

## Dan God 881

### [Chapter 881](#)

Chen Xiang walked around the forest, looking for some rare demon beasts to hunt. All the good demon beasts had treasures on them, so the flesh and blood beast pills used to refine medicine were pretty good.

"It's another lousy wild boar. I've never seen a beast in its human form before." Chen Xiang had just killed a profound beast.

Just as Chen Xiang was planning to roast the pig, Long Xueyi suddenly spoke out: "There are a few people approaching, looks like they are quite strong, and have the Qi of the Evil Demon on them."

Demon Realm and Devil Realm had many experts hidden inside the city, all because of the Heaven Earth Killing Method.

"That's good as well. If others find out that I'm in this forest, those who lied to the Feng Clan will find it easier to believe." Chen Xiang calculated in his mind before he continued to handle the wild boar, waiting for those people to come over.

Long Xueyi's Heaven tour method could sense from very far away, Chen Xiang had already eaten the wild boar that was of the profound beast rank. The few Evil Demons had not come yet, but they were already very close.

"These guys are really slow!" Long Xueyi snorted: "They seem to have caught a person."

When Chen Xiang was full, he leaned against a tree and rested, waiting for the Evil Demons to come.

Not long after, those Evil Demons discovered him and were extremely vigilant.

They were a few extremely bewitching looking men, but they were also bringing along a cute little girl around twelve to thirteen years old. This little girl's mouth was covered by a cloth, and her hands were adorned with special iron chains.

"This girl is a human, this group of damned Evil Demon!" Chen Xiang was slightly angered.

"These are five Demonic Wolves! To be able to turn out to be such a person, it seems that they are of extraordinary background and have quite a high position within the Demon Realm." Long Xueyi said.

Seeing Chen Xiang, the tall man in the lead quickly took out a bounty slip and compared it with it. The more he looked, the more excited he became.

"This guy is Chen Xiang!" The man said softly and carefully, then winked at the people around him.

"Capture him alive, get him to hand over the blade, and then throw him over to White Sea Imperial Land and the others in exchange for the Relive Dan." The man in the lead said excitedly.

Medicinal pills were very useful to the Evil Demon and her, but they were lacking these things too. This was because they didn't know how to refine pills at all, at most they only knew how to concoct some medicinal liquid.

"Shua", the tree that Chen Xiang was leaning on suddenly turned into dust, these wolf-demons were very strong, when they attacked together, they could actually release such a terrifying power.

Chen Xiang didn't pretend to be sleeping now either. He stood up abruptly and scanned the five slender and tender skin and the beautiful wolf demons. It was very difficult to associate them with the wolf demons.

"What are you doing?" Chen Xiang said coldly.

"You are Chen Xiang right! As long as we catch you, we can get fifty Relive Dan. What do you think we should do?" The leading man laughed loudly.

Chen Xiang's fists condensed the power of Devil-suppressing holy power which was especially used to restrain demons. However, when the wolf demons saw that he wanted to resist, they sneered and looked at him as if he was an idiot.

"You foolish human, don't you know who the five of us are?" He held a blood-red scimitar in his hand. The scimitar was filled with a bloody aura and it looked as if it was refined with blood.

"I really don't know, but you guys know that I'm Chen Xiang right? I am much more famous than you all."  
"Chen Xiang actually started laughing.

"Ignorant fool, you just asked around in Dan City and found out that we are Five Sons of Wolf King of the Blood Wolf Demonic Clan. It would not be wrong for you to fall into our hands!"

Chen Xiang laughed and said, "So it's a pack of wolf cubs. No wonder they look so similar. However, you guys don't have the temperament of wolves at all.

You insulting our Five Sons of Wolf King is equivalent to insulting the entire Blood Wolf Demonic Clan. However, since you can exchange for fifty Relive Dan, we won't kill you. The man in the lead should be his big brother, but he was actually very calm.

"Is the Blood Wolf Demonic Clan powerful? Was the Blood Wolf King very strong? How come I've never heard of it?" Chen Xiang had indeed not heard of it, but the Blood Wolf King was a very powerful existence and was very famous in Pill City.

The Blood Five Sons of Wolf King was a famous figure in the Demon Realm. They possessed the pure blood of the Blood Wolves and were both people who had endured the Five Nirvana Tribulations at a young age. If the five of them joined forces, the Heavenly Sons and Heavenly Maiden would be defeated by them.

"Do you see that girl over there? "She is the youngest daughter of the Qin Clan's Patriarch. We jointly snatched her from the hands of the Qin Son and Heavenly Maiden." A wolf demon said proudly.

Chen Xiang let out an "Oh", and wasn't scared in the slightest, he said lightly: "You guys are only so-so, you five made your move, don't you know that I single-handedly exterminated the Feng Clan's Son of Heaven and Heavenly Girl? Feng Clan and the Son of Heaven in White Sea Imperial Land were also killed by me alone. "

"I feel that killing you five wolf-headed monsters is about the same as pressing five ants to death, but don't worry, I won't kill you. I will let you go back alive and cry in front of your old man, Wolf King."

"Is there something wrong with your head? "Don't be too arrogant, when you face those bullsh \* tty Heavenly Maiden, it's just that they're weak. Our Blood Wolf Demonic Clan does not even put those weeds in our eyes." The big brother of the wolf demon said lightly, "Hand over your immortal saber, I just happen to be lacking a powerful weapon."

Chen Xiang sighed: "I do want to take out my blade to deal with you all, but that blade has a spirit, it was afraid that your blood would dirty it, and refused to come out no matter what!"

"Go to hell!" The big brother of the Five Sons of Wolf King was enraged, he slashed towards Chen Xiang, the blood red curved blade swung down, the entire world seemed to have become red, the blood Qi was filled with red, it was as though he was trapped in a blood space.

The blood-red scimitar chopped out a huge arc of air, bringing with it a terrifying force as it flashed past.

Chen Xiang lowered his head and dodged the blood colored arc that flew past. The blood colored arc became even larger, and all the large trees in the forest were sliced into pieces like grass.

The trees that had been cut down slowly melted, turning into a bloody mist that scattered into the forest. Even the roots could not avoid it.

"These guys really have some skill!" Chen Xiang was secretly surprised, but the more dense the Demonic Qi the opponent had, the more he would be afraid of the Evil Killing Techniques!

"Haha ..." You must know your place now, let's attack together! " In order to catch Chen Xiang, they didn't care that much.

Chen Xiang still did not take out his Green dragon demon-slain broadsword. He felt that against such a fellow, using his Devil-suppressing mirror would be enough.

## [Chapter 882](#)

The Devil-suppressing mirror was also a powerful treasure refined by the Devil-suppressing Heavenly Venerable. When Chen Xiang held it in his hand, the mirror quickly absorbed the Devil-suppressing holy power that he had condensed!

Before, when he used the Devil-suppressing qi, this Devil-suppressing mirror was already very powerful, but now that he used it, its power was even more terrifying.

The dense Devil-suppressing holy power fiercely rushed into the Devil-suppressing mirror, while the Five Sons of Wolf King had already hacked out countless of blood colored Qi blades that carried Evil Qi.

Chen Xiang groaned, the Devil-suppressing holy power released a layer of golden light which enveloped his body, and when the blood red energy blades hit his body, they were completely useless.

This caused the Five Sons of Wolf King to be extremely shocked. No one had ever been hit by a terrifying Blood Wolf like them, not even a single hair was missing. Even some powerful old fellows didn't dare to stand there and face it head-on.

The Five Sons of Wolf King did not believe what they were seeing, as they all hacked out streaks after streaks of blood red energy blades. In an instant, the blood colored energy blades that filled the sky

rushed towards Chen Xiang like a storm, enveloping him within, making people feel like they were in a blood colored purgatory.

A golden multicolored light suddenly flashed from Chen Xiang's body, and those blades of air were instantly extinguished by the divine Devil-suppressing holy power, disappearing completely.

The Devil-suppressing mirror in his hands shone with a golden light. The Five Sons of Wolf King felt that the aura was extremely scorching, and when the golden light shone onto their bodies, they felt as if their bodies were being scorched. It was extremely painful.

Just this Devil-suppressing mirror already had such a great killing power. If he used that Holy Devil-suppressing seal, wouldn't that be able to suppress the Five Sons of Wolf King to death?

That Holy Devil-suppressing seal was his trump card against demons, he did not want others to know about it yet. Moreover, against this Five Sons of Wolf King, he did not need that precious treasure.

"Hehe, didn't you just say you were very powerful?" Chen Xiang took his Devil-suppressing mirror and walked towards Five Sons of Wolf King, the mirror in his hand shone with a golden light, it looked like a divine being capable of defeating demons.

