

## Dan God 711

### [Chapter 711](#)

After hearing Chen Xiang's nonsense, Dongfang Xinyue faintly sighed, "I knew that if those old fellows did this, they would definitely anger Father."

Although Dongfang Xinyue had a young and beautiful face, she was still an old guy. Through Dongfang Rong's memories, Chen Xiang knew that in Dong Fang Clan, sometimes, the Dongfang Family Patriarch would not only talk about this matter, but also talk about this old guy, Dongfang Xinyue, with the consent of a group of elders.

And Dong Fang Clan's intention to expand his power was precisely this group of old fogeys.

"No more?" Dongfang Xinyue blinked his eyes and asked softly.

"Why don't you go out and take a look at this new world? With the elder's strength, he will definitely be able to make a name for himself in this new world." Chen Xiang had said what he thought in his heart. If it was the Dong Fang Rong of the past, he would have dared to say it even if it was beaten to death.

The reason why Chen Xiang did this, was also to let Dongfang Xinyue leave the Warm Moon Palace and even let him take a look at the important place that was hidden inside.

Dongfang Xinyue lowered his head and thought, he did not know why she was hiding in profound Realm all day, a woman like her had strength, status, and looks, when she went out, she would definitely scream for help, what was there to be afraid of? He wasn't like him, where people placed high bounty on him.

"Oh right, have you captured the person who killed Dongfang Yao? This man is really bold, he actually dared to waste Devil-subduing College's Divine Son, does Devil-subduing College not care? Do you have any details about this person?" Dongfang Xinyue asked curiously.

Chen Xiang's heart suddenly tightened, and actually asked about his matters. "I didn't catch him, he had an extremely powerful backing, trained in the Taiji Dragon-suppressed kungfu, and the three big shots of the Super Martial School were all his junior brothers. As of now, he was the one who openly crippled that God's Son, and as for whether or not Dongfang Yao was killed by him, there's still no evidence to prove it."

Dongfang Xinyue's jade face was filled with surprise: "Taiji Dragon-suppressed kungfu! I never thought that it would actually exist. No wonder he could cripple the divine son. Since he had such a fortuitous encounter at such a young age, Dongfang Yao is far from being able to compare to it."

Of course, Chen Xiang was happy to be praised by the beauty, but he didn't know that Chen Xiang was standing right in front of her.

"Elder Warm Moon, this person killed the young master, why didn't he increase the bounty? If it's just one billion Spar, it would be hard to attract anyone's interest, after all, this person has many powerful experts protecting him, not just the three Great Leaders of Super Martial School, for example the famous Divine Weapon Nation's Female Emperor, the Medicinal Pill Emperor of Dan Fragrance Pure

Land, they are all his backers." Chen Xiang felt that this bounty was too shabby, and made him feel uncomfortable.

Hearing Chen Xiang mention the powerful woman, Dongfang Xinyue was suddenly very interested. It was the first time that she had heard of such a famous person, so she anxiously asked: "The Divine Weapons Heavenly Country's Female Emperor and the Dan Fragrance Pure Land's Female Emperor? What is their background? "

"They have great origins, but that is only in their world. I dare say that as long as they have no brains, they would not offend these two women for the sake of the one billion Spar." Chen Xiang saw through Dongfang Xinyue's "interest".

He guessed that Dongfang Xinyue felt that this expert felt lonely, and felt that he shouldn't have met a woman whose strength could rival hers. That was why he stayed in the profound Realm all day.

"Dongfang Yao is far from being worth a billion Spar, it's just that those old fellows used it as a pretext to capture that Chen Xiang and use it as an excuse to attack that Chen Martial Continent." Dongfang Xinyue's words made Chen Xiang secretly cursed in his heart.

This caused him to be overjoyed. Although being offered a reward was not a good thing, to be able to attract the attention of the number one power in this new world was a very honorable thing.

"Dong Fang Rong, do you know the origins of the Godly Weapon Empress and the Pill Fragrance Empress? If you can find out for me, I'll give you this reward. " Dongfang Xinyue took out a large sword that was the size of a palm. From the Spirit grain's glow and radiance, it seemed to be a very tall treasure.

Although it was just trash in Chen Xiang's eyes, he still had to pretend to be surprised.

Seeing that Chen Xiang's face was filled with desire, Dongfang Xinyue smiled lightly: I just want to find some women of equivalent strength to exchange pointers with.

So that is how it is. That means, the Warm Moon Elders are going to duel with them?

Chen Xiang was startled. He didn't want to bring disaster to his two women, although this Dongfang Xinyue looked harmless, but who knew if she was a beauty with snakes and scorpions. Especially those kinds of jealous women, they were the most terrifying.

"No, hurry up and investigate their details. If someone is responsible for your dereliction of duty, I'll help you carry it out." Dongfang Xinyue urged.

Now, Chen Xiang could tell that Dongfang Xinyue was actually so concerned about women. He smiled and said, "Clan Elder Warm Moon, there's no need to investigate further. I have already investigated everything beforehand, and honestly speaking, I also want to obtain the bounty of one billion Spar.

"Speak." Dongfang Xinyue looked to be impatient.

"Let's talk about this Godly weapon female emperor first, she cultivates the Icewind magic kungfu ..."  
Just as Chen Xiang finished speaking, Dongfang Xinyue's face was immediately filled with shock, and her jade face even carried a trace of unusual excitement.

"She mainly uses refining to set up arrays. In this aspect, she is the same as the Warm Moon Elders. Her standards are not bad, and many experts of the Chen Martial Continent s want to invite her to refine some magical equipment at a high price." Chen Xiang continued to speak while secretly observing the changes in Dongfang Xinyue's expression.

"Looks like I have to go meet this woman. I wonder how she compares to me." Dongfang Xinyue looked at the blue sky and muttered softly.

Chen Xiang continued to speak, "Then the reason why Chen Xiang received her protection is because her disciple Xue Xianxian is Chen Xiang's wife, so ..."

"How is her disciple?" Dongfang Xinyue interrupted Chen Xiang and asked.

"Seems not bad. Although she rarely makes any moves, the fact that she became the disciple of the female Divine Weapon Emperor shows how talented she is." Chen Xiang understood all of these things the best, but seeing that Dongfang Xinyue had a reason to leave the place, Chen Xiang was extremely happy in his heart.

"Then what about the Pill Fragrance Queen?" Dongfang Xinyue asked again.

"It's for concocting pills. There are only a few female Dan King s, I don't think there are many of them in this new world!" Chen Xiang said.

"Indeed, it's not many. Those old fellows who have roamed through many different worlds have never seen many Dan King s before, let alone female Dan King s." Dongfang Xinyue's beautiful face suddenly calmed down, she tossed a treasure sword to Chen Xiang and asked: "Tell me the way to go to Chen Martial Continent."

"First, you can teleport to the Continent of the King. Then, you can teleport from there to there.

After Chen Xiang finished speaking, a gust of wind blew over accompanied with a heart penetrating fragrance, and the beauty had already disappeared.

"Big chested and brainless as expected!" Chen Xiang laughed to himself in his heart, and then activated Heaven tour method, taking a panoramic view of the Warm Moon Palace.

## [Chapter 712](#)

More and more Transmission array s appeared, the news spread very quickly in this huge new world, Chen Xiang's bounty was as he had wished, it had already increased to ten billion Spar, suddenly increasing by ten times, this caused many people to move, one after another they went to Chen Martial Continent to look for Chen Xiang, this was also the reason why Heaven Door City was so lively.

However, the people that the entire New World was looking for were actually searching for treasures in the profound Realm s. When many large powers were worried about the Dongfang Family's invasion, Chen Xiang, this little rascal, had already infiltrated into the interior of the strongest power in the New World.

There were a lot of patrol teams, so it was normal to suddenly lose a squad. Most of them were resting, and the Dongfang family's power was growing with each passing day. Everyone dared to act recklessly, so the patrol teams were usually responsible for catching some servants running around.

"Where is the important place? This Dongfang Rong's memories are unreliable!" Chen Xiang's Heaven tour method could not be found, and so could Long Xueyi.

Chen Xiang was currently in that small courtyard, and his Heaven tour method had already searched throughout the entire Warm Moon Palace.

"That pond is very deep!" Long Xueyi suddenly said, Chen Xiang immediately walked to the side of the pond.

"Dongfang Rong's memories said that the Warm Moon's Palace was one of the most important places in the Eastern profound Realm. He didn't know the specifics. Chen Xiang looked at the calm lake.

Long Xueyi's Heaven tour method was even more powerful than Chen Xiang's, so he quickly dove into the pond.

