

## Dan God 3801

### [Chapter 3801](#)

Chen Xiang was secretly happy, he felt that as long as he did not sell himself, the other methods of exchange would be acceptable. n →,

"If you buy pills that can cultivate World Defying Stage Divine Source, I will also take one other thing." Skeletal Man replied, "But I don't think you will necessarily give it to me."

"Tell me, how could I not give it to you? As long as it's not selling, it shouldn't be a problem." Chen Xiang laughed.

"Your beautiful memories!" Skeletal Man's words made Chen Xiang's smile freeze, "Give me all of your beautiful memories, and you will lose them!"

"Good memories?" As long as Chen Xiang thought of the times that he was once happy, his heart would always be filled with joy.

If he lost these memories, he would be terrified just by thinking about them.

"No, the memories I don't want are very important to me." Chen Xiang immediately shook her head: "If I give you my beautiful memories, I will become a heartless person, I will not agree."

"I already said that this method of trading is a bit special." Skeletal Man sighed.

"Is there a more normal way?" I'm already here. I really want to buy something." Chen Xiang waved his hand and said, "It's best not to do it in the same way as before."

"There's another way to trade it, but if you can't buy anything too good, that's fine. You can tell me about you. What else do you need?" The Skeletal Man said.

Chen Xiang urgently needed to cultivate and produce World Defying Stage Divine Source, if he could obtain it here, he would not need to concoct pills, even if he wanted to concoct pills, he did not know if he would be able to produce World Defying Stage Divine Source.

"Let me think!" Chen Xiang pondered for a moment, then said: "Can the Tao-creation's Holy Crystals do?"

"No, I don't have any." The Skeletal Man shook his head.

"Then what can I buy?" Chen Xiang still did not know what that trade method was.

"I can only buy some stones." Skeletal Man took out the stones and gave them to Chen Xiang.

Although Chen Xiang did not refine anything, the stones in front of him were just too inferior, and could be seen with a single glance.

"Chen Xiang, ask him about the matters concerning the Hell Divine Lord and buy this information." Xiao Xianglin said.

Chen Xiang didn't expect to buy this before, but when he saw this Skeletal Man, he almost forgot why he came to the City of Hell.

"Do you know anything about the Hell Divine Lord? I want to see him. You told me about him." Chen Xiang said.

Skeletal Man thought about it and said, "Sure, but you need to give me enough blood. I need to reproduce my flesh and blood."

"Just blood?" Chen Xiang felt that there was no problem with this.

"As long as you have enough blood, I will definitely satisfy you. I am very clear about the Hell Divine Lord's situation." The Skeletal Man said.

"What if you go back on your word?" Chen Xiang was a little worried: "After I pass the blood to you, even if you don't tell me, I don't seem to be able to do anything about you. Why don't you tell me about the Hell Divine Lord first."

"Don't worry, we won't dare to act shamelessly. If we do anything dishonest, we will be punished." The Skeletal Man said.

Chen Xiang was still worried. What the hell was this place?

Seeing that Chen Xiang did not believe him, the Skeletal Man said, "Alright, I will tell you about the matters concerning the Hell Divine Lord first. If you act shamelessly, I will only be deceived, I do not seem to have suffered any losses."

Skeletal Man only told Chen Xiang what he knew, there was indeed no need to pay any price.

"This city is called the City of Hell, but the Hell Divine Lord is not here." The Skeletal Man said.

"I heard that there are a lot of people who can't go back to the city. Have they all died here?" Chen Xiang asked.

"There aren't any dangers in this city. There are several reasons why we can't go back. First, make a deal with us and sell our freedom for many years. Second, after selling the memories, he changed into a completely different person. After messing around, he was killed. Third, he took the treasures in here and got punished."

"Are there a lot of treasures inside?" Chen Xiang took a deep breath. If he did not know, he would have taken it when he saw it.

"There are a lot of them, so you must not take them. As long as you are not a greedy person, nothing will happen to you." The Skeletal Man said, "When I first entered this city, it was precisely because I took things at random that I have been punished until now."

Chen Xiang was secretly surprised, there was definitely a very strong power circulating in this city, it was most likely due to the quantity of array magic power.

"Then where is Hell Divine Lord? Is it easy to see him?" Chen Xiang asked.

"He has been sleeping all year round. Even if you see him, you might not be able to wake him up." Skeletal Man said: "At the source of the Golden Blood River, there is an evil mountain. Hell Divine Lord is inside, and on the road there will be many dangers, it's not that easy to reach."

"Hell Divine Lord seems to be very powerful. In the Infernal Realm, is the reason why there is a restriction barrier around the World Defying Stage Divine Source?" Chen Xiang asked.

"Yes, those who can cultivate the World Defying Stage Divine Source are all very powerful. This will severely damage the balance of hell." Skeletal Man said, "Can you give me the blood transfusion now?!"

Chen Xiang was a man of integrity, he immediately transferred his own blood to Skeletal Man. If not for Skeletal Man informing him, he did not know when he would have been able to find Hell Divine Lord.

"Do you seem to know a lot of things?" Chen Xiang laughed: "How much do you know about Most Ancient Era?"

"I am the person from the early days of Most Ancient Era ... I still understand Most Ancient Era quite a bit. " The Skeletal Man said, "Within the Most Ancient Era, there are nine of the strongest races. The diversity within the Most Ancient Era was created by them, so these nine Creation Race s are extremely powerful."

"And other than them, the other powerful Creation Race s have been suppressed by the Nine Creation Race."

Chen Xiang was secretly suspicious. Other than Nine Creation Race, there were also Beast-creation Race s and Crystal-creation Race s. However, there seemed to be more than these two in Skeletal Man's mouth.

Skeletal Man was currently absorbing Chen Xiang's blood, and a bit of his flesh and blood had begun to grow.

"Other than Nine Creation Race, I know that Beast-creation Race and Crystal-creation Race are very strong. Why are they being suppressed?" Chen Xiang asked.

"It's all the power of the incantation! The Tao-creation Divine Lord in the Nine Creation Race grasp a very strong power to cast incantations, so being able to suppress these two races ... Aside from that, there are also the Hell Clan and the Star-creation Race. They are a very fierce race, and the Star-creation Race is sealed in this hell. "

Chen Xiang thought of the Underworld Humans blankly. Those Underworld Humans s were most likely from the Underworld Clan! And the Star-creation Race might even be related to the Hell star!

### [Chapter 3802](#)

Chen Xiang planned to take advantage of the blood transfusion to ask for more time.

"Then do you know about the Star-creation Race?" Chen Xiang guessed that the reason why Long Yue and the Smoke Charming went forward to investigate the secrets of the Hell star was most likely related to the Star-creation Race.

"Star-creation Race is also a very fierce race! They have very other powers. " Skeletal Man said, "No matter how strong you are, the power that they have, they will be able to deal with you!"

"What kind of power?" Chen Xiang asked.

"The power of the incantations. The reason why there are so many stars is all because of the power that you all created back then. Skeletal Man said, "But they can use the Star Formation!"

"Are they very cruel?" Chen Xiang was a little worried for Long Yue.

"Mm, that's why it was sealed!" Skeletal Man said: "The other Creation Races, if they weren't especially fierce, nothing would have happened. Tao-creation Divine Lord is a very tolerant person."

When the Skeletal Man in front of him absorbed Chen Xiang's blood, he was able to quickly grow flesh and blood.

"Our deal counts as a success, right?" Chen Xiang said: "I'm going to look for the Hell Divine Lord now."

