

Dan God 631

[Chapter 631](#)

Chen Xiang had disguised himself. However, if he was close to those old fellows, it was very easy for him to be recognized.

Sacred Dan School will probably be grateful to you right now, because you killed Lin Yushi and that Guo Huaqing. They don't need to compensate you with the more than two hundred billion Spar, didn't that old fellow Du Hai say? Su Meiyao said.

Chen Xiang had the Purple dragon flower in his hands, so if the Purple dragon flower was nurtured, it might even evolve into a Golden Flame Dragon Flower. At that time, it would be like upgrading a dragon medicine, although it was still lacking when compared to the Jade Dragon Flower, it could at least sell for up to a hundred billion Spar.

"I have Purple dragon flower, I should be qualified to participate in this high level trade fair!" Chen Xiang said as he stepped into the huge auction place and entered a living room.

The person in charge was actually Yan Zilan, the exceptional woman, but this was within the Sacred Dan School's business scope. Furthermore, it was such a high-end business, so it was normal for her to be in charge.

Seeing Chen Xiang, Yan Zilan was a little shocked. He frowned slightly, and then indicated for the other people in the luxurious living room to leave.

"You are Young Master Shen?" Yan Zilan asked suspiciously, with her charming and sweet smile on her face, making people feel comfortable looking at her, wishing that she could spit out all of her secrets.

Chen Xiang took off some of the beard on his face and laughed: "Zi Lan Immortal Fairy said that he wanted to come and thank me. I am in a bit of trouble now, so I can only come and apologize to you!"

Yan Zilan chuckled: "Young Master Shen is really a funny person. Yanyao just came to find me this morning, saying that you have something to discuss with me alone. Did you come here for this?"

Although Yan Zilan was a goddess, she did not put on airs in the face of a weak person like Chen Xiang. She was on equal footing with Chen Xiang and treated him with courtesy, which made Chen Xiang feel very happy.

"It wasn't originally, but it is now. But we can talk about it later." Chen Xiang said. Yan Zilan had already poured tea for him, Chen Xiang admired her elegant movements, and watched her light smile, and was lost in thought.

Yan Zilan sat on a chair opposite of Chen Xiang, smiling as she watched Chen Xiang drink her tea.

Chen Xiang took a small gulp and said, "I want to participate in the high level trade fair. I wonder if my safety can be guaranteed? Of course, if someone from the Chaotic Mountain comes, then even if I am unlucky, if someone else wants to capture him and sell him to the Chaotic Mountain, will the Sacred Dan School be responsible for that? "

"Don't worry about that, the Sacred Dan School will definitely take responsibility. Even if the Chaotic Mountain comes, he will have to give us some face!" Yan Zilan smiled: "Then Young Master Shen, you must show me some things that prove that you are qualified to participate."

Chen Xiang had saved Sacred Dan School over two hundred billion losses. Seeing this, Sacred Dan School no longer bothered to kill Xie Donghao ruthlessly, and their impression of him became much better.

Chen Xiang took out the Purple dragon flower, upon seeing it, Yan Zilan immediately stood up and instantly stood in front of Chen Xiang. She carefully looked at the Purple dragon flower, she was in charge of the business of Sacred Dan School, of course she was a knowledgeable person, how could she not recognize the Purple dragon flower?

"Is this enough?" Chen Xiang asked.

"Enough, Young Master Shen, please come to our high level trade fair on time tomorrow morning, at that time, you will be the youngest person there, you must be careful, don't get fooled by those old grandpas." After being shocked, Yan Zilan immediately smiled.

"As for the registration fee, I'll let Zi Lan pay in advance for the young master. It can be regarded as Zi Lan's apology to the young master!"

Of course, Yan Zilan did not offend him, it was only that the Sacred Dan School suspected that Chen Xiang stole the Jade Dragon Flower from him, and Yan Zilan apologized on behalf of the Sacred Dan School.

"In that case, thank you so much!" Chen Xiang cupped his fist and laughed. The registration fee was several hundred million Spar, of course Chen Xiang would not reject it.

"Then, what is it about Yanyao saying that you want to meet me alone?" Yan Zilan asked softly.

Chen Xiang looked around: "This is a very important matter, can we find a better place to talk?"

Right now, Yan Zilan would not underestimate Chen Xiang even more. To be able to kill the Chaotic Mountain's terrifying Sentencing Elder, that was not enough strength.

After Chen Xiang killed Guo Huaqing and took all the Chaos fire s, he actually dared to come back arrogantly, and his strength was only at Nirvana Stage. It was not that Yan Zilan had never seen someone as daring as him, but someone like Chen Xiang who was a madman!

So when Yan Zilan believed what Chen Xiang said, it was a matter of great importance, so she brought Chen Xiang to her room.

"This is the Zi Lan Immortal Fairy's room!" Chen Xiang sucked in the direction that was floating in without restraint. It was so unbridled that Zi Lan Immortal Fairy couldn't help but blush, because Chen Xiang was the first man that was able to enter her room, and also so bold.

"Young Master Shen, you can say it now!" Yan Zilan took out a chair for Chen Xiang to sit on, while she sat on top of a large bed with a purple bed.

Chen Xiang's face suddenly turned serious: "Zi Lan Immortal Fairy, I need to confirm if the rumors about you are true? Even though you failed to transcend the tribulation, your soul is still there. After reconstructing your physical body, you accidentally became an immortal? "

"It's true!" Yan Zilan nodded.

At this time, Long Xueyi said: "I have already confirmed, she cultivates the Divine Path, but her path is not smooth.

Chen Xiang lowered his voice and asked: "Zi Lan Immortal Fairy, are you cultivating the divine way right now?"

She looked at Chen Xiang with a vigilant gaze, as if she was looking at a monster. She knew that she was going to be different from others in this world, and she was worried that she would be excluded if word of this got out.

"Don't worry, to be honest, I train in the Divine Path too. It's just that I'm different from you, I have guidance from someone, I have cultivation skills, and I understand how to make use of the power generated by cultivating the Divine Path." Chen Xiang smiled.

Of course, she had heard that there were very few people who cultivated the divine way, and this was something that many people pursued. However, it was extremely difficult for one to produce a divine soul, and she had also heard that one's soul could be snatched away, which was why she did not dare to leak the news of her cultivation in the divine way.

And now, she heard that the Divine Path was the same as martial arts. There was a systematic cultivation method, and there was also lust!

"I can pass you some things related to training the Dao of the Gods, but you have to promise me one condition." Chen Xiang said.

Long Xueyi really had too many secrets. If nothing went wrong, Chen Xiang would stay here for a period of time, and would be able to teach him a little.

[Chapter 632](#)

Humans who trained in the Dao of the Gods were extremely rare. There might not even be more than ten people in the entire Sacred Dan Realm, and these people would not even mention to others that their cultivation methods were different from others.

However, there were many people who had heard of the divine way, especially powerful immortals. It was because it was an easier way to become a god, but to produce a soul was extremely difficult, but there were rumors saying that souls could steal from others, so those who cultivated the divine way would have to hide themselves more carefully.

Yan Zilan lowered her head and started to ponder. To have a body to train, it would definitely allow her to have twice the results with half the effort.

"What do you want me to agree to?" Yan Zilan asked.

"Let Yanyao follow you for cultivation. There's no need to take her as your disciple, just let her follow you. If she encounters any problems, you can give her some pointers." Chen Xiang said: "This condition shouldn't be too difficult!"

Yan Zilan sighed lightly, "It's indeed not difficult, she has always had this intention. It's just that I feel that since I cultivate the divine way myself, I can't be too intimate with others. Otherwise, if I were to be discovered, I don't know what the consequences would be."

Chen Xiang laughed: "You don't have to worry about that, cultivating the divine way is not easy to be discovered, aren't you covered up well too?"

Yan Zilan nodded his head, "My soul was born when I failed to cross Nirvana Doom. As a result, I did not completely die, and as a result, I preserved my soul, and spent ten thousand years to reconstruct my fleshly body. Even though it only took me ten thousand years, my physical body became far stronger than before, and after that, I somehow had a breakthrough.

"It's just that when I cultivate my soul, I don't have any experience. Without any guidance, I can only cultivate my soul as if it were my soul. Although there are effects, the speed is extremely slow!"