"What exactly is this thing?" Ah... "Hurry up and leave!"

"You want to leave?" Chen Xiang laughed coldly, he activated the Devil-suppressing mirror and shot out a ray of golden light, which turned into a golden rope and tied up the entire Five Sons of Wolf King.

Then, he used the Devil-suppressing qi array to create a few fist formations and sealed all the energy in Five Sons of Wolf King's body.

"Bastard ..." You actually used such a powerful demonic cultivation technique to deal with us! " All of Five Sons of Wolf King were lying on the ground, suppressed by a golden colored Qi Formation.

Let alone the Devil-suppressing holy power, even the Devil-suppressing qi array that was released from the Devil-suppressing qi had a very strong killing power towards these demons.

Chen Xiang laughed loudly, "Don't you know that I have long learnt the tenth floor of the Devil Subduing Method? If I were to use it on you guys, I wonder what would happen? "

He was originally only talking about it, but now he really did it. He punched 'Big Bro' on the shoulder.

"Pa Pa Pa Pa Pa ... .." Ten explosions rang out. Five Sons of Wolf King's big brother's arm turned into golden dust along with the explosion.

"Hehe, I thought you guys were very powerful. "It's only so-so!" Chen Xiang mocked, seeing his sinister face, Five Sons of Wolf King trembled.

Chen Xiang took out many utensils, then began to bleed the Five Sons of Wolf King.

"I originally wanted to find some powerful demonic beast's blood here to refine pills, but I was unable to find it after a long time. However, you guys have delivered it to my doorstep. My luck is quite good!" The blood of the Blood Wolf Demonic Clan should be pretty good. " Chen Xiang said while smiling.

"My king will not let you off!"

"That is a matter of the future. I have stirred up a lot of enemies, and your wolf-headed old man is not lacking either." Chen Xiang drained a wolf demon's blood.

After that, he continued to draw the other four cores. After he finished drawing, he even took out the cores of these Evil Demons, which were equivalent to a human's dantian. The energy inside them was the purest.

"You ... We, the Blood Wolf Demonic Clan will definitely not let you go, you have destroyed us! " Five Sons of Wolf King's voice was filled with hatred. Their demon cores had been taken away, so in order to recover their strength, they had to start from the start.

"Hey hey, don't forget that you provoked me first. It was just that you underestimated my strength, so you ended up like this. If I fell into your hands, I might end up in a worse state than you guys, right?" Chen Xiang said with a smile, then walked towards the little girl who was not far away.

Previously, she had personally witnessed just how powerful this Five Sons of Wolf King was and how many experts of her Qin Family were suppressed by him. Then, he had kidnapped her and used her as a hostage to threaten the Qin Family.

"Little girl, what's your name?" Chen Xiang released the little girl.

"Qin Keluo!" She was extremely afraid of Chen Xiang. It was not like she had never heard of Chen Xiang's evil reputation before, being able to kill the heaven's son alone, the fierce guy who killed the heaven's woman, and the one who was least afraid of these ancient powers.

"I'll send you back. Next time, you have to be more careful. Don't run around!" Chen Xiang laughed.

"En, thank you big brother!" Now that she was saved, she was obviously very happy. Although the person who saved her was the legendary Great Demon King, when she saw Chen Xiang himself, she felt that he was not really like the rumors saying he was, she felt that Chen Xiang was a good person.

"Don't be afraid, I'm a good person!" Chen Xiang smiled very gently. No matter how he looked at it, he didn't seem like a good person. Moreover, people who called themselves a good person were usually not good people.

He pulled the cute and innocent little girl away from this place that was filled with blood.

Five Sons of Wolf King was not dead yet, their bodies were very strong, and they had some power to recover themselves. After a while, they would be able to stand up and walk back, but they had no power.

Walking out of the forest, Chen Xiang encountered the people from the Qin Clan, as well as the Heavenly Son and Heavenly Maiden of the Qin Clan.

Chen Xiang let go of Qin Keluo's small hand and let her return to his side. However, he was surrounded by the people from the Qin family.

"I remember that my Qin family did not have any issues. If you all want to treat me like how Feng Clan and herself treat me, I will definitely let you all go to the end! " Chen Xiang was very calm at the moment. Although there were a few elders surrounding him, he was not afraid at all.

"He was the one who saved me from the Five Sons of Wolf King." Qin Keluo hurriedly said, "Don't capture him. He's a good person!"

"I ask Young Master Shen to come with us. You have saved our Miss Qirou, we should repay you well." A slightly plump middle-aged man said so, but his attitude was not so friendly.

Chen Xiang saved Qin Qirou, and this was what Qin Qirou had said himself. The Qin family was very worried. The patriarch of the Qin family had already arrived, and there were still a few old men who had not died yet. Currently, there were still many people from the Qin family searching the forest.

"Forget it, this is just a small matter. That Five Sons of Wolf King provoked me first, I will cripple them and then casually save that little girl. There is no need to repay me." Chen Xiang waved his hand and was about to leave.

However, the Qin family did not move aside and continued to surround him.

### [Chapter 883](#)

Chen Xiang was slightly angry. He had saved the Qin Family Patriarch's daughter, but now these old fellows actually treated him like this. They actually wanted to capture him!

In the eyes of these old fellows, he was a treasure. He had the Taiji Dragon-suppressed kungfu and the powerful immortal blade on him, and if he gave them to the Feng Clan or to the White Sea Imperial Land, he would get fifty Relive Dan. How could they let Chen Xiang go? No matter what, he had to make Chen Xiang stay.

But Chen Xiang had to leave, he had planned to swindle the Feng Clan's Relive Dan away, and he definitely could not be delayed.

"Sis, why didn't you let him go?" Qin Keluo quietly asked Qin Yao, but everyone could hear her.

At this time, even if they were children, they could see the enmity on the faces of the Qin warriors who were surrounding Chen Xiang.

Qin Yao didn't reply. What the Qin Clan was doing was extremely inappropriate. If word of this got out, it would definitely affect their reputation.

"Let him go, he saved me." She knew that the elders were very strong, so she was somewhat worried that a conflict might break out later.

"You can't be so ungrateful!" Qin Kou Rou was a little angry, creasing her eyebrows and shouting. This made those experts turn red with embarrassment.

Chen Xiang's face was sneering, his fists clenched tight, ready to fight at any moment: "If you guys want to fight, then just do it, you Tong Tian Aristocratic Family are a small marten, it's normal for you guys to do such a thing, right?"

"Humph, you can leave now!" An elder snorted and stepped aside.

"Big sister, he risked his life to save me, so why would the elders treat him like this? Didn't grandpa teach us to repay our kindness? It was one thing for them to not pay him, but they still wanted to

capture him and exchange him for a Relive Dan ... Is our Qin family's elder so lacking in Relive Dan? " Qin Keluo held onto Qin Yao's hand as she whispered.

Fifty Relive Dan s was still worth a lot, but Chen Xiang's Taiji Dragon-suppressed kungfu and that blade was what these old fellows coveted the most.

Chen Xiang swaggered away, but he did not relax his vigilance. Although Qin Keluo was innocent and innocent, those old fellows were not so. He had long seen the shamelessness of White Sea Imperial Land and Feng Clan, and felt that there was not much difference between them and the Qin Family.

The allure of the immortal sabre was too great; it was enough for many people to snatch it without a care for their own safety.

Chen Xiang walked into the forest. An old man gave the two old men a meaningful glance, and then signaled Qin Yao to bring Qin Qirou away!

Qin Yao frowned. As a daughter of the Qin Clan, and also the daughter of the Qin Clan Head, she might inherit that position in the future. The son of the Qin Clan Lord was her cousin, and these elders were all members of the son of the Qin Clan.

"Elders, this isn't appropriate!" Qin Yao had already made up her mind to not provoke Chen Xiang in the future when she saw Chen Xiang brutally killing the Feng Clan Sky Maiden. Now, she understood why the Peach Blossom Sky Lady wanted to befriend Chen Xiang with all her might. However, even Mu Jialan had not left a good impression on him, because Chen Xiang hated these ancient powers to the core.

"You don't have to worry about this matter. You just have to bring her back, and the consequences will be our responsibility. Chen Xiang must be taken care of!" By capturing Chen Xiang and taking the Immortal Saber, he would be able to consolidate his position in the Qin Family. He knew that Qin Yao was not weaker than him, and she was also the daughter of the current Patriarch of the Qin Family. In the future, she would have a much higher possibility of becoming Patriarch.

"Then why did you let him go just now?" Qin Yao coldly laughed.

