

Dan God 491

Chapter 491 The Incomparable Charm of the Lady Emperor

The process of devouring lasted for a very long time. This was also because Chen Xiang's skill and body were not powerful enough. Otherwise, the devouring process would be carried out very fast. Of course, he was currently devouring an expert whose strength was many times stronger than his. It was already good enough that he didn't die from it.

Liu Menger's Frost Wind Divine Art was also very powerful. Otherwise, she would have not frozen a martial artist who was a lot stronger than her. Although the frozen duration would be short and consumed a lot of her True Qi, it gave Chen Xiang a chance to use the Demon Devouring Art.

In the meanwhile, Liu Menger was refining the pure True Qi that Chen Xiang transmitted to her, which allowed her gradually enhance her True Qi. The pure True Qi source was endless, so she could continuously use the Frost Wind Divine Art to freeze the middle-aged man of the Fire God Shrine. Moreover, as Chen Xiang gradually devoured the man's True Qi, his strength had weakened a lot, hence Liu Menger did not need to use too much ice-cold energy to freeze him.

In the blink of an eye, twenty days had passed. Although Chen Xiang was enduring the pain, his physical body and divine sense had both increased by a stage! His Immortal and Demon Body had reached the 19th Stage and his soul was around the age of 19. Very quickly, it would finish the growth phase. By then, he would be able to use the God Traveling in the Nine Heavens Art.

The middle-aged man of the Fire God Shrine had substantial amount of his power being devoured. He became extremely weak and his voice was hoarse. If he knew that Chen Xiang had such a demonic art, he wouldn't have come even if he were coerced. Right now, he could only regret his actions and hated Chen Xiang, but he had no way to break free.

"Kid, even if I die, I will drag you down to hell with me!" The middle-aged man suddenly let out a harsh laugh, causing Chen Xiang's expression to change, because he suddenly felt that more and more power was surging into his body, while the middle-aged man's body was slowly drying up as he became extremely old.

"Haha ...I'll inflate you to death..." The smile on the middle-aged man's face suddenly disappeared. He let out the last wave of True Qi of him with the last words and infilled into Chen Xiang's body.

Chen Xiang roared. Liu Menger was so anxious that her face was covered in tears. She hurriedly hugged Chen Xiang's swollen body that was filled with fresh blood. Both Chen Xiang's physical body and his consciousness were completely filled up. He would explode to die if the tyrannical power was not to be released.

"Hold him tightly ...Then do as I say. Only you can save him now. " Liu Menger, who was at a loss, suddenly heard a melodious and light voice in her mind, which shocked her greatly.

Unable to do anything, she hurriedly asked with her divine sense, "What method?"

"Hold him, shake his hand, and absorb the raging True Qi in his body! I am going to teach you a martial art so that you can absorb the True Qi in his body." Su Meiyao said. Chen Xiang had already lost consciousness. Helpless, she could only communicate with Liu Menger.

Liu Menger have no time to find out who the woman she was talking to. She immediately did as Su Meiyao said. In order to alleviate Chen Xiang's pain, she took the initiative to kiss him and hardly separated his teeth, so that her soft tongue could tangled with his.

Some chants began to emerge in her mind. That was the Tai Chi Divine Art, one that evolved from Tai Chi Subduing Dragon Art, which the first martial art that Chen Xiang practiced. Although it was not as powerful as the Tai Chi Subduing Dragon Art, it was still a divine art. Liu Menger followed the chants and circulated her True Qi to form a suction force that crazily devoured the tyrannical True Qi inside Chen Xiang's body.

Liu Menger could tell from the chant that it was extraordinary. Some of it was as profound as her Frost Wind Divine Art. She was basically certain that it was definitely a divine art!

As power in his body was released, Chen Xiang quickly recovered. He felt that Liu Menger was kissing him, so he took the initiative to cooperate and enjoy the happiness that came after the pain.

Three days later, the middle-aged man's power was basically absorbed by Liu Menger, but now it was her turn to feel pain all over her body, because the middle-aged man's Fire Soul had entered her body, which meant she was about to fuse another Fire Soul.

"Ah ..." Liu Menger shouted, with her face full of pain.

Chen Xiang sighed slightly and hugged Liu Menger in his arms. He could only use the same method Liu Menger used to alleviate her pain. Just like that, the pair of lovebirds tangled together again, painful but happy!

It was not a small matter that Liu Menger fused with another Fire Soul. She already had a Purple Fire Soul, and now she was going to merge with another Purple Fire Soul, so no one knew the result.

During the process of the fusion, Liu Menger's body began to emit purple flames. If Chen Xiang didn't have the Heaven and Earth Flame Soul, he would not have been able to endure it anymore. What made him unable to hold was that the white dress of Liu Menger that was attached by his blood was burnt. The two were both naked and embraced tightly, while kissing each other like being stucked together.

This sort of physical contact was unprecedented for the two of them, especially when the "malevolent part" of Chen Xiang's body touched Liu Menger's sacred and mysterious place that the two of them felt as if they were electrocuted.

"No, not yet!" Liu Menger hurriedly used her divine sense to send a message to Chen Xiang with a pleading tone. At this moment, she was both shy and anxious. This kind of predicament almost made her lose her ability to think, especially as a hard, hot and big thing pressed on her lower body.

"En!" Chen Xiang lightly replied. He and Liu Menger had not claimed their relation yet. Normally, they would just be insinuating each other, but if they were to take another step forward, it wouldn't work. This taboo couldn't be broken no matter what.

Although Chen Xiang promised not to cross the redline, his bad hand slowly touched Liu Menger's waist as he rubbed the jade-like "snow peaks". This time, he didn't touch them outside her clothes. The

wonderful feeling almost made him lose consciousness from excitement. Furthermore, he could not stop. He used both his hands to stroke her snow-white, beautiful breasts greedily.

Liu Menger was extremely shy. However, she did not stop him as she recalled that Chen Xiang had suffered so much before. Instead, she hugged his muscular waist, kissing him while allowing him to play with her proud "snow rabbits" avariciously.

Of course, this made Chen Xiang's evil fire even more intense, making him feel even worse. He really wanted to do everything he could to vent, but right now, Liu Menger was fusing her Fire Soul. If there was any accident on her, he would never forgive himself, so he had to endure it. Such endurance made him feel more painful than he did when he devoured the man's power. It was more suffering.

What made Chen Xiang feel gratified was that he could unscrupulously stroke the pair of her long-loved "rabbits". Sometimes, he would rub them vigorously, and at other times, he would lightly squeeze the pink "lotus seeds" and made Liu Menger to occasionally let out a soft moan.

Three days later, Liu Menger successfully merged the Fire Soul. The first thing she did was quickly put on her clothes. Recalling how Chen Xiang's evil hands had touched her entire body during these three days, her face was burning hot. Her vagina were also repeatedly lifted up by Chen Xiang, causing her to show embarrassment repetitively and her lower body wet, which made Chen Xiang smiled evilly.

"Hurry up and put on your clothes." Liu Menger shouted in a charming voice. Her face flushed with an intoxicating shade of red. ~

Chapter 492 Hand of Slaughter of God

After Chen Xiang put on his clothes, he smiled mischievously as he looked at Liu Menger's beautiful face., while glancing at her slender body, causing Liu Menger to shy and blame him inwardly.

Just as he was about to speak, Liu Menger interrupted him, "Don't mention what just happened!" When she thought about the two of them hugging each other naked while her "jade rabbits" and entire body were being toyed with by Chen Xiang for a long time, Liu Menger face immediately flushed, especially when she thought about how embarrassed she was when Chen Xiang saw her posture who she was being provoked.

Seeing Chen Xiang's naughty smile, Liu Menger said with a snort, "You're not allowed to think about it anymore!"

"You little rascal, you're so bad!" Thinking about Chen Xiang's two big hands moving around her beautiful body, Liu Menger stomped her feet and spat in a low voice, "I knew that when I was with you, I would always be bullied by you!"

Chen Xiang laughed and said, "Sister Menger, didn't you just enjoy a lot as well?"

With that word, he brought Liu Menger over. Liu Menger struggled for a moment before sighing helplessly. She lightly punched Chen Xiang then leaning into his embrace and whispering, "little rascal, how are you right now? Are there any problems within your body?"

Chen Xiang had channelled so much power into her body, which made her very worried. She felt that she couldn't handle the power herself, let alone Chen Xiang.

“It’s nothing. What about you, sister Menger? You are supposed to be much better now!” Chen Xiang gently caressed Liu Menger’s back as he recalled the three days that had passed between him and Liu Menger, causing his heart to ripple. Although nothing sexual happened, it still gave him an endless aftertaste of what had happened, especially the perfect body of Liu Menger. His heartbeat would accelerate as he thought of that.