The Nine-turn dragon god mantra was the supreme desire to cultivate the soul of the Imperial Dragon Race, and the requirements were also very harsh, not something Yan Zilan could learn in a short period of time.

And in the Imperial Dragon Race, there was not only the cultivation of the Nine-turn dragon god mantra, there were also many other things. They were all created by some old dragons in the Imperial Dragon Race to be used for the cultivation of some small dragons that could not meet the requirements.

"As for the Path of God, I can pass on the mental cultivation method to you right now. The content is not much and you will be able to understand it in a short period of time. I think you should be able to comprehend it by yourself when the time comes!" Chen Xiang saw that Yan Zilan was looking at him with an impatient expression, and smiled slightly.

Yan Zilan waved her hand and set up a barrier, then she came to Chen Xiang's side and poured him a cup of tea.

Chen Xiang drank a cup of tea, sucked the orchid's fragrance from the beauty's body, and then began to personally teach the divine way.

Until the dawn of the next day, Chen Xiang yawned, and said with a smile: "Being able to spend the night with Zi Lan Immortal Fairy is truly a very joyful thing ... This is the first part of the Great profound God Soul Art, there are a total of three parts! "

Yan Zilan chuckled and said, "Although Zi Lan hasn't started to cultivate yet, when she recites this mental cultivation method, she has already solved many of Zi Lan's problems. I am truly grateful!"

Seeing Yan Zilan smile so beautifully, Chen Xiang could see his own spirit.

"Just help me take care of Yanyao if you have to thank me!" Chen Xiang laughed.

"En, I will. The high level trade fair is about to begin. I will bring you in!" Yan Zilan stood up, went over to the mirror and combed through it briefly, then brought Chen Xiang out of the room.

"Zi Lan Immortal Fairy..."

"Just call me Violet Orchid. No need to be so formal." Yan Zilan giggled. She had finally resolved the problem that had been bothering her for so many years, and right now, she was in a very good mood as well. Furthermore, she no longer felt that she was alone, because someone had cultivated the divine way and had even helped her greatly.

"Zi Lan, about this matter, it's best not to mention it to Yanyao, it's also for her own good. In order to prevent her to accidentally leak it out, and encounter unnecessary trouble, some people would use any means possible to cultivate the divine way, it would be very troublesome if they use her as a threat."

"I know!" Yan Zilan nodded.

Chen Xiang followed behind her and walked into a basement. It was decorated very simply, only a few chairs were placed on the walls, forming a circle with only ten spots left.

"They haven't come yet. When they come, you'll naturally know the rules."

Yan Zilan sat at the place next to Chen Xiang, and thought back to the Great profound God Soul Art that Chen Xiang had just taught her. Although understanding it was a little difficult, she was still very excited.

"Zi Lan, don't learn yet. In case you fall for it, you still have to host this trade fair!" Chen Xiang pulled her sleeves and laughed.

Yan Zilan smiled at Chen Xiang: "There's no other way around it, I really want to cultivate now. I feel that by relying on this, I can break through the bottleneck very soon."

"Then I should congratulate you first. Oh right, Zi Lan, are you in charge of managing Sacred Dan School's business?" His relationship with Yan Zilan was currently so close, if he wanted to purchase a large amount of Ground level Pills from her, it would definitely be very easy.

"En!" Yan Zilan nodded.

"I urgently need some Ground level Pills, can you give me some?" Chen Xiang said in a low voice.

"No problem, we'll talk about it in the future. Right now I don't have much, after a period of time Sacred Dan School will give me a new batch of goods, she'll let me be in charge of the sales. I'll pick out the best ones and give you a very low price." Yan Zilan said in a low voice, and a sweet smile hung on his face.

Inside the secret basement, Chen Xiang and Yan Zilan chatted for a while before someone finally came. The first person Chen Xiang did not recognize, although he looked middle-aged, but judging from Yan Zilan's attitude, he was very strong.

Very quickly, the others also arrived!

"Chen Xiang!" An old man wearing a gold-patterned robe recognized Chen Xiang at a glance, his face full of surprise. He was Leader of the Sacred Dan School.

Chen Xiang was very calm, and chuckled: "That's right, I told your Sacred Dan School not to have to compensate me with more than two hundred billion Spar, don't you welcome me now?"

"Humph!" Although Xie Shilong coldly snorted, he had no choice but to admit that Chen Xiang had indeed helped him greatly. It was just that he could not get closer to Chen Xiang because of this matter.

Amongst the others, Chen Xiang had only seen a few. He had seen a few old fellows at the last ranking meeting, but most of them were nowhere to be found. The other unfamiliar faces were definitely not ordinary people either, otherwise, they would not be able to sit here.

"I don't care about the matters between you and Chaotic Mountain. Since you have the qualifications to participate in this high level trade fair, then I, Sacred Dan School, will treat all of you equally, regardless of whether you are noble or lowly. Everyone, please take a seat!"

Ever since he saw what Chen Xiang had done, he no longer treated Chen Xiang as a normal kid. What Chen Xiang had done, was definitely the most earth-shattering thing that had happened in the Sacred Dan Realm for the past few thousand years.

[Chapter 633](#)

Everyone was present at the high level trading fair. Chen Xiang just realized that Yan Zilan was not here to host the transaction, but was also here to conduct it as well.

Earlier last night, Chen Xiang had Su Meiyao use a creation divine liquid to duplicate a Purple dragon flower. The chance to use up the two crocks of creation divine liquid he had formed in the Immortal-poisoning Devil Forest to turn the other half into a.

"Let me start!" Xie Shilong took out a green pearl that looked soft and elastic. Inside, it had a green luster and a green glow secretly flowed inside the pearl like water.

Seeing this bead, a few knowledgeable old men immediately opened their eyes wide and let out a light sigh of admiration.

"The Wood Emperor Fruit is a fruit that grew from an ordinary tree for a hundred thousand years. It is very useful for cultivators of the wood attribute and can also be used to heal wounds. It contains a very rich life force and can be considered a high-grade Immortal Grade fruit. Su Meiyao said.

"I would like to trade the Wood Emperor Fruit for the Fire Emperor Fruit, or other fire element medicinal herbs or pills of the same rank." Xie Shilong said.

Xie Shilong was a Leader of the Sacred Dan School, so he was naturally a pill refiner, but he was still not a Dan Immortal. Dan Immortal was a Alchemist that could refine high quality and top-quality immortal pills, while Xie Shilong could only refine mid quality low quality immortal pills.

The other nine people in the secret room did not have any reactions. Although this Wood Emperor Fruit was rare, it was extremely attractive, so no one was willing to trade it. This made Xie Shilong feel somewhat awkward, and it was an extremely shameful matter.

"I have half a middle level Immortal Grade Qilin fruit, if Leader thinks it's suitable ..." An old man with yellow hair stroked his beard as he spoke.

Kirin Fruits were bred from the blood of fire-attributed Qilins. They normally grew in some extremely hot volcanoes and were places that Qilins liked to go to.

Xie Shilong considered for a moment, then nodded: "Alright, deal!"

Just like this, the first exchange was completed, and Chen Xiang still did not make a move, because he did not know what he needed, and only waited for someone else to reveal a few good things, and Su Meiyao thought that he could, then he would.

More than two hours later, there were already a few successful exchanges. Although there were a few Immortal Grade s' medicine among them, they were all things that Chen Xiang would not need in the future.

Yan Zilan used a precious piece of refining material to exchange for a mid grade immortal sword.

"Right now, there are only two people who haven't revealed their items!" Xie Shilong looked at Chen Xiang and an old man dressed in plain clothes. Half of the people present were people who had hidden themselves, and could be considered to be powerful experts, to the point that even Xie Shilong did not know who they were.

The old man smiled. "I don't think this young man has any particular goal. He came here just to join in the fun."

Chen Xiang laughed: "I guess so. But I do have something that I want to trade with you, it's just that I can't see anything that's satisfied, I don't know what to trade with you either."

The old man took out a silver ring and showed it to the crowd, saying, "This ring is called the Immortal Mansion Ring, and inside it is an immortal estate. The old man took out a silver ring and held it up, and showed it to the crowd, and said," This ring is called the Immortal Mansion Ring, and inside it is an immortal estate.

"Take him down!" After Su Meiyao heard this, he immediately gave Chen Xiang this instruction: "This ring came from the same person who created the Invisible Ring on your finger. The person who gave this ring to me was Sacred Dan Realm."

