

Dan God 811

[Chapter 811](#)

Chen Xiang possessed two treasures, the Taiji Dragon-suppressed kungfu and the Green dragon demon-slain broadsword, so he would definitely be hunted down by the Tong Tian Aristocratic Family and the Sheng Domain. These two things were supreme treasures in the eyes of these ancient great powers, and they would use any means they could get their hands on these two items.

Right now, there were many people searching for traces of Chen Xiang in the vicinity of Rough and Random profound Land. If they could catch ten Relive Dan s alive and five heads, it would be enough for many people to risk their lives.

Chen Xiang did not hide inside the city, but instead went into the forest that was dominated by the White Sea Imperial Land once again. He wanted to dig up all the Fire phoenix purple gold mines here, and the Heavenly Emperor himself had ordered to capture him.

"Fire phoenix purple gold are very important to them, because they can be used to make array discs that are easy to carry, and they are very rare too. Rough and Random profound Land is not simple, there is actually such a large mine, no wonder there are so many elders guarding inside." Su Meiyao said.

Chen Xiang took out the Imperial Crystal, and was able to detect where there were the most Fire phoenix purple gold. After he sent his divine sense in, he quickly sensed that there were scattered Fire phoenix purple gold in the depths, the biggest being a millstone the size of it, and the smallest being a fist.

There were around 20,000 jin of Fire phoenix purple gold in here, which was considered very little for such a large area. But for many array masters, this was considered very much, because 500 jin of Fire phoenix purple gold would be enough to make a large array disc. For small array discs, 100 jin would be enough.

Fire phoenix purple gold s were a type of soft material, it would become very soft when heated, and was not suitable for forging weapons, but it was extremely suitable for carving array patterns. In addition, Fire phoenix purple gold could also become big and small, making it extremely convenient to carry around. This was also why this kind of material was so precious.

"There are still 20,000 Jin left. They have around 10,000 Jin in their warehouse." Chen Xiang pondered on how to take the Fire phoenix purple gold out of the warehouse.

These Fire phoenix purple gold that had not been treated would find it very difficult to fit into the Storage magic treasure, because this material was very magical, it could become larger and smaller, and ordinary Storage magic treasure would not be able to fit inside.

But the ring could, this ring was a sacred weapon even more powerful than immortal weapons!

"Leave the underground ones to me, I want you to deal with the ones on top." Long Xueyi giggled, then quietly ran out from inside the ring, turned into a streak of white light, and entered the ground.

Long Xueyi's strength had always been mysterious, and she also had a very unique Storage magic treasure. Chen Xiang knew that her Storage magic treasure contained a lot of delicious food.

Chen Xiang used the Heaven tour method to check his surroundings, but he did not find any powerful people, so the two elders guarding the warehouse were the strongest.

"White Sea Imperial Land, I want to let you all know the consequences of offending me, Chen Xiang. Chen Xiang's body flashed with light and turned into the appearance of the White Sea Prince, slowly walking in the gloomy forest, heading towards the storage area that was protected by the array.

This warehouse was made of stone bricks and there were many powerful formations on the walls. Even a Nirvana Tribulation expert would have to put in a lot of effort to enter it.

Chen Xiang knew that the White Sea Prince held a very high position in the White Sea Imperial Land, if not he would not be able to order around a few elders. Now that he had turned into the White Sea Prince, the elders who saw him walking over from afar anxiously would walk over.

"Hurry up and move the Fire phoenix purple gold, all of you come here!" Chen Xiang purposely revealed a serious expression, calling everyone over so that he could easily release the Magical corruption gas and kill them all.

Everyone here knew that Chen Xiang had killed an important figure of the White Sea Imperial Land.

"It's all because of Chen Xiang, Son of Heaven, you don't have to worry, this fellow's immortal blade and godly technique will be yours sooner or later. Although I don't know what tricks he used, but under absolute strength, he will definitely die!" An elder said.

"That's right, that immortal blade is a high grade immortal weapon. It would only be a waste in his hands, and sooner or later, it would be our White Sea Imperial Land's!" The other year's elder also hurriedly said, they were all flattering the Son of Heaven.

Chen Xiang sneered in his heart. He was going to see how these two old fellows would react!

After the people surrounded them, Chen Xiang released the Magical corruption gas and the Magical corruption gas quietly entered their bodies ...

"Ahh ..."

Dozens of people suddenly fell to the ground and struggled. However, their bodies soon turned stiff and turned purple-black in color. Only the two powerful elders were able to quickly react and stabilize the spread of the poison.

"Son of Heaven... We were poisoned, this. This is the Magical corruption gas, Son of Heaven you have the Heaven level's detoxification pill in your hands, quickly give it to us to consume. " One of the elders looked around at the dead bodies around him. His face was ashen, his forehead was covered in sweat, and his face was filled with fear.

"Who exactly is using the Magical corruption gas? This is something the heaven and earth cannot tolerate. Son of Heaven, hurry up and help us cure the poison. That guy is hiding around us." The other elder almost moaned and shouted, because they could feel the terror of the Magical corruption gas, if they were slightly careless, they might become like the people on the ground!

Chen Xiang laughed, "The person who used the poison is far away from us..."

As he spoke, he had already changed back to his original appearance. He smiled and said: "Hehe, all of you have worked hard on mining these Fire phoenix purple gold for so long. I will use them properly.

"You ... You are Chen Xiang ... "Bastard..." One of the elders immediately flew into a rage, and with a flash of green light, the elder's head was chopped off.

"Hehe, don't you guys love flattering the Son of Heaven? Sooner or later, I will send him down to accompany you. I'll send you guys on your way. Rest assured, I'll give you guys a quick death, there won't be any pain!" Chen Xiang laughed.

"White Sea Imperial Land will not let you off ..." The old man was so angry that his face turned green, but more of it was fear.

Chen Xiang waved his Green dragon demon-slain broadsword and chopped off the head of the old man. Then, he broke the formation on the warehouse and took away all the Fire phoenix purple gold that weighed over ten thousand kilograms.

These Fire phoenix purple gold were all as hot as flames, but they were all purplish-gold in color. After Chen Xiang stored them in his ring, Long Xueyi also ran over.

Long Xueyi wore a set of blue dresses. At this time, she was already a slender and pretty woman, her beautiful jade face carried a sweet smile, making her seem somewhat cute and attractive.

Originally, Chen Xiang thought that it would take a long time before she would grow up.

If someone who wasn't familiar with Long Xueyi, they would definitely think her to be a cute, naughty girl, but Chen Xiang knew that this Little Naughty Dragon was very bad, bad to the bones.

"You've got them all?" Chen Xiang asked.

"Hmm, is it surprising to see me like this?" Long Xueyi laughed, and even threw a flirtatious glance at Chen Xiang. Then, he shrugged his chest, and a wave rippled out ...

"I'm not surprised. Don't try to seduce me. I'm not interested in you, a little bad dragon." Chen Xiang crossed his chest, looking completely uninterested.

"I don't believe it." Long Xueyi stuck out her tongue, giggled, and then entered the ring.

Chen Xiang cleaned up the corpses on the ground, leaving nothing behind. He even set a fire in the forest.

[Chapter 812](#)

"These two old fellows, there are restrictions on the Storage magic treasure as well." "Hai, I've spent too much." Chen Xiang looked at the two self-destructed storage rings in his hand and sighed.

Many Rankers would use this type of Storage magic treasure. This was something that only appeared during this period of time to prevent others from obtaining the things inside.

Not long after Chen Xiang left the forest, he sensed a very familiar aura.

"Isn't that the aura of a Zijin poison boa? "What a ghostly fella." Chen Xiang ran. He could not defeat these Zijin poison boa, even if he used Magical corruption gas s, he might not be able to kill them in an instant.

"They actually have three transformations, and they seem to be very fierce towards you." Long Xueyi said in shock.

Before, Chen Xiang had taken out a few Small shaping Dan s, so these pills were naturally precious in the eyes of others. But in his eyes, it was just like that, he guessed that the Zijin poison boa had already killed the elder of White Sea Imperial Land and swallowed the Small shaping Dan.

"They should be thanking me. Without me, would they have transformed so quickly?" Chen Xiang cursed a few times in a low voice. The three men in purple-gold clothing that chased after him were all brimming with killing intent, as if they wanted to tear him into ten thousand pieces.

"Didn't you just go to their old nest to look around?" Chen Xiang saw that the three people behind him were chasing him closely and felt speechless. These Zijin poison boa had unique abilities, they could actually feel his aura from afar.