"I've already reached an agreement. Your blood is truly powerful, able to allow me to maintain this state for many years." The middle-aged man smiled in satisfaction.

In this street, only he had flesh and blood. For someone like him who was so lonely, he was in a very good mood.

Chen Xiang did not continue to wander around the City of Hell. Skeletal Man had told him before that there were many treasures here, if he took them all out randomly, he would be easily killed by the mysterious power.

After Chen Xiang left the City of Hell, he looked at the Golden Blood River.

Following the opposite direction of the Golden Blood River, one would be able to reach the source of the Golden Blood River. As long as they went there, they would be able to see the Evil Hell Mountain.

"If we can find the Hell Divine Lord, we can learn the enchantment of hell from him. At that time, as long as we can arrange it in the Most Ancient Era, no one who can cultivate the World Defying Stage Divine Source will be able to mess around in the Most Ancient Era." Chen Xiang said.

"Those who can cultivate the Divine Origin Qi must be restricted!" In the previous group of Underworld Humans, the strongest was the ability to cultivate Divine Origin Qi. In the Most Ancient Era, many people were no match for him. " Xiao Xianglin said.

Chen Xiang was already flying in the opposite direction of the river, using profoundfeng Mantra to fly, his speed was very fast,

"I should be able to see the source soon." Chen Xiang thought.

In the blink of an eye, a month had passed, yet Chen Xiang still did not see the source.

"The Infernal Realm definitely isn't limitless. There must be a source for it." Chen Xiang continued to fly. He had already flown for so long, he would not give up midway.

After a few more days, Chen Xiang did not come to the source, but he saw that there was someone here!

There were dozens of people wearing animal skins standing beside the Golden Blood River in front of them.

Chen Xiang was still quite a distance away from them, but he could feel the Evil Qi on their bodies.

"Is this group of people an evil spirit?" Chen Xiang was suspicious, he had not seen anyone along the way, but suddenly meeting ten or so Evil Realm people, it was very strange.

He planned to ignore this group of people as his goal was to find the Hell Divine Lord.

However, just as he flew above the group of people, he suddenly felt a very familiar aura.

"It's the Crystal-creation Race!" Chen Xiang anxiously looked towards a direction, where the aura of the Crystal-creation Race could be sensed, and it was extremely strong, with a strong killing intent.

He really is someone from the Crystal-creation Race!

This caused Chen Xiang to be shocked, but just as he was about to run away, he realised that the dozens of people wearing beast skins on the ground had been fiercely attacked.

The Crystal-creation Race's target was actually the group of people wearing beast skins below!

Chen Xiang thought that they were here to attack him.

"Just what is the background of this group of people?" to actually be able to chase from Crystal-creation Race all the way here! " Chen Xiang could not help but be shocked, "It seems that he is not an ordinary Evil Demon!"

There were more than twenty in Crystal-creation Race, all of them who had cultivated Divine Qi, they were all extremely powerful, and the dozens of people who were being chased all jumped into the Golden Blood River.

"Even if we jump into the river, we won't be able to escape." An old man from the Crystal-creation Race sneered, he waved his sleeves and released a few balls of white light, and after entering the river, he blew up all the people who had just jumped out.

Then, these twenty odd Crystal-creation Race s rushed over and surrounded him.

"They were already injured, and could not resist the Crystal-creation Race at all." Chen Xiang had already went over quietly. He was extremely disgusted with Crystal-creation Race, as the Crystal-creation Race had already seized this good place of his.

Now that he had met an important expert of the Crystal-creation Race, he would definitely not give up on this opportunity.

"You fellows are really admirable for being able to run so far away." The leading old man laughed, "Alright, you are now surrounded by us and heavily injured. There is nowhere for you to retreat to. Cooperate well with us and hand the thing over."

"Even if we die, we will never give you such a precious thing." One of the elders laughed out loud, "If you have the guts, then kill us all."

"We've already enslaved your Infernal Realm, and you can still laugh?" The old man from the Crystal-creation Race sneered, "The blood rain from before was caused by the fact that your clan killed too many people in the Most Ancient Era."

"To find Hell Divine Lord, I only heard that he is there. He has been sleeping deeply all year long, so I was unable to wake him up." Chen Xiang said: "I have something to talk to him about."

"What's the matter?" the old man asked hurriedly.

"In the Infernal Realm, there are restrictions on those who possess World Defying Stage Divine Source. I hope that I can grasp this type of restriction and allow the Most Ancient Era to have this kind of power as well. This way, the Crystal-creation Race won't be able to commit crimes in the Most Ancient Era." Chen Xiang said.

"Hell Divine Lord is actually not in deep sleep, but sealed! The item to remove the seal is in my hands, we are also about to go to the Evil Hell Mountain and unseal the Hell Divine Lord." The old man said.

"Then let's go together!" Chen Xiang smiled: My name is Chen Xiang, I wonder what old senior's name is?

"Just call me Old Tang." Old Tang smiled as well. They both let their guard down.

Chen Xiang took out a few Rebirth powder s to heal their injuries. After understanding that when they were sealed, they would often fight in that sealed space, and the Crystal-creation Race had continuously instigated the other Infernal races inside to resist them, resulting in them being weak in the end.

It was a good thing that they were able to preserve that thing and reach this place without a hitch!

"Why are the Crystal-creation Race and the rest removing the seal on the array disc?" Chen Xiang was a little curious. If the Crystal-creation Race didn't want the Hell Divine Lord to wake up, he only wanted to kill these dozens of people.

"It is said that this array disc has other uses. It is said that it can lift the restrictions on the Initial God-creation Realm, and allow people to enter the Initial God-creation Realm more smoothly." Old Tang said, "I don't know the specifics either. Back then, when Tao-creation Divine Lord gave it to me, I was to guard it well, if the Hell Clan loses control and breaks out of the seal, then I was to bring this formation plate to the Evil Hell Mountain and wake Hell Divine Lord up."

"So that's how it is, seems like Hell Divine Lord was also sealed by Tao-creation Divine Lord?" Chen Xiang said.

"If he had not sealed the Hell Divine Lord, he would not be alive right now. He would definitely have been killed long ago." Old Tang sighed, "Hell Divine Lord's cultivation isn't high, but he's extremely proficient in incantations."

Chen Xiang was already on his way with Old Tang and the rest, running along the river towards the Evil Hell Mountain.

"Old Tang, how much do you know about Star-creation Race?" Chen Xiang asked: "It seems like the only thing that's missing is the Star-creation Race? "Is that so?" Chen Xiang thought about the big door he saw from Long Yue's Hell star. If the Hell star was truly related to Star-creation Race, then he was even more worried.

He was worried that Long Yue would break the seal and release the ferocious Star-creation Race!

"Star-creation Race was also sealed in hell ... However, I heard that although the Star-creation Race is very savage, it is the best clan to exterminate. The most powerful aspect of the Star-creation Race is the power to control the incantations. Old Tang recalled.

Chen Xiang could only hope that nothing would happen to Long Yue. In other words, they could be considered acquaintances, not to mention that she was the daughter of the First Beast-creation Ancestor.

"Old Tang, are you the emperor of the Infernal Realm?" Chen Xiang asked, then Old Tang held the array disc that he was about to use, his position must not be low.

"You can say that! He is also the most useless of all the Creation Race s, right? " Old Tang smiled wryly.

"Then do you know the First Beast-creation Ancestor?" Chen Xiang felt that they were definitely people of the same period.

"Yes, is he still alive? Back then Tao-creation Divine Lord had said that the only ancestor who could survive in the end was Hell Divine Lord. " Old Tang asked in surprise, he did not know about the First Beast-creation Ancestor.