When this immortal estate was released, its defensive power was very strong and it had many large formations protecting it. However, it only required a large number of Spar s as an energy source. If necessary, this was also a life saving treasure! "

This was indeed a good item. A few people on the scene were stirred up, waiting for the old man to give them an exchange condition.

"Old senior, this ring should be able to become invisible and fuse with the soul!" Chen Xiang asked.

The old man was shocked and asked, "How did you know?" I was just going to say that. Have you ever heard of such a ring? "

"Un, I once heard a senior speak of it. Tell me the terms of the exchange, I want it!" Chen Xiang said.

The old man laughed: "Little brat, I'm afraid you can't afford my precious ring!"

"Bro, just say it!" An old man urged them. There were very few refiners in Sacred Dan Realm, and even fewer who could refine such high difficulty Storage magic treasure. Furthermore, they had to refine a luxurious immortal estate into a ring.

The old man immediately said, "I need to change to a higher level medicine. The best would be the more common one. As for what it is, I'll have to see the best one in everyone's hands."

Very quickly, a few old men took out some medicinal ingredients, some of them were just exchanged, but most of them were just high grade Immortal Grade s, some were high grade Immortal Grade s, but they were not commonly used, and were not very useful.

"It's definitely worth it to take out the Purple dragon flower. When you go to the Immortal World, you will know how expensive this type of storage ring is. In terms of level, it should be a sacred weapon!" Su Meiyao said.

Chen Xiang anxiously took out the Purple dragon flower, seeing that firecracker that looked like a dragon spitting purple fire, the entire group was moved, they stared at the dazzling Purple dragon flower without blinking.

"This is the Purple dragon flower, there's no need for me to say anymore!" Chen Xiang laughed.

Looking at this purple dragon's fiery flower, they were so jealous that their hearts were bleeding. They couldn't understand why a brat like Chen Xiang would suddenly have this kind of thing, and even took it out to exchange.

This was because if the Purple dragon flower was nurtured carefully, it could become a Golden Flame Dragon Flower, and then it would become a Holy level dragon medicine, incomparably precious.

If these old fellows were Chen Xiang's elders, Chen Xiang would definitely be scolded badly by them. However, these old fellows could only watch on helplessly.

Xie Shilong had long wanted this high quality fire type medicinal ingredient, but he had no other choice now, because everyone could tell that Chen Xiang really wanted the storage ring.

"It's indeed a Purple dragon flower, I never thought that I would be able to see it in my life!" The old man was stunned for a moment before he exclaimed in admiration.

"Old senior, using this to exchange for your Immortal estate ring should be very fair, right?" Chen Xiang laughed.

The old man laughed and nodded, exchanging with Chen Xiang.

[Chapter 634](#)

Chen Xiang received the Immortal Mansion Ring. Moreover, he immediately dripped his blood and bound it to his body, fusing it with his soul. He could control it with his mind and hide it within his body without being discovered.

However, what made him a bit depressed was that he still couldn't see inside. He could only feel the space inside, but he could still release the immortal estate inside. It was just that it consumed a lot of energy and also required a large empty space.

Su Meiyao and Bai Youyou were also extremely excited at this moment, because they would soon be able to move into a luxurious immortal estate.

The high level trade fair had ended, and many people had a look of regret on their faces. They had watched a little kid trade a Purple dragon flower for a broken ring, which made their teeth itch in hatred.

After he was done, Chen Xiang quietly brought Chen Xiang to her room.

"Zilan, don't you feel that we're having a clandestine love affair?" Chen Xiang said while grinning. He casually lied on top of Yan Zilan's fragrant purple bed.

Yan Zilan was not angry, and smiled sweetly: "You mischievous brat, I am doing this for your own good. If no one else knew that you and I are so close, then it would be even more troublesome than offending Chaotic Mountain!"

Chen Xiang laughed: "Of course I know, who told our Zi Lan Immortal Fairy to love everyone, even women cannot bear to be jealous of you, let alone men! If anyone took sister Zi Lan away, that person would definitely die from happiness! "

"Bastard, no wonder a girl like Yanyao would be completely tricked by you, to be able to become your fiancée!" Being praised by Chen Xiang, Yan Zilan's smile became even more beautiful and sweet, but it did not lose her noble and dignified temperament.

Seeing that this mature and graceful woman was so close to him, Chen Xiang was a little moved, but she was a fairy with extremely strong powers.

"As long as you are willing, I can marry you!" Chen Xiang joked.

"Hmph, with Yanyao here, how can you be so greedy? Aren't you afraid that I'll tell her?" Yan Zilan purposely said coquettishly. Seeing that, Chen Xiang's heart was thumping, he really wanted to throw himself onto her and embrace her.

"Don't worry, if you marry me, Yanyao will be happy to have such a good older sister." Chen Xiang giggled: "Big Sister Zi Lan likes even women, she definitely won't be angry!"

"Don't be so talkative!" Yan Zilan pouted and pouted.

Just like that, Chen Xiang laid on Yan Zilan's bed, while Yan Zilan sat on the side of the bed, carefully listening to the other parts of the Great profound God Soul Art that Chen Xiang was using.

Yan Zilan's soul was powerful, it would never go away before. She would remember Chen Xiang's words once, so Chen Xiang teaching her was not that difficult.

In one breath, he imparted to Yan Zilan the mental cultivation method left behind by the Great profound God Soul Art. At this time, Yan Zilan was also affectionately pampering him and pouring him a cup of tea. In order to thank Chen Xiang, she even agreed to Chen Xiang's request to help him massage his back and legs ... This was something she had never done before. Although this was the case, she didn't feel so conflicted in her heart. It was because she was very happy to chat with Chen Xiang.

In Yan Zilan's eyes, the rest of the people in the Sacred Dan Realm were of different species. Only Chen Xiang was her kind, and she was already easy to get along with, so right now, she was even more intimate with Chen Xiang.

Chen Xiang and Yan Zilan had been together for two days, and he felt extremely comfortable being together with this beauty who was as gentle as water.

"There's still some time before the Alchemy Competition. I'll take this opportunity to teach you some magical techniques, but not much!" Chen Xiang said.

Yan Zilan nodded her head, she was extremely excited now, she knew that her spirit power was extremely strong, but she did not know how to use it.

Chen Xiang first imparted the Seventy-two changes to her, this was with Long Xueyi's consent. It was three days later after he memorized the Seventy-two changes.

Yan Zilan looked at Chen Xiang strangely. "That Jade Dragon Flower is you ..."

"Hehe!" Chen Xiang stuck out his tongue.

This made Yan Zilan pinch the flesh on Chen Xiang's arm, and he pouted lightly: "So it turns out you were the one doing it, and you said you wanted me to apologize ... "Hmph hmph, you sure are gutsy. If you were to be discovered, we'd be done for!"

The fact that Chen Xiang was able to pass down the Great profound God's Soul Art and Seventy-two changes to Yan Zilan signified that he trusted her greatly. Furthermore, since Yan Zilan was aware of this fact, she naturally would not leak it out.

"Aren't I fine now?" Chen Xiang laughed as she squeezed Yan Zilan's jade hand.

"Don't want it next time. It's dangerous, but why don't you take the flower away?" Yan Zilan asked curiously.

"Half a flower would be enough for me!" Chen Xiang laughed: "Continue with the technique, I still do not know what the Chaotic Mountain will do to me. If I were to be chased by them, I would have to hide for a very long time."

Yan Zilan's situation had indeed made her very worried. At this point in time, she had already treated Chen Xiang as her closest kin.

"Just the Seventy-two changes is not enough, I still need to learn a few offensive techniques. I have yet to learn any of these, I am unable to use them, but I can teach them to you first." said. All of these abilities belonged to Long Xueyi, if he did not say it, Chen Xiang would not have known that she possessed so many powerful small abilities.

After a day of rest, it would be the pill refining competition. At that time, there would be many people participating, many of them being famous, and Chen Xiang would have completed his important task.

"I have to go back, if Yanyao is not able to find me these few days, he will definitely be worried!" Chen Xiang jumped up from the bed and stretched his body.

"Yes, when she doesn't become the City Lord, you can let her come to my place. At that time, I will also ask the Sacred Dan School to rest, and at that time, I will cultivate in seclusion with her for a period of time."