"It's very possible that it's because the Fire phoenix purple gold are gone. That's something they used to hatch their eggs, or they think you're plotting something against their eggs." Long Xueyi guessed.

Chen Xiang ran wildly on the Wasteland for more than half an hour, but the three Zijin poison boa in human form were chasing after him relentlessly, their speed was even too fast for him to shake off in such a short period of time.

"There's someone ahead. From the aura, it seems to be the son of the Qin family!" Long Xueyi said.

The son of the Qin family's head, Qin Meng, was a very fierce and popular fellow. Chen Xiang had seen him fight with the White Sea Prince before.

"That's great, we can go and harm him." Chen Xiang seemed to have seen his savior. If this wasn't Rough and Random profound Land, he would have already escaped using the Water Escape Technique.

This was the Rough and Random profound Land. If one accidentally used the Water Escape Technique to enter the depths of the Rough and Random profound Land, it would be extremely dangerous.

"Not only the son of the Qin, the White Sea Prince is here too!" Long Xueyi added.

Chen Xiang had already seen that a group of people were rushing towards him, he was secretly happy in his heart, so he increased his speed and rushed towards the group of people.

At this moment, he had turned into an old man. As long as he didn't have the Spirit Eyes or Demon Eye, he wasn't afraid of being seen through.

White Sea Prince and the son of the Qin family were originally in the city, but when they saw the thick smoke coming from the city, they hurried over, did not expect to see three poisonous people chasing after an old man. When they saw the poisonous fog, they guessed that the three purple-gold clothed men were Zijin poison boa s that had taken human form.

Chen Xiang quickly rushed to the front of White Sea Prince and the Qin family. He did not expect the two to be so sinister and vicious, striking out with their palms at the same time, wanting to kill him.

The two heavenly sons saw that Chen Xiang had lured the Zijin poison boa over, and became furious. They wanted to kill Chen Xiang, but they did not expect that since Chen Xiang was able to dodge using such a strange movement skill, he would be able to throw his palm that he had been storing energy for a long time towards the incoming Zijin poison boa.

This made Chen Xiang extremely happy, because the three Zijin poison boas were so angry that they rushed towards the two Heavenly Sons, spitting out a dragon-like poisonous substance.

White Sea Prince and the son of the Qin hurriedly jumped into the air, but their followers were all melted by the purple gold poison.

Chen Xiang saw that there were a few Zijin poison boas in the distance that had yet to take form rushing towards him. No matter how fast he ran, even though he had impenetrable, he did not dare to try the Zijin poison boa's fearsome teeth.

"Damned old fogey, he killed us all." White Sea Prince looked at Chen Xiang who was running like a rabbit in the distance. He wanted to slap this unlucky old fellow to death, but at the moment, they had no choice but to run. Although they were the sons of heaven, they did not dare to face these powerful Zijin poison boas.

Chen Xiang burned their entire lair and dug out all their Fire phoenix purple gold. These Zijin poison boas were all enraged, and didn't show any mercy as long as they saw a human.

Of course, the most furious ones were the White Sea Imperial Land, they had sent so many people to mine the precious Fire phoenix purple gold, but other than the Son of Heaven, not a single one was left alive. That piece of forest was completely burnt and all the Fire phoenix purple gold were dug up, not even a single bit was left to them.

When this matter spread out, the other Tong Tian Aristocratic Family, Sheng Domain and the other great powers rejoiced in the misfortune, but they felt very sorry for the Fire phoenix purple gold. It was fortunate that they didn't get their hands on it, otherwise, they would feel even more sorry for it.

White Sea Imperial Land had just been severely slapped on the face by Chen Xiang, and all the clan elders were nailed to the city walls, causing people to have no choice but to associate them with Chen Xiang. Only Chen Xiang and the rest would dare to fight against White Sea Imperial Land, but how did he do that? One must know that it was very difficult to dig out Fire phoenix purple gold in a short period of time.

Inside the Green Summit City, many strong practitioners and outstanding youths from various major powers had arrived one after another. One was for the Rough and Random profound Land, and the other was for Chen Xiang.

Chen Xiang had immortal equipment and divine arts on him, and he was even suspected of having a large number of Fire phoenix purple gold. If they could still grab Chen Xiang and obtain the Relive Dan as they wished, it would have been much more crowded if they could still use the Transmission array as they pleased.

However, right now, only those powers that had inherited ancient legacies had the ability to teleport here.

---- Chen Xiang was currently walking on a green grassland with a stalk of grass in his mouth while humming a little tune. In order to prevent Zijin poison boa from tracking him down, he walked around the outer ring of the Rough and Random profound Land for around ten days.

However, this was not what he wanted, because he suddenly saw a woman in white clothes floating on top of the green hill in front of him. This woman's eyes were bright and her teeth were white. Her skin was as smooth as ice, and her white clothes fluttered in the wind like a fairy. She exuded an ethereal and refined aura.

If it was a normal situation, Chen Xiang would definitely brazenly go over and chat with a beauty. However, this woman in front of him who had a jade-like appearance and looked like a fairy gave him a very dangerous feeling.

"Young Master Shen, the ability you possess really surprises this little girl." This girl's eyes were watery as she looked at Chen Xiang with a smile.

Chen Xiang had become an old guy, but he was still seen through.

"This woman is not simple at all. Although she doesn't have a spirit eye, she has a very strange spiritual sense. I can feel that you have undergone some changes." Long Xueyi's voice was full of vigilance.

Chen Xiang laughed, and changed back to his original appearance, asking: "I wonder how the miss knew I was here?"

"I guessed it, the Zijin poison boa that was chasing Hai Weidong and Qin Meng should have been lured over by you. As expected, the Fire phoenix purple gold is in your hands. Her voice was filled with a light and agile aura, making people not get tired of listening to her. However, Chen Xiang wanted to hide far away from this terrifying woman.

Chen Xiang could already guess that this was the White Sea Imperial Land's Heavenly Girl. Her power was the same as White Sea Prince's, her name was Hai Weidong and her name was Ji Meixian.

Ji Meixian's long hair fluttered, her white clothes fluttered, and her pair of beautiful eyes stared at Chen Xiang. She said softly: "I think Young Master Shen should have already guessed who I am now, right?"

Chen Xiang shook his head, and laughed: "I don't know who you are, I'm in a rush now, excuse me!"

He had just turned around when a white shadow flashed past and this refined and refined Heavenly Maiden Bai Hai appeared in front of him, blocking his path. It seemed that it would be very difficult for him to leave today.

[Chapter 813](#)

Ji Meixian's white clothes fluttered, and her beautiful face carried a playful smile, looking extremely alluring.

"Do you really want to leave just like that? You killed so many people of our White Sea Imperial Land, took away our White Sea Imperial Land's treasures, do you think I would let you go?" Ji Meixian said leisurely, his voice extremely gentle, but to Chen Xiang, it was filled with killing intent.

Chen Xiang laughed dryly: Then what must I do before you let me go?

Ji Meixian's voice was sweet and gentle as she laughed softly, "If you are willing to offer up the Fire phoenix purple golds that you have obtained with both hands and then hand over your immortal blade and divine arts, and if these things can make me happy, I might even let you go!"

Chen Xiang shook his head and sighed: "These things are my life roots. Girl, you want me to use my life roots to make you happy so you can let me go, right? "Seems like I can only suffer for a moment..."

When Ji Meixian heard these words, her expression instantly turned cold, as a trace of shame and anger flashed past her beautiful eyes.

"Impudent!" Chen Xiang, don't refuse a toast and refuse a drink. This is the first time someone dares to be so disrespectful to me! " Ji Meixian shouted coldly. As a heavenly woman, she was aloof and aloof, as pure as ice and pure jade. Even if someone had ill intentions towards her, they would hide it deep in their heart and never dare to say it out loud.

Chen Xiang glanced at her chest, and laughed: "Unimportant to you? A person like you can't even compare to my female slave, but you can still barely be my foot slave. "

After Ji Meixian heard this, she was so angry that her body trembled slightly.

If these words were to spread, Chen Xiang would definitely be chased by Ji Meixian's pursuers all the way to the ends of the earth. Ji Meixian was the heavenly daughter of the White Sea Imperial Land, not only did she have a fairy-like appearance, her talent was also extraordinary, and even though she possessed power that would make the elders jealous, she could only barely be his foot washing servant in Chen Xiang's eyes.

"You ... "Alright, looks like you're purposely seeking death!" Ji Meixian saw that Chen Xiang's eyes were filled with ridicule, and became even more embarrassed and angry.

