[Chapter 781](#)

Mo Yi's stick was extremely berserk. When it came crashing down, it turned into countless thorns, forming a net that enveloped everything down. If Chen Xiang's reaction wasn't quick, he would definitely have been hit by the rod.

"Angry dragon slay!" When Chen Xiang dodged, he finally found a gap to counterattack. The divine blade trembled, the furious dragon roared, and the weather changed color. Although it was only one slash, it was much more tyrannical than Mo Yi's previous attacks.

Mo Yi's face became extremely gloomy, the storm that was formed from the strong pressure assaulted him made his body feel extremely uncomfortable, he finally understood why Chen Xiang could use that power to turn all of his subordinates into meat paste, if he was not cautious, he would not be able to fight against such powerful force.

Mo Yi raised the iron rod high, blocking one slash from Chen Xiang's blade. The resulting vibration penetrated Mo Yi's body, causing the air and organs in his body to constrict. It was extremely uncomfortable.

The energy that the Devil-suppressing holy power and the Green dragon demon-slain broadsword had transformed into was extremely injurious to demons. At this moment, Mo Yi could feel it, the power made him feel fear, and he quickly understood what kind of power it was.

"Demon Fighting Art, but this is not the Devil-suppressing qi, what is it?" Mo Yi asked, but Chen Xiang did not reply him, and instead stabbed him with her blade.

The blade wind was like a berserk wave, sweeping towards Mo Yi, lightning flashed, making Mo Yi feel as though he was in a sea of anger, the Devil-suppressing holy power made him feel extremely powerless, he never thought that Chen Xiang would be able to hold onto this kind of Anti-Demon martial arts, and in the demon realm, this was the kind of martial arts he was most afraid of.

The impact of Chen Xiang's one slash of the Cangang Sword was like a monstrous wave, smashing into Mo Yi's body and causing him to spit out a mouthful of blood.

"What kind of power is this?" Mo Yi was deeply shocked by the power released by the Green dragon demon-slain broadsword.

Chen Xiang laughed coldly: "This blade is called the Green dragon demon-slain broadsword and is specifically used to slay demons. The power I use is called the Dragon Power, of course, I also fused with the Devil-suppressing holy power!"

Devil-suppressing holy power! Hearing these four words, Mo Yi's body trembled, according to his knowledge, this kind of power could only be cultivated by people above Heaven Realm, even in Heaven Realm, there were not many that could produce this kind of power, but Chen Xiang was able to cultivate it, it was truly unbelievable, if not for him personally experiencing it himself, he would never believe it!

This Mo Yi's strength was not bad, if Chen Xiang did not have the Green dragon demon-slain broadsword and the Devil-suppressing holy power, maybe he would have already been beaten into meat paste by

Mo Yi. If not for the demonic energy in his body, Chen Xiang's power would not have hurt him so much, and the Green dragon demon-slain broadsword and the Demon Fighting Art that Chen Xiang had would have been used to suppress demons!

"Haha ..." Mo Yi suddenly burst out laughing, his body suddenly swelled up, he extended his hand and grabbed the Angry dragon slay that Chen Xiang was chopping at him with, causing Mo Yi's eyes to turn red, the Demonic Qi on his body to surge out, all the Demonic Qi in the Great Devil Mountains was being absorbed by Mo Yi.

Chen Xiang was startled, because he suddenly felt the energy in his body draining, and this Mo Yi actually had a type of demonic technique that could devour other people's cultivation skills.

"This guy has a devilish Yang body. He cultivates a devilish Yang engulfing technique that is as powerful as the Devouring magic kungfu. However, only someone with a devilish Yang body can practice a devilish Yang engulfing technique." Bai Youyou said in shock, "The advantage of this Demonic Yang Body is that it can quickly turn all kinds of powers into Demonic Qi and become his."

Mo Yi laughed loudly, "Do you feel like the energy in your body is leaking? Haha... That's right, you are being devoured by me. It won't be long before you become a desiccated corpse! "

Chen Xiang's face was calm. He only felt that it was funny, because he never thought that there would come a day where he would be engulfed.

There was one drawback of his [Devil Yang Swallowing Technique], and that was when he was devouring it, he could not choose a target. For example, now that he had used it, not only would he be absorbing the power from Chen Xiang's body, but he would also be absorbing the demonic qi around him, causing his body to expand rapidly.

"Don't be too complacent!" Chen Xiang said with a sneer, his eyes suddenly turned red, and then a burst of red light shone out of his eyes. The Demon Penetrating Eyes now released countless rays of strong destructive light that pierced through Mo Yi's vital points, causing him to instantly shrivel up like a deflated ball.

Mo Yi was shocked. Although this was the first time he had seen this kind of devilish art, he was able to recognize that this was one of the "Permeable Heart Demon Eye" of the devilish world!

This was an exceptional technique created by the Demonic Eye Clan's ancestor, even without the Demonic Eye, he could cultivate it, but it had been lost for a long time, even the Demonic Eye Clan did not have it, but Chen Xiang knew how to use it.

"Pfft ..." The Demon Eye of Permeability! " Mo Yi's entire body was in pain, all of the meridians in his body were pierced by the powerful ray of the Heart Piercing Demon Eye, and the energy he absorbed, actually flowed out of his body, and he was being devoured by Chen Xiang!

Mo Yi's face contorted in shock, because he knew that the Devouring magic kungfu that Chen Xiang was using was much more powerful than his devil Yang Devouring Technique. Not only was its devouring speed fast, it could even lock onto its target.

"Hehe, didn't you laugh just now?" This time, it was Chen Xiang's turn to laugh, and he was even gently stroking Mo Yi's head, as he used Soul Absorbing Devil Spell.

Feeling the thing in his mind being brutally searched by Chen Xiang, Mo Yi cried out in pain, "Who exactly are you ... How do you know so many demonic techniques... "Ah ..."

Mo Yi's body shriveled up bit by bit, and the things in his mind were slowly being memorized by Chen Xiang. They were all things related to the Devil Race's conspiracy.

Bai Youyou had taught him all of his devilish world's special abilities. If he fought alone, with the nearby people, Chen Xiang could easily kill them all with his devilish arts.

Chen Xiang was also proud because he knew these demonic arts, he really wanted to kiss Bai Youyou and thank her for teaching him such powerful demonic arts.

"You have already swallowed the body of the devil Yang. You will obtain a massive amount of pure energy. Find a place to refine it!" Bai Youyou said as he watched Chen Xiang use her devil arts to kill these important figures of the demon realm.

"It's been a long time since I've consumed it. It's really a bit strange!" After he burnt Mo Yi's body, he left this place to find a quiet place to refine those powers.

"In the future, if you want to devour them, just devour those with good aptitude." Bai Youyou said, she also had an extremely sharp taste, if she saw Chen Xiang recklessly devour the food, she would also feel uncomfortable.

Chen Xiang had engulfed Mo Yi and even knew the Devil Race's plan from Mo Yi's memories.

[Chapter 782](#)

Chen Xiang did not leave the Great Devil Mountains. Although the demonic energy inside was very strong, there were many places that were safe and quiet. Right now, Chen Xiang was at a pitch-black mountain corner, refining the energy that was being devoured.

Ever since he started cultivating the Fire god method, he was able to refine the energy that he devoured to its purest state, so it wouldn't affect him in the future at all.

Ancient Spirit Great Land. Outside a tent, a middle-aged man was greedily breathing in the fresh air. Right at this moment, one of his subordinates suddenly walked over, a grave and frightened look on his face.

"Patriarch, Eldest Young Master, he ..." When the subordinate said this, he gulped.

Ever since the fusion of all the realms in the Demon World, he had led the Devil Race to rule over the entire Demon World, making it extremely powerful. It was also him who led Mo Yi to scout the various powers, declaring that they would not invade the human world.

Mo Tongtian glared at the subordinate and asked seriously, "What happened to Yi'er? He should be directing the way to deal with the Chen Martial Continent right now. "

"He's dead!" The subordinate took a deep breath and then took out a black cracked rock. "This is Eldest Young Master's Fate Stone, you see ..."

When Mo Tongtian saw this, he trembled and his anger soared to the sky. He smashed his subordinate into pieces with a palm. "Men, gather all the Great Elders. We have an emergency meeting!"

"I've spent so much effort to raise Yi'er, and now he's been destroyed!"