"He's still alive, and he can't die even if he wanted to." Chen Xiang simply told Old Tang about the First Beast-creation Ancestor, which made him exclaim in shock.

"Old Tang, First Beast-creation Ancestor has a daughter who is now the emperor of the Beast-creation Race, you should know her as well! It should be around the same time as you. But she doesn't seem to know as much as you do. " Chen Xiang said.

"Are you talking about Long Yue?" Old Tang was shocked and shouted, "She is Beast-creation Race Emperor?"

#### [Chapter 3804](#)

"Is it really that strange for her to become a Beast-creation Race Emperor? She is the daughter of the First Beast-creation Ancestor, so it should be normal for her to become the Clan Emperor! " Chen Xiang felt puzzled when he saw Old Tang being so shocked. ≤,

"Do you know that Long Yue's origins are very special?" Old Tang frowned. "I just didn't expect her to live until now."

"Why can't I live until now? She's alive and well. " Chen Xiang said.

"Do you know who Long Yue's mother is?" Old Tang asked.

Chen Xiang shook his head. He had asked the First Beast-creation Ancestor before, but got no answer.

"Long Yue's mother is from the Star-creation Race, and she's a very bad woman at that." Old Tang sighed, "At first First Beast-creation Ancestor didn't know, but when he found out, he killed it."

"So that's how it is. No wonder Long Yue's feelings for her father are so contradictory." Chen Xiang sighed, Long Yue was sure that he knew what his mother did.

"But Long Yue is the daughter of the founder and First Beast-creation Ancestor, she shouldn't have been able to obtain her for so long." Old Tang said, "She definitely inherited some of her mother's power, so it will cause her to turn evil."

"Not really. She's still alive and well." Chen Xiang really did not expect Long Yue's mother to be the founder of the Star King Mountain. In other words, the Smoke Charming was part of the Star-creation Race and her position was very high as well.

They both had Hell stars in their hands, and now that they were going to the same place, who knew what would be inside.

"Let's go wake up the Infernal God first." Old Tang said.

After journeying for a month, Chen Xiang and the others saw the Evil Hell Mountain, a tall mountain in the middle of a large river.

After arriving here, Old Tang told the others to wait outside, and then he and Chen Xiang entered a cave in the Evil Hell Mountain.

"Do you want to go in from here?" Chen Xiang asked: "Maybe it's a trap or something?"

"No, there's only one cave in the Evil Hell Mountain, this is definitely the place." Old Tang smiled. "We can enter without worries."

Chen Xiang followed behind Old Tang and walked into the pitch black cave.

The cave led straight to the belly of the mountain. Not long after, they arrived at a stone room inside the belly of the mountain.

There was a circular pit on the floor of the stone room. Old Tang took out a round formation plate and placed it on top of the hole. He then spun around, only to see a staircase leading down from the floor.

"Go down!" Old Tang was the first to leave, followed by Chen Xiang.

After walking for a while, they reached the bottom. Then, they walked through a passageway until they came to a stone wall at the end. There was another depression in the wall.

Old Tang did the same as before. He took out an array disc and placed it on the hole, then turned it around and opened a door.

"The Hell Divine Lord should be inside." Old Tang said.

After Chen Xiang and Old Tang entered, they saw a black bed placed in the middle of a spacious stone room.

"Let's not go over first. There might be a trap." Old Tang immediately pulled Chen Xiang, preventing him from walking forward, he carefully checked his surroundings.

"To be able to come here, one must use an array disc. If this array disc can come here, then there shouldn't be any traps." Chen Xiang laughed.

"Not necessarily!" Old Tang took out a few Tao-creation Holy Crystals and sprinkled them on the ground.

When the Tao-creation Holy Crystal was released, the surroundings were suddenly filled with a black mist, followed by a burst of scorching energy.

"Retreat, it's a poisonous fire!" Old Tang shouted.

Chen Xiang anxiously retreated out of the stone room, and after Old Tang exited, he anxiously closed the stone door.

"There really is a trap!" Chen Xiang took a deep breath, if not for Old Tang, he would have definitely walked over earlier.

"Will it burn Hell Divine Lord?"

"Don't worry, the Hell Divine Lord will not be burned to death like that." Old Tang said, "We'll go in after the fire energy has been completely incinerated."

"There might be other traps." Chen Xiang did not know how strong the poison fire was either, but to be able to be here, it was definitely not too weak.

"I don't know, I'll test after I enter." Old Tang shook his head. "As long as we're careful, we'll be fine."

Chen Xiang nodded.

Four hours later, Old Tang and the others who had opened the stone room entered with Chen Xiang.

Old Tang made Chen Xiang hold his breath, at the same time, he channeled his energy to resist the poison, to prevent himself from getting poisoned.

"There shouldn't be any other traps." Old Tang said after a careful inspection.

Afterwards, he and Chen Xiang carefully arrived beside the black stone bed.

"How do you make the Hell Divine Lord's attribute?" Through the mist on the black stone bed, Chen Xiang could see a person's pitch-black figure lying on the stone bed.

"Let's take a look at the stone bed. Is there any place where we can place the formation plates?" Old Tang held an array disc in his hand, not knowing what to do.

After that, Chen Xiang carefully checked the surroundings of the stone bed, but he did not find any pit.

Old Tang checked the stone bed a few times but found no direction.

"It might even be on the stone bed!" Chen Xiang said as he looked at the stone bed.

"No, this black mist is poisonous gas, do not touch it." Old Tang shook his head, thinking that it was impossible for him to be on the bed.

Afterwards, they searched around the stone room, but couldn't find any place to place the formation plates.

"Old Tang, can I have my master take a look?" She's a formation master, so she might be able to see something. " Chen Xiang said.

"Of course you can!" Old Tang hurriedly said.

Chen Xiang immediately let Xiao Xianglin out.

Old Tang couldn't help but be shocked when he saw such a beautiful girl coming out. He thought that Chen Xiang's master was an old man like him.

After Xiao Xianglin came out, he politely greeted Old Tang and then brought up the matter of taking a look at the formation plate in Old Tang's hands.

Old Tang also passed it to Xiao Xianglin.

Xiao Xianglin looked at it carefully for a moment, then said: "The black stone bed has a sealing force, which means that the black mist is extremely toxic, and can cause people to fall asleep."

"Yes, how do you know?" Old Tang was surprised.

"The method of using this formation plate is not to place it somewhere, but to absorb the poisonous fog." Xiao Xianglin smiled slightly: "I saw it from the runes on the array disc."

"Awesome!" Old Tang exclaimed, "Then how do we use this formation plate?"

"As long as the formation plate absorbs a bit of the poison, it can activate by itself." Xiao Xianglin said: "We can give it a try!"

Old Tang walked over, using the formation tray in his hand to carefully touch the mist enveloping the black stone bed.

Just as the formation plate touched the mist, it created a strong suction force, causing the mist on the stone bed to immediately flow into the stone plate.

In the blink of an eye, the black poison mist on the black stone bed was completely absorbed. A fat middle-aged man with a big stomach was lying on the stone bed snoring while wearing a loose set of black clothes.

"This guy is Hell Divine Lord?" Chen Xiang looked at the fatty and said with a little surprise.

### [Chapter 3805](#)

Seeing Old Tang's surprised expression, Chen Xiang knew that this fat middle-aged man was Hell Divine Lord.

"Mn, he is our Hell Divine Lord." Old Tang nodded.

