

Dan God 691

[Chapter 691](#)

Wang Shengren wanted to release his Martial Spirit, which was one of the warrior's strongest moves. However, as an earth-shaking dragon's roar came out, a platinum carved white dragon flew towards Wang Shengren with its claws bared and teeth bared.

This was the move that Chen Xiang used the most of his power, the Dragon Subduing Essence. It was the stronger move from the Taiji Dragon-suppressed kungfu.

The lifelike white dragon smashed towards Wang Shengren, and all of them entered Wang Shengren's body. Wang Shengren, who was about to release his martial spirit, released a burst of crackling sounds, his clothes were torn to shreds, blood flowing out of his body, and he released a deep dragon's roar.

After the strong Dragon Power poured into Wang Shengren's body, it exploded inside his body.

Chen Xiang immediately rushed over and grabbed Wang Shengren's neck. At the same time that he searched through Wang Shengren's memories, another hand smashed into Wang Shengren's body crazily, just like how he used to deal with Tie Ming.

"What is this? This guy actually has such a powerful consciousness. No wonder he can release some power that can affect one's mind!" Chen Xiang exclaimed in his heart. When he searched through Wang Shengren's memories, he sent out a ball of golden energy.

Through Wang Shengren's memories, he found out that it was actually an incomplete divine soul!

"This is the Demon Suppressing God Soul, he can use this Demon Suppressing God Soul to sense the treasures left behind by the Devil-suppressing Heavenly Venerable, no wonder he has the confidence to find the Devil-suppressing blood in the Sacred Dan Realm!" Chen Xiang was extremely shocked.

"Devour his soul, and then destroy his sea of consciousness." Bai Youyou said.

"Chen Xiang, what are you doing? Why would your spirit appear in my sea of consciousness?" Chen Xiang suddenly heard Wang Shengren's weak voice.

"Hehe, your Devil-suppressing Divine Palace is letting me off too easily." Chen Xiang replied with his divine sense.

"You ... You want to devour my soul? How did you do it, you. "Ah ..."

Chen Xiang unleashed the Soul Absorbing Devil Spell, quickly pulling over the Devil-suppressing Divine Palace in Wang Shengren's sea of consciousness and merging it into his own soul. At the same time, he searched through Wang Shengren's memories, searching for the thing he wanted to know.

"I found it. There really is a conspiracy. So that's how it is!" After the broken Devil-suppressing Divine Palace obtained it, Chen Xiang ruthlessly struck a palm at Wang Shengren's head. He muttered: "I shall just spare your life, and let you live a life worse than death.

All of the meridians in Wang Shengren's body had been broken, and his soul's sea of consciousness had been destroyed by Chen Xiang.

Chen Xiang had obtained a lot of shocking information from Wang Shengren, and the incomplete Demon God Suppressing Soul was also slowly merging with his original divine soul. After it completely merged, his soul would become even stronger.

Wang Shengren had been kicked off Contest Ring by Chen Xiang and this almighty Son of God had now become completely crippled.

This made many of the Devil-subduing College's students present sob endlessly. They had thought that the very powerful God Child had actually fallen like this. Previously, this God Child had bragged about how he would become a God in the future, but now ... had been completely destroyed by Chen Xiang.

A few elders from the Devil-subduing College immediately ran over to help Wang Shengren up, they looked at him angrily and were ready to attack too. Although Chen Xiang did not kill him, Wang Shengren was now in a better position than death, and the future pillar of support for the Devil-subduing College was turned into a pile of mud by Chen Xiang.

"Where's the White dragon blood Dan?" Chen Xiang looked at Man Futian who was below the stage.

Man Futian did not really hate Chen Xiang, he had long known that Wang Shengren had concealed some heartless act from him. He threw a jade box to Chen Xiang and when Chen Xiang opened it, he saw a walnut-sized white pill lying inside with some red and white liquid flowing from it.

"It's true!" After Long Xueyi confirmed it, Chen Xiang kept it and walked over to Gu Dongchen. His expression was extremely solemn, because he knew of the conspiracy between Wang Shengren and the person behind the scenes.

"Return to Super Martial School!" Not only did Chen Xiang not feel happy about winning, he had a serious look on his face and he knew that there was definitely a reason behind it.

Just as Gu Dongchen was bringing Chen Xiang out of the martial arena, a burst of golden clouds suddenly floated over from the sky. A voice that carried an incomparable rage was heard: "Chen Xiang, what did you do to Wang Shengren? If you had only destroyed his body, that would have been fine, but you had also wasted his sea of consciousness and crippled his soul! "

Wang Shengren's master is called Tai Hong, he was very strong, and was originally a powerful immortal. However, he made a mistake in the Devil-suppressing Divine Palace and clashed with the higher ups of the Devil-suppressing Divine Palace, causing his strength to decline after being heavily injured, which is why he was able to come to the Mortal Martial Realm. Chen Xiang used his divine sense to tell Gu Dongchen.

Gu Dongchen frowned, although he believed what Chen Xiang said, he was suspicious of how Chen Xiang suddenly knew.

"Whatever I want to do, so be it. In any case, whatever happens during the competition, so it's already benevolent of me to spare his life." Chen Xiang answered loudly, not at all afraid of this man. When he was at Sacred Dan Realm, he had already slaughtered powerful immortals and dragons.

Gu Dongchen looked at the golden cloud in the sky and sneered: "What kind of man are you afraid of, come out if you have the guts!"

The golden cloud in the sky suddenly dispersed, and the voice did not appear again.

Chen Xiang glanced at the approaching Zuo Zhenxuan, "Elder Zuo, the Devil-subduing College is no longer controlled by the people from the Devil-suppressing Divine Palace. The one behind the scenes is Tai Hong, he has been expelled by the Devil-suppressing Divine Palace.

"I got it!" Zuo Zhenxuan replied and left quickly.

Gu Dongchen also brought Chen Xiang into the Transmission array and returned to Super Martial School. Super Martial profound Realm, Gu Dongchen's residence, secret room.

"Junior Martial Uncle, how did you know about Tai Hong?" Gu Dongchen said.

"When I was sparring with Wang Shengren, I was forced to ask about it. Of course, he used his consciousness to send me a sound transmission!" Chen Xiang sighed, "Wang Shengren and Tai Hong both have divine souls, but those divine souls are already incomplete. They were stolen from the Devil-suppressing Divine Palace."

Soul! Gu Dongchen had obviously heard of this before, so he quickly thought of something.

"What do you mean? They captured so many youths just to extract their souls and train them in them so that their damaged souls can become complete?" Gu Dongchen said with an angry face, "I must catch this guy!"

Chen Xiang nodded his head: "That's right, when they were transferring down, Tai Hong sneaked in, and used some of the resources that he had to buy off the elders of the Devil-subduing College. He hid inside the Devil-subduing College, controlled Man Futian, and did not let Man Futian contact the Devil-suppressing Divine Palace!"

[Chapter 692](#)

The person controlling the Devil-subduing College right now was actually someone who had become enemies with the Devil-suppressing Divine Palace. This kind of person was definitely not some good stuff, which made Gu Dongchen feel that it was very troublesome to deal with.

"Then why is Tai Hong colluding with the demon realm?" Gu Dongchen asked, this was also what he was most worried about, "Did they grasp a method to bring the people from the Demon Realm over?"

"They colluded with the Demon World because they wanted to use the demon tunnel to head to the Demon World when Great War between Three Realms first started. That's because there's something they want there." Chen Xiang thought back to those memories. The Devil-suppressing Heavenly Venerable had travelled through many worlds, and had actually visited both the Demon and Demon Realms. Furthermore, he had ignored the laws of any world and used his immortal strength to travel to some ordinary worlds.

And Tai Hong knew that the Devil-suppressing Heavenly Venerable had left some things behind in the Demon World, which was why he had planned to head towards that Demon Realm.

"Tai Hong stole a lot of powerful things from the Devil-suppressing Divine Palace, such as the forbidden Transmission array of the past, which is a type of Transmission array that can be used to enter the Demon and Devil Realms, but needs a lot of energy to open it."

In order to make it easier for Tai Hong to open a passage, he used the forbidden technique of teleportation to contact the people of the Demon World. He had the Demon World set up a Transmission array there, and then teleported some people here, which required a very large amount of energy to open the Transmission array, so they could only teleport two to three people every time.

