

Dan God 3761

[Chapter 3761](#)

This group of people had almost killed all nine of the divine trees. In order to strengthen themselves, they had almost sucked all nine of the divine trees dry. That was why they were able to break through and later on, the Initial God-creation Realm was protected. This was obviously because of the Tao-creation Divine Lord.

Now that the Tao-creation Divine Lord was no longer around, the order in the entire Most Ancient Era was in chaos.

"In the eyes of the Beast-creation Race Emperor, the Initial God-creation Realm must have stored a large amount of energy. Chu Jinfeng said: "That guy who was going to the Initial God-creation Realm used some cruel methods to absorb the power of the nine trees through the creation of a beast."

Chen Xiang was also aware of this matter, but after that, the Beast-creation Race was sealed, while the other Creation Race s were able to benefit from it.

"Alliance Chief, the strength of that clan emperor is so strong. If he were to charge in, it would be troublesome." Chen Xiang was very worried about this matter, so the Beast-creation Race Emperor must be very angry right now.

"For the time being, you don't have to worry, because the Medicine-creation Divine Continent has nine Divine Trees. These nine Divine Trees contain a lot of energy, and they can be said to be the foundation of the entire Most Ancient Era. As long as the Nine Divine Trees don't fall, the barrier around the Medicine-creation Divine Continent can stop anyone who cultivates and produces the World Defying Stage Divine Source." Chu Jinfeng said: "Even if it's Beast-creation Race who wants to enter in large quantities, it's still not easy!"

"Why? I saw quite a few Beast-creation Race s before. " Chen Xiang said.

"My master had originally set up an invisible barrier here. If there are too many people who possess the bloodline of a beast, they would open the barrier after a certain amount of time and be able to kill those Beast-creation Race s. That's why they didn't dare to come in too often." Chu Jinfeng said.

Chen Xiang finally understood why the Beast-creation Race could come in but not that many. It was because they had this worry.

"If the Spirit Formation within is destroyed, then we'll be in trouble." Chu Jinfeng laughed bitterly: "I wonder if something like that would happen."

Chen Xiang felt that he shouldn't worry too much about this, because the Tree soul had already been rescued. It was certain that it could stop this kind of thing.

Later, Chen Xiang entrusted Chu Jinfeng to Zuo Xingfeng. Chu Jinfeng was originally here to refine pills, and he was also the disciple of the Tao-creation Divine Lord, this made Zuo Xingfeng very happy.

Chen Xiang released the man in gold from a secret room. This man in gold was from Initial God-creation Realm. When Chen Xiang saved First Beast-creation Ancestor, this guy had always come out to stop him, and now, he was finally holding onto's hand.

"We... Our Initial God-creation Realm will not let you go." The golden-robed man was filled with resentment, because his World Defying Stage Divine Source was destroyed, and he no longer had a powerful cultivation, as he was slowly growing older.

"Your Initial God-creation Realm is about to die, why aren't you letting me go?" Chen Xiang laughed.

"Hmph, there are many people in our Initial God-creation Realm who can cultivate World Defying Stage Divine Source. If it wasn't for the fact that Most Ancient Era can't handle so many people who can, we would only need a day to flatten the Most Ancient Era." The golden robed man's voice was full of threat, "If you bring me back to the altar, it might save you a bit of trouble."

"Do you still remember the clan empress of the Beast-creation Race? This guy is an Evil Creation Saint Body, and he has already cultivated the World Defying Stage Divine Source." Chen Xiang smiled slightly: "Right now, he is outside Medicine-creation Divine Continent's barrier. As long as I throw you out, you would definitely want to die."

When the golden robed man heard Chen Xiang's words, he could not help but shiver.

"What are you doing!" The golden robed man hoped that Chen Xiang could kill him with one slash, and he also didn't want to fall into the hands of the Beast-creation Race.

"Answer my question!" Chen Xiang said: "I can promise you that I won't let you die, rather, I will let you be locked in here."

"Alright!" The golden robed man immediately agreed. It could be seen that he was truly afraid of the current Beast-creation Race.

"How did you guys absorb the divine tree's power through the Beast-creation Race back then?" asked. First Beast-creation Ancestor had said before that it was a very cruel method.

"Eat the crystal nucleus condensed from the body of the Creation Beast ... We need to dig it up raw, then we can let the Creation Beast absorb the power of the divine tree, and then I can eat the Beast core that created the beast." The golden robed man said, "If a beast ages, it will be killed by us."

Chen Xiang frowned, he was unable to differentiate between man and beast back then.

"Why is First Beast-creation Ancestor always able to recover his strength so quickly? That is his indestructible body!" Chen Xiang asked again, the recovery power of First Beast-creation Ancestor had always been a mystery.

"Because he ate the World Defying Stage Divine Source condensed from the Nine Divine Tree, and this World Defying Stage Divine Source is very special, it will not make him strong, but it will allow him to have an indestructible body. In addition, he has the Evil Creation Holy Body, the thick Evil Creation Bloodline and the Beast Creation Bloodline, so the beasts that his body feeds up are killer Evil beast."

"The reason we sealed him on the altar and fed him to the beasts, and then ate the crystals of the beasts, is so that we can form an indestructible body."

Chen Xiang had thought that these Evil beast were raised to protect the altar, so they were raised to be eaten. Chen Xiang felt that these fellows were even more beast-like.

"Then what is the background of the Beast-creation Race Emperor? He could actually cultivate World Defying Stage Divine Source! Yet another Evil Creation Saint Body. " Chen Xiang felt that this man in gold must know something.

"I'm not sure, but I know that this guy is a descendant of the First Beast-creation Ancestor, which is why he is able to become the clan emperor. The Beast-creation Race was originally bred and bred in the First Beast-creation Ancestor." The golden robed man said, "Beast-creation Race hates us greatly. Once we fall into their hands, we will definitely suffer a fate worse than death."

"Hehe, you guys know how to be scared too!" Chen Xiang mocked.

"Hmph, the reason we created all these beasts was to help us level up. At that time, although Tao-creation Divine Lord was against it, he was not strong enough It was only after he somehow borrowed the power of the Tree soul that he stopped us and forced us to enter the Initial God-creation Realm, protecting the Medicine-creation Divine Continent afterwards ... In the end, the Tree soul was also sealed by us in the dark. " The golden robed man said.

Chen Xiang already knew that those Tree soul were not sealed by the Beast-creation Race, so it turned out to be this group of people.

"Looks like I have to go see the First Beast-creation Ancestor. This Emperor is not easy to deal with." Chen Xiang said: "First Beast-creation Ancestor definitely has a way to deal with this clan emperor."

"Not necessarily." The golden robed man laughed coldly.

Chen Xiang imprisoned the golden-robed man inside the Six Realms mirrors and then informed Zuo Xingfeng and the others before once again heading to the altar where the First Beast-creation Ancestor was sealed.

"First Beast-creation Ancestor must be hiding many secrets." Every time Chen Xiang thought about going to the altar, he would have a headache. He really didn't want to see First Beast-creation Ancestor's body being bitten off by those beasts.

[Chapter 3762](#)

Chen Xiang used the profoundfeng Mantra, turned himself into a gust of wind, and flew toward the altar that sealed the First Beast-creation Ancestor!

The reason he went to look for the First Beast-creation Ancestor was also to find a way to deal with it. The entire strength of the Beast-creation Race was very strong, and this power was controlled by the Beast-creation Race Emperor.

Now, the Beast-creation Race had not started to go crazy, otherwise, the beasts would have surrounded the entire Medicine-creation Divine Continent! If those beasts lost control, the consequences would be unimaginable, and the beast tide would engulf the entire Most Ancient Era.

"Beast-creation Race seems to have conquered those Creation Race, I wonder how Ice-creation Sacred Race is doing now?"

As Chen Xiang flew, he thought that the Medicine God and the Ice-creation Race Emperor would definitely not compromise so easily. He felt that it was necessary for him to pay a visit to the Medicine God Mountain Villa after returning from the altar.

While he was flying through the forest, he passed by Ah Ying's residence. As long as he went down, he would be able to see Ah Ying.

Ah Ying was only guarding the place and cultivating, waiting for him to have enough strength to save First Beast-creation Ancestor.

He was getting closer and closer to the altar.

Chen Xiang had already seen the altar in the distance. He was extremely shocked, the surroundings of the altar had already experienced a huge battle and were completely destroyed by the battle, leaving behind a huge pit.

But now, the area around the altar was covered with trees, as if it had been reborn.

"I wasn't like this the last time I came." Chen Xiang was extremely surprised, but not long after, there was a huge change.

"Could it be the power of the Tree soul?"

Only the Tree soul could restore the vitality of this forest in such a short period of time.

Just like before, when he approached the altar, he released three phantoms and flew out. Every time he came here, he would always be very careful, not to mention that this time there was a very strange change.

