

## Dan God 3731

### [Chapter 3731](#)

Yu Weizhou still had two more days to wait, it was boring anyway, and seeing these juniors fighting, he felt that it was very interesting, and his grandson, Yu Lirong, was also very interested.

"Then quickly tell me how to compete!" Meng Tianhao could not wait any longer.

"You and I should know by now. The reason why Elder Yu came here is to cure his grandson Yu Lirong's strange injury." Chen Xiang said.

"That's right, only my master has the ability to suppress this kind of injury." Meng Tianhao said.

"Mn, then let's see who can heal Yu Lirong's injuries and restore him to his peak." Chen Xiang said:  
"Whoever can do it, wins!"

Meng Tianhao laughed: "Are you joking? Even my master could only barely suppress his injuries, and you said that the content of our competition is a complete recovery? This is impossible, you better stop messing around. If you don't have any standards, don't mess around with others! You can only win against people like Hu Jingyuan. "

"Your failure to cure is your problem! If I can cure it, then even if I win, if I can't, it means I lose, and you can get ten million Tao-creation Holy Crystals! " Chen Xiang continued: "What do you think?"

"Since you want to give my Tao-creation's Divine Crystals for free, then I can't do anything about it. If you really can treat it, then you won't only be earning my Tao-creation's Divine Crystals." Meng Tianhao laughed sarcastically: "Of course, you must be crazy to be able to think of the contents of such a competition."

Yu Weizhou and Yu Lirong, the grandfather and grandson were both stunned. They did not expect that the content of Chen Xiang's competition, was actually related to them.

"Alright, I'll start now!" Chen Xiang came over to Yu Lirong's side.

"This... Little brother, my grandson's injuries are not easy to treat, they can only be suppressed. " Yu Weizhou shook his head and sighed.

"The main reason for his injury was because his own strength was insufficient to suppress it. I had secretly observed earlier that there would occasionally be some strange strength aura on his body. This aura is from an external force, not his own." Chen Xiang said.

"That's right!" Yu Weizhou's eyes lit up, he did not expect Chen Xiang to be able to discover it even in such a state.

"Brother Yu should be a Peak of World Defying magic realm!" Chen Xiang said.

"If he wasn't troubled by that strange injury, he would have long since stepped into the legendary realm and reached the peak of the world. It was all due to this strange injury that he was delayed for so many years." Yu Weizhou let out a long sigh, "Even now, it would be difficult for him to break through."

"I have a pill here called the Legendary god Dan. As long as you eat it, you can enter the World Defying Stage Legendary Rank." Chen Xiang took out a Legendary god Dan and continued: "This will take me about two to three thousand years to refine. As long as I refine it, I can make a breakthrough."

"Bullshit!" Which pill could allow one to step into World Defying Stage Legendary Rank with just one pill? They all need to eat at least ten or twenty pills. " Meng Tianhao taunted: "Master Yu, don't let this guy's pills scam you."

Hu Jingyuan, however, believed that it was true, because Chen Xiang had the Peak dan!

Yu Weizhou received Chen Xiang's pellet and looked at it: "There is nothing wrong with this pellet. It contains a very powerful energy within, and most importantly, this World Defying Dan grain ... It's very strange, the true power of this pill should be released by this World Defying Dan grain, I think it's worth a try! "

Yu Weizhou had already taken out a Time array.

"Li Rong, refine this well. This is a ten thousand year old Time array, refine it and it will be fine." As Yu Weizhou spoke, he placed the ten Tao-creation's Divine Beads into the array disc, and let Yu Lirong bring the array disc into the room.

A Time array opened by the Tao-creation's Divine Bead, and one that was ten thousand years old at that. In other words, it was a super Time array that had existed for ten thousand years in the outside world.

"Is old man Yu the one who created the medicine?" Chen Xiang asked.

"It can only be considered half..." My main focus will be on the battle and I will specifically deal with some of the venomous insect Poisonous beast that invade the divine tree. " Yu Weizhou said.

"This Medicine-creation Divine Continent is truly a very prosperous and strange world." Chen Xiang laughed.

"You haven't!" Meng Tianhao was very unhappy, because he could see that Yu Weizhou was very courteous to him.

"I've seen too many worlds." What Chen Xiang said was the truth. Although Yu Weizhou might be stronger than him, his experience was not as abundant as his. He had experienced many profound worlds, experienced many different things, and many different worlds.

Hu Jingyuan stood at the side without saying a word. He was only walking around, and he was really looking forward to the moment Yu Lirong came out. If Chen Xiang's Legendary god Dan could really help him break through, then that would be too shocking.

"I had once thought of letting Li Rong eat more pills to get to World Defying Stage Legendary Rank, but after eating so many, it was still hard to reach." Yu Weizhou sighed: "But others can easily break through."

"The pills you ate should be at intervals, right? In Brother Yu's case, you need to break through the bottleneck in one go. " Chen Xiang also understood some of those pellets, which was what Hu Jingyuan had said before. So after taking one pellet, and after eating another at intervals, depending on the

circumstances of different people, once they had consumed enough pellets, they could step into the World Defying Stage Legendary Rank.

Although he had guaranteed that he would be able to break through the legendary realm, in Chen Xiang's eyes, he was still far behind.

... ..

"It's already been four hours, and it's already been three to four thousand years since the last time the Time array was here." Meng Tianhao waited at the side, his heart burning with anxiety. If he really succeeded, he would lose miserably.

"You are an outsider. If you were to cheat ..." Just as Meng Tianhao said that, the door opened.

Yu Lirong who had walked out looked completely different from the sickly him from before. Chen Xiang knew that he had recovered with just a glance, and this was completely within Chen Xiang's expectations. The reason why he took so long was probably because Yu Lirong was already suffering from strange injuries, hence the speed at which he was refining it was much slower.

Yu Weizhou also did not dare believe it, and excitedly walked over and carefully checked Yu Lirong's situation.

"Grandfather, I have already stepped into the World Defying Stage Legendary Rank. I have used my own strength to heal all the strange injuries in my body." Yu Lirong's voice was straightforward, and he laughed.

"Thank you Brother Shen for saving us." Yu Lirong walked over and bowed to Chen Xiang.

"You're welcome. I'm glad my pills are useful to you." Chen Xiang laughed.

"Little brother, I really don't know how to thank you!" Yu Weizhou had already bowed and thanked Chen Xiang with tears streaming down his face. Because for so many years, he had been running all over the place for his grandson, causing him to feel extremely depressed.

"There's no need to be so grateful. In any case, this is just a small matter for me." Chen Xiang immediately held Yu Weizhou up.

Hu Jingyuan was pleasantly surprised, if Chen Xiang's Legendary god Dan was exposed, it would definitely shine here.

Meng Tianhao looked at Yu Weizhou, whose face was filled with gratitude and tears. His expression was unsightly to the extreme, and an indescribable rage surged up in his heart. He was feeling jealous, envious, and at the same time, felt dejected and indignant because of the nine million Tao-creation s he had lost.

### [Chapter 3732](#)

At this time, Meng Tianhao had no choice but to give the Tao-creation Divine Crystal to Chen Xiang. He took out the Tao-creation's Divine Crystal with a heartache, cursing Chen Xiang in his heart.

Chen Xiang was very happy to get his hands on the Tao-creation's Holy Crystals, his face was full of smiles, which made Meng Tianhao even more angry.

Yu Weizhou had to thank Chen Xiang no matter what. He thought for a bit, then took out two stones and gave it to Chen Xiang.

"This is just a small token of my appreciation!" Yu Weizhou said, and handed the stone over to Chen Xiang.

Hu Jingyuan saw that the two gray stones were shrouded by a layer of faint white light and shouted in shock, "These are Explosive Divine Stones!"

"That's right, this is the most precious thing I have on me. If it wasn't for little brother's divine pill, I don't know when I would be able to recover my strength." Yu Weizhou shone the two stones into Chen Xiang's hands.

