

Dan God 551

[Chapter 551](#)

It was rare for him to have this kind of opportunity with these two exceptional beauties, but now these good things were actually blocked by them.

Seeing Chen Xiang's depressed expression, Su Meiyao smiled coquettishly. "Little scoundrel, to be able to make you look at me like this, you should be satisfied!"

Chen Xiang groaned deeply, "You have looked at me so many times, I have only seen you once, it is too unfair!"

Speaking of the matter of them spying on him, the two girls' faces suddenly flushed red. They had indeed seen Chen Xiang many times before.

Just as Chen Xiang was about to close his eyes and be disappointed, the two jade hands that were covering his chest suddenly pulled away, causing Chen Xiang's pupils to constrict. His line of sight was focused on the two pink points on the snow peak, and as she was soaking in the transparent tree sap, she seemed even more beautiful, causing Chen Xiang to have difficulty breathing, and he could not help but take a deep breath.

He never thought that Bai Youyou would actually be so generous, and let him see it.

"From now on, you're not allowed to say anything about me stealing glances at you." Bai Youyou coldly glared at Chen Xiang, her ice-cold face completely flushed red. This made this ice beauty appear extremely charming, and she actually had a kind of strange flirtatiousness, causing Chen Xiang to praise her repeatedly in his heart.

Seeing Chen Xiang looking greedily at the beautiful jade peak on Bai Youyou's chest, Su Meiyao suddenly felt that she was being ignored, and it was as if she had suddenly become air. She felt that she was a beauty at the same level as her senior, how could she be ignored by a man?

Since Bai Youyou was already this generous, Su Meiyao couldn't be more stingy. She felt that Chen Xiang had already seen it once in the past, so it wouldn't matter if she showed it to him again.

Just as Chen Xiang was appreciating Bai Youyou, he suddenly saw that Su Meiyao's hands had moved away as well, and there was another pair of crystal clear, smooth, beautiful and plump big jade rabbits, and the two seductive cherry red points were left on them, captivating him and causing his blood to boil once again, causing his body to burn up.

Su Meiyao was originally an enchantress who was so beautiful that it could drip water. At this moment, her charming expression made it harder for people to endure, and it made them wish that they could hug her.

Seeing Chen Xiang's short breath, Su Meiyao laughed, "Little scoundrel, you can't hold yourself back anymore, right?"

Chen Xiang suppressed the Evil Flame with luck. If he let the Evil Flame continue to burn, he would definitely do something. He let out a light breath: "Who said I could not hold it in!"

"I knew it, you have a lecherous heart but no guts." Bai Youyou sneered, her eyes full of contempt.

"What, Sister You You You, you want me to have sexual courage towards you?" Chen Xiang rubbed his hands together as he laughed, "If elder sister Youyou needs anything, I am very happy to help!"

Although Chen Xiang did not dare to do anything to these two unparalleled beauties, he decided that he must obtain them in the future. After all, he felt that his relationship with them had developed quite well.

"You'll still have to soak in it for another three days and three nights. I'm sure you'll see enough of it. Look at you. You can't wait to grow a few pairs of eyes." Su Meiyao released a burst of bell-like laughter, her chest rose up and down, the Jade Rabbit shook, and waves rippled outwards, causing Chen Xiang's heart to groan. He really wanted to reach out and grab the beautiful White Rabbit and play with it.

"Can you massage me?" Chen Xiang suddenly asked.

"No." Bai Youyou immediately answered resolutely, and continued to look at him with that ice-cold gaze.

Chen Xiang had already known that this would happen, so he did not hold much hope. Just as he was sighing, Su Meiyao's eyes widened in happiness, and said in a sweet and flirtatious voice, "Since you have worked so hard for us all these years, I will sacrifice myself for you to touch!"

When Chen Xiang heard that sweet voice that made his entire body go numb, his bones went soft. He could not believe that it was true.

He swallowed and asked, "Really?"

"Of course it's true." Su Meiyao's face was extremely rosy, but she was not embarrassed at all. Instead, her current appearance made people even more intoxicated.

Chen Xiang was so happy that he almost went mad. He hurriedly moved closer and carefully extended his hand out, placing it on one of Su Meiyao's jade peaks.

Su Meiyao felt that her chest, which she had never been touched by a man before, was being invaded, and her charming body trembled as she drooped her head down slightly. Her cheeks became even redder, completely revealing the fondness deep inside her bones.

What surprised Bai Youyou was that her Junior Sister Spirit Demon was actually touched by Chen Xiang to the point that she was gasping for breath, and looked like she was enjoying it a lot.

Chen Xiang suddenly embraced Su Meiyao closer, his mouth moving closer to her. One of his hands was tightly hugging Su Meiyao's waist, the other was rubbing Su Meiyao's chest, while his tongue was frantically twisting and flicking her tongue.

Both of them could feel each other's heartbeats at this moment, both of them were excited, wishing that they could be more intimate with each other. However, both of them were very well-coordinated, they could endure it and didn't make any further movements, just continuing to passionately and crazily kiss each other, causing the water in the pool to undulate.

Seeing Chen Xiang and Su Meiyao tightly wrapped together in front of him, naked body wrapped around, passionately kissing, Bai Youyou suddenly had an indescribable feeling in her heart, she was actually secretly jealous, and looked at Chen Xiang and Su Meiyao with a gaze full of jealousy and bitterness.

However, she did not reject him. At this moment, she was already intoxicated by this kind of crazy passion that was wrapped around her waist, and she had a wonderful feeling that this was the first time she had tasted this feeling since living so long, and it made her feel like she had lived for nothing.

It was unknown how much time had passed before the two of them finally separated, but the two of them still looked at each other deeply. That gaze was as if they hated each other to the point that they couldn't wait to eat each other, and Chen Xiang's hands were still on Su Meiyao's slender waist.

"Sister Meiyao, I like you." Chen Xiang said while grinning, but his eyes were filled with deep feelings.

"Damned little scoundrel, you dare to attack me?" Su Meiyao's eyes contained the autumn waves as she looked at Chen Xiang with a hazy gaze. Leaning on Chen Xiang's shoulder, she said in a tender voice, "Big sis, I like you too!"

He had long known that it was very easy for a lonely and mature woman like Su Meiyao to obtain victory. Furthermore, she was a woman who had never tasted anything sweet before, and because she could not recover her strength, she had fallen to a state no different from a normal person's.

"Hmph, are you happy?" She made a decision a moment ago. Although she didn't have a deep feelings for Chen Xiang, but she felt that Chen Xiang was a man that she could recognize, and a man that she and Bai Youyou had groomed together.

Since it was trained by the two of them, they would definitely nurture Chen Xiang to a very good level.

[Chapter 552](#)

After capturing the beauty's heart, Chen Xiang was elated. He kissed Su Meiyao's forehead and then looked at Bai Youyou. He had almost forgotten about this cold beauty.

Bai Youyou scoffed, "You guys can really mess around, you have to at least think about how other people feel!"

Chen Xiang also wanted to entangle himself with Bai Youyou a little, but he knew that Bai Youyou was unlike the spirit of Su Meiyao. Although Bai Youyou would be more open-minded than him sometimes, that was only on the basis of her principles. The last time she kissed Chen Xiang was because she had promised Chen Xiang, and now that she was showing her chest to him, it was because she frequently looked at Chen Xiang.

"Senior Sister, you're jealous." Su Meiyao leaned on Chen Xiang's chest, affectionately hugging Chen Xiang and laughed.

"Nope!"

It was impossible for her to not pay attention to Chen Xiang. Her previously cold and heartless heart was melted by Chen Xiang, and from a certain point of view, her feelings for Chen Xiang were even deeper than Su Meiyao's.

Chen Xiang really wanted to go over and take care of Bai Youyou right now, but Su Meiyao saw through his thoughts. She stepped on him strongly, and used her consciousness to send a sound transmission to Chen Xiang: "I understand Senior Sister, if you use that kind of method, only thirty percent of the time would succeed, and if you don't succeed, your relationship with Senior Sister would be extremely awkward. You have already melted her cold heart, so she definitely wouldn't be able to tolerate other men, you have to take it slowly!"

"Humph, what's more, you just got it, and now you want to take Senior Sister in consecutively? You're asking for a beating, little scoundrel!"