Feeling Chen Xiang’s heartbeat quicken, Liu Menger pursed her lips and snorted, “Thank you for letting me have such a great harvest. My Fire Soul has increased by a lot, so as my strength. I think I will soon start to endure the Eighth Nirvana Tribulation!”

That was a man who passed the Eighth Nirvana Tribulation whose strength was devoured. The dense force had entered Liu Menger’s body and was refined by her. Liu Menger was also a person who had just passed the Seventh Nirvana Tribulation, and even she couldn’t believe this speed of improvement. Under normal circumstances, it would take at least a thousand years to achieve the exact level!

Chen Xiang evilly smiled, “There’s no need to be courteous; my harvest is also very great ...Haha.”

“Hmph!” Liu Menger’s face flushed red as she stepped on Chen Xiang.

The middle-aged man of Fire God Shrine had already turned into a mummy. Liu Menger had released a flame to burn the corpse. If the Fire God Shrine knew about this, then it would be quite troublesome for them.

After what had happened before, Chen Xiang and Liu Menger became even closer. Chen Xiang knew that there would be a second time after the first occurrence, and when he thought about how he would be able to enjoy the charm of this peerless lady emperor in the future, he became excited inwardly.

“Why aren’t you getting the White Tiger Divine Weapon? What are you thinking about?” Liu Menger resentfully looked at Chen Xiang. Her face was flushed as she let out a light breath. She knew that she was destined to be Chen Xiang’s person in this life. It tormented her a lot once she thought that she had to face Xue Xianxian and Leng Youlan.

Chen Xiang walked over and released his White Tiger True Qi. With a palm strike, he shattered the crystal box and dripped some blood on the white tiger gloves. A golden-white light exploded and entered Chen Xiang’s arms before disappearing.

“Haha ...” Chen Xiang laughed aloud. As he worked his mind, that pair of white tiger gloves appeared on his hands. He could feel the power of the Hand of God of Slaughter. He threw a punch at the forest in the distance, not using his True Qi, but there was still an extremely strong fist wind that ferociously blew out. In the blink of an eye, waves of huge trees in the forest fell down.

It was so formidable even without True Qi, then what would happen if he used? If it was coupled with the Azure Dragon Subduing Demon Slayer, his strength would be even more unimaginable. Right now, he was itching to try it out!

“Little rascal, do you often use that kind of martial art to devour people?” Liu Menger asked. She knew that it would be very harmful if he did it frequently.

Chen Xiang was very happy. After fusing the gloves into his flesh, he came to Liu Menger and smiled, "don't worry, I don't use them often now. Besides, I was very particular when I devoured them. I had no other choice at previous times!"

Thinking about the life-dangerous situation before, Liu Menger hugged Chen Xiang and leaned on his chest, "You have to be careful in the future. Don't let something like this happen again. I'm already worried to death."

Chen Xiang kissed Liu Menger's cherry lips, while his evil hands attacked Liu Menger's chest. This caused Liu Menger to curse as she chased after Chen Xiang. The two of them were playing with each other, but in the end, they still hugged and looked at each other affectionately, just as they were about to kissing.

"Cough, cough ..." The White Tiger suddenly appeared.

Chen Xiang cursed in his heart, "Damned big white cat, it doesn't appear when it should, but it appear when it shouldn't!"

Being discovered that they were intimate, Liu Menger's face flushed with embarrassment. This was the first time someone had seen her and Chen Xiang do this kind of intimate action.

"Hehe, you guys seemed to have encountered some danger earlier, but it seems like you've already solved it all!" White Tiger laughed.

"Senior God of War, can you send me out, all of the people in this place?" Chen Xiang asked. He deliberately stressed on the words God of War, obviously to mock the White Tiger.

White Tiger grunted, "Kid, don't think you are invincible just because you win me. In that state, I indeed cannot use my full strength. Wait until you grow to my level, then you can come and have a real fight with me!"

"I didn't establish this White Tiger Profound Realm. After you obtained the Azure Dragon Subduing Demon Slayer and the Black Tortoise Armament Armor, you should know that the Four Symbols Divine Weapons are all in Profound Realms. Someone intentionally placed them in these profound realms and even modified those realms."

"Of course I know, but I don't think you'll tell me about that person who did it." Chen Xiang said. He guessed that this person had created a path to the Core of Earth in the Abyss. This person is truly mysterious and ruthless.

The White Tiger mysteriously smiled and looked at Liu Menger, "You will definitely know in the future, and this person will definitely surprise you!"

Chen Xiang was shocked, "Do I know that person?"

"No, but I can guarantee that you will be very surprised when you find out who he is." White Tiger laughed.

"Hmph, purposefully leaving a suspense." Chen Xiang crossed his arms in front of his chest and curled his lips.

“Senior White Tiger, can you send us out? Or do we have to wait until the big whirlpool opens that we can leave?” Could it be that Liu Menger was in a hurry to go back and cultivate, stabilize her cultivation, and then prepare for her tribulation?

“Of course I can. Even though this Profound Realm wasn’t established by me, I can open a path at any time.” As the White Tiger spoke, it raised both its arms high up in the air. The entire White Tiger Profound Realm was suddenly filled with the power of space, and the White Tiger Profound Realm started to tremble slightly.

Chapter 493 A Sore Secret

Sensing that the White Tiger Profound Realm was trembling, everyone inside immediately raised head to look in the direction of the spatial energy. They saw that a huge black whirlpool suddenly appeared in the sky, right in the middle of the Profound Realm.

“If anyone dare to interrupt me cultivation, I will make sure he stays here forever. There won’t be any exception!” The White Tiger let out a furious roar and at the same time, it released a threatening pressure from its body with a thick killing intent that enveloped the entire White Tiger Profound Realm.

Those Nirvana Realm practitioners were promptly astonished. They knew that there was a very strong fellow concealed within the Profound Realm. Because they were at the Profound Realm, no matter how strong the people inside were, they would not be sucked into the Heavenly Realm. Therefore, they immediately thought that strength of the person who had spoken earlier had already far exceeded the peak of the Mortal Realm. Such a fellow was not someone they could challenge.

Very quickly, Chen Xiang and Liu Menger saw a large group of people suddenly leaping into the sky and flying towards the spatial whirlpool.

“Can I come back in the future?” Chen Xiang asked. After all, Bai Zhenzhen was still here. They had been staying together for a period of time and had developed feelings for each other.

“Come in if you can! I won’t drive you away.” White Tiger said with a smile.

Liu Menger released the Jade Lotus Frisbee and Chen Xiang jumped onto it. The two of them bid farewell to the White Tiger and flew up.

After reaching the top, Chen Xiang suddenly saw Gu Dongchen flying towards him. The current Gu Dongchen was no longer that handsome and elegant headmaster. Instead, he was like a beggar on the street. His body was dirty and his hair disheveled. His face was covered in black mud, while his tattered clothes emitted a foul stench!

"Junior master, you ...how come you are with her! " Gu Dongchen immediately shouted when he saw Liu Menger’s Jade Lotus Frisbee.

“Little kid, how did you become like this?” Chen Xiang covered his nose and asked with a frown.

“It is all because I was looking for you, you bastard? I’ve searched for you for days and nights without stopping, but you are actually with this woman ...” Gu Dongchen was so angry that his heart was about to explode. He knew about the secrete relation between Chen Xiang and Liu Menger. Thinking about how Chen Xiang was together with such a beauty during the past few days, he almost vomited blood.

Gu Dongchen was worried that Chen Xiang would die in the devil storm. If so, how could he face Huang Jintian? That was why he had desperately searched for him!

"Sister Menger, let's go! Just ignore him. He stinks!" Chen Xiang laughed heartily, causing Gu Dongchen to roar in anger.

Liu Menger activated the Jade Lotus Frisbee and flew into the huge black door in the sky. Then, she appeared on the surface of the sea.

"Brother Gu, your junior master really have a good luck with women! Now, he must have a relation with Liu Menger. You were striving to find him for those days, but he was with Liu Menger, haha" Even though Lian Yingxiao said so, he was very jealous of Chen Xiang. He was also a romantic person and had many women, but there were no women at Liu Menger's level. He felt that a strong woman like Liu Menger was much stronger than his hundreds.

Gu Dongchen snorted coldly, "He's my junior master after all, the disciple of that old lunatic. He definitely has some tricks."

Lian Yingxiao shook his head and smiled. With a wave of his hand, he released a ball of water that washed Gu Dongchen clean, then they flew away from the White Tiger Profound Realm.

The martial artists who entered the realm were all futile, especially the ones who found mineral veins there. Under the might of the White Tiger, they had no choice but to leave. After all, it was not their territory. Although they found a crystal mine, it was still not theirs.

Of course, Chen Xiang and Liu Menger were the ones who benefited the most.