The Hell Divine Lord was snoring, as though he was sleeping soundly. Just when Chen Xiang was surprised by what he saw, he suddenly turned his body and scratched his butt.

"Wake him up!" Chen Xiang said.

"Alright!" Old Tang walked over and whispered into Hell Divine Lord's ear.

Xiao Xianglin also entered the You Yao Mountain Villa at this time.

Old Tang Qing shouted for a moment, but Hell Divine Lord did not wake up.

"Has he really been released?" Chen Xiang frowned: "Why haven't you woken up yet!"

Amongst the Most Ancient Era, the strongest source of energy was only the Medicine-creation Divine Continent. The energy of the nine divine trees were extremely strong, but it was currently controlled by the Crystal-creation Race.

"God, what about the other Hell clansmen?" They did not do good in the Most Ancient Era. Old Tang said.

"I have my own ways of dealing with them. I will bring them all back." The Hell Divine Lord frowned and said: "Seems like the Most Ancient Era is in trouble. The Crystal-creation Race is the most troublesome."

"Crystal-creation Race is indeed hard to deal with, what's more, they have teamed up with the experts of Initial God-creation Realm." Chen Xiang said, "Furthermore, they are the commanders of the other Creation Race s, so it is possible that the Beast-creation Race is also under their control."

"These bastards, they're always so reckless." Hell Divine Lord cursed in a low voice, then took out a disk and passed it to Chen Xiang. "This is the formation that restricts the World Defying Stage Divine Source.

Chen Xiang immediately thanked him and passed the disk to Xiao Xianglin. There were many incantations engraved on it that he could not understand.

"God Master, what are the uses of the nine Chuangyuan key? Crystal-creation Race was in a hurry to find Chuangyuan key. " Chen Xiang said, the man in black had also said that it was because he was going to the Initial God-creation Realm, but he felt that there must be other uses to it.

"There are many uses for Chuangyuan key, but the greatest one is used to create eras." Hell Divine Lord said, "And also the power that can control Most Ancient Era!"

"In Most Ancient Era, there are nine sources of energy. One needs to use the key to enter the place and be able to control the energy transportation inside the place."

The Chuangyuan key had such uses, Chen Xiang was secretly shocked!

"So, it's normal for them to be looking for the Initial God-creation Realm. It's best if they don't get it, otherwise, the Initial God-creation Realm's energy source will be directly obtained by them." Hell Divine Lord said in a serious tone, he did not know that had Initial God-creation Realm on him.

"Where are the nine divine trees of Medicine-creation Divine Continent? It seems to also be hiding an extremely strong energy, which should also have a huge impact on the Most Ancient Era. " Chen Xiang asked.

"The nine Divine Trees are the gates to the nine energy sources in the Most Ancient Era. Even if they were destroyed, the nine Divine Trees would be reborn somewhere else. It's just that it would take a long time." The Hell Divine Lord replied, "I need to summon a Demon Hunt Squad and have them head to the Most Ancient Era to kill that group of Hell's descendants."

Hell Divine Lord took the formation plate Old Tang gave him, and then he arrived above the Evil Hell Mountain. He opened the formation plate, and let it emit a black light which shone onto the Golden Blood River.

Crash! \*

The originally slow flowing Golden Blood River suddenly turned into a sea of splashes, splashing against the shore.

Chen Xiang looked at the surging Golden Blood River in shock, because he saw many people in black armor riding on gigantic black war horses, slowly floating up from the middle of the river.

"This is the Demon Hunt Squad from hell!" Hell Divine Lord said, "They have been asleep for many years!"

Chen Xiang spat on the ground. Because the entire Golden Blood River was filled with Demon Hunters from hell, he guessed that there were at least a few hundred million of them!

"Go to Most Ancient Era and kill all the demons there." Hell Divine Lord shouted. Countless Demon Hunters from hell turned into a black fog, and this fog floated far away, heading towards Most Ancient Era.

"This Hell Divine Lord is truly powerful, probably a trump card left behind by the Tao-creation Divine Lord." Chen Xiang thought.

"I will personally make a trip to Most Ancient Era. Old Tang, are you coming with me?" Hell Divine Lord said, "I'll go see Old Dragon."

The old dragon he spoke of was the First Beast-creation Ancestor.

"Mm, I'll go too." Old Tang said and then looked towards Chen Xiang.

"I won't go!" Chen Xiang shook his head. He needed to be at ease in refining pills, cultivate the World Defying Stage Divine Source, and then go take back the Medicine-creation Divine Continent.

The current Crystal-creation Race was very powerful, and even the Hell Divine Lord might not be able to take him down, so he could only rely on him.

### [Chapter 3806](#)

After Hell Divine Lord and Old Tang left, Chen Xiang returned to Dan Devil City himself.

"Isn't the City of Hell also related to the Hell Divine Lord? If there is a relationship, Hell Divine Lord might have a pill to cultivate the World Defying Stage Divine Source. " When Chen Xiang went to the City of Hell before, the Skeletal Man had said that he did.

Chen Xiang shook his head, he did not want to think about it anymore, and felt that it would be better if he could continue to refine pills and break through.

After using more than ten days of time, Chen Xiang finally returned to the Dan Devil City. It was extremely quiet here, as if he did not know anything about the Hell Divine Lord's attribute.

When the Yellow Heaven Dan Devil saw Chen Xiang returning, he asked with a smile, "Did you get anything from going to the City of Hell?"

"Yes, I saw Hell Divine Lord." Chen Xiang said, then told Yellow Heaven Dan Devil about what happened, which made him exclaim in shock.

After Chen Xiang and Yellow Heaven Dan Devil chatted for a while, they went into the room and laid on the bed to rest.

"Do you remember the golden stone that Long Yue gave me before?" Xiao Xianglin asked.

"Of course I remember. The mysterious golden stone Long Yue used to exchange for Paternoster soul stone s was used for you. Chen Xiang said.

"After I learned the Incantation Formation from the Hell Divine Lord, I undid the seal on that golden stone." Xiao Xianglin was very surprised. "Originally, this stone was a seal, but the incantation inside it can release a very strong power that can penetrate the seal and be felt by me. and decided that this was a very powerful incantation. "

"Is it the Legendary mantra?" Chen Xiang asked anxiously.

"It's not a Legendary mantra ... far more powerful than Legendary mantra. " Xiao Xianglin said: "If you want to give me a name, it should be called the Arrogant Curse!"

"Is it that powerful? "How did you know?" Chen Xiang asked in shock. From Xiao Xianglin's tone, it could be seen that he was many times stronger than the Legendary mantra.

"This incantation is made up of nine, nine, eighty-one strokes! And a Legendary mantra would at most take around ten strokes. " Xiao Xianglin said: "Currently, I still don't know what abilities this incantation has. Also, when I'm learning it, it won't be difficult to learn it because I have mastered too many Legendary mantra."

"Won't he be able to learn it very soon?" Chen Xiang said in surprise.

When the time comes, I will also refine a Paternoster soul stone for you. Xiao Xianglin said: "I have already sent one of my clones to learn it."

"Looks like Long Yue suffered a huge loss." Chen Xiang laughed.

"Yes, so you have to treat her better in the future." Xiao Xianglin laughed.

When Chen Xiang heard that Xiao Xianglin had obtained the Arcana Incantation, his mood became very good.

After fusing with the Shenyuan crystal ginseng, the Heavenly Demon Ginseng created by He Fengyuan and the Mei Jing Sisters produced a very powerful energy.