Mo Tongtian didn't feel too sad, but he was very angry. It was as if his beloved object had been broken by someone. He only wanted to know who had broken it and then killed that person to vent his anger.

In next to no time, the ten elders had arrived.

"Yi'er will die once he takes his people to the Great Devil Mountains. All of you better hurry to the Great Devil Mountains and find the person who killed Yi'er quickly. The sooner the better, I'll capture him alive!" Mo Tongtian said.

The five elders immediately left the Ancient Spirit Great Land, returned to their Devil Realm Continent, and then used the Transmission array above to teleport to the Devil Realm Continent that was connected to the Chen Martial Continent.

Chen Xiang was still refining the energy that he had devoured. There was a lot of this energy, and even though it was inside the body of a Devil Cultivator, it was exceptionally pure because Mo Yi had a devilish Yang body.

At this moment, he still had a large portion of the energy that he had yet to refine into his own. Moreover, it would still take a period of time before he could completely refine it.

With five of the Ten Great Elders of Devil Race here, it could be seen how angry Mo Tongtian was right now.

After half a day, Long Xueyi used the Heaven tour method to wander around, helping Chen Xiang to keep watch, so Chen Xiang was not worried at all and focused on cultivation.

Long Xueyi suddenly saw a few black robed people and old men with hats on them flying towards Chen Xiang quickly. It was obvious that they knew Chen Xiang was here.

"Little Scoundrel, quickly wake up. There are a few powerful old fellows rushing towards you. They look like they're from the Demon World." Long Xueyi said: "There are five of them, looks like you can only run inside."

Hearing Long Xueyi's words, Chen Xiang immediately opened his eyes and ran deeper into the Great Devil Mountains.

"There is a stone called the Destiny Stone in the Demon World. If a person dies, that stone will shatter as well. It seems that Devil Race already knew of Mo Yi's death." Bai Youyou said: "Mo Yi possesses a devil body, his energy will release a strange aura. If you don't refine it completely, it will be released, and it will be easily sensed by the experts of the Demon Realm."

Chen Xiang unleashed his Heaven tour method, and very quickly, he saw the five old fellows chasing after him. He laughed coldly: "They are the five elders from the Devil Race, and are all the subordinates of Mo Yi's father."

The direction that Chen Xiang was headed towards was towards the Demon and Devil Sinkhole, it was sealed already, but even if it was not sealed, the Magical corruption gas would not leak out of the Great Devil Mountains, because underneath the Demon and Devil Sinkhole, there was a type of power that could control the Magical corruption gas around the Demon and Devil Sinkhole.

Chen Xiang was walking there so that these five elders could break the seal on the Demon and Devil Sinkhole.

The Demon and Devil Sinkhole was a very big pit, but it was enveloped by a transparent Inhibition Formation, causing the Magical corruption gas s below to be unable to charge out. Although this Inhibition Formation was set up by many experts, at that time, they had considered that they could use it against the Demon and Devil Realms, so they only made it simple, and that breaking it was still very easy.

It was not easy to harvest Magical corruption gas s, Bai Youyou's sister had used poison specifically, and she was a strong warrior from the Heavenly Demon Realm, but she had to be careful when dealing with Magical corruption gas. If she was a Devil Cultivator from the Demon Realm, it would be even more difficult, as long as she got close, she could be easily poisoned.

But Chen Xiang was not afraid. His perfect realm Devil-suppressing Golden Body's impenetrable was already enough for him to absorb these Magical corruption gas into his body and keep them inside.

The five elders of the Devil Race s released their divine senses after entering the Great Devil Mountains. Originally, they wanted to search for the people inside, but they didn't expect that they could sense Mo Yi's unique aura, so they chased after him. However, when they were about to approach, the aura seemed to have found them, and actually started moving quickly, causing them to chase closely after.

Mo Yi was already dead, but the devilish Yang Qi that was unique to Mo Yi was still present, causing the five elders to think that their clan leaders might have misunderstood, and guessed that there was a problem with the Life Stone.

When Chen Xiang was running, he had used a Transforming Technique to change into Mo Yi's appearance. Now that he had Mo Yi's aura and Mo Yi's memories, he felt that other than Mo Yi's father, it would not be difficult to fool anyone else.

"Eldest Young Master, it's us!" An elder suddenly shouted.

Chen Xiang already felt that he was going to risk it all, so he immediately stopped and imitated Mo Yi's tone, saying, "So it's the elders, I thought it was the people from the Mortal Realm!"

When the five elders saw that Mo Yi was not dead yet, they immediately heaved a sigh of relief. One of the elders said: "Your Fate Stone has cracked and the patriarch thought that you had died, so he sent us to avenge you. It seems that there was a problem with your Fate Stone."

Chen Xiang's heart moved, and said: "It might be related to the place that I went to just now, I think that it might be a treasure trove that was left behind a hundred thousand years ago, but it has a powerful seal that is difficult to break by myself, it's just right that the elders came!"

"Oh? "Quick, bring us there to take a look." They were extremely confident in Mo Yi, because Mo Yi was raised by them.

Chen Xiang laughed in his heart: I'll bring you guys to your deaths right now!

[Chapter 783](#)

If Chen Xiang had not been able to release the special demonic Yang Qi that Mo Yi possessed, he definitely would not have been able to deceive these five powerful Devil Race Elders.

The Great Devil Mountains was very famous even in the Demon World, because many famous experts of the Demon and Devil Realms had died in this place. The present Demon Realm warriors believed that there should be many good things left behind by the Devil Dao in the dead Great Devil Mountains.

So when the five elders heard Chen Xiang say that he had discovered a powerful restriction, they were extremely curious, and even a little excited. If they could find the treasure left behind by their demon clan elders 100,000 years ago, then his strength might even be able to rise.

Very quickly, Chen Xiang arrived at the Demon and Devil Sinkhole. In the past, the Demon and Devil Sinkhole was a very dangerous place in the human world, but no one dared to set foot in the vicinity of the Demon and Devil Sinkhole. Especially after the Magical corruption gas appeared, all the sects and families prohibited disciples from entering.

However, Chen Xiang was not afraid. With a smile on his face, he brought five powerful Demon Clan Elders to the side of Demon and Devil Sinkhole.

"This pit is really big, there should be something down there right?" And this restriction looks like it was set up by several masters working together. Could it be that it is sealing something? " An Elder muttered to himself. After coming here, he did not think that there was any treasure down there. Instead, he felt that it was dangerous down there.

Chen Xiang was a little anxious as he said, "There might be a powerful ancient Beast devil sealed here. I remember that during the great battle back then, there were a lot of legendary Beast devil here!"

"If it's a Beast devil, it won't be too hard for the five of us to subdue it. The Beast devil that has been sealed for many years will have its strength affected!" One of the short and fat elders laughed, "Fellow Elders, if our Devil Race possessed an Ancient Beast devil, I am afraid that we would be able to become even more deterrent in the Demon World. It must be known that many powers dislike us ruling over the Demon World, so we definitely cannot let them join hands."

"That's right, as long as we have a strong Ancient Beast devil, the strength of our Devil Race will increase a lot. It is said that in the Ancient Era, a Beast devil can easily destroy a small and medium-sized force."

The more the five Elders discussed, the more excited they became. At this time, they also had a way to break through the barrier, and that was to forcefully attack.

After Chen Xiang persuaded the five old fellows, he hid far away and observed carefully how they went to their deaths.

Because the Demon and Devil Sinkhole was sealed, those colorless, odorless, odourless Magical corruption gas were unable to leak any of it out. Naturally, these five elders could not feel it, so even if they could, they would only be able to sense it if they were poisoned.

Chen Xiang had to admit, these five Clan Elders were extremely powerful. If he fought with either Gu Dongchen or Wu Kaiming from Super Martial School alone, they might be at a draw, but there were many powerful people from Devil Race.

When the five Demon Clan Elders joined hands, they blasted away the Demon and Devil Sinkhole's restrictions in one move. The Magical corruption gas s under the Demon and Devil Sinkhole, who had been suppressed for many days, immediately gushed out. Although they were transparent, they could feel a strong flow of air shooting out from the huge pit, spreading in all directions and enveloping the five elders.

The five elders quickly discovered that their bodies were being corroded by a strange power, causing them to turn pale in shock, because they quickly realized what this was, a Magical corruption gas!