What shocked Chen Xiang the most was the Devil-suppressing Heavenly Venerable's divine soul. It was because both Wang Shengren and Tai Hong both had a remnant soul, according to Wang Shengren's memories, the incomplete divine soul in the Devil-suppressing Heavenly Venerable was always placed inside the Devil-suppressing Divine Palace, and when Wang Shengren was born, the remnant soul had already broken through the layers of obstructions and merged with Wang Shengren, thus, Wang Shengren was treated as a divine child by some people in the Devil-suppressing Divine Palace.

Then, when Tai Hong took him in as his disciple, Tai Hong told Wang Shengren that his soul was only a remnant, and only after obtaining the complete soul could he be considered to be cultivating the divine way. He then used Wang Shengren himself to successfully swindle the incomplete soul left behind by the elders of the Devil-suppressing Divine Palace.

Tai Hong did not give up. He used his position as the master of the God's son to steal many things in the Devil-suppressing Divine Palace. In the end, he was caught, clashed, and escaped with heavy injuries.

Wang Shengren and Tai Hong did not know why the broken soul of the Devil-suppressing Heavenly Venerable was in the Devil-suppressing Divine Palace, but they knew where the Devil-suppressing blood and some other things that the Devil-suppressing Heavenly Venerable left behind were.

However, to travel across a world was extremely difficult. Although they knew it, they could not obtain it.

"That Forbidden Transmission array has succeeded twice, and they will be teleporting for the third time very soon. At that time, they will teleport a batch of powerful Devil Cultivator over, and their strength will increase even more." Chen Xiang had not only absorbed Wang Shengren's memories, he had also mastered and mastered the Devil-suppressing kungfu s that Wang Shengren was training in. However, Wang Shengren had only learned a little of those Devil-suppressing kungfu s.

This was the power of the Soul Absorbing Devil Spell!

Gu Dongchen slammed the table, "This bastard, he actually wants to sell the entire Mortal Martial Realm to the demon realm. Don't even think about it, we must definitely eliminate this Tai Hong, even if it means killing off the entire Devil-subduing College, we must stop them!"

Chen Xiang said: "Hurry up and gather the experts of the Alliance and discuss this matter properly. Tai Hong should already know about this matter and I think that he will soon activate the Transmission array and teleport a batch of Devil Cultivator over to stabilize his strength to prevent himself from being destroyed by you."

Gu Dongchen nodded his head, then left hurriedly. He did not expect that when the Great War between Three Realms was about to begin, the biggest problem was not the lack of unity, but the fact that someone was leading the way for the wolf, for which he had to be ruthless.

Chen Xiang returned to the Super Dan Imperial College and hid in the secret room to try to learn the Devil-suppressing kungfu. Right now, he no longer had to work hard to learn the first part of the Devil-suppressing qi array and the Devil-suppressing qi array, it was also the hardest part.

"What did the Devil-suppressing Heavenly Venerable leave behind in that demon realm?" Su Meiyao was extremely curious, all the things that the Devil-suppressing Heavenly Venerable left behind were definitely not bad.

"I don't know, Wang Shengren just knew that there was an underground palace there. Long ago, in order to create some martial arts against demons, Devil-suppressing Heavenly Venerable conducted experiments there. And he stayed there for a long time, so there should be a lot of good stuff left behind."

Chen Xiang said as he activated the Devil-suppressing qi, and then used his mind to control a few Devil-suppressing qi s, condensing them into energy threads, which then formed into a small Array. It appeared in front of his fist and slowly rotated around it.

That Wang Shengren had only learned the second level of Devil-suppressing fist, but it was already very rare. If it was an ordinary person, it would be very difficult to learn the first level.

Chen Xiang reckoned that if he did not fuse with Wang Shengren's knowledge and experience on the divine arts, he would need more than half a year to be able to master the first two parts of the demonic arts well.

"The great formation of the Devil-subduing College came from the Heaven Realm, and was made using a large scale array inside the Devil-suppressing qi array, and the Devil-subduing College also used a large number of Spar as the energy source of the array. It seems like even if a lot of experts gather their power, it will still be difficult to break through, so it's no wonder that Tai Hong is so confident."

Chen Xiang left the secret room and went into the courtyard, walking back and forth, thinking of ways to give Tai Hong a fatal blow, but Tai Hong had a very strong power now, the majority of the elders in the Devil-subduing College were all from the Heaven Realm.

"You should first integrate with the incomplete soul of the Devil-suppressing Heavenly Venerable. Once your soul becomes a little stronger, you can enter the Devil-subduing College." Long Xueyi yawned: "Although the Devil-suppressing Heavenly Venerable's soul is incomplete, after you fuse with it, you will definitely improve by a lot."

Inside Chen Xiang's mind, the Devil-suppressing Heavenly Venerable's incomplete god soul was slowly fusing with his own god soul, but to completely fuse it would take a very long time. If he were to focus on training the Nine-turn dragon god mantra, it would be much faster.

Chen Xiang immediately ran into the secret room to start his cultivation. A few days later, another method to learn Devil Subduing Method was passed down in Mortal Martial Realm, it was a very simple and easy version, but it only had the first three levels.

Although it was only the third floor, it was still able to increase one's strength by a lot. This caused the entire Mortal Martial Realm to boil, especially those warriors who could not enter the Devil-subduing College to cultivate!

All of these decisions were made after and the others discussed and discussed. The Devil Subduing Method was released by them because they wanted to make sure that the people who were running towards the Devil-subduing College with their lives on the line would turn back and be able to suppress the growth of the Devil-subduing College.

[Chapter 693](#)

If not, they would be expelled. This was a decision made by the Alliance, if they did not do this, then when they start fighting in the future, there was a high chance that they would be ambushed and attacked by their own people.

Many people were attracted by the Devil-subduing College's demonic techniques. In order to let these people know how to resist such enticement, Gu Dongchen sent more people to spread the news, saying that he would be able to learn the Devil-suppressing fist, the Devil-suppressing qi and a simple version of the Devil-suppressing qi array soon.

Because of the example of the Devil Subduing Method, many people believed that the number of students in the Devil-subduing College was decreasing. Every day, there would be people leaving, and only those who came from other worlds had no intention of leaving.

As long as the number of students in Devil-subduing College greatly decreased, Devil-subduing College would lose the resources that these students provided to them every so often.

Ten days had passed and under Chen Xiang's concentrated cultivation of the Nine-turn dragon god mantra, he had completely merged with the Devil-suppressing Heavenly Venerable's incomplete divine soul, allowing his divine soul to reach the eighth level of transformation.

Chen Xiang immediately used Heaven tour method. Currently, he was already able to distance his special consciousness from his body, and was currently wandering far away as if he was in a close proximity. He could clearly see, smell, and hear what was at that place, but it was very difficult for others to discover him.

"Little scoundrel, don't use this to peek at others bathing. If you want to do this, I will definitely stop you." Long Xueyi warned seriously.

"Little bad dragon, I've never thought of doing that. Instead, you remind me every single day, do you always use to peek at me bathing?" Chen Xiang laughed and said: "Aren't you afraid of losing your eyes?"

"Pfft, if I had seen wrong, I would have been blind long ago..."

Chen Xiang never thought that the female dragon would actually admit it so boldly. He suddenly felt that the losses were huge, Long Xueyi had seen him many times, but he had never seen Long Xueyi before.

"That's not fair. You've looked at me so many times, but I've never once looked at you!" Chen Xiang immediately shouted.

"Of course, we women can grow two beautiful rabbits." Long Xueyi laughed, "Those two eggs of yours are not good at all. Furthermore, that bird-like thing has become bigger, and it's a little scary ..."

Chen Xiang snorted: "As long as you women are comfortable, I can promise you that you will like it a lot in the future."

"Go go go ..." Don't talk about these things anymore, be careful that your Miss You You Ye will beat you up. " Su Meiyao's face was flushed red. She did not think that these two little fellows would actually talk about these things with so much vigor.

Chen Xiang curled his lips, showered, walked out of the secret room, and heard someone knocking on the door.

"Brother, quickly open the door, quickly open the door ..." The sound of him knocking on the door was louder than her, it was obvious how much she wanted to quickly see Chen Xiang.

Super Dan Imperial College was tightly wrapped up by the array formation, even if he wanted to jump in it would not be easy, but Chen Xiang was still worried that Leng Youlan would break the door.

