

Dan God 3741

[Chapter 3741](#)

Chen Xiang had the three beasts search for the Poison Insect Poisonous beast for the whole night but they hadn't found it yet, so the number of Poison Insect Poisonous beast were few.

Early morning on the second day, Chen Xiang came out of his room to see Zhong Jun and Yu Lirong anxiously walking over.

"These are three drops of sap from the divine tree!" Zhong Jun handed over three faint golden beads to Chen Xiang.

"This is the sap of the divine tree?" Chen Xiang took it and looked at it, and surprisingly, the juice had congealed into a pearl.

"We can directly eat it ... Of course, you are a Alchemist, you should know how to use it better than us. " Zhong Jun laughed softly: "Now that we have obtained the sap of the divine tree, we can rest assured."

Zhong Jun and Yu Lirong were extremely worried the whole night, because they were worried that the giant hawk was raised by an old man from the Golden fire tree s. If it was really like that, they wouldn't be able to get the sap from the divine tree.

Now that they had obtained the sap of the divine tree, they felt much more secure.

"Actually, those old fellows are very happy too. Our team only has three people. If it's a team with more than ten other people, they would need to provide more sap from the divine tree." Yu Lirong laughed out loud: "So if Tian Dong Yu and Lu Xinyun do not withdraw from our team, they will definitely get a drop of it."

"Where are the venomous insect Poisonous beast usually found here? "Not too much?" Chen Xiang asked. He had searched through the three illusions for an entire night but to no avail.

"Sometimes a lot. Sometimes you can't see one for a long time." Yu Lirong said. "This is something that we have always felt was very strange."

"Poisonous insect Poisonous beast s are usually in higher places." Zhong Jun looked at the layers upon layers of leaves above: "If you arrange for us to patrol, our main job will be to find the Poison Insect Poisonous beast. If we can't defeat them, we can notify the other teams."

"Suddenly, suddenly? Looks like these venomous insect Poisonous beast are organized. " Chen Xiang frowned: "Suddenly a lot of them appeared, it is possible that they were released to look for food."

Zhong Jun said in a low voice, "Perhaps there are many nests of Poison Insect Poisonous beast hidden within the Golden fire tree. However, it is difficult for us to discover them ... There's a high chance that someone is raising these beasts in these nests. "

"It seems like we need to investigate more." Chen Xiang's illusion body was still on top of it and he continued to control it to fly upwards. The illusion body was still able to stay a long distance away from his body and he could still sense it.

When Chen Xiang returned to his room, he gave a drop of the sap of the divine tree to the Mei Jing Sisters, and a drop to He Fengyuan so that they could see if they could replicate the sap of the divine tree.

Chen Xiang was also observing it himself and found it hard to see what it was directly from, so he decided to directly eat a drop of the sap from the divine tree.

After eating it, not long later, Chen Xiang felt a strange feeling from the sap of the divine tree. It was an indescribable but extremely powerful energy, and it was extremely unique in that there wasn't a lot of this energy, but it contained an extremely strong power.

"There is indeed some World Defying Stage Divine Source Qi!" Chen Xiang was secretly surprised in his heart. If there was enough sap from the divine tree, he would definitely be able to cultivate the Divine Origin Qi.

"I feel that my Legendary gas is a little stronger." Chen Xiang had already experienced the benefits of the sap of the divine tree.

"I can't sense any Medicine soul." He Fengyuan returned the drop of the divine tree juice back to Chen Xiang.

"This Golden fire tree is indeed very powerful. This kind of leaf must have been extracted from some place within the Divine Book." Jiang Sijing also returned the pearl back to Chen Xiang.

None of them noticed anything.

He Fengyuan had also previously tried to contact the Golden fire tree s, but she did not succeed. She said that she could sense a sufficiently powerful aura from the Tree soul, but the Tree soul seemed to have fallen into a deep sleep and did not hear his voice.

"I need more of this sap from the divine tree and can refine it into a pill. There is an extremely high chance that I will be able to cultivate the Divine Origin Qi." Chen Xiang said. He still didn't know how to get the sap of the divine tree.

"Go and get some leaves. See if they can be extracted from them." He Fengyuan said.

The leaves of the Golden fire tree were all extremely large, and the smallest one was as big as a small courtyard. Furthermore, the leaves were extremely tough and hard to cut, so it wasn't easy to get them.

"Let me try!"

Chen Xiang released an avatar and became a small one. Riding on his Six Realms mirrors, he flew up and picked a relatively small leaf.

After that, he used the Heavenly magic sword and struggled to cut off a huge leaf. He placed it into a storage divine tool, and then carefully returned. On the way back, he met two patrolling teams, which Chen Xiang guessed were there after sensing the Qi.

"I wonder what punishment there is for slashing leaves all over the place?" Chen Xiang looked at the huge tree trunk. He was not sure if his penetrating abilities could penetrate into the big tree.

He immediately sent his clone to try to penetrate it. It was strange that he could not do so.

"Could it be that I inherited the Oldest Tree's Penetrating Ability because of this?" Chen Xiang also did not understand, he could only give up, and let his clone return quickly.

After the clones returned, he had them cut that leaf into small pieces in the Divine Sense Sea World and then placed it into the furnace to start burning.

"We need to enter the Time array." Chen Xiang only used his flame to refine it, he knew that this leaf would require a long time to be refined.

Chen Xiang burnt inside the Time array for 50 years before he finally refined all of the leaves into energy.

"This Golden fire tree is too powerful, just the leaves contain that much energy." Chen Xiang understood why the venomous insect Poisonous beast here were so strong. After those venomous insect Poisonous beast ate the leaves, they could digest the energy in the leaves and use this energy to strengthen themselves.

"Can you get anything out of it?" He Fengyuan asked.

"I don't know, I'm in the process of condensing a core!" Chen Xiang used the Huajing Dan grain and then placed a large amount of Tao-creation Divine Crystals inside, waiting for the pill imprint to awaken.

After he came out of the Time array, Yu Lirong and Zhong Jun came to find him.

"This is truly strange. A leaf was cut off by someone." Zhong Jun said: "Now that the elders have increased the number of patrolling teams, we will go together."

That leaf was actually chopped off by Chen Xiang. He had chosen a more difficult place, and it had only been half a day, but it had already been discovered.

"Since there are so many leaves here, isn't it normal to drop one or two?" Chen Xiang said.

Chen Xiang knew that the leaves were extremely tough, they were not easy to fall off. The reason he asked was because he wanted to see how the people here knew that the leaves were being chopped off.

"This is abnormal!" The leaves of Golden fire tree s have never fallen, and once they grow out, they will not fall off! You also saw it last time, we couldn't let the leaves fall even after such an intense battle with that giant eagle. " Zhong Jun said, "Once the leaves of the Golden fire tree disappear, the elders would be able to sense it."

[Chapter 3742](#)

"How did they sense it?" Chen Xiang faintly guessed something.

"Golden fire tree have Tree soul! With an elder protecting that place, they would occasionally use the Tree soul to sense the situation of the Golden fire tree, "Zhong Jun said." Let's go, we'll go and patrol right now. "

Chen Xiang immediately followed Zhong Jun and Yu Lirong up into the sky.

Zhong Jun brought Chen Xiang and Yu Lirong to the place where the leaves had been cut off.

"Will not the sap of the divine tree flow out?" Chen Xiang was puzzled the entire time. His clone did not notice any leaves flowing out after he chopped off the leaf.

"No, the sap won't flow out of the tree in this way. Even if you split the trunk, it would just be as dry as cutting a rock." Zhong Jun said: "Ever since the giant eagle appeared, such a strange thing happened again ... In the past, at most some of its leaves were bitten off by poisonous insect Poisonous beast, and this is the first time that a whole leaf has disappeared in a short period of time. "

Although Chen Xiang knew how Leaves disappeared, he still had to follow along and patrol.

After patrolling for an entire day, Chen Xiang sent his clone into the Time array to check on the situation of the cauldron.

"We have consumed two million Tao-creation Holy Crystals!" Chen Xiang took a deep breath. He had put five million Tao-creation Divine Crystals in the Tianchuang furnace, and there were only two million now.

Chen Xiang suddenly felt that this Golden fire tree's leaf was a treasure! It's just not easy to get it.

Chen Xiang continued to patrol with them, but did not find anything. Three days had passed and the furnace had not been completed yet, it was mainly because the World Defying Dan grain had not awakened.

Now, he had already put in more Tao-creation's Divine Crystals. In these past few days, he had used up nearly eight million of them!