Dongfang Xinyue and Hua Xiangyue, this pair of beautiful female slaves, one was a Dan King, and the other was a Grandmaster in Artifact Forging and Forging. Without mentioning how strong they were, just one palm could kill a Heavenly Girl, there was no need to talk about their looks or figures.

Chen Xiang really didn't think much of her. Towards this kind of girl who thought highly of herself, he would always adopt an inhumane attacking method.

"Little girl, don't be angry. You don't look good at all when you're angry. A truly beautiful woman, when she's angry, there's always a certain charm. When you're angry, she's like a monkey whose butt has been touched by someone else. " Chen Xiang said with a smile as he retreated.

Ji Meixian was stunned, monkey! Someone actually described her as a monkey. This caused her to feel like she was struck by lightning as she stood there in a daze!

"Monkey... "Monkey..." Ji Meixian muttered in a daze, while Long Xueyi and the others also giggled. This description was truly too cruel.

Chen Xiang coughed dryly, and said with a serious face: "Strictly speaking, it's a young female monkey dressed in white."

"Shua!" The furious mother monkey screamed, and thrust her sword towards Chen Xiang. The sword was extremely powerful, but Ji Meixian was furious with her attack, and she was extremely confident in her looks, since she was surrounded by people every day, and she could hear many words of flattery. But Chen Xiang had completely infuriated her.

This was clearly humiliating her, she was no longer wasting time talking to Chen Xiang, she had already pulled out her sword and attacked, she had originally planned to capture Chen Xiang alive.

"Miss ... "Don't be angry, I might not have described it well enough ..." Chen Xiang dodged the sword and anxiously shouted: "You are a beautiful female monkey, no ... It's a beautiful female immortal monkey. "

"I will kill you!" Ji Meixian's beautiful eyes spewed fire. She consecutively thrust out ten times, and the sword energy released by each sword was able to penetrate a huge mountain. If Chen Xiang did not dodge, he would also suffer a considerable amount of damage.

"What a strong woman. At the very least, she has transcended the five Nirvana Tribulations, and she is a sword cultivator." Long Xueyi exclaimed.

Chen Xiang continued to dodge, Ji Meixian's hair was wildly flying, her jade face was full of frost, her graceful body was releasing killing intent, her pair of beautiful eyes were filled with anger, the killing intent in her eyes was extremely terrifying.

Her every strike carried an extremely fierce killing intent. With ten slashes, the green grass around her would all turn into dust, and the vast Innate Qi made people even more terrified. If it was an ordinary Nirvana Stage, even if it was ten slashes, one of them would still be killed by her sword.

Ji Meixian was furious to the extreme. Maybe it was because she was not calm enough, or maybe it was the first time someone had insulted her in such a way, causing her to feel extremely resentful, as if Chen Xiang had tainted her. Even if it was not, it was more like it.

As the sword slashed down, the sword's body emitted a cold light, bringing along an invisible and vast Innate Qi, causing Chen Xiang to feel as if he was an ant facing the waves of the ocean.

Ji Meixian's sword was very strong, but she still held back, because she had recovered a bit of her senses and realized that Chen Xiang had a treasure on him. If Chen Xiang died, maybe the Storage magic treasure on his body would also be destroyed, and the gains wouldn't make up for the losses.

The might of the White Sea Imperial Land's Innate Qi was as vast as the ocean. When used together with powerful sword techniques, its power was peerless.

With a flash of green light, the Green dragon demon-slain broadsword appeared in a flash. Chen Xiang used the most powerful Dragon Power, holding onto the divine blade tightly, in that moment, the cyan light exploded out of nowhere, chopping apart the swift sword that was thrusting towards him. When the swords and sabers clashed, the mountains shook and the earth shook. The collision produced a powerful formless energy. The clouds in the sky surged and lightning surged.

Chen Xiang's speed was not slow, but his strength was not as good as Ji Meixian's. Although he was able to block the blade, his entire arm was still in pain from the impact, and blood was flowing out from his pores.

If he did not block that sword attack, even if he managed to dodge it, he would still be injured by that strong sword energy. At that time, he would be even more deadly.

"You can't beat her, this woman is very strong." Long Xueyi immediately said, after all, Ji Meixian's cultivation was much higher than Chen Xiang's.

Shattered grass fluttered in the air. A large piece of the beautiful green grassland had already been shattered into pieces by the shockwave from earlier.

Of course, she knew that Chen Xiang only had a cultivation level lower than hers, if he was able to stop her, the result would be hard to say.

"Hand over your immortal blade and Fire phoenix purple gold, and then kneel down and admit your wrongs to me. Otherwise, I will make you die a miserable death." Ji Meixian said coldly, she saw that Chen Xiang's hand was bleeding and knew that he would not be able to escape today.

Of course, she was even more concerned about Chen Xiang's Green dragon demon-slain broadsword. Just a moment ago, after one move, she knew that this blade was not ordinary, although she used a sword, she would have an even higher position in the White Sea Imperial Land if she were to obtain this blade.

Chen Xiang, who was originally smiling mischievously, became serious as well. He could escape, but he was extremely unwilling to do so.

"Little Naughty Dragon, lend me your power. I want to defeat this Heavenly Girl at all costs." Chen Xiang's heart sank as he replied.

[Chapter 814](#)

Ji Meixian slowly walked towards Chen Xiang, the Innate Qi condensed on her feet, her footsteps looking extremely light, but with every step she took, the earth would slightly shake.

"Just surrender, hand over the immortal knife, and I'll give you a complete corpse!" Ji Meixian said indifferently. At this point in time, she was even more otherworldly, her entire body shrouded in white mist, making her seem extremely holy and holy.

Chen Xiang laughed coldly: "I am sick of hearing these words, the blade is mine, why should I give it to you? I originally had no enmity with any of you, but you actually wanted to force my treasures, you moral and upright heavenly girls, you're not worthy of such a title!

"Do you know how much effort I put into this knife? You actually want me to give it to someone else. Isn't this too easy? Do you think so? "

"Hmph. You are not worthy of this thing. If it is in our hands, we can let the treasure flourish and it will only be trampled on by you." Ji Meixian said with disdain.

"Haha ..." Chen Xiang suddenly laughed, because he thought those words were too funny: "On what basis do you conclude that I am not fit to have one? Wouldn't it be a waste to be in your hands? What's the difference between you and me? Don't tell me your shit is fragrant? "

didn't think that the disciples of Sheng Domain and Tong Tian Aristocratic Family were much stronger than him. At most, their fate was good and they had some talent, but in the field of cultivation, it wasn't to see who was strong from the beginning, but to see who could reach the end.

"Alright, I will give you the Green dragon demon-slain broadsword. If you have the guts, take it!" Chen Xiang used all his strength and threw the Green dragon demon-slain broadsword into the ground. The ground immediately began to tremble.

The Green dragon demon-slain broadsword was revolving with a green glow, and the dragon sculpture on it was imbued with a sense of majesty. At this moment, the gushing Qi actually produced a series of soft dragon roars, as if it was an angry dragon roaring.

Ji Meixian immediately flew towards the Green dragon demon-slain broadsword in the distance. Her movements were elegant and graceful, her eyes were filled with surprise and joy, looking carefully at the divine blade, the dragon carving on top of it was actually formed from countless profound Spirit grain, it was difficult to identify the materials on the blade, but it looked extremely sturdy, as though it could cut through heaven and earth and cut down everything.

The entire blade gave off a feeling as if it was facing an ancient dragon, and the aura it gave off made it difficult for people to breathe.

"Can we use Magical corruption gas s?" Chen Xiang had wanted to use it since long ago, but he could tell that Ji Meixian had a powerful treasure on him.

"Don't use it, her clothes are very powerful and impervious to water and fire. Maybe the Magical corruption gas can't kill her in such a short time and she'll get away instead. When that happens, it'll be troublesome." Su Meiyao said.

"The scent of her clothes makes me feel nostalgic." Bai Youyou said.

Chen Xiang was slightly shocked, there was actually such a powerful being on Ji Meixian's body.

At this moment, he was also quietly merging with Long Xueyi's strength. Long Xueyi was simply too strong, the Dragon Power in his body was endless, and it was the purest and most authentic Dragon Power. In order to stall for time, he threw out the Green dragon demon-slain broadsword.

Of course he would not give the divine blade to others, it was because he had a very profound feeling towards the Green dragon demon-slain broadsword. Other than him, no one else could take the divine blade away easily.

Furthermore, the Green dragon demon-slain broadsword had already fused with him, just like his limbs. Even if he left it there, no one else would be able to take it away.