Su Meiyao actually showed him how to take Bai Youyou in. Chen Xiang giggled and immediately hugged the beautiful girl tightly in his arms. Although both of them were red in color ... It was naked, but he didn't have any other thoughts. He only felt that this kind of embrace would allow the two of them to be extremely close to each other, and Su Meiyao enjoyed Chen Xiang's warm and comfortable embrace very much. She hugged Chen Xiang tightly, pressed her face against his chest, and closed her eyes and fell asleep.

Su Meiyao found a place to entrust her heart to, and suddenly felt a lot more relaxed. She had been wandering for so many years, but this was the first time she was able to place her feelings and everything else onto a man. The burden that was pressing down on her shoulders suddenly disappeared.

Bai Youyou's current emotions were extremely complicated, so she could only close her eyes and calm down.

Chen Xiang could walk in front of Bai Youyou with a single step, so even if he leaned against the side of the bath, he could still see Bai Youyou's flawless body.

The reason why Bai Youyou and Su Meiyao were single for such a long time was because there were no men whom they took a fancy to was currently being nurtured by the two of them together, and his body was filled with the Yin Yang Divine Veins that they bestowed upon him. The martial arts that he learned was also their absolute art, and it could be said that the achievements that Chen Xiang had achieved today were all because of them.

They watched as Chen Xiang grew up, and they would also do their best to cultivate him into a Ranker that was unparalleled in the world. They had confidence in themselves, and also in Chen Xiang.

Therefore, Su Meiyao thought that Chen Xiang would definitely be a man who would satisfy her in the future. At least, she was very satisfied with Chen Xiang now.

After and the two girls soaked in the Broken soul tree juice for two days, Su Meiyao suddenly woke up. Bai Youyou also opened her eyes, but Chen Xiang frowned, because he felt a strange energy suddenly flood into his body, and quickly flowed into his limbs and bones, and into his head.

"I didn't expect to finally see an effect after soaking in it for two days." Bai Youyou said.

In the past two days, they had just felt the changes in their bodies.

"I thought you were going to sink your head." Chen Xiang felt the strange energy revolving inside his body, and laughed.

“Of course not, once this energy disappears, I’ll consider it a success.” When Su Meiyao made contact with her gaze, she also wanted to kiss with Chen Xiang for a while, but she and Chen Xiang knew that they had to guess how Bai Youyou would feel so they just hugged.

Su Meiyao saw that Chen Xiang was only carrying her and did nothing, and laughed: “Little scoundrel, you’re actually so honest!”

“There will be plenty of chances to do bad things to you in the future, what’s there to be anxious about?” Chen Xiang used a great deal of willpower to suppress the evil fire in his heart, otherwise, something that was rising in his heart would stab at Su Meiyao.

Su Meiyao and Bai Youyou had only learned the fifth layer. Since they had not learned the Devil-suppressing kungfu, they naturally could not understand it as thoroughly as Chen Xiang had, and still had to seek advice from Chen Xiang.

Cultivating with two naked beauties, Chen Xiang felt that he had quite the luck in women. At this moment, he was also working extremely hard to guide the two girls on the cultivation of the two Devil Subduing Method.

The energy that entered their bodies took a full five days before it disappeared. The two girls were the first to walk out of the bathing pool.

Chen Xiang, who had endured for many days, could clearly see an even more deadly thing now, this made him unable to control himself, the evil fire almost exploded out, he suddenly wanted to go out quickly and find Xue Xianxian to have a good time, if not he would suffocate to death.

“Have you seen enough? If you haven’t, I can take off my clothes and let you see enough!”

Bai Youyou wore a beautiful purple long dress, revealing her noble temperament. Along with her naturally cold temperament, it made her look even more noble and elegant. Although it looked like she was a thousand miles away from anyone, it made people want to get closer to her and get their hands on her.

Chen Xiang did not think that Bai Youyou would actually say such a thing, as he was becoming more and more open-minded.

“Enough.” Chen Xiang took a deep breath, he had to be content with himself.

Su Meiyao laughed tenderly: “Senior Sister, will you still give this brat such a big advantage next time?!”

Bai Youyou did not say anything. She knew that there would be a second time on the first try, but after this time, she felt that it would not be a big deal if she gave Chen Xiang an advantage in the future.

Su Meiyao was the same as Bai Youyou, wearing the same set of purple luxurious dresses. However, she seemed to be extremely flirtatious and noble, her mature charm carrying an unparalleled charm, causing Chen Xiang’s heart to itch.

These clothes were all bought by Chen Xiang and only some of the better looking clothes, he only bought two of them. Recalling the beautiful time he spent in the bath, Chen Xiang was elated.

Chen Xiang could not waste the Broken soul tree juice now, so he put it down. He knew that once the tree juice passed the time, it would lose its effects, and he could still feel the energy in the tree juice.

In the future, he would need to use this Yanlong furnace to refine all of the God Erosion Powder, and he would inevitably be stained with some, so he had to see if this Yanlong furnace could be like humans, and absorb the energy from the Broken soul tree.

[Chapter 553](#)

Right now, Chen Xiang had already learned how to refine three types of middle grade Profound Rank pills, and the next was the profound level Shangping Dan s. However, the ingredients were not ready yet, because the God liquids were all used to make the Broken soul tree juice.

"Since the Yanlong furnace will need to soak in it for a period of time, you should rest and properly condense and create the divine liquid. I can use this time to teach you some things regarding the profound level Shangping Dan's alchemy." Chen Xiang said in a gentle voice. Chen Xiang was now her lover, and the way she and Chen Xiang spoke was completely different from before. It made Chen Xiang's heart warm.

When refining pills, as long as it was not a restriction of medicinal herbs, one would first learn to refine more practical pills. Most of the unorthodox pills were just for practice.

The Mystical Sun Fire Pill that Chen Xiang was currently preparing to refine was something that he had refined a long time ago. He had the Flaming Nine Suns Fruit and the Fire Soul Grass, these pills were what people who cultivated the fire attribute would need the most to strengthen their flames. However, Su Meiyao had said that this was the best pill to feed the fire spirit, and it was said that it could even help the fire spirit evolve.

Of course, Chen Xiang's current flames and soul flames were extremely strong, if they were strengthened any further, it would be unknown just how powerful they would be, but he felt that he did not really need them.

There were only twenty to thirty sets of Profound Yang Fire Pills, which was not enough for Chen Xiang, so he still had to make more, and even if he succeeded, he would need to make at least ten more sets to familiarize himself with the next type.

I think it would be best for you to use your time in the Stellar Transposition Realm to cultivate. From the way you are learning how to refine pills, your learning speed is very fast, you only need a large number of ingredients to fail you. But if you want to refine an Earth Level pill, not only will you need medicinal ingredients, your strength will also have to keep up. Bai Youyou suddenly said.

Chen Xiang frowned, he was planning to refine an Earth Level pill in one go.

Su Meiyao said: "Senior Sister is not without reason, with your current speed, you will definitely be able to learn how to refine an Earth Level pill within two to three years. How about this, change your plans, your main goal here is to cultivate and condense the God Creation Liquid, this way, after you leave, you will have enough strength and create the God's Liquid, at that time, you can even fail to refine a type of pill a few hundred times!"

Now that Chen Xiang had learned the Fire god method, through the tempering method in the Raging Inferno Dantian and Fire god method, even if he increased his strength quickly, there would not be any problems. This way, he wouldn't need to find trouble with Huang Jintian.

The last time he participated in the Martial Contest of the King, he entered the Evil Demon and obtained over a hundred demon hearts, as well as a few beast core and Beast core above them. Although these things were not as many as the Black Rock Jiao's Beast core previously, with such a large number, he would still be able to increase his strength by a large margin.

Right now, he was already at the middle stage of the Spiritual kungfu realm, and was extremely eager to obtain strong power as soon as possible.

There were hundreds of these things and they contained a lot more energy than Pure Yuan pills. Previously, he didn't find a good way to swallow them, so he never used them to cultivate and only used them to concoct pills.

And these Demon Heart Beast core that contained pure energy would be instantly refined by the power of refinement that was released by the raging fire in his Dantian as soon as it entered his Dantian.

Chen Xiang's body was now like a furnace. As long as it contained the mind consciousness left behind by dregs or some demon beast Evil Demons, once it touched the melting power, it would be completely melted away.