"Brother Shen, after being refined into a Divine Weapon, if you are hit by a fierce attack, a very strong power will explode and shock the opponent. It will be very helpful in battle." It was all thanks to Chen Xiang that he was able to recover. Naturally, he was also extremely grateful to Chen Xiang.

Chen Xiang accepted the two Explosive Divine Stones and also expressed his gratitude to Yu Weizhou.

"Master Yu, do you have any Spirit Communication Pills?" Chen Xiang needs this kind of pill now, although grandfather knows how to refine it, he might not have it on hand. " Hu Jingyuan asked quickly.

"Of course!" Yu Weizhou immediately took out a pill and gave it to Chen Xiang: "I only have one here!"

"Thank you, but this pill must be very precious, I will use the Tao-creation's Divine Crystals to buy it." Chen Xiang said.

"Just keep it, don't be polite with me." Yu Weizhou laughed.

Chen Xiang could only accept it.

He didn't know when Meng Tianhao left either, but no matter what, neither Chen Xiang nor Hu Jingyuan noticed him.

"Master Yu, then do you still want to wait for my master?" Hu Jingyuan laughed, Yu Weizhou definitely had many matters to attend to, after all these years, Yu Lirong had held him up for too long.

"I'm not waiting anymore. He must be very busy too. I'm going to bring him back!" Say hello to him for me. " Yu Weizhou said, then bid farewell to Chen Xiang, and left with him.

After Hu Jingyuan saw that Yu Weizhou had left, he smiled: "Chen Xiang, in the future, go to the Golden fire tree s. If there is anything you need, go find him.

"My dan can help others, and I'm content." Chen Xiang laughed.

"Chen Xiang, your pill formula is too amazing!" Hu Jingyuan was extremely respectful, of course he wanted to learn and refine the Legendary god Dan, but he knew that was impossible.

On the other hand, the Peak dan's pill formula was possible.

"Old Hu, then how many Holy Crystals of the Tao-creation would the Spirit Communication Pellet be worth? You brought me here just like this, are you sure your master will give it to me?" Chen Xiang was extremely curious, he felt that the Spirit Communication Pill was definitely very precious.

"It's quite expensive, it's worth tens of millions of Tao-creation Holy Crystals!" Hu Jingyuan said: "If you are willing to use the medicinal formula to exchange with my master, he will definitely give you two pellets."

The price of the Peak dan s' pill formulas were also about the same. Even if he sold them in the Medicine-creation Divine Continent, it would not affect the people in there.

"You guys have so many Creation Gods, can't they create pills that can allow people to quickly enter the World Defying Stage Legendary Rank?" Chen Xiang suddenly felt that those drug creators did not seem to be that powerful.

You are a powerful Alchemist, you should know very well that even if I gave you a huge pile of medicinal herbs, you still wouldn't be able to make a good combination. "Su Yun said in a low voice. Hu Jingyuan said: "The pharmacists here are only able to create single, very strong medicinal herbs. If you want to concoct a pill formula, the Alchemist will have to do it himself. "

Chen Xiang had a deep understanding of pill formulas. If not for He Fengyuan's perception of medicinal ingredients, he would not know how to obtain a pill formula.

"I still lack a Legendary Elixir." Chen Xiang said: "If I were to directly exchange that pill formula with your master, wouldn't that be a huge loss?"

"Don't worry, my master will give you other compensation." Hu Jingyuan laughed: "My master is a very good person, you must not have a bad impression of him because of him."

"How about this, I want two Spirit Channeling Pills. It's not a bad thing to have one of these." Chen Xiang thought about it and said.

Hu Jingyuan sat down, curled his lips and said: "That bastard Meng Tianhao ran off just like that, I still want to scold him a few times."

"He must hate me." Chen Xiang laughed.

"He asked for it." Hu Jingyuan thought about how Meng Tianhao suffered, and couldn't help but laugh out loud: "Actually my pill refining skills are not inferior to this guy at all. The last time he defeated me was all because of the methods he used, what achievements do you think a fellow with such a weak character like him would have?"

"That's true!" Chen Xiang nodded, with his personality, it was difficult for him to achieve anything. Hu Jingyuan was a good person.

Chen Xiang was waiting here for that powerful Master of his, Hu Jingyuan's, for him. It would take another two days for him to arrive.

After waiting for a long time, suddenly a blue robed old man appeared. He looked very friendly, but when he saw Hu Jingyuan and Chen Xiang, he smiled.

"Xiao Hu, you have such a strong friend, why didn't you introduce him to me? "You should have taken him to my place. What was he waiting for?" The blue-robed elder laughed.

"Uncle!" How did you know about Chen Xiang? " Hu Jingyuan chuckled: "Aren't I worried that I will disturb you?"

His name was Ke Yunxing, and he was a founding alchemist and a Alchemist. Although he was Hu Jingyuan's Senior Master, his reputation was far inferior to Hu Jingyuan's master.

"What are you talking about? "Come, come and sit at my place." Ke Yunxing laughed.

Hu Jingyuan didn't want to go, but there was no other way. He was forcefully pulled away by Ke Yunxing, who was also dragged over.

"I just met Yu Weizhou on the road. He was the one who told me about it. said. At this time, he had already brought Chen Xiang and to another tall tower, which was also a medicine store.

Chen Xiang and Hu Jingyuan were invited to a very luxurious living room.

"Little brother, your Legendary god Dan is really amazing, I wonder where you got your pill formulas from?" Ke Yunxing asked with a smile, as he poured some tea for Chen Xiang.

"An expert gave it to me." Chen Xiang casually said. Generally speaking, when someone asked for a pill formula, they would mostly want it. Chen Xiang's actions were also hinting to Ke Yunxing that he would not give out the Legendary god Dan's pill formula.

### [Chapter 3733](#)

When Chen Xiang brought the tea to his mouth, he smelled that something was wrong and his expression changed. He immediately looked at Hu Jingyuan and saw that he had finished drinking the cup of tea.

Ke Yunxing came over to Hu Jingyuan's side and smiled: "Xiao Hu, how's my tea?"

"Martial Uncle, your tea is naturally very good. Your tea is much more famous than your medicinal herbs." Hu Jingyuan laughed.

Chen Xiang frowned and immediately sent a sound transmission to Hu Jingyuan: "Old Hu, your Senior Master's tea is strange, don't drink the second cup."

When Hu Jingyuan, who was originally laughing, heard the sound transmission from Chen Xiang, his face suddenly changed. He immediately channeled his Divine Origin Qi to resist the warm current that was entering his body.

"Impressive! To be able to discover it so quickly! " Ke Yunxing said, as he fiercely pressed his palm on Hu Jingyuan's chest, releasing a burst of force, causing Hu Jingyuan's blood to spurt out all over the place.

Chen Xiang suddenly jumped up from the chair, this Ke Yunxing actually attacked Hu Jingyuan!

Ke Yunxing was Hu Jingyuan's Senior Master, but to be able to hate his hands so much, Chen Xiang immediately thought that this Ke Yunxing wanted his Legendary god Dan to be single-handedly inverted.

After Hu Jingyuan was poisoned by the tea, he was then ruthlessly smacked. At this moment, he no longer had the strength to retaliate.

"You can't run away, this is my territory!" Ke Yunxing leisurely said with a smile.

When Hu Jingyuan cultivated the Divine Origin Qi, Ke Yunxing was still a little afraid, but now that he was seriously injured by Hu'er's poison, he didn't have to worry about anything at all. If he wanted to deal with Chen Xiang himself, it would be as easy as flipping his palm.

The Divine Origin Qi that was being released from Ke Yunxing's body was much stronger than Hu Jingyuan's. Although he had not cultivated the World Defying Stage Divine Source, he was not someone that Chen Xiang could take care of.