Yan Zilan helped Chen Xiang tidy up his clothes, with eyes full of tenderness, he looked at her beautiful eyes that were trembling under her eyelashes, and couldn't help but hug her.

"Cheng Lan, I'll come find you in a while. I still need to buy a batch of Ground level pills!" Chen Xiang breathed in the fragrance of her hair and caressed her back.

Yan Zilan did not expect Chen Xiang to suddenly hug her, her face pressed against Chen Xiang's warm chest, listening to Chen Xiang's rapid heartbeat, her face slightly flushed, her heartbeat speeding up.

"Un, leave it to me!" Yan Zilan replied softly.

Chen Xiang released her, gently caressed her face and smiled: "Cultivate the divine way properly, you are not alone, I will accompany you!"

Yan Zilan's heart warmed as he nodded his head. Then, using his sacred art, Chen Xiang flew out of the window in the form of a butterfly, heading towards the City Lord's Mansion.

Su Meiyao scoffed, "You little scoundrel, you actually dared to do such a thing in front of me, but you really have some skills!"

"sister Meiyao, don't worry. When I have time, I will help you move. You will soon be able to live in a big house!" Chen Xiang laughed.

[Chapter 635](#)

In the evening. Under the reflection of the beautiful sunset, the small courtyard in City Lord's Mansion was especially beautiful. Even more beautiful, a white-clothed female was dancing with a snow-white sword in her hand.

With regards to Chen Xiang's sudden appearance, Du Yanyao was no longer surprised, she could not understand why Chen Xiang could always get close to her easily, since the trade fair had already started, she had never seen Chen Xiang before, which made her a little worried.

"Where have you been these days?" Du Yanyao asked softly. If it was in the past, she would not have asked.

I saw Yan Zilan. She had already agreed to let you follow her in cultivation, and when you don't become City Lord, I will look for her! Chen Xiang laughed: "This sword works pretty well!"

When Du Yanyao heard it, he was extremely happy. However, she, who was usually cold, only smiled slightly. Even so, she appeared exceptionally beautiful.

"This is an immortal sword, it's definitely handy!" Du Yanyao said: "You really do have a way to make Zi Lan Immortal Fairy let me follow her in cultivation."

"Oh right, that Fan Yakun came to find you a few times. I never thought that he would cause so much trouble in the clan, to actually be able to escape so quickly."

Chen Xiang was surprised, and asked anxiously: "Where is he now? He was the one who delivered me to the Mortal Martial Realm. This guy was able to run to the Mortal Martial Realm from here, he truly has some ability! What mistake did he make in the family? "

"He entered the forbidden grounds of Fan Family and stole a few tombs. This is a capital offense, but he is able to participate in the alchemy competition safely. Du Yanyao said: "He's in the Fan Family Restaurant in the city. You just have to go find him."

Chen Xiang hurriedly walked out of the City Lord's Mansion and rushed towards Fan Family Restaurant. In the Sacred Dan Realm, other than Du Yanyao and Du Hai, only Fan Yakun knew of his background, and he was also very clear about it. Now that Fan Yakun had come, he naturally had to go greet him.

Chen Xiang heard that there was a small lake in the middle of it and that outside this huge restaurant, there was a huge river surrounding it. If he wanted to enter the restaurant, he would have to walk across a luxurious bridge.

Entering the restaurant, Chen Xiang immediately asked the shopkeeper for permission to see Fan Yakun, and the shopkeeper knew that someone was looking for Fan Yakun, so he anxiously went to welcome him at the highest floor of the restaurant.

Chen Xiang quickly saw the graceful Fan Yakun. He was dressed in gorgeous clothes, looking extremely noble and imposing, and was holding onto a golden fan in his hand. The fan was filled with sparkling stones.

"Brother Shen, I knew that no matter where you are, you would be able to create a storm, haha ..."
When Fan Yakun saw Chen Xiang, he laughed out loud.

"That's fine. I'll go back sooner or later anyway, so I don't have any concerns." Chen Xiang laughed and walked into a luxurious living room. He sat at a green jade table and drank a type of extremely precious wine.

Fan Yakun chuckled: "You have only been here for a short while, and have melted Du Yanyao's ice mountain. This has caused many disciples from famous sects to admire you from the bottom of their hearts. In the Sacred Dan Realm, even within the Chaotic Mountain, there are many people who want to take her down, but because their grandfather is so powerful, he doesn't dare to force things."

Chen Xiang only laughed, he was just acting with Du Yanyao.

"I've heard that Brother Fan has caused quite a stir in your family. For you to be able to leisurely stay here and watch Brother Fan, you must be quite capable!"

Fan Yakun brought up this matter, waving his hand and sighing: "Don't mention it, I was brought here by them to participate in the pill refining competition, I also heard about this matter in secret, all the big shots of the various big powers are all secretly betting, if someone from any power obtains first, it would count as their victory."

"Oh? Why didn't Yanyao mention it to me?" Chen Xiang asked in shock: "What if I win?" "So what?"

"Du Family did not participate, because the patriarch of the Du Family is currently in closed door cultivation. Without this guy to lead the way, the other old fellows of the Du Family would not dare to rashly bet! I also heard that after Chaotic Mountain found out about this hidden gamble, he even sent someone over to stir up trouble. Fan Yakun gloated: "Over a dozen of my Fan Family's old fellows have already taken the risk. If Brother Shen also participates, haha ..."

"I am sure that I am not as good as brother Shen, so I only came to join in the fun, if no major power wins, then we will consider it as Sacred Dan School's victory."

Chen Xiang scratched his chin and said: "If Chaotic Mountain or other people were to obtain the first place in the pill refining competition, wouldn't that mean that the Sacred Dan School would have a huge advantage over us?"

"Of course, but the odds of winning the competition is much higher for the people of Chaotic Mountain, I heard that the Chaotic Mountain was not only there to disturb the competition, they were also there to receive the rewards, as for the rewards, they would only announce it at the beginning, in short, it is a good thing, otherwise the Chaotic Mountain would not have thought of doing so." Fan Yakun said.

Chen Xiang was also very concerned about the reward. He had already found the Devil-suppressing blood, and the next thing to do was to get a large sum of money from the Sacred Dan Realm and leave.

Brother Shen, you should still be careful. You took away two of the Chaotic Mountain's Chaos fire s, and killed Guo Huaqing and Lin Yushi, they will definitely not let this go easily. Although these two are not very popular in Chaotic Mountain, in order to protect their dignity, the Chaotic Mountain must capture you!

warned repeatedly. Since Brother Shen could still appear in the Sacred Dan Realm, he knew that Brother Shen must be participating in the pill refining competition, because under those circumstances, if you can bring out a person's potential, it would be a good opportunity to refine the pill successfully. As long as you succeed once and accumulate experience, the next time you can refine will be very easy.

Chen Xiang chatted with Fan Yakun in the restaurant all the way until night before he returned to the City Lord's Mansion. He was also excited to meet the Alchemist, but he was not so worried that the people from the Chaotic Mountain would find trouble with him, as Du Hai had said that she would help him settle it.

On the way back to the City Lord's Mansion, Chen Xiang suddenly felt a kind of faint heat, but the people in the City Lord's Mansion all had an uncomfortable face and their entire bodies were covered in perspiration, one look was enough to tell that they were extremely hot.

"Is that so?" Chen Xiang stopped a servant who was running out and asked.

"City Lord cultivates in flames, causing our bodies to emit hot air. We can't take it any longer, so we can only keep our distance. It's too scary!" The servant's entire body was burning hot, Chen Xiang had sent her a cold water attribute Innate Qi, which made her feel much better, and immediately thanked Chen Xiang.

Chen Xiang had his Heaven fire soul, so naturally he could not feel any heat. He arrived at Du Yanyao's house, only to see that the plants here were all dried up and were emitting smoke. The house that Du Yanyao lived in, had already turned into ashes.

This caused Chen Xiang to be extremely worried, he was worried that Du Yanyao's cultivation will cause his Qi to go berserk, and now that Du Yanyao was still training in the secret underground room, a wave of scorching Qi was rising continuously from below, causing the pond in the courtyard to boil, causing

Chen Xiang's heart to palpitate and his body to jump, he quickly walked to the entrance of the secret underground room.

