

## Dan God 661

### [Chapter 661](#)

Chen Xiang sat on a stone bench in the valley. He was eating a kind of purple honey. The sweet taste of the honey made him start to eat.

Yan Zilan took off a purple robe, and with a face full of hidden bitterness: "It's best if you just came to buy medicinal pellets from me."

This was of course the biggest reason for Chen Xiang to come here. He smiled and said, "I'm here to look for my fiancée. Is Yanyao here?"

"Of course she's here, but she's cultivating in seclusion, so she's preparing to cross Nirvana Doom. When are you going to return to Mortal Martial Realm?" Yan Zilan asked.

Chen Xiang was slightly stunned. He remembered that he didn't tell Yan Zilan that he came from the Mortal Martial Realm.

"I don't think I've told you where I came from, right?" Chen Xiang said.

"No, but I can guess that we, the upper echelons of the forces, all know that Fan Yakun has gone to the Mortal Realm, and then, that your relationship with him was very good. Originally, I was only guessing, but when Yanyao said that you would leave, and that you and your married couple were fake, I was sure." Yan Zilan smiled sweetly, "Don't worry, that's only my guess. Because you urgently need a large batch of Ground level Pills, I think there should be very little in Mortal Realm."

Chen Xiang stuck out his tongue: "That's right, right now I can only forge Earth Grade Low Rank Dan s, so I want upper or middle Ground level s, I will be returning very soon."

Yan Zilan smiled slightly: "Don't you think that Yanyao didn't tell me that?"

"When I told her, I wasn't afraid she would tell, and I believed her."

Chen Xiang spread his hands: "Zi Lan, how many high rank Ground level pills do you have now?"

Yan Zilan chuckled, and looked at Chen Xiang with a teasing and coquettish gaze, then said leisurely: "I've been worried about you these past few days, and yet you're in such a hurry to talk about this upon meeting me, you really don't understand."

"You can return to the Mortal Realm, that's why you're not afraid of the Chaotic Mountain, right?"

Chen Xiang laughed: "Sister Zi Lan, you really care about me, a nobody in the mortal world, you have made me happy."

"Hmph, no matter what, we are now friends. You said that I'm no longer alone, so of course I care about you!" Yan Zilan rolled his eyes at Chen Xiang and snorted.

Chen Xiang sighed, "Zi Lan, it may be a long time before I return to the Sacred Dan Realm."

"So when you left, you were going to go all out?" Yan Zilan asked softly, his voice was filled with worry.

Chen Xiang nodded his head, "I want those three Chaos fire, then I'll leave the Sacred Dan Realm!"

"I can help you, make you return to the Mortal Realm without leaving a single regret, and help you snatch that Chaos fire no matter what!" Yan Zilan's eyes flashed with autumn waves as he looked at Chen Xiang affectionately, making him feel as if he was suddenly struck by lightning.

Chen Xiang's heart suddenly jumped. Don't look at Yan Zilan's pitiful and beautiful eyes that could melt him, and shook his head: "No need, Sister Zi Lan, as a woman, with your status today, I cannot let your years of hard work go to waste."

Yan Zilan scoffed, "Don't tell me you want to go there yourself? If you go, you might not be able to come back, but I can."

Long Xueyi suddenly said: "I have a way to get help from the beautiful White Tiger!"

"What method?" Chen Xiang asked anxiously.

"That White Tiger beauty was born from the stars. That's another way of nurturing the descendants of the White Tiger's special species. I just remembered it." Long Xueyi said: "Those are White Tiger Race s who have been wandering in the vast starry sky all year round. However, their cultivation method is very special, they just swallow and kill stars."

"And then?" Chen Xiang asked.

"Therefore, they have a special kind of power. It's able to sense the stars and absorb their power. It's also able to summon a few stars to descend onto the ground for them to cultivate."

Long Xueyi paused for a moment before continuing, "It's just that the White Tiger I met outside earlier didn't seem to cultivate using this method, but she definitely understood how to make her summon a falling star and catch those strong warriors unprepared. Then, I'll join hands with you and snatch that Chaos fire away."

Chen Xiang said: "Sister Zi Lan, let Bai Xing help me, she has a way."

Yan Zilan shook her head: "No, although Bai Xing is very strong, I cannot let her be in danger. She is also my friend, I can help you."

"Bai Xing and Yun Zhu have been together with me for many years. They are like sisters, both of them have previous experiences of being abandoned and alienated by others. I don't want them to run away."

Chen Xiang said: "No need for her to appear there. I just need her to help me with a little thing! Sister Zi Lan, since you trust them so much, please call them over. We will discuss this together and don't worry."

"Trust me!"

Yan Zilan saw Chen Xiang's resolute and deep eyes, nodded, and then floated away.

Very quickly, Yun Zhu and Bai Xing arrived.

"Bai Xing greets senior ..." Bai Xing bowed towards Chen Xiang, causing Yan Zilan to let out a sweet snort as she pinched Chen Xiang.

"I'm not some senior." Chen Xiang anxiously said: "Sister Zi Lan, how did she come to think of it?"

Yun Zhu and Bai Xing both treated Chen Xiang as an expert, because there were very few men who could enter the Zi Lan Mountain Valley.

Now that they saw Yan Zilan pinching Chen Xiang like this, they could tell that the relationship between Yan Zilan and Chen Xiang wasn't ordinary. It's just that they felt that Yan Zilan was this old man ...

Chen Xiang anxiously took off his old clothes, revealing his handsome and angular face, upon seeing his face, both Yun Zhu and Bai Xing were stunned.

"Chen Xiang!" Bai Xing shouted, her face slightly bulging, and thinking back to how she had called Chen Xiang senior before, she was embarrassed and angry at the same time.

"I'm sorry." Chen Xiang immediately apologized.

"I'm not angry with you, I'm furious with myself. What's more ... "How could I dare to be angry with you?" Bai Xing bit her lips lightly, because Chen Xiang was severely injured, and that was refined from the body of a White Tiger Divine Beast.

Yun Zhu and Yan Zilan were a little shocked, because they could see that Bai Xing truly did not dare to be angry with Chen Xiang.

Yan Zilan pinched the flesh on Chen Xiang's arm without letting it go: "I already said, you're not allowed to soup my sisters."

"Sis, it's none of her business." Bai Xing hastily stopped him, her beautiful face full of self-blame as she looked at Chen Xiang.

Chen Xiang hurriedly explained: "Sister Zi Lan, I really didn't do it, and she was a little afraid of me because of this."

Chen Xiang anxiously revealed his Slaughter God's Hand, upon seeing the pair of tiger gloves, Yan Zilan and Yun Zhu immediately understood, and were stunned! This was because Bai Xing often told them about the White Tiger Race, and they were naturally aware of the latter, especially Yan Zilan. She never expected that Chen Xiang would actually possess such a divine weapon, an existence that surpassed Holy-ranked equipment!

When Yun Zhu and Bai Xing saw that Yan Zilan was together with the person who placed the bounty on Chaotic Mountain, they could not help but panic in their hearts. They did not want Yan Zilan to offend such a powerful force like Chaotic Mountain.

## [Chapter 662](#)

Yun Zhu and Bai Xing understood Yan Zilan very well. Of course, they had absolute trust in Yan Zilan. Of course, they had been together with him for a very long time, and for the sake of the three of them having a good environment to cultivate in, Yan Zilan was willing to help them with the protection of the Sacred Dan School.

They were women, and there were even two immortal beasts among them, both objects that many powerful immortals wished to conquer. It was not easy for them to have a safe environment right now, so they naturally did not want to be destroyed like this.

After Yan Zilan told Yun Zhu and Bai Xing that he wanted to snatch the three Chaos fire, the two girls were so scared that their faces turned pale. They were immortal beast, and were both very strong, so if they went together with Yan Zilan, they might be able to win.

"Sisters, I won't let you take the risk to help me steal something." When Chen Xiang saw the two girls' expressions, he said anxiously: "I just need big sister Bai Xing to help me out with a little favor, when the time comes I will do it myself."

Yan Zilan said seriously: "You must promise me, you definitely won't let Bai Xing into a dangerous situation, if not I will definitely not let you go at that time."

Yan Zilan nodded towards Yun Zhu and Bai Xing, and Yun Zhu also sat down. Yan Zilan was their big sister, the three girls had once supported each other with their lives, their relationship towards each other was extremely good, and they could tell that Yan Zilan had some sort of kindness towards Chen Xiang, so they would definitely help Yan Zilan as well.

Chen Xiang laughed: "Sister Bai Xing, do they know about your situation?"