Hu Jingyuan slumped onto the chair, with a face full of anger: "Ke Yunxing, I didn't think you were this kind of guy! Chen Xiang saved Yu Lirong before. If something happens, Yu Weizhou will definitely find you to settle the score! "

"As long as this doesn't get out." Suddenly, a voice came out, it was Meng Tianhao!

Chen Xiang and Hu Jingyuan immediately understood that the reason why Ke Yunxing knew about the Legendary god Dan was not because he met Yu Wei.

"When the time comes, you can scold that foolish master of mine and have Yu Weizhou settle the score with him." Meng Tianhao laughed sinisterly, he walked to Hu Jingyuan's side and fiercely slapped his face.

Chen Xiang clenched his fists and said coldly: "You two bastards!"

Ke Yunxing laughed loudly: "You have already fallen into my hands, don't you understand? If you cooperate with me honestly, I might spare your life and put you in jail. "

Ke Yunxing was also beside Hu Jingyuan. He released a burst of black flames and poured it into Hu Jingyuan's abdomen.

Hu Jingyuan immediately screamed at the top of his lungs, the black flames inside his body was extremely painful.

"Quickly hand over your Tao-creation's Divine Crystal, the Legendary god Dan's medicinal formula, the Explosive Shock Divine Stone and the Legend rank Spirit Pill." Ke Yunxing laughed sinisterly: "Otherwise, I will make that guy even more miserable."

The wealth in Chen Xiang's hands indeed made people envious, it was enough for a strong warrior like Ke Yunxing to take action.

Hu Jingyuan was in extreme pain, but his face was filled with guilt, because he knew that it was all his fault.

"Chen Xiang, don't worry about me!" The pained Hu Jingyuan roared out, his body fiercely ignited. He was destroying himself, just so that he would not drag Chen Xiang down!

"Let's go, or I'll be sucked away as well!" Chen Xiang never thought that his punch would be so powerful, it actually caused the space to collapse.

Chen Xiang passed through a wall and jumped down from the tower.

After he landed on the ground, more than half of the pagoda had already been devoured by space, and the collapsed space was gradually recovering.

"Old Hu!" Chen Xiang looked at the tower in grief and fury: "I have already avenged you!"

He had already returned the Red fire dragon to its original state. With the three Red fire dragon combined, he could not control the power for long. At this moment, he could no longer feel that his arm was crippled.

Just as Chen Xiang was about to leave, he saw a figure that was the size of a thumb running over.

"Chen Xiang, wait for me." The little girl was actually Hu Jingyuan. However, she looked very young, so this should be the primordial spirit that he had condensed deep inside the ocean.

Such a huge commotion was stirred up, and it was right beside the Purple fire tree, which had already alarmed a lot of people. Chen Xiang grabbed Hu Jingyuan's tiny primordial spirit and left the scene with a swoosh.

#### [Chapter 3734](#)

Hu Jingyuan was led far away from the Purple fire tree by Chen Xiang, and at this moment, this entire region was discussing about this matter. Because the death of an expert meant that the expert was Ke Yunxing.

Ke Yunxing normally looked like a good person and he had quite a bit of fame. To be killed just like that, this was a huge matter. Meng Tianhao was also mentioned, after all, he was someone who could enter the Purple fire tree and was killed by someone.

Chen Xiang and Hu Jingyuan were hiding in a small tavern.

"Old Hu, it's really good that you didn't die!" Chen Xiang laughed. When he saw Hu Jingyuan's little soul, he was extremely happy.

"Ai, my current appearance is even worse than death." Hu Jingyuan sighed.

"Don't worry, you'll definitely recover to your peak." Chen Xiang consoled.

"Let's not talk about this anymore!" Your strength is really scary, especially that dragon. It's really scary!  
" When he thought about it, Hu Jingyuan still had lingering fear. After he had become a tiny Primordial Spirit Apostle, he had almost been affected. Fortunately, Chen Xiang's control over his energy was extremely accurate, allowing that energy to run all over the place.

Hu Jingyuan also escaped with great difficulty. Even though he said that it was worse than death, when he thought back to what happened just now, he was still trembling in fear.

"Your master must be very concerned about this." Chen Xiang sighed: "How do I tell him about this now? Can he understand? "

"It's best not to look for him! There are rules in this region, if you were to cause such a huge commotion here, you will definitely be investigated by the people from the Purple fire tree." Hu Jingyuan said: "Although my master is a good person, he is still a little stubborn. When the time comes, he will definitely hand you over to the Purple fire tree and they will punish you."

Chen Xiang had even intended to look for Hu Jingyuan's master.

"Then what should we do now?" Chen Xiang's plan to get the Spirit Communication Pill had all gone down the drain.

"Go to the Golden fire tree and look for old man Yu. He is more reasonable, and told him to tell my master about this matter." Hu Jingyuan said: "On the other hand, Meng Tianhao's matter is not easy to handle."

"Isn't this guy dead? What is there to be afraid of?" Chen Xiang said.

"Meng Tianhao's parents and grandfather are both very strong and have very high statuses within the Purple fire tree. They will definitely investigate this matter, and at that time, they will definitely find out something." Hu Jingyuan said: "If they found out about you, then you're in danger."

"What's there to be afraid of? As long as I'm not caught, it's fine." Chen Xiang was not afraid, he had already rushed to the Golden fire tree s.

He gave the Legendary Pill he got previously to Xiao Xianglin so she could learn about Legendary mantras. Although he didn't know what Legendary mantra it was, it was definitely more useful.

"This legendary Spirit Communication Pill is indeed a little useful, but it still requires a lot of time, mainly because I have mastered too many Legendary mantras." Xiao Xianglin said: "I estimate that after a month, I will be able to grasp a Legendary mantra."

Hearing Xiao Xianglin's words, Chen Xiang secretly admired Hu Jingyuan's master, who could actually create such a pill.

Chen Xiang bought a small boat and went along the river towards the Golden fire tree.

Golden fire tree were still quite far from the Purple fire tree and would need at least ten days to reach.

Hu Jingyuan was also cultivating inside Chen Xiang's Six Realms mirrors. Chen Xiang had already helped him reconstruct a new body, but the body was extremely weak.

After Chen Xiang arrived at the Golden fire tree area, he went ashore and walked towards the Golden fire tree.

"Old Hu, how do I meet senior Yu?" Chen Xiang asked.

"He is usually in a place with high Golden fire tree. It will definitely not be easy for you to meet him ... Furthermore, I am temporarily unable to reveal myself. Previously, this fellow did not give you a token or anything like that. Hu Jingyuan said.

"It's fine, since we're not in a hurry right now. Maybe your master won't be so stubborn after things calm down for a while." Chen Xiang laughed. At this time, he was extremely interested in the area of Golden fire tree.

There were many different types of metals here, all for refining purposes. He let Xiao Xianglin choose a few of them.

Xiao Xianglin also planned to refine the Explosive Shock Divine Stone into the Heavenly magic sword and the Six Realms mirrors.

After walking around the streets and alleys for a few days, Chen Xiang suddenly heard a piece of news. The reason the Golden fire tree were recruiting was because they were going to kill and kill all kinds of poisonous insect and Poisonous beast.

In the Medicine-creation Divine Continent, the biggest threat to the nine huge divine trees was the Poison Insect Poisonous beast. Some of the Poison Insect Poisonous beast were very strong, so it was very difficult to become a Gold Fire Fighter.

"If you become a Gold Fire Fighter, then you can enter the Golden fire tree and maybe even meet old man Yu. With his help, you should be able to cultivate World Defying Stage Divine Source Qi." Hu Jingyuan said.

"Let me try and see if I can become a Gold Fire Fighter." Chen Xiang said.

Xiao Xianglin also bought a lot of metal materials, and returned to the You Yao Mountain Villa to fiddle around. Previously, she was just a clone shopping with Chen Xiang, while her original body was learning Legendary mantra and was almost done.

