

Dan God 911

[Chapter 911](#)

This place was indeed a Lion Mountain. He could clearly see that there were many runes on the ground and the place he was at was a large formation formed by many trees. As long as they were transferred from other Lion Mountain, they would arrive at this place and be trapped.

Not only was he able to see through the illusion array, his surroundings were incomparably clear as well. The reason why Long Xueyi was able to see the changes that occurred in the surrounding grass and trees was because her soul had reached a superb state.

Chen Xiang now understood why cultivating the Ground killing was so difficult. It turned out that his spiritual sense was still too weak, this Heaven Earth Killing Method was indeed not simple, his previous spiritual sense was already very strong compared to other people's, but learning the Ground killing was still very difficult.

Now, he could clearly feel the subtle changes in the ground, allowing him to become more familiar with the ground. The many difficulties within the Ground killing were easily solved, and he managed to raise his Ground killing to another level.

Chen Xiang walked a few steps and suddenly saw a group of people appear. All of them were currently inside the illusion formation, and with just a few steps, Chen Xiang felt like he was traversing a thousand miles through the world inside the illusion formation.

The short old ghost saw that Chen Xiang had suddenly appeared in their territory, causing him to be surprised.

Chen Xiang was not afraid in the slightest. He shook his head and laughed, "I have already escaped from the illusion formation. However, you guys are already too late, you will never be able to leave this illusion array. "

The short elder looked like he had been stabbed by a blade, he was immediately enraged, he summoned out a long sword and thrust it towards Chen Xiang.

Chen Xiang only took a few steps forward and he was already far away from the array. In front of the short elder and the others, it was as if he had suddenly disappeared.

"Shrinking step... "This!" They were not ordinary people, and all of them had vast amounts of experience and knowledge, but this kind of Shrinking step was only a legend, and Chen Xiang actually learned it! With just a few steps, he crossed a large distance!

This was the progress of the Ground killing! Chen Xiang had mastered it now!

After leaving the magic array, Ji Meixian and Zhao Yiprofound came out from the Serene Jade Ring. Chen Xiang didn't know what they were talking about with Su Meiyao inside, but he didn't ask. He guessed that it was Bai Youyou and Su Meiyao asking about their master.

"Are we going to find the Emperor's Tomb soon?" Zhao Yiprofound asked, but she did not mention anything about the things inside the ring.

"No, the Emperor's Tomb is not inside the Lion Mountain, I don't even know where he is. In short, I won't be here anymore." Chen Xiang shook his head, he seemed to be extremely mysterious and had the appearance of an expert.

"Why? If you aren't here, you can't walk safely through the Ground killing. " Ji Meixian did not understand.

Chen Xiang walked towards the Lion Mountain's stone tablet. He could clearly feel the stone tablet.

"I had thought that the Emperor's Tomb was inside, but now I am wrong, this is only a place with God slain method, if you want to enter the Emperor's Tomb, you have to find the Heaven Earth Killing Method and cultivate until the fire breaks out!" Chen Xiang scratched his head with his finger and said: "And just like what little girl Zhao had said, there is something I need to enter Emperor's Tomb for. It's not a Green dragon demon-slain broadsword, but a very special thing."

"Oh? How did you suddenly know so much? " Zhao Yiprofound now knew just how powerful Chen Xiang was. In a situation where she and Ji Meixian were surrounded by a group of people, it would be difficult for them to even escape, but Chen Xiang had easily resolved the situation.

Chen Xiang laughed: "I am currently reading the inscriptions on the stone tablet. It seems that not only is the God slain method hidden here, there is also a powerful *!"

He was startled, and then pulled Ji Meixian and Zhao Yiprofound, and after walking a few steps, Ji Meixian and Zhao Yiprofound only saw the ground suddenly shrink, and they only took a few steps forward, and arrived in front of a stone tablet.

"The legendary Shrinking step is really scary. It seems like no one can catch this guy in the future." Zhao Yiprofound exclaimed in his heart. If not for Chen Xiang pulling them away, he would have left them in the dust a long time ago.

"I don't know if it's a blessing or a curse to have formed a Master-servant Contract with him." Ji Meixian really wanted to learn the Shrinking step, but she knew that even if Chen Xiang was willing to teach her, it would be difficult.

Chen Xiang looked at the green monument carefully, he used his hand to gently caress the inscription on it, only to see the monument suddenly shrinking, becoming a palm sized green jade tablet.

"This is the God slain method." Chen Xiang looked at the jade tablet with focus, and poured all of the killing intent accumulated in his body into the green jade tablet.

A wave of murderous intent suddenly gushed out from the jade token, causing Ji Meixian and Zhao Yiprofound to retreat a few steps in fear. They only saw that the green jade token had many finger sized words flowing out, countless of ancient characters drilled into the center of Chen Xiang's brows, it looked extremely strange.

"It seems that even if we were given the God slain method, we wouldn't be able to learn it. We don't have enough killing intent." Zhao Yiprofound said.

"Of course, if we were to accumulate such a degree of killing intent, we would probably lose our true names, but he didn't! If one day he can control this murderous intent, maybe he can ... " Ji Meixian did not continue. She felt that it was somewhat impossible.

"Becoming a Ten Heavens Supreme Lord is not easy. Although it looks like he has a bright future ahead of him and has obtained the inheritance of the Ten Heavens Supreme Lord, it does not mean that he can become a Ten Heavens Supreme Lord." Zhao Yiprofound shook his head.

After Chen Xiang fused with the God slain method, the corner of his mouth raised slightly. Using his consciousness to attack, this was the best way to trick others.

He was not in a hurry to learn it. Even the Heaven Earth Killing Method needed to be comprehended bit by bit, and time was not something that could be learned just because he wanted to.

"Leader, you said that you have another * *. What is that?" Seeing Chen Xiang's smile, Ji Meixian could not help but feel goosebumps.

"Hehe, that is a very powerful pill refining technique. The Ten Heavens Supreme Lord is really powerful, with a proficiency in everything, but his skills in pill refining have never reached the level that he expected." Chen Xiang laughed, "What kind of * *? was created by the Ten Heavens Supreme Lord? " Su Meiyao asked anxiously.

It's called the Heavenly Alchemy, using the heaven and earth as the furnace and the myriad of objects as the medicine. If that's the case, in short, it's very powerful, when I have time, I must try the kind of crazy pill cultivating techniques that were written above. Chen Xiang's face was full of excitement.

The Heavenly Alchemy, even hearing its name, felt that it was powerful. Su Meiyao was really looking forward to see how powerful this art of alchemy was.

"So we're going back now?" There are no other secrets in this Lion Mountain? " Ji Meixian didn't dare believe it when he thought about how only this little thing was hidden within the countless Lion Mountain.

Chen Xiang said: "We do have good things, but only if we are alive. There are a lot of Lion Mountain s that contain a large amount of mines, but those Lion Mountain s are very dangerous! There are countless Lion Mountain s here, and many of them have large amounts of resources, all of which were left here intentionally by the Ten Heavens Supreme Lord. As for his intentions, even I am unable to guess. "

[Chapter 912](#)

Chen Xiang brought the two girls into a big array, and on the way there, they passed by an illusion formation. They could see a lot of people walking around, and their faces were full of vigilance, and even if Chen Xiang pulled them out of the array, they would still not be able to get rid of it. The array had already been deeply imprinted in their souls, unless someone used their divine power to erase the imprints.

"This Transmission array was able to be sent outside of the Rough and Random profound Land. You all must have already made up lies to deceive the White Sea Imperial Land, right?" Chen Xiang stepped into the Transmission array and asked Ji Meixian and Zhao Yiprofound.

"Don't worry about this, we will continue to stay in the White Sea Imperial Land and fight for the highest authority." Ji Meixian said.

Chen Xiang said: "Don't say that I was the one who killed Feng Ziprofound, or else they would have sent out stronger people. You guys better lie to them, that I'm in danger, and will most likely die in Lion Mountain."

The two girls nodded their heads. Chen Xiang activated Transmission array, and then they appeared outside the Rough and Random profound Land on a desolate grassland.

This was the first time Chen Xiang and Ji Meixian had crossed blows, and Ji Meixian had suffered a huge loss here.

"Hehe, you can leave now. We don't know when we'll meet again." Chen Xiang gave two girls and one small gift, those were two Eternal Dan s that could be used to protect their lives at a critical moment. These two slaves were very strong, and had boundless prospects, so Chen Xiang naturally had to take care of them.

"I will be meeting the Heaven Realm soon, and will not come down again in the future. Right now, it's only the Tenth Heaven rebirth and the space is weak, so we can come down easily. After this period of time, no one can come down." Zhao Yiprofound said.

