, and my strong point is just my 'flesh'. First Beast-creation Ancestor laughed self-deprecatingly, "I was badly beaten up by Yunpeng earlier."

"Alright!" Chen Xiang was speechless.

But he could understand, at least those clan emperors and Tao-creation Divine Lords were unable to cultivate the World Defying Stage Divine Source, it was true! He did not believe this, but he felt that there must be a way to help him cultivate the World Defying Stage Divine Source.

He felt that the only feasible method was to refine pills!

"I wonder if it is possible to just eat the Mysterious Heaven Pill like this?" He did not attempt to do so, but now that he had asked the First Beast-creation Ancestor about it, he had no other choice but to think of it on his own.

"I'm not in a hurry anyway. I've been through all these years like this." First Beast-creation Ancestor was helpless because he was going to feed another batch of powerful Evil beast.

"When I save you, can you really let me cultivate a body like yours?" Chen Xiang asked.

"Of course." The First Beast-creation Ancestor said.

"Alright, I will definitely save you." Chen Xiang really wished to possess such a powerful body.

He knew that Jing Yun'er and the others were fine, and felt a lot more at ease. He planned to return to Medicine God Villa. After Jing Yun'er and the others recovered from their injuries, they might go somewhere and find him.

"Oh right, I sensed that the Beast-creation Race has arrived at the Most Ancient Era!" First Beast-creation Ancestor suddenly said.

The Ice-creation Race Emperor had this premonition beforehand, so Chen Xiang didn't feel that it was too unexpected, he just came faster than he had imagined.

"There might be people among them who are able to cultivate World Defying Stage Divine Source Qi." First Beast-creation Ancestor said: "Right now, I can only cultivate out Divine Origin Qi inside Divine Sense Sea, so this is already very strong, and Ah Ying is the same! They are not easy to deal with, so try to avoid conflict with them. "

"Do they listen to you?" Chen Xiang asked.

"I am sealed here, and there are people among them who are on par with me. Why would they listen to me?" First Beast-creation Ancestor shook his head and laughed.

"I will deal with them! "Farewell!" Chen Xiang retrieved his illusion body and immediately returned to Medicine God Villa.

Along the way, Chen Xiang had passed by several cities and heard the news of the arrival of the Beast-creation Race. Groups after groups of powerful savage beasts had already destroyed many cities with weak defenses.

Those savage beasts all have a characteristic that they agree with, their claws, teeth, or scales are all formed from the Tao-creation's sacred crystals!

[Chapter 3720](#)

Beast-creation Race had also developed a very strong power over the years, and they had also absorbed a lot of the power of the Essence Creation Domain, so their power must be very strong right now. Please search Chen Xiang was currently standing on top of a Six Realms mirrors, looking down at a city that had turned into ruins.

"The wild beasts of the Beast-creation Race are scary. This city is a medium-sized city." Chen Xiang revealed a shocked expression, he was secretly worried in his heart. In the Initial Thunder-creation Realm's Thunder City, there was his friend there, he did not know what was happening in that city either.

Chen Xiang stopped for a moment, then immediately hurried back, returning back to Medicine God Mountain Villa.

When he came to the Divine Power City, he discovered that the enchantment of the Divine Power City was much stronger. It was obvious that his defense had increased as well, but the door was still open.

When Chen Xiang arrived at the Medicine God Mountain Villa, the Medicine God received the news and immediately came to welcome him, bringing him into the tall Herb God Mountain.

"Medicine God, Beast-creation Race is here!" Chen Xiang's expression became serious.

The Medicine God nodded and said with a sigh: "A lot more will happen. Little Ice has already gone back to prepare! This Beast-creation Race is not easy to deal with, they will not be restrained! At present, we do not know much about the Beast-creation Race nor do we know how many powerful fellows there are among them. "

The most worrisome thing were the strong World Defying beast in the Beast-creation Race, which were the scariest.

Chen Xiang previously knew Chu Jinfeng, so he was a strong Qilin. Now, he didn't know how Chu Jinfeng was doing, if Chu Jinfeng also came to the Most Ancient Era and found him, he would be able to understand the matters of the Beast-creation Race.

"On my way here, I saw a lot of cities that were destroyed by the beasts. Those beasts were now targeting the smaller cities." Chen Xiang said: "Only one or two medium-sized cities have been destroyed, I just wonder what their goal is right now!"

"They want to destroy the small city and cause panic!" The Medicine God frowned, because he had also received a lot of information. "This could also be a demonstration by the Beast-creation Race, telling the world that their Beast-creation Race is very strong, and that it might make it easier for them to recruit people to join them in the future."