"Is this the Body Refinement Realm of the Fire god method? It looks like it's going to be very painful, I wonder what it will be like when you combine it with the profoundwu physical exercise!"

Chen Xiang was not only training his Innate Qi, he was also training his physical body. He was planning to cultivate his Innate Qi for a month and then train his physical body for another month in order to balance and build a firm foundation.

When he started to refine according to the body tempering manual on the Fire god method, he saw that the Raging Inferno Dantian had suddenly absorbed a large amount of his true energy and ignited a raging fire in his Dantian. At this time, he suddenly felt a burning pain all over his body.

In just an instant, every part of his body was being burned by that strange flame, making him feel incomparable pain. In the past, when he used this method to cultivate, pain would always come from the outside, but now, it would burst out from the inside. Although it was also very painful, it was just that he was unable to adapt to the pain for a while.

The thing that surprised him the most was that after he had cultivated the body tempering technique, his zhen qi had been drained very quickly. In just half a day, more than half of it had been drained.

But now, it was being consumed so quickly. Of course, Chen Xiang quickly found the reason, because when he was cultivating this technique, he would create an indescribable pressure that rushed forth and clashed against his body, acting as a tempering force.

Fortunately, he had a solid foundation. Otherwise, he would not be able to hold on for so long.

A day had passed, and he was completely exhausted. All his true qi had been used up, and his body had been tormented to the point where he had no strength left. However, as his amazing recovery rate recovered, he felt that this method of body tempering was very effective.

He rested for a good half a day, waiting for his true qi to recover before continuing. He wanted to continue like this for a month.

Now, he knew that no matter how much he trained, he would never be able to avoid the torture of pain. However, in order to obtain strength and not be oppressed by others, he had to endure it.

Every time he came out, he would unavoidably entangle himself with Chen Xiang and let Chen Xiang take advantage of him. Even though Chen Xiang did not completely get Su Meiyao, he was extremely satisfied with himself now, because he had already thought of this a long time ago. During the dry and arduous process of cultivation, there was a woman who consoled him, which allowed him to be filled with motivation.

Eight years passed in the blink of an eye, and Chen Xiang had long since entered the late stage of Spiritual kungfu realm.

After entering the late stage of the Spiritual kungfu realm, he had condensed a total of 1000 true essence grains, and obtained a total of nine times the Power of giving, which caused the five beast statues in his dantian to light up a total of 20,000 true essence grains. At the moment, his true qi was extremely dense, but compared to the five giant ancient beast statues, these 20,000 true essence grains seemed insignificant, which would constantly remind him of how insignificant his power was.

[Chapter 554](#)

Right now, if he wanted to enter the Soul Martial Realm, he would need to condense 2000 true essence particles, which was twice the level of the previous realm. Not only would he need to improve his true qi after stepping into the Soul Martial Realm, the most important thing was to cultivate up to the Congenital kungfu soul.

This Congenital kungfu soul was very special, it was formed by fusing the weak consciousness hidden within the true energy in the body with the strong spiritual consciousness. After the Congenital kungfu soul was created, it would be like the Fire Soul, entering into every cell of the body and strengthening a martial artist.

Of course, everyone had different martial spirits. For example, a martial artist who cultivated thunder-attribute zhen qi, his Congenital kungfu soul might be thunder-attribute, but it would take a long time for the Thunder Soul to evolve to its strongest form, so in a few cases, many people wanted to obtain a martial spirit of the five elements, but most of them were unable to do so.

Under normal circumstances, most of the condensed Martial Spirits were auxiliary training, allowing one to sense the surrounding spiritual energy more clearly. When absorbing the spiritual energy, it was quickly converted into Genuine Qi, and the Congenital kungfu soul was also known as the power soul. Warriors used their own powerful spiritual sense to sense the energy in the surroundings and then condensed this consciousness together to form a Martial Spirit.

"For example, the Fire Soul and the Thunder Soul have been in existence for tens of thousands of years before you have a strong power after you fuse them together, and a martial artist's Congenital kungfu soul will need a period of nurturing before it can evolve to its most powerful form. At least, right now, Senior Sister and I have yet to completely unearth the power of our martial souls." Su Meiyao said.

Chen Xiang was stuck at the bottleneck of his Solidified Martial Spirit. After entering the late stage of the Spirit Martial Realm, he had already cultivated up to two thousand crystals, and his consciousness had reached the limit, but this was still not considered a breakthrough. He had to cultivate out the Congenital kungfu soul to be able to obtain the Power of giving.

"Will it be because I already have the Heaven fire soul and a lightning soul, that it will be difficult for me to cultivate the Congenital kungfu soul?" Chen Xiang said in a depressed tone. He tried for more than a month but to no avail.

"Right now, your problem is that you cannot feel the power of the spirit, all living things have a spirit, power also has a spirit, you can only feel the power of your body and gather all these spirits together. Once these spirits are complete, it will be a Martial Spirit, but it will only be in its elementary form, but it will bring you many benefits." Su Meiyao said.

Chen Xiang took a light breath and continued to try. However, after a day had passed, he still failed. Now, he was extremely curious about what kind of Congenital kungfu soul he would learn.

"Sister Meiyao, how's your Congenital kungfu soul?" Chen Xiang looked at Su Meiyao who was sitting on the bedside and asked curiously.

"At that time, my strongest form of strength was when my powers fused with the five different types of attributes. I am the Alchemist, and my flames were the stronger of the five different attributes. In the end, my martial spirit became the Tai Chi Fire Lotus Form, looking like a fire lotus, but also like the Tai Chi Diagram." Su Meiyao said.

Chen Xiang sighed, he never thought that the Congenital kungfu soul would actually be so strange.

Bai Youyou said: "My Congenital kungfu soul is an ice sword!"

"Did you guys know what form your Congenital kungfu soul had from the beginning?" Chen Xiang asked again. He wanted to understand the Congenital kungfu soul and figure out how he could cultivate it.

"That's right. Although you know it, you can't release it. However, when your martial spirit grows for a period of time, you can condense it into a human form and release it into your body. You can attack and use it as a defense." Bai Youyou said.

Su Meiyao who was deep in thought suddenly frowned: "Little Scoundrel, when you cultivate your Martial Spirit, release your strongest power, and then try again, can you feel the spirit in your power!"

Chen Xiang's consciousness was extremely strong, but he was unable to sense the spirit in the power, this was a very strange phenomenon, and now Su Meiyao seemed to have figured out the reason.

"Isn't the strongest power the Dragon Power?" Chen Xiang said as he slightly furrowed his brows. He now had over twenty thousand primeval essence grains, so the condensed Dragon Power was extremely terrifying.

"Hurry up and try." Su Meiyao urged.

Chen Xiang sat down cross legged and started to circulate the Innate Qi in his body through the Taiji Dragon-suppressed kungfu technique, quickly transforming it into the Dragon Power, then compressed it into the Dantian.

"Turn all my Zhen Qi into Dragon Power." said with some difficulty. At this time, he and Bai Youyou had no choice but to lean against the wall, because the terrifying pressure that was being emitted from Chen Xiang's body was becoming stronger and stronger. Although they had some strength now, they were very weak.

As the number of Dragon Power s that Chen Xiang had condensed increased, the two girls could not hold on any longer and had no choice but to enter the storage ring. The stone room also started to slightly tremble, the chairs, cups, etc.

At this time, Chen Xiang compressed the condensed Dragon Power in his dantian, forming a small ball that was revolving. Only by doing this, could these Dragon Power become much quieter.

His true energy had completely turned into Dragon Power, and he immediately used the method of sensing the spirit of power in the Taiji Dragon-suppressed kungfu to release his divine sense. He had tried many times before but to no avail.

But now that he had tried it, he could feel the Dragon Power's incomparably active spirit in his dantian. This made him extremely excited, so it turned out that his power's spirit was hidden in his strongest state.

The Dragon Power was condensed into a small ball by Chen Xiang and the scattered Dragon Power spirits were all inside. At this moment, it was simply too easy for him to gather them all.

After sensing the Dragon Power's spirit, Chen Xiang immediately released his mana and gathered it together. The boundless mana enveloped the small sphere condensed from the powerful Dragon Power and slowly squeezed the Dragon Power's spirit together.

