

## Dan God 861

### [Chapter 861](#)

"Little bastard!" The golden-armored man was no longer able to remain calm. With an angry curse, a bolt of purple lightning struck his body, causing him to spit out a large mouthful of blood.

Chen Xiang's clothes were tattered and his hair was a mess, but he was clearly unharmed. He laughed madly: I specially prepared this Nirvana Doom dinner for you, don't thank me, enjoy yourself!

The Nirvana Doom of six people, and five of them were extremely strong, the Nirvana Doom they welcomed was definitely not weak!

's current physical body was very strong, specifically aimed at his flesh. On the other hand, the bodies of the Feng Clan and the warriors of the White Sea Imperial Land were not as strong as Chen Xiang's, so they could only use the Innate Qi to block.

Other than crazily cursing Chen Xiang in their hearts and mouths, there was nothing else they could do. If they killed Chen Xiang as their master, the Nirvana Doom that they would face would become even stronger and they would be seen as interfering with the Nirvana Doom. From then on, they would receive even more ferocious attacks.

A circumference of five kilometers was sealed off by the terrifying Robbery power. It was extremely difficult to escape, and one could only leave after crossing Nirvana Doom!

The violent thunder did not stop, it was concentrated and strong, because these Robbery power were condensed above the Earth's Core Fire Realm, causing the strong lightning to also contain a strong scorching energy. When it struck onto a person's body, it not only exploded with lightning, but also exploded into a large cluster of white flames.

In merely a few moments, those few experts were all struck by the lightning, until they vomited blood. On the other hand, Chen Xiang endured the pain as he was struck by the lightning, and at the same time, activated profoundwu physical exercise to refine his body.

Those few experts wanted to tear Chen Xiang's body into a thousand pieces, and actually dragged them into the Nirvana Doom. For uninvited guests like them, not only would their Robbery power strengthen, they would also have to face a few trials and tribulations that were specifically aimed at them.

When they had first entered, they had a haughty attitude and viewed Chen Xiang as an ant. But now, in front of their Nirvana Doom, they were but mere mortals struggling on the brink of life and death.

When they saw Chen Xiang calmly sitting there while being struck by lightning and using the lightning to temper his body, they were so angry that they nearly vomited blood. But what made them furious was that every time Chen Xiang was struck by the lightning and his entire body was covered in blood, he would recover at a speed that could be seen with the naked eye.

They were jealous of this ability. They wanted to rush over and mince Chen Xiang into minced meat, but they could not get distracted now, otherwise, they would be burnt to ashes by the heavenly thunder. Their souls would be destroyed.

"Little bastard, quickly stop cultivating. You will only cause the heavens to become angry if you use the power of your Nirvana Doom to strengthen yourself. The power of your Nirvana Doom will become even stronger, and you will cause our deaths!" The golden-armored man let out a roar. His golden armor already had a few holes on it.

Chen Xiang endured the pain and laughed madly: "Just what I wanted, I wanted to kill all of you, who told you to kill me?"

The Nirvana Doom became more and more terrifying, the dense purple lightning was like a torrential rain, crackling and crackling as they continuously struck down. That destructive aura spread throughout the entire Earth's Core Fire Realm, and even people outside the Earth's Core Fire Realm could feel it.

It was originally just thunder and lightning, but now it had been struck down by fire and thunder together. The Purple Flame Thunder had turned into a White Flame Thunder, and now there was a faint golden color.

"Golden flames! That's a place that even immortals wouldn't dare to enter!" An old man saw the pale golden flame thunder and moaned in despair.

The faces of these five experts were all filled with despair, fury, and fear. The person who forced them into such a predicament was right before their eyes, yet they couldn't kill him.

Chen Xiang saw that the faces of these five people were ashen, their eyes brimming with an aura of death. The despair and fear they revealed made him couldn't help but laugh out loud.

"Who said I was an ant? Haha... What are all of you who were killed by ants? "You are even inferior to insect ants." After Chen Xiang finished speaking, he was struck in the head by a thick pure gold fire lightning.

If it was an ordinary person, they would have already been reduced to ashes. However, his body was only cracked open from head to toe. The sight of it made one's heart palpitate with fear. Just how powerful was his physical body!

From the beginning till the end, Chen Xiang had never used his Innate Qi to resist the heavenly lightning, only using his terrifying physical body.

The eyes of the five Rankers reddened in anger. They could imagine that Chen Xiang had waited for them intentionally, then triggered the Nirvana Doom of these six terrifying Rankers, then used the Nirvana Doom to temper his body!

Chen Xiang had actually used their lives to temper their bodies. This made all of them feel a sense of hatred, as if they had been eliminated. They had lived for so long, and had this kind of strength and position that many people admired, but in the end, they had become the sacrifices of a little ghost.

They were unwilling to die just like that. This would only make them die a useless death!

"Even if I die, I will kill you. We definitely will not let you succeed!" The golden-armored middle-aged man roared.

Chen Xiang smiled slightly: "I can send you guys on your way now, you have given me great help in attracting this powerful Nirvana Doom, I will not let you all die without a complete corpse, I will chop off your heads and send them back, this is the honor you deserve, haha ..."

The five experts were covered in wounds, they had eaten a lot of Relive Dan s, but it was to no avail, because the Nirvana Doom was too terrifying, in a blink of an eye they had used up all of their Innate Qi, so their bodies were not able to resist.

The dense amount of golden fire bolts came in wave after wave, and would break apart during this period of time. Chen Xiang took this opportunity to fly over, summoned his Green dragon demon-slain broadsword, and like slashing grass, he decapitated the two elders.

Green dragon demon-slain broadsword! The elders of the ancient powers all knew how powerful this blade was. They really wanted it, but now, they had no choice but to die under this blade.

"You all died a useless death. This is a divine knife, rest in peace." Chen Xiang laughed.

The remaining three people started cursing. They were used as bait to lure powerful Robbery power s and help others refine their bodies. Would they die in peace?

"If you do not attack me and stay in your power, then you will definitely live for a long time. You can only blame yourself for not listening to my master's warning; my master's warning is not that he will deal with you, but that you have to bear my endless revenge!" Chen Xiang said indifferently and chopped off the heads of the three people.

After putting away the heads of these five people, an even more terrifying wave of golden fire bolts descended and crazily struck his body. Right now, he was the only one who could endure the attacks from the Nirvana Doom, if he was even the slightest bit careless, he would die!

The golden flames were powerful enough to almost make him release his profoundwu diamond armour to resist, but now was a good opportunity. If he succeeded, he would be able to win with his Immortal Devil Body.

"Feng Clan, White Sea Imperial Land! "Just you wait. The first thing I'll do after I get out is to make you regret doing what you did today!" Chen Xiang said coldly in his heart.

## [Chapter 862](#)

He kept the heads of the five experts for future face-smacking purposes.

"The next wave of Tribulation Lightning is coming. Hurry up and put away the two scattered Fire Soul s." Bai Youyou said in an urgent voice, "First, feel those Fire Soul, and then circulate and absorb them."

Out of the five experts who had died, two of them were Dan King, with Fire Soul. Their bodies were completely destroyed by the divine lightning, but the Fire Soul was still there.

This was the white colored Fire Soul, and those Fire Soul would not immediately disperse. They were all gathered together by the hot air that was being released from this place.

When Chen Xiang released his consciousness, he immediately felt the Fire Soul hidden within the white Fire Soul. All of these Fire Soul turned into powder and floated in the air, crazily devouring the white Fire Soul.

He followed Bai Youyou's instructions and activated Devouring magic kungfu, sucking in the two scattered Fire Soul and sealed them in his dantian.

To deal with the Fire Soul, he had become familiar with the route and easily completed it. The two Dan King's Fire Soul were not too good, and after the two Fire Soul fused together, it was also only cyan.

**BOOM! BOOM! BOOM!**

The golden fire lightning descended, because he was the only one here, the tribulation lightning was all by himself, but after continuously striking down, dozens of lightning bolts would be released every moment, crazily smashing down from above his head, burning his entire body black, as if everything was going to be smashed apart.

This went on for a while longer before he fell to the ground. His entire body had turned into charred carbon. There were many shocking cracks on his body, and there was the smell of burnt flesh.

Fortunately, his physical body was very strong, and after being struck by the golden lightning, his body did not turn into ashes. Furthermore, the Yulong blood and Bone soul in his body were producing a strange power to repair themselves, and his charred black skin slowly fell off, creating a new skin.

The lightning came in wave after wave, and there were gaps in between them, allowing him to gain time to recover.

"Don't you have a Xue Lei Pearl? If you take it out and eat it, this kind of powerful golden fire tribulation is something that is rarely seen. You should take this opportunity to refine the Thunder soul in your body." Su Meiyao said.