"Alright, we can rest now." Zhong Jun received the notice and withdrew with Chen Xiang and Yu Lirong.

After returning to his residence, Chen Xiang returned to his room.

"He actually used so many Tao-creation Divine Crystals! I wonder if it's a good thing? " Chen Xiang waited somewhat anxiously.

Half a day later, the World Defying Dan grain finally awakened as a total of more than nine million Tao-creation Divine Crystals had been used up.

He took out a shiny golden pill from the pill furnace. This pill was refined from a single leaf.

"Let's call it the Gold Fire Pill!" Chen Xiang was a little excited, and then he swallowed the pellet.

After eating this pellet, he could feel an energy similar to the sap of the divine tree coming towards him. This energy could quickly refine itself and fuse with Chen Xiang's Divine Sense Sea, strengthening the Legendary gas in the Divine Sense Sea.

"It's slightly stronger than the energy hidden in the sap of the divine tree!" Chen Xiang was more satisfied. The only thing that was lacking was that it took up too much of the Tao-creation Holy Crystals, and only after consuming close to ten million Tao-creation Holy Crystals could one refine one pellet.

Hu Jingyuan who was inside the Six Realms mirrors came out, his cultivation had risen a lot, and Chen Xiang told him about the divine tree sap.

"The sap of the divine tree is extracted from the divine tree. The extraction process is rather complicated, but it can still be extracted in the end! If we can eat a lot, we can indeed cultivate World Defying Stage Divine Source. " Hu Jingyuan said: "And the fruit of the divine tree, is something that can make it easier for people to cultivate the Primordial Qi."

"Fruit?" Chen Xiang did not know that Golden fire tree could still bear fruits.

"Of course, I was able to cultivate World Defying Stage Divine Source Qi, all thanks to the fact that I was able to eat the fruits." Hu Jingyuan laughed: "So this is my luck! And the fruit I'm eating is an extraordinary fruit? "

"What do you mean by extraordinary fruit?" Chen Xiang's heart was moved. If there was such a good thing, he would definitely go and get it.

"That is Fruit King! At first, everyone thought that there was a problem with the fruit, but then they wanted to find out what exactly was wrong with it and if there was really a problem with it. Hence, they asked someone to try it out. Hu Jingyuan laughed: "I ate an entire fruit before I managed to cultivate World Defying Stage Divine Source Qi."

"The leaves of this divine tree are so big, so the fruit must be quite big!" Chen Xiang asked anxiously.

"It's not too big. How about we have a watermelon like this? The main thing is that after a flower blooms, it will produce over a hundred Holy Fruits, and the one I am eating is the Fruit King! Not every flower can bear fruit. This is a very rare situation, so my master and the others did not know about it. They will only regret it after I eat it. " Hu Jingyuan laughed.

"Old Hu, I have to say that your luck is really good!" Chen Xiang said.

"Not good at all, am I not wasted now?" I have to start all over again! " When Hu Jingyuan talked about this matter, he felt extremely depressed and unlucky.

"Don't worry, with your natural talent, you'll surely be able to recover to the peak very quickly." Chen Xiang laughed.

"Don't comfort me, I know how difficult it is to cultivate World Defying Stage Divine Source Qi." Hu Jingyuan sighed: "It's impossible for me to have that kind of luck again."

"Old Hu, do you know where the Sacred Fruits are?" Chen Xiang asked.

"You want to steal it?" Hu Jingyuan wasn't surprised at all by Chen Xiang's thoughts, because he knew what kind of person Chen Xiang was.

"No!" Chen Xiang laughed: "I'm just curious."

"Even if you want to steal, you don't have the ability!" Hu Jingyuan said: "You should give up! These elders are all people who have cultivated the World Defying Stage Divine Source Qi. It is said that every 'flower' is guarded by ten such elders, and if they are close to the end of the flower, the number of elders would increase by a dozen or twenty. "

"Where are the fruits?" Chen Xiang's heart itched, there were at least a hundred fruits in the end.

"Of course, the elders will divide it. In short, other people do not have a share. The elders will eat the fruits themselves to increase their strength, and they will also give the most excellent disciples to eat, and use that to strengthen their own power. " Hu Jingyuan sighed: "My master is one of the elders, he has many disciples! And even Gold Fire Fighter do not have the chance to eat the Holy Fruit. "

Chen Xiang felt that the Divine Pellet he refined with the leaves could also help him cultivate the energy of the World Defying Stage Divine Source, it just needed to be eaten more. Chen Xiang went outside and looked at the huge leaves and so many leaves that were in all directions. As long as he had time to refine them, he would definitely be able to use them to break through.

"Chen Xiang, the Tree soul of the divine tree might have already been sealed and then controlled by those elders. That way, they would know the situation of the divine tree and when the 'flower' fruit will appear." He Fengyuan said: "If I can find out where the Tree soul is, I might be able to get divine soul to give you some things!"

He Fengyuan felt that the existence of these huge divine trees must be hiding some kind of secret. Previously, she was unable to sense the Tree soul, which made her suspicious.

[Chapter 3743](#)

Chen Xiang also felt that the Tree soul on the divine tree could not control itself. Such a powerful divine tree, the Tree soul would definitely not be weak, but it was still sealed tightly.

"The same goes for the other divine trees as well." He Fengyuan said, "Right now, it's impossible for you to obtain the Holy Fruit. Don't go for now, it's very dangerous."

"I know!" Chen Xiang nodded his head: "Old Man Yu has a very high position here, I might be able to get it from him."

It was not that easy to cut off leaves now, as many Gold Fire Fighter were patrolling the area.

"Elder Brother Shen, are you looking?" Yu Lirong walked over and asked.

"Let me see the leaves." Chen Xiang laughed: "Why are these leaves so big? There must be a lot of energy contained inside and we humans cannot absorb the energy inside, but the poisonous insect and Poisonous beast can."

"That's true. Beasts are also very strong. This could be their innate talent." Yu Lirong laughed.

Chen Xiang and Yu Lirong continued to chat, suddenly, an elder appeared.

"Li Rong, your grandfather is back! He's not doing very well. " The old man's expression was ugly. "Quickly, come over."

After Yu Lirong finished listening, his expression also became heavy. He asked Chen Xiang to follow him to see his grandfather.

"It will be fine!" Chen Xiang patted Yu Lirong's shoulder.

Yu Lirong took heavy steps and followed the old man into a hole in the tree trunk. After walking a distance, he arrived at a room.

Yu Weizhou's face turned green, his eyes closed. He laid on the bed, his aura weak.

"Grandfather!" Yu Lirong walked over and shouted in grief.

"Li Rong, your grandfather exchanged blows with a strong enemy and received heavy injuries! We found him in a river. There were a total of ten people that went with him, and they were all elders with decent cultivations. However, four of their life orbs had already shattered, so it was not bad that your grandfather could still come back! The whereabouts of the other five Elders are unknown." An old man said.

"Your grandfather is severely injured, and we're powerless to help him!" The old man sighed.

Yu Lirong looked at Chen Xiang, his face full of help.

"Let me take a look!" Chen Xiang pressed his hand on Yu Weizhou's chest, inspecting his injuries.

The few elders here knew that Chen Xiang was Yu Lirong's friend and knew that Chen Xiang's strength was not bad. Now that they saw Yu Lirong placing all his hopes on Chen Xiang, they were secretly curious about Chen Xiang's identity.

A moment later, Chen Xiang said with a grave expression on his face, "The injury is serious and all the bones in his body have been shattered. The entire Divine Sense Sea is in an even more chaotic state and it is difficult to find your grandfather's divine soul.

"Elder Brother Shen, you must have a way. Save my grandfather!" Yu Lirong anxiously said. If Chen Xiang had not stopped him, he might have already knelt down.

"I will try my best!" Chen Xiang said: "But we need to find a new place with sunlight, go outside!"

This was the inside of the tree trunk, where the sunlight could not reach.

Those elders could only let Yu Lirong arrange things as he wished. After all, that was Yu Lirong's grandfather.

Yu Lirong moved Yu Weizhou to their residence on the tree branches. The elders had already left, they promised Yu Lirong that they would not let their team do anything during this period of time.

Here, only Chen Xiang, Zhong Jun and Yu Lirong were left.

"Elder Brother Shen, why did you come to this place?" Yu Lirong asked: "Does sunlight really help my grandfather recover?"

"Of course not, I'm only here to escape!" Chen Xiang said in a low voice.

Yu Lirong immediately thought of something.

