[Chapter 561](#)

Chen Xiang was so frightened that his entire body broke out in cold sweat, but he was secretly happy. With such a powerful master like him, if he was bullied, and hid inside the Sky Cavern, no one would dare to find trouble with him.

"Dragon Subduing Returning Essence, it can be used inside the Taiji Dragon-suppressed kungfu, but it's too difficult to learn." Chen Xiang shook his head and said.

"Hehe, of course it's hard. It's a very strong Dragon Slaying Supreme Technique. If I personally teach you, it would be a lot simpler." Long Xueyi laughed.

Speaking of martial arts, Chen Xiang immediately headed towards the Devil-subduing College. He guessed that the majority of the martial arts in the Devil-subduing College were created anxiously using the Devil-suppressing kungfu, no matter how hard it was to learn, it would be easy in his hands. He wanted to go and see what other powerful Demon Fighting Techniques were there.

After arriving at the Continent of the King, Chen Xiang immediately left the city. He hid in the forest outside the city and used the Luo Tianmen to open a spatial door, but he encountered a problem.

"Strange, why can't I open it? It seems to be blocked." Chen Xiang said suspiciously. He could only change the route and open the door to the forest outside of Devil-subduing College.

Stepping through the spatial door, he instantly crossed the distance of almost half of the Continent of the King. As he walked out of the forest, he looked up from afar at the countless gigantic tall buildings and enormous grand buildings that formed the campus.

"I never thought that it would take only a month for the Devil-subduing College to set up such a powerful array. Not only does it protect the entire academy from being invaded by outsiders, even space itself has been cut off, and it should be the work of those who came down from the top of the Heaven Realm." Chen Xiang said as he walked towards the door.

He was a student of the Devil-subduing College in the first place, so naturally, he could enter as long as he had the command medallion in his hands.

In front of the towering gate, many handsome men and beautiful women were discussing softly. All of them were here to register and prepare for the examination, all of them wanted to enter the Devil-subduing College to learn. All of them came from some powerful sects or powers, but Chen Xiang knew that most of them would stay in the Devil-subduing College.

The students of the Devil-subduing College got used to it very quickly. In just a month's time, they had gotten along with the students of the two Devil-subduing Colleges who had suddenly arrived.

Inside the new Devil-subduing College, there were still many small circles, and there were also quite a few powers formed with strong figures. Chen Xiang had walked around the crowded areas of the academy, and was able to discover some things in this regard.

"I never thought that the quality of the students sent over from the two academies would be so high. It seems that they are elites that the Devil-subduing College has plundered from numerous Mortal Realms." Chen Xiang thought and headed towards the forest where the students resided.

Arriving at the foot of the mountain where Xue Xianxian and the rest were staying at, Chen Xiang suddenly felt that something was amiss. He hastened his footsteps and walked up the mountain, only to see that there was an additional large platform outside the house.

These hundred people were dressed in uniform. They were all red, and on their backs, there was a dazzling design of the sun.

These people were naturally from the Devil-subduing College, they lined up neatly and stood outside the small house, all of them had an imposing manner, with towering eyebrows, their entire bodies emitted a threatening and profound Qi, all of their cultivation was not ordinary, the True Qi in their bodies were surging and surging, as though they could enter into battle at any time.

"This should be one of the superior students in the Eastern Lie Hall." Thinking about what he heard on the way here, Chen Xiang quickly understood the origins of this group of people.

"Halt." When the few of them saw Chen Xiang walking over, they suddenly shouted loudly, the sound was like a thunderclap, as if it was trying to intimidate Chen Xiang.

Chen Xiang frowned, obviously displeased: "Why!"

After he finished speaking, he only saw two figures flash by like red lights. With a 'sou' sound, two men stood in front of him with a stern expression.

"Who are you? Do you know that our hall master, Dongfang Yao, is inside discussing important matters with Lady Leng? No matter who you are, you are not to be disturbed. Otherwise, you will be killed without question." A man said coldly, his eyes flashed with contempt when he saw the weak Innate Qi across Chen Xiang's entire body.

Chen Xiang clenched his fists tightly. He never thought that the current Devil-subduing College would have such no rules, a hall master actually had such power, he didn't know what kind of trash Dongfang Yao was, but he was extremely worried about Leng Youlan. Such a fellow definitely had nothing good to do with Leng Youlan.

"This is my residence. Leng Youlan is my sister and I have not violated the rules, what right do you have to stop me from entering and even kill me? This is the Devil-subduing College. Chen Xiang frowned and said expressionlessly.

"How bold, how dare you contradict our Eastern Lie Hall, we are only talking about rules, our hall master is discussing the marriage with Leng Youlan, this is related to the hall master's marriage, the hall master has said that anyone who dares to barge in, will be killed without discussion." The man shouted, he did not think that Chen Xiang was Leng Youlan's brother.

After discussing about the marriage, Chen Xiang suddenly felt that it was funny, but he was extremely furious. As for why, even he did not know.

"Hmph, where did this country bumpkin come from? He doesn't know his place in the world and wants to propose to my sister, but he also doesn't know his own worth. If you want to marry my sister, then you must at least get through me." Chen Xiang sneered.

In their eyes, their Hall Master was an incomparably sacred existence. Sometimes, they would rather listen to their Hall Master than listen to the Principal, because they could not believe that someone had actually insulted their Hall Master.

The two men in front of Chen Xiang were immediately furious, their bodies released waves after bursts of hot air, their faces filled with a sinister look. In their fury, their bodies were burning with extremely hot flames, and the light they emitted were like scorching suns.

"If the one who insulted the pavilion master dies, lay down!" One of the man roared, he waved his hand, and his entire arm surged with a destructive force of flames, ferociously chopping down, as though he was a gigantic axe that could split the mountains and break the rivers, he slashed at Chen Xiang's head, the hot air shot out in all directions, the scorching True Qi rippled out in all directions, instantly drying up the grass and trees.

Using flames to deal with Chen Xiang was simply courting death. Chen Xiang was very calm, his hands moved like lightning as he welcomed the huge palm that was chopping down. The Dragon Power gushed out of his hands and the aura that he released was berserk and savage, that kind of destructive force seemed to be able to destroy everything in the world.

An incomparably surging aura surged through the air and shook the earth. Once the Dragon Power appeared, no one dared to contend against it.

"Kacha!" With a crisp sound, Chen Xiang's palm struck the man's wrist as if meeting a strike, and instantly broke it. The man didn't even have time to scream when Chen Xiang's other hand immediately turned into a fist that tore through the air and smashed into the man's abdomen with an explosive sound at the same time.

It was actually the first level of Devil Subduing Method, the man's body was like an arrow released from the profound, flying out of Chen Xiang's body, his clothes were already being torn apart by Chen Xiang's terrifying Dragon Power, blood continuously gushed out from his mouth, and he fainted.

[Chapter 562](#)

Seeing how brutal Chen Xiang's attacks were, all the other students of the Eastern Lie Hall were moved, but they were all furious. Because Chen Xiang was too ruthless in his attacks, he crippled the man in just a few breaths of time, completely wiping out the man's Dantian, shattering all the meridians and internal organs in his body.

Shua! Chen Xiang was suddenly surrounded by five men.

Not only did Chen Xiang insult their Hall Master, he even severely injured one of their people in front of them. This made them feel incomparably humiliated, and they felt that this was Chen Xiang provoking the dignity of their Eastern Lie Sun Hall.

Chen Xiang frowned, he wanted to check the strength of the five men, they all had dense True Qi and were within the Soul Martial Realm's range of attack, but he was not afraid at all, even if it was against the Hundred refining realm, he would still dare to fight.

A monstrous killing intent suddenly surged out from Chen Xiang's body, enveloping the entire small mountain, this tragic killing intent was ice cold and terrifying, bringing a bone-piercing coldness and an extremely strong mental pressure to envelop the small hill, while Chen Xiang's eyes were slightly red, the dense black killing intent continuously surged out from his body, he looked like a ruthless god of death, in his eyes, it was only slaughter.

The students of Dongfang Lie's Day Hall were suddenly filled with fear. They now knew that the person in front of them was extraordinary. Judging from this level of killing intent, one had to kill millions of people to accumulate such killing intent.

Chen Xiang had accumulated the killing intent of several dozens of Nirvana Stage Warriors. With such a level of killing intent, even the Nirvana Stage would be terrified of him.

"Chen Xiang, hold back a little." A cold, yet gentle, clear voice came from inside the house.