That Xue Lei Pearl was obtained when he and Su Meiyao had entered the Bloody Thunder Mountain Sea and killed a powerful Xue Lei.

He turned it over, swallowed it, and then used his power to refine it. The Xue Lei energy within the Xue Lei Pearl gushed out, fusing into his body and nourishing the Thunder soul.

"You should try fusing the Thunder soul and the Heaven fire soul. This way, you will be able to increase the power of your lightning and thunder." Bai Youyou said.

Bai Youyou and Su Meiyao had cultivated for many years, so some of their suggestions were still very useful.

Chen Xiang did as he was told, attempting to fuse Thunder soul and Heaven fire soul. Fire and lightning both possessed terrifying power, and when the two were combined, he could release these two types of Innate Qi's more easily in the future.

Just as he was about to give it a try, golden fire bolts descended from the sky and bombarded his body. Every wave contained hundreds of lightning bolts, making him dizzy and disoriented.

"Dammit, the snatched the Thunder soul away!" Chen Xiang cried out in alarm. The Fire Dragon kungfu soul was still growing and he rarely used it, but he could feel that the Fire Dragon kungfu soul was devouring that Thunder soul.

What surprised him was that the Fire Dragon kungfu soul, as if it had a spiritual nature, actually released a strange power, allowing the Thunder soul to crazily absorb the energy from the Xue Lei's pearl and allowing the Thunder soul to absorb the energy from the golden thunder.

Chen Xiang who had been charred black, was wrapped in a golden light as the Thunder soul turned golden and slowly fused into the Fire Dragon kungfu soul!

Moreover, the fusion speed was very fast. All of this wasn't something he could control!

His body suddenly spewed out a golden light. A golden mist began to surge out from his charred skin as he let out a dragon's roar.

"This is not the Fire Dragon kungfu soul, but... The legendary Five Elements Dragon Soul is the same as your master's! I should have long thought that when humans cultivate the Taiji Dragon-suppressed kungfu, they would be able to produce Five Elements Dragon Souls, but you have the Fire Soul in your body, so when the Martial Spirit was born, it was a Fire Dragon kungfu soul. Long Xueyi said in shock.

Chen Xiang's Five Elements Dragon Soul could help him obtain beautiful Rainbow Dragon's Scales. Chen Xiang also yearned for it, but because he himself had the Fire Soul, his martial soul was born with an accident, becoming a Fire Dragon kungfu soul that was biased towards the fire element.

Before his body could recover, the golden fire lightning in the sky suddenly came over. This time, the lightning tribulation lasted even longer, but what Chen Xiang did not expect was that his mutated martial spirit was crazily swallowing the golden fire lightning!

His martial spirit was rapidly strengthening, his martial spirit was strengthening, his body was also constantly strengthening, at this time, he was frantically activating the profoundwu physical exercise, using all kinds of energy in his body to gather and refine his body!

The tribulation lightning no longer stopped and slashed down crazily, while Chen Xiang's self-recovery rate became faster and faster!

At this moment, not only was Chen Xiang's body tempered, his soul was also strengthened. His body, soul, martial spirit, and Fire Soul were being baptized by the Nirvana Doom!

The final terrifying Robbery power was released at once, and without stopping, he released the golden colored flame lightning that bombarded Chen Xiang. This continued for more than an hour.

The condensed Robbery power in the air had already dissipated. Chen Xiang's body was wrapped around by a golden dragon that was as thick as a thigh, which released the power of Fire Thunder, permeating into his body and helping his Immortal Devil Body reach large success!

The second Nirvana Tribulation had already passed, and the Power of giving crazily surged into his body. He channeled his energy and used it to create the Zhenyuan granule, allowing his dantian to contain more of the stronger Innate Qi.

The body tempering hadn't ended yet, and the Fire Thunder Dragon's soul was circling around his body, releasing the absorbed thunder energy and refining his body!

A large amount of white flame was blown away by an aura. Chen Xiang's entire body shone with a golden light, and every time it flickered, it would release an invisible force, shaking off the powerful white flames beside him.

Large success of Immortal Devil Body, successful passing the Second Nirvana Tribulation!

A small golden dragon swooped down from the sky and smashed head first into the top of his head, entering his body. At this time, the golden glow on his body had already disappeared, revealing a perfect and robust body.

He clenched his fist as he felt the immense power he had just received, making him extremely excited. The blood in his body burned, releasing a boiling energy that made the surrounding white flames not dare to approach. This was the imposing manner produced by mastering Immortal Devil Body, causing the white fire to not even dare to approach.

He changed into a set of black clothes and retrieved the cyan Fire Soul from his dantian. He placed it inside a pearl and then, with a light leap, it shot through the white fire domain like a rainbow and instantly disappeared into the sea of fire.

After leaving the Earth's Core Fire Realm, he did not immediately look for the White Sea Imperial Land and Feng Clan. Instead, he hid in a place and prepared to cultivate the Heaven Earth Killing Method!

### [Chapter 863](#)

Within a very remote third-rate inn in Dan City.

"Most of the Elder Brother Shen s have not appeared yet. Could it be that there was a problem during the Nirvana Doom crossing?" Yun Xiaodao paced around the hall, feeling very worried.

Zhu Rong shook his head: "Younger Brother Shen is fine, we might be cultivating in seclusion, so let's continue searching for the White flame heavenly horse. I heard that it is still in the forest."

"We have offended the Peach Blossom Prince, and we met him inside. Perhaps, the war will start again. The Heavenly Sons and Heavenly Maiden are all looking for that White flame heavenly horse." Lian Mingdong said.

"What's there to be afraid of? Whoever comes to cause trouble for us will be killed. Last time, it wasn't to chase after that White flame heavenly horse, we must kill him." Xiao Chou's face was full of indifference.

It wasn't hard for them to kill one of the Son of Heaven if they joined hands, but if they fought him alone, they would only be able to slip away.

Since they couldn't get the Spar, they could only walk if they wanted to return to Super Martial School. Catching White flame heavenly horse was the only way to quickly obtain a large number of it. There was another way, and that was to follow Chen Xiang. Chen Xiang could always find ways to make them pay, although it was easier to offend people.

Just as these hooligans were chatting casually, Xv Weilong walked in. He was in charge of gathering information from the Pill City, and when Yun Xiaodao and the others saw his expression, they knew that he had good news.

"Feng Clan and White Sea Imperial Land have withdrawn their bounty orders for Chen Xiang!" Xv Weilong's words caused the expressions of Zhu Rong, Yun Xiaodao and the others to change.

There were only two reasons to cancel the bounty. One was that the person who placed the bounty was already dead, and the other was to reconcile.

But the second reason was definitely impossible. When Chen Xiang killed the Son of Heaven of the two families and all the elders, it was impossible for White Sea Imperial Land and White Sea Imperial Land to negotiate with Chen Xiang.

"But right after it was revoked, a new one was added! No need to kill Chen Xiang, you only need to provide clues and you will be able to obtain fifty Relive Dan s! " Xv Weilong said coldly.

Yun Xiaodao heaved a sigh of relief, and then scolded: "Blinded Dragon, can't you finish your words at one go? This is so scary! "

"How could Chen Xiang die so easily?" Xv Weilong coldly snorted.

Xiao Chou laughed out loud. "Of course my master won't die so easily, but looking at how much of a change has occurred in the bounty, my master must have killed quite a few of their experts, haha ... This is so satisfying! "

"Who exactly did he kill? A single Relive Dan could be auctioned off for at least five billion. If someone is in urgent need, ten billion will not be a problem. " frowned. He had been taken back by Lian Yingxiao to be nurtured for a period of time, his strength and position had both increased, and now he was seen as the successor to the Peach Blossom Island Master.

"We'll know when we check it out. Let's move out together. Maybe we'll also be targeted by others right now." Yun Xiaodao said.

"Go, capture the White flame heavenly horse. With the Spar, everything will be fine." Zhu Rong said. Although everyone's face was gloomy, they still followed Zhu Rong.

They had once come into close contact with White flame heavenly horse, and every time they saw it coming, the White flame heavenly horse would always escape at its fastest speed.

Feng Clan and White Sea Imperial Land all knew that the five Rankers they sent were all dead. Although they couldn't confirm that Chen Xiang was the one who killed them, they felt that Chen Xiang would definitely not be able to escape from them. Therefore, they gave more bounties to Chen Xiang in order to catch him and find out the reason for his death.

One must know that two of the Dan King s were in possession of Fire Soul, so losing two Dan King s was a huge loss to them.

Of course, they did not know what had caused them such heavy losses yet. They had angered Chen Xiang, and sent their seniors to deal with him time and time again.

