

## Dan God 621

### [Chapter 621](#)

Immortal beast. As long as they grew up, they would have the same strength as deities, and White Flame Sky Wolves were very strong? immortal beasts, especially when they reached adulthood, as long as they bought the immortal beast egg and hatched the little wolf inside, then they could have a good assistant.

Furthermore, it could make him his mount and ride on a White Flame Sky Wolf. This was a matter that gave him a lot of face.

"Zilan Immortal Fairy is truly worthy of being a legendary girl. I actually managed to get hold of this kind of immortal beast egg. I've always wanted to follow her in cultivation, but she tactfully rejected me." Du Yanyao sighed.

"She was probably worried that your father would use this as a reason to pester her all day." Chen Xiang laughed.

"I think so, although the Zilan Immortal Fairy does not know how to refine pills, her identity is as noble as the Alchemist's, because she specializes in the cultivation of the soul, she has some kind of secret technique that can help people recover their damaged souls, and also help them cultivate in order to produce some kind of strange power. What's even more amazing is that her soul can leave her body, fly in the sky and flee the earth!"

Hearing Du Yanyao's words, Chen Xiang's heart jumped, wasn't this training the way of the gods? He guessed that this Yan Zilan had a divine soul, which was why she was able to preserve it during the heavenly tribulation and reconstruct its body. She had spent tens of thousands of years exploring this aspect and cultivating the divine way, this was definitely not an easy feat!

Chen Xiang's eyes flickered. It was not easy to find a person who cultivated the divine way, and he also understood the feelings of these people, this kind of feeling would make them feel very lonely, or even scared, because the way they cultivate was different from the others, but they would still possess equally formidable strength.

Of course, Yan Zilan was a very beautiful and charming woman, so she was not worried about that.

"Perhaps I have a way to let you practice with her, but I have to talk to her alone!" Chen Xiang's eyes lit up as he said.

"You really have a way?" Du Yanyao looked at Chen Xiang in disbelief.

"You have to believe me!" Chen Xiang laughed: "But at that time, your father will pester her too tightly, and might cause her to hate you. Also, your mother, she will definitely be jealous!"

Du Yanyao snorted lightly: "That's simple. My father only has admiration for her, as long as I let my mother talk to him a little, he would definitely not dare to pester her again. After chasing Zilan Immortal Fairy for so long, he should give up."

Chen Xiang rubbed his nose and said: "Your mother is really too open-minded. If your father was being so wild outside, and my wife was in Mortal Realm, even I wouldn't dare to act rashly!"

Du Yanyao snorted: "There's nothing we can do about that. My father is powerful, he flaunts the flowers and provokes the grass everywhere, and my mother can't do anything about it. Moreover, this is a common occurrence in famous families.

Chen Xiang reckoned that no more than fifty billion Spar would be enough to buy them, because there were simply too many Spar for these people. With the Sacred Dan Realm being so big, every so often, a large number of Sparite vein would be born.

"If it's in the Heaven Realm, it's better than using immortal stones to replace Spar s. As the environment of the Heaven Realm is different from this place, the things that are nurtured will also be very different. The Sacred Dan Realm is more gentle, and is suitable for nurturing high level spirit medicines and Spar s. Su Meiyao said.

In the end, the White Flame Sky Wolf was bought by Du Yanyao's father for seventy billion. Of course, this wasn't only because of the Zilan Immortal Fairy, it was also because of this price.

Chen Xiang felt that the total assets of a great power in the Mortal Realm was only this amount. Of course, this was only a guess on his part.

"Thank you everyone for your appreciation!" Yan Zilan's smile became even more enchanting, and she said: "What's next is a rock, this is a rock that was once dyed with the blood of an ice dragon. When the Dragon Blood seeped inside the rock, the stone would undergo a change.

The huge egg was moved down, and what came in was an ice block as big as a person. Within the snow-white ice block, some dark red lines could be seen, and the chilling air it emitted made the whole place extremely cold.

"Emperor Dragon Blood Qi!" This is a top-grade Dragon Blood Stone! " Long Xueyi shouted, "It's a pity that you can't afford it!"

Chen Xiang laughed sinisterly: "When I need it in the future, I can let out your blood!"

"Hmph, of course, this dragon's white Dragon Blood is very precious, what ice dragon and fire dragon are all trash in my eyes, even if they are from Imperial Dragon Clan!" Long Xueyi said in a stinky voice.

Chen Xiang's furnace was made from Fire Dragon Stone, and it was even a Holy level Dragon Tool. The Holy level Dragon Tool was an existence that surpassed immortal equipment, it was much better than normal Holy Equipment.

But now, there was actually someone who sold this kind of material for refining Holy level Dragon Artifacts, this caused a few Refiner s to be extremely shocked.

Right now, only a few Refiner were fighting over the Ice Dragon Stone, so the price quickly rose to thirty billion.

What surprised Chen Xiang was that Lin Yushi, the Chaotic Mountain, had also joined the bidding. He, who was not even at the Nirvana Stage in terms of strength, was actually holding so many Spar s, which made many old fellows surprised. When Chen Xiang and Lin Yushi were fighting outside, they relied on these old powerful consciousness to know about what was happening outside like the back of their hand.

Although Ice Dragon Stone s were precious, they still needed to be invested in Kendo to refine the Holy level Dragon Artifact, and its value was also limited. In the end, it cost seventy billion, and Chen Xiang only knew that the person who bought the Ice Dragon Stone was an old lady who was squeezed into the lower levels with the rest.

"According to the convention, the opening third item usually adds to the atmosphere, so this item might cause everyone's Spar to consume a lot of energy!" Yan Zilan swept her gaze across the rooms with her watery eyes: "This thing is the same as the Ice Dragon Stone, it is related to dragons, but this is not a stone, but a spirit medicine called Jade Dragon Flower!"

Hearing the three words "Jade Dragon Flower", the entire audience burst into an uproar, and Du Yanyao also let out a low exclamation.

However, Chen Xiang frowned, because he had never heard of this Jade Dragon Flower before. What made him even more suspicious was that even Su Meiyao and Bai Youyou had let out an exclamation of surprise: "He's appeared!"

"What is this?" Chen Xiang anxiously asked Su Meiyao.

"The Holy level dragon medicine, nurtured with the Jade Dragon's life essence, has many uses. It can help people obtain strength, help powerful immortals quickly recover from their injuries, and help immortals break through during critical moments. I never thought that idiots would actually sell it!" Su Meiyao gritted his teeth and said: "In the future, the Jade Dragon Flower will be one of the main ingredients to help us refine the pills!"

Chen Xiang was dumbstruck. He now knew that the Jade Dragon Flower was one of the Holy level's medicinal ingredients, and in order to help Su Meiyao and the others recover their strength, he would need to refine a Holy Pellet for them!

## [Chapter 622](#)

The Dan Immortal was easy to find. However, if one was a Pill Saint, they would not even have a Sacred Dan Realm. They would all be illusory, and even if they did, they would not know where this fellow was!

"What should we do?" Chen Xiang clenched his fists. He knew that this Jade Dragon Flower was extremely important to Su Meiyao, Bai You and the others.

"In Imperial Dragon Clan, there are very few Jade Dragons, and they are even rarer than our White Dragon. That's why Jade Dragon Flower is also very precious." Long Xueyi said.

The Jade Dragon Flower was placed in a transparent chest, escorted by four elders. Those four elders must be immortal.

"Xue Yi, will you be discovered if you execute Heaven Tour method now? Look behind the auction platform, and see if the things being auctioned are placed inside. If it is not in the storage ring, then we will think of a way to steal the Jade Dragon Flower! " Chen Xiang said in a serious tone: "After the auction, no one will settle the bill immediately. We should wait until the middle recess or until the end of the auction!"

"We need to hurry, and steal the Jade Dragon Flower when the delivery is yet to come!"

Long Xueyi immediately replied: "No problem, the Heaven Tour method of our Imperial Dragon Clan is very powerful, I'll go take a look now!"

With things as it was, Chen Xiang did not care anymore. As long as he could, he would throw caution to the wind and get the Jade Dragon Flower, because that was extremely important to Su Meiyao and Bai Youyou.

"The starting bid is 50 billion, please feel free to bid!"

Yan Zilan's eyes lit up as she admired the flower that looked like a Jade Dragon spiraling. This flower was only the size of a palm and looked like it was made by a Jade Dragon spiraling.