It was actually Liu Meng'er's voice. Liu Meng'er, who was present, was relieved as well, his eyes flashed with a terrifying killing intent. He swept his gaze over the students of the Alchemy Hall, and only then did he retract his overflowing killing intent.

"You guys are lucky. Otherwise, you hundred people would have already died." Chen Xiang said coldly.

If it was before, these hundred over people would definitely scoff at Chen Xiang's words, but they couldn't help but believe it now.

"What happened?" Liu Meng'er who was inside the house asked.

I just wanted to go in, but these people wouldn't let me. They also said that as long as I go in, they will kill me without question. This is my residence, so why wouldn't they let me in? Chen Xiang's voice carried a bit of anger, although his tone was calm, his words carried an incomparable killing intent, as though he wanted to kill all of these hundred people.

At this time, Chen Xiang asked again, "Elder Sister Meng'er, you know, I'm Youlan's sworn brother. I heard that someone wants to marry her, I want to see how that guy looks like, what ability does he have to actually be so powerful, and not put me in his eyes!"

They could only grit their teeth and glare at Chen Xiang, wishing that they could immediately pounce and fight to the death with Chen Xiang, daring to provoke their hall master so loudly, not putting them in their eyes at all.

"Oh, this is Youlan's sworn brother, Chen Xiang." A voice exploded beside Chen Xiang's ears like thunder: "As expected, he's as savage as the rumors say, although his talent isn't bad, he is too proud. Senior Liu, please don't stop me from teaching him a lesson, I'm doing this for his own good!"

As he spoke, Chen Xiang felt waves of pressure coming from the top of his head, bringing along a scorching heat. This kind of Innate Qi appeared immediately, and it was so strong, as though it could tear through space itself, forming a huge fist above his head. This fist was flickering with a light as glaring

as the sun, it was extremely hot, bringing with it an extremely threatening pressure, causing the ground beneath Chen Xiang's feet to crack and shatter.

This was the first time he had met an expert that could use Zhen Qi in such a way, and Chen Xiang did not even see that person.

If you want to marry her, you won't even deserve to be his slave. If you want to marry her, you have to get through me first, and if you have the guts, don't cower inside, and come out and fight me. Otherwise, get lost and don't dirty my sister's eyeballs. Chen Xiang was immediately furious, clenching his fists, he stamped his feet fiercely, causing the ground to shake, the incomparably vigorous Dragon Power collided with the inside of his Dantian, causing waves of berserk Qi to surge out from his body.

"An insignificant skill!"

Chen Xiang faced the golden fist that was condensed with dense true energy, and punched with all his might. The power of the fist that was condensed with Dragon Power, suddenly exploded out. Ten consecutive explosions rang out, and these ten thunderclaps that shook the heavens caused the expressions of the students of the Eastern Lie Hall to change drastically. Their faces were filled with disbelief, but they had no choice but to believe after seeing Chen Xiang's fist force dissipate that golden fist.

The ten continuous sounds of the tenth layer of Devil-suppressing power was the best proof.

They had only heard that, in the Heaven Realm, there were very few people who could reach this stage, and in the Mortal Realm, only Zuo Zhenxuan was able to reach it. But now, Chen Xiang could, for a young man to actually cultivate to the tenth layer of Devil-suppressing power, they now knew why Chen Xiang was so arrogant and arrogant, because he had the means.

"Hmph." He could not hide his surprise at all as a small bell suddenly flew out, as if it had appeared above Chen Xiang's head, becoming as tall as a person. The bell suddenly pressed down, enveloping Chen Xiang within.

Liu Meng'er said coldly: "This is nothing, teaching others a lesson requires you to rely on your own treasures, and this is even a ninth phase artifact." She was a grandmaster blacksmith, so she could tell at a glance.

If not, he will not know that there is someone stronger than him. I am doing this to make him realize his insignificance, my bell is called the Mysterious Sky Purple Thunder Bell, it can imprison people inside, and the person inside will not be harmed. Dongfang Yao said indifferently. This was a stage nine treasure, something that was close to the level of a Divine Equipment.

Liu Meng'er laughed coldly in her heart, even if Chen Xiang deserved to be taught a lesson, it was still not Dongfang Yao's turn. In Liu Meng'er's eyes, Dongfang Yao deserved to be lectured the most, and he should know what it meant to be someone stronger than others.

"Don't worry, I will only keep him locked up for four hours. After four hours, I will naturally take back the Profound Sky Purple Thunder Bell. Let's continue discussing the marriage between Leng Youlan and me." Dongfang Yao laughed faintly.

Liu Meng'er did not worry at all. Chen Xiang had three divine tools on him, and those were existences that surpassed Saint Artifacts, it would be weird if they could injure him. She was actually worried about Dongfang Yao's Mysterious Heaven Purple Thunder Bell, as it was an extremely precious treasure to Dongfang Yao, and was considered a top-notch treasure in the Mortal Realm.

Just as Dongfang Yao was about to leave, suddenly.

"You are not qualified to marry Youlan." Chen Xiang, who was trapped, was furious. A pair of tiger skin gloves suddenly appeared on his fist and he held the Green dragon demon-slain broadsword.

The Mysterious Heaven Purple Thunder Bell that was protecting Chen Xiang suddenly exploded, transforming into countless pieces that stormed forward like a storm towards the hundred over students of the Eastern Lie Hall. In that moment, all of the students let out hissing sounds, their bodies were struck by the pieces of the Mysterious Heaven Purple Thunder Bell, as though they had been cut into a thousand pieces, their bodies drenched in blood.

As for Chen Xiang, he held onto the divine blade, and stood there like a god of death.

[Chapter 563](#)

When the students of Eastern Lie Hall saw that Chen Xiang had been enveloped by the Mysterious Sky Purple Thunder Bell, they had already relaxed, but they did not expect that Chen Xiang would suddenly break through the's famous treasure, the sudden fragment of the storm, made it hard for them to guard against, and the broken pieces were all materials for ninth phase artifacts. They were already indestructible, and their true qi was momentarily difficult to defend against.

In just a few short moments, a large portion of the students of the Eastern Lie Hall had already fallen. The red of the sun on their bodies were completely dyed red with blood.

As the hall master, Dongfang Yao had no choice but to come out now. He did not expect that Chen Xiang would actually be able to resist him multiple times.

"He actually destroyed my Mysterious Sky Purple Thunder Bell, you ..."

A furious voice came out, Chen Xiang finally saw Dongfang Yao, he was a young man whose entire body was emitting an Emperor's Qi, the Spirit Qi on his body was like an emperor descending to the world, the Eastern Lie's robe was gold, on his clothes there was even a gold dragon, this gold dragon was inside the sun pattern on his chest.

Chen Xiang frowned, looking at Dongfang Yao, Dongfang Yao was indeed not simple, the aura of a ruler descending to the world, was like an emperor, but when Liu Meng'er appeared, he suddenly seemed insignificant.

Liu Meng'er had been in control of the Divine Weapons Heavenly Country for many years and was extremely strong. As a giant boss, her aura was much more terrifying than Dongfang Yao's, and the Emperor's might that she emitted was not something that Dongfang Yao could compare with.

And under the heavens, Chen Xiang was able to surrender to this generation's female emperor.

"Then what? Only trash like you can treat this trash as a treasure? This type of trash cannot even enter your daddy's eyes. You actually want to teach me a lesson?" Chen Xiang held his blade horizontally, and

green light flashed on top of the Green dragon demon-slain broadsword. The lightning that surged out from it was even more tyrannical and tyrannical than the purple lightning on the Mysterious Sky Purple Thunder Bell.

Dongfang Yao calmed down very quickly and said coldly: "Are you trying to force me to act? I only used twenty percent of my power just now!"

I'm not afraid of you even if I use all my strength. I didn't force you to make a move, you forced me first, you kept saying that you wanted to teach someone a lesson, but didn't dare to do it yourself. If your strength is inferior to mine, then why are you teaching me a lesson? Chen Xiang's eyes contained a dense killing intent. He already had an incomparable killing intent towards Dongfang Yao.

"Hmph, I won't do anything to you today, it's too boring. Just you wait, the Fighting Demon Martial Arts Competition will be held very soon. At that time, I will ravage you in front of the tens of thousands of disciples and the higher ups of Devil-subduing College." Dongfang Yao sneered.

"Who dares to trample on me? Who doesn't know who dares to speak such arrogant words?" Chen Xiang coldly snorted.

Dongfang Yao waved his hand, and a golden light exploded out from within his palm. The golden mist surged and enveloped the injured students of the Eastern Lie Hall, and they were lifted up into the air, floating away from the small mountain.