Chen Xiang was at the bottom of an abyss. The spirit energy here was thin and there were very few beasts.

He carved a cave on the stone wall beneath the abyss and studied the Heaven Earth Killing Method!

The Heaven Earth Killing Method was engraved on a stone tablet and was densely packed. Without the small words carved on top of the fingernails, there were tens of thousands of words. Without a powerful consciousness, one would not be able to see these words.

"How do you want to learn it? sister Meiyao, Sister You You, do you guys have any leads? "

Chen Xiang stared at the stone tablet that was releasing the ancient Qi, and frowned, he did not know how to make a move. Although he could see the countless small characters, they were all in reading form, and could not be linked together at all. Even if he used hundreds of them, it would not be a mental cultivation method.

"We don't know either. We've been studying for a long time, but we haven't got a clue." Long Xueyi sighed.

"Don't tell me I have to cooperate with the Killing heart? Junior Sister, do you remember that when you were cultivating Killing heart to the large success stage, Master started to help you find this Heaven Earth Killing Method? " Bai Youyou said.

"Of course I do, but he couldn't find it for a long time." Su Meiyao said excitedly: "Little Scoundrel, try to use the Killing heart to release the murderous aura. I have lost all my strength so I have not tried it yet."

Chen Xiang took a small breath and activated the Killing heart, releasing all the killing intent he had accumulated over the years into the stone tablet.

Unknowingly, he closed his eyes and pressed his hands against the stone tablet. The words on the stone tablet emitted a white glow and then began to move around the stone tablet like ants, arranging themselves in a new order!

Seeing this scene, Su Meiyao and the others were extremely excited, this Heaven Earth Killing Method had always been a powerful body in the legends, if Chen Xiang were to learn it, his strength would definitely increase by a lot.

After the brat on the monument was arranged properly, he actually acted like he was alive, slowly climbing onto Chen Xiang's arms, and then entering Chen Xiang's chest.

Chen Xiang's killing intent continued to be released, and like a wild dragon, it soared into the sky from the abyss. Fortunately, the place Chen Xiang chose was very remote and he was also in the abyss, so not many people had any idea about it.

Chen Xiang who was sitting quietly on the ground had many spectacular images appear in his mind. There were towering gigantic mountains, and these gigantic mountains were divided into ice mountains, volcanoes, thunder-entangled thunder mountains, glittering gold mountains, and very ordinary stone mountains ... All sorts of magnificent mountains flashed through his mind.

Following which, countless raging, surging rivers and mountains appeared in his mind. The imposing force formed by these rivers was extremely shocking, followed by the appearance of the moon, the moon, and countless stars in his mind.

All these things were nurtured by the heaven and earth. What Chen Xiang saw were scenes from when the heaven and earth was just born, and then, he saw some strange ancient beasts, including some huge dragons and huge birds, every one of them looked like a huge mountain. After the death of these strange beasts, they merged with the mountains and rivers, their flesh and blood nourishing the earth, allowing the heaven and earth to contain even more dense spirit energy.

#### [Chapter 864](#)

"Is this the Heaven Earth Killing Method? Simulate the birth of all life in the universe to attack? Or is it to let all that is born in the world be for your own use?" Chen Xiang pondered, he felt that all sorts of majestic mountains and rivers, all sorts of beasts and sun, moon and stars, could be used as attacks in his mind.

This Heaven Earth Killing Method encompasses everything. He had previously tried to use his power to condense a large mountain to attack them. The effect was indeed very good, and it was one of the Heaven Earth Killing Method s, but the real Heaven Earth Killing Method was stronger.

When he was in the Sacred Dan Realm, he met a Starry Sky White Tiger Race named Bai Xing. Then, Bai Xing could summon stars, which was also present in the Heaven Earth Killing Method!

Summoning the stars in the sky to descend was the Starry Sky White Tiger Race's innate ability, and the Starry Sky White Tiger Race was also born from the heaven and earth, so the Heaven Earth Killing Method also had such a strong power!

Now, Chen Xiang understood why the Heaven Earth Killing Method was so powerful. It was the result of being the ancestor of tens of thousands of cultivators in the world.

Right now, Chen Xiang's Heaven Earth Killing Method was teaching him how to turn his own strength into a great river, sun, moon and stars, reversing the heavens and the earth. This was an extremely profound art.

But entering the sect requires one condition, and that is to be able to control the killing aura that is difficult for ordinary people to control.

The power possessed by the heaven and earth could kill a large number of creatures at any time. Moreover, over the course of countless years, the number of creatures that the heaven and earth had killed was innumerable.

The Heaven Earth Killing Method taught people how to learn how to kill with the heavens and earth. It taught people how to grasp the power of the heavens and earth while killing with the intention to control mountains and rivers.

"What a pity, only the Ground killing is related to the Earth Domain!" Chen Xiang sighed, and opened his eyes, but the words on the stone tablet had already completely entered his mind.

Those mental cultivation methods had already fused with his soul.

"What exactly is the Heaven Earth Killing Method?" Su Meiyao asked curiously. When she was young, her master had already been running around for the Heaven Earth Killing Method for many years, but she and her master had never known how powerful it was.

Chen Xiang let out a long sigh. At this time, he was still immersed in the shock brought to him by the Heaven Earth Killing Method.

They were all an antique, especially Long Xueyi. Although she was still young, the memories she had were inherited from many of the antiques in the Imperial Dragon Race, and even she could not help but sigh at them.

"Two parts in all? Where is the Celestial Slain Method?" Bai Youyou said.

Chen Xiang's face revealed a strange expression, "There are five in total, which are the Ground killing, the Celestial Slain Method, the Beast Slain Method and the God slain method. The last one is the Alive Slain Method, it can let everything be reborn, and is slightly different from the other four parts of the Killing technique, I think the Dragon cohesion kungfu should be related to the Life Arts! "

There were actually five tribes, Su Meiyao and the others were shocked. Earth Slaughter should be Earth, Heaven Slaughter was Earth and Moon Star, Beast Slaughter was a beast type, God Slaughter should be a spirit type beast.

As for the Alive Slain Method, it could actually regenerate all living things and create new life, but no one would find it strange when they think about it, because it was also a method that could cause the death of all living things.

"The Ground killing is the entrance, it contains many things, I can't finish learning it in a short time, there's still a long way to go!" Although Chen Xiang really wanted to find all the Heaven Earth Killing Method s, it was useless being anxious right now.

"There's no killing technique like controlling time or space?" Long Xueyi anxiously asked, it was the most powerful, although time and space could be controlled through a few array formations, but they still had to rely on external forces, especially under such a stable environment, it was impossible to not rely on a few array formations.

As for time, that was something even more difficult. Many Time Formation s were very precious and they had consumed a lot of energy.

"There is, but that is not within the scope of the Heaven Earth Killing Method. It is a law killing technique. The Ground killing mentioned it before." Chen Xiang immediately said: "But all of them were lost."

If there really was such a formidable Law Killing technique, then what kind of power would there be if he could control time and space?

"Does this Ground killing have the whereabouts of the other parts?" Bai Youyou asked.

Chen Xiang laughed bitterly: "I have mentioned it before, it's all in Ten Heavens Supreme Lord's tomb. I don't want to go to that damned place a second time. Although the Ground killing mentioned that after

one controls the Ground killing, entering the Ten Heavens Supreme Lord's tomb will be much safer, but there will still be danger. "

"Looks like those ancient powers know that the Heaven Earth Killing Method can easily approach the Emperor's Tomb. No wonder they went all out." Su Meiyao said seriously: "Try your best to not let those ancient powers know that you have learnt the Ground killing."

"The situation inside the Rough and Random profound Land is very complicated, and the countless Lion Mountains are very scary and strange. If I have the help of this Ground killing, I can very easily enter, but I need to master it first."

Chen Xiang had already decided to enter the Emperor's Tomb to collect the other parts of the Heaven Earth Killing Method.

"Taiji Dragon-suppressed kungfu, Four-phase Magic Kungfu, and profoundwu physical exercise should have all evolved from a part of the Heaven Earth Killing Method, the Four-phase Magic Kungfu has a part of the Beast Slain Method, and the Dragon cohesion kungfu has a part of the Dragon cohesion kungfu. The Nine-turn dragon god mantra could be the God slain method, so the Primordial Imperial Dragon Race should have a part of it. " Chen Xiang said.

"Perhaps, although I am also a Imperial Dragon Race, but according to my inherited memories, our White Dragon ancestors also do not know much about the Imperial Dragon Race." Long Xueyi said.

Right now, Chen Xiang was starting to comprehend the Ground killing, comprehending the natural circulation of the earth, which would allow him to understand how to use the myriad of living things produced by the earth to attack!