"Your grandfather and the rest of the ten are the most powerful and strongest ten out of the Golden fire tree! "Now that there are four dead, five missing, your grandfather is severely injured ..." Chen Xiang said: "Just now on the road, you also asked those elders. Besides Grandfather, you should know who the five people who are still alive are, right?"

"Hm!" They don't usually have any enmity with my grandfather, the elders within our Golden fire tree are all very united. " Yu Lirong knew what Chen Xiang was suspecting.

"Well, that's just my guess! Now, you will only know when your grandfather is cured! Also, you must pay attention to the news of the Golden fire tree during this period of time. If those five elders who are still alive return, come and notify me immediately. "

Zhong Jun guarded this place while Yu Lirong went out to investigate.

Chen Xiang entered the Time array s.

"His injuries are very serious, I hope the Rebirth powder are useful to him!" Chen Xiang immediately began to refine Rebirth powder of the highest quality, he needed to use all of his strength to refine the highest.

Yu Weizhou was a Ranker who managed to cultivate World Defying Stage Divine Source Qi, his body was strong in the first place, and the quality of the Rebirth powder he needed was also extremely high.

Chen Xiang had been refining in the Time array for close to a hundred years, and after condensing the pill, he would start to awaken the Pill Pattern, which also required a lot of time.

"Captain, what's going on outside?" Chen Xiang asked.

"There's already a little bit of information. Those five elders who are still alive are at the other divine trees." Zhong Jun said, this was news that Li Rong just found out.

Chen Xiang returned after waiting for quite a while.

"Elder Brother Shen, how is your grandfather's condition?" When Yu Lirong saw Chen Xiang, he asked anxiously.

"I am in the midst of refining pills. I will only know after I have finished." Chen Xiang said: "Did you find out the latest news?"

"I got a bit of information." Weren't the other experts from the other divine trees also in a hurry to leave a while ago? It's the same for Golden fire tree. Right now, I heard that only half of the people in those divine trees are able to return alive. Yu Lirong frowned: "Looks like there's a big problem with this matter."

"Right, Old Hu's master has always been here." Yu Lirong said.

"The five surviving elders of the Golden fire tree have returned. They are still at the other Divine Trees and will be back soon." Chen Xiang said: "We have to leave, if they really have problems, it will be hard for us to escape."

"I'll talk to the elders here. Tell them that you'll need to bring my grandfather to a place where he can be treated." Yu Lirong said: "Right now, they are all powerless against my grandfather's injuries, so they will definitely let me ... Captain, you will stay here. We need you to gather information here. "

After the three of them agreed to it, they immediately took action.

Those elders all agreed for Yu Lirong to bring his grandfather to other places for treatment.

Chen Xiang and Yu Lirong were not far from the Golden fire tree, and it was also convenient for them to look for Zhong Jun.

"We have already refined the Rebirth powder, I hope it will be of some use. As long as we can stabilize Old Man Yu's Divine Sense Sea, there won't be any problems in the future." Chen Xiang soaked Yu Weizhou in a jade vat, and then poured in a large number of Rebirth powder.

Lastly, he would heat up the water in the jade vat. This would allow Yu Weizhou to quickly absorb the Rebirth powder's medicinal power.

[Chapter 3744](#)

Chen Xiang felt that Yu Weizhou was not injured during the battle, but was ambushed instead. To a strong Ranker like Yu Weizhou, the only person who could sneak attack him was someone that he trusted the most.

Therefore, Chen Xiang guessed that those elders who went with Yu Weizhou had launched a sneak attack.

"He should be able to recover quickly like this. The moment Old Man Yu wakes up, he'll know who injured him." Chen Xiang put Yu Weizhou inside the Time array.

Xiao Xianglin said: "This old man isn't weak. Even if he's a sneak attack, he needs a lot of strength to injure him! According to Yu Lirong, the elders that were going with Yu Weizhou were at most slightly stronger than Master Yu. Moreover, several elders have died! "

"This is also what I'm very curious about." Chen Xiang had the nagging feeling that someone else was fighting, and someone was much stronger than Yu Weizhou.

It was already rare for Yu Weizhou to be able to escape. After all, his injuries were severe.

Yu Lirong was asking around outside. When he saw Chen Xiang coming out from the Time array, he immediately went up to him to inquire about the situation.

"Elder Brother Shen, can Grandfather really get well?" Yu Lirong was very worried, it was always Yu Weizhou who brought him everywhere to treat strange injuries. Over the years, he had often been with his own grandfather, and their relationship was deep.

"You don't have to worry about getting better." Chen Xiang smiled confidently: "It's only a matter of time now. Right, what kind of news did you hear from the outside? "

"Those elders are back!" Yu Lirong said: "After they came back, and found out that you and I had brought Grandfather away, they were extremely furious and even blamed the captain. They have already stripped the captain of his position as Gold Fire Fighter, and the captain has now been kicked out of the Golden fire tree."

"It seems like they are the traitor!" Chen Xiang snorted: "These people must be doing something shady behind the scenes."

"Isn't it! The captain also said that he became even angrier when he found out that the eagle had been killed by us." Yu Lirong said coldly: "It must be those guys who injured my grandfather, and they even raised that giant hawk and the large number of venomous insect Poisonous beast."

Zhong Jun had already been chased out of the Golden fire tree and learned quite a few things from him.

"That can't be wrong... However, I feel that the ones who injured your grandfather are not those fellows. They do not have the strength to do so." Chen Xiang frowned.

Now, it was certain that the giant hawk was raised by the five Golden fire tree's spy elders, and this kind of beast was only found in Beast-creation Race!

"Who else?" Yu Lirong hurriedly asked, "Elder Brother Shen, you must tell me, once I become strong, I will take revenge for Grandfather!"

"And the Beast-creation Race ... But I can't be sure it was them! If it's really them, then their strength is even more terrifying than I imagined." Chen Xiang's expression turned serious as he sighed, "We'll only find out after Old Man Yu wakes up."

"En, I have already ordered the captain to continue investigating outside!" Yu Lirong said: "His connections are wider than mine."

"That's good!" Chen Xiang looked at the Golden fire tree not far away and said: "Those fellows might have already sent people to find us. When you go out, pay attention to hiding your tracks."

"En!" Yu Lirong nodded.

At night, Chen Xiang released three illusions from his room. He let the illusions fly to a very high altitude and arrived above the Golden fire tree.

"In any case, I'm no longer in the Golden fire tree s, so chopping some leaves is no big deal!" After Chen Xiang selected a location, one of his clones turned into a very, very small bug, and quietly flew up onto the Golden fire tree.

His doppelganger came to a deserted place and started chopping down a large leaf. He told the three phantoms to let him wander, as this would allow him to proceed more smoothly. As long as someone came, he would stop and then cover the place where he was chopping down.

When Chen Xiang's clone was chopping down the leaves, the disturbance was relatively large, but because there was no one around and he had hidden his own Qi, it was not easy to detect.

Occasionally someone would come over to patrol, and when his illusion discovered someone was coming over, he immediately stopped, his clone used an invisibility technique and couldn't even see him.

After tormenting himself for an entire night, Chen Xiang finally cut off a large leaf and let his clone bring it back.

At daybreak, it landed in his original body's hands.

Once a leaf was chopped off from the Golden fire tree, it would be discovered by the elders, thus, there were a lot of people patrolling the Golden fire tree.

"You two better study if there's any way for me to cut down these leaves." Chen Xiang said, his clone was extremely tired.

The stem of the leaf was as big as an ordinary tree, and the leaf was equivalent to an ordinary tree.

Mei Jing Sisters, Xiao Xianglin and He Fengyuan were researching how to quickly destroy this kind of leaf on Golden fire tree s. It could allow Chen Xiang to cut leaves faster.

Chen Xiang needed more leaves to concoct pills now, this was the only way he could quickly cultivate the energy of the World Defying Stage Divine Source.

At this time, he was also refining Rebirth powder s non-stop, soaking them in Yu Weizhou's water.

Only when Yu Weizhou woke up would he be able to stop adding Rebirth powder.

Xiao Xianglin and the rest of the girls soon passed on the good news to Chen Xiang.

"With our combined efforts, I can refine a kind of liquid. This liquid is also refined from medicinal herbs, and can quickly melt the roots of the leaves." He Fengyuan said.

"Fine, get me some more of this stuff, I'm going to pick more of these leaves." Chen Xiang said.

"Actually, we don't need that much. We just need to refine this medicinal liquid into a large blade. After that, we can use the large blade to quickly cut off the leaves." Xiao Xianglin said: "I will start right now. I can quickly complete it inside the Time array."