"Senior!" The last time Chen Xiang came to save the Tree soul, he had killed a large number of them. But now, there were a lot more of them, and they were all biting and tearing at the First Beast-creation Ancestor.

In his heart, he admired First Beast-creation Ancestor a lot. He was still sleeping even after the Evil beast had torn his flesh. It could be seen that he was already numb to it, and had gotten used to it.

Every time Chen Xiang came, First Beast-creation Ancestor would feel extremely happy. At least, there was someone who would be able to talk to him.

"Brat, you're here again. How's the matter with the Medicine-creation Divine Continent?" First Beast-creation Ancestor was very concerned about this matter. After all, he was the only ancestor and his relationship with Tao-creation Divine Lord was pretty good.

"It's hard to say. In short, the situation isn't too good right now." Chen Xiang sighed, and said: "The reason I came here to find you, is to resolve the crisis that is currently in Medicine-creation Divine Continent."

"I am sealed here. I cannot leave." First Beast-creation Ancestor laughed self-deprecatingly: "I'm really useless."

"Outside of the Medicine-creation Divine Continent's barrier is a large number of beasts, and there's even the Emperor who's very strong, I was almost caught by this fellow previously, he's very strong, what can we do about it? And I want to know more about this guy! "

The First Beast-creation Ancestor must understand the Beast-creation Race's Emperor since he was his descendant.

"You really met the Clan Emperor? You're actually still alive! " First Beast-creation Ancestor felt that this was somewhat unbelievable.

"Will I die if I meet the Beast-creation Race Emperor?" The First Beast-creation Ancestor had been sealed here since long ago, and at that time, the Beast-creation Race Emperor should not be very strong, but the First Beast-creation Ancestor seemed to know that the Beast-creation Race Emperor was very strong.

"I haven't seen the Beast-creation Race Emperor in a long time, but I know very well just how strong he is." First Beast-creation Ancestor's eyes were quickly filled with complex emotions.

After First Beast-creation Ancestor said this, he fell into deep thought, and Chen Xiang remained silent no matter how he asked.

Just like this, Chen Xiang waited for four whole hours before First Beast-creation Ancestor woke up from his deep contemplation. Just as he was about to speak, a strong aura suddenly surged over.

"The Beast King of the Beast-creation Race is here!" Chen Xiang was shocked, the Beast-creation Race Emperor coming here to look for the First Beast-creation Ancestor, it was most likely not a good thing, furthermore it was releasing such a sharp Qi.

First Beast-creation Ancestor raised his head and looked down at the black shadow that had suddenly appeared.

"This is the Beast-creation Race Emperor?" Last time when Chen Xiang was outside Medicine-creation Divine Continent, he could only feel the Qi. Now, he could see it with his own eyes, but he could not see it clearly enough.

First Beast-creation Ancestor's entire body was covered in heavy scales, these scales were like dragon scales, and from the gaps between the deep black scales, waves of black mist were released, making the clan emperor look even more sinister and terrifying.

Beast-creation Race Emperor was wearing a black helmet with a dragon head engraved on it. The helmet covered his entire head and his eyes could not see anything.

"You're finally here!" First Beast-creation Ancestor let out a long sigh.

"I'm just here to see you!"

First Beast-creation Ancestor's voice was very low, weak and had a trace of haziness in it. It was unclear whether it was male or female, which made Chen Xiang feel that it was even more mysterious.

"You see it now." First Beast-creation Ancestor laughed bitterly: "You should be happy to see me leading such a life right?"

"Indeed." Beast-creation Race Emperor said, walking back and forth under the altar, a black evil tiger was about to pounce over, only to see a black light flash, and then the evil tiger ignited into black flames.

Chen Xiang was relatively close to the altar and hid within the forest. If the Beast-creation Race Emperor didn't leave, he would have to continue waiting.

"What is the relationship between this guy and the First Beast-creation Ancestor? Is the Beast-creation Race Emperor really a descendant of the First Beast-creation Ancestor?" Chen Xiang thought, through the conversation just now, he felt that their relationship was not ordinary.

"You can leave now that you see my miserable appearance." First Beast-creation Ancestor remembered that Chen Xiang was still around, and was secretly worried about him. He immediately urged Beast-creation Race Emperor to leave quickly.

"No, no matter how I look at your miserable appearance, I can't see enough." The Beast-creation Race Emperor laughed sinisterly, his voice sounded extremely strange.

Chen Xiang cursed in his heart. If Beast-creation Race Emperor did not leave, he simply could not continue to converse with him.

First Beast-creation Ancestor had no choice but to close his eyes and wait quietly.

"I heard that a human has gathered nine keys. I wonder if he has come here to find you?" Beast-creation Race Emperor suddenly asked.

"No!" The First Beast-creation Ancestor answered very straightforwardly.

"But I sense a lingering breath here, and there was a fierce battle here. I can even feel that Ah Ying is nearby." Beast-creation Race Emperor took a deep breath.

"There are some unlucky fellows who stumbled upon this place and alarmed the people from Initial God-creation Realm. This is a very normal thing." First Beast-creation Ancestor laughed, "If you can't do it, then come up and take a few steps."

"Humph!"

The Beast-creation Race Emperor snorted, his body that was covered in thick armor shook, and a large amount of black Qi surged out, quickly enveloping the entire forest.

The black aura quickly spread to Chen Xiang's side.

"Crap, I've been discovered!" Chen Xiang wanted to leave, but who knew that the black aura seemed to attract him towards the altar.

Even with all his might, he was unable to break free from this suction force.

[Chapter 3763](#)

Thinking about how he was going to fall into the hands of Beast-creation Race Emperor, Chen Xiang quickly thought of a plan. If things continued like this, he would definitely be caught by the Beast-creation Race Emperor.

Beast-creation Race Emperor felt that the black aura he released had caught onto something, and immediately began to gather the black aura, and before long, Chen Xiang was dragged to the side of the altar.

"I'm very familiar with your aura!" Beast-creation Race Emperor laughed coldly: "You're the one who saved Chu Jinfeng before right? You actually came here? Could it be that you are Chen Xiang, the person who is in control of the nine Chuangyuan key? "

"Don't hurt him!" First Beast-creation Ancestor hurriedly said.

"Could it be that because he has nine Chuangyuan key in his possession, he has a chance of saving you, so you have to protect him?" Beast-creation Race Emperor looked at the First Beast-creation Ancestor on the altar.

"Not really!" First Beast-creation Ancestor earnestly said, "Chen Xiang is very special ... I just don't want him to get hurt. This time, I beg you, let him go. "

The Beast-creation Race Emperor was facing Chen Xiang, and he was wearing a mask so Chen Xiang could not tell what he was doing. Even though he was near, he still felt that the First Beast-creation Ancestor's voice was very strange and low, and did not seem to be real.

"Hand over the nine Chuangyuan key and I can let you go." Beast-creation Race Emperor reached out with his scale gloves towards Chen Xiang's clothes, wanting to pick him up.

The Beast-creation Race Emperor was very strong, and even if she did not release a very strong aura, Chen Xiang could not take it anymore. It was impossible for her to fight against this gigantic being with a very strong strength.

Chen Xiang immediately sprinted forward and used the Sky Breaking Incantation. Just as the space was about to shatter and he was about to enter the space that was being torn apart, he was grabbed by one of his legs by the Beast-creation Race Emperor.

"Humph!" You want to run? " The Beast-creation Race Emperor coldly snorted, pulled Chen Xiang out and then heavily threw him onto the ground.

The last time Beast-creation Race Emperor was too far away from Chen Xiang, so it gave him sufficient time to escape.

And with such a close distance between them this time, Chen Xiang would definitely not be able to run away again.

"Let him go!" The First Beast-creation Ancestor seemed to be angry. Chen Xiang had seen the First Beast-creation Ancestor many times, but it was the first time he saw him so angry.

"I already said, as long as he hands over the nine Chuangyuan key, I will immediately let him go, and I promise that I will not do anything when I see him in the future! Besides, I didn't say I would kill him. " Beast-creation Race Emperor sneered, and firmly grabbed onto Chen Xiang's neck.

Chen Xiang frowned, he summoned his Six Realms mirrors and smashed towards First Beast-creation Ancestor's head.

The explosive power of the Six Realms mirrors combined with the berserk strength of the killing array burst out from the mirror. It concentrated on a point and ruthlessly smashed onto Beast-creation Race Emperor's head.

Boom!

Beast-creation Race Emperor was sent flying, but he did not loosen his grip and kept grabbing onto Chen Xiang's throat.

"Let me go!" Chen Xiang and the Heavenly magic sword smashed and hacked at Beast-creation Race Emperor's arm in a violent manner. Even though they had unleashed waves of tremors and violent power, they did not break Beast-creation Race Emperor's arm, nor did they even break the scales on his arm.