Ji Meixian stretched out her slender jade hand and grabbed the handle of the blade, wanting to pull it out, but what shocked her was that this blade seemed to be connected to the earth itself. No matter how hard she tried, she was unable to pull it out.

Ji Meixian suddenly turned her head to look at Chen Xiang, only to see a faint layer of white light flowing over Chen Xiang's body, she coldly asked: "Do I have to kill you in order for me to obtain this blade?"

Chen Xiang smiled, he waved his hand, and the Green dragon demon-slain broadsword turned into a ball of light and entered his body, then appeared back in his hand.

"If you kill me, this blade will disappear from this world with me!" Chen Xiang had already obtained Long Xueyi's power, and his entire body started to boil: "Now, I'll let you see whether or not I'm worthy enough to own this blade."

Ji Meixian saw that there was a huge change in Chen Xiang's Qi, and was shocked. She took out her treasure sword and was the first to stab at Chen Xiang.

Chen Xiang's strength had shocked her, but when he thought about it, he felt that it was very normal. After all, she was a Imperial Dragon Race, if they were to compare in strength, she would be able to kill him.

Ji Meixian could feel Chen Xiang's anger, but that fury did not cause Chen Xiang to go crazy. Instead, it turned into an even more terrifying power that allowed Chen Xiang to use it rationally.

Chen Xiang did not even look at Ji Meixian as he waved his blade and hacked forward. The furious dragon roared, its voice shaking the sky as an incomparably terrifying killing intent enveloped the air.

The spirit energy of the heaven and earth was infected by the, the spirit energy actually turned into roaring dragons, circling in the air with bared fangs and brandished claws, looking majestic and powerful, releasing waves of dragon roars that shook the heavens.

Angry dragon slay!

The Dragon extinction was created by the dragon race in the first place, because the strongest enemies of the dragons were not humans, but their own kind. That was why such martial arts were produced, and why humans could also learn to use it, it was just that the conditions were very harsh.

The Green dragon demon-slain broadsword shone with a green light, as though the cyan sun was roaring, and with a slash of the blade, a majestic Dragon Power surged out from the divine blade, condensing into an angry green dragon that roared and flew towards Ji Meixian, as if it was a descending green dragon.

Ji Meixian's sudden outburst of power made her panic, at the same time, she was extremely excited, because she guessed that this was the might of the Taiji Dragon-suppressed kungfu, if she could obtain this mystical technique, her strength could very well increase by a few levels.

"This move of yours that you used all your strength on is impressive, but it's only the end of your strength!" Ji Meixian's voice was cold and clear. Although he was shocked by Chen Xiang's divine power, he was still a little disdainful.

Ji Meixian's hair flew in the air, her clothes fluttered around, her jade body was shrouded in holy light, and suddenly an illusion of a white ocean appeared behind her.

In the white sea, countless white dragons churned, finally forming a white dragon as thick as a mountain and soaring out of the illusion.

Chen Xiang had seen the White Sea Prince use this technique before!

Ji Meixian calmly faced the green dragon formed by the blade qi, and on the sword that she thrust out, gathered the vast Innate Qi unique to White Sea Imperial Land, and the blue dragon behind her suddenly penetrated through her jade body, attaching itself to her sword.

The two forces collided, as if two stars were colliding!

"Boom!" BOOM! Honglong!

The earth was torn apart by these two powers, and the surrounding space began to ripple. His aura soared to the heavens, exploding in the air like a thunderous explosion.

A deep and bottomless gully appeared in the ground where the two were fighting. Chen Xiang and Ji Meixian stood opposite each other at the ends of the gully, their eyes filled with killing intent!

[Chapter 815](#)

Ji Meixian's jade hand that was holding onto the sword started to tremble, but she heaved a sigh of relief, because she felt that Chen Xiang had exhausted all of his strength.

"What other skills do you have? Just take them out. Today, I will definitely not let you off!" Ji Meixian said indifferently. In her eyes, Chen Xiang was just an ant.

"Angry dragon slay!"

Chen Xiang roared out, he raised the divine blade high, and slashed down fiercely, the previously calm and tyrannical atmosphere once again became berserked up, the remaining Qi in the surroundings turned into countless angry dragons, and waves after waves of dragon roars covered the entire sky.

Green light shone, the blade Qi turned into an Azure Dragon, with a distance of 300 meters, it roared and rushed towards Ji Meixian.

This showed that Chen Xiang had an extremely thick Innate Qi. At this moment, she was already covered by the blade energy of the Angry dragon slay and the frightening green dragon had already locked onto her. Helpless, she once again used "Azure Sea Rushing Dragon" to counterattack.

This time, it was ten dragons that rushed out from the white sea above her head and condensed on top of her treasured sword. They turned into strength and shot out from the tip of the sword, forming a huge white wyvern.

"Dragon Subduing Origin Energy!" Chen Xiang held the blade hilt tightly in front of his chest as the Dragon Power in his body started to circulate violently. The Green dragon demon-slain broadsword was covered by the white colored Dragon Power and at the same time, it was flashing with fire and lightning.

The dragon cry shook the sky, and broke through the clouds. The Dragon Power, lightning and the Heaven fire interweaved, turning into a white lightning and fire dragon, following closely behind the green dragon, rushing towards Ji Meixian!

"Boom!" Although there was a gap between Chen Xiang's two moves, when they attacked, they were very coherent, and dispersed Ji Meixian's Sword Qi!

Heavenly Lady Bai Hai's face changed drastically. Her delicate body was covered by the berserk Dragon Subduing Essence, and the lightning energy released by the Thunder soul fused together with the Heaven fire. She was extremely berserk, not to mention she was accompanied by the Dragon Power!

Ji Meixian let out a delicate shout, as she flew out from within the berserk energy, and the place she stood turned into a huge pit.

She did not expect Chen Xiang to not only release the Angry dragon slay, but also release an even more powerful Dragon Subduing Essence, and rush over at almost the same time.

Her Canghai Rushing Dragon could also be considered a pretty good Dragon extinction, but in the end, it wasn't created using the Dragon Power, so it wasn't possible for her to unleash her strongest power.

Blood trickled out from the corner of Ji Meixian's mouth. She could tell that Chen Xiang had borrowed an external force to become so strong, and she could clearly feel that the power was different from Chen Xiang's. Furthermore, it did not perfectly match with Chen Xiang's.

She possessed a special spirit sense, so she was able to see through Chen Xiang's true appearance and feel the subtle changes in her body.

She saw that Chen Xiang's blood was boiling and his entire body was still filled with energy. Furthermore, she had sustained heavy injuries, if this were to continue, she was definitely going to be taken down by Chen Xiang!

Seeing that the situation wasn't good, she could only grit her teeth and silently feel hatred. After being sent flying out, she soared into the air and flew towards a particular direction.

"Chase after her and strip off her clothes. I just used my spiritual sense to test her and found out that her clothes are very powerful and can even block my spiritual sense." Long Xueyi shouted.

A pair of Suzaku fire wings appeared behind Chen Xiang, transforming into a ray of flame, facing Ji Meixian: "Little Naughty Dragon, you're so strong!" Chen Xiang chuckled.

"Of course, but don't keep thinking about it. This isn't your own strength after all." You often borrow power from others that is not good for yourself, but when I withdraw my power from you, you will be in trouble. If you did not have the Yulong blood, I would not dare to play with you like this, otherwise, when I withdraw my power, your entire body would shatter. " Long Xueyi said seriously.

Chen Xiang borrowed Long Xueyi's strength to increase his speed. Seeing Ji Meixian escaping while taking the pills, he knew that Ji Meixian's injuries were not light.

"This fellow's physical body is too weak. With just a few moves, he can become like this!" Long Xueyi said in disdain.

Chen Xiang had a lot of strength now, she could only swing her blade and chop at him from afar, countless of sharp and terrifying blade Qi enveloped Ji Meixian from all directions, causing Ji Meixian to clench her jade teeth and curse in her heart.

"Heavenly dragon seal, beat her down! Use the Blinding Dragon Punisher. This is a special method to deal with those who are escaping! " Long Xueyi said.

Chen Xiang formed a seal with his hands and locked onto the figure in front of him with his mind consciousness, and his face was filled with a cold sneer.

Because of her fairy-like beauty, she was far more popular than the Son of Heaven. Even some of the Leaders in the large sects would have to face her on equal footing, because she was very likely to be the successor to the White Sea Imperial Land. Even if she was not the person in charge, she would have quite the power.

If others knew about this, they would be so scared that their jaws would drop. However, she had brought this upon herself, she was a good girl, and had no choice but to provoke Chen Xiang, a fellow who dared to even hit the sky a few times, and had even angered Chen Xiang.