Bai Xing nodded his head, which surprised Yan Zilan and Yun Zhu. Bai Xing's background was the most mysterious, but Chen Xiang knew about it.

Chen Xiang anxiously replied: "It's not her that told me, it's just that I happened to read a book that described the matters when Big Sister Bai Xing was born."

"But big sister Bai Xing, you probably only know that you came out from a giant star and don't know why you came out of it, right?"

Bai Xing sighed lightly: "I searched for a lot of information in Heaven Realm. After I came to Sacred Dan Realm, Big Sis also helped me search for it, but I didn't know about this matter."

Chen Xiang said: "Of course, you are the most mysterious and special clan in the White Tiger Race, called the Starry Tiger Tribe. You cultivate by absorbing the power of the stars, and you can also roam the starry sky."

Yun Zhu and Bai Xing now somewhat understood why Chen Xiang had such a good relationship with him. Over the years, they had met many powerful experts with vast knowledge, but no one knew about these things.

"Cough cough, it was the boss of White Tiger Race who told me this." Chen Xiang laughed and continued: "You probably have never tried to absorb the power of the stars before right? Not only can you become stronger by absorbing the power of the stars, you can also use the special ability in your body to summon out the stars."

The three girls were not stupid, they now understood why Chen Xiang wanted Bai Xing to help him. Back then, when Bai Xing descended onto a continent in Heaven Realm, it was only with the help of many experts that he was able to stop the star.

"You only need to stay here to do it. Other than us, no one else will know that you did it. When you summon the stars, no one else will be able to sense it. Don't worry." Chen Xiang said.

This was an extremely powerful force. There were countless stars in the vast starry sky, and things like the moon and sun all belonged to the stars. If it could be summoned down, then it would lead to the destruction of an entire world.

Both Yan Zilan and Yun Zhu's faces were filled with shock, and there was even a hint of excitement. This was because their sisters possessed such a terrifying ability, that would allow them to better survive in this world where the strong preyed on the weak.

"I... What am I going to do? I don't know if I have that ability, and I haven't noticed it in years." Bai Xing tensed up and asked softly.

Long Xueyi had already told Chen Xiang how to awaken his abilities. This was extremely simple.

"This is because you didn't perform the awakening ceremony. After you awaken, you will receive the inherited memories. This is something that many high level beasts have. When that time comes, you will know how to cultivate your star power and use your innate ability." Chen Xiang laughed: "Don't be nervous, this is a good thing for Sister Bai Xing!"

She already knew that Chen Xiang wasn't an ordinary fellow, otherwise, she wouldn't have obtained their White Tiger Race's divine weapon. Now that she knew Chen Xiang's identity, she was even more certain that within this Sacred Dan Realm, there had never been anything that would cause Chaotic Mountain to suffer a big loss.

Chen Xiang had to admit that in order to guard against White Tiger Race, Imperial Dragon Race had done a lot of research and had a very good understanding of him. He even knew about this awakening ceremony. Back then, when Chen Xiang fought with the White Tiger, it was only because Long Xueyi told him about the White Tiger's weakness that he was able to win.

Long Xueyi knew all of this, but he needed the special power of the White Tiger Race. This point was not difficult for Chen Xiang as he had the White Tiger Divine Weapon, so he could make Bai Xing set up the array himself.

Until night time when Chen Xiang finished setting up the awakening array.

"Sister Bai Xing, just sit cross-legged in the middle, then close your eyes and let yourself sleep. This kind of ceremony should have been done when you were very young, so you wouldn't feel any pain." Chen Xiang wiped his sweat and heaved a sigh of relief. This Awakening Formation was still a little complicated, but thankfully his foundation was not bad.

Bai Xing was a little agitated, and immediately sat cross-legged inside the array. After that, she closed her eyes to ease herself up and entered into a deep slumber, the array very quickly emitted a faint golden radiance which enveloped Bai Xing's body. Bai Xing's delicate body slowly floated up, and floated above the array, starlight shrouded her entire body, and her beautiful pitch-black hair fluttered in the wind.

"She's absorbing a lot of star power. She might be modifying her body!" Chen Xiang revealed a smile, "It should be fine by morning, you don't have to worry."

"What exactly are you doing in the Mortal Realm? Many of the old people in Sacred Dan Realm and the Heaven Realm didn't even know about this kind of thing, yet a little kid like you actually knows about it."  
" Yan Zilan heaved a sigh of relief, and smiled at Chen Xiang.

### [Chapter 663](#)

Yan Zilan no longer had that kind of gentle and polite attitude towards Chen Xiang. This was because she truly treated Chen Xiang as a friend, which was why she had become casual about it.

"This is my secret!" Chen Xiang smiled mysteriously and continued: "Let's do the business first."

Yan Zilan gave Chen Xiang a storage ring and said: "Two hundred Relive Dan, three hundred Five Elements Profound Dan, three hundred thousand profound energy Quenching body Dan, and one hundred thousand Face Preserving Pills. A total of one hundred million would be ninety billion, and I'll give you half price of four hundred and fifteen billion.

The corner of Chen Xiang's eyes twitched. If it was a dozen or so pills, he would indeed be alright, but when he heard the price, he was shocked.

"You're too kind, this kind of thing is sold in the Heaven Realm, and you still have to flip through it. You know what it means in the Mortal Realm." Su Meiyao laughed tenderly: "Now it all depends on your charisma, can you let this Sacred Dan Realm's number one beauty reduce it for you?"

"If I sell it to you at such a low price, I would have to give some to the Sacred Dan School as well. You have helped me out, so this is nothing." Yan Zilan smiled sweetly, but his eyes looked extremely coquettish. If Chen Xiang had enough Spar s, he would have definitely struck a deal right away, but now he could only plan on lowering the price.

Seeing Chen Xiang's expression, Yan Zilan could not help but giggle: "How many Spar you have?"

"Only two billion!" Chen Xiang sighed.

"Give it to me, I'll help you pay for the rest. Consider this my reward for you." Yan Zilan extended her hand, and smiled sweetly.

Chen Xiang felt that the desire he gave her was also very precious, so he didn't feel that it was wrong to ask for it now, he knew that this beauty who brought calamity upon this nation didn't even take these Spar to heart.

Yan Zilan looked at Yun Zhu at this time, and then said to Chen Xiang: "Bai Xing and I have received your help, obtained many benefits, you are truly a great benefactor, Yun Zhu is also a good sister to me, can you let her have some of your feelings as well?"

Although Chen Xiang's strength was weak when compared to hers, her entire body was filled with charm and mystery, making her really want to read and interpret this kind of man. At this moment, her face was slightly red, she looked at Chen Xiang with anticipation, and a sweet and gentle smile hung on her face.

Although Yun Zhu was a powerful immortal beast and Fire Wolf, the feeling she gave Chen Xiang right now was that of a kind, gentle, and beautiful little sheep. She looked a little simple, and her pair of pure eyes were filled with an innocent light.

Seeing Chen Xiang's thoughtful face, Yan Zilan pouted. "Do you think that since Yun Zhu didn't help you, you'll ..."

Yan Zilan shook Chen Xiang's hand as he pouted his lips. His eyes contained a hidden bitterness, and had a strong killing intent towards men, and seeing how the number one beauty in Sacred Dan Realm was acting, Chen Xiang's heart jumped. Even Yun Zhu was secretly surprised, this was the first time she had seen her big sister act so coquettishly, and thinking that Yan Zilan was trying to win some benefits for her, Yun Zhu's heart suddenly felt warm.

Chen Xiang retracted his hand and forced a laugh: "Sister Zi Lan, you're different from when I first saw you. You have the demeanor of the Sacred Dan Realm's number one beauty. You are a powerful female immortal in the Zi Lan Immortal Fairy who is begging so earnestly for a mere mortal like me.

"Yun Zhu's appearance is not inferior to mine, do you think that she is more pure and naive, and does not know how to approach men ..."

Chen Xiang now understood how deep the relationship between Yan Zilan and the other two sisters were.

"I will definitely come back to the Sacred Dan Realm in the future. Of course, I'll flatter my three sisters, and when that time comes, I'll also have a solid shield behind me. I'm just considering whether or not I should give that thing to her." Chen Xiang was never stingy with his connections, and the treasures in his hands and the heaven defying methods, even immortals would not be able to compare to him.

Hearing Chen Xiang's words, Yan Zilan smiled. That kind of coquettish and seductive attitude made Chen Xiang moan in his heart, and he really wanted to jump over to strip this beauty of her clothes.

"I didn't expect you to have so many treasures. Why are you still considering it? What exactly is it?" Yan Zilan asked with a sweet smile on his face.