"If Youlan likes this guy, I'll dig out my eyeballs and feed them to the dogs." Chen Xiang coldly snorted, then walked into the small house.

Liu Meng'er pouted. "Little Scoundrel, you've become so much stronger now!"

"Hehe, my ability does not stop at what you see on the surface." Chen Xiang tossed a white pearl to Liu Meng'er. Naturally, Liu Meng'er knew what this was, it was something related to her Nirvana Doom. It could help her smoothly pass through the Eight Tribulations.

Liu Meng'er had to admit that this brat Chen Xiang did indeed have a lot of ability. Otherwise, he wouldn't be able to capture her heart and make a powerful Alchemist like Hua Xiangyue willingly become his slave.

Entering the small house, a refreshing fragrance filled the air. A tall girl with snow-white hair pounced over, Leng Youlan hugged Chen Xiang tightly as she laughed out loud: "I knew that big brother would be able to teach this irritating fellow a lesson. You want to marry me just because you have some ability, but if he wants to give me a hand with my shoes, I'll have to consider it!"

Xue Xianxian stuck her tongue out at Chen Xiang, then smiled sweetly: "Brother Xiao Xiang, if you are so overbearing, in the future, who would dare to marry You Lan!"

"Sister Xianxian, I won't marry anyone, I want to be brother's sister forever." Leng Youlan said naively.

"Youlan is mine." Chen Xiang thought, such a white-haired beauty, which man would not be tempted by her? Moreover, she only had him in her heart.

Xue Xianxian scoffed: "Brother Xiang, looks like you have to marry her from now on. She will follow you." She knew that her master and her disciple had all been attracted by Chen Xiang. Thinking about

how she would have to serve Chen Xiang with her master and sister in the future, her beautiful face couldn't help but turn slightly red.

"Elder Sister Meng'er, why are you here?" Chen Xiang looked at Liu Meng'er and giggled.

"I was just worried about them, so I came out to see. But it just so happens that I can help them bring the Flame Dragon Eagle back to the Divine Weapons Heavenly Country to be tamed." Liu Meng'er walked over to Leng Youlan's side and tidied up Leng Youlan's slightly disheveled hair, her eyes filled with a dotting light.

"Teacher, what's there to worry about? You can't always treat us like children." Leng Youlan pouted and said: "I managed to learn the tenth floor of the Devil Subduing Method!"

"I know you're amazing." Liu Meng'er smiled and pinched her mischievous face.

Because of the deterioration of the relationship between Chen Xiang and the Devil-subduing College earlier, she was worried that Leng Youlan and Xue Xianxian would suffer the Devil-subduing College's cold treatment or hostility because of them. After she found out that another two Devil-subduing College s had appeared, she had no choice but to rush over to greet the new Principal of the Devil-subduing College.

Who knew that once she arrived, she would know that Chen Xiang and the Devil-subduing College had reconciled. As for the reason why, even she herself did not know, which made her immediately feel relieved. But when she arrived, she met Dongfang Yao bringing a group of people to propose marriage to him.

Liu Meng'er didn't stay for long. She chatted with Chen Xiang and the other two for a while, warned them a little, and then left.

The two Flame Dragon Eagle were placed inside the profound beast bag and brought back for Liu Meng'er to tame.

"Bro, if that guy comes again, help me beat him up. I hate him so much, pestering me all day long." Leng Youlan was gloomy.

"Who is this Dongfang Yao, he doesn't seem to be simple." Chen Xiang asked.

"I heard that he is the son of an emperor who is in charge of the entire world. His strength resides in the Hundred refining realm and he is the hall master of the Four Great Temples of the Devil-subduing College, the East Lie Sun Hall." Xue Xianxian said.

"If it wasn't for the academy's rules, I would have already beaten him up. Next time, when he comes to pester me, I definitely won't be lenient." Leng Youlan said angrily. She was very annoyed by this.

Xue Xianxian asked: "You Lan, do we also want to join the Southern Fragrance Hundred Flowers Hall, one of the four great halls?"

Leng Youlan thought for a moment, then said: "I heard that it is filled with women, they shouldn't be so annoying."

[Chapter 564](#)

Right now, the halls in the Devil-subduing College referred to a few academies, which were usually used for people who had common interests to interact with. However, it had now become a place where some small powers could interact.

"Bro, do you want to join one as well?" Leng Youlan said with a smile.

"I'm not. The people who are leading these small factions definitely aren't good people. That's the way to get rid of that guy just now." Chen Xiang shook his head. He did not recommend Xue Xianxian and Leng Youlan to go, but he did not try to stop them.

Xue Xianxian said: "I heard that only those who enter these halls will have people instructing them on other martial arts in the Devil-subduing College. If you can cultivate by yourself, Brother Xiao Xiang, then you don't have to enter, we are different from you!"

"Then I'll accompany you to take a look." Chen Xiang thought, he felt that the Devil-subduing College had deliberately allowed these halls to grow, since it would result in a competitive situation, allowing these halls to produce a group of elite disciples.

This hall was filled with female students. After the three Devil-subduing College s merged together, the number of students increased, and there were changes to the rules. In the past, both males and females were not allowed to be in the same hall, but now, they could, but they could choose these schools by themselves.

When he arrived at the so called Southern Fragrance Hundred Flowers Hall, Chen Xiang discovered that it had already been established a long time ago. Furthermore, it was located in the largest academy, it could be seen that it had existed since a long time ago.

"Please take out the insignia of the Hundred Flowers Hall. Only the people from the Hundred Flowers Hall are not allowed to enter." Leng Youlan and Xue Xianxian were famous people in the Devil-subduing College, they themselves were exceptional beauties with outstanding innate skills. Furthermore, with their fast learning speed in Devil Subduing Method, just by taking the Devil Subduing Method as an example, they were an existence that stood out among the young students in the academy. Furthermore, when they declared to the public, they were only able to learn the fifth level.

Even if the three Devil-subduing College s were merged together now, the strongest young disciple would only be able to learn the fourth layer while the two girls could only learn the fifth layer. This, of course, would attract a lot of attention, and right now, there were people who rated them as the most outstanding beauties in the Devil-subduing College.

Through the door, Chen Xiang could see that the inside of the Hundred Flowers Hall was extremely spacious. The inside was like a huge mansion with many huge residences.

"We don't have the token, we're here to join Hundred Flowers Hall." Xue Xianxian immediately said, she wanted to be in front of Leng Youlan when she spoke, because Leng Youlan's temper was explosive, and when she spoke, she was extremely rude, if not, then there would be conflicts. Xue Xianxian would often be involved in conflicts because of this, and even if Leng Youlan was wrong, she would have to accompany Leng Youlan and beat someone else up.

Seeing the female gatekeeper's attitude, Leng Youlan's face was filled with disdain. She had started to feel that Chen Xiang was right, to be able to enter such a hall for no reason, it was simply asking for trouble. If Chen Xiang and Xue Xianxian were not here, she would have already gone berserk.

Just as the female gate guard was about to answer, a cold and aloof voice came from inside the Hundred Flowers Hall: "Hundred Flowers Hall is not a place you can casually enter!"

While speaking, a yellow dressed lady suddenly flew out from inside, and landed gracefully in front of Chen Xiang and the rest. She was a tall and slender and mature woman with extremely beautiful features, but her age was approaching her, and she looked like she was in her middle years. Her brows revealed a sense of majesty, and when she saw the two young and pretty faces of Leng Youlan, a look of jealousy flashed past her eyes.

Xue Xianxian looked like a refined fairy, and Leng Youlan looked like a cold and elegant peerless devil woman. However, her cold and proud, valiant and overbearing temperament made her feel a strong desire to conquer men. In a certain way, she was even more attractive than Xue Xianxian.

On the way here, Chen Xiang had found out about the Hundred Flowers Hall Master. Her name was Hua Qiuxia, and her strength was at the peak of the Hundred refining realm. From her appearance, which was nearing middle age, it could be seen that she wasn't young anymore.

"What are the conditions for joining this Hundred Flowers Hall?" Chen Xiang asked.

Hua Qiuxia looked at Chen Xiang coldly, making him feel extremely uncomfortable. She said indifferently: "Their strength is enough, after all, they are able to cultivate to the fifth level of the Devil Subduing Method. However, this does not mean that they are qualified to enter the Hundred Flowers Hall. Our Hundred Flowers Hall has twenty of the most outstanding teachers in the Devil-subduing College.