The Heavenly Demon Ginseng was formed from the fusion of the four Dan Devil s that Chen Xiang had won, and was equally as strong as the Shenyuan crystal ginseng. The most important thing was that it could produce an intense reaction with the Shenyuan crystal ginseng, and then produce an extremely strong energy.

After Chen Xiang stayed in the Time array for a few months, he entered the stage of awakening the Incantation.

"Awakening the Huajing Dan grain is yet another huge expense." Chen Xiang secretly felt his heart ache. He still had more than two hundred million Tao-creation Holy Crystals in his hands, but he felt that they would all be used up very soon.

Chen Xiang placed fifty million Tao-creation Holy Crystals inside the Tianchuang furnace, he estimated that he would need to use up so much energy to awaken it.

He came out of the Time array and waited outside for half a day before entering again. It had already been more than fifty years since he entered.

"The Tao-creation's Holy Crystal is gone!" Chen Xiang was shocked, and then put another fifty million in.

After half a day, after he entered the Time array, he realized that there was still no condensing a core, and that fifty million Tao-creation Holy Crystals had also been used up.

"I can't let this hundred million Tao-creation Holy Crystals not be enough to feed me." Chen Xiang came out of the Time array and waited outside patiently.

A day later, Chen Xiang finally condensed a pellet after entering the Time array!

"He used one hundred and ninety-five million Tao-creation Divine Crystals." Chen Xiang took a deep breath, "What a huge consumption!"

The higher the consumption of Awakening Huajing Dan grain, the higher the quality and the stronger the energy.

"Don't let me down." Chen Xiang looked at the black and red pellet that was flickering with light, and then put it into his mouth.

A wave of energy instantly rushed forth and a wave of red blood energy gushed out of Chen Xiang's body.

Half a day later, a thick layer of red crystals covered his body, as if he was in a cocoon. He had also fallen asleep inside.

Very quickly, a hundred years had passed, and the red crystal surrounding Chen Xiang turned into a red stone.

After he woke up, he immediately broke free from the stone and sighed emotionally.

"The refining time is very short!" Chen Xiang was very surprised when he found out that it had only been a hundred years. Before this, he needed three thousand years to refine some of the pellets.

He Fengyuan also gave this pill a name, "Congealing Origin Divine Pill".

"You still can't cultivate World Defying Stage Divine Source?" Xiao Xianglin asked.

"I haven't cultivated it yet, but it's going to be soon. Eating another pellet will definitely produce it!" Chen Xiang had a very strong feeling, that the aura of his Divine Origin Realm was also becoming extremely dense.

"If you guys were to eat it, you might be able to break through with just one pill!" Chen Xiang really wanted to refine two of them immediately, but he needed the Tao-creation's Holy Crystals right now.

"There are no more Tao-creation's Divine Crystals!" Chen Xiang consumed nearly two hundred million Tao-creation Holy Crystals just to refine it, but cultivating the World Defying Stage Divine Source was still very worthwhile.

"If we use Twin dan grains to refine, perhaps we can refine two of them for three hundred million." Xiao Xianglin said.

"Hm!" Now, I have to go and get the three hundred million Tao-creation's Holy Crystals. " The first thing that came to Chen Xiang's mind was the Yellow Heaven Dan Devil. If he were to sell medicinal pellets from the Yellow Heaven Dan Devil's Yellow Sky Tower, he would very quickly be able to gather a sum of Tao-creation's sacred crystals.

"It should be easier to sell Ziyuan Dan s, you just need to sell a few of them." Chen Xiang said. Previously, when Yellow Heaven Dan Devil bought two pills for a hundred million, he was able to cultivate World Defying Stage Divine Source.

There should be many people in the Infernal Realm who were as wealthy as the Yellow Heaven Dan Devil. If they all needed to use Ziyuan Dan s for this junior to cultivate World Defying Stage Divine Source, they would definitely be willing to buy it.

Chen Xiang immediately went to Yellow Heaven Dan Devil to discuss this matter.

"How about this, you sell one of them to me for fifty million each, and then I will resell it to you. That way, you can also quickly obtain the Tao-creation's Divine Crystals." The Yellow Heaven Dan Devil laughed. If this pill were sold through his Yellow Sky Tower, his reputation would definitely soar, far surpassing that of the other buildings.

"No problem!" Chen Xiang laughed: "It's just that... Senior Huang Tian, do you still have a lot of Tao-creation's Divine Crystals? "

I can borrow it. I know a lot of people. I can borrow 10 or 20 million from each of them. The Yellow Heaven Dan Devil laughed.

After Chen Xiang asked the Yellow Heaven Dan Devil for sixty million Tao-creation Holy Crystals, he returned to his room to refine Ziyuan Dan s. He refined them together with his two clones.

Yellow Heaven Dan Devil had also gone out to find a friend to borrow the Tao-creation's sacred crystal.

### [Chapter 3807](#)

Yellow Heaven Dan Devil was not the strongest Dan Devil in the Dan Devil City, but she was definitely the most popular. He had many friends, and this was mainly because she was a very kind person.

Furthermore, Tian Yu Dan Devil and the others didn't have as many friends as Yellow Heaven Dan Devil. As for Dan Devil, she was the one that kept a low profile.

Yellow Heaven Dan Devil went around the Dan Devil City and borrowed a lot of Tao-creation's Holy Crystals, but it was not enough, she could only go to other cities.

After Chen Xiang spent about ten days refining pills in the Time array, she had already refined six Ziyuan Dan!

"After travelling to quite a few cities, I can only borrow 200 million. Coupled with my many years of travel, it should be enough." The Yellow Heaven Dan Devil said.

"I need three hundred million!" Chen Xiang said.

"Enough!" Yellow Heaven Dan Devil immediately passed three hundred million Tao-creation Divine Crystals to Chen Xiang, then she took the Ziyuan Dan from Chen Xiang.

The Ziyuan Dan was able to help a person cultivate spirit energy, so after his previous disciple ate two pills, he was able to successfully cultivate it, and the effects were already known to everyone.

At this time, the Tian Yu Dan Devil was extremely pleased with herself, because he had the Ziyuan spiritual fruit in his possession. However, he did not know that just the Ziyuan spiritual fruit alone could not refine a Ziyuan Dan.

"That bastard, Old Devil Tianyu, many people are now trying to curry favor with him just because he has a Ziyuan spiritual fruit." Yellow Heaven Dan Devil laughed: "This guy still doesn't know when to stop. Only then would we be able to grow fruit trees, let alone refine Ziyuan Dan s, and begin to brag about ourselves. "

Chen Xiang couldn't help but laugh. If the Ziyuan spiritual fruit seeds a fruit tree, then it would be a Purple fire tree ... Even if it was possible, the investment would be huge.

"I'm going back to refine pills!" Chen Xiang received enough Tao-creation Holy Crystals and quickly returned to his room.

"If I eat another Origin Condensation Pill, I should be able to cultivate the World Defying Stage Divine Source. Should I cultivate it or not?" Chen Xiang was hesitating. If he managed to cultivate it, it would mean that he would be severely restricted in hell.

He felt that there were still things he needed to do in the Infernal Realm, so he couldn't make a breakthrough that quickly.

"Most Ancient Era has already taken over, so there shouldn't be a need to rush, I will first wait for news from Long Yue." Chen Xiang had already decided not to eat the Congealed Origin Divine Pellet for the time being, but she could let Xiao Xianglin eat it first.

This time, he used Twin dan grain s to refine the Congealing Origin Divine Pill, which could refine two pellets at the same time, which would save him a lot of medicinal ingredients as well as the Tao-creation's Divine Crystals.