The cute and beautiful little girl, Qin Keluo, was currently looking at them with a look of disgust. "You are even more detestable than the Five Sons of Wolf King! I will ignore you in the future. You do not deserve the bloodline of the Qin family!"

Qin Yao held onto Qin Kou Rou's little hand and sighed lightly: "Ke Rou, let's go back and tell father to stop them as soon as possible."

Qin Meng ignored Qin Yao and the others, and followed the few elders into the forest. He followed behind Chen Xiang, and they knew that this matter would definitely not spread out, because the Patriarch of the Qin Clan would definitely not let this matter, which would discredit the Qin Clan, get leaked.

"This group of bastards really did catch up to me. That little girl Qin Yao is really kind. I really want to take her as my female slave." Hiding in a big tree, Chen Xiang used the Heaven tour method to witness their conversation.

"These ancient powers are truly plentiful in scheming and scheming. However, this is the only way to deal with them. Otherwise, how could one suppress a great power?" Su Meiyao chuckled: "Don't be too many female slaves, it's enough to have Ji Meixian. But a little scoundrel like you, although you only want to keep female slaves in your name, you have a belly full of evil tricks."

My true female slaves are only Ji Meixian. Little Flower Demon and Warm Moon have done it on their own, and do you think that they look like female slaves? Chen Xiang said as he took out the Death-haunting arrow.

After the Death-haunting arrow was refined by Liu Meng'er and Dongfang Xinyue together, with the increase of Chen Xiang's strength, in addition to the Magical corruption gas that caused the three realms to tremble in fear, it had become a true Death-haunting arrow.

There were a lot of compressed Magical corruption gas in his body, and every time it came out, it would kill him with just one ray, which was enough for him to use for a long time. Furthermore, he planned to go to the Demon and Devil Sinkhole to gather more Magical corruption gas.

"What about the little bastard? With the aura here, where did you run off to?" An old man looked at the footprints on the ground that suddenly disappeared, looking around, searching for Chen Xiang's tracks.

Chen Xiang had purposely left his presence there as bait, allowing the five elders and Qin Kuang to catch up.

"Chen Xiang has been on the run for a long time, and has been chased and killed by strong warriors many times. However, he was always able to escape successfully, so Elders, you have to be careful!" Qin Meng said solemnly.

These few clan elders had just experienced Chen Xiang's excellent escaping techniques.

"If these guys had listened to that little girl, they wouldn't have died. They would have deserved to die." Chen Xiang took a deep breath and locked onto the six people in the forest, summoning his Death-haunting arrow.

"Swoosh!"

In the blink of an eye, it had already struck the bodies of the six people, but it did not pierce through their bodies. This was because they had powerful protective armour on their bodies, but after the Magical corruption gas released them, it turned into a colorless breeze that entered their bodies through their skin and noses!

The moment the six of them sensed a sneak attack, they immediately activated the Innate Qi in their bodies. With the movement of the Innate Qi, the Magical corruption gas immediately swallowed the Innate Qi, strengthening the poison and spreading it all over the bodies of these people.

The people of the Qin family were all experts. They quickly discovered that there was something strange within their bodies. After inspecting it, their expressions all changed. It was because they discovered that they had been poisoned by a very powerful poison!

At this time, they couldn't care so much. They immediately channeled a large amount of Innate Qi in their bodies to suppress the poison, and at the same time, to prevent it from devouring them.

They all took out high-level antidote pills to consume, but to no avail. Instead, they made the poison even stronger.

"It's the Magical corruption gas. Chen Xiang, you are fighting against the Heaven and Earth Three Realms. Sooner or later, you will be hunted down by the Nine Heavens and Ten Realms." An old man's voice trembled as he broke out in a cold sweat.

#### [Chapter 884](#)

Magical corruption gas were Super Old poison, how could ancient powers like them not know about it? They knew they were going to die! They also understood why so many Rankers and people who made a move on Chen Xiang died in such a baffling manner. It turned out that Chen Xiang could control Magical corruption gas s!

Thinking about this, the faces of these experts were full of fear, if they wanted to defend against this kind of Magical corruption gas and still manage to escape, they would have to at least have the strength of an immortal.

Chen Xiang's face darkened as he slowly walked over: "If I don't use this thing to protect myself, I only have one outcome, and that is death!"

"The reason why I did this, is because you forced me. I have no enmity with you, and I saved your Qin family, but you want to capture me and take away my immortal saber! If it was you guys, you would definitely retaliate, right? "

"We just wanted to invite you to the Qin family, but you ..."

Chen Xiang was enraged, he rushed over and ruthlessly slapped Qin Meng, and even a few of his teeth were knocked off, "Earlier, you guys were speaking outside. I heard everything clearly, don't even think about acting cocky in front of me!"

"You are right, you are a group of ungrateful bastards, the same kind as the Five Sons of Wolf King! It's fine if you don't pay me, but you want to capture me? "

These people were all like puppets now, and could only watch as Chen Xiang's palm came at them, without being able to retaliate at all.

"Chen Xiang, you will definitely die a horrible death, using such a despicable method ..."

"Pa!"

Chen Xiang used the Devil Subduing Method and slapped the old man hard, causing the bones on his face to cave in.

"Old bastard, you dare to say such a despicable thing in front of me? I saved that little girl, yet you all didn't even respond to thank me and even sent so many people with cultivation stronger than mine to capture me. You actually fucking have the nerve to mention despicable things to me!? If you don't care about face, I'll help you smash it up!"

Chen Xiang's palms flew together as he used the Devil Subduing Method, pa pa pa ... He crazily slapped the old man's face until blood and flesh flew everywhere. His five senses were all squeezed together and it was an appalling scene. The sight left a lingering fear in the hearts of the others.

They were already about to die, yet they were being tortured so miserably. After dying, they would even be turned into minced meat by the Magical corruption gas.

Death was not scary, but this kind of death made them feel incomparable fear!

But none of them dared to resist, otherwise, the Magical corruption gas inside their bodies would immediately explode, and at that time, they would die, no matter what, they would die, but they would rather live for a little longer, and hope for a miracle to happen!

"The Qin family is here, hurry up and make a move!" Long Xueyi reminded Chen Xiang. In order to ensure that he would not be discovered when he was using the Magical corruption gas, she used the Heaven tour method to cover a hundred mile radius.

Whatever Chen Xiang did, he would first erase their souls, and then release an intense flame. After smashing them into powder, he would finally suck the remaining Magical corruption gas into his body!

This time, he did not want to cut off these people's heads. He did not plan to form a feud with the Qin family. If the Patriarch of the Qin family gave him the chance to save Qin Kelou, then he would no longer have to worry about the Qin family.

Although these people would suspect him if they went missing, he refused to admit it. After all, the Five Sons of Wolf King was destroyed by him here, so it was normal for the Blood Wolf Demonic Clan experts to come here.

The news of Chen Xiang appearing in this forest quickly spread to Dan City. It was unknown who spread it, saying that he had saved Qin Kelou, and even crippled the rampant Five Sons of Wolf King. He was currently being chased inside the forest by the Blood Wolf King and a large group of Blood Wolf Demons.

"Chen Xiang is indeed fearless, and the strength of the Blood Wolf King is even more terrifying. It is said that the Blood Wolf King is one of the top experts in the Demon Realm, and had just killed two of the Qin family's old antiques. Now that Chen Xiang has pulled out his five sons' tendons and skinned them, and taken the most important Innate Demonic Pellet, the Blood Wolf King is probably going to go crazy."

"This Chen Xiang's power is too terrifying, he's definitely a Five Sons of Wolf King! With the five wolves working together, even a Nirvana Stage who had gone through eight tribulations would have a headache. He actually got his Spirit Demon Core taken and crawled away like a drowning dog!"

"Chen Xiang obviously let them go on purpose, this is obviously provoking the Blood Wolf Demonic Clan, I wonder if the Blood Wolf Demonic Clan will go to the Super Martial School to cause trouble? At that time, if we anger Huang Jintian, it will be a good show! "

Pill City was in an uproar because the Five Sons of Wolf King was too famous. It was said that they had caused a lot of trouble in the east and an ancient power that had just been born had been massacred by the Blood Wolf Demonic Clan.

The Blood Wolf Demonic Clan was actually one of the ancient demon clan members, the wolf blood in their bodies was extremely strong, and they had all used bloodlust to raise their strength, but after all these years, the Blood Wolf Demonic Clan was not killed in the Demon Realm, showing just how strong their survivability was.

On top of a tall tower, Madam Peach Blossom, was a mature and beautiful woman with an outstanding temperament. As Yao Shumei listened to the people on the streets discussing, he sighed lightly: "It seems like it will be difficult to find Chen Xiang now.