"Therefore, if you want to enter the first stage of Hundred Flowers Hall, you must first pay one hundred million Spar ..."

Hearing this amount, Xue Xianxian and Leng Youlan were shocked. Xue Xianxian frowned slightly and said softly: "Brother Xiang, You Lan, let's go!"

The two of them meant two hundred million Spar, Xue Xianxian and Leng Youlan were not rich like Chen Xiang, who were supposed to be, nor did they lack any cultivation resources. Naturally, they did not have that many Spar on them, but they only had eight million of them, all for setting up the formation.

Seeing that someone wanted to join the Hundred Flowers Hall, all the female students came out from the hall. When they saw Leng Youlan and Xue Xianxian, most of them revealed expressions of jealousy, especially when they saw that the two girls were together with Chen Xiang, this handsome and charming man.

"You can't even afford to pay a hundred million Spar, and you still dare to come to our Hundred Flowers Hall? What do you think our Hundred Flowers Hall is, it is not something a poor person like you can casually come in. Don't think that you have some looks, you just happen to cultivate to the fifth level and you already think you're powerful. A woman mocked in a sarcastic tone.

When Leng Youlan heard it, she was immediately furious: "You little slut, if you have the guts, then come stand out and fight against this old lady. I can beat you with one hand and make you scream like a ghost.

Xue Xianxian coldly snorted: "Hundred Flowers Hall is only at this level, I am glad that we did not join!"

Right now, the two of them completely agreed with Chen Xiang's words. The ones leading these small forces were not good people, and they would act in an unfair manner when they were in the wrong, even the majority of the people inside were the same.

Hundred Blossom Hall Master, Hua Qiuxia shouted out coldly: "Impudent, to actually dare insult our people in front of our Hundred Blossom Hall's entrance, aren't the two of you looking down on me too much!"

"Old demoness, didn't you hear that slut from your Hundred Flowers Hall scolded us? I was only trying to repay her." Leng Youlan immediately replied. She was a straightforward person to begin with, and was even more furious now, being as rude as she could be when she spoke.

"You're courting death." Hua Qiuxia's face immediately became pale. She hated it when others called her old, because that was her sore spot. And now, not only did Leng Youlan say it, she even used such vulgar words to insult her. This made her extremely angry.

[Chapter 565](#)

Hua Qiuxia flipped her palm, releasing a green light sword that flew towards Leng Youlan with a speed so fast that it seemed as if it could split space, but Chen Xiang was even faster than her. His tiger-skin covered hand extended out like lightning, and used an unbelievable method to grab the sword.

"Hmph." Chen Xiang snorted angrily, and struck out with his palm towards Hua Qiuxia. The white Dragon Power suddenly flashed, and as the ground shook violently, there was a loud explosion, followed closely by a series of violent tremors, bringing along the Heaven Blasting Palm that was released. The might of the trembles could be said to be able to shake the earth, if not for Chen Xiang's great control over the energy, the Hundred Flowers Hall would have already collapsed.

As the shock wave crashed into the space, it produced a terrifying sound and struck Hua Qiuxia's abdomen. Hua Qiuxia raised her eyebrows and blocked it with luck, but she was still knocked back a few steps.

"It's nothing more than that." Chen Xiang said with a face full of contempt. Leng Youlan had already taken out her white greatsword, and Xue Xianxian had also taken out her jade dragon spear. Her face was full of anger, because Hua Qiuxia had used her weapon the moment she made a move, and very ruthlessly too.

Dragon Power, this was the Dragon Power, the female students saw Chen Xiang forcing their hall master to retreat with a single palm, their faces filled with shock. Chen Xiang's fame was known to everyone in Devil-subduing College, he was already viewed as a legendary figure, but the students who have seen his true strength were few.

"I'm going to hide from her." Leng Youlan bellowed, and was about to charge forward.

"Stop." Unexpectedly, it was the new Principal of the Devil-subduing College, Man Futian.

Although Man Futian had arrived, Leng Youlan and Xue Xianxian did not put away their weapons, while the Hundred Flowers Hall Master kept her sword and bowed to Man Futian.

"How dare you! The dean is here! How dare you not bow?!" After they saluted, they were overjoyed to see that Chen Xiang and the rest were standing there.

Leng Youlan and Xue Xianxian's master was Liu Meng'er, and they were not afraid of people as powerful as him. It was also because of their confidence and power, and Chen Xiang, as the Junior Master of the Three Great Leaders of the Super Martial School, had once played with hundreds of experts from the Nirvana Stage. Although there was a huge disparity between their strengths, the three of them were currently just too angry, and they did not really approve of the Principal.

Man Futian did not say anything, and coldly said: "I will not pursue the matters that you guys are going to do in private, if you have any matters, go and settle them on the competition grounds, then leave!"

Man Futian naturally knew what kind of trash Hundred Flowers Hall were, those who went in were all bullied in the beginning, but once they grew strong, as long as someone joined them, they would also receive the same treatment, and as long as Leng Youlan and Xue Xianxian were able to resist this kind of bad luck, conflicts would inevitably arise.

"Dean, if I don't join these halls, will there be no one to guide me in practicing my Demon Fighting Techniques?" Chen Xiang looked at Man Futian and asked.

"Yes, it is because the students in the academy provided the resources that the teachers are willing to spare the precious time to guide the students." Man Futian nodded his head, "If your ability to learn by yourself is strong, then you naturally won't need Teacher's guidance!"

Hua Qiuxia laughed coldly: "Self-study, Devil Subduing Method is more than enough for them to learn. They even want to teach themselves other demonic cultivation skills!"

Hearing that, Chen Xiang punched the ground, ten thunderous booms sounded out, the powerful force shocked the entire audience, causing the faces of the female students to pale in fear, their mouths agape.

Just a moment ago, they could tell that Chen Xiang did not use a lot of Innate Qi, but after going through the transformation of the tenth layer of Devil-suppressing power, he had become this overbearing. If Chen Xiang was to complement the Dragon Power, what would happen?

Even Man Futian took in a light breath, because he had only learned the ninth level.

"The Devil Subduing Method is not only at the tenth level, I have already peeped into the most mysterious eleventh level, and it is also the realm of great perfection." The Devil Subduing Method is not only at the tenth level, I have already peeked at the most mysterious tenth level, and it is also the realm of great perfection. Chen Xiang said arrogantly.

The eleventh level of Devil Subduing Method and the great perfection level. If the tenth level was so powerful, then what about the great perfection level?

Hearing Chen Xiang's calm yet concealed arrogant voice, the entire arena was silent.

After a moment, Man Futian exhaled: "The Great Perfection Stage of the Devil Subduing Method does exist, I didn't expect you to reach such a level at such a young age, it really makes me feel that it's impossible, if there is a chance, I will definitely pay a visit and seek guidance. If you guys have any grudges, please follow the rules of the academy to settle them!"

With that, Man Futian flew away. Even the Principal had to come to ask for guidance, which made everyone doubt their hearing.

The strong can be their masters. Chen Xiang was able to cultivate the Devil Subduing Method to the peak of perfection, but those Nirvana Stage s couldn't. In this aspect, they were indeed inferior to Chen Xiang.

Seeing Chen Xiang and the others leave, Hua Qixia gritted her teeth. Now that she saw Chen Xiang's strength, although his cultivation could not compare to hers, the power that erupted was at the same level as hers. If she grew up again, she would definitely not be able to match up.

"Damn it, I never thought that a woman like you would be so petty and reject us. If not for the sudden appearance of that dog shit Principal, I would have definitely killed that old wicked woman called Hua Qixia and you would want to kill me so much." Leng Youlan said angrily after returning back to her house.

"There's plenty of opportunities, I'm afraid this woman is with Dongfang Yao. I believe that the Four Great Temples will definitely reject us using all kinds of methods, and before long, we will begin the Demon Bestowal Martial Arts Competition. At that time, we will definitely use our best results to slap these guys in the face." Chen Xiang said firmly.

"Brother, I want to return to the Icy Wind Valley with Big Sister Xianxian to cultivate. That place can help us buy more time." Leng Youlan said: "But men are not allowed to enter that place. Once they do, the array formation inside will be ineffective!"

Seeing that Leng Youlan was going to work hard to raise her strength, Chen Xiang was also gratified: "These are 500 Chunyuan gold Dan s, take them and consume them rationally. It would be best if they are under the guidance of the Elder Sister Meng'er!"

Five hundred Chunyuan gold Dan. This number scared Leng Youlan and Xue Xianxian to death. It was not the first time Chen Xiang gave pills to them, but it was the first time he gave them so many in one go.