Chen Xiang was currently not anxious at all. Since the Hell Divine Lord had already ordered the Demon Hunt Squad to head to the Most Ancient Era, it shouldn't be long before they could eliminate all the evil Underworld Humans there.

More than ten days later, Chen Xiang had already refined two Ziyuan Dan!

"Master, take one first!" Chen Xiang gave one pellet to Xiao Xianglin. If Xiao Xianglin could cultivate World Defying Stage Divine Source, then when she was refining other types of array divine weapons, he would be able to refine even faster, faster and faster, and also able to refine stronger ones.

What she needed to do next was to create an array disc. If she could successfully activate the array disc, she could restrict those who could cultivate World Defying Stage Divine Source s to run errands for her in the Most Ancient Era.

"Alright!" Xiao Xianglin said: "After I break through, I need to refine even better Time array!"

Although the Time array that Chen Xiang was currently using could transform into a hundred years in a day, compared to the Time array s of the strong practitioners in Most Ancient Era, they were considered to be far behind.

A single Tao-creation Holy Crystal would be able to circulate for a long time. If it was a higher level Time array, then she would need to consume even more Tao-creation Holy Crystals.

"I have enough Time array for now." Chen Xiang said, he was worried that using the other Time array would increase the consumption of the Tao-creation's Holy Crystals.

Currently, he was really short on Tao-creation Divine Crystals, so he had used up a lot of them just to concoct the pills.

Xiao Xianglin kept his clone and ate it, refining it inside the Time array.

When Chen Xiang arrived at the main hall of the Yellow Heaven Restaurant, Yellow Heaven Dan Devil was entertaining guests there. When she saw Chen Xiang, he immediately brought Chen Xiang to a room with a smile.

"Senior Huang Tian, business is pretty good!" Chen Xiang laughed.

"I sold all the Ziyuan Dan you sold to me. I earned a bit too. Most importantly, it greatly increased my reputation in the Yellow Sky Tower." Yellow Heaven Dan Devil chuckled.

"That's good!" Chen Xiang laughed heartily: "If Tian Yu Dan Devil knows about this, she will definitely be very angry."

"Isn't that right? This guy came all the way to Yellow Sky Tower and asked me to hand you over, saying that you were lying and that there was only one Ziyuan spiritual fruit, but now there are so many of them." Yellow Heaven Dan Devil replied, "He came to cause trouble, so I kicked him out."

"The next time he comes looking for trouble, you can tell him that the Purple fire tree came from the Most Ancient Era. It's the result of the Purple fire tree some time ago. Chen Xiang said.

"The Ziyuan spiritual fruit is actually from the Purple fire tree!" Yellow Heaven Dan Devil was shocked.

Old Alchemist was someone who had a better understanding of the Medicine-creation Divine Continent and knew about the Nine Divine Tree.

"Well, if you tell him that, he won't come looking for trouble next time." Chen Xiang laughed.

"Alright!" The Yellow Heaven Dan Devil nodded her head and laughed: "Chen Xiang, can you refine four more Ziyuan Dan s? I have two good friends that want them, they offered me 120 million to buy them, I will help you resell them to them, I don't want to earn that price anymore."

Chen Xiang thought about how she did not have many Holy Crystals left, and about the fact that she would need to use the arrogant rune to refine Paternoster soul stone s, and maybe consume a lot of Tao-creation Holy Crystals by then, so he nodded in agreement.

"Sure!"

Chen Xiang had only agreed, but Yellow Heaven Dan Devil would give him the two hundred forty million Tao-creation's Holy Crystals.

"Refining a few Ziyuan Dan is just a piece of cake." After Chen Xiang returned to her room, she started to refine the pellet happily. To be able to earn so many Tao-creation Holy Crystals so easily, this was the benefit of mastering the extremely strong alchemy skills.

After Chen Xiang finished refining today, the moment she opened the door to the secret room, she saw Long Yue standing outside.

"Sister Yue, you're back!" Chen Xiang asked.

Long Yue nodded his head, only to see her looking anxious, as though he had something urgent.

"What happened?" Chen Xiang saw through it and asked anxiously.

"Smoke Charming is in trouble ..." Sitting on the chair, Long Yue heaved a long sigh, her face carrying a trace of grief.

"She... "Dead?" When Chen Xiang thought about how this charming and peerless beauty had died, she could not help but feel sad.

Long Yue looked very bald and crippled, as if she had suffered the biggest setback in history.

"He didn't die, but it was even more painful than death." Long Yue closed her eyes and sighed.

"Calm down first, I'll go find Senior Huang Tian ..." We'll talk about it when I get back. " Chen Xiang patted her shoulder, then went to find Yellow Heaven Dan Devil.

### [Chapter 3808](#)

After handing the four Ziyuan Dan s in his hands to Yellow Heaven Dan Devil, Chen Xiang quickly returned to his hall.

"What exactly did you encounter? From the things that I have learnt these few days, the place you guys went should be related to the Star-creation Race! " Chen Xiang could see the sorrow in Long Yue's expression because she was controlling her emotions to the limit and did not want to show it.

"How do you know?" Long Yue was slightly surprised.

"I saw Hell Divine Lord ... After you and Smoke Charming left, I went back to the surface. Chen Xiang told Long Yue about the Infernal Realm and Crystal-creation Race.

After Long Yue finished listening, she was extremely angry, because her Beast-creation Race was actually taken over by the Crystal-creation Race.

"I want to go back!" Damn Crystal-creation Race! " Long Yue had originally been in a state of grief and fury, but now that he found out about this, he became even more furious.

Chen Xiang anxiously pulled her, and just now, when she was talking about these things, he carefully observed Long Yue's reactions, especially when she mentioned that Beast-creation Race's humanoid beasts would eat First Beast-creation Ancestor, her emotions fluctuated the most, and although she was trying his best to resist, it was still not difficult to tell.

"Are we just going to let them go?" Long Yue said.

"First of all, you have to be told what happened to you." Chen Xiang said: "If we want to deal with Most Ancient Era, we need more power, so we have to save Smoke Charming!"

The Smoke Charming had also cultivated a World Defying Stage Divine Source, so she was an important figure in the Star-creation Race, so he would definitely be very strong.

"I can't save him, and going back to that place this time, there will be no chance of me coming out again. Smoke Charming almost sacrificed himself before allowing me out." Long Yue lowered his head and fought back his tears.

Smoke Charming was her little aunt, one of her few relatives. Although she was always cold and filled with killing intent, she was indeed a very emotional person, especially towards family.

"There is no such thing as an absolute certainty!" Chen Xiang said: "In this world, there is no place that can trap me, Chen Xiang!"

"I don't want to hurt you! Forget it, let's go back to the Most Ancient Era. " Long Yue shook his head.

"Tell me first what kind of place it is." Chen Xiang was also very curious.

"Star-creation Race and Hell Clan are both sealed! And now, the Hell Divine Lord had been released, but the Star-creation Race had not! We will pass through the Hell star and go to the place where the Star-creation Race is sealed. " Long Yue said.

"The two of you should have already known." Chen Xiang said, Long Yue's mother was the founder of the Star-creation Race.

"We can roughly guess!" Long Yue sighed: "The reason we are going to the Star-creation Race is also because we want to take the Creation Spirit Stone. It is something extremely important to the Star-creation Race!"

"The Star Creation Stone?" Chen Xiang asked: "Is it important?"