Half a day passed, and Chen Xiang suddenly opened his eyes, because in that moment, he saw a dragon soaring out of nowhere, its entire body wreathed in flames.

"Success." Su Meiyao shouted in delight, "It's time for the Power of giving to appear. If it's still nine times stronger, you will have an additional 18,000 primeval stones and 40,000 of them. What kind of strength will you have then?!"

Bai Youyou and Su Meiyao were really looking forward to it, but the ball made of Dragon Power in Chen Xiang's Dantian had already melted and turned into true qi, and the condensed Congenital kungfu soul also started to fuse with every single cell in his body.

"Did you see the shape of your Congenital kungfu soul?" Su Meiyao asked curiously.

[Chapter 555](#)

"I see. It's a fire dragon. It's covered in flames and has fiery-red crystal-like scales. It looks a lot more beautiful than the Azure Dragon." As Chen Xiang spoke, the Power of giving had already crazily surged into his body.

"Fire crystal-like scales, this is definitely the Imperial Dragon Race's dragon. How is this possible? You are just a human, how could you have the Imperial Dragon Race's dragon martial spirit?! This is impossible!" Long Xueyi exclaimed.

Chen Xiang could not understand either. According to his knowledge, in order to obtain a powerful martial spirit like the Dragon Soul, one usually had to fuse with a Dragon Soul. That was why Long Xueyi felt it was strange.

Su Meiyao and Bai Youyou were also incomparably surprised and delighted. They knew that with this kind of martial spirit, Chen Xiang would definitely be able to obtain stronger power in the future.

"I can't know how strong the Congenital kungfu soul is in the short term, but it's definitely not weak." Su Meiyao laughed. She was very happy to learn that her man possessed such a bizarre Congenital kungfu soul.

Long Xueyi scoffed, "That's for sure, our Imperial Dragon Race's Dragon Soul is the strongest. According to his description, the Fire Dragon he saw was most likely the Fire God Dragon, the strongest existence among all the fire dragons!"

Chen Xiang's spirit of power came from the Dragon Power, and because he possessed the Heaven fire soul, his true qi was more like fire. It was understandable for him to have cultivated the Fire Dragon Martial Spirit.

Not only was its speed fast, it also gave him a feeling of incomparable comfort. After all, this was a martial spirit that he had cultivated on his own, unlike the Thunder Soul and Fire Soul that he had fused with before, which could kill him with pain.

After fusing with the Fire Dragon Martial Spirit, the Power of giving started to enter even more crazily. Every time he broke through, the increased power would come from this mysterious Power of giving, but Chen Xiang discovered that he was able to compress the Power of giving inside his True Origin at a much faster rate.

Even when compared to the previous times when he had obtained it, he was faster. He suspected that this was because he had cultivated the Congenital kungfu soul.

"You have already stepped into the Soul Martial Realm, the main thing is to cultivate the Congenital kungfu soul, at the same time you raise your cultivation, you have to cultivate the Congenital kungfu soul to its peak state." Su Meiyao said.

"I thought it would be difficult for the Congenital kungfu soul to grow at its peak condition?" Chen Xiang was confused.

Once the Congenital kungfu soul reaches the Extreme realm, it will exist and perish together with your flesh. No matter how your flesh is destroyed, as long as you do not die, the Congenital kungfu soul will be fine, but right now, your flesh is injured, and the recovery speed is much slower than the speed of your body! "Su Yun said with a calm voice.

Once it surpassed the limit, it would attract Nirvana Doom, and a martial spirit would indeed have the effect of consolidating the soul and body.

He only used 10 days to digest those Power of giving s, and his dantian had an additional 20,000 true essence grains. This was the first time he had true essence grains.

Chen Xiang looked at his own finger, and quickly condensed a touch of Dragon Power. He felt that his control over this Dragon Power was even more fluid now, and when he transformed his Innate Qi into the Dragon Power, not only did he do as he pleased, the amount of True Qi he consumed also decreased.

He had already stayed here for nine years, and because Su Meiyao had frequent interactions with him, he did not feel bored.

"I should be able to start refining the profound level Shangping Dan now. I feel that I have improved tremendously in every aspect." Just as Chen Xiang took out the Yanlong furnace, he heard Zuo Zhenprofound's voice.

"Chen Xiang, because something happened, you can't stay in there anymore, so you have to hurry up and come out. When you heard me, you immediately gave me an answer." Zuo Zhenprofound's voice was extremely anxious.

Although Chen Xiang had stayed inside for nine years, it had only been nine days since the outside. He asked in puzzlement, "It's convenient for me to leave now.

"We'll talk about it when we get out!"

In the middle of the room, a beam of light suddenly appeared. Chen Xiang walked in and reached the big hall on top of the huge building.

"Isn't it only nine days? I still have eleven days." Seeing Zuo Zhenprofound, Chen Xiang immediately said.

"Who would have thought that Devil-suppressing Divine Palace would act so quickly. I just received news that two Devil-subduing College s would be teleported here from other realms within four to six hours. Not only that, there will be a group of elites coming out from the top of the Heaven Realm with strengths ranging from the Extreme realm to the Nirvana Stage." Zuo Zhenprofound also felt that this was very troublesome. He was worried that he would be persecuted again when the time came.

Chen Xiang took a deep breath and frowned: "Devil-suppressing Divine Palace is crazy, sending a group of elites down, this group of elites are not going anywhere, especially those Nirvana Stage's, they probably have a much easier time crossing Nirvana Doom than they do in Mortal Realm, right?"

Zuo Zhenprofound shook his head: "I feel that they aren't here just to find the missing Zheng Chu, but also for some other reason. Right now, not only the people from above Heaven Realm, there are also two other Devil-subduing College s who will be moving over!"

"I wonder what Fire Divine Palace will do now. If they do too, then it must mean that there is something hidden in Mortal Wu Realm that they covet, or perhaps they have a reason for doing so." Chen Xiang pondered.

"I'll let you know when I have more information. During this time, you should stay in the Devil-subduing College with your two little lovers." Zuo Zhenprofound said.

Chen Xiang nodded his head and was about to leave, but Zuo Zhenprofound suddenly said: "Right, your two little lovers are not in the residence, they were assigned some tasks by the academy, seems to be in the mountain range over at Sheep Head Mountain, they should be there to capture profound beasts!"

The Goat Head Mountain was very close to the Devil-subduing College, and it was a very dangerous place, because very few people went in there. Furthermore, there were a lot of powerful demon beasts, especially those that had evolved to the profound beast level.

As for whether or not there was a beast in human form, no one knew.

"They should be in the outer area, Little Naughty Dragon, go and take a look." Chen Xiang quickly arrived at the Sheep-head Mountain. The mountain looked like a mountain with two big horns, and Chen Xiang was standing on top of one of them.

"Found it, they're hiding in a cave. There are a few people waiting for them in the cave." Long Xueyi said somewhat angrily: "I think they were forced to hide in the cave. There are still many array formations inside the cave!"

"Quick, tell me the location." Chen Xiang took out the Allheaven Gate, his voice full of rage.

The spatial door opened, and Chen Xiang stepped in to a dark mountain cave. Leng Youlan and Xue Xianxian were sitting at the end of the mountain cave, holding an oval stone the size of a watermelon in their hands.

Chen Xiang could feel a dense life force coming out from the oval rock in their hands. He knew they were two demon beast eggs, and the kind of demon beasts that had been strong since birth.

[Chapter 556](#)

Xue Xianxian and Leng Youlan were extremely cautious, upon sensing that someone was coming, they hurriedly put away the Goblin Egg in their hands and revealed their weapons, but they very quickly realized that it was Chen Xiang and immediately threw themselves into Chen Xiang's embrace.

"Bro, you scared the hell out of me." Leng Youlan hugged one of Chen Xiang's arm and rubbed it with her cheek.

"How can you, a white-haired female tyrant, be so easily frightened?" Chen Xiang laughed, kissed her forehead, then looked towards Xue Xianxian who was in his embrace and softly said: "I'm fine. What are you guys doing here?"

Leng Youlan immediately said angrily: "These bastards, they actually refused to let go no matter what. If it wasn't for their numbers, I would have gone out and cut them into pieces and fed them to the dogs!"

Xue Xianxian sighed: "Youlan and I are carrying out a mission for the academy, to capture a profound beast and bring it back so that they can use it to test the students who are registering. We searched for a long time but to no avail, we actually found two demon beast eggs, those are Flame Dragon Eagle's eggs!"