"Brother, how do you have so many of these things? I heard they're worth two or three million for one pill. These five hundred pills are worth over a billion." Leng Youlan accepted it. Although it was very precious, but she knew that her brother was extremely powerful.

"Hehe, I made some. Don't worry, I'll keep some for myself." Chen Xiang laughed.

Xue Xianxian handed the Storage bag over to Xue Xianxian for safekeeping. Xue Xianxian kissed Chen Xiang on the cheek.

"That slut still says we're poor. Right now, I really want to wave this basket of Chunyuan gold Dan in front of her to see her expression." Leng Youlan laughed.

Chen Xiang laughed involuntarily, the two girls said their goodbyes and quickly left the Devil-subduing College, and Chen Xiang immediately had Long Xueyi keep an eye on Dongfang Yao, he had to understand the movements of the enemies immediately, if there was a chance, he would kill them immediately.

[Chapter 566](#)

Chen Xiang came to understand that in this new Devil-subduing College, other than the Four Great Martial Temples, there were also about 10 other small sized martial halls. However, these were all composed of a few weaker people, and in the eyes of the four great halls, they were all unfavorable, so even if there was a chance of it happening, they would all be suppressed by the Four Great Martial Temples.

"It seems that the two leaders of the Eastern Sunscorch Hall and the Southern Fragrant Flower Hall are very familiar with each other." Long Xueyi said as she stared at Dongfang Yao.

Chen Xiang had already guessed it, although the Four Great Temples were opposing each other on the surface, but they were secretly doing it in a shady manner.

"They met in secret, all in disguise, in an obscure house." Long Xueyi said.

"There really is something fishy. Watch carefully." Chen Xiang sneered. He only wished that his own spirit was not strong enough, otherwise he could execute Heaven tour method like Long Xueyi, and let his consciousness wander even further.

After a short while, Long Xueyi said, "They have left. The content of the conversation wasn't much, it was mainly centered around you, Xianxian and You Lan. Looking at the situation, Dongfang Yao and You Lan had already planned to not let Xianxian and You Lan into Hundred Flowers Hall.

Chen Xiang squinted his eyes and sneered: "They want to control us, although we are not the ones with the highest cultivation in the Devil-subduing College, we have the greatest potential, and the Devil Subduing Method is at the peak, although they see talent in us, but they want to control us and make us clap and be controlled by them, if they can't control us, they would rather destroy me, so behind them, there should be another mastermind!"

"They also said that they will embarrass you during the martial arts competition at the beginning of next month!"

"Fortunately Xianxian and You Lan have already left. Otherwise, they would have caused some trouble here. The Martial Arts Competition, isn't this the martial arts exchange every month? I want to see how they will make a fool of me." Chen Xiang smiled slightly. He was someone who had learned the tenth layer of Devil-suppressing power, so he naturally didn't need to attend those classes. If it was anyone else, he should join a Martial Hall right now to receive the teachings of some old men.

"There's no need to stare at him. He's merely someone who's in the palm of someone else. So boring. I overestimated him." Chen Xiang said.

Then he went to Zuo Zhenxuan's place, heard something about Dongfang Yao from Zuo Zhenxuan. It made him even more suspicious, because Dongfang Yao's status was not low. His father was the ruler of a world, and his grandfather was actually an immortal in the Devil-suppressing Divine Palace.

For people like Dongfang Yao, why did they still only work for others? This could only mean that the person behind Dongfang Yao was even more powerful.

The Devil-subduing College used the pretense of imparting the powerful Demon Subduing Martial Arts for free to secretly rope in talented disciples to strengthen the power of the Devil-subduing College. From this, the Devil-subduing College was not a good person.

At this time, Chen Xiang felt that the Devil-subduing College was even weirder, as if there was a layer of darkness shrouding it.

"Man Futian suddenly disappeared." Long Xueyi asked her to follow the person with the most authority in the Devil-subduing College. She wanted to see if she could see anything, but she suddenly lost him.

"However, I have obtained an important clue. In this Devil-subduing College, there is another space, just like that of the Stellar Transposition Realm, but I do not sense any temporal changes in the array, I only sense a strong spatial energy and an aura that I am familiar with. However, I am not able to recall it right now." Long Xueyi was also curious, there were too many secrets hidden in the Devil-subduing College.

Chen Xiang sighed: "I can't let Xianxian and You Lan stay here any longer. After I get a few powerful Anti-Demon martial arts manuals, I also want to leave this damn place.

However, before the sky brightened, Chen Xiang was already invited by a few white-haired, old men. These old men were all elders in the academy, so they were naturally Nirvana Realm warriors. They did not have time for Chen Xiang, so they directly grabbed Chen Xiang and forcefully brought him to the Martial Arts Practice Grounds.

Chen Xiang immediately understood when he thought about it. Someone had asked the few elders to invite him over, and then allowed Dongfang Yao to carry out his plans.

Seeing Zuo Zhenxuan here, Chen Xiang was a lot more at ease. After all, Zuo Zhenxuan was someone that he could trust in the Devil-subduing College.

"Chen Xiang, your perception is superior. You spent so little time to make the Devil Subduing Method to the tenth level, so today we have no choice but to be rash and bring you over to help guide us." An old man said with a smile.

They were all students of the Four Great Temples, and you could tell that they were dressed in the same clothes. Of course, Chen Xiang had also seen Hall Master Dongfang Yao of the Scorching Sun Hall and Hua Qiuxia of the Hundred Flowers Hall.

"Chen Xiang, our Devil-subduing College has offered up something for free. Since you have learned the tenth level of the Devil Subduing Method, I think you have already grasped some tricks. According to the spirit of the Devil-subduing College, you should give out everything you have gained from comprehending the Devil Subduing Method without reservation." Another old man laughed.

Of course, Chen Xiang couldn't let his enemy completely learn about Devil Subduing Method. He deliberately gave an awkward laugh: "I'm sorry, even though I was able to comprehend the tenth level of Devil Subduing Method, I don't know what I comprehended. I just looked at that book and unknowingly completed it, I just can't say it!"

Didn't the Left Vice Principal already learn the tenth floor? He has been immersed in this field for tens of thousands of years, and he has more experience than me, so I think it would be better to leave it to him!

"

It was one thing to be able to learn it, and it was another to be able to teach it, so those old fellows could not say anything to Chen Xiang.

At this time, Dongfang Yao stood up and said: "Chen Xiang, you said before that if you want to marry your sister Leng Youlan, you have to win against her, you are serious!"

Chen Xiang raised his eyebrows and smiled indifferently: "I am only saying that if you want to marry my sister, you have to win against me first before being qualified to go and discuss marriage with her. As for whether or not you marry, that is her problem, of course, if you can't win against me, you don't have the qualifications at all, you aren't even fit to carry her shoes!"

Dongfang Yao was instantly enraged, he never thought that Chen Xiang would actually say such arrogant words in front of so many people, and no one else expected that this would be a blatant provocation, causing the entire Martial Arts Practice Grounds to be in an uproar.

"Chen Xiang." Dongfang Yao shouted loudly, "Are you trying to humiliate me!?"

"That's what my sister said. She said if you can't beat me, you're not even fit to carry her shoes." Chen Xiang said calmly.

Hua Qiuxia sneered: "Isn't she just a barbaric little girl, what is there to be arrogant for, to actually be so arrogant!"

"That's right, she is a savage girl, but she was able to master the fifth floor of the Devil Subduing Method in a short amount of time. Can you do it, you are already an age, before you stepped into the Extreme realm, but she is now a Soul Martial Realm, she is younger than me, no matter how you look at her, this savage girl is still stronger than you." Chen Xiang's words were sharp, directly striking at Hua Qiuxia's sore spot. Everyone knew that Hua Qiuxia was currently facing a situation of aging because she couldn't break through, which was also something that many warriors could do nothing about.

Dongfang Yao said coldly: "Chen Xiang, stop arguing, I don't need to do anything, your cultivation is way too different from mine, even if I win, it won't be because of you, I'll let my subordinates exchange blows with you, if I am lucky and win, you can arrange for me to meet your recognized sister." Please come to the launch without an advertisement.

[Chapter 567](#)

Chen Xiang had already known that he would face the methods of Dongfang Yao and the rest today, but he was not afraid. He possessed immense power, and these schemes were simply useless in front of him.

Anyone who knew a little about Leng Youlan would know that she would definitely not be willing to marry him. Dongfang Yao was not stupid, and was naturally able to see that he had some sort of motive behind his persistence.