"There is a formation at the bottom of roughly a hundred zhang. My spiritual sense is unable to enter." Long Xueyi said.

"Little Naughty Dragon, let the wind go. I will try using the Luotian Gate." Chen Xiang took out his Luotian Gate.

Although the Warm Moon Palace was not small, there was only Chen Xiang inside. Dongfang Xinyue usually liked living a quiet life, and would only occasionally call a servant in to inquire about some things. Dongfang Rong had been called a few times over the years, so Dongfang Xinyue was very familiar with him.

After Long Xueyi gave him a direction, Chen Xiang turned the ring on top of the Luotian Gate, opened a dimensional door, and walked in.

After entering the spatial gate, Chen Xiang suddenly appeared in a place that was filled with a scorching aura. With the flashing of red light, and the scorching heat in the clouds, if a normal person came here, they would have long been burnt to ashes.

"Amazing, it seems like it's hotter than the earth's core. What kind of place is this?" Chen Xiang was in a tunnel now, and a red glow was shining in from the end of the tunnel. The source of the scorching energy was the end of the tunnel.

If even Chen Xiang had been to this place, it would already be an extremely terrifying place to him.

He suddenly understood why this matter was so important. If he did not seal it, the hot air that came out would be more than enough to destroy the entire profound Realm.

What exactly is this profound Realm? There was actually such a powerful place! This was what Chen Xiang and the others were wondering.

"It's a very intimate feeling." As Chen Xiang walked along the passageway, although he felt the heat, he did not feel uncomfortable at all. It was extremely strange.

After walking out of the passageway and arriving in a space filled with flames, he was shocked!

"What is this?" In the midst of the boundless sea of fire, he could vaguely see a colossal creature crouching on the ground, and its flames were being emitted by this colossus.

"The dead Vermillion Bird, these are her bones." Long Xueyi's voice was filled with shock, "I never thought that the Vermillion Bird would actually die in such a place. Her feathers must have been refined into Suzaku silk.

That huge monster was indeed a skeleton, it actually existed in the depths of the Eastern profound Realm!

"Is there any way to get it?" Chen Xiang was ecstatic, and almost jumped up. As he walked in the sea of fire, he did not feel any discomfort. This sort of flame could not harm him at all.

"There's a Bone soul in this skeleton, as long as we pacify it, the flames will disappear." Long Xueyi said.

The Eastern profound Realm was very big, and the Vermillion Bird's bones were actually around the same size as this profound Realm.

Chen Xiang and Long Xueyi spent a lot of effort to find the skull.

"You can't keep this Bone soul. If you keep it, don't tell me you want to refine the Suzaku Divine Weapon anew. This is the best material!" Long Xueyi said.

Chen Xiang nodded, he placed his hand on top of the skull, sensing the Bone soul in the bone, instilling some thought, calming the Bone soul down.

"Hmm? This guy actually wants to attack me!" Chen Xiang suddenly retracted his hand, his face filled with anger.

"Heaven fire soul, go!" Chen Xiang's body started to burn. The flames he released actually blew away the surrounding flames, and then, he smashed his palm onto the mountainous Vermilion Bird's skull.

With a palm strike, the Heaven fire soul released a Heaven fire full of power. The Bone soul that wanted to attack him immediately weakened a bit, and the raging fire on the skull also started to die down.

"Comparing fire with me?" Chen Xiang suddenly felt the resistance of the Bone soul, and immediately took out two Chaos fire s. He activated the two Chaos fire s and released the silver white flames, causing the flames around them to return back into the bones.

Chen Xiang never thought that the deterring power of Chaos fire would be this strong. In just a moment, that gigantic skeleton that looked like a red crystal appeared in front of him.

"Mine!" Chen Xiang laughed and dripped a drop of blood onto the blood, restraining the Bone soul inside. Then, with a thought, he stored it in his green jade ring.

Putting such a large thing into his storage ring had nearly drained Chen Xiang of his spiritual sense. After he succeeded, Chen Xiang rested for a bit before taking out the Luotian Gate. He passed through the spatial gate and arrived at the forest outside of Sky Emperor City.

"Without the Vermillion Bird bones as nourishment, the Eastern profound Realm will probably lose its spirit energy very soon." Long Xueyi chuckled.

Not long after Chen Xiang left, all the Rankers in Eastern profound Realm suddenly trembled, because the density of the spirit energy had suddenly decreased. Although it had only weakened a little, it made many Rankers feel that something serious had happened, because this was something that had not happened in Eastern profound Realm for many years.

He continued to stay in Sky Emperor City. He wanted to see if he could find any good Spirit Medicines here, since Sky Emperor City was a very prosperous city, Chen Xiang felt that he would be able to obtain quite a bit of harvest here.

Just as he stepped into a very large pill shop, he suddenly heard someone shout, "Chen Xiang has appeared!"

Chen Xiang was shocked. He had now become a normal looking middle-aged man, how could he possibly be discovered?

"Chen Xiang has appeared on top of the Dragon Tower in the north of the city and is fighting with the eldest son of the Dongfang Family Patriarch."

Chen Xiang's mouth twitched, he never thought that there would actually be such an idiot that dared to pretend to be him and flaunt around, ruining his reputation.

### [Chapter 713](#)

Someone who had a bounty of ten billion Spar actually dared to come to Dong Fang Clan's territory. It was either this person was crazy, or this person had the ability to come and go as he pleased.

Chen Xiang really came to the Heavenly Emperor City, it was just that the one fighting the Young Master of the Dongfang Clan was not him, but an imposter.

"Wait a minute, are these guys using this kind of method to provoke me out? "We can't be fooled!"  
Chen Xiang followed the crowd and headed towards the Profound Dragon Tower.

The Xuanlong Tower was twenty stories high and it was square at the top. At this time, there was a man dressed in black clothing on top of the tower. He held a long sword shining with a cold light, and was currently fighting with a handsome man with a large green saber.

"How can my Green dragon demon-slain broadsword be like this, too shameless, if you want to fake it, you have to pretend to be better!" "F \* ck, how could laozi be such a pretty boy?" Chen Xiang roared in his heart, his glorious image completely destroyed by the imposter.

"I really want to slap his face!"

"Hehe ..." "He's not a pretty boy, he's basically a little girl. The one pretending to be you is a beautiful little girl, hehe ..." Long Xueyi continued to laugh coquettishly.

"I didn't expect that the person with the ten billion bounty is actually a sissy. Look at him, he's acting like this too ..." Did he train in some kind of martial arts that caused him to be neither male nor female? "

"This sissy actually has such great ability to make the Dongfang family bid ten billion, her reputation is indeed undeserved!"

"That's right, I even thought he was a pure man!"

"..."

Hearing the comments the people around them made towards this imposter, Su Meiyao and Long Xueyi could not stop chuckling, but Chen Xiang was filled with anger.

"It's ruined, completely ruined!" Although he knew that it was very likely to be a trap, Chen Xiang did not allow anyone to slander his reputation.

"This little girl who is pretending to be me, I want to ..."

"What are you going to do with her? First what... And then kill him?" Long Xueyi laughed.

"I'm going to spank her behind more than her chest." Chen Xiang snorted coldly, and continued to watch.

Chen Xiang's mind suddenly flashed, he thought of a good plan, and quickly left the group of people, paying a high price to stay in a hotel. When this room was opened, he saw the Profound Dragon Tower, which allowed Chen Xiang to see the battle even more clearly.

"Both of them are quite strong, but they did not use their full strength. Furthermore, their attacks were not ruthless enough. They did not have any killing intent in their moves. Damn it, they are really acting. They are deliberately ruining my reputation!" Chen Xiang sneered.

"Even after fighting for so long, no one from the Dongfang family has made a move. It seems that they are really acting!" Su Meiyao said.

Chen Xiang looked at the Profound Dragon Tower, his mouth chanting an incantation. He was going to use the Heavenly dragon seal!

It was long distance and powerful, and it was the best time to use Heavenly dragon seal s, moreover, this was Chen Xiang's signature move, many people knew it, and since someone was pretending, Chen Xiang wanted this scene to be more lifelike.

"Young master of the Dongfang family, why don't I see how strong you are compared to Dongfang Yao?" Chen Xiang sneered in his heart, then, a storm suddenly surged in the sky, and the surrounding Spirit Qi suddenly surged violently towards him from afar, gathering in the air above the Profound Dragon Tower.

Chen Xiang's powerful mana was released, bringing along his powerful Innate Qi, as it filled the air with spirit energy, controlling a large amount of spirit energy that was frantically being used, and turning it into a whirlpool, producing a terrifying suction force that engulfed the surrounding spirit energy.