"En, I will go to the Heaven Realm, at that time, I will need Master Heavenly Maiden to take care of me!" Chen Xiang laughed, with Shrinking step, he had passed through a large mountain in the blink of an eye.

When Chen Xiang returned to the Green Summit City, he merged with his Caomu heavenly Dan. His concealing ability was extremely strong, and even Ji Meixian's spiritual sense could not detect him.

Back then, when many immortals were teleported over, because the Transmission array was destroyed by Chen Xiang, those experts were like cabbages in the sky as they were randomly cut by the terrifying power of space.

Even though many days had passed, he did not calm down. He was still the topic of discussion for many people: A young brat like him had killed so many experts, and he was an immortal at that. Even in the Heaven Realm, there would be a sensation.

"I have been expelled from the Super Martial School, I can't return now! Those close to me must be watched closely by others. I should make a good show of myself in order to get rid of those people who are plotting against me. "

Chen Xiang heard from within the city that the ancient powers were still going to chase after him and beat him up. What made him at a loss of whether to laugh or cry was that the old fellows from Ancient Wasteland Devil Sect's group that had endured the great tribulation actually came down, they had all surpassed the Nirvana Stage now and possessed extremely powerful strength, allowing the Ancient Wasteland Devil Sect to become strong once again.

"If it wasn't for me, this group of fellows wouldn't have ascended so easily. It's fine if they didn't thank me, but they actually wanted to seek revenge!" Chen Xiang thought in his heart, but then he thought that the tomb of the Demon God's son must have been raided from top to bottom by Duan Sanchang, and the Ancient Wasteland Devil Sect might have believed that he was the one who did it.

There was another matter that shook the entire south a while ago, and that was that the ancestral tombs of the ancestors of the Flying Immortal School had been stolen, and some of the tombs had even been taken to the auction house in Pill City!

Chen Xiang knew that it was definitely the Duan Clan who did this. The Duan Clan would definitely not be able to take it lying down if Duan Sanchang obtained a piece of immortal jade and was robbed away by the people from the Flying Immortal School.

"If you bully me, I'll dig your ancestors' graves!" This was what Duan Sanchang had said before. Right now, the Flying Immortal School was hunting down the Duan Clan members everywhere, but there were too few of them, and only a few of them.

Three days after Ji Meixian and Zhao Yiprofound returned to the White Sea Imperial Land, the news had spread out. The great son of the Feng Clan had died miserably among the Lion Mountain, and none of the people who went in with Feng Ziprofound had escaped. Chen Xiang had been forced into a Lion Mountain that was filled with killing arrays, so he was most likely dead.

This news made many people sigh. Chen Xiang possessed the Heaven Earth Killing Method and the Green dragon demon-slain broadsword, and now that he was dead, wouldn't these two items from the Ten Heavens Supreme Lord be lost to him?

After Chen Xiang entered the Rough and Random profound Land, he was chased and killed by the people of White Sea Imperial Land and Feng Clan. Furthermore, there was no news of him for many days.

No one dared to question Zhao Yiprofound's strength, even though he appeared to be a charming woman, it was still possible for him to kill a little deity with a smack of his palm.

"Those immortals will be returning in a few days. Staying in this lousy place will affect their cultivation!" One of the elders laughed, "This world is ours."

Chen Xiang was in the tavern next to the tavern. When he heard this, he sneered in his heart. Those deities would return, but there were still many that would stay.

"That Chen Xiang who caused so many things, is finally going to be at peace! The strongest powers in the three realms of the Human Demon Realm have agreed to negotiate peace, and there will be a Three Realms Talk holding in a while. It seems that there will be a grand meeting to be held as well, and at that time, there will be many opportunities to get rich. A middle-aged man laughed sinisterly.

Chen Xiang also laughed, "This fellow from the Flying Immortal School is really not a good person. Looks like I have somewhere to go.

"It's just a temporary negotiation, Human Realm's strength is not weak, it's very difficult for the demon to attack, they are just worried that the Human Realm will attack them, if the demon uses the resources of the Human Realm to develop, there might be more that they can fight." Bai Youyou said. She belonged to the Demon World and she never believed in the character of the big powers in the Demon World.

Chen Xiang laughed: "That's good too, I have time to develop my Dragon Subduing School, and get used to it. As long as I can expand my Dragon Subduing School, any force that dares to provoke me, I will bring my Dragon Subduing School to the front and destroy them all."

"Then you have to find a very strong person to guard the mountain gate, such as me, this Heavenly Dragon Emperor who serves as the Great Clan Elder, whoever comes to cause trouble, I will sweep her off her feet with my tail!" Long Xueyi said: "Sooner or later, I will lead Dragon Subduing School to slap the faces of those old dragons of Imperial Dragon Race."

"Heavenly Dragon Supreme Lord, as long as you blow away that cowhide, even heaven and earth would be blown away by you. Why do you need to do it yourself?" Chen Xiang said.

Chen Xiang still didn't know where Three Realms Talk was, but he guessed that it should be in the southeast region. There was a large piece of land connected to the Demon and Devil Realms and it was still very close to Chen Martial Continent.

"It should be in the east, there is also a big city there. We can go take a look now, if it really is the Three Realms Talk, then it will be filled with powerful people. There will be a lot of powerful warriors!" Chen Xiang said.

[Chapter 913](#)

The Three Realms Talk had already obtained the truth, but the exact time had not been determined yet. The information Chen Xiang had gathered was not very reliable.

In the Devil-subduing College, many young students were sparring in the square. All kinds of noisy fighting sounds gathered together, creating a shocking scene, which made the whole school full of energy.

Chen Xiang came to the Devil-subduing College. He had an old friend here, who was the Principal of the Devil-subduing College, Zuo Zhenxuan.

If it wasn't for Chen Xiang messing with the Devil-subduing College back then, that old man Zuo Zhenxuan would still be trapped in the dungeon, and the Devil-subduing College wouldn't have such a huge change.

"Kid, you're always sneaking around every time you come looking for me."

When Zuo Zhenxuan returned to his own residence, he saw Chen Xiang sitting in the pavilion in his courtyard. Although there were a lot of array formations arranged at the place he lived, Chen Xiang still entered very easily.

Although Zuo Zhenxuan had a head full of white hair, he still looked spirited. If his hair was dyed black, he would be a middle-aged man filled with the vitality of dragons and tigers.

"Old Zuo, have you passed the Nine Nirvana Tribulations?" Chen Xiang picked up the fruits on the table and started to eat them, treating this place as his own home.

"He's survived. It's a nine out of ten chance of survival." Zuo Zhenxuan recalled the danger he faced during the tribulation and felt a lingering fear. "If you have something to ask me, just say it."

Rumor has it that Chen Xiang had already died in the Lion Mountain, and yet he was still sitting here full of energy, but Zuo Zhenxuan was not surprised at all.

Previously, there were White Sea Imperial Lands and Feng Clans, and a portion of the Peach Blossom Imperial Lands wanted to capture Chen Xiang. This was because Chen Xiang had killed their Son of Heaven, and that Son of Heaven's origins were not small. Furthermore, the chief of the Dan Alliance, Chen Xiang, had killed his disciple.

Other than that, there were also the immortals who had died in the Transmission array, or those who had been injured because of Chen Xiang's destruction of the Transmission array.

Chen Xiang possessed the Green dragon demon-slain broadsword and Heaven Earth Killing Method, and had even used many precious Heaven levels and spirit medicines. Just with these, it already made people think of him, but he looked very relaxed now.

"I would like to inquire about the matters of the Three Realms Talk. I would like to know the time and venue for the meeting." Chen Xiang asked. As the principal of the Devil-subduing College, Zuo Zhenxuan had learned the tenth floor of the Devil Subduing Method. He was strong, the strongest person in the entire Devil-subduing College.

Zuo Zhenxuan was instantly shocked: "You brat, you want to go and cause trouble?"

"Nah, I just think that when the time comes, these guys will work together to plot against me." Chen Xiang said.

"That's right, I also know a bit of the Three Realms Talk's details. The Green dragon demon-slain broadsword are too much of a threat to Demon Realm, and if you want peace, they would like for the Green dragon demon-slain broadsword to appear, or for the three parties to join hands to capture you, and seize the Green dragon demon-slain broadsword and seal you." Zuo Zhenxuan nodded.

"Am I not dead? Why are they still thinking about this blade?" Chen Xiang curled his lips.

"There are many ancient powers in the Three Realms Talk. They calculated this using some ancient methods and they know that you are not dead yet." Zuo Zhenxuan said.