The Beast-creation Race Emperor's defense was extremely astonishing, causing Chen Xiang to be extremely shocked in his heart. He finally understood why the golden-robed man sealed inside the Six Realms mirrors was so afraid of the Beast-creation Race Emperor.

"How dare you!" The Beast-creation Race Emperor roared, and slapped Chen Xiang with his other hand.

Pah! -

Although Beast-creation Race Emperor hit Chen Xiang on the face, he was blocked by the Six Realms mirrors that suddenly appeared. The Six Realms mirrors rebounded a wave of energy and knocked Beast-creation Race Emperor's hand away.

"I'm going to kill you!" Chen Xiang also roared. No matter what, he would not hand over the nine Chuangyuan key.

"Alright, as long as you can get rid of me, I'll consider it your win!" His hand was still holding onto Chen Xiang's neck tightly, and he was even using a lot of strength.

Chen Xiang glared at Beast-creation Race Emperor, his heart filled with dissatisfaction. The other party was much stronger than him, to be able to pinch his neck like this, no matter how he attacked, he still did not let go.

He didn't know why Beast-creation Race Emperor didn't attack too viciously. It might have been because of the nine keys, but if he attacked too heavily, the nine Chuangyuan key would have disappeared along with him.

Just now, he had thought of many things. The nine Chuangyuan key s seemed to not only be able to release the First Beast-creation Ancestor, they also had other uses.

"Alright, you're the one who said that!" Chen Xiang waved the Six Realms mirrors and smashed it onto Beast-creation Race Emperor's head. At this time, Beast-creation Race Emperor's body emitted waves after waves of extremely dense Evil Qi, forming a protective shield.

The Six Realms mirrors landed on Beast-creation Race Emperor's body, the berserk energy seemed to have been devoured, it did not stir up any movements, and there was not even a slight breeze.

Chen Xiang did not believe it, and used the Six Realms mirrors to once again pat Beast-creation Race Emperor's head. After such a crazy beating, the Beast-creation Race Emperor was still standing there motionlessly, the great power released by the Six Realms mirrors was even absorbed and devoured.

"It's really terrifying, can it be that you can use my Crimson Dragon Fire Arm?" If this guy discovers the Red fire dragon, will it be robbed? " Chen Xiang hesitated.

"I admit that your strength is considered a top existence among the humans, and even the Creation Race s. However, in my eyes, you are nothing more than mediocre. You should know how weak you are." Beast-creation Race Emperor's hand was still tightly grabbing onto Chen Xiang's neck.

There was simply no way to deal with this Beast-creation Race Emperor at all. Chen Xiang was not sure if he would be able to successfully use the Scarlet Dragon Fire Arm to break free from Beast-creation Race Emperor.

Chen Xiang suddenly thought of a Evil dragon array!

There was a Killing evil dragon sealed inside!

He was very clear on the strength of Killing evil dragon. If he could borrow the Killing evil dragon's power, he might be able to make himself stronger, but he would need to bear a certain amount of risk.

The Killing evil dragon would easily make him lose his way!

"My Red fire dragon should be able to suppress the Killing evil dragon. When the Red fire dragon and Old Evil's Killing evil dragon fuse, their power will definitely increase greatly." Chen Xiang pondered.

"I will give you six more hours, but you are still unable to break free from my grasp. I will torture you to the point of forcing you to hand over the Chuangyuan key. I only wasted my time with you because of that guy. " Beast-creation Race Emperor glanced at First Beast-creation Ancestor.

Chen Xiang felt that there was a very complicated relationship between the two of them.

First Beast-creation Ancestor had not spoken a word since the start, so the gap between Chen Xiang and Beast-creation Race Emperor was extremely obvious.

"You keep your word!" Chen Xiang's expression was solemn, he had already made his decision.

"Don't worry, my words have more weight than those bastards of the Creation Race." Beast-creation Race Emperor laughed out loud.

Chen Xiang took a deep breath, and then, in the Divine Sense Sea World, he floated up the Evil dragon array that Old Evil had given him, and let the Red fire dragon break the seal on the outside.

After the seal on the outside of the Evil dragon array was broken, the Evil dragon array immediately burst open and a large amount of black Qi surged out.

Chen Xiang's Divine Sense Sea was immediately enveloped by the endless black aura, and after that, this ball of black aura contracted crazily, converging into a huge black dragon.

[Chapter 3764](#)

When the Killing evil dragon appeared, Chen Xiang's heart was filled with fear. Doing this would take a huge risk, and if he couldn't control it, the consequences would be unimaginable.

Beast-creation Race Emperor who was grabbing onto Chen Xiang's throat suddenly felt that something was amiss, but he did not take it to heart. Instead, he patiently waited for Chen Xiang to attack.

Amongst Chen Xiang's Divine Sense Sea, Killing evil dragon and Red fire dragon were opposing each other!

Right now, he realized that he was still too reckless. Just a moment ago, the Red fire dragon had lost contact with him.

The two huge dragons floated above Divine Sense Sea and looked at each other. It was very calm, as if they were communicating through some means!

After about an hour, when Chen Xiang was still deep in thought, the two dragons inside Divine Sense Sea suddenly roared, and the Red fire dragon opened its mouth, and its body became even larger.

As for the Killing evil dragon, they were flying in the air above the Divine Sense Sea. When the mouth of the Red fire dragon was big enough, it let out a roar and rushed into the mouth of the Red fire dragon.

"This... "What's going on? Were they negotiating just now?" Chen Xiang suddenly felt that the Red fire dragon was hiding something, it could actually separate itself from him.

After the Red fire dragon swallowed the Killing evil dragon, a burst of black energy surged from its body. Furthermore, it kept roaring, causing the entire Divine Sense Sea to turn upside down, as the divine origin energy in the Divine Sense Sea was extremely tyrannical, as if it was going to tear the entire Divine Sense Sea apart.

This made Chen Xiang feel extremely uneasy!

After another two hours, the crazy Red fire dragon had calmed down, and its body had become very different. Originally, the Red fire dragon was burning with red flames, but now it was indeed burning with red and black flames, and the scales were still reddish-brown. It was just that the color had changed greatly, and its body shape was the same as before, with a pair of huge Suzaku fire wings.

Chen Xiang and the Red fire dragon had newly recovered their connection. He secretly gathered his energy, the divine origin energy in the Red fire dragon's body was even stronger than the one that he had cultivated.

"When the two divine energies fuse together, they should be able to succeed!" Chen Xiang started to accumulate energy, and used an entire hour.

Beast-creation Race Emperor had already sensed that something was amiss with Chen Xiang.

"Are you ready?" Chen Xiang sneered.

Beast-creation Race Emperor's body was constantly releasing black Qi. This was Divine Qi, it was stronger than any Divine Qi Chen Xiang had ever seen.

Chen Xiang did not borrow the Six Realms mirrors's and Heavenly magic sword's power. He was worried that the two divine tools would not be able to withstand the power and would easily destroy the incantation.

Chen Xiang took in a deep breath and released the long stored divine origin energy. This divine origin energy could be released through his two clones and three mutated Red fire dragon!

When the divine origin energy surged out, Chen Xiang felt that his arm was almost unable to endure it. This forced him to give up using the incantation, otherwise, his arm would be crippled.

Chen Xiang's hand turned into a palm blade, and at the moment the divine origin energy exploded, it hacked at the arm that was grabbing onto his neck, still did not release any kind of wave of aura.

Seeing this scene, First Beast-creation Ancestor could only sigh helplessly!

Beast-creation Race Emperor initially thought that it was nothing, but when Chen Xiang's palm cut down, a warm feeling flowed into his arm, it was a very strange power.

"A bit amazing!" Beast-creation Race Emperor laughed disdainfully: "But it's not that bad, not much time has passed, you should just hand over the Chuangyuan key!"

"Wishful thinking!" Chen Xiang was very stubborn, and laughed: "I won't give it to you even if I die."

"You need to be clear, the First Beast-creation Ancestor is currently sealed, he cannot save you!" Originally, it was only to scare the lower Chen Xiang, but he never thought that just as he was about to release his power, the strange warm current would cause the inside of his arm to become numb.

"Hmm?" Beast-creation Race Emperor let out a cry of surprise, and then shouted loudly: "What's going on!"

Not long after, the Beast-creation Race Emperor's grip on Chen Xiang's hand gradually loosened. Chen Xiang smiled proudly, and then, touched the place where he had been pinched for a long time.

Beast-creation Race Emperor's hand had already drooped down!

Just now, Chen Xiang had used the Bone-melting magic power, so as long as a trace of the Bone-melting magic power could enter the Beast-creation Race Emperor's arm, the bones would be melted.

Chen Xiang was also extremely shocked. After accumulating such a long amount of divine origin energy and converting it into Bone-melting magic power, there was only a tiny bit of it that was able to seep into the Beast-creation Race Emperor's arm.

"I did it!" Chen Xiang said: "I hope your words will have more weight than the other royal families of the Creation Race!"