"It's actually a Flame Dragon Eagle's egg." Chen Xiang opened his eyes wide and took a deep breath, "It is said that this thing was born a ninth stage spirit beast. When it grows up, it will definitely be a profound beast!"

Leng Youlan snorted: "That group of turtle eggs only wanted to snatch them from us when they saw us holding them. At that time, they almost stole their eggs from us, and we fought with them once, but we can't put them in our storage rings. They're too much of a hindrance, otherwise we wouldn't be afraid of them!"

With that said, Leng Youlan was about to walk out, holding a large sword made of white jade dragon bone, releasing an icy cold Qi. With Chen Xiang here, what was there for her to be afraid of.

"You Lan, let me do it. I just came out of that Stellar Transposition Realm, so my power has increased a lot. I want to see how strong I am." Chen Xiang anxiously pulled Leng Youlan.

Leng Youlan's eyes lit up, and laughed heartily: "Brother, you just have to find me if you want to train, those small fries will only waste your strength, I only just came out from the Stellar Transposition Realm, Sister Xianxian and I have stayed here for twenty years, and we are already at the middle stage of the Soul Martial Realm, and we have even reached the tenth level!"

Chen Xiang was immediately dumbstruck, "Devil Subduing Method tenth level, middle stage of the Soul Martial Realm!"

Moreover, their own aptitudes were not bad, and the martial arts they learned were divine arts. As for the Devil Subduing Method, they had the foundation of the Taiji magic kungfu, so it would not be difficult for them to learn the tenth floor in twenty years. Back then, it took him one month to reach the tenth floor.

"What? I don't believe it. If it wasn't for protecting this egg, this lady would have taken care of that bunch of trash by herself." Leng Youlan said proudly.

"Stupid girl, don't call yourself 'old lady' in front of your big brother." Chen Xiang laughed and scolded, pinching Leng Youlan's face: "I'm at the early stage of the Soul Martial Realm now, but if I really want to play, you are still not my opponent, my Dragon Power is getting stronger and stronger!"

When she mentioned the Dragon Power, Leng Youlan stuck out her tongue, afraid of the terrifying power.

Xue Xianxian chuckled, she pulled Leng Youlan and let Chen Xiang out.

After knowing that the strength of the two girls had increased so quickly, Chen Xiang was extremely happy. When he arrived at the entrance of the cave, he found that there were a few stones piled up in front of him.

"Who are our people?" Chen Xiang asked.

"The seniors from the intermediate academy. Back then, when we were at the primary academy, they bullied us to the point that we couldn't take it anymore. Now, they are just a fart in this lady's eyes." She had learned the tenth level of Devil Subduing Method and was also training in the Icewind magic kungfu, so she naturally had the right to say such words.

Chen Xiang punched the stone wall, causing it to shake with a boom. The stone walls immediately shattered into pieces and flew outwards, every piece of stone carried Chen Xiang's dense Innate Qi, densely hitting onto the stone wall, instantly pushing the twenty people back by a hundred steps.

These people were all students of the intermediate academy, which meant that their strength was at least at the early stage of the Soul Martial Realm.

"It's Chen Xiang." A man who had seen Chen Xiang before cried out in alarm, his expression changing greatly. He still vividly remembered the incident where Chen Xiang killed that Principal.

Chen Xiang's eyes flashed with a ruthless killing intent, his gaze swept across the 20 people. Among these people, there were a few extremely beautiful women, but he would not be lenient towards any of them.

"It's this group of people. They want to kill us and steal the Flame Dragon Eagle's eggs." Leng Youlan said angrily.

"There are only three of them. Although they are very strong, we have more than twenty people and we will definitely be able to take them down. Chen Xiang is a fugitive from Devil-subduing College, we must kill him." a man said.

"I'll pass Chen Xiang and Xue Xianxian to you, the white-haired demoness will be taken care of by us." A woman sneered, her seductive eyes filled with viciousness.

"You bitches, if I hadn't promised my brother I would have hung you naked on a tree and whipped you." Leng Youlan was instantly enraged and scolded.

Chen Xiang inhaled slightly, and the power of the Universe within his body surged crazily, converging into a vicious Dragon Power. The five fingers on his hands were filled with Dragon Power s with white clouds.

Just as everyone was shocked by his terrifying Dragon Power, his feet slipped and his steps became quick and profound. His body dragged a long afterimage, and a deep gully opened at the places he passed.

In the blink of an eye, he had already arrived in front of a woman in a blue dress. The palm of his hand, which was condensed with a fierce Dragon Power, was filled with the power of a thunderbolt as it tore through the air and blasted outwards. Ten earth-shaking thunderbolts struck the woman's chest.

The Dragon Power combined with the power of the tenth level of the Devil Subduing Method, it was truly Chen Xiang's strongest strength. That strong and concentrated strength was like a transparent and huge sharp spear that tyrannically pierced the body of the blue dressed woman. A wave of bloody mist surged out from the woman's back, and filled the air.

It's not over yet. After the force Chen Xiang released from his palm pierced through the woman's body, his aura was still shocking, as though it was sweeping through everything. It continued to shoot forward, and in the blink of an eye, another huge bloody hole was opened up in the chest of another man, which came out through his back.

In just an instant, two Soul Martial Realm warriors were killed by Chen Xiang. Their methods were overbearing and cruel, their moves were fast and ruthless, their imposing manner was like thunder, causing people to be extremely fearful.

[Chapter 557](#)

On the tenth floor of the Devil Subduing Method, those ten consecutive thunderclaps that shook the heavens struck onto their chests like hammers. The indescribable pressure pressed against their chests, making it hard for them to breathe.

They never thought that after not seeing Chen Xiang for even a short period of time, Chen Xiang would actually become a warrior of the Soul Martial Realm. After using the Dragon Power, those people were no match for him.

They had thought it was strange when they had attacked Leng Youlan and Xue Xianxian together. This was because the strength of the two girls was not low, and it was only because they were holding onto a large egg of a demon beast that they were forced to hide here in order to protect it.

"Brother, don't let them go. Killing two is no different from killing twenty. Devil-subduing College has long since treated you as a felon." When the violent woman, Leng Youlan, saw how ruthless she was, and saw that Chen Xiang was bleeding all of a sudden, she couldn't help but shout out in excitement.

Those people now realised that Chen Xiang was not someone who could be judged using common sense. They did have a lot of people, but after seeing Chen Xiang's methods, they did not have any confidence.

"Quickly go back and report to the academy, tell the elders that Chen Xiang is here." An experienced middle-aged man quickly said and started to run away.

Although it was separated by a hundred steps, Chen Xiang's claws seemed to have penetrated through space. A white dragon claw that was filled with Dragon Power suddenly appeared on the head of the middle-aged man and with a grab, it directly crushed the middle-aged man's head. Blood spurted out from his neck like a fountain.

"Don't even think about escaping." Chen Xiang stomped his feet, causing the surrounding area to tremble, many water vines suddenly rushed out from the ground, binding those who were about to escape. Some of them had already jumped into the air, but they were still wrapped up by the water vines that shot out like lightning, and were being pulled down fiercely.

Seeing that, Leng Youlan immediately gave the Goblin Egg in his hands to Xue Xianxian, took out the big sword refined from her white jade dragon bone, and immediately flew in front of the few men, waving the sword and fiercely slashing at them. These people had previously wanted to snatch her and Xue Xianxian, and wanted to kill them all, but now that it had fallen into her hands, how could she be lenient?

"This is what happens when you try to kill a girl." Leng Youlan remained expressionless as he chopped off the head of one of the lady.

Seeing this, the others all started to plead for mercy, their faces were filled with shock and regret, but Leng Youlan's big sword was still as cold as ever as it beheaded a woman.

In order to not attract attention from others, Chen Xiang attacked very quickly as well, immediately flying in front of the people who were entangled by the water vines, using Dragon Power s, one palm after another. Following after thunderous rumbling sounds, waves of bloody mist exploded from their backs, as their bodies were pierced through by the berserk Devil Subduing Method.

In a short span of ten breaths, under the quick attacks of Chen Xiang and Leng Youlan, the twenty over people were all killed, they did not even have the chance to wail.