He Fengyuan and the others all had Doppelgänger mantra, so to be able to release two clones, they would definitely be able to do it quickly.

After two days, Xiao Xianglin and the others had already refined a large blade for Chen Xiang, but it was not permanent.

Chen Xiang tested and indeed, he was able to easily cut apart that huge leaf.

And at this time, Yu Weizhou also woke up!

Chen Xiang immediately took out the jar that was soaked in Yu Weizhou's jade, and called him in.

"Grandfather!" Yu Lirong anxiously shouted when he entered.

"Li Rong, grandpa is fine!" Yu Lirong was extremely weak, but he had a kind smile on his face. When he saw Chen Xiang here, he felt more at ease.

He had experienced tens of thousands of years and still couldn't cure Yu Lirong's strange injury, but Chen Xiang had been able to cure it in an instant. Chen Xiang's position in his heart was extremely high.

"Master Yu, you need to rest more." Chen Xiang replied, "We are more at ease now that you have awoken!"

[Chapter 3745](#)

Chen Xiang then placed a few Rebirth powder into the jade vat.

After Yu Weizhou woke up, he could absorb the Rebirth powder's power even faster.

"This is truly a pretty good pill, to be able to help me recover so quickly." Yu Weizhou sighed: "If it weren't for you, I might have already died. I am truly grateful to you for saving my life!"

"What do you mean? We are friends! " Chen Xiang laughed.

Yu Weizhou nodded, he felt that it was good to have such a friend!

"Grandfather, who actually injured you?" Yu Lirong immediately asked: "Are you talking about the five elders that returned alive?"

Yu Lirong told Yu Weizhou a few things simply.

"Not only those five fellows... The ones who died did too, but I killed them all! " When Yu Weizhou talked about this matter, he was extremely furious, "I never thought that they would actually want to hand over the Golden fire tree!"

"Out? To whom? " Chen Xiang already had an answer in his heart, but he didn't dare confirm it.

"Beast-creation Race!" Yu Weizhou shouted angrily: "This bunch of bastards, actually became the dogs of the Beast-creation Race!"

Chen Xiang frowned slightly. He had already guessed that it would be like this, but he was still a little surprised.

"Does Beast-creation Race have that kind of power?" Chen Xiang asked: "According to what I know, the Beast-creation Race does have a certain amount of strength, but it isn't strong enough to let those elders be lackeys."

Those elders all cultivated the Divine Origin Qi.

"Beast-creation Race has that kind of power! I was injured so badly because of Beast-creation Race. " Yu Weizhou looked at Chen Xiang and said: "Chen Xiang, you come from outside Medicine-creation Divine Continent. Have you interacted with Beast-creation Race before?"

"It was not there at all... But later on, it became more complicated! " Chen Xiang told Yu Weizhou and the others in detail about how Beast-creation Race broke the seal and came to Most Ancient Era.

Yu Weizhou lowered his head in thought. After a while, he said, "The matter of the Beast-creation Race is not that simple! You said that their scheme was to devour the entire Most Ancient Era to make themselves stronger? "

Chen Xiang nodded!

"If they really can swallow the entire Most Ancient Era, including the few divine trees here, then it might be extremely possible." Yu Weizhou said, "Beast-creation Race's unique ability can quickly absorb the divine tree's energy. The giant eagles and the venomous insect Poisonous beast that you guys mentioned previously came from the Beast-creation Race, this has already been proven."

"Right now, it is difficult for us humans to directly absorb the divine tree's power. We can only absorb it through the divine tree's sap and divine tree holy fruit ... But the sap and holy fruit are extremely limited. "

Chen Xiang suddenly understood: "The reason behind the betrayal of the elders is because they want to obtain this ability, right?"

Yu Weizhou nodded his head, "Once they obtain this ability, they will be able to continuously obtain energy from the divine tree. Those leaves will no longer be useless!"

The Beast-creation Race had this ability. If he wanted to obtain this ability, he would need the Beast-creation Race to carry on the bloodline inheritance and become a beast!

"God-creation Race and Fire-creation Sacred Race will definitely do the same." Chen Xiang thought about the God-creation Race he had met before. They were no longer restrained by the Chuangyuan key because they had already fused with the Beast-creation Race's bloodline.

"From the mouths of those bastards, they felt that the Beast-creation Race's bloodline was the most perfect bloodline." Yu Weizhou said, "It's not only the Golden fire tree that hides this kind of thing, there are other divine trees as well."

"Old Hu's master is in trouble." Chen Xiang sighed.

"Yes, he is also a very principled person. He would definitely not agree to something like this. Right now, he is definitely in a dangerous situation." Yu Weizhou said, "We need to work together ... Chen Xiang, can you promise me to go find Zuo Xingfeng? He must be injured too, I hope he doesn't die. "

Zuo Xingfeng was Old Hu's master!

"Sure!" Chen Xiang nodded his head: "But I need to prepare a period of time, I need to cultivate World Defying Stage Divine Source Qi first!"

Yu Lirong looked at Chen Xiang with a face full of surprise. He believed that Chen Xiang saying this meant that he was confident enough to cultivate out divine origin energy!

"Elder Brother Shen, did you find a way?" Yu Lirong asked in shock.

"Yes, but I can't confirm it completely yet ... Of course, it would be great if there was a Divine Tree Holy Fruit. " Chen Xiang said.

"The Divine Tree Holy Fruit has been tightly grasped by them, and I don't know how many years it will take for it to form again. I can't rely on that." Yu Weizhou shook his head. If Chen Xiang could find a shortcut to cultivate Divine Origin Qi, it would be an extremely shocking thing.

"Old Master Yu, has the Golden fire tree s of the Golden fire tree been sealed?" Chen Xiang was very curious about this matter. He also wanted to let He Fengyuan establish a connection with the Tree soul and see what the Golden fire tree would do.

"Yes!" Being controlled, I do not know how I did it, but in short, I did not participate in this matter, so even before I became an elder of the Golden fire tree, a situation like this already existed. " Yu Weizhou said.

"Is there any way to break the seal?" Chen Xiang felt that if the Tree soul could regain its freedom, it would be helpful in preventing the Beast-creation Race from absorbing the energy from the divine tree.

"I don't know, but Zuo Xingfeng has been studying this very closely. If he can find him, there might be a way." Yu Weizhou sighed: "I'm worried that he's dead, he's a rare Pill God!"

For Zuo Xingfeng to be able to concoct a legendary pill like the Spirit Communication Pill, he must be very capable!

"I'll find him." Chen Xiang patted Yu Weizhou's shoulders. He let Yu Lirong take good care of Yu Weizhou and then went inside the Time array to refine some pellets.

He needed to refine a large batch of Rebirth powder for Yu Weizhou to absorb. He was in a hurry to pick the leaves.

"It's a good thing I have a clone. Otherwise, I really wouldn't be able to handle this!"

One of Chen Xiang's clones was refining a Rebirth powder while his original body was refining a huge leaf. The other clone was picking the leaves.

"Master, that Legendary mantra should be coming soon!" Chen Xiang asked, he was really looking forward to see how the Legendary mantra looked like.

"Soon, not many days." Xiao Xianglin was also looking forward to it.

"I hope it will be of great use to us." Chen Xiang said.

Chen Xiang's clone moved during the night. In merely a moment, he harvested over a hundred leaves, and then, he quickly escaped the Golden fire tree.

At this time, the people inside the Golden fire tree had already exploded. In a short period of time, the people inside had taken away the white leaves! To the people who had lived in the Golden fire tree for many years, this was a shocking matter.

Everyone knew that the giant leaves on the Golden fire tree were very strong. It was not easy to get one piece down, but now there were 100 less!

It was understandable that he had stolen one or two of them from time to time!

The elders were all dispatched to join the patrol.

[Chapter 3746](#)

The reason why Chen Xiang's clone returned so quickly was mainly because the medicinal liquid on his blade was already gone, so it was impossible for him to cut off the leaves easily.

When and Zhong Jun heard the news, they were very shocked. They started to suspect Chen Xiang secretly, but they did not know why they had such thoughts!

"Grandfather, do you think that it was Elder Brother Shen who did it?" Yu Lirong said softly.

"How is that possible? He spent the entire night concocting pills in his room, while his Time array was constantly active, and his aura is also present." Yu Weizhou laughed: "But even if he did, there's nothing strange about it."

"Elder Yu, are those leaves really useless?" He was also a person that Yu Weizhou trusted the most. Back then, when Yu Lirong had become a Gold Fire Fighter, he was the one who asked Zhong Jun to bring Yu Lirong along.