Chen Xiang arrived outside a large house and lined up with many people.

These people were all at the late stage or peak of World Defying Stage Legendary Rank, wanting to participate in the examination to become Gold Fire Fighter.

"It's very difficult to become a Gold Fire Fighter! "I wonder if he'll be able to pass the exam. If he can't, then the exam fees will be wasted again."

"It shouldn't be too difficult, Yu Weizhou's son just entered the World Defying Stage Legendary Rank, and can already become a Gold Fire Fighter!"

"He has a great grandpa, do you have one?"

"That's right, this Yu Lirong's strange illness has finally healed. His strength is definitely not that great, and it's all because of his grandfather that he's able to become the Gold Fire Fighter."

Those people who were with Yu Lirong back then were all now at the peak of World Defying Stage Legendary Rank, and some had even cultivated out divine origin energy. Only he, who had just stepped into the legendary realm, was shameless to have his grandfather turn him into a Gold Fire Fighter! "

Hearing these words, Chen Xiang laughed in his heart. Yu Lirong had a strong foundation, after Yu Lirong broke through, the aura was extremely strong. Yu Weizhou would definitely not favor his grandson. He

guessed that Yu Lirong was hiding an extremely mysterious and terrifying power that could allow him to wield around the power of the late stage of World Defying Stage Legendary Rank.

Chen Xiang saw that there were a few people who were able to pass the examination, so he felt that he would definitely be able to pass as well.

After lining up until night, it was finally Chen Xiang's turn.

"Chen Xiang right? "This is a poisonous spider. As long as your fire can burn it to ashes, you can pass this stage." An old man let out a half-dead poisonous spider. It was as big as a bathtub, and its body was covered with shining purple fur. It was very frightening.

### [Chapter 3735](#)

Chen Xiang did not feel any fear towards this poison. He had seen many poisons that were even scarier than this spider, not to mention that the poisonous spider in front of him was dead.

This poisonous spider was rather strong, and although the flames Chen Xiang released could slowly burn the poisonous spider to death, their speed was extremely slow.

"They must have a lot of them!" Chen Xiang thought in his heart. There were quite a number of these venomous insect Poisonous beast that were specially used for the examination. In order to quickly pass the examination, Chen Xiang released an even stronger flame with a frown.

When the old man in charge of the assessment saw this, he was secretly surprised, because Chen Xiang's flames were considered stronger. Although they had met her before, those people looked older and younger than the Chen Xiang in front of them.

"Stop, pass the first round!" An elder anxiously shouted: "Chen Xiang, you can go for the second round!"

Chen Xiang thought that he would burn the big purple spider to ashes after passing the trial like this. If such a large spider were to be burned, it would take a lot of time. Moreover, it would also be a waste of a spider, so they had to give it to the next person for the test. They only needed to see that the examinee had the strength to burn the purple pearl.

Under the lead of a single person, Chen Xiang arrived at a very large hall. There were about ten people here who were the same as him, all who had passed the first round of examination.

The content of the second round of the examination looked very simple, it was to use the divine weapon provided by the Golden Fire Divine Palace to hack at the bodies of the poisonous insect Poisonous beast, if it was really hacked, it would be passed.

The purpose of these tests was to see if they could cause any harm to the Poisonous beast. If one did not have the strength, there would be no point in joining the battle.

Chen Xiang watched from behind as an old man hacked at a black beetle that was the size of a giant bull. He hacked at it dozens of times but still failed to hack open the beetle's shell.

This large beetle was already dead, but its shell was extremely sturdy. Watching it, Chen Xiang was secretly fearful, he had also burned that big spider before and its defense was extremely strong.

At this time, he had a certain understanding of the poisonous insect Poisonous beast here.

"Liu Yong, you've failed the test." An old man announced, "Within the scope of one hundred blades, do not split the shell of the black beetle."

The old man called Liu Yong had a regretful expression as he left. Soon after, it was the turn of the others.

The next was a middle-aged man. He only used ten blades to cut a hole through and successfully passed the examination to become a Gold Fire Fighter.

There were a lot of people who could not pass the examination, and more than half of them could not. Chen Xiang now understood, they were not people who could pass the assessment with their high cultivation, although some had high cultivation, but they had not reached a high level in their use of their own strength, and were unable to unleash their full strength.

However, there were some people who used their powers extremely well. Even if their cultivation was not high, they could still split apart the black beetle's hard shell.

It was Chen Xiang's turn. Chen Xiang did not use the power of the Red fire dragon, nor did he use the Legendary gas.

Dang, dang, dang!

The knife in his hand landed on the black beetle's shell, causing a series of crisp sounds to ring out. He did not manage to split the black beetle's shell even after dozens of consecutive slashes.

"This is really strange!" Chen Xiang looked at the blade in his hand in a daze.

"Stop trying. You're only at this level. Hurry up and go!"

"Don't waste everyone's time. Even if you were to hack at it hundreds of times, the result would still be the same."

"Hurry up and go, we're waiting for the test!"

Seeing that Chen Xiang's dozens of cuts were unsuccessful, many people started shouting.

Chen Xiang still had a few dozen slashes left, but this group of people were so anxious!

"Forget it, let's just use the Legendary gas!"

Chen Xiang had no choice but to use Legendary gas s.

The Legendary gas rushed into his arm and fused with his flesh power. He raised his long blade and roared loudly, the slash from the blade actually created a terrifying explosion, the shock wave forced everyone in the room to retreat.

Crash! \*

Under Chen Xiang's blade, the Profound beetle was split into two!

Everyone was stunned, this made them extremely shocked. Previously, Chen Xiang couldn't even touch a single bit of the Profound Beetle, but now, he displayed such a great power.

"Chen Xiang, pass the examination! Become a Gold Fire Fighter! " An old man's heart skipped a beat because there weren't many people who could cut a black beetle in half. At least, he had never met one during the assessment.

After Chen Xiang was taken away by a single person.

"Previously, he only used his physical body's power, he wanted to test if his physical body's power could split apart. Later on, he used his Legendary gas." One of the middle-aged men in charge of the assessment laughed, "This guy is really powerful."

Those people who were mocking Chen Xiang just now, had their faces turned red, because Chen Xiang's strength was far stronger than them, and it was not the first time they had tried to hack at the shell of a black beetle.

Chen Xiang had already become a Gold Fire Fighter and was brought into the Golden fire tree to wait for the arrangements.

The Golden fire tree was like a super tall building with countless of floors. Chen Xiang didn't know which floor he was taken to.

He only knew that this floor was very high and that his room was extremely comfortable. There was a very big window that allowed him to see the side of the Medicine-creation Divine Continent from above.

Chen Xiang was told to only stay here, and had to wait for arrangements before doing anything else.

After Chen Xiang had waited for two days, an old man came in and said: "Chen Xiang, your strength is not bad. So you were assigned a pretty good team. "

"Thank you!" Chen Xiang smiled.

"This is your armor and blade. If they are damaged, you need to replace them in time!" As long as you follow the team and wait for the quest, we'll properly arrange it for you when you have time to rest. " The old man gave Chen Xiang a Storage bag, inside it were many things.

Chen Xiang took out the set of black armor and wore it, he thought it was gold, but Xiao Xianglin said that its defense was not bad, and then he used a blade, which was refined using a lot of high level materials, and was considered stronger, but not as good as his Heavenly magic sword.

"Your armor can let you fly, you can only fly while on mission, and you can't fly when you're resting, if you're caught, you'll be imprisoned for a thousand years." After the old man saw that Chen Xiang had donned his battle armor, he told Chen Xiang a few things that he needed to remember.

Chen Xiang followed the old man out of the room and arrived at a higher place. Furthermore, they were walking on a huge tree branch, Chen Xiang felt that this tree branch could accommodate dozens of gigantic squares.