"Counterfeit, I'll let you see what the real thing looks like. Learn!" Chen Xiang let out a cold laugh. A roar came from the whirlpool in the sky.

When the whirlpool appeared, everyone was shocked, all of those who investigated Chen Xiang knew that it was Chen Xiang's ultimate move, but now it suddenly appeared, shocking everyone, they did not dare look down on that 'sissy' anymore.

The Xuanlong Tower shook violently from the force of the whirlpool as the people inside quickly fled.

"Wrath of the Ice Dragon!" Chen Xiang roared angrily in his heart, a ice dragon suddenly drilled out from the vortex in the sky, releasing a cold Qi. Seeing this ice dragon that was made entirely out of ice crystals, its entire body was filled with a threatening might, shocking the audience, and they all quickly escaped.

When the two people at the top of the Xuanlong Tower saw this, they too paled in shock. With a huge leap, they fled the moment the ice dragon came crashing down.

This Ice Dragon's punishment was not crude at all. After destroying the Dragon Tower, a burst of cold air rushed out and condensed into ice crystals in the surrounding buildings. The cold air continued to sweep in all directions, and wherever it went, it would turn into a world of ice and snow.

"Keep an eye on that imposter, I'm taking a break!" The room that Chen Xiang was in was also filled with ice and frost, and he sat in meditation to rest.

After an hour had passed, Chen Xiang had recovered quite a bit.

"Then Young Master Dongfang went back to the Eastern profound Realm, the imposter is outside the city." Long Xueyi said.

"Impersonating your father and daring to run around, this idiot!" Even though Chen Xiang said this, he had already taken out his Luotian Gate. "Did the imposter and Young Master Dongfang have any interactions?"

"No, but they must have known each other." Long Xueyi said.

Opening the Space Gate, Chen Xiang went outside of the city. The imposter was actually walking leisurely by himself towards a forest.

"Why is this woman still in the mood to sightsee?" Chen Xiang had originally wanted to take action, but he still planned to follow her. He felt that after this impostor finished his act, there must be some kind of unspeakable secret that would come to this place.

Chen Xiang followed the woman who pretended to be him and arrived at a quiet valley. There was actually a steaming pool of water here, and around the pool were a few beautiful flowers.

The moment he saw the pool, he knew what the imposter was up to.

"You little scoundrel, you must be enjoying life!" Long Xueyi laughed.

That imposter was indeed a woman. She used her melodious voice and hummed a melody before squatting by the pool. She used her lily-white hands to pick up the hot water to wash the makeup on her face.

After washing her face, a beautiful face appeared. She was actually an extremely beautiful woman. What was even more frightening was that she began to take off her clothes.

"Little Scoundrel, why aren't you fighting anymore?" Su Meiyao asked with a smile: "Did you see that this is a great beauty, and then your heart moved?"

"At most, she's just a little beauty. Only the two big sisters of the ring are such beauties. With you two around, how could I be interested in this little girl?" Although Chen Xiang said that, he still stared at the beautiful figure beside the clear pool.

#### [Chapter 714](#)

After waiting for a while, the little beauty who was humming a tune without taking off her clothes, made Chen Xiang go crazy with anger.

"Damn it, even taking off her clothes is so slow. She really is a woman." Chen Xiang thought.

"Take it off, take it off ..." Long Xueyi the little Rhinoceros also unexpectedly urged on.

Under the expectation of the two bad guys, Chen Xiang and Long Xueyi, the little beauty finally took off her men's clothes, and inside, she was wearing a woman's clothes. This made them secretly clench their teeth.

As expected, the little beauty wanted to bathe in the lake. With her back facing Chen Xiang, her movements were graceful and captivating.

Her snow-white body suddenly appeared in front of Chen Xiang. Her long legs, beautiful buttocks, alluring waist, and pink back that made people want to kiss her, all of them released a wild and soul-stirring aura, causing the evil fire in Chen Xiang's lower abdomen to rise.

The little beauty kept the clothes inside her storage ring, tied up her hair and walked into the pool. In that moment, Chen Xiang saw something that had a strong visual impact.

"He went down, what a pity!" Long Xueyi sighed.

The little beauty was soaking in the water with a cheerful smile on her face. She was humming a tune while enjoying the warm spring water.

"Little Scoundrel, what do you plan to do now?" Su Meiyao scoffed, her voice carried a faint sour taste.

"Of course it's to go down and capture her alive, and then ... "And then..."

Chen Xiang hastily interrupted Long Xueyi's daydreaming: "Then it's your turn, you little bad dragon, there's no hope anymore. It seems like only I can subdue you!"

"Hng hng!"

Chen Xiang laughed: "Little bad dragon, is there any way to steal the storage ring on your finger?"

After Long Xueyi heard this, he began to giggle: "Little Scoundrel, you're the one that's hopeless! To me, this is just a small matter! "

Long Xueyi was more proficient at using the ability of taking things out of the air than Chen Xiang, in that instant, a storage ring flashed towards him, and the little beauty was humming a tune, not realizing that her storage ring was stolen.

Chen Xiang floated gently and arrived at a tree at the side of the pool. He sat on top of the tree and looked down at the little beauty in the pool.

This little beauty's strength could be considered quite good. She quickly discovered that there was movement on the tree. After a moment of shock, she raised her head and saw a man wearing a mask sitting on top of the tree, staring at her with his eyes.

What surprised Chen Xiang was that the little beauty did not panic at all. Instead, she looked for her storage ring at once, but did not manage to find it. Only now did she start to panic, and immediately covered her chest with her hands.

"Who are you? Hurry up and return my storage ring back to me. " The little beauty's jade face was filled with embarrassment and anger. Although her voice was anxious, it revealed a very natural gentleness.

Chen Xiang laughed: "I'm here to take your head, you're worth ten billion!"

The little beauty's body trembled as she bit her lips and shouted, "Since you know I'm worth ten billion, then hurry up and leave!"

never thought that this little beauty would actually be so brainless. No wonder she would pretend to be him, even daring to come to this kind of place to bathe after pretending.

"Goodbye then!" Chen Xiang had actually left.

Thinking about how Chen Xiang had obtained her storage ring, the little beauty anxiously shouted out, "Scoundrel, quick .... "Come back quickly and give me back my clothes."

Chen Xiang landed on the side of the pool and stared at that beautiful and delicate face. She was a beauty that was filled with gentleness and gentleness, but within gentleness and gentleness, she did not lose her charm.

"You little fool, do you think I'll return your clothes?" Chen Xiang laughed.

"I... I have not offended you, why did you steal my storage ring? Give me back my storage ring, I will give you the Spar. " The little beauty became anxious. Chen Xiang was looking at her from such a close distance, causing her to tighten her legs and cover her chest.

This little beauty was so adorable that Chen Xiang couldn't bear to tease her.

"Why are you pretending to be Chen Xiang?" Chen Xiang's gaze became more fiery, causing the little beauty to lower her head. He never thought that this powerful fake would actually be so stupid.

"My brother told me to do it. He said that he could attract Chen Xiang here like this, and he really did come in the end. As long as I agreed, he would agree to let me play by myself. Originally, Chen Xiang wanted to punish her severely, but facing such a simple and innocent little girl, he couldn't be ruthless in his heart.

Chen Xiang laughed, "Then, what is your name? Who is Dongfang Yao to you? "

"Dongfang Yao is my second brother, but he was sent to Devil-subduing College by father a long time ago, but when my brother said that his power and influence was gone, he was sent away." The little beauty didn't know why, but she felt that the person in front of her who wore a mask had no ill intentions. She smiled sweetly at Chen Xiang: "I'm called Dongfang Jing, they all call me Jingjing, what about you?"

Chen Xiang didn't expect this little beauty to be so naive. In an instant, she lost all caution against her enemies, and if he tricked her into selling them, she would even help him count the money.

"My name is Chen Xiang!" Chen Xiang took off his mask, revealing a mouthful of white teeth. He felt that this was the most honest smile he had ever had, but it still made Dongfang Jing scream in fear.

Dongfang Jing, who was in the water, anxiously retreated. In her eyes, Chen Xiang was like a demon, which made it hard for Chen Xiang to understand, although his looks could not be ranked in the Chen Martial Continent, but it was still not bad. Why does this little beauty look like she saw a ghost?

"What are you afraid of?" Chen Xiang knew that Dongfang Jing would answer any questions he asked.

"You're a big bad guy, big devil, big... "..." Dongfang Jing frowned, and looked at Chen Xiang with vigilance.