The dumbest thing was that she thought that her beauty could make Chen Xiang kneel like a dog. However, she didn't expect that Chen Xiang would scold her and make her look like a female monkey whose butt had been touched, ruthlessly humiliating her.

Along the way, Ji Meixian couldn't help but think of the humiliation she had never suffered. Not only did she want to cry, she even wanted to vomit blood!

"Flash Dragon Punishment!" Half of Chen Xiang's and Long Xueyi's strength had been drained, and a large amount of spirit energy from the heaven and earth was condensed into a terrifying lightning dragon. Like a bolt from the blue, it struck towards Ji Meixian who was fleeing in panic, and struck him down.

"This woman's clothes are really powerful. That Flash Dragon Punishment was formed by you and me with a large portion of our strength, but we didn't break her into pieces. It was just a beating!" Long Xueyi lamented.

Ji Meixian was even more shocked, because she was extremely confident in her protective immortal robe, but just now, her entire body was struck by the lightning dragon and she fell from the sky in a sorry state.

She was lying on the ground, but her entire body was still paralyzed and unable to move. Chen Xiang snickered and walked over, as if he was a big bad wolf staring at a little white rabbit.

Even though Ji Meixian was currently in a very sorry state, she still maintained her celestial position. The icy and pure aura around her did not lessen, but the weak her gave off a different kind of charm.

"What are you doing? Don't come near me!" Ji Meixian gradually recovered his strength and shouted.

Chen Xiang laughed, and used the method Liu Meng'er and Dongfang Xinyue told him before to seal the power in his body.

"I know you have a treasure on you, but you don't deserve to use it, you will only ruin it. Just hand it to me obediently, I will leave you an intact corpse." Chen Xiang laughed.

Just a moment ago, Ji Meixian had said these words to Chen Xiang, but she did not expect it would be Chen Xiang's turn to say them to her so quickly.

[Chapter 816](#)

Because of the great battle between the two experts, the originally beautiful prairie had become a mess, destroying a large area. The commotion that had been stirred up earlier had already attracted the attention of some people in the distance.

Ji Meixian's elegant jade face revealed a trace of fear. She never thought that she would fall into Chen Xiang's hands.

"I don't have any treasures, so even if I did, I wouldn't give it to you." Ji Meixian said coldly, she turned her head and did not look at Chen Xiang, she was worried that her eyes would be exposed.

"Won't we know if we search?" Chen Xiang said while smiling. He had already squatted down and pinched Ji Meixian's beautiful chin as he stared at the fairy-like face. At this moment, he truly had a bad idea.

"You ... What do you want? " Ji Meixian saw Chen Xiang's passionate look, and even more fear rose in his heart as he shouted.

"Hand over that treasure obediently. It is the thing that can protect your body. Otherwise, I'll personally find it myself." Chen Xiang took a small breath and patted Ji Meixian's face. This made Ji Meixian extremely embarrassed and angry, as no one had ever dared to treat her in such a way.

"You can steal my treasured blade and divine arts, and I can also steal your things. This is a very fair thing to do." Chen Xiang laughed, then looked at the storage ring on her jade finger.

Ji Meixian was sealed by Chen Xiang. Other than her head being able to move, she was unable to move anywhere else. Her storage ring was easily taken off by Chen Xiang.

"You can't get what's inside. This storage ring can prevent other people's consciousness from entering. Only my consciousness can undo that restriction!" Ji Meixian stared at Chen Xiang fiercely, and said while gnashing his teeth.

Chen Xiang laughed: "I don't have any plans, the truly good things are on you, this storage ring is just a souvenir."

Ji Meixian was furious. Chen Xiang couldn't get the things inside her storage ring, but she could even take away the things inside. There were a lot of pills and even some Spar s, which were still very precious to her.

Seeing Chen Xiang's big hands reaching towards her, Ji Meixian shouted angrily: "Shameless bastard, what are you doing!"

Chen Xiang carried her and ran in one direction: "The clan elders of White Sea Imperial Land and the Son of Heaven have come. I just don't want them to see you being captured by me, if not your reputation would be lost."

"Oh, that's right. I am not a shameless person. The most shameless person would be people like you who steal from others. I am only returning the favor."

Ji Meixian had originally planned to wait for reinforcements to arrive, but she did not expect Chen Xiang's vigilance to be so high that he could discover the White Sea Imperial Land and White Sea Prince in the distance.

In truth, she didn't want the elders and the Son of Heaven in White Sea Imperial Land to see her like this either, because this was a kind of humiliation to her. However, if it fell into Chen Xiang's hands, the consequences would be even worse.

Chen Xiang hid in a quiet and beautiful valley.

He placed Ji Meixian on a soft lawn and allowed her to level on it.

"I'll say it again. I'll take the treasure that you have on you. You'd better obediently come out, or else you'll have to bear the consequences." Chen Xiang laughed.

"I don't have any treasures on me, can't you see that? All of my treasures are in my storage ring." Ji Meixian would rather die than submit, and said coldly.

Chen Xiang didn't say anything more. A pair of hands began to busy themselves on Ji Meixian's body.

"Beast..." Quickly stop, you are worse than beasts, release me now, or else White Sea Imperial Land will not be finished with you ... " Ji Meixian's cheeks flushed red.

Chen Xiang ignored her words and focused on taking off her clothes. Very quickly, her upper body was exposed, flawless like snow-white beautiful jade. Although her skin was not bad, Chen Xiang thought that the two jade rabbits were slightly smaller in size.

Chen Xiang stroked his chin, and stared at the towering snowy mountain peak. His face carried disappointment, and he said with a slight sigh: "It's a little small, barely passable."

Ji Meixian almost vomited blood. Chen Xiang's expression truly deserved a slap, and it hurt Ji Meixian's self-esteem. However, what made her feel slightly relieved was that Chen Xiang was not interested in her body.

"It's not this shirt?" With a mighty tug of Chen Xiang's strength, his white clothing started to rot away, and then, he tried to use his light blue undergarment to easily tear it apart. This caused Ji Meixian to be incomparably embarrassed and furious.

"You beast, I will always remember today's matter. I will definitely tear you into a thousand pieces." Ji Meixian shouted in anger.

Chen Xiang laughed: "Don't call me a beast, my surname is not Qin, my name is Chen Xiang! To tell you the truth, I am very happy that you can remember what happened today, but you will never be able to tear me into a thousand pieces. "

With that, he began to caress her beautiful upper body, "This way, you should be able to remember it more deeply ..."

"I will kill you... "Beast..."

Ji Meixian was so embarrassed that she wanted to die. She did not think that her clean and pure body would be carelessly touched by a man she hated the most.

"Tell me, where is your treasure hidden?" Chen Xiang looked at Ji Meixian's panties and muttered: "Could it be that you're like a man, your treasure is hidden in this place?!"

Ji Meixian panicked, his upper body had already been captured by Chen Xiang, and below him ...

"I'll give you the items in the storage ring. I'll undo the seal on the ring. I don't have any treasures on me." Ji Meixian was finally willing to back down. She knew that Chen Xiang could do anything.

Chen Xiang laughed but did not say a word, he started taking off her pants, causing her to let out waves of terrified screams.

"How about I return the storage ring to you, and you hand over that powerful treasure to me?" Chen Xiang was now even more certain that Ji Meixian had a precious treasure on him, if not she would not have agreed to remove the seal on the storage ring.

"I told you, I didn't!" Ji Meixian shouted, admitting it no matter what. Seems like that treasure is really very valuable.

Ji Meixian was already completely naked, so he tore her panties apart and was very disappointed. He still hadn't found the powerful "Immortal Cloak" yet.

Looking at the beautiful body in front of him, Chen Xiang frowned. He was actually troubled because he couldn't find any treasures.

"Looks like this thing is the same as your profoundwu diamond armour. It can be assimilated into her body, so it's not easy to obtain." Su Meiyao said.

"No, alright!" Chen Xiang's face hardened, and took out a crystal, letting the crystal release a ray of light that illuminated Ji Meixian's body.

Ji Meixian looked inside the crystal that was floating, and unexpectedly displayed her image. Seeing her beautiful jade body, her cheeks immediately started to feel hot, and even more of her anger was that Chen Xiang had actually stripped her of her clothes.

"What else do you want?" Ji Meixian asked fiercely, gritting her teeth, looking like she wanted to bite Chen Xiang to death.

Chen Xiang did not speak, he only used his actions to answer her. He touched her body randomly, like playing with beautiful jade, and caressed Ji Meixian's jade body.