"This place is your team's territory. They usually stay here and wait." The old man said, "Go and greet them yourself! This battle has just been set up not too long ago, and most of them are young people, so their overall strength is very strong. "

### [Chapter 3736](#)

The old man had only sent Chen Xiang here, he would need Chen Xiang to become a part of the team.

After Chen Xiang walked over, he saw four people there. One was a tall and beautiful woman, the other two were young and handsome youths, and the last one was a middle-aged man.

"Shen ... Brother Shen! " One of the youths was astonished.

"Hello, Brother Yu!" Chen Xiang was also surprised, he did not expect to meet Yu Lirong in this team.

"I am Chen Xiang, and have just passed the examination to become a Gold Fire Fighter. Please advise me." Chen Xiang introduced himself.

Yu Lirong had a very high position here, even though he was acquainted with him, the other three people still gave him face, and all introduced themselves. Chen Xiang observed carefully, and other than the middle-aged man, the other young man and the tall beautiful woman all ignored Chen Xiang, showing their arrogance.

The middle-aged man was the captain, and his name was Zhong Jun. He had a square face with thick eyebrows and big eyes.

The other youth was called Tian Dong Yu. Although he had a long and skinny face, he was also very handsome. He only spoke a few words with Chen Xiang before walking to the side.

The only female in the team was called Lu Xinyun, and she was also indifferent to Chen Xiang, as if she was dissatisfied with Chen Xiang being her team member.

On the other hand, Yu Lirong welcomed Chen Xiang very much. After all, he had been saved by Chen Xiang. Just now, Chen Xiang had already sent a sound transmission to him, telling him not to leak the information that he was a Alchemist.

The reason why Chen Xiang had become Gold Fire Fighter was also to think of a way to see Yu Weizhou. Right now, he had already met Yu Lirong, which meant that he would be able to see Yu Weizhou very soon.

"As long as you don't drag me down! Poison insect Poisonous beast are not easy to deal with. Even though you can pass the examination, it does not mean that you have sufficient strength. " Seeing Chen Xiang and Yu Lirong chatting so much, Tian Dong Yu walked over and said coldly.

Tian Dong Yu and Lu Xinyun both felt that Chen Xiang had joined the team because of Yu Lirong.

Chen Xiang could guess that the two of them were from an extraordinary background, which was why they were able to become Gold Fire Fighter at such a young age. He had previously heard that if there were people of status within the Golden fire tree, their girls would also become Gold Fire Fighter, on one hand to gain experience, and on the other to gain merits.

"Tian Dongyu, Brother Shen is very strong." Yu Lirong did not know what happened over at the Purple fire tree's side, he had never seen Chen Xiang fight before, but he knew that Chen Xiang's pill techniques were superb. In his eyes, those with great pill techniques were definitely not weak.

"Yu Lirong, you are in the early stages of World Defying Stage Legendary Rank, your strength can be considered not bad, but this is all because of your grandfather. Lu Xinyun coldly snorted.

"Don't worry, I won't drag you guys down." Chen Xiang pressed his hand on Yu Lirong's shoulder, because at this moment, Yu Lirong was a little angry.

"With me here, what are you afraid of?" Zhong Jun's tone was also a little arrogant, because Tian Dong Yu and Lu Xinyun were not very friendly with Chen Xiang. As the captain, he had a headache about this sort of thing.

Zhong Jun was an old Gold Fire Fighter, that was why he was the one leading the team.

Lu Xinyun and Tian Dongyu also only looked at Chen Xiang with contempt before leaving and returning to their own rooms.

"These young people, seriously!" Zhong Jun shook his head: "You guys go ahead and do what you need to do, I'll go check if there are any tasks."

"Alright!" Yu Lirong brought Chen Xiang to his room.

"Brother Shen, you are the Pill God! What are you doing here, Gold Fire Fighter? This is extremely dangerous. " Yu Lirong asked anxiously after closing the door.

"I came to find your grandpa. I ran into some trouble and need his help." Chen Xiang said with a serious face: "Brother Yu, don't you know what happened at the Purple fire tree s' side?"

"What happened?" Yu Lirong shook his head: "Ever since I became a Gold Fire Fighter, I have no knowledge whatsoever of the outside world."

"Then I'll tell you!" Chen Xiang was extremely shocked when he heard Chen Xiang's simple explanation.

"Shen ... Brother Shen, you actually killed such a character. " Yu Lirong's face was full of disbelief. He was very clear about what kind of level Ke Yunxing was at.

But now he was dead!

"There's no other way!" Chen Xiang released Hu Jingyuan.

"Old Hu!" Yu Lirong immediately believed Old Hu when he saw his weak aura.

"Li Rong, I need your grandfather to clarify this matter for us. Go and find my master! Now, my master must definitely think that Chen Xiang and I killed Ke Yunxing and Meng Tianhao for no reason at all. " Hu Jingyuan said.

"Okay, when grandpa comes back, I will immediately tell him." Yu Lirong said: "Right now, he has something important to take care of. I don't know what's going on with these few days, but many of the higher ups of the Golden fire tree have very important things to do, and I don't know what they are up to. "

"As long as I can see your grandfather!" Chen Xiang laughed: "I am fine with it, but Old Hu is still very respectful towards master, he needs to let his master know about this."

"En!" Yu Lirong nodded.

"Oh right, Brother Shen, don't take the matter between Lu Xinyun and Tian Dongyu to heart." Yu Lirong laughed: "When they witness your strength, their prejudice towards you will disappear."

"Hehe, I'm not going to lower myself to the same level as them!" Chen Xiang laughed.

"That's true, you are a pill god that even my grandfather admires!" Yu Lirong said.

Suddenly, a shout came from outside. That was Zhong Jun's voice.

"There's a situation. Prepare to head out." Zhong Jun shouted.

Chen Xiang and Yu Lirong immediately came out of the room, they were much faster than Lu Xinyun and Tian Dong Yu.

These Gold Fire Fighter were all wearing black armor, Chen Xiang suspected that they were all made from the armor of black beetles.

"Captain, what's the situation?" Is this guy really good? " Yu Lirong asked. Even though he had a very powerful grandfather, due to many years of strange injuries, they were able to sharpen his mental state.

"Quite impressive, there are a total of ten teams going! Let's hurry up and see what the situation is. " After Zhong Jun finished speaking, he flew up into the sky.

"If you drag us down, you might as well stay here. Otherwise, you won't blame us when we die." After Lu Xinyun finished speaking, she too flew over.

"I told you to stay here!" Seeing that Chen Xiang was about to set off, Tian Dong Yu shouted coldly to him and followed after.

"Ignore them!" Yu Lirong knew of Chen Xiang's strength, if he could even kill Chen Xiang, they would definitely not be able to escape.

Chen Xiang and Yu Lirong were the last to leave, and Zhong Jun had already flown very high, they followed the Golden fire tree's huge tree trunk and continuously flew up. The higher they went, the fewer people there were.

### [Chapter 3737](#)

"The higher the level, the more poisonous insect and Poisonous beast there are! There are a lot of leaves at the top of the divine tree, and they are all very large as well. These leaves don't have much use for us humans, but they are extremely helpful for beasts. Yu Lirong said, he knew that Chen Xiang was from outside and did not know about the things in the Medicine-creation Divine Continent.

"Where did the poisonous insect and Poisonous beast come from?" Chen Xiang was very curious about this.

"I don't know!" This question has puzzled us for many years, and we can only guess now. Some people think that it was bred by the divine tree, some people think that it was formed by remnant souls, and some people think that it was formed after a human left. "

After flying very high, Chen Xiang saw that there were more than ten teams gathered on top of a very large leaf.

When Chen Xiang saw Zhong Jun, he realized that Zhong Jun's expression was somewhat ugly.