"Chen Xiang, leave quickly!" First Beast-creation Ancestor was pleasantly surprised and immediately urged Chen Xiang to leave so that he wouldn't have to do anything.

Chen Xiang curled his lips, then quickly rushed towards a direction and used the Sky Breaking Incantation to quickly leave this place.

"Sigh, I haven't found out anything yet!" Chen Xiang did not continue to leave the illusion there, in case the Beast-creation Race Emperor came up with anything to deal with him.

Xiao Xianglin, who was inside the You Yao Mountain Villa, heaved a sigh of relief and softly asked: "Chen Xiang, how is your Red fire dragon doing?"

"I don't know, but it made me a lot stronger!" Chen Xiang's expression was complex, after the Red fire dragon disconnected from him, what exactly did he say to the Killing evil dragon?

"First Beast-creation Ancestor should be Beast-creation Race Emperor's father!" Xiao Xianglin said: "But there is a conflict between them, that's why they are acting this way!"

"I do feel a trace of affection between them." Chen Xiang sighed, he was surprised, Beast-creation Race Emperor and First Beast-creation Ancestor actually had a relationship, they both had the Evil Creation Holy Body.

Just as Chen Xiang was about to leave the forest, an even more terrifying aura came from the direction of the altar!

"What's going on? Another light guy came?" Chen Xiang immediately flew up, and looked in the direction of the altar, just as he rose into the air, a golden fire wave suddenly descended down, quickly rushing past the forest below.

"Fight..." They're fighting! " Chen Xiang was extremely shocked, and the altar was enveloped by a burst of golden light. It was as hot as a golden sun, and it was hard to open one's eyes.

The forest below was covered in a golden sea of fire. After a shocking explosion, the ground was suddenly torn apart, revealing a very wide and deep ravine. It was as if the two pieces of land were separated by a thousand miles.

"Beast-creation Race Emperor and a guy are fighting!" Chen Xiang could sense the aura of the Beast-creation Race Emperor but it had been completely covered by that terrifying aura of flames.

Beast-creation Race Emperor was no match for him using the golden flames!

"Could it be someone from the Initial God-creation Realm?" Chen Xiang felt that this was the only possibility, he immediately took out the golden-robed man from the Six Realms mirrors and let him sense the fire Qi.

"Whose aura is this? Do you know him?" Chen Xiang asked.

"It's the Golden Fire Arrogant Lord!" The golden robed man looked shocked: "He actually came to Most Ancient Era!"

"How strong is this guy?" Chen Xiang asked.

"The nine hegemony of the Chuangyuan key, what do you think?" After the golden robed man said this, he was thrown into the Six Realms mirrors by Chen Xiang.

[Chapter 3765](#)

Chen Xiang anxiously went deeper into the ground and hid. Just now, he sensed that it was Golden Fire Arrogant Lord's spiritual sense.

"What are the nine hegemony of Chuangyuan key?" Chen Xiang asked the man in gold inside the Six Realms mirrors.

"The nine hegemony that were involved in refining Chuangyuan key with Tao-creation Divine Lord back then! They were all involved in the refining of the key, so they all had a copy of the Chuangyuan key in their hands. When the golden robed man heard that the Golden Fire Arrogant Lord had arrived, he was more excited, just a little. He knew very well that he couldn't escape.

"Why is he here?" Chen Xiang asked again, but he had already hid deep underground.

"Someone has ascended to the top of the altar, so one of the nine hegemony will immediately rush over." The golden robed man said, "Back then, they were also the ones who refined the altar. They were able to sense the movements of the altar from within the Initial God-creation Realm.

"What are the origins of these nine hegemony? How can he be so strong? What was his relationship with the ancestors of the Tao-creation Divine Lord back then?" Chen Xiang asked again.

"They were all Tao-creation Divine Lord's trusted aides, and then betrayed him." The golden robed man said.

Chen Xiang had long heard that the Tao-creation Divine Lord had many powerful fellows by his side, so these nine hegemony should also be considered to be part of it.

Chen Xiang had gained some understanding of the Golden Fire Arrogant Lord's origins and he continued to pay attention to the battle situation, which was still extremely intense.

The only thing was that his aura was becoming weaker and weaker. Before, Chen Xiang could still sense a bit of his aura but now, it was extremely blurry and was completely covered up by the aura of fire.

"Golden Fire Arrogant Lord's strength should be above Beast-creation Race Emperor's!" Chen Xiang released his spirit body and flew over to check. At the moment, the activity on the battlefield was much quieter, and should be close to the end.

After the illusions flew past, they saw that the black dragon scale armor on Beast-creation Race Emperor's body was emitting a golden mist, caused by the intense golden flames.

"This guy actually lost!" Chen Xiang saw Golden Fire Arrogant Lord stepping on Beast-creation Race Emperor's black helmet.

"I was very surprised that you were able to grow to this state. Merely, in the end, you ended up falling into my hands." Golden Fire Arrogant Lord laughed proudly.

Golden Fire Arrogant Lord was a bald old man with a long beard.

"Jin Huo, release him!" First Beast-creation Ancestor shouted.

The battle just now was right beside the altar. Although it was extremely intense, the altar wasn't affected at all, so the First Beast-creation Ancestor was still fine.

"It took me so much effort to get this guy to come here. How can I let him go?" Golden Fire Arrogant Lord laughed out loud. "I won't kill him, but I will torture this bastard to death."

Chen Xiang also didn't know what grudge the Beast-creation Race Emperor had with the Golden Fire Arrogant Lord that actually caused the Golden Fire Arrogant Lord to have such a vengeful heart.

"Which scoundrel is spying on us here?" Golden Fire Arrogant Lord was powerful enough to discover Chen Xiang's illusion.

Chen Xiang was secretly shocked, he immediately put away the illusion and was about to leave, but he suddenly realized that there was hot air coming towards him.

"We've been discovered!" Chen Xiang immediately used the Broken Sky Curse to escape, but after running for a few steps, it was sucked in by a strong burst of spatial energy.

The Golden Fire Arrogant Lord used the Time and space power to move him over.

When First Beast-creation Ancestor saw that Chen Xiang was brought back, he scolded Chen Xiang in his heart. Why didn't he run further away?

"I'm just passing by!" Chen Xiang anxiously said: "I came to take a look out of curiosity."

"Humph? The way you peek at it is really brilliant. I almost didn't notice it, tell me what kind of technique it is? Pass it to me, I can leave you a complete corpse. " The Golden Fire Arrogant Lord laughed.

Chen Xiang secretly accumulated energy. The Golden Fire Arrogant Lord would never let him live, the enemy was strong, he did not know if he could beat them.

"Golden Fire Arrogant Lord, right? "Previously, when I was climbing onto the altar, there was a guy who came by. I wonder if you know who that guy is?" Chen Xiang suddenly said, he had felt that the Qi on the golden-robed man's body was similar to that of Golden Fire Arrogant Lord.

When the Golden Fire Arrogant Lord heard him, he immediately went forward and grabbed Chen Xiang by the collar and roared: "Where is he, quickly tell me! I don't have many methods of killing, but I do have many methods of torturing others! "

The golden-robed man was extremely important to the Golden Fire Arrogant Lord, Chen Xiang could already see through it!

"As long as you swear a blood oath not to kill me, I will let you see him." Chen Xiang said, if there was no absolute guarantee that he would release the crippled man in gold, the Golden Fire Arrogant Lord would definitely kill him.

"You want me to swear a blood oath?" "No, well, I'm going to torture you now, using all the torture I have until you tell me where that man is!" The Golden Fire Arrogant Lord laughed sinisterly.

Just as Golden Fire Arrogant Lord was about to attack Chen Xiang, Beast-creation Race Emperor who was lying on the ground suddenly jumped, his body was filled with a strong killing intent, and fiercely crashed onto Golden Fire Arrogant Lord's body, causing him to fly out.

Chen Xiang was shocked. Beast-creation Race Emperor had saved him for a while!

Golden Fire Arrogant Lord was enraged that he was hit, he had already summoned a sharp blade, the flame on the blade was burning, aimed straight for Beast-creation Race Emperor's head!

"Stop or I'll kill this guy!" Chen Xiang pulled the golden robed man out of the Six Realms mirrors and grabbed his neck tightly.

"Feng'er!" When Golden Fire Arrogant Lord saw the golden robed man, he immediately stopped. At the same time, an extremely ferocious killing intent exploded out, enveloping the entire sky.

"Throw that guy over here, quick!" Chen Xiang shouted.

Golden Fire Arrogant Lord grabbed Beast-creation Race Emperor and bellowed: "Release him first!"

"Beast-creation Race Emperor and I have a grudge, I just wanted to get rid of him with my own hands. If you want to make a move, then go easy on me. " Chen Xiang laughed loudly, "Is this guy your son or your grandson? Even though he was crippled by me, he's still alive. Do you believe that I won't start torturing him right now? I don't know much about torturing people, I only know how to do it for free! "

The golden robed man was extremely important to Golden Fire Arrogant Lord, so he didn't dare act rashly.