These four words were as though they were sentenced to death, causing them to feel incomparable fear. This was because they were currently within a large number of Magical corruption gas, and Magical corruption gas had always been recorded within, but every time they appeared, there would always be a small amount.

After breaking the seal, it was not the Ancient Beast devil but the Super Old poison s, the five elders were extremely regretful and hated the "Mo Yi" who instigated them to break the seal, they all sat down on the ground and did not dare to move an inch, if they were careless, the Magical corruption gas s would wreak havoc in their bodies, and in an instant, they would become purple black rotten flesh.

Chen Xiang smiled as he walked over, and when the five elders saw that their 'young master' was not afraid of the Magical corruption gas, they were extremely shocked, but from the smiling faces, they could tell that they had been tricked.

"Big... Eldest Young Master, you ... "

Chen Xiang laughed and turned back into his own appearance.

"Kid Chen Xiang greets the five seniors. Thank you for helping me break open this place where a large number of Magical corruption gas are sealed." Chen Xiang laughed.

If they could spit out blood, then they would have already spat it out. However, they couldn't because if they did, then they would be poisoned to death.

"You ..."

Suddenly, a strong suction force appeared in the Demon and Devil Sinkhole, pulling all the sand at the side into it. If Chen Xiang did not use any force, he would be sucked into the Sky Cavern.

The five elders didn't dare to move. At this moment, they were slowly being dragged into the Sky Cavern.

"Hehe, what a powerful Demon and Devil Sinkhole. While spitting out Magical corruption gas, I'll suck in the things around Demon and Devil Sinkhole, and you guys can slowly enjoy your unique poison meal in the Demon World. Kid, you guys can go now." Chen Xiang laughed as he flew into the distance, quietly watching the five elders being sucked into the Demon and Devil Sinkhole. He could clearly see the five

elders being transformed into purplish black rotten flesh by the Magical corruption gas when they fell into the pit.

For safety's sake, Chen Xiang planned to refine the devoured energy near the Demon and Devil Sinkhole. Once someone came to find him, he would be invincible, and whoever came in would die.

----- Inside the Devil Race Patriarch's residence, another shocking piece of news came. The five elders that had been sent out had all died, and their life stones had all shattered.

This caused the clan leader's expression to become extremely ugly, because these five elders were part of the strongest powers in the Devil Race, if the outside world were to find out that someone died, there would definitely be a force that would resist them. Therefore, in order to keep this a secret, Mo Tongtian did not leak out the news, even the Devil Cultivator that guarded the Life Stone had been silenced.

"Looks like there's something fishy going on in the Great Devil Mountains. Yi'er and the five elders' deaths might not have anything to do with the Mortal Realm, since the Mortal Realm is currently guarding outside of the Great Devil Mountains, so they don't dare to go in rashly. They have to send people to investigate immediately, to figure out what kind of powerful things are inside the Great Devil Mountains that could actually cause the five elders to die at the same time.

Very quickly, a small party entered the Great Devil Mountains to investigate. Not long after, they sensed a strange aura flowing in the direction of the Demon and Devil Sinkhole, and a few people were immediately poisoned to death, turning into minced meat.

When the others saw it, they did not dare move forward, but a few experts in the group immediately recognized that it was the sign of a Magical corruption gas, and then spread the news to the Ancient Spirit Great Land.

At this time, Chen Xiang had already been training beside Demon and Devil Sinkhole for more than ten days.

[Chapter 784](#)

On the Mortal Realm's side, they were always attacked by the Demon and Devil Realms. However, the Demon Demons had become a lot smarter, and did not attack like last time, but there were many conflicts in some continents, so the most important thing for the human world was to prevent the Demon and Devil Realms from attacking them.

Last time, there were over a thousand Demon and Devil Realms that came over, trying to play some tricks. However, in the end, they were all destroyed by Chen Xiang and killed, not a single one of them survived.

Wu Kaiming looked at Great Devil Mountains, because Chen Xiang had been inside for more than ten days and he had not come back, and a while ago he had also felt that the restrictions that had been placed on Demon and Devil Sinkhole had been broken. Right now, Great Devil Mountains was even more dangerous, if the Magical corruption gas were to spread, it would indeed have a very good protection effect, and at that time, if the Goblin wanted to attack Chen Martial Continent, he would have to take a detour and come back.

Chen Xiang took half a month to finish refining the power, his body had become much stronger, the power of the devil Yang was something that could strengthen the body, he felt that he was not too far away from the Nirvana stage.

"A group of fellows came two days ago, but they did not dare enter, and only allowed a few fellows to enter, but in the end, those fellows all died from poison, and this Magical corruption gas did not spread, but only formed an invisible barrier of Qi, enveloping the entire sky ditch. At the same time, it released a suction force that sucked in everything that was near the sky ditch, just like a demon." Long Xueyi said.

Chen Xiang stretched his back and said: "Let's go to the Demon World to take a look. Devil-suppressing Heavenly Venerable has left something inside, and the God Child must go in to look.

"You must enter the Demon World. Do not use any demonic techniques that attract the attention of others. If you use them, do not leave any survivors." Bai Youyou warned.

Of course, Chen Xiang understood that those devil arts could cause a bloodbath even in the Heavenly Demon Realm, just like the Taiji Dragon-suppressed kungfu. If it wasn't for Great War between Three Realms right now, a group of people would definitely go after Chen Xiang.

However, Chen Xiang did not do so, because he wanted to see how many demons were inside the Great Devil Mountains. The demon air was extremely dense here, and it was a sacred place refined by the Demon Devil Cultivator.

If it was daytime, this Great Devil Mountains would have a bit of light. At night, it was completely pitch black with no one able to see his fingers. Moreover, there were all kinds of eerie sounds coming from all directions.

"These guys dug a lot of caves here. Look at those mountains, they are all demons' territory. They also know how to use some things to hide the cave entrance. In addition, the demonic energy here is very dense, making it hard to find them." Long Xueyi said.

Although it was night time, Chen Xiang who trained in the [Heart Piercing Demon Eye] could see a lot of beating hearts in those huge mountains.

"Should we destroy them?" Chen Xiang said. If he had released a large number of Magical corruption gas, all the people here would have been poisoned to death.

"Don't worry about them. These guys won't be able to make it. The most powerful ones are all in the demon realm." Bai Youyou said: "If we kill them now, it will only increase the conflict. I believe that the people from the human world already have a plan prepared by them, so you should not destroy it."

Chen Xiang nodded his head, and then passed through the mountains. The number of demons was shocking, there were tens of millions gathered here, it was hard to imagine that they could arrive here so quickly.

"Then in Mo Yi's memories, what sort of conspiracy?" Bai Youyou asked, "They plan to use their strong powers to force the human world to give them a portion of the resources, and when they become strong, they will invade the human world again, it would be the kind of situation where they used the resources on the Chen Martial Continent. Chen Xiang sighed.

"It's just that it's useless against the Chen Martial Continent Moreover, it's hard to say in other worlds. If they don't agree to the competition, they will gather a powerful force from the demon realm and invade." Chen Xiang said: "But Chen Martial Continent is too strong, they don't dare to act rashly right now."

"This is too shameless. Gathering the power of the entire giant devil realm to attack a small world, and the humans won't invade them. If this goes on, won't they be annihilated one by one?" Long Xueyi scolded.

"That's right, so sooner or later, Chen Martial Continent will face the concentrated attacks of the Demon World. However, all the major powers in this new world should be able to think of this point very quickly. Chen Xiang had already passed through the gigantic mountains that were filled with demons and monsters. He heard the sound of the sea, which was originally a cliff by the ocean, but now, it was connected to the two continents of the Demon and Devil Realms.

It was already dawn. The sun was as warm as the sky and the sky was as blue as the sky, but here, there was no comfortable spirit energy. Instead, it was a very uncomfortable thin type of devil energy.

"Is this the Devil Realm Continent that is connected to the Chen Martial Continent? The environment is too bad! " Chen Xiang frowned and asked, the ground here was already cracked due to the sun, there were no flowers or trees, now he knew why the demon realm was invading the human world, and why the Devil Race was occupying the Ancient Spirit Great Land.

There was only one place in the Demon World with a better environment, which was the center of the new Demon World, which was the continent that was connected to the Ancient Spirit Great Land. However, compared to the Ancient Spirit Great Land, that was still a far cry from them.

Chen Xiang learned all of this from Mo Yi's memories.

