

Dan God 951

[Chapter 951](#)

In an old house in Dan City, Duan Sanchang and Li Baojun were boasting when Chen Xiang suddenly walked in.

"Brother Leader, you're back so quickly? Didn't you say to go and get some people? So you're alone? " Duan Sanchang asked.

"Chang Zi, have you gone to find your great-uncle yet?" Chen Xiang did not immediately answer, and anxiously asked.

"No, they are no longer in Pill City. Furthermore, they are no longer at our secret hiding spot. I will have to wait for a while." Duan Sanchang had already told Chen Xiang before that the members of the Duan Clan would always travel swiftly, but they would set a time to gather.

Lan Lan and Yan Yanran also received Chen Xiang's message and rushed back. They were in Pill City gathering information.

These two beauties had both disguised themselves so that they appeared to be very ordinary. Otherwise, based on their figure and faces, they would definitely be able to attract the gazes of many people.

"I just returned to Super Martial School, my master told me that a lot of people had started to go participate in Three Realms Talk, and they even held a competition. My junior nephew Gu Dongchen brought fifty disciples to Heaven Thunder Purgatory, and there was a change in Heaven Thunder Purgatory ..." Chen Xiang quickly explained the Heaven Thunder Purgatory's situation to her.

"Could it be that he brought disciple inside to gain experience? Otherwise, they wouldn't have brought 50 elites in one go! " Yan Yanran frowned: "Furthermore, they have hidden this information well, and we don't even know about it!"

"This... My master said that there was a large group of rogue cultivators that went there, so how could the news not spread out? Could it be that the Heaven Thunder City is being controlled? " Chen Xiang guessed.

Duan Sanchang paced back and forth in the hall: "My grandfather might be inside, my grandfather is the number one enemy of many ancient powers, and my grandfather might have also went there. This is a treasure land left behind by the Ten Heavens Supreme Lord, maybe something good is hidden inside!"

Lan Lan looked at Li Baojun and charmingly said: "Elder Li, bring us juniors to broaden our horizons!"

The Leader s and a few clan elders of the Dragon Subduing School were all targeted by the ancient powers, Yan Yanran was the mysterious Nine Lives Demon Cat, Lan Lan toyed with the son of the Leader, Duan Sanchang lost the ancestors' tomb of the Flying Immortal School, Li Baojun killed the Dan King, and sealed the ten strong warriors, Chen Xiang didn't have to say anything ... In the eyes of the ancient powers, they were a group of felons.

Li Baojun looked at Chen Xiang. He had to see what Chen Xiang meant, there were many strong warriors in the other powers, but they only had Li Baojun, the only one who could support them for the time

being. Leader and the few elders were all growing, but compared to their peers, they were considered to be out of the group.

"Go, but you don't need the Elder Li. You have to stay here and wait for the Dragon Subduing City to finish building!" Chen Xiang took out a jade tablet, dripped some blood on it, then quickly drew a few Spirit grains. He passed them to Li Baojun: "As long as you take this jade tablet, you can freely enter Evil Dragon Graveyard."

Li Baojun said in surprise, "How can I bring you guys without me?"

Chen Xiang laughed: "I will ask the other guy to bring us there. In the future, Elder Li, just focus on refining pills and just manage the pill business. This guy really has some background. "

Just like this, Chen Xiang brought Duan Sanchang, Yan Yanran and Lan Lan to the White Tiger profound Realm!

The moment they entered, Yan Yanran felt a mysterious and familiar aura, but at the same time, she felt fear. Lan Lan was skipping about in the beautiful forest that was full of life, while asking Chen Xiang what kind of profound Realm he was in.

The White Tiger profound Realm was very beautiful, with birdsong and fragrant flowers. It was a large tree that released a sweet fragrance, but right now, only Chen Xiang did not feel any pressure.

Duan Sanchang, Yan Yanran and Lan Lan started to feel more and more that powerful invisible pressure. Yan Yanran in particular, her charming jade face turned slightly pale.

