

Dan God 901

[Chapter 901](#)

Zhao Yiprofound saw that Chen Xiang had not moved for more than two hours, and could not help but become restless. Previously, she had personally witnessed the Lion Mountain burning with terrifying blue flames, and was worried that this Lion Mountain would do the same.

"Is this also a Lion Mountain that can move?" Zhao Yiprofound asked.

"No, this Lion Mountain can't move, but it can hide ten Transmission array s. Only one of these ten Transmission array s can be teleported to a safe place." Chen Xiang said: "I am trying to find a way to differentiate the Transmission array."

Chen Xiang spoke the truth with a headache, because he did not know how to make the choice within the ten Transmission array s. The stone tablet did not specify which one was the safest option, nor did it say where the Transmission array would go if he was mistaken.

After a short while, Chen Xiang opened his eyes and sighed.

"Looks like we have to take the risk this time. Let's go find those ten Transmission array s first."

"Don't kill us!" Zhao Yiprofound was a little unhappy, because he wasn't very confident now.

"Don't worry about me. You can leave by yourself." Chen Xiang glanced at her, then headed towards the top of the mountain.

There were a few paths for every safe Lion Mountain, but Chen Xiang had chosen the last path, he felt that he could approach the Emperor's Tomb this way.

The Lion Mountain was very big, it was not easy to find ten Transmission array s from there, and they were even hidden very easily. Fortunately, Chen Xiang had found some clues from the stone tablet, and was able to find a rough direction for him to head towards.

Chen Xiang had been relaxed along the way, because he was the most important person in this group. Whether or not he could get out was entirely up to him, and he believed that it wouldn't be too hard to get out.

Zhao Yiprofound and Feng Ziprofound were extremely worried for Chen Xiang, but they had no choice but to believe in Chen Xiang. Seeing Chen Xiang's relaxed look, they felt extremely unhappy in their hearts.

"This is the first Transmission array, mark it well." They came to the center of a few large trees. This Transmission array was actually formed from a large tree, and if one did not see some strange patterns on the ground connecting to a large tree, no one would be able to see it.

Chen Xiang swept the dust off the ground and carefully observed the Spirit grain. Seeing how serious he looked, Ji Meixian and the others secretly cursed, they did not expect Chen Xiang to be proficient in these Spirit grain s.

"This Transmission array is very unreliable. The location of the teleportation is a dangerous group of Lion Mountain. Chen Xiang shook his head.

"Do you have any demon beasts in Lion Mountain?" Ji Meixian suddenly said to Chen Xiang: "I sensed something, it's something that can move, and it's a rare item that absorbs a large amount of plant essence."

Chen Xiang replied as he furrowed his brows, "Only dangerous Lion Mountain would have Demonic Beasts. This Lion Mountain is safe, there shouldn't be anything else."

Zhao Yiprofound and Feng Ziprofound also realized that something was amiss. They could feel the fluctuations of energy.

"Little Naughty Dragon, let's go take a look!"

Chen Xiang could also feel it now, that it was the rich essence of flowers, plants and trees, frantically being sucked out by something. Even if he wanted to use the Devouring magic kungfu, it wouldn't be easy to extract all these energy.

"It's good stuff, don't let that woman have it." Long Xueyi shouted as he and Feng Ziprofound flew out.

Chen Xiang and Ji Meixian immediately rushed over, only some naturally formed spirit objects had a chance of absorbing the wood essence.

Sure enough, they soon saw a thumb-sized white pearl crazily devouring some multicolored mist, which was the essence of the nearby plants and flowers.

"This is ..." The Caomu heavenly Dan, you have to obtain it! " Su Meiyao shouted in shock.

Chen Xiang had never heard of it, but from Su Meiyao's reaction, he knew how precious this Caomu heavenly Dan was.

However, Feng Ziprofound and Zhao Yiprofound were even faster than him, and arrived beside the Caomu heavenly Dan in an instant. Both of them reached out to grab the Caomu heavenly Dan at the same time, but surprisingly, the Caomu heavenly Dan turned into a ray of light and shot into the ground.

"little maid, quickly feel where that thing is and tell me." Chen Xiang anxiously shouted.

Ji Meixian replied: "I can't sense it, but this thing seems to know how to restrain its aura."

Long Xueyi immediately released one hundred and eight divine intents, unleashing the Heaven tour method to its limit as he sent all of his divine intents into the ground, searching for the Caomu heavenly Dan.

Feng Ziprofound and Zhao Yiprofound also used their divine intents to search for Caomu heavenly Dan s on the ground, but they suddenly felt an enormous pressure from Chen Xiang's divine sense, causing them to jump in fright. They thought that there was some old fellow in the vicinity, but they immediately realised that the divine intent was actually emitted from Chen Xiang's body.

Chen Xiang possessed such a terrifying divine intent, it was completely against the norm. This caused Zhao Yiprofound and Feng Ziprofound to be extremely shocked, as they looked at Chen Xiang with extreme vigilance.

Now, Chen Xiang could not care so much, he had to obtain that Caomu heavenly Dan. Ji Meixian was also extremely curious about that thing, and it was actually able to instantly disappear from the range of her spiritual perception. Only she knew that the consciousness Chen Xiang released was Long Xueyi's, and that Imperial Dragon Race cultivates the divine way.

"Found it, hide underneath it!" Long Xueyi said, only to see Chen Xiang's body releasing a burst of white light, and crawling into the ground.

Long Xueyi actually went out to capture the Caomu heavenly Dan herself, but right now, only she could get her hands on it quickly.

"What's that?" Zhao Yiprofound felt a powerful being suddenly running out of Chen Xiang's body, but she could not figure out what it was.

"None of your business. If you run into any good stuff, just get it based on your own abilities. Don't even think about stealing it!" Chen Xiang looked at Feng Ziprofound warily. He took out the Green dragon demon-slain broadsword because both Zhao Yiprofound and Feng Ziprofound were holding onto weapons.

At this moment, Long Xueyi sent a sound transmission to Chen Xiang, "That thing's speed is extremely fast.

The moment she finished speaking, a white pearl of light flew out. Chen Xiang waved her sleeve, releasing a large amount of water vapor, enveloping the Caomu heavenly Dan that had just flown out, and then, a wave of cold energy surged out.

Seeing that, Zhao Yiprofound and Feng Ziprofound jumped up.

"It's mine!" Chen Xiang roared out angrily as the sound wave shattered that huge block of ice. He then used the spatial extraction technique to grab that Caomu heavenly Dan.

Zhao Yiprofound and Feng Ziprofound were furious, they were much stronger than Chen Xiang and were the first ones to discover the Caomu heavenly Dan, almost getting it, but in the end the Caomu heavenly Dan ran away and landed in Chen Xiang's hands.

Seeing Chen Xiang holding onto the small pearl that was emitting light, Zhao Yiprofound and Feng Ziprofound's eyes burned with envy and greed, and they immediately flashed and arrived in front of Chen Xiang.

Chen Xiang was furious in his heart. They had clearly fallen into his hands, but these two people still wanted to snatch it away.

[Chapter 902](#)

The Caomu heavenly Dan was caught in Chen Xiang's hand and could not be placed into the Youyao ring, which was very strange.

When Zhao Yiprofound and Feng Ziprofound arrived in front of Chen Xiang, they both struck out with their palms at the same time. The force behind the palm was extremely strong, the wind produced from the palm strike broke all the trees behind Chen Xiang, and Chen Xiang barely dodged it, but he was still shaken to the point where he spat out blood.

"Eat it!" Su Meiyao said.

From the looks of it, Zhao Yiprofound and Feng Ziprofound were going to plunder the Caomu heavenly Dan s no matter what methods they use, and so they struck out at Chen Xiang consecutively. But being attacked by the two experts, Chen Xiang was able to dodge more than ten of them.