[Chapter 817](#)

At this moment, she only wanted to die a happy death. She started to regret making a move on Chen Xiang, if she did not want to snatch away Chen Xiang's Green dragon demon-slain broadsword and divine arts, then she would not have used her own spiritual sense to look for Chen Xiang.

It would not fall into the hands of the demon Chen Xiang now!

"That crystal just now recorded everything I did to you. If you don't obediently hand over that treasure, I will announce this crystal." Chen Xiang chuckled.

"You ..." Ji Meixian was so angry that he couldn't say a word.

"Hehe, the feel of your hand is still quite good. You don't have to feel inferior." Chen Xiang laughed.

Ji Meixian only wanted to shatter Chen Xiang's bad hands, he also wanted to poke blind eyes, and he wanted to smash his mouth to pieces Of course, this was only what she was thinking at the moment.

"I can give it to you. If you can take it away, then take it! But whether you can take it or not, you have to give me the crystal and let me go. Also, you can't ruin my cultivation and tell others what happened today." Ji Meixian calmed down and said.

Chen Xiang laughed: "If it had been earlier, that wouldn't have happened. However, you really have a lot of requirements."

He rubbed her chest again.

"Didn't you just touch it enough? Sooner or later, I will crush your hands." Ji Meixian said coldly.

Chen Xiang said: "Alright, I promise you what I said just now. Quickly release that treasure."

"Hmph, how can I trust you?" Ji Meixian snorted.

Chen Xiang shook his head and laughed: "Other than choosing to believe me, you have no other choice."

Seeing Chen Xiang extend his hands, Ji Meixian gritted his teeth and said: "Stop!"

Ji Meixian's plump body released a faint silvery white light, making her look even more holy and beautiful. Chen Xiang could see that she was very handsome, because he could see a snow-white dress emerging from her skin.

Just like his profoundwu diamond armour, it had already fused into his skin.

At this time, Ji Meixian's sparkling jade body was already covered faintly by the white silk, but one could still see her beautiful body through the translucent silk dress.

"Quickly kill her!" Su Meiyao and Bai Youyou actually shouted at the same time, their voices filled with killing intent.

"Why?" Chen Xiang reached out his hand, wanting to pull off this silk dress.

"This woman has a grudge with us. She had once hunted down our master, and after he died, she chased after us unceasingly. At that time, she had this thing with her." Bai Youyou's voice was ice-cold.

"What?" is she someone from the same generation as your master? " Chen Xiang was dumbstruck, at that moment he couldn't tear off that silk dress.

Su Meiyao said in a serious voice, "No one has ever seen her face. We all recognized her from this silk dress.

"She probably lost her memory or was reincarnated. If she didn't have her memories awakened, then kill her quickly. Otherwise, she definitely wouldn't let you go." Bai Youyou's voice was extremely cold as he urged her.

Without saying a word, Chen Xiang took out his Green dragon demon-slain broadsword s and chopped down at Ji Meixian. But what surprised him was that his blade was actually blocked by the white light released by the silk dress.

"You want to kill me?" Ji Meixian was extremely shocked.

"What a powerful weapon. It can actually block powerful attacks." Chen Xiang retracted his blade, and placed one hand on Ji Meixian's chest, continuing to condense his Dragon Power. At the moment, Long Xueyi's power was still on his body. When he activated the Dragon Power, it was still blocked by a mysterious power.

"Nothing, I just wanted to test the strength of this celestial robe." Chen Xiang laughed.

"Humph, hurry up and take it away." Ji Meixian did not know whether what Chen Xiang said was true or not, but she was very surprised at the moment. She did not expect that the Immortal clothes that accompanied her, would actually be able to resist two of Chen Xiang's fierce attacks.

Chen Xiang really wanted to take it away, but no matter how he tried, he couldn't tear away a single thread.

"You can't take it away, it's the same as your celestial blade, it's tightly connected to my body." Ji Meixian said with a cold smile. Her body was not completely exposed in front of Chen Xiang, which made her feel a lot more comfortable, but she could still see her two upright cherry red through her silk dress.

Chen Xiang wanted to use Magical corruption gas very much, but he was worried that he might not be able to kill Ji Meixian.

"Previously, when she was attacked, this silk dress was only able to release a little bit of her aura, and was able to protect her life. Otherwise, she would have already been smashed into pieces by you, being as powerful as your profoundwu diamond armour." Bai Youyou was also surprised. Although she and Su Meiyao had already met them before, this was still the first time they were so close to each other.

Just then, the silver white light flashed again, and Ji Meixian suddenly screamed in pain.

"Sorry for the trouble, she's recovering her memories." Su Meiyao shouted in shock: "Quickly kill her, or else there will be endless troubles in the future."

Even this small valley was destroyed, but Ji Meixian was not killed. Even Chen Xiang's attack was blocked by that silk dress, but Ji Meixian still continued to let out painful groans.

"Little bastard, don't even think about killing me. I'll make sure you'll never be reincarnated again." Ji Meixian's eyes froze for a moment, and then two rays of white light burst out, bringing about a strong killing intent, causing Chen Xiang's heart to tremble.

The glow on Ji Meixian's body disappeared and a complete set of white colored silk dress appeared on her body. It was no longer transparent, and it was as if she had become a completely different person.

"I must thank you for allowing my artifact spirit to awaken. However, you have tainted my body, so I will definitely not let you off! " Ji Meixian's voice was cold, at the moment, she seemed even more noble

and dignified, like a queen with boundless dignity, her voice had a domineering tone, making people want to submit to her.

Just like Su Meiyao and Bai Youyou had said, she had awoken his soul!

"Don't spout nonsense, I did not defile your body. I only touched it a few times!" Chen Xiang's face was full of grievance, "Alright, I touched you dozens of times, but I didn't sully you, you should be clear about this yourself!"

Ji Meixian was still unable to move. Both of Chen Xiang's hands were still on her body, carelessly touching her through the silk dress. As long as no power was generated, this powerful immortal robe would not resist.

"You ... "Little mortal, quickly take away your dirty hands. Even an immortal king would not dare to be this rude to me." Ji Meixian said angrily, her delicate body actually trembling slightly.

She could actually move, which made Chen Xiang even more shocked!

"Take off her apron and take a look!" Long Xueyi, this little bad dragon, suggested.

Chen Xiang immediately grabbed hold of the snow-white undergarment and went all out, not wanting to waste any more time with this woman.

The moment he unleashed his power, the ground and mountains shook and the entire ground shook from the power that Chen Xiang had released.

"Let go, you beast!" Ji Meixian was incomparably furious. Her immortal robe had already become complete, and even her undergarment was a whole set.

"Take it off!" Chen Xiang looked at the undergarment with a snow-white lotus flower embroidered on it, and was extremely shocked.

[Chapter 818](#)

"Run!" Su Meiyao shouted anxiously when he sensed the energy fluctuations coming from Ji Meixian's body.

Chen Xiang immediately activated his Water Escape Technique and used his fastest speed to escape to a place with water in the vicinity.

At the same time, the little valley that was just destroyed exploded with another burst of brilliant white light. After a series of explosions, a large amount of rock turned into a storm and exploded in every direction. The little valley had already become a gigantic crater, and this was actually Ji Meixian's attack!

After Ji Meixian destroyed the Inhibition Formation Chen Xiang left in her body, he attacked her. After her soul awakened, her power grew even stronger.

She floated in the air, barefooted, her black hair fluttering in the wind. Her body was surrounded by a white glow, giving her an otherworldly temperament, as if she was a fairy that had just descended from the heavens.

"Chen Xiang, I will definitely catch you." Ji Meixian looked at her messy clothes which were completely empty inside. Because the undergarment had been ripped off by Chen Xiang, she couldn't help but blush. She was famous in the Heaven Realm, and had never been subjected to such humiliation.

"Green dragon demon-slain broadsword... Water Escape Technique, looks like he has cultivated the Four-phase Magic Kungfu, if he were to grow up, he would become someone important even in the Heaven Realm, but you have offended me, Ji Meixian." Ji Meixian's imposing aura was released, and the surrounding space started to fluctuate.

"I wonder if his Four-phase Magic Kungfu was taught by the two disciples of the Old Devil Wuqing. It could also have been recorded in the Taiji Dragon-suppressed kungfu." Ji Meixian clenched her jade fists tightly, looked into the distance, and muttered: "Mortal Realm has evolved, I wonder what will happen to Heaven Realm, I never thought that I would meet someone in Mortal Realm with Taiji Dragon-suppressed kungfu and Green dragon demon-slain broadsword, this will be mine!"