"Captain, what's wrong?" Yu Lirong also noticed it and asked quickly.

"It's nothing. It's just that our team will only have the three of us in the future." Zhong Jun snorted, and glanced at Lu Xinyun and Tian Dongyu who were at the other side.

"They've already joined another team!" Zhong Jun said in a low voice.

"How can this be?" Yu Lirong was a little angry.

"The elders have agreed ... The elders of these two fellows are very familiar with the elder. " Zhong Jun was a little unhappy, because Lu Xinyun and Tian Dongyu obviously disliked them and wanted them to join another team.

"Team leaders!" "This time, it's a very special guy. It's a flying giant eagle, and its strength is very strong, so you should be careful when fighting. Right now, we are hiding in the vicinity, so we need to split up." The elder said.

"What's special about it?" Zhong Jun asked.

"Very, very strong. Stronger than any of you who encountered it before, although there is no poison." The Elder added, "Earlier, some of our elders were injured because of this, so you must be very very very careful. If you can't beat them, then immediately retreat."

"Captain Zhong, you guys should forget about it! You only have three of you, and you even have a new Gold Fire Fighter. Without any experience, I would even drag you down. " Lu Xinyun and Tian Dongyu had joined this middle-aged man's team.

Chen Xiang also realized that there were more than ten warriors in some of the teams. It was mainly because the party leader was very strong that people joined them. But Zhong Jun was clearly a new party leader, so he had fewer members. He could only recruit new members from the ranks of the warriors.

"Don't look down on this new guy, this guy and Yu Lirong are good brothers!"

"So that's how it is! Yu Lirong was powerful, but his cultivation was still low. If he was at the peak of World Defying Stage Legendary Rank, then he would be extremely powerful, just that... "Oh!"

"It's best if this team goes back to sleep. The elders won't blame them."

The elder nodded his head and said: "Zhong Jun, you guys don't have to force it either!"

"It's fine, we'll just take a stroll. We won't fight, we'll just have to see how special that giant eagle is." Zhong Jun said: "I have a new member, I need more experience."

"If we succeed in taking him down, we will be heavily injured!" The elder announced loudly, to encourage everyone, "This time, the person we are facing is special and strong, so the reward is very generous. Every member of the team will receive a drop of the sap from the divine tree!"

The crowd immediately became restless.

The sap of the divine tree!

This was the first time Chen Xiang had heard of this, so it was obvious that it was not ordinary.

"Something that can help people cultivate and remove World Defying Stage Divine Source Qi!" Yu Lirong said softly: "However, this requires a lot of effort. Different people require a different amount of spirit stones, although this is only a single drop, it is still considered a treasure to many people."

Chen Xiang originally only wanted to look at the hawk, but now he had no choice but to fight. He wanted to obtain this drop of the divine tree's sap.

"Let's go!" A team leader shouted in excitement as he flew up into the air and disappeared with his teammates.

The other teams also hastily flew out. They were all worried that they would get beaten by the other teams.

"Let's go as well!" Chen Xiang said, he had already released three transparent illusions and flew out to look for the winner.

"Wait a minute, are we really just going to take a look?" Yu Lirong asked in a low voice.

"Of course not!" Zhong Jun laughed: "Your big brother Zhong Jun is not a coward. I am very strong, just that group of people look down on me! Furthermore, I feel that Chen Xiang is not weak either, at least he is extremely calm when things go wrong. "

"I have killed many powerful fellows. It can be said that I have been through hundreds of battles." Chen Xiang laughed.

Yu Lirong felt that he was the weakest in this team.

Half a day later, Chen Xiang's illusion body suddenly felt a weak Qi, and his illusion body flew very high.

"I found something, up there!" Chen Xiang pointed in a direction.

"Let's go take a look!" Initially, he did not know how to find Zhong Jun, but after hearing what Chen Xiang said, he immediately flew up.

Chen Xiang's illusion had already seen the hawk, causing him to be extremely surprised. It was not that this giant hawk had anything special about it, but it was a type of beast that he was extremely familiar with.

The giant hawk's claws were all pale gold Tao-creation Divine Crystals, especially the claws, which were condensed from the Tao-creation Divine Crystals. The hawk's beak was also formed from the Tao-creation Divine Crystals, and apart from that, the feathers on its body were also all thin and sharp Tao-creation Divine Crystals.

What made Chen Xiang even more surprised was that although the Golden fire tree's leaves had been cut by the eagle's sharp wings, they did not get cut off. These leaves were extremely stiff.

At this time, they were still a long distance away from the giant hawk, and the giant eagle's movements also gave off a huge aura, the giant hawk had already used Legendary gas.

"I can feel it!" Zhong Jun said, he was curious, how did Chen Xiang notice them?

"Someone's already in front!" Chen Xiang said: "It's that team Tian Dongyu has!"

"If we get beaten by other teams first, then we can't get involved. This is the rule." Zhong Jun was somewhat regretful.

"It's fine, they might not be able to beat him." Chen Xiang laughed.

When Chen Xiang and the others reached the top, they saw that there were a few other teams at the side watching. Tian Dong Yu and his team of about ten were fighting against the giant eagle, while the elder was beside them.

The battle was extremely intense, because the Golden fire tree was high up in the air, it did not touch the ground. Although the leaves and leaves of the Golden fire tree were struck, they were not affected.

"This hawk is obviously the kind that Beast-creation Race made. He can actually come to this place?" Chen Xiang did not expect Beast-creation Race's hand to already be here.

"Hopefully, there will not be many beasts as strong as this one, if not the Medicine-creation Divine Continent will not be able to handle it." Chen Xiang watched as Tian Dong Yu fought against the Giant Hawk, so he had a better understanding of the Giant Hawk's strength.

"It's really amazing. Tian Dongyu's team of more than ten were all injured, and the eagle didn't seem to have suffered any injuries." Yu Lirong said in shock.

### [Chapter 3738](#)

Chen Xiang could immediately tell that there was something strange about that giant hawk. It was that during battle, it was able to use the power of the Tao-creation's Divine Crystals.

"The body of the giant eagle is like the Tao-creation's Divine Crystal, and these Divine Crystals are all of the best quality. During a fierce battle, if you release these powers, you will be able to gain a lot of power." Chen Xiang said in a low voice: "If we encounter such a situation, it would be best if we fight against multiple teams, or else it would be hard to capture them."

Chen Xiang was also thinking about how to deal with this powerful giant hawk. He felt that he could use the Six Realms mirrors but it would expose a lot of things to others. The matter regarding his Red fire dragon could not be easily exposed. Last time when Ke Yunxing saw his Red fire dragon, he really wanted to snatch it away.

"Captain, the three of us might not be able to handle this eagle!" Yu Lirong felt that it was a pity. He initially thought that the giant hawk was not that strong.

"I'm fine!" Zhong Jun laughed: "We can broaden our horizons by watching from the side!"

In just a short moment, someone had been injured in that team. Not only that, but the strength of that ten-player team was declining. Soon, the entire team would be injured.

"This fellow's defense is extremely terrifying." Zhong Jun exclaimed: "It's indeed difficult to take down a single team, but looking at the other teams, they do not have any intentions of joining hands!"

Yu Lirong laughed: "Of course, the other teams all have their own pride. If anyone interferes, they will feel like they are being underestimated!"

"If this goes on, no team will be able to take down the eagle." Chen Xiang was quickly thinking of a way to defeat the Giant Hawk.

"Let's retreat!" A captain shouted. Since another soldier was injured, more than half of the soldiers were already injured. He had no choice but to retreat.

After he retreated, the other team immediately went on stage!

Chen Xiang asked softly: "Why is it that only this team can go up if all the other teams want to go up? Is it possible that they made an appointment?"

"According to my experience! It's a custom." Zhong Jun said: "First of all, the Battle Team that discovers the giant eagle naturally has the qualifications to fight! If this team couldn't beat it, then the next step would be to go to the other teams! The other teams will be ranked according to their qualifications. The first team to be created will be the first one to reach the top."