Within the Sacred Dan Realm, there were more Alchemists, and a large amount of wealth was in the hands of these people. At this time, those who opened their mouths to fight were all older voices, and they all increased by billions!

There are a lot of things placed backstage, and there are ten old immortals guarding there. There aren't any arrays, and I could even feel the Qi left behind by Lin Yushi. Long Xueyi said.

"It's very possible, I think that Lin Yushi sneaked out from the Chaotic Mountain. He wanted a large number of Spar, probably to establish his own sect, and to build a force, that would require a large number of Spar. If he sold the Jade Dragon Flower, it would be enough for him to operate for a very long time." Su Meiyao said.

"Then we should steal it now!" Chen Xiang sneered, of course it wasn't him who was going to steal, it was Long Xueyi.

"Stealing half is enough, and you have?creation divine liquid, can duplicate a lot of it!" Su Meiyao said: "We still have to leave half for him, he spent a lot of Spar s to buy it."

Du Yanyao exclaimed: "Eighteen billion! If grandfather was here, I'm afraid he would have gone crazy from fighting over it!"

But now, Chen Xiang was actually discussing with Su Mei and the others about how to steal the Jade Dragon Flower away.

"Going backstage is impossible. The moment we are discovered, we will die!" Or more importantly, I used my mana to cast the Seventy-two changes, transformed it into a Toucan and ate half of the Jade Dragon Flower. Then, I stopped and let the Toucan turn into mana to return! " Long Xueyi said.

"I'm just worried that I'll be found out later. Furthermore, there are more than ten old immortals backstage!"

Chen Xiang rolled his eyes: "My magic power is not weak either, I can change things in the air too. Didn't I remember that there is a kind of illusion in the Seventy-two changes? It will only take a moment to create an identical illusion and put it on top of your body while you are inside it! "

"That's right, that's right. However, the Blinding Eyes Technique uses up a lot of magic power!" Long Xueyi said in pleasant surprise: "But it will only take a few moments, you should be able to do it!"

It had already been agreed, now we just have to wait for the Jade Dragon Flower to return backstage.

Because Jade Dragon Flower didn't need to refine a pill, it was still very useful, especially for the powerful immortals, to reach their level of cultivation, breaking through the bottleneck was even more difficult. Therefore, this kind of Holy level dragon medicine was very helpful to them in raising their strength, thus, the fight for it became very intense.

With regards to this auction, everyone present believed that it was absolutely safe. After all, within those luxurious VIP booths, there were a large number of powerful powerhouses hidden. They were extremely powerful, and if they were discovered, they would instantly turn into ashes.

Stealing was even more impossible, because stealing was not easy, it was not easy to enter from backstage. Furthermore, backstage was guarded by powerful old fellows, if there was any problem, as long as they made any movements, the old antiques in the VIP box would instantly rush over!

"200 billion, will anyone continue?" Yan Zilan laughed: "It is said that this Jade Dragon Flower has another effect. After eating it, there is a certain probability of obtaining Jade Dragon Blood, Jade Dragon is a mysterious dragon, the people of Heaven Realm and Sacred Dan Realm know nothing about it, what would happen if you possess a Jade Dragon Blood? How curious! "

"210 billion!" An old and solemn voice rang out. This voice had also appeared before.

Yan Zilan was very good at talking, with just a few casual words, she was actually able to reignite the fight that was originally about to come to an end.

"No wonder your old man chased after this woman for so long. If he has a girl like her, then it's indeed possible to help him share a lot of the burden." Chen Xiang laughed.

"What about you? Are you not interested in Zilan Immortal Fairy? " Du Yanyao smiled.

"So what if you're interested? I am a goddess of noble status, and I am just a mere mortal. " Chen Xiang pretended to ridicule himself.

However, Du Yanyao felt that he didn't have that kind of strong feeling towards Yan Zilan. She had come into contact with many men who held Yan Zilan in great admiration, so she was able to tell with a single glance. What she did not know was that Chen Xiang had very high standards, and this was also because Bai Youyou and Su Meiyao, these two mysterious beauties were inside his invisible ring.

"Get ready!" Chen Xiang suddenly said to Long Xueyi, because the Jade Dragon Flower had already been sold for two hundred and thirty billion.

"Concentrate!" Long Xueyi said.

At this time, Chen Xiang and Long Xueyi released their divine senses and their mana together, then used the Heaven Tour to enter the backstage area. It was a bright and spacious hall, and Chen Xiang could see the Ice Dragon Stone and White Flame Sky Wolf eggs that were placed inside.

The Jade Dragon Flower was very small and was placed in a transparent chest. The chest was placed in the middle of a stone table.

What Chen Xiang needed to do now was to use his own mana to execute the Seventy-two changes's ability, causing an illusion to appear out of thin air. This illusion was the transparent chest that held the Jade Dragon Flower.

## [Chapter 623](#)

Something that caused Chen Xiang to worry happened. This was because there was already a buyer who wanted to immediately pick up the goods, and this was the first time Chen Xiang used this kind of teleportation ability.

"Hurry, the trade is about to start!" Long Xueyi urged, if she was the one to use a trick, it would be extremely easy, only that Chen Xiang's control over the Heaven Tour and Heaven Tour was not as good as Long Xueyi's, so he was unable to bring out half of the Jade Dragon Flower.

"Got it!" Chen Xiang took a deep breath, and thought back to the chest containing the Jade Dragon Flower and everything around it. Then, he started to use his Fa Li to create an illusion little by little along the transparent chest, according to the techniques in the Seventy-two changes.

Chen Xiang had already heard the sound of footsteps, allowing him to increase his speed. When the door opened, he just happened to finish.

"It's done!" Chen Xiang shouted.

Right now, no matter what happened inside the transparent box, there was no change from the outside.

Long Xueyi had already produced a Toucan from within the transparent chest. It quickly bit off half of the Jade Dragon Flower and turned into mana to fly away.

However, the old deity in the hall did not do so, because they were blinded by an illusion. The Jade Dragon Flower was still fine.

The door opened, and Chen Xiang quickly withdrew his Fa Li. The illusion disappeared, and the Jade Dragon Flower's true form appeared, as for what was going on inside, Chen Xiang did not know, but half of the Jade Dragon Flower was already in his hands, causing him to secretly heave a sigh of relief.

Just as Long Xueyi had predicted, his magic power was consumed extremely quickly and almost half of his magic power was used up.

Originally, Yan Zilan wanted to announce the next auction item, but her face suddenly changed, but he quickly recovered.

Many people were staring at her beautiful face, capturing the change in her expression just a moment ago. One look was enough to tell that something had happened.

"Please take a break in preparation for the next more intense bidding!" Yan Zilan smiled slightly, then walked down the auction platform.

Du Yanyao frowned as she looked at the few elders who suddenly appeared: "They sealed off the auction place, what happened?"

Chen Xiang also saw a few elders blocking the door, but he was laughing in his heart, because no matter how they looked, they would not find out that he had done it.

In order for the auction to proceed smoothly, theft would definitely not be spread out, and the losses they incurred would obviously be compensated by the Sacred Dan School, which was more than 100 billion Spar!

"Hehe, they don't know how to deal with this right now, but when the buyers saw that there was only half of it left, they decided not to take it. Then Lin Yushi will have to get the Sacred Dan School to compensate him now, it's troublesome!" Long Xueyi laughed.

Without half of the Jade Dragon Flower, it was equivalent to being crippled, as well as losing a lot of energy people. However, Chen Xiang had the creation divine liquid, and Su Meiyao knew how to protect them.

"I saw a bunch of old bastards in the backstage hall. I have to leave to avoid being discovered by them!" Long Xueyi was shocked.

Chen Xiang sat on the chair and looked at the people who were talking animatedly. Suddenly, someone knocked on the door, Du Yanyao walked over and opened it, only to see Du Kangsheng standing outside: "Yanyao, there is something that I need you to do, only you can do it."

Du Yanyao glanced at Chen Xiang, and then followed Du Kangsheng. With one glance, Chen Xiang knew that the people from the Sacred Dan School had called her over, because she was their City Lord, and they needed her to send more people to patrol the area to search for suspicious people.

Du Yanyao came to a large hall and saw over 10 elegant old men. Their faces were serious, a few of them were angry, she bowed to them and asked about the situation.