He sat in silence for three days before opening up his palm and channeling the Innate Qi inside his body. The Innate Qi was used by his palm and condensed into a rock.

He removed the metal Innate Qi and added the water Innate Qi, turning it into an ice stone.

What I need to do now is to find an ancient mountain, a mountain that has existed for many years and has not been destroyed. As long as I can see the natural laws of the land from this mountain, then I will be able to imitate the aura of that mountain and learn how to circulate the power of that mountain.

Chen Xiang left the abyss and floated in the air, looking down at the earth. At this time, everything on the ground was so clear in his eyes, and he could see things that others couldn't see, such as the way the natural power released from the ground caused everything on the ground to revolve, and the way to produce the destructive power.

He could already vaguely make out some Spirit grain from the mountains and rivers above. It was the trajectory of the circulation of the natural power!

### [Chapter 865](#)

"Is this the power of the earth? Very powerful! " Chen Xiang looked down at the ground, and looked at the mountains and rivers that were naturally formed, as images of these mountains and rivers began to surface in his mind.

This land once stood above the Nine Heavens and was known as the Tenth Heaven. Later on, it was divided into countless small worlds, but in the end, it was not destroyed.

Chen Xiang could feel the terrifying power of this land right now. Even though it had once declined, no one could conquer it.

He floated in the air, feeling the pressure of the earth, clenching his fists tightly, a towering mountain shadow suddenly appeared behind him, an invisible aura overflowing from him, but it only lasted for a short period of time, before the majestic mountain shadow disappeared.

"It's very difficult to learn, the Heaven Earth Killing Method can only be grasped through 'comprehension', it's not something that can be learned in a day or two." Chen Xiang sighed lightly. He had only touched the edge, but this allowed him to unleash a very strong power.

Chen Xiang felt that his own realm was not enough, and was unable to comprehend the Ground killing. According to the description on the Ground killing, to completely master the Ground killing, he first had to understand the Spirit grain s in the earth, and feel the spirit lines contained within from the rivers and mountains, in order to be able to unleash the power of the earth.

Right now, he could vaguely feel that the Spirit grain on the ground was operating, but it had not reached the stage where he could see it all. As for what to do, the Ground killing did not explain, he only wanted him to comprehend it.

"This feeling is very familiar!" Chen Xiang frowned slightly as he looked at the verdant mountains in the distance. There was a large forest there.

"It's that damnable Ji Meixian woman!" Long Xueyi snorted: "When are you going to bring her in and help us wash our feet?"

Chen Xiang floated to the ground and muttered: "After Ji Meixian's soul awakened, she has recovered the memory of the Heaven Realm that year. She has an innate strong spiritual sense, so she should be able to easily sense the Spirit grain that the earth naturally contains! "

"Of course, otherwise she would not be so strong in the Heaven Realm, the skills she uses in battle are indeed very natural, it must be because she used that Spirit Perception to comprehend the Heavens and Earth, this woman is truly strong! I'm very curious to know who was the one who perished. " Su Meiyao said.

Chen Xiang immediately released a pair of small Suzaku fire wings, flying towards Ji Meixian.

"Your little bald disciple and that damn fatty are over there. They seem to be fighting." Long Xueyi used the Heaven tour method, and his consciousness immediately flew over.

Zhu Rong and the rest were indeed there, he had also seen Chen Xiang using the Heaven tour method, but he did not expect them to actually catch the White flame heavenly horse!

This White flame heavenly horse had a white Fire Soul, it was indeed very precious and valuable, but it had its own master. Although Wu Qianqian said that this White flame heavenly horse was her friend, it meant that she had already subdued it.

"It seems like this bunch of fellows have gone mad from poverty." Chen Xiang shook his head and laughed, then increased his speed and flew over.

Yun Xiaodao and the others finally managed to catch a priceless White flame heavenly horse, but the heavenly sons and daughters of the heavens came out at this time, wanting to snatch the White flame heavenly horse.

No one would have been moved by the White flame heavenly horse worth hundreds of billions of Spar, not to mention the fact that the Heavenly Maiden and the Son of Heaven had been searching for this horse for a long time. Now that they saw that it had fallen into the hands of those ruffians, they were very unwilling to give up so easily.

The Peach Blossom Prince had even more of a reason now, because he was previously disfigured by the combined attacks of these ruffians. His entire body was paralyzed, and it was not because the Peach Blossom Imperial Land had given him some pills to consume, but rather because he was still lying in bed.

"Why are you surrounding us?" Yun Xiaodao looked at the people around him.

The Heavenly Lady of the Qin family and the Heavenly Son were both dressed in black, and dressed very simply. They were both staring at the White flame heavenly horse which was covered by the golden net.

When Ji Meixian and Feng Yuhe were together, White Sea Imperial Land and Feng Clan had a good relationship with each other. Because they hated the Super Martial School very much, they had already secretly teamed up with him. Beside them were two handsomely handsome men. They were the chosen sons of heaven that had just been selected by White Sea Imperial Land and White Sea Imperial Land, and their strengths were no weaker than the two sons of heaven that had died earlier.

The main purpose of these two new heaven's chosen sons was to kill Chen Xiang and establish their prestige. This would allow their position to be more stable and their prestige to rise.

She had no intention to make a move, she had never wanted to provoke Chen Xiang. This was also what her mother had instructed her to do when she left the Peach Blossom Imperial Land, but now that she thought about Chen Xiang wanting her to become a female slave, she felt a little angry.

"Xiao Dao, don't you know the manners of this group of people? All the good things in the world belong to them, and looking at their faces, you can tell that they want to snatch the White flame heavenly horse away." Xiao Chou said coldly, he had already prepared for battle, and no matter what, he would not hand over the White flame heavenly horse, they did not want to walk back to Super Martial School.

Zhu Rong shouted: "You are all people with status, you are noble heavenly sons and daughters, you cannot be so shameless, if you want to fight, you have to fight, do you want to bully the young with numbers?"

Jing Xingliang really wanted to spit on Zhu Rong's face. Last time, it was just Zhu Rong and the others who were shameless and did not even hit him, causing a group of people to gang up on him. You still have the nerve to choose a bill of lading?

"Scholar, isn't your father the Island Master of Lotus Island? Quickly reveal your father's name, if these guys surround us, this White flame heavenly horse will be taken away." Zhu Rong said in a low voice.

"They won't eat this! Didn't you say before that you're a coward to go out and mention your own father's name?" Lian Mingdong said in a low voice.

"But the situation now is different!" Zhu Rong looked at the furious Jing Xingliang, his heart feeling somewhat apprehensive.

Both of Xiao Chou's fists were condensed with terrifying god powers, releasing waves of golden light, his voice was cold: "The one who has enmity with us here is only this White-Faced Monkey, what do you mean by surrounding us?"

When Jing Xingliang heard the three words "White Faced Monkey" once again, the anger in his heart could no longer be suppressed. With an explosive roar, he took a step forward until Xiao Chou became even stronger, and chopped towards Xiao Chou's shining skull.

"Protect the Heavenly Horse!" Xiao Chou bellowed, his body releasing a burst of gold light, forming a translucent golden bell, which enveloped him in an instant.

When Jing Xingliang's palm struck the bell, his terrifying power actually dissipated into the bell, becoming a clear and melodious bell sound that shook the earth.

### [Chapter 866](#)

The two sides finally started fighting. The Heavenly Son of Heaven had also chosen to take action, they wanted to snatch the White flame heavenly horse.

Just as Feng Clan's Heavenly Girl Feng Yuhe was about to snatch the Heavenly Horse, a head suddenly dropped from the sky. Seeing the head that rolled down, Feng Yuhe and the new Heaven Child of the Feng Clan immediately screamed in fear.

This was the head of one of their Feng Clan s. After Dan King was sent to capture Chen Xiang, he did not come back, and now that his own head was here, it meant that the person who killed Dan King was here.

The person who killed the Dan King was very likely Chen Xiang!

As long as Ji Meixian sensed that she was nearby, she would not attack. Amongst these people, the person who hated Chen Xiang the most was probably her, not only had she been played by Chen Xiang with that clean and pure ice jade body, she was even lost a key part of her protective immortal robe.

As long as she saw Chen Xiang, she would have liked to pinch him to death, but she could not, and she did not have enough strength.

Chen Xiang threw heads out one after another. These were the five experts that Chen Xiang had killed earlier that day in the white fire domain. Among them, two were Dan King.

"Chen Xiang!" Feng Yuhe shouted loudly, his voice was filled with fear. Amongst the five heads, three of them were from Feng Clan, and one of them was from Dan King. However, all of them had been chopped off by Chen Xiang.