"Little rascal, don't come looking for me in this period of time, you know." Liu Menger said in a low voice as she squeezed his arm.

Chen Xiang took out the Treasure Refining Manual and smiled, "this is what I promised you. Take it!"

Liu Menger hurriedly received it and immediately flipped open a few pages. When she saw the contents inside, her beautiful eyes flashed with all sorts of ecstasy. She didn't even know that Chen Xiang's hands had landed on her chest.

Feeling her chest being attacked, Liu Menger finally reacted. She quickly patted Chen Xiang's head, "Little rascal, what if others see us? Take your hands back!"

Liu Menger put away the Treasure Refining Manual. It wouldn't be too late for her to take a look at it in the future.

She was also extremely curious about Chen Xiang's situation. Especially when Su Meiyao secretly sent her a voice transmission, she even taught her a powerful cultivation method that benefited her greatly.

Knowing that Chen Xiang had a mysterious and powerful woman with him, Liu Menger secretly felt jealous. She didn't ask Chen Xiang about Su Meiyao. She guessed that it was Chen Xiang's greatest secret.

Looking at the naughty smile on Chen Xiang's handsome face, Liu Menger knew that Chen Xiang would definitely have quite a few women by his side. As for this, she could only accept it.

“Tell me when you’re going to transcend the tribulation. I’ll do my best to help you!” Chen Xiang laughed as he stroked Liu Menger’s jade-like hand.

Feeling that someone was approaching, Liu Menger quickly let go of Chen Xiang’s hand. She saw Gu Dongchen riding on a Frisbee and coming here. Even Lian Yingxiao was on it.

“Follow him back to the Extreme Martial Sect!” Liu Menger said reluctantly. Although Chen Xiang was always mean to her, she really wanted to be with him.

Chen Xiang jumped onto Gu Dongchen’s Frisbee and waved goodbye to Liu Menger.

After she flew away, Chen Xiang let out a sigh and sat down.

“Junior master, how close are you with her right now” Gu Dongchen asked in a smile.

Lian Yingxiao was also curious. When men and men were together, there was no avoiding this topic.

“Get away, what does this have to do with you?” Chen Xiang was also cautious about it. He knew that Lian Yingxiao and Gu Dongchen wouldn’t reveal it. If they did, it would only increase a little pressure on Liu Menger, while he, Chen Xiang, would only be envied by others.

“Chen Xiang, my daughters have always wanted to meet you...I am wondering...”

“Forget it, I don’t want to call you father-in-law.” Chen Xiang spread out his hands and smiled.

“Sigh, no wonder. With a woman like Liu Menger, there aren’t many people that you would like to eye on.” Lian Yingxiao sighed. He pursued Liu Menger for many years, only made her mad in the end, after which Liu Menger kept not speaking to him.

Chen Xiang asked, “Senior Lian, is Lian Mingdong your son?”

Lian Mingdong’s identity has always piqued Chen Xiang’s curiosity. He always felt that Lian Mingdong was not simple; moreover, he was very similar to Lian Yingxiao.

"Yes, he is my son, but he hates me. Sigh, it’s all my fault for not taking good care of his mother, resulting in her murder. Thus, he left the Lotus Island at a very young age. "

“What, Lian Mingdong is your son? This brat came to the Extreme Martial Sect very early on. He is much better in every aspect than your other arrogant sons. Now that I think about it, he does look like you. However, he is not as romantic as you. It seems like he doesn’t even have a woman.”

Gu Dongchen was thoroughly surprised. Lian Mingdong was also from the top-end martial academy. As the dean of the top-end martial academy, Gu Dongchen knew the disciples inside very well and had trained them well.

Chapter 494 The Power of Creation (Part I)

Lian Yingxiao sighed and frowned.

"Mingdong had been with his mother since he was young. He lives in a humble life and his talent is outstanding. It’s just that he hated me, so he decided to refute my material support and left the family. I also know that his is in the Extreme Martial Sect. It pleases me a lot to know that he lives well there.”

Regarding Lian Mingdong, Lian Yingxiao flew away from the Frisbee with a deep consideration.

Chen Xiang felt that this matter was not simple. However, since that was someone else's family matter, he did not want to ask more this.

After returning to the Extreme Martial Sect, Chen Xiang quickly returned to the Tai Dan King Hall to see if Wu Qianqian had returned, but he still couldn't find her. He hadn't seen the number one beauty of the Extreme Martial Sect for a long time.

Chen Xiang only wanted to give some ingredients to Wu Qianqian to refine Dan. This would not only help Wu Qianqian improve her Dan refining skills, but he would not need to do so himself.

"It seems now that Liu Menger is about to undergoing her tribulation very soon. I taught her the Tai Chi Divine Technique, so she will definitely improve faster. Therefore, you better prepare some Huanming Dan for her." Su Meiyao said. Liu Menger taught Chen Xiang her Frost Wind Divine Technique, allowing Bai Youyou to benefit greatly. She didn't need to cultivate the Relentless Demon Art to become stronger, so the two sisters was very grateful towards Liu Menger in this area.

"What? You taught the Tai Chi Divine Technique to sister Menger?" Chen Xiang cried out in alarm because he didn't know about this matter.

"At that time, you were delirious and your body almost exploded to death. That was why I gave her the Tai Chi Divine Technique so that she could use it to rapidly absorb the undigestible power within your body! Besides, I am also thanking her for her Frost Wind Divine Technique, which relived my senior sister long-time troubles." Su Meiyao said. If possible, she wanted to make friends with a woman like Liu Menger right now. However, she would definitely have plenty of opportunities in the future.

"If you have the time, just teach her the Icy Soul Devil Dominance to her. Consider it my thanks." Bai Youyou said.

Due to Su Meiyao and Bai Youyou's impart powerful martial arts, as well as Huang Jintian's Tai Chi Dragon Subduing Technique and Long Xueyi's Supreme Dragon Martial Art, he didn't know the value of the sacred art and didn't have any knowledge of its value. However, Su Meiyao and Bai Youyou were very clear on the fact that the sacred art was not easy to come by.

"Anyway, she's already your woman. There's nothing for us to worry about!" Su Meiyao smiled in a meaning. Everything that happened between Liu Menger and Chen Xiang was seen by Su Meiyao and Bai Youyou because they were hidden on top of the mysterious ring.

Chen Xiang laughed, "You guys are really bad. You peek at us to be intimate with each other!"

"Little rascal, I did quite a bit of work for you to take advantage of her." Su Meiyao coquettishly snorted.

"Hehe, it'll be great if you let me take advantage of you as well." Chen Xiang laughed in a bad smile. After that, he began to imagine. Bai Youyou and Su Meiyao were as beautiful as Liu Menger. Beside, each of them had her own characteristics. When he thought about the three noble beauties being carried in his arms, his breath became quicker.

"Don't let your imagination run wild!" Bai Youyou shouted at him in a serious tone. How could she not know about Chen Xiang was thinking of?

“Hurry up and try out the Dragon Saliva that you have condensed. It will definitely be different from before!”

After hearing Bai Youyou’s words, Chen Xiang recalled that he now had the Heaven and Earth Fire Soul. After using the Dragon Saliva Technique, it would definitely be different. Previously, it was precisely because of the Heaven Fire Soul that he was able to condense the even more powerful Golden Dragon Saliva.

No one knew what would happen until Chen Xiang tried it out!

Chen Xiang took a bath and sat on the bed. He started to circulate the Dragon Saliva Technique while simultaneously sensing the Heaven and Earth Fire Soul in his body.

After the Fire Soul entered one’s bones, blood, and soul, it caused one’s flesh and blood to contain a type of very small flame particles. By absorbing Spirit Qi, these particles would strengthen!

The particles in Chen Xiang’s Heaven Fire Soul were able to release life force, which allowed Chen Xiang to extract life energy from those weak particles to condense the Golden Dragon Saliva as he coordinated it with his Dragon Saliva Technique.

The Heaven Fire Soul came from the blazing sun. The energy released by the sun could give birth to all sorts of life forms, but what about the Heaven Fire Soul?

“What is this?” Chen Xiang quickly saw the tiny particles of the Heaven and Earth Fire Soul. What shocked him was that the particles contained a lot of energy that emitted white rays.

These energies did not grow stronger by absorbing True Qi, but strengthening on themselves!

In order to see more clearly, he focused on observing. Soon, he understood why the white energy could be strengthen spontaneously. This made his breathing quicken with excitement.

The white energy was magical. It could split spontaneously into two energy particles of the same mass. After that, the particles could re-unit, then re-split and re-unit, and become stronger. Sometimes, they could even split into multiple energy particles, then fuse and become stronger.

"This is self-creation! This is the Power of Creation! To created out of thin air!" Chen Xiang was stunned. He immediately told Su Meiyao and Bai Youyou about his discovery.