"Mother, how do you plan to handle this matter with Chen Xiang? He has killed Jing Xingliang and the Great Clan Elder will not let this matter rest. Mu Jialan stood behind Yao Shumei. The two of them were dressed in white gowns with peach blossoms embroidered on them.

They didn't look like mother and daughter, but rather like a pair of sisters with their own charms. This pair of peerless mother and daughter stood together, appearing very eye-catching.

"I don't know yet, but I have to talk to him. When I was in Ancient Spirit Great Land, he helped me before, and he is a person worthy of befriending. The consequences of being enemies with him are now known to all, but the ancient powers will not let this matter rest!" Yao Shumei looked at the sky in the distance, and spoke with a sorrowful tone: "Right now, many ancient powers have confirmed that his blade is a teleporting Green dragon demon-slain broadsword!"

Mu Jialan was immediately stunned, her mouth slightly opened, her face full of astonishment!

"One of the Five Ancient Divine Weapons, the Green dragon demon-slain broadsword was supposedly refined with the help of the Azure Dragon!" Mu Jialan took a few deep breaths. She could see how Chen Xiang was being hunted by the various ancient powers not long after.

"I'm afraid that the Demon Realm and the Devil Realm would have thought of Green dragon demon-slain broadsword the most. Back then, the Ten Heavens Supreme Lord used this divine blade to suppress the Nine Heavens and Ten Earth, opening up the tenth day, and the one who suffered the most losses was the demon!" Yao Shumei stood by the window, the gentle wind blew through her hair, she was the owner of the Peach Blossom Imperial Land now, she had to decide whether or not she would agree to apprehend Chen Xiang, and seize the divine blade!

"Li Renshan grasped the Heaven Earth Killing Method, Chen Xiang possessed the Green dragon demon-slain broadsword, all of these are things that the Ten Heavens Supreme Lord used to unify the world. Li Renshan went missing, yet the Green dragon demon-slain broadsword appeared. The old fellow that gathered here did not come for nothing, Chen Xiang is currently in big trouble!"

Mu Jialan frowned. Although Chen Xiang had threatened to take her as his female slave, she couldn't help but worry for him.

## [Chapter 885](#)

As Chen Xiang hid in the mountain forest, he didn't know that his Green dragon demon-slain broadsword s were of great origins. Not only was it related to the Azure Dragon, it was also actually related to the Ten Heavens Supreme Lord.

Long Xueyi activated Heaven tour method and went to the faraway Pill City that was more than seven hundred kilometers away, to look for Ji Meixian. Because Chen Xiang was already prepared to go and cheat at Feng Clan.

Ji Meixian was still living in the tower, when she came in contact with Long Xueyi's divine intent, she anxiously replied: "Make Chen Xiang hide himself, and don't carry out that plan of tricking the Relive Dan. Before long, hundreds of ancient powers' leaders will head to the forest to find him, and the Devil Realm and Demon Realm's experts will also come, so this time, there are more people than last time!"

"Ah?" Why? Chen Xiang only killed a few little wolves, is the Blood Wolf Demonic Clan that powerful? " Long Xueyi did not understand.

"It's not because of that matter, it's because the Green dragon demon-slain broadsword was used by the Ten Heavens Supreme Lord back then, and they are of the same kind as the Heaven Earth Killing Method. The Demons and Demons are afraid that if they were to land in the hands of a human Ranker, it would cause them great harm, so they came to take the blade away and seal it." Ji Meixian hurriedly explained, and then urged again: "Let him quickly hide!"

Long Xueyi immediately told Chen Xiang.

"Damn it, the Green dragon demon-slain broadsword is actually connected to the Ten Heavens Supreme Lord, this is going to be troublesome!" Chen Xiang paced back and forth inside the cave. "It's not good to be related to anyone, yet I have to get entangled with the Ten Heavens Supreme Lord. This is going to be troublesome ..."

Because of the appearance of the Heaven Earth Killing Method, Pill City had gathered a large number of experts from ancient powers. This time, it was even more shocking than last time.

"little maid, you should spread the news about the Green dragon demon-slain broadsword. It would be best for you to let the people of the three realms know of it, and the more people there are, the more chaotic it will be. I can then take advantage of the chaos and tell them about the affairs of the Super Old Sacred Land. Chen Xiang suddenly thought of an idea: "The best would be for them to know that my Green dragon demon-slain broadsword is related to the Super Old Sacred Land."

Back then when Chen Xiang obtained the divine blade, he had a conflict with the Beast Martial School. This matter could be investigated, so it couldn't be said that the Super Old Sacred Land found it.

"Humph!" Ji Meixian was extremely unaccustomed to being addressed as little maid, "How are you going to make them believe that the Green dragon demon-slain broadsword is related to the Super Old Sacred Land? How are they supposed to believe in the existence of the Super Old Sacred Land?"

"Don't worry, if the Green dragon demon-slain broadsword's matter is confirmed, many people will believe these rumors. At that time, I will guide them into the Bloody Thunder Mountain Sea and look for the Super Old Sacred Land. You can spread the news regarding the Super Old Sacred Land after the Green dragon demon-slain broadsword s have been spread. " Chen Xiang had already planned to make the Super Old Sacred Land lively, but he could not let Lan Cang know about this.

In the depths of Super Old Sacred Land, there were many dangers. Lan Cang had said before, that even if he wasn't sealed, he wouldn't dare to casually enter it. Even the old fellow who sealed him hadn't come out yet.

Chen Xiang planned to bring this group of people, who had ideas against him, to the Super Old Sacred Land. He started to lay down some things specifically to lure the rankers from the ancient powers.

After more than two hours, he took out his Luotian Gate and headed towards the city near the Bloody Thunder Mountain Sea.

"The plan to defraud the Relive Dan has been temporarily stopped. In the future, there will be more forces to be swindled by me and it will even be a higher bounty." Chen Xiang chuckled, took out the Luotian Gate and opened a spatial door, coming to a city near the Bloody Thunder Mountain Sea.

If the news of him possessing a Green dragon demon-slain broadsword were to spread, his bounty would be even higher!

He had only walked for four hours when a large group of people arrived, covering the sky and covering the earth like a swarm of locusts. Not only the people from the ancient powers, many of the people from the Pill City had come to watch the commotion.

When this group of people arrived, the mountain forest had turned into something like a chicken whose feathers had just been plucked off. The originally lush and verdant mountain forest had now turned into a wasteland.

Putting them together, it could be seen that it was a map and a piece of paper that depicted ancient Spirit grain s. However, because the depiction was a bit rough, it was torn, but it was not difficult to tell that the depiction on the map was Bloody Thunder Mountain Sea.

"The Super Old Sacred Land was the center of the Tenth Heaven all those years ago. These Spirit grain look to be much older than ours, could it be that the Spirit grain is from his blade?" An old man said as he frowned. He was a Spirit grain Grandmaster from an ancient faction.

"Eh? These did not seem to be Spirit grain s, but spirit characters! the fusion of a Spirit grain and a word, this..." The Spirit grain Grandmaster's old eyes stared wide, his hands trembling around the piece of paper that had been pieced together.

"Elder Huo, what kind of information does these Spirit grain contain?" A middle-aged man hastily asked. At this moment, many experts gathered around this old man, waiting for his answer.

"This is indeed a Spirit Character, it is a special kind of Spirit grain that can produce a strong power. At the same time, it can record things. It's very likely to be a message from the Green dragon demon-slain broadsword, the words are from the time of the Ten Heavens Supreme Lord." Elder Huo looked carefully.

These words were indeed called the "Spirit Character". Liu Meng'er and Dongfang Xinyue had cracked it from the Spirit grain's array formation that day, and the array indicated that there was something hidden in the center of the Bloody Thunder Mountain Sea.

What Chen Xiang left behind was only pointing to the center of the Bloody Thunder Mountain Sea, it did not contain the details inside the Super Old Sacred Land, but it was enough to make these old fellows suspicious.

Ji Meixian had also followed along, she was the one who had secretly leaked the news, the ancient powers initially wanted to keep the Green dragon demon-slain broadsword matter a secret, and only they could keep it a secret, but now, the entire Pill City knew about it, and it wouldn't be long before the news regarding the Green dragon demon-slain broadsword would spread throughout this new world.

"I once investigated some of Chen Xiang's matters and he had once gone to the Bloody Thunder Mountain Sea. At that time, he even obtained a spatial origin orb and I remember Dongfang Xinyue and Liu Meng'er following him. At that time, Dongfang Xinyue was heavily injured and he even gave Dongfang Xinyue a Eternal Dan." An old man said. This man was Dongfang Lingyun, the one who caused him to lose his reputation the other day.