Leng Youlan skillfully took all of these people's storage treasures, then wiped his own white jade greatsword and let out a carefree and heroic laugh: "Bro, I fought to my heart's content today, this group of bastards deserved it!"

Chen Xiang glanced at Xue Xianxian and saw him shake his head helplessly. It seemed that she had done this kind of thing with Leng Youlan quite a few times.

Chen Xiang waved his hand, and many balls of flame flew out from the center of his palm, accurately landing on the corpses and heads, burning them into ashes.

Although they were all Soul Martial Realm, their Innate Qi was not as dense as Chen Xiang's, and after death they would dissipate faster, so they would have no value in devouring, but those Nirvana Stage s were different. Their true qi was so dense that even if they died, they would be unable to dissipate for a while, and as long as they were sealed, he could still use the Devouring magic kungfu to devour the energy.

"Do you guys still want to capture Xuan Beasts?" Chen Xiang asked.

"No need, we have to hurry back to hatch the eggs." Leng Youlan lightly patted the flickering flame on the Goblin Egg in his hands.

This Flame Dragon Eagle is a kind of demonic beast that looks like three parts dragons and seven parts eagles. After it reaches adulthood, it will be extremely powerful and can even take human form.

Chen Xiang took out the Allheaven Gate, opened a spatial door, pulled the two girls inside and appeared in the small house halfway up the mountain.

After returning to the Devil-subduing College, Leng Youlan and Xue Xianxian heaved sighs of relief.

"I want to take a good bath. The days of finding the Xuan Beasts are too boring. Not only did I not find them, I also provoked a group of guys who were soaked in blood." As Leng Youlan spoke, he removed all of the clothes on his body and revealed his beautiful, jade-like body in front of Chen Xiang without any worries.

"Bro, do you want to come along?" This was not the first time she was being seen by Chen Xiang. Furthermore, she was not afraid of being seen by him in the first place.

Chen Xiang saw Xue Xianxian's helpless expression, he anxiously turned his head, and coughed twice: "No need, go yourself!"

"Sister Xianxian, let's go." Leng Youlan giggled and ran into the bathroom while dragging Xue Xianxian along.

Chen Xiang looked at the two demon beast eggs on the table that were the same size as watermelons and gently stroked them.

"Incubating an egg is like pouring the same type of energy into it, allowing the little guy inside to absorb it and let it form inside. Once it's fine, it will shatter on its own." Long Xueyi said.

"I have a Heaven fire soul. Wouldn't it be better to hatch it with my fire?" Chen Xiang said, about to inject his fire attribute Qi.

But she was stopped by Long Xueyi: "No, if that's the case, then the little guy inside will not recognize Xianxian and You Lan, and will only recognize you. They really want to be the most pets of a beast, and they also want to cultivate flame.

Chen Xiang touched his nose. He had Long Xueyi, the little dragon, so he would obviously not fall for this kind of thing. If Long Xueyi knew that she was being treated as a beast pet by Chen Xiang, he would definitely be scolded like a dog by this young and tender beauty.

After Leng Youlan and his bath, he hurriedly hugged onto the demon beast egg as if he would get snatched away by Chen Xiang.

"Are you afraid that big brother will want yours?" Chen Xiang shook his head and laughed.

"You already have two. Of course I'm not afraid of you taking them." Leng Youlan scoffed, she was currently concerned about Chen Xiang's two precious eggs, causing Chen Xiang to be extremely speechless.

Xue Xianxian burst out in laughter: "Brother Xiao Xiang, this Flame Dragon Eagle is very precious to us, we need to hatch quickly and then send it to Divine Weapons Heavenly Country for Master to arrange for people to tame!"

"Mm, go ahead." Chen Xiang smiled slightly.

"Big brother, aren't you going to play that naked game with Big Sister Xianxian? You guys didn't kiss each other either, is it because I'm blocking your way?" Leng Youlan pouted and asked.

This made Xue Xianxian blush, and he anxiously pulled Leng Youlan into the room.

At this moment, Chen Xiang heard Zuo Zhenprofound's sound transmission. "Those two Devil-subduing College are about to be teleported over.

[Chapter 558](#)

Chen Xiang didn't dare to run around recklessly right now, as the other Principal of the Devil-subduing College s weren't as easy to deal with as Zuo Zhenxuan. If the other Devil-subduing College s came over to capture him, his situation would be even more dangerous as well.

"This Devil-subduing College is the same as the Fire Divine Palace. They have many branches in many different mortal worlds. It seems that I have to be more careful in the future." Fortunately, Devil-suppressing Divine Palace only knew that he had killed Liu Yufang, the old granny Principal. In the future, he still had a chance to save her.

Long Xueyi said: "I'm going to use the Heaven tour method to see what those fellows are talking about. If it's about you, then you should leave this Devil-subduing College as soon as possible!"

Suddenly, Chen Xiang felt the ground shake slightly, a burst of majestic spatial energy attacking him, the entire sky changed color, a gust of wind blew, the darkness enveloped the entire ground, it looked extremely terrifying.

Chen Xiang stood at the door and watched the extremely huge whirlpool in the distance. It was a spatial passageway, and this was the scene of someone trying to teleport a whole other world's Devil-subduing College over. Chen Xiang also wanted to see what it was like right now.

Very quickly, Chen Xiang saw a large mountain in the middle of the cyclone in the sky. Amidst the encirclement of the mountain, there were many large buildings made of stone, which were even larger than the buildings that Chen Xiang was in, causing Chen Xiang to be extremely shocked.

Teleportation did not just teleport the Devil-subduing College over, it also included a large mountain range. This was truly amazing, as the Devil-suppressing Divine Palace possessed many powerful teleportation formations and abundant resources. Otherwise, it would have been impossible for him to teleport such a large thing over.

Immediately after, Chen Xiang felt a strong burst of spatial energy coming from another direction, he immediately looked over, only to see that in the sky above, an incomparably large cyclone had appeared, bringing about bursts of gales.

Not long after, an astonishing scene appeared. Another gigantic building descended along with a piece of land, and from afar, it looked like a gigantic palace descended from the Heaven Realm. It was extremely spectacular, shocking everyone's line of sight.

"Why did they so extravagantly teleport these two Devil-subduing College here from another world?" This was the question in Chen Xiang, Su Meiyao and Bai Youyou's hearts. Anyone who had a slight understanding of formations would know, that the manpower and resources required for teleporting a formation would be incalculable.

They definitely did not believe that the Devil-suppressing Divine Palace was searching for Zheng Chu, and they definitely did not believe that the Devil-suppressing Divine Palace was protecting this Mortal Realm.

"Little Naughty Dragon, keep a close eye on these experts. As long as they gather together, you can find out what they are talking about." Chen Xiang said, he was extremely confident in Long Xueyi's Heaven tour method.

Mortal Wu Realm had suddenly gained two more Devil-subduing College s. Right now, they could be said to be the strongest power within the Mortal Wu Realm and even that Fire Divine Palace was far from being able to compare to them.

Of course, Chen Xiang believed that the Fire Divine Palace had the same goal as him. He guessed that the Fire Divine Palace would make a big move soon.

Among the three Devil-subduing College s, who exactly is going to be the Principal? The big shots in the three Devil-subduing College s probably won't be able to obey the other party, and there will still be people from the Heaven Realm s. If not for the appearance of a ruthless person with an iron fist, it will be hard to tame these big shots who have been in charge of the sect for a long time. Su Meiyao said.

Chen Xiang was also looking forward to it. Although he had killed more than thirty powerful Nirvana Stage warriors in the First profound Realm before, which had an impact on the overall strength of the

Mortal Wu Realm, with so many powerful people here, the pressure on the Mortal Wu Realm would not be that great when the Great War between Three Realms first appeared.

"There's movement! Zuo Zhenxuan was called to one of the Devil-subduing College. That's the biggest one there." Long Xueyi said.

Of the current three Devil-subduing Colleges, Zuo Zhenxuan was in charge of the smallest one, and the one who teleported over along with the mountain range was the largest, the second largest formed by countless of huge halls and tall buildings.

"Keep an eye on him and see how many people are gathered for this meeting. This group of people must be the strongest amongst the three Devil-subduing Colleges." Chen Xiang said.