[Chapter 636](#)

Just as Chen Xiang was about to head to the underground secret room to look for Du Yanyao. Du Yanyao suddenly came up from below, she looked around, and sighed: "I feel that my Fire Soul is about to evolve, it's very unstable, seems like I can't participate in the pill refining competition tomorrow!"

"What?" Fire Soul evolution? " Chen Xiang exclaimed. Although it was possible in theory, he had never heard of it.

"Yes, I just felt that my Fire Soul was about to break through. I didn't expect it to be cultivated to the peak of the Hundred refining realm, and along with the strengthening of my body and Innate Qi, my Fire Soul also broke through as well. As for what it is, I'm not too sure. Du Yanyao looked around helplessly. This was all caused by the scorching heat that she felt when she attempted to evolve her Fire Soul.

"I need to contact my clan as soon as possible and get them to send someone to take over the City Lord. I need to find a place to pass this stage!" Du Yanyao looked at Chen Xiang apologetically: "I'm sorry, I can't participate in the pill refining competition with you."

Chen Xiang wiped away the sweat on her face and laughed: It's alright, the evolution of the Fire Soul, this is extremely rare, even more important than the pill refining competition, I can't delay it!

Du Yanyao nodded his head and quickly sent people to contact the clan members, then he set up an array formation in the basement to prevent the hot air she was releasing from leaking, and to prevent others from getting close, Chen Xiang also lived in this courtyard, his house had turned into a pile of ashes, but the underground cave was still there.

Even though it was night time, the news of Du Yanyao quitting the competition quickly spread throughout the entire Sacred Dan City, especially to those who came to participate in the pill refining competition, they felt that their heavy shoulders suddenly became much lighter, because the quality of Du Yanyao's pill refining was extremely high, and he was very famous even in the entire Sacred Dan Realm.

Many people still managed to gather some information because there was such a huge disturbance in the City Lord, causing such a terrifying heat wave, it was definitely unconcealable. It had already been spread out, and after some analysis, many people agreed that there was a problem with Du Yanyao's cultivation, and that he was unable to participate in the tournament.

Deep into the night, Chen Xiang and Du Yanyao stood in the courtyard that had been burnt to a crisp.

"Sorry, because of me, you won't have a comfortable place to stay, you can stay in the hotel outside!" Du Yanyao's ice-cold beautiful face was filled with shame.

Chen Xiang laughed: It doesn't matter, since I have been in the secret room all day, with this thing in hand, when you are about to undergo closed door cultivation for a long time, eating it later might be useful to you!

When Chen Xiang first obtained it, he cut it into many pieces. Although he gave some to others, there were still many left, and since he had the creation divine liquid now, as long as he had the time, he could make many copies.

Du Yanyao's nose moved slightly. She sniffed the strange fragrance that was being released from the Earthly fruit and immediately determined that this piece of fruit flesh was not ordinary.

"What is this?" Although he had not been with Chen Xiang for long, she knew that Chen Xiang had always been a generous person, and there would never be anything ordinary. And although it was just a small piece of fruit meat right now, she felt that this thing could be the highest level thing she had ever seen in her entire life.

Chen Xiang laughed: "This is the Earthly fruit's fruit, although it is only a small piece, it is very useful, keep it for now, after eating it you need to immediately digest it, it will take a while."

Du Yanyao was shocked, this was actually a divine fruit! Of course she had heard of the Earthly fruit, but the Geocentric Flood Furnace was also the holy land that every cultivator of fire would yearn for the most. It existed in every world, but very few people had ever gone there.

Du Yanyao now understood why Chen Xiang had allowed Yan Zilan to bring her along to cultivate. Seeing that Chen Xiang had double the original amount, she could only secretly thank Chen Xiang in her heart.

In order to participate in tomorrow's pill refining competition, Du Yanyao advised Chen Xiang to rest early and adjust her state. Tomorrow, she would return to her clan to cultivate quietly.

In the morning, after Du Yanyao and his farewell, they left the Sacred Dan City. The new City Lord would arrive in a few days, and all the things here were under Du Kangsheng's care.

Participating in the Sacred Dan Meeting's Alchemy Competition was also within the Sacred Pill Plaza. The vicinity of the plaza was filled with the Sacred Dan School's businesses, auctions, hotels, medicine stores, etc ... A series of shops all belonged to the Sacred Dan School. Because of this, these shops in the Sacred Dan School had become very popular these days. Even though the price was higher than usual, they were still very busy.

"Brother Shen, I didn't expect your wife to be like this." On the way to the plaza, Fan Yakun met Chen Xiang, and anxiously asked.

"It's fine, it's just that she's on the verge of breaking through. She also has the Fire Soul, which is why something happened to her, making her Fire Soul a little unstable. That's why she can't participate in the pill refining competition." Chen Xiang said.

"Hehe, I originally wanted to see you two, husband and wife, fight each other to death. What a pity!" Fan Yakun laughed.

At this time, Chen Xiang also treated Fan Yakun as his friend. If not for Fan Yakun, he would never know when he would be able to come to Sacred Dan Realm and Fan Yakun had also kept his identity a secret.

There were a lot of people participating in the pill refining competition, Chen Xiang saw that there were thousands of people lining up in the middle of the plaza, performing the first round of selections, all to quickly eliminate the majority of the contestants.

"Those who want to test their flames and have Fire Soul should be able to pass this round. This first round should be able to eliminate seven to eight hundred people!" Fan Yakun slapped in front of Chen Xiang and said while clicking his tongue.

"Then what's the second round?" Chen Xiang asked, he was extremely confident in his ability to test for flames.

"The second round is to refine Five elements Zhenyuan Dan, and they are all made up of extremely poor quality medicinal herbs. There is only one chance, and in this round, only twenty people will be able to pass, which is the fastest, the best, the highest number of people being twenty! This test will definitely not be a problem for Brother Shen, although it will increase the difficulty of your pill refining process." Fan Yakun smiled mysteriously.

The flame test was very simple. They would place their hands on top of a white stone ball. If the flame was very strong, the stone ball would light up even more. Once it reached a certain level of brightness, it would pass.

As he waited in line, Chen Xiang could occasionally see a burst of dazzling light in front of him. Each time there would be a cry of surprise, because it was always one person with a strong fire, which was something that many Alchemist envied and envied.

Each test's duration was very short. If the stone orb wasn't lit up at a specific time, they would be eliminated, so Chen Xiang and the others didn't have to wait too long.

"It's going to be my turn soon. I really want to throw the water here and then leave, but I'll definitely be scolded to death by my family." Fan Yakun said as his mouth twitched.

[Chapter 637](#)

Fan Yakun dared to dig his ancestor's grave. He was forced to participate in it, so he wasn't in the least upset. But now that he had committed a heavy crime, this was the only way for him to reduce his crimes. He had no choice but to bite the bullet.

Suddenly, a burst of intense purple light shone, that kind of light seemed to pierce through people's bodies, wave after wave of scorching power drilled into their bodies, it was extremely uncomfortable, but Chen Xiang was completely fine.

"The firestone ball cracked, let's change it!" An old man exclaimed, "Lin Xiyi, pass!"

This shocked everyone present, because this was actually a woman who possessed such a powerful flame. One look at her and they could tell that this was a purple Fire Soul.

"Lin Xiyi, I think it's that big sister Lin Yushi. The Lin Family inside are really all good seedlings. Although that Lin Yushi is a little hateful, but his strength is very strong." Fan Yakun looked at Chen Xiang and chuckled: "But the dog head was still chopped off by someone."

The surname 'Lin', and the flame was so fierce, everyone quickly realized that this was someone from the Chaotic Mountain!

Finally, it was Fan Yakun's turn.

"What name?" An old man asked indifferently.

"Fan Yakun!"

The old man immediately widened his eyes and laughed: "So it's the brat that dug up Fan Family's ancestral grave, I never thought that you would be able to come here alive, what is inside the ancestral grave? Is it worth it for you to go all out like that? "

Fan Yakun laughed: "I only have a broken array disc and a divine sword. I used that array disc to stroll around the Heaven Realm and returned the divine sword back, so I could keep my life!"

Amongst the higher ups of the powers, Fan Yakun could be considered a nobody now, many of the old guys were shocked when they heard that he had dug up Fan Family's ancestral grave.

