

## Dan God 701

### [Chapter 701](#)

When Chen Xiang was at the bottom of the Demon and Devil Sinkhole, he had no idea what was happening above. All he wanted to do now was to quickly cultivate to the eleventh layer of the Devil Subduing Method, so that he could use an even more powerful devilish suppressing force to purify the magic seed that was stuck on his palm.

Devil Subduing Method was a very complicated martial arts technique, and inside those martial arts techniques, a few words contained a lot of information, and after combining, it would become even more difficult to understand, and now Chen Xiang had to arrange all of the mantras from the first layer to the tenth layer from new. As long as they were arranged well, and cultivated smoothly, then he would be able to cultivate the Devil Subduing Method to the Great Perfection Stage.

This was a very difficult task. After all, there were many mantras in the heart, and right now, it was equivalent to disassembling all of these mantras in order and arranging them once more. And after arranging them, one could practice without making a mistake and be able to unleash an even stronger power.

Currently, Chen Xiang was just like playing with a jigsaw puzzle. The hardest part was that he did not know what the original appearance of the jigsaw puzzle was, he could only judge the connection between each section of the chant based on his understanding of the Devil-suppressing kungfu and his experience in cultivating multiple divine arts before combining them.

If he did not have this kind of solid foundation, he would not be able to see the eleventh layer of the Devil Subduing Method, which was also the Great Perfection Stage. Chen Xiang guessed that the eleventh layer was the hardest to cultivate, otherwise the Devil-suppressing Heavenly Venerable would not use this kind of method to hide himself so well.

's soul had already reached the mature stage, which allowed his mind to work even faster. In this way, his progress would be even faster, and if he were to use the Foreseeing Alchemy to refine pills, it would definitely be even easier. This was also the reason why Alchemist had such high requirements for spiritual sense.

Chen Xiang slowly descended, and his surroundings became pitch-black. This also made it difficult for him to feel that he was descending, and as time passed, he was nearing the completion of the eleventh floor, but it had already been three months.

Those Rankers around the Demon and Devil Sinkhole continued to sit where they were, guarding against those terrifying Magical corruption gas s that tried to invade their bodies. In this period of time, an old man who was slightly negligent, was pierced by the Magical corruption gas into his body and turned into a pair of purplish black rotten flesh. This made the experts even more wary of him.

Once they were careless, it would only take an instant to kill them!

What made them feel helpless was that the Magical corruption gas s were lingering, forming a huge barrier, enveloping the surroundings of the Demon and Devil Sinkhole, spinning frantically, constantly pulling at the Magical corruption gas beneath the Demon and Devil Sinkhole, causing it to become

denser and denser. Although the Magical corruption gas was transparent and tasteless, they could clearly feel it, and it was just a gust of chilly wind.

"There's really a lot of these Magical corruption gas. How many demon corpses down there are able to form such a terrifying Magical corruption gas?" Chen Xiang exclaimed.

"Looks like the experience of Great War between Three Realms last time was definitely extraordinary. He wouldn't have formed this kind of Demon and Devil Sinkhole, and Mortal Martial Realm wouldn't have lost so many martial arts and alchemy civilizations as well. That time, it must have been a very heavy loss." Bai Youyou said: "My sister has researched Magical corruption gas for many years, so it wasn't easy to form it. She took many years and painstaking effort to gather only a little bit."

Bai Youyou's sister, Bai Ziqian! Chen Xiang thought back to the violent and enchanting venomous beauty, and a smile rose on his face. He clearly remembered the time when he ruthlessly grabbed Bai Ziqian's firm and rich chest, and the Devil Scorpion Princess that was covered in poison, was something only a man like him, who possessed the Devil-suppressing Golden Body, could submit to.

Bai Youyou, the originally cold and heartless princess, had already been half-melted by him. He felt that the Devil Scorpion Princess would be detoxified by him sooner or later.

"This Magical corruption gas is so powerful, should I collect some?" Chen Xiang's eyes lit up. This thing was as powerful as God-eclipse powder, and it was ready-made.

"It's very difficult to collect. There are no good containers to store them in." Bai Youyou also felt that it was a pity. Back then, after her sister searched bitterly for a long time, she finally found a trace of it.

"Back then, my sister spent a lot of time searching for a container that could hold Magical corruption gas ..."

Chen Xiang laughed out loud: "Sister You You You, I am the best container in the world, if not for this damn magic core entangling me, I would absorb a large amount of Magical corruption gas and condense them into Zhenyuan granule, keep them in my dantian, and release them when I need them, haha ... I am invincible! "

"You have to be careful when using it. This Magical corruption gas is also a taboo poison in the Demon World, just like the God-eclipse powder. Once it is discovered, your portrait will be posted all over the three great Heaven Realm s!" Bai Youyou said.

The Three Great Heaven Realm s were the Demon World, Demon World, and the Higher Realm of the Mortal Realm. The Mortal Realm was also called the Immortal World, but because the Immortal World was the strongest, it was generally called Heaven Realm.

Chen Xiang suddenly said emotionally: "I'm about to finish it, I'm about to reach the great circle of Devil Subduing Method, I'll soon finish it!"

In his mind, the new arrangement of the Devil Subduing Method's heart chant seemed to be emitting a golden light. When all the new order of the heart chant was completed, something unexpected happened.

At this moment, he had the same feeling as when he first started cultivating in the Devil-suppressing kungfu. After completing the new ranking, he had actually comprehended the eleventh level, and did not need to cultivate according to those mental cultivation methods!

There were many people who had learned the heart chant for the Devil-suppressing kungfu, but very few people had cultivated it. Back then, when Chen Xiang memorized the chant from the Devil Suppressing Sky Monument, he had foolishly learned it, and today, the same was true for the Great Perfection of the Devil Subduing Method!

Chen Xiang's entire body emitted a kind of sacred silver white light, the clothes on his body suddenly became ashes. A new set of silver white luxurious clothes appeared on his body, causing him to look noble and filled with a kind of intimidating aura, as though all the demons in the world were unable to even raise their heads in front of him.

"Devil-suppressing holy power... After completing the great perfection of the Devil Subduing Method, you actually fused it into the Devil-suppressing kungfu, allowing it to evolve into a Devil-suppressing holy power. If you do not cultivate to the Devil-suppressing Golden Body, you will not be able to cultivate to this stage without the help of Devil-suppressing blood. Chen Xiang's eyes flashed with a sacred silver white glow. At this moment, he was like a god who specialized in defeating demons.

"Heh heh, now you know how to be afraid of this loathsome thing?" Chen Xiang's arm shook, he activated Devil-suppressing holy power and allowed it to flow into the magic seed, only to see the originally black magic seed suddenly becoming pure white.

In just an instant, it had been completely purified, and it was a lot smaller as well. But that was actually an incomparably pure energy, and as he channeled the Devouring magic kungfu, he directly devoured it into his body. He then activated the Fire Dan Tian to refine it, and then used the Taiji Dragon-suppressed kungfu to compress the refined energy into a Zhenyuan granule.

## [Chapter 702](#)

The purged magic core contained a huge amount of energy, which made Chen Xiang extremely happy. He was frantically absorbing it, as this would allow his cultivation to increase by a step.

After he cultivated the Devil Subduing Method to the great perfection stage, the Devil-suppressing holy power in his body was able to remove the demonic energy, causing him to no longer be torn apart or squeezed by the energies in the Demon and Devil Sinkhole, and thus causing him to plummet down.

The Demon and Devil Sinkhole was very deep, Chen Xiang suspected that the strong demon and evil energy had already formed a spatial tunnel below them that led to other worlds.

"It's best if you don't go, otherwise you won't be able to come back." Bai Youyou saw that Chen Xiang had suddenly fallen, and anxiously shouted. She did not want Chen Xiang to go to a place like the Demon World right now, even though it was a low level Demon World, it was still extremely dangerous for Chen Xiang.

After getting rid of the magic seed, Chen Xiang moved freely, he immediately used his mana to levitate his body, and did not continue to descend. After he completely absorbed the purified magic seed, he would consider other things.

The impurities have already been cleansed, and the remaining portion may be very little, but it's enough for you to enter the middle stage of the Hundred refining realm. Remember, when you cultivate, you need to continue refining your body, although your physical body is already strong enough, but the Hundred refining realm is merely the starting point. Bai Youyou said.