Yun Zhu said in a low voice at this moment, "There's still no need ... I didn't help you. I can't take something that's very valuable. "

Deep into the night, Bai Xing was still floating above the Awakening Formation. He was lying on his back with a calm and peaceful expression, as if he was enjoying something.

But at this time, Chen Xiang took out a corpse, it was the corpse of an old man, outside it was cold ice, and on the ice there was a formation technique, it was a formation technique to prevent the energy from leaking.

"Corpses?" Yan Zilan frowned slightly.

Chen Xiang laughed: "This corpse could only be a corpse to many people, but I can make it very valuable, my Gu family must have at least a few hundred billion Spar, even if there is one, I might not be able to buy it from you for the price."

Yan Zilan had already gotten used to Chen Xiang's remarkable abilities. Back then, Chen Xiang had stolen away the Jade Dragon Flower and killed Guo Huaqing, the powerful elder of the Chaotic Mountain, and then, stole two Chaos fire s from a Chaotic Mountain Ranker ...

"What value?" Yan Zilan looked carefully at the frozen body, but she could not see anything.

Chen Xiang chuckled: "I don't know the name of this corpse either. He is a Nirvana Stage that wants to kill me, he should have transcended the eighth level of tribulation. Furthermore, he is an important elder of the Fire Divine Palace."

Hearing the Fire Divine Palace, Yan Zilan and Yun Zhu's delicate bodies trembled. Chen Xiang never thought that the evil name of the Fire Divine Palace would actually be so famous in the Sacred Dan Realm.

"A power that specializes in extracting Fire Soul from the bodies of the Mortal Realm's people, it is extremely tyrannical in the Heaven Realm, and its overall strength is also very strong, I never thought that you would actually dare to provoke them ... .." Speaking to here, Yan Zilan realized that what he said was nonsense.

Chen Xiang even dared to provoke the Chaotic Mountain, what else wouldn't he dare not do?

"This guy's Fire Soul is still in her body, and I have a way to extract it. I believe the two sisters should know the pain of fusing with the Fire Soul, I can let Sister Yun Zhu obtain it, but at that time, she will have to endure the pain of fusing with the Fire Soul." Chen Xiang took a deep breath, "So that's why I'm considering, whether I should give this thing to her. Sister Yun Zhu cultivates flames, the Fire Soul is of great benefit to her."

When Chen Xiang was in the First profound Realm, he killed several Fire Divine Palace Elders who possessed Fire Soul.

Since the Fire Divine Palace was able to extract the Fire Soul from the human body for others to absorb, it was not strange for Chen Xiang to extract the Fire Soul from the body.

What surprised Chen Xiang was that Yun Zhu actually said bravely: "I'm not afraid, it's just that this corpse is more precious to you, you must be an alchemist."

"I have the Fire Soul, and it's also very strong. The Fire Soul inside this corpse should be a purple Fire Soul, so that's pretty good!" Chen Xiang faintly smiled at Yun Zhu.

Chen Xiang did so. On one hand, they were able to deepen their relationship with the three sisters Yan Zilan. Although they were female, they were powerful, had lofty statuses, and were very beautiful as well. When he came to the Sacred Dan Realm in the future, he would definitely be taken care of by them.

On the other hand, he also wanted to confirm if he really had the ability to extract the Fire Soul from the dead and infuse it into the dead.

If he succeeded, in the future, when he had the strength, he would hunt down people from the Fire Divine Palace and take out Fire Soul from their bodies. Then, he would treat them the same way, letting them experience what kind of feeling they had after the Fire Soul was taken out.

"Take this and eat it when you're in pain. It should be able to alleviate the pain." Chen Xiang took out a piece of fresh, red, beautiful fruit flesh. This was the fruit flesh of Earthly fruits, and the moment Chen Xiang took it out, Yan Zilan and Yun Zhu could immediately see that it was not ordinary.

Yan Zilan was in charge of the Sacred Dan School's business, since she was a knowledgeable person, she realized that the grade of the fruit was much better than the immortal fruit she mentioned before.

Yun Zhu did not accept it. Although Chen Xiang gave it to her with an indifferent face, she did not dare to accept it because it was too precious!

Yan Zilan chuckled and pinched Yun Zhu's pure face: "Elder sister, I spent a lot of effort just now, take it."

When she thought about how Yan Zilan had sacrificed his looks and even tried to act spoiled in order to get benefits for her, her heart warmed and she received it with her jade hands.

"With the Devouring magic kungfu and my Fa Li, I should be able to pull out the Fire Soul!" Long Xueyi said. She had long ago discussed all kinds of methods to extract the Fire Soul with Su Meiyao and the others. In the end, she felt that this method was the safest and most effective.

The Devouring magic kungfu was able to extract all the energy from a person's body, which was why Chen Xiang had used this technique to swallow the Thunder soul. However, at that time, the Thunder soul had entered's body, and if he added in the powerful control of his Fa Li, he would be able to prevent the Fire Soul from entering his body during the process.

"I'm going to start now. When the time comes, I must focus all my attention. You all must help me protect me!" Chen Xiang's expression changed, he became solemn: "Also, do not leak out this matter, at that time it might not only be the Fire Divine Palace who wants to deal with me."

When used on Devouring magic kungfu, if others knew that he had such a terrifying devilish art, he would be in deep trouble. Others either wanted to steal this devilish art or kill those who understood it, lest the day comes when he himself was devoured.

Yun Zhu and Yan Zilan both nodded.

Chen Xiang released a formless mana that wrapped around his palm and then released his consciousness. He entered his body and felt the Fire Soul that blended into every part of his body.

He originally had powerful Heaven fire soul on him, and coupled with his powerful divine sense, he could immediately sense them. Then, he would circulate the Devouring magic kungfu and choose to devour those Fire Souls.

Yan Zilan also wanted to see what kind of method Chen Xiang used to extract the Fire Soul, but she only sensed that Chen Xiang was releasing mana and wasn't able to tell anything else.

Chen Xiang's hand was placed on top of the corpse's chest, and a weak purple flame suddenly leaked out from the corpse, upon seeing it, both Yan Zilan and Yun Zhu fiercely stared at it with their beautiful eyes wide open. This was truly a purple Fire Soul, and in the Sacred Dan Realm, it was a priceless treasure, especially for some of the older Alchemist, they would definitely be able to make a rich Alchemist throw their money away to exchange for it.

A ball of purple colored flames slowly condensed into form within Chen Xiang's palm as it violently jumped. It was shining with an extremely dazzling purple light, and under the darkness of the night, it was as if a bright purple star was spewing out light.

Yan Zilan and Yun Zhu now understood why Chen Xiang had said that he could make this corpse valuable. They looked similar, but what kind of benefits killing a person with a Fire Soul would have, if this ability was known to some powers, they would probably think of ways to make Chen Xiang work for them. If Fire Divine Palace knew, then Fire Divine Palace would definitely do whatever it took to eliminate Chen Xiang.

Thus, they understood why Chen Xiang cautiously allowed them to keep their secret. For Chen Xiang to reveal such an important secret in front of them, meant that he absolutely trusted them. This also meant that Chen Xiang treated them as friends who could entrust their lives to each other.

Before long, the purple Fire Soul in Chen Xiang's hand became extremely large, and like a watermelon, it flickered with waves of intense purple light.

"Completed, I didn't expect it to be so fast!" Chen Xiang sealed the body again, because there was still a lot of energy inside, allowing him to absorb it in the future.

"Sister Yun Zhu, are you ready?" Chen Xiang smiled slightly.

Yun Zhu's eyes flickered with an excited and excited Qiubo, he looked at Chen Xiang with extreme gratitude, and nodded. "Mmm!"

Holding the purple Fire Soul, Chen Xiang pressed it into Yun Zhu's abdomen. Yun Zhu's face instantly revealed a pained expression, and his clothes were also instantly burnt up, revealing his snow-white body covered in faint purple flames. Chen Xiang's eyes started to flicker as he looked.

"Sister Viola, hurry and bring her to a quiet place. She's purposely going to convert the materials into cost and fuse them together." Chen Xiang anxiously shouted: "Sister Yun Zhu, hurry up and eat that fruit flesh I gave you."

Yan Zilan flew over, embraced Yun Zhu tightly and flew in one direction, while Yun Zhu endured the pain of eating the Earthly fruit.

Not long after, Chen Xiang saw a purple light flashing and appeared at a place in the valley far away. From time to time, he heard weak howls of wolves, and in order to not disturb Bai Xing and the Sacred Dan School, Yan Zilan set up a barrier around himself, isolating himself from Yun Zhu's howls and purple light.