Chen Xiang's face was filled with unhappiness: How can they be like this? My Green dragon demon-slain broadsword never threatened them. On the contrary, they often threatened me, persecuted me, and even tried to stab themselves in the face of my blade. What does that have to do with me? "

"Who doesn't know about this? But you need to know about the ways of these big powers. Everything they say is correct, everything they do is reasonable. Even if they do something that the heavens cannot accept, they would still call it acting on behalf of the heavens." It was not like Zuo Zhenxuan had never been at such a disadvantage before.

"These bastards!" Chen Xiang clenched his fists.

"They will begin preparations for the Three Realms Talk in half a year. Now, let's start a complete truce and call all the demons back! It will take them at least a year to truly start the Three Realms Talk. On one hand, they have to catch you and find the Green dragon demon-slain broadsword! "

"What if they can't find the Green dragon demon-slain broadsword?" Chen Xiang was very sure that they would not be able to find that group of people.

"As scheduled. However, they will sign an agreement that the three of them will join hands to capture you." Zuo Zhenxuan said.

Chen Xiang took a big bite of the fruit, chewed for a bit, and said: "Then what Three Realms Talk are they carrying out? Now we all know what's going on. "

"Knowing the content of the talks does not mean that I will agree to those agreements. At the very least, I will not sign them! If you want my Devil-subduing College's students to capture you, that would simply be sending them to their deaths, and pissing you off, the Devil-subduing College might just get torn apart by you, it's not like you've been tormented by the Devil-subduing College twice before. " Zuo Zhenxuan laughed.

When the time comes, there will be a grand gathering. When the time comes, you can go and cause a huge ruckus, but you must not underestimate the talents of the three realms. The formidable ones are not only the heavenly sons and daughters, many of the great powers' successors will be very strong.

Chen Xiang frowned as he thought about something, and asked: "What level of power does one usually need to be in order to participate in Three Realms Talk?"

"We need to have a Dan King, an immortal equipment, a trillion Spar, ten large mines, a large medicine store, and two experts who have just crossed the Nine Nirvana Tribulations..." Zuo Zhenxuan thought for a while, then said: "And also a very famous Leader."

Chen Xiang scratched his chin and thought, if it was his Dragon Subduing School, he didn't know if he could qualify to participate. He had the immortal equipment, and the Green dragon demon-slain broadsword was fine. It was not difficult for him to gather billions of Spar, so he had quite a few on him. It was not hard to find ten large mines. He had Imperial Crystal. He could be considered to have a large pill shop. As for the Dan King ... Hua Xiangyue was the Dan King that he knew, but she was a Leader of the Dan Fragrance Pure Land, so he could not bring her here. For two experts who had survived the Nine Tribulations, this was a bit difficult.

As for the famous Leader, he was very famous. In terms of fame, he was number two, and no one dared to say he was number one.

"Then I can join the Three Realms Talk?" Chen Xiang asked, he suddenly wanted to participate in the Three Realms Talk's competition as a Leader.

"There are people who would like to recommend me. For example, if I am invited, I can recommend you." Zuo Zhenxuan saw that Chen Xiang was thinking about something, and asked: "You can't be thinking of letting me recommend some people to participate, right?"

Chen Xiang spread out his hands and said: "Of course not, I no longer have any relationship with the Super Martial School. But I might join a sect in the future, and if necessary, Elder Zuo can help me recommend our Leader s to join that whatever Three Realms Talk. "

"No problem." Zuo Zhenxuan agreed very quickly. He did not stop Chen Xiang from causing trouble and liked to watch the show.

[Chapter 914](#)

"Alright, I will come back."

When Chen Xiang left the Devil-subduing College, he thought about how he could raise the Dragon Subduing School to the level where he could participate.

He used his Luotian Gate to come to the outskirts of the Pill City and asked Long Xueyi while walking in the forest, "I say, Heavenly Dragon Supreme Lord, as the Great Clan Elder of the Dragon Subduing School, do you have any way to make me qualified to participate in the Three Realms Talk? "You're not allowed to brag."

"The disciples of the Dragon Subduing School are either seedlings or people who cannot bear to see the light of day! For example, you, me, Zhao Yiprofound, and Ji Meixian. Who knows how long it will take a rookie like Yun Xiaodao and Zhu Rong to grow up. This is a little difficult, let me think about it again. " This time, Long Xueyi did not brag. She seriously thought of a way, because she also wanted to join the Three Realms Talk.

Su Meiyao and Bai Youyou were also thinking of a way. Chen Xiang did not enter the city. He sat under a tree outside the city and thought of a way to enter.

"Alright, looks like I can only find Li Baojun. This guy should have passed through the Nine Nirvana Tribulations and become a Dan King!" Chen Xiang said. Li Baojun was trustworthy, but it was difficult to find him.

"If we can find Li Baojun, who is also a Dan King and an expert who has undergone the Nine Nirvana Tribulations, then we need to get another expert who has undergone the Nine Nirvana Tribulations." Su Meiyao said.

However, there were no suitable candidates, although Chen Xiang knew many strong warriors, he could not pull them over.

"It's only temporary, so there's no need to waste the experts' time. Where are we going to find them?" Using high-level elixirs could be replaced by others, but it wasn't worth it. Furthermore, it is very hard to trust someone who has randomly found me. If he were to be able to see through my identity, he would definitely make a move against me. Or a battle and you suddenly run away. " Chen Xiang shook his head.

"If only I could go to the Sacred Dan Realm. I can get a boat from the Immortal and the Dan King."

Long Xueyi said: "I do, do you still remember White Tiger profound Realm? Let's go ask the big white cat to come out! "

The big white cat that she was talking about was the White Tiger that had reincarnated from the God of Slaughter. Previously, Chen Xiang was still confused as to why the White Tiger was hiding in the Mortal Realm.

"Can you think of a more reliable method?" Do you think I'm an Azure Dragon or a Black Tortoise when you invite a White Tiger out of the mountain? Besides, isn't it just dealing with a bunch of kids? Is there a need to invite the God of Slaughter out? This is bullying. " Chen Xiang shook his head. His thoughts were good, but it was not realistic.

"Why don't you think of a way to raise your strength within a year, overcome the five Nirvana Tribulations, and release the great lion of You Ming Deep Abyss. Long Xueyi said.

"I've only just crossed the Second Nirvana tribulation, and I've been raised by three levels in a year? "Impossible!" Chen Xiang shook his head. Saving the Super Old Fire Beast was not very realistic.

"Where is Super Old Sacred Land's little Blue Dragon?" Long Xueyi said again.

A little basketball dragon? If Lan Cang knew, he would definitely spurt out a mouthful of blood.

"I don't dare see him for a short period of time. He must know that I've tricked a group of people to disturb him. Many old fellows have been rendered half-dead by Brother Lan. If he goes, he'll only draw even more hatred."

Chen Xiang thought for a while, "I will still go to White Tiger profound Realm to take a look, there should be many powerful tigers there! Furthermore, we haven't seen Zhenzhen for a long time, we can go and see how this little tiger has changed. "

Bai Zhenzhen had taken Chen Xiang to tame the little white tiger that day, and gave it her name before bringing it back to the White Tiger Fighting Race.

"I miss her too." Long Xueyi laughed.

Chen Xiang snorted lightly. Long Xueyi and Bai Zhenzhen, the two big gluttons, had eaten quite a lot of his food.

thought that they should be acquainted. He wanted to ask the White Tiger if he could find out anything.

The White Tiger profound Realm was at the bottom of the ocean near the Leisurely Immortal Sea. Chen Xiang had entered from there with a large group of people the last time.

But since Chen Xiang came out, the entrance had been closed. If he wanted to go in again, he would have to use the Luotian Gate.

After many short teleports, he finally reached the Chen Martial Continent after a few days. The change wasn't too great, it was just that the strength of the various large sects had increased by a lot.

He had originally wanted to return to the Super Martial School, but after sensing how many powerful auras there were inside the city, he felt that it was better to let it go. If he got too close to the Super Martial School and was discovered, everything that Huang Jintian had planned for would be for naught.

He had even made a trip to the Divine Weapons Heavenly Country. He had originally wanted to look for Liu Meng'er and Dongfang Xinyue, but they were not in the Divine Weapons Heavenly Country. He went to the Dan Fragrance Pure Land to look for Hua Xiangyue, but found out that the three women were travelling together.

"Divine Weapons Heavenly Country and Dan Fragrance Pure Land might have also been invited, because this could also be considered a huge battlefield. There have been many great wars between human and demon beasts before this. " Chen Xiang had only participated in this one time, and he had killed many Rankers in the Devil Race.