"Someone is trying to cause trouble right in front of our eyes and stealing half of the Jade Dragon Flower. They are looking down on us too much." This was the Leader of the Sacred Dan School, Du Yanyao recognized him.

"This person must still be here. We must find him, but what kind of person is he?" Yan Zilan's expression had also become extremely serious. She looked at Du Yanyao and said: "City Lord Du, can you order the sealing of the city and prevent anyone from leaving. The thing that's been lost this time is too precious!"

"No problem!" Du Yanyao took out a white jade token and sent a message.

"This person must be very strong. He came without a trace, what method did he use?" Furthermore, he should be able to steal away a whole Jade Dragon Flower, but why did he leave half of them behind? He stole half of it, so it could be said that it was completely useless to him. Was he trying to show off his abilities? Could it be provoking us?" An old man with white eyebrows said slowly.

Lin Yushi said indifferently: "I don't care who stole it, but you must pay the price of an entire Jade Dragon Flower, according to the auction price, I will give you the other half!"

The Sacred Dan School's losses were estimated to be greater than Chen Xiang's. With over two hundred billion Spar, even big sects would feel the pinch for a while.

"My losses are greater than yours, I lost the Chaos Fire Token!" Lin Yushi looked at the few higher ups of the Sacred Dan School and snorted coldly.

When they mentioned that the Chaos Fire Token was stolen by Chen Xiang, the eyes of the elders lit up!

"City Lord Du, that fiance of yours seems to have the ability to retrieve something from the air. Although I was not present, I could clearly see what happened outside." An old man said.

This made the other elders stare at Du Yanyao.

"He was with me just now. If he made any movements, I would have definitely noticed it!" Du Yanyao remained calm even in the face of so many sharp eyes, and said indifferently.

"We must mercilessly investigate this brat. Maybe he was the one who stole it!" Lin Yushi gnashed his teeth and said: "You are his fiancée, of course I will speak up for him. We don't trust you!"

Yan Zilan smiled slightly: "We'll find out after testing with the stone with the truth. But if the other party didn't steal the Jade Dragon Flower, what should we say? Although his strength is not at Nirvana Stage level, he does not know his origins. If there is a powerful underworld clan behind his back, offending them would not be good! "

Du Yanyao had promised Chen Xiang not to spread his history, so she didn't say anything. Chen Xiang also garnered the attention of many forces, but these forces had expended a large amount of resources, so they were unable to find out anything about Chen Xiang.

"Hmph, so what if you're from an underworld clan? Chaotic Mountain will definitely not let him off! " Lin Yushi said angrily.

"You are a dignified Chaotic Mountain, a person who came from the Chaotic Mountain, and has the advantage there. Your cultivation is so high, but you actually got your sacred artifact taken by Chen Xiang, how dare you bring up your Chaotic Mountain? If I were someone from the Chaotic Mountain, even I would feel humiliated! " Du Yanyao said coldly, she could not listen to anyone speak ill of Chen Xiang.

Being suspected by others, Chen Xiang was very angry in her heart. However, the people here were all powerful old fellows in the Sacred Dan Realm, so she could only endure it.

#### [Chapter 624](#)

Lin Yushi was in front of so many people. Being scolded like this by Du Yanyao, made him angry from embarrassment, angered to the point that his handsome face turned green and red.

"Zilan, go call that kid over!" The Sacred Dan School said.

Yan Zilan was slightly unwilling, but she still left the hall. She had seen many different kinds of people, so she knew that Chen Xiang was not easy to deal with.

"City Lord Du, you go too!" An old man said.

"I'm not going!" Du Yanyao snorted softly as she was extremely angry in her heart.

"City Lord Du, you lost such a precious thing here, as the City Lord, you must take some responsibility!" The Sacred Dan School said coldly.

Just as Du Shengkang was about to speak, Du Yanyao's voice was ice-cold and filled with anger. "Why would a peak level old deity like you lose something like this, and make me, a mere City Lord, take

responsibility? This first floor is not a place where you should come to. If anything happens to you here, don't blame me! If I had the ability to ensure the safety of your property, I definitely wouldn't be bullied by you here! "

"Hmph, you guys are so strong, not only did you not reflect on yourselves after losing your things, but you also want me, this little girl, to take responsibility. Pah! If my grandpa was here, he would definitely laugh his teeth off!"

Who was Du Yanyao? She was the most beloved granddaughter of the Dan Immortal, Du Hai. Otherwise, she wouldn't dare to speak like this in front of these old fellows.

Chen Xiang was leisurely sitting in the private room, drinking delicious and fragrant juice. The door was open, and a burst of elegant fragrance assaulted his nose, causing him to instantly feel energized as he turned his head to look.

He only saw Yan Zilan, who was dressed in a noble purple dress, walking over with a sweet smile on her face. Looking at this woman who was completely familiar with her at such a close distance, Chen Xiang of course he paid close attention to her.

"Young Master Shen, there's something I need you to help me out with." Yan Zilan's smile and her elegant and beautiful voice were hard to resist.

However, Chen Xiang quickly realized something. He was still sitting on the chair and he did not get up. I am just a small warrior, how can I help? "

If he didn't understand the reason, Chen Xiang would never step into a place surrounded by experts. Otherwise, it would be impossible for him to escape!

Yan Zilan thought that the majority of the men would follow her without asking, but Chen Xiang didn't. This made her a little shocked, but she still had a smile on her face that could captivate souls as she told Chen Xiang everything in detail.

"Young Master Shen, there's nothing we can do about this. In order not to suffer huge losses, as long as we're suspects, they won't let us off, so i"

I know that, because I'm just a little ant in their eyes, so they can do whatever they want to do. But even if I'm just an ant, I still have my dignity, and I can't allow others to slander me. If they want me to prove it, then let them come over. Chen Xiang calmly said these tough words, which made Yan Zilan admire him quite a bit.

Yan Zilan sighed: "Alright then, I'll see if I can get them to come. I think they'll come!"

Watching Yan Zilan leave, Chen Xiang heaved a sigh of relief, but his heart was burning with anxiety.

"Those old things will definitely come over. If they catch you, they can at least save their face, but you don't have to worry, I stole it. Just take the stone and say that it wasn't you who stole it!" Long Xueyi said.

"Then do it, I can't run now, I don't want to harm Yanyao!" Chen Xiang said.

Before long, this private room was filled with people. Most of them were white-haired elderly people, and Chen Xiang also saw Lin Yushi.

When Lin Yushi saw Chen Xiang, flames immediately spouted out of his eyes, but Chen Xiang only gave him a bland look.

"This is the Truth Stone. You can prove your innocence by holding this stone and saying that you didn't steal it!" An old man threw a rock at Chen Xiang.

Chen Xiang had already used it a long time ago, he purposely made a sound of dissatisfaction, took the stone and said: "I did not steal from the Jade Dragon Flower!"

At this time, everyone was looking at the Truth Stone in his palm. The room was extremely quiet, and after staring for a while, there was no movement from the stone.

Chen Xiang coldly swept his eyes across the elders and sneered: "It should be fine now. I originally planned to auction something here, but now I don't dare!"

"What can you auction?" An old man said in disdain.

"Chaos Fire Token, you dare say that this thing has no value? No matter what, it is more valuable than the Jade Dragon Flower!" Chen Xiang sarcastically replied.

"Chen Xiang, quickly return the Chaos Fire Token to me!" Lin Yushi immediately roared. The people from the Chaotic Mountain knew the value of Chaos Fire Token the best.

"Seniors, please help me take responsibility. He stole my things, and he took it away from this City Lord. This Sacred Dan City was established jointly by you."

Chen Xiang laughed: "Bandits? So what if you want to kill me? It's already benevolent of me not to take the life of a dog. If you have the guts to snatch it back from me, that's fine."

Du Yanyao said coldly: Lin Yushi, destroy the streets of Sacred Dan City and my weapons, and then attack me! You want to kill my future husband, just with any of these points, I will be able to kill you, if not for someone stopping you, your head will be hanging on the city gate!

"You all j Hmph, remember this!" Lin Yushi said in anger. After leaving the private box, the others followed suit.

"Young Master Shen, I am truly sorry. I wronged you and caused you to suffer. Yan Zilan did not leave, and apologized to Chen Xiang in a low voice.