Chen Xiang summoned his Green dragon demon-slain broadsword, surging killing intent in all directions. His voice was filled with anger: "Who said it? I will chop him into pieces and feed him to the dogs, and you actually slander me like this! "

"My big brother said it. He said you killed second brother, even though second brother is also a bad guy." Dongfang Jing answered Chen Xiang honestly.

"Your big brother is also a bad guy, I'm going to kill him." Chen Xiang sneered.

"You can't beat my big brother, you're just courting death by looking for him." Dongfang Jing said anxiously, as though the big brother she was referring to was invincible.

"Little fool, your big brother lied to you. Don't you know?" If she believed the words of a pig, then what about her big brother?

### [Chapter 715](#)

Dongfang Jing was indeed a very simple and kind girl. Even though she was no longer a girl, her brain was like a little girl of a few years old.

"My elder brother will not lie to me. My elder brother is a good person, my second brother is a scoundrel, so I don't trust my second brother, and even more so, I don't trust a scoundrel like you." Dongfang Jing tightly held onto her ample chest and shrunk into the water. Her bitter and jade face was filled with bashfulness and anger, and her not crying out loud had already surprised Chen Xiang.

"Since you said I'm a bad guy, what do you think I should do to you now?" Chen Xiang's face was filled with an evil and evil smile, causing Dongfang Jing's heart to jump, filled with fear. Although she was simple, she knew a few things about relationships between men and women.

"Take it. If I were a bad guy, I would have eaten you to the point that not even your bones would remain." Chen Xiang threw the little beauty's ring over.

This came as a great shock to Dongfang Jing. After she received the ring, she innocently shouted: "Turn around, I want to put on some clothes."

Chen Xiang now understood why the Dongfang family did not allow this little idiot to run around. A little fool like this could even trick her into going around in circles.

He let out a helpless sigh, then turned around and was about to leave the pool.

"Sigh... Wait, thank you for returning the storage ring to me." This nearly made Chen Xiang fall to the ground. This ring was originally hers, giving it back was a given, yet she actually thanked others.

Chen Xiang turned his head, just as he was about to say "no need to be courteous", he saw this little beauty wiping off the water on her body with a piece of cloth. The cloth just happened to graze her plump breasts, pushing out the blush on the snow peak, causing Chen Xiang to almost spurt out blood from his nose.

"Ah!" With a scream, it pierced through the clouds!

"You ... You. Woo woo ... \* You saw it. You're a bad guy. "Woo woo ..."

But when she started crying, she rubbed her eyes, leaving the eyes of the Snow Rabbit in front of Chen Xiang, whose chest was radiating spring light, exposed. As she sobbed, the snow white and beautiful rabbit suddenly trembled, bringing about a burst of ambiguous spring waves, causing people to be captivated by her tears.

Chen Xiang didn't know what to do. He wanted to say, "Actually I saw it long ago", but he knew that if he said it out loud, this idiot would cry even harder.

"Wear your clothes quickly, or else I'll see you all!" Just at this time, Long Xueyi model Chen Xiang's voice sounded out, and after Dongfang Jing heard it, his face flushed red, and anxiously used his clothes to cover his body.

Chen Xiang was truly speechless. If it was a normal woman, she would have definitely dressed as quickly as possible, but this little idiot was still slowly wiping the water droplets on her body.

"Take it. Consider it my compensation." Chen Xiang took out a few sets of beautiful dresses and a few pairs of shoes. These were all carefully selected from within the Sacred Dan Realm and were all made by hand and the materials were all rare and beautiful.

As expected, the little idiot was quickly attracted by the beautiful clothes and hurriedly took them over, while sobbing as he rummaged through the clothes and shoes. If it wasn't for Chen Xiang here, she might have immediately changed to try.

"Sorry, I didn't do it on purpose. Just pretend that what happened today never happened. Are you satisfied with the clothes?" Chen Xiang sincerely apologized.

The little beauty's eyes were still filled with tears. After she wiped them clean, she said in a gentle and sweet voice, "You can't tell anyone else, or else I won't be able to protect my reputation. Also ... "Thank you for the clothes you gave me."

Chen Xiang laughed: "Then am I still a bad guy?"

Dongfang Jing thought seriously for a while, then shook his head: "You're not a bad guy, but you're still a little bad. You're a bad guy!"

This made Long Xueyi and Su Meiyao, who were inside the ring, "puchi" laugh.

"In the future, you have to be careful not to run around alone. You also met me, so if you met anyone else, you would have been tricked long ago. I'll return to the city." Chen Xiang originally wanted to leave immediately, but he could not bear to do so.

Dongfang Jing nodded his head, then tidied up his clothes. Just like that, the innocent little beauty followed this little scoundrel out of the forest, without a shred of vigilance.

This kind of idiot was something that could only be encountered once every ten thousand years, but today, it was met by Chen Xiang.

"Jingjing, don't tell your brother that I've come to find you. If there's anything about me, don't say anything. Even if your brother sees through it, you still have to remain silent. Do you understand?" Chen Xiang said very seriously.

The little beauty nodded seriously and said, "I won't say anything. I can definitely do what I've promised."

"I really don't understand. How did you cultivate to such an extent?" Chen Xiang sighed, with this kind of brain, being able to become a warrior of the Hundred refining realm was truly baffling.

A lot of people say this about me, but as long as I train according to the rules, my Innate Qi can be increased. Furthermore, during the competition, I can also judge based on the opponent's martial skills and then fight back. I'm not stupid, even big brother is not my opponent, so why is it that so many people always call me stupid? The little beauty said while feeling wronged, she played with the beautiful accessory that Chen Xiang gave her.

This caused Chen Xiang to find it hard to believe that Young Master Dongfang was not a match for this stupid girl!

Not long after exiting the forest, they arrived at Heavenly Emperor City.

"I won't be going into the city. Take this, if someone asks you, just say you picked it up. This is my gift to you, it can only be eaten by you, and is for your survival." Chen Xiang gave the stupid beauty a small jade box.

When Dongfang Jing opened the jade box, a rich medicinal fragrance wafted out. Two pills were shining brightly, lying inside the jade box.

"This is ..." This is the Relive Dan! " The little beauty's beautiful eyes widened.

"Cover it quickly and put it away!" Chen Xiang urged.

"This item is very expensive, I can't take it!" Dongfang Jing pouted and said, he was determined to return the Relive Dan back to Chen Xiang.

"Take it. This is compensation that I've given you. I feel ashamed for you. Keep it, or else I will feel very uncomfortable." Chen Xiang said with a serious face.

"You really are a good person." Dongfang Jing revealed a sweet smile to Chen Xiang.

"I'm a good person to begin with, so don't pretend to be me next time. This is a very dangerous thing to do." Chen Xiang warned.

Dongfang Jing nodded, then skipped away.

"It's such a pity if we don't trick a little fool like him into leaving." Chen Xiang was the one who gave Su Meiyao those two Relive Dan. There weren't many girls who were innocent, and it made people feel tender towards him.

After Dongfang Jing left, Chen Xiang turned into a normal looking middle-aged man, walking into the Heavenly Emperor City. He wanted to see how the Profound Dragon Tower would react after it was destroyed.

### [Chapter 716](#)

The Xuanlong Tower was a place that specialized in selling ancient arts and crafts. It was a place that specialized in antiques and was reserved for aristocrats to show off. It was one of the Dongfang family's big properties, but now it was filled with crushed ice.

The Xuan Dragon Pagoda had been struck by the ice dragon, and had congealed into ice. Then, it suffered from the huge impact and was shattered into pieces. This caused the Dongfang family to suffer heavy losses.

However, the Eastern profound Realm was in a mess because the spirit energy inside was slowly decreasing. This was because Chen Xiang had taken away the Vermillion Bird's corpse that was hidden deep underground, causing the spirit energy source to disappear.

Chen Xiang reckoned that in a short while, the Eastern profound Realm would disappear without a trace without the support of a large amount of energy.

The ambitious Dongfang family had no choice but to restrain themselves and resolve the clan's internal affairs. Although they were stopped by the Devil-suppressing Divine Palace, they still occupied the mines and plunder resources everywhere, making many forces angry, but they didn't dare to say anything.

"It has already sealed off the entire city, I never thought that Chen Xiang would have such guts, with a bounty of 10 billion bounty, he still dares to come to Sky Emperor City to cause trouble, and even destroyed Xuanyuan Dragon Tower, no wonder he dares to kill Dongfang Yao."

"Seems like Young Master Dongfang is not his opponent, no matter what, Chen Xiang is still someone after all. He destroyed the Dragon Pagoda, this is clearly slapping Dong Fang Clan hard in the face."

"I wonder how the Dongfang family is feeling right now?"