Chen Xiang laughed: "I succeeded, from now on, those fellows from Fire Divine Palace are my best prey, haha ..."

"Great, this group of fellows, relying on their solid foundation in the Heaven Realm, they can be domineering in the Mortal Realm, plundering Fire Soul and high grade fire type medicinal ore." Su Meiyao said with extreme hatred, "You better return to the Mortal Martial Realm and join forces with your Junior Nephew and the others to annihilate the Fire Divine Palace. Otherwise, you will be stabbed in the back when the Great War between Three Realms starts."

"We'll talk about it when the time comes, I won't let the Fire Divine Palace in the mortal kungfu realm get away with it!"

A flash of ruthlessness flashed across Chen Xiang's eyes. It was precisely because Elder Dan was persecuted by Fire Divine Palace that caused him to come here, and he knew that in other worlds, there were many people who had been pulled out of the Fire Soul by Fire Divine Palace and then killed.

Yan Zilan flew back, and revealed a sincere and grateful smile: "Yun Zhu is much stronger than I thought, thank you for giving her such a good gift!"

"There's no need to be so polite, just don't object to me chasing after her!" Chen Xiang laughed wickedly: "Sister Yun Zhu's pure temperament and gentle personality is really an ideal wife, it's just that she's a immortal beast ... .."

Yan Zilan saw that Chen Xiang was all smiles, she lightly bit her lips, stomped her foot, and pouted. "You little scoundrel, what else do you want?"

Chen Xiang looked at Bai Xing, then looked at Yan Zilan, and praised: "If you three sisters go out walking frequently, you are really a scourge to the world. Why don't I take you in, and take the justice for the heavens ...."

"Damn you!" Yan Zilan laughed and used the jade to point at Chen Xiang's forehead.

## [Chapter 665](#)

After Chen Xiang arrived at Purple Flower Mountain. Yun Zhu had to admit that Chen Xiang was indeed an extremely powerful person, with a mysterious veil covering his entire body, making people feel as if he had come from an extremely powerful and mysterious world. If Chen Xiang had not personally admitted it, Yan Zilan would not have believed that Chen Xiang had come from the Mortal Realm.

Bai Xing's body was surrounded by pure white light and floated above the Awakening Formation. Her curved eyelashes trembled and opened her beautiful eyes slightly.

She was still floating above the formation, and the stars in the sky seemed to be much brighter than usual. Her pair of peaceful beautiful eyes were looking at the twinkling stars.

"For a bane like you, I will take as many as I can get. I'm not afraid of bringing trouble upon myself!"

Chen Xiang laughed as she walked to Bai Xing's side, but Yan Zilan rolled his eyes at her. Although she knew that Chen Xiang and Du Yanyao were disguised as husband and wife, how could she not see through Du Yanyao's intentions?

"Thank you, Young Master Shen!" Bai Xing smiled gently, looking at Chen Xiang with extreme gratitude. Since she was young, she had always been self-reproachful, she had killed many people, and even killed her benefactors who had taken her in. Now that she knew it was just a coincidence, it had nothing to do with her.

She was even more worried about dragging Yan Zilan and Yun Zhu down.

"No need to thank me, because I still need you to help me out a lot!" Chen Xiang smiled at her: "How are you feeling now? Do you want to return to the vast space in the future? "

Bai Xing looked at Yan Zilan and revealed a warm smile, "There's no need. Although that should be my place to go, I already have a home here."

This moved Yan Zilan a little.

Chen Xiang looked at Yan Zilan and Bai Xing. He had a premonition that this Zi Lan Mountain Valley's three sisters would definitely make a name for themselves in the future.

It was daybreak and Bai Xing was jumping about in the valley, chasing after butterflies. From time to time, he would even turn into a very small and cute little white tiger, playing with Chen Xiang, making him wish he could carry her and bring her back to Mortal Realm.

Yun Zhu was still fusing with the purple Fire Soul. Although a barrier had been set up over there, the purple fire would still appear from time to time. Yun Zhu had eaten the Earthly fruit, and it would take a while to digest the energy that the Earthly fruit brought her.

Three days had passed and Yan Zilan had returned from the outside with some news.

At that time, the Chaos fire will be placed on top of it, and there will be people who will set up some formations in the plaza, saying that it is used to communicate with the gods, but I have asked some friends who know how to set up a formation, and said that the formation is a type of trap used to trap people, and that even the stronger immortals in Sacred Dan Realm would find it difficult to come out of the formation after falling into it.

Yan Zilan said: "This is undoubtedly a trap set up for you. I don't know what other benefits Chaotic Mountain has given the other powers, to be able to get many large powers to help them, when they were setting up the formation array, I saw other famous formation masters from other forces."

Chen Xiang said with a grave expression on his face, "Looks like it has always been difficult for Chaotic Mountain to collect all seven Chaos fire. But right now, I already have four, so they will definitely be tempted."

"Sister Zi Lan, do you think they might be having a vacation?" Chen Xiang carried the cute little white tiger in his arms and gently stroked the soft fur on her body.

Yan Zilan shook his head: "No, they will definitely use real power to lure you out. They know that you are not an ordinary person, if the fake power is discovered by you, if you do not appear, then they will have wasted their efforts."

Chen Xiang rubbed Bai Xing's little head and laughed: "Big Sis Bai Xing, when the time comes, it's all up to you!"

With a flash of white light, it turned into a slim and graceful beauty dressed in white clothes floating in the wind. Bai Xing's beautiful eyes flashed with a mischievous light as she smiled sweetly and said: "I feel that you're the genuine calamity fiend, but I feel that doing this kind of thing with you is really satisfying. Just thinking about it makes me excited."

Bai Xing had always been a mischievous woman, and would often turn into a kitten to play with Chen Xiang. Although she was very old and strong, she loved to play around.

"Bai Xing, how many stars can you make? This has to be grasped well, so as not to harm the innocent. " Yan Zilan asked, he glanced at Chen Xiang and spat: "Scoundrel, you have taught my little sister Bai Xing bad, you have to take responsibility!"

Chen Xiang laughed: "How about I marry her, I will discipline her properly."

"Humph!" The two girls immediately snorted tenderly.

Bai Xing looked at the sky and said: "If I were to use all of the power I have, I should be able to summon a Fire Lightning Star that's a hundred times bigger than the Heaven Sacred City."

Suddenly, a low wolf howl came from the valley, Chen Xiang and the two girls only saw a purple light flash past, and Yun Zhu appeared in front of them, and he was covered in Qi.

This was the first time Chen Xiang had seen a woman's body, but he did not have any evil thoughts about her. This was because that kind of pure beauty, was as if she was emitting waves of holy light, and was able to purify any kind of evil energy.

"Big sister, second sister, from today onwards, I will become a immortal beast with Fire Soul!" Yun Zhu was very happy, her face was covered in a pure and sweet smile, but she only realized something when he saw Chen Xiang's straight eyes.

With a 'shua' sound, her face became like a red apple. Yan Zilan's reaction was fast, and he took out a purple robe, and wrapped it around Yun Zhu's body.

"I didn't see anything!" Chen Xiang laughed twice, which made Yun Zhu's face turn even redder, and made him lower his head, not daring to raise it.

Seeing this pure beauty being so bashful, Yan Zilan and Bai Xing could not help but spit.

"Sister Yun Zhu, I didn't think that you could fuse with it in such a short amount of time, and even digest the energy of the fruit's flesh." Chen Xiang changed the topic and said with an astonished look on his face.

However, Yun Zhu was still extremely shy, and her voice was as loud as a mosquito: "It's all thanks to that fruit, my entire body was originally in pain, but after eating it, it would be able to remove all of the pain and increase my speed in fusing with the Fire Soul."

This made Chen Xiang's eyes light up, the Earthly fruit being able to have this kind of effect was beyond his expectations.

## [Chapter 666](#)

Yun Zhu was able to successfully fuse the Fire Soul. Chen Xiang was relieved.

"Sisters, I will be going to Heaven Sacred City now, I need to take a good look at the terrain first, at that time, Sister Bai Xing will need you to master the time and summon that star here in time." Chen Xiang cupped his fists and said.

Yan Zilan said worriedly: "I'll go with you. If something goes wrong, I can still save you!"

"No, when the time comes, I will contact Sister Bai Xing and ask her to display her Inherent Skill and summon the stars down." Chen Xiang gave Bai Xing a jade token, which was used to send messages.

Yan Zilan knew that once Chen Xiang left and they succeeded, they would return to the Mortal Martial Realm. At that time, it would be unknown how long it would be before they could meet again.