"Hand it over!" Zhao Yiprofound shouted coldly, her jade palm released a kind of light blue icy Qi, causing her surroundings to be covered in cold ice and frost. Her palm struck down, and at the same time, it released a burst of cold wind that blew towards Feng Ziprofound, as though she wanted to take all the Caomu heavenly Dan s by herself.

However, Zhao Yiprofound's expression immediately changed, because the one sealed in the ice was not Chen Xiang, but was only an illusion.

Chen Xiang was already hiding behind a tree and swallowing the Caomu heavenly Dan. When Zhao Yiprofound and Feng Ziprofound rushed over, it was already too late, because the Caomu heavenly Dan had already melted into Chen Xiang's body and started to merge with it.

"You ..." Zhao Yiprofound waved his hand and slapped across, but it only hit an illusion. His palm hit the big tree and cracked the tree trunk.

Chen Xiang's body overflowed with a light green mist. He was hiding within the dense leaves on top of a large tree, as if he had merged with the leaves, so no one could discover him.

Zhao Yiprofound and Feng Ziprofound were shocked, they cursed Chen Xiang in their hearts while looking all over the place. Ji Meixian being ordered to look for Chen Xiang was even more so, because she could not sense Chen Xiang with her spirit sense. All she knew was that Chen Xiang was still nearby, and that it was all because of Master-servant Contract.

"Damned slut. You were almost killed by her. Don't ever hope to leave this place alive in your life." At this time, Chen Xiang was extremely angry. Fortunately he had already merged with the Caomu heavenly Dan, so even Ji Meixian was not able to find him.

"Eating this Caomu heavenly Dan can allow you to integrate with nature, making it easier for you to comprehend the natural power of the earth, allowing you to absorb the plant essence. Furthermore, it will allow your aura to completely merge with nature and not be discovered by others." Su Meiyao heaved a sigh of relief. Just now, he was truly shocked to discover that being ambushed by two Heaven Realm Rankers meant that he was weak. It was not because of Chen Xiang's rich experience in battle, but because of the heavy injuries.

Zhao Yiprofound and Feng Ziprofound knew that it was a Caomu heavenly Dan, even in the Heaven Realm, it was extremely valuable, allowing many people to snatch it until their heads bled.

Now, they knew that Chen Xiang had hidden himself to merge with the Caomu heavenly Dan. If Chen Xiang succeeded in doing so, he would be able to escape their pursuit. In the future, even if they had an even stronger treasure, they would not be able to find Chen Xiang.

Zhao Yiprofound took out a round green jade plate. On the green jade plate, there was a finger array, and the finger array was frantically revolving. Chen Xiang guessed that the green jade plate was a tracking treasure, but it was obviously ineffective now, and was unable to pinpoint the direction.

Feng Ziprofound also had a Green Jade Plate, and under the same situation, the array would spin, with no fixed target.

"This is troublesome!" Zhao Yiprofound frowned and muttered to himself. He was even stomping his feet vigorously, because if Chen Xiang left this Lion Mountain, they would be trapped here forever.

Although Ji Meixian had obediently listened to her arrangements, she was gloating in her heart. She was an experienced person, and had suffered many losses at Chen Xiang's hands, so these two people who were stronger than her, were still toyed around with by her. Now, she was trapped and died here.

She was Chen Xiang's little maid, and her relationship with Bai Youyou and Su Meiyao's master was very complicated. Chen Xiang regarded her very highly, and would not abandon her.

While Chen Xiang was fusing with the Caomu heavenly Dan, he was also considering whether he should use Zhao Yiprofound and Feng Ziprofound. However, these two were too dangerous, he had almost been killed just now.

However, just him and Ji Meixian alone would be in danger here. If they bumped into some powerful beasts or anything like that, they would be in danger.

"Chen Xiang, come out, I promise I will not do anything to you, I can swear a blood oath!" Zhao Yiprofound became anxious. They had not been able to find him for more than six hours, but they had no idea that Chen Xiang had been hiding inside that tree the entire time.

Chen Xiang sneered in his heart. He would not go out, he had to continue waiting, since this Lion Mountain was safe anyway and the spirit energy here was suitable for his cultivation. It would not be a problem for him to stay here for a year or so.

"As long as you come out, we will immediately swear a blood oath and never make a move on you again!" Feng Ziprofound was even more anxious, he did not want to stay in this damned place forever. Even if he was trapped for ten or eight years, he was still extremely unwilling.

Feng Ziprofound and Zhao Yiprofound were both the Heavenly Sisters of the big powers, with their current strength they could only cultivate after absorbing the immortal qi. They did not have much pills, so if they were trapped here for too long, they would not be able to raise their strength at all. At that time, they would just die of old age, and if their situation dragged on for too long, someone from Heaven Realm would take over their position, and their good days would soon come to an end.

Ji Meixian looked at Zhao Yiprofound's anxious and furious expression, and thought to himself: You obviously have a favor to ask, and yet you still want to kill someone else, you deserve it!

She knew Chen Xiang was still in the Lion Mountain, and she also understood that Chen Xiang's current plan was to make Zhao Yiprofound and Feng Ziprofound anxious on purpose.

"little maid, you must think of a way to lure those two idiots over to the Transmission array. I remember that the stone tablet mentioned that there is a Transmission array that is disguised as a killing array. If it succeeds, both idiots will be injured by the killing array. Don't be afraid to get hurt, I have pills to help you recover." Chen Xiang pondered for a while and finally thought of a good idea.

After Ji Meixian received Chen Xiang's sound transmission, he immediately replied: "Okay, tell me the location of the killing array, I'll try my best to deceive them."

She was wearing divine clothes, and since Chen Xiang had already returned the undergarment to her, it was already complete and even more powerful than before. Therefore, Chen Xiang was not worried that she would be killed by the killing array, at most she would suffer a little.

Ji Meixian was not afraid of hardships, she just wanted to quickly get rid of Zhao Yiprofound and ruthlessly slap this woman on her face dozens of times.

Chen Xiang told Ji Meixian the direction of the killing array. Ji Meixian's eyes flickered, as he was thinking of a lie.

After thinking about it, she sent a sound transmission to Zhao Yiprofound: "Miss Heavenly Maiden, I think we should search for those Transmission array first. This Lion Mountain isn't really that big, we just need to take some time to find them. We can also threaten him, if he doesn't come out, we will destroy the Transmission array and perish together with him!"

[Chapter 903](#)

Zhao Yiprofound looked at Ji Meixian, and her eyes sparkled, she suddenly felt that Ji Meixian was very scary. Previously, she had bullied and humiliated him, but now, he was trying to curry favor with her.

But she knew Ji Meixian's strength, in her eyes, he was nothing more than ashes, she could blow him away with a single breath, so she was not afraid that Ji Meixian would harm her.

Ji Meixian's way of thinking was indeed not bad. Zhao Yiprofound nodded to her, then called Feng Ziprofound over. Although there were some conflicts between them, they had no choice but to work together now.

Then, I will wait for them to find two, then I will tell them the rules inside. Then, you will pretend to discover the rules, find the other Transmission array, and leave the killing array to the last person. When you guys get close to that killing array, I will activate it. After Chen Xiang found out about Ji Meixian's plan, he began to discuss it with Ji Meixian.

Ji Meixian was an old man to begin with. Now that they had teamed up with Chen Xiang, even though Zhao Yiprofound and Feng Ziprofound were strong in one side, they were merely young chickens who did not know the limits of the heavens in their eyes.

"Master, that Zhao Yiprofound must be left for me." Ji Meixian said, although she called Chen Xiang Master, but her tone did not sound like a female slave at all.

"Good!" But don't torture her to death, if we want to get close to the Emperor's Tomb, we have to rely on her. That man is weaker than Zhao Yiprofound, there's no use in keeping him. " Chen Xiang said.