Chen Xiang anxiously ran over, when she opened the door, she saw Leng Youlan dressed in a red dress. When she saw Chen Xiang, she hugged him like a little girl.

In front of Chen Xiang, she was no different from a little girl, but her body, her appearance, all of them exuded a familiar aura. If she were to become serious, her entire body would exude a cold and elegant aura, and would also carry the aura of a female Overlord.

"Where's Xianxian?" Chen Xiang looked outside, but he did not see Xue Xianxian.

Leng Youlan still held onto Chen Xiang tightly, not letting go, as she used her proud and straight soft front to rub against Chen Xiang's chest, instantly making Chen Xiang's blood boil.

"Big brother, I was trapped in the Time Formation for a very long time. If it wasn't for me being able to travel with you in the future, I wouldn't have gone to do this kind of bullshit to force people out of their confinement." When Leng Youlan mentioned this, her face was gloomy, her pink lips pouted, attracting love.

Chen Xiang laughed, and caressed her snow-white hair: "My good sister, it's rare for you to come here, let's talk inside!"

"Oh right, where's Xianxian? You haven't told her why you haven't come yet, so how could she let you run around alone?" Chen Xiang held Leng Youlan's jade hand and walked into a simple yet elegant, quiet bamboo building. This was Elder Dan's usual residence.

"Why can't I run around alone? Master and Senior Sister sent me here, so I went back to the Divine Weapons Heavenly Country. Master wanted to teach Senior Sister some things that would give you a headache, they seemed to be some kind of formation or formation. I can't learn these things. " Leng Youlan stuck out his tongue.

Long Xueyi laughed softly, "I also hate this stuff. If I didn't have the inheritance of knowledge, I would never have learned it even if I were beaten to death."

Even if Leng Youlan didn't come, Chen Xiang planned to ask Liu Meng'er for it, because he had just gotten the White dragon blood Dan, a thing that could help Leng Youlan awaken his White Dragon Vein.

"Little sister, what did you learn in the Time Formation?" Chen Xiang asked.

Master said that Big Brother gave it to us for us to learn, so I had to bite the bullet and go learn these complicated things. But these martial arts are really powerful, after I learned them, my strength has increased by a lot!" Su Yun said. As Leng Youlan said this, he suddenly started to burn: "Brother, let's fight!"

Looking at Leng Youlan's body that was covered with a golden Devil-suppressing qi, with his jade fists flashing with gold light, Chen Xiang's mouth started to twitch.

"You're getting more and more beautiful, Youlan. I can't even beat you up right now. I think we should skip it." Chen Xiang laughed.

Leng Youlan scoffed, "Did you think I wasn't beautiful enough when you fought me in the past?"

After saying that, she giggled. "Brother, your excuse is really bad."

"Damn girl, you've become smarter." Chen Xiang pinched her face.

"I'm not stupid. Senior Sister and I both take advantage of our weaknesses. Senior Sister has taught me many things." After Leng Youlan said this, he suddenly slammed the table and laughed.

"Youlan, what are you laughing at?" Chen Xiang asked curiously.

Leng Youlan stopped laughing: "I don't understand why when Senior Sister and Master heard about your two eggs, their faces all turned red. Wasn't it just two meat eggs? What's there to be shy about! "

Chen Xiang suddenly realised, all the women with White Dragon Vein were all virtuous men, Long Xueyi was just like that.

"You went to ask Elder Sister Meng'er?" The corner of Chen Xiang's eyes twitched. He had once told Leng Youlan to ask Elder Sister Meng'er about matters concerning men and women, but he never expected that Leng Youlan would actually ask about it.

"I did, but Master didn't say anything. He just kept scolding you with a blushing face, saying that you had taught me badly." Leng Youlan pouted.

[Chapter 694](#)

When Leng Youlan mentioned these things, even Chen Xiang couldn't help but blush, but she didn't feel anything. This made Chen Xiang unable to help but marvel at the power of White Dragon Vein.

"Brother, Senior Sister Xianxian is not here right now, let's take a bath together. Senior Sister said that you like doing these kind of things the most." Leng Youlan giggled with a face full of innocence. This caused Chen Xiang to uncontrollably suck in a breath of air, her eyes sweeping over her curvaceous and curvy body.

Chen Xiang took a few deep breaths, resisting the deadly temptation, and said: "Your senior sister doesn't say anything, I only like to bathe with my wife, you are my sister."

Leng Youlan stuck out her red tongue, and said tenderly: "Fake! Senior Sister Xianxian has taught me many things, I can tell that brother is lying!"

What surprised Chen Xiang was that the white haired beauty actually smiled charmingly, her flirtatious look made Chen Xiang speak out.

Leng Youlan smiled charmingly, "Big Brother, you aren't afraid that I will damage your two precious Eggy, right?"

"This girl is trying to tempt me!" Chen Xiang exclaimed in his heart.

"Hehe, it's like what Senior Sister Xianxian said. Brother, you can't stand my current appearance." Leng Youlan laughed.

"Damn girl, you actually dared to tease me." Chen Xiang laughed and pinched her beautiful face.

Chen Xiang took out the White dragon blood Dan, and Long Xueyi suddenly said: "After she eats it, it will take her a long time to completely digest the White dragon blood Dan's energy, she will need at least a year, so you should just let her eat inside the Time Formation."

"You Lan, this is a White dragon blood Dan. After eating it, you will have a very strong power, but you will need a very long time to refine the power. It will probably take a year." Chen Xiang's face was solemn, allowing him to listen seriously.

"Remember, this can only be eaten by you, don't give it to Xianxian, she's not suitable for eating, only you are suitable! You Lan, you must know that this world is currently filled with danger. The reason I'm doing this is to let you have a stronger strength so that you can guarantee your own safety. "

Leng Youlan nodded heavily: "Big brother, I understand. I won't let you down!"

After Leng Youlan received the White dragon blood Dan, he immediately put it away properly: "I will refine the energy inside as soon as possible, then come back to meet with big brother afterwards."

Seeing Leng Youlan being so obedient, Chen Xiang laughed in relief and caressed her snow white beautiful hair, "Wait, you will find out that you are extraordinary in the future. You Lan, you must become stronger, the heaven and earth are vast, we need to have sufficient strength to be able to go out and adventure!"

Long Xueyi said: "After her White Dragon Vein has awakened, there will also be memories left behind by her. All of us dragons will carry these memories with us, and at that time, she will know how to walk her own path!"

Leng Youlan stood up, stared at Chen Xiang and said softly: "Big bro, I'll be back to that damned Time Formation very soon. Can you kiss me ... Like I did with Senior Sister Xianxian. "

Chen Xiang's heart suddenly jumped, Leng Youlan's face suddenly had an intoxicating blush, it had a unique charm, causing Chen Xiang to be infatuated.

Leng Youlan raised his head, his blurry eyes looking even more enchanting. Chen Xiang did not expect this recognized sister, who could be rough and playful at times, to also have such a seductive and seductive side.

Chen Xiang suddenly hugged Leng Youlan and kissed the white-haired beauty's lips.

"Ugh ..."

At that time, she was very suspicious of why they would do it so often, but now she knew. It was because that strange and wonderful feeling spread to her entire body, making her feel extremely comfortable and intoxicated.

The two of them suddenly tumbled to the ground and tightly embraced each other. They madly sucked, their tongues wildly entwined together, and the two of them wished that they could merge with each other. Inside the simple and elegant little bamboo house, there was a vague and ambiguous atmosphere, as well as the faint sounds of men and women sucking each other when kissing ...

After a while of being coquettish, Leng Youlan's beautiful eyes became infatuated and intoxicated. She now completely understood why when Xue Xianxian and Chen Xiang met each other, they would always kiss like glue. Thinking about it, Leng Youlan's entire body suddenly softened, she had a kind of yearning that she had never had before. Before, she was just curious, but now, she wanted to be one with the person she loved the most, becoming one with the gods, reaching the pinnacle of happiness.

"This feeling is so beautiful!" Leng Youlan's jade face was flushed red, full of an intoxicated and happy expression. Leaning on Chen Xiang's chest, she carefully savored that feeling.

"You Lan, I'll send you to the Divine Weapons Heavenly Country!" Chen Xiang laughed and said.

"No, I'll go myself. You have to believe me, you can't look at me like a little girl anymore. Her first kiss is already gone, you can't be treated like a little girl anymore." Leng Youlan pouted his lips with a face full of stubbornness.