"Yup, Zuo Zhenxuan's speed is very fast, he arrived at the top of the conical shaped stone tower, there are so many people in the number one Devil-subduing College, looks like Devil-subduing College is nominally teaching martial arts to deal with demons, so it turns out that he is secretly trying to rope in the outstanding disciples from other sects." Long Xueyi snorted.

Everyone who entered the Devil-subduing College had outstanding talent, and upon entering, they would be attracted by Devil-subduing College's resources, and Devil-subduing College could also use their power to keep these students, leaving the other sects speechless.

"Isn't this digging at the foot of the wall? How insidious." Chen Xiang despised this method, the other sects had worked hard to cultivate their disciples, but Devil-subduing College had directly obtained the fruits of their work.

Long Xueyi continued to probe, and she said with a bit of surprise: "That old fellow Zuo Zhenxuan is also trembling in fear right now, they are all in a meeting, there are more than 50 of them, looks like all of them have passed through the Seventh and Eighth Tribulations of the Nirvana Tribulations, they are all very strong!"

"What did they say?" Chen Xiang asked anxiously.

"The meeting hasn't started yet. They are waiting for the person coming down from Heaven Realm." Long Xueyi said.

Not long after Long Xueyi finished speaking, a series of roars suddenly sounded out in the sky. Chen Xiang raised his head and looked, only to see a gold light suddenly shining down, a vortex appeared, followed by a sudden flash of golden light. Dozens of people dressed in white robes appeared, both male and female, old and young, all of them flying towards the gigantic stone building.

"So strong, the people coming down from Heaven Realm are really different, these guys are definitely rich." Chen Xiang remembered that Zheng Chu had been secretly drooling when he had stored the storage ring.

Long Xueyi said: "They are starting a meeting!"

"Zuo Zhenxuan told him what happened. How did that old woman persecute him ... From the looks of the other old fellows, other than Zuo Zhenxuan, no one else would be able to learn the tenth floor! "

"I've begun to talk about how you killed that old woman ... However, the others did not have much of a reaction, and only said that they will deal with you in order to establish their power! "

Chen Xiang groaned. Then he would be the one to establish his dominance, that was an extremely foolish thing to do.

"So that's the case, their goal in coming here, is actually to find a way to enter the Sacred Dan Realm, looks like the higher ups don't know how to go to the Sacred Dan Realm, huh." Long Xueyi said in shock.

Before, Su Meiyao had said that the Sacred Dan Realm was an extraordinary existence and she couldn't even go if she wanted to.

[Chapter 559](#)

Since the Devil-suppressing Divine Palace was looking for a way to get to the Sacred Dan Realm, then it would make sense for them to go all out, because the Alchemists inside the Sacred Dan Realm were all top-notch existences, and there were many rare pills inside, not only the Alchemists saw it as a sacred place, there were also many immortals, because they could easily find many rare immortal pills inside.

"They plan to go in the next time when the first profound Realm opens. It seems that they have made up their minds to look for that Sacred Dan Realm. Could it be that the pills in the Heaven Realm are really that lacking?" Long Xueyi said.

"Do they have anything else to say?" Chen Xiang asked.

Hehe, the way to enter the Sacred Dan Realm is in your hands, do you know how to give it to them? "Su Yun chuckled. Long Xueyi asked.

"Of course I won't give it to them. If they knew that I had the Transmission array to enter the Sacred Dan Realm, they would have definitely guessed that I had entered the first profound Realm." Chen Xiang shook his head.

"It seems that Dan King Li Tianjun has spread quite a bit of information on the Heaven Realm, and told the powers there to come down and search for the Sacred Dan Realm at all costs." Long Xueyi suddenly exclaimed, and said in shock: "They mentioned the Fire Divine Palace, he actually also sent many strong fellows, and also brought some Fire Divine Palace from other worlds!"

Fire Divine Palace's strength is similar to Devil-suppressing Divine Palace's, Fire Divine Palace definitely cannot let Devil-suppressing Divine Palace stand out in this Mortal Wu Realm.

"Is Fire Divine Palace also looking for him?" Chen Xiang asked.

"Hmm, looks like Fire Divine Palace wants to recruit Alchemist from the inside. No matter what, there will always be a lack of top-notch Alchemist." Long Xueyi said.

Long Xueyi did not have the patience to continue probing so he retracted his consciousness. The only thing he wanted to do now was to wait for Zuo Zhenxuan to return and see if he still had a chance to enter the Stellar Transposition Realm. He could still enter for eleven more days.

Xue Xianxian and Leng Youlan were hatching eggs, and Chen Xiang did not disturb them. He sat in the courtyard during the evening, and only then did Zuo Zhenxuan hurry over.

"Principal Zuo, how is it? Can I still enter that Stellar Transposition Realm?" Chen Xiang asked anxiously.

"I'm afraid that won't do, all three Devil-subduing Colleges have been taken over, and like the other principals of Devil-subduing College, I can only be the Vice Principal. If I want to enter the Stellar Transposition Realm, I need the permission of the Principal." Zuo Zhenxuan shook his head helplessly.

Chen Xiang sighed: "Then what's the attitude of those fellows towards my matter?!"

"The other two Devil-subduing Colleges who have just moved over and the old fogey from Heaven Realm Headquarters all agreed that they wanted to catch you because, despite being students of the Devil-subduing College, you killed a Principal and this Principal isn't guilty of your crimes!"

"Of course, the reason they want to capture you is mainly to show you to the other powers, and can be considered as an act to establish your might. You have not stayed in the Devil-subduing College for long, but you should be able to see that although the Devil-subduing College has imparted powerful martial arts techniques to them, but they have secretly used extremely generous benefits to rope in outstanding talents!"

Chen Xiang nodded his head and asked again: "Since that old woman is dead, there's no point in pursuing the matter any further. If I were to use my things to exchange, would they let me off?!"

Chen Xiang thought that money could be used by the gods. He wanted to try and see if he could use some precious herbs to dissolve the hatred between him and the Devil-subduing College.

"Oh, what are you going to trade for?" Zuo Zhenxuan raised his brows, "The person in charge of the entire Devil-subduing College right now is someone who came down from above!"

Chen Xiang smiled slightly: "Nature fruit, he definitely won't think that there's too much of this, as long as he does not pursue this matter with me, he can obtain this Nature fruit, he doesn't need to pay for it, nor do I need to bear the burden, and can easily get a Nature fruit. I think he'll agree to it!"

The Nature fruit could refine the Manifestation Pill. Su Meiyao had said before that even immortals would be envious of the Manifestation Pill, let alone the Nirvana Stage.

Right now, Chen Xiang did not lack a single Nature fruit. Giving one was not even a big deal, it could avoid getting entangled by the Devil-subduing College, the strong power.

Zuo Zhenxuan was startled, he had of course heard of Chen Xiang winning against a Nature fruit in the Martial Contest of the King, but he did not expect Chen Xiang to give it up.

"I will communicate with the new dean. Wait for my news." Zuo Zhenxuan said.

Chen Xiang did not wait long before a tall middle-aged man who looked ordinary flew over. Seeing the imposing white robed middle aged man, Chen Xiang immediately stood up, he knew that this was the new Principal that had descended from the Heaven Realm, and the light immortal aura that coiled around his body made him look different from the masses.

"You are Chen Xiang." The middle aged man squinted his eyes and sized Chen Xiang up, making Chen Xiang feel as if his body was being stared at by something.

"Indeed, senior is..."

"Man Futian, it's the new Principal. Where's your Nature fruit?"

This man was very direct, it seemed like he was moved by Chen Xiang's conditions.

Chen Xiang smiled and immediately took out the Nature fruit. When he was able to condense the creation divine liquid, he had already brought out a few, and what he gave Man Futian was what he got from that Wang Quan.

The Nature fruit was a fist-sized, pure white fruit that emitted a faint, pure white light.

You will no longer be a student of the Devil-subduing College. Furthermore, I will publicly announce that you killed Liu Yufang because of a personal grudge between you and her, and in the future, the Devil-subduing College will definitely no longer pursue the matter of you killing Liu Yufang. "" Alright! Man Futian said.

Chen Xiang gently tossed the Nature fruit over, as if it was a normal fruit. He didn't mind at all and was completely straightforward, which surprised Man Futian and Zuo Zhenxuan, because even they found it hard to act like Chen Xiang, who casually gave the Nature fruit to him, without feeling any pain.