The three of them split up and searched for the Transmission array. Ji Meixian searched for two days, pretended to have stumbled upon one of them by chance, the one he and Feng Ziprofound each searched for five days later.

"You also know formations?" Zhao Yiprofound saw Ji Meixian squatting on the ground, staring at the Transmission array formed by the big trees, caressing the runes with her jade hands.

"I know a little, but I have learned it before. These Spirit grain are all very ancient, and the Spirit grain that the Tong Tian Aristocratic Family and Sheng Domain have in their possession right now should be created using these Spirit grain as the foundation." Ji Meixian said, she really did understand a little. After all, she had been in the Heaven Realm for many years, and she herself was from there.

"Chen Xiang is still in the Lion Mountain, because he needs a lot of energy to activate the Transmission array. If he wants to activate it, he will have to use a large amount of Spar, and at that time, we will definitely be able to find him. However, he might have other methods, so it would be better for us to find the other Transmission array." Ji Meixian stood up, and looked around: "We've already found four, and they aren't too far apart, making them easy to monitor."

"From the looks of these four Transmission array s, there should be a set pattern to the positions they are at. I think I should be able to find the other six from them."

Zhao Yiprofound did not dare to underestimate Ji Meixian. After all, Ji Meixian was also a daughter of heaven, and if she was given time, she would be able to grow to her level in the future, and she would even be so proficient in array formations, so it was rare to see a daughter of heaven like this. Whether it was the Heaven Realm or the Mortal Realm, the Son of Heaven and the daughter of heaven's main goal was to raise their strength, and not do anything else.

Chen Xiang told Ji Meixian the rules. As Ji Meixian followed a few tracks, he explained the rules, which surprised both Zhao Yiprofound and Feng Ziprofound, because all of these were laid out by the Ten Heavens Supreme Lord back then. But now, a small heavenly girl like Ji Meixian was actually able to see through the rules, they were clear that this required a very complicated process of calculation.

They all heaved a sigh of relief. As long as Chen Xiang was still in the Lion Mountain, they would have hope to find him. And right now, they could monitor those Transmission array s.

"The ninth!" One more to go! " Ji Meixian pretended to be tired as he sweated profusely.

"Don't stop, continue to find the last one for me." Zhao Yiprofound's voice became stern. If she did not see Ji Meixian proficient in formation, she would have already slapped him or scolded him loudly.

"Yes sir!" Ji Meixian replied softly. She knew she wouldn't have to endure for long.

Chen Xiang had been hiding in the vicinity of the killing array, the moment someone arrived, he would immediately activate it!

That killing array was actually a trap. If one did not completely understand the contents of the stone tablet, one would not know that it was a killing array.

Ji Meixian was already prepared. When the killing array opened, she would immediately use her divine clothes to block.

"This is the last one, but this one is a bit strange, hurry and come over!" Ji Meixian purposely had a face of shock, looking at the runes on the ground.

Zhao Yiprofound and Feng Ziprofound immediately entered the forest. They discovered that the runes on the ground were different from others, they were even more profound and looked extremely powerful. It made people suspect that this might be a Transmission array that could bring them away.

"Do you know how to open this Transmission array?" Zhao Yiprofound asked.

Chen Xiang laughed in his heart, and said in his heart: "I know!"

With a thought, he used his soul consciousness to trigger the hidden source of the killing array. He saw that the killing array suddenly burst into a red light and countless red long swords suddenly shot over from all directions.

Ji Meixian had God's Robe to protect her, the terrifying Sword Qi was unable to penetrate her body, but was able to send her flying.

In that moment, Zhao Yiprofound and Feng Ziprofound immediately released their treasures to block, and retreated out of the killing array at the same time. However, the powerful Sword Qi released by the killing array destroyed all their treasures, and in a few blinks of an eye, they were covered in blood.

This wasn't the end. After the red light disappeared, it shot out many fire dragons that coiled around their bodies, causing them to let out miserable cries.

Although Ji Meixian had been knocked out, her internal injuries were severe. She still had lingering fear in her heart at this moment, because if she did not have the Divine Robe protecting her body, she would have been burnt into countless pieces of meat by now.

Zhao Yiprofound and Feng Ziprofound did not die because they were supporting themselves with their terrifying power.

After the flame passed, the killing array released a terrifying cold air. All the trees within several feet of the killing array were frozen and then shattered. Zhao Yiprofound and Feng Ziprofound were frozen to the point that they couldn't move, followed by bursts of purple lightning that shot out from the killing array, striking the two people.

Zhao Yiprofound did not die, she opened her eyes wide, she could see Ji Meixian meditating in the distance, it annoyed her so much that her teeth were itching for action. Of course she could see that Ji Meixian had a powerful treasure, much more powerful than their immortal equipment, which made her extremely jealous.

And what was even more infuriating was that Chen Xiang had appeared at that moment, he was standing right behind Ji Meixian, and even gave him a spirit pellet!

Zhao Yiprofound and Feng Ziprofound were so angry that their bodies almost exploded. Even if they used their toes to kick, they could already imagine that Chen Xiang and Ji Meixian had teamed up and tricked them!

Ji Meixian ate the Relive Dan and recovered most of his strength. He stood up to follow behind Chen Xiang as he walked towards the killing array with a smile.

[Chapter 904](#)

The Killing Array was still crazily attacking Zhao Yiprofound and Feng Ziprofound, its strength was not as strong as before, and now the Killing Array was under Chen Xiang's control.

Chen Xiang smiled as he walked in front of Zhao Yiprofound. When Zhao Yiprofound saw his little face and the obedient Ji Meixian behind him, both her and Feng Ziprofound's eyes were spitting fire. Although Ji Meixian was the heavenly daughter of the Mortal Realm, she was also very high up in the sky. Furthermore, they could tell that Ji Meixian was very obedient.

"Tsk tsk, Miss Heavenly Maiden, you look really miserable right now. How did you do that?" Chen Xiang stood about ten feet away from the killing array and revealed a complacent smile.

Zhao Yiprofound wanted to say something, but the lightning struck her body that was riddled with wounds, causing her to scream in pain.

This killing array was not ordinary, furthermore, there was still a large amount of energy that was not consumed. Only Chen Xiang could activate this killing array, because the way to activate these array formations were all inside the stone tablet.

Although Ji Meixian's injuries were much better, they still left a lingering fear in her heart. Just now, she was severely injured in this killing array, if not for her anxiously releasing her divine clothes to block, even if she did not die, she would still be suffering inside! This was the power of the Ten Heavens Supreme Lord. Randomly setting up a small killing array would be able to torture all the Rankers from above the Heaven Realm to death.

She felt that only with her peak strength back then would she be able to resist the power of the killing array.

"Chen Xiang..." Zhao Yiprofound shouted angrily, but she could only say that word, and was struck by a terrifying bolt of purple lightning.

Feng Ziprofound had received the strongest attack, this was intentional by Chen Xiang, Zhao Yiprofound and Feng Ziprofound were both severely injured by the killing array attack, but he did not dare to let his guard down, and did not immediately release the Son of Heaven and the Heavenly Girl.

"Don't kill her, you promised." Ji Meixian saw that Zhao Yiprofound was almost at his limit and anxiously said.

At this moment, Zhao Yiprofound was lying on the ground like a pile of mud. He did not immediately scream, he had already been struck by the terrifying lightning released by the killing array, causing him to faint.

Although these delicate and beautiful heavenly sons had gone through many experiences, this was the first time they had suffered such a great loss. Facing the humiliation and pain, fainting away was a very good thing for them.

"I know, but you should know the strength of these two. I can't stop right now, so I need to make sure they don't have the strength to fight back." Chen Xiang was extremely cautious. Both of them were favored by the heavens, and might even have powerful treasures on them.

He had already told Long Xueyi to check the dantian of these two people. He wanted to make sure that these two people could no longer use the energy in their bodies.