The new son of the White Sea Imperial Land was also panic-stricken. The Dan King was one of the most influential forces in the ancient times, but now his head had been chopped off by someone.

"Hehe, why are you calling me? Do you want to be my slave? " With a wave of his hand, he kept the five heads. He felt that using these heads to attack White Sea Imperial Land and the other two Feng Clan was a very satisfying thing.

Seeing that Chen Xiang had arrived, some people were happy while others were sad. Yun Xiaodao and the others were obviously all smiles.

Jing Xingliang and Xiao Chou also stopped, Jing Xingliang glared at Chen Xiang fiercely, as long as he could obtain Chen Xiang's divine blade, his strength would increase by a lot.

"Did you kill the Dan King of our Feng Clan?" Feng Yuhe's jade face turned cold, she held onto the sword hilt and pointed the sword tip at Chen Xiang.

"They came to throw their lives away. They are all senior figures, but they actually tried to ambush me while I was undergoing my tribulation. You old fart powers are nothing special after all." Chen Xiang laughed.

If others were to make a move when undergoing tribulation, not only would they harm others, they would also make themselves suffer. However, if the Chen Xiang in front of them did not die, those few old fellows were also dead.

When Chen Xiang went through the tribulation in the Demon Realm that day, his entire Ancient Wasteland Devil Sect had already declined. Now, he used the same method to kill off a few of the great figures of Feng Clan and Feng Clan!

"How embarrassing, five old fellows went to assassinate a little kid, I didn't think that their heads would be chopped off in the end, haha ..." This is great news. " Zhu Rong laughed, making the expressions of the Feng Clan and the Heavenly Sons of the White Sea Imperial Land turn even uglier. They wanted to take this damn fatty to squeeze more oil from him.

"You sent five old fellows to kill Elder Brother Shen. Now that these five old fellows are dead, are you going to blame Elder Brother Shen? Do I allow you to kill people and not allow others to rebel? Is there something wrong with your heads? " Yun Xiaodao sneered.

"Humans are the kind that people hate the most. Now, I understand why humans like them are so arrogant and strong. It's because they are very shameless." Teng Ying said.

If news of Chen Xiang killing two of the Dan King s got out, it would definitely cause a huge sensation in Dan City. Furthermore, he would ruthlessly slap the White Sea Imperial Land and the Feng Clan in the face.

"If there's nothing else, then we'll be taking our leave." Chen Xiang clasped his hands at the Heavenly Sons and was about to turn around.

"Leave the White flame heavenly horse behind!" The one who spoke was the son of the Qin family, Qin Meng.

Chen Xiang looked at him, shook his head, and sighed: "I don't have any huge grudges with the Qin Family, if you repeat what you said just now, White Sea Imperial Land and Feng Clan will be the previous examples of your Qin Family!"

"Leave the White flame heavenly horse behind!" This time, the one who spoke was actually Jing Xingliang, but the moment he finished, he received a fierce glare from Mu Jialan.

"Does your Peach Blossom Imperial Land have enmity with me?" Chen Xiang frowned as he looked at Jing Xingliang.

"My Peach Blossom Imperial Land is not afraid of your Super Martial School!" Jing Xingliang sneered.

"He cannot represent the Peach Blossom Imperial Land!" Mu Jialan didn't dare to provoke Chen Xiang, and because of a small conflict between him and the Feng Clan, it ended up like this.

From start to finish, the ones who suffered the most were the White Sea Imperial Land and the Feng Clan, but Chen Xiang was completely fine, the Super Martial School did not lose even a single hair.

Chen Xiang was the only one who took revenge on the White Sea Imperial Land and the Feng Clan. Since Chen Xiang did not involve the Super Martial School in this, one could tell from just this that Chen Xiang really could not be provoked.

"The White flame heavenly horse is my friend, whether or not I stay will be up to you guys!" Wu Qianqian's soft, angry voice floated over as she wore a light yellow plain long skirt. Her indifferent and refined temperament completely suppressed those heavenly women.

When Wu Qianqian saw that the White flame heavenly horse was trapped by a golden net, she glared at Yun Xiaodao and the others fiercely. Then, with a wave of her hand, the White flame heavenly horse turned into a golden light and entered into the profound beast bag at her waist.

"Ah... Qianqian, this thing is yours? "Why didn't you say so earlier? It caused us to spend so many months and so much precious time to capture him." Zhu Rong's face was filled with grief, Yun Xiaodao and the others were all stunned, then all of their faces were filled with sorrow, the hundreds of billions of Spar just flew away like that.

"You guys also said that White Snow has been following me for a long time. In the future, you all are not allowed to have any ideas about her." Wu Qianqian put her hands on her waist, puffed out her cheeks, and scolded Yun Xiaodao and the others like a big sister.

They were all from the Triumph Martial Yard, so Wu Qianqian was definitely a big sister inside.

Chen Xiang smiled and said to the Heavenly Sons and Heavenly Sisters. "Now, if you want to keep the White flame heavenly horse, it's equivalent to stealing it. However, you guys should be doing this quite a bit, right?"

"All of these things are basically a waste in the hands of you fellows!" Jing Xingliang lost a bottle of Peach Blossom Immortal Dew, causing him to be extremely poor. Right now, he was also in a hurry to earn more Spar, if not he would be ridiculed by others in the future.

"Master, let me slaughter this white-faced monkey." Xiao Chou was somewhat unable to hold it in.

Chen Xiang took out a ten feet long black iron rod. This was something Duan Sanchang had dug out from the tomb of the Demon God's son.

"Take it!" Chen Xiang had specially picked this stick for Xiao Chou.

Xiao Chou held it in his hand and waved it around a few times, then laughed out loud: "The weight is just right, this rod is called a monkey stick. Come, white faced monkey, come and hit it for me, haha ...!"

Jing Xingliang was so angry that white smoke rose from him!

"Today, let us, the young people of Super Martial School, exchange pointers with the various Heavenly Sons." Zhu Rong laughed. He spoke very easily, because the one fighting would definitely not be him.

The cultivation levels of the Heavenly Sons and Heavenly Ladies of the ancient powers were much higher than the young generation of the Super Martial School. But Chen Xiang and the others were not afraid at all!

### [Chapter 867](#)

Ji Meixian did not want to intervene, she could feel that Chen Xiang's strength had increased by a lot now. Previously, she had already fought Chen Xiang to a standstill, and although she had also gained a lot now, she did not have the confidence to defeat Chen Xiang.

She did not know much about Wu Qianqian, she only knew that Wu Qianqian was the number one beauty of the Super Martial School, that she spent all her time in seclusion in the Super Dan Imperial College, that she was an outstanding disciple of the Triumph Martial Yard, that she was the strongest young female disciple of the Super Martial School, and that Wu Qianqian knew how to refine pills.

Now that Wu Qianqian had subdued a White flame heavenly horse, his strength had increased by a lot.

Although Yun Xiaodao and the others were more of a rogue, they were definitely not weak. If they were to work together, it would be easy to kill a Sky Child or a Sky Girl.

"Damned bald donkey, today I will kill you!" Jing Xingliang had already endured it for a long time. When he made his move this time, he released his strongest power and smashed towards Chen Xiang and the others with his palm.

He swung the iron rod, striking towards the center of the energy flow. The Great Strength Race's divine power turned into a golden light and wrapped the entire iron rod, sweeping across and creating a violent gale of energy, causing the places where the Son of Heaven and the Heavenly Girl stood to be smashed into pieces.

"Master, leave the White-Faced Monkey to me!" Xiao Chou shouted, wielding his iron rod, he attacked Jing Xingliang.

The battle between the two was on the verge of breaking out as they started to fight on the side.

"Attack!" Feng Yuhe bellowed, only to see her and the new son of the Feng Clan rushing towards Chen Xiang.

Chen Xiang only felt a gust of wind blowing towards him, but this gust of wind was like countless sharp blades, wanting to cut him into pieces.

If it was an ordinary person, they would have already turned into minced meat. However, Chen Xiang was someone who had mastered Immortal Devil Body;

Feng Yuhe's face was covered in frost, her entire body releasing a dense killing intent, which turned into a burst of cold wind. As her blue dress fluttered out, the cold lady's hand was extremely ruthless, it was all a killing move, as though she had a deep grudge with Chen Xiang.

Although the Heavenly Son of the Feng Clan was newly selected, his strength was not bad, and the force of his palm was extremely sharp. However, later on he knew that if he did not use weapons, he would not be able to harm Chen Xiang.

Chen Xiang and the Feng Clan's Son of Heaven had attacked him together, but they could at most touch his clothes. Every single time, they would feel that they were about to pierce through Chen Xiang's body, but Chen Xiang was still able to magically avoid them.