The three women sent Chen Xiang out of the valley.

"Please help me greet Yanyao." Chen Xiang said.

"I will treat her like a sister, don't worry." Yan Zilan's heart was filled with an indescribable melancholy as she stretched out her jade hands to caress Chen Xiang's handsome face.

"Be careful!" Yan Zilan warned.

Chen Xiang nodded his head, but at this time, Yun Zhu walked over, stood on his tiptoes and kissed Chen Xiang on the cheek: "Thank you, you must come back to the valley and play again in the future."

Chen Xiang smiled and nodded: "They will definitely come, take care!"

Chen Xiang donned a black robe, flew at a fast speed, and disguised herself. Only after Chen Xiang had left and disappeared from their line of sight did the three Yan Zilan sisters return to the Zi Lan Mountain Valley. Chen Xiang's appearance had changed their lives greatly, to the point where she was extremely grateful to Chen Xiang.

Within the Heaven Sacred City, Chen Xiang was walking around the side of the plaza. Although he could not get close, looking from afar, he could see that there were a lot of people setting up formations, but their methods were extremely secretive, so outsiders would not be able to see them.

"In order for you to dare to attack, they will definitely not place any experts in the plaza. At that time, we will just need to use the Seventy-two changes in combination with the Heaven tour method, and we will not need to step into the plaza to obtain the Chaos fire." Long Xueyi said.

Chen Xiang stayed at the tavern that was the closest to the plaza. He had been observing the stage all day, waiting for the day the event would begin.

This was the last vote he had in the Sacred Dan Realm, and he was extremely moved when he thought of how he would not leave any regret behind.

In the blink of an eye, a few days had passed, and today, the entire plaza was filled with people. All of them were dressed extravagantly, with solemn expressions.

"It's finally here!" Chen Xiang anxiously took out a jade token, which was used to communicate with Bai Xing.

"Sister Bai Xing, if you summon the stars, how long will it take for you to land?" It was still early in the morning, and the Chaotic Mountain had announced that the summoning ceremony would be held at noon.

"In about ten breaths' time, that fiery star will fall from the sky. I specially selected that star. After being summoned, it will burn up a large amount of fire and electricity, and rush to the ground at an

extremely fast speed. From the energy contained within the star, if that group of old fellows didn't intervene, they would all die." Bai Xing said in a serious tone, "If they don't stop us at that time, I'll have the star explode in the sky, in case we destroy the city and harm the innocent."

Chen Xiang said: "Mn, at that time, if they really don't stop you, you don't have to be depressed, even if the stars self-detonate in the sky. This group of old fellows are more afraid of death than me, they will definitely intervene. "

Although he said that, he could not help but feel shocked in his heart. This Bai Xing's Inherent Skill was really too terrifying.

"Summoning stars can only be done once every five hundred years or so. If it could be carried out consecutively, White Tiger Race would be the ruler of the entire Heaven Realm long ago." Long Xueyi said.

could still see Fan Yakun and Lin Xi Yi, even Yan Zilan had come. If they could not stop the descending star, then everyone here would be done for.

"It's about to start, when the time comes, everyone will say that Chaotic Mountain summoned that star down, and it won't be me." Chen Xiang felt extremely nervous at this moment. "I hope that those old bastards will be able to make their move in time!"

Many people were looking around to see if Chen Xiang was around. Although Chaotic Mountain said that he was summoning the gods with his Chaos fire, everyone could tell that it was a trap set up for Chen Xiang.

If Chen Xiang was able to win, then Chaotic Mountain would be utterly embarrassed, and would have lost the last Chaos fire in their hands.

"It's starting!" Chen Xiang's heart tightened. Seeing a white-haired old man wearing a grey robe flying up to the stage, he took out three Chaos fire and inserted them into a wooden board. Then, he jumped down and stood in the middle of the crowd.

Chen Xiang's mind stirred, and he released his Fa Li. He wanted to do the same thing as last time when he stole the Jade Dragon Flower, to use a deceptive trick and create an illusion above the stage, and inside the illusion, Long Xueyi would form a big hand to catch the three Chaos fire and bring it back.

In order to prevent himself from being caught when the time comes, Chen Xiang would make Bai Xing summon that star down, and then perform an ability to steal together with Long Xueyi.

Chen Xiang's soul was now much stronger, and his mana was even more powerful. He was able to instantly cast that deceptive spell, so he did not need too much time.

"Sister Bai Xing, let's begin!" Chen Xiang held onto the jade tablet, and sent a message to Bai Xing. At the same time, he and Long Xueyi released their mana, allowing the mana to come up to the stage.

Suddenly, the array formation in the plaza flashed with a gold light, and Chen Xiang, who was in the hotel, appeared on the stage after blacking out.

Chen Xiang was extremely shocked. He did not understand why he had to push and pull them over, which caught him off guard, but he still put the three Chaos fire into the Storage magic treasure just in time. The Chaos fire was real, which made him feel a lot more at ease.

Seeing Chen Xiang suddenly appear on the stage, Yan Zilan was extremely shocked in his heart, because Chen Xiang had said that he would never step into the plaza later on. Standing around the plaza, the spectators were all stirred up, because Chen Xiang had really come and took away the Chaos fire, but it would be impossible to escape now.

"Chen Xiang, you really have a good method. Although I do not know what kind of power you used to quietly enter the plaza, but you were still sensed by the formation we set up. Then, the formation opened, the universe shifted and you were brought in through the space." The gray-robed elder laughed out loud: "Hand over the Chaos fire in your hands, I guarantee that Chaotic Mountain will not pursue this matter any further."

At this moment, the faces of all the experts at the edges of the plaza changed greatly. They raised their heads to look at the sky, only to see a huge rock that was burning with flames and flashing with lightning descending from the sky.

"Quick, everyone! Otherwise, we will all die! The entire 18th level will be destroyed!" Du Hai bellowed, his eyes turning red, he anxiously jumped up.

All of the experts jumped up as fast as they could to gather their strength. They were prepared to catch that giant star and then move on to other places. If they exploded right here, then the entire city would definitely be smashed to smithereens.

## [Chapter 667](#)

Yan Zilan glanced at Chen Xiang. He quickly flew up as well.

"Primordius, hurry up. This boy is trapped in the array formation and can't get out!" an old man shouted.

The person called Yu Yuan was the grey robed elder, he suddenly saw Chen Xiang take out a disk-like thing, and it was still frantically absorbing the energy from Chen Xiang's body.

Chen Xiang had already succeeded, what he needed to do now was to open a dimensional door and return to the Mortal Martial Realm.

After Chen Xiang stepped into the Hundred refining realm, it became denser, enough for him to return to the Mortal Martial Realm.

A spatial door appeared. When Primordius saw it, he shouted, "Chen Xiang, go and die!"

After the many experts who were flying in the sky heard this, they immediately turned their heads, only to see Primordius waving his palm, causing a grey Qi to shoot towards Chen Xiang, and Chen Xiang who was about to enter the dimensional door was struck by the Qi, becoming a blood mist. The dimensional door also closed at this moment.

In that moment, Yan Zilan's mind went blank. Looking at the blood mist floating above the stage, she felt her heart throbbing in pain, causing her to almost fall down. Everyone who saw this scene was

extremely shocked, although Chen Xiang was a weak person, but the things he did were so shocking that they did not expect him to die just like that.

Du Hai let out a long sigh, feeling extremely regretful, he continued to fly up in the air, and after the many experts were shocked, they also continued to stop the star from falling down.

Yan Zilan resisted the pain in his heart, and glared at Primordius angrily. He clenched his jade fists, and with tears in his eyes, he flew towards the star in the sky.

Within the Mortal Martial Realm, Chen Xiang appeared within a forest. This was the Chen Martial Continent, a forest very close to the Super Martial School, so Chen Xiang looked at his broken legs and scolded with a smile. "Old bastard, I won in the end, haha ..."

Chen Xiang was just a little slower, both of his legs were blown into bloody mist, but he had quickly grown up.

Seeing flesh and bones continuously growing on his thighs, Chen Xiang exclaimed, "Is this the power of rebirth of the jade dragon? "He really is powerful!"

"Looks like you already have a Yulong blood. You don't have any strength at all right now, and you can grow it quickly. Only the Yulong blood can do that." Long Xueyi smiled tenderly: "We have finally returned to this place and I don't know how much time has passed."

Chen Xiang used all of his strength to open the dimensional door and return to the Mortal Martial Realm. Although he was currently powerless, he felt incredibly relaxed, and he had finally returned to the land of his birth. There weren't many old fellows here who were strong enough to destroy the heavens and the earth.