Chen Xiang originally thought that he would have to go to the White Tiger Fighting Race's residence to go find the White Tiger. However, what surprised him was that the White Tiger suddenly appeared in front of them with a warm smile.

Seeing this average looking middle-aged man, Yan Yanran was immediately drenched in sweat, and almost lost his balance! Lan Lan and Duan Sanchang's faces were also filled with fear, but they were not like Yan Yanran.

"Senior ... "They ..." Chen Xiang knew that the White Tiger was probing Yan Yanran and the others.

The White Tiger smiled faintly and retracted the formless energy. It looked at Yan Yanran and said intimately, "You are the Nine Lives Demon Cat, do you remember anything? There's something about your parents, and living is something that concerns your race! "

Chen Xiang suddenly thought that the tiger and cat had a relationship, but the White Tiger was actually very rare and precious. Maybe Yan Yanran could be like Bai Zhenzhen and have the White Tiger instruct him in cultivation.

Yan Yanran shook her head: "I was adopted by an old granny. After she raised me up, she sent me to a sect."

Not knowing why, Yan Yanran trusted the middle-aged man in front of her extremely. She didn't know the identity of the middle-aged man, but she felt a sense of familiarity. Of course, she was also shocked by the White Tiger's power. It was much stronger than the Li Baojun she had met.

With Duan Sanchang and Lan Lan at the side, even the White Tiger was careful.

"The Nine Lives Cat Race had some connections with us. It could be said that they were all one family back then, but after we lost them all in the great battle, I thought that the Nine Lives Cat Race would have lost its bloodline. I didn't expect to meet them here." The White Tiger looked at Chen Xiang and asked, "Can you let her stay by my side for a while? She should have inherited the memories of the Nine Lives Cat Race, but she hasn't fully awakened yet! "

Long Xueyi did not know about the Nine Lives Demon Cat, either. The Imperial Dragon Race could be said to have a very good understanding of the White Tiger, but she did not know that the White Tiger Fighting Race actually had such a mysterious alliance.

Chen Xiang looked at Yan Yanran and said: "That depends on her intentions."

Yan Yanran nodded, she also wanted to find out the identity of her Nine Lives Demon Cat. She felt that there was a very strong power hidden within her body, she felt that the person in front of her could help her activate it.

"These are your friends?" The White Tiger then looked at Lan Lan and Duan Sanchang. His eyes looked very friendly and friendly, but it was as if he could see through every single person's hidden secrets.

"Yes, and he's an elder of my Dragon Subduing School!" Chen Xiang laughed.

"Dragon Subduing School? He was the Dragon Subduing School that was now the talk of the town? I never thought that the dragon vein would end up in your hands, how did you obtain it? " He felt that it would be difficult for Chen Xiang to obtain that dragon vein by himself. Back then, his eldest disciple, Ten Heavens Supreme Lord, was only able to obtain it because he had a large amount of help from his own body.

"Because I have a Imperial Crystal."

The White Tiger suddenly realized something and nodded its head. It did not question anymore and looked towards Lan Lan.

She hid behind Yan Yanran, making him laugh out loud. "Don't worry, it's not like I'll eat you! You are a part of the Human King Clan's Blue-Blood Division, and the Human King was once a good friend of Qi Shi.

Duan Sanchang felt that the person in front of him was extremely terrifying. He did not expect that during the Primordial Era, there would still be someone who had survived until now, and that there were actually so many things about it.

[Chapter 952](#)

Lan Lan asked softly: "Uncle, are you going to join the Leader as well?"

"Dragon Subduing School? This name would offend a strong person, and you guys are actually not afraid. " Of course he wouldn't join the Dragon Subduing School, but he had promised Chen Xiang that he would help him participate in the Three Realms Talk.

Long Xueyi lightly snorted from inside the ring: "What's there to be afraid of? This is something that this Heavenly Dragon Supreme Lord agrees to, specially used to suppress that group of old dragons."