This Devil-subduing College was a Devil-suppressing Divine Palace from the Heaven Realm, and he had a large power as well as a lot of knowledge. Chen Xiang suspected that the Devil-suppressing Divine Palace could tell that Leng Youlan had the White Dragon Vein, so once the bloodline awakened, Leng Youlan would become even more powerful.

Chen Xiang learnt from Long Xueyi that humans like Leng Youlan were not common, and people with dragon blood would be as strong as dragons, and could even find some strong dragons.

In the Heaven Realm, hunting some low level dragons was something many immortals loved. This was because the whole body of a dragon was a treasure.

Chen Xiang had already told Long Xueyi to send out the message and pass it down to Gu Dongchen so that he could find Liu Meng'er as soon as possible. He definitely could not let Xue Xianxian and Leng Youlan return to the Devil-subduing College.

"No problem, but it's not easy to beat me." Chen Xiang looked around, only to see that all the clan elders had calm expressions. It could be seen that they did not care too much about the competition, as they had already been bribed.

If he did not have someone to rely on, Chen Xiang would definitely be extremely nervous and terrified, because he felt that he was inside the tiger cave right now.

"The martial arts sparring is an exchange, so there's nothing wrong with sparring." An Elder said. A barrier formed, enveloping an open area in the middle of the Martial Stage.

Just at this moment, Chen Xiang suddenly realised that beside him stood a man dressed in black. This man looked ordinary, with no other expressions on his face, and no trace of aura from his body. He looked like an ordinary person left on the street, someone who would be forgotten with just a glance.

This made Chen Xiang's hair stand on end, because he did not know what this person meant by coming to his side, nor did Long Xueyi feel anything from him, and this person's first impression on Chen Xiang was that of a top tier assassin, one who was proficient in assassination.

But now was not the time for assassination, but a competition. Chen Xiang was naturally not afraid.

"Begin." an old man shouted. was infuriated that he did not mention what the rules were either.

"What's your name?" Chen Xiang asked.

"You don't need to remember my name. Dead people don't need to know my name." While the man was talking, he immediately threw out his fists, in a blink of an eye, his fists created wind, thunder and fire intertwined, the waves of air surged, just like a wave that was ignited with flames, bringing along waves of lightning as it swept towards Chen Xiang.

His attacks were fast, violent, fierce, and, most importantly, his true qi was extremely thick.

However, Chen Xiang who was already prepared, had already used his water mirror techniques to dodge in that split second. That wave of violent fists only dispersed the afterimages formed by the mist.

Since the opponent was so rude, Chen Xiang did not need to hold back. He originally thought that this was just an ordinary spar, and it would end just like that.

Chen Xiang dodged for a moment, then clawed with the white tiger glove, causing a burst of white light to flash out, it was actually a tiger claw with killing intent from the forest, in a blink of an eye, it flew towards the man, bringing with it a strong killing intent that caused people to have difficulty breathing.

Everyone was stunned, because the tiger claw released by Chen Xiang, was actually condensed from the killing intent.

Chen Xiang's hands were the God Slaughtering Hand, refined from the body of the White Tiger God. With the profound mysteries of the White Tiger, it was able to condense the murderous aura into a terrifying power that was able to attack. This kind of power was very strong, even on par with the Dragon Power, but it wasn't able to cause the entire world to collapse like the Dragon Power.

The Dragon Power could destroy matter, but the killing power could destroy the mind. It could destroy life.

Normally, when Chen Xiang released his killing intent, it would envelop the entire sky, covering a large area of heaven and earth. But now, he had condensed that terrifying killing intent into a ball of energy to attack.

The moment the killing tiger claw flew over, an incomparable fear surged in the man's heart. It was a type of fear that made him feel that death was right in front of him, but he was indeed a powerful assassin who reacted in the blink of an eye, dodging the death tiger claw that was filled with destructive attacks.

This was the first time Chen Xiang used such a terrifying attack, and furthermore, his entire body was currently being affected by the Killing heart.

"Humph!"

After Chen Xiang's claw did not land, his hands grabbed at the air again. It was as if he had grabbed out two endless waves of killing intent from the air, forming two small dragons that swept across.

In just an instant, the destructive power of the tornado Chen Xiang had released had sucked that person into it, causing him to sink into a bottomless abyss of fear. Death, despair, regret, fear, and many other emotions enveloped his heart, making him feel as if he was being judged from hell.

When the elders and the people from the four great martial halls saw this, they were aghast. This was the first time they had seen such a method, and it could actually turn a spiritual energy into a material power. At the same time, it could attack an enemy's spirit and destroy their own.

Everyone could only see the wind formed by hundreds of white fist shadows, like a raging storm or ten thousand horses galloping, as they violently twined together. Indistinctly, they formed into a sinister and mighty white dragon that attacked the air and shook the space, ruthlessly smashing against the person's body, and even exploded out ten times in a row. This terrifying force had forcefully turned the person into a pile of flesh and blood.

The incomparably berserk Dragon Power, in addition to the power of the tenth layer of Devil-suppressing power, made Chen Xiang's power even more powerful.

"Hmph, overestimating yourself. If you told me your name, at least I wouldn't kill a nameless newbie." Chen Xiang said disdainfully, his cold eyes sweeping across the place, his body still brimming with killing intent, his eyes full of killing intent looking at Dongfang Yao.

Dongfang Yao clenched his fists tightly, gritted his teeth and said: "Chen Xiang, you actually dared to kill my people!"

"So what? If he didn't treat me so ruthlessly in the beginning, I would have definitely shown mercy. What, you want to avenge your lackey? If you have the guts, come up and die. How long are you planning to hide for?" After Chen Xiang saw that this Devil-subduing College had an earth-shattering conspiracy, he no longer had any feelings for this Devil-subduing College anymore. He planned to make a big scene and then leave.

[Chapter 568](#)

The atmosphere suddenly became extremely tense, everyone did not understand why Chen Xiang dared to be so presumptuous in front of the few Nirvana Stage Elders, to kill them and still act so righteously, and even provoke Dongfang Yao. It had to be known that Dongfang Yao's position in the Devil-subduing College was not low, he could directly order the elders who came down from the Heaven Realm to do so.

"Enough, let's call it a day. Although Chen Xiang is ruthless, it was also the other party who was the first to become overbearing. Disperse." Zuo Zhenxuan suddenly said.

Dongfang Yao originally wanted to capture him here, but who would have known that Zuo Zhenxuan would actually come along as well. With regards to Zuo Zhenxuan's strength, everyone in the Devil-subduing College had to be wary, he was a warrior who grasped a tenth layer of Devil-suppressing power.

Just now, they had wanted to take action, but who would have known that they had to grasp the enchantment well? If not, Chen Xiang's terrifying attack just now might have struck the crowd, and the students of the Four Great Martial Temples were the elites of the Devil-subduing College.

Chen Xiang had killed a capable assistant of his, and even provoked him, but he could do nothing as he watched Zuo Zhenxuan bring Chen Xiang along.

"Zuo Zhenxuan, just you wait. You are one of the obstacles in our plan and we will get rid of you sooner or later." Dongfang Yao clenched his fists and said fiercely.

Chen Xiang followed Zuo Zhenxuan to a hidden place, which was Zuo Zhenxuan's secret residence.

"Elder Zuo, if you have something to say, just say it." Chen Xiang laughed, and drank the wine Zuo Zhenxuan had poured for him.

"This Devil-subduing College is really too scheming, I can feel the terror, I think you must have sensed it too." Zuo Zhenxuan said in a serious tone.

"Elder Zuo, what do you know?" Chen Xiang frowned, and anxiously asked.

"Devil-suppressing Divine Palace released an incredible fellow, the entire Devil-subduing College is currently controlled by that fellow, even Man Futian and I found it difficult to disobey that person's orders, otherwise we would only be met with a calamity." Zuo Zhenxuan's face revealed a look of fear.

"This is probably the best time for me to help you. You'd better be careful in the future, especially when you're out." Zuo Zhenxuan knew that Chen Xiang would not leave so quickly.

Chen Xiang nodded his head: "Elder Zuo, I just want to know what kind of person the mastermind is. I just want to know what kind of idea he has towards Leng Youlan, I can't let him hurt the people beside me!"

"Don't worry about that, his main target is not the white-haired girl, but... but it's a thing and a place, and the place to control and control this Mortal Wu Realm! "

The fact that the Devil-subduing College was so ambitious was the same as the Fire Divine Palace, but Chen Xiang knew that these two great forces had spent a great deal of time and effort to get to the Mortal Wu Realm. There must be a reason behind them, and he already knew one of their goals was to find a way to enter the Sacred Dan Realm, which was also the place Zuo Zhenxuan was talking about.