Chen Xiang laughed helplessly: "Alright then, you have to be careful! "I was just worried that you would attract too much attention with your white hair..."

Leng Youlan laughed and took out a conical bamboo hat. She put it on: "This way, I won't be afraid. I used to go out often myself to play, it's always like this!"

Chen Xiang sent Leng Youlan out of the city, then watched him leave before returning back to Super Dan Imperial College.

"After her White Dragon Vein has awakened, you might not be able to beat her. Our White Dragon Vein is very strong." Long Xueyi said with complete confidence.

Chen Xiang laughed: "Not necessarily."

"It's time to go to the Devil-subduing College and scout around. Maybe I can find something that other people wouldn't be able to get into, but you are actually very simple." Long Xueyi said: "With the change technique in the Seventy-two changes, your mana now should be usable."

Chen Xiang laughed: "I've been trying it out for a long time."

"Hehe, turn into a little girl and let This Dragon see." Long Xueyi laughed.

The transformation technique could change the appearance of others and could even change the size of a sound. However, it required a certain amount of Fa Li to reach a certain level.

This was a little more difficult than becoming an animal because it required a very lifelike appearance. Even the aura on one's body could be created on the condition that one could feel that aura. If one's mana was strong enough, they could model out some extremely terrifying pressure.

Chen Xiang's body flashed with white light, he had turned into an old bald man dressed simply, and this just so happened to be Wu Kaiming's appearance. If it wasn't for this Seventy-two changes technique, he would have definitely gone back to meet Wu Kaiming and see what kind of expression he would have.

In order to sneak into the Devil-subduing College, Chen Xiang had to become a student of the Devil-subduing College. Furthermore, he had the Soul Absorbing Devil Spell, so he could know the memories of others and make him better.

[Chapter 695](#)

Inside the Devil-subduing College, Chen Xiang was swaggering around with his hands behind his back. At this time, he had already become a student of the Devil-subduing College. This student was originally a disciple of a middle-level sect. Normally, he bullied the weak and feared the strong. His aptitude was considered not bad, but his luck was bad and he was targeted by Chen Xiang. After that, he was stripped naked by Chen Xiang and hung on a tree.

"This guy is really annoying. Although he has a good face, all women hide far away when they see him." As Chen Xiang walked along the road of Devil-subduing College, many people revealed extremely disgusted expressions when they saw him.

Chen Xiang's transformation technique was flawless, and now that he knew the student's memories, he pretended to be very similar. Now that he had already entered the Devil-subduing College very easily, it would be very difficult for him to pass through the formation and enter, even with a dimension door open.

After entering the Devil-subduing College, Chen Xiang quickly returned to the "he" s residence and hid inside. Using the Heaven tour method, he found Tai Hong according to her memories.

"Little Naughty Dragon, did you find that Mo Dian fellow?"

Chen Xiang had already found Tai Hong at the top of a tall tower. However, the top of the tower was protected by a powerful formation, making it impossible for him to enter, but he could hear the sounds coming from within.

I found it, that guy is heading towards the tower, he should be going to get Tai Hong.

Long Xueyi's Heaven tour method was much stronger than Chen Xiang's. It could simultaneously release many divine intents and wander around in all directions, allowing them to quickly find their target. On the other hand, Chen Xiang could only release one soul tool, which had a limited distance.

Chen Xiang patiently waited, he released that unique divine sense, and when he looked down from the sky, he could see that Mo Dian was quickly walking towards the tower, and under the tower, the guards did not stop him.

This made Chen Xiang very suspicious, because according to Wang Shengren's memories, this Mo Dian and Mo Huan had very little contact with him, but after just ten days, Mo Dian and Tai Hong seemed to be very familiar with each other. After entering the tower, the light carriage arrived at the top with extreme familiarity.

"This Tai Hong must have been hiding many things from Wang Shengren. Wang Shengren is his disciple, to be tricked by him since he was young, it is normal for him to be concealed." Bai Youyou said: "Mo Dian is surnamed Mo, as long as he is a Devil Martial Cultivators with that surname, his identity will not be low. How could he be using it as a test subject to teleport?"

"Eavesdrop carefully and see what they are talking about!" Su Meiyao said.

Chen Xiang also felt that something was amiss, he focused on listening to the voice coming from the top level of the tower.

"How are your preparations?" Seeing Mo Dian coming over, Tai Hong asked immediately.

Those fellows have formed an alliance, and Wang Shengren is now crippled by Chen Xiang. You do not have enough strength, so I'm afraid that you will be defeated by that alliance. " Mo Dian said, his tone was extremely cold.

Tai Hong laughed coldly: "The alliance is not that big of a deal. The most important things are the sects in Chen Martial Continent, the martial families, the Blue Blood Race and the martial families. I already have a way to deal with that alliance."

"Then hurry up and set off. Also, don't forget what you promised us!" Mo Dian said coldly.

"Don't worry, I won't break my promise!" After Tai Hong finished speaking, he jumped out of the window and flew in one direction. His speed was so fast that even Long Xueyi's spiritual sense could not catch a trace of him, causing him to leave.

Chen Xiang secretly clenched his teeth. From the conversation between Mo Dian and himself, he had already heard some important things, but they were not clear enough.

Mo Dian had been preparing some very important things for Tai Hong this entire time. Now, it sounded as if it would allow Tai Hong to get away with a lot of things, and Tai Hong had also promised to help Mo Dian and the others with some conditions, which would obviously be beneficial to them.

Chen Xiang had only obtained this much from their conversation. Previously, he did not know about this from Mo Huan's memories, so Mo Huan had also been hiding some things.

"Mo Dian has gone down the tower. He wants to know more clearly, there is nothing difficult about this." Long Xueyi giggled.

As long as we capture Mo Dian and use the Soul Absorbing Devil Spell to search his memories, we will know everything clearly.

After Mo Dian walked down the tower, he actually did not return to his residence, but walked out of Devil-subduing College. This made Chen Xiang secretly happy, and made it convenient for him to take action.

Who was Chen Xiang supposed to follow with the Heaven tour method? Afterwards, he set off and followed behind Mo Dian.

After exiting the Devil-subduing College, Mo Dian headed towards those cities.

"He might be heading for the Transmission array, let's do it now." Long Xueyi said, she was also extremely curious, just what kind of relationship did Mo Dian have with Tai Hong.

Chen Xiang quickly ran up and arrived at the dirt road that led him through the forest. At this moment, Mo Dian was slowly walking on it.

Chen Xiang ran so quickly, how could he not notice it, but he sensed that he was not very strong, so he was not as alert as before.

"Why are you following me?" Mo Dian bellowed, he was clearly very angry, and his eyes had already released traces of black energy.

Of course, Mo Dian couldn't see that Chen Xiang had changed into this, he knew that the person in front of him was a very annoying guy.

Chen Xiang secretly laughed in his heart, and then, intentionally asked back in an angry tone: "Who followed you? Who do you think you are? Aren't you Wang Shengren's follower? Now that he's dead, you ... "

Mo Dian was immediately enraged, and threw a punch at Chen Xiang. He came from the Demon Realm, and was a man who loved to kill, but was now looked down upon by this trash.

Chen Xiang was already prepared to fight back, seeing Mo Dian's fist that was releasing a dense and ruthless Qi, he threw a punch back, the speed of the punch was even faster than Mo Dian's.

When Mo Dian saw it, he turned pale from fright. Other than the speed of the incoming fists, they did not carry any power, but he could tell what they were, but it was too late.

"You ..." Mo Dian's arm instantly drooped down, and he looked soft, like a mudfish. His face was filled with shock. How could this kind of strange Devil Realm technique spread to here? "

Mo Dian was extremely shocked and horrified. Before this, Wang Shengren did not tell him that his arm bones had been melted by Chen Xiang, otherwise, he would have been on his guard a long time ago.

knew that those who could learn this devil art, would not be a simple person. Just as he was about to escape, he saw that Chen Xiang's eyes suddenly flashed with red light, and countless red rays of light suddenly shot over.

"Pfft ..." The Demon Eye of Permeability! " Mo Dian had given up all hope. He could feel all the meridians and bones in his body, all his internal organs were pierced by the light and he fell to the ground.