"Little guy, your resentment is not small!" You finally know why you appeared in Di Tian? " He was actually able to hear what was going on inside the ring.

Long Xueyi did not make a sound, he only snorted a little angrily.

Lan Lan was no longer so afraid, because the White Tiger was no longer looking at her. It was looking at Duan Sanchang instead.

Duan Sanchang muttered in his heart: I am a normal person. I don't have a blue bloodline, nor am I a demon. Is it because I'm too handsome?

The White Tiger only smiled and did not say anything. Looking at his expression, it seemed like he seemed to have seen something from Duan Sanchang's body.

The White Tiger secretly sent a sound transmission to Chen Xiang, not wanting to expose his identity as the White Tiger. It then said to Yan Yanran, "You can stay here right now.

Yan Yanran nodded, then looked at Lan Lan: "Senior, can she be with me?"

"Of course you can!" The White Tiger replied with a smile.

Although these two women were staying here for the time being, it was still a great thing.

Following that, Chen Xiang briefly explained to the White Tiger about the Heaven Thunder Purgatory. The White Tiger slightly frowned and said: "This place was opened a little too early, could it be that we discovered some unforeseen event? But you can't go. The Nine Lives Cat Race, the Mortal King Clan and the Duan Clan have all helped Qi Shi before, so it would be best if you don't go! "

The White Tiger looked at Duan Sanchang, Lan Lan and Yan Yanran.

"Why?" Duan Sanchang was shocked: "My grandfather might be inside there, my great-uncle and the others might have also entered!"

The White Tiger had obviously already known that Duan Sanchang was a member of the Duan Clan.

"The Heaven Thunder Purgatory was not established by Qi Shi, it was a ... "The battlefield." The White Tiger said.

"Could it be the place where the Ten Heavens Supreme Lord died?" Duan Sanchang lost his voice and shouted, "That is an extremely vicious place. My Duan Clan and the Ironlion Army were cursed inside!"

The White Tiger nodded, then shook its head: "That place is the paradise of traitors, it was a trap set up for Qi Shi all those years ago. Qi Shi didn't die inside, he was only severely injured while he was inside, like the subordinates he brought, they most likely died inside, and only a few could escape."

"Your Duan Clan's Patriarch surely knows that if they still dared to take the risk and enter, they might have already realized something and searched for some things that they had to find."

Yan Yanran and Lan Lan only felt extremely regretful. After that, they followed the White Tiger and entered the depths of the forest, while Chen Xiang left the White Tiger profound Realm with Duan Sanchang.

"Leader, if you see our Duan Clan members, please save them!" Duan Sanchang was extremely worried. He knew his own strength well, and if he went in with Chen Xiang, it might only cause Chen Xiang more trouble.

Originally, Chen Xiang planned to let the White Tiger go with him, but that was also to ensure the safety of Duan Sanchang and the others. Now, only he could go by himself, so he didn't need the White Tiger to come out.

Duan Sanchang went to look for Li Baojun, while Chen Xiang headed to Heaven Thunder City.

Chen Xiang passed through the large ancient legends of the City of the King, and arrived at the distant east side, the Heaven Thunder City!

The Heaven Thunder City was a city that was just established, it was jointly built by many great powers in the east. The big shots in the east wanted to use the Heaven Thunder Purgatory to turn the Heaven Thunder City into a bustling city.

This city was the same as other large cities. Although it had just been built, there were many people here and many new buildings looked very comfortable.

Chen Xiang appeared in the Transmitting Square, but he immediately realized that the legendary formation could only be teleported to here, it couldn't be teleported to anywhere else.

"The entire city has been sealed off! You can't leave!" Long Xueyi said.

Chen Xiang raised his head and looked into the distance. It was as if a gigantic golden hat was floating above the blue sky, and this was the Heaven Thunder Purgatory, the gigantic whirlpool.

"It really is huge. Even from so far away, I can still see the shape, and I can still vaguely see the lightning above!" When Chen Xiang walked out of the Transmitting Square, he quickly found out about some of the things that had happened.