"It's useful to Beast-creation Race ... "It's useless to people." Yu Weizhou shook his head.

"What about the Alchemist?" Yu Lirong asked.

"I'm not sure either. Zuo Xingfeng said that it was useless, maybe he didn't find out." Yu Weizhou thought back to what Zuo Xingfeng had told him about refining leaves.

At this time, Chen Xiang came out of the room with a huge vat of Rebirth powder.

"Elder Brother Shen, you have been concocting pills all night!" Yu Lirong asked with a strange expression.

"If I don't forge pills, what else can I do?" Chen Xiang laughed as he poured the bucket of Rebirth powder into Yu Weizhou's jade vat.

"I thought you were that leaf thief." Yu Lirong laughed.

"How is that possible?" Chen Xiang laughed as he denied it.

"Elder Brother Shen, you have hidden your strength ... To be able to kill someone like Ke Yunxing, he must have cultivated a Divine Origin Qi. " When Yu Lirong thought about this, he couldn't help but exclaim in surprise.

Yu Weizhou had already known about this a long time ago, and felt the same shock.

"The main reason is that he is underestimating me, a pill refiner!" Chen Xiang smiled.

"Even if I were to underestimate him, I wouldn't be able to get rid of him so easily." Yu Lirong curled his lips and said: "Elder Brother Shen, you must be hiding your true strength."

"Alright, I am indeed strong. You should learn a little bit more and work harder. Only in this way can you counterattack when others want to trample on you." Chen Xiang laughed.

Yu Lirong nodded heavily.

"I'm going to start concocting pills!" Chen Xiang returned to his room and continued concocting pills.

He had already created many Rebirth powder, which was enough for Yu Weizhou to use for a period of time. Now, he was using his three clones to refine the leaves and the Legendary Flame Pill.

"My Tao-creation Holy Crystals might not be enough!" sighed. He had previously felt that with the one hundred million Tao-creation Holy Crystals in his possession, he would be able to use it for a very long period of time, but now he could only use it to refine seven or eight pellets. Moreover, Xiao Xianglin and the Mei Jing Sisters needed to use both of them.

Chen Xiang planned to shamelessly borrow some from Yu Weizhou.

"Legend has it that the Golden Flame Pill contains an extremely special energy. It can only transform and strengthen my own Legendary gas, so the refining speed is very fast."

Chen Xiang quickly refined three pills. After consuming these three pills, he did not need long to refine them.

He continued to refine another five crystals before stopping, because he did not have much of the Tao-creation's Divine Crystals left.

After refining those five pills, he let out a long sigh, "It's still not enough! I still need to eat around ten more pellets before I can convert the Legendary gas into Divine Origin Qi. "

"I've already grasped that Legendary mantra." Xiao Xianglin brought back good news.

"What kind of Legendary mantra is it?" Chen Xiang asked anxiously.

"Let me familiarize myself with it first. This Legendary mantra's power is quite unique." Xiao Xianglin said: "I will need some time to grasp it."

"Alright!" Chen Xiang said: "I will go out to get the Tao-creation's Holy Crystal to concoct pills first."

When Chen Xiang went out, he saw Yu Weizhou inside the Time array and Yu Lirong guarding outside.

"Elder Brother Shen, my grandfather is much better now. He said that it won't be long before he recovers." Yu Lirong was very happy.

"That's good!" Chen Xiang nodded his head, "Li Rong, I lack the Tao-creation's Holy Crystals ... I want to sell a few of them in exchange for the Tao-creation's Divine Crystals.

"I have one here!" Yu Lirong anxiously gave some of the Tao-creation's Divine Crystals to Chen Xiang. Although it was worth a few million, it was still not enough for Chen Xiang to refine a Legendary Gold Fire Pill.

"Not enough!" Chen Xiang laughed: "Tell me where the divine pellets are more convenient to sell, I'll go exchange for the Tao-creation's Holy Crystals."

"You want to sell the Legendary god Dan?" Yu Lirong asked in a low voice.

"Of course not, I'm selling the Extreme Heaven Pill, the pill that can let a person reach the peak of World Defying Stage Legendary Rank!" Chen Xiang smiled mysteriously.

"Elder Brother Shen... This is too amazing! " Yu Lirong was very excited. "Can I eat it too?"

"Of course you can! When your grandpa recovers, I'll let him guide you to eat. It'll be more useful. " Chen Xiang laughed.

When Yu Weizhou came out of the Time array, he was also very surprised. "How much do you want to sell this kind of pellet, I'll buy a few for Li Rong!"

"Chen Xiang, don't you lack Tao-creation's Holy Crystals? Just name the price! " Yu Weizhou laughed.

"With two hundred million Tao-creation Holy Crystals, I can give you enough pellets to step into the peak of World Defying Stage Legendary Rank with honor ... I really lack Tao-creation's Holy Crystals right now." Chen Xiang laughed somewhat embarrassedly.

"Alright!" Yu Weizhou straightforwardly gave Chen Xiang a Storage bag.

Chen Xiang also gave enough pills to Yu Weizhou to guide him in his cultivation. In any case, his injuries required him to be inside the Time array.

"Chen Xiang, you truly are astonishing. You even have such a pill." Yu Weizhou laughed.

"There's no helping it, if I cultivate properly and break through, who knows how long it would take." Chen Xiang laughed and then ran into the room to continue refining the Gold Fire Pill.

Chen Xiang felt that after he broke through, he would also be able to learn new Legendary mantras and his own strength would be raised to a whole new level. Even if he met the elders inside the divine tree, he would have nothing to be afraid of.

"Master, how is the use of the Legendary mantra doing? What kind of ability is that?" Chen Xiang was very curious.

"Don't be so anxious, I'm refining the Paternoster soul stone and you can cultivate the Divine Origin Qi." Xiao Xianglin laughed.

Chen Xiang was helpless, he could only obediently refine the Legendary Gold Flame Pill, in order to speed up his cultivation of Divine Origin Qi.

... ..

Zhong Jun had always been in charge of investigating and gathering information, when he suddenly rushed in, Yu Lirong had already stepped into the Peak of World Defying magic realm.

"Zhong Jun, what's the rush?" Yu Weizhou asked.

"Not good, they are searching the entire city for us." Zhong Jun anxiously said: "We need to leave quickly!"

"They are here! Yu Weizhou said in a serious tone.

"Haha ..." Yu Lirong, Zhong Jun, you are really here, where is Chen Xiang?" Tian Dongyu laughed loudly as he entered.

Following that, a few elders walked in. Tian Dongyu, Lu Xinyun, and a few other teams followed behind them.

[Chapter 3747](#)

Zhong Jun saw that the group of people had arrived, and anxiously walked forward, then said to Yu Lirong behind him: "Li Rong, take Elder Yu and leave first. I'll hold them here."

"Zhong Jun, you can't stop them by yourself." Yu Weizhou who was in the jade vat said.

Tian Dong Yu laughed: "Zhong Jun, you traitors of the Golden fire tree, you should behave yourselves."

"You scoundrel, shut your mouth. Although I, Yu Weizhou, am already severely injured, I have no problem killing all of you." Yu Weizhou was immediately enraged, his cold voice carried a burst of power that caused fear in people's hearts.

Tian Dongyu's face paled and he hurriedly took a few steps back. Just now, he had been locked onto by Yu Weizhou's killing intent, causing him to feel extreme fear.

A white haired white robed elder walked over, and laughed coldly: "Yu Weizhou, I didn't expect you to wake up, what a miracle! Looks like that Chen Xiang fellow is a pretty good Alchemist. He was the one who cured the little trash Yu Lirong right? "

Those people who followed over, were emotionally moved. They knew that Yu Lirong's strange injuries were extremely difficult to treat, but they never expected that it was actually Chen Xiang who had healed them!

Especially Tian Dongyu and Lu Xinyun, they had looked down upon Chen Xiang back then, but never did they expect that Chen Xiang was actually an outstanding Pill God.

"Yu Lirong is already at the legendary peak?" The old man looked at Yu Lirong and shouted.

Everyone was shocked, Yu Lirong had only just entered the World Defying Stage Legendary Rank, and not long ago, he had already reached the peak of his abilities! They thought of Chen Xiang and felt that it was definitely because of the pill that Chen Xiang had refined that he had broken through.

Yu Lirong was secretly worried. They were currently in a very bad situation, yet Chen Xiang was still in a closed door cultivation.

"Tell me, how did you break through so fast?" The old man's face was full of viciousness as he threatened, "If you don't tell me, I will make your deaths miserable."