Chen Xiang's fleshly body had a very high starting point. Even though his fleshly body had already completely surpassed the limits of a mortal, based on his current cultivation situation, his body had only just begun tempering in the Hundred refining realm, and would be considered the pinnacle by his own standards.

Facing the powerful Tai Hong, as well as the coming demons, Chen Xiang longed for more and more for power. At this moment, he only wanted to quickly break through and then leave Demon and Devil Sinkhole.

Within Mortal Martial Realm, so many experts had suddenly disappeared, but no one left any traces behind when they left. This made many people puzzled, some even suspected that these experts had hidden themselves to avoid the Great War between Three Realms that was about to arrive.

However, who would have thought that these strong practitioners at the peak of Mortal Martial Realm, who were on the brink of life and death, would be tormented by fear? Because if they were careless, they would have been devoured by the Magical corruption gas.

Time flew by, and in the blink of an eye, three months had passed. Chen Xiang who was below Demon and Devil Sinkhole had also completely devoured the purified devil seed!

During the process of cultivation, he would circulate Fire Dan Tian and release a type of flame that was specialized for refining the body. It could make him, who had the Heaven fire soul, feel a scorching pain, and in this way, achieve the effect of tempering the body.

Every time he broke through, the number of Zhenyuan granule would double. At this point in time, he already had 640,000 Zhenyuan granule, and if he reached the late stage of the Hundred refining realm, he would have a million Zhenyuan granule.

"I wonder how many Zhenyuan granule there will be after I enter the Nirvana Stage?"

Chen Xiang was a little excited, but after looking at his Dantian, he realized that even if he had a million Zhenyuan granule, he could only make the five mighty Beast statue light up a little. It was no different from before, and he didn't know what level the Innate Qi had to reach to make the five Beast statue completely light up.

"It's been so long, but this Magical corruption gas is still constantly spitting out blood. Let me see if I can absorb some of it into my body." Chen Xiang activated his Devouring magic kungfu, allowing the Magical corruption gas around him to enter his body.

What made him a little depressed was that his Devil-suppressing holy power was too strong, the moment those Magical corruption gas entered his body, they were immediately erased by the Devil-suppressing holy power.

Even so, Chen Xiang did not give up. He released his mystical mana and formed a pathway within his body that led to his Dantian. He then absorbed the Magical corruption gas and compressed it inside his Dantian through that passage.

The Magical corruption gas was separated by the magic power, and being unable to feel the Devil-suppressing holy power, Chen Xiang was able to successfully compress the Magical corruption gas into his dantian.

"Even if this thing explodes in my body, it will be immediately purified." Chen Xiang chuckled, then crazily devoured the Magical corruption gas.

If the people from the Demon World knew that his dantian was filled with a large number of Magical corruption gas, they would definitely hide far away from him.

"Sister You You You, is your sister, the Magic Scorpion, afraid of this Magical corruption gas?" Chen Xiang asked. This Devil Scorpion Princess Bai Ziqian, who was covered in poison, in Chen Xiang's opinion, could also be considered a impenetrable.

"She's not afraid. She was surrounded and killed by the demon realm because she possessed a Magical corruption gas. In the end, a demon god appeared and allowed her to destroy this thing in front of many powerful Devil Cultivator. That was the only way to resolve her crisis." Bai Youyou said.

Chen Xiang chuckled: "I think she definitely misses this kind of thing. In the future, will I have a chance to see her again?"

When he thought about Bai Youyou's wild, cold, and charming older sister, Chen Xiang's heart started to waver.

"There must be a chance, hmph!" Bai Youyou seemed to have seen through Chen Xiang's thoughts, and coldly snorted.

"Little Scoundrel, this woman is my opponent, you decide!" Su Meiyao scoffed. How could she not know what Chen Xiang was thinking?

"Cough cough, this is a matter of the future, let's talk about it in the future." Chen Xiang realized that he had been exposed, and anxiously said, and continued to swallow the Magical corruption gas.

"If laozi was in a fight with this Magical corruption gas, then how amazing would he be!" Chen Xiang sighed, "I never thought that practicing the Devil-suppressing kungfu would be enough for me to control these vicious Magical corruption gas s. Hehe, if I go to the demon realm, I might be able to become the number one demon in the world of demons. But at the same time, I also obtained the inheritance of the Devil-suppressing Heavenly Venerable, haha ..."

Su Meiyao and Bai Youyou did not object to Chen Xiang doing this in the first place, because they knew that Chen Xiang would not use this kind of power to harm the common people.

"When you use it, you must not leave it alive." Bai Youyou warned again.

"Relax, this thing isn't easy to control, and it can't be used to destroy corpses and remove traces. I still feel that the God-eclipse powder is a little easier to use, but the God-eclipse powder needs to be

refined, and I also need older Broken Soul Tree to be able to refine stronger God-eclipse powder." Chen Xiang said.

Chen Xiang drew a small area in his dantian specifically to compress the Magical corruption gas. He felt that this would be his most powerful way of keeping a person's life alive in the future.

If Chen Xiang knew about the situation up there, he would have gone up a long time ago. He could move freely amongst the Magical corruption gas, and those Innates that couldn't even move a muscle could only kill him as they pleased.

A month had passed, and Chen Xiang felt that it was about time to go up. He started to float, but he suddenly felt that no matter how he floated up, he himself seemed to be retreating, this made him frightened.

### [Chapter 703](#)

Chen Xiang was clearly flying upwards, but he felt like he was retreating. This made it hard for him to understand, so he increased his speed and continued to fly upwards.

However, it was the same if he increased his speed. Moreover, he could feel that the Magical corruption gas were becoming heavier and heavier.

"What the hell." Chen Xiang floated without moving, then allowed himself to descend. However, as he descended, he was actually descending.

"I'm trapped!" Chen Xiang clenched his teeth and said.

"Reverse the chaos in the space, the accumulated Demonic Death Qi over the years, forming a very powerful force, reversing the flow of energy inside the space, but the Magical corruption gas were not affected, it seems that this was only effective against the things that fell in here." Long Xueyi said.

Chen Xiang looked up above, it was only pitch-black. He cursed loudly, and asked: "Little Naughty Dragon, what do we do in this situation? Is there any way to get out? "

"Right, I have a Luotian Gate!" After Chen Xiang asked this question, he slapped his head and anxiously took out a disk.

"It's no use, the space here is unstable and it's very chaotic. If you randomly open the Space Gate and get transported to some unknown space, then it'll be troublesome if you can't find the direction of the space." Long Xueyi said.

This made Chen Xiang feel even more dejected.

"Let's go down and take a look. There might be another way out." Long Xueyi sighed.

Chen Xiang had been to many dangerous places before, and those places were all dangerous places. Even if some strong warriors went in there, they would probably lose their lives, but he would always be able to get out.

"Just go!" Chen Xiang's entire body was releasing Devil-suppressing holy power, causing all the panicked evil energy inside the Demon and Devil Sinkhole to be unable to touch his body.

Without the protection of these powers, his body plummeted. He was very curious about the bottom of Demon and Devil Sinkhole, but he was also a little afraid that he would run into some powerful stuff that would leave him with nowhere to go.

"Haha, a very courageous brat. As expected of the successor to the Demon Suppressing Old Ghost."

After Chen Xiang fell for half a day, a sinister laughter came from below, making Chen Xiang's hair stand on end.

"There's a powerful fellow sealed below!" Chen Xiang guessed, and it was sealed by the Devil-suppressing Heavenly Venerable.

Chen Xiang suddenly saw five points of light below him. Not long later, he saw the fellow who released that sinister laugh, it was a man who was completely black, and whose purplish black skin was covered with many wrinkles that made people want to vomit. He had long ears, a mouth that revealed two fangs, and a pair of eyes that were filled with rotten flesh.

"What is this?" Chen Xiang allowed himself to float. The monster was surrounded by five gigantic stone tablets, its body was tied up with many thick iron chains, those iron chains were not ordinary iron chains, they emitted a kind of silvery-white glow, and the chain was engraved with many complex Spirit grain s.