[Chapter 696](#)

Mo Dian struggled on the ground, his face full of fear and despair. He never thought that the scumbag in the Devil-subduing College would actually have two miraculous skills that would allow the major powers of the Demon World to snatch them for themselves.

"Who the hell are you?" Mo Dian roared with all his might. Anyone who had these two demon arts would be treated as a demon god in the demon realm, but now, they were in the human world.

Chen Xiang laughed out loud, and changed into his original appearance, which made Mo Dian completely dumbstruck. Not only had he never seen or even heard of this ability to change one's appearance, it had actually happened right in front of his eyes.

"Chen Xiang!" Mo Dian shouted loudly.

"Heh heh." Chen Xiang laughed, bent down and patted Mo Dian's head with a palm, and started to search through his memories.

"Soul Absorbing Devil Spell!" Mo Dian shouted out these four words with a splitting headache, then shouted with great difficulty: "You used the Soul Absorbing Devil Spell for both Wang Shengren and him, just who are you? How can you possibly understand so many Devil Realm techniques! "

"This is my secret, you already know it, so I can only kill you!" Chen Xiang retracted his hand. Although his face was currently filled with smiles, he was extremely terrified in his heart. This was because the secret alliance between Mo Dian and Mo Dian could put the entire Mortal Martial Realm in danger.

In order to prevent others from finding Mo Dian's soul using talismans like summoning spirits, Chen Xiang used Devouring magic kungfu and directly devoured Mo Dian's soul, then incinerated his flesh.

At the moment of Mo Dian's death, he even knew that Chen Xiang possessed a forbidden devil attack from one of the three great Heaven Realm s, the Devouring magic kungfu!

"What are they working together for?" Bai Youyou asked while Chen Xiang took out the Luotian Gate and opened a spatial door.

"Little Naughty Dragon, model my voice, send a message to Gu Dongchen, let him gather all the experts he can, using the fastest speed possible, and send them to the Demonic Sky Sect in Great Devil Mountains. The big thing is about to happen, it's about Tai Hong, let him pass as soon as possible, otherwise it'll be troublesome." After Chen Xiang finished speaking, he stepped through the spatial door and arrived at the Great Devil Mountains.

The last time he left here, he didn't want to come back, but this was already his third time here, and this was also the battlefield when the Great War between Three Realms erupted in the future!

"Mo Dian secretly helped Tai Hong build a Devil God Altar here. As long as it is completed, and if there is enough top-grade magic seeds, Tai Hong will be able to obtain one!" Chen Xiang's handsome face revealed a grave expression, "And those offerings are the sacrifices that Tai Hong and Wang Shengren made for the young man who was going to capture him everywhere. However, they only require the heart, the head, and the soul."

"Devil Child Sacrifice!" Su Meiyao and Bai Youyou said at the same time, their voices extremely solemn.

Bai Youyou said coldly, "These fellows, even in the demon realm, the Devil Child Sacrifice is forbidden! At the same time Tai Hong nurtured a demon seed, he could obtain the inheritance of the demon god. If is unable to get rid of the demon god that grew up within his body in the future, when the demon god becomes mature, he will be able to devour his body! "

"Who the hell is the demon god?" Chen Xiang asked, he was once wanted by the demon god order.

"There are ten famous demon gods, which are the ten great demon gods, and some who are not famous, but are strong enough, can be considered demon gods. The altar is built inside, which is intended for the demon gods who died here." Bai Youyou said, "I never thought that a devil god would die here. Looks like the Great War between Three Realms that erupted in this place back then must be very complicated."

"When the altar is built and the offerings are enough, the altar will open up. It will crazily devour the demon energy here, nurture the demon seed, and also awaken the soul of the demon god." This was what Chen Xiang had learnt from Mo Dian's memories.

Long Xueyi had already used Heaven tour method to contact Gu Dongchen, and Chen Xiang was rushing towards the altar at the fastest speed possible.

"Then, what conditions did Tai Hong agree to on the side of the Demon Realm? It's not easy to build a demon god altar, and requires a lot of precious materials from the demon realm. " Su Meiyao asked.

"After Tai Hong obtained the Demon God's inheritance, he had to give the Demon God's art to them. Furthermore, after the Great War between Three Realms begins, he had to destroy the Mortal Martial Realm's defense so that the demon realm could smoothly break through the Demon Channel and come over." Chen Xiang said angrily. Mortal Martial Realm was not Tai Hong's, of course Tai Hong did not care, in this kind of person, life was equivalent to dog fart, only his own benefits were important.

"I must stop this guy!"

Chen Xiang knew from Mo Dian's memories where the Demon God Altar was located. He had to stop Tai Hong from fusing with the demon seed as soon as possible, otherwise, it would be too late.

The Demon God Altar was built right beside the Demon and Devil Sinkhole. It was said that it was a huge trap, and when the demonic passageway opened, many demons rushed in and fell inside, leaving behind countless corpses.

Legend has it that because of the heavy death aura of the demons, it formed a power that allowed the Demon and Devil Sinkhole to go deeper into a strange world.

"It's good enough to be able to beat Tai Hong into the Demon and Devil Sinkhole, even if he fell into that place, he would probably be corroded by the intense Demonic Death Qi."

"We found that guy. Let's use the Luotian Gate. I saw a black ball floating on the altar." Long Xueyi suddenly said.

"That's a magic core, hurry up!" Bai Youyou shouted in shock.

Chen Xiang took out the Luotian Gate, and quickly turned the circle on it. He opened a spatial door, and appeared on the demon god altar that was like a small mountain.

On the altar stood an old man with a face full of sinister wrinkles. He placed his hand on the black ball floating in the air, and the old man was Tai Hong.

Your black ball is only as big as a head, its smooth surface was bare, while the surrounding demon qi crazily rushed into the demon seed, on top of the Great Devil Mountains, the black qi was enveloping, surging and churning, waves after waves of intense death qi was active, permeating the entire Hundred Thousand Mountain Range, making it seem even more terrifying and sinister.

"Chen Xiang!" Tai Hong shouted in shock, "What are you doing!"

"Stop you!" Chen Xiang also extended his hand out and pressed onto the magic seed.

"Little bastard, you're delusional enough to ruin my plans!" Tai Hong started to curse in anger, and struck his palm towards Chen Xiang's chest.

Feeling that incomparably terrifying force charging towards him, Chen Xiang thought that he was done for, but who would have thought that after that withered palm smashed onto his body, he was actually completely fine at all. He could even clearly feel that incomparably berserk palm power flowing out of his palm and into the demon seed after entering his body.

At this moment, Chen Xiang and Chen Xiang's palms were pressed against the Death Qi absorbing demon seed, both of them being firmly sucked in. Chen Xiang did not know what would happen next, but he knew that this would definitely affect Tai Hong's absorption of the demon seed.

[Chapter 697](#)

Tai Hong was shocked, he could also feel his own palm energy flowing into the demon seed, and at the moment, his heart was raging, but he could not do anything about it.

"You are courting death for doing this. I have a way to get rid of the demon god's influence in the future, but you can't. Once the demon god chooses you, you are dead!" Tai Hong bellowed.

"Not necessarily!"

With the Devil-suppressing Golden Body, he believed that he would definitely be able to restrain the Demon God Souls. Right now, he could clearly feel the terrifying power contained within the Demon Seed, if he let Tai Hong obtain it, it would undoubtedly be a disaster for the Mortal Martial Realm. He had to stop it, he could now delay time and wait for Gu Dongchen and the others to come.

"Don't even think about fighting with me, go die!" Tai Hong's old face became even more sinister and terrifying, his withered hand crazily smashed against Chen Xiang's body.

Chen Xiang also didn't know what kind of power Tai Hong used, but it actually hurt him, and made him feel threatened. He also retaliated, blocking that skinny veteran's attack.

"Hmph, you're still young, you're just a mortal!" Tai Hong's palm's speed was incredibly fast, and he could even avoid Chen Xiang's block, accurately hitting him where his life depended on it.

At this time, Chen Xiang was also not able to use the Innate Qi, his strength had been greatly reduced, but the power Tai Hong was using was actually very, very strong, and was still increasing bit by bit. At this moment, he was already vomiting blood due to the attack, but fortunately, he had fused with his

White Dragon Vein, so although his body suffered heavy injuries time and time again, he was able to recover quickly, and at the same time, it was equivalent to tempering his body.