When the old man heard that there was a divine sword, his face paled even more in shock.

"Little guy, let's begin the test. Let me remind you, you have to use all your strength from the start. Otherwise, you won't be able to pass the test if the ball doesn't light up after some time." The old man said.

Fan Yakun pressed his hand on the stone orb and ferociously poured in the fire attribute Innate Qi. Seeing the stone orb, he immediately saw a type of black light, shocking everyone, even Chen Xiang was shocked, it was actually black flames.

"No wonder the Fan Family didn't do anything to you. So it turns out that you obtained your ancestor's Nether Fire Soul, a Fire Soul that is even stronger than the purple Fire Soul!" The old man sighed in admiration, while the stone orb was already more than half shattered.

This was the first time Chen Xiang had heard of the Nether Fire Soul, and Su Meiyao, Bai Youyou, and the others were also one.

"Hehe, did I pass?" Fan Yakun asked with a smile.

"Of course, next." The old man shouted, while recording Fan Yakun's passing.

When it was Chen Xiang's turn, the old man asked indifferently: "Speak your name."

"Chen Xiang!"

Chen Xiang smiled faintly, but Fan Yakun did not leave immediately. He was sure that Chen Xiang had the Fire Soul, but he had to see what it was, because under normal circumstances, it could hide the color of the flames, but he could not test it on the stone orb.

The old man was startled and looked at Chen Xiang in disbelief: "You actually dare to come back?!"

"Why would I not dare?" Chen Xiang helplessly spread his hands: "Why does everyone ask me that!"

The old man curled his lips and said: "You took two Chaos fire and killed Guo Huaqing, the Chaotic Mountain's Sentencing Elder, yet you still dare to participate in the pill refining competition with such a high profile. You're simply walking into a trap."

When Chen Xiang was participating in the high-levelled trade fair, the people there did not leak news of Chen Xiang's return. It could be seen that those old fellows still had their principles.

"If I was afraid, I wouldn't have come back to participate. But then again, what exactly is your Sacred Dan School's reward? I took the risk of coming back to participate in the tournament just for that thing, don't make me come here for nothing!" Chen Xiang laughed.

"When the next round starts, Leader will announce it. Let's begin the test!" The old man could tell from one look that Chen Xiang and Fan Yakun's relationship was very good, if not there would be no laughing to it.

"I didn't expect you to know how to refine pills. It's such a pity that your City Lord wife didn't come!" Remember to use all your strength to start the test. " The old man reminded him again.

The matter of Chen Xiang returning to participate in the competition, had instantly spread out. Some of the people from the Chaotic Mountain that were hidden amongst the crowd hurriedly reported it, they did not dare to grab Chen Xiang alone, even he and Guo Huaqing were killed, let alone them.

Chen Xiang rubbed his hands together, he also wanted to see what the results of the Heaven fire soul test would be like, and what kind of light it would give.

He pressed both hands on the stone orb and activated Genuine qi of universe, urging the Heaven fire s to pour into the stone orb. A burst of fiery light suddenly burst out, but suddenly disappeared, which was unexpected, because under normal circumstances, the light would continue for a period of time.

Those who saw Chen Xiang's test at close range all had their mouths agape, staring at the white powder in Chen Xiang's hands!

The most powerful test would at most cause the stone orb to split open, but the stone orb Chen Xiang was testing had turned into a fine white powder, which showed that it was much stronger than the people who destroyed the stone orb.

"This ..."

He understood very well that this kind of stone orb was not a test of how strong the fire was. Even if a person from Nirvana Stage were to take the test, no matter how strong the fire was, it would not be able to crack the stone orb without the Fire Soul.

This kind of stone orb was specifically used to test the quality, potential and other factors of a Alchemist's flame. The fact that this stone orb could turn into powder in an instant meant that Chen Xiang's flame had an extremely great potential, and the quality was also very high, even higher than those with purple Fire Soul s!

"Tong ..." "Pass!" The old man was still shocked. However, he was just shocked at how strong Chen Xiang's flames were, because that didn't mean concocting pills was enough.

Seeing that Chen Xiang had such a powerful flame, Fan Yakun shook his head and laughed, "I had originally thought that after I fused with the Netherworld Fire Soul, I would have a slight chance of winning, but now it seems ..."

"Brother Fan, don't be modest!" Chen Xiang laughed.

Fan Yakun had fought with Chen Xiang before, so he was very clear about Chen Xiang's skill in pill refining. In his opinion, among the young generation of the Sacred Dan Realm, there weren't many who could match him.

"Let's go. We have to wait for the end of the exam and begin the second round. That's the true start of the alchemy competition." Fan Yakun patted Chen Xiang's shoulder.

After Chen Xiang and Fan Yakun arrived, the three men and one woman suddenly walked towards them with vicious expressions. Chen Xiang did not even need to think to know that the four people were definitely from the Chaotic Mountain.

Fan Yakun smiled from the side: "Brother Shen, this is a competition for pill refining. If you want to participate in it to the end, you will have to endure it later!"

"Let's see what happens. If these guys provoke me, I will chop them into pieces even if I have to forfeit the competition!" Chen Xiang clenched his fists and looked at the few people walking towards him coldly.

[Chapter 638](#)

Three men and one woman from Chaotic Mountain. The lady in the middle was Lin Xiyi, who had caused quite a commotion when testing the flames. She had merely followed the three handsome men dressed in beautiful clothes and walked over.

"I was paying attention just now, the flames of these three guys are not any weaker than Lin Xiyi's. I heard that there is a secret technique in the Chaotic Mountain that can help people cultivate Fire Soul, and it can even evolve!" Fan Yakun condensed his voice into a thread and sent it into Chen Xiang's ears.

only knew that the Fire Divine Palace had a method to swallow the Fire Soul. If one did not need to fuse with the Fire Soul and used a secret technique to cultivate it, it would be somewhat hard for him to believe.

"Chen Xiang, hand over the Chaos fire!" After the Chaotic Mountain came over, a red clothed man coldly said. That kind of arrogant attitude made people feel extremely disgusted.

Chen Xiang scoffed, "Don't you know that I killed Lin Yushi and Guo Huaqing?"

The red clothed man laughed disdainfully: "It isn't strange for you to kill Lin Yushi. After all, at that time Lin Yushi was kneeling down to help you chop off your head. As for Guo Huaqing, that was the protective divine light released by the Chaos fire when it acknowledged her as its master.

Chen Xiang had thought that the people of the Chaotic Mountain did not know about the situation when the Chaos fire was accepting a master. From the red-clothed man's words, it was very likely that there were people within the Chaotic Mountain who had already been acknowledged as master by the Chaos fire.

"Just how did you make the Chaos fire recognize you as its master? All these years, our Chaotic Mountain has never had anyone ... "

"Xi Yi, you talk too much!" The red clothed man immediately shouted at her, causing Chen Xiang to be secretly happy. As long as the other five Chaos fire s did not recognize him as their master, he would

have the chance to take them all and collect the seven Chaos fire s to look at the secrets of the Primal Chaos Realm.

Chen Xiang spread out his hands, and laughed: "I won't give it to you even if I die, come and take it if you have the guts!"

Hearing Chen Xiang's words, the rest of them immediately ran away, while the red clothed man was also furious. With a low snort, hot air suddenly burst out from his body, and purplish-red flames shot out from his right leg.

"Double Fire Soul, Red Fire Soul and Purple Fire Soul!" Fan Yakun shouted in shock. After Chen Xiang heard this, he was just slightly surprised, his Fire Soul could be considered a dual Fire Soul, the fusion of the two was much stronger than this kind of normal Fire Soul.

When everyone saw the red clothed man's dual colored flame, they all let out exclamations of admiration and broke out into a flurry of discussion. As for the red clothed man, his face was also filled with arrogance.

"You asked for it yourself!" The red clothed man spoke sinisterly, his thigh that was ignited with purplish-red flames leaped towards Chen Xiang, only to see a dazzling purple red light appear, transforming into a purple red Qilin head. With its mouth wide open, roars sounded out, although it was only for a split second, but that stern purple red Qilin head still lingered in everyone's mind.

Chen Xiang never thought that the red clothed man would be so fierce. Seeing that the Qilin would bite at him, he channeled the Fire god method, causing a vortex to form inside the Fire Dan Tian, spinning fiercely. In a short moment, a million spins were created, creating a strange suction force that engulfed the scorching fire energy.