When they found out, they were also shocked.

"It seems that your Heaven and Earth Fire Soul contains the power of creation. Even without Spirit Qi, your fire soul will also gradually become stronger and create Spirit Qi. However, right now it has only just been formed and its creation speed is limited. If it becomes faster in the future, then you will get endless powers." Su Meiyao said.

“If you use this power of creation to condense Dragon Saliva, the elixir will definitely grow very fast!” Bai Youyou said. Chen Xiang’s progress made her feel extremely gratified.

"The power of creation might be able to make a leaf grow into a tree, or even produce spirit fruits from a few seeds, so it would not be necessary to plant a tree." Su Meiyao said.

Chen Xiang could not wait making a move. He immediately circulated the Dragon Saliva Technique to extract the power of creation. In just two hours, his mouth was already full of this power of creation, and he didn't feel like he was going to use it up at all!

He vomited the power of creation into a bottle, making it at least half full.

"Now let's see how magical it is!" Chen Xiang was filled with anticipation as he placed the half bottle of power of creation into the ring, allowing Su Meiyao and Bai You to try it out in the medicinal garden inside the ring.

The power of creation was like clear water, devoid of aura or luster. If Chen Xiang had not condensed it, Bai Youyou and Su Meiyao would have thought that it was only half a bottle of clear water.

"Why don't you try using the Green Profound Fruit!" Su Meiyao said as she handed the half bottle of power of creation and a Green Profound Fruit to Chen Xiang.

Chen Xiang cut the Green Profound Fruit into eight pieces and dripped a drop on top of each of the pieces. After waiting for a moment, the small piece of Green Profound Fruit flesh was instantly wrapped in a white light.

The white light slowly grew larger, becoming the size of a head. When the white light disappeared, Chen Xiang was astonished, while Su Meiyao and Bai Youyou were also stunned!

Green Profound Fruit was only the size of a fist, but the Green Profound Fruit on the table was like a huge watermelon glowing with green light. It could be told from the rich Spirit Qi that this Green Profound Fruit was in an extremely high quality.

"This ...This is just a drop!" Just a single drop was enough to turn a small piece of Green Profound Fruit into a complete fruit, and it was even as big as a watermelon.

Chapter 495 The Power of Creation (Part II)

Chen Xiang was every happy. Bai Youyou and Su Meiyao were also extremely excited inside the ring!

"I don't need to plant that kind of damed trees any more in the future, I can just use this thing to make a lot of the fruits!" Chen Xiang laughed loudly as he hurriedly gave the watermelon-sized Green Profound Fruit to Long Xueyi, causing her to laugh out loud in excitement.

Chen Xiang dripped another drop, quickly turning a small piece of fruit into a watermelon sized Green Profound Fruit. This time, he placed the Green Profound Fruit into his ring, for Su Meiyao and Bai Youyou to appraise its quality.

"I wonder if there is such an effect on the Ling Dan?" Once Chen Xiang thought of this, he immediately went to do it. He cut open a Zhenyuan Dan and dripped a drop of the power of creation into it. However, he waited for a long time without any reaction.

"I don't think so. Your Dan doesn't have life force! But the Green Profound Fruit has that, which is why it can be created." Su Meiyao said, "The quality of that Green Profound Fruit is very good, it's equivalent to ten Green Profound Fruits!"

Chen Xiang asked Su Meiyao to take out a little bit of Soul Retrieving Herb that only in the size of a fingernail. He dripped a drop of power of creation onto it. Not long later, the small piece of Soul Retrieving Herb was surrounded by white lights, and after the white lights disappeared, the small piece of grass was only slightly larger.

“This is indeed an upper rank Earth Level Elixir. It grows up too slow!” Chen Xiang was a little disappointed, but that was within reason. Following that, he dropped all the small bottle of power of creation onto the small herb.

It didn't take long for the fingernail-sized herb to grow to as big as a finger.

“Another half of the bottle should be able to transform it into a complete and mature Soul Retrieving Herb.” Su Meiyao said in excitement. This was much faster than using the grass seeds to plant. According to the speed at which Chen Xiang condensed the power of creation, he could get one Soul Retrieving Herb within four hours. In the past, it would take a pretty long time to grow.

Following that, Chen Xiang not only tried the Soul Retrieving Herb, but also the Nine Element Flowers and White Jade Lotus Seed. This time, he tried a different method. He split the White Jade Lotus Seed in half and then using half of a bottle of power of creation on top of it. This way, the power of creation could make White Jade Lotus Seed to create another half of itself spontaneously.

It was the same with the Nine Element Flowers. This way, he didn't need to spend too much time growing more trees then waiting for them to mature. Now, all he needed to do was to create fruits straightly!

It required an actual body to create something. It could be a small piece or a half!

After a day, Chen Xiang was able to prepare two medicinal ingredients of Life Retrieving Dan. This method was so efficient. If the Dan alchemists of the Heavenly Realm were to find out about it, Chen Xiang would definitely be in a great trouble.

“No matter how you do it, you can chop some medicinal herbs into pieces, then dilute the power of creation into water and use it to water the medicinal herbs. Very quickly, the medicinal herbs will become complete, then you can chop them into pieces water them again...”

As Su Meiyao said this, she was so excited that she took a deep breath!

The power of creation was self-division, then fusion, and division and fusion again, in a cycle that circulated endlessly. It was the same principle as creating a batch of medicinal herbs

This was the power of creation within the universe!

“Haha ...” Chen Xiang laughed maniacally. As long as he obtained a set of precious medicinal ingredients, he would be able to duplicate them in bulk. He would definitely be able to make a lot of benefit in a world where Dan was so scarce.

In just five days, Chen Xiang already had prepared ten servings of Life Retrieving Dan. This made him want to find Liu Menger immediately, but he knew that he couldn't interrupt her cultivation.

Of course, it was not that he had nothing to do; he had plenty of things to busy himself with. He had promised Elder Dan that he would be able to refine a low rank Earth Level Dan within three years and compete with him!

Now he began to refine a middle rank Profound Level Dan. Previously, he had obtained a Spring Garden Fruit Tree and some Pure Essence Fruits from the Evil Demon Profound Realm in the King's Continent, which could be used to refine Pure Essence Golden Dan. The Pure Essence Golden Dan was a kind of pellet that could help people quickly increase their True Qi. It was suitable for a Ninth or Ultimate Stage Genuine Martial Realm artist to consume.

According to Chen Xiang's knowledge, the Pure Essence Golden Dan was also rare in the market and its price was very high. One pill was worth two to three million crystals. However, even if one had crystals, it was hard to find and buy one.

The Pure Essence Golden Dan was not only a rare ingredient, but it was also very difficult to refine. The main ingredients included fruits and leaves of Pure Essence Fruit Trees, as well as some yearly supplementary medicines.

The Pure Essence Fruit was a very special spirit fruit. As long as it was stimulated, it would explode. Therefore, when refining, one needed to use a very mild flame. Even so, it would accidentally explode anyway.

As Chen Xiang obtained the Pure Essence Fruit Tree, Su Mei Yao had already plucked the leaves and fruits. She divided them into portions so that Chen Xiang could refine them faster.

"This kind of Dan is much better than the Five Elements True Essence Dan. After all, it's a middle rank Profound Level Dan! In the world of Dan, one rank difference means a huge gap. Although only two main medicinal ingredients were needed, they were extremely difficult to find. Moreover, once they were stimulated, those Pure Essence Fruits would also be destroyed. Last time a number of Pure Essence Fruits were destroyed when you brought here a whole tree." Su Meiyao said.

If those Dan refiners had so many Pure Essence Fruits destroyed by Chen Xiang, their hearts would ache a lot. However, Chen Xiang did not care at all. As long as he had a few days, he would be able to make a whole bunch of them. He could even use the Pure Essence Fruit as an explosive pill to attack others.

"As long as I can refine a few types of low rank Earth Level Dan, I will be able to compete with Elder Dan! At that time I should be able to see how she looks like. I've been curious for a long time!" Chen Xiang said. Of course, what he was most worried about was Elder Dan's safety in the Nirvana Tribulation. He already considered Elder Dan as his good friend, so he decided to meet Elder Dan and give her some medicinal ingredients of Life Retrieving Dan.

Chen Xiang took out the Flame Dragon Treasure Furnace and sighed with emotion. He knew that once he obtained the Heaven and Earth Fire Soul, he would be able to refine the pills even faster, especially as he burned and refined those stubborn medicinal ingredients.

Chen Xiang's Dan refining skills were not learnable to anyone. Now that he was gradually getting used to using magic power to refine, which was much easier to use divine sense. For example, his magic power could easily squeeze those tyrannical Spirit Qi.