This Yan Zilan was a famous fairy in the Sacred Dan Realm, known as the number one beauty in the Sacred Dan Realm, how could Chen Xiang not give her face? Anyways, he got rid of his suspicion and got half a Jade Dragon Flower in peace.

"Forget it, this has nothing to do with the Zilan Immortal Fairy, but if you want to sincerely apologize, hehe, then let Yanyao cultivate with you!" Chen Xiang laughed.

Yan Zilan was startled for a moment, then said with a smile: "Yanyao is intelligent, cultivating with me will only delay her, I cannot afford it, I still have matters to attend to, I will take my leave first, if there is a chance another time, I will definitely come to apologize!"

Yan Zilan left and only knew, Chen Xiang rubbed his chin, praising: "The Sacred Dan School might be able to become stronger because of this woman, although she has great strength, she does not put on airs, and lets others be friendly with her. If a force has such a woman to manage their business, they will definitely achieve twice the results with half the effort, and everything will go smoothly."

"In order to keep her, Sacred Dan School has invested a lot. Our Du Family also wanted to rope her in, but we didn't succeed. After all, we don't have that many medicinal pills or resources like the Sacred Dan School!" Du Yanyao said.

### [Chapter 625](#)

The auction continued. If there were more precious medicinal ingredients, Chen Xiang would not be able to take action anymore. With his first try, the Sacred Dan School would not let this happen a second time.

"Was Sacred Dan School's Leader among those old men?" Chen Xiang frowned and asked.

"Yes, he's the one who gave it to the Truth Stone, his name is Xie Shilong, and Xie Donghao is his grandson!" Du Yanyao poured a cup of fruit juice for Chen Xiang and said.

Chen Xiang said doubtfully: "But he doesn't have any hatred towards me when he sees me. If it's not that he doesn't care, he's hiding it deep in his heart. I killed his grandson who he was so proud of!"

Du Yanyao said: "This is a battle between the younger generation, moreover, it is a life and death battle, of course he would not pursue this matter further. Otherwise, when others bring up this matter, he would first say that his grandson's strength is weak, that his skills are inferior, and then that he would drag him into it, that he's petty and so on. "But I don't know whether I hate you or not."

The next item to be auctioned was a long spear. It was a pure green, and it emitted waves of green electric light. The tip of the spear was surrounded by a faint green mist. One could tell with a glance that this thing was not simple.

"High-grade immortal equipment, items of this level are rare, their value should be much higher than Ice Dragon Stone s. This is a finished product!" Du Yanyao said in shock.

"Sigh, I can only drool from watching this!" Chen Xiang sighed.

"This is something that we have no choice on. With our current level, to be able to enter and broaden our horizons is already not bad!" Du Yanyao laughed, she realized that ever since she was with Chen Xiang, she had always revealed a rare smile, perhaps she had always wanted to smile in front of Chen Xiang.

The auction continued for a long time, allowing Chen Xiang to open his eyes. The rankings were filled with extremely valuable things: immortal equipment, immortal medicine, immortal fruit, some precious artifact forging ores, and even ore veins transfer, immortal pills ...

Although the auction had ended, and many precious herbs had been bought, Chen Xiang's heart was only pained for a moment, because those herbs were not the kind of thing that could be bought with extinction. As long as he had enough wealth, he could still obtain them in the future.

Although the auction was over, Yan Zilan suddenly mentioned that there was an important object that had been lost. Everyone who was going to leave the place held Truth Stone, which proved that they did not steal the Jade Dragon Flower.

This caused everyone to complain, but they couldn't do anything about it. After all, they didn't take it, and since they were suspected of being the same, they agreed.

Just as the preparation was about to begin, a majestic pressure suddenly came, causing everyone to feel uneasy.

"Who is it!" Xie Shilong, the lord of the Sacred Dan School, shouted loudly.

"Guo Huaqing!" When they heard these words, all of the old Immortals were shocked.

Lin Yushi's face turned ashen!

Du Yanyao's expression also greatly changed, "Guo Huaqing of the Chaotic Mountain, I heard grandfather say before that this person controls punishment in the Chaotic Mountain, and he is rather famous in both the Chaotic Mountain and the Sacred Dan Realm.

A grey-robed old man suddenly appeared on the auction stage. His weather-beaten face became tense and his eyes were like daggers. They were filled with a cold glint as they scanned the people on the stage.

"I have two things to ask of you to cooperate with me!" Firstly, the Chaos Fire Token was taken by outsiders, I have to be responsible for their recovery. Secondly, the Jade Dragon Flower was stolen and I am responsible for the recovery of the loot. " Guo Huaqing's voice was ice-cold.

Chen Xiang knew that trouble was coming, he did not want to hand over the Chaos Fire Token like this.

"Lin Yushi, you come out. You stole away the Chaos Fire Token and the Jade Dragon Flower. You have already committed a capital crime! " Guo Huaqing's voice was as loud as thunder, his gaze was sharp, his eyes filled with anger as he stared fixedly at a private room.

Chen Xiang was secretly amused, because he had long guessed that Lin Yushi had snuck out from the Chaotic Mountain, and that Jade Dragon Flower and Chaos Fire Token were also stolen by him.

Lin Yushi's handsome face was pale white, his previous arrogance had already disappeared without a trace. He walked to the auction platform warily and knelt in front of Guo Huaqing.

"I already know the ins and outs of this matter. The person who snatched the Chaos Fire Token from his hands, please come out!" Guo Huaqing said in a clear voice, and his tone could still be considered calm.

Chen Xiang sighed in his heart, and could only leave the private box. Du Yanyao followed behind him.

Guo Huaqing sized Chen Xiang up, making him feel as if he was being cut by a blade.

"Where's the Chaos Fire Token?" Guo Huaqing asked.

"It's here!" Chen Xiang could only take it out unwillingly. It was a pity that he had to hand it over if it didn't have warmth.

"Do you know of the holy object of the Chaotic Mountain?" Guo Huaqing asked coldly.

"Of course I know. This is indeed a good item." Chen Xiang said truthfully.

"Then why are you snatching it? You have violated the dignity of the Chaotic Mountain!" Guo Huaqing's face sank, his voice carrying some power.

"He wanted to kill me first, and he was even using the Chaos Fire Token to flaunt his strength, so I had no choice but to snatch it away, otherwise I would have killed him, and then taken everything from him!" Chen Xiang said fearlessly, causing many people to break out in cold sweat.

Du Yanyao also spoke loudly at this time: "Senior, your Chaotic Mountain has your Chaotic Mountain's rules, outsiders who enter must follow them, and Sacred Dan City also has his rules. After this Lin Yushi entered the city, not only did he cause damage, he even provoked my City Lord, destroyed my weapon, and even killed people. If it wasn't for the fact that we have some strength, I'm afraid that his subordinate would have already died."

Du Yanyao knew that Guo Huaqing valued rules highly, and was impartial and unconcerned about them, so she dared to speak in such a manner.

"That's right, Lin Yushi deserves to die, as long as he breaks your death penalty, killing him and taking everything from him is natural!" Guo Huaqing looked at Lin Yushi coldly, as if he was looking at a dead man.

"But, as long as Lin Yushi is not dead, you still stole the Chaos Fire Token from his hands. If you want to obtain the Chaos Fire Token as a matter of fact, you have to kill him first.

Chen Xiang really suspected that he heard wrongly, everyone present thought so too, and this Guo Huaqing actually wanted Chen Xiang to kill their Chaotic Mountain people!

"Are you still not going to make your move?" Guo Huaqing glared at Chen Xiang.

Lin Yushi trembled and cried out: "You want to kill me? No way, even if I stand here for you to kill, you shouldn't even think of letting me leave a drop of blood, haha ... If you can't kill me, it's the same as stealing the Chaos Fire Token. Chaotic Mountain will capture you and punish you! "

"I have the protection of the Holy level Dragon Armor, even if you have the Holy level Dragon Equipment, without sufficient strength, you still won't be able to break through my defense. My body and soul are both protected by the Holy level Dragon Armor, you won't be able to kill me!"

Chen Xiang sneered: "That may not be so!"

With that, a cyan light flashed in his hand and a huge, domineering cyan saber let out a deep dragon roar. The cyan dragon on the blade was vivid and gave off an imposing aura, as if it came from ancient times.