"Do you know where the things left behind by the Devil-suppressing Heavenly Venerable are?" Long Xueyi asked.

"Of course I know. It's all in my brain, and I know the direction." Chen Xiang laughed, following Mo Yi's memories, he ran towards a city of the demon realm. Although the Devil Cultivator of the demon realm was brutal, but when they were together, they were still well-behaved, and they had a Transmission array, just that they needed him to provide them with the energy of a Transmission array during teleportation.

In the Demon World, Spar were extremely scarce. Because the amount of spirit energy was almost zero, Spar would not form again.

"Little brother, coming here by yourself is very dangerous, you're going to enter the city right? Big sister will go with you." A charming voice came over, accompanied by a strong fragrance that assaulted the nose. Chen Xiang turned around, and saw a red-clothed female coming out of nowhere.

Chen Xiang laughed coldly in his heart. Although this girl looked like a demon, he knew that this kind of woman would usually take in the sun to supplement her yin.

[Chapter 785](#)

Chen Xiang felt that he was unfamiliar with this place, so he did not expose this woman. Instead, he deliberately asked in a shy manner: "Elder sister, why are you here too? "What's your name?"

Seeing how shy this handsome and muscular man in front of her was, the red-clothed girl's smile became even sweeter and more charming. She even deliberately twisted her fiery body, which would make any man want to see it.

"Little brother, you're so cute. Big sister is quite famous. She has quite a bit of fame in the nearby cities and no one dares to bully me. Remember this big sister's name." The tall woman in red walked over to Chen Xiang's side and discovered that Chen Xiang was actually taller than her by a head. However, she still extended her slender fingers to caress Chen Xiang's handsome face, looking at his somewhat timid eyes with her seductive eyes.

"Elder sister's name is Han Jingprofound, do you remember?" The lady stood on her tiptoes and whispered into Chen Xiang's ear with an orchid, that kind of alluring voice that made people go numb even to Chen Xiang's heart.

This Han Jingprofound's bewitchment techniques were indeed not bad. Chen Xiang did not expect that he would be seduced by a witch like her right after arriving in the Demon World. He felt that his luck was pretty good.

"Sister Jingxuan, can you take me away from here? I'm lost. " Chen Xiang said.

"Of course you can, little brother, just call me by my name." Han Jingprofound held Chen Xiang's hand, and smiled sweetly.

"Shen Fei." Chen Xiang made up a fake name.

"Xiao Fei, why are you here?" Did you escape from inside? " Han Jingprofound held onto Chen Xiang's big hand, and felt that Chen Xiang was strong, causing happiness to bloom in her heart. To be able to find a strong and robust man to pick up nourishment was extremely rare, let alone a pure and innocent man like Chen Xiang.

"No, I just want to see the human world." Chen Xiang laughed.

"To go to the Mortal Realm, you have to pass through the Great Devil Mountains. It's very dangerous." Han Jingprofound said very seriously.

Along the way, Han Jingprofound didn't listen to seduce or make fun of Chen Xiang. In her opinion, Chen Xiang was like a piece of meat to her, as long as she found a suitable place, she could make her move. And Chen Xiang was very happy along the way, because this Han Jingprofound would let him take advantage of her from time to time.

After entering the city, Chen Xiang found that there were a lot of people who were hiding far away from Han Jingprofound. Of course, Chen Xiang knew that these men were afraid of this witch who could captivate souls and invisibly, but Han Jingprofound had only said that he was very strong, so these men were all afraid of her.

When those Devil Realm men saw that Chen Xiang had followed Han Jingprofound, they couldn't help but sigh softly, as if a precious jade had been destroyed.

Although the resources in the Demon World were scarce, the hotels and shops here all had decent items to sell. Chen Xiang even knew that these hotels and shops were all owned by a powerful force.

Han Jingprofound also had a pretty good house here. Although it looked extremely simple and crude, the decorations inside were very clean and tidy, with a lovely fragrance floating in the air. Chen Xiang was drinking the cup of water that Han Jingprofound gave him.

Chen Xiang, of course, wasn't afraid of what was inside. She directly drank it all in one gulp, and just as he finished drinking it, Han Jingprofound threw herself into his embrace, and then kissed his cheek. She smiled tenderly: "Little darling, you're so cute.

"Sister Jingxuan, what are you doing?" Chen Xiang felt Han Jingprofound's jade hands pressing against his navel, releasing a cold power.

Chen Xiang was a little disappointed. He had originally thought that Han Jingprofound would take off her clothes to tempt him, and then use it on him or something like that.

"Nothing, I'm just giving you a soft stomach, you'll be very comfortable!" Han Jingprofound treated Chen Xiang like a child and saw that the man who was captivated by her would become like a child, let alone the water that she used to drink.

"Little Scoundrel, you can't even tell that this woman is a virgin?" Bai Youyou grunted: "The cultivation technique she cultivates is not that type, her cultivation is a little higher levelled."

"If I don't do it, how can I tell? I'm not as sharp as all of you!" Chen Xiang said as his mouth twitched.

Han Jingprofound enjoyed being in Chen Xiang's embrace, so when she heard the strong man's heartbeat and felt the man's scorching hot and rough earth aura, the jade palms that were pressed against Chen Xiang's navel suddenly stopped releasing the cold Qi, causing her heart to soften.

"Sister Jingxuan, why did you stop? It's very comfortable!" Chen Xiang was also surprised that the woman did not continue.

In the Demon World, with the lack of cultivation resources, it was best for women to specifically recruit men, but it was also very dangerous. If they kicked against an iron board, there was a 90% chance that they would die, and Han Jingprofound's method of replenishing men was the safest.

"Heh heh, little grudge, big sis is a bit tired, let's go to bed first." Han Jingprofound pouted and left Chen Xiang's embrace.

Chen Xiang laughed in his heart: "I never thought that this woman would actually soften her grip, is it because she was attracted to me?"

In terms of cultivation, Han Jingprofound could be considered a great beauty here. Otherwise, she wouldn't have seduced so many men to help her cultivate.

In Chen Xiang's opinion, she was at least from the Nirvana Stage. For a girl to be in this kind of environment, she was definitely powerful.

Chen Xiang laid on the chair and used the Heaven tour method to search for the Transmission array in the city. It was inside a tightly guarded mansion with many trees planted inside, one look was enough to tell that the person inside was very powerful.

Suddenly, a shout startled him.

"Bitch, come out and die! How dare you touch my Black Demon Sect!" The one who spoke was a middle-aged man with a beard who wore a black hemlock robe.

It wasn't just the people from the Black Demon Sect who came. There were a few others as well, all of them full of murderous intent and fury.

Han Jingprofound was also shocked, she anxiously went into the hall and pulled Chen Xiang to the back door, but there was a white clothed big man blocking the door.

"Hmph, you bitch. I thought you were going to the Great Devil Mountains, but you actually dared to come back. You won't be able to escape. Today, all of the ten great sect's Leaders have come." The white-robed man laughed coldly.

Chen Xiang was shocked, he never thought that Han Jingprofound was actually the same as him, and actually angered the Leaders of the ten major sects of the continent. Now, he was even surrounded by the ten great Leaders.

Han Jingprofound clenched her jade teeth tightly, gave Chen Xiang a palm, and then ran away. She knew that these people would not make things difficult for Chen Xiang, and letting Chen Xiang go was the only good deed she had done over the years.

Han Jingprofound's speed was unexpectedly fast, as she directly broke through the roof, and in the blink of an eye, she was already far away from her residence. Furthermore, the Leaders of the ten great sects had also caught up with her.

Chen Xiang rubbed his chest that had been struck by Han Jingprofound, and laughed: "This woman is really my bosom friend, no wonder we are so fated."

[Chapter 786](#)

"What lousy ten great heads, they are too weak. They are all trash that have endured the Three Tribulations of the Second Nirvana Tribulations." Long Xueyi said in disdain, "I thought it was that powerful, but it seems the demon realm is far worse than the human realm."

Chen Xiang could also tell that the Leaders of the ten great sects were mediocre. Nirvana Stages of this level were only the small elders of many sects.

Han Jingprofound was running very fast, and Chen Xiang could even tell that she was not using her full strength, obviously intending to lure the ten great Leader into one place.