He carefully placed the medicinal ingredients needed to refine the Pure Essence Golden Dan into the Flame Dragon Treasure Furnace, then infilled flames into it. After that, a muffled bang was generated.

“It exploded just like that?” Chen Xiang’s flame was already very gentle, but before he could even take a practice, the Pure Essence Fruit exploded and blew up all the other herbs.

“I told you. It seems like your refining method is not good enough. You need to react faster. In the future, there will be more medicinal herbs of this type.” Su Meiyao said.

Chen Xiang nodded his head and continued. Just now, he was already familiar with the characteristics of the Pure Essence Fruit, so he could refine it more accurately the second time.

Chapter 496 The Pure Essence Golden Dan

Inside the secret room, Chen Xiang’s Dan furnace started trembling with a loud bang.

“It is the damned fifth time!” Chen Xiang laid on the ground. His forehead drenched in sweat. This was the first time he had failed so many times in his practice. This Pure Essence Golden Dan was indeed very difficult to refine.

This kind of spiritual energy consumption caused his head to sink. He closed his eyes and rested for a moment, thinking about the reason for his failure.

“Damned, it’s all because of those leaves. Why are the same leaves with different natures? Some of them are stubborn enough to burn with fire, while others are gentle enough that they would disappear by accident. Moreover, once they disappear, the Dan furnace will be in chaos and detonated the Pure Essence Fruits.” Chen Xiang’s head was extremely big. There were at least a few dozen of leaves, each of which was different in size. It was equivalent to dozens of different types of spiritual medicines, either very stubborn or very fragile.

Coupled with the supplementary medicinal herbs, it was equivalent to refining sixty to seventy different medicinal herbs at the same time. This made Chen Xiang extremely frustrated.

“These leaves are all the same in the beginning, but after being incinerated by the flames, all kinds of changes will occur. Don’t look down on these leaves. They would not have been the main herbs without such variations! You have to grasp the nature of each leaf as soon as those leaves mutate. You have to remember it well in order to properly refine it.” Su Meiyao said.

These leaves were not mutating simultaneously. Some of them were faster, while others were slower. You would not grasp it if any tiny accident occurred. It seems like all of the leaves mutated in one instant, but they did not mutate in the same instant, because there was a very weak time gap between them.

Therefore, Chen Xiang had to remember the properties of dozens of leaves in half an instant and then quickly refine them. According to the results of the refining, he had to hastily adjust them in half an instant before attempting to refine them again.

“Dan refiners at the Level of King of Dan can split a moment into two hours. Even though it is only a moment, in the eyes of the Dan Kings, it is as slow as two hours, so they have enough time to refine it!

You should know that refining methods requires a very high level of mastery of time. Sometimes, you will be defeated in less than half an hour!”

“You must know, the Heavenly Grade Dan refined by the King of Dan can only be obtained once in a thousand years, so they must not fail!”

The time was short, but if his perception was very keen and he took fast lapsing time very slowly, he didn’t have to fail due to short of time.

It was just like when the enemy was punching quickly, if one had strong eyesight and divine sense, he could slow down the enemy’s fast fists and then dodge or block them.

Chen Xiang now understood that refining a higher level Dan did not rely on multiple failures to successfully refine it. Rather, it required other aspects of improvement.

After resting well, Chen Xiang continued refining the Pure Essence Golden Dan. This time, he had to focus on the moment when the leaves changed. He had to slow down that moment so that he would be able to know every leaf thoroughly before properly refining it.

To do this, Chen Xiang’s observation ability needed to be faster and more accurate!

After ten times, Chen Xiang had already made a breakthrough and was able to “slow down” his cultivation. However, he still used up a lot of his spirit energy. Now, he knew why he needed to refine higher level Dan to increase his strength.

Even though he was a cultivator of the Divine Path and had a powerful divine sense, he still couldn’t handle it.

“This time, I must cross that threshold!” Chen Xiang rested for an entire day in put himself in a peak condition. The last time he failed, he was only failing on getting aware of the property of one leaf.

He still had some Pure Essence Fruits and leaves, enough for him to try a few more times. If he still wasn’t successful, he could only wait a few more days and plant more before refining them.

After a short moment, Chen Xiang let out a sigh of relief. He finally stepped past the rock that was obstructing his path to success. Right now, he could hold onto those dozens of leaves with different characteristics and begin the correct training.

Difficulties were overcome bit by bit, and success was accumulated through continuous failures. Even though he hadn’t succeeded yet, Chen Xiang felt very excited because he had stepped over a hurdle.

Very soon, it was time to condense and form Dan, which was also the most difficult time in a refining process. He had to continuously refine, adjust the wrong me, practice again, and adjust again ...

The exchange was extremely intense, and was going on and on until the formation was successful!

If he did not use his magic power to supplement the formation process, he would not have enough divine sense right now because he had consumed a lot in the previous refining steps.

Even though using magic power could reduce the burden on his divine sense, he was still drenched in sweat and had a splitting headache. Fortunately, he had already gotten used to refining other Dan earlier, otherwise he would have gone crazy.

Chen Xiang's forehead was full of veins. The muscles on his face started to twitch, and the Flame Dragon Furnace trembled crazily. This was the critical moment for the Core Formation!

After a short moment, Chen Xiang's pale face reddened. He, who was tensed up, relaxed, while Dan stopped shaking. Although he failed twenty times, it only took him a few days to successfully refine the Pure Essence Golden Pill.

"It's finally done!" He opened the lid of the Dan furnace and saw four glittering Dan inside. Those were the Pure Essence Golden Dan!

Even though it was only four pills, its effects were much better than 40 Five Elements True Essence Dan!

"One more than that recorded in the book. I feel that when I familiarize myself with it, I should be able to produce five in one go." Chen Xiang gave two Pure Essence Golden Dan to Su Meiyao and Bai Youyou, and reserved one for Long Xueyi.

"Superior quality! When many alchemists learn to refine new pills, they will reduce the quantity and quality of the Dan they refine to the lowest level to guarantee success, then improve quality and yield after familiarizing themselves with the process." Su Meiyao said.

Chen Xiang, on the other hand, had already decided from the start that he wanted to refine superior quality and large amounts of Dan, which was the exact opposite of what many alchemists wanted.

"It seems that I need to refine more of this kind of Dan. Once my cultivation stabilizes, I can take them. Other people can also take them to improve quickly!" Chen Xiang began to plan.

If it was before, he might have to plant trees first, but now he only needed to chop the Pure Yuan Leaves and Fruits into minced pieces and then use the power of creation liquid to water them.

Next, he would begin to condense and create the divine liquid. This was the name he had given to such a magical item!

"Make it more, so I can sell it to those green hands and make a huge profit." Right now, he was the one who possessed over a billion crystals. However, he was still insignificant in the eyes of those headmasters.

Chapter 497 Assistance From Outside the Heaven

In order to solidify his foundation, Chen Xiang needed to stay at the early phase of Spiritual Martial Realm for a period of time. When he felt that it was about the proper time, he could immediately level up.

He gathered a large amount of power of creation liquid and passed it to Su Meiyao, allowing her and Bai Youyou to create a large amount of Pure Essence fruit and leaves in the ring.

After a few days, Chen Xiang already had a large amount of medicinal ingredients to refine the Pure Essence Golden Dan. Right now, he was continuously refining Dan, one reason of which was to help him

consolidate the foundation for refining the middle grade Profound Rank Dan, and the other was to obtain a large amount of Pure Essence Golden Dan. Either he took it or sold to others, he would definitely benefit a lot from it.

Straightly, Chen Xiang had already refined the Pure Essence Golden Dan for more than two months, and he had even locked himself in the secret room while laid down a barrier to isolate the sound from the outside, allowing him to refine Dan in peace, because he wanted to take advantage of the opportunity to refine the Pure Essence Golden Dan to familiarize himself with the technique of “slowing down” time.

This was not only useful for refining pills, but also brought great benefits during battles, especially when he met those who made quick moves.

“A thousand Pure Essence Golden Dan should be enough for a very long time!” Chen Xiang looked at the baskets of golden pills, his eyes stinging from the golden light. Only a prodigy like him would be able to refine the precious Dan in baskets after baskets.

“You do have made a great progress. It seems that you have already gotten used to and mastered higher level Dan refining techniques, especially observing those high-speed changes.” Su Meiyao said. Chen Xiang’s rapid progress made her gasp in amazement, but she was already used to it.

Chen Xiang stretched lazily and said with a smile, “Sister Meiyao, I’m really tired right now, why don’t you help me wash up?”

“No way, don’t even think about it.” Su Meiyao coquettishly said.

He took a hot bath and flirted with Su Meiyao before lying on the soft bed and having a good sleep.

The next day, Chen Xiang who was having a beautiful dream suddenly heard someone call out to him.