On the contrary, it was out of everyone's expectations. This was because after the Qilin head that was emitting the purple red light made contact with Chen Xiang's body, it was as if it had entered Chen Xiang's body and fused with him.

Actually, all of this was completely swallowed by Chen Xiang!

"As expected of the Qilin leg that's scared of hearing the wind, it's actually so magical, directly drilling into someone else's body, destroying the inside of the enemy!" One of them said.

Chen Xiang had long heard of the Chaotic Mountain's Qilin Divine Art. Today, he had finally experienced it, it was indeed very strong, if he did not have the powerful Fire Soul like the Heaven fire soul, he would have been burnt to ashes.

One had to know that his body had been tempered in the heart of the earth. Even the Immortal's body could not withstand the high temperature. Although the red clothed man's Qilin Divine Technique made him feel warm, it was unable to cause any damage to his body.

As for Fan Yakun who was not far from Chen Xiang, he was already sweating profusely!

Chen Xiang laughed loudly, "What dogshit about the Qilin Divine Art? I think that you are just bluffing, show some of your abilities to others!"

Seeing Chen Xiang mocking and ridiculing them, everyone was dumbfounded, that was the Qilin leg from the genuine Qilin Divine Arts just now, known as the three legs of the Burning Immortal. Everyone could truly feel that kind of terrifying heat, but Chen Xiang was completely fine, it made everyone unable to comprehend what he was doing, especially those Chaotic Mountain s who understood Qilin legs very well.

The elders in charge of the assessment did not stop them, they were just watching from the side. Regardless of who died or lived, it had nothing to do with the Sacred Dan School. If they interfered and stopped them, the Chaotic Mountain might even say that they were obstructing them.

Being ridiculed by Chen Xiang, the red clothed man became even angrier, his entire body ignited with purplish red flames, the scorching Qi spread out like a gale as it swept out in all directions, causing everyone to retreat.

"How are you going to block?" The red clothed man shouted out loud and jumped into the air. He somersaulted in the air and then fell down like a meteor from the heavens. His leg was like a giant red-hot knife as it fiercely slashed down, leaving behind a purple red afterimage.

The kick was as fast as lightning, and when it landed on Chen Xiang's body, it suddenly transformed into a gigantic purple-red claw, with purple-red scales and sharp claws. This was a Qilin claw, and it looked very lifelike, as though it had the power to destroy the heavens and earth.

Chen Xiang also didn't manage to react. He had to admit that the red clothed man's attack just now was extremely fast, from the moment he had jumped, it had only been an instant. That incomparably powerful leg hacked down onto his left shoulder, that wave of energy actually forced him to kneel on one knee.

However, the Innate Qi in his body had already been boiling for a long time, violently smashing into each other in his dantian, transforming into an even more terrifying Dragon Power. After his body was attacked, the Dragon Power rushed into his limbs and bones, completely wiping out the energy that was rampaging in his body.

Boom! Everyone saw that the thigh of the red-clothed man that was on Chen Xiang's shoulder suddenly bent at the knees, causing the red-clothed man to let out a miserable cry!

An incomparably terrifying aura emerged from Chen Xiang's shoulder, and that kind of tyrannical and tyrannical energy gushed out. The stones on the ground trembled because of it, and the floor tiles also slowly cracked one after another.

It was precisely this kind of power that broke the red-clothed man's thigh. Chen Xiang had used the borrowed force method from the Taiji Dragon-suppressed kungfu and combined it with the Dragon Power to create a burst of energy from his body. It shot out from his shoulder and broke the red-clothed man's legs.

[Chapter 639](#)

The red clothed man's face twisted in pain. His eyes turned red, and anger rose up, making him lose his mind. Now, he just wanted to kill Chen Xiang no matter what.

In the Sacred Dan Realm, those who could refine pills were not weak. Now, everyone could be considered to have broadened their horizon, even those old fellows who had entered the Nirvana Stage felt ashamed.

"Kirin, appear!" The man in red shouted out. Suddenly, an enormous illusion of a Qilin appeared behind him. As everyone saw that massive and ferocious illusion of a Qilin, they were overwhelmed with shock and dumbfoundedly stared at it.

At this time, Chen Xiang also felt quite a bit of pressure, but the Dragon Power in his body was boiling and surging, as if it was an angry ocean. This caused his entire body to be filled with terrifying energy.

"The power of the Qilin!" The Qilin image on the red-clothed man's back suddenly sprinted and fiercely flashed into the red-clothed man's arm. The red clothed man's arm suddenly swelled up and tore apart his sleeve, revealing fierce and terrifying blue veins.

Seeing the fist that carried the "Qilin's power" coming towards him, Chen Xiang felt his body being pushed by an invisible pressure, forcing him to take a few steps back. But he was not willing to be weak, the Dragon Power in his body suddenly shot out from his body, revealing the illusory image of a huge golden dragon behind him.

Seeing this golden dragon, everyone was completely shocked, because this dragon was very large, it had appeared right behind Chen Xiang, releasing a dazzling gold light, as though it had just flown out from the blazing sun. The entire plaza had fallen into a state of panic because of the appearance of this dragon, and unknowingly, everyone could feel the ground around them starting to shake slightly.

Chen Xiang roared out explosively, as he punched out, meeting the red clothed man's incoming Qilin fist. At the same time, the golden dragon image behind him let out a dragon's roar that shook the heavens, transforming into a golden beam of light and entering Chen Xiang's fist.

The power of the Qilin and the dragon fiercely collided with each other. A blinding golden red light burst out, and a thunderous sound reverberated through the horizon!

"Ahh ..." The red-clothed man let out an absolutely miserable scream. His arm suddenly dropped, and he fell to the ground. Blood flowed from the corner of his mouth, and his bloodshot eyes were filled with pain.

"You ... What did you do to me? " The red clothed man's face was filled with fear and fury: "My Dantian ... "No, my arm ..."

The power of Chen Xiang's fist just now surged into the red-clothed man's dantian, skillfully wiping away his dantian. As for his arm, he used the Bone-melting magic palm, and directly melted away the bones inside.

At first, it looked like the two of them were of equal strength, but now, Chen Xiang stood there calmly, with his face and heart red. As for the red clothed man who came out from Chaotic Mountain, he sat on the ground paralyzed, with his dantian and limbs crippled.

Chen Xiang laughed coldly: "It's because you don't have the capability and you still want to show off, you're the one who asked for it!"

The words the red-clothed man said earlier were met with Chen Xiang's retaliation. This was truly a great blow and humiliation!

The red clothed man trembled in anger and shouted, "What are you all still standing there for? Quickly take him down. There is no need to be moral in dealing with this kind of villain!"

The other two men looked at each other and came to a tacit understanding, when one of them suddenly appeared behind Chen Xiang, they actually still wanted to attack Chen Xiang, and it was even two against one.

Chen Xiang laughed: "I am a villain? I remember that it was you who attacked me first. Now that you've been beaten to a pulp by me, you can just call me a villain and let your people bully the minority? What bullsh * t Chaotic Mountain, you're just a bully. "

While talking, a silver order badge appeared in Chen Xiang's hand, the patterns on it were distinct and flickering with a strange light, and this order badge looked like a burning silver flame, as though it was absorbing the light from the silver moon and dancing in the air.

A Chaos fire, and one that recognized its master! This caused the two people who wanted to take action to immediately stop, they did not know what Chen Xiang wanted to do!

"Humph, don't you guys want it? I'll just give it to you guys! " Chen Xiang snorted, and actually threw the Chaos fire out, towards the man who was in front of him attacking.

The man was shocked and hastily extended his hand to receive it. Just as he touched the Chaos fire, it suddenly exploded, releasing a ball of flames that was like the moonlight as it covered the man's body.

"Ah... Help ... Kill me! Quickly kill me, and give me a quick death! " When the crowd heard the man's scream, they couldn't help but feel their blood run cold. This was a fate worse than death!

At this moment, the crowd's beautiful silver flames had a deep fear in them. They were actually able to burn someone to a point where it was better to die than to live.

As for Chen Xiang's hand, a ball of silver flames was burning as well, slowly condensing into a command medallion. It was extremely strange, and everyone could tell with a glance that the Chaos fire and Chen Xiang had already melded together.