"This road is very familiar, could it be ..." It was only now that he remembered that this road led to the place where the Devil-suppressing Heavenly Venerables hid their treasures. Chen Xiang followed closely behind the ten great Leaders and entered into a lush green mountain forest, causing him to be extremely surprised. This was the first time he had seen such a large tree in the devil realm, and the spirit energy here was not bad either.

The ten great Leaders suddenly stopped, and one of the old lady said sinisterly, "We have already entered the Ancient Desolation Forbidden Land, if we continue onward, we might be in danger!"

This place was called the "Ancient Desolation Forbidden Land", and it reminded Chen Xiang of the Ancient Wasteland Devil Sect who wanted to capture him. From the sound of the old lady, it was obviously an extremely dangerous place.

"Hmph, isn't this the place where the Ancient Desolate Demon God buried his son? This old man had wanted to go in to take a look since a long time ago, but Ancient Wasteland Devil Sect and those other fellows didn't dare to. An old man sneered, and continued to chase after Han Jingprofound.

The other Leaders did not think so too. Although this place was called the forbidden grounds, that was just the claim of the Ancient Wasteland Devil Sect.

Chen Xiang guessed that not only did Han Jingprofound kill all of the outstanding talents in their sect, he also had that strange cultivation method, which was why he was being chased around by the Leader.

"From the looks of it, the Devil-suppressing Heavenly Venerable should be hiding here. I never thought that this would still be the tomb of the Ancient Desolation Demon God's son. It seems that he has spent quite a bit of time burying his son." Chen Xiang's heart was filled with emotions, he did not have any good impression of Ancient Wasteland Devil Sect and wanted to capture him.

"The Ancient Desolate Demon God is indeed doing quite well in this Demon World. However, after entering the Sky Demon World, he isn't much either. What is there to be afraid of?" Bai Youyou said in disdain.

Han Jingprofound nimbly dashed through the mountain forest like the wind, and she was extremely familiar with the roads here. She frequently visited the place, but when she arrived at the side of a huge lake, she suddenly stopped.

"Bitch, are you going to surrender?" The reason why the ten great Leaders were chasing after her was not because Han Jingprofound was too slow, but because she had done it on purpose.

Just as Han Jingprofound stopped, she was surrounded by the ten great Leaders, but she had no fear on her face, and only smiled sweetly: Old granny, I think you want to steal my devil arts and use them to recover your youth, right? Otherwise, you guys would have already killed me. "

The old woman merely gave a cold snort, "I only want to capture you, the witch, and bring you back to be executed."

Han Jingprofound laughed heartily, "Don't call me the witch, we are all from the demon realm. As long as we cultivate to this extent, do you dare to say that you have never done anything bad?"

"Bitch, stop talking. Hand over your demonic technique and I'll leave you an intact corpse." At a glance, these Leaders were so old that they had half a foot into a coffin. As long as they did not cultivate up to it, they would die of old age.

"Hand over the demonic arts or die. Even if you don't hand over the demonic arts, you will still die. Why should I hand it over to you?" Death is not scary, but old guys like you are waiting for death to come.

Han Jingprofound laughed charmingly, waving her beautiful long hair. She laughed until her flowers were trembling, angering the ten old fellows to the point that their bodies were trembling.

"Catch her and make her want to die!" A bald old man roared, ten of them moved at the same time, rushing towards Han Jingprofound, all of them releasing a terrifying black fiend.

Han Jingprofound's strength was not as strong as theirs, but she had nothing to be afraid of, she took out a black object and threw it into the lake, then transformed into a red light and flew towards the side, at the same time, nine gigantic heads suddenly popped out from the lake, it was actually a gigantic Nine-headed Snake.

Each head was as big as a small mountain, spitting out snake apricots. Not only were the nine heads not clumsy, they were also as fast as lightning, biting towards those old fellows.

In just an instant, this Nine-headed Snake that came out of the lake swallowed all nine of the old devil sect Leader s, and that thick and flexible snake tail of his had at some point ruthlessly smashed the tail of the remaining old lady, who was hiding a terrifying power. In just a moment, she was smashed into pieces, causing Chen Xiang to be dumbstruck.

"This snake is too powerful! "But that spirit is also not bad. She actually used some things to lure this snake out." Chen Xiang laughed secretly in his heart. First, he would lure the ten Leader s over here, and then, he would bullshit with the ten Leader s a bit.

Looking at Han Jingprofound's calm face, he knew that she had been playing this game many times.

As for the Nine-headed Giant Python, it seemed to be very familiar with Han Jingprofound, probably because she often brought food for it.

After Han Jingprofound finished off the ten great Leader, he was in a good mood. He played around with his hair tails, taking light and joyful steps, humming a small tune as he went back the way he came from.

Just as Chen Xiang wanted to jump out to be flirted with by the spirit, a man dressed in green suddenly descended from the sky and landed in front of Han Jingprofound. The man had an evil smile on his face as he looked at Han Jingprofound, who was still on guard.

"Who are you?" Han Jingprofound anxiously retreated two steps, because she felt that the person in front of her was extremely dangerous.

"Han Jingprofound, I heard that you have obtained a bizarre devil art. In a short five years, you went from a maid to a Devil Cultivator who had passed through the Nirvana Stage, and also ... Your body and face are even more beautiful now. You really are a beauty on the bed. " The light robed man squinted his eyes and laughed.

Chen Xiang was completely shocked. It had only been five years, and this spirit was able to reach Nirvana Stage in such a short time, it was simply too terrifying. Even if he had met with many fortuitous encounters and had Su Meiyao and Bai Youyou as his instructors, he wouldn't be able to move at such a speed!

"You are ... Ancient Wasteland Devil Sect's ... Young Master, Jiang Liguang! " Han Jingprofound suddenly thought of something and exclaimed.

"This is the Ancient Desolation Forbidden Land. How could I not know that someone has barged in?" It can't be that this is the first time you've come here, right? I often cultivate here, and the people that come in are all in my control. " Jiang Liguang laughed sinisterly: "You have succeeded in your cultivation now, the time is almost here, it's a good time to harvest the tonics!"

"Don't even think about it!" Han Jingprofound shouted: "I'm warning you, don't think that I'm like the other women who can pick the crops at will. If you dare touch my body, you won't even know who can pick the crops!"

[Chapter 787](#)

Ancient Wasteland Devil Sect was a super great power within the Demon World. Although Devil Race was currently the overlord of this new Demon World, it was also because Ancient Wasteland Devil Sect did not have any competition. Otherwise, the Demon World would not be at peace for at least a few hundred years.

And this Jiang Liguang, as the next Leader, at such a young age, was already extremely strong, far surpassing Han Jingprofound in terms of strength.

Jiang Liguang laughed: "Do you think that your good luck is the reason why you obtained the devil art? "I'll tell you the truth, I sent people to secretly release those demonic arts. Over the past few decades, there have been many women like you, but as long as they succeed in Nirvana, I will send people to capture them and then let me enjoy them. Not only will they obtain great power, they will also be able to enjoy it for a while."

She, who had just gotten rid of ten powerful Leaders, was originally in a great mood. However, she did not expect things to turn out like this in the blink of an eye. Furthermore, she did not expect herself to be able to start cultivating because of Jiang Liguang's plan.

"Good move. No wonder this guy is able to cross the three Nirvana Tribulations at such a young age." Chen Xiang exclaimed in his heart.

"Do you want to?" Long Xueyi laughed and asked. Chen Xiang did not bother with her, but took out his Death-haunting arrow. Since the other party was the eldest son of the Ancient Wasteland Devil Sect, he would not be lenient towards her.

"Little beauty, the devilish art that you cultivate belongs to my Ancient Wasteland Devil Sect. Of course I have a way to nourish you and I can also control your strength." Jiang Liguang laughed evilly as he began to take off his clothes, "To be able to enjoy such a beauty in such a beautiful forest, not bad!"

"Little beauty, you are the best one in years. I really don't want to kill you, but I have no choice. After I finish harvesting, you will become an old woman. Being able to die in my hands can be considered your fortune." Jiang Liguang raised her head and laughed, while her expression was extremely ugly. Because at this moment, she was actually unable to move, and the energy in her body was actually being controlled.

Just when Han Jingprofound thought that he was about to be brutally trampled by the man in front of him, Jiang Liguang's laughter suddenly stopped, because Chen Xiang had shot an arrow at him.

Jiang Liguang's face changed, as he anxiously used his techniques to block the poison from his body.