"It's very likely that the Beast-creation Race will join forces with the God-creation Race and the Fire-creation Sacred Race!" This was what Chen Xiang was most worried about: "If this goes on, the other Creation Race might join them too!"

When the Ice-creation Race Emperor had the divine weapon to restrain the other Creation Race, it caused the other Creation Race to be on their guard. Although the Ice-creation Sacred Race didn't have any intentions towards them, they had no choice but to be worried.

Now that the Beast-creation Race had arrived and was not being restrained, it was very possible that the other Creation Race s would join them to fight the Ice-creation Sacred Race in order to not be affected.

"At the moment, we do not know about the situation in Beast-creation Race. The other Creation Race s will not act rashly." The Medicine God was also a little worried. From now on, the Ice Holy Clan would most likely be united to fight back.

"Medicine God, how about this! Now that Creation Race has a good relationship with him, everyone is worried that the divine weapons in his hands will be able to restrain them. Chen Xiang said.

"That's right, as long as we remove this contradiction, they might still stand with us. After all, they already know about the schemes of the God-creation Race and the Thunder-creation Sacred Race." The God-creation Race and the Thunder-creation Sacred Race had previously thought about how to absorb the Most Ancient Era's energy, and even the other Creation Races were only energy in their eyes.

This matter had always been on the heart of the other Creation Race!

"Just give them some Sacred Blood Ice Crystals." Chen Xiang said: "That way, everyone will be able to balance!"

"That's a good idea. I'll discuss it with Little Ice later." The Medicine God nodded.

Ice-creation Race Emperor was also having a headache because of the arrival of the Beast-creation Race. She gathered the warriors of her clan to discuss about this matter and decided to go against the Beast-creation Race.

She also felt that it was the best solution at the moment. After that, Chen Xiang gave her some of the Sacred Blood Ice Crystals, telling her to give them to the other clan emperors in order to rope in the other Creation Races. This would guard against God-creation Race and Fire-creation Sacred Race.

Just now the scouts reported that they have already found out where the Beast-creation Race's base camp is. It's in the Tianlang Mountains, and there are always a group of beasts coming out from time to time, but they don't know the specifics, because it's very dangerous to enter there. There are many flying beastmen searching outside the mountains, and they will easily find out. The Medicine God said as he held a note.

"Sky Split Mountain Range? "I'll go now," Chen Xiang's eyes flashed, and quickly left Divine Power City.

Chen Xiang was going to investigate the Beast-creation Race. If the Beast-creation Race truly joined hands with the God-creation Race, then it was extremely likely that they would continue their God-creation Race's plan to devour the Most Ancient Era.

The Hundreds of Flowers Village was currently on top of the Most Ancient Era, so Chen Xiang would definitely not allow them to disrupt the stability of the Most Ancient Era.

Chen Xiang rode on his Six Realms mirrors and flew for a few days, and finally reached the Heaven Desolate Mountain Ranges. He was only able to get to the Heaven Desolate Mountain Ranges, but he noticed that there was a large flock of flying birds in the sky looking around.

Chen Xiang took out the order badge that Chu Jinfeng gave him and passed it on to Chu Jinfeng. If Chu Jinfeng was nearby, the order badge could light up.

Chen Xiang originally only wanted to try, but he did not think that the order badge would actually light up, Chu Jinfeng was nearby!

As long as Chu Jinfeng received the signal, he would immediately rush over. At this time, Chen Xiang was patiently waiting for him on the spot.

After half a day, Chen Xiang suddenly sensed a weak yet familiar Qi, it was Chu Jinfeng.

"Chief!" Chen Xiang shouted in surprise.

"We finally meet!" Chu Jinfeng laughed, patted Chen Xiang's shoulders, and then brought him away from this place. This was not the place where they talked about the past.

Only after Chu Jinfeng brought Chen Xiang far away from the Sky Split Mountain Range did they stop to chat with Chen Xiang.

"Alliance Master, what is Beast-creation Race's purpose in coming here? As soon as we arrived here, we destroyed quite a few small cities and killed quite a few people!" Chen Xiang said.

"Sigh!" Beast-creation Race's current situation is very strange, even I am unable to explain it clearly. "Chu Jinfeng's face was also filled with confusion. "When I followed them here, I had thought that they were here to assimilate into the Most Ancient Era. I never thought that not long after they arrived, they would start a massacre."

"Are you doing well in the Initial Thunder-creation Realm's Thunder City?" Chen Xiang asked.

"It's still alright. Now, only the Thunder City is there!" Chu Jinfeng nodded: "Chen Xiang, do you know the situation in Most Ancient Era? I have yet to inquire about the matters of the Most Ancient Era, you have been here for a period of time, you should have a good grasp of a lot of important matters, right?"