"Everyone here have seen that I have given you the Chaos fire, it is just that you all are unable to afford it, this is none of my business!" Chen Xiang tossed and turned the Chaos fire in his hands, causing everyone's hearts to jump out of their chests. They were afraid, afraid that Chen Xiang would throw this damned beast at them.

The man who was being burned by the silver flames was already lying on the ground, and the silver flames had also slowly disappeared.

While the fire was still burning, no one could feel the aura of the fire, not even a little bit of heat. However, from the shout of the man, it seemed that the fire was not like that at all.

However, now that the silver flames had been extinguished, the man's body seemed completely unharmed. However, his face was contorted into a hideous expression from the pain, appearing extremely strange.

The red clothed man crawled over and lightly touched the man's body. He saw layers of white ash suddenly fall from his body, causing everyone's scalps to go numb. This man had already been burnt to ashes.

Chen Xiang also felt that it was unbelievable and he sneered in his heart, "This is the result of recklessly training the Primal Chaos Flames. This Chaos fire only ignited the Primal Chaos Flames hidden within its body, making the Primal Chaos Flames even stronger."

"It seems like this Chaos fire is a great threat to the people of Chaotic Mountain. As long as I want to, I can use the Chaos fire to wrap around the primal chaos flames in their bodies!"

This was also one of the uses of Chaos fire, and Chen Xiang only found out about it later when he flipped through the information in his mind.

"You killed him ..." The red clothed man looked at Chen Xiang with a trembling voice.

"It's you who killed him, the Chaos fire only ignited the primal chaos flame in his body, his body would need a period of time to recover, who told you to touch him!" Chen Xiang shrugged and said, what he said was the truth.

"You ..." The red clothed man vomited another mouthful of blood. He was so angry that his entire body was trembling. However, he was already a cripple. Anyone present could slaughter him.

[Chapter 640](#)

Four from the Chaotic Mountain s. Now that one was dead and one was injured, the remaining two people did not have any intention of fighting anymore, because they knew that as long as the Chaos fire in Chen Xiang's hands could land on their bodies, they would be the same as the man just now.

Lin Xiyi came over to the red clothed man's side and coldly said: "The elder has long said that we cannot act rashly against him." Then, he waved his hand to summon two people to help the red clothed man away.

She was worried that Chen Xiang would make a move on her, but Chen Xiang merely smiled at her with no intention to make a move.

Chen Xiang also felt that it was enough, but if the people from the Chaotic Mountain still acted against him, he would still not be courteous.

"Cough, cough, we still need to take the test. Please find somewhere else to settle the grudge between you." An old man said.

Chen Xiang kept the Chaos fire and went over to Fan Yakun's side and patted him. This scared Fan Yakun to death.

"What are you afraid of?" Chen Xiang laughed involuntarily.

"I'm afraid of your flame. Your flame is definitely many times stronger than the purple one. Otherwise, it would be impossible for that fellow's purple flames to be useless to you!" Fan Yakun said: "I'm guessing that your body can definitely withstand the burning of an extremely strong flame. Your own flame is also very strong."

Chen Xiang only laughed, and did not speak.

Fan Yakun was only glad that he did not have the same prestige as Chen Xiang when he was in Mortal Martial Realm. Otherwise, all of his money would have turned into dust.

Only 180 people had passed the fire test, and the second round of the test was about to begin.

"Those who passed the test, are all pretty hot. Now is the true start of the match!" An elder said, "Next, I will remove the veil covering the mysterious reward."

The crowd immediately burst into cheers. Some of them had already heard that the rewards of this competition were very precious.

"If you win this year's Grand Competition, you will receive a bottle of Holy Water of Qianyang!" After the old man made his announcement, the crowd immediately burst into cheers.

Fan Yakun exclaimed in surprise, "Sacred Dan School has a dried-up, dried up Dry Sun Sacred Pond which has a holy aura floating around all year round. This is a type of energy that is even more powerful than immortal energy, and now that Sacred Dan School can take out the Dry Sun Sacred Water, it can be seen that the dried up Nine Yang Sacred Pond has begun to produce the Dry Sun Sacred Water. It's said that a drop of Nine Yang Sacred Water contains an energy equivalent to a person absorbing a hundred years of immortal energy."

"If it's just a small bottle, then at least a few dozen drops. That's equivalent to absorbing thousands of years worth of immortal qi in an instant. For someone at our level of strength, this is considered a supreme treasure."

The old man waited for everyone to calm down before saying, "There are one hundred drops of the Holy Water of Qianyang. If you want them, then all of you should work harder!"

"Next, we will proceed to the second round. Just like the previous sessions, we will have to provide the ingredients and pill furnaces needed to refine the Five elements Zhenyuan Dan!"

Chen Xiang knew that out of the nearly two hundred Alchemists present, there was definitely a number of geniuses amongst them. And according to his knowledge, Du Yanyao was just an Alchemist who was able to refine a middle grade Ground level pellet, while Fan Yakun was also able to refine a lower grade Ground level.

Therefore, if he wanted to be number one, not only would he have to master the high grade profound level pills, he would also have to refine low or middle grade Ground levels, otherwise he would not be able to contend against those powerful people.

The quality of the furnace was considered not bad, which surprised Chen Xiang. If it was a pill furnace that could not be any worse, it would explode after a few rounds of refinement, which made people very depressed.

"If the pill furnace we used was slightly better, I might have been able to win." Fan Yakun said in a low voice.

Chen Xiang laughed: "Hehe, then let's compete again now, whoever can take out that bottle of Dry Sun Holy Water will win."

Fan Yakun shook his head: "The later parts of this competition, may be unfair to you. At that time, I might have to refine a few Earth Grade Low Rank Dan s."

Fan Yakun was very clear about the bottom line of Chen Xiang's pill refining. Although he admitted that Chen Xiang's talent was very high and was much higher than his, Chen Xiang could only refine one type of high grade profound level pellet.

In the plaza, one hundred and eighty young Alchemists placed their pill furnaces on the ground, then sat cross-legged on their cushions, waiting for the people of Sacred Dan School to divide the ingredients needed to refine Five elements Zhenyuan Dan.

To these Alchemists, Five elements Zhenyuan Dan s were considered to be low leveled pellets. When they heard that they were going to use this kind of pellet to decide on the next round, they all scoffed disdainfully and disapproved. However, when they received the ingredients, they all began to complain nonstop, and under a lot of pressure.

After Chen Xiang received the medicinal herbs, he was also startled, because these medicinal herbs were very, very rotten, and some were even withered to death before they matured. For example, the Five Leaf Grass only had four leaves, and the Colourless Ganoderma had a bite mark on it.

However, these medicinal ingredients could produce spirit energy and medicine powder, and could still condense pellets. Chen Xiang did not even remember how many batches of Five elements Zhenyuan Dan he had refined, so he could only give a light smile in response to this.

"Looks like I can get at least seven pills, but I need some time!" Chen Xiang estimated silently as he looked at the medicinal herbs. It had not started yet, so he could still not process the medicinal herbs.

After everyone received the medicinal ingredients, the old man announced the start of the battle.

"The match has begun. I believe everyone has heard of it. In this trial, we will give you all a little more test. Please prepare yourselves."

As Chen Xiang processed the medicinal herbs, he looked forward to the mysterious test. Fan Yakun had also mentioned it before.

At the start of the competition, everyone busily processed the herbs, removing the ones on the stage that no one was there. This was because they were all rotten things, and in order to obtain more Medicine aura s and medicinal powders, they were all very careful and did not dare to cut them off.

When Chen Xiang first laid eyes on those medicinal herbs, he had already started to think about how to refine and process them, so his movements were fluid and smooth, with one breath, he was the one who started the fire.

"This Chen Xiang of mysterious origins is actually so powerful in terms of alchemy, he is actually the first to start a fire!" The elder that presided over the competition shouted. He was actually explaining.

"Everyone has seen his savage strength and fearsome reputation. Let's see what his pill refining level is like now." "Since he is the first one to start a fire, we must give him a big gift!"

Chen Xiang's eyebrows twitched, he had a premonition that something bad was about to happen to him!

After hearing the old man's words, the crowd immediately looked forward to it. They could hear the meaning behind his words. The so-called great gift was very possibly the mysterious and deceptive test.