"I have been to this Super Old Sacred Land once, but there is only a forest in the middle, could it be that there is a hidden profound Realm?" A person said.

The center of Bloody Thunder Mountain Sea was the Super Old Sacred Land. It was said that it was like this, but no one knew the exact details.

Ji Meixian sighed in her heart, she knew that of the many experts here, more than half would die once they entered the mysterious Super Old Sacred Land, especially when they just entered, that Lan Cang would probably kill a large group of them.

She had sensed the strength of the blue dragon with her spiritual sense earlier. It was indeed a terrifying dragon that had its strength sealed.

#### [Chapter 886](#)

Before, there weren't many people who knew of Green dragon demon-slain broadsword, so Chen Xiang had always been using it without restraint.

When Chen Xiang went to the city outside of Bloody Thunder Mountain Sea, he found the businesses of White Sea Imperial Land and Feng Clan. Their businesses here was mainly to collect the materials from precious demon beasts or to refine and arrange formations.

Once he arrived here, he would plunder all of White Sea Imperial Land's and Feng Clan's stores, letting this matter spread. After that, along with Ji Meixian spreading some rumors, those old fellows would definitely think that he was going to Super Old Sacred Land.

With that group of old people from the ancient powers, it would not be difficult for them to open a spatial gate in the middle of the Bloody Thunder Mountain Sea.

"Brother Lan, I believe you have already merged with the Thunder soul, unsealed it, and recovered your strength! I'll send some people in to help you train. " Chen Xiang laughed.

The commotion that Chen Xiang caused in the city was not small. Both the White Sea Imperial Land and the Feng Clan were extremely famous forces, yet Chen Xiang still did not let them off even after killing their heavenly daughter and son.

However, in the eyes of those old fellows, it was different. The things that Chen Xiang had snatched away were all related to setting up a formation.

The experts of the ancient powers were still gathered in Dan City, they did not head to Bloody Thunder Mountain Sea, they still had to confirm some things. Luckily, the ancient forces of Continent of the King, the human royal family was here!

At this time, Ji Meixian spread a rumor that the Bloody Thunder Mountain Sea was a weak point in space that allowed him to enter a mysterious holy realm, and that there was a powerful blue dragon guarding that place. Chen Xiang had gone there many times before, but he had always returned with heavy injuries ...

The rumors she released were half true and half false, causing people to be skeptical. On the other hand, the experts from the ancient powers were all waiting for the Human Royal Family to respond. If the Super Old Sacred Land really did exist, they would definitely investigate to the very end.

At first, the human royal family denied it, but later on they were worried that those old fellows would go and investigate, so they changed their words and admitted that the center of the Bloody Thunder Mountain Sea was indeed a weak point in space. From there, they could easily open a crack in space and enter the mysterious Super Old Sacred Land.

As for what was inside the Super Old Sacred Land, even the Human Royal Family did not know. They admitted it, because they wanted to tell those strong warriors that it was a fearsome place, and entering the depths of the Super Old Sacred Land was a place where there was a high chance of death. Since ancient times, there have been many extraordinary experts that entered, but they have never come out.

However, the more it was like this, the more curious those old fellows were. Especially those from ancient powers like them. Super Old Sacred Land was once the center of the Tenth Heaven in a mysterious place. During the Primordial Era, the Tenth Heaven separated from the rest of the world for some reason.

As Chen Xiang hid within the city, he felt waves and waves of people using the powerful Ancient Transmission array to travel in one direction to arrive in this city.

Since he had already achieved his goal, he did not dare to stay in this city for too long and quietly left. If these ancient factions were to use some sort of deduction technique to figure out where he was, then he would be in trouble.

Deep into the night, although it was raining in Pill City, the streets were still bustling with noise and excitement. Chen Xiang quickly returned after tricking the old fellow who was gathered here into entering the Super Old Sacred Land.

Ji Meixian was originally resting, but then she suddenly sensed that Chen Xiang had appeared in the city, and was heading straight for her, so she immediately tidied up and waited for her master.

Chen Xiang turned into a black butterfly, flew in from the window, and then changed back into human form. This scene caused Ji Meixian to be secretly shocked, she now understood why Chen Xiang was always so elusive, this ability was truly brilliant, she suddenly thought of something.

"Transformation Techniques, this is one of the sacred arts of the Imperial Dragon Race, you actually know it!" Ji Meixian suddenly thought of something extremely terrifying, it was something related to the divine way.

Only those who could cultivate Fa Li would be able to use the Art of Change. She had heard of this before in the Imperial Feather Race.

"My beautiful little maid, you have to call me master!" Chen Xiang laughed.

Ji Meixian was very unhappy. No matter what, she was still's and Su Meiyao's senior, but now, she was bullied to this extent by a little kid.

"Yes, master!" Ji Meixian was extremely cooperative, as she had already established a slave contract with Chen Xiang.

"This is not a good place to talk, let's go!" Chen Xiang brought Ji Meixian and left Pill City in the dark night, arriving at a large mountain several hundred kilometers away from the city.

"Originally, I planned on swindling the Relive Dan of Feng Clan and the White Sea Imperial Land, but with the current situation, I am afraid it will be difficult to obtain them. Once they know where I am, those immortals must definitely help me!" Chen Xiang said.

"Of course, there are ten Great Nirvana stage cultivators hidden in the White Sea Imperial Land. When they become immortals, there will be two of them who will go to the Super Old Sacred Land." Ji Meixian nodded: "It's best if you hide for a while."

Chen Xiang rubbed his chin. If he wanted to hide, no one would be able to find him. Even if they knew where he was hiding, no one would dare to go look for him.

He had never been afraid of being hunted by the experts from the ancient powers, he just wanted to increase his strength as soon as possible and collect all the Heaven Earth Killing Method s first. Right now, he had only learned a little of the Ground killing, but he had benefited greatly from it.

"Tell me about the Ten Heavens Supreme Lord and the Heaven Earth Killing Method. Chen Xiang wanted to get to know him better before heading to Emperor's Tomb.

"Back then, when I was in Heaven Realm, there were many of them. However, White Sea Imperial Land was an ancient power and now I am certain that this was the Tenth Heavenly Layer. It stood above the Ninth Heaven. The Tenth Heaven is also known as Di Tian and the Continent of the King is the center of the Di Tian. The Super Old Sacred Land should be the place where the Ten Heavens Supreme Lord lived back then. "

As Chen Xiang listened, he thought about it. When he was in Ten Heavens Supreme Lord, the place where he was buried was actually very far away in Rough and Random profound Land.

"I feel that the Super Old Sacred Land should be connected to the Rough and Random profound Land, but it's very big inside." Ji Meixian continued to speak, "How Ten Heavens Supreme Lord died and what happened to cause Di Tian to shatter was not recorded. There was once a big Duan Kong Bai in history."

"The heavenly daughter's meaning is that she has a chance of becoming the new ruler of the Di Tian. However, from the looks of it, the masters of this great Emperor will not be them from now on. They won't even have anything from the Ten Heavens Supreme Lord, but master you ..." But there are two. "

Ji Meixian was indeed a dragon among men. She suddenly thought of the possibility of Chen Xiang becoming the new master of the heavens, ruling over the Nine Heavens and Ten Earth, and inheriting the inheritance of the Ten Heavens Supreme Lord.

### [Chapter 887](#)

The Heaven Earth Killing Method was not complete, Chen Xiang had only acquired a small part of it, the rest of the parts were in the Emperor's Tomb.

"The White Sea Sect and the Peach Blossom Sect are the current White Sea Imperial Land and the Peach Blossom Imperial Land! Adding on the fact that the Feng Clan, the Qin family and the ancient factions in the southern regions of this land back then were all powerful, including the eastern, western, northern and central region, they existed since the Primordial Era, and had served the Ten Heavens Supreme Lord before. Especially those surnamed families, their ancestors were generals groomed by the Ten Heavens Supreme Lord, and those sects were formed by the Ten Heavens Supreme Lord at that time, but they all betrayed the Ten Heavens Supreme Lord later on! "

"What?" betrayed the Ten Heavens Supreme Lord? " Chen Xiang was a little shocked. Logically speaking, the Ten Heavens Supreme Lord was very strong.

Ji Meixian nodded his head: "That's what the historical records say, but at that time, the Ten Heavens Supreme Lord was not the emperor, and only ruled the land! Back then, the White Sea Imperial Land and other ancient powers not only betrayed the Ten Heavens Supreme Lord, they also attacked it together! This led to the deaths of all of the loyal subordinates beside Ten Heavens Supreme Lord. Ten Heavens Supreme Lord fought with the ancient powers for a few months, and in the end, got heavily injured and left with an earth-shattering killing intent. "

"He hid for five thousand years and established the Heaven Earth Killing Method. No one knows where he found a group of strong subordinates, and at this time, the ancient powers were extremely powerful, but they were still unable to stop Ten Heavens Supreme Lord's ambition to dominate the world. In the end, when he was defeated, he hid himself."