Chen Xiang suddenly remembered that both the Devil Race and the Blood Wolf King had a feud with him. The Blood Wolf King of the Blood Wolf Demonic Clan had died in the Rough and Random profound Land, if not it would be a huge enemy to him.

After returning to the Chen Martial Continent, Chen Xiang found out that the hundred thousand demons had become a super dangerous place because there were many Magical corruption gas floating inside. They formed a barrier, and one could only fly through from the high altitude if they wanted to.

When Chen Xiang arrived near the Lotus Island, the ocean had already disappeared, but there were many mines buried underground.

"It should be here!" Chen Xiang took out the Luotian Gate to confirm the location. Even though the place he was at was a huge mountain, it was the place he entered the White Tiger profound Realm back then.

Activating the Luotian Gate, Chen Xiang successfully opened the dimensional door, and after he entered, he appeared beside a small river. Standing by the river side, he watched as the small river slowly flowed by, sucking in the enchanting fragrance of the flowers. He really wanted to stay here for a period of time before leaving, the environment here was simply too good.

This was the White Tiger profound Realm, but it was different from what he saw when he first entered. At that time, the surroundings were ice and snow, but now, the place was filled with the fragrance of flowers and birds.

Just as Chen Xiang entered, he saw an old man coming out of nowhere. He had a kind smile on his face.

This old man was the patriarch of the White Tiger Fighting Race, Bai Zhan!

"Little brother, you're finally here. The little girl, Zhenzhen, has been wanting to look for you all day." Bai Zhan laughed and said. Although he looked kind, this old fellow was the patriarch of the White Tiger Fighting Race, his strength was unfathomable.

[Chapter 915](#)

Chen Xiang followed Bai Zhan to a giant tree that was as thick as a mountain. This tree had a few holes, he guessed that there were people staying inside.

"When did these big white cats turn into monkeys? They all live on trees. " Long Xueyi was completely puzzled.

Chen Xiang carefully looked at the giant tree in front of him, whose trunk was like a pillar of the sky and whose crown covered the sky. At this moment, he could clearly feel the powerful vitality of this tree.

"The White Tiger Fighting Race has really changed a lot!" Chen Xiang and the bench under the tree were waiting for Bai Zhan to call Bai Zhenzhen out.

After a while, Chen Xiang saw a very large leaf floating down from the sky. This leaf was as big as a bed, and gently floated down.

The big leaf had a white shadow on it, it was actually a four or five-year-old girl, holding a fruit with many small bite marks on it. She hugged Chen Xiang, and with her young and cute voice, she shouted, "Master, Zhenzhen misses you!"

Chen Xiang put the cute little girl down and looked at her carefully.

Bai Zhenzhen had changed into her human form, but she was still too young. She was actually a little girl around four years old, wearing a set of exquisite white clothes.

Chen Xiang caressed her little face and laughed: "You want to eat my fruits right?"

Bai Zhenzhen stuck out his tongue and laughed: "No way, I really do miss you. When I'm together with you, I can eat good things everyday.

"So you're saying that you're really hungry, and that you've been infected by that little dragon." Chen Xiang laughed and took out some Spirit Fruits and some Spirit Beast Pills, making the girl dance with joy.

"Don't call me master, you and I will get rid of the Master-servant Contract. If you call me that, your parents will beat me up." Chen Xiang was very worried that this little girl's parents were really strong.

Bai Zhenzhen rolled her eyes, pouted her small mouth, and smirked: "Give me some more food, and I won't call you master! "You will be my big brother from now on."

"Alright, for the sake of not getting beaten up by your parents, for the sake of becoming your little girl's brother, take it." Chen Xiang pinched her cheeks and took out some Spirit Fruits, these were not considered high leveled, but they were not bad either, at least Bai Zhenzhen liked them, Chen Xiang had never lacked these things.

"Brother, are you going to look for the Prophet? I'll bring you there, come up! " Bai Zhenzhen hopped onto the large leaf that could fly.

was very happy that such a cute little girl had called him Big Brother. He muttered in his heart: "It's all little girls, why is it that there's such a huge gap between us when comparing a certain dragon and someone else? "You are gluttonous, impolite, and happy to brag so much every day. You are also very lustful!"

"You're not talking about me, are you?" Long Xueyi was suddenly very unhappy.

"I never thought that you would have such self-awareness. I'm talking about you, Little Naughty Dragon!" Chen Xiang laughed.

"Humph!" I, as a dignified Heavenly Dragon Supreme Lord, disdained to compete with this little white cat. " Long Xueyi snorted.

"Oh yeah, where's Sister Long? I miss her! " Bai Zhenzhen controlled the big leaf to glide around the big tree with Chen Xiang. It allowed Chen Xiang to clearly feel the beautiful scenery here, and absorbed the rich plant essence.

"Little Zhenzhen, big sister misses you too!" Long Xueyi suddenly ran out and allowed the big leaf to descend. After stabilizing the leaf, Bai Zhenzhen pounced on Long Xueyi's body and rubbed his chest.

"The culprit!" Chen Xiang glanced at Long Xueyi's chest, and mumbled to himself. He felt that this was the thing that could make the big leaves fly very slowly.

"Little Zhenzhen, do you want to drink grandma?" Long Xueyi saw that Bai Zhenzhen had buried his head in her chest and laughed softly: "Don't teach bad kids!" Chen Xiang said with a stern face.

"You are jealous of Little Zhenzhen!" Long Xueyi's small and beautiful oval face was full of pride.

"I only eat fruits and not milk. But if Sister Long has any, I also want to try some dragon milk!" Bai Zhenzhen laughed mischievously.

Long Xueyi actually laughed tenderly as she opened her shirt, revealing half of her jade breasts. Then, she hurriedly covered up her clothes, causing Chen Xiang to continuously curse in his heart.

"Elder sister doesn't want to see that big white cat. I'll be leaving first. Next time, I'll let you drink my milk." Long Xueyi caressed Bai Zhenzhen's little face, gave her some fruits, and then entered his ring.

"Little pervert, you only know how to teach bad people!" Chen Xiang snorted.

put Chen Xiang down the tree and then left. She did not dare to casually enter the White Tiger's house, but Chen Xiang could, because Chen Xiang received the White Tiger's acknowledgement.

"You're finally here!" The White Tiger emerged from the tree hole.

Chen Xiang saw this ordinary looking young man once again. He looked ordinary with not a hint of presence, but he was the reincarnated White Tiger.

"Senior ... Have you been waiting for me for a long time?" Chen Xiang asked.

"Hmm, I know a little about the matters outside. I think you should have come earlier." The White Tiger laughed.

He brought Chen Xiang into a small living room and poured some water for Chen Xiang, shocking him.

At this time, Chen Xiang suddenly wanted to invite the White Tiger out to bring it to the Three Realms Talk.

"Why is senior waiting for me? "Why would you think I would come?" Chen Xiang felt that it was very strange.

"You have obtained a Heaven Earth Killing Method, it should be a Ground killing!" The White Tiger said, "You have been to the Lion Mountain before!"

Ten Heavens Supreme Lord is a lion, maybe this White Tiger really has something to do with Ten Heavens Supreme Lord!

Chen Xiang nodded her head: "When I first stepped onto Lion Mountain, Slaughter God's Hand made me release a very strong killing intent."

"That's right. Actually, Slaughter God's Hand is not a complete White Tiger Divine Weapon, only half of it. " was stunned by the White Tiger's words.

This Slaughter God's Hand was actually only half of the White Tiger Divine Weapon, and he was already so strong. When he didn't use the Green dragon demon-slain broadsword, this White Tiger Divine Weapon gave him a very powerful strength, making his hands even stronger.

Chen Xiang suddenly thought of something bad, he took a deep breath and said: "The other half shouldn't be at Ten Heavens Supreme Lord's place right?"

The White Tiger laughed, "You guessed it right. When you stepped into the Lion Mountain, you resonated with the other half, which is why there was such a reaction."

"Why is he at Ten Heavens Supreme Lord's place?" Since Chen Xiang already knew that there was another half, he had to go and find the other half. Otherwise, he would feel extremely uncomfortable.

"I lent it to that bastard. It's a pity that he didn't return it to me and even brought it to my grave. It would be very difficult for me to enter that damned place." The White Tiger sighed.

"What?" This Ten Heavens Supreme Lord is really a bastard. " Chen Xiang looked at the White Tiger Fist Gloves on his hands and muttered: "How can you casually lend this kind of thing to others?"

"He isn't just anyone. He is a member of my White Tiger Fighting Race, and can be considered my head disciple." The White Tiger said.