“Chen Xiang ...Chen Xiang ...”

Chen Xiang immediately opened his eyes, because this was Wu Qianqian’s voice. Her return did make him happy. After all, she was very beautiful. Even without the noble postures like that of Liu Menger or Hua Xiangyue, her looking and body were pretty attractive.

“Qianqian, I missed you so much!” Chen Xiang grinned as he opened the door.

Wu Qianqian giggled as a sweet smile appeared on her beautiful face, “you really miss me?”

Chen Xiang welcomed Wu Qianqian into the living room and asked, “Qianqian, where have you been? I can’t even find you!”

“I have gone into a closed-door training. It was Elder Dan who arranged it. However, no matter how hard I try, I will not be able to catch up with you! Sigh ...” Wu Qianqian sighed. She was such a competitive woman.

Even though Wu Qianqian said so, Chen Xiang felt that it was not easy for her. She was now a Stage Nine Warrior of the True Martial Realm. Chen Xiang wanted to know what methods Elder Dan had used to make her grow up so quickly!

"Do you have any business with me? Or you really miss me? "

Wu Qianqian smiled sweetly with her eyes squeezed. She was originally a prideful woman, but after Chen Xiang lectured her, she completely changed. Right now, the white dress she wore was very old, but it was very clean. Although she didn't have any gorgeous clothes, her bright and sweet smile, beautiful face, and mature charm made her seem like a carefree person.

"Yes, both of them!" As Chen Xiang spoke, he took out a few storage pouches, "These are all True Essence Dan, White Jade Powder, Foundation Building Dan, Bone Cleansing Dan, and Five Elements True Essence Dan. I don't remember how much there are. Just take and refine them!"

Wu Qianqian already knew that Chen Xiang was very generous, but before this, she had only given him some gradients of True Essence Dan. Now, he even had Foundation Establishment Dan and Five Elements True Essence Dan, which were all low grade Profound Rank Dan and extremely precious.

"You better hurry up and learn how to refine it. Don't waste too many medicinal herbs! If Elder Dan asks about it, just say that I gave it to you! According to the previous agreement, once you have successfully refined one portion, you take one of your own, and give me everything left." Chen Xiang said. He had a lot of these herbs, but he was too lazy to waste time on them.

This was a great opportunity, so Wu Qianqian certainly wouldn't refuse. She smiled sweetly and said, "You are so generous. How should I repay you?"

"What about a night with me?" Chen Xiang said in a bad smile, which made Wu Qianqian blush slightly.

"Aren't you afraid that your little fairy wife will be jealous?" Wu Qianqian's smile was very enchanting and her seductive demeanor was extremely seductive. Chen Xiang's heart rippled as he watched.

"Hehe, I was just joking!" As Chen Xiang spoke, he couldn't help but look at Wu Qianqian's chest. It was actually a lot bigger, making him feel that women were ever-changing.

After Wu Qianqian put away the bags of holding, she said, "I came back this time because I wanted to go to the Demon Subduing Academy to learn some abilities, but I couldn't meet the requirements. They only recruit those who have reached the Extreme Realm."

"The Demon Subduing Academy? What is it?" Chen Xiang asked in a query. He hadn't come out for just two months, but something like this suddenly popped up.

"You don't know about it?" Wu Qianqian said in surprise, "both of your fairy wife and white-haired sister are inside it! How could you not know about it?"

Out of his expectation, both Xue Xianxian and Leng Youlan went to that so-called Demon Subduing Academy. Chen Xiang was even more puzzled. However, he was happy that Xue Xianxian and Leng Youlan both stepped into the Extreme Realm. Wu Qianqian had said earlier that only the Extreme Realm martial artists could enter.

"Tell me about it. I've been here too long." Chen Xiang hurriedly asked.

"You better ask the Headmaster. He might be able to speak in more details. I am leaving first. The next time we meet, I'll definitely be able to bring back a lot of Dan for you." Wu Qianqian smiled at Chen Xiang before turning around to leave.

Chen Xiang quickly found Gu Dongchen.

“Junior master, I yelled till my throat broke, but you didn’t even come out to see me. Now you know the consequences of not seeing me, don’t you?” Gu Dongchen crossed his arms in front of his chest and said with a smile.

Chen Xiang grunted as he took out a Pure Essence Golden Dan and threw it over, “I’m making this. Hurry up and tell me. After that, I’ll make a deal with you.”

After receiving the Pure Essence Golden Dan, Gu Dongchen immediately recognized it. He shouted excitedly, “It’s really a gift to me. This is good stuff!”

However, when he thought of making a deal with Chen Xiang, Gu Dongchen’s heart couldn’t help but hurt. He knew that Chen Xiang would definitely benefit a lot from him.

“The Demon Subduing Academy appears out of nowhere a month ago. Just like the Fire God Shrine, it was from other worlds. However, unlike the Fire God Shrine, the Demon Subduing Academy does not aim to monopolizing the entire Mortal Martial Realm.”

As Gu Dongchen spoke, he carefully looked at the golden pellet in his hand. He was sure that this was a Pure Essence Golden Dan, a middle grade Profound Rank Dan, which could help a man quickly obtain a large amount of True Qi. It was very useful, especially for warriors at Stage Eight and Nine of the True Martial Realm.

“The goal of this Demon Subduing Academy ...is to impart some martial arts techniques that can deal with fiendish demons to young martial artists with great potential and outstanding strength in this Mortal Martial Realm. It also recruits young martial artists from other worlds who are all geniuses of this region.”

Gu Dongchen returned the Pure Essence Gold Dan to Chen Xiang and said, “I suggest you go inside to learn some martial arts techniques to deal with fiendish demons, as well as some knowledge of the fiendish Demon Realm.”

Chapter 498 Demon Subduing Academy

To deal with demons and monsters, Chen Xiang already had the Demon Suppression Technique. He felt that there was no need to learn more of them.

“This Demon Subduing Academy is not simple. I’ve seen the dean before. He is a very powerful guy. After this academy arrived, those men from the Fire God Shrine didn’t even dare to make a sound! There seems to be a force in the Heavenly Realm called the Demon Suppression Shrine.”

Gu Dongchen’s words caused Chen Xiang to ponder deeply. This was because the Demon Suppression Technique he cultivated was most likely related to the Demon Suppression Shrine!

“I suggest you go there, if it is really related to the forces of the Heavenly Realm, perhaps you can learn the latest knowledge about the Demon World from the School. Don’t take the Demon World too simply, it will benefit you if you have a deeper understanding of them! Junior sister and I only know about the Demon World a long time ago.” Bai Youyou said quietly.

Thinking of that both Xue Xianxian and Leng Youlan had been there, no matter how busy Chen Xiang was now, he still had to join in the fun in order to prevent them from being bullied inside.

"I'll see. Little hair, are you interested in my Pure Essence Golden Dan?" Chen Xiang asked with a smile.

"Of course, but if you offer too high a price, you might let me not." Gu Dongchen smiled bitterly.

"Three million crystals per pellet, I can sell it to you for a hundred pellets!" Chen Xiang said firmly with his hands behind his back. Judging from his expression, there was no room for negotiation.

This was three hundred million crystals. Gu Dongchen had no choice but to bear with the pain in buying them in order to strengthen his sect.

Chen Xiang knew that the headmaster had traveled across many continents and lived for over ten thousand years. He controlled many huge crystal mines and was extremely wealthy. Thus, Chen Xiang did not show mercy.

"Now I have 1.8 billion crystals! However, I can't afford a lot of Earth Rank elixirs." Chen Xiang shook his head and sighed. The reason why he earned so many crystals was so that he would have a greater chance of winning when he comes across precious spiritual medicines.

The Demon Subduing Academy was established on the King's Continent, which was the largest continent in the Mortal Martial World. However, the Academy was moved here entirely, so of course they would choose the largest continent, so did the Fire God Shrine.

As the ruler of the King's Continent, the Royal Family couldn't say anything about it. Last time when they did something to Chen Xiang, they received a heavy punishment. Thus, they didn't dare to do anything to Chen Xiang in the future.

"Master, are you going to Demon Subduing Academy?" The voice of a child could be heard. Chen Xiang immediately knew that this was Xiao Chou's voice.

"Of course, kid, you can't have also stepped into the Extreme Realm, are you?" Chen Xiang rubbed his small bald head as he asked in astonishment.

"Ever since my power awakened, my speed of improvement has been very quick. About ten days ago, I entered the Extreme Realm. Right now, it's the early stage of the Spiritual Martial Realm." Xiao Chou smiled complacently, "master, I feel that I can defeat you now. Don't worry, even if I can defeat you, I am still your disciple, because you are the one who made me understand that it takes a current attitude to increase my strength."