"Swear a blood oath!" Chen Xiang shouted.

"Wishful thinking!" I never swear a blood oath! " Golden Fire Arrogant Lord shouted angrily, throwing Beast-creation Race Emperor back to Chen Xiang, and shouted: "It's your turn to let him go! If you push me too far, I will throw caution to the wind, do you dare to gamble? "

Chen Xiang looked at Golden Fire Arrogant Lord. This bald old man's eyes were filled with a ruthless aura, he really might do something.

He gritted his teeth as he activated his strength and threw the golden-robed man far, far away. He then dragged Beast-creation Race Emperor and sprinted forward, using the Sky Breaking Incantation on him more than ten times.

[Chapter 3766](#)

Just as Chen Xiang ran away, the Golden Fire Arrogant Lord attacked the area where he disappeared in a frenzy. The altar was surrounded by golden flames and purgatory, even when the Golden Fire Arrogant Lord was gone, the surrounding area continuously burned with golden flames, completely covered by the golden sea of flames.

At night, within an ancient and lush forest, Chen Xiang was sitting next to a bonfire inside a tree hole, watching the Beast-creation Race Emperor that was lying on the ground.

"I originally wanted to ask how First Beast-creation Ancestor dealt with this Beast-creation Race Emperor, but I never thought that I would actually save Beast-creation Race Emperor, what's going on?"

Chen Xiang stood up, kicked Beast-creation Race Emperor twice, and said: "Since you're not dead yet, you better take care of yourself! You saved me, and I saved you.

After he finished speaking, he was about to walk out of the hollow tree, but was grabbed by one of the Beast-creation Race Emperor's legs.

"If you want to live a little longer, then stay!" Beast-creation Race Emperor's voice was very low and deep, if Chen Xiang's hearing wasn't good, he wouldn't have been able to hear what she was saying.

Chen Xiang exerted a little more strength and got rid of Beast-creation Race Emperor's hand, quickly walking out of the tree hole.

Not long after he walked out of the tree hole, spots of light appeared in the sky. He looked over with rapt attention, and discovered that they were huge golden birds that were flying high in the sky.

"It's the aura of the metal flame. Could it be looking for me?" Chen Xiang had thought that it would take a while for the Golden Fire Arrogant Lord to arrive after he took the golden robed man away.

He immediately returned to the tree hole.

"You won't be able to escape. The Golden Fire Arrogant Lord will do everything to catch you." Beast-creation Race Emperor's voice was still just as low.

Chen Xiang walked over and rudely took off the mask on Beast-creation Race Emperor's head. It took a lot of effort and the Beast-creation Race Emperor was even continuously resisting it.

After taking off the Beast-creation Race Emperor's helmet, Chen Xiang was stunned, beneath the helmet was a frail and cold lady. Her pair of charming phoenix eyes were filled with coldness, anger and killing intent.

"Beast-creation Race Emperor is actually a woman!" Chen Xiang could not help but ask.

"I will dig out your eyes!" finally heard her true voice, hoarse and ice-cold.

"First Beast-creation Ancestor is your father?" Chen Xiang asked again.

"He is not worthy to be my father." Beast-creation Race Emperor raged: "He was the one who killed my mother!"

Chen Xiang curled his lips, this was a very complicated family matter.

"As a Beast-creation Race Emperor, you control such a powerful race, yet you commit many evil deeds." Chen Xiang snorted.

"When did I do evil?" The Beast-creation Race Emperor sneered.

"Your monster horde ate quite a few humans." Chen Xiang said. Many cities in the Most Ancient Era were attacked.

"You need to understand that I do not have complete control over the beast herd! You should know that God-creation Race and our Beast-creation Race are very close to each other, and those beasts were created by them! They are all human beings, but after acquiring this batch of beasts, they were immediately used to deal with their own kind. What does this have to do with me?" The Beast-creation Race Emperor sneered: "Those Creation Race's evil deeds add up to more than me!"

"When your Beast-creation Race was obviously being persecuted by these Creation Race, why did you join hands with them?" Chen Xiang was truly speechless, it turned out that a large number of beasts were controlled by God-creation Race and Fire-creation Sacred Race.

"I just sold a large group of beasts to them, so that they could kill each other and also obtain enough resources to help us level up. Furthermore, after they have enough power, they will try to get the Medicine-creation Divine Continent to help them, so I just want to sit and watch a good show." Beast-creation Race Emperor smiled coldly with ridicule all over his face: "It's a pity that this bunch of people are too useless! My guys are in a mess because of them. "

Chen Xiang's illusionary body could see the occasional golden light dots flying past high up in the sky.

"Are all the giant golden birds sent by the Golden Fire Arrogant Lord?" Chen Xiang asked.

"It should be the materialization of the Golden Fire Arrogant Lord's divine origin energy, able to produce countless of them. If it is discovered ... Golden Fire Arrogant Lord will definitely think of a way to come to your side. If you want to live, you better listen to me. " The Beast-creation Race Emperor said, "You just stay here ... Also, I saved you before because I didn't want the nine Chuangyuan key to disappear just like that. Don't think too much about it. "

Chen Xiang snorted, and asked: "What do you need Chuangyuan key for? Save your father? "

"Pah! I just want to take him down and torture him. Who wants to save him?!" The Beast-creation Race Emperor said coldly.

"Don't kill me!" Chen Xiang did not trust Beast-creation Race Emperor.

"Before, you successfully struggled free from my grasp. I said that if I didn't kill you, then I wouldn't. If you dare to question me again, I'll kill you." Beast-creation Race Emperor's haggard face was filled with anger.

Chen Xiang was speechless. After all, those Creation Race s were actually the ones who acted against him from the back. Ice-creation Sacred Race probably did not participate because Ice-creation Race Emperor was very afraid of Beast-creation Race.

"Let me ask you, what is the relationship between you and the traitor elders in the Medicine-creation Divine Continent's divine trees?" Chen Xiang kept having the feeling that those elders were already related to the Beast-creation Race s a long time ago.

"Those elders are all people from the Creation Race, it has nothing to do with us." The Beast-creation Race Emperor said in a cold voice, "Moreover, they caught a lot of beasts very early on and they hid inside the divine tree to wait for us Beast-creation Race to break the seal and return. Just like back then, they used a cruel method to obtain the power of the divine tree through the creation of a beast!"

"Anyways, these Creation Race are not good stuff, and are also so fond of our beasts. I will sell them a lot of things, and wait for them to devour the Nine Divine Tree's power again like they did in the past. Eventually, the people on top of the Initial God-creation Realm will intervene, and after that, the two sides will fight to the death."

Chen Xiang would definitely not allow such a thing to happen. If the Most Ancient Era was destroyed, there would be nowhere else to go, especially the Medicine-creation Divine Continent.

"I, Most Ancient Era, will protect both of you well." Chen Xiang looked at Beast-creation Race Emperor: "I do not care about the enmity between you and your father, but if you are trying to destroy Medicine-creation Divine Continent, I will fight you to the death!"

"Also, I will definitely save your father, because I want his indestructible body."

"With just you? There are nine hegemony above Initial God-creation Realm, and all of them are as terrifying as the Golden Fire Arrogant Lord! Even Golden Fire Arrogant Lord would not dare to use all of his strength when he comes to the Most Ancient Era, because once he activates the barrier that Tao-creation Divine Lord had set up all those years ago, even he would die, so how are you going to protect the barrier that restricted them from going down?" The Beast-creation Race Emperor mocked.

"I only have my own ways!" Chen Xiang knew that the enemy was very strong, but he would not give up.

"How much longer do you need to recover?" "I don't want to stay here for too long!" Chen Xiang still had a lot of things to do.

"After entering the Time Formation, you will probably need to wait for one or two years. My injuries are really too severe." Beast-creation Race Emperor was lying on the ground and unable to move. Both her body and Divine Sense Sea were severely injured.

[Chapter 3767](#)

Chen Xiang did not have the patience to wait for a year or two. He took out a jade vat and placed some water inside, then picked up Beast-creation Race Emperor and threw him into the jade vat.

"Bastard, what are you doing?" Beast-creation Race Emperor was furious, she was the one that was stuffed into the jade vat.

"Your armor is too much of a hindrance. Take it off!" Chen Xiang said in a cold voice: "I want to only let you get injured, and bring me to a safe place."

If it was anyone else, he was not afraid, but outside there were all sorts of things conjured up by the Golden Fire Arrogant Lord, and the Beast-creation Race Emperor seemed to have a deep understanding of the Golden Fire Arrogant Lord, so he needed the Beast-creation Race Emperor to bring him.

"No!" The Beast-creation Race Emperor shouted in anger.