"Then it was the achievement of the Ten Heavens Supreme Lord and the calming of the chaotic nine heavens and ten earth, bringing peace to this peaceful world. However, it only lasted for twenty thousand years, and then something happened and caused the sky to shatter, turning into a Mortal Realm! "Now that Di Tian has weirdly assembled them together from a new one, the quality of this world is getting higher and higher. No one knows what will happen in the future."

"I have entered the depths of the Rough and Random profound Land. There are many powerful savage beasts there, and most of them are sealed. "Where did these savage beasts come from?" Chen Xiang was extremely suspicious of this matter.

"I don't know, maybe it's the descendants of Ten Heavens Supreme Lord's subordinates back then, because Ten Heavens Supreme Lord is a lion, that's why the ancestors of the ancient powers betrayed him. Although this is recorded in the history books, it's still worth suspecting, because the fact that Ten

Heavens Supreme Lord is a lion is something that was known by everyone back when they were in the Primordial Era." Ji Meixian was extremely curious about this piece of history.

The reason why the Duan Clan stole the tomb was because they wanted to find some clues from it. He suspected that the Duan Clan's Old Ancestor did not betray the Ten Heavens Supreme Lord back then.

"You want to go to Emperor's Tomb?" Ji Meixian frowned and asked. Her expression told her everything, she did not want Chen Xiang to enter.

"The Heaven Earth Killing Method that I have obtained is the only part of it, and I can only feel a bit of it. Ten Heavens Supreme Lord's Tomb is an innumerable amount of Lion Mountain, I think that maybe we can speed up our comprehension of the Ground killing from there." Chen Xiang said very seriously.

"According to the rumors, the Heaven Earth Killing Method is the key to entering the Emperor's Tomb, and it could even open the key to the Emperor's Tomb. Even when she was at her peak, she would not casually go in. Now that she had already brought back her undergarment, she did not think about entering Emperor's Tomb.

"Last time, I went in front of those Lion Mountain s with ease. It's just that I didn't discover the mechanism of those Lion Mountain s, otherwise I would have definitely been able to enter deeper in, and maybe even find them." Chen Xiang actually started laughing excitedly.

Ji Meixian clearly remembered that day, it was the most shameful day in her life. Back then, when Chen Xiang invaded her, it caused her soul to awaken, becoming extremely powerful, and forced her to use the Water Escape Technique to enter deep into the Rough and Random profound Land.

"You really entered with ease?" Ji Meixian did not believe it, the White Sea Imperial Land had sent many experts, only a few were able to come out, and all of them were heavily injured.

Ji Meixian just did not want to enter the Emperor's Tomb, because it would be too dangerous. But he really wanted to know what was inside the Emperor's Tomb.

"little maid, you dare not believe me?" Chen Xiang laughed, he felt that those Lion Mountain were the key to let him master the Ground killing, he had to go in and take a look no matter what.

Ji Meixian scoffed once more. She had already seen many of the secrets that Chen Xiang was hiding, but she still felt that Chen Xiang was hiding some shocking power that she did not know about. For example, Chen Xiang's divine way of cultivation, had shocked her greatly.

"Do you want to have a look at the world with Master?" Chen Xiang caressed her smooth and jade-like face and asked with a smile.

Ji Meixian wanted to bite Chen Xiang's hand hard, but she did not, and only turned her head away.

"Whatever. No matter what, I will die no matter what." Ji Meixian said.

Chen Xiang thought about it, but he still decided not to bring Ji Meixian in. Ji Meixian was a hidden chess piece he had placed in the White Sea Imperial Land, and was the key to control the White Sea Imperial Land in the future. He was worried that he might be trapped in there or other reasons that could delay him for a long time.

"You should stay! "Don't worry, there are three beauties in my ring. In my heart, they are much more important than you." Chen Xiang laughed.

"Oh yeah... Master, your sister wants to challenge me. Last time, she had almost been defeated by Xue Xianxian. Although she did not use her full strength, Xue Xianxian's strength was still unfathomable, and she did not use her full strength.

"Tell her that it's meaningless for a woman to win against a woman. It would be more interesting if she challenged a man and beat the Son of Heaven. Mn, you can tell her that Xiao Chou, Yun Xiaodao, and the others are all here. It would be best if you tell her their whereabouts. " Chen Xiang laughed.

"Master, don't worry, the ancient powers do not dare to touch the people around you. The ancient powers do not dare to touch the people around you, like Yun Xiaodao and the others. Ji Meixian had been paying attention to the movements in the city these days.

"Do your job well. When I come back, I will definitely reward you." Chen Xiang took out his Luotian Gate and teleported to Rough and Random profound Land.

This time, he did not immediately open the spatial gate to Rough and Random profound Land, but chose to travel a distance, otherwise the Luotian Gate would not be able to withstand such a huge spatial energy.

Pill City became much quieter, but the Bloody Thunder Mountain Sea was bustling with activity. The Xue Lei in the Bloody Thunder Mountain Sea seemed to have a spirit, and as more people came in, the Xue Lei seemed to be more concentrated.

The first batch of experts had already entered the ancient forest in the middle of the Bloody Thunder Mountain Sea. Some of them had already sensed the weak spatial fluctuations and confirmed that there was a hidden profound Realm in the middle. As long as they worked together, they would be able to open a door and enter the Super Old Sacred Land!

### [Chapter 888](#)

In the ancient forest in the center of Bloody Thunder Mountain Sea, hundreds of strong practitioners were gathered. The first batch consisted of fifty people, but there was no response even after a long time.

There were also royal experts among the strong warriors. There were experts from the Blue Blood Race and the Wu family, they did not want to enter the Super Old Sacred Land, they just wanted to persuade more people not to enter.

However, most of the Rankers would not listen. If they could confirm that there really was a Super Old Sacred Land inside, they would go in and investigate it no matter what. That was a place that the Ten Heavens Supreme Lord had lived in for twenty thousand years, they would definitely leave behind a lot of good stuff.

Everyone waited for six hours, but there was still no response. They couldn't wait any longer and once again opened a Space Gate. Through the door, they could see a quiet forest with a vast expanse of land.

Another hundred people entered. After an hour, there was finally a reply!

By using a secret technique, they were able to penetrate space and transmit information. It was actually a message for help.

Everyone hurriedly opened a spatial passageway. Everyone became alert. As soon as the spatial passageway was opened, a large number of bloodied people flew out. They were actually thrown out!

There were a total of one hundred and fifty people, and all of them were from the second batch. All of them were badly mutilated, and each and every one of them were severely injured. Not a single one died.

The wounds on their bodies were shocking. They looked like they had been inflicted from the inside out.

"This is a terrifying vibrating power. It vibrates within the body before shaking outwards and from the inside out!" One of the elders had an ugly expression on his face, "It seems like they were all instantly injured by someone!"

"It's a sound wave or something. All the internal parts of their ears are damaged." Those bloodied people all had their flesh torn open and blood flowing out of their orifices. These people were all experts from the ancient powers, yet they were still so weak and could not withstand a single blow.

"It's a dragon ..." There's a very powerful blue dragon in there one day ... .. " A relatively powerful middle-aged man recovered quickly and had the strength to speak. However, just as he finished speaking, he fainted again.

Lan Cang had originally been taking a nap inside when a large group of loud noises suddenly came in. He had exchanged with Chen Xiang for a Leihun fruit and after fusing with it, the Thunder soul broke the seal, allowing him to once again obtain the strength he previously had. Therefore, he did not plan to lower himself to the level of the group of little ants in front of him.

But who knew that when this group of old fellows saw him appear, they would actually discover that he was a dragon, and even clamored to release his dragon blood, to pull out his dragon scales, to pull out his dragon tendons, to take out his dragon beads to refine pills or something like that. After hearing this, how could he not be angry, turning into a huge blue dragon.

However, not long after he fell asleep, more people came out. When they saw him, they wanted to skin him alive just like those guys before. Then, he did the same and retaliated with the furious dragon roar ...

"Ai, I never thought that there would be such a powerful dragon guarding there!" An old man who had consumed a High Rank Pill and recovered quickly sighed.

"Then what about Chen Xiang this kid? Can he avoid this dragon? " A middle-aged man asked doubtfully.