"Those old fellows from the Sacred Dan Realm should think that you are already dead." Bai Youyou said, and both she and Su Meiyao broke out in a cold sweat.

"It's for the best. I hope these old fellows can live a little longer. I will definitely look for them." Chen Xiang looked at his recovered legs and praised. He used all his strength to stand up and walk a few steps.

"It's no different from my original legs. It's hard to imagine that my body can recover to its original state even with such a strong body." Chen Xiang patted his bare thighs, and released waves of disgusting laughter, scaring the birds and beasts to the point that they flew around.

After consuming all the pills, Chen Xiang quickly recovered a lot of Innate Qi s, he donned a pair of pants, and flew around the forest, he was already very familiar with the place.

"If it was to use medicine to recover a damaged body, not only would it not be as strong as it was before, it would also be very uncomfortable. But now, I feel that my legs have never been broken before." Chen Xiang now understood why the Yulong blood were being snatched away by the other Emperor Dragons like they were their treasures, and also understood why so many female Dragons threw themselves into their arms.

The dragon's body was very strong. If it was injured, it would take a very long time to recover, but if there were Yulong blood s, it could quickly recover!

As soon as Chen Xiang entered the Super Martial profound Realm, he was very surprised, because he saw a very young bald man. The smile on the baldy's face was very gentle, looking like he was harmless, Chen Xiang would never forget this smile, because this was Wu Kaiming's signature smile!

"Little baldy, haha ..." Are you old again? "What's going on?" Chen Xiang slapped Wu Kaiming's shiny skull until it cracked loudly, causing many elders and true disciples to break out in cold sweat.

In all of Super Martial School, probably only a monster like Chen Xiang would dare to hit Wu Kaiming on the head like that, and while patting him, he laughed out loud. If it were anyone else, they would have died a long time ago.

"Congratulations, you have successfully passed the eighth level of Nirvana Tribulation. You are only one step away from advancing to Heaven Realm." Chen Xiang laughed, touching that bright bald head.

Wu Kaiming laughed bitterly: "Junior Martial Uncle, you're the same as that madman. You always have to tease me like this when you see my bald head."

Chen Xiang brought Wu Kaiming back to the Super Dan Imperial College. After entering, he did not see the Elder Dan nor Wu Qianqian, and could not help but sigh in his heart.

"This is all thanks to the martial arts the old madman passed on to me, allowing me to have such a youthful appearance. However, this caused me to pay a lot of cost and I was almost crushed to death by that old madman." Wu Kaiming recalled the events of the past and sighed.

Chen Xiang found out from Wu Kaiming that it had only been a little more than a month since Mortal Martial Realm, and it was now the time for Devil-subduing College to hold the Demon Subduing Martial Arts Tournament, inviting many experts from Nirvana Stage to exchange pointers with their martial skills.

"This Son of God is a very powerful person, and he was always provoking you. However, there was no trace of you, so many people thought that you were afraid and didn't accept his challenge." Wu Kaiming sighed with emotion: "This God Child came down from the Heaven Realm and has quite a bit of status in the Heaven Realm. He brought some bodies and pills that can be used to rope in some powerful old fellows. The Devil-subduing College's influence within the Mortal Martial Realm is growing wider and wider."

Chen Xiang was not surprised by this, but he also believed that the God Child could not threaten him, not to mention that the God Son did not have as many Demon Suppressing Bodies as he did. His experience in the Sacred Dan Realm had made him even more powerful, whether it was in terms of mental state or strength, it was completely different from before.

"The Anti-Demon Martial Arts Competition?" "Of course I have to join in the fun!"

Chen Xiang left immediately, he left the Super Martial School, stepped onto the Transmission array and arrived at the Continent of the King, and then rushed towards the Devil-subduing College.

The conditions offered by the Devil-subduing College were very generous, and with the help of the Anti-Demon Martial Arts, there was no need to spend too much Spar. Therefore, many disciples from famous sects in the Mortal Martial Realm had all entered into the Academy, and in a short period of time, many cities had been established near the Devil-subduing College, becoming very lively.

## [Chapter 668](#)

Chen Xiang arrived at a city near the Devil-subduing College. When he found out the name of this city, he was very surprised, because its name was Shaoyun!

This made him immediately think of Liao Shaoyun. This enemy who had been with him for many years was someone he had long planned to get rid of as soon as possible once he returned from Sacred Dan Realm.

Walking on the streets, Chen Xiang saw many people wearing white robes. On the back of the robes, there were four words written in red, "Shao Yun Martial Club!"

Chen Xiang quickly thought of something. He was sure that this Liao Shaoyun must have used some method to get the God Child's recognition, otherwise, he would not be able to establish his small force here.

He was sure that the Shao Yun Martial Club's Master was Liao Shaoyun!

After some inquiry, Chen Xiang found out that the Shao Yun Martial Club was indeed Liao Shaoyun's, and that the city had been renamed because of the Shao Yun Martial Club here. The reason the city was opened for a month was mainly for those who were rich but were not qualified to enter the Devil-subduing College.

Because the Shao Yun Martial Club had the support of the God Child, many people had signed up to join the dojo to learn martial arts. This allowed Liao Shaoyun to obtain a very substantial amount of income.

"This godly son of his can no longer sit still. He actually popped out to display his strength, and because of his high status and talent, a group of people chased after him. This is not strange at all." This guy is from the Heaven Realm after all, so he must have brought a lot of good stuff from above to rope in some strong warriors. " Su Meiyao said.

Chen Xiang now disguised himself and went into the city. When he first killed Dongfang Yao of the Eastern Lie Hall in the Devil-subduing College, although no one saw him do it, they all suspected him. After that, not only was he expelled from the Devil-subduing College, he was also wanted by a hundred million Spar.

Amongst the Four Great Temples of the Devil-subduing College, Dongfang Yao of the Eastern Lie Hall had a very illustrious history, but he was still slaughtered. As for Hua Qiuxia of the Southern Fragrance Hundred Flowers Hall, he had initially attacked Chen Xiang when he was in the Fragrance City, but was caught red-handed by Hua Xiangyue, and was imprisoned in the death prison of the Dan Fragrance Pure Land.

The two hall masters had both gone missing because of Chen Xiang, so how could the God Child not know?

Therefore, facing the God Child's challenge, it made sense for Chen Xiang to disappear in the eyes of many people. After all, the God Child was from Heaven Realm. Using common sense, no matter how strong Chen Xiang was, he would definitely not be able to kill the people from the sky. But many people did not know that Chen Xiang had actually killed the people from the sky before, and it was even a Nirvana Stage.

Chen Xiang arrived at a hotel near the Shao Yun Martial Club and sat there watching Liao Shaoyun walk out of the door. Liao Shaoyun was still as young as he was in the past, his strength was still at the peak of the Hundred refining realm, and his complexion was pretty good.

"I pulled out the Thunder soul and he recovered his strength so quickly?" Chen Xiang muttered.

What surprised Chen Xiang was that Liao Shaoyun was actually standing at the door, looking at a crack on the ground, and he said with a cold smile. "Chen Xiang's swine friend is the same as him, a fellow who doesn't know the limits of heaven and earth. He actually dared to provoke our Shao Yun Martial Club.

When Chen Xiang heard this, the wine cup in his hand shattered with a "Kacha" sound. He was extremely furious in his heart, because he knew who the person with one of his arms was.

At this time, he saw a man dressed in beautiful golden clothes suddenly appear from inside the door, and entered into an extremely luxurious carriage. The carriage was pulled by four flying horses, and they flew away from Shaoyun City in the blink of an eye.

"Is that guy the Son of God? "He really has a big frame, I couldn't even see his face!"

Suddenly, Chen Xiang saw a black skinned handsome man standing on the street. He had a face filled with killing intent as he walked towards Shao Yun Martial Club.

"Good heavens! I worked so hard to enter the Hundred refining realm, this brat actually belongs to it too!" Chen Xiang anxiously walked out and appeared in front of Yun Xiaodao.

Yun Xiaodao saw an old man blocking his way, but just as he was about to throw his tantrum, he saw Chen Xiang's extremely familiar pair of eyes. He immediately recognized that this person was Chen Xiang who had disguised himself.

"Big brother!" Yun Xiaodao was extremely excited, while Chen Xiang also grabbed onto his arm: "Long time no see, looks like a lad has trained you guys pretty well."

Yun Xiaodao was extremely excited in his heart, but his face was still filled with killing intent: "Elder Brother Shen, it's good that you came. To avenge this dead pig of Zhu Rong, he's now unconscious and heavily injured, and he doesn't have a single arm left."