It had to be known that Chen Xiang was facing two strong warriors who attacked together. Each of the attacks he dealt with was a killing move, whether he blocked or dodged, it was extremely dangerous for him to split apart.

The heavenly daughter of the Qin family did not make her move, but upon seeing Chen Xiang's strength, their expressions became extremely solemn. Ji Meixian and Mu Jialan did not have any intentions of fighting at all, but seeing how much Chen Xiang's strength had increased, they did not feel good about it.

"Is that all the Son of Heaven and Woman of the Feng Clan have?" Chen Xiang laughed in disdain, and struck towards Feng Yuhe's jade palm, in that moment, the mountain shook and the ground shook, the weather changed, Chen Xiang's arm was suddenly covered with gold scales, her entire arm looked like a dragon claw.

This time, Chen Xiang used the power of his Martial Spirit. His arm was intertwined with lightning and fire, his Dragon Power was overflowing, his palm had already turned into a dragon claw, the aura that gushed out from the Dragon Power gushed out from the gaps of his scales, releasing a weak dragon's roar.

"Don't even think about succeeding!" When the Feng Clan saw that Chen Xiang wanted to deal with him, he thrust his sword towards Chen Xiang's back, but after piercing through his clothes, it was difficult to get even half a step into his body again.

Chen Xiang's dragon claw collided with Feng Yuhe's jade palm! Immediately, golden light flashed as lightning danced wildly. With an explosive sound, the ground began to crack!

Even though Feng Yuhe's Innate Qi was gentle, its power was not small. Chen Xiang's Dragon Power was fierce and tyrannical and it was vigorous. Combined with his frightening power of the Fire Thunder Dragon's soul, it made that wave of Dragon Power even more berserk, pressuring Feng Yuhe.

The sleeve of her arm had already been shattered into pieces by Chen Xiang's power. Her jade-like arm was cracked open, and was dripping with blood.

She was sent flying. Only she understood how powerful that palm from Chen Xiang was, and she could clearly feel several waves of energy merging together. There was the power of her physical body, the power of thunder and fire, the terrifying Dragon Power, and a wave of indescribable coldness.

Feng Yuhe had only exchanged one palm with Chen Xiang, and was already severely injured, and was even attacked by an unknown cold Qi. At this moment, her entire body was trembling, and her face was green, not only her arm was destroyed, her body was also severely injured.

Chen Xiang had just used the Hail magic wind, and this made him unable to stand up for the moment. He turned around to look at the son of the Feng Clan who had just given him a sword strike, the son of the Heaven, who had just been elected as the Son of Heaven, had already garnered the jealousy of many people in the Feng Clan. He had to kill Chen Xiang in order to consolidate his position.

This son of the Feng Clan was not weak at all. If Chen Xiang had not used the profoundwu diamond armours to protect his body just now, even if his Immortal Devil Body had matured, a little bit of his skin would have been pierced through.

"Chen Xiang, die!"

The Heavenly Emperor of Feng Clan focused his energy on the sword, the sword aura caused the sky and earth to change colors, it was extremely powerful, the sword aura caused people's hearts to turn cold, bringing along Sword Qi, it stirred up the leaves on the ground and shattered them, the sword tip on Chen Xiang's forehead released a cold light, filled with killing intent. At this moment, it was as if he had become one with the sword, turning into a rainbow of light and piercing towards Chen Xiang!

"So powerful! As expected of an ancient power, to be able to reach such a level in swordsmanship at such a young age!" The Heavenly Child of the Feng Clan that Chen Xiang faced had a much higher cultivation than him, at least to be able to pass through the five stages of Nirvana Tribulations.

This sword was extremely fast, but in Chen Xiang's eyes, it was extremely slow. Everything around him became extremely slow, he used all his senses, and he could hear the heartbeats of everyone around him, he could even clearly hear the sounds of other people bleeding in their veins.

It was as if he had blended into the earth itself. He could capture all the movements of the land. He could feel all the movements in the surrounding air. He could even hear the faint sounds of the sand.

Chen Xiang suddenly understood that if he wanted to comprehend Ground killing, he had to engage in this kind of life and death battle. Only by moving his Killing heart, could he integrate it into his nature and comprehend the killing methods of nature.

A dense Innate Qi suddenly surged out of his body. This was Genuine qi of universe, the majestic Genuine qi of universe rushed into the air, and the afterimages of countless towering mountains suddenly appeared behind Chen Xiang.

The shadow flashed, after that, it fused into Chen Xiang's body, and a majestic Qi surged out from his body.

"I will give you a quick death!" White gloves appeared on Chen Xiang's fist, but Slaughter God's Hand did not release any killing intent, because the killing intent had already turned into an imposing Qi, forming a terrifying force.

"The power of 10,000 mountains!"

Chen Xiang's fist collided against the tip of the sword with the force of a mountain river, causing people to feel as if they were facing ten thousand towering mountains. That power, that momentum, were simply impossible to resist, as if it was the power of nature itself.

Chen Xiang's fist had yet to even touch the sword tip, but the sword had already been crushed into dust by the incomparable aura, and the Feng Clan Tian Zi's entire body had exploded, following that, his body became a ball of flames and was burnt to ashes!

### [Chapter 868](#)

The Son of Heaven that Feng Clan had just selected had been annihilated, the two Son of Heaven in Feng Clan had been killed by Chen Xiang! As for the Heavenly Girl, she was lying on the ground. One of her arms was crippled, and her internal injuries were severe.

Ji Meixian thought that the attack she used just now was extremely familiar. It was the same as the one she used just now, that kind of power that carried a natural spirituality, just that the aura was much stronger than hers.

She saw Chen Xiang walking towards Feng Yuhe and anxiously transmitted to Chen Xiang: "You want to kill her?"

Chen Xiang looked at Feng Yuhe with a murderous look on his face, and immediately replied Ji Meixian. With a flash of green light, he released the Green dragon demon-slain broadsword s that many ancient powers were drooling over!

"You ..." Feng Yuhe's delicate body trembled, she did not expect Chen Xiang to be so strong, even if their Feng Clan's Heavenly Maiden and Tian Zi joined forces, they would still be unable to take him down.

Chen Xiang waved his blade, and laughed coldly: "I have already killed two of the Sky Children of your Feng Clan, so killing you would also have the same consequences. You don't need to use your Feng Clan as a threat, I have already said it before, if you want to make a move on me, you will have to bear the consequences."

It was not only the Feng Clan, but also the White Sea Imperial Land. However, he was unable to kill Ji Meixian now.

"No ...." Feng Yuhe's face was filled with fear as he screamed, but Chen Xiang's Divine Blade had already been mercilessly chopped down. The berserk Dragon Power poured into the blade's body, causing it to become extremely heavy.

The divine blade descended and the ground split open, creating an additional deep ravine. Violent flames surged out from the blade and incinerated that piece of flesh!

The peerless beauty of a generation was instantly transformed into dust. She was once chased and pursued by many, and was pursued by many young elites. But now, she was only an ant killed by a lift of a hand and turned into ashes!

Ji Meixian, Mu Jialan, Qin Yao, these three girls were watching in a daze. Even the son of the Qin family took a deep breath.

The reason why Chen Xiang did this was to tell Ji Meixian and the others that even if it was the Heavenly Girl, he would still be ruthless!

"Let's go!" Qin Meng was not confident that he could defeat Chen Xiang. Not to mention him alone, even if he joined hands with the heavenly daughter of the Qin family, it would still be somewhat difficult, unless the heavenly daughter of the White Sea Imperial Land and the White Sea Imperial Land joined in.

"Young Master Shen, please let Jing Xingliang go ..." Mu Jialan saw Chen Xiang walking towards the battlefield and anxiously said.

"He must die. As long as it is the person who has thoughts on my blade, I will not let him off!" Chen Xiang glanced at Ji Meixian coldly, and continued: "I heard my good friend Duan Sanchang mention that he had the intention to steal my divine blade."

Mu Jialan bit her lips and said: "Your disciple is currently fighting with him, do you two want to fight him together?"

Chen Xiang said: "Against the enemy, as long as we can kill them!"

He disappeared in a flash, and appeared behind Xiao Chou. Mu Jialan was shocked, and followed closely behind. She was the Peach Blossom Heavenly Girl, she could not watch as the Peach Blossom Prince died.

Jing Xingliang was shocked when he saw Chen Xiang suddenly arrive. He had just seen Chen Xiang killing the Feng Clan's Sky Maiden and Tian Zi, but he did not expect that Chen Xiang would come to find him so quickly.

"All of you, die together!" Jing Xingliang laughed sinisterly, the sword in his hand flashed with a rainbow light, and countless sword aura enveloped them, as though countless swords were thrusting towards them, covering Chen Xiang and Xiao Chou.