"It's very important, the thing that my mother left behind after she died. Although we don't know the specific function of it, it is currently controlled by the people from the Star-creation Race, and we want it back. We cannot let them use it, otherwise, they will break through the seal one day! If they were to come out, they will be demons stronger than the Crystal-creation Race. " Long Yue was helpless. They had failed, and had lost their Smoke Charming.

"Take me with you!" Chen Xiang said: "You guys can use the power of the World Defying Stage Divine Source inside, right?"

"I can use it, but I'm still not a match for that group of fellows. The strongest aspect of the Star-creation Race is its ability to use incantations, and there are all sorts of powerful killing formations laid everywhere." Long Yue said.

"My master is also very skilled. She is the Heavenly Incantation Master. Right now, she is in closed-door training and will soon come out. If she knows about this, she will definitely be very happy." Chen Xiang laughed: "Don't worry, Smoke Charming will definitely be fine."

"But... Your master's cultivation is not high." Long Yue said.

"Don't say anything. If we don't hurry up, the Smoke Charming might really be dead." Chen Xiang said: "Quickly bring me to her."

Long Yue frowned, and hesitated. She was well aware how terrifying that place was, and he was worried that he would implicate Chen Xiang after entering.

"Are you really sure?" Long Yue asked.

"There really is one!" Chen Xiang nodded with a serious expression.

"Alright, let's go now!" Long Yue finally decided to bring Chen Xiang.

After Chen Xiang bid farewell to the Yellow Heaven Dan Devil, she followed Long Yue and left the Dan Devil City.

Long Yue took out a frisbee and flew high in the sky with Chen Xiang on it.

"Star-creation Race is sealed in hell, and there aren't any dangers along the way. It's just that there's another space inside the seal, and there are many powerful Star-creation Race inside. It's extremely dangerous." Long Yue said.

"Who left the Hell star behind?" Chen Xiang asked.

"I left it behind by the Tao-creation Divine Lord! Through the Hell star, one could enter and exit the seal ... Originally, Tao-creation Divine Lord thought that after sealing them long enough, they would die. Long Yue said, "Before Smoke Charming and I went in, we also thought that they had died. This way, we would be able to quickly find the Star Creation Stone. Who knew ..."

"Before, Hell Divine Lord also said that the fellow from Star-creation Race will die after being sealed. This is truly unexpected." Chen Xiang said.

"There are many killing arrays inside. After Smoke Charming and I entered, we were trapped for a period of time by the killing arrays, and then someone came to find us. The Smoke Charming used all of her strength to break free from the killing arrays, and then block those people, allowing me to escape." As Long Yue said till this point, her face revealed sadness. Although she had a grudge with Smoke Charming, Smoke Charming did not hesitate to save her.

"Don't worry, we will definitely be able to save her." Chen Xiang was extremely confident, because she had already consumed the Congealed Origin Divine Pill and was about to cultivate the World Defying Stage Divine Source.

A Heavenly Incantation Master who cultivated the World Defying Stage Divine Source would definitely be extremely strong.

Furthermore, he still had a Congealing Origin Divine Pill in his hands. As long as he consumed it, he would be able to cultivate the World Defying Stage Divine Source, together with the Doppelgänger mantra, the profoundfeng Mantra and the power to kill Chi Long.

"Smoke Charming blew up two clones!" Long Yue said: "Will this harm her greatly?"

"It won't, at most, make her forget about the Doppelgänger mantra, and she will never be able to control it ever again." Chen Xiang said, "But after eating the Doppelgänger mantra Soul Stone, you will be able to gain a new understanding of the Doppelgänger mantra."

"That's good!" Long Yue heaved a long sigh.

"I have the Doppelgänger mantra Soul Stone with me. My master left it as a backup for me. I had previously destroyed my own clone once." Chen Xiang said with a smile, then told Long Yue about him meeting Golden Fire Arrogant Lord's grandson

She never thought that Chen Xiang would clash with the grandson of the Golden Fire Arrogant Lord so early on. The first time she was only at the peak of the World Defying Stage Legendary Rank and he was even able to escape from people who had cultivated the World Defying Stage Divine Source.

After flying for more than ten days, Chen Xiang and Long Yue arrived above a huge, pitch-black mud pit.

"The Star-creation Race is sealed below!" Long Yue took out a key. If it was made from the fusion of two Hell stars.

### [Chapter 3809](#)

Long Yue held onto the key tightly and looked at Chen Xiang.

Chen Xiang nodded his head, indicating that she could begin, and that Xiao Xianglin had also successfully cultivated the World Defying Stage Divine Source, she was extremely confident in his strength, especially when facing the various incantation killing arrays.

Long Yue used her power to enter the key, only to see the key emitting a golden light, enveloping both of them, and at the same time changing the flying discs to Chen Xiang's Six Realms mirrors.

Xiao Xianglin could directly control the Six Realms mirrors in the You Yao Mountain Villa, so she understood the various arrays within the Six Realms mirrors the best. The Six Realms mirrors could also defend and attack.

After the Six Realms mirrors was wrapped in the golden light released by the key, it started to sink into the quagmire.

Chen Xiang also felt a spatial ripple. They were passing through a spatial barrier towards another dimension.

The inside of the Creator Realm was also a field of white mist. Upon entering, Chen Xiang felt an inexplicable pressure.

"Be careful!" Long Yue frowned: "Although it's empty inside, the Killing Incantation Formation is everywhere!"

There was a flat land below him, and the soil was dark. There were many small black stones, so it was hard to tell.

After landing on the ground, Chen Xiang looked up at the sky. Although it was very bright, there were thick clouds, making him feel like there was an extremely strong killing array up there. It would release a very powerful force.

"Don't move!" Xiao Xianglin suddenly came out from the You Yao Mountain Villa with a stern expression.

"Sister Xiao!" When Long Yue saw Xiao Xianglin, she noticed that Xiao Xianglin's current aura was a little different. This made her secretly shocked, because he had felt a trace of divine origin force just now.

"Xiao Yue, was the place you landed at earlier also here?" Xiao Xianglin asked.

"No!" Long Yue looked around and shook her head: "We have fought in that place before, and there are very obvious marks, but not here."

"Master, are there really many killing formations around here?" Chen Xiang asked.

"A lot. We are now in a killing array!" As Xiao Xianglin spoke, she took out a golden longsword. It seemed to have been refined using the Tao-creation's Holy Crystal.

She tossed out the long sword and accurately stabbed it into a large rock in the distance. It penetrated through the rock and stabbed deeply into the ground.

Afterwards, she took out more than ten of these swords and threw them at the surrounding ten stones.

"It should be enough!" She closed her eyes and saw more than ten golden swords suddenly glow and then burst out with a blinding golden light.

"This killing array has been broken!" Xiao Xianglin smiled slightly: "It won't be difficult for me!"

Chen Xiang and Long Yue were very surprised, because they saw green grass appearing all around them and all the surrounding black stone earth appeared.

"This is what it looks like!" Seeing that Xiao Xianglin was so capable, she couldn't help but feel admiration and secretly rejoice in his heart, because this was more likely to save Smoke Charming.

"Where is the Smoke Charming?" Xiao Xianglin asked.

"I don't know!" Long Yue shook his head.

Xiao Xianglin frowned, and said: "The killing formations here are deliberately laid out by someone, and it requires a large amount of energy, so where did all this energy come from?"

"From the stars!" Long Yue continued, "Within the Star-creation Race, those powerful individuals all have many stars in their bodies ... This is the Smoke Charming. "

"There are quite a few killing formations here, and all of them are extremely powerful. If I were to break a few, they would definitely be able to feel it. When the time comes, they should come over to investigate." Xiao Xianglin said: "As long as someone comes, we will capture them."