Even though she said it like that, Chen Xiang was still trying his best to pull off the armor on her body!

"Bastard, I will chop off your hand!" Beast-creation Race Emperor shouted.

"I want you to take a bath and recover quickly. I, Chen Xiang do not care about a girl like you." Chen Xiang sneered, he was still trying to pull off Beast-creation Race Emperor's armor, and it was difficult for him to do so.

Beast-creation Race Emperor couldn't stand Chen Xiang taking her armor like that either. She snorted, closed her eyes, and controlled the armor to enter her body.

"If you dare do anything to me, I guarantee you will regret it!" Beast-creation Race Emperor's voice was full of threat.

Chen Xiang only curled his lips, and poured a large barrel of Rebirth powder into the jade vat.

"Take out your Time array." Chen Xiang said.

Beast-creation Race Emperor also felt that the Rebirth powder had a strong recovery ability, which surprised her.

She took out the Time array, and then, Chen Xiang opened it and enveloped her within. This way, it wouldn't be long before she recovered.

Chen Xiang patiently waited outside.

Three days later, Beast-creation Race Emperor closed her Time array. She looked much better, much more energetic, and the icy cold murderous intent in her eyes became even stronger. Especially when she looked at Chen Xiang.

"You said you wouldn't kill me." Chen Xiang was shocked.

"Yes, but I never said I wouldn't dig out your eyes and keep your hands." Beast-creation Race Emperor laughed sinisterly.

Chen Xiang was very unhappy: "If I had known this would happen, I would have thrown you here!"

"You can leave now." Beast-creation Race Emperor's beautiful eyes were filled with a cold smile.

Chen Xiang's fantasy body could see that the sky was filled with giant golden birds. He did not dare to recklessly try it right now, as the Golden Fire Arrogant Lord knew how to use the Time and space power.

"Okay, then dig out my eyes." Chen Xiang curled his lips.

"If you dare to disrespect me again, I'll definitely dig out your eyes." Beast-creation Race Emperor released an imposing aura that enveloped Chen Xiang.

Chen Xiang cursed in his heart, this Beast-creation Race Emperor was only trying to scare him.

A burst of white mist came out of Beast-creation Race Emperor's body, then walked out of the tree hole. Looking at Chen Xiang who was inside, he shouted coldly, "Why aren't you following me? "Remember, you must stay in my mist!"

Chen Xiang immediately followed along, running full speed with the Beast-creation Race Emperor.

"What's your name?" Chen Xiang suddenly asked, the Beast-creation Race Emperor did not look that brutal.

"Long Yue! My true body is a Killing evil dragon! "

It was actually a Killing evil dragon. Chen Xiang was a little surprised, because he did not sense any of the Killing evil dragon's aura from her body.

"Is this true? Why can't I sense the Killing evil dragon's aura from your body?" Chen Xiang could be said to have an incomparable understanding towards Killing evil dragon.

"Why would I lie to you!" "I have a secret technique to conceal my aura. If I do not release it, no one will be able to detect me." Long Yue said.

Right now, they could only run at full speed. Long Yue didn't want to face Golden Fire Arrogant Lord for the moment, but he was furious.

Chen Xiang really wanted to ask Long Yue who her mother was. The Evil Saint Body and Killing evil dragon in Long Yue's body inherited from the First Beast-creation Ancestor, and her mother's power was definitely inherited as well.

Long Yue's mother was killed by the First Beast-creation Ancestor, so he did not ask, in order to not enrage Long Yue.

"Where are we going now?" Chen Xiang asked.

"To hell!" Long Yue's words caused Chen Xiang to shiver.

"Where is hell?" Chen Xiang asked again.

You'll know once you get there. It's a world down there, where the Golden Fire Arrogant Lord's Golden Fire Bird won't be able to go there. Long Yue said.

Long Yue had been running with Chen Xiang for more than a month, and they had finally reached a desert.

There were many golden giant birds produced by the Golden Fire Arrogant Lord's Divine Qi. Even when they came to this desert, they could be seen flying everywhere.

There was a very thin crack in the desert, and the bottom of the crack was very, very deep. Long Yue and Chen Xiang stood beside the crack.

"Jump down!" After Long Yue finished speaking, he grabbed Chen Xiang and jumped down. The white mist that she had released enveloped the two of them and slowly allowed them to descend.

"Miss Long Yue, is this the path to hell?" Chen Xiang asked.

"Why ask when you already know the answer!" Long Yue coldly snorted and said, "You'll understand once we get there. I've been there for a long time, and there's also a path that leads to the Essence Creation Fire Domain. I used to travel from there to the Infernal Realm often."

"Miss Long Yue, do you know Chu Jinfeng?" Chen Xiang asked.

"I don't know him, but I've heard of him! Many years after he was taken away by the Tao-creation Divine Lord, he returned and awakened the blood in his body. Previously, he was caught by an elder for betraying him, and later on, he was turned into a beast slave by you." Long Yue said coldly: "Just based on this matter, I should have killed you!"

"Chu Jinfeng is my friend, of course I want to save him! Furthermore, he seems to know quite a few things about the Beast-creation Race. From what he knows, there are beasts in the Beast-creation Race

that want to become kings and overlords. " Chen Xiang chuckled, "Seems like your Beast-creation Race isn't completely under your control either!"

"What's that?" The Most Ancient Era was created by the ancestors of the Tao-creation Divine Lord, can he control it? " Long Yue disapproved: "Unless I have super strong strength, otherwise, in a huge super power, there is no such thing as an absolute hegemon. There is no such thing as absolute control over the whole thing, I just need to control the situation properly."

Chen Xiang had already seen that Long Yue was secretly angry, because she had already known from Chen Xiang's words just now that there was an elder hiding what he was doing from her.

"You can guarantee that I won't die, so you brought me along to hide in that mysterious hell?" Chen Xiang looked at the bottomless darkness below him and asked.

"Yes, hiding in that place until Golden Fire Arrogant Lord gives up searching for us before coming out." Long Yue said.

"What?" Then when will he give up? " Chen Xiang did not have that kind of patience.

"Ten thousand years. Fifty thousand years. A hundred thousand years. A million years. That's possible." Long Yue laughed coldly: "Especially you, even Golden Fire Arrogant Lord's grandson dares to abuse you, I was wondering why this guy would personally come here, so it turns out that his grandson has been captured for a long time."

"I can't wait that long!" Chen Xiang frowned.

"Then what can you do?" Long Yue laughed disdainfully: "Could it be that you plan to cultivate behind closed doors in hell and go back up after your strength increases? Dream on! "

[Chapter 3768](#)

"Is that a problem?" The only way for me to not be afraid of the Golden Fire Arrogant Lord is to make a breakthrough in hell and cultivate my World Defying Stage Divine Source! " Chen Xiang felt that this was not a problem. He was a Alchemist with a few medicinal herbs in his hands.

"Cultivate World Defying Stage Divine Source? It required a very large amount of energy to support it. Back then, the Nine Divine Tree had almost been sucked dry, but not many people were able to cultivate the World Defying Stage Divine Source? The energy in the Infernal Realm is sparse. Since you were able to break through in the Infernal Realm, you can only dream of doing so. " Long Yue was very sure and scoffed at Chen Xiang's words.

"It's just that you think so. I have confidence in myself." Chen Xiang stuck his tongue out at Long Yue, "You're just a self-righteous fellow. If you don't think you can't do it, then others can't!"

"You obviously think too highly of yourself, but you're still talking about me? Don't you know how difficult it is to cultivate World Defying Stage Divine Source? " Although Long Yue had successfully cultivated the World Defying Stage Divine Source, when she thought back to the arduous process, she felt a burst of fear.

Of course, Chen Xiang didn't know how hard it was to cultivate, but he felt that he would definitely make a breakthrough.

"When will we reach the Infernal Realm?" Chen Xiang didn't want to continue this topic with Long Yue.

"Soon!" Long Yue coldly snorted, "What, have you thought of another way? I can actually stay in the Infernal Realm for a long time. If you can't stay in the Infernal Realm for a long period of time, you'll have to think of a way out for yourself. "

"You clearly cultivated the World Defying Stage Divine Source, why are you so afraid of the Golden Fire Arrogant Lord?" Chen Xiang could not think of any other way. He could only cultivate up to the World Defying Stage Divine Source and leave when he became stronger.

"There are strong and weak World Defying Stage Divine Source. In any case, I am not his opponent right now." Long Yue hated Chen Xiang asking this question. Even though he knew that she couldn't beat him, he still said it out loud.

"What kind of place is hell? If I want to stay there for a long time, I have to understand first. " Chen Xiang was rather curious about the Infernal Realm. There was actually such a place in the Most Ancient Era.

"There is a large group of evil villains gathering in the Infernal Realm. I don't know how the Infernal Realm came about, but this place is very suitable for me. As long as I go to the Infernal Realm, I wouldn't be afraid even if I met someone stronger than me." Long Yue was extremely confident.