Ji Meixian's eyes were filled with killing intent as he stared at Zhao Yiprofound. His eyes could kill, but Zhao Yiprofound had already been dismembered into a million pieces.

"You really do hate her, just like how you hated me before." Chen Xiang laughed out loud, sitting on the ground and looking at the two charred people on the ground.

"Hmph, you don't know how many times this slut slapped me. Once she comes down, the entire White Sea Imperial Land will be in her hands, I'm not even comparable to a dog in her eyes, she'll slap my face whenever she wants!" The more Ji Meixian spoke, the angrier he got. His chest bullied fiercely, he wanted nothing more than to charge forward for his revenge.

"No wonder you resent me so much, I am already very angry listening to you, you actually dared to hit my little maid like that!" Chen Xiang's brows knitted, and then, in an extremely gentle manner, he caressed Ji Meixian's beautiful face. Even I am not willing to hit her, but this woman has hit me many times! "

"If I want to completely cripple them, I have to take out their Heaven Pill." Ji Meixian said.

"Heaven pill?" Chen Xiang had merged with a Caomu heavenly Dan before, he never thought that there would be such a thing in a human's body.

"After overcoming the ninth tribulation, fly to the Heaven Realm. After flying, absorb a large amount of immortal energy and condense the Innate Qi in your body into a pellet. All immortals have such a thing, but once a person dies, the Heavenly Pill will quickly dissipate. " Ji Meixian said.

"The Heavenly Cores in their bodies are still very strong, they are not damaged at all. It is just that their bodies are not strong enough." Long Xueyi said: "Their souls are also very strong, they have powerful treasures on them that protect their souls."

"Of course, as long as the soul and heavenly pill are still there, it's equivalent to being alive. As long as the medicinal pill is there, the fleshly body can be reconstructed." Ji Meixian shook his head: "It seems like this killing array will be very difficult to harm their Heaven Pills, their souls and Heaven Pills have powerful immortal treasures to protect them."

"Wouldn't it be fine if we just take out their Heavenly Pills?" Chen Xiang said.

"No, you have seen the Caomu heavenly Dan before, their souls are inside the Heavenly Core. As long as you stop this killing array, their Heavenly Core will jump out and run away! The power contained in their Heaven Pills is much stronger than Caomu heavenly Dan s, if they were to run out, it would be difficult to catch them. " Ji Meixian said.

Chen Xiang suddenly thought of his own situation in the future. He had five Beast statue and a set of Taiji yin and yang map in his Dantian. Would he be able to condense a Heaven Pill?

"They didn't faint?" Chen Xiang took a few steps forward and looked at Zhao Yiprofound and Feng Ziprofound.

"Their consciousness is still there. We can hear the sounds coming from the outside. It's just that their physical bodies are no longer sufficient." Ji Meixian replied.

Chen Xiang touched his chin, and laughed: "So that means that all of the Heaven Pills are driven by their souls?"

Ji Meixian nodded, she suddenly guessed what Chen Xiang was trying to catch.

It is very difficult to kill them, especially now that they are on guard. If you do not kill them when they are not paying attention, you can shatter their Heavenly Cores with a single slash. Ji Meixian said: "But you just need to control their souls."

Chen Xiang wanted to use the Soul Absorbing Devil Spell to control the soul inside the Heaven Pellet.

"Devour that man's soul, then temporarily keep the Heavenly Dan. That is a pure power." Bai Youyou said.

When Chen Xiang used the Soul Absorbing Devil Spell, he did so more than ten feet away from him. Moreover, he even needed to cooperate with the Devouring magic kungfu to penetrate the killing array and devour Feng Ziprofound's soul.

In order to not be disturbed, Chen Xiang displayed these two devilish arts to the fullest and devoured Feng Ziprofound's soul through the air.

"It seems my soul has grown a lot stronger this time." Chen Xiang was feeling excited in his heart. He could feel Feng Ziprofound's powerful soul, and he could also hear Feng Ziprofound cursing at him.

Feng Ziprofound's soul was currently resisting the soul attack from the killing array, and now that Chen Xiang had seized the opportunity to enter, he could easily erase Feng Ziprofound's consciousness. After that, he would extract his soul and absorb it into his sea of consciousness, allowing his soul to handle the situation.

"Settle one!" I didn't expect this killing formation to have soul attacks as well. Chen Xiang laughed and then began his attack on Zhao Yiprofound.

[Chapter 905](#)

Feng Ziprofound was finished, but he still had a Sky Pill that contained a huge amount of energy!

Now it was Zhao Yiprofound's turn. Chen Xiang had promised Ji Meixian that he would leave this woman to her, so he couldn't devour Zhao Yiprofound. At that time, Ji Meixian would take revenge on an unconscious body, and he would definitely not be able to vent his hatred.

However, he could seal Zhao Yiprofound's Heaven Pellet, and as long as he was unable to use the Heaven Pellet, he would not be able to drill into the ground like the Caomu heavenly Dan.

"As long as I seal her Heavenly Dan, I can stop the killing array and get her out." A golden light shot out from between Chen Xiang's brows and released its mana. It used its mana to engrave a restriction on Zhao Yiprofound's Heaven Pellet, imprisoning the power of her Heaven Pellet.

Ji Meixian clenched her jade fists tightly, waiting for the moment she would take her revenge.

"Chen Xiang, you despicable person, what are you doing?" This was Zhao Yiprofound's soul screaming.

Chen Xiang laughed coldly: "Despicable person? Aren't you despicable? That Caomu heavenly Dan was obviously stolen by me, but you guys wanted to kill me and snatch it away. If it wasn't for that matter, we would have already been sent to the other Lion Mountain and might have already left already! "

He started to use his Fa Li to carve a few Spirit grain on the shiny blue Heaven Pellet. This was a Spirit grain that could seal the power inside the Heaven Pellet.

This Zhao Yiprofound was indeed not simple, he already had a blue colored ice spirit in his body, and a yin meridians, an expert who used the Icy cold power.

Chen Xiang took six hours to successfully seal the power of Zhao Yiprofound's Heavenly Pellet, but it would not last long, and would only last for three days at most. If Zhao Yiprofound's body recovered, she could break the seal faster.

Chen Xiang grabbed onto Feng Ziprofound, and Ji Meixian walked out of the killing array.

Zhao Yiprofound's entire body was wounded, but after leaving the killing array, the Sky and Earth aura had surged into her body, nourishing her wounds.

Chen Xiang summoned his Green dragon demon-slain broadsword and turned it into a small dagger. He slashed open Feng Ziprofound's abdomen and removed a white pearl that was as big as an egg.

When Zhao Yiprofound and Ji Meixian saw this scene, they felt weird, especially Zhao Yiprofound, if her Heaven Pellet was taken out, then her cultivation would be crippled.

"This is the Heaven Pill! The energy inside is really terrifying! " Chen Xiang sighed.

"My junior sister and I have already suffered damage to our Heaven Pills, and the damage to our dantian is very serious. If we want to recover, we must first restore our Dantian, and then allow the Heaven Pills to be reborn." Bai Youyou said.

The Heaven Pill was the source of power for those immortals. If it was taken away, it would be equivalent to a cripple with a powerful fleshly body.

"Slut!" Ji Meixian slapped Zhao Yiprofound hard. Although Zhao Yiprofound had been struck by lightning, she was a woman after all, and had to protect her beautiful face at all costs. And this made Ji Meixian feel really good about it.

Pah pah pah ...

Ji Meixian's left and right hands rotated, and did not listen to any slaps on Zhao Yiprofound's face, but Zhao Yiprofound's body was still considered strong, and after getting hit so crazily by Ji Meixian, he could actually only become slightly red.

Of course, Ji Meixian never planned to smash that beautiful face to pieces, otherwise she wouldn't be able to do so in the future. Zhao Yiprofound was currently grinding his teeth, his eyes filled with hatred. Ji Meixian had not been able to hurt her, but this was worse than being cut on her body.