[Chapter 626](#)

Not long ago, when Chen Xiang was releasing the blade outside the auction place. This caused the old deities to be very interested. Now that they were able to see it up close, they were even more shocked by it. Those old deities were all knowledgeable people, so they were able to tell that this blade's quality was above that of an immortal equipment!

For a young man who was not much stronger than the Nirvana Stage to be able to walk the martial arts world with such a powerful fellow, it was easy for people to think that he had a solid background.

"Holy level Dragon Armor? I want to see how powerful he is!" As Chen Xiang spoke, he raised the divine blade high, the Genuine qi of universe in his body began to burn, transforming into a Heaven fire that rushed into the divine blade, flames spewed out of the blade, making it look even more terrifying.

Especially for the Alchemist, they were all very knowledgeable about flames. However, this was the first time they had ever seen such a strong flame, which was similar to ordinary flames. This was the first time they had ever seen one as strong as the fire.

If there was a color, it could be seen that Chen Xiang did not possess the Fire Soul, but the Heaven fire looked no different from a normal flame.

Even someone like Guo Huaqing, who came from the Chaotic Mountain, was intimidated by Chen Xiang's bizarre flames. Although it was not much of a threat to people of their level, but when they grew up, it was much stronger than their flames.

Lin Yushi who was kneeling on the ground had a face full of fear as he watched Chen Xiang's blazing blade cut towards him. His body also emitted a burst of fire red light, and a set of red scales suddenly appeared on his body.

"Break for me!" When Chen Xiang swung his blade downwards, he felt a strong resistance from the red energy released by the Holy level Dragon Armor. He changed the direction of the Innate Qi and transformed into the Dragon Power.

Boom! Boom! Boom!...

A stream of fresh blood spurted out, and a bloody head rolled down the auction stage. When Lin Yushi was about to die, his face was filled with despair and fear, his eyes were suddenly opened, and he died in an extremely unsightly manner. Furthermore, his body had also been completely shattered by the impact of the Holy level Dragon Armor being broken through its defense.

Chen Xiang held onto the Green dragon demon-slain broadsword's hand and started to tremble slightly. The resistance produced by the Holy level Dragon Armor just now was so strong that it numbed his hand.

Looking at the head on the ground, Chen Xiang said: "I killed him, what about now?"

Guo Huaqing said expressionlessly: "The Chaos fire is already yours, but ... As long as they aren't people of Chaotic Mountain, and have Chaos fire s, they are our Chaotic Mountain's mortal enemy, so ... "

Chen Xiang's face suddenly changed. Holding onto the Green dragon demon-slain broadsword, he took a few steps back.

"If you can hand over the Chaos fire, then you can write it off!" Guo Huaqing sneered.

Chen Xiang gritted his teeth. This Guo Huaqing was an immortal, and he even came from that mysterious Chaotic Mountain. He couldn't imagine how strong he was, so of course he couldn't fight against Guo Huaqing.

With just a few words, he had made Chen Xiang kill a criminal from the Chaotic Mountain. If the person behind Lin Yushi were to be held accountable, Guo Huaqing could also take all responsibility and blame it on Chen Xiang.

Chen Xiang didn't want to give any Chaos fire to Guo Huaqing at all. Although he didn't know what the use of Chaos fire was at the moment, the fact that the Chaotic Mountain had sent such a person to pursue him showed how important the Chaos fire was.

Although he was willing, Chen Xiang still took it out. He held the gray Chaos fire tightly in his hand, gritted his teeth, and looked at the mysterious Spirit grain carved on it.

"Hand it over!" Seeing that Chen Xiang was unwilling to let go of his words, Guo Huaqing waved his hand in the air, and a burst of Spirit Qi shot out and struck Chen Xiang's abdomen.

Chen Xiang spat out a mouthful of blood, the blood sprinkling onto the Chaos fire, only to see the originally gray Chaos fire suddenly release a burst of intense white light, and after everyone was illuminated by the light, their skin burned with a fiery hot pain, even the powerful old deities were no exception.

Du Yanyao, who was standing behind Chen Xiang, also felt extremely unwell. That kind of heat was so strong that it seemed to be able to evaporate the blood in her body. She only felt that her body was filled with a brutal and scorching energy, and that her body was about to explode.

Other than Chen Xiang, everyone else present also felt the same way about the old deity in Bao Zou's VIP box. They had actually lost the power to resist!

And at that instant, a large amount of information gushed into Chen Xiang's mind. There was about the Chaos fire, he now knew why the Chaotic Mountain valued the Chaos fire so much.

This was because the Chaos fire was hiding the secrets of the Primal Chaos world, and the information in Chen Xiang's mind was a mess. He only knew that he had to collect seven Chaos fire s and drip some dragon blood to activate the Chaos fire.

And when Chen Xiang was fusing with the Devil-suppressing blood, he had fused with the large amount of Poisonous Dragon blood inside, so he had a portion of the dragon blood in his body, thus he was able to activate the Chaos fire!

Besides hiding the secrets of the Primal Chaos world, Chaos fire could also be used as a weapon. It could release a kind of strange light, and anything touched by this light would turn into heat!

Now that the Chaos fire had just been activated, the strange light that it emitted was so intense that even the powerful deities could not withstand it!

"Quickly use your Green dragon demon-slain broadsword and kill that old fellow!" Bai Youyou shouted.

Chen Xiang was startled. He activated all the Innate Qi in his body, turned into Dragon Power, and poured everything into the Green dragon demon-slain broadsword.

"Blood for blood!" Chen Xiang roared, he rushed forward like a bolt of lightning, and with a horizontal slash, ten thunderous booms sounded out like countless thunderbolts. When the Divine Blade received the force, the blade's body became extremely heavy, and when flying over, the force contained was as heavy as a hundred million jin, pushing the sharp blade edge, fiercely slashing at Guo Huaqing's neck.

The white light released by the Chaos fire disappeared, and everyone regained their vision. They were all stunned, mouths agape, as they looked at the suffocating scene on the stage in disbelief.

Guo Huaqing's head fell to the ground, colliding with Lin Yushi, while Guo Huaqing's headless body was still standing there, spurting out a mouthful of hot blood.

Looking at the huge blade that was dripping with blood in Chen Xiang's hand, everyone swallowed their saliva. Chen Xiang had actually killed the selfless Punishment Elder of the Chaotic Mountain.

Guo Huaqing's fame had intimidated the Sacred Dan Realm, but now that he died in the hands of a little kid who wasn't even a Nirvana Stage, everyone found it hard to accept this fact!

"This is the result of trying to kill me!" Chen Xiang swung the huge blade, shaking off the blood on it. Just as he was about to take the corpse away, he was stopped by Du Kangsheng.

"If I were you, I would immediately leave this place. If the place above is safe, hide here!" Du Kangsheng said loudly.

Chen Xiang grabbed the air, the two storage rings on Guo Huaqing's finger and quickly left the auction place.

### [Chapter 627](#)

After Chen Xiang left for a while. The people in the auction hall were still silent. They were still shocked by this matter.

They also knew that after Guo Huaqing was hit by the light, he lost control of his fighting strength in a short period of time, whether it was his body or his mind, they had a deep understanding of it. Chen Xiang used this moment to cut off Guo Huaqing's head.

Yan Zilan frowned: "What should we do now? Would this Young Master Shen not consider the consequences? "

When the people of Chaotic Mountain come, explain everything clearly. There are so many people here who are testifying that Chen Xiang killed these two corpses, they will not blame us! Sacred Dan School of the Sacred Dan School suddenly appeared on the auction platform.

At this time, an old man asked: "What if Chaotic Mountain blames us for not capturing Chen Xiang?"

"We don't need to help the Chaotic Mountain catch those people." On the surface, Xie Shilong said that, but he was worried that if Chen Xiang released that strange light again, he would be the one to die. Many of the strong warriors present wanted to capture Chen Xiang and give him to Chaotic Mountain, but when they thought about Guo Huaqing's death, they did not dare make a move.

After Chen Xiang left the Sacred Dan City, he immediately used the Luotian Gate, opened a spatial door, and went inside the Immortal-poisoning Devil Forest. Using this treasure in this high level world had consumed a lot of his energy.

"Among these two storage rings, one of them was destroyed following the death of the owner while the other one had a Chaos fire inside!" Su Meiyao still didn't know how powerful the Chaos fire was.