"It is your fortune to be able to die in my hands!" With Green dragon demon-slain broadsword in hand, Chen Xiang jumped down from a tree with a smile.

Han Jingprofound, who thought that she was facing a crisis, saw this scene and was extremely surprised. She did not expect that she would actually be saved by this little brother.

"Little brother Shen Fei, why are you here? Big Sister almost died, thank you." Han Jingprofound anxiously hugged onto him, although she knew that Chen Xiang was not simple.

"Shen Fei? Hmph, he is called Chen Xiang, and is wanted by my Ancient Wasteland Devil Sect using the Devil God Badge." Jiang Liguang's expression was extremely ugly. Sensing that the devilish poison in his body was not ordinary, Jiang Liguang began to feel fear, he quickly sensed that the poison was very similar to a Magical corruption gas. Just when he wanted to shout out, Chen Xiang's divine blade had already swung up, chopping his head off.

After Jiang Liguang died, Han Jingprofound suppressed the shock in his heart and wanted to step forward a few times, but was stopped by Chen Xiang, "If you don't want to die, then don't touch him!"

With that, Chen Xiang released a flame from his mouth, burning Jiang Liguang into ashes.

"Hmph, you actually lied to me. I truly treat you well, bad little brother!" Han Jingprofound pouted, looking extremely charming.

"You almost picked me up, and you're still so sincere?" "I came here because you were lenient. I saved your life, otherwise, you would have died miserably." Chen Xiang curled his lips and said.

How could Han Jingprofound not know about the Demon God Badge? If people found out that Jiang Liguang's death was related to her, maybe she was also wanted by the Demon God Order.

Han Jingprofound pouted and said: "You sure are bold, being wanted by the demon god order, you still dare to come to the demon realm to roam around."

Chen Xiang said: "I'm here to look for something, you should hurry up and leave, this Jiang Liguang definitely has a Fate Stone. If he's found out that he's dead, the people from Ancient Wasteland Devil Sect will definitely come here."

"Good little brother, what about you?" Han Jingprofound now knew that his [Charm Spell] was completely useless against Chen Xiang.

"Stupid girl, I'm older than you. You're at most twenty, right?" Chen Xiang pinched her jade face tightly.

Han Jingprofound stuck out his tongue, and said in a low voice: "Then why were you acting so inexperienced in front of me?"

"I want to go in and destroy this place. I want to let Ancient Wasteland Devil Sect know that if we are going to capture Chen Xiang, we have to pay a heavy price." Chen Xiang sneered, his fists clenched tightly.

Han Jingprofound was dumbstruck. This was a place where many young disciples of the Ancient Desolation Demon God were buried, and that was where the ancestors of the Ancient Wasteland Devil Sect were. It was said that many important figures and elders of the Leader were also buried here.

But now, Chen Xiang was going to flatten their grave, this was equivalent to trampling on their lifeblood.

"Quickly leave. Also, if you go to the mortal world to kill innocent people, you must not be caught by me. At that time, I will not show mercy." Chen Xiang warned her.

Han Jingprofound stuck out her tongue. Although she was in her twenties, she had a mature and charming appearance, looking charming and charming. No matter where she went, if she wanted to use her own demonic arts, it would be simple.

"Hey, be careful. There are many powerful ancient beasts in the depths, all very powerful!" Han Jingprofound knew that Chen Xiang was not an ordinary person. Otherwise, she wouldn't have been able to kill that Jiang Liguang, but she was still a little worried.

Han Jingprofound watched Chen Xiang's back figure disappear, sighed, and then turned around to leave the Ancient Desolation Forbidden Land.

Chen Xiang used his transformation technique and flew deeper into the Ancient Desolation Forbidden Land like a bird. He wanted to find the thing left behind by the Devil-suppressing Heavenly Venerable but he didn't think that it would actually be here.

"The things left behind by the Devil-suppressing Heavenly Venerable definitely appeared earlier than that tomb. It seems like this was originally a dangerous place." Bai Youyou said.

"Where is the place where the Devil-suppressing Heavenly Venerable keeps the things?" Su Meiyao joked, that place was extremely dangerous, and only Chen Xiang could casually walk in these places.

Back then, the altar that Chen Xiang destroyed was left behind by the Ancient Wasteland Devil Sect, which was equivalent to destroying his grand plan. That was the reason why Chen Xiang was wanted by the Demon God Realm.

More than two hours after Jiang Liguang's death, several sturdy old men wearing green suddenly appeared in the air above the Ancient Desolation Forbidden Land. They looked down indifferently and used their consciousness to search the Ancient Desolation Forbidden Land, hoping to find the person inside.

[Chapter 788](#)

"Rising Light is dead. He has the bloodline of a demon god and is the descendant of that demon god. Send all of the sect's elites here to thoroughly capture this place. We must find the vicious beast that killed Rising Light." An old man said in grief and indignation.

The death of the successor to the Ancient Wasteland Devil Sect shocked the entire New Demon Realm, not to mention that he had died in the Ancient Desolation Forbidden Land. Now, all the Ancient Wasteland Devil Sect had been gathering their forces to search the Forbidden Area to find the cause of Jiang Liguang's death.

In Mo Yi's memories, he did not understand much about the Ancient Desolation Forbidden Land. He only knew that it was extremely large and filled with danger at the same time. Otherwise, the place would have been packed full of people.

Chen Xiang was naturally not afraid that the Ancient Wasteland Devil Sect would know that he had killed Jiang Liguang. In any case, he had already been wanted by the devil god order, and three days had already passed since then. The Ancient Desolation Forbidden Land was extremely lively, and thousands of disciples from the Ancient Wasteland Devil Sect actually came to look for him.

Han Jingprofound also knew that this was an important matter, so when she left, she did not leave any traces behind. Even the fragrance on her body had been removed by a special method, she did not want to hang it on the Demon God Badge.

There were a large number of powerful Ancient Beasts in the Ancient Desolation Forbidden Land. If Chen Xiang had not been able to hide himself well, he would have been chased away long ago. These Ancient Beasts were all very fierce, and many disciples of the Ancient Wasteland Devil Sect had turned into food for these Ancient Beasts.

A burst of dense Yin Qi suddenly came from the front, almost causing Chen Xiang to fall. If not for his profound magic power, he would definitely have turned back into his human form.

"It's not bad to use this kind of place as a graveyard. I never thought that the things left behind by the Devil-suppressing Heavenly Venerable are also here." Chen Xiang said as he carefully flew forward. After arriving at this place where the miasma was extremely dense, Chen Xiang did not even look at the footprints of ancient beasts.

Not long after, Chen Xiang saw a round black pond that was around a hundred meters wide. The water was like ink and the ice-cold bone-piercing Yin Qi came out from the black pond.

Beside the pool of water, there were even some mausoleums that had been meticulously constructed. Right now, they looked eerie and terrifying, giving people goosebumps. The cold wind whistled like the howls of ghosts and the howls of wolves, making people feel uneasy.

"F * ck, that thing is probably under this Black Water Pool. Do you want me to dive in?" Chen Xiang turned into a bird and stood on a large tree that was completely black by the side of the lake.

"There are good things down there. What are you afraid of? Wasn't it just a pool? What kind of place haven't you been to?" Long Xueyi urged, she was extremely curious, wanting to know what kind of thing was left in Devil-suppressing Heavenly Venerable.

"Let me be mentally prepared!" Chen Xiang released his divine sense, wanting to use the Heaven tour method to investigate. However, he was unable to dive into the bottom of the lake.

Along with many mausoleums, they appeared to be extremely cold. However, at this moment, a few old men in green clothes suddenly appeared here. Their faces were full of wrinkles and their expressions were cold, as if they had just crawled out from a grave.

Chen Xiang glanced at the four old men who suddenly appeared, and his heart shivered. He did not notice anyone approaching him, and so did Long Xueyi.

In order to not let these powerful old guys discover him, Chen Xiang hurriedly entered a tree cave to conceal his presence. He sensed that these old guys were looking around.

"Not a single trace was left, not a single trace was left behind. However, even we were touched by the restrictive spells. This is something that not even we were able to accomplish. Who could have been here before?" Is Jiang Liguang's death related to him? " An old man said coldly.

"What is the purpose of this person?" Even the Devil Race would not dare to provoke us like this! " Another old man said angrily.