"I will. Let's go wake Old Zhu up first." Chen Xiang's expression was gloomy, traces of overflowing killing intent flickered in his eyes: "Even if he has the God Child as his backer, I will definitely exterminate him."

"You are too reckless, the people in Shao Yun Martial Club are not weak."

Yun Xiaodao sighed helplessly: "Even if I had to risk my life, I would still kill that bastard. He actually stopped us from registering for the Demon Subduing Martial Arts Competition, and even slandered us for stealing from the students of the Devil-subduing College."

"Let's go, I guarantee that this Shao Yun Martial Club will disappear before the Demon Subduing Martial Arts Competition begins." Chen Xiang turned his head and looked at the luxurious mansion.

Zhu Rong was in a coma and suffered heavy injuries, but he managed to stabilize himself. It seemed like he had consumed a better pill, but he needed time to recuperate.

"Where's everyone else in a lad? How can he let Old Zhu be bullied by others?" Chen Xiang took out a pill and placed it in Zhu Rong's mouth.

Chen Xiang suddenly sensed an ice-cold Innate Qi, he turned his head to look, only to see Xv Weilong staring at him with narrowed eyes, causing him to jump in fright.

"Blinded Dragon, not bad!" Chen Xiang smiled and patted his shoulder, his strength was actually Hundred refining realm.

"Wang Shengren wanted to shield Liao Shaoyun, and this is a matter of the younger generation. Leader went to look for the old fogey in Devil-subduing College, and those old fogey also wanted to represent Liao Shaoyun in apologizing, so we just left it at that." Xv Weilong said coldly.

Wang Shengren was that God Child's name, but in Shao Yun Martial Club and Devil-subduing College, they both had to address him as God Child.

Chen Xiang rubbed his fist, "What's with the apologies? Devil-subduing College used a hundred million Spar to arrest me, and when I disappeared, there must have been many people looking for me.

Hearing this, the blood of Yun Xiaodao and Xv Weilong burned fiercely, excitement written all over their faces. They knew that if Chen Xiang was here, then this would definitely be the outcome for Shao Yun Martial Club.

"Master, why didn't you tell me not to do this kind of thing?" A voice appeared, startling Chen Xiang and the other two. A fifteen or sixteen year old, white, tender, and handsome, bald youth appeared at the door.

"Xiao Chou?" Chen Xiang laughed loudly. He flew over, raised his hand and fiercely slapped his shining bald head. "You brat, why have you grown so much?"

Chen Xiang remembered that when Xiao Chou left him, he was only a child but he was now a teenager. The fact that the Great Strength Race was growing very slowly, and that he had a young appearance now, meant that he had lived for a very long time, and that was something that could only be done within the Time Formation.

Master, you don't have to worry. Although I am much stronger than you now, but you are still my master, because without your teachings, I would not have had the chance to comprehend the legacies of my ancestors. "Su Yun said calmly. Xiao Chou said very seriously.

## [Chapter 669](#)

Yun Xiaodao and Xv Weilong saw Xiao Chou saying these words. He had thought that under Gu Dongchen's nurturing, his progress had been extremely fast. However, with just a few words from Xiao Chou, he seemed to have the power to instantly kill Chen Xiang.

And what about Chen Xiang's strength? Yun Xiaodao, Xv Weilong and Xiao Chou could not tell, but from the information that they obtained from Chen Xiang's previous disappearance, it could be the Soul Martial Realm.

Chen Xiang slapped Xiao Chou's bald head again: "Brat, you still deserve to be taught a lesson huh. From the looks of it, you seem to be unrivalled in the world? This isn't good. "

Xiao Chou smiled, smiling extremely confidently. At this time, he no longer had the attitude of looking down on everyone else.

"Master, what I said was the truth. My Great Strength Race's inheritance is already very extraordinary, I have now reached the peak of the Hundred refining realm, and after I comprehended the legacy of the Great Strength Race, I received a lot of Power of giving, allowing me to sense the martial spirits, strengthen my martial spirits, strengthen my body, from the Spirit Martial Realm to the Soul Martial Realm, all of these went unobstructed. In one breath's time, I reached my current stage."

Peak of Hundred refining realm! Yun Xiaodao and Xv Weilong were both extremely shocked, and had even went up in one go.

But Chen Xiang just smiled playfully, he did not care about it at all, but in his heart, he was secretly thankful for his foresight, fortunately, he had gained a lot from Sacred Dan Realm, otherwise, he would really be killed by his own disciple.

Pah pah pah, Chen Xiang fiercely slapped Xiao Chou's shiny skull a few times: "Brat, you're still too arrogant, don't think that you're the only one who's levelling up, the others have not gotten any enhancements yet."

"Master... Are you faster than me? It's only been a short while. I remember that when I parted with you back then, you had only just stepped into the Extreme realm. I admit that I was able to improve so quickly due to a fortuitous encounter, but don't worry Master, with your talent, you'll still have a chance to surpass me in the future. I'm still your disciple ... "

Before he finished speaking, Chen Xiang suddenly struck out with his palm, but because the speed was too fast, no one saw him make a move, but with a loud explosion, Xiao Chou's entire person disappeared. After Xiao Chou was sent flying by Chen Xiang, his body instantly penetrated through many houses, and smashed out a large hole in many houses and walls.

"This brat, if I don't teach him a lesson, I really won't know how powerful I am." Chen Xiang smiled faintly.

Yun Xiaodao and Xv Weilong didn't seem to be too surprised, because it was considered normal in their eyes, and they only sighed in their hearts.

Zhu Rong woke up. After he had eaten Chen Xiang's medicinal pellet, his arm slowly grew back. This pellet was a pellet of top grade Ground level, even Nirvana Stage could quickly recover after eating it, let alone Zhu Rong. It was just that Chen Xiang did not tell him the name of this expensive medicinal pellet.

"Younger Brother Shen, I purposely got injured because I wanted you to appear. I knew you would come." Zhu Rong's complexion looked much better, but after seeing Chen Xiang, he laughed out loud.

"Actually, it's already not bad that I was able to stay under Liao Shaoyun's lead for a few moves, I'll leave this guy to you guys."

Xiao Chou returned, his entire body was covered in soil and ashes, he saw that Chen Xiang was no longer bragging. He had been tensed up just now, on the alert that Chen Xiang would suddenly come to test him, yet he was still sent flying by Chen Xiang's palm. Furthermore, he did not even use the slightest bit of Innate Qi.

"Old Zhu, you should be able to walk now, right?" Chen Xiang asked.

Zhu Rong immediately jumped up from the bed and asked with a smile: "Just what kind of pill is this? It took me so long to completely recover. "

Of course Chen Xiang would not tell him that it was a Relive Dan, he only smiled and said: "Hell Ganoderma, I have something for you to do."

When Xiao Chou, Xu Weilong, Yun Xiaodao and the other two saw Chen Xiang's words, they knew that Chen Xiang had a plan to deal with that Liao Shaoyun.

"Just say it." Zhu Rong said.

"This is the Nine quenching body Dan. Think of a way to spread the bounty order, just say you can obtain this Nine quenching body Dan after taking Liao Shaoyun's head." Chen Xiang took out a pellet. This kind of pellet, in his eyes, was no different from a pea.

However, in the eyes of Zhu Rong and the rest, it was indeed a treasure, they felt that using pills to place a bounty on Liao Shaoyun was not worth it.

Chen Xiang laughed: "Relax, with how smart Liao Shaoyun is, he will definitely not be caught."

As he spoke, he took out another pill. "This is the Relive Dan ..."

Smelling the medicinal fragrance, when they heard the three words "Relive Dan", Zhu Rong and the other three were immediately dumbstruck. The Relive Dan, an expensive pellet of upper grade Ground level, actually existed actually for Chen Xiang to have this kind of thing. Xiao Chou now understood why Chen Xiang was stronger than him, because Chen Xiang was still a Alchemist.

"Don't try to steal it. This is for the God's head. I want to see how they can still act so arrogantly." Chen Xiang passed the two pellets to Zhu Rong: "If you want to return to the Super Martial School and release this news there, you will need to invite some old geezers from the medicine world to appraise this. You also need to find some other reputable powers to support your bounty."

Yun Xiaodao and the others could not believe that Chen Xiang actually gave these two precious pellets to Zhu Rong so easily to issue a bounty.

"These are ten Chunyuan gold Dan. Tell them, this is their reward, so they can spread the news of this within the shortest amount of time possible to the entire Mortal Martial Realm."

Chen Xiang was a Alchemist, so naturally, the thing he lacked the most was pellets. As of now, Yun Xiaodao and the others could already completely feel the outcome of offending a Alchemist.