"Break for me!" Xiao Chou waved the iron rod, releasing a burst of divine power that swept up a large amount of golden light. It was as if he was holding onto a huge fan, sweeping away all of the sword aura.

Chen Xiang said in a low voice: "Go, I will lock him down!"

The ground suddenly split open, revealing a gigantic mud dragon. The water and soil mixed together, it was extremely powerful, locking Jing Xingliang tightly, revealing only his head.

"Stop!" Mu Jialan shouted. Even though she hated Jing Xingliang and he was against her frequently, she couldn't just stand by and watch him die when he was in the same sect.

Chen Xiang was already on her guard, Mu Jialan had just released his powerful palm force, wanting to shatter the mud dragon, but who would have known that a bolt of heavenly lightning would suddenly struck down, causing her body to sway, the Innate Qi that she had just condensed had completely scattered, and there was even a mud dragon on the ground, wrapping around her.

Xiao Chou seized the opportunity and leaped into the air. Raising the iron rod high up, he focused all of his divine power onto the iron rod.

"White-Faced Monkey, go to hell!" Xiao Chou roared, and smashed down with the rod.

"Damned bald donkey ..." Don't even think about killing me! " A round shield suddenly appeared on top of Jing Xingliang's head, with a Peach Blossom pattern on it. The Peach Blossom pattern was formed using some ancient Spirit grain, similar to the ones on Tong Tian Aristocratic Family.

"The power of an Empyrean God!" Xiao Chou's body was surrounded by golden light, as though he was a golden man. A berserk aura erupted from his body, as though it was the appearance of the Dragon Power, causing the earth to shake violently.

That stick was surrounded by this terrifying divine power, and it smashed against that round peach blossom shield.

Bang! With a loud sound, a wave of Qi swept out, the round shield was smashed into pieces, Jing Xingliang's head was like a crushed watermelon, exploding on the ground with blood and brain matter flying everywhere.

Mu Jialan was not weak, even though Chen Xiang had used a lot of strength to entangle her, she had still managed to struggle free, but it was already too late. By the time she had arrived, Chen Xiang had already released a fireball, causing Jing Xingliang's body to be engulfed in flames.

"Sigh ..." Mu Jialan sighed lightly in front of that ball of flames and then floated away. She had already tried her best, but she still hadn't stopped Chen Xiang and the others.

Right now, there were only Chen Xiang and the other Super Martial School disciples in the forest.

"Haha, our Super Martial School has won. Those Heavenly Sons of the Heaven are all cowards. We won without even fighting." Zhu Rong laughed.

"Damn pig, you're not the one who won the fight, what are you so proud of?" Yun Xiaodao's eyes were filled with contempt.

Wu Qianqian chuckled: "You guys are pretty amazing, you actually managed to catch my White Snow."

Zhu Rong laughed dryly, "It was the little baldy and the condor that took action. I was running too slow, I couldn't even get a hold of the horse hair, it had nothing to do with me."

Xv Weilong said: "It was his idea. He set up a trap to catch us, otherwise it would have been impossible for us to succeed."

Zhu Rong glared at Xv Weilong.

"Old Pig, you're still the same as ever!" Chen Xiang laughed. He was also very happy to meet these old friends of his.

"Let's return to the city first. It will be safer there." Xiao Chou said.

Along the way, Chen Xiang found out about what had happened over the past few months. When he heard that Xue Xianxian and Leng Youlan had fought against two Heavenly Sisters, he was extremely shocked.

"Chen Xiang, do you have any enmity with Bai Hai, the Heavenly Girl?" Zhu Rong rubbed his hands together as he asked, since Ji Meixian had given him a guarantee of 100 billion Spar.

### [Chapter 869](#)

This woman is very insidious, she actually wants to get close to Xianxian and the others. If Xianxian and You Lan were to land in her hands, it would be troublesome. Chen Xiang's heart was filled with anger, he had to go and talk with Ji Meixian, or take Ji Meixian down, or else with Ji Meixian being such a powerful woman, he would lose out sooner or later.

"Luckily your wife and sister were smart. Not only were they not successful, they even took away her one hundred billion Spar! Ahhh, isn't it way too easy for them to earn Spar s? Zhu Rong's face was filled with jealousy. They had been running around the forest for months just for the Spar s.

"You want the Spar? "Why didn't you say so earlier? If you follow me, I can let you guys make a huge profit." Wu Qianqian's eyes turned as he smiled.

"Big Sister, is what you said true? We do not need too many, just enough to allow us to return to the Super Martial School comfortably. The last time we came, we almost died in there. " Yun Xiaodao thought back to the past, his face filled with bitterness.

Yun Xiaodao, Zhu Rong and the others had already returned all the Spar back to Chen Xiang, while Chen Xiang kept them all with a grin.

"I need some demonic beasts and elixirs to concoct my pill. You guys have to help me get them. In just a year or two, you guys will be able to collect the transportation fees." Wu Qianqian calculated and said.

Since Wu Qianqian was able to see her as his successor, naturally she was good. Now, Chen Xiang did not know how much her alchemy skills improved, but seeing how confident she was in bringing Yun Xiaodao and the others to earn a lot of money, he knew that she was not bad.

"So you're saying that you will be staying in the Pill City for a period of time?" Chen Xiang asked. He suddenly had something he needed to do and could not enter the city together with Yun Xiaodao and the others.

"Yes, of course we have to do it in Pill City." Wu Qianqian replied with a question: "Do you have something important to do?"

Chen Xiang nodded his head: "You guys enter the city, I will look for you guys when I have something good to do."

Xue Xianxian and Leng Youlan were not in Pill City, he was in no hurry to go there. After parting with Zhu Rong and the others, he ran towards the aura he sensed.

On top of a tall mountain, Ji Meixian stood atop a huge boulder, looked at the sea of clouds, and felt a natural change in expression. The white mist floated past her body, and her snow-white dress fluttered in the wind, her soft black hair danced in the wind, as though her entire body had merged with nature.

Chen Xiang was standing behind her right now. He did not enter the city with Yun Xiaodao and the others because he wanted to come and see Ji Meixian.

"We need to talk." Ji Meixian said as she turned around, her beautiful eyes looking forward as she spoke lightly.

"We don't have anything to talk about. Let me warn you, if you still dare to have any ideas about Xianxian or You Lan, even if I have to risk my life, I won't let you go."

Chen Xiang's voice was calm, but the intangible fury had turned into killing intent that filled the sky. The dense killing intent set off a strong wind, and all the white clouds around them dispersed, causing waves of black clouds and thunder to appear.

The murderous aura on the peak of the mountain was extremely oppressive. The black clouds churned as a murderous aura shrouded Ji Meixian.

Ji Meixian's beautiful eyes glistened as her white dress and black hair danced wildly. She shouted softly, her clear and beautiful voice accompanied by the golden light that was emitted from her body flickered, and a holy aura swept in all directions, dispersing the killing intent. The ink cloud on the mountain peak dissipated, and transformed into a golden cloud that shot out bursts of red light, forming a strong holy energy that trapped Chen Xiang.

"You really do cultivate in the Heaven Earth Killing Method. The method I cultivate in is evolved from the Ground killing, but it is not as authentic as the Ground killing! Amongst the Four-phase Magic Kungfu you cultivate, the White Tiger Divine Technique's Killing heart can allow you to easily control a large amount of killing aura, which is why you are able to learn the Heaven Earth Killing Method. Ji Meixian's voice was light as she stared at Chen Xiang. She had thought that her words would cause Chen Xiang to be shocked.

But Chen Xiang only replied casually: "You're right!"

He had long known about Ji Meixian's identity. She was a Ranker on the side of the Heaven Realm, a Yu Yi Immortal Fairy. Although she was very mysterious in the Heaven Realm, she had chased after Su Meiyao and Bai Youyou all year round, causing Bai Youyou and Su Meiyao to know quite a bit about her background.

So even if she was able to see through some of Chen Xiang's secrets, Chen Xiang was not surprised.

"They are so strong and cunning, I can't do anything to them. If you ask your wife to return that 100 billion, I promise I won't cause trouble for them in the future." Ji Meixian said, that hundred billion was also very important to her.

Chen Xiang said: "This is what you used as a guarantee for them back then, you can't go back on your words, so it's impossible for that hundred billion to return to you! Besides, I don't trust you. Your promise is like farting to me. "

His arm shook, and he summoned the Green dragon demon-slain broadsword out.

"You want to kill me?" Ji Meixian laughed coldly, but she was secretly furious in her heart. Chen Xiang's strength had increased a lot, so she did not have the confidence to win against him.