Chen Xiang almost sat down on his seat. The legendary Ten Heavens Supreme Lord was actually the head of the White Tiger, this White Tiger was really an antique!

"Actually, I feel somewhat guilty about this matter. Because you have defeated me, you should have obtained a complete White Tiger Divine Weapon. That's why I'm considering how I can make up for it." The White Tiger said.

Make up to me? Chen Xiang secretly laughed in his heart. No matter what, he would have to make a trip to the Emperor's Tomb in the future, and he would definitely be able to find the other half of the White Tiger Divine Weapon.

Seeing Chen Xiang's gloomy smile, the White Tiger had a bad premonition!

[Chapter 916](#)

Now, the White Tiger could tell that Chen Xiang did not come to find him because of the Ten Heavens Supreme Lord, but because of some other reason. Seeing Chen Xiang's sinister expression, he felt that he had unknowingly jumped into a trap and dug this dangerous place himself.

"Senior White Tiger is indeed worthy of being a Martial Saint. I don't need anything to make up for it. I only know how to make up for my mistakes." Chen Xiang laughed, changed the subject, and said: "But right now, I need senior to help me with a little, to senior, it's nothing more than a small matter."

The White Tiger felt that he owed Chen Xiang a lot even if he had been in the White Tiger Divine Weapon, because even he couldn't bring out the other half of the White Tiger Divine Weapon right now.

"What kind of help? As long as it's within my capabilities, I will definitely help you. " The White Tiger agreed straightforwardly.

Chen Xiang chuckled: "I want to participate in the meetings held by the strong powers in the third region of the Human Demon Realm, but if I want to participate, I need some conditions, I need a strong person to stand guard over. If it's inconvenient for Senior, you can lend me a powerful person."

"The matter of the Three Realms Talk you mentioned? I know a bit about it too. Since this is a Great Assembly of Humans and Demons, I wish to take a look as well. The White Tiger nodded. This wasn't anything difficult for him.

Chen Xiang expressed his thanks again and again, but he was extremely happy and almost shouted out loud in joy.

"This... "This brat has stirred up quite a lot of people outside. When the time comes, quite a few people will come to find trouble with me, so ..."

White Tiger waved his hand: "Don't worry, I'll help you settle it when the time comes."

Chen Xiang said respectfully: "Thank you, senior. When Three Realms Talk is about to begin, I will come and find you!"

"Don't expect me to bring you into the Emperor's Tomb. Qi Shi's grave isn't easy to enter." The White Tiger said.

Qi Shi? This was the name of Ten Heavens Supreme Lord. This was the first time Chen Xiang had heard of this, and even Ji Meixian and Zhao Yiprofound did not know his name. Ten Heavens Supreme Lord was the head disciple of the White Tiger, so the White Tiger definitely knew a lot about him. Although Chen Xiang wanted to know, it was not the time for him to ask.

"Ten Heavens Supreme Lord is really dead? How did he die? Logically speaking, such a strong existence would not have died! " Chen Xiang was confused, although he did not say it out loud, but the White Tiger saw the doubt on his face.

"There are some things that you will know when the time comes! As for that piece of history, I don't want to talk about it anymore. In short, when the next era arrives, that piece of history will once again surface. "

The piece of history that the White Tiger spoke of was the piece of history that the Duan Clan had been digging up for many years. It was the details of the fall of the Ten Heavens Supreme Lord and the collapse of Di Tian.

After Chen Xiang bid farewell to the White Tiger, he jumped down from the tree hole. The mischievous Bai Zhenzhen rode on the big leaf and flew over, catching Chen Xiang.

Chen Xiang really liked this beautiful little girl. Although she was a little naughty and gluttonous, she was still a little cute.

He chatted with Bai Zhenzhen for a while before realizing that the big tree was obtained by the White Tiger. It provided the entire White Tiger profound Realm with a large amount of life force, and was the lifeline of this profound Realm.

White Tiger Fighting Race's reproductive ability was very weak, so a little guy like Bai Zhenzhen was very precious and received great love from the White Tiger Fighting Race.

Bai Zhenzhen could not leave the area covered by the big tree, so she could not send Chen Xiang too far away.

Bai Zhan came to pick Chen Xiang up. Although Chen Xiang's strength was considered the weakest in the entire White Tiger Fighting Race, Bai Zhan knew very well how difficult it was to get his hands on the White Tiger Divine Weapon. There were many powerful white tigers in the White Tiger Fighting Race who tried to challenge the White Tiger but failed in the end.

The White Tiger Fighting Race respected the strong, so Bai Zhan was very courteous to Chen Xiang, and he even told Chen Xiang to stay for a bit longer, to wait for the young white tigers that had gone out to come back, then exchange pointers with him.

"Uncle clan leader, how did your prophets find out about what happened outside?" Does he go out often? " Chen Xiang asked, the White Tiger seemed to be very familiar with what was happening outside.

"This is mainly what we sent people to investigate and then report back to him. But even if we don't, he will know. Otherwise, we wouldn't call him a prophet." Bai Zhan laughed: "Brat, what a big commotion you are causing outside, all of us brats want to fight with you."

Chen Xiang said: "Hehe, if there's a chance, I also want to fight with them. Oh right, I have something to ask you. If the White Tiger wants to see your Prophet, will you accept it? "

"I can't wait for more! The Astral White Tiger's bloodline was extremely lost. Many years ago, the Prophet sent his family's experts to the starry sky to search, but there was no news of them at all! Could it be that you have seen the White Tiger? " Bai Zhan asked seriously.

"I have, in Sacred Dan Realm, his name is Bai Xing, he is very strong, and helped me summon a star." Chen Xiang said.

"Really? I will immediately report it to the Prophet and let him think of a way to contact Sacred Dan Realm's White Tiger. " Bai Zhan became excited and left in a flash.

Chen Xiang took out the Luotian Gate, opened a spatial door, and left the White Tiger profound Realm.

----- "Prophet, logically, for the White Tiger to awaken, there should be a very complicated ceremony. Only you or the elders and patriarchs of the Starry Sky White Tiger Race would know about the ceremony, does the Starry Sky White Tiger Race still have patriarchs and elders? During the battle against Di Tian, the entire Star Domain was destroyed, and the Starry Sky White Tiger Race still had a legacy! " Bai Zhan said as he frowned, "I also felt that it was strange. I had almost despaired for many years, I never thought that it would be in Sacred Dan Realm, and as for the Awakening Ceremony, everyone knows about it. It was probably the little white dragon that told the little kid to help him Awaken."

"Inform the Sacred Dan Realm immediately and have them investigate thoroughly. I will personally go see her when the time comes." For example, the current Bai Zhenzhen could get personal guidance from him. Many of the young generation of White Tiger Fighting Race were taught by him to grow up.

After Chen Xiang left the White Tiger profound Realm, he had to quickly return to Dan City. Right now, he had to find Li Baojun, he did not know whether Li Baojun had flown up, or else he would have to find a reliable Dan King.

"Looks like I can only try to use high-grade medicinal ingredients to lure this old fellow out." Chen Xiang came to the place where the bounty was placed. It was a tall tower built by the Dan Alliance.

"Let's use the Longevity fruit. I finally copied one of these." Su Meiyao said. Longevity fruit were immortal fruits, and required a lot of them.

[Chapter 917](#)

Chen Xiang placed a bounty order in the hall, and there were quite a few people who posted such items. The highest bounty was a few hundred million Spar.

Of course, he was not using the Longevity fruit as reward, he was only using it to lure Li Baojun out. However, the reward was not low either, it was a piece of profound energy Quenching body Dan, a high-grade Ground level Quenching body Dan, in the eyes of some people who urgently needed it, it was even more precious than the Relive Dan.

Chen Xiang had released a bounty on the old man so that he could appraise the pellet. The bounty had the old man's portrait and the image of the Longevity fruit on it, which meant the old man had refined the Longevity fruit into a pellet.

If he could find her, Chen Xiang promised to give her a piece of profound energy Quenching body Dan as compensation, so Dan Alliance quickly spread the news out.

No one recognized Li Baojun, but many of the old Alchemists recognized the Longevity fruit, especially those Tong Tian Aristocratic Families and sage realm Dan Kings. They went in and out of the Pill Tower several times a day, wanting to meet Chen Xiang and see the appearance of the Longevity fruit with their own eyes.

To many people who could not break through, this was something that defied the will of the heavens. If the Dan Immortal could refine it into an immortal pellet and refine two of them, that would increase their lifespan by 20,000 years, even if a mortal lived for 20,000 years, let alone a cultivator.