"So even if we can go up, we'll be the last team." Yu Lirong laughed at himself: "Let's just watch the show!"

Chen Xiang rejoiced in his heart, so there was actually such a rule. If they fought for that long, they would definitely take advantage of Chen Xiang in the end.

"This is a good thing for us. If they take turns fighting the eagle, it will consume a lot of its energy." Chen Xiang said in a low voice.

"If every team were to fight, that might be possible! However, some teams only have five or six players. Zhong Jun said: "Look, this team does not dare to go all out anymore, it is just a probing attack, if they realize that they are not a match, they will retreat."

"If all the teams don't fight, then we'll all fight. Even if we take down this eagle, there won't be any rewards." Yu Lirong added.

Chen Xiang told Xiao Xianglin to think of a way to find the weakness of this beast.

"The best way to deal with this eagle is to seal it." Xiao Xianglin said: "Xiao Ke'er and I will now enter the Time array to try and see if we can quickly refine an array disc."

As long as an array disc was created, it was extremely likely that a powerful seal would be released! Although Chen Xiang's Six Realms mirrors could also do it, it was just too shocking. For the time being, Chen Xiang did not want to reveal the might of the Six Realms mirrors.

Feng Ke'er could also use clones, so after working together with Xiao Xianglin, she would definitely be able to make the best use of her time to refine them.

"Also, do not use too strong of a seal. You only need to release enough power to slow down the giant eagle's movements." Chen Xiang said.

"That's not a problem." Xiao Xianglin said. Chen Xiang had a lot of Tao-creation Divine Crystals, he could use the array disc to release enough power.

The second team also retreated. The next three teams all gave up. They didn't want anyone to get injured. Now, another team had come up. This team was also a ten-player team. They were very confident.

"The defense of this giant eagle is very strong." Chen Xiang had already seen it a few times just now. Some people had used their swords to stab the giant hawk in the eyes, but they were repelled by a wave of energy.

At this moment, the spectators were also thinking of a strategy to deal with the eagle, and at the same time, they were looking for its weakness.

"What kind of beast is this?" is completely different from the Poison Insect Poisonous beast we encountered before! " Zhong Jun said, "There are no weaknesses!"

Tian Dongyu, who had just entered the battle, sneered, "Do you think that your three members' team would want to fight as well?"

Lu Xinyun coldly said, "If they go up there, they will only be sending themselves to their deaths. At that time, we might even have to ask the elders to save them."

"Elder didn't even save our people, how could he go and save them?"

"He's just watching by the side. You don't need to do this, right?"

"That's right, he's here to broaden his horizons."

Zhong Jun was furious in his heart, but he did not flare up, because he saw that Chen Xiang was watching the battle very seriously. He felt that Chen Xiang might have a plan.

"Elder Brother Shen, are we going to go up on stage later?" Yu Lirong suddenly sound transmitted to Chen Xiang, he also felt that Chen Xiang wanted to fight, and now he even called Chen Xiang big brother.

"I'm not sure yet. I'll just wait and see." Chen Xiang said, he had to go up, even if he could not win, he had to try.

That team from before had used quite a few methods, as well as some powerful divine tools, but none of them had any effect. They had teamed up with each other to make a powerful chain to tie up the eagle, but in the end, the chain had broken free.

"This giant eagle has already cultivated all the World Defying Stage Divine Source Qi." Chen Xiang's expression was solemn as he thought to himself, there is actually such a powerful beast in the Beast-creation Race, "Could it be that this giant eagle was attracted here by the divine tree?"

Not long after, the ten man team was defeated. Two of them were injured, and several of their weapons were destroyed.

There were a few other teams below who did not go up, they had already experienced the power of the giant hawk and there were more than ten teams up there. If this team could not defeat the giant hawk, then it would be Chen Xiang's turn.

At this time, Xiao Xianglin and Feng Ke'er also came out from the Time array.

"It's done!" Xiao Xianglin said: "I have used a large amount of Pressure mantras and Oscillating Curses to create this array disc, and also added in the Thunder power. If the giant eagle is truly strong, the array disc cannot be maintained for long, it might be broken by the giant eagle's power."

### [Chapter 3739](#)

Chen Xiang held the array disc in his hand. He felt that it was not enough.

If there was only this array disc, and if the effects did not reach his expectations, then everything would be over, and Chen Xiang would need a more thorough method. What he did not expect was that He Fengyuan and Mei Jing Sisters would also come out from the same Time array.

"This is the rattan grass we made. If we release it, it will have a binding effect. The strong point is that it can regenerate quickly, and it might be able to stall that giant eagle for a period of time." He Fengyuan said.

Chen Xiang already had a certain amount of confidence at this time. After that, he secretly sent a sound transmission to Zhong Jun and Yu Lirong and then told them a simple plan of his own. He wanted them to see the opportunity later before madly attacking the giant eagle's head.

The head of the giant eagle was a relatively weak place. Everyone could see that every time they tried to attack it, the eagle would dodge or block them. Occasionally, they would hit a few times, but the strength was not strong enough.

Zhong Jun and Yu Lirong both believed in Chen Xiang and they were already prepared.

"We retreat!" He was quite quick-witted, only trying to besiege them for a bit before retreating, because they knew very well that if they continued like this, the result would be the same. At that time, another team member might get injured and damage the God Equipment.

Just as they were retreating, Zhong Jun shouted, "Let's go!"

The three of them actually wanted to join a team!

Everyone was stunned. Although they wanted to mock him, they couldn't help but admire this team's courage! The clan elders who were spectating the battle at the side had wanted to gather everyone to fight, because he believed that Zhong Jun and the other two would not fight, so he was very surprised.

"Are they crazy? Really!"

"They only have three people, and it's a new team! Zhong Jun is pretty good, but Yu Lirong is just at the early stages of the Legend rank, and that new warrior is also a rookie? "

the formation plate's restraints, causing the formation plate to explode due to being unable to control the force.

"This is bad!" Chen Xiang immediately threw out a very thick blade of grass.

The grass rapidly grew and formed a net, wrapping the eagle in layers upon layers.

Zhong Jun and Yu Lirong continued to madly cut at the location of the giant eagle's head. All they needed to do was to shatter all the Tao-creation's sacred crystals there.

After the giant eagle was entangled by the tenacious grass, it continued to struggle.

"It won't last long!" Chen Xiang knew that the grass growing had a limited amount of regenerative power, so they must hurry up.

"Done!" Zhong Jun shouted, the blade in his hand had already cut through the Tao-creation Divine Crystals on the outside of the giant hawk and onto the giant hawk's meat.

Following that, Yu Lirong used his strength to chop off the giant hawk's head.

The eagle landed on a huge leaf and was tightly wrapped by the grass.

"Success?" Chen Xiang had almost released the other two clones just now.

"It should be!" Zhong Jun looked at the giant hawk's mountain-like head. The Tao-creation Sacred Crystals that were wrapped outside were not ordinary Tao-creation Sacred Crystals.

Yu Lirong's hands were trembling. It was all because of the backlash from the powerful force when he was being slashed, and it was the same for Zhong Jun.

"Zhong Jun's team will be rewarded if they succeed in taking down the Giant Hawk." The elder was astonished. In the end, he was killed by these three teams.

"What is the background of this new person?" There was actually an array disc and that strange grass growing ... Could he be the descendant of the Divine Master of Healing Medicinal Herbs? That grass vine should be a creation, right? "

"If we have something that can seal the eagle for a period of time, it will be ours!"

The other teams discussed in succession and were extremely envious, especially those that were injured. They had suffered huge losses and were unable to obtain anything, while the other three teams had successfully defeated the eagle.