"Why? Can you get stronger there? " Chen Xiang was puzzled, "Or could you escape even faster in hell?"

"Neither!" Mainly because there is a mysterious power in the Infernal Realm that prohibits people who have cultivated World Defying Stage Divine Source s from fighting. If two people who have cultivated World Defying Stage Divine Source s were to fight, they would be immediately teleported away. " Long Yue said: "If a person who has cultivated a World Defying Stage Divine Source wants to attack the weak, the person who possesses a World Defying Stage Divine Source will also be teleported away by the Time and space power."

"It's that magical?" Chen Xiang felt that this was not bad, this way, he wouldn't be attacked by people who were much stronger than him in hell.

"Now do you understand why I came to this place?" Long Yue laughed: "And your strength is also not bad. As long as you are not a fellow who has cultivated World Defying Stage Divine Source, most people will not be your match."

Chen Xiang hurriedly nodded, "Looks like Hell is an extremely safe place!"

To me, it can be said to be a completely safe place, but to you, it is not certain. There are many unreasonable things in the Infernal Realm, and one might even be stronger than you.

"In that case, how strong is the strongest person in the Infernal Realm?" Chen Xiang took advantage of the fact that he was still on his way to hell to clearly ask about matters related to hell.

"It is said that the strongest is a guy called Hell Divine Lord." When Long Yue answered this question, her expression was also filled with curiosity, because she had never seen the Hell Divine Lord before.

She had heard all about the Hell Divine Lord and she wasn't even sure if it was true.

"Hell Divine Lord? Could it be the one who created the Infernal Realm? " Chen Xiang said in a very possible manner, "This fellow might be related to the Tao-creation Divine Lord!"

"These are all legends, because no one has ever seen the Hell Divine Lord before." Long Yue shook his head: "Don't make wild guesses. Also, after you go to hell, you better behave yourself and not cause trouble everywhere."

"What if someone dares to provoke me?" Chen Xiang shrugged his shoulders, "Since there are a lot of evil villains in the Infernal Realm, it is inevitable that we won't clash with them."

"If someone really dares to provoke you, then fight back depending on the situation." Because Long Yue had cultivated the World Defying Stage Divine Source, she had never encountered such a thing in hell.

Unknowingly, Chen Xiang suddenly felt a burst of spatial and temporal aura.

"We passed through another space!" Chen Xiang anxiously shouted.

"That's right, we have already entered hell, and are now above hell!" After Long Yue finished speaking, Chen Xiang immediately looked down, only to see a stretch of red light appearing below him.

Below us is the Infernal Realm. We are currently in the air above the infernal lava, and the Infernal Realm's lava is extremely terrifying. The temperature is extremely high, and many of the devils that fell in and out of it are trapped in it for tens of thousands of years. Long Yue said.

"Is it really that powerful?" Chen Xiang trained in fire and was afraid of these hot things.

He let out the phantom to investigate. Not long after it left, it began to become unstable, especially after entering the hot zone of hell's lava. It seemed as if it could be torn apart at any time.

He had used his illusion body many times and had never encountered such a situation before. The scorching waves of energy released by the hell's lava seemed to be able to destroy his illusion body.

"The thread of illusion I released was almost gone." Chen Xiang exclaimed.

"Soul Body? You are courting death, the magma from hell is the most lethal against Evil Souls." Long Yue said before controlling the white mist that shrouded them to move further away from the infernal lava.

"This is the region of hell's lava, and it covers a large area. If I were to descend from above without paying attention to it, once I fall here, I'll definitely suffer a fate worse than death." Long Yue brought Chen Xiang and quickly left the Lava Sea of Hell. Floating above the lava made her feel scared.

"Miss Long Yue, there should be a city in hell, right?" Chen Xiang asked: "Where are you bringing me to next?"

"There are no cities, only things like Devil's Valley. I'll take you to a safe place and say goodbye. I don't want to walk around without you." Long Yue had already flown away from the Infernal Lava Sea with Chen Xiang and landed on the ground.

The Infernal Realm was a little dim and white. After leaving the Infernal Lava Sea, Chen Xiang felt waves of chilly, bone-piercing, strange wind blowing past him, causing his entire body to tremble.

[Chapter 3769](#)

If it were not for taking refuge, Chen Xiang would not have come to this place.

"Miss Long Yue, do you think I will be found if I go to the Medicine-creation Divine Continent to hide?" Chen Xiang had always wanted to hide in the's divine tree.

"Originally, the Golden Fire Arrogant Lord did not dare to make a move on him. However, if he found out that you were hiding inside, he might not care about anything else and destroy the Medicine-creation Divine Continent." Long Yue was walking in the front and in the back. He noticed that there was a small road on the ground and noticed that there were people walking this way to the Lava Sea of Hell.

The enchantment around the Medicine-creation Divine Continent was very strong, but the Golden Fire Arrogant Lord was also very strong. If they were to ignore everything else, they might really be able to break through the Medicine-creation Divine Continent, when the other Creation Race attack with their large amounts of beasts, the Medicine-creation Divine Continent would definitely fall at the first possible moment.

Although the Infernal Realm was very safe for Long Yue, she was carrying Chen Xiang right now. For Chen Xiang's sake, she didn't forget to be vigilant while they travelled. After running for a distance, she would check her surroundings to see if there were any traces of anyone else.

"Miss Long Yue, where are we going?" Chen Xiang asked. In this hell, there were many evil spirits that soared to the sky, and they were very cold, making him very uncomfortable. However, Long Yue did not seem to have any problems with that.

"Go to Fire Devil Valley!" Long Yue said: "After entering the valley, it will be much safer. It won't be that messy!"

"What if we're outside right now? Is it dangerous? " Chen Xiang originally wanted the spirit body to investigate, but Long Yue warned him repeatedly to not release any soul bodies here.

Many demons in the Infernal Realm only absorbed remnant souls to improve, so their perception was very strong. Once released, it would be very easy to lure the evil spirits over.

"It's only you who's in danger. Even if they meet me, they wouldn't attack me. I just need to defend myself." Long Yue said: "And you won't be able to do it, they will definitely attack you, at that time, I can only watch from the side."

"This place is only safe for you. It's still dangerous for me. Hmph!" Chen Xiang curled his lips. He thought that it would be safe to follow Long Yue, but it seems that way.

If he met with danger, Long Yue could only stand by and watch without doing anything. He simply could not help, and this would only make him feel even more uncomfortable.

"You don't have to worry too much. As long as you enter the Fire Devil Valley, you will be safe. It won't be too far, you just need to run for another two days." Long Yue said.

"Can't you fly?" Chen Xiang curled his lips and said.

"No, flying in the air will attract even more attention. In short, in the Infernal Realm, it's best not to emit any of the aura. Outside this place, there are many hungry demons, and your aura is abnormal here, attracting them even more." Long Yue warned Chen Xiang as he ran.

"Why is my aura the most abnormal here?" Chen Xiang kept feeling that he had entered a thief's nest, and he had to be extremely careful inside, "Humph, I don't believe that I can't beat those Evil Demons!"

Long Yue had always underestimated him, and had always said that the demons were very strong, which made Chen Xiang feel very uncomfortable.

"Your aura is not evil, but it is filled with righteous energy. Normally, those who come to hell will choose to enter Hell when they have no other choice. Some will even sign a blood contract with the Hell Tablet." Long Yue said.

The aura Chen Xiang released was indeed out of place in the Infernal Realm. Since Long Yue possessed the Evil Creation Saint Body, there was no need to explain the Evil Qi on his body.

"What is the Hell Tablet? What contract is there to sign?" Chen Xiang suddenly felt that this hell was not a simple one. There were many secrets hidden and he wondered what the connection was between this hell and the Most Ancient Era.

"After signing the contract with the Hell Tablet, you will need to remain in hell forever, never to leave hell. Once you die, your soul will also belong to the Hell Tablet." Long Yue said, "There is a Hell Tablet inside the Fire Devil Valley. When you go in, you must not be bewitched by it!"

"Then what's the benefit of signing a blood contract with the Hell Tablet?" Chen Xiang wanted to understand this matter, "Are there a lot of demons and Hell's Stele contracts here? What are the characteristics of this guy?"

"More than half of the devil villains have signed a contract with the Hell Tablet! "As long as you sign a blood contract with the Hell Tablet and are seriously injured, as long as your soul and body are not destroyed and can smoothly reach the side of the Hell Tablet, you will be able to recover immediately." Long Yue said, "I once saw a guy being beaten to the point where he only had half his head left. After getting to the side of the Hell Tablet, he would immediately recover, and other than that, every ten thousand years, he would receive the power bestowed by the Hell Tablet. As long as he goes to a place with the Hell Tablet, the Hell Tablet would automatically send energy into his body."

"It's so magical!" Chen Xiang was somewhat moved when he heard this.