The iron chain was connected to the five gigantic stone tablets surrounding the monster. Chen Xiang landed on a giant iron chain that was as large as a bridge, stepped onto the chain and went straight up, standing on top of a giant monument, and looked down at the terrifying monster below.

"It's from Devil-suppressing Heavenly Venerable!" Chen Xiang looked at the giant tablets and the iron chains.

"That's right, it was Old Demon Zhen who trapped me here, making me suffer the torment of the Magical corruption gas all year long." The monster's voice was incomparably sinister and filled with hatred. It struggled, but it could not move those thick iron chains at all.

"This is the Poisonous Beast Devil God. He was originally a normal person, but he didn't know that he would turn into such a monster. This guy is very famous in the three great Heaven Realm s, even though he's been missing for a long time." Bai Youyou exclaimed.

Su Meiyao and Long Xueyi knew of this person's capabilities and were extremely shocked. Although Poisonous Beast Devil God was trapped, Chen Xiang and the others were inexplicably terrified.

"Back then, when he fought the Poison Dragon, he seemed to have lost. Afterwards, the two of them went missing. Could this have something to do with the Devil-suppressing Heavenly Venerable?" Long Xueyi said.

"Poisonous Beast Devil God, I did not expect you to be locked in here. However, the result of that poisonous dragon is much worse than yours." Chen Xiang laughed.

"What is your background?" How do you know about this? " Poisonous Beast Devil God asked anxiously.

"I am the descendant of the Devil-suppressing Heavenly Venerable, how could I not know about it?" Chen Xiang laughed, "The old Poison Dragon is already dead, dying in Sacred Dan Realm. Even though he's dead, his poisonous blood has harmed Sacred Dan Realm for many years."

"You don't seem like a disciple of Old Demon Zhen, this old thing definitely won't accept disciples, I actually know that he left his stuff in many different worlds, you probably got lucky, got his stuff, and refined Devil-suppressing holy power, right!" Poisonous Beast Devil God laughed coldly, "Don't think that you can lie to me!"

Chen Xiang did not expect this monster to be so smart. Even though it was seen through, he remained calm: "Can you tell me how to get out?"

"Haha ..." Poisonous Beast Devil God laughed out loud: I knew you were trapped here, and wanted to get out. Old Demon Zhen never thought that there would be a day when you would trap his successor, although you got lucky, it's not easy to cultivate his Devil-suppressing kungfu, you can say that you are very outstanding, but you can only accompany me here until your death ... "Haha."

After Chen Xiang heard this, his expression became extremely ugly.

"If you want to leave, there's only one way, and that is to destroy this Five-elemental Demon Sealing Array and destroy the power of this chaotic space. But then, I can leave too." The Poisonous Beast Devil God rubbed his face with her long tongue, making Chen Xiang want to slash it off with her blade.

"Unless you release me, you can only stay here to accompany me. Of course, you can also choose to continue to that chaotic energy filled space." The Poisonous Beast Devil God laughed sinisterly.

Chen Xiang laughed coldly: "I still have another way, which is to kill you and destroy this formation again!"

"You want to kill me? Do you think you can do something that even the Devil-suppressing Heavenly Venerable cannot? That's ridiculous! "

After all these years, this was his happiest day. Although he could not escape, he would still have to accompany him for many years after seeing his proud successor in the Devil-suppressing Heavenly Venerable.

This Poisonous Beast Devil God used poison. The reason why Devil-suppressing Heavenly Venerable trapped him here was so that he could use Magical corruption gas s to kill him. But over the years, his eyes had only rotted and his body was still healthy.

However, his body had also become much more fragile. However, it seemed that he could continue for many more years!

"Come, brat. I want to see what method you will use to kill me. Even I myself cannot kill myself. Quickly, let me die happily." Poisonous Beast Devil God provoked Chen Xiang, her voice full of ridicule.

## [Chapter 704](#)

Even though the Poisonous Beast Devil God wanted Chen Xiang to give him a quick death, he didn't want to die at all. He had been imprisoned here by the Devil-suppressing Heavenly Venerable for so long, and it contained grievances.

The reason why he said that, was simply because he thought that Chen Xiang couldn't kill him, and that even the Devil-suppressing Heavenly Venerable couldn't kill him, let alone Chen Xiang.

Chen Xiang stood on top of a giant monument and looked down at the monster that was ridiculing him.

"Why didn't you come? Or are you afraid to come down and approach me?" The Poisonous Beast Devil God had been bored for so long, it was rare for someone to come here alive, and this person was someone the Devil-suppressing Heavenly Venerable had spent so much effort and time to choose as his successor. When he thought of how Chen Xiang would accompany him here for so many years, he laughed even more happily.

If you want to kill me, the first thing you have to do is to cut open my skin, my skin has eighty-one layers, after you break it, you have to destroy everything inside my body, but the things inside my body are much more powerful than my skin. Devil-suppressing Heavenly Venerable had great difficulty breaking through my skin back then, but was unable to destroy my internal organs or break my bones, do you think you can do that? The Poisonous Beast Devil God laughed.

Long Xueyi said: "What this guy said is true, his ugly body seems to come from the highest realm, the God Realm, so it's very difficult to destroy it. Look at the surface of his body, it's completely fine now, he should have the ability to repair himself."

"There's only one way, and that is to use God-eclipse powder to melt this fellow." Su Meiyao suddenly became excited, if Chen Xiang could do something that even the Devil-suppressing Heavenly Venerable could not, then that would be a very exciting thing.

"I'll try using the Green dragon demon-slain broadsword first!" A cyan light suddenly flashed from Chen Xiang's hand, followed by a burst of cyan lightning, and the mighty divine blade appeared. The lifelike dragon sculpture on top of it trembled slightly, and let out a clear dragon cry.

"What is this?" The Poisonous Beast Devil God was shocked, the thing in Chen Xiang's hands made him feel threatened.

"The thing that killed you."

Chen Xiang leapt high into the air, and just as he was about to land on Poisonous Beast Devil God's gigantic body, he raised his blade and slashed across, creating a gully like wound on Poisonous Beast Devil God's chest.

"Ahh ..." Poisonous Beast Devil God let out a thunderous roar in pain: "Brat, what exactly did you use?"

When Chen Xiang saw that the Green dragon demon-slain broadsword was effective, he was secretly happy in his heart. He did not answer Poisonous Beast Devil God's question, but instead brandished the divine blade on his wrinkled skin, cutting off the stone-like thick skin.

Following Chen Xiang's control of his mind, the Green dragon demon-slain broadsword grew bigger and grew, and could cut even deeper. Chen Xiang felt as easy as cutting tofu now, but when he stirred the Green dragon demon-slain broadsword, he realized that he was stopped by many things, and those things were not cut off as easily as he imagined.

The thing inside Poisonous Beast Devil God's body was extremely stiff.

"Damned brat, you're the first person to cut my skin so many times. I'm going to die from the pain, don't let me grab onto you or else I'll pull your intestines out bit by bit." Although his skin was stiff, it was still more painful than when he cut it open.

Chen Xiang opened a hole on the Poisonous Beast Devil God's chest that was like a well. Seeing the layers of different-colored skin that were cut by him, he couldn't help but be amazed that there was actually such a miraculous creature in the world.

Through the black "well", Chen Xiang could see the normal beating black heart below him.

"Hehe, those Magical corruption gas should be able to enter your body now. Let's see how long you can laugh for!" Chen Xiang laughed out loud.

"Humph, just a mere Magical corruption gas, it can't kill me!" Although the Poisonous Beast Devil God was in pain, he still could not let Chen Xiang succeed. He only saw that the wound that Chen Xiang had opened, was actually slowly healing.

Although the speed was slow, it would only take a few days to completely heal. Even if it did not, Magical corruption gas would not have decades to rot his body. This Poisonous Beast Devil God's body was truly terrifying.

This was the strongest existence in the world of demons, it really opened Chen Xiang's eyes. With this kind of terrifying flesh, no wonder even Devil-suppressing Heavenly Venerable could do nothing about it.

"Haha ..." "Even if you peel off my skin, I will still grow back. I will not die!" Poisonous Beast Devil God laughed crazily.

The first thing to heal was the Poisonous Beast Devil God's flesh. It would only take half an hour to heal and the eighty-one layers of skin would completely heal within a few days.