His entire body was in extreme pain, all of his bones were cracked and slowly recovering right now. Just now, he had also used all of his strength to execute his Water Escape Technique, otherwise, he would have been grabbed by that woman. It would have been another fierce battle.

"What a terrifying woman. Sister You You, sister Meiyao, what hatred does your master have towards her? to actually be able to make her transfer her hatred to you guys." Chen Xiang looked at the dark blue sky.

"She thinks that our master is not dead, and rumours say that he cultivated the Ruthless magic, and brought about his own destruction. We sometimes think that he is not dead, but after I realized how terrifying the Ruthless magic was, I felt that he should have already died." Bai Youyou was still sad when she spoke of this.

Su Meiyao was silent for a moment, then said with a little grief: "Originally, she planned to capture us, and force Master to appear, but we repeatedly escaped from her hands, and in the end we chased after her."

Chen Xiang sighed: "In other words, she was the one who caused you all to become like this? You guys fought against her in the Mortal Realm? "

"It wasn't her." Bai Youyou did not say much.

"We have many enemies, the woman who harmed us is one of them, her strength should be even stronger than when Ji Meixian was at her peak. You just need to cultivate properly, don't think too much." Su Meiyao laughed.

Chen Xiang handed Ji Meixian's undergarment over to the two girls. This was indeed the core of Ji Meixian's immortal robe, and it had a very strong defensive power. On top of it, there were also a large number of profound Spirit grains, which were the same as the ones on top of the Green dragon demon-slain broadsword.

"I have that crystal and this undergarment. She shouldn't be able to kill me." Chen Xiang had Yulong bloods, so his recovery speed was very fast. However, when his bones were being restored, his entire body was in pain.

"What happened to her? had also fallen into the Mortal Realm? But one thing is for sure, she will become an all-powerful figure in the Mortal Realm in the future. Her spiritual sense, her body, and the experience that she has cultivated for many years, will be able to help her improve very quickly. " Su Meiyao sighed helplessly, this was a big enemy of Chen Xiang.

"Is her original name also Ji Meixian?" Chen Xiang asked: "She doesn't seem to have been reincarnated."

"I don't know. Everyone in the Heaven Realm calls her Yu Yi Immortal Fairy, and they all wear jade masks. No one has ever seen her appearance before." Su Meiyao thought back to the matters regarding Ji Meixian in the Heaven Realm.

----- After Chen Xiang escaped, he floated in the air. Looking at the depths of Rough and Random profound Land, he frowned, "Inside is an unknown land. That damned little beast must not die inside, I still have to take back my things."

The people of White Sea Imperial Land had arrived. White Sea Prince, Hai Weidong, and a few powerful elders felt that the commotion here was huge. Even though they were far away, they could still feel a slight fluctuation.

"Are you okay?"

He was dressed in white clothes with lines embroidered on it, holding onto a white fan, he stepped on the Innate Qi that was condensed under his feet, he soared into the sky, arriving behind Ji Meixian. Although he asked this, his voice was cold.

"He won't die!" Ji Meixian's soul had awoken, and recovered all of her memories. Her voice was also very cold, but at this time, Hai Weidong was only an ant in her eyes.

Ji Meixian was the Heavenly Girl in the White Sea Imperial Land and Hai Weidong was the Son of Heaven. The two of them would become the leaders of the White Sea Imperial Land in the future.

"What happened? You met Chen Xiang? You didn't catch him? " Hai Weidong taunted.

Ji Meixian was furious beyond compare, but she stopped herself. She was no longer the White Sea Imperial Land's Heavenly Girl, but a Yu Yi Immortal Fairy's Yu Yi Immortal Fairy. The only difference was that she was still weak.

"It's better than being hunted by the Zijin poison boa that Chen Xiang lured over." Ji Meixian ridiculed.

Hai Weidong did not say much. He was indeed being chased by Zijin poison boa to a miserable state, and it was even to the point that he and the Qin family's son, Tian Zi, was being hunted.

Ji Meixian and Hai Weidong followed the elders as they left the place. Ji Meixian had never mentioned about her and Chen Xiang's battle because it was not a good thing at all.

White Sea Imperial Land suffered a huge loss this time, when he provoked Chen Xiang, only a few powerful elders died, but in the end, it was Gu Dongchen who made a move, and not only were a few elders of White Sea Imperial Land killed by Chen Xiang, their coveted Fire phoenix purple gold mines were also taken away by Chen Xiang.

The most embarrassing thing was that even after their elder had been killed, his head was still nailed to the city wall!

White Sea Imperial Land really wanted to find Super Martial School to settle the score, but there was a Huang Jintian who cultivated in the Taiji Dragon-suppressed kungfu. Although he said that he was punished by the Super Martial School and imprisoned in the forbidden grounds, who would believe that?

Now that the world has evolved, the entire world has become more stable. Even if Huang Jintian, this kind of expert, were to be sucked away by the Heaven Realm, it would not be worth it if he angered Huang Jintian.

At this time, an even more shocking piece of news came out. It was spread over from the Devil Realm, one of the top powers in the Devil Realm, the Ancient Wasteland Devil Sect was actually almost destroyed by Chen Xiang.

The reason was because Chen Xiang had killed the son of Ancient Wasteland Devil Sect, destroyed the tomb of the son of the Demon God of Ancient Wasteland Devil Sect, and also killed four elders.

In the end, Chen Xiang intentionally lured the elites of the Ancient Wasteland Devil Sect over when he was crossing Nirvana Doom, passing through an unparalleled tribulation of two thousand people. In the end, only Leader and the elders of the Ancient Wasteland Devil Sect survived, but those elders had all ascended greatly because they lived through the great tribulation.

If it was now, Ancient Wasteland Devil Sect and the elders would not have to fly. This made Ancient Wasteland Devil Sect very depressed.

Ancient Wasteland Devil Sect who had once given birth to a devil god had declined from then on, and the main culprit was actually Chen Xiang!

Hearing that Chen Xiang had actually brought a calamity upon the devil realm, everyone was shocked, especially when they heard that he had passed through the great calamity.

After Duan Sanchang from the tomb robbing family heard this news, he could not help but scold: "The prodigal son of this Heaven Slaughter, how could the tomb of the son of the Demon God be so destroyed? We should have dug it up properly, this fellow should really have been sealed by the heavens! "

[Chapter 819](#)

Chen Xiang had already entered the Rough and Random profound Land. What exactly was hidden inside? Why were there so many ancient beasts, as well as a large number of rare treasures? This was something that many people were very curious about.

Beside the lake, Chen Xiang was waiting for her injuries to recover. Every time she borrowed Long Xueyi's strength, such a thing would happen, and as Long Xueyi's strength grew stronger, the side effects would become even more severe.

Chen Xiang had to use it for three days to recover eighty percent of his strength, but it was enough for him to protect himself.

On this day, the entire Rough and Random profound Land released wave after wave of earth-shaking beast roars. In the cities near the Rough and Random profound Land, all of them trembled because of the loud noise.

The roars of countless savage beasts sounded like the birth of a beast king, filling the entire Rough and Random profound Land with a stifling atmosphere. The cities around the Rough and Random profound Land were panicking, afraid that a large number of savage beasts would rush out from within.

However, the voice only lasted for an hour, after that many ancient powers all sent people over, preparing to enter the Rough and Random profound Land, because there was a rumor that there was a tomb of a divine beast in the Rough and Random profound Land.

The Rough and Random profound Land was originally a profound Realm, and it was rumored that it was created by a Divine Beast. It had lived inside for countless years, but in the end, it could not keep up with the flow of time, and died of old age.

Of course, the person who spread this news was naturally released by the of the Tulip Family. He also said a large pile of things, all of which were things that he found while observing the Rough and Random profound Land, which allowed him to conclude that there was once a powerful Divine Beast here. However, in the end, the Divine Beast died.

Of course, Chen Xiang did not know about this, but from the beasts' roars, Long Xueyi could tell that the wild beasts were wailing in grief, as if they were mourning for their king.

There were Divine Beasts in the profound Realm, something like this had also happened to Chen Xiang before. There was the reincarnation of the White Tiger in the White Tiger profound Realm, Chen Xiang wasn't too sure about its abilities, but Chen Xiang could win against the White Tiger who was suppressing its strength.

"He continued shouting for two hours, what's going on?" Chen Xiang was a little taken aback, because just now, a giant golden ox head emerged from the inside of the huge lake.