In order to prevent the matter of the Heaven Thunder Purgatory from being leaked out, many great powers decided to seal the city, and only those great powers that participated in the Three Realms Talk could enter and leave at will. If they wanted to enter the Heaven Thunder Purgatory, they could pay a certain amount of Spar and have a few experts escort them in.

As a result, it was very difficult for this information to be leaked out. The reason the big powers did this was to ensure that they would be the first to obtain the good stuff in the Heaven Thunder Purgatory.

Chen Xiang was a little regretful that he did not leak out this matter and destroyed the plans of the big powers. Right now, he did not have the chance, the Heaven Thunder City's array was extremely powerful, if he wanted to leave, he could only do it through tough means, but he would definitely be stopped, and would not have much time to break it.

As long as each person had 10 billion Spar, there would be an expert escorting them to the Heaven Thunder Purgatory. The reason for this was partly to appease some of the rogue cultivators in the city, and partly to earn more Spar, because the team that would be responsible for escorting them would come from many different forces, so it had a lot of competitive power. Furthermore, there were a lot of people in the Heaven Thunder City, which would allow them to make a lot of money.

These rogue cultivators were basically not much of a threat, even if they went to the Heaven Thunder Purgatory to obtain good stuff, they could not take away much.

Right now, Chen Xiang only wanted to enter the Heaven Thunder Purgatory smoothly. He felt that he would definitely run into many old friends inside, but he planned to investigate for a bit to see if there was anything good inside, and then see if he could meet with his old friend or not.

He found a escort team, paid a million Spar, and then waited with more than a hundred people to set off.

More than an hour later, the escort team set off. They were escorted by five immortals who had experienced the Nine Tribulations, so many people were extremely at ease. They had heard that when entering the Heaven Thunder Purgatory, it was very easy to be struck by lightning, but with the protection of these experts, they were able to help resist the lightning.

Of course, the most important reason was that they could not leave the city without permission. Otherwise, many people would not have to pay a million Spar.

[Chapter 953](#)

After walking out of the Heaven Thunder City, Chen Xiang and the others were closely watched. Anyone who was slightly slower or was looking around would be scolded by the elders who escorted them. Along the way, everyone was running at a very uniform speed, slowly approaching the Heaven Thunder Purgatory.

During their journey, the escorts would not allow these experts to talk to each other. As long as they saw someone making a sound in the group and communicating with them through eyes, they would all be glared at by these powerhouses. Therefore, no one dared to speak on the way back.

This was the first time these hundred odd people had gone to the Heaven Thunder Purgatory. If they had known earlier that their treatment was so poor, that they had paid a million Spar, and even received such treatment, they would definitely not have come.

None of the people who went to Heaven Thunder Purgatory before had returned, so they naturally did not know that such a thing would happen during the escort mission.

The sealing of cities by major powers had caused many people to be dissatisfied. They originally thought that this would be a way to leave the city, but they never expected that it would actually turn into something akin to a slave.

"Little Naughty Dragon, use the Heaven tour method. See if you can find another city and spread this news!" Chen Xiang saw that these big powers were pushing things too far, and used this method to guarantee that he could take over the Heaven Thunder Purgatory by himself. Now that he had taken over someone else's Spar, he still had to treat them like this.

The strength of the people in the group was not very strong, and there were only a few in the Nirvana Stage, so their speed was very slow. After a few days, everyone finally reached the bottom of the Heaven Thunder Purgatory.

In the sky was a huge vortex formed by the golden mist, and in the middle of the vortex was a two to three hundred feet wide black hole, which was the place to enter Heaven Thunder Purgatory.

The whirlpool was extremely huge, covering a wide expanse of land. However, the center of the whirlpool was extremely small, which was quite surprising.

Standing under the Heaven Thunder Purgatory, the sound of thunder continuously sounded out, within the faint golden mist, flashes of lightning could be seen. Chen Xiang observed carefully, and discovered that there was a strange energy in the center that was absorbing the dense Spirit Qi around, when a large amount of Spirit Qi gathered over, it was even purified and refined, thus turning it into a faint gold!