"Although God-eclipse powder s are fine, I don't know when I'll be able to finish refining them. This guy's body is too terrifying!" Chen Xiang sat on top of the gigantic purple black body, trying to figure out a way to kill it.

Powerful God-eclipse powder had very high requirements for the age of the materials, and it had to be known that this Poisonous Beast Devil God was a guy with an extremely strong fleshly body.

"We'll know once we try it. The difficulty of refining high level God-eclipse powder is not high, it just needs a very long time. This fellow's internal organs are very strong, and all kinds of energy cannot harm it. Su Meiyao said: "I will make that Broken Soul Tree's age increase again, when the time comes, you will refine the God-eclipse powder here."

"Give up, haha ..." Seeing that Chen Xiang was standing on top of him and not moving, Poisonous Beast Devil God laughed out loud.

Chen Xiang ignored him, took out a few God-eclipse powder s, and sprinkled them into the slowly healing wound, landing them on the meat.

"What is this?" Poisonous Beast Devil God felt that the meat was a little itchy and painful.

Chen Xiang observed the slowly melting meat and discovered that this low rank God-eclipse powder was actually so useful that it could melt some of the meat.

"Alright, I should be able to refine a high grade Heaven level God-eclipse powder." Su Meiyao used the creation divine liquid to speed it up.

When some of the spirit herbs were incomplete, they could be irrigated by creation divine liquid and become complete. Spirit medicine was originally complete, with creation divine liquid, it could increase the growth speed of the spirit medicine.

"High-grade Heaven level? "How can I refine it now?" Chen Xiang was startled, he could only refine a Earth Grade Low Rank Dan now, but he was unable to refine a high grade Heaven level all of a sudden.

"This requires a very powerful flame and divine intent, and then experience!" High-grade Heaven level's God-eclipse powder obviously cannot cause any harm to this guy, so you need to add a large number of Magical corruption gas and with the two of them mixed together, the effect will be even greater. " Su Meiyao said excitedly. That kind of laughter sounded like a deceitful female devil, making Chen Xiang shiver uncontrollably.

"When the time comes, leave everything to me and Xue Yi. For now, the three of us will merge together. I will control your body to refine pills, and at the same time, use Xue Yi's powerful consciousness. That should work." Su Meiyao had already formulated a plan.

## [Chapter 705](#)

Su Meiyao was a woman who was passionate about refining pills. Because she had lost her energy, she was unable to refine pills for many years, and after being unable to do so for so long, her hands had started to itch.

It was extremely rare for a Alchemist to be able to come into contact with these two powerful things at the same time, and no one had ever tried it before.

Sometimes, the Alchemist was also treated like a devil, especially those who fled to the ends of the earth to refine poisons, they were treated as devils in the Heaven Realm.

This requires a large amount of God-eclipse powder's medicinal herbs. I have already ordered Senior Sister to mass produce them inside, and then there is the Magical corruption gas, to fuse these two things together. Furthermore, it will be in a large quantity, and after compression, the quality will increase. Su Meiyao laughed.

"Little Scoundrel, you might be able to meet that old fellow, Devil-suppressing Heavenly Venerable, again in the future. At that time, you can brag about yourself in front of him."

Chen Xiang chuckled: "Then I'll leave it to you, my good sister!"

His entire body relaxed, allowing Long Xueyi's and Su Meiyao's consciousness to enter his mind. Then, with Long Xueyi taking the lead, he used her Imperial Dragon Race's mysterious cultivation method to temporarily fuse the souls of the three of them together.

"The body of a man is strange!" Su Meiyao looked at his hands.

"Being possessed by two women, I also feel that it's weird. If I have the chance, I want to possess your body as well." Chen Xiang laughed.

"The little scoundrel would definitely touch a woman's body at any time if he attached himself to her." Long Xueyi giggled.

"Don't think too much. I'm going to focus on refining the God-eclipse powder. Be more serious." Su Meiyao scoffed.

Of course, the three of them were using their consciousness to converse, otherwise, when the Poisonous Beast Devil God heard this, they would have thought that he was sick.

"Little Scoundrel, learn a little, I'm going to start now!" Su Meiyao said, taking out the Yanlong furnace, being able to use this furnace to refine pills, she could not help but sigh.

At this time, when their three souls fused, they felt that it was extremely strange, and Chen Xiang could see what he was doing, but that was not what he was doing. He was only relaxing, allowing the other consciousness in his body to control his body.

Su Meiyao understood Chen Xiang the best, she even knew how many hairs on his body he had. Now that she was using Chen Xiang's body, she could control him easily.

Just as Su Meiyao had said, the amount of flowers, fruits, leaves, branches, tree roots and skins that the Broken Soul Tree refined were all numerous. All of them were poured into large baskets of Yanlong furnaces.

Chen Xiang had the Heaven fire soul, his flames were strong enough, and his own Innate Qi was also very dense, it was enough for Chen Xiang to release flames and refine pills for a long time. Long Xueyi had a strong soul, his mana and consciousness were both very strong, and were more than enough for Su Meiyao to use.

"sister Meiyao, this is so good, in the future, won't you be concocting pills this way more often? You are definitely not just a Pill Sect, I feel that you are at least a Dan Immortal, haha ... You can concoct a lot of immortal pills like this. " Chen Xiang said excitedly.

Su Meiyao had told Chen Xiang before that she was only a Pill Sect but Chen Xiang had never believed it before. At this moment, he was even more sure of his conjecture that Su Meiyao was at least a Dan Immortal.

"If only it could be like this, but this is still not my body, it will still affect my performance, and you two little fellows are not strong enough to concoct immortal pills, at most, I can concoct low grade Heaven level pills, and my speed is also very slow!" Su Meiyao's words shattered Chen Xiang's fantasies.

"This high level God-eclipse powder is much easier to refine than those Heaven level Pills, and it takes a long time to refine. If you want to refine it well, I think it would take more than a year." Su Meiyao's words stunned Chen Xiang.

Yanlong furnaces had an accelerating array formation, and that would take more than a year. If it was an ordinary pill furnace, wouldn't it take even more years?

"Oh right, this is the time to fuse with a large number of Magical corruption gas. Just watch." Su Meiyao said.

From this, Chen Xiang immediately focused on refining the pellet. More than a year had passed, and during Su Meiyao's refining, he did not forget to condense creation divine liquids to make more of the God-eclipse powder's medicinal ingredients. Chen Xiang already could not remember how many times he had put in the Yanlong furnace.

What surprised him the most was that he had to fuse so many God-eclipse powder's refined from medicinal ingredients into a small box. From this, it could be seen how high the quality of the box was.

Of course, during the refining process, Su Meiyao controlled Chen Xiang's body and used the Devouring magic kungfu person. He absorbed a large amount of Magical corruption gas and poured it into the furnace, causing the two to fuse together. As for how effective it was, no one knew.

The Poisonous Beast Devil God only thought of Chen Xiang as a cultivator, he had long forgotten about Chen Xiang being able to harm him before. Although he was surprised, Chen Xiang could not kill him in the end.

There were a lot of Magical corruption gas that entered from the chaotic space below. Even after more than a year, they did not show any signs of weakening, thus, the rankers around the Demon and Devil Sinkhole were also like before, patiently waiting for the Magical corruption gas to leave.

"Completed!" Su Meiyao let out a long sigh as she opened up the Yanlong furnace and looked at the floating black and white powder.

"It looks really amazing!" Chen Xiang really wanted to see how effective it was.

"Xue Yi, it's been hard on you. Let us return to our original appearances." Su Meiyao was not tired either, but was full of energy.

Chen Xiang grabbed the powder that was mixed in black and white, and rubbed it on his fingertips.

"These things are useless to you, but to others ..." Su Meiyao laughed sinisterly.

Chen Xiang was somewhat disappointed that he was only able to refine this much after suffering for more than a year.

"Then let's test how powerful he really is!" Chen Xiang took out the Green dragon demon-slain broadsword, and scratched Poisonous Beast Devil God's chest, digging out pieces of skin and black flesh.

"Brat, stop!" Although Chen Xiang couldn't kill him, she could make him feel pain. This made him extremely angry, as the majestic devil god was repeatedly insulted by this little ant, he felt extremely aggrieved.