"It is indeed miraculous. If you decide to keep hell forever, then go ahead and sign the blood contract." Seeing Chen Xiang's moved face, Long Yue snorted: "I've already reminded you, when the time comes, don't blame me if you regret it."

"Do you usually recognize those guys as having signed a blood contract with the Hell Tablet?" Chen Xiang laughed: "If you can recognize him, once we become enemies with him, you don't have to be lenient anymore."

"You can't tell, but most of the people here are evil monsters. Once they start fighting, you don't need to show any mercy, you can just get rid of them." Long Yue said.

Chen Xiang could already see a flashing red light in the distance. It was the light released by the burning red flames on the top of a mountain.

"That's the Fire Devil Valley. We'll be there soon." As long as they reached there, Chen Xiang would be safe. Although she was by Chen Xiang's side now, she would not be able to fight as long as she cultivated World Defying Stage Divine Source.

Chen Xiang did not think much of it, he was confident in his own strength.

"Don't be careless!" Just as Long Yue finished speaking, a gust of strong wind blew over, as black astral winds assaulted the area, bringing with it a sharp, sinister laughter.

"Crap, these guys are actually lying in ambush here!" Long Yue scolded in a low voice, then pulled Chen Xiang to a stop. She wanted to bring Chen Xiang and rush over, but she was worried that there would be a conflict during the charge, so when the time came, she would be teleported away.

"Don't be afraid of them!" Chen Xiang said in a low voice.

Only to see three middle-aged men standing in front of him, laughing sinisterly. Their laughter was extremely unpleasant to hear.

Long Yue grabbed Chen Xiang, and turned around to sprint forward. However, another gust of wind appeared in front of them, and those three black-clothed middle aged men appeared right in front of them.

"This woman has managed to cultivate World Defying Stage Divine Source, but don't worry!" Haha... Don't run away, just obediently give us that brat. " The middle-aged man with a square face laughed out loud and said: "We are the Wind Demon Group, you should have heard of our name before!"

[Chapter 3770](#)

Long Yue was very angry, she hated this kind of small thing for being so presumptuous towards her. If not for the restrictions in hell, she would have already ripped these three people into shreds.

"Show us some respect and let us go." Long Yue still endured it. If she could not bear it, she could not do anything, but once she made a move, she would be sent away by a wave of Time and space power.

Although he could not do it, he could at least give Chen Xiang some pointers.

"You are a woman who has cultivated the World Defying Stage Divine Source. Why are you bringing this brat along? Who is he to you? Are you trying to pick the sun to nourish the yin? Haha... It's fine if you release him, but just wait on us three brothers for a few nights. " That big brother's face was shining with a lustful purple light as he laughed lewdly.

Chen Xiang looked at Long Yue, as if she would explode with anger at any time. It was already very rare for her to be able to endure such words coming out of her mouth.

"Alright, alright. We won't need too many nights. Just a few hours, and we'll settle it here." The square-faced elder brother said.

"I... I want to tear off your flesh bit by bit. " Long Yue was enraged, and growled.

"Come, come! Quickly come, hahaha ..." The two middle-aged men by his side also laughed loudly.

"Chen Xiang, how much certainty do you have in killing them? "Use all of your strength, and don't hold back at all!" Initially, Long Yue did not want Chen Xiang to have any conflicts with the evil villains here. On one hand, the evil villains here were all very strong, and on the other hand, she was worried that Chen Xiang's Qi would attract more attention from the demons.

"Absolutely!"

To deal with these evil beings, Chen Xiang was the best!

"Really? "Then let's go!" Long Yue wished that Chen Xiang could swallow those three fellas.

Big brother square face sneered: "Woman, this brat was taken down from Most Ancient Era by you, right? It was very tasty with just one look. I like this type of meat that is full of righteousness the most. Haha ... Are you reluctant to give it to us? You cultivated the World Defying Stage Divine Source yourself, and actually brought him down here. If you had a good relationship with him, you shouldn't have done this, but now, it's all because of us! "

The square-faced brother could no longer hold it in, transforming into a black gust of wind, rushing over. He felt that he could take down Chen Xiang by himself.

Long Yue had already dodged to the side. Just as she was about to remind Chen Xiang, she discovered that Chen Xiang had already been wrapped up by a burst of black energy.

Chen Xiang's entire body was wrapped in that black Qi, causing him to be unable to move.

"Little tender boy, I will first lick your entire body before I bite off your flesh one bite at a time." Brother Fang Yan's eyes were filled with evil, and his expression was filled with emotion. He kept licking his tongue, leaving behind a lot of saliva.

Chen Xiang felt nauseous.

"You're really unlucky. You ran into me the moment I came to hell!" Chen Xiang said coldly.

"Kid, have you gone stupid? I should have said that, hahaha ..." The square-faced elder brother laughed out loud, "Second brother, third brother, did you hear that just now?! This brat is actually very arrogant!"

Just as he finished saying the word berserk, Chen Xiang spouted out a stream of red and black flames. These were the legendary dragon fire released after the fusion of the three Red fire dragon.

This legendary dragon fire congealed a divine origin energy, and the divine origin energy let the flames turn into a sharp spear, shooting out from Chen Xiang's mouth and instantly penetrating the square-faced big brother's forehead.

After fusing the three Red fire dragon with the Killing evil dragon, Chen Xiang had already turned into a killing dragon. His Divine Origin Qi had greatly increased, and his fusing with it was even scarier.

After big brother square face's head was penetrated, he was still injected with the legendary dragon fire. This dragon fire was violent and filled with a vicious aura, and the evil aura contained within it was

not any less than the evil spirits here. After wreaking havoc in big brother square face's body for a while, it exploded, turning him into a pile of black dust.

was also shocked. Previously, when Chen Xiang had struggled free from her hands, she thought that Chen Xiang had used some kind of small method to remove the bones in her arms. But now, it seems that Chen Xiang had true ability!

"Big... "Big brother!" That Second and Third Brother immediately roared and rushed towards Chen Xiang, turning into a burst of black gale. They really didn't expect that their most powerful brother would be killed in such a manner.

Chen Xiang's body also emitted a lot of air currents. After the opponent transformed into a black astral wind and blew over, his body charged forward, accompanied by a strong gust of wind. The wind carried a strong legendary dragon fire as it collided with the incoming black astral wind!

After the two strong winds hit each other, the scorching air waves exploded. The second and third brother fell to the ground some distance away, their bodies covered in flames. They rolled on the ground and cried out miserably.

Chen Xiang flew over, called out his Heavenly magic sword, and thrusted fiercely towards them.

"You want to eat me with trash like you?" Chen Xiang said coldly: "You don't have any ability, and yet you still dare to act so arrogantly and block my way to kill you!"

When Chen Xiang thrusted the sword, he released waves of legendary dragon fire, making the two middle aged men scream even more loudly. Their bodies were already completely blurry from Chen Xiang's stabbing, and they were even tortured like this before they died.

However, Long Yue was secretly pleased, she realized that she had still underestimated Chen Xiang's strength!

The remaining two Evil Demons died a miserable death under Chen Xiang's incineration, turning into ashes.

"Why is the Evil Qi on you so strong? What exactly is going on with that flame?" The wave of aura that Long Yue had been holding in in his heart for some time had finally disappeared.

"Secret!" Chen Xiang laughed: "You only need to know that if I use Evil Spirit Force, the ones who can cultivate God's Origin Qi will not be my match."

"It should be the power of the Killing evil dragon! Although it has already turned into another kind of aura, I can still differentiate one thing from another. " Long Yue said.

Chen Xiang did not expect Long Yue to sense it. Logically speaking, the Red fire dragon had already transformed into a different kind of Qi after fusing with the Killing evil dragon. Although it carried a trace of Evil Qi, it was no longer the original Killing evil dragon's Qi.

"Let's hurry up and head to the Fire Devil Valley!" Chen Xiang said.

"Humph, if you meet such a fellow in the future, just directly attack him!" Long Yue said, she secretly chided herself for underestimating Chen Xiang, if not the three Evil Demons would not have had the chance to say such unpleasant words.

When Chen Xiang previously saw Long Yue being insulted in such a manner without being able to retaliate, he knew that those who managed to cultivate the World Defying Stage Divine Source would not be able to live a good life.

"Do you often get bullied here?" Chen Xiang laughed: "Looks like people who can cultivate World Defying Stage Divine Source do not live a good life here!"

"Hmph, that's only when we meet this kind of disgusting bug. Hell is so big, it's hard to avoid this kind of disgusting bug that doesn't know how high the sky is and how deep the earth is!" If they meet some other people who are afraid of death, they would be very afraid of those who can cultivate World Defying Stage Divine Source s, because our group is like someone who has a large amount of resources, and we can use these resources to place a bounty on those smelly bugs. " Long Yue thought back to the words of the square-faced big brother and felt disgusted.