Chen Xiang was in a teahouse, sipping tea while looking at the entrance of the huge palace in the distance. Through the Heaven tour method, he could see that many strong people were entering the Eastern profound Realm s in batches.

If he wanted to know what happened inside, it was extremely simple for Chen Xiang. With a shake of his body, he changed back to Dongfang Rong, entered the palace, and then entered the Eastern profound Realm from the palace.

A lot of people were gathered inside, and they were all gathered at the same plaza. Once Chen Xiang arrived, he was questioned loudly by a burly man: "Dong Fang Rong, where did you go? You guys are going to be blamed for such a big thing that happened. "

This man was the leader of the patrol, a member of the Nirvana Stage. At this moment, all the captains of the patrol teams were here, along with many of the Dongfang family's higher ups as well as the big bosses who were leading troops.

"It was the Warm Moon elder who asked me to go out and inquire about some things." Chen Xiang anxiously said, then Dongfang Xinyue said that she would ensure that he would be alright.

When the captain heard that it was the Warm Moon Elders who called him to do some work, he did not ask any further questions. Although the Warm Moon Elders rarely went out and usually looked very gentle, they were all over the place and even those old fellows were afraid.

Chen Xiang saw that little fool Dongfang Jing, and she obediently followed behind a man who had a long beard and looked mature and stable. This man was somewhat similar to Dongfang Yao, and this was the big brother Dongfang Jing had mentioned before.

It was an old man who had walked onto the high platform. He was the grand elder of the Dongfang family, the boss of the group of elders. He had been competing with the Dongfang family's patriarch for power.

In the past when they were gathered, the one who spoke was the patriarch, and now it was the Great Clan Elder. Chen Xiang was secretly surprised, this showed that the patriarch had already lost his power.

"To make a long story short, I will only say two things. First, go all out to hunt down Chen Xiang, the great enemy of the Dongfang family, and actually destroy our important property. Secondly, a traitor has appeared in our Dongfang family. Dongfang Xinyue actually snatched away our spiritual energy life vein under our Eastern profound Realm and caused it to weaken every day. This is the great traitor of our Dongfang family. "" No, no ...

"These two things are the shame of our Dongfang family. The Patriarch is the younger brother of the traitor Dongfang Xinyue, so after discussion with our clan elders, we decided to temporarily annul his position as the Family Patriarch, until he captures Dongfang Xinyue and brings him back. Finally, everyone go back and pack up. We are preparing to move out of Eastern profound Realm. "

Chen Xiang was shocked, and everyone started to discuss amongst themselves. They knew that it was rare for Dongfang Xinyue to leave the Eastern profound Realm, so he had escaped.

Dongfang Xinyue was an expert in smithing arrays, it was normal for him to steal the Spiritual Qi from the Lifeline. These people were all lunatics, in order to achieve their goals, there was nothing that they couldn't do.

But Chen Xiang didn't think that he would actually hurt this beauty's life, making her into a criminal within the family, and making her carry the title of a traitor.

"Next, let the Second Elder speak of the matters that he should pay attention to during the migration as well as the person in charge ..."

Chen Xiang grew impatient when he heard it, and stealthily left, turning into a small butterfly, then flew around. At the same time, many buildings were set on fire, and the fire seeds condensed by the Heaven fire, if it was a normal rock, would all be ignited.

"What are you carrying around for? I'll help you burn the fire. You guys can just leave." Chen Xiang laughed in his heart. He loved to set things on fire the most, and it was to the point that he would burn down the base of the number one power in this new world.

Although this would not weaken the Dongfang family's strength, it would still make them angry for a long time.

Just as the Second Elder finished speaking, with a thought from Chen Xiang, those flames he buried everywhere started to burn. In just a few moments, all the houses in the Eastern profound Realm were engulfed in raging flames, and cries came from everywhere.

Chen Xiang had long since left the Eastern profound Realm.

After strolling in the Heavenly Emperor City for a few days, Chen Xiang realised that the medicine stores here were all like the Mortal Martial Realm s back in the day, they were all left for him to sell and they were all extremely expensive. He was extremely disappointed and could only return to the Super Martial School since he had already obtained the Vermillion Bird's remains.

----- Within the Super Martial School, a few guests came. The moment Chen Xiang returned to the Super Martial School, he was received into the guest hall, and after walking in for a look, he saw a few very familiar faces.

One was the little fool Dongfang Jing, then Dongfang profoundlong, and finally, a handsome middle-aged man with an extraordinary bearing, dressed in gorgeous red clothes, which was also the Dongfang Family's patriarch, Dongfang Chaoqun!

After Dongfang Jing saw Chen Xiang, she immediately lowered her head, and did not dare to look straight into Chen Xiang's eyes, afraid that others would find out that she was acquainted with Chen Xiang.

"Yoh, aren't these the fellows who placed bounty on me? They actually came here, and want to take my head for themselves?" and Wu Kaiming were both here, so when they saw Chen Xiang, they had no choice but to get up and pay their respects to him.

"Junior Martial Uncle!"

"No need to be so polite." Chen Xiang raised his hand, his voice light.

How could Dongfang Chaoqun not know the power of Gu Dongchen and Wu Kaiming? As the patriarch of the Dongfang family, he was very strong, but he didn't expect the two leaders of the Super Martial School to be so respectful to this brat. Now, he understood that even if the bounty was ten billion, there wouldn't be many people who could successfully take Chen Xiang's life.

[Chapter 717](#)

Only the people from the Dongfang family knew about this Dongfang family's Patriarch. He was so humiliated that he was kicked off his seat casually. No one listened to him, but the outsiders felt that this Dongfang family's Patriarch was very powerful and honorable.

"If you are here because of the matter of the Profound Dragon Tower, then please return. None at all! If it's for that Dongfang Yao, you will all be disappointed. His death has nothing to do with it at all. It's just that I offended that bullshit God, so he intentionally slandered me. But now that the God Child has been slaughtered by me and I have no proof, I know that it's hard to prove what I just said. "

Chen Xiang slowly said without waiting for the other party to speak. This made Dongfang Chaoqun think of a lot of things that would happen if he were to die.

Gu Dongchen and Wu Kaiming were both secretly surprised. Chen Xiang had been offered a bounty by someone else, but he still dared to go to someone's territory and destroy an expensive tower. This kind of person could do such a thing no matter what world he was in.

"You said everything. That's right, we came here for the matter of the Dragon Tower and Dongfang Yao. Since you said it like that, it seems like we can't pursue it." Dongfang Chaoqun stood up and said seriously: "Even though I am still the patriarch of the Dong Fang Clan, I do not have any power. The person in charge of the Dong Fang Clan now will not put the Devil-suppressing Divine Palace in his eyes.

After Dongfang Chaoqun brought his children and left, Chen Xiang's expression became serious. The reason the Great Clan Elder of Dong Fang Clan wanted to capture him was to find an excuse to attack the Chen Martial Continent, because this was one of the strongest powers in the Mortal Martial Realm, and there were even Taiji Dragon-suppressed kungfu s amongst them.

Chen Xiang suddenly understood why the Dong Fang Clan wanted to capture him. It was because of the Taiji Dragon-suppressed kungfu, and Huang Jintian was inside, that was why they had to find all sorts of excuses.

"What happened to the Dongfang family?" After Gu Dongchen sent him off, he returned to the living room.

Chen Xiang said: "That Big Sister Dongfang Chaoqun was seen as a traitor. After that, the elders joined hands and kicked the Patriarch off the stage. They wanted Dongfang Chaoqun to capture his Big Sister, but it seems impossible."

"Looks like it won't be long before the Dong Fang Clan's army arrives here. They are here for the Taiji Dragon-suppressed kungfu."

The Taiji Dragon-suppressed kungfu had long ago caused a wave of bloody rain in the Mortal Martial Realm, but it was dissolved by Chen Xiang later on, because he helped many powers find the martial skills left behind by their ancestors. Now it was different, because this was a new world. After hearing that there was such an unrivalled divine technique, who wouldn't want to snatch it away?

"Dongfang Chaoqun, I never thought that you would also be a traitor, to actually come all the way here, what exactly are your intentions?" Suddenly, an angry voice resonated above Super Martial School, causing Chen Xiang and the others to become serious.

"It's the grand elder of the Dongfang family." Chen Xiang immediately stood up and left the hall.

Gu Dongchen and Chen Xiang walked towards the door together, while Wu Kaiming went to call the head of the Super Martial School over.

The people of the Dongfang family had actually arrived so quickly, and it was even a large group of people who used the Transmission array to teleport to the entrance of the Super Martial School.

A powerful Qi came out, Chen Xiang anxiously shouted: "Someone has attacked!"