"Master, can I fly here using the profoundfeng Mantra?" Chen Xiang asked.

"No, the killing formations here are not the same as normal ones. It's best if you don't even try using illusions, otherwise you will only trigger the killing formations." Xiao Xianglin said, "What you need to do is to wait, wait for the people from the Star-creation Race to come and investigate. After that, I will use the Soul Absorbing Devil Spell on that person and search through his memories."

After saying that, Xiao Xianglin took out an array disc or a few of the Incantation Flags that she had refined.

Chen Xiang and Long Yue were always by Xiao Xianglin's side. If there was any danger, they could help Xiao Xianglin resist for a while.

In just an hour, Xiao Xianglin had broken through more than ten killing arrays, forming many green grasslands.

"Someone's coming!" Xiao Xianglin anxiously said after sensing it.

Chen Xiang and Long Yue immediately looked around, but they could not see anything. This was a flat land with no dense fog, they could see very far away, and if someone came in, they would definitely be able to see it.

"The killing arrays here also have illusory arrays. Every killing array is sealed. If they walk within the array formations, you naturally won't be able to see them." Xiao Xianglin urged: "Chen Xiang, quickly go invisible!"

Chen Xiang immediately used the Counter Power to envelop Xiao Xianglin and his body, while he used the power of the incantation to conceal his Qi.

Not long after, two people suddenly appeared on this patch of green grass.

"So many of our formations have been destroyed!" Is someone coming in? " One of the violet-clothed young men that was holding a disk had a face full of surprise.

"Impossible, the killing array that we set up, even the people that set up it won't be able to easily and quickly break it. At most, we can just avoid triggering it!" We, the Creator, are the strongest existence who can use Curses, even we cannot do it, let alone others. " One of the middle aged man by the side said coldly: "This should be caused by the abnormal sealing of this old bastard from the Tao-creation Divine Lord."

At this time, Long Yue had even more respect for Xiao Xianglin. Star-creation Race using incantations to set up formations was indeed very powerful, but Xiao Xianglin had far surpassed them.

"They can easily take those who can only produce Divine Origin Qi." Xiao Xianglin whispered to Long Yue and Chen Xiang.

Chen Xiang discussed with Long Yue for a while, then took out her Six Realms mirrors and released a strong light that enveloped the two Creator.

When those two were struck by such a strong light, their eyes could not help but tear through it. At the same time, an extremely strong mental attack accompanied with a strong light attack arrived, pouring into his Divine Sense Sea, greatly affecting their mental state.

Long Yue immediately flew over and waved his black blade, cutting the two of them in half. The Six Realms mirrors flew over and floated on top of it, releasing a seal to seal the two of them.

Xiao Xianglin made her final move, and directly used his own origin energy to condense seal incantations, imprinting it onto the bodies of the two people, preventing them from moving. Then, she placed his hands on their heads, channeling her Soul Absorbing Devil Spell to search through their memories.

"Ah... It's Long Yue!" The middle aged man recognized Long Yue and shouted angrily.

"I'm back!" Long Yue laughed coldly, "I will kill all of you."

The two of them were terrified, because the incantation Xiao Xianglin used on them was extremely terrifying, they now knew, the killing formations had been broken by someone!

### [Chapter 3810](#)

"When Long Yue was using the Soul Absorbing Devil Spell to search their memories, the two creators felt incomparable pain. Their faces contorted in pain and they screamed out loud. ≤,

"Can you find any memories?" Chen Xiang asked.

"We've already found them. We need to move quickly. They've found a way to break this barrier." Xiao Xianglin said anxiously, "If they want to use the power from the Smoke Charming's body to break through the barrier, it is extremely possible that the power that caused the Smoke Charming's spirit energy to break out would attack the weakest part of the barrier."

Hearing this, Long Yue became very anxious: "Where are they?"

"Let's go now. I've already grasped these killing arrays from their memories. We can easily cross them." Xiao Xianglin said: "We will go now. The Star-creation Race sealed here had already decided to sacrifice someone who cultivated and produced a World Defying Stage Divine Source. When the Smoke Charming came in later on, they didn't have to make a decision."

"Right now, they are only waiting for the moment when the Spirit Formation is at its weakest to start breaking the formation." Xiao Xianglin walked in front and said: "You must remember the place I stepped on just now. As long as you step in that position, you will not touch the barrier."

In order for Chen Xiang and Long Yue to see it clearly, she would release a light red mist from his feet when he walked, forming a footprint that emitted red light.

Chen Xiang and Long Yue followed her footprints as they walked on the killing array.

Xiao Xianglin left quickly, because the current situation was extremely urgent. If she was too slow, Smoke Charming might have been executed, and she might have been able to break through this seal.

"Star-creation Race has begun!" Xiao Xianglin suddenly shouted.

Chen Xiang and Long Yue also felt the energy wave that suddenly attacked them.

"We have to hurry!" Long Yue was extremely anxious.

"En!" Xiao Xianglin increased her speed.

A moment later, they walked out of the killing formation group and came to a large grassland. In front of them was a large platform. This platform was built using crystals that were filled with energy.

And Smoke Charming was sealed on top of the stage in a transparent crystal!

"The rock at the top is the Star Creation Stone!" Long Yue said softly, at this time, they were already invisible, all the stars around the stage could not see them.

On top of the huge water Spar sealing the Smoke Charming, there was a light blue water Spar. It was extremely small, but it emitted a dazzling light.

"I will rush in to save Smoke Charming! Xiao Yue, you are in charge of defending against the other people who come to attack, Chen Xiang's sneak attack." Xiao Xianglin said.

"Sister Xiao, how about I do it? I have cultivated the World Defying Stage Divine Source, it would be easier to rush in." Long Yue said.

"NO!" That tall platform is filled with spirit formations and spirit formations. As for you, you will not be able to enter. Xiao Xianglin said as she soared into the sky.

There were stars created all around the stage, there were a few who had cultivated World Defying Stage Divine Source, and after Xiao Xianglin's clone, he was not weak, being able to fend them off.

Long Yue also used the Doppelgänger mantra, and two clones appeared beside her.

Xiao Xianglin was the first to rush over, and already attracted the attention of the five strongest stars, causing them to be extremely shocked, because there was actually someone who could enter here unnoticed, and with the many enchantments they had set up, breaking them would not be easy at all.

When they saw Xiao Xianglin's outfit, they knew that it was a woman. They thought that it was Long Yue, but after a closer look, it wasn't!

Xiao Xianglin's two clones flew in other directions, directly throwing out many golden swords. The swords spun in the air, forming a strong killing sword formation.

"It's a sword formation. Be careful!" One of the Creator shouted, immediately throwing out two formation discs to block the attack.

"They will sacrifice this old man!" After Xiao Xianglin saw this scene, she hurriedly brought Smoke Charming and left the stage.

Just as Xiao Xianglin left the stage, a burst of strong energy came out from there. The old man had been killed!

"These fellows are really vicious. They even killed their own companions." said coldly. Just now, after they combined their efforts to kill the old man, they had activated the large formation they had set up a long time ago, and had broken through the spatial barrier.

The high platform was originally built with a large amount of energy crystals, but after the explosion just now, it released a very strong energy.

"Let's go!" An old man from the Star-creation Race shouted as she entered the spatial crack.

Chen Xiang's Six Realms mirrors s flew around everywhere, harvesting the heads of as many Creators as possible. However, there were quite a few Creators here, and they had actually managed to escape for a few hundred!