"Deal." chuckled. If he could avoid being entangled by the Devil-subduing College, he could at least avoid having to hide in the east.

"The Devil-subduing College will hold a tournament not only for the students of the Devil-subduing College, but also for the entire Mortal Wu Realm. If you can get a good rank, you will be able to enter the Stellar Transposition Realm." Man Futian also smiled slightly, he appreciated a straightforward person like Chen Xiang.

Chen Xiang could guess that it was definitely because Zuo Zhenxuan asked him about the matter of letting him into the Stellar Transposition Realm.

"Hehe, because I'm famous, you want me to make a name for myself and attract a lot of people, right?" Chen Xiang laughed.

But when the time comes, the Fire Divine Palace will definitely send people too. You must be careful, as far as I know, you are their target. Man Futian's words made Chen Xiang's face turn serious.

Chen Xiang nodded his head, then flew away. Zuo Zhenxuan sighed: "This is great, to be able to get a Nature fruit so easily, if it was me, I would also be doing it!"

To these Nirvana Stage, rare medicinal pellets were even more attractive. Although they had powerful strength and a huge amount of wealth, they did not have these rare medicinal pellets just because they were there.

[Chapter 560](#)

Now that Chen Xiang and the Devil-subduing College were even, but he still wanted to stay in the Devil-subduing College, he wanted to see what kind of powerful martial arts the Devil-subduing College had.

Chen Xiang had come over once during this period and his attitude was very good. He had even allowed Chen Xiang to continue staying in the Devil-subduing College as a student, clearly intending to rope Chen Xiang in.

Man Futian came down from the Heaven Realm, but he had only passed through the Eight Tribulations of the Nirvana Realm. Although he had brought a lot of resources down from there, it was inevitable that he would need other things in the future. He knew that Chen Xiang knew Hua Xiangyue, and that was one of the few Alchemists.

Very quickly, all of Devil-subduing College's bounties on Chen Xiang were revoked, and they even announced that they had severely punished Chen Xiang, saying that he had changed his life and was brave enough to admit his wrongs ...

However, Chen Xiang was still in the Devil-subduing College in the future, which made many young people who were fighting for victory extremely excited. This was because in this way, he would have the chance to compete with Chen Xiang, and as long as he defeated Chen Xiang, they would be able to become famous in the world.

"So boring. After so long, the egg still hasn't moved at all." Leng Youlan pouted her lips and stretched lazily. She came out of the room, but the moment she saw Chen Xiang, she immediately pounced on him and pulled his hand, waving gently asking Chen Xiang to bring her out for a walk.

Xue Xianxian shook her head and laughed: "You Lan, you have to be patient. Didn't you say you want to become a female warrior whose name shook the world while riding on a Flame Dragon Eagle?"

Leng Youlan pouted her long, beautiful white hair, and upon seeing Chen Xiang's disdainful smile, she stomped her feet, "Sister Xianxian, continue, I must hatch the Flame Dragon Eagle!"

Chen Xiang laughed: "I believe you can do it. Oh right, I need to go back to the Super Martial School. It might be some time before I return!"

"En, go. You don't have to worry about us." Xue Xianxian walked in front of Chen Xiang, stood on her tiptoes and kissed Chen Xiang on the lips.

Chen Xiang took out the Luo Tianmen, opened a spatial door, and went to the forest outside the City of the King. After that, he entered the city and passed through the Transmission array, returning to the Chen Martial Continent.

Inside Super Martial School, Gu Dongchen was looking at Chen Xiang in disbelief.

"Young senior uncle, what method did you use to make the Devil-subduing College forget about you and not only that, you also didn't investigate the past, allowing you to continue staying in the Devil-subduing College." Gu Dongchen was very suspicious about this.

"That's my ability. I'm going to look for Master. Do you want to come with me?" Chen Xiang laughed.

Hearing that he was going to look for Huang Jintian, Gu Dongchen looked like he had seen a ghost. His expression changed and he anxiously shook his head: "Go by yourself, I have to take charge of Super Martial School now, I don't have time to make him suffer!"

After returning to the Super Martial School, Chen Xiang felt that the atmosphere in the Super Martial School had changed. Everyone inside acted very quickly, and the cities outside had become much quieter, and the number of Super Martial School disciples who were looking for fun in the city had become fewer and fewer. Currently, the Super Martial School was enveloped in a nervous atmosphere,

everyone was speeding up their pace to increase their strength, because once the Great War between Three Realms erupted, this Chen Martial Continent would be the front line for the battlefield.

When Huang Jintian saw that Chen Xiang had arrived, he was no longer surprised. He did not torture him anymore as he stared at Chen Xiang with a look of disbelief.

"Little brat, you're actually able to steadily raise your cultivation without relying on me. Furthermore, it happened so quickly, just how did you manage to do that?" Huang Jintian tugged on Chen Xiang's ear and asked. The last time Chen Xiang had entered the Spirit Martial Realm, he was here, but not long after, Chen Xiang had entered the Soul Martial Realm.

"I stayed in the Stellar Transposition Realm for a long time, and I even learned a powerful martial arts, which helped me steadily increase my cultivation." Chen Xiang anxiously said, and then explained the situation between Stellar Transposition Realm and him.

Huang Jintian released Chen Xiang: "So it's like that, there really are many extraordinary powers outside!"

"Master, can you help me predict the Nirvana Doom of two people? Both of them are at the Nirvana tribulation." Chen Xiang said. Such a heaven defying ability like Huang Jintian was extremely rare in this world.

Huang Jintian stroked his beard, and said straightforwardly: "One of them must be Liu Meng'er, that girl. I never thought that she would grow up so fast, I remember she just passed the seventh tribulation not long ago, who is the other one!"

Previously, Huang Jintian had said that anyone that Chen Xiang trusted could come to him to predict Nirvana Doom.

"She is called Hua Xiangyue, Dan Fragrance Pure Land ..."

Before Chen Xiang could finish his words, he was interrupted by Huang Jintian: "This Hua Xiangyue is no good, as for why you didn't ask, I won't tell you!"

Chen Xiang was dumbstruck. He actually couldn't help Hua Xiangyue predict Nirvana Doom, and there was another reason as well.

"Why?" Chen Xiang wanted to know, and anxiously asked.

"I told you not to ask, be careful that I didn't beat you up." Huang Jintian waved his hands as he released the Dragon Power.

Very quickly, Huang Jintian condensed a white pearl, inside it was the content of Liu Meng'er's Eight Tribulations. Chen Xiang took it, put it away properly, and was about to leave.

However, he was stopped by Huang Jintian. Seeing the mischievous smile on Huang Jintian's face, Chen Xiang knew that he was about to get into trouble. Just as he was pulled back, his back was hit by Huang Jintian's palm. The pain spread throughout his entire body, causing him to feel weak, following that, Huang Jintian began to train on him, causing him to scream miserably, it was extremely cruel ...

Huang Jintian kept doing this for over a month. During this month, although Chen Xiang felt like he was in hell, the rewards he reaped were great because Huang Jintian was always fighting with him, training him in actual combat.

"You can go now." Huang Jintian stretched his back.

Chen Xiang did not say anything, he immediately jumped, but just as he jumped up, his body was suddenly locked down by a force.

"Master, please spare me." Chen Xiang pleaded.

"Hehe, before you left, I'll teach you another move. Your senior brother only learned it when you were in the Hundred refining realm, but I feel that you should be able to learn it now." Huang Jintian chuckled, his hands pushed forward, and an incomparably majestic Dragon Power surged out from his palms. These Dragon Power were different from the ones Chen Xiang had seen before, they were extremely powerful, and formed into a white mist.

"Dragon Subduing Returning Essence." Huang Jintian laughed, the terrifying Qi released from his hands turned into a mighty white dragon, baring his fangs and brandishing his claws, he pounced towards Chen Xiang, the dragon's roar pierced through the clouds, shaking the world.

Just as it was about to reach Chen Xiang, the white dragon that was made of terrifying energy suddenly disappeared, but it brought along a gust of wind that blew Chen Xiang out of the deep pit.

Chen Xiang's bottom fell onto the grass beside the Sky Cavern, and the dragon's roar that he had just received was still reverberating in the Super Martial profound Realm. He still vividly remembered that destructive force, and when he thought back to it, he felt that he would be immediately destroyed.