"As expected of the Great Heaven Lady, her recovery is really fast!" Ji Meixian's face was gloomy and ruthless, as he ridiculed and slapped Zhao Yiprofound's face.

"You traitor..."

"You are the traitor, your entire family is a traitor! If it wasn't for the way you treated me before, I would have definitely given you a quick death today. But I've decided that I won't let you die so easily." Ji Meixian was so angry that she stomped her foot on Zhao Yiprofound's jade face, causing him to feel incomparably humiliated.

Chen Xiang searched Feng Ziprofound's body. He wanted to see what kind of treasures Feng Ziprofound had on him, but he only obtained a storage ring in the end.

"Beauty, what are you going to do with her? My seal can't seal her for too long. She'll probably recover in a day or two." Chen Xiang said.

Ji Meixian's expression turned cold, and said: "I want her to become my female slave!" With that, she stripped off Zhao Yiprofound's tattered clothes, revealing the scarred jade body.

Chen Xiang whistled. Although Zhao Yiprofound's entire body was wounded, but right now, he looked especially beautiful, the wounds on her body did not seem out of place, her haggard and haggard face was filled with humiliation and anger, her eyes glimmering with tears.

Ji Meixian took out an Image Crystal, recording the process of Zhao Yiprofound being ravaged by her.

"You ..." After Zhao Yiprofound found out that it was the Image Crystal, she was so angry that she almost vomited blood. She couldn't move right now, she could only let Ji Meixian do as he pleased.

"If you say another word, I'll smash your mouth!" Ji Meixian punched Zhao Yiprofound in the face.

Chen Xiang stroked his chin and laughed: "This little maid has my demeanor, now you want to take me in as a female slave too! Then isn't this Zhao Yiprofound my little little maid? Interesting... "Haha!"

Ji Meixian was so angry now that even Chen Xiang felt scared, but after thinking about it, it was understandable. Previously, she was taken in as a female slave by Chen Xiang, and later, she was mistreated and beaten up by Zhao Yiprofound. She had endured for so long, but now that she had a chance to vent it, she naturally had to be happy.

"Little bitch, do you think that I, Ji Meixian, am truly a mere mortal? When I was an almighty being in the Heaven Realm, your eighteen generations of ancestors were not even born yet! If you try to bully me for a while, I will slave you for the rest of your life and obediently release the Master-servant Contract, or else I will paint your little face." Ji Meixian said coldly.

Zhao Yiprofound was also very stubborn. Although she was filled with humiliation and fury after being trampled on by Ji Meixian a while ago, she had not given in.

All of a sudden, she laughed crazily, "Pfft, with your lowly strength, don't think you can ruin my appearance."

Ji Meixian patted Zhao Yiprofound's face and laughed coldly: "Looks like this face is your weakness. It seems like this face is even more precious than your life!" As she spoke, her jade-like hand slid down Zhao Yiprofound's chest, causing him to stare blankly. It was his first time seeing a woman molest a woman ...

Zhao Yiprofound raised her head high, the wounds on her body were slowly being healed, the spirit energy in the surroundings quickly flowed into her body. Although she did not have any bloodline, but being able to do so was already quite shocking.

"Lend me the Green dragon demon-slain broadsword!" Ji Meixian looked at Chen Xiang, and stretched out her jade hand.

Chen Xiang threw the divine blade in his hand that looked like a dagger into Ji Meixian's hands. Now, he allowed Ji Meixian to use it, so Ji Meixian could hold it in his hands.

Ji Meixian held the mini version of the Divine Blade, and used the back of the blade to slowly stroke Zhao Yiprofound's face. Feeling the power inside the Divine Blade, her body trembled, as though the blade could cut through her face like tofu!

"Indeed, you cherish this face of yours and have even used some powerful divine objects to temper it. My current power cannot be used, but you should know the power of this blade very well." Ji Meixian pursed her lips, her tone was extremely sinister and scary.

[Chapter 906](#)

The first time Chen Xiang had met her, she used a multicolored light to cover her face. She felt that her clean and pure body was not something that could be seen by these mortals, but now, her body was completely exposed to the man she hated the most. Furthermore, she was being petted by a malicious woman.

"I think she cultivated a powerful godly technique to make her skin very thick, so much so that she could only be cut with a godly blade." Chen Xiang laughed, his eyes sweeping across Zhao Yiprofound's curvaceous body, causing Zhao Yiprofound to want to dig it out and step on it. Although there were some scars on her body, it did not affect the view. Furthermore, it added some strange beauty to her body.

Ji Meixian saw Zhao Yiprofound's stubborn face, and shouted: "I'll count to two, if you don't release Master-servant Contract, I'll slice your face ten times! And then, I will announce your disfigured appearance to the Heaven Realm, as well as that Image Crystal that will also walk all over the Heaven Realm! "

"One!" The sharp tip of the blade was already close to Zhao Yiprofound's face.

She bit her lips tightly, and a ball of red light shot out from between her eyebrows, condensing into a vortex. She had no choice but to give in, and that way, she could live on, as long as she had the chance to turn back, or else not only would she die, her ugly state would spread throughout the entire Heaven Realm, which was even scarier than death.

After Ji Meixian and Zhao Yiprofound established the Master-servant Contract, they suddenly smiled gently. At this moment, the smile on her face bloomed like a hundred flowers in full bloom, it was as warm and enchanting as the sun in the winter, completely different from the devilish look from before. Even Zhao Yiprofound was in a daze when he saw this, she had just realised that Ji Meixian was a beauty like her, she had only tortured him because she was jealous of Ji Meixian previously.

"Little Zhao, now you know what you should do, right? You must not think of disobeying me. " Ji Meixian had changed into a set of snow-white long skirt, and it had even been changed in front of Chen Xiang, which made him feel that the relationship between Chen Xiang and Chen Xiang was not ordinary.

Chen Xiang played with the little divine blade in his hand. His eyes were as bright as stars, unlike the thief from before.

Zhao Yiprofound wore the snow white long dress that Ji Meixian had given him, and with her head slightly lowered, she seemed very humble, even more like a female slave than. Furthermore, she didn't dare to think about revenge randomly. Otherwise, her head would be in great pain due to the backlash from the contract.

"little maid, look at how dedicated he is. You never have the face of a female slave in front of me." Chen Xiang curled his lips, playing with Feng Ziprofound's storage ring.

Zhao Yiprofound was shocked. She had guessed at the relationship between Chen Xiang and her. There were many different kinds of relationships between them, but they had never thought that Ji Meixian was actually Chen Xiang's female slave.

Seeing the smile on Chen Xiang's face, Zhao Yiprofound was shocked. She suspected that Chen Xiang forced Ji Meixian to become a female slave back then.

"We're all on the same side now, do whatever you want!" Chen Xiang laughed, he knew that Ji Meixian's anger had died down. With Zhao Yiprofound, the immortal female slave, controlling her, she would feel much better than Chen Xiang.

Ji Meixian snorted softly. Although she was still brooding over the fact that she had become a female slave, she did not hate Chen Xiang that much now. At least, after Chen Xiang accepted her, he did not make things difficult for her.

Chen Xiang took out a jade bottle and handed it over to Ji Meixian: "Apply it on her wounds and let her quickly recover. The injuries caused by the lightning and fire from the killing array won't be healed that easily."

Ji Meixian didn't say anything more. After taking them over, he immediately helped Zhao Yiprofound take off his clothes, and Chen Xiang very consciously turned around, causing both Ji Meixian and Zhao Yiprofound to softly snort. They silently cursed him in their hearts.

Now that Zhao Yiprofound was Ji Meixian's female slave, he was very confident that he could help her undo the seal on the Heaven Pellet. However, she was still slightly injured, so in order to let her heal, Ji Meixian gave her a large bowl of blood.