"Difficult bastard, yet you're still not dead!" Tai Hong was furious, he scolded him angrily and his punches became even more vicious, but Chen Xiang was still able to stand there with her eyes wide open, looking at him with a gaze full of ridicule.

Both of their palms were sucked into the magic seed. Their powerful energies could not be used, so they could only wait, waiting for the magic seed to make its choice.

"Chen Xiang, quickly try to see if you can sense Tai Hong's mind consciousness through the magic core." Bai Youyou asked anxiously: "If possible, use the Devouring magic kungfu to swallow that incomplete Earth Demon God Soul!"

Chen Xiang, who was being brutally ravaged by Tai Hong, immediately released his strongest divine sense. What made him surprised was that he really felt it, and could even feel the power from Tai Hong's body.

"Old man, thank you so much, haha ..." Chen Xiang suddenly laughed out loud and activated the Devouring magic kungfu. This confused Tai Hong, but he quickly understood what was going on.

"Little bastard, what are you doing to me!" Tai Hong said in shock. His current expression was the same as everyone else's, filled with the same unending fear.

"What do you think?"

laughed crazily. He had tasted the sweetness of the incomplete Demon God's Soul, and now that he was able to absorb another drop, it made him extremely excited. He knew that the strength of his soul could bring him a lot of benefits, but the soul was very difficult to cultivate, so after devouring the incomplete Demon God's Soul, it was able to cause his soul to advance by leaps and bounds.

"Are you devouring my soul? Is this the Soul Absorbing Devil Spell or the Devouring magic kungfu?" Tai Hong's face was filled with shock. He suddenly understood why Chen Xiang destroyed Wang Shengren's soul and sea of consciousness. It was to prevent him from finding out that the incomplete Demon God's Soul had been devoured.

"Old fart, you really know a lot. You really know a lot about the demon realm!" Chen Xiang smiled. He was smiling very happily at the moment, but Tai Hong was so angry that he wanted to cry.

"I didn't expect you to use this method to find out about my plan. No wonder it was destroyed again and again. How do you know all these devil arts?" Even those with the surnames of the top five devils in the Devil Realm are bitterly searching for this lost, mysterious skill. " At the same time, he was also extremely curious. As long as it was someone who had grown up in the Demon World, they would be curious even if they had a slight understanding of the magical techniques of the Demon Realm.

"I won't tell you, haha ..." Chen Xiang laughed, and attacked Tai Hong mercilessly.

"Don't get cocky too early!" Tai Hong suddenly roared out, that strand of the Demon Suppressing God Soul was already swallowed by Chen Xiang, he was currently furious, and wished that he could die together with Chen Xiang, but he was also unwilling, because the demon seed was right in front of him,

so even if he did not have the Demon Suppressing God Soul, as long as he could obtain the demon seed, he would be able to rise up once again.

But Chen Xiang was in the way, if the demon seed chose Chen Xiang, then all his previous work would have been for naught.

If he wanted to obtain a demon seed, he had to kill Chen Xiang!

With the situation, Tai Hong could not care so much. A sharp blade suddenly appeared on his other hand, he quickly slashed at his arm, and cut off the arm that was being sucked into the demon seed.

After he chopped off his arm, he could immediately control his own powerful strength.

"Haha ..." "You little bastard, you're dead for sure!" Tai Hong laughed sinisterly, and struck him with his palm.

In shock, Chen Xiang reacted quickly and used the magic core to block it. Although Tai Hong's palm strike could do great damage, but after hitting the magic core, it disappeared without a trace.

Tai Hong was shocked, because he knew that if he did not kill Chen Xiang quickly, the demon seed would be taken away by Chen Xiang.

"Quick, quickly kill this little bastard!" Tai Hong suddenly roared out, only to see that in the distance, there were 10 elders rushing over. Chen Xiang turned to look, it was actually the elders of Devil-subduing College.

Being surrounded and attacked by these ten Rankers who had passed through the eighth tribulation of Nirvana Stage, the consequences could be imagined.

"Old Turtle, even if I die, I won't let you obtain the magic seed!" Chen Xiang laughed out loud, and the magic seed started to shrink bit by bit. This made Tai Hong furious, because the magic seed was being absorbed by Chen Xiang.

"I can't let you get the magic core! This is my hard work!" Tai Hong struck out with his palm, but Chen Xiang dodged in a hurry and jumped to a certain spot.

"Die!" Tai Hong's palm, as if growing eyes, followed along with Chen Xiang's incomparably terrifying palm strike.

After Chen Xiang's body was struck by the strong palm force, he flew out and landed on top of the Demon and Devil Sinkhole.

"Crap!" Tai Hong thought and quickly flew over.

"Chen Xiang!" Suddenly, a few loud hissing sounds came from the distance, some were from Liu Meng'er, Gu Dongchen and some other big shots from other forces.

They had rushed over, but Chen Xiang had fallen into the Demon and Devil Sinkhole, and was even beaten down by Tai Hong.

Her jade-like face was filled with anger and grief as she struck out with her palm from afar. Gu Dongchen, Wu Kaiming, Lian Yingxiao and the other experts also attacked at the same time.

An earth-shattering force instantly destroyed the altar of the Demon God. It struck Tai Hong and caused him to violently spit out a mouthful of blood. However, the remaining force was absorbed by the Demon and Devil Sinkhole.

[Chapter 698](#)

Standing at the side, they could feel the terrifying power of the Demon and Devil Sinkhole. The devouring power below was like a monster with its mouth wide open, waiting for them to jump down.

If it wasn't for Gu Dongchen stopping her, Liu Meng'er would have already jumped down as well. Right now, she only had incomparable rage and grief in her heart.

Gu Dongchen had brought around fifty to sixty people, most of them were the big shots of the small continents surrounding Chen Martial Continent, they were all continents in the Eastern Ocean. Originally, they all joined the Sacred Light Religious Sect, but later the Sacred Light Religious Sect disintegrated.

Although Chen Xiang had been defeated, Tai Hong was still not satisfied. This was because the magic core was also taken down by Chen Xiang, so the terrifying power of the Demon and Devil Sinkhole, as long as he stood at the side, could be clearly felt. The great power released by Gu Dongchen and the other experts had all been devoured by the Demon and Devil Sinkhole.

Gu Dongchen's face suddenly became gloomy, because a few black-robed men suddenly came over, their bodies released a very strong demonic aura, one could tell that they were strong experts in the Demon World. The fact that Tai Hong had colluded with the Demon World was proof of that.

"What Chen Xiang said is true. You really were annihilated by the Demon World in a sorry state." Gu Dongchen said angrily.

On the way here, Gu Dongchen had told everyone most of what had happened. They were very surprised to hear about it, but now they had received confirmation.

"Hmph, Chen Xiang this bastard, messed up my plans, you all still won't be able to escape today." Behind him were ten elders from the Devil-subduing College and thirty strong Devil Cultivator from the Demon Realm. From the looks of it, they were much stronger than Gu Dongchen and the others.

"What's the point of all this nonsense?" At this time, Liu Meng'er only wanted to tear Tai Hong into pieces. Although her heart was full of anger, the aura she was releasing right now was incomparably cold, as if she was in an environment of ice and snow.

A gust of cold wind blew over, causing Tai Hong and the others to feel a bone-piercing coldness. They shuddered at the sight.

Tai Hong suddenly laughed sinisterly: "Hahaha ... Can you win us? We have more people than you who have just crossed the Nirvana tribulation, and most of them are experts in the Demon World. You should know that there is no shortage of experts of this level in the Demon World. "

Other than the stronger Chen Martial Continent, the rest of you are nothing more than small fries in our eyes. Are you really going to put your life on the line for a little brat who has already been shattered to pieces?

These words were said by those who followed Gu Dongchen, but as for those who were weaker, they heard it and started to consider whether or not to attack. If they fought with Tai Hong and the others, they would definitely die.

Liu Meng'er had calmed down, she had already seen the situation clearly, Tai Hong's overall strength was indeed stronger than them.

"It's too late for you to leave now. You can only rely on us, or else you'll all die. Haha ..." Tai Hong's sinister laughter reverberated within the frigid wind of the Great Devil Mountains, causing one's hair to stand on end.

"I am sorry, Leader Gu ..." An old man behind Gu Dongchen suddenly said. Then with a leap, he actually went over to Tai Hong's side, and at the same time, many of the big shots behind Gu Dongchen and the others also flew over to his side.