Chen Xiang ignored him and continued doing his thing. Only by doing this could he leave this damned place.

"Hmph, useless." Poisonous Beast Devil God felt another wound on his chest, and said disdainfully.

Chen Xiang looked at the small pile of black and white powder in his palm, his heart was no longer confident. However, when he thought about the large amount of God-eclipse powder medicine and the large amount of Magical corruption gas that had refined this powder, his confidence suddenly rose.

With a wave of his hand, he controlled the powder to fall on top of the giant beating heart. Then, he leapt up and landed on top of a giant monument.

"Ah... "Brat, what is this thing?" Poisonous Beast Devil God let out a bone chilling scream.

The powder was useful, which made Chen Xiang extremely happy.

### [Chapter 706](#)

It was just a small pile of powder, yet it actually caused Poisonous Beast Devil God to cry out in pain.

"This fellow is melting!" Long Xueyi said.

Once the powder made from the fusion of God-eclipse powder and Magical corruption gas entered the Poisonous Beast Devil God's body, it quickly spread.

"What is this? Damn brat, I will skin you alive." Poisonous Beast Devil God was shocked and angry. His innards that couldn't even move the Devil-suppressing Heavenly Venerable was actually beginning to melt.

"This was refined from the fusion of a God-eclipse powder. You will slowly die, stop talking nonsense." Chen Xiang laughed.

"Demon!" Of course, Poisonous Beast Devil God knew about God-eclipse powder. He never thought that Chen Xiang would actually smelt God-eclipse powder together with them.

"Heh heh, the same goes for me." Chen Xiang was sitting on the giant monument, patiently waiting for the Poisonous Beast Devil God to die.

"It's a pity that his soul has already been crippled by the Devil-suppressing Heavenly Venerable. Otherwise, swallowing his soul would have allowed your soul to improve even more rapidly." Long Xueyi sighed.

Poisonous Beast Devil God's scream continued for two days before it disappeared. There was a puddle of black water at the bottom of the five giant tablets that were glowing with a silvery white light. In the middle of the black water, there was a pearl that was emitting a purple glow, it was about the size of a fist.

"It should be the Poisonous beast's beast core!" Long Xueyi exclaimed.

With such a large Poisonous beast and such a small beast core, it must be something good. The smaller the beast core, the better it was.

Chen Xiang jumped down, and anxiously picked up the beast core, and placed it into the ring.

"This guy probably became a Poisonous beast after he ate this thing. This thing is temporarily useless to you, but it can prove that you killed this guy." said. She, Long Xueyi and Bai Youyou played around inside, and could not find anything special.

"You can leave now!" Chen Xiang originally thought that it would take a long time for him to destroy the giant monoliths, but who would have thought that after the Poisonous Beast Devil God died, the five giant monoliths and the giant iron chains would suddenly turn into gold powder and disappear into the pitch black space.

"Haha, I can finally get out." A silver white light suddenly flashed from Chen Xiang's body, and under the silver white light, waves of red flames spouted out.

Chen Xiang flapped his wings and quickly flew up. With the protection of the Devil-suppressing holy power, he was not afraid of the Suzaku fire wing being torn apart by the various powers inside.

"These Magical corruption gas have been gushing for so long, it can't possibly be all over the Chen Martial Continent, right?!" Chen Xiang suddenly started to worry, this kind of thing was not something that anyone could bear.

"Probably not, this Demon and Devil Sinkhole has a strange suction force. You were sucked down by it before." Long Xueyi said.

Around Demon and Devil Sinkhole, the faces of the experts were not good. After all, they were in a dangerous situation, and if they were to be careless for a bit, they would easily lose their lives, and they would die in an ugly way. Of course, for powerful beings like them who cared about their reputation, dying in front of others was the most important matter.

The sky above Demon and Devil Sinkhole was shrouded in black clouds all year round, and at this moment, there were also those invisible Magical corruption gas s.

Suddenly, a burst of fire red light shone over, and everyone turned to look at Demon and Devil Sinkhole, only to see a pair of gigantic fire wings flapping, rising from Demon and Devil Sinkhole.

The majestic fire wings were actually released by a single person!

Everyone quickly saw who it was, it was Chen Xiang!

After Chen Xiang ascended, he hastily withdrew his Flaming Wings and floated in the air, looking down. Very quickly, he saw the strong experts, and many of them were people he was familiar with.

Seeing this scene, he quickly thought of something, especially seeing Tai Hong's frightened face, he smiled even more happily in his heart.

Gu Dongchen's heart, which had been hanging in the air for many days, finally relaxed. He did not expect that after almost two years, Chen Xiang would actually come back alive from below.

"This kid is really worrying me to death!" Liu Meng'er pouted playfully. Her jade-like face was full of excitement as she held back her tears from falling and watched Chen Xiang slowly descend from the sky.

Tai Hong and the rest were all terrified, because Chen Xiang was not affected by the Magical corruption gas, how was this possible?

They had witnessed several Rankers decomposing into purple black rotten flesh with their own eyes. What was most unbelievable was that Chen Xiang, who had fallen into the Demon and Devil Sinkhole, actually managed to come back alive after almost two years.

"Aren't these guys from Eastsea City?" I remember that they seemed to have joined the Alliance. Why are they sitting together with an old demon like Tai Hong now? " Chen Xiang landed gently, not affected in the slightest by the Magical corruption gas.

Of course, Chen Xiang could tell that these Rankers did not dare to move in order to resist the Magical corruption gas, but he could move now!

"These guys suddenly went overboard. Junior Martial Uncle, you handle it." Gu Dongchen's words made those people from the rebel alliance feel like they were going to be executed.

Chen Xiang also saw Han Lie who had a face as ashen as ash. He looked at Han Lie and asked: "Where is this guy?"

This angered Han Lie to the point that he vomited blood, this brat actually used such a thing to describe himself as the hall master of Fire Divine Palace!

"To watch the show." Lian Yingxiao said, at this time, the people on Gu Dongchen's side, were all extremely excited, they knew that Chen Xiang would definitely not let them off.

Tai Hong panicked and roared: "Chen Xiang, you demon who has fused with a demon seed, if there is a day, you will definitely be devoured by the Demon Gods, and will bring a calamity to the entire Mortal Martial Realm."

"Old man, don't think about slandering me, the one who wanted to fuse with the magic seed is you, the one who obtained the powerful strength, I only stopped you, and you beat me down of Demon and Devil Sinkhole!" Chen Xiang said with a cold smile, he walked towards Tai Hong and explained to the others what happened on the altar that day.

Everyone suddenly realised, they really wanted to know the reason why Gu Dongchen allowed them to arrive in such a hurry, it seemed like it was necessary now. If Tai Hong succeeded, then it would truly be a disaster for Mortal Martial Realm.

"Hmph, if you did not fuse with a demon seed, how could you resist the Magical corruption gas? Do you know what a Magical corruption gas is? " Tai Hong's words caused everyone to become suspicious.

Now, everyone had a better understanding of the magic core. If Chen Xiang managed to fuse with a magic core, it would undoubtedly be a disaster.

"Your father's impenetrable, a mere Magical corruption gas is nothing!" Chen Xiang laughed, his entire body shook, the silver white holy light shot out in all four directions from his body, looking extremely holy.

"Even if it's a magic seed, I can still purify it!" At this time, Chen Xiang was like a god, causing everyone to exclaim in their hearts.

## [Chapter 707](#)

Amongst these people, only Tai Hong could tell that the silver white glow emitted from Chen Xiang's body was the evolved form of the Devil-suppressing qi, and he had only heard of it.

Tai Hong suddenly felt that Chen Xiang was even more mysterious now. Chen Xiang had some powerful devil arts, but he could still cultivate the Evil Suppression techniques to such a degree, in his view, these martial arts should have conflict with each other, but now they actually coexisted perfectly on Chen Xiang's body.

Of course, what he was most worried about was how Chen Xiang would deal with them!

Tai Hong knew that Chen Xiang would not let him go, upon seeing Chen Xiang walk towards them step by step, his heart was thumping hard, he could not move at all, as long as he moved, the dense Magical corruption gas would dig into his body, and in an instant, he would turn into a pile of rotten flesh. Now, they could only allow themselves to be slaughtered.