There were many immortals in the Human Realm that came from there. Let alone these immortals, even the big shots of the big powers in the Heaven Realm would all snatch them away crazily.

Cultivating could help a person live for a long time, but it was not immortal, especially when one was unable to break through later on. As long as one was stuck for too long, they would die quickly, and if they could increase their lifespan, there would still be a chance for them to live for a long time.

This was the reaction that Chen Xiang needed. He knew that a lot of people would help to pass the news to him, at that time, even the Heaven Realm would probably help.

Even in Heaven Realm, there were very few medicinal ingredients. Now that he had the chance to refine the Immortal Grade's medicinal ingredients, even Dan Immortal would be unable to resist.

Chen Xiang reckoned that Li Baojun was just a Dan King, even if he could not refine an Immortal Pill, he would still be forced to come out due to this bounty. He had even left a secret signal inside the bounty, so the moment Li Baojun saw it, she would definitely recognize it as him.

In order to find Li Baojun, Chen Xiang had to stay in Pill City. He had originally planned to start learning how to refine high grade Ground level pills, but after trying it out with his dual Foreseeing Alchemy, he was immediately defeated. The difficulty was too great.

"Right now, you have only just mastered the second stage of Foreseeing Alchemy. When you are able to use the second stage to refine as you please, you can then learn the third stage of Foreseeing Alchemy." Su Meiyao said.

A high levelled pill was not only difficult to deal with with with medicinal ingredients, there were also a lot of unknowns. Chen Xiang felt that even if he mastered the third stage of Foreseeing Alchemy, he would still not be able to refine a high levelled Ground level pill perfectly. At that time, like the other Alchemist, he would only be able to produce one pill.

He felt that if he wanted to make full use of the medicinal ingredients to refine pills, he would need to master at least the fourth stage of Foreseeing Alchemy. Only then would he be able to produce more high grade Ground level pills and easily use the medicinal ingredients.

Many of the Alchemist s were eager to gain benefits, they only wanted to obtain high quality pills and not quality pills, so the price of high quality pills was more than two times higher than the lower quality pills.

"I can take advantage of this time to learn Heavenly Alchemy s and God slain method s!"

Chen Xiang rented a small house and started to study the Heavenly Alchemy. After being immersed in studying it for a few days, he forgot to go to Dan Alliance to see if there was any news.

"It's too amazing, no wonder even Great Yan Jing only learned a little of it in ten days, this Heavenly Alchemy is really too powerful." Chen Xiang looked at it for a few days in succession as he exclaimed in shock.

"How powerful is it?" Su Meiyao was extremely curious, for the past two days she had been called Chen Xiang, and Chen Xiang did not even pay attention to her.

"Refining the heavenly thunder into a pill, the mountains into a pill, the powerful beasts into a pill, the various energies in the world into a pill, the sun, moon and stars into a pill ..." Chen Xiang muttered. If he did not own the Heavenly Alchemy, he would not have believed this ridiculous thought.

"This... Is this something a human can do?" Su Meiyao was also in disbelief, but this Heavenly Alchemy was something that he had learnt before in his life, and he had not even learned it yet.

"I don't know, maybe Ten Heavens Supreme Lord can do a small part of this!" Chen Xiang let out a long sigh. This Heavenly Alchemy was extremely profound, and required a very powerful force to feel it.

"Isn't the Heavenly Alchemy useless for you right now? Is there any pill forging technique suitable for people to learn?" Su Meiyao scoffed, she felt that only a god would be able to do what Chen Xiang had said before.

"Yes, it is a small trick. It is to refine multiple medicinal ingredients at the same time, allowing one to produce many pills in one go!" Moreover, you do not need to rely on the pill refining furnace to refine it. I can improve it a little and add Yanlong furnaces. Chen Xiang said.

"That's not bad. It can increase the speed of refining pills in Alchemist, especially for you!" Su Meiyao praised.

Chen Xiang also thought that this method was pretty good, because he had a lot of herbs. To support a sect or a pill shop, it would be very difficult for him to refine pills by himself.

"Anything else?" Su Meiyao asked again.

Chen Xiang shook his head: "I did not read the rest. All I saw were the pills used to concoct the pills, I will try to concoct more of them first."

He told Su Meiyao to process the three sets of Zhuji Dan's medicinal ingredients. If he wanted to open a sect, a large number of Zhuji Dan would be indispensable.

Zhuji Dan s were low grade profound level pills, and concocting one furnace was the easiest for Chen Xiang, but right now he wanted to concoct three batches at the same time.

Previously, Chen Xiang had tried to use both the Magic method furnace and the Pill Refining Furnace to refine it at the same time, but now he was going to use three of the Magic method furnace to concoct three batches of pills, which had very high requirements for his spiritual sense.

The Heavenly Alchemy originally needed someone with a strong spiritual sense to learn it, otherwise, it wouldn't be placed together with the God slain method.

The three floating medicinal ingredients were placed in three separate transparent pill furnaces. Chen Xiang released a flame and began to refine the medicinal ingredients.

When Chen Xiang went through his ultimate tribulation, he fused with the seed of fire, causing the Heaven fire soul to become even stronger. The Heaven fire he released out, under his exquisite control, instantly melted the Zhuji Dan's medicine, and the Medicine aura and the medicine powder were separated out.

This was the benefit of Fire Soul. Although flames could instantly refine medicinal herbs, they would not be affected by it.

The three balls of azure light rotated within the secret chamber. Each time they revolved, the azure light would shine fiercely and dazzlingly, as if they were the three stars in the night sky.

"What kind of pill forging technique is this?" If you don't know Magic method furnaces, can you learn it? " Su Meiyao's heart itched from looking at the ring, he wished that he could start to learn now.

"This is called the Dawan refining method, at most, you can refine 10,000 sets at the same time, hehe, it's very scary isn't it? But according to the Heavenly Alchemy, this is not used to refine pills, but the things I mentioned before ... "

[Chapter 918](#)

When Su Meiyao thought about the Dawan refining method and refining the Myriad Cauldron Pill at the same time, he was shocked!

Chen Xiang had only made three batches, but that multicolored light had already given people a strong visual impact. Forget about ten thousand batches, even a hundred batches would be enough to scare them to death.

"Oh right, there are some Spirit grain s added on top of the Heavenly Alchemy, but I have yet to see that part!" Chen Xiang said. He had only tried to refine Congenital Jiuyuan Dan once before, and later on when he was refining the pills, he wanted to add a few Spirit grain s to increase the effect. However, he discovered that many of the array formations were not suitable for refining pills.

He had accumulated quite a bit regarding Spirit grain and formations. It could only be said that the number of Spirit grain used to concoct pills was too little. If necessary, he would have to develop them himself. Of course, if he were to learn that Divine Book, he might even have a big breakthrough.

"In other words, those Ten Heavens Supreme Lord s could not have been created by him using this method!" Long Xueyi guessed.

Chen Xiang was shocked and almost lost his focus, almost dispersing the three balls of mist. However, with his rich experience in handling difficult problems, he managed to stabilize himself.

"It's very possible that the Heavenly Alchemy is not only capable of refining mountains and rivers into a pill, but it is also capable of refining mountains and rivers. It can absorb the energy of heaven and earth, and replace all living things from heaven and earth. Chen Xiang said.

"Too terrifying, looks like Ten Heavens Supreme Lord has learnt quite a lot!" Initially, she thought that it would take a very long time and a lot of manpower to create those Lion Mountain s. However, if she used that Heavenly Alchemy, she could create them by herself.

The three batches of Zhuji Dan soon succeeded, four of them for one barbecue, and there were twelve of them here!

In order to master the Dawan refining method, one had to first not rely on the furnace to concoct pills, then they had to simultaneously master multiple pill furnaces. It required some techniques to control fire, as well as spiritual sense, which were all recorded in the Dawan refining method.

Only refining three batches, to Chen Xiang, was still too simple, because he already had a foundation.

"Ten batches!" This should be very difficult. " Chen Xiang took out ten batches of Zhuji Dan's medicinal ingredients and used his mana to control these medicinal ingredients to float in the secret room. Then, he released ten Magic method furnace's and stored these medicinal ingredients.

"Ten batches of Zhuji Dan s are easy to refine. What about ten batches of Xuan Beast Pills?" Long Xueyi imagined how Chen Xiang would be able to concoct one hundred thousand profound beast cores at a time. At that time, the profound beast cores would be like a small mountain, and she would be able to roll on top of it.