Chen Xiang slapped his little baldy and said with a smile, "little brat, you still haven't changed your arrogant habits! Now, if you fight me again, I can also beat you until you cry and piss off."

"No way." Xiao Chou was full of confidence now because after he had stepped into the Extreme Realm, he felt his strength had increased by many times.

"I will have a chance to convince you. Let's not talk about this for now ...You also studied at the Demon Subduing Academy?" Chen Xiang asked.

"Yeah. The guys there are all very strong. Right now it's a holiday, so I come back to take a look." Xiao Chou said, but there was something hidden in his eyes.

"Hehe, were you bullied inside?" Chen Xiang laughed.

"No, not at all. I was just pestered by Big Sister Leng who wants to fight with me ...Master, you know that she is your little sister. If I would be injured by her if I were to lightly beat her, while I would hurt her if I took so bad, so I could only avoid her." Xiao Chou sighed.

Chen Xiang laughed, "that's the girl."

"Right, are there any uses for what you learned in the school?" Chen Xiang asked curiously.

"It's a little useful. It contains a lot of knowledge about fiendish demons. For example, the types of fiendish demons, as well as some weaknesses of fiendish demons, and so on ...There are also some martial arts techniques that can deal with fiendish demons, but those are very difficult to learn."

"Is that because you are so stupid?" Chen Xiang laughed.

"Of course not, Big Sister Leng and Mistress won't be able to learn it even if they entered ten days earlier than me. If I was stupid, they would be even more stupid than me." Xiao Chou grunted. It could be seen that he had been thoroughly bullied by Xue Xianxian and Leng Youlan.

Xue Xianxian had been following Chen Xiang around in the wild since she was very young, so she was also a mischievous master. Now that she was with a girl who only wished to stir up chaos in the world, one could imagine it!

"The academy is on for five days and then rest for another two. I will first be quiet and peaceful, then after two days, I will go to the academy and ask teachers to give me some points." Xiao Chou clenched his small fists, he couldn't wait to have a match with Chen Xiang right now.

Chen Xiang patted his head and said with a smile, "Then you'd better enjoy yourself for the next two days."

Xiao Chou was from the Huge Strength Clan. He was born to be with a big strength, while his divine power in later age would be more powerful. However, Chen Xiang was not afraid of him. Even though his cultivation level did not increase, his physical body, divine sense, and flames was far beyond that before!

Through the teleportation formation, Chen Xiang arrived at the King's continent. Then, he used the teleportation formation on the King's continent to teleport himself to the entrance of the Demon Subduing Academy.

The Academy was built in a dangerous mountain range on the King's Continent. It took up a lot of space and its buildings were very grand. A tall stone building was as big as a mountain. From afar, it looked like a castle lived in by a giant. The majestic feelings made Chen Xiang afraid in a look.

This incomparably large academy was surrounded by high walls. Chen Xiang could feel the terrifying formation power from the entrance. He was certain that even someone of Huang Jintian's level wouldn't be able to force his way in.

The entrance of the academy was very large. It was a huge iron gate that was open, and on both sides of the gate were several tens of armored guards with sharp blades in their hands.

Chen Xiang directly walked in, but was stopped in his tracks, while caused him to feel a little suspicious since others weren't stopped.

“Where’s your school medallion?” A guard asked. His voice was cold and filled with a terrifying killing intent. It could be seen that these guards were no ordinary people. Furthermore, they were all decisive killing individuals.

Now, Chen Xiang felt more and more that this school was not simple. From the looks of things, it was more powerful than any other faction in the Mortal Martial Realm.

“I want to enter the Demon Fighter Academy to study. I only heard the news recently.” Chen Xiang explained.

“Go over there, there is a special passage at the city wall. If you can pass through that passage, you will have the right to study in the Demon Subduing Academy.” One of the guards pointed in a direction.

Chen Xiang retreated a few steps and saw that there were many small doors on one wall. However, there was only one that was open.

Chapter 499 Bloody Saber-Teethed Tiger

Without any consideration, Chen Xiang walked towards the gate of city wall. Right now, he was in a hurry to find Xue Xianxian and Leng Youlan.

“Kid, are you sure you want to go in?” a guard said suddenly.

“Of course, what’s wrong? Could it be that the Academy no longer accepts students?” Chen Xiang stopped walking.

“Don’t you know that the passage is the hardest one? Those less difficult passages have all been closed, because the Demon Subduing Academy has already recruited enough students. If anyone wants to enter later, he or she can only go through the most difficult passage!” The guard sneered.

“Got it!” Chen Xiang replied. He did not care about it at all, but strode over.

“You will definitely fail if you take this path. No one has been able to pass through it successfully until now. Moreover, you’re alone. That passageway is originally reserved for those teams with the team consciousness to take.” The guard said again.

Chen Xiang scratched his head, “this is the only way for me to enter the Demon Subduing Academy, right?”

“Exactly!”

“Then I have to take it. Stop talking nonsense and watch your door carefully.” Chen Xiang curled his lips and leaped towards the small door under the city wall.

Chen Xiang did not feel anything inside except for a wave of cool breeze. He was not afraid of it at all right now. Instead, he was looking forward to it because he wanted to test the might of the White Tiger Divine Weapon, the Hand of God of Slaughter. The harder the challenge was, the more possible for him to test the might of the White Tiger Divine Weapon.

After walking in, Chen Xiang immediately became vigilant. He quickly reached the end without encountering any dangers, which caused him to doubt. Previously, the guard had said that this place was like the hell, but now it was so calm.

"Could it be behind this door?" Chen Xiang touched the thick stone door and slowly pushed it open.

Pushing open the stone door, Chen Xiang saw a dazzling white light before him. He walked out of the stone door and arrived at a circular arena surrounded by high walls.

This made him feel like he was in a colosseum. However, this colosseum was very large and was several hundred meters wide. It was enveloped by a very powerful formation.

"Dang, dang, dang." A bell suddenly rang out, and someone cried out in alarm, "someone is coming, someone is walking through the death passage again!"

Chen Xiang frowned as he looked around, but he did not see anything. He could only see that there were many people on the high walls. They were all good looking, and their faces were all filled with expressions of amusement as they chatted with their companions.

The colosseum was used to please people. Sometimes, it was a fight between beasts, and sometimes, it was a battle between humans and beasts. Generally, it was a battle between divine sense.

"That formation is so powerful. It's very difficult to get in from the top or from the bottom." Long Xueyi said.

Chen Xiang stood in the middle of the colosseum. He looked at the people standing on the high walls, searching for his familiar face. However, he didn't see any of them.

"Is that Chen Xiang? I've seen him fighting in a martial art contest on the King's Continent. He's really amazing!" A man suddenly shouted.

Chen Xiang! This name was extremely well-known in the Mortal Martial Realm, especially among the younger generation. This was because Chen Xiang was a peak existence among the younger generation. Regardless of whether it was in terms of alchemy or strength, it was extremely difficult to not know him.

"It's really Chen Xiang! I did not expect that he would come to the Demon Subduing Academy. This guy must have been in closed door cultivation."

"He's really working hard in a closed door cultivation all day, no wonder he's so strong!"

"Is this the strongest young man in the Mortal Martial Realm? I'd like to see how good he is!" A young man dressed in luxurious clothing said.

"Hehe, you are from another world. You have never seen his martial arts with your own eyes, so you can't feel his power!"

"..."

At this moment, everyone was discussing the famous Chen Xiang, especially when they found out that Chen Xiang had turned the Fire God Shrine's most powerful young man into a meat patty two or three months ago, they couldn't help but sigh with emotion.

“He’s facing a Profound Beast whose strength is almost in the Second Rank of Profound Beast. The previous team of eight were defeated quickly. Can he pass alone?” A man said.

“That’s hard to say. That profound beast is indeed very strong. Even though it is only a First Rank Profound Beast, several Spirit Marital Realm martial artists could not defeat it. However, Chen Xiang can always do some amazing things.”

Chen Xiang suddenly caught this part of the conversation. He knew that he was facing a dangerous situation, and it was actually a powerful First Rank Profound Beast!

He looked at a huge black iron door on the stone wall. He guessed that the Profound Beast was hiding behind that big black iron door.

The iron gate opened and a wave of killing intent rushed out. However, Chen Xiang did not see any profound beasts. He only saw a white bearded old man slowly walking out.

“Hehe, are you Young Hero Chen?” The old man asked. The Demon Subduing Academy must have heard of what Chen Xiang did in the Mortal Martial Realm. Moreover, Chen Xiang was the person they paid the most attention to. Although he had a grudge with many sects, he was forced to do so from his perspective.

Of course, the most important factor was that Chen Xiang was wanted by the Demon God Token of the Demon World, and the Demon Subduing Academy knew everything about the Demon World. When they found out that a kid from the Mortal World was wanted by such a rank, they were all incomparably shocked, because only someone angered the Demon God would he or she be wanted by the Demon God Token.