"Chen Xiang, what are you doing?" Tai Hong asked in a deep voice, his voice revealed a trace of fear. In the world of the Magical corruption gas, Chen Xiang was like a god, and all of the strong beings here could only be ravaged by Chen Xiang.

With a "pa" sound, Chen Xiang waved his hand, released a wave of energy and slapped the air hard onto Tai Hong's face.

"Old dog, you've killed so many people for the sake of that magic seed. I will definitely not let you off today." Chen Xiang said coldly.

"Hmph, those who die are just some ants. If I were to die ten times, this world would continue to operate as usual." Tai Hong said angrily. In his eyes, those mortals were nothing more than grass, he had never felt that killing so many people was a sin.

Chen Xiang laughed coldly: "You are only an ant in my eyes now. Even if you die a hundred times, this world will still function properly.

With that, Chen Xiang waved his hand. A green light flashed, and the Green dragon demon-slain broadsword suddenly appeared in his hand, flying straight towards Tai Hong's neck.

A ray of sad and beautiful blood sprayed out. Tai Hong's body was also instantly invaded by the Magical corruption gas, and his separated body immediately turned into purplish black rotten flesh.

Dead!

Tai Hong was beheaded by Chen Xiang just like that, causing everyone on Tai Hong's side to shiver.

Gu Dongchen and the others had long known about this matter. Long ago, Chen Xiang had also killed the Beast Martial School s like this, and the memories of his death were still fresh in Tang Yichao's mind.

After killing Tai Hong, Chen Xiang raised his blade and walked towards the Devil Cultivator, causing the Devil Cultivator s to be terrified, they originally thought that with their strength, they were invincible existences in the Mortal Martial Realm, but who would have known that they would meet a Magical corruption gas.

"Don't be delusional enough to devour Mortal Martial Realm." Chen Xiang said as he swung his blade down.

Just like that, ten powerful Devil Cultivators were beheaded one by one by Chen Xiang under the watch of the numerous strong warriors. Then, they were invaded by the Magical corruption gas, their bodies and souls corroded.

"You can't kill us, we are elders of the Devil-subduing College. Without us, the Devil-subduing College won't be able to hold on." An old man's voice was full of fear, but the response he got was a single slash.

Chen Xiang did not sympathize with these people who had annihilated Tai Hong in the slightest. If they had been a little enlightened in the first place, they would not have been blinded by the benefits and could have completely killed Tai Hong together. However, they did not do that.

In the blink of an eye, there were more corpses lying on the ground. Those Devil-subduing College's elders had already been slaughtered by Chen Xiang, so he didn't need to worry at all as he still had Man Futian and Zuo Zhenxuan.

Chen Xiang looked at them and sneered: "You bunch of fence-sitters. When you guys first joined the Sacred Light Religious Sect, you already knew that you guys weren't good people. Go and die with these guys."

In the midst of his wails, Chen Xiang showed no mercy and killed each and every one of the villains!

who was in Fire Divine Palace watched the bloody scene indifferently, but he did not feel the slightest amount of fear. If Chen Xiang wanted to kill him, he would not say anything.

But Chen Xiang did not kill him, he had only walked past him. Although this Han Lie's voice was a little scary, Chen Xiang felt that he was not too bad, and seemed to be indifferent to the matters of the Fire Divine Palace.

Right now, the most important thing is to get rid of these Magical corruption gas. Although it hasn't spread yet, that doesn't mean it won't spread in the future.

This Great Devil Mountains was above the Chen Martial Continent. If it were to spread, the entire Chen Martial Continent would become a dead end.

"Use the Hell's Tornado to create a strong gust of air and push all these Magical corruption gas back." Bai Youyou said: "There are a lot of Magical corruption gas outside, create a flow direction and these Magical corruption gas will go back down."

Very quickly, the giant flaming tornado suddenly continued, and right above Demon and Devil Sinkhole, with Chen Xiang frantically spinning, it created a very strong suction force, causing the Magical corruption gas above the Demon and Devil Sinkhole to instantly rush into the Demon and Devil Sinkhole along with the gust of air.

This spectacular scene broadened the horizons of these Rankers who had lived for many years. When they thought that this was Huang Jintian's disciple, they could not help but exclaim in their hearts. They could meet, and in the near future, Chen Xiang would become the same as Huang Jintian, the strongest warrior in the Mortal Martial Realm.

More than an hour had passed and the Magical corruption gas had entered the Demon and Devil Sinkhole. The moment Chen Xiang stopped using the Hell's Tornado, those experts immediately flew up

into the air and released a strong barrier that sealed the terrifying Sky Cavern. Han Lie of the Fire Divine Palace also joined in.

"The Great War between Three Realms is coming, when the time comes, this place will become the main battlefield, we have to hurry!" Gu Dongchen looked at the Great Devil Mountains that was filled with death aura, after this matter, everyone would be more cautious, they exchanged greetings, and then left. They were all busy with cultivation of the Devil Subduing Method, and this was their trump card against the demons.

Liu Meng'er glanced at Chen Xiang and she could finally rest easy.

After everyone had left, Gu Dongchen took out his flying discs and flew back to the Super Martial School with Wu Kaiming and.

"I've stayed in that damned place for almost two years. Fortunately, Tai Hong this guy was killed along with some powerful Devil Cultivator, so I don't have to focus so much on him!" Gu Dongchen said.

Wu Kaiming laughed: "Junior Martial Uncle is truly amazing, you have truly made a name for yourself! When we came out, we had already arranged for people to take care of the Super Martial School, so it shouldn't be too messy. "

Wu Kaiming and Gu Dongchen would sometimes go into seclusion at the same time for many days, so the elders of Super Martial School were already used to this kind of thing, so they were not too worried.

However, when they returned to the Heaven Door City, they discovered that there were more people than usual. There were even some strangely dressed people walking up and down the streets.

At a glance, there were still some traces of a battle. The houses were in ruins and the streets were in ruins.

"Damn it, this is a city right under the nose of the Super Martial School, how did it become so chaotic?" Gu Dongchen was furious, this must have happened because someone came to cause trouble. Since the creation of the Heaven Door City, such a thing had never happened.

## [Chapter 708](#)

Once he returned to the Super Martial profound Realm, Gu Dongchen immediately summoned all of the elders over to see what had happened. He wanted to see what else would happen to the Super Martial City that would cause such a ruckus.

After all of the elders narrated at once, Chen Xiang, Wu Kaiming and Gu Dongchen were all shocked. Even though they were well-informed and had seen many shocking things, they still could not accept this fact.

All the mortal worlds were fused together, large and small, whether strong or weak, suddenly and inexplicably fusing together after a year or so. After fusing together, many martial artists traveled all over the place, especially towards the most prosperous worlds or continents!

"Damn it, why did this happen all of a sudden? There are quite a few mortal worlds under the heavens, right? How did they all fuse together? " Gu Dongchen found it hard to accept this fact. Countless mortal

worlds had fused together, forming an even larger world. This was something that caused many people to be excited, especially those who wanted to roam the world.

However, some of the major powers in charge did not think this way. In this mortal world, some of the resources were almost exhausted. They would definitely plunder and chaos would ensue if there were more people. It would be hard to find a person who had offended a powerhouse, even if he were to hide.

Furthermore, what should he do when the Great War between Three Realms comes? Did the Devil Realm also fuse together? At that time, they would not only have to defend the passage to Great Devil Mountains. If the other worlds couldn't be guarded, and were occupied by the Devil Cultivator, then the Mortal Martial Realm would be surrounded.

The more Gu Dongchen and the others thought about it, the more terrifying they felt.

If it was like before, Mortal Martial Realm had great confidence that he would be able to pass through Great War between Three Realms. But now, it was hard to say.

"Looks like I have to gather the people from the Mortal Martial Realm for a meeting. I can't let this go on." Gu Dongchen said.

This kind of thing, was naturally not something that Chen Xiang would interfere in. He quietly returned to the Super Dan Imperial College, took out the Luotian Gate and said: "I wonder how many worlds have fused together, it's all going to be troublesome."

"If they didn't fuse earlier, then it was too late. But if they started merging now, then someone must have been up to no good." Long Xueyi scoffed.