"Two Chaos fire, seven in total!" Chen Xiang said excitedly, and then told the secret inside the Chaos fire to Su Meiyao and Bai Youyou, which made her feel extremely excited.

"chaosworld?" There is a legend in our Imperial Dragon Race, when the heaven and earth first opened, we preserved the most primitive world, which is even higher ranked than the Heaven Realm. Chaos fire shouldn't just have ways to travel to the Primal Chaos Realm, they might also be able to lead you to search for some things. " Long Xueyi said.

Although Guo Huaqing's storage ring was damaged, the Chaos fire that he obtained made up for the disappointment in his heart.

"This Guo Huaqing doesn't dare to let the Chaos fire disappear either. Otherwise, he would also use that type of Storage magic treasure that lives and dies together with its owner." Su Meiyao said.

Although Chen Xiang was deep inside the poisonous green poisonous miasma filled Immortal-poisoning Devil Forest, he still felt very safe here.

The Sacred Dan Meeting was a gathering that occurred every hundred thousand years in the Sacred Dan Realm. But it was only the first day, and so many things happened already. Half of the Jade Dragon Flower was stolen, and two important figures of the Chaotic Mountain died in the auction.

The deaths of Lin Yushi and her shook the entire Sacred Dan City, and this news spread to other cities extremely quickly.

What made Sacred Dan School more happy was that because Lin Yushi had died, they did not need to compensate that Jade Dragon Flower, since that Spar was worth more than two hundred billion. If the Chaotic Mountain did not pursue the matter further, they did not have to bear the heavy losses either.

"The news I just heard, Sacred Dan Meeting's next program will be postponed for ten days!" Long Xueyi used the Heaven tour method to inquire about more information from the Sacred Dan City. She continued to speak: "Sacred Dan School seems to be saying that you need to wait for the Chaotic Mountain's people to come and take away the corpse and wipe your butt clean before continuing. They must let the rest of the Sacred Dan Meeting's show proceed smoothly, otherwise, Sacred Dan School will really lose a lot of face this time."

Chen Xiang scratched his chin and calculated: "It's been ten days, I really want to head back to Sacred Dan Meeting to continue participating in the pill refining competition, I've already registered!"

"After the auction is over, there will be the trade fair. I heard that I can trade items for them. I have quite a few precious herbs, so I might be able to get some rare and precious herbs that I don't have."

Su Meiyao said: "Let's wait for ten days first, if the Chaotic Mountain comes, you should be able to easily disguise yourself and participate."

Chen Xiang took out the Chaos fire he had just obtained and laughed: "The people of Chaotic Mountain do not have dragon blood, so the Chaos fire is unable to recognize them as master. If I drip more blood, this Chaos fire that I just obtained will release that kind of light again. Although it's only been a short moment, it's enough for me to kill someone! "

Considering this level, he decided not to bind the Chaos fire with blood for the time being. In the future, when he encounters trouble, no matter how much stronger one was, they would all die under his blade!

"Right now, it would be best for you to get more creation divine liquid. You might need them when you get to the trade fair." Su Meiyao said. Chen Xiang had just entered the late stage of the Soul Martial Realm, so it would take some time before he could raise his strength again.

Chen Xiang took out a piece of Chaos fire that he had dripped blood on, and had recognized as its master.

Holding the Chaos fire, he felt his mana and Innate Qi being absorbed by the Chaos fire, and the Chaos fire also released a strange white light. Using the Chaos fire to face a tree, he activated a white light beam that was as thick as a water tank, and the light beam instantly erupted, penetrating through countless trees, and in the middle of the thick tree trunks, a round hole suddenly appeared.

Just now, when he had received the white light, its penetrating power was extremely strong and was far away. Chen Xiang did not know how many trees had been penetrated, and he once again tested out towards another direction.

"If that light were to shine on a human's body, it would cause the body to heat up and turn everything in the body into flames. This tree doesn't have a lot of energy, so the flames only appeared for a short period of time before disappearing!" Long Xueyi said: "Of course, your Innate Qi must be very strong in order for even stronger people to be affected by this Chaos fire."

Chen Xiang nodded his head: "This Chaos fire can automatically absorb the spirit energy and immortal energy from the heaven and earth, and create that strange flame inside of it. I can absorb the flame to cultivate, and use it to strengthen my Fire Soul!"

He experimented with the Chaos fire's power for a while before changing his mind to a different place to condense the creation divine liquid.

After stepping into the late stage of the Soul Martial Realm and fusing with the Devil-suppressing blood, he had condensed creation divine liquid even more quickly now.

Five days had passed, and the number of creation divine liquid he had condensed now numbered in the large vat. This was all in the custody of Su Meiyao, so when he needed the spirit medicines on them, he could get Su Meiyao and Bai Youyou to quickly duplicate them.

"Oh? You brat, why are you so leisurely? Why did you run back here?" A voice came from afar, shocking Chen Xiang.

This voice belonged to Du Yanyao's grandfather!

Following the voice, Chen Xiang also saw a sturdy old man standing in front of him.

[Chapter 628](#)

He met Du Hai in the Immortal-poisoning Devil Forest. This surprised Chen Xiang.

"Aren't you in here too? Didn't you say that you want to return to the Du Family to take care of some matters? Why did you come back to the Immortal-poisoning Devil Forest?" Chen Xiang was even more curious as to why Du Hai was here.

"I have indeed gone back, but there aren't many matters in the clan that I need to take care of, so I can only come back. I feel that if I stay in Immortal-poisoning Devil Forest for too long, I can cultivate my physical body to the impenetrable, and then I will be like you!" Du Hai looked at the hand that had just grown out, "I don't want to be harmed by the poison anymore."

Du Hai had touched the Devil-suppressing blood with his fingers before, and in order to prevent the poison from spreading to his body, he decisively chopped off his hand. Now that he had consumed the pill and allowed his own hand to grow back, it was not difficult for a Dan Immortal like him.

"What about you? Why did you come back?" Du Hai asked curiously.

"I got into some trouble, so I came here, sigh ..." Chen Xiang sighed.

"How much trouble? Tell me, I'll help you settle it." Du Hai had already treated Chen Xiang as a friend. Although Chen Xiang's strength was far inferior to his, his potential was unlimited. Furthermore, he was also the most eccentric person Du Hai had ever met.

Chen Xiang explained what had happened in detail to Du Hai.

"F \* ck, you got into some trouble?" This is simply big trouble, you actually killed Chaotic Mountain's Guo Huaqing! When Du Hai heard this news, it was as if he was struck by lightning. If he did not see Chen Xiang taking out two of Guo Huaqing's storage rings, he would not have believed it.

Chen Xiang spread out his hands and said: "There was no other way, that guy wanted to kill me at that time and enraged me. He also had the chance, so I casually chopped him off."

This guy is much stronger than me, and is also a top tier expert in Chaotic Mountain. Because of his strong strength, he also provoked a lot of people in Chaotic Mountain, and being killed now, is a happy occasion for Chaotic Mountain. I thought that I could help you handle it when the time comes! Du Hai said as he stroked his white beard.

When Chen Xiang first heard of the Chaotic Mountain, she told him that Du Hai had stayed there for a period of time.

"But the more difficult thing is, you brat, you will definitely not hand over the Chaos fire. The Chaotic Mountain places more importance on this issue!" Du Hai said.

Chen Xiang guessed that the Chaotic Mountain must not know the secrets inside the Chaos fire, and said: "I will use some powerful martial arts to exchange for it, how about it?"

Du Hai's eyes lit up, he rubbed his hands and asked: Upper level martial arts?

Chen Xiang chuckled and took out a few sheets of paper. On the paper were introductions of "Devil Subduing Method", "Devil-suppressing fist", "Devil-suppressing qi array", "Devil-suppressing qi", "Devil-suppressing qi".

Looking at these introductions and names, Du Hai's eyes grew round: "Devil-suppressing Divine Palace's Four Great Mysterious Techniques, you actually have them all!"

"Do you think the Chaotic Mountain will let this go?" Chen Xiang asked with a smile.

"Definitely, these guys are very worried that they will be exterminated by the demons when they are in Great War between Three Realms, they will definitely not pursue this matter any further with these four martial arts, and the Chaos fire in their hands is just a symbol, they can't gain much power from it."

Du Hai was very clear about what was going on in the Chaotic Mountain.