"It must be because that Chen Xiang fellow refined some sort of pill to let him break through." Lu Xinyun said coldly: "Elder, you must catch that Chen Xiang. Back then, he was the one who killed the giant eagle, and the giant eagle is your beast pet ... They also received three drops of sap from the divine tree."
"

So the giant hawk was raised by the old man in front of him, causing Yu Weizhou to become even more angry.

"Zhang Xiao Hao, you bastard, you must have been the one raising the venomous insect Poisonous beast all these years, right?" Yu Weizhou said angrily: "You little bastards, sooner or later you all will become the food of those beasts that Zhang Xiao Hao raised. You all are still following him now!"

"Yu Weizhou, you old traitor, don't slander our elder." Tian Dongyu immediately scolded, "If it weren't for your grandson and the others slaying his beast pet, we wouldn't have come to kill you today."

"You guys had a part in it back then!" Zhong Jun laughed coldly: "Moreover, you were the first ones to take action against that giant eagle. At that time, it was also the elders who ordered us to kill the giant eagle."

Tian Dongyu and the others fell silent.

"Kill them all!" Zhang Xiao Hao shouted: "They can't beat us, Yu Weizhou has not recovered from his injuries, this level of strength is not enough to threaten you, as long as we take down the two of them, it will be fine."

"Chen Xiang should be inside." Tian Dongyu said, "Let's go take him down!"

"Since he's able to kill the giant eagle, his strength definitely isn't weak. Let me pass." Zhang Xiao Hao was an elder, and had cultivated God's Qi, he was the strongest, with him taking action, the juniors thought that Chen Xiang would not be able to escape.

Tian Dong Yu and the rest immediately went up and waved their swords towards Yu Weizhou who was inside the jade vat, trying to slash him down. However, they were blocked by Yu Lirong and Zhong Jun.

Zhang Xiao Hao walked to the outside of the door and was about to open it, but he felt a strong presence coming from outside. Soon after, he saw an arm coming out of the door and going through Zhang Xiao Hao's chest.

Everyone was immediately scared until their minds went blank. They were originally attacking Yu Lirong and the others, but now they kept retreating, because the aura released from Zhang Xiao Hao's arm was too terrifying, as if it could destroy the heaven and earth!

Zhang Xiao Hao was a very powerful elder, who was able to cultivate God's Qi, he had a very high position amongst the Golden fire tree, and was a person that many young Gold Fire Fighter respected, but now his body was pierced through by a fist!

Chen Xiang walked out and saw that his arm was covered with red scales that were coiled around the Red fire dragon, emitting a very threatening red aura. Chen Xiang had already perfectly controlled the Scarlet Dragon Fire Arm now, it was not as inflated as before, and seemed to be even more coordinated with him.

When everyone looked at Chen Xiang's Scarlet Dragon Fire Arm that was releasing a dense divine aura, they were all trembling in fear. This was the first time they had felt such a strong divine aura!

"Are you the one who raised the eagle?" I'll send you to see him now! " Chen Xiang smiled slightly. The Red fire dragon wrapped around his arm roared and poured into Zhang Xiao Hao's body, releasing a strong flame and burning Zhang Xiao Hao into ashes.

Then, Chen Xiang released two more clones, stopping the people that were following them!

Yu Lirong and Zhong Jun were also extremely frightened. Chen Xiang had truly cultivated God's Origin Qi, and his strength was so terrifying!

"Chen Xiang... What are you trying to do? You want to kill us?" Tian Dongyu's voice trembled as his face filled with fear.

"No, I just think it's a waste for you to have this kind of power." Chen Xiang took a step forward and smashed a palm into Tian Dongyu's abdomen, crippling him completely, "You clearly know that Zhang Xiao Hao is not a good person, yet you're following him and even bullying an injured old man. Today, I will not let you two off."

Yu Weizhou had already told them earlier that Zhang Xiao Hao was rearing poisonous Poisonous beast. These people believed him, but they were not moved!

Tian Dongyu fell to the ground as he vomited blood. His face was filled with hatred. He had been crippled! His formidable strength was unexpectedly gone just like that. This caused him to immediately go insane as he continued to shout non-stop.

"Let me do it!" Yu Weizhou immediately jumped out of the jade vat and roared, releasing a tyrannical force that forced Lu Xinyun and the rest to kneel on the ground.

"Didn't you want to kill me, this seriously injured old man? "Humph!" Yu Weizhou roared angrily and sucked all of the blades over. Then, he blew away a burst of violent air currents and let the blades strike out, covering those people like a torrential rain.

Shua shua shua! Gold Fire Fighter who were extremely arrogant a moment ago were all killed by Yu Weizhou just like that.

"Elder Yu, you're alright!" Chen Xiang laughed.

"It's just that I'm feeling pretty good. I need to rest for a while, but it's more than enough to deal with these small fry." Yu Weizhou laughed: "Brat, you really can cultivate this Divine Origin Qi, moreover, your own strength is not weak."

"Let's get out of here! I must have exposed my aura just now. " Chen Xiang said. He had already seen from the illusion that there were many people flying over.

[Chapter 3748](#)

Chen Xiang placed all of them inside the Six Realms mirrors, and then left the place, leaving the Golden fire tree behind.

"We know about the Golden fire tree." Chen Xiang said. At this time, the Six Realms mirrors was flying stealthily in the original location.

"Yes, looks like it's almost all being controlled by the Beast-creation Race, sigh!" Yu Weizhou sighed: "All these years, I didn't care about the affairs of the Golden fire tree, I didn't think it would become like this!"

"Old Master Yu, you don't have to blame yourself. The situation in the other divine trees is definitely the same. This is something that Beast-creation Race had planned for a long time." Chen Xiang said: "It's just that I didn't expect them to plan it out for so long!"

"That Golden fire tree was only grown so tall after many years of painstaking cultivation, could it be that it is going to be taken over and devoured by them?" Yu Weizhou said.

"Definitely not, we have to stop them. If we let them take control of these divine trees, their strength will definitely rise to another level. When that happens, it will be even more difficult for us to deal with them." Chen Xiang said: "The people from the Beast-creation Race are already here, but their actions have yet to begin!"

"If the Beast-creation Race wants to truly obtain the Divine Tree, they must first agree to the elders inside it, allowing them to possess the power of the Beast-creation Race, the power to devour the leaves on the Divine Tree."

It was not easy to obtain the Beast-creation Race's bloodline, Chen Xiang was very clear about this, if not a large group of elders would have started to eat the leaves long ago! And the experts of Fire-creation Sacred Race and God-creation Race would also be more unrestrained by the Chuangyuan key.

The current Beast-creation Race is only starting to develop!

Yu Weizhou nodded, and said: "We must join hands with the others!"

"Elder Yu, your injuries have almost recovered. How about this, I'll go to Zuo Xingfeng, you go find someone else." Chen Xiang said.

"Alright, this is something that I communicated with Zuo Xingfeng, if we get near, the leaf will float, and I will bring you to him." Yu Weizhou passed Chen Xiang a light golden leaf, as if it was made of gold.

"Alright, I'll go look for him now. You guys have to take care of yourselves!" Chen Xiang patted Yu Lirong's shoulder.

"Elder Brother Shen, you have to be careful as well." At this time, Yu Lirong really admired Chen Xiang, he was able to concoct pills that could help him cultivate Divine Origin Qi.

... ..

Chen Xiang immediately went on his way to look for Zuo Xingfeng.

"My master will definitely be fine." Hu Jingyuan was also very worried inside the Six Realms mirrors.

Chen Xiang originally only wanted to go to the Golden fire tree to look for Yu Weizhou, but he didn't think that so many things would happen.

"Maybe the Ke Yunxing from before would cooperate with the Beast-creation Race as well." Chen Xiang replied: "It's just that this guy was killed by us."

"It can't be wrong." Hu Jingyuan snorted: "It's all because of this bastard. Otherwise, I wouldn't have ended up like this."

When Hu Jingyuan saw that Chen Xiang had successfully cultivated God's Origin Qi, he felt a lot more at ease. At least, this time, when he was training his new technique, he would not encounter any difficulties, he just needed Chen Xiang's help.

Yu Weizhou had told him a few clues about Zuo Xingfeng's location before.

"In the past, they were all in the same region." Chen Xiang used a few days of time to arrive at this mountain range. He discovered that many mountains had collapsed and the ground was covered with cracks.

"Zuo Xingfeng is not here!"

Chen Xiang took out that leaf, but the leaf did not float up.