"What?" If two continents were fused together, how could they possibly do so? How could two worlds fuse? They are all in different spaces. Who has such a great power that can fuse so many worlds together? " Chen Xiang secretly clicked his tongue, although he did not believe it, but he could not help but be suspicious.

"Of course it's those guys from the higher realms. These lower realms could very likely be created by them, they can do whatever they want to do. This isn't strange, maybe the Great War between Three Realms is just a game for them." Long Xueyi had inherited a lot of memories, and a lot of these memories were inherited from the Primordial Era's Dragons. That was why she said such words.

The Great War between Three Realms was about to begin, but this matter suddenly happened. It was hard for people to accept, but Chen Xiang felt that this was good, if the Transmission array was established well, then this huge world would be linked together, and the news would spread quickly. At that time, he would be able to find a few more rare herbs.

"I really want to go everywhere." Chen Xiang's heart itched, he had long since gotten tired of playing with the mortal kungfu realm, although he had not gone to many continents, his main target was still spirit medicine.

Chen Xiang sat in the room and suddenly frowned: "The Elder Dan has finally appeared."

Time flew by quickly, and in the blink of an eye, it was the appointed time between Chen Xiang and the Elder Dan. Elder Dan and Chen Xiang had agreed to a competition, and the moment Chen Xiang won, he would show her her true colors and agree to marry Chen Xiang.

"Junior Martial Uncle, you are still as elegant as ever!"

Elder Dan was still the same, wearing a wooden mask and a black robe, tightly wrapping herself up. Her body emitted a unique and cold aura, but her voice was a lot gentler, yet it still sounded cold and indifferent.

What Chen Xiang had done in the past few years was indeed the same as before;

"Little girl, I missed you so much, have you passed through the Nirvana Doom yet?" Chen Xiang laughed. He indeed missed this mysterious junior nephew. Although he had never seen her appearance before, he knew that her figure was not bad.

"No, do you still remember our agreement?" Elder Dan asked coldly.

"Of course I remember. Even when I slept, I could dream of the scene of you being defeated and your mysterious veil being lifted, but every time then, I would wake up." Chen Xiang sighed with extreme regret.

"Hmph, your bullshit is still the same as before. We are competing to refine the Earth Grade Low Rank Dan, and now you can?"

Elder Dan seemed to be very concerned about Chen Xiang's progress, especially with the pills. Otherwise, she wouldn't have encouraged him.

Chen Xiang laughed: "I can only forge one type, but I think that I can still learn one or two ways when competing with you."

Seeing Chen Xiang not putting this competition in his eyes, Elder Dan was secretly furious, but she knew that this was a way to level up, a way to stimulate one's potential.

"I heard you have Relive Dan, how did you come here?" Elder Dan was most curious about this matter. She had always thought that Chen Xiang had an expert backing him, if that expert could casually refine Relive Dan s, he would definitely be very strong.

"I picked it up." Chen Xiang said casually.

"Bullshit, you think this is sand? You can pick them up as you like?" The Elder Dan did not believe that he had picked it up.

"Believe it or not." Chen Xiang whistled, and immediately knew that he was lying, "Oh right, little girl, why aren't you in the meeting? a lad and the little baldy are both there! "

"I can't be bothered with these matters right now. Wait a month for me to collect the medicinal herbs. I'll compete with you here."

The Elder Dan only appeared for a short while before leaving in a hurry.

"Hey, where did you hide the Super Martial School's number one beauty?" Chen Xiang realised that Wu Qianqian had disappeared again, and he was not with Yun Xiaodao and the others.

"She's not as free as you." Super Dan Imperial College's cold voice echoed in the air.

"One day, I will strip this woman of all her clothes. I want to see just what secrets she has and how she is so secretive all day long." Chen Xiang snorted, then went to look for Yun Xiaodao and the others.

In a luxurious private room in a restaurant, Yun Xiaodao slammed his hand on the table and praised: "Dragon Subduing School, this name isn't wrong."

Chen Xiang laughed, looking at Zhu Rong who had a guilty face, this fatty's expression had always been abnormal.

"Old Zhu, that bounty should still be in your hands right? Wang Shengren and Liao Shaoyun were killed by me, so I should get the bounty back." Chen Xiang laughed.

Zhu Rong had known from the beginning that Chen Xiang would not be so foolish as to make such a precious thing as a reward, and in the end, it had returned back to Chen Xiang.

"Elder Brother Shen, didn't you say you want to sell us some pills? Then what's the price of the Nine quenching body Dan?" Yun Xiaodao said as he rubbed his hands. It was obvious that he had prepared a lot of Spar.

#### [Chapter 709](#)

"Friendly price, two million one pellet. You must be generous."

Zhu Rong curled his lips: "Friendship is quite valuable huh ..."

"Here are 120 pills, you guys take them and divide them evenly, you just have to pay within 10 years, now that so many worlds have been fused, the situation will become even worse when the Great War between Three Realms erupts, you guys have to quickly increase your strength." Chen Xiang took out a Storage bag and placed it in Xv Weilong's custody.

Lian Mingdong and the Lei brothers were currently training, but Chen Xiang knew that he would definitely hand the Nine quenching body Dan over to them.

"Try your best to reach the peak of the Hundred refining realm before the Great War between Three Realms arrives." Chen Xiang said in a serious tone.

Yun Xiaodao and the others nodded, it was their luck that they were able to make it into Chen Xiang's group, as he could not let down Chen Xiang's help.

"Right now, many of the worlds that have just been integrated into want to name themselves after their original world, and then there is a dispute. This group of brainless fellows, none of them could tell that naming them Mortal Martial Realm was the best." Yun Xiaodao looked at the people in strange clothing on the streets.

"The world is becoming larger and larger. If we can survive the crisis of the Great War between Three Realms, we can travel to many different worlds and expand our horizons. It will also be helpful for cultivation." Chen Xiang could only imagine how chaotic this enormous world was right now.

In a world, there were already many opposing forces, and now with so many worlds fused together, the situation would only get worse with each passing day. If they did not unite together, once the Demon and Devil Realms invaded, things would become troublesome.

There were a lot of Devil Cultivators and Evil Demons in the Demon and Devil Realms, especially those in the Demon Realm. They were all a group of brainless, suicidal bastards, and it was difficult for them to match against weak humans.

"Chen Xiang, do you still remember Dongfang Yao? At that time, Devil-subduing College believed that you were the one who killed them, and even offered you a bounty." Xu Weilong suddenly said.

Chen Xiang nodded his head: "The world he originally belonged to, is a very powerful world, and his family is extremely powerful, as they ruled over that world."

"The Dong Fang Clan is indeed very strong. Moreover, they have ruled over a world and can gather the energy of a world to annex some of the worlds near them. In just a year, their power has increased tenfold." Xu Weilong's words startled Chen Xiang.

After the world was merged, it was like the sea and the sea connected together. There was no longer any world apart from the sea. Right now, in this large world, the boundless sea area was filled with countless continents that formed this huge mortal world.

Chen Xiang's face turned ugly, "This is not a good thing. Does the Dongfang family want to rule the world?"

"From the looks of it, it is indeed true, and they also have the ability. After their power expanded, they can gather more strength, and can be said to be the strongest power in the world. However, Devil-subduing College and the Fire Divine Palace are also absorbing a large number of disciples." Xu Weilong said.

Chen Xiang shook his head: "It's useless for us to focus on something like this, we should just focus on increasing our strength."

Although they said that, Chen Xiang and the others were still worried. If the Dongfang family were to exaggerate their strength at such a fast pace, there would be a day where the Mortal Martial Realm would be annexed. At that time, there would be no way to fight against them.

And this was what Gu Dongchen and the others were currently worried about.

Inside a house in the Continent of the King, all the big shots of the different continents of the Mortal Martial Realm were gathered there.

"The Transmission array has already been set up by the sects that mainly use formations. Right now, the alchemy sects, formation sects, smithing sects, there are countless of them. And most of them are in the hands of that Dongfang Dynasty." An old man sighed.

"Is there any faction that can fight against the Dongfang Empire now?"

In regards to this, he was as worried as the other big shots of the world. They were not as ambitious as the Dong Fang Clan, who continued to expand their power through war, but if they did not surrender, they would destroy a continent.

"Devil-subduing College, Fire Divine Palace, to date, we only know about this. However, no matter how big this world is, there are still some powerful forces that we do not know about hiding."