"What are they looking for?" Chen Xiang continued to ask closely. Something that Devil-suppressing Divine Palace had spent so much effort to find must definitely be no small matter.

"An item that belongs to him, this item is called the Devil-suppressing blood. According to the legends in the Heaven Realm, this was left behind by the Devil-suppressing Heavenly Venerable who founded the Devil-suppressing Divine Palace back then, and the person hiding behind the scenes in the Devil-subduing College is now known as the God Child, he is a person who was born with a Divine Body. Although his current strength is not very strong, his intelligence is outstanding, and his talent is unquestionable, he is the person who is regarded as the most important person in the history of the Devil-suppressing Divine Palace!"

Chen Xiang clenched his wine cup tightly, and his brows knitted tightly. Devil-suppressing Heavenly Venerable, Devil-suppressing blood, Son of God ... This chain of events shocked him.

However, he now knew that the Devil Subduing Method that he had learnt and the Devil-suppressing kungfu were both created by the Devil-suppressing Heavenly Venerable, especially that Devil-suppressing kungfu.

They don't kill you now because they think highly of you. They want to control you in their hands, and at the same time, intend to rope you in their master, they investigated your master and found out that he was very strong, an expert in Taiji Dragon-suppressed kungfu cultivation, the strongest in Mortal Wu Realm, and at the same time, they also wanted to get their hands on the Taiji Dragon-suppressed kungfu!

Chen Xiang laughed, "They must be worried that my master will take revenge on them. A person who can control the Taiji Dragon-suppressed kungfu is as terrifying as a person who can learn the tenth layer of Devil-suppressing power!"

The last time he went to look for Huang Jintian, he had already given the Devil Subduing Method book to him.

"Hehe, you brat, be more honest. Maybe you can meet that God Child, Dongfang Yao, Hua Qiuxia and even Man Futian will have to listen to him, but he won't be able to control me." Zuo Zhenxuan laughed.

Chen Xiang laughed out loud: "Why must I be bullied? If that Dongfang Yao still comes to find trouble with me, I'll just kill him!"

"It's not good to offend this God Child, there are many old fellows in the Devil-suppressing Divine Palace who listen to his orders, and think that he is the reincarnation of the Devil-suppressing Heavenly Venerable, they think that the God Child can lead them to the God Domain, sigh, that is all illusory, what are you planning to do now, stay here, or go!"

Chen Xiang finished the wine in his cup and laughed: "I want to meet that God Child, so I'll stay here!"

Of course, Chen Xiang wasn't interested in the God Child, but rather the Devil-suppressing blood. He felt that since he cultivated the Devil-suppressing kungfu and also learned the tenth level of the Devil Subduing Method, it was most suitable for him to obtain the Devil-suppressing blood. He didn't believe that the God Child was that amazing.

"That's good. They arranged for you to go to a mountain range in the eastern part of the academy to carry out missions and hunt for a powerful fellow. Prepare yourself!"

Chen Xiang had already made his preparations long ago, and now he was also looking forward to it. Of course, he wanted to find that Devil-suppressing blood even more since it was the direct bloodline of a god.

Sure enough, not long after, Chen Xiang received a notice, telling him to go out and hunt a profound beast. Only if he succeeded would he be allowed to enter the Devil-subduing College's library, which was a storage of Demon Fighting Techniques, and normally, he would have to contribute to the Devil-subduing College in order to enter.

That was why the Devil-subduing College arranged for the students to go out on a mission, which meant to give the student a chance to enter the Compendium Pavilion. He would be able to come into contact with the powerful Demon Subduing Martial Arts, and Bai Youyou and Leng Youlan had also received such a mission before, but it was not completed.

"It seems like they wanted me to leave the Devil-subduing College and they wanted to make a move against me." Chen Xiang secretly became vigilant as he looked at the contents of the mission on a letter.

[Chapter 569](#)

In Devil-subduing College, Chen Xiang realized that there was a strange phenomenon, that a majority of the students were only learning Devil Subduing Method s, and the rest of the skills were not very powerful, other than the Devil Subduing Method, he had never seen anyone in Devil-subduing College who used a strong demonic cultivation technique.

He once told Long Xueyi to use the Heaven tour method to search the so-called Book Collection Vault, but he didn't find many Demon Fighting Techniques inside. Even if there were, Chen Xiang would often hear about it, but he had heard it from Zuo Zhenxuan.

"The fellows from Devil-subduing College hate me so much, but they still want to give me a good opportunity to learn even more powerful Demon Fighting Techniques. They have ill intentions." Chen Xiang muttered.

"He must have intentionally lured you out of the Devil-subduing College, and then tried to kill you." Su Meiyao said.

"eight-armed gold ape, I remember that this kind of thing is pretty impressive. A profound beast level seven to nine is equivalent to the strength of a human Hundred refining realm. To let you handle this kind of thing right now, it seems like you really have good intentions." Bai Youyou said.

Chen Xiang laughed: "This eight-armed gold ape seems to be coming from all over the east, I can still deal with it. I thought that at that time, there would definitely be someone who would take advantage of my carelessness and attack me secretly.

At night, Chen Xiang turned into a bird and quietly flew out of the academy. In two days time, he arrived at the place where the eight-armed gold ape had appeared.

"Did you find that guy?" Chen Xiang asked Long Xueyi.

"I'm looking for it. These are all big guys, so it's easy to find them." Long Xueyi said.

After a while, Long Xueyi suddenly exclaimed and said: "There's more than one eight-armed gold ape, there's a total of five of them, and one of them is the Eight-Armed Ape King!"

When Chen Xiang heard it, his face was filled with shock. He sucked in a breath of cold air.

"Could it be that those fellows already knew about it, that's why they sent me here? However, why are there so many eight-armed gold ape gathered here? These fellows should all be here on their own." Chen Xiang asked doubtfully.

"Let me try and see if I can hear anything from the conversation of these big guys. They're all gathered together by the Ape King, so there must be something very important going on." Long Xueyi was also very curious about this.

Long Xueyi probed for a while before exclaiming, "This Eight-Armed Ape King found a tree. From the descriptions in its mouth, it is a fruit tree that can bear gold, is the size of a fist, and is as hard as a strong fruit. Furthermore, the fruit tree is also very strong!"

After Su Meiyao heard it, she immediately shouted out: "Diamond fruit, it's definitely right. eight-armed gold ape s are born with the ability to track this type of fruit.

"However, this kind of Diamond fruit is very difficult to produce. It needs a large amount of Life Qi to be absorbed. If you want to get quick results, you have to use your blood to water it!"

Long Xueyi was suddenly enlightened: "These guys are discussing about catching humans. It seems like the Diamond fruit tree is nearby!"

"eight-armed gold ape can only reach the peak of the profound beast at best, relying on their own cultivation, it's impossible for them to change into human form. However, once they can find Diamond

fruit, it means that they can level up, as long as they can transform into human form, they can continue to cultivate." Su Meiyao said.

"What exactly is that Diamond fruit? I've never heard of it before." Chen Xiang was more doubtful, judging from Su Meiyao's reaction just now, he knew that this Diamond fruit was definitely a treasure.

"This is the main ingredient used to refine Mixed diamond Dan!"

"Wow." Chen Xiang's heart jumped, this was a Heaven level Pill, he never thought that the Devil-subduing College would actually arrange such a good job for him, although the Heaven level Pill was still far from him, but he was very willing to collect some ingredients to concoct the Heaven level Pill in advance.

"The Eight-Armed Ape King is very smart, but he hasn't told the other eight-armed gold ape where the tree is located yet." Long Xueyi continued to probe, when she heard this kind of powerful fruit, she secretly drooled. Although she couldn't eat the big harvest, there would definitely be many opportunities in the future.

"Don't be afraid, I have some experience in searching for the Diamond fruit tree." Su Meiyao laughed complacently: "Just kill all these houses. If they really want to produce Diamond fruit, they will need to kill tens of millions of people to produce one!"

Killing tens of millions of people to bear even one fruit, Chen Xiang was dumbstruck. He took out the Green dragon demon-slain broadsword, even though the other party had quite a number of people, he was not afraid at all.

"These guys have metal properties, you can use fire to kill them." Bai Youyou said: "In the end, swallow them all. The special energy within their bodies, can strengthen your body!"