Chen Xiang couldn't help but laugh: "Last time when I took her in as my female slave, she also drank a large bottle of my blood, and now you also drink her blood to recover from your injuries."

Ji Meixian's blood actually contained a very special kind of power that could quickly repair her body. However, what made it even more difficult for her to understand was that Ji Meixian possessed this blood, and would even need to drink Chen Xiang's blood to recover from his injuries.

"You really do love protecting your face. It feels so good to touch it." Chen Xiang caressed Zhao Yiprofound's beautiful face lovingly, unwilling to let go of her hand.

Zhao Yiprofound really wanted to flip out. Chen Xiang was not her master, but he was her master. She could only lower her head and suppress the unhappiness in her heart.

"Don't be depressed, your master has a great background. She is the Yu Yi Immortal Fairy back then, and she has only just started cultivating. In the future, she will definitely shine again in the Heaven Realm. As long as you serve her well, she will not treat you unfairly." Chen Xiang was extremely reluctant to retract his hand. He wanted to test the other parts of her body since it was truly easy to touch Zhao Yiprofound's jade face.

"Yu Yi Immortal Fairy... Wasn't she dead? Is this true?" Zhao Yiprofound looked at Ji Meixian in shock. Although the Yu Yi Immortal Fairy was a famous person many years ago, her reputation had not decreased at all.

"Do you dare to not believe it?" Ji Meixian said coldly. After knowing that she was still very famous in the Heaven Realm, her body released waves of proud might.

Ji Meixian said to Chen Xiang: "Now that the White Sea Imperial Land is completely under your control, what do you plan to do with the White Sea Imperial Land?"

Zhao Yiprofound was the person in charge of the White Sea Imperial Land, but she had to listen to Ji Meixian, and Ji Meixian had to listen to Chen Xiang.

"Firstly, do not attack Super Martial School. Secondly, you guys continue to pretend that you want to kill me. Third, you all have to continue staying in the White Sea Imperial Land and wait for my arrangements." Chen Xiang said in a serious tone.

"According to the orders from above, I won't be staying down there for long. I'll need to return to the Heaven Realm soon." Zhao Yiprofound said. She had already boarded the bandit ship, and could only obey.

Chen Xiang thought for a while, then said: "You can go, but before you go, you have to help the beautiful goddess consolidate her position! We will also be going to the Heaven Realm in the future, and who knows when you will come down here! "

"We will talk about the future. Let's rest for a while longer, after adjusting our condition, we will head to the next Lion Mountain."

Right now, Zhao Yiprofound was someone else's slave. She felt that the only thing that was good was that she wouldn't be trapped here, with her strength and position in the White Sea Imperial Land, it would be of great use to her. Chen Xiang wouldn't let her die.

[Chapter 907](#)

Right now, the one who was in the best mood was Ji Meixian, she had experienced the joy of being a master. Previously, Zhao Yiprofound had bullied her in every possible way, but now, she was taught to be obedient and became a obedient servant.

Ji Meixian felt that this was the feeling of being able to rule the world in the Heaven Realm back then, and it felt even better. Back then, it was not easy for her to find a female slave like Zhao Yiprofound.

"Tell me about the Heaven Realm! Have you heard of Imperial Feather Race?" Ji Meixian drank a type of immortal spring water that Zhao Yiprofound took out, giving her a very enjoyable taste.

The first time Chen Xiang tasted the Immortal Spring Water that came from the Heaven Realm, he remembered it often. He asked Zhao Yiprofound for more and gave it to the three women in the ring often.

"Imperial Feather Race, this is a huge power in the Heaven Realm, although it has only appeared in the last thousand years, but it has existed for a long time, it was just very secretive before, and many people now do not know the details of this place, but we, the ancient powers, do know a little about it." Her heart was filled with suspicions. When Yu Yi Immortal Fairy went missing, that Imperial Feather Race still hadn't appeared, but Ji Meixian still knew about it.

Ji Meixian was a Yu Yi Immortal Fairy and even now, she was still very doubtful. Naturally, she did not dare to ask Ji Meixian about more detailed things.

"How much do you know about the Imperial Feather Race?" Ji Meixian's expression was calm, but her heart was filled with hatred. Back then, it was the Imperial Feather Race that did this to her.

Zhao Yiprofound said: "The patriarch of the Imperial Feather Race is not a human, but a very powerful bird beast. We do not know what kind of bird beast it is exactly, and many of the strong warriors in the Imperial Feather Race are beast type. Furthermore, there are many large, middle-sized and small forces under the Imperial Feather Race that have been established by humans. In short, the Imperial Feather Race is one of the ten big powers. "

The Heaven Realm was very big, and it was said that there were nine heavens above the Heaven Realm, ten regions of the lowest level above the Heaven Realm, and then nine days. It was a very large, high class world, with many powers above, it was definitely not weak.

"Ten powers?" Ji Meixian frowned slightly: "I never thought that Heaven Realm would become so fast!"

"and Fire Divine Palace are all part of the top ten powers." Zhao Yiprofound said again.

The Devil-suppressing Divine Palace and the Fire Divine Palace were indeed very strong. Chen Xiang was not too surprised, the Devil-suppressing Divine Palace was created by such a strange person like the Devil-suppressing Heavenly Venerable.

The Fire Divine Palace had plundered Fire Soul everywhere for many years, using it to recruit or nurture a large number of high level Alchemist s. Not only was it a force famous for its cultivating flames, it was also a large alchemy industry.

Chen Xiang had the Holy Devil-suppressing seal in his hands, although this was something that the hall master of the Devil-suppressing Divine Palace must have, with the Holy Devil-suppressing seal in his

hands, he could learn the powerful techniques the Devil-suppressing Heavenly Venerable had passed down to him, and he could become a hall master.

"Have you heard of the Imperial Dragon Race?" This was what Chen Xiang asked on behalf of Long Xueyi.

Zhao Yiprofound shook his head: "I've never heard of it, but there's a legend above Heaven Realm, there's a dragon valley above the ninth heaven, a group of very powerful dragons gather there."

"That is the Imperial Dragon Race's dragon nest. I never thought that these dragons would still be so low-profile. They don't intend to control the Nine Heavens and Ten Earth." Ji Meixian said.

Long Xueyi muttered from within the Hidden Dragon Ring: "How can a bunch of cowards be able to achieve greatness? That group of foolish dragons are waiting for my Unparalleled Dragon Emperor to come out. Without this Emperor leading them, they are just a bunch of worms. "

Chen Xiang took Feng Ziprofound's storage ring and sighed: "The powerful Brilliant Sun Dragon Boat is inside, it's a pity that this storage ring has his spirit imprint, looks like I won't be able to take it out."

Zhao Yiprofound thoughtfully looked at the storage ring. If Ji Meixian didn't hate her too much, she might have suffered the same fate as Feng Ziprofound. Although she was now Ji Meixian's female slave, Ji Meixian did not take away her storage ring.

"Feng Ziprofound's position in the Feng Clan is not low, and he is even younger than me. If he is given a little more time, he will surpass me sooner or later. The things inside his storage ring aren't simple at all." Zhao Yiprofound said.

"Little little maid, don't provoke me anymore!" Chen Xiang sighed helplessly.

Long Xueyi said: "Since you have devoured Feng Ziprofound's soul and also have Feng Ziprofound's Heaven Pellet, you might be able to retrieve something from the storage ring."

Chen Xiang's eyes lit up, and quickly took out the Heaven Pellet. He planned to give it a try because he still had Feng Ziprofound's remaining soul force in his sea of consciousness. As long as he could imitate Feng Ziprofound's consciousness and open the storage ring, the storage ring would not self-destruct.

"Immortal pills. I want an Immortal pill." Chen Xiang was a little excited now, he laughed out loud and held the Heaven Pellet tightly, then absorbed the Heaven Pellet's energy and merged it with Feng Ziprofound's soul to form the Divine Vision.