And right now, the person who was most worried about the Eastern Dynasty was Chen Xiang. The matter of Chen Xiang killing Dongfang Yao had already been found out by the Eastern Empire, and there were already bounties placed on him. That was why Chen Xiang had been missing for two years, but he was still very famous.

If he wanted to hide, no one would be able to find him, especially now that he could change his appearance and height, could change his aura. He could only relax the powerful Dong Fang Clan, in order to attack Super Martial School at all costs.

Right now, this newly integrated world was called a new world. Although the Great War between Three Realms was near, many ambitious forces still expanded their scope of influence to increase their strength, otherwise, they would have been swallowed by other forces.

When Chen Xiang and the others found out that many worlds were merged together, they had already encountered such a thing.

Fire Divine Palace and Devil-subduing College were both in the Continent of the King, so this continent was also very famous, and it was what many powers feared the most.

Ten days had passed, and Chen Xiang had gathered a lot of information from all over the place. This made him very excited, as there were too many areas waiting to be explored in this new world.

"If we were to merge with the Demon and Devil Realms, the situation would become even worse." Bai Youyou said.

"When a ship arrives at the bridge, naturally it will be straight. Right now, I will go to the Eastern Empire to take a look and see the strongest power in this new world." On top of Continent of the King, Chen Xiang stepped into a very large Transmission array and was teleported to the Heavenly Emperor Continent along with a group of people.

Heavenly Emperor City, this was the Yan Jing of the Heavenly Emperor Continent. The Dong Fang Clan had established a palace here, and the Dongfang Clan was known as the emperor.

Now that he had turned into an ordinary looking man who came from another continent, no one would associate him with the person worth a billion bounty.

"The grand number one power in a new world is only worth a billion?" Too shabby! " Chen Xiang snickered in his heart.

If it weren't for the wanted poster, Chen Xiang's current reputation would have long been drowned out. Of course, because they did not know Chen Xiang well, many people did not put him in their hearts, especially the warriors who had noble backgrounds and came from powerful forces, who thought that Chen Xiang was just a nobody. They did not think much of him.

## [Chapter 710](#)

After arriving at the Heavenly Emperor City, Chen Xiang found out that the Dongfang Yao he had killed actually had a very high status, and was regarded as the successor to the Eastern Dynasty.

Even now, they still could not confirm whether Dongfang Yao was the culprit or not, and there was no evidence to prove it. On the other hand, the Dongfang family only thought that Chen Xiang was the culprit based on the Devil-subduing College's initial bounty.

After understanding the situation, he found out that the Devil-subduing College had spoken to him. That Dongfang Yao's grandfather had a high position in the Devil-suppressing Divine Palace, and his family had started a massacre in the Mortal Realm. Only then did the Devil-subduing College react and stop the Dongfang Family's expansion.

"The people behind the scenes in Devil-subduing College are all dead. There has been a big change in Devil-subduing College. This is a good thing." Chen Xiang heaved a sigh of relief. If the Dongfang family continued with this, before the Great War between Three Realms even arrived, this new world would start to kill each other.

Outside of a huge palace in the Heavenly Emperor City, Chen Xiang gasped in surprise, "This palace was actually built inside the profound Realm. This luxurious palace is only a cover, there's even an entrance that leads to the profound Realm."

The headquarters of many great powers were all built inside the profound Realm. This was because they already had the ability to control the profound Realm s, so it would be even safer inside the profound Realm s, such as the Super Martial profound Realm s and the Dan Fragrance Pure Land s.

Originally, Chen Xiang only wanted to take a look at this Dong Fang Clan, but he didn't expect there to be a profound Realm here. This made Chen Xiang's heart itch, he believed that this profound Realm must have a lot of treasures, if he didn't go in and take a look, he wouldn't be able to sleep.

Just like the last time when he sneaked into the Devil-subduing College, Chen Xiang knocked out a person who was freely entering that family's profound Realm.

He was the leader of a patrol team, and his strength was similar to that of the Hundred refining realm. Although he was surnamed Dongfang, he was not a disciple of the Dong Fang Clan, and was merely a talented servant who was given a name by the Dong Fang Clan.

"Captain, when are you going to give us a break? You can go out and relax all day long, and we'll be in trouble. We'll have to patrol day and night." A man said with a bitter face.

There were more than thirty people in this team, and all of them were warriors from the True Martial Realm. However, they had been raised by the Dongfang Family since they were young.

"It's a mess outside, and many worlds have merged together to become very large. A group of fellows left a few days ago, but they never came back. For your safety, there will be a long period of time during which you will be forbidden to go out." Chen Xiang spoke with reason according to Dongfang Rong's memories. The meaning behind his words was to prevent these people who had been slaves for many years from escaping.

The new world was currently so big, and once they ran far away, it would be really hard to find them.

Hearing Chen Xiang's words, the patrolling team members immediately became dejected.

"Although you can't go out, it doesn't mean that you won't be allowed to rest. Right now, you can only stay at your place for three days. Remember, don't run around." Chen Xiang said magnanimously. Leading this group of people, it was really inconvenient for him to move.

When the thirty plus people of the patrol squad heard that, a smile appeared on their worried faces. Then, they lined up neatly and jogged away.

The person Chen Xiang had become was the leader of a patrol squad. Compared to the Nirvana Stage, this kind of strength could be considered not bad, so he could travel around a few places in the profound Realm.

According to Dong Fang Rong's memories, Chen Xiang knew that there were still a lot of important lands inside, and the place closest to him was inside a manor named "Warm Moon".

Outside the Warm Moon Palace, when Chen Xiang had just arrived, a light voice floated out from inside, "Dong Fang Rong, why are you the only one patrolling today, where are the group of trash behind you?"

The sweet voice was coming from the master of the Warm Moon Palace, it was the elder sister of the patriarch. Her name was Dongfang Xinyue and she was a very beautiful woman, her attainments in formations were very high, and the many powerful formations in the profound Realm were all set up by her, she was very strong, and she was rumored to be the second strongest person in the Dong Fang Clan.

"Motherf \* cker, how did this woman find out?" Chen Xiang was a little worried that he would be seen through by this woman. Originally, he had approached them, and used the Heaven tour method to probe inside to see if there were any treasures hidden.

However, he was still very calm. When it came to matters like these, he did not feel the slightest bit nervous.

"Elder Warm Moon, those fellows all claimed that they wanted a holiday, I let them rest for ten days." Chen Xiang answered immediately. His voice and tone were exactly the same as Dong Fang Rong's.

"Come in." Dongfang Xinyue's voice carried an irresistible dignity, but it sounded extremely comfortable.

Chen Xiang could only brace himself and continue acting. He walked into the Warm Moon, and according to Dong Fang Rong's memories, he arrived at a simple and elegant small hall.

"Come to the courtyard at the back." Dongfang Xinyue seemed to know Chen Xiang's every move, seeing that Chen Xiang had just sat down, his light voice sounded.

Chen Xiang was extremely cautious at the moment. He suddenly didn't want to continue anymore and wanted to find an excuse to leave.

However, when he found out about this woman's appearance from Dongfang Rong's memories, he really wanted to see it for himself.

Walking out of the small hall and passing through a small path, he arrived at a quiet and serene courtyard. A beautiful and graceful figure stood quietly by the side of a small pond, her snow-white clothes fluttering in the wind.

Dongfang Xinyue turned around slowly. That beautiful and alluring appearance of hers gave Chen Xiang a shocking feeling, and she smiled faintly at him with her beautiful eyes. She looked so friendly and natural, but the aura she gave off, was so faint that it kept people at a distance.

"Greetings, Elder Dongfang." Chen Xiang hastily bowed.

"Tell me, what has happened outside these past few days?" Dongfang Xinyue waved her hand, signalling to Chen Xiang that there was no need to be courteous, that mature and charming oval face had a charming and gentle smile, which stirred Chen Xiang's pure heart.

Chen Xiang quickly lowered his head, and started to talk about some of the things that had happened outside. Although it had been more than two years since the birth of the new world, Dongfang Xinyue had never stepped out of profound Realm.

Even in the past, Dongfang Xinyue rarely went out, and usually, he only found out about what was happening outside through his servants.