This caused Gu Dongchen and the others to be so angry that they trembled. What made them gratified was that the strong warriors of the Chen Martial Continent did not cower, as he should have thought of this long ago.

On Gu Dongchen's side, there were only Wu Kaiming, Liu Meng'er, Lian Yingxiao, True Martial School's Tang Yichao, Proud Sword Sect's Yue Jianglin, Dan Fragrance Pure Land's Elder Yun Yan, and the new Leader, Guo Huangxiong.

Although True Martial School, Beast Martial School, and the others had been enemies with the Super Martial School before, they still chose to reconcile with the Super Martial School. After going through the crisis in the Great War between Three Realms, they would talk about other things, but now that they were on the same side, their relationship would become even better.

"Haha, I knew that your alliance wouldn't become that big of a deal. Fighting with your fist is your true ability, so I'm not worried about this lousy alliance at all." Tai Hong laughed.

"Hmph. You lowly bastards actually went back on your words at such a crucial time. You have violated the alliance. Just you wait to be punished." Lian Yingxiao coldly snorted.

"If you die, who knows if they will break the agreement? Haha, I will let them continue to stay in the Alliance. I will let them continue to go back on their word at critical moments, and destroy your dogshit alliance." Tai Hong laughed out crazily.

"You don't have that chance!" A clear and bright voice sounded, causing Gu Dongchen and the others to be overjoyed.

The people who came were indeed Blue Mountain, strong practitioners from the Huang Jintian era, and he had even rushed over with a few big shots.

"I never thought that the Devil-subduing College would be led by such a fellow. Fortunately, we were on our guard long ago." A blue light shot over and an old man wearing a blue robe stood beside Gu Dongchen. This old man was the patriarch of the Blue Blood Race, Lan Kun.

This was closely followed by a tall and sturdy middle-aged baldy who radiated an imposing aura as he descended from the sky. When he landed, the earth abruptly shook. This was the Martial House Master of the Wu Manor, Wu Shao!

Tai Hong frowned, his expression extremely solemn. Although there were not many people here, he knew the strength of these people, if they were to fight, even if they won, it would be a miserable victory.

"Sure enough, you are colluding with the demon realm. Even if I have to risk my life, I can't let you go today." Wu Shao's voice was like thunder as he roared.

They were all the most powerful warriors in the Mortal Martial Realm, and also the powerhouses of a great power. They had the responsibility to protect their own land and their own tribesmen, so they could not let the Demon and Devil Realms rule this world.

"In that case, we have nothing else to say. My friends in the demon realm, these fellows will be the greatest hindrances to your future rule over this place. There is no need to show any mercy." Tai Hong said in a serious tone.

Liu Meng'er shouted out, and a burst of cold wind blew over. Tai Hong and the rest suddenly felt their bodies becoming stiff, and at that moment, Gu Dongchen and the rest flew out too!

A great battle between experts was about to erupt. The Great Devil Mountains reverberated with rumbling sounds and waves of violent tremors.

The black aura above Great Devil Mountains became even more turbulent, and in the middle of the bottomless Demon and Devil Sinkhole floated a man carrying a black ball.

Although he was torn apart by a powerful force, in the end, the profoundwu diamond armour still protected him, causing him to fall into the quiet and pitch black sky ditch, and he was still slowly falling.

[Chapter 699](#)

Chen Xiang didn't know why he was able to float in the air and slowly descend. Although his body was severely injured, the power of the Yulong blood in his body was quickly recovering under the strange energy that was being released.

"This damned magic core, how exactly do I get rid of it? I don't want it to be possessed by a demon god!" Chen Xiang's hand was still stuck onto the black ball-like magic core. Originally, Tai Hong's arm was also on it, but it was sucked in by the magic core.

"Try using the Devil-suppressing qi? You have the Devil-suppressing Golden Body, even if you were to be possessed, you should be fine, right?" Long Xueyi said.

"No way!" Chen Xiang released the Devil-suppressing qi, but he was immediately engulfed: "I do have a Devil-suppressing Golden Body, but I feel that if I fuse with this demon seed, it will be extremely harmful to me. Although it can bring me a very powerful energy, in the near future, I will become a puppet of that dog shit Demon God, and I still need to give birth to him."

"Damn it, I must get rid of this thing. It seems like I can only cut off my arm." Chen Xiang said as he took out a blade.

"Don't, the magic seed will create a powerful suction force. If you cut off your arm, it will continue to stick to your body until it blends with you. After the magic seed selects you, it will be very difficult to escape." Bai Youyou said anxiously: "Moreover, this place is very dangerous."

"Sister You You You, I don't want to be possessed by that stinking demon god." Chen Xiang said, he waved his blade, regardless of whether it was possible or not, he still wanted to try.

"Wait, the reason why this magic seed has such a special power is because it contains a large amount of Demonic Death Qi. Try to continuously release the Devil-suppressing qi and use it to purify this magic seed." At this time, she was also extremely worried for Chen Xiang. She was the one who got the best understanding of magic seeds from the demon realm.

Chen Xiang kept his blade and urged out a large amount of Devil-suppressing qi s, allowing the demon seed to absorb. After attempting for a while, the pitch black demon seed was suddenly covered with a layer of white light.

"This is too slow, but to be able to prevent the magic from invading my body, based on the speed of purification, it would take at least a hundred years. This magic seed contains too much evil death energy." Chen Xiang said.

"Now that the situation is better, we can slowly think of a solution!" Bai Youyou heaved a sigh of relief, she knew very clearly that if he was absorbed by the demon seed, then he would be in big trouble in the future.

"Sister You You, where will I fall? This Demon and Devil Sinkhole is terrifying indeed, if I did not have a profoundwu diamond armour, I would have been torn to shreds long ago." Chen Xiang recalled how terrifying that strong power was when it fell.

This place was as terrifying as the core of the earth, it could kill at any time, and right now, he was also in an environment that could tear people apart. He guessed that this was the power that made him float.

"I don't know, but it seems like you will continue to fall. The environment here is very bad, so there shouldn't be anything powerful here. If there is, it will be torn to shreds." Bai Youyou was currently thinking of a way to let Chen Xiang escape from the demon seed.

"Let me use the Seventy-two changes to see if I can break away from this thing." Chen Xiang had an idea.

It's best not to try, when you change, the structure of your body will undergo a change, which is also the most fragile time, and the surroundings are filled with a strange energy, maybe you will be squeezed or torn, and even your soul will be affected, but once you fuse with the Yulong blood, you will not die, but that feeling will not be good. Long Xueyi's words made Chen Xiang dispel that thought.

"How about this, little scoundrel, while fusing with the Demon Suppressing God Soul that you just obtained, you will also be combining the eleventh level of the Devil Subduing Method. Senior Sister and I feel that the eleventh level of the Devil Subduing Method will allow you to obtain an even more powerful Demon Suppressing Power, when the time comes, you should be able to quickly purify the Demon Seed." Su Meiyao said slowly.

"Looks like this is the only way. I must not fall into that damned place, Little Naughty Dragon, you use the Heaven tour method to go down there and take a look." Chen Xiang's surroundings were pitch-black, and only the black ball in his palm was emitting a weak white light.

"This won't do, once I release my divine sense, it will shatter." Long Xueyi sighed helplessly.

Chen Xiang laughed bitterly and began to concentrate on channeling the Nine-turn dragon god mantra, cultivating his soul, which could accelerate the absorption of the incomplete soul that he devoured from Tai Hong.

It was very quiet below Demon and Devil Sinkhole, but the fight above was in full swing. It was like the end of the world, Chen Xiang had no idea what was happening above.

After Gu Dongchen's group fought with Tai Hong, the two sides were evenly matched. Although Tai Hong's side had a lot of people, but those who suddenly went overboard were not very strong, and did not have much of an impact.

As for Gu Dongchen and the others, most of them were powerful experts with profound martial arts.

"Haha ..." I was wondering why it was so lively here, but it was actually you guys who started the fight! " A laughter that sounded like thunder came from the distance. If one were to watch the battle between Chen Xiang and his opponent that day, they would all know that the voice belonged to the new Hall Master of the Fire Divine Palace, Han Lie.

Fire Divine Palace actually came, causing Gu Dongchen, Tai Hong and the others to be extremely shocked. If they were to fight to the point where both of them were injured, it would be very dangerous for Fire Divine Palace to come here to pick up items.