"If Master was still alive, he definitely wouldn't have gone to this place where the battle had happened. He must have gone to some other place. Should we take a look at the area where the Purple fire tree were?" Hu Jingyuan said.

"Alright!"

Chen Xiang immediately went, and on the way, Xiao Xianglin came out of You Yao Mountain Villa.

"Chen Xiang, that Legendary mantra's Paternoster soul stone." Xiao Xianglin handed a Paternoster soul stone over to Chen Xiang.

Chen Xiang excitedly ate it, then smiled: What Incantation is this?

"profoundfeng Mantra!" Xiao Xianglin said: "This incantation is very strange, it can change your body into a gust of wind and move quickly, and you can also release strong wind when you attack, this kind of wind can fuse with different types of energy."

"Oh?" Chen Xiang closed his eyes, trying to feel the profoundfeng Mantra. After that, he casually swung his palm, releasing a very berserk wind.

"It really is terrifying!"

Chen Xiang exclaimed as he looked at the gale that was moving far away. Then, he struck out with a gust of wind again.

A large area of fire was engulfed by the wind brought by the raging roars, turning the ground into a sea of fire and turning into ashes wherever it went.

"When in battle, you can display strength that is not weak! As for turning him into the wind ... You can try. " With that said, Xiao Xianglin entered the You Yao Mountain Villa.

Chen Xiang withdrew his Six Realms mirrors and with a thought, he felt himself becoming very, very light before quickly floating. The speed at which he was flying was shockingly even faster than when his Six Realms mirrors was flying.

"I wonder if it can penetrate some barrier or something?" Chen Xiang asked Xiao Xianglin: "Sure, right now you are the wind ... As long as it's not a spirit formation or a spirit formation to block the wind, you can easily enter it. Furthermore, after you transform into the wind, you will no longer have any other auras. "

"This Legendary mantra is really powerful!" Before, even if Chen Xiang was invisible, he would have still revealed an extremely weak aura. Furthermore, his penetrating abilities were no longer effective, as many enchantments were not so easy to penetrate.

After Chen Xiang turned into a gust of wind, he only used one day to arrive at the area where the Purple fire tree were.

He approached the Purple fire tree and took out a golden leaf.

The golden leaf floated above his palm.

"Great, Zuo Xingfeng is here, why didn't I think of that before?" Chen Xiang immediately followed the direction that the golden leaf pointed to.

Half a day later, he came to the side of a river, where many different sized boats were anchored. When Chen Xiang boarded a boat, everyone inside immediately became vigilant.

"Who is it?" A low voice full of vigilance sounded.

"Senior Zuo, I am Chen Xiang! Old Man Yu told me to come find you." Chen Xiang revealed that piece of golden leaf.

A short, skinny old man in a black robe and hood peeked his head out of the cabin. He was extremely excited when he saw the golden leaf.

"What happened to Old Yu now? Is he still alive?" Zuo Xingfeng waved his hand, producing a suction force that dragged Chen Xiang into the cabin of the ship, and then the boat started to move.

"He's still alive. He was originally severely injured, but I've already cured him." Chen Xiang laughed.

"You are the young Pill God who cured Li Rong! My apologies!" Zuo Xingfeng also admired Chen Xiang a lot because he could not do anything about Yu Lirong's strange injuries from before.

Chen Xiang immediately let Hu Jingyuan out.

"Master!" When Hu Jingyuan saw Zuo Xingfeng, he immediately broke down in tears and told Zuo Xingfeng about his and Meng Tianhao's evil deeds.

[Chapter 3749](#)

Zuo Xingfeng sighed, patted Hu Jingyuan's head and said: "Amongst all of my disciples, you are the most honest one! The other guys. All of them betrayed me, these bastards. Ke Yunxing this bastard is also a beast slave! Good kill!"

Just like Yu Weizhou, Zuo Xingfeng was also a person who was unwilling to surrender to the Beast-creation Race. He was slightly better off than Yu Weizhou.

"Master, you and I were worried about you. I thought you wanted Elder Yu to suffer the same injury." Hu Jingyuan said.

"I wasn't as aggressive as him, so I didn't fight with those guys. Old Yu probably killed a few guys and was also heavily injured. It's a good thing we met some experts, if not he might have left before me." Zuo Xingfeng looked at Chen Xiang with admiration.

"Old Zuo, I'll leave Old Hu to you!" Chen Xiang said: "I will give him some pills, so that his breakthrough will be much smoother later on."

"Then I can't thank you enough." Zuo Xingfeng said.

"Master, Chen Xiang used the pills he refined to cultivate his Divine Origin Qi ... Oh right, he used the big leaves on the divine tree to refine pills." Hu Jingyuan said.

"Really? I have also refined those leaves before, so I can definitely extract a lot of elements that can help people cultivate Divine Origin Qi. It's just that my abilities are limited and I got too little of each leaf, so I gave up in the end." Zuo Xingfeng said.

After that, Chen Xiang told Zuo Xingfeng about his experience in refining the leaf, and discussed it with him. Zuo Xingfeng had a very unique insight in this area, which had benefited Chen Xiang greatly, and felt that if he changed his method in the future, he might be able to refine fewer leaves, and could achieve the same result.

Zuo Xingfeng also found the way to refine the leaf. He felt that he could also refine the leaf into a pill to help others break through.

Unknowingly, Chen Xiang and Zuo Xingfeng had been discussing things for two days and two nights, and Hu Jingyuan, who was listening at the side, suddenly had an epiphany.

"Elder Zuo, I heard from Elder Yu that you have studied Tree soul. I'm in a hurry to find Tree soul." Chen Xiang said.

Zuo Xingfeng was a pill master, and was one of the upper echelons of the Purple fire tree.

"I have been researching Tree soul for a very long time! The Tree soul was sealed a long time ago, so I am not proficient in sealing formations, so I do not know how to remove the seal. But over the years, I have obtained some information from the sealed Tree soul." When Zuo Xingfeng talked about this matter, he was also very interested.

"What message?" I feel that Tree soul must be very powerful. If we can help the Tree soul break the seal, the Tree soul might be able to control the divine tree and prevent it from being taken over by the Beast-creation Race." Chen Xiang said.

"There is indeed such a possibility!" Zuo Xingfeng nodded: "The hidden strength of the nine divine trees is extremely terrifying. If the Tree soul is free, it will be of help to us."

"It's not easy to release all nine Tree souls from the divine tree!" Hu Jingyuan sighed.

"NO!" There's no need to enter the divine tree!" Zuo Xingfeng had a mysterious look on his face as he said: "From the information I obtained from the Tree soul, the nine divine trees are the same. And the ones sealed within the nine divine trees are all just the avatars of the Tree soul. The sealed original body is not here."

When Chen Xiang and Hu Jingyuan heard this, they both jumped in fright. The Tree soul was actually hiding such a secret.

"As long as you remove the seal on the Tree soul's body, then even if the Tree soul's avatar is intact, it shouldn't be too much of a problem." Zuo Xingfeng said.

"Master, where is the Tree soul?" Hu Jingyuan asked.

"I don't know, the sealed Tree soul is asleep, only the Tree soul knows." Zuo Xingfeng shook his head: "Maybe we can try to go among the Purple fire tree and release the Tree soul."

"Let me try!" You guys wait for me here." Chen Xiang said.

"I'll tell you the location of the seal on the Tree soul." Zuo Xingfeng immediately told Chen Xiang the location.

After Chen Xiang memorized the location, he left the ship and turned into a gust of wind, flying towards the Purple fire tree.

If it was before, it would not be so easy for him to enter the Purple fire tree, but now using the profoundfeng Mantra, it would be much easier.

Chen Xiang quickly entered the Purple fire tree's room and quickly arrived at the place where the Tree soul was sealed. This was a secret room that was protected by many enchantments, and there were a lot of people watching from outside.

Chen Xiang then turned into a weak gust of wind and entered the room, passing through a few cracks to arrive inside the secret room. Then, he knocked out the seal on an elder who was guarding the room.

In the middle of the secret room, there was a large purple pearl, but the pearl did not give off any light at all.

"Feng Yuan, try it!" Chen Xiang called He Fengyuan out.

When He Fengyuan saw the large purple pearl, he was extremely excited and quickly walked over.

"This bead is just a seal. It won't be easy to break it open." Once Xiao Xianglin came out, he frowned and said: "Moreover, he used multiple Legendary mantras, so I won't be able to break through them in a short period of time."

"Let me try and see if I can receive any information from this Tree soul." He Fengyuan pressed a hand on the pearl and closed her eyes. She had a very strong reaction towards the souls inside the flowers and trees, and now that she was in contact with the Tree soul of a divine tree at such a close distance, she could sense it even more clearly.