This spiritual sense was different from his own, so he had a high chance of retrieving the items within the storage ring.

"There are a lot of things. Give me a space of Storage magic treasure, I'll move over first." Chen Xiang said.

Zhao Yiprofound hastily gave Chen Xiang a storage ring.

Chen Xiang condensed even more of Feng Ziprofound's consciousness, and then transferred all of the items in Feng Ziprofound's storage ring to another one in one go.

"Haha ..." "It's a success!" Chen Xiang laughed as he began to count what was inside.

"I don't think there will be any. Even in Heaven Realm, Heaven level Pills are very lacking, let alone immortal pills. Moreover, Feng Clan has not produced any immortal pills for many years." Zhao Yiprofound said.

"The Brilliant Sun Dragon Boat is not bad, but I can't use it. If I get discovered by the people from the Feng Clan, it will become troublesome. This is a celestial item." Chen Xiang looked at the shrunk golden Radiant Sun Dragon boat in his hand.

Just like what Zhao Yiprofound had said, Chen Xiang couldn't find any immortal pills. There were only ten Eternal Dan s, other than some random treasures, and also two fist-sized pure white stones. Chen Xiang didn't know what they were, but these two stones contained a very rich and pure immortal energy.

"What is this?" Chen Xiang took out the two stones.

"Celestial jades are more precious than top quality Spiritual crystal." Zhao Yiprofound said.

"Only two." Chen Xiang curled his lips.

"There is already one jin of celestial jade here. If you want to exchange it for a top quality Spiritual crystal, you can get at least fifty thousand. It's not a small amount!" Zhao Yiprofound said softly, she did not have her previous domineering look, after all she was already someone else's female slave, because she did not dare to casually go against her master's fear of contracting power.

Chen Xiang had previously killed a fellow from the heavens, and obtained ten thousand Spiritual crystal.

"Do the Heaven Realm s use Spiritual crystal to buy things?" Chen Xiang asked curiously.

"A large auction house uses celestial jades, most of them use Spiritual crystal." Ji Meixian replied.

[Chapter 908](#)

Chen Xiang wanted to go to the Heaven Realm right now, but he was still far from the ninth tribulation.

"It seems like I can only take the Brilliant Sun Dragon Boat to the Heaven Realm for auction." Chen Xiang kept the things carefully.

"Let's go, I think we're close to the Emperor's Tomb."

Zhao Yiprofound's expression changed, "Emperor's Tomb? You want to go to Emperor's Tomb? No, that place is very dangerous. The seniors of the Sheng Domain have warned us that a change has happened in the Emperor's Tomb. Unless he's very strong! "

"We'll talk about it when we get there. Everything will be fine!" Chen Xiang caressed Zhao Yiprofound's face and laughed: Since we're already here, can I not go and take a look?

Zhao Yiprofound's face was serious, she stared at Chen Xiang and said: "You only have Ground killing, if you want to obtain the complete Heaven Earth Killing Method, you have to enter the Emperor's Tomb, right!"

Chen Xiang nodded: "How do you know?"

"There's more than just one tablet that records the Heaven Earth Killing Method, and you weren't the only one who learned it over the years. There was an ancestor who learned it in the White Sea Imperial Land, and when they finally found this place, he was able to come out and meet the Emperor's Tomb as well, but he said at that time that it was a trap, and that it required something else and a lot of power to open up the Emperor's Tomb. Only the Heaven Earth Killing Method wasn't enough."

Zhao Yiprofound: "If there is anything else that you need, then that senior will not know either."

"Green dragon demon-slain broadsword?" Chen Xiang took out his divine blade.

"I'm not sure. Even if it is, it requires a very strong ability." Zhao Yiprofound didn't want to go to the Emperor's Tomb. She was truly worried that they would die there.

Seeing that Chen Xiang was determined to go, Zhao Yiprofound sighed: "According to our investigations, over ten thousand times in the past few years, the stone tablet that records the Heaven Earth Killing Method have appeared. It's just that, in the past ten thousand years, there hasn't been any news about it, so when the news of you possessing the Heaven Earth Killing Method spread, many powers took action, because they felt that the Emperor's Tomb would become weaker."

"More than 10,000 times!" Su Meiyao exclaimed. Su Meiyao and the others also felt that this was inconceivable, and it was obvious that this had some sort of purpose.

Zhao Yiprofound nodded his head: "But there are only about a hundred or so people who have learnt the Ground killing, and all of them have managed to come to these Lion Mountain, and brought a large group of people to explore them. The only person who might be able to return is the senior of our White Sea Imperial Land."

"Don't worry, I won't die." Chen Xiang did not care about all this. Since he was already here, even if he could not enter the Emperor's Tomb, he had to stay and watch from the outside.

He brought the two girls inside a Transmission array. This was a Transmission array that could be teleported to a safe Lion Mountain, only those who were familiar with the inscriptions could open it.

After triggering the Transmission array, the spirit energy in the Lion Mountain surged over crazily. Chen Xiang and the two girls saw a white light flash before their eyes and they left the Lion Mountain.

"This is not Lion Mountain!" Chen Xiang looked around at the desolate scene and could not help but shout out.

It was as if they had arrived at a barren wasteland. The desolate mountain continued for several miles, and there were three bright suns hanging in the sky. The most terrifying thing was that there was not even the slightest bit of spiritual energy here.

"We are close to the Emperor's Tomb! In the end, those Lion Mountain only came here to deceive people, and only by using some Transmission array s inside could they come here. Emperor's Tomb should be hiding here. " Zhao Yiprofound frowned, looking around cautiously.

"Could this be the Super Old Sacred Land?" Chen Xiang could not help but think of that terrifying place. The Transmission array above the Lion Mountain was only a one-way Transmission array.

Ji Meixian said: "It seems that as long as we step into the Lion Mountain, there will be no turning back if we continue onward. No matter what, we will eventually reach this place."

"There was a big battle here, and it was between Heaven Realm's experts." Zhao Yiprofound looked at the broken gigantic mountain behind him.

"Hurry up and look for it. See if there are any of those stone tablets." Chen Xiang panicked and immediately released his divine sense, activating Heaven tour method.

His spiritual sense floated high in the sky as he looked around. Soon, he saw a green area in the distance, and what made him excited was that there was a gigantic Lion Mountain on that green area.

"I found a Lion Mountain. Let's hurry and take a look. That might be Ten Heavens Supreme Lord's tomb." Chen Xiang said excitedly: "Quick, take out your jade house."

Zhao Yiprofound shook his head: "There is no spiritual energy here, using the Immortal House will consume a lot of my energy."

"Then let's walk." Chen Xiang sighed in disappointment. Zhao Yiprofound was the main fighter, so he definitely wouldn't let her be too tired.

The three of them ran towards the Lion Mountain. Just as they ran for a hundred miles, Long Xueyi and Ji Meixian shouted at the same time: "There's someone here!"

"Someone is nearby!" Ji Meixian's face was full of vigilance.

"It's a group of people, about fifty or sixty years old. You guys just have to protect yourselves. Leave the rest to little girl Zhao." Long Xueyi whispered to Chen Xiang and Ji Meixian.

"If you don't want to die, then get the hell out of here right now!" shouted coldly. Right now, she only had her previous imposing manner, she did not need to be subservient to others.

Her cold voice shook the barren mountain, causing many small stones to roll down. The originally hot wasteland also became a bit colder.

"Haha, as expected of someone who is able to come here. He is indeed extraordinary." A short old man, dressed in tattered clothes, said with a smile as he flew over from behind a huge rock.

Soon after, many other disheveled haired, ragged clothed people appeared. These people looked to be middle-aged people, some were men and some were women, but they were not weak either, Chen Xiang could even see that some of them were immortals.