Arriving at the door, Dongfang Chaoqun's face was ugly, blood trickling down from the corner of his mouth, he held onto his stomach with one hand as he stared at the Great Clan Elder coldly.

"Dongfang Lingyun, you are ruthless enough!" Dongfang Chaoqun was actually struck by the Great Clan Elder.

"Father, are you alright?" Dongfang Jing's face was full of worry as she held her father.

"You are a traitor to the Dongfang family, you siblings as well. This is the only way to deal with traitors." Dongfang Lingyun's old face was full of malice. As the Great Clan Elder, in order to stabilize his authority in the Dongfang family, he had to get rid of Dongfang Chaoqun and Dongfang Xinyue, the two powerful siblings.

The main gate of the Super Martial School was guarded by dozens of powerful Nirvana Stage, led by Dongfang Lingyun. This was the first time in many years that the Super Martial School had been attacked by enemies in such a way.

"Jingjing, I'm fine!" After Dongfang Chaoqun finished speaking, he spat out another large mouthful of blood.

"Traitor!" Just then, Dongfang profoundlong's quick sword stabbed out, piercing into Dongfang Chaoqun's chest, coming out from his body.

His son had tried to assassinate his father! This shocked Chen Xiang and the others, and it was a ruthless strike from behind!

"Son of a bitch!" Angry, Dongfang Chaoqun smashed a palm towards his own son, but was blocked by the Great Elder Dongfang Lingyun.

"Even your son thinks you're a traitor, haha ..." Dongfang Lingyun laughed.

Dongfang Jing's eyes were filled with tears, and he shouted loudly: "You are not my big brother, you are a big scoundrel, you attacked Daddy!"

With one glance, Chen Xiang could tell that this Dongfang profoundlong had already sold out his father. Otherwise, his father wouldn't have been captured the moment he left the Super Martial School, led by the Great Clan Elder.

As Dongfang Lingyun laughed, he gave Dongfang Chaoqun another ruthless palm, sending him flying back, crashing into the wall next to the door.

Now that Dongfang Lingyun had fulfilled his wish, he could reasonably eliminate the Patriarch, and Dongfang profoundlong, who sold his father, stood behind the Great Clan Elder with a sinister smile.

Tears rolled down Dongfang Jing's face. She saw that after her father was heavily injured, she no longer cared about the promise she had made to Chen Xiang. She took out a Relive Dan and placed it in Dongfang Chaoqun's mouth.

This caused Dongfang Lingyun and the others to be extremely shocked, this Relive Dan was also a precious object in their eyes, but this little girl actually had two of them.

Dongfang Lingyun's eyes were hot, his old face was full of jealousy, but just as he was about to take action and snatch the stone away, Gu Dongchen spoke out.

"This is my Super Martial School's territory, try attacking again!" Gu Dongchen's voice was filled with anger. At this time, he sympathized with Dongfang Chaoqun a lot, especially when his own son stabbed him with a sword.

"Hmph, other people might be afraid of your Super Martial School, but our Dongfang family isn't. This little girl stole our Dongfang family's precious pills, I just want to get it back." Dongfang Lingyun said loudly.

Chen Xiang had seen many shameless people, but this was the first time he saw such a shameless person.

"What right do you have to say that the Relive Dan belongs to your Dongfang family?" Chen Xiang asked with a sneer, while at the same time, many experts from the Super Martial School arrived at the door one after another.

"Hmph, she is just a little girl. Besides stealing, where else can she get her hands on?" Dongfang Lingyun didn't dare act rashly, if they continued to fight, they would suffer heavy losses. He didn't expect that there would be so many powerful warriors hiding in Super Martial School.

"Can't I give it to her?" Chen Xiang sneered.

"Haha ..." With just you? You are willing to give the Relive Dan to this girl? Although you may have had an affair, who would believe such a lie? " Dongfang Lingyun laughed, and the other experts behind him all mocked him.

"He gave it to me. He gave me two pills." When Dongfang Jing saw that her father had recovered, she wiped her tears and shouted.

"Haha ..." Dongfang Lingyun laughed out loud, "This silly girl has actually learnt to lie. I think it was you who stole it from our Dongfang Family."

Chen Xiang shook his head and sighed: "Isn't it just Relive Dan? I have a bunch, if you don't believe me, you can look! "

With that, Chen Xiang took out a jade box. He opened it, and the medicinal fragrance rushed out like a storm.

## [Chapter 718](#)

The materials needed to refine a Relive Dan were equally rare. Even if there were materials, it was hard to say if it would succeed. But inside Chen Xiang's jade box, there were at least a hundred or so Relive

Dan. With so many of them, those old fellows of the Dongfang family had greedy eyes as they looked at Chen Xiang, wanting to snatch them away.

"Have you not seen the Relive Dan before?" Chen Xiang laughed and kept the box.

It was true that they had seen Relive Dan before, but it was still the first time that they had seen so many Relive Dan, and it was also the same for Gu Dongchen and Wu Kaiming. Fortunately, the people who had seen so many Relive Dan were their Junior Masters, so they were not afraid that they would not be able to find them in the future. Of course, to buy the Relive Dan from Chen Xiang, he had to pay a huge price.

Dongfang Jing, I never thought that you stupid girl would also do something like betraying the Dong Fang Clan. From today on, you two will no longer be people of our Dong Fang Clan. " Dongfang Lingyun said coldly, but in his heart, he was thinking about Chen Xiang's box of Relive Dan.

After Dongfang Chaoqun ate the Relive Dan, he quickly recovered. The effects of the Relive Dan were really strong, such a strong expert was hit twice, after being heavily injured and falling to the ground, he ate one pill and stood up on the spot!

And Chen Xiang had a big box of these!

Dongfang Chaoqun understood his own daughter very well, he had never expected that Chen Xiang would secretly come and visit his daughter from the way Dongfang Jing looked at him. Moreover, their relationship was close to each other, if not, he would not have gifted her two Relive Dan s.

From the eyes of the many experts, Chen Xiang could understand the power of a Alchemist.

Chen Xiang took out a Relive Dan and tossed it in his hands, not putting this incomparably precious Relive Dan in his eyes at all.

"What the hell are you guys doing here? The Dongfang Imperial Clan's Clan Chief is here to get even with me. We are all people with status, so he actually dared to openly walk in here to discuss this matter with me. However, in the end, they were not able to come to an agreement and were slandered as a traitor by you all. From what I see, you all want to get rid of him a long time ago. " Chen Xiang sneered, he gently waved his hand and threw the Relive Dan towards Dongfang Jing, accurately throwing it onto the little idiot beauty's jade hand.

Dongfang Jing stopped and placed the Relive Dan into the box, causing many old fellows to want to scold him. Since when was the Relive Dan so low, to actually be casually toyed with and given to others as a gift? Back then, when they were crossing Nirvana Doom, it could be said that they were begging everywhere for pills like dogs.

"Dongfang Lingyun, the reason why I worried about you previously was because my sons and daughters being plotted against by you, but now ... "Hmph, you and I will not rest until we are dead. We will fight to the death and I will take revenge for today!" Dongfang Chaoqun's voice was filled with grief and indignation. He looked at his own son, who was the one who made him the most furious, he was actually stabbed in the back by his own son.

There were indeed a lot of people from the Dongfang family. Very quickly, another group arrived, and they were all from the Nirvana Stage. They were all very powerful, and this made Dongfang Lingyun even more confident.

These people were experts from other continents, and they all belonged to the Dongfang family. They were experts from the other continents that were occupied by the Dongfang family.

"What do you want?" Gu Dongchen took a step forward, his voice was like thunder, full of anger. With so many people surrounding the entrance of Super Martial School, what else could they do?

This Dongfang Lingyun actually wanted to take down the Super Martial School by force.

"Hmph, Super Martial School colluded with us, the traitors of the Dongfang family, in order to harm our family. We are just trying to take the initiative, kill him and capture Chen Xiang alive." Dongfang Lingyun roared.

Gu Dongchen and Wu Kaiming both never thought that Dongfang Lingyun would actually make a move like that.

In fact, Dongfang Lingyun had also been attracted by Chen Xiang's box of Relive Dan. He felt that the Relive Dan in Chen Xiang's hands was simply a expense.

"Hmph, where did this bastard come from? Don't think that just because you have more people, that is already amazing!" An angry voice suddenly resounded like a clap of thunder. That strong pressure made everyone involuntarily bend their knees.

Dongfang Lingyun and the rest of the more than a hundred Nirvana Stage warriors were under an even greater pressure. Some of them even spat out a mouthful of blood and knelt down, while Dongfang Lingyun laid on the ground, howling under the extremely violent pressure.