Learning the Dawan refining method had another benefit, it was allowing him to become familiar with using his mind energy. Although he had a very strong mind energy, if he did not know how to use it, it

would just be a decoration, for example, a strong man with a full body of strength who did not know how to use any martial skills, it would just be a waste of his strength.

Therefore, Chen Xiang needed to do a lot of practice in this area, allowing him to freely control his powerful spiritual sense.

The secret room was a little small, and the ten batches of Zhuji Dan were split into two rows. The ingredients had already been smelted into Medicine aura s, and Chen Xiang was currently controlling the Medicine aura s to fuse with the medicinal powder to form ten balls of cyan light that flashed explosively. Like ten small cyan suns, the entire secret room was filled with cyan light.

Chen Xiang was drenched in sweat, his brows were still twitching, and he realised that he had a strong consciousness, but it was powerless to control it.

He had a vast mana and could use mana to display a very powerful Heavenly dragon seal. However, to make him carefully control and refine the Ten Furnace Pill was so difficult that it was difficult for him to do so!

"We failed!" This was the first time Chen Xiang felt this way. It was not that his consciousness was lacking, his strength was lacking, or that he lacked experience, it was that he could not display his true strength.

"Don't be discouraged, finding out your weakness is always good. At least you can correct it now, you can borrow the Dawan refining method to practice it properly." Su Meiyao was naturally clear about the reason for Chen Xiang's failure.

"Junior Sister is right, you've already done very well!" Bai Youyou encouraged others as well. These past few years, the two girls had always been this way, causing Chen Xiang to always have the motivation to act when he failed.

"If you learn it well, you might be able to use the Transformation Techniques to create more tricks. You can use this Dawan refining method to help you build a firm foundation, and after you successfully refine the Ten Furnace Pill, I'll teach you." Long Xueyi laughed.

Chen Xiang took out ten batches of Zhuji Dan s' medicinal ingredients. Starting from the start, those Medicine aura s just now had already dispersed. Only a few remained in the secret room.

Although it was difficult to control, he had already taken a step forward. Once he could refine the Zhuji Dan, he would try to obtain an even higher level pellet.

---- Pill City was once again bustling with noise and excitement. The first few times, it was because of Chen Xiang, but this time, it was because of the Longevity fruit. Many people had crooked thoughts and wanted to snatch it away.

No matter what the bounty was, no one had ever seen Li Baojun, especially those Dan King s. They knew that the person who issued the bounty orders appointed Li Baojun to refine the Longevity fruit into a pill, which meant that Li Baojun's pill refining level was very high. However, no one had ever seen someone like this.

It was a pity that the bounty token did not have a name. Otherwise, they would have been able to tell what the name was based on.

Longevity fruits were regarded as the highest level medicine that had appeared before, because it was an Immortal Fruit. In Mortal Realm, there was such a thing, so everyone could not help but to question, did it really belong to the Mortal Realm?

Of course, many people now knew that this Mortal Realm used to stand above the Nine Heavens and Ten Hells, and was called Di Tian. However, he had declined and many people still called him Mortal Realm.

The Pill Tower was bustling with activity, the people crowded inside were all waiting for the Longevity fruit master to appear. They wanted to see who it was.

This Pill City was a big city, and the people who stayed here were mostly rich and affluent people. Even the waiters who worked in the shops had plenty of Spar s.

"Why did this kid lure me out? Fortunately I already ate the Beauty Dan, otherwise, I would definitely be annoyed to death right now. "

He was the Li Baojun that Chen Xiang was looking for, and also the person that many of the great powers had sent large groups of people to look for.

Li Baojun had arrived very early, and on the third day after the bounty was issued, he arrived at Pill City. Because he was in the Continent of the King, he concealed his identity and used the wealth left to him by his master Li Tianjun to purchase many spirit medicines to use in pill refining to raise his level.

Don't look at his shabby clothes, the pills inside his Storage magic treasure could make many Dan King s die from greed. It was probably only Chen Xiang who would not want his pills.

Li Baojun had naturally come for the Longevity fruit, as long as he was a Alchemist, there was nothing that he wouldn't be moved by it. Although he couldn't find Chen Xiang, he still patiently waited for him to come. He was glad that he recognized Chen Xiang, otherwise, it would be very difficult to get close to the Longevity fruit.

[Chapter 919](#)

In a small house in a secluded corner of the Pill City, Chen Xiang was refining ten batches of Zhuji Dan using his Dawan refining method in a secret room.

Right now in his mind, he was still in the process of refining ten batches of pills. This was different from the, since multiple Foreseeing Alchemy s were different from when he was refining a single batch of pills. After that, he would fuse the results of the ten batches of pills together and get the correct result.

had already failed six times, but every time he failed and started refining new pills, he would progress.

had already reached the final stage of condensing his core. He wanted to divide each ball of mist into four parts, and then condense them into cores.

This was an extremely difficult task, but Chen Xiang's consciousness had now improved by leaps and bounds, and the ten balls of golden-green mist were slowly splitting apart. Not long later, inside each

transparent Magic method furnace, there were four balls of cyan colored small cyclones, and in the entire secret room, there were forty balls of gas that were floating in a gold-green colored sea, shining like forty dazzling stars.

Right now, Chen Xiang had already reached the most critical juncture, Pill Condensation!

Although the ten Magic method furnace were transparent, they were still formed from condensed Fa Li and had substantial power. Currently, they appeared to be extremely unstable and they shook at the same time, causing the entire house to shake as well.

was covered in sweat, his head was in slight pain. At this time, his consciousness had already reached the limit of his control, if he continued to persevere, there would only be two results. His soul would either be injured, or his breakthrough successfully.

The wound to his soul was no trivial matter. He began to hesitate, whether he should persevere in condensing the pill or give up!

Now that he was at the final critical point of forming the core, he was only one step away from success. If he gave up now, he would miss this opportunity to break through.

Although his control over his spiritual sense had increased by a lot, it was still limited. He still could not completely control his powerful spiritual sense.

Chen Xiang clenched his teeth, let out a deep roar, and fully released all his strength. He released all his spiritual sense and magical power, and without thinking about any consequences, fused the two things together, forming a golden light that could be seen by the naked eye, enveloping the balls of air.

"This is divine power. My spiritual sense and magic power have perfectly fused together to form this, so right now, I can only barely cultivate it!" This does not fit with common sense, his soul must have at least reached a superb realm to be able to cultivate and produce divine power! " Long Xueyi was extremely depressed. In order to cultivate God Power, she had to put in a lot of effort and only managed to learn the art of cultivating God Power because of her inherited memories and fate.

To step into perfection, spirit cultivation, especially for humans, was a must to step into perfection, and it was necessary to do so through 'enlightenment'.

"When did what happened to this little scoundrel make sense?" Su Meiyao laughed: "So you're saying that Little Scoundrel has entered the realm of perfection?"

"Not yet, but he's half a step into that level. I thought that he would need to become at least an immortal to be able to comprehend the Dao. I really didn't expect him to accidentally produce divine power while concocting pills." Long Xueyi was extremely unhappy, he snorted: "A blind cat has met a dead rat."

However, when she had stepped into the realm of perfection, she was still feeling extremely pleased with herself, because she was very satisfied with her own cultivation speed, thinking that she was even stronger than the Imperial Dragon Race Emperor, even though she had suffered a lot.

But now, Chen Xiang had figured out how to condense the divine power. This made her feel very comfortable, and very jealous!

Chen Xiang didn't know what had happened. Just now, in order to condense the pill, he used his spirit power and spirit power at all costs. In that instant, he only felt that he had entered a very strange state. He could clearly feel that the soul in his Sea of Consciousness was crazily absorbing the soul consciousness in the Sea of Consciousness, as if the soul and the Sea of Consciousness were fused together. The mana and the soul consciousness could easily fuse together into a very powerful invisible force, which made him feel like he could use this power to pull up some mountains.

The light rays from the secret room disappeared, and forty Zhuji Dan suspended in the air. Chen Xiang gathered his power, and all of them gathered towards him, and were placed into a jade box.

"They are all of high quality!" Chen Xiang said happily. Although something very strange had happened just now, he did not know that he had cultivated God Power so quickly.

Long Xueyi scoffed, "Little Scoundrel, you've cultivated godly strength, don't you know? Tell me what happened just now, and I'll give you some pointers. "

"Something really has happened. I feel like I can easily control those powerful mana and divine intents right now." Chen Xiang said.

"That's for sure, because those powers have all become divine powers, and you are the one controlling them. However, you have not completely transformed your sea of consciousness into Divine Sense Sea."

Chen Xiang told Long Xueyi about the changes in his sea of consciousness.