"Relax, I have a lot of these things, but you all must prepare Spar s to buy from me. Although you are my friends, I cannot give them to you all for nothing!" Chen Xiang chuckled: "You guys should know that not everyone has the chance to be slaughtered by me."

Yun Xiaodao laughed out loud: To be able to buy this pill, no matter how many cuts we get killed, we would be willing to do so. It seems like we have to find some time to get these Spar s.

Through the Transmission array in the city, Zhu Rong was sent to the Great Transmission array of the City of the King, and then, he was sent back to the Super Martial School.

In just half a day's time, Yun Xiaodao had received news of the bounty. The entire Mortal Martial Realm was alarmed because this was an extremely large bounty, and it had to be known that the Relive Dan was far more enticing than the Spar, especially to those old fellows from the Nirvana Stage.

Even if they were Nine quenching body Dan s, there were many Hundred refining realm s and warriors who were interested in them.

This is troublesome, I found out that it was Old Zhu who gave them rewards, luckily he is currently in Super Martial School. Yun Xiaodao laughed: "Old Zhu was injured by Liao Shaoyun, so it is normal for him to do such a thing, it is just that many people are curious to know who gave him the pill."

Xiao Chou rubbed his bald head and laughed: "Many people should have guessed that this master gave it to him! Oh right, Master, when are you planning to destroy Shao Yun Martial Club? "

Chen Xiang did not say anything. He was using the Heaven tour method, letting his own consciousness wander on top of the Shao Yun Martial Club, he could clearly hear and see the things there.

#### [Chapter 670](#)

Following the strengthening of Chen Xiang's soul. When he used the Heaven tour method, he could also let his consciousness travel a little further. However, compared to Long Xueyi, it was still much weaker, and he had to spend quite a bit of mana to do so.

He looked down at the entire Shao Yun Martial Club, and very quickly saw Liao Shaoyun's gloomy face, and he returned to the dojo.

"Pass down the order, once you see Yun Xiaodao and the others, you must capture them. Moreover, you must not allow anyone else to enter." Liao Shaoyun was currently flustered and exasperated. He never thought that there would actually be someone who would use such an expensive medicinal pellet to offer him rewards, and he didn't have the same concealed skill as Chen Xiang, so he was naturally afraid.

Chen Xiang regained his senses, and said: "Liao Shaoyun should be back, and God Child Wang Shengren probably doesn't dare to leave now, he must be very angry right now, he is a dignified God Child, but unexpectedly, someone used a broken pellet to place a bounty on his head."

"He did not expect to have such a day. What dogshit god son of a bitch. Even if he is destined to become a god in the future, he is just a fart without strength right now." Xiao Chou laughed.

Chen Xiang looked at the sky. The sky was filled with thick clouds and it was already dusk.

"With such a thick layer of clouds, it will definitely be very dark tonight. It's a dark, windy night, a night to kill!" Chen Xiang said: "Let's start tonight."

There were no Nirvana Stage in the Shao Yun Martial Club, Long Xueyi had already confirmed this, but even though there were only four people on Chen Xiang's side, they were all experts, especially this Great Strength Race who had received a fortuitous encounter and had his bloodline awaken. Even Chen Xiang felt that it would take a lot of effort to defeat his disciple.

"Elder Brother Shen, does that mean you're not going to participate in the Demon Subduing Martial Arts Competition?" Yun Xiaodao asked.

"Why do you ask? I will definitely attend it!" Chen Xiang laughed.

"You killed Liao Shaoyun, they will definitely not let you sign up!" Yun Xiaodao said: "When the time comes, we won't be able to register."

Xiao Chou said: "If you don't want to, then don't want to go!"

Yun Xiaodao said: "The reward for the Anti-Demon Martial Arts Competition was a small White dragon blood Dan. It was said that Wang Shengren took it out himself, and it is now in the custody of the principal who is in charge of the Martial Arts Tournament."

The White dragon blood Dan caused Chen Xiang to be secretly shocked, he anxiously said: "Chen Xiang, this White dragon blood Dan can be used to help the white-haired beauty awaken the White Dragon Vein in her body."

Previously, Dongfang Yao had said that the God Child had a way to allow Leng Youlan to awaken his White Dragon Vein. In order for Leng Youlan to gain immense power, Chen Xiang had to get hold of the White dragon blood Dan.

"Can't you get this thing out?" Chen Xiang asked Long Xueyi: "What exactly is this thing?"

To ordinary people, the greatest use is to strengthen the physical body, but it is only useful for people with weaker physical bodies. Usually, the White dragon blood Dan would be used for humans with White Dragon Vein to consume, so for those kind of people, the greatest use is awakening of their bloodline. "" Understood.

"Furthermore, you must have the strength of an immortal to have a dragon that has been born. I cannot do that." Long Xueyi said.

Xv Weilong said: "As long as we can register, we can participate once we pass the examination. Wang Shengren had always wanted to challenge Chen Xiang, so they would definitely not stop him from registering."

Chen Xiang nodded his head: "That's right, if I am stopped, I will disguise myself and use a different name. This White dragon blood Dan must be very valuable to Wang Shengren, I will not take it."

"When the time comes, Wang Shengren will also participate. He was confident that he could get first place, which was why he was willing to take out the White dragon blood Dan as a reward. There's a good show to see now." Yun Xiaodao laughed.

At night, Chen Xiang, Yun Xiaodao, Zhu Rong and Xiao Chou were walking on the main street. At this time, Shaoyun City was still bustling with activity, and shouts could be heard from the Shao Yun Martial Club, accompanied by the shaking of the air caused by the competition.

"Liao Shaoyun is gone, he's not inside." Long Xueyi suddenly said: "Could he be hiding somewhere?"

Chen Xiang did not expect Liao Shaoyun, who had just returned, to suddenly leave.

"Whatever, I have to destroy this Shao Yun Martial Club tonight." Chen Xiang was still aggressively walking on the street, and anyone who saw him would know that he did not come with good intentions, and was even heading towards the direction of Shao Yun Martial Club.

However, most of the warriors that came to this city to participate in the Demon Subduing Martial Arts Competition recognized Yun Xiaodao and Xu Weilong, and Chen Xiang, who had disguised himself, did not.

Chen Xiang and the rest were followed by a group of people who came to watch the show, which suited Chen Xiang's intentions.

At the entrance of the Shao Yun Martial Club, Chen Xiang and the rest were stopped by two muscular men.

"What are you doing? If you want to take the position of the owner, get the hell out of here ... "

With that, Xiao Chou threw a punch towards the tightly shut door, the power of the punch was like thunder, spitting out a burst of golden light, striking the air, it created a wave of Qi undulations and shockwaves, and struck the two robust men's bodies, causing the door to immediately shatter, and the two of them flew into the dojo, their huge bodies smashing through many buildings.

This caused everyone to be shocked, because this youth's attack was not ordinary. A simple punch actually had such a strong power.

"Let's go!"

Chen Xiang shouted coldly, a sound wave rippled out from his mouth and transformed into a dragon's roar, like a raging dragon, it stirred up a powerful energy storm. The green ripples that could be seen with the naked eye, extended forward mightily. When the luxuriously decorated door touched the sonic wave, it was instantly ripped into pieces. Those who rushed out from the sound wave were all shaken as their blood surged, and they vomited blood while shouting.

This move not only shocked those who came to watch the show, but also Yun Xiaodao and the others!

The Dragon Roar was a sound wave martial art from the God level, and Chen Xiang had used three levels of power to seek death, causing such strong damage. If he used his power, then those people would have been shocked senseless, and even the people around him would be affected.

Chen Xiang walked in front, stepping on top of the shattered pieces, and then in an extremely violent manner, entered the Shao Yun Martial Club.

"You all ... What are you guys doing here? " A middle aged man rushed out with a group of people. Seeing the broken down area and the many experts of his dojo lying on the ground, he felt the ferocious aura from Chen Xiang and the others, which made him shocked.

"We are here to cause trouble, didn't Liao Shaoyun say that before? Whoever has the ability can come and smash his Shao Yun Martial Club at any time. " Yun Xiaodao laughed loudly, "Where is this idiot hiding? He would be very sorry if he couldn't see his dojo destroyed. "

Xiao Chou curled his lips and said: "Since we are here to smash the building, then let's not be so long-winded. Let me prove it, we are indeed here to smash the building!"

The Great Strength Race had always been a warlike person, his entire body was filled with violence and blood. Now that he had the chance, Xiao Chou was extremely excited, his blood boiling, he rushed in, and in that instant, a house collapsed and turned into ruins.