"As long as I, Huang Jintian, am still alive, don't even think about making a move on Super Martial School. Today, I will temporarily spare your dog lives. Your dog lives will be taken by my Super Martial School's younger generation, get lost now." Huang Jintian's crazed and furious voice shook this group of Rankers who thought that they were invincible, causing them to vomit blood frantically. They were extremely frightened, there was actually such a strong person in Super Martial School.

"Chen Xiang, get your ass in here right now! Why haven't you come to see me!" Huang Jintian shouted again. Originally, Chen Xiang wanted to pull out his blade and chop off all the old fellows of the Dongfang family, but he didn't expect that when Huang Jintian withdrew his strength, that group of people immediately ran away.

"Junior Martial Uncle, take care!" Gu Dongchen patted Chen Xiang's shoulder. Wu Kaiming also looked at him with sympathy.

Huang Jintian was extremely angry. If Chen Xiang went to see him now, it would be equivalent to looking for a beating.

Chen Xiang's face was bitter as he ran towards Super Martial profound Realm.

----- Blood-curdling screams echoed in the sky ditch of the Super Martial profound Realm's forbidden ground. This was naturally Chen Xiang's scream.

The moment he came down, without saying a word, Huang Jintian started to refine everything on him. Chen Xiang refused to admit defeat. After fighting with Huang Jintian for a few moves, he had used all his strength to gain the upper hand and thus felt complacent. However, he never thought that Huang Jintian would go against his principles and increase his strength.

After Huang Jintian finished testing his strength, although he did not say anything on the surface, he was still extremely surprised. This was because every time Chen Xiang came down, he would always feel pleasantly surprised.

"Brat, what's going on outside? Have you caused trouble for the Super Martial School? You are just like your eldest senior brother, you only know how to cause trouble all day." Huang Jintian reprimanded.

Chen Xiang muttered: "When you were young, you were still like a bird."

"I am me. I can solve all the troubles I cause by myself. Your senior brother has always wanted me to wipe his butt." Huang Jintian knocked on Chen Xiang's head fiercely, "Hurry and tell me, what kind of trouble did you cause to make such a large group of people run to the door to shout and fight."

Chen Xiang felt extremely wronged. He really didn't want to cause this trouble, so he immediately told them about the new world and Dongfang Lingyun's ambitions.

After saying that, Huang Jintian fiercely knocked Chen Xiang on the head again. "Such a huge thing happened two years ago, you f\*cking only told me now."

"This ..." Chen Xiang had no choice but to tell Huang Jintian about the Demon and Devil Sinkhole, in case this crazy old man decided to go overboard. At the very least, he would be tormented for a year.

## [Chapter 719](#)

"Damn it, how can we defend ourselves against such a mess?" "There's even a bunch of Ambition dogs." Huang Jintian's expression became heavy: "You have to increase your strength quickly, at the very least you have to pass through the Nirvana Doom and enter the Nirvana Stage, if not you will hide here with me."

Chen Xiang curled his lips and said: "I'm not hiding, I have already trained my Devil Subduing Method to the great perfection stage."

"Hmph, you are indeed quite capable. Although I have reconstructed those mental cultivation methods, I am still unable to successfully refine them. Looks like they are the same as the Devil-suppressing kungfu. It's hard to cultivate them!" Huang Jintian was upset. He was actually not able to learn a martial arts that his disciple could, this made him very unhappy.

Because of the incident with the Devil Subduing Method, Huang Jintian's mood was suddenly very bad. After sending Chen Xiang away in an extremely crude manner, he began cultivating.

After Chen Xiang came up, a day had already passed since that incident, and Dongfang Lingyun didn't dare to have any thoughts about Super Martial School anymore. If it wasn't for Huang Jintian leaving their lives in the hands of the Super Martial School's younger generation, all of their hundred people would have probably died in front of the Super Martial School's doorstep.

There could only be one explanation for such power, and that was the power of an immortal! Moreover, he was not a normal Immortal!

"Junior Martial Uncle, you look pretty good!" Gu Dongchen said with a smile.

"Not bad, your head. I almost went crazy down there. Oh right, what about the Dongfang father and daughter?" Chen Xiang asked.

"She left. That little girl also gave you a letter." Gu Dongchen passed the letter to Chen Xiang.

Chen Xiang sighed, opened it and written a beautiful word on it.

Thank you, Chen Xiang, for giving me such a precious pill, and even helping me and Daddy to get out of danger. Daddy and I will hide away and improve our strength, and someday, we will definitely return to the Dongfang family to take revenge.

"This little fool, take care!" Chen Xiang laughed and kept the letter.

"Little martial uncle, your hands are so long. How could you reach the Dongfang family so quickly and capture this innocent little girl's heart?" Gu Dongchen laughed, he admired Chen Xiang from the bottom of his heart, the Dongfang family had only just raised the bounty, yet Chen Xiang had gone there to get along with the daughter of the Dongfang family's patriarch.

Chen Xiang glanced at him: "Go to the side, do you believe that I, Junior Master, will smash you to death with my Relive Dan!"

Speaking of the Relive Dan, Gu Dongchen immediately became excited: "Junior Martial Uncle, where did you get it from?"

Back then, when Chen Xiang was in Sacred Dan Realm, he had already known beforehand and brought back a large amount of high level pellets. Now, there was already a very obvious benefit to it.

"Don't ask too much. When I'm in a good mood, come talk to me about this matter. I just came back from the old lunatic's place, so I'm in a very bad mood." Chen Xiang snorted, and walked out of the Super Martial profound Realm.

Dongfang Chaoqun was not weak either, but compared to the many powerful warriors that were gathered around Dongfang Lingyun, he was still weak. He was not stupid enough to fight Dongfang Lingyun with his life on the line, and was still quite intelligent enough to hide and develop his strength, waiting for an opportunity to strike Dongfang Lingyun ruthlessly.

It was already difficult for Chen Xiang to pull himself together after his older sister had betrayed him and lost her power. Chen Xiang was also waiting for the day that Dongfang Chaoqun would rise up, in his heart, he actually wanted to see that silly little beauty again.

Chen Xiang quietly went to Divine Weapons Heavenly Country. He wanted to find Liu Meng'er, and at the same time, look for the missing Dongfang Xinyue.

"Hehe, you don't have to blame yourself for harming them. If it wasn't for you, Dongfang Chaoqun wouldn't have been able to see the faces of the people around him clearly. Su Meiyao laughed.

"That's right, I wonder if this Dongfang Xinyue has come to find Elder Sister Meng'er." Chen Xiang took out an order badge and successfully entered the palace which was tightly guarded.

Opening the door of the quiet and refined house, Chen Xiang only saw two great beauties wearing simple white dresses, sitting on the lawn. They were frowning as they looked at a drawing that was filled with mysterious engravings.

One was Liu Meng'er, the other was obviously Dongfang Xinyue. The two girls met each other as if they knew each other, talked about everything, and quickly got to know each other. Then, they studied those profound and complex Refining treasure books together.

Chen Xiang suddenly realised that the two looked very similar, they had the imposing aura of emperors, both had the same peerless beauty and mature charm, and they were also extremely infatuated with array dao and equipment forging.

However, when Liu Meng'er treated outsiders, he was cold and elegant, with the aura of an emperor. As for Dongfang Xinyue, no matter who he was to, he revealed an extremely natural gentleness even though he looked gentle and amiable. However, there was a faint arrogance in her demeanor that could not be seen from a thousand miles away.

"Cough, cough!" Chen Xiang coughed dryly, waking the two great beauties who were completely focused on the battle.

Seeing that Dongfang Xinyue was still in the mood to study these Spirit grain, she knew that she had not heard of the huge change in Dong Fang Clan.

Dongfang Xinyue was tricked here by Chen Xiang when he turned into Dong Fang Rong, but right now, Dongfang Xinyue did not recognize that Chen Xiang was Dong Fang Rong, but she knew that this tall and handsome, mature and steady man was the one whose bounty was placed on them by the Dong Fang Family.

"Who is she? Elder Sister Meng'er, is she your big sister or little sister? You all look alike!" Chen Xiang pretended to be surprised, with his thief eyes, he unrestrainedly looked at Dongfang Xinyue's beautiful body, causing Liu Meng'er to secretly scold him.

"I am Dongfang Xinyue, the Dongfang Yao you killed, is my nephew!" Dongfang Xinyue said indifferently, her voice had an intoxicating gentleness, her beautiful eyes had a gentle glow in them as she looked at Chen Xiang, she blinked once, as though releasing countless electric currents.