"Don't worry, I'm just here to take a look and not interfere!" Haha... You guys continue! " A tall old man, whose entire body was burning with raging flames, was standing on a high mountain that was about to collapse as he laughed and said.

Han Lie came alone, so he understood this person very well. Although Han Lie was a person from the Fire Divine Palace, his strength was not bad, and he got his own Fire Soul, but in order to prevent being robbed by the Fire Divine Palace, he chose to rely on the Fire Divine Palace. Thus, Han Lie felt disgusted towards the Fire Divine Palace.

The battle continued for 10 days and 10 nights straight. The surprising thing was that the surrounding area of the Demon and Devil Sinkhole was not destroyed, because no matter how strong the tremors were, no matter how much power one had, as long as they got close to the Demon and Devil Sinkhole, they would be engulfed.

Just as the group of experts were fighting with each other, the previously calm Demon and Devil Sinkhole suddenly started to shake violently. Everyone felt a cold wind rush out from the huge hole and engulf the entire Sky Cavern, causing them to feel a chill all over their body.

"Oh no, it's a Magical corruption gas! This is an Archaic devilish poison!" One of the Demon Realm Rankers' expression changed greatly. His face was filled with fear, and he did not even bother fighting anymore. He just sat down with his legs crossed, circulating his martial arts to defend against the poisonous gas that was invading his body.

Chapter 700

"If I don't quickly defend against this poison, my entire body will rot, just like a dead person's body will rot." The other powerful Devil Cultivator was also shocked as he tried to use his cultivation to expel the poison.

The other powerful Devil Cultivators all had fear written all over their faces. They had powerful strength now, but they were extremely afraid of this kind of Magical corruption gas. As long as they weren't stupid, they could tell that this Magical corruption gas was very powerful.

Tai Hong glared at Gu Dongchen and the others, and snorted. "If you want to die, just come here." After he finished speaking, that Magical corruption gas from the Infernal Realm.

At this moment, a few giants from the smaller continents also let out a mournful cry. Their bodies suddenly rotted, their clothes and skin melding together, their bodies covered in black rotten flesh, making one's scalp tingle.

Gu Dongchen and the others were also extremely shocked, they anxiously used their cultivation to expel the poison, because the cool wind that was being exhaled by the Demon and Devil Sinkhole was the Magical corruption gas.

Even Han Lie who was watching from the distance had a face full of death. He originally thought he was lucky, but he never expected himself to be so unlucky to actually encounter this kind of Super Old poison.

The Magical corruption gas is getting heavier and heavier. If you guys were to take action now, it would be equivalent to killing yourselves. You should be clear by now, if you attack us, you will definitely be drilled into by the Magical corruption gas. A Demon Realm Ranker looked at the corpses not far away that were covered in black flesh.

The giants of the small continents were all warriors who had gone through five Nirvana Tribulations and six Tribulations. However, it had only lasted for a short while and it had turned out like this, causing everyone to fall into deep fear.

In order to avoid being suddenly attacked by the enemy, Gu Dongchen and the rest of Tai Hong's side activated their Qi to resist the poison aura as they retreated, they hoped to leave this place that was shrouded in Magical corruption gas.

However, they never expected that when they were three hundred feet away from the Sky Cavern, the Magical corruption gas would suddenly form a Qi barrier, covering an area of one hundred and fifty feet around the Sky Cavern, and start spinning crazily, causing the Magical corruption gas to be trapped inside the Qi barrier forever.

"Ahh ..." A person fell onto the ground, it was actually the unlucky fellow who was watching from the side. Han Lie, he was actually sucked in.

This caused the crowd, who were always enveloped in fear, to laugh in their hearts.

Who told you to be so bored as to come watch the show?

All of the experts were already trapped by the Sky Cavern, in order to avoid the opponent suddenly having the power to attack them, they tried their best to avoid the opponent, and no one dared to use their power, or else, once the Magical corruption gas found a gap, it would drill into their bodies, turning them into a pair of black rotten flesh, no one wanted to end up like that.

They could only wait for the Magical corruption gas to retreat.

"We should not be fighting near the Demon and Devil Sinkhole. This Demon and Devil Sinkhole has accumulated so much death aura, and it was probably affected by the sound of the battle, that's why it suddenly erupted."

Tai Hong sighed helplessly. He was really unlucky, not only did his plan for the demon seed fail, he had to be trapped here in the end. Although Chen Xiang had already been beaten to the Demon and Devil Sinkhole and could not live on, he still hated Chen Xiang to the bones.

When Chen Xiang was in the Demon and Devil Sinkhole, while he was fusing the incomplete soul that he had just obtained, he suddenly felt a cool breeze blowing at him, waking him up.

"What is this?" Chen Xiang exclaimed.

"Magical corruption gas!" Bai Youyou cried out in alarm, her cold voice carrying deep fear: "A type of Super Old poison that can make people rot, it's the form of gas. My sister entered the city since she was young, I say, this poison has the most destructive power in the demon realm, the moment this poison appears, a large number of people will die. Even powerful experts will rot and die from being struck by the Magical corruption gas."

"Not only can it cause one's body to rot, it can also cause one's soul to scatter." Bai Youyou suddenly heaved a sigh of relief, "Fortunately you cultivated the Devil-suppressing Golden Body, otherwise you would have died a long time ago. Even if it was a demon god from a high level demon realm, they would also die after being attacked by a concentrated group of Magical corruption gas. This kind of thing is the same as your God-eclipse powder."

Chen Xiang rejoiced in his heart, the Immortal-poisoning Devil Forest that he was in Sacred Dan Realm previously, was also fine.

"No wonder the Devil-suppressing Heavenly Venerable is so powerful, and is viewed as the nemesis of all demon gods!" Bai Youyou couldn't help but exclaim in admiration. For a guy with such weak strength to be able to survive in a place where many powerful devils or immortals couldn't even survive, it was all because they had cultivated the Devil-suppressing Golden Body.

"Sister You You, are those demon gods gods? What altars, they are really powerful! " Chen Xiang looked at the demon seed that was tightly stuck on his palm.

"Of course they aren't real gods. True Gods are all above the supreme worlds that surpass the Heaven Realm. Theoretically, those worlds exist." Bai Youyou thought for a moment, then continued, "Those demon gods, they are all Devil Cultivator s with the highest strength who have lived in the Demon World for a long time. Moreover, the things they do, are sought after by the majority of the Devil Cultivator, and they are titled as demon gods.

Su Meiyao laughed, "There aren't many beautiful and kind experts like Senior Sister in the Demon World. But since ancient times, only one Demon God with the surname Bai has ever been bestowed the title of Demon God after doing something good."

Bai Youyou sighed lightly, "But right now, the Bai clan in the Demon World is already beginning to decline. I wonder how many of the disciples of the Bai clan are able to comply with the teachings of the White Clan's devil god back then."

Chen Xiang had always wondered why Bai Youyou was different from the majority of the Demon Realm's Devil Cultivator. Now, he finally understood that this was actually due to the bloodline, but now, it seemed that this race, which had good blood in them, was about to fall.

It was already good that he could last so long in such an environment.

Ten days had passed, and Chen Xiang had already successfully merged with his incomplete God Soul. At this time, he had already passed the stage where his God Soul had evolved, and reached the mature stage.

Two extremely weak and incomplete strands of the divine soul had allowed his soul to advance by leaps and bounds. If it were a complete Devil-suppressing Heavenly Venerable divine soul, he wouldn't dare to imagine it.

"I reckon that the Devil-suppressing Heavenly Venerable intentionally gave this to someone with the potential to cultivate. That Wang Shengren already had potential in the first place, but was used by a guy like Tai Hong, causing him to walk the evil path, and in the end, let me take advantage of him!" Chen Xiang chuckled, "I am an upright person who cultivates the gods, and I even received so many benefits from Suppressing Demon Heaven. I definitely won't disappoint Devil-suppressing Heavenly Venerable."

Chen Xiang also thought that it was very strange. Ever since he started cultivating the Devil-suppressing kungfu and refined the Devil-suppressing Golden Body, the things that were closely related to the Devil-suppressing Heavenly Venerable were always obtained by him one after another. It was also because of this reason that he was able to keep his life in danger.

Around Demon and Devil Sinkhole, the experts were still the same. Ten days had passed, and the Magical corruption gas still had not retreated. They could only wait patiently.