He Fengyuan frowned even more.

"I know where my main body is now!" He Fengyuan said: "They aren't in the Medicine-creation Divine Continent. I know of a location and I'll point them in the right direction."

"Alright, I'll go back and say my farewells to Elder Zuo before leaving." Chen Xiang said.

Chen Xiang returned to the boat, and after informing Zuo Xingfeng, he quickly followed He Fengyuan's instructions and flew out of Medicine-creation Divine Continent.

"I wonder when Beast-creation Race will come." Chen Xiang was a little worried: "Medicine-creation Divine Continent is truly a good place, I don't want to see it get ruined."

"We must find a way to restrain the Beast-creation Race." Xiao Xianglin said.

He Fengyuan led the way, and a few days later, Chen Xiang found that this road was very familiar.

"This is the way to the altar!" Chen Xiang shouted in shock: "The altar where the God-creation Race Emperor is sealed!"

He Fengyuan had actually led Chen Xiang here.

"Could it be inside the altar?" He Fengyuan said in shock.

"I don't know!" "Let's go take a look first." Chen Xiang immediately had a lot of guesses in his heart. The heaven defying recovery ability of the God-creation Race Emperor might have been obtained from the nine divine trees.

On the way there, Chen Xiang met Ah Ying, the servant of the God-creation Race Emperor.

"Senior Ying!" After Chen Xiang saw Ah Ying, he had changed into his original form.

"Chen Xiang, you're here again?" When Ah Ying saw Chen Xiang, his face was filled with surprise, because Chen Xiang had already cultivated out Divine Origin Qi, and this Divine Origin Qi was even stronger.

Chen Xiang also felt that it was not bad when he met Ah Ying. He had already determined that the place He Fengyuan would guide him to would be the sealed altar within the God-creation Race.

"Yes, how is First Beast-creation Ancestor now?" Chen Xiang asked.

"It's the same as before. Did you come to save him?" Seeing Chen Xiang's strength increase so much, Ah Ying thought so.

"I don't know if it'll work, but I'll give it a try!" Before, when Chen Xiang cultivated his Divine Origin Qi, he had thought of this. Now that he was here, he wanted to try it out.

"Then you must be careful." Ah Ying could only place his hopes on Chen Xiang now.

"Yes, I will do my best." Chen Xiang immediately headed towards the altar.

When he got close, he didn't go over, but released 3 images.

"Senior!" Chen Xiang shouted, "I'm Chen Xiang, I'm coming again!"

"Did you bring any good news?" The First Beast-creation Ancestor laughed.

First Beast-creation Ancestor was still the same as before, the meat on his body was being chewed on by many beasts.

"I have already cultivated out the Divine Origin Qi." Chen Xiang said: "Do you think I can save you now?"

Chen Xiang looked at the nine holes on the ground in front of the First Beast-creation Ancestor. As long as he pierced the nine Chuangyuan keys into the hole, the First Beast-creation Ancestor would be able to break the seal.

"It's hard to say!" First Beast-creation Ancestor said: "You are indeed very strong, but the person you are facing is someone who has cultivated and produced World Defying Stage Divine Source. This is different from someone who only possesses Divine Qi. That guy is much stronger."

"You should have felt that guy's strength last time, so you should think about it carefully!" But my suggestion is that you cultivate the World Defying Stage Divine Source first, because there might be more than one guy here!

"Alright!" Chen Xiang thought about it carefully and decided to give up for the time being. If there were a few fellows from the Initial God-creation Realm, it would be even harder for him to run away.

"There's another reason why I'm here this time." Chen Xiang said: "Senior, do you know about Tree soul?"

"Have you been to the Medicine-creation Divine Continent?" First Beast-creation Ancestor was surprised.

"Yes, I went to Medicine-creation Divine Continent! Beast-creation Race is also paying attention to that place, the situation there isn't good. " Chen Xiang gritted his teeth and said: "The Beast-creation Race wants to occupy that area! Senior, how much do you know about this matter? "

"The Tree soul is indeed inside this altar!" The First Beast-creation Ancestor said, "Once the Beast-creation Race takes over the Medicine-creation Divine Continent, it will be dangerous."

"How dangerous is it?" Chen Xiang asked anxiously.

"Beast-creation Race's strength will increase by leaps and bounds. Their devouring ability can quickly devour the power of the divine tree, and those nine divine trees are the ancestors of the flower trees in Most Ancient Era." The First Beast-creation Ancestor said, "Try it and see if you can enter the altar."

Chen Xiang came to the back of the altar, where there was a small door.

"Is it really okay to go in like this?" The last time Chen Xiang stepped onto the altar, a guy came down from the Initial God-creation Realm and almost killed him.

"I don't know either, so I need you to give it a try." First Beast-creation Ancestor said, "You have your own clones. If you use your clones, there shouldn't be any problems."

Chen Xiang did not use his clone, but used a Mouse Man to go over.

There were many savage beasts inside the small door. Mouse Man was killed the moment he entered the door, but now he was sure that the people inside the door wouldn't be attracted inside.

Chen Xiang immediately ordered a clone to go over.

After the doppelganger entered, a black fierce tiger pounced over.

Chen Xiang sent the tiger flying with a punch, then quickly retreated out of the small door, because there were a lot of beasts inside.

"It seems that only by going onto the altar will those fellows from the Initial God-creation Realm appear." His original body had also come to the back of the altar, and many of the black Evil beast above the altar rushed down one after another, wanting to attack Chen Xiang.

These Evil beasts were just released, if they did not eat First Beast-creation Ancestor's flesh not long ago, they would be extremely weak. Chen Xiang could kill a large number of them with one punch.

"It's best not to kill all of these Evil beast." The First Beast-creation Ancestor shouted, "If we were to be killed, it might alarm the people inside the Initial God-creation Realm."

"Alright!" Chen Xiang immediately released an array disc, sealed a large portion of the Evil beast, and then entered the altar.

There was a path within the altar that led deep underground. Chen Xiang carefully walked along this path and then used his illusory body to converse with the First Beast-creation Ancestor.

"Why is the Tree soul sealed?" Chen Xiang felt that this matter was most likely done by someone from the Initial God-creation Realm.

"If it is not sealed, then the nine divine trees will be able to control their powers and not be devoured!" The First Beast-creation Ancestor replied, "You don't know, back then, there were many people who absorbed the power of the nine divine trees. This was the way they used to cultivate and produce the World Defying Stage Divine Source."

The nine divine trees had been sealed inside by nine soul fragments a long time ago. It turned out that this was done by the earliest batch of people.

"How did they absorb the energy from the nine trees?" Chen Xiang asked: "This seems to be something only your Beast-creation Race can do!"

Yes, only us Beast-creation Race can do that, they have to absorb it through us, the Beast-creation Race, so it's hard for me to explain the details. In short, you have to quickly stop the Beast-creation Race, or else when that group of lawless people becomes strong, the Most Ancient Era will be destroyed. First Beast-creation Ancestor was very worried about this matter.

As Chen Xiang walked through the pitch-black tunnel, he would occasionally encounter some poisonous snakes, but they would all get burnt to death by him.

At the end of the passage was a wall. Using his piercing ability, he was able to easily pierce through and arrive at a stone room filled with nine colors of brilliance.

In the middle was the sealed Tree soul, a large pearl that shone with a nine colors light.

"This is the Tree soul. How do I remove the seal?" Chen Xiang let Xiao Xianglin and Feng Ke'er out.

After Xiao Xianglin and Feng Ke'er looked at it, they also began to move. They held onto the array disc, and started to circle around the pearl.

"We need to destroy the connection of the incantations. This will help the Tree soul wake up." Xiao Xianglin said: "For a soul body like this, if it was sealed for a long period of time, it would definitely fall asleep."

"Alright!"

Chen Xiang called out the two clones and at the same time, allowed them to hover above the altar, observing their surroundings.

"Senior, are all the people in Initial God-creation Realm who cultivate World Defying Stage Divine Source?" Chen Xiang asked: "Are there many of those inside?"

"There should be quite a few of them. Back then, those nine divine trees were extremely huge, but after being devoured by them for a period of time, they had become very small and were on the verge of death. That's why Tao-creation Divine Lord had no choice but to use some methods to stop them. The First Beast-creation Ancestor said.

"Strange, why didn't you ancestors absorb the power of the divine trees? What about to cultivate the World Defying Stage Divine Source? " asked, First Beast-creation Ancestor had previously said that his own cultivation was not very high.