Chen Xiang's mind rippled, scolding the beauty, but his expression did not change, and he laughed coldly: "So you are a traitor of the Dongfang family? Your brother and you have been expelled from the Dongfang family!"

"What did you say?" Say that again!" Dongfang Xinyue's jade face was full of anger. Her angry look was not scary at all, rather, it was a bit ... Lovely.

"Warm Moon, let him explain!" Liu Meng'er knew that Chen Xiang would not say these words for no reason, and immediately stopped him.

Chen Xiang sighed, and calmly told Dongfang Xinyue about the incident in the Dongfang family, leaving out the matter of him gifting the Relive Dan to Dongfang Jing.

In order to confirm this matter, Liu Meng'er even called for a manager elder. That elder spoke the same words as Chen Xiang, which made Dongfang Xinyue extremely angry.

"I knew that this bunch of old guys would always try to find a reason to expel us from the Dongfang family. That brat Dongfang profoundlong, for nothing, I treated him so well, and he actually sold out the entire group!" Dongfang Xinyue said in anger.

"Relive Dan, it's even 3 pills. Kid, when did you become so rich?" Liu Meng'er rolled his eyes at Chen Xiang. His voice carried jealousy, which the angry Dongfang Xinyue could not see through.

Chen Xiang had originally omitted about this matter, but when the elder that Liu Meng'er called out spoke out, he immediately caused Liu Meng'er to roll his eyes.

"Meng'er, let's continue studying this blueprint. I want to get stronger! I want to make those old fellows regret their actions!" Dongfang Xinyue suddenly became full of fighting spirit.

"Isn't this drawing from my Refining treasure book?" Chen Xiang intentionally said, just now, Dongfang Xinyue did not give him a good look, and it made him feel extremely displeased. He also didn't know why Liu Meng'er would suddenly become friends with this Dongfang Xinyue. Their relationship was so good, and they even shared such a precious Spirit grain.

"Is this yours?" Dongfang Xinyue did not know about this matter, but her attitude towards Chen Xiang had become much better, because she knew that Chen Xiang had given her three Relive Dan. When she had heard about this back then, she was shocked, too.

## [Chapter 720](#)

The Refining treasure book was left behind by the Dan King Li Tianjun, and this Li Tianjun was also a strange person. Not only was he well versed in the dao of pills, he could also travel through many different worlds, leaving behind this extremely profound Refining treasure book.

"It was left to me by a senior." Chen Xiang said casually: "How's your learning progress? "Can you refine some powerful items based on the content inside?"

"The Refining treasure book contains a lot of things, including talisman crafting, formation setting, and artifact forging. If you want to learn, you must first understand those Spirit grain and integrate them before being able to use them in a deeper level." Dongfang Xinyue's face was full of excitement.

"Oh right, what kind of powerful things did you steal from the Eastern profound Realm? actually caused the spirit energy of the entire Eastern profound Realm to fall. " Chen Xiang deliberately asked, but Dongfang Xinyue had actually not stolen anything.

Sure enough, when Chen Xiang asked about this, she was very angry: "I didn't steal anything. There is a lifeline of spirit energy at the bottom of the Eastern profound Realm, I don't know what it is like exactly. There are ten entrances in the Eastern profound Realm that lead down, and there is an entrance where I live."

"When I left, something like this happened. Those old guys must have deliberately taken away the Qi Lifeline and planted it on me. That's so infuriating!"

The angry look of this beauty was so cute that Chen Xiang really wanted to anger her again.

Dongfang Xinyue did not know about the Vermillion Bird's remains that were buried deep underground. This made Chen Xiang feel at ease to use it in the future. There was a terrifying fire underneath the Eastern profound Realm, even immortals could be killed if they entered. He guessed that no one in the Dongfang family knew about the Vermillion Bird's remains.

"Elder Sister Meng'er, how is the reform of my Death-haunting arrow progressing?" This was one of the reasons he was looking for Liu Meng'er right now.

"How would I have the time to change? I do have a plan, but you know a lot of things that happened after that. I don't even have the time to figure it out." Liu Meng'er took out the Death-haunting arrow, her beautiful eyes flashed, and she laughed: "How about I help you modify this with Warm Moon, and make this thing even more powerful?"

Dongfang Xinyue took the Death-haunting arrow and looked, then snorted: "This thing is truly damaged, but it is also a pretty good weapon, but its grade is too low, the power that it condenses is too weak, it is difficult to harm powerful people, it indeed needs to be greatly improved."

The two beautiful women were both smithing experts, so the things they refined together were definitely very powerful. Chen Xiang had heard Bai Youyou and Su Meiyao say often that there were many powerful immortal equipment that were made by a group of people in the Heaven Realm.

"Not only is this Dongfang Xinyue alluring and peerless, she is kind, gentle, and powerful. She is also in danger now, and if I try my best to give her some benefits, it wouldn't be difficult to keep her by Elder Sister Meng'er's side. This kind of woman must not be let go easily."

Chen Xiang calculated in his heart. Using the resources in his hands, forget about a Nirvana Stage's artificer, even an Immortal would be able to save him.

"Sister Warm Moon is really an expert, seeing through everything with one look!" Chen Xiang immediately praised: "If you and Elder Sister Meng'er had worked together to refine it, this Death-haunting arrow would definitely be very strong!"

Seeing Chen Xiang call him "Warm Moon Sis", Liu Meng'er knew that this little scoundrel's motive was not pure, and secretly rolled his eyes at him.

Dongfang Xinyue smiled gently: "I have never teamed up with others to refine it, but I have always wanted to try, it's just that finding a good partner is very difficult, now I have found one!"

"We will work together to refine the best ones, but the materials are too hard to find. Little brother, you have to know, this weapon requires a great amount of energy. If the material is not good and it can't withstand strong enough energy, then it would be a waste."

How could Chen Xiang not know? Of course, as far as the Vermillion Bird's skeleton was concerned, it was a material for the God level. If one were to refine such a large skeleton into an immortal weapon, it was unknown how much of it would be refined!

Su Meiyao and Bai Youyou took out the smallest piece of bone from the Vermillion Bird's skeleton. It was unknown which part of the skeleton was it, in short, it was as big as a bed, and this little bit of bone, to the Vermillion Bird's skeleton, was only equivalent to a strand of hair.

"How's the material?" Chen Xiang suddenly took out a large piece of fiery-red bone. The bone emitted a weak yet powerful heat, which shocked the two beautiful women who knew a lot about flames.

"What kind of bones are these? A dragon bone?" But that doesn't seem to be the case. There's no aura unique to dragons." Dongfang Xinyue frowned as she looked at the bone. Her jade-like hand gently caressed it, the bone was as smooth as jade, it felt very good to the touch, and it was a little warm.

"Can you help me change the Death-haunting arrow even more? All that's left are the rewards for the two sisters." Chen Xiang said sweetly.

Liu Meng'er was no longer surprised by what Chen Xiang had. He had three divine artifacts, and these top quality materials could be easily compared to those three divine artifacts.

"It's simple for us to have good materials. Let's start now." Liu Meng'er looked at Dongfang Xinyue and smiled slightly.

The two beauties had changed into a set of close-fitting clothes that were convenient for work, outlining their curvaceous and charming bodies, making Chen Xiang's eyes constantly swivel above them.

Very quickly, the Death-haunting arrow was dismantled into pieces. The two women only needed the Spirit grain on top and reference the structure inside, then they started to design the shape ...

Although this was the first time they had worked together, they had a very close understanding of one another. Chen Xiang suddenly realized something worth being happy about, that Dongfang Xinyue did not have a Fire Soul, and furthermore, when she saw that Purple Frost Fire Soul, she was extremely envious.

The quality of the Purple Frost Fire Soul was slightly better than the one Chen Xiang had fused with back then. Alchemist and the equipment forger were similar, and they relied heavily on fire.

As long as the people from the Fire Divine Palace were still here, Chen Xiang would be able to obtain a lot of Fire Soul s. According to his knowledge, the Fire Divine Palace above the Heaven Realm had a lot of people who possessed Fire Soul s, and the vast majority of people came here through plundering.

"Give her a Fire Soul, will she sleep with you for the night?" Long Xueyi asked with a smile.

"Fuck, don't let your imagination run wild. I'm not that kind of person, and she's not that kind of person either." Chen Xiang snorted.

"I can't cut it!" Dongfang Xinyue was sweating profusely, it was the same for Liu Meng'er, the bones were too hard, although the two girls were Nirvana Stage's top warriors, they had been busy for a long time, and could only leave behind a small mark.

Seeing Chen Xiang looking down on them, these two mature and charming beauties couldn't help but blush. They had actually lost face in front of a little kid, which made them feel ashamed.