"Let's hurry back and inform the Leader. This person is still in the Ancient Desolation Forbidden Land. We must find him no matter what!"

The four elders suddenly turned into a gust of cold wind and disappeared.

Chen Xiang secretly heaved a sigh of relief. In this kind of place, if these four old fellows found out, he might not even be able to release his Magical corruption gas, and would be killed by them.

"Quickly jump down, what's there to be afraid of?" Long Xueyi felt an itch in her heart, and her consciousness was unable to enter the lake.

"It's not like you're going down, so of course you have nothing to be afraid of? If there's anything powerful down there, won't I be sending it to my doorstep? " Chen Xiang said snappily.

"What are you afraid of? Turn into a small fish and slowly go down the side. If you encounter any powerful objects, I will just take action. I am the most beautiful and powerful dragon in the future and all demons and monsters will have to submit under my Dragon Dress." Long Xueyi snorted.

Chen Xiang considered for a while, but in the end, he still turned into a small fish and jumped into the black pool. Even though there were Heaven fire soul in his body, at this moment, he was still frozen by the cold water until he felt uncomfortable, as if he was being pierced by countless ice needles. This caused him to have no choice but to turn back into his human form and release the profoundwu diamond armour, which made him feel a lot better.

"If I knew earlier, I wouldn't have listened to you. My original plan was to use profoundwu diamond armour, but you turned me into a small fish instead." Chen Xiang complained. At this point in time, he was no longer feeling cold, but his surroundings were completely dark, it was terrifyingly quiet. What made him afraid was that he was worried that there were powerful beasts under the Black Water Pool.

Just as Chen Xiang jumped into the pool of black water, the four elders from the Ancient Wasteland Devil Sect appeared again. They looked at the rippling black water, and their expressions became extremely strange.

"How is that possible? This is the extremely poisonous blood of the Poisonous Beast Devil God. Although it doesn't have any scent, as long as you touch it, it will instantly vaporize. The startled old man said in shock.

This black pool was unexpectedly the poisonous blood of the Poisonous Beast Devil God, and he suddenly felt extremely disgusted. The Poisonous Beast Devil God that even the Devil-suppressing Heavenly Venerable could not kill, had actually been played to death by him, but this also allowed him to be at ease. This was because there would not be any powerful things below, and no Ancient Beasts would be able to endure this kind of poison.

At this moment, a weak voice came from above, "We will wait for him here!"

"This bunch of old fellows are actually trying to catch me?" "No way!" Chen Xiang was disdainful in his heart, he increased his speed and dived into the ground. It was a tactic commonly used by the Devil-suppressing Heavenly Venerable to poison the entire East Hidden Province.

Beneath the Devil-suppressing monument, there was a generation of Poison Woman Devil Scorpion Princess. The Devil-suppressing mirror was in a poisonous swamp, and the Devil-suppressing blood was inside.

[Chapter 789](#)

On the side of the Black Water Poison Pool, four extremely powerful Ancient Wasteland Elders sat cross-legged in four different directions of the pool, eyes closed and waiting for something below to come up. It was because they believed that the young master of the Ancient Wasteland Devil Sect, Jiang Liguang, had been killed by this fellow under the pool.

Chen Xiang had dived for more than half a day, but he still did not reach the bottom. This caused him to be shocked in his heart, if it wasn't for the profoundwu diamond armour, if it wasn't for the impenetrable, it would be difficult for even an immortal to obtain the things left behind in the Devil-suppressing Heavenly Venerable.

This is not only the blood of the Poison Demon, I think there is also the blood of the Poison Dragon. Only when the two types of extremely powerful poisonous blood are mixed together would it be able to corrode the earth, causing the pool to become this deep. Long Xueyi said.

After another two hours, Chen Xiang suddenly saw a faint light below him, which made him extremely happy. From the light, it looked extremely similar to the Devil-suppressing holy power, and only the things refined in the Devil-suppressing Heavenly Venerable had this light.

Upon approaching, it made him gasp for breath, because he saw that everything around that thing was empty. The poisonous water actually could not get close, and this thing had been hidden deep within the poisonous pond for countless of years, yet its divine powers were still active.

One must know that under this deep pool, the strong pressure was extremely terrifying. If Chen Xiang did not have the profoundwu diamond armour's protection, he probably would have been crushed into pulp by this kind of strong pressure.

"It's an imprint!" Long Xueyi's voice was shocked and he couldn't help but take a deep breath.

Su Meiyao immediately exclaimed: "Devil-suppressing Heavenly Venerable's Holy Devil-suppressing seal is actually in this place, no wonder Devil-suppressing Divine Palace has so many people contending for power all these years, so it's because they don't have the Holy seal's firm authority!"

"The Holy Devil-suppressing seal is a sacred object close to the Devil-suppressing Heavenly Venerable, and even the Devil-suppressing Divine Palace's Demon Suppressing Token would have to be sealed with this seal. As for how powerful it is, it is unknown, because the Devil-suppressing Heavenly Venerable has never used this seal in battle." Bai Youyou said.

The personal item of the Devil-suppressing Heavenly Venerable, was actually here, what was going on with the Devil-suppressing Heavenly Venerable? The Devil-suppressing Heavenly Venerable was an invincible existence in the Heaven Realm, respected and revered by billions of immortals, causing the expressions of the so called Demonic Demons and Evil Gods to change. Currently, only his Devil-suppressing Divine Palace and a portion of his incomplete Subduing Demon Art remained, and he had already disappeared to who knows where.

After sensing that Chen Xiang had arrived, she turned into a golden beam of light and entered Chen Xiang's body. She appeared in Chen Xiang's dantian, and floated above the five Beast statue.

Chen Xiang looked inside the Holy Devil-suppressing seal, and saw that the Holy seal only had one word, "Subduing". Although it was only a single word, it was extremely imposing, and extremely vigorous, as though it was carved with peerless strength, as though it was carved with divine power, and finished everything in one go. But upon closer inspection, every stroke of this word, contained countless profound Spirit grain, as though it was a nature to call itself their own, densely packed, within the word, it was actually like the sky, and within it were countless stars.

At the same time this word was smoothly written, it was actually able to engrave so many profound and fine Spirit grain at the same time. It was extremely natural, and didn't seem to be intentionally left behind.

It had to be known that these profound Spirit grain were comprehended by a few super geniuses in the ancient times after comprehending the Dao through looking at the heavens and merging into nature. They had been passed down for countless years, and only today's large number of Spirit grain were able to comprehend them.

And the Devil-suppressing Heavenly Venerable could easily draw out the outline of a naturally formed Spirit grain, as if they were one with the world.

Thinking about it, Chen Xiang's heart started to race. If one day, when he was refining pills, he could also leave behind these natural, powerful, and imbued dao pattern on the surface of the pills, how powerful would the pills be?

Spirit grain could form great formations, but great formations had many supreme abilities. They could suppress ancient demons, open profound Realm, and teleport space ...

The Devil-suppressing qi array in the Demon Suppressing Art was also made up of Spirit grain!

"Amazing, as expected of a human that my Imperial Dragon Race would be wary of." Long Xueyi exclaimed.

The Holy Devil-suppressing seal's entire body was pure gold, like a scorching sun. It seemed to have an endless amount of energy as it continuously spewed out golden light.

"Besides being able to approve a Demon God Token, what other uses does it have?" Long Xueyi was extremely curious.

"He can also inherit the position as the hall master of the Devil-suppressing Divine Palace, and is the one in charge of the Heaven Realm. However, if I use this seal in the Heaven Realm, I'm afraid that I will be

killed." Chen Xiang sighed, "Other than this, there are some things that can open the Devil-suppressing Divine Palace, and can seal demons."

"Can I use it for a fight?" Long Xueyi asked again.

"Of course you can, if it's the opposing demons, I can release them and pour them into the Devil-suppressing holy power, causing the Holy seal to grow bigger, and can directly suppress the demons to death, but I cannot use them as I wish." Chen Xiang was currently swimming upstream. There were still four Ancient Wasteland elders waiting for him to greet them, since they were all old people after all. He didn't want to make them wait for too long.

"That's right, this seal is stronger than Devil-suppressing mirrors, Devil-suppressing mirrors may just be the creation of the Devil-suppressing Heavenly Venerable, against stronger demons, it doesn't have much of a Mountain Sea, but with enough Devil-suppressing holy power, it will only be able to deal with demons with this seal, its power is limitless." Bai Youyou said in a cold tone. If not for the fact that Chen Xiang could hide the strength of the Holy Devil-suppressing seal as he wished, she would have felt very uncomfortable inside the ring.