There were sixty of them in this group, they looked very destitute, like refugees. Their eyes were like that of hungry wolves as they stared at Chen Xiang and the other two, especially the white-haired old women. They looked at Ji Meixian and Zhao Yiprofound, the two young and beautiful women with incomparably envious eyes.

"Hmph, in a place like this where there is no Spiritual Qi of Heaven and Earth, you will become like us sooner or later." An old woman said coldly.

Chen Xiang curled his lips. He had a large amount of spirit medicine in his Youyao ring, and he also had the Face Preserving Pill, Beauty Dan, Longevity Pill and Longevity fruit. He would definitely not let Ji Meixian and Zhao Yiprofound, these two beautiful girls, age.

"Who are you people?" When Zhao Yiprofound saw the short old man walking over, he shouted harshly again. The blue ice cold mist that was used on his body prevented the old man from approaching him again.

"Whoever dares to take a step closer, I'll kill you!" Zhao Yiprofound's voice was ice-cold and filled with killing intent. Following that, the blue ice on her body surged in all directions, intimidating those who had ill intentions.

Zhao Yiprofound was worried that this group of people would get too close so that they wouldn't be able to protect Chen Xiang and Ji Meixian.

"Little miss, don't be angry. We are the same as you all, we are here to look for the Emperor's Tomb, but in the end, we were trapped here. This place isn't as safe as you think. The old man said while smiling. Chen Xiang could even see his eyes, but he felt that this old man was not a good person.

[Chapter 910](#)

Chen Xiang waited until night before he slowly moved, leaving the valley where many people were hiding. He did not know that Su Meiyao and Bai Youyou were interrogating Zhao Yiprofound about a lot of things, which were all related to the Ruthless Devil Venerable.

After passing through the gorge, just as Chen Xiang was about to step onto a plain, he was sent flying by a powerful force. The Lion Mountain was not far ahead, as long as he passed through these plains, he would be able to reach it.

"This wasteland has been sealed by some strange power!" Chen Xiang punched out, striking the invisible seal in front of him, but no sound at all. He had used his Dragon Power.

"No wonder those old fellows are trapped here." Chen Xiang now understood why there were so many strong and powerful people here, and why they looked very old.

"Let's go, those people will definitely guess that you will come here. Perhaps, they might have already rushed over by now." Long Xueyi said.

"How are those two little maid inside?" Chen Xiang smashed his fist a few times, his powerful energy had been completely swallowed by the seal. It was extremely difficult to step foot onto the grassland, so he could only hide and think of a way.

"I was secretly chatting with my two sisters. They wanted me to keep it a secret." Long Xueyi said.

Chen Xiang shrugged his shoulders, and rushed towards a barren mountain in the distance. He felt that there should be a stone tablet or something here, if he could see the stone inscriptions, maybe he would have a way to leave this place.

This wasteland didn't have any plants or spiritual energy. However, at night time, one could see bright stars that could absorb some of the star power and moon essence to cultivate. However, there was no one who specialized in it, so the rate of absorption was very slow.

Chen Xiang did not have such an ability, but the rate at which he absorbed it was extremely fast, because he had assimilated with a Caomu heavenly Dan!

Flowers, plants and trees were originally nurtured by the heaven and earth. They were nourished by the earth, absorbed the energy of the stars, and absorbed the essence of the sun and moon in order to grow.

In a situation where he was completely devoid of spirit energy, he still quickly absorbed the energy of heaven and earth to cultivate. He had already started to gradually understand the benefits of Caomu heavenly Dan s, and understood why Zhao Yiprofound and Feng Ziprofound were fighting over them.

He looked at the stars in the sky and frowned.

"I understand, this wasteland is just a Lion Mountain, it's just that there's a very powerful illusion array here! That grassland, that Lion Mountain was actually just an illusion. As long as I can find that stone tablet, I can leave that place! "

"According to what you have said, not only is there an illusory magic array, there is also a spatial array. This place is too big, it's possible to fit ten thousand Lion Mountain here." Long Xueyi said.

"That's right, there really is a spatial formation. The reason for doing this might be to trap them here, and then through comprehending the Ground killing, find the stone tablet that's hidden here."

Although this place was barren of life, and gave off a deathly aura, Chen Xiang still felt a tiny bit of vitality. This was the miraculous feeling he had after learning the Ground killing, and the special feeling he had towards the earth.

Chen Xiang thought of something, but was unable to grasp the center. He paced around anxiously, trying to think, he felt that this place that was different from the other Lion Mountain must be hiding something.

"There's a very strong illusion array here, and it's much stronger than the one I met in Super Old Sacred Land before. Moreover, there's even a spatial array inside, making people think that it's very big!"

"There are usually three kinds of magic arrays, the lowest is to deceive a person's eyes, and then it is to deceive their five senses. The final is the highest is the trick of a person's soul, imprinting these illusions in the depths of their soul, making it hard for them to see through. After a long time, everything they see will completely take root in their soul, no matter where they go, everything will be exactly the same as here."

Chen Xiang's heart was thumping hard, no doubt the illusion array he was in was the last one, he could not stay here for too long, if not he would not be able to get rid of the seed of the illusion in the depths of his soul.

This Lion Mountain tests one's consciousness, and is able to see through the illusion formation. If I am not mistaken, there should be a portion of the Heaven Earth Killing Method, the God slain method! Chen Xiang firmly believed that it was true.

What he needed to do now was to raise his spiritual sense and comprehend the Ground killing. With the combination of the two, he would be able to find the hidden monolith, read the monolith inscriptions, and find the God slain method!

"All of this is fake. This is a Lion Mountain, there are large trees all around, the stone tablet must be inside the Lion Mountain. It looks like the first thing I need to do is to get rid of this illusion formation." He wouldn't be so stupid as to look for the Lion Mountain's Monument in this unreal world. If he really looked for the monument here, before he found it, he would have already fallen into an illusion array.

Chen Xiang closed his eyes, no longer wanting to be fooled by these fake rumors. He sat on top of a barren mountain and felt that he should be inside a tree.

Previously, he had devoured Feng Ziprofound's soul, but now that he wanted to raise his spiritual sense, he could only devour Feng Ziprofound's soul and strengthen his own soul!

The Nine-turn dragon god mantra slowly revolved, and the divine soul in his sea of consciousness also sat cross-legged on a golden ocean just like himself. Feng Ziprofound's soul merged with the golden sea and was refined, allowing the divine soul to slowly absorb it.

"As long as you completely refine Feng Ziprofound's soul, your divine soul will enter a perfect stage! The perfect stage was the peak of the first major stage of soul cultivation! Once you cross that step, you will be able to reach perfection. At that time, you will be able to use the power of the Divine Arts and unleash even stronger and faster abilities!" Long Xueyi said.

"Perfection? "How many stages are there in total for spirit cultivation?" Chen Xiang asked.

"The first great stage is to refine the mind, and that is to advance from the soul of the divine way to perfection! The second stage is to reach perfection. This stage is more than enough for you to cultivate. Long Xueyi said: "There is no peak in cultivation, you can go far. You will know in the future."

Chen Xiang absorbed the sun, moon and stars one day ago and refined Feng Ziprofound's soul within his sea of consciousness. At this moment, he felt that his divine soul was becoming stronger and stronger, making him feel that he could use "divine soul leave the body" and let his divine soul leave the body, floating between heaven and earth.

However, he did not do so because it was too dangerous.

In the blink of an eye, two months had passed. Chen Xiang sat on top of the mountain, and while absorbing the Sun and Moon's essence, his movements were not small.

In Chen Xiang's sea of consciousness, the divine soul glimmered with golden light and looked extremely powerful. What surprised him was that as his divine soul grew stronger, he discovered that the Innate Qi in his body had risen by a lot and its quality had become even higher!

"A perfect realm of the soul, amazing indeed!" Chen Xiang opened his eyes and saw that the surrounding wasteland had disappeared.

He had gotten rid of this illusion formation!