The old man shook his head. "This dragon was originally very gentle, but ..." Some people had the intention of taking advantage of this dragon and then peeling off its scales in order to anger it. "

"That's right. This dragon just told us to lower our voices a little, saying that we have to find a place deeper into the dead. Don't disturb his nap, but some reckless fools want to steal his dragon pearl." She was one of the first batch, but even though she wanted to skin the dragon alive, she didn't say it out loud at that time.

"This is troublesome. We have angered this powerful dragon. If we enter again, we will only have one result." An old man sighed.

A few of the people that did not enter hurriedly asked the spirited old woman. She was one of the few people that was able to recover so quickly.

"What's the situation inside? Is it the same as in the legends? "

"Is it really the Super Old Sacred Land?"

"What do you see except the dragon?"

The old granny nodded her head: "It's just like the legends, there are many mountains inside, although from afar, I can't see it clearly, but I can be sure that those are all giant Lion Mountains, and they should be their dwellings while they were still alive.

"Maybe it's connected to the Emperor's Tomb. If we can get rid of that dragon, we can enter deeper into the cave." An old man said.

"Looks like we need to inform the fellows from the Heaven Realm to come down quickly. They should be able to take care of that dragon!"

"Not only that dragon, there is also that old madman in the Super Martial School who is obstructing the way. This old madman must not be anymore, Chen Xiang's Green dragon demon-slain broadsword is something that can be easily captured." Dongfang Lingyun said. He hated Chen Xiang and Super Martial School to the bones, and whenever he thought about this matter, he almost roared out of anger.

Everyone already knew the dragon's strength. If they went in again, the result would be the same as the people on the ground. Their bodies would crack and their minds would be muddled by the sound waves.

Thus, they decided to return first and use a secret technique to inform the Heaven Realm. This place was the root of all these ancient powers, and this place was the original Tenth Heaven.

The ancient powers allowed more and more warriors to go to the Heaven Realm just to expand their power and raise their strength. This was because many of the strong warriors here had been obstructed in their efforts to raise their strength, but now that the time was ripe, a portion of them could come back!

As the Heavenly Girl, Ji Meixian knew about this matter the first chance she got. She really wanted to notify Chen Xiang, but she couldn't contact him at all.

The Super Martial School also received the news immediately. Huang Jintian had already started to make arrangements, and most of the disciples outside returned back to the Super Martial profound Realm.

Huang Jintian was completely confident now, causing both Gu Dongchen and Wu Kaiming to heave a sigh of relief.

"During this period of time, as long as Chen Xiang is not in the Super Martial School, I have a way to deal with him!" Huang Jintian smiled slightly: "I plan to expel this kid from Super Martial School and push everything onto him."

"Great Ancestor, you're going to kill my Junior Martial Uncle." Gu Dongchen was shocked.

Wu Kaiming hastily advised: "Please reconsider, Ancestor! If I do this, I will be scolded to death by Junior Martial Uncle. "

"Don't worry, this brat's path is just like that. The Super Martial School is a whole body, and if it were destroyed because of him, I would have let down the Old Ancestor!" Huang Jintian stroked his beard and laughed: "This brat has already gone to the Rough and Random profound Land. Seems like he has already grasped the Heaven Earth Killing Method, and might soon enter the Emperor's Tomb!"

"Don't be happy! But he is still my disciple, and he is also the Junior Master of you two brats. "

Huang Jintian was extremely at ease, he only understood his own disciple the best, he smiled: "This is only a strategy to slow the battle, as long as the group of immortals doesn't attack us, give us more time, you guys might soon be able to meet your master! Chen Xiang is a very kind person, if it wasn't because of fear of dragging the Super Martial School down, he would have already gone all out. Now that I kicked him out, I can let the ancient powers experience this little madman's fearless revenge! "

"They're all madmen!" Gu Dongchen and Wu Kaiming muttered in their hearts.

### [Chapter 889](#)

Chen Xiang used a Luotian Gate to come to the Green Summit City, and this city was the closest to the Rough and Random profound Land. Although the inside of the Rough and Random profound Land was hidden an endless amount of killing intent, there were still many people exploring, and some lucky people were able to obtain a lot of good things.

The dangers around the Rough and Random profound Land were not small, but it was definitely a treasure trove. There were a lot of ingredients for refining pills, medicine, and equipment, and even if one had good luck, they would still encounter some rare beasts. However, one must have the strength to kill them, otherwise they would become food for the beasts.

With the advantage of the Rough and Random profound Land in the vicinity, the expansion of the Green Summit City could be considered a relatively large city in the south. Because the distance from here to the middle was too far, the Green Summit City had also built quite a few large ancient Transmission arrays.

Not long after Chen Xiang entered the city, he found out that he had been expelled from the Super Martial School. He was a little angry when he first heard about it, but after thinking about it carefully later, he couldn't help but smile.

"Now, I don't have to worry about dragging the burden on the Super Martial School anymore. I have already been expelled by the Super Martial School, so anything I do has nothing to do with the Super Martial School."

Before, Chen Xiang was more or less wary of implicating the Super Martial School. After Huang Jintian came out, the Super Martial School was like the sun in the sky, developing more and more. However, it still lacked a lot of power compared to the ancient powers.

The Super Martial School needed to develop steadily now. If they could become stronger in the future, they would no longer need to fear other powers.

"I wonder what kind of person the Heaven Realm will send down?" The Heaven Realm was much bigger than the Sacred Dan Realm, there must be many powerful immortals here. If they came here like a swarm of bees to capture him, he could only hide.

"It won't be too strong. Although this Tenth Heaven has been reborn, it hasn't stabilized yet. If it's too strong, it won't be able to go down!" Only when these Tenth Heaven have fully recovered their original strength, can the strongest practitioners from the Heaven Realm s be able to go through this place unhindered. " Long Xueyi said.

"This is to say that the tenth heaven has a mysterious power that restricts the descent of strong people. Is it to prevent the destruction of this world?" Chen Xiang had originally planned to only come to Green Summit City to inquire about the situation.

But now that he knew that he had been expelled from Super Martial School, he had a new plan.

Not a single one of the Rankers that he had lured to the Super Old Sacred Land were dead, and they were only heavily injured. This made him a little disappointed, but what made him happy was that because of this, he had lured all of the Rankers from the ancient powers in the Heaven Realm down!

Although the Tenth Heaven was once the Mortal Realm, it was still extremely dangerous in this vast and boundless land. Even immortals who came down from Heaven Realm were nothing but ants in front of these dangerous lands.

The Rough and Random profound Land near the Green Summit City was a dangerous place, it was a good place to send off the strong warriors.

Chen Xiang did not have any qualms anymore. He felt that it was necessary to let the ancient powers bleed for them and let them know that he was definitely not someone to be trifled with.

If I find any danger in the Super Old Sacred Land, maybe I can escape. By then, even Lan Cang this dragon might not be able to fight against so many strong humans, but the Rough and Random profound Land is different. Those savage beasts are terrifyingly powerful, and there are many mechanisms inside, especially those Lion Mountain killing formations. Chen Xiang had already started a new plan to welcome the immortals from Heaven Realm and wash their faces.

As Chen Xiang walked along the street, he was thinking about his plans. But at this time, the ground suddenly shook, startling everyone.

"A tomb robber with the surname Duan. If you have the guts, go out of the city and fight him." His voice was filled with anger and killing intent, echoing within the Green Summit City.

The Green Summit City forbade fighting. If they met with any enemies, it would be safer to hide in the city.

"If you have the guts to come in and fight me, I'll see if you have the guts to do so!" This was Duan Sanchang's voice. As a small tomb robber from a grave robbing family, he would feel embarrassed to say that his surname was Duan if he did not often cause trouble.

"A villain with the surname Duan who stole my Flying Immortal School's mausoleum. As the head disciple of my Flying Immortal School, today, I must capture you and bring you back." This was another person's voice, and it was also filled with hatred. Duan Sanchang had actually been chased by two people.

"It's not like you f\*cking don't know, it's my grandpa who stole your Flying Immortal Grandmaster's grave, it's none of my business. If you want to find him, then go find him." Duan Sanchang sneered.

Everyone was now relieved. This was not an earthquake, but rather a huge battle that had just taken place outside of the city. Now, all of them descended onto the ground.

The streets became crowded and everyone rushed to the city gate. The Flying Immortal School's origins were not small, and the Duan Clan's notoriety had long spread, everyone wanted to see how the younger generation of the two families would fight, and Chen Xiang was also amongst the crowd.

"Flying Immortal School, I heard that this is an ancient sect just like White Sea Imperial Land, Peach Blossom Imperial Land, and Tong Tian Aristocratic Family!"