"I admit that it's very difficult to kill you, but it's very easy to catch you! Only by taking you down can I be at ease with Xianxian and You Lan not being harassed by you." Chen Xiang felt that it was time to capture Ji Meixian.

Ji Meixian raised his head and laughed, "Are you afraid of me? The other Heavenly Sons are nothing in your eyes, but you are afraid of me!"

Chen Xiang said seriously: "I have never been afraid of you!"

The divine blade shook, the Dragon Power surged, the dragon cry resonated, a green light flashed, forming a crescent moon like arc, striking horizontally towards Ji Meixian.

"I don't have time to fight with you!" Ji Meixian slapped her palms, shattered the force, and jumped into the sea of clouds.

"Don't you want your apron back? Aren't you afraid that the image crystal will be revealed to the public? I'm not afraid of you talking about my Li Renshan, but you're afraid that I'll release the Image Crystal, right?" Chen Xiang stood at the peak of the mountain and lightly said.

Just as he finished speaking, Ji Meixian appeared behind him with a face full of frost!

"I don't want that 100 billion, and I won't have any plans on dealing with your woman in the future either. This is between you and me, so try not to involve others!" As soon as Ji Meixian finished speaking, Chen Xiang chopped at her.

The torrential Dragon Power shattered all the huge rocks on the mountain peak and all of them tumbled down. The berserk blade Qi cut out and created a gust of wind, blowing away all the white clouds.

Ji Meixian waved her long sleeves, using her immortal robe to block Chen Xiang's divine blade attack, releasing a ray of white light that struck Chen Xiang's blade Qi.

"Boom!" The two divine weapons released a force that collided with each other. The mountain peak immediately crumbled as rubble of different sizes tumbled down one after another.

Chen Xiang and Ji Meixian floated in the air, their eyes locked, brimming with killing intent.

"We won't get any results if we continue fighting. I'm waiting for you here because I want to have a good talk with you!" Ji Meixian was forced to use the Image Crystal to threaten her, causing her to be filled with anger. However, she still had to suppress her anger, because she knew that Chen Xiang was very angry right now.

## [Chapter 870](#)

"We have nothing to talk about. You want to kill me, and I want to kill you too. Do you think there's a need to talk about it?"

As Chen Xiang spoke, he slashed out tens of times, and the blade lights that filled the sky surged like a tsunami as they rushed towards Ji Meixian, clenching her teeth tightly. She knew that if Chen Xiang did not finish today with her, she would not let this matter rest.

The anger in her heart could not be suppressed. It turned into energy that surged into her limbs and bones, causing her entire body to shine with holy light. She was like a goddess as she floated high in the air.

This was the true strength of her soul awakening. At this moment, her celestial clothes appeared, initially white, but now holy golden. Her clothes fluttered in the wind, emitting bursts of holy light, just like a goddess!

This was simply not an Immortal Robe at all, Chen Xiang was sure that this was his Divine Robe that was as powerful as a profoundwu diamond armour!

A golden dragon that was as thick as an arm suddenly appeared above his head. The golden dragon circled around his body, gradually forming a set of golden armor that resembled dragon scales. This was the armor his martial soul had transformed into.

Ji Meixian frowned. Chen Xiang's current appearance of wearing the Dragon Scale Golden Armor was also very imposing. Although it was not as powerful as her Divine Armor, it was not weak either.

Chen Xiang did not reveal his profoundwu diamond armour, otherwise Ji Meixian would have ran away without turning back!

"When I was fighting with your sister in the day, I showed her some mercy. Otherwise, she wouldn't have been able to beat me! You have obtained the Heaven Earth Killing Method, have a divine weapon like the Green dragon demon-slain broadsword, and also have the potential to cultivate the Taiji Dragon-suppressed kungfu. You will definitely become an overlord in the future, and even if you are able to shake the entire Heaven Realm, your hatred and I can still be resolved right now! "

At that moment, she thought about many things. She knew that it was very difficult to kill Chen Xiang as a person and if she were to be targeted by him in the future, she would definitely be killed by him one day.

If Ji Meixian had not chased after and killed Su Meiyao, perhaps there would still be room for negotiation. But now that Chen Xiang had already made up his mind to take Ji Meixian down, to prevent future trouble, who knew when Ji Meixian would recover his strength. When she regained the kind of strength that could shake Heaven Realm, it would be too late for regret.

"The hatred between us can be dissolved, but it is definitely not a way to be calm and negotiate!"

Chen Xiang did not believe that Ji Meixian could not pursue the matter from before.

"You won't be able to kill me." Ji Meixian's expression was stern, her beautiful eyes flashed, and said: "How about this, let's fight a bit, I don't need my divine clothes, and you don't need your divine blade! If I lose, it's up to you! "But you lost. First, you have to return the Image Crystal to me. Then, you have to help me find my apron before you die!"

Ji Meixian was extremely confident. If Chen Xiang didn't have that terrifying divine blade, it was equivalent to losing an arm. She felt that it would be very easy to take Chen Xiang down.

Chen Xiang sneered in his heart. This Ji Meixian's understanding of him was limited to the rumors, at most he only knew that he possessed the Four-phase Magic Kungfu.

"That's not bad, but I don't believe you. You don't believe me either. A verbal agreement is nothing." How about we form a Heavenly Blood Contract?" Chen Xiang took out a piece of beast skin.

"That would be for the best!" Ji Meixian agreed. She couldn't trust Chen Xiang either.

Chen Xiang laughed sinisterly: "If you lose, you are my slave and will have me as your slave for the rest of your life. These are all written down in the Heavenly Blood Contract.

Chen Xiang was a little bit angry. Chen Xiang had actually always wanted to take her in as a female slave. She was a famous Yu Yi Immortal Fairy in the entire Heaven Realm, but she was actually looked down upon by a little mortal kid.

"You are truly knowledgeable. You actually understand things like the Heaven Blood Contract!" Ji Meixian was truly shocked.

Chen Xiang had seen it on that divine book, and the blood contract was also a type of Spirit grain formation.

"Okay then, if you lose, you have to fulfill what I said before, and then give me the Taiji Dragon-suppressed kungfu and the Yanlong furnace, and that will be enough!" When Ji Meixian found out that he had lost and was going to be a female slave, he added another two.

"You're not bad either, you actually saw through the stuff of my pill furnace!" As you wish, if you lose, your entire body will be mine, so adding on these two things will be fine. " Chen Xiang was also very confident.

At this moment, the two of them were calmly playing with the blood pact. The blood pact was still very complicated. First, they cut out a piece of good beast skin, then they fused their blood together and injected a wisp of their soul into it.

"Your blood is actually golden. Where exactly do you come from?" When Chen Xiang saw that Ji Meixian's current blood was like molten gold, he could not help but be shocked. When he previously injured Ji Meixian, the blood was red.

Ji Meixian did not answer. When she saw Chen Xiang blood dripping and felt the terrifying power contained in the blood, she was so shocked that her expression changed drastically, especially when her golden blood was mixed with Chen Xiang's blood.

"Are you afraid?" Chen Xiang sneered.

"No. In order to get a good night's sleep, I'll have to make a decision no matter what." Ji Meixian's firm confidence suddenly wavered, she could not see through Chen Xiang's blood, and with her spirit sense, she could not feel what kind of energy it was, but it was strong enough.

The Heavenly Blood Contract was made jointly by Chen Xiang and Ji Meixian. Ji Meixian also understood how to make the Heavenly Blood Contract.

After drawing up the contract and writing down the oath, the two of them entered the spirit blood essence again. Ji Meixian wanted to condense a Master-servant Contract onto the Heavenly Blood Contract, once she lost, she would immediately sign a contract with Chen Xiang, allowing him to dictate life and death.

The Heavenly Blood Contract was completed, and it was in Chen Xiang's custody. If he won, Ji Meixian would be his female slave. If he lost, he would have to follow the rules of the contract. If he violated the contract, he would suffer a pain worse than death, a torture that came from the soul.

"I'm very curious, why don't you add the Green dragon demon-slain broadsword and Heaven Earth Killing Method?!" Chen Xiang suddenly felt relaxed, and calmed down right where he was.

Ji Meixian regained her confidence, she could not use the Green dragon demon-slain broadsword, no matter how strong she was, she was just a little kid, her cultivation was higher than Chen Xiang's, and her fighting experience was also richer than Chen Xiang's, she believed that she would definitely not lose.

"You and the Green dragon demon-slain broadsword have become one, even if you die, I can only obtain a useless blade. I can't learn the Heaven Earth Killing Method, maybe it will force me onto a dead end, useless to me."

Ji Meixian was still very familiar with these things, she was also adjusting her condition and preparing to fight with Chen Xiang!