With Long Xueyi's help, it was extremely simple. When Chen Xiang got close, he fiercely revolved the True Qi in his body, the Innate Qi in the 40,000 Zhenyuan granules in his Dantian suddenly surged, forming a powerful and dense Genuine qi of universe in his Dantian, then through the effect of the Heaven fire soul, it formed an even stronger Qiankun flame, which was released from Chen Xiang's body.

The eight-armed gold ape were all very big, and were as tall as three people. They had golden fur and a body as tough as diamond. The scariest part was that they had eight thick arms, and the arms were very long.

These flames were the most terrifying they had ever seen in their entire history, causing them to immediately let out a series of howls. At the same time, countless fire dragons spurted out from beneath their bodies, wrapping themselves around these big figures.

Chen Xiang's current spiritual sense and mana were both very strong, and the binding power of his Fire Vine was even stronger. Furthermore, he was using the flames these eight-armed gold ape were most afraid of to bind it, which would be even more effective.

"The flames are truly good stuff. I can see the fear in their eyes. Chen Xiang held onto the blazing Green dragon demon-slain broadsword, his expression was calm, and he laughed lightly.

Looking at these gigantic beasts, Chen Xiang laughed coldly, and flew up, throwing out a violent slash towards one of them. In the blink of an eye, the fire energy above the Green dragon demon-slain broadsword was used, causing the fire blade energy to become even stronger, this divine blade was like an angry fire dragon possessing its body, spitting out angry flames, releasing an angry fire dragon that was like lightning, imposing and sweeping through the head of a eight-armed gold ape.

The other four eight-armed gold ape s that were tied up by the fire vines suddenly released heaven shaking, miserable roars, shaking the surrounding leaves to the point that they were shaking and the ground was trembling. However, Chen Xiang was expressionless, as under the restraints of his Qiankun flames, these eight-armed gold ape were basically unable to resist at all.

Looking at the bloody hole on the head, Chen Xiang smiled with satisfaction, and flew over, his left hand turned into a red dragon claw that looked like it had been burned by a furnace spirit, reaching into the eight-armed gold ape's body and grabbing a walnut-sized beast core.

Chapter 570

After he succeeded, Chen Xiang used the Green dragon demon-slain broadsword in his hands to kill the remaining four eight-armed gold ape, all of which used an extremely strong flame energy to pierce through their heads.

Of course, when he killed the Eight-Armed Ape King, he even used the Soul Absorbing Devil Spell to search the memories in his mind to find the whereabouts of the Diamond fruit Tree.

In just a few moments, had easily taken care of five eight-armed gold ape that made people tremble in fear. After all, his Heaven fire was the one that eight-armed gold ape was most afraid of.

"We can't waste these five corpses, use the Devouring magic kungfu to swallow them." Bai Youyou said.

One of his hands was placed on one end of the pile. As he channeled the Devouring magic kungfu, he used it to allow the Fire Dan Tian to appear at the same time. This way, the refined power would flow through his entire body, allowing him to quickly and safely digest the energy that was being devoured.

During the process of devouring, in order to take advantage of the time and the refined power, he had also swallowed the five beast cores that he had just obtained. At that moment, the boundless pure energy suddenly burst and surged in his body, and the refined power that he had released also increased by a large amount, quickly refining the beast cores and the energy that he had swallowed, disintegrating a large amount of pure life essence and a variety of strange energies. Some of them flowed into his body, some flowed into his sea of consciousness, some fed his soul, and some had a large amount of pure energy.

The Zhenyuan granule in Chen Xiang's Dantian quickly lit up, one after another. He never thought that the corpses of these eight-armed gold ape and beast cores would have such a great use, allowing his body and Innate Qi to increase so quickly. It could be said that it was growing rapidly, causing his face to be filled with shock.

"Three hundred, five hundred, seven hundred... Fifteen hundred, and eighteen hundred. " Chen Xiang was standing at his original spot, quietly counting, not much time had pa.s.ed, the four gigantic eight-armed gold ape s' corpses, had also gradually shriveled up.

"This speed is too fast." Chen Xiang was suddenly a little worried, because he had just stepped into the Soul Martial Realm not long ago, and this realm was mainly focused on training the Congenital kungfu soul.

"Don't be afraid, this is how the Devouring magic kungfu is. Isn't your Elder Sister Meng'er also rapidly rising in a short amount of time? What's more, you still have the Fire G.o.d method." Bai Youyou said: "Back then, I used it even more crazily than you!"

Chen Xiang couldn't help but shiver, because Bai Youyou's words made a scene of a cold and beautiful devil woman devouring everyone that came into his mind.

Very quickly, only a few dregs of the four eight-armed gold ape's corpses remained. Just as Bai Youyou had said, the energy contained within the eight-armed gold ape's body was able to quickly strengthen his body and strengthen his body to the twenty-first stage of the Immortal Devil Body.

But, he had not completely digested all five of the beast cores he had swallowed. This eight-armed gold ape was a mutant, it was stronger than all the other Black rock snake he had encountered last time, and its energy was even thicker as well. Those Black rock snake could not use true energy, so naturally they could not be refined.

"The strongest of the Eight-Armed Ape King, it would take me at least two hours to completely refine all of this energy. If I can condense a total of four thousand Zhenyuan granule, I might be able to step into the middle stage of the Soul Martial Realm and even obtain the Power of giving." Chen Xiang clenched his fists in excitement. Of course, he also knew that this kind of strong profound beast was hard to find and there weren't many of them.

"Four thousand pills, and it's still increasing. The Power of giving is coming." After two hours, Chen Xiang suddenly became nervous. When the Power of giving rushed over crazily, he was also able to completely digest the energy in the beast cores. Now was the time for him to enjoy the Power of giving.

Once he reached the Extreme realm, every time he broke through, the number of Zhenyuan granule would increase by multiple times. The same was true for the others, but they were not as many as the number of Power of giving he had.

The Power of giving could increase his strength by nine times, which meant that he would need a large amount of time to compress it into his Dantian. Chen Xiang was worried that someone might appear, because the reason to kill the eight-armed gold ape was actually the Devil-subduing College.

"If I knew the energy of these eight-armed gold ape were so dense, I wouldn't have eaten their beast cores." Chen Xiang was a little regretful. Previously, when he swallowed those Black rock snake, it was much worse than this.

"What are you afraid of? With me here, are you questioning my strength?" Long Xueyi scoffed.

"Of course not, I'm more at ease now." Chen Xiang laughed, sat cross legged and began to absorb the Power of giving.

"I am your G.o.ddess protector. I only strike when you are in danger. Powerful people always make their appearance at the very end." Long Xueyi said as she scratched her head.

Of course, if she knew that Chen Xiang had once seen her as a beast pet, she would definitely throw out all the crude words that she had learnt from Leng Youlan, scolding him until he was bleeding all over.

"In my heart, the Guardian Goddesses are all mature and charming like Sister You You You and Sister Meiyao. Their bodies are slim, their beauty is extraordinary, and their auras are noble and noble. This Little Naughty Dragon of yours, no matter how you look at it, doesn't look like her at all." Chen Xiang mocked.

"Hmph, that's only because I haven't grown up yet. When This Dragon grows up, I will definitely bewitch you, a little scoundrel, until your soul is no longer in your body." Long Xueyi said unhappily.

"Just come as you wish. Also, you can't fool me without taking off your clothes, haha ..."

"Hmph." Long Xueyi was not a girl. She had inherited memories from the dragon egg and had stayed inside for many years, which made her the equivalent of an old guy. There were some things that she knew even more than Bai Youyou and Su Meiyao.

Suddenly, a sinister laughter was heard.

"Haha ..." Chen Xiang, you are truly powerful, you took care of the eight-armed gold ape so quickly, then what are you still doing here, could it be that you are injured! "

This voice was unexpectedly Dongfang Yao's, because Chen Xiang had already met with this situation a long time ago, so he was extremely calm at this moment. As he absorbed the Power of giving, he sneered: "What are you doing here, I'm the one who killed the eight-armed gold ape!"

"There is a saying that goes 'death cannot be proven'. If I kill you, who knows. Besides, what you have is more precious than that eight-armed gold ape." Dongfang Yao's handsome face suddenly became sinister, the Emperor's Qi around his body suddenly disappeared, as if he was a devil possessed by a demon.

But in the next moment, Dongfang Yao regained his senses. Chen Xiang could tell that he was prepared to attack, but he suddenly stopped.

This was a trap that Dongfang Yao and the others had set for Chen Xiang, but now that Chen Xiang had decided to follow their plan, they decided to trick him instead.