"Thousand Saints Peak, Qian Xuan Mountain, Flying Immortal School, and Void Gate. They are known as the Four Great Primordial Sects of the south! The place they are hiding is not the profound Realm, but some dangerous profound Realm, so they don't call themselves sage realm. "

"The strength of the four great ancient sects in the south is on par with Sheng Domain and Tong Tian Aristocratic Family. This tomb robbing son of the Duan Clan, I wonder if he can defeat the head disciple of Flying Immortal School."

Chen Xiang almost vomited a mouthful of blood. That Duan Sanchang was actually the Duan Clan's son of heaven!

"Guys from Qian Xuan Mountain, don't say that our Duan Clan stole your tombs. Your tombs are not so easily stolen, otherwise it would have been long gone." Duan Sanchang said again.

Qian Xuan Shan's men had also come, and everyone was curious, how did Duan Sanchang meet them, was he discovered while digging the grave?

Duan Sanchang laughed loudly: "I understand, you guys were actually jealous that I had just picked up a piece of immortal jade, which was why you guys chased me for over two thousand Li and slandered me in all kinds of ways, all for the sake of finding a justification to make a move on me, and then stole my immortal jade! Heh heh, it's just like the ancient records of our Duan Clan.

In a place inside the city gate, a sloppily dressed Duan Sanchang was facing off against two well-dressed handsome men.

"Yoh, to think that you two were even chief disciples. Even I, Duan Sanchang, could not catch you and chased after me for a good two thousand Li. You guys are really too weak to even touch my fur. If the Duan Clan isn't weak and gets sealed one after another, then you sage realm experts, Tong Tian Aristocratic Family s, no matter what sect you're from, you're just trash. " Duan Sanchang ridiculed.

At this moment, Chen Xiang suddenly thought of a plan. He also said with a mocking tone: "The Four Great Primordial Sects and those Sacred Realm and Tong Tian Aristocratic Family are all the same, when

they rob others, they are all righteous. When they kill others, they are right, but when others kill them and rob them, they are said to be evil villains."

### [Chapter 890](#)

Duan Sanchang took a glance at Chen Xiang, and did not recognize that the middle-aged man in front of him was Chen Xiang. He nodded: "These guys have never felt that their fart was stinky, and even smelled good from it. If you were to say that their fart was stinky, they would definitely fight you to the death."

Chen Xiang laughed, "You're right. Brother Duan, how about this, leave this Flying Immortal School to me! I've always loved to teach these guys a lesson in my life. Don't worry, I won't kill them."

"Brother, please do as you please. You can just casually beat up this kind of farting spirit. But you have to be careful, those old farting spirits will definitely come out." Duan Sanchang laughed.

"That's for the best. I'll beat it up together."

The faces of the Flying Immortal School and the two handsome senior disciples of the Qian Xuan Sect were gloomy. Clenching their fists tightly, they could not help but want to smash the mouths of Chen Xiang and Chen Xiang.

"Hey, what's your name? My fist doesn't hit nameless people." Chen Xiang slowly rolled up his sleeves. He looked like a pig slaughtering elder, preparing to kill the pig.

Even the head disciple of the Flying Immortal School had never heard of him, but this man was way too inexperienced, causing people to think that he was just pretending.

Chen Xiang had indeed never heard of the person's name before. He walked towards the city gate.

"Hmph, as expected of a country bumpkin with too little knowledge. You'll know the consequences of talking too much later!" My name is Hua Xiongshao, so you must remember my name so that you can complain in front of the King of Hell. " Hua Xiabao's voice was cold and chilling, and his bone-piercing killing intent sent shivers down the spines of those who heard it.

Duan Sanchang stood at the city gate, taking the chance to attack. The middle-aged man in front of him did not have a very powerful Qi, he could not watch such a person die.

After exiting the city gates, Chen Xiang laughed, "You're Hua Xiabao, right?!"

"That's right. Did you remember that?" He had just finished speaking.

Chen Xiang suddenly disappeared and reappeared in front of Hua Xiong Shao. That extremely terrifying speed caused everyone to feel chills run through their bodies. Chen Xiang swung his fist up and down, striking Hua XiongShao's chin. The moment it collided with him, it suddenly exploded with a burst of piercing lightning light, and dozens of purple electric snakes shot out from Chen Xiang's fist. It was as if they were thunder gods that controlled thunder and lightning, possessing the supreme Thunder power!

After the lightning disappeared, the rumbling thunder spread in all directions and vibrated towards the distance!

In that very short period of time, as if he had been struck by lightning, Hua Xiabao's jaw was struck, and all the teeth in his mouth and chin had shattered. His handsome face was also charred black by the terrifying Thunder power!

Hua Xiong Shao covered his mouth as tears fell from his eyes. He never thought that Chen Xiang would be so insidious, to actually make a move, but even if he was prepared, he still could not dodge. Even more so, he never expected that this middle-aged uncle's attack would be so ruthless.

"Your name is really hard to remember. I just forgot. What's your name?" Chen Xiang had an apologetic look on his face on purpose as he said sincerely: "I don't know if I can trouble you to tell me again!"

Everyone secretly looked down on him. He had smashed the other party's mouth, yet he still wanted others to speak. He was clearly doing this on purpose.

"If you don't want to say it, then forget it. Although my fist does not hit nameless people, my foot does." Chen Xiang's body moved as fast as lightning and with a whoosh, he appeared even stronger than Hua Xiong Shao. He kicked at Hua Xiong Shao's abdomen, causing him to scream miserably as he spat out a mouthful of blood.

Duan Sanchang heaved a sigh of relief, the middle-aged uncle didn't need him to worry, he was secretly surprised at the means of the middle-aged uncle in front of him. In a battle between experts, as long as he lost half a move, he could be defeated.

However, Chen Xiang had been caught off-guard from the start, and his speed and strength were both extremely terrifying. Hua Xiong Shao had looked down upon Chen Xiang from the start with a casual attitude, which was why he was taken advantage of by Chen Xiang earlier, and got beaten up by him with a single punch, causing his eyes to shine, and his jaw to shatter.

Chen Xiang had a lot of battle experience, all of them were developed by him at Huang Jintian's place. When he was sparring with Huang Jintian, in order to win against him, he used up a lot of effort.

"Oh? Are you pretending to be the head disciple of the Flying Immortal School to commit evil? How could he be so weak? You must not have used your full strength!" Chen Xiang punched towards Hua Xiong Shao's face again, and another bolt of lightning shot out. Hua Xiong Shao was sent flying on the spot.

"Hey, use all your strength, fake!" Chen Xiang shouted very seriously.

He had already heavily injured her, yet he was still shouting for her to use her full strength!

Seeing how strong Chen Xiang was, the head disciple of the Qian Xuan Sect quietly squeezed into the crowd and went into the Green Summit City to look for help.

The head disciple of the Flying Immortal School, was really not weak at all. Otherwise, he would not have been able to chase Duan Sanchang so far.

"Stop. Brother, I believe that you are also someone from the older generation. How could you bully someone from the younger generation? Don't you feel ashamed?"

An old man suddenly appeared. He was dressed in white, his hair was white, and his face was cold.

"I am an elder of the Flying Immortal School. As a senior, you have injured a disciple of my Flying Immortal School. I will not let you leave so easily today."

Chen Xiang said innocently: "I am not from the older generation, and I did not intentionally injure him. He is so weak, how could he be the head disciple of your Flying Immortal School? I only started to teach him a lesson when I saw him pretending to be the head disciple of the Flying Immortal School. "

"You don't need to flowery words, he's actually the head disciple of our Flying Immortal School! If you are not a senior figure, how could you possibly injure him? Come with me back to Flying Immortal School to receive your punishment. " The old man said gloomily.

Duan Sanchang sneered: "Old Turtle, do you recognize me? The head disciples of the Qian Xuan Sect and the Flying Immortal School wanted to snatch my things, what do you mean by that? "

"The Duan Clan that stole the tomb are all villains, and it is only natural to kill them. Our Flying Immortal School would never do anything like robbing them, so don't spout nonsense." The old man looked at Duan Sanchang coldly.

Duan Sanchang roared: Old Turtle Qiu Bin, your Flying Immortal School is also not a good person, remember this, I can't beat you, but I swear, I will definitely dig out all of your Flying Immortal School's ancestral graves, he!

The old man's name was Qiu Bin, he was an elder of the Flying Immortal School, and Duan Sanchang had a grudge with this old fellow a long time ago.

"Brother Duan, don't be angry. These farting elites have always been like this. Today, I'll definitely smash their stinky mouths to pieces." Chen Xiang's voice became gloomy and cold.

The elders of the Flying Immortal School were not weak. was confident that he would be able to defeat them after facing the Sixth Nirvana Tribulation, but it would be a bit more difficult.