Su Meiyao had prepared these four sets of martial arts for the sake of passing them down to his friends and relatives in the future. In any case, he had obtained them in the Devil-subduing College, so it wasn't difficult for him.

Chen Xiang handed over the four Demon Subduing Mysterious Techniques to Du Hai, and laughed: "If you want to learn them, you can also remember them first. If you learn these four techniques, then learn the Devil-suppressing kungfu, maybe you can learn them."

For people like Du Hai, if he lacked pills, no one would be able to help him. However, this martial arts was extremely difficult for him, so no matter what, he would help Chen Xiang settle the situation with the Chaotic Mountain.

"I'll say this in advance. If you are pursued by the Devil-suppressing Divine Palace in the future, this matter is none of my business!" Chen Xiang said.

"Devil-suppressing Divine Palace's hand hasn't reached us yet. Even if they do, what can they do?" Du Hai wasn't afraid in the slightest.

Chen Xiang said: "Senior, how long do you need to help me settle this? In five days, the auction will start. The auction ends and we will begin our alchemy competition. I want to participate in that competition. "

"No matter what, you have to wait for me to remember these four martial arts!" Du Hai was quickly flipping through it. His memory was very strong, so he could finish reading it in one glance and remember it well.

Chen Xiang was helpless, he could only continue to condense creation divine liquid. But what made him depressed was that Du Hai remembered, he had actually started cultivating.

Du Hai patted Chen Xiang's shoulder and laughed: "You can return to Sacred Dan City now to play. The people from Chaotic Mountain have probably already brought the corpse back to Chaotic Mountain, I'll take a trip to Chaotic Mountain now, don't worry, I guarantee that you'll be fine!"

Even if Du Hai didn't say it, Chen Xiang would go to the Sacred Dan City after disguising himself.

Chen Xiang instantly went from Immortal-poisoning Devil Forest to the outside of the Sacred Dan City. He hid in a patch of forest to recover his energy and waited until night before he rode on a small black bug and flew into the Sacred Dan City.

Du Yanyao had not slept yet. She was lying on a bed chair in the courtyard, looking at the beautiful and resplendent stars in the sky. Her usual ice-cold eyes revealed boundless tenderness and a hint of melancholy.

Every time she thought about every little thing she had with Chen Xiang, her heart would feel warm, and when she thought back to how she was infected with the Spring Poison, entangled Chen Xiang's body, and revealed that coquettish posture, and said those embarrassing words, her face would always turn red, and a rare coquettish smile would appear on her face.

"Don't you feel bored looking at the stars by yourself?" Du Yanyao suddenly heard Chen Xiang's voice, which startled her so much that she immediately sat up, and saw Chen Xiang walking over with a smile.

Du Yanyao did not wear her black dress anymore. Now that she was dressed in white and was shining brightly in the moonlight, she appeared extremely light and refined. The cold and prideful aura that she gave off gave her a strange charm, as if she was a fairy in the Moon Palace, proud and aloof, extremely beautiful!

"Why are you back? When the people of Chaotic Mountain just left, there might be someone watching this place! " Without bothering to put on her shoes, her jade-like feet stepped on the mud as she walked quickly towards Chen Xiang's side.

Chen Xiang laughed: "I haven't done what I promised you, of course I can't just leave!"

When Du Yanyao found out that Chen Xiang had come back for her sake, she was secretly happy. However, she was still worried.

"What is it? What did you promise me? " Du Yanyao really couldn't remember what Chen Xiang had promised her.

## [Chapter 629](#)

Chen Xiang asked Du Hai the reason why he was hiding the possibility of his return. At that time, Du Hai said that only some of the old fellows in the Du Family knew about his return. During the time he had been gone, nothing major had happened to the Du Family, so he had to consider retreating.

Du Hai had also warned Chen Xiang before to not tell Du Yanyao and Du Kangsheng, so when Chen Xiang saw Du Yanyao now, he did not say anything either.

"Didn't you say that you would participate in the Pill Refining Competition with me? Also, I told you to follow Zi Lan and Tian Ji in their cultivation, hehe. " Chen Xiang laughed.

"However, your current situation is extremely dangerous. Although the Chaotic Mountain did not say anything, he will definitely pursue this matter. That Guo Huaqing also has a Chaos fire on him ..."

Chen Xiang stretched his back and laughed: "If I was worried, I wouldn't have come back, don't worry!"

With that, he took out the Immortal Sword he obtained from killing Zheng Chu back then. Although it was a low quality Immortal Sword, it was much stronger than all the other treasures.

Seeing this treasure sword that was flickering with a cold light and releasing a strong Qi, Du Yanyao gasped in admiration: "I wonder what kind of expert created this Immortal Sword?!"

Chen Xiang laughed: This is for you!

It was even more expensive than immortal pills, and to her, who was not even a Nirvana Stage, immortal equipment was even rarer. Even if he had a powerful father and grandfather, at most, she only had a few powerful treasures and nothing more.

Chen Xiang also understood that the number of artificers that could refine immortal artifacts were few in number in the Sacred Dan Realm, only a lot in the Heaven Realm. Hence, the status of artificers here was also very high, which resulted in a small amount of immortal equipment being very expensive.

"To be honest, this thing was obtained by me killing a fellow from Heaven Realm. That guy's cultivation is very strong in Mortal Realm, so this thing is not useful in Mortal Realm." What Chen Xiang said was the truth, Zheng Chu was a rather important person in the Devil-suppressing Divine Palace, if the Devil-subduing College saw that his Immortal Sword was in someone else's hands, it would definitely cause a lot of trouble.

Du Yanyao was also a warrior, and she usually used the sword, so of course she would like to have the Immortal Sword, but it was too precious for her, even her grandfather had not given her such a precious thing.

"City Lord Du, stop dawdling, this isn't like you!" Chen Xiang held onto the sword hilt and handed it over.

Du Yanyao did not accept it, and instead looked at Chen Xiang with a strange expression: "Why are you giving me such a precious thing? You can sell it, and you can also get a lot of Spar! "

Chen Xiang giggled: "Because you're my fiancée. Back then on the auction platform, didn't you call me fiancé?"

Every time she defended Chen Xiang in front of an outsider, she would always say that Chen Xiang was her fiancé and she really wanted to marry Chen Xiang. It was just that that was just for the sake of letting Chen Xiang participate in the competition for power in Sacred Dan City, and that was all.

"So, you don't want the presents your fiancé gave you?" Chen Xiang said while laughing, causing Du Yanyao's face to turn red, and he took the immortal sword.

Du Yanyao and Chen Xiang had previously made a tacit agreement that they would only deepen the relationship between them after they had passed the Nine Nirvana Tribulations.

"Thank you!" Du Yanyao waved the Immortal Sword and laughed gently. When she was with Chen Xiang, she realized that she had a gentle side to her.

"Familiarize yourself with this sword. I'll go and rest first." Chen Xiang yawned and returned to his room.

He was considering whether he should gather more resources in the Sacred Dan Realm like the Mortal Martial Realm, because he would be staying in the Mortal Martial Realm for a long time. There were a lot of things that the Mortal Martial Realm lacked, and if he could bring back a large amount of them, then he would definitely be able to establish his own power in the Mortal Martial Realm.

Although there weren't many Ground level pills in the Sacred Dan Realm, they were way more numerous than those in the Mortal Martial Realm. As long as he had enough Spar s, he could buy a lot of them from here.

Chen Xiang discussed this issue with Su Mei and the others.

The immortal equipment here are very expensive, and in a short period of time, you will not be able to gather that many Spar, if you use it to buy some Ground level Pills, you can buy a lot, and when you return to the Mortal Martial Realm, you can use these rich resources to rope in many people to join his force! Su Meiyao said.

During the auction, Chen Xiang knew that the prices of the immortal equipment were extremely shocking, so he could only give up on that idea.

The next day, as soon as Chen Xiang opened the door, he saw Du Yanyao waiting for him at the door.

"I suddenly remember that I haven't eaten anything delicious in a long time!" Chen Xiang laughed as he rubbed his hands. Although he did not need these things to replenish the energy consumed by his body, eating something good was still a type of enjoyment for him.

Looking at Chen Xiang's greedy expression, Du Yanyao laughed, "This is something that I made myself, only my grandfather can eat something that I made myself, even my father cannot."

Chen Xiang welcomed Du Yanyao into the house and started to wolf down his food, not at all afraid that the beautiful City Lord would see his ugly expression.