Especially Tian Dong Yu and Lu Xinyun, many people secretly laughed at them. They had just left Zhong Jun's team, otherwise, they would have been able to obtain the sap of the Divine Tree.

Tian Dong Yu and Lu Xinyun were filled with hatred, because they knew that many people would be laughing at them. They also thought that Zhong Jun and the others would laugh at them too!

The saddest people here were the ones who were injured and had lost their Divine Weapons. Other than that, Tian Dongyu and Lu Xinyun were also very sad.

Yu Lirong knew that if Chen Xiang were to attack, it would definitely succeed. Although the process was extremely dangerous, it was still somewhat thrilling and not dangerous. They were not injured, but the blade in their hands was broken.

The elder took away the giant hawk and told Zhong Jun that they would send the reward over.

"Let's go and celebrate when we get back, haha ..." Zhong Jun laughed out loud and then flew away with Chen Xiang and Yu Lirong.

### [Chapter 3740](#)

Chen Xiang only looked happy on the surface, but in his heart he was thinking about other things. It was that the beasts of the Beast-creation Race were actually this strong, and had flown over here.

"Chen Xiang, you are truly powerful. Just now, Li Rong said that you are strong, but I do not know how strong you are!" Zhong Jun smiled as he toasted to Chen Xiang.

"This is all thanks to everyone's good cooperation. Otherwise, it would have been difficult for me to take down that giant eagle by myself." Chen Xiang smiled humbly.

"Elder Brother Shen, if I give you my divine tree juice, there's no use in coming here now." Yu Lirong said. He was only at the early stages of the legendary realm.

"How can this be?" Chen Xiang said.

"Don't be polite with me. If it wasn't for you, I wouldn't have gotten it either." Yu Lirong laughed.

"Chen Xiang, I'll give mine to you too." Zhong Jun said.

"Captain, I can't take yours from you. You're also at the peak of the legendary realm, so it'll be useful for you." Chen Xiang said.

"What's the use of it? It's not like I can cultivate the Divine Origin Qi right away." Zhong Jun curled his lips: "If I say I'll give it to you, you keep it for me. Don't reject it, otherwise, you won't be my brother."

"Alright!" Chen Xiang could only accept it.

"Chen Xiang, do you need the sap of the divine tree for any other use? That formation plate of yours and that Grass Tap are both not ordinary items. Zhong Jun laughed: "You paid so much, I'm too embarrassed to ask for that drop of sap from the divine tree."

"Captain, to be honest, I am a Alchemist." said softly. After the battle just now, he trusted Zhong Jun quite a bit.

"A very powerful Alchemist." Yu Lirong laughed in a low voice: "Captain, my strange injuries were all healed by the Elder Brother Shen, this is a secret that many people do not know."

This scared Zhong Jun to his feet, and he immediately cupped his hands towards Chen Xiang, showing great respect: "So it's actually someone else from the Core God level, excuse me!"

Everyone within the Golden fire tree knew how long Yu Lirong's strange injuries had caused him to struggle for. To be able to cure Yu Lirong's strange injuries, a pill god of this level was enough for Zhong Jun to look up to.

"Captain, don't be like this. I'm also a Gold Fire Fighter now, so I still need your guidance." Chen Xiang laughed.

"Captain, Elder Brother Shen is a very low-profile person. He has some things to discuss with my grandfather when he becomes the Gold Fire Fighter ..." Previously, he didn't know how he could meet my grandfather, so he joined. " Yu Lirong hurriedly explained.

"However, I am now very interested in what Gold Fire Fighter has done." After Chen Xiang drank a cup, he laughed: "I can get a lot of good things."

"Master Yu used an important matter to leave with a large group of experts. This matter is extremely urgent and important. I don't know the specifics." Zhong Jun said, he had the qualifications to be here, so he was able to know a lot of things.

"I don't know if it's related to that giant eagle or not!" Chen Xiang said.

"Brother Shen, are you from outside?" Zhong Jun could tell that Chen Xiang didn't really understand the things here.

Chen Xiang nodded.

"What do you know about the eagle? This giant eagle is definitely not something that the Medicine-creation Divine Continent possesses. " Zhong Jun said again.

"I know it's related to the Beast-creation Race! The beasts of the Beast-creation Race have a burst of devouring power. They can devour energy and condense it into the Tao-creation's sacred crystal. " Chen Xiang said: "You all have also seen it before, there is a very strong layer of Tao-creation's Divine Crystals on the outside of that giant hawk's body."

"But the beasts I've encountered before are all relatively weak! This is the first time that I've encountered someone who can cultivate Divine Origin Qi. "

When Chen Xiang talked about this, he frowned, his expression becoming serious.

"It has a strong devouring ability?" Zhong Jun thought for a while, then said: "Then that's not good! The nine divine trees in the Medicine-creation Divine Continent are the most beloved trees among all beasts, which is why they have attracted so many poisonous insect Poisonous beast. There are many poisonous insect Poisonous beast that can hide themselves and swallow the leaves, which is why they can grow very fast and strong. "

"I suspect that the hawk has been here for a long time! Someone brought it back to raise us, it might be an old guy from the Golden fire tree s. After they had something to do and left, they did not stop this giant eagle. "

Yu Lirong exclaimed, "Then wouldn't it be troublesome if we kill this giant eagle?"

"That's just my guess! Otherwise, someone would definitely notice it. After all, with such a big thing flying in the sky above the Medicine-creation Divine Continent, it would be hard to avoid it from being discovered." Zhong Jun said: "Just now, Brother Shen also said that the ones he met before were not that powerful."

"I never thought of this before!" Chen Xiang frowned as he thought about it.

"Among our Golden fire tree, there is an extremely high possibility that there is a hidden Beast-creation Race fellow. Maybe he has been creating beasts for many years, so many poisonous insect Poisonous beast have appeared." Zhong Jun thought of many things, and told her what he had guessed.

"When grandpa comes back and asks him, maybe he'll know something." Yu Lirong said.

"Mm, we can only wait until old man Yu returns. We're only guessing right now." Zhong Jun said in a low voice: "We cannot let others know about this."

"I need to keep the news of me being in the Alchemist confidential." Chen Xiang said.

"That's for sure." Zhong Jun laughed: "If we can take down the Giant Hawk this time, it might be able to increase the number of our members by 6!"

"Previously, Tian Dongyu and Lu Xinyun looked down on Elder Brother Shen very much. Now, they should be regretting it!" Yu Lirong laughed: "They look down on the Elder Brother Shen, and the human Elder Brother Shen does not even put them in his eyes."

"These two despicable fellows, they deserve it!" Zhong Jun also laughed: "No wonder Brother Shen did not get angry when he faced their mockery, after all, these two fellows are not even in the eyes of a pill god like Brother Shen!"

"Right, when will we be able to obtain the divine tree juice?" Chen Xiang asked.

"Tomorrow at the earliest." Zhong Jun said: "If tomorrow is not up yet, I will go urge them so that things will not change later!"

Zhong Jun was worried that he guessed right. The giant hawk was raised by an old man from a Golden fire tree.

After finishing the wine and eating, Chen Xiang and the others went back to their own rooms.

"Chen Xiang, show your spirit body around and see if you can find any other Holy Crystal Beasts." Xiao Xianglin said: "Capture one back, maybe we can find out something."

"Alright!" Chen Xiang also wanted to catch a Holy Crystal Beast that wasn't very strong, but if it was too strong, it would be difficult to catch it alive.

"It's fine to capture the weaker poisonous insect and Poisonous beast." Xiao Xianglin laughed: "Let me try to see if I can find out anything from the memories of the Poison Insect Poisonous beast."

"You can?" Chen Xiang was shocked, and asked.

"You You have taught me Soul Absorbing Devil Spell!" Xiao Xianglin laughed tenderly: "I am a Heavenly Incantation Master, learning Soul Absorbing Devil Spell is too easy!"