"The reason the Devil-suppressing Divine Palace above us has been fighting for so many years is all for the position of Palace Master. If they find out that there is a Holy Devil-suppressing seal, then it won't only be the Devil-suppressing Divine Palace who will snatch you away." Su Meiyao chuckled.

Chen Xiang obviously knew that even if he had this Holy Devil-suppressing seal, he wouldn't be able to become Palace Master.

"Ancient Wasteland Devil Sect, since you have issued the Devil God Crest, I will now let you all know the price you have to pay." Chen Xiang laughed coldly, and began to speed up his pace.

However, the four Elders of the Ancient Desolation World could sense that there was a bubble in the pool, and it was obvious that they were coming out. They immediately stood up, and just as they were about to move away from the pool, the black water in the pool suddenly sprayed out like a huge fountain, and turned into a poisonous rain that fell from the sky.

All the trees within a radius of several kilometers withered instantly and were corroded by the black venom, releasing bursts of black venom. As for the four elders, they were poured with large amounts of venom and turned into white bones.

All of this was caused by Chen Xiang using all of his strength to force a large amount of poisonous water out of the pond. At this moment, he was standing beside the pond, looking at the four bones, he laughed: "You all sitting next to the pond waiting for me, is like waiting for your deaths.

With that, Chen Xiang looked at the mausoleum. He formed seals with his hand to condense the Ancient Desolation Forbidden Land's spirit energy, activated his Heavenly dragon seal and directly destroyed the mausoleum. Then, he used his Luotian Gate to travel across the space and safely left the place.

[Chapter 790](#)

The Ancient Wasteland Devil Sect was once again shaken because the four elders that were sent out had all died, moreover, they died beside the mausoleum. After that, many of the disciples from the Ancient Desolation Sect had entered the mausoleum successively and were poisoned to death by the poison gas.

The four elders were all poisoned to death, and only their bones were left, but all of their ancestors' tombs were destroyed. This made the Ancient Wasteland Devil Sect extremely angry, but was unable to vent it out, and now, they had lost a peerless genius, Jiang Liguang, and then a few powerful elders, and in the end, even the ancestors' tombs were destroyed by others.

But they did not know who did it!

Chen Xiang was currently in a desolate plain, with a scorching sun above his head. He had no idea why, but after just one night, his body had unknowingly grown a lot stronger.

"It's over, this Holy Devil-suppressing seal is causing my Innate Qi and my fleshly body to improve crazily, even my soul is increasing rapidly, the Nirvana Doom is coming!" Chen Xiang was overwhelmed with shock. At this moment, he had a very strange feeling that he was being stared at by something. No matter where he went, he would feel this kind of feeling.

This kind of feeling was a sign that the Nirvana Doom was coming. Unless one hid inside the profound Realm, it was impossible to avoid it.

"Don't worry, you have plenty of pills that can raise a person's bones and flesh. It's enough for you to deal with the first tribulation. Even without this lunatic's prediction, you can still pass it easily." Su Meiyao said.

Chen Xiang still had time to return to the Super Martial profound Realm to find Huang Jintian, but this was equivalent to avoiding the Nirvana Doom. If he deliberately avoided the Nirvana Doom, then the power of the tribulation would be even stronger in the future.

---- Beside the black pool, there were about ten old men with white hair and full of wrinkles. They were waving flags and chanting an incantation.

These were all people from the Ancient Wasteland Devil Sect and were summoning their souls because they could feel that the souls of the elders did not scatter. Although all of them were scattered, these elders had a way to see who had made such a crazy revenge against their Ancient Wasteland Devil Sect from the newly gathered souls.

When Chen Xiang saw the elderly people being splashed with the poisonous blood, he thought that they had all lost their souls. He never thought that the Ancient Wasteland Devil Sect would have such a powerful technique.

Suddenly, the ten or so white-haired old men shouted in unison. Their voices were strange and sinister, causing one's hair to stand on end, as if they were ghosts from the underworld.

A shadow of a dead elder suddenly appeared, but it was very unstable, like ripples in the water.

"It's Chen Xiang. Before I died, I saw him rush out of the lake. He deliberately used poison water to kill us" With that, the illusory image dissipated.

A middle-aged man with an extraordinary temperament, tightly clenching his fists. Although he looked very calm, his anger had turned into terrifying waves of killing intent, roaring in the forbidden grounds, causing people to be afraid, this was the Leader's Leader, Jiang Tianlu!

"There is a remnant of the spatial energy here. Let's see if we can figure out where this person went from the remnant energy." An old man said.

The person who killed Jiang Liguang, killed the four elders, and destroyed the ancestral tombs of their Ancient Wasteland Devil Sect was actually the Chen Xiang that was wanted by them after they issued the Devil God Badge!

This was really a huge ridicule, they did not even have the chance to touch his fur, yet they caused such heavy losses, and at this moment, everyone could see that this was Chen Xiang taking revenge on their Ancient Wasteland Devil Sect.

Very quickly, the ten elders, based on the participating spatial auras, deduced three locations. Ancient Wasteland Devil Sect s, Jiang Tianlu immediately sent a large number of Ancient Wasteland Devil Sect Rankers to surround and annihilate those three locations.

After finding out that it was this brat, Chen Xiang, from the human realm who had stirred up such a huge commotion, the people from the Demon Realm were incomparably shocked. Not only was he not obediently staying in the Mortal Realm, he had even come to the Demon Realm, killing the genius from the Ancient Wasteland Devil Sect, using poison to kill four elders, and finally kicking down the tomb of the Demon God's son. Such an earth-shattering action was unparalleled in the world and had never been seen before.

Chen Xiang still did not know his name before it spread to the entire Demon Realm, because he was currently smelting the energy within the Holy Devil-suppressing seal, preparing to go through tribulation. At this moment, he did not hide his tracks in the slightest, and sat on top of a small mountain with his eyes closed, cultivating with a peaceful expression.

Right now, whoever came to find him was courting death, because he was preparing to go through the Nirvana Doom. When others were going through the tribulation, as long as one person was within the range of the Nirvana Doom, the power of the Nirvana Doom would increase by one generation, and even if it was the Nirvana Tribulation, the power would be extremely terrifying.

Therefore, people who trained in Nirvana Doom would always look for some remote areas with very few people. If someone else entered the range of their Nirvana Doom, it would not be beneficial to anyone.

At this moment, even Long Xueyi, Su Meiyao and the others did not dare to casually release their divine senses, as they had sealed them away.

And in the distance, a disciple of a Ancient Wasteland Devil Sect saw Chen Xiang. He never would have thought that Chen Xiang would cultivate in this desolate place like this, instead of hiding properly.

Chen Xiang was waiting here for his Nirvana Doom. If he succeeded, he would enter the Nirvana Realm.

The disciples of the Ancient Wasteland Devil Sect immediately returned to report. The speculations of the ten-odd white-haired elders were extremely accurate, because some disciples of the Ancient Wasteland Devil Sect had already found Chen Xiang in the three regions.

They had circled around to all directions to surround and attack Chen Xiang. They thought that with so many of them, they would be able to catch Chen Xiang alive.

Ancient Wasteland Devil Sect was a super power in the demon realm, but now, the little demon realm kid they wanted to capture had come all the way here to slap their faces. They could only save their face by capturing Chen Xiang alive and executing him publicly, so most of the strong warriors in Ancient Wasteland Devil Sect were already here.

The demon gods were their religion, and this was the only way for them to cultivate the demon arts left behind by the demon gods. If they didn't show piety to the demon gods, they wouldn't be able to obtain their strength, and would instead die from cultivating those demon arts.

Now that the devil god's son's mausoleum had been destroyed, the disciples of the Ancient Wasteland Devil Sect were extremely furious. No matter if they were strong or weak, they could not wait to drink Chen Xiang's flesh and blood and skin him alive.

Jiang Tianlu made a hand gesture, and thousands of experts suddenly rushed towards Chen Xiang from all directions. In a few moments, Chen Xiang was surrounded by dozens of experts.

Chen Xiang's expression immediately changed greatly. When he took out the Luotian Gate, it was already too late, because the Nirvana Doom had already appeared.