Thus, from the perspective of the Demon Subduing Academy, Chen Xiang must have committed an act of offending a demon god. Even the immortals of the Heaven Realm would find it difficult to accomplish such an act.

Chen Xiang shrugged his shoulders and said, “Yes. It seems like I must defeat you to enter the Demon Subduing Academy, right?”

The white-mustached old man laughed, “do you think you can win against me?”

“Of course not, but I can burn your white beard.”

The old man subconsciously stroke his white beard. He smiled and said, “you are just as the rumors say. You really are an arrogant fellow! I am not your component. The big guy behind me is.”

As soon as the old man’s voice fell, a shocking tiger’s roar suddenly rang out. It reverberated throughout the huge circular colosseum like thunder exploding beside Chen Xiang’s ears. That killing intent also filled the colosseum.

After the roar, a giant tiger that looked like a giant elephant came out. Its entire body was blood-red. It shew two giant teeth and slowly walked out. Each step caused the ground to shake, making “peng, peng, peng” sounds, which was extremely terrifying.

“It appeared! The Bloody Saber-Teethed Tiger!” A man screamed.

The Bloody Saber-Teethed Tiger! It was a very brutal type of demon beast that could grow up! This kind of demon beast was also the most terrifying. A demon beast that transformed into a profound beast. It could be imagined how many lives it had killed.

It had been a long time since Chen Xiang lastly fought with such a giant creature. However, he had not even a tiny bit of fear at all, which caused many people to admire him. Previously, there were also some people who took this route, but after seeing the huge Bloody Saber-Teethed Tiger, the majority of them left. Only a few teams dared to try and challenge it.

“Are you sure you want to fight this big guy? Ain’t you afraid of death?” The long-bearded old man asked with a smile.

Chen Xiang smiled, “are you sure you want it to duel with me? Ain’t you afraid of its death?”

“Such an arrogant kid. Since that’s the case, I want to see just what kind of capabilities you have!” The old man gently leaped into the air and stood on top of the high wall, overlooking the colosseum. ”

Chapter 500 The Shock of Purgatory

The Bloody Saber-Teethed Tiger immediately roared again and again as it saw the old man walking away. Its huge body spewed out waves of killing intent, with which it intended to intimidate Chen Xiang.

What made Chen Xiang amused was that he was even able to defeat the White Tiger, which was a divine beast in tiger species, let alone a tiger that had not completely evolved.

Ever since he arrived here, a pair of white boxing gloves had appeared on Chen Xiang’s hands. This was very normal. Some of the martial artists had gloves on, so he didn’t care about his hands that were possessed by the Hand of God of Slaughter!

“Today, I will use the White Tiger Divine Weapon to test the effects of fighting tigers.” Chen Xiang’s heart was filled with excitement. He clenched his fists tightly, waiting for the right moment to make his move.

The Bloody Saber-teethed Tiger roared, but Chen Xiang was not intimidated, which made it feel that it was been underestimated. Immediately, the tiger flew into a rage and pounced towards Chen Xiang with an angry roar. At the same time, a stream of black air gushed out from its bloody mouth.

“Too slow!”

Just as the Bloody Saber-Teethed Tiger pounced, Chen Xiang dodged it in an instant. He arrived beside the gigantic tiger’s body and punched towards its mountain-like abdomen.

At the moment Chen Xiang threw out his fist, the True Qi in his body was like a surging river, spewing out from his Dantian and entering his arms through all kinds of small and big meridians. It rushed into his fist and exploded with a strong impact, which was shot out through the Hand of God of Slaughter. The power could be said to be earth-shattering. After a quick explosion of air, it punched on the giant body of the tiger.

With a loud sound, the colosseum shook violently. The huge tiger body was sent flying by Chen Xiang’s punch and crashed into the tall stone wall!

The strong impact created a shockwave that swept away the dust on the ground, forming a gale that blew against the stone wall, creating a majestic atmosphere.

As soon as Chen Xiang's feet touched the ground, he shot forward like an arrow towards the Bloody Saber-Teethed Tiger. This time, Chen Xiang's fists danced wildly, forming countless fist shadows that covered the sky. The fist shadows surged and the air cracked, creating bursts of explosive sounds as it hit the Bloody Saber-Teethed Tiger's body. The attack caused the Saber-Toothed Blood Tiger to constantly curl up into a ball. Although it let out a painful roar, the sound was hidden by the explosion from Chen Xiang's fist.

This shocking scene caused everyone to be dumbfounded. They suddenly suspected that the Bloody Saber-Teethed Blood Tiger had not eaten for many days and had become so weak. It was forced to the wall and crazily beaten up without any strength to fight back.

Currently, only the Bloody Saber-Teethed Tiger itself knew how much pain it was suffering, especially the power in Chen Xiang's fist that made it afraid. That power caused its soul to tremble. It could not retaliate, but undertaking the explosion-like fists.

The Bloody Saber Teethed Tiger was a tiger species, so it was most afraid of the White Tiger. While the gloves in Chen Xiang's hand was made from a White Tiger's body. It contained the unique power of the White Tiger, and after Chen Xiang used his Heaven and Earth True Qi, its strength increased even more.

Not long after, the Bloody Saber-Teethed Tiger was drenched in blood, which made its red fur become even redder. The toughness of the tiger's skin was completely covered in bloody holes from Chen Xiang's explosive fists.

"How boring. It is too scared to fight back." Chen Xiang was very unhappy in his heart, because he couldn't test out the might of the White Tiger Divine Weapon.

After fighting for a while, the Bloody Saber-Teethed Tiger let out waves of soft howls, whereas Chen Xiang suddenly retreated to the center of the colosseum!

The people who were still shocked by Chen Xiang's berserk fist techniques, but now they were still unable to understand. Chen Xiang could have continued on and killed the bloody creature.

However, Chen Xiang didn't think this way. If he were to continue, he didn't know how long he would be fighting. He just wanted to end it as quickly as possible.

"He ...What is he doing!" A person screamed as he saw a pair of huge fire wings suddenly appear on Chen Xiang's back.

"These are his True Qi Fire Wings, I heard they can become very big!"

There was no need to hear anymore because everyone had seen with their own eyes how big Chen Xiang's fire wings were. It stretched out to a width of several hundred feet and enveloped the colosseum. This circular colosseum was clearly shocked by Chen Xiang's huge fire wings.

"Purgatory Tornado!" Chen Xiang's body suddenly began to spin crazily. The Bloody Saber-Teethed Tiger that had just obtained a chance to breathe was immediately swept up by the wild fire dragon.

Not to mention a giant Bloody Saber-Teethed Tiger, even a huge mountain would be swept away by this crazy tornado.

Chen Xiang's wings were like a reamer. As they rotated, they released a tornado at the same time!

The people on top of the high wall were all dumbstruck, because the circular colosseum in front of them was filled with flames. The violent and frenzied roars made it seem extremely terrifying when it rotated, as if it was a purgatory.

There were already quite a few people who slowly backed away. They were afraid of being caught in it. Although there was a formation to block it, some people couldn't help feeling fear. They knew they wouldn't feel good after being caught in it.

"This brat ..." The old man with white beard also expressed a shock on his faces. He was pouring his energy into the formation to stabilize it.

"Go, right now!" The white mustached old man roared. His voice awakened those people who were still dazed and fled the colosseum with a face full of fear.

At present, Chen Xiang's flame was highly formidable. It was not the pure fire of the Vermillion Bird, but the Heaven and Earth Fire stimulated by the Heaven and Earth True Qi. This kind of flame was originally very violent, but now that Chen Xiang released it, the scorching heat eroded the foundation of the formation and slowly destroyed them.

"It can't hold on any longer!" The old man was sweating profusely. At the same time, a wildly spinning pillar of fire suddenly shot out from the colosseum and shot straight up into the sky. An incomparably terrifying heat spread in all directions, incinerating all the things around the colosseum into ashes.

At this moment, everyone in the Demon Subduing Academy could see the huge pillar of fire suddenly erupting and feel the whole school being enveloped in a terrible heat, which made them hard to breathe.

"You won! Stop it!" The old man with white beard shouted. He could not forcibly stop Chen Xiang because he did not want Chen Xiang to be injured.

Chen Xiang hurriedly withdrew his hand. The Bloody Sword Teethed Tiger that was swept up in the air also fell to the ground. Just as it was about to hit the ground, it was stopped by the old man with white beard.

"Why didn't you say so earlier? I have wasted so much True Qi?" Chen Xiang slowly descended as he giggled.

The old man with white beard looked at the ruins of colosseum and smiled bitterly, "how would I know that you are so savage, not knowing how to show any mercy!"