Long Xueyi exclaimed, "Little monster, you are actually starting to transform your sea of consciousness. It won't be long before you obtain the Divine Sense Sea.

Chen Xiang laughed: "So you're saying that I will soon enter the Heavenly Completion Stage?"

"I'm still far from being able to do that, but I'm sure that you will be able to attain perfection. Your Sea of Consciousness is very big, and it will take you a long time to transform it. What a little monster. The sea of consciousness is even larger than our Emperor Dragon, who is born to be a god. " Long Xueyi muttered: "This is all because of my guidance from Heavenly Dragon Supreme Lord. "Yes, that must be it."

In terms of cultivating the divine way, Long Xueyi did contribute greatly, so Chen Xiang was very grateful to her as well.

"Many thanks, Heavenly Dragon Supreme Lord, come out and let me kneel down to thank you." Chen Xiang laughed.

"Humph, I'm going out to pinch your face? I won't do it, anyone can pinch the face of my Heavenly Dragon Supreme Lord! " Long Xueyi snorted.

"But I've squeezed it many times."

"That's because I'm magnanimous. I won't argue with you, and I won't pinch you again in the future."

Chen Xiang only laughed, he decided that when Long Xueyi comes out, he would definitely rub her charming face, and even her chest ...

"We should go out and see if our Dan King has found him."

He washed his body, changed his clothes, changed his appearance, and walked towards Pill Tower.

Li Baojun would wait outside the Pill Tower everyday. Although he did not know how Chen Xiang would find him, he had no other choice but to come here and squat every day.

The moment Chen Xiang got close to the Pill Tower, he felt a very familiar aura. This made him very happy, because Li Baojun had come.

There were many people in the hall of the Pill Tower. Chen Xiang glanced at the hall inside the Pill Tower, then shifted his gaze to the crowd outside, searching for the source of the familiar smell.

Very quickly, he saw a middle-aged man in simple clothes. Although Li Baojun was much younger, Chen Xiang could still recognize the outline of his face.

Li Baojun saw a young man with average looks walking towards him and immediately frowned, because the person in front of him did not look like Chen Xiang and there were no signs of him changing his appearance. From the aura of the Innate Qi, Li Baojun could tell that he was a warrior of the Extreme realm.

"It's me!" Chen Xiang smiled at Li Baojun.

Li Baojun was startled, he was still curious why such a person would approach him, he did not expect that it was actually Chen Xiang.

"Senior, let's talk somewhere else." Chen Xiang whispered to Li Baojun.

Li Baojun anxiously nodded his head, he was already excited, because he would be able to see the Longevity fruit very soon. Inside the Pill Tower, there were many old Dan King waiting for the Longevity fruit to appear, but he did not know that the person who had the Longevity fruit was Chen Xiang who was unknown whether he was dead or alive.

"Hehe, let's go." Li Baojun patted Chen Xiang's shoulder. He wanted to quickly go to a convenient place to talk and take a look at the Longevity fruit.

Chen Xiang brought Li Baojun back to the small house, entered the secret room, and then changed back to his own appearance. This shocked Li Baojun.

"Did you eat some pill that could change your appearance?" This is too amazing, what kind of pill is this? It was said that these Transfiguration Pills were of the lower grade Heaven level. Not only could they change one's appearance, they could also change one's size. "Farewell." Li Baojun said.

"It's a disguise. I can only change my face. I was lucky enough to get my hands on one." Chen Xiang laughed.

Li Baojun nodded: "Oh, so it's Dissemination, this is a high grade Ground level pellet. The medicinal strength will last for three years. Within three years, it will be able to activate the medicinal strength, causing the muscles on the face to change, thus achieving the effect of changing one's appearance. "

Li Baojun had indeed received Li Tianjun's inheritance, and with such a deep understanding of medicinal pellets, many Alchemists had never heard of these pellets before.

"Senior, you must have eaten the Beauty Dan, right?"

"Of course. Originally, I didn't want to eat it either, but I had no choice. Boy, let my portrait be pasted all over the world." Li Baojun laughed helplessly.

"Alright, just say it directly if you have something to say, right?" Just as Li Baojun finished speaking, he asked again: "You really have that Longevity fruit?"

Chen Xiang laughed: "I really do, I just want to ask for senior's help. As long as I'm done, I can give you the Longevity fruit!"

Li Baojun quickly said: "What is it? Let alone one, even ten or a hundred would not be a problem. "

Chen Xiang suddenly wanted Li Baojun to help him out by a hundred, but he felt that it was not very good. Originally, he had only planned to let Li Baojun help out, but now, he wanted Li Baojun to stay in his Dragon Subduing School.

"This matter might delay senior one to two years ..."

Li Baojun waved his hand and said: "Forget about one or two years, one or two thousand years wouldn't be a problem. With a thing like the Longevity fruit, what kind of time are you arguing with me about?"

Chen Xiang laughed: "That's right, I only wanted Senior to temporarily become my sect's Dan King, because I want to join that Three Realms Talk. If my sect has two Rankers with strength surpassing Nirvana Stage and one Dan King, I can find someone to recommend them to us. As long as the Three Realms Talk is here, we will consider our cooperation as complete. "

"Senior, you should have passed through the Nine Nirvana Tribulations, right?"

Li Baojun replied without thinking, "Of course I passed through the Nine Nirvana Tribulations. Is that all you want me to do? And then you gave me the Longevity fruit? This is too simple! "

"Mhmm, I'm just helping me temporarily."

"Let's not talk about the temporary period, how long will it be alright for us to hang on for?" Right, after you were expelled from Super Martial School, what sect did you join? There is actually a sect that dares to take you in, this sect must be amazing! Why is there a lack of Dan Kings? " Only now did Li Baojun start to have doubts. How could he not know about what Chen Xiang had done?

Chen Xiang coughed dryly, and said: "It's called Dragon Subduing School!"

"Dragon Subduing School? Wasn't he planning to fight against the dragon? It is indeed a little sect, who is Leader? Take me to see him! " Li Baojun nodded.

"Leader... Leader is me, I was the one who created this Dragon Subduing School, there are not enough manpower right now, the sect gate is not decided, the property is temporarily gone, but it will be better in the future. Chen Xiang said in embarrassment.

The corner of Li Baojun's eyes twitched: "What kind of sect is this? But come to think of it, I want to try and see what it's like to establish a sect with my own hands! "

"You want to participate in the Three Realms Talk? Could he be here to cause trouble? "

Chen Xiang laughed: "Of course not, I have the Green dragon demon-slain broadsword, I feel that I cannot be absent."

He took out a black fruit and handed it over to Li Baojun, causing him to stare at it blankly. Although the fruit was grey, he recognized that it was the Longevity fruit.

Li Baojun was not stupid, he had already considered joining Chen Xiang. Previously, when Chen Xiang used the name Li Renshan to impersonate Li Tianjun's successor, he was extremely furious. However, after knowing that it was Chen Xiang, and even the precious Heaven level s and elixirs, he guessed that Chen Xiang must have had some sort of fortuitous encounter, and obtained the medicine garden left behind by a great figure.

Right now, Chen Xiang also had a Longevity fruit, so this kind of thing was rare even in the Heaven Realm. If he could use the Longevity fruit to refine the Longevity Pill, he might be a young Dan Immortal.

"Let me say this first, I am just a pill refiner. I don't know how to fight, I don't know how to be a helper!" But I can guarantee that your henchman will have enough pills! So when you're with me, don't make any trouble. " Li Baojun said as he put away the Longevity fruit. For Chen Xiang to give the Longevity fruit to him so quickly meant that she had absolute trust in him.

Chen Xiang nodded his head repeatedly: "Don't worry, Dan King is very important to a sect, I definitely won't do something as foolish as this. Oh right, Elder Li, do you have a better place for us to rest for the time being? "

"It's in a small mountain outside the city. Follow me." said. He had obtained a Celestial Fruit, and now, even if Chen Xiang wanted him to be his helper, he was very willing.

Chen Xiang never thought that a Longevity fruit could recruit a very powerful Dan King. He was also very happy because he still had the Longevity fruit, and if he had the time in the future, he could find several more.

Li Baojun led the way and brought Chen Xiang out of Pill City through the north gate. Just as they left the city, Chen Xiang discovered that there were a few experts with similar strengths coming over, all of them were from the Pill City.

Li Baojun also noticed that, he looked at Chen Xiang, who quickly spread out his hands and said: "I hid my abilities very well, this has nothing to do with me!"

"Leader, if these people want to kill us for our goods, how about we kill them right here?" Li Baojun asked.

Chen Xiang's face revealed a smile, and said: "Elder Li, don't be polite with me, just do as you wish."