"If you like it, I can make it for you every day!" Du Yanyao smiled sweetly.

Oh right, Yanyao, I want to buy a large quantity of Ground level pills on my way back to Mortal Martial Realm. Chen Xiang asked.

Hearing that Chen Xiang wanted to return to the Mortal Martial Realm, Du Yanyao secretly felt uncomfortable. She really didn't want Chen Xiang to leave, she wanted to see Chen Xiang everyday.

"In the Sacred Dan Realm, the one doing the pill business is the Sacred Dan School, and the Zi Lan Immortal Fairy is in charge of the Sacred Dan School's business. Once the trade fair starts, I will go find her and see if I can set a time with her so that you can meet her in private!" Du Yanyao said.

Chen Xiang quickly finished the plate of pastries and fruits. He burped and laughed, "When the time comes, I will definitely have a way for you to follow her and cultivate."

Du Yanyao needed someone who would guide her on an unusual path. Although Du Hai and Du Kangsheng were very strong, they were not suitable for her. Du Hai could only make legends regarding Du Yanyao's pill refining skills, and they could not be seen throughout the day.

Today was Sacred Dan Meeting's second program, which had brought many people from far away to exchange or trade with some things. With so many people gathered here, it was possible for most people to exchange or buy things for themselves.

### [Chapter 630](#)

After Chen Xiang disguised himself. Walking in the large plaza of Sacred Dan City, there were many people setting up stalls and selling some things or pills that they thought were pretty good.

In the noisy and bustling plaza, Chen Xiang saw many Nirvana Stage s setting up stalls as well. He had also seen some of the lower middle Ground level s, and even some of the upper graded ones. In Mortal Martial Realm, it was absolutely impossible to see the Ground level Pill Assembly placed on these stalls.

"Brother, how much is this Relive Dan?" Chen Xiang came to the front of a stall and asked. Because he saw some middle grade profound level medicine placed on top of the stall, and there was even a sign that said Relive Dan were to be sold.

"One hundred million Spar, one pellet." The middle-aged man smiled kindly.

Chen Xiang felt that the price was extremely low. If it was in the Mortal Martial Realm, he could at least get a few billion. If he met someone he urgently needed, even ten billion wouldn't be a problem.

There were plenty of medicinal pellets in Sacred Dan Realm, and there were quite a few that could refine Ground level Pellets. With their high competitiveness, these Relive Dan's value was not high either.

"Can it be less?" Chen Xiang asked, he had never imagined that buying the high grade Ground level pills would be like buying a market.

In the Mortal Martial Realm, all the high grade profound level s were going to be auctioned off!

"98 million, that's not a small sum. It's not easy for me to concoct pills either, big brother!" The middle-aged man smiled bitterly.

Chen Xiang scanned the Storage bag with his consciousness and ordered 98 million out, then moved it to another Storage bag and bought a Relive Dan.

"Superior quality, not bad!" After Su Meiyao finished appraising the pellet, he said, "From this pellet, Alchemist should be reducing the amount of pellets produced for the sake of success."

A hundred million Spar, in the Sacred Dan Realm, was not a lot of them. Gritting their teeth, they were still able to afford the Relive Dan, so there were definitely more people than the Mortal Martial Realm that were able to pass through the Nirvana Doom.

"Even if it's in Heaven Realm, I'm afraid that it won't be so easy to purchase Relive Dan. Sacred Dan Realm is indeed extraordinary!" Bai Youyou said.

As long as there was a Spar, buying some Ground level Pills here was like buying vegetables in a market.

Chen Xiang did not plan to buy too many pills in the trade fair. He felt that it would be more worthwhile to buy them all in bulk purchases, and he had already agreed to let him and Yan Zilan have a talk alone.

"The medicinal ingredients for the Mysterious Beast Pill, this kind of pill is way better than the Hundred Beasts Dan's! The Hundred Beasts Dan can no longer satisfy Xue Yi! " Su Meiyao said.

The Profound Beast Pill was one of the Earth Grade Low Rank Dan and it just so happened that Chen Xiang was lacking a portion of Earth Grade Low Rank Dan medicine that was relatively common. Hundred Beasts Dan s were considered to be rather common in Mortal Martial Realm and their uses were not very wide, but the number of Profound Beast Pills that were used in Sacred Dan Realm was extremely small and their prices were also relatively high.

Earlier, Chen Xiang made Du Yanyao pay attention to the medicinal ingredients of the Profound Beast Pill, he did not expect to see it in the stalls.

"Refining Xuan Beast Pills is quite difficult, and it's mainly used to enhance the strength of demon beasts. If a person eats it, it won't have much effect. After eating the Xuan Beast Pills, they will advance by leaps and bounds, especially for the weaker demon beasts!" Su Meiyao said.

Chen Xiang squatted down and looked at the herbs in the jade boxes, then asked: "How much are the ingredients for this set of Profound Beast Pills sold?"

In the Sacred Dan Realm, there were a few people who raised Goblin Beasts. If one could make the Goblin Beasts transform, then the Goblin Beasts would be his servants. Having a transforming Goblin Beast as a servant was a very honorable thing.

"One hundred fifty million Spar!" The old man said with a smile.

"Isn't it too expensive? I just bought one hundred million Spar and now you're saying the Earth Grade Low Rank Dan's medicine is so expensive!" Chen Xiang frowned.

"Young lad, you must know that the medicinal ingredients for Xuan Beast Pills are extremely difficult to find. There are more and more beasts in Sacred Dan Realm, and these beasts have already eaten up all the medicinal ingredients for the Xuan Beast Pills. Only the use of large arrays in some forces can produce some of these. The old man quickly explained.

"This medicinal herb of mine is still very good, it can be used to grow seeds. You can grow more and earn more, although it still takes some time."

Chen Xiang curled his lips. If it was a normal person who wanted to grow it, who knows how many years it would take for it to happen, but he could do it quickly, it was just that he did not want to waste money. The killing price was extremely necessary, of course, he had to get it, because it was something that Long Xueyi needed to eat to increase his strength in the future.

"A little less!" Chen Xiang said.

"140 million!" The old man said.

"One hundred and twenty million. If you don't want to sell it, then forget it!" Chen Xiang stood up and prepared to leave.

Most of the people who came here to buy medicinal herbs were used to concoct pills, so if the price was too high, no one would buy them.

The old man had also previously met a few people asking prices, but the prices were all below one hundred million Spar. Chen Xiang's price was considered too high, and he was worried that he would not be able to sell the ingredients, so he gritted his teeth and agreed.

After getting the medicinal ingredients for the Profound Beast Pill, Long Xueyi said greedily: "I want to try it when I can concoct it in bulk!"

"What's the rush? I haven't even grasped the high grade profound level pills yet, but it shouldn't be too long!" Chen Xiang laughed, if possible, he still wanted to refine the lower Ground level here.

He continued to stroll around the plaza, looking for the things he needed, and also bought a lot of precious materials for forging weapons. He knew that Liu Meng'er would definitely like them, and also bought some handmade beautiful clothes made from rare materials, there were many of these clothes, and most of them were sold by women. The materials used were all very good, such as silk or cloth, they were all very special, and had a beautiful color.

As long as he saw something nice, he would unrestrainedly buy it, and then throw it to Bai Youyou and Su Meiyao, causing the two girls to constantly change their clothes inside the ring.

Of course, he even specially picked some for Liu Meng'er, Xue Xianxian and the others.

"I've never seen so many styles of clothes in the Immortal World. The materials are different as well. It's very comfortable to wear!" Although she and Bai Youyou were unable to come out, they allowed Chen Xiang to stroll in an area that sold women's clothing.

The more these two women bought, the crazier they became. Of course, there were some that they had chosen from a woman's perspective for Liu Meng'er and the others.

It was only until dusk did Chen Xiang finally exit this area, and every single woman at the stalls were extremely envious of his woman, to think that she would actually buy so many clothes at once, and even select them meticulously.

The trade fair was going to be held for a few days. In the evening, there were less people here. At this time, he saw a sign at the entrance of the auction house next to the square that had something written on it.

"In a high level trade fair, those who have access to immortal grade medicinal herbs can pay a fee to register."

Looking at the words, Chen Xiang's eyes lit up. What he lacked were these, but he was worried that he would meet with the group of old fellows later.