"This Rough and Random profound Land is too unbelievable, there's actually something like the Sky Sea Golden Cow!" Su Meiyao lamented. Just now, they did not even dare to breathe, afraid that they would be discovered by the incomparably huge Taurus.

Chen Xiang asked in shock: "What is that guy's strength?"

"From the looks of it, he's at least not the strength that the human world should have. Don't provoke him, he's still very docile." Su Meiyao said: "But what exactly is this place? Just now, I could hear that many ancient beasts were extremely powerful from their roars."

"Cursed Land!" Long Xueyi muttered, as though she had found something in her inherited memories, "Legend has it that there is a place where some strange beasts are sealed. As long as they are inside, no matter how strong they are, they cannot turn into human beings, and they will all be sealed within this land."

Rough and Random profound Land was originally a profound Realm, but because of the changes in the world, the fusion of this profound Realm and a Mortal Realm was exposed!

"Doesn't that mean it's dangerous?" Chen Xiang didn't know where he was at the Rough and Random profound Land right now, afraid that he would offend some powerful beasts.

"Of course it's dangerous, but if you are lucky, you will be able to find some rare and precious flowers and herbs, some from Immortal Grade and some from Holy level. It's just that these herbs are definitely protected by the powerful ancient beasts." Long Xueyi said.

If a beast like the Zijin poison boa could even exist at the edge of the lake, wouldn't that mean that there would be even more powerful beasts lurking deep in the mountains?

"Why are there so many beasts sealed here?" Chen Xiang was extremely cautious. He turned into a butterfly and flew into a forest.

"This is a very ancient matter, even the records of the Imperial Dragon Races were few. They only mentioned that because these beasts angered the gods, they were sealed in a place called the Cursed Land, I do not know the specifics." Long Xueyi said.

---- Just as Chen Xiang was about to leave the depths, a group of people ran in without care for their lives. The beast roars from before made them extremely curious, they could discern the strength of a few strange beasts from the beast roars, under normal circumstances, only strange beasts with rare treasures would be strong, and the rumours were that there were corpses of beasts amongst them.

The ones who rushed in front were the Tong Tian Aristocratic Family and Sheng Domain. They were long-lived forces and acted as if they knew what was going on in there. They started a massacre all along the way, killing all the beasts that obstructed them.

The Tong Tian Aristocratic Family and the Great Leaders of the Sheng Domain had already sent out more than half of their troops. If the Transmission array was convenient, more people would probably come, but at the moment, only those forces that were able to quickly lay down the ancient Transmission array were able to come.

The people gathered around Rough and Random profound Land, seeing that many great powers were rushing in, and fighting along the way, they knew that there must be some powerful treasures inside!

"Charge! There's a God Beast's remains inside. If you can obtain a small piece of bone, you will be able to create an Immortal Equipment. It will be priceless, and the number of powerful strange beasts' remains will be uncountable." Duan Sanchang shouted as he blended into the crowd. As he moved forward, he observed his surroundings.

Just at this moment, the Tong Tian Aristocratic Family and Sheng Domain suddenly stopped in their tracks. They all turned around to look at the sky behind them.

An old man from the Feng Clan said angrily: "You people from the Duan Clan, you actually managed to break the seal, what are you doing here?"

This was a force that gave people a headache. Not to mention how strong they were, they even had the ability to steal tombs from their ancestors, a force that specialized in digging out tombs from powerful ancestors. Whether it was in the human world or the Heaven Realm, many ancient powers hated them the most.

Of course, the Duan Clan rarely came into direct conflict with others. They were all here in secret and had first-rate escaping techniques. If they angered the Duan Clan, then they might as well wait for their ancestral tombs to be overturned.

Those great powers didn't know where the tomb of their ancestors was, but the Duan Clan could find it. It was one thing when they secretly dug it up, but they would always show it off every time they dug it up.

"Why can't we come, the Rough and Random profound Land is your Feng Clan's? But we have long heard that everything in the world belongs to your Feng Clan. Didn't you say that a little demon's divine arts and immortal sabers were all yours?" A tall and skinny middle-aged man from the Duan Clan chuckled. "I heard that later on, some of you were even killed by this brat, yet Feng Clan did not end up like this!"

Many people did not know about the Duan Clan, but Tong Tian Aristocratic Family was the one who understood it the most. Tong Tian Aristocratic Family had only appeared recently, and by displaying their super strength, they were famous throughout the world.

However, the ones who knew the most about the Tong Tian Aristocratic Family and Sheng Domain were the Duan Clan. The Duan Clan controlled many of these ancient powers that had lost their legacy, and they knew these ancient powers like the back of their hand.

"Duan San, come here. If you follow this group of people in, you'll only have a dead end." The tall and skinny middle-aged man said to Duan Sanchang who was in the middle of the crowd.

Duan Sanchang curled his lips and rose into the air, entering the group of ten or so Duan Clan members.

Everyone had unsightly expressions on their faces. However, the people of the Duan Clan did not enter the Rough and Random profound Land. Instead, they stayed far away from this place.

Tong Tian Aristocratic Family and those sage realm cultivators naturally knew that the Duan Clan had their own way, but they had to get the remains of the Divine Beast. They had to go in.

After the Duan Clan left, the great powers attacked again. At this moment, the number of powerful beasts that rushed out increased, and the crowd that followed behind was affected.

A purple hedgehog the size of a small mountain suddenly rolled out, rolling all the way here, and stabbed many people to death. A purple hedgehog the size of a small mountain suddenly rolled out, rolling all the way here, and stabbed many people to death, and also spat out a purple poisonous gas.

In the sky, a group of giant eagles burning with raging flames suddenly swooped down. The cry of the eagles tore apart the sky, and as they flapped their wings, countless flaming feathers fell down, piercing the ground like arrows. They fell down like rain, and in a flash, over a thousand people were turned into ashes.

Less than an hour after the Duan Clan left, a large-scale counterattack by strange beasts occurred. Everyone was filled with regret. If they had followed the mysterious Duan Clan and left earlier, they might not have been surrounded by a horde of beasts!

"Retreat!" The elder of the Feng Clan shouted. At the same time, one of his arms was also torn off by a ferocious fire ape.

When he first entered, there were tens of thousands of people. However, before he could enter any further, more than half of them died. In the end, only over seven thousand survived.

With an ancient force leading the way, many people in several cities were discussing this matter and speculating what kind of treasure it was that there were so many strange beasts working together to protect it.

In a hotel, the members of the Duan Clan were drinking wine and watching the injured people return.

"This group of idiots, if we go in with such a large force, it would be strange if we don't alert those wild beasts. If it was us, we would definitely spread out and conceal our aura. We would enter from a few places without strange beasts and then meet up." The Duan Clan members ridiculed.

"Tong Tian Aristocratic Family and Sheng Domain have sent out so many people all of a sudden. It seems like they know where the ancient records say that place and what kind of things are inside. But this group of idiots are actually so arrogant and think that they can break through the defense of the strange beasts just like that?"

"Too naive. Just the first layer of defense was enough to kill so many people."

The Duan Clan members discussed animatedly, and they were all ridiculing him.

---- Chen Xiang still didn't know that a river of blood was flowing outside, so he leisurely flew inside. Although he met a few powerful beasts along the way, he was not discovered nor attacked.

"Wait, you shouldn't go out now. There must be something inside." Long Xueyi suddenly said: "There are some things that I can't recall, although there is a memory inheritance, but it's not deep, in short, there is something important inside."

"From what I remember, there should be a tomb here. I just don't know whose tomb it is, and these strange beasts are guarding it. Not long ago, all the beasts were roaring, so it should be the tomb lord's memorial day."

Chen Xiang was a little unwilling: "You want me to take a look at that tomb? This is very dangerous. "

"Since you're all here, don't you want to go in and take a look? "With me here, nothing will happen." Long Xueyi laughed: "Let's go in and take a look."

Chen Xiang also wanted to see who was the expert who died here, to actually have so many powerful beasts guarding the tomb.

"Well, if anything's wrong, you tell me." Chen Xiang curled his lips and said: "Right now, I still don't know where that tomb is!"

"Let's fly high up and take a look!" Long Xueyi thought for a while, then said: "I think that the strange beasts here were sealed here because of the tomb master, but these strange beasts don't blame me at all."

"You're saying, the tomb lord here is a powerhouse from that era?" Chen Xiang suddenly thought of many things, especially the four Four Symbols Divine Weapons and the mysterious path that led to the center of the earth.

"It's possible, I think that this world might have once been a high level world, like the Heaven Realm. But then, there was a huge change, because the civilization here was even older than us Imperial Dragon Race." Long Xueyi guessed.