A large amount of spiritual energy gathered in the air and revolved around the center. The dense spiritual energy collided with each other and rubbed against each other, which was why it produced endless lightning and sometimes even struck the ground.

"This spiritual energy has been absorbed into the hole at the center. The inside of the hole should be a world, and it can be maintained by absorbing energy from the outside!" Long Xueyi guessed that she had already found two cities and used the Divine Power she had released to transform into a human to spread the news about Heaven Thunder Purgatory.

It took them three days to reach the center of the Heaven Thunder Purgatory. The ten escorting Rankers each took out a round flying disc that could fit about ten people.

After everyone stood on their respective platforms, the disc slowly floated up and flew towards the bottomless black hole.

After about an hour, they passed through the black hole and entered the Heaven Thunder Purgatory without a hitch, appearing on an empty land.

There were more than ten elders standing guard on this empty field, preventing anyone from escaping through this entrance!

After arriving here, everyone was even more furious because they did not encounter any dangers along the way. They let these large forces earn a million Spar for nothing!

Forget about the city walls, they still had to pay a million Spar to exit the city, and they were even scolded along the way. Everyone wished that they could kill all the experts that came along with them, but their strength was insufficient.

Chen Xiang looked at the black hole behind him. When they came in just now, they passed through it in an instant, and he didn't feel the black hole absorbing a large amount of energy at all. He guessed that the energy must have seeped in from somewhere else.

Everyone looked around. Even though this was an empty area, they could only see mountains and rivers in the distance. Eagles were flying high in the blue sky, and the sound of raging river waves and the rumbling of waterfalls could be heard in the distance.

This was such a beautiful world! There was a world of difference between this and the rumors!

"What do you want? Don't just walk around, follow us!" An old man saw that the crowd had dispersed and immediately let out a roar, releasing a terrifying pressure.

"Can't we walk freely now?" A middle-aged man said angrily. He had paid a million Spar to come here and not be someone's slave.

"Humph, you are just courting death by walking around randomly. Come with us quickly. We will arrange some work for you!" An old man laughed coldly.

Everyone was immediately angered. They had indeed been tricked into being slaves. Now, they understood why many of the rogue cultivators that came here had not returned. It was because they had been restricted.

"If you want to die, then go ahead and try!" An old man's face was filled with killing intent.

"Purple Moon Imperial Land is a well-known power in the east, you guys are bullying us too much!" someone shouted.

"So what? You guys have the strength, but you can bully us like this!" Even if we kill all of you here, it would only be the same as killing a hundred ants.

Everyone was about to explode from anger. Many big guys wanted to take action, but resisting was just suicide. Right now, they could only give in and find an opportunity to escape.

The Sheng Domain in the east was similar to the Tong Tian Aristocratic Family in annihilating evil, specifically bullying the weak. Chen Xiang wished that these powers could be annihilated one by one.

"Purple Moon Imperial Land, you tricked me, Chen Xiang, today, it's equivalent to becoming enemies with me!" Killing intent surged in Chen Xiang's heart. Seeing the anger on everyone's faces, he had already made up his mind. This Purple Moon Realm was the first ancient power that he was going to attack from the east.

Everyone was filled with anger as they followed the few elders and entered a large mountain. There were many caves, and a few raggedy people brought out Storage bags, handing them over to a man.

Seeing this scene, everyone immediately understood that they were here to excavate, the Heaven Thunder Purgatory was rich in mines, but if they were to mine it, the big powers would not be willing to use their own disciples, so they used such despicable methods, not only tricked the millions of Spar, but also made them come here to work!

The man in charge of collecting Storage bags was lying on a very luxurious chair. After he took the Storage bag from the hands of the laborers, he would give them an empty space and let them continue mining.

This man was dressed in purple, and on top of his purple robe was a silver purple full moon. One could tell with a glance that he was an important figure of the Purple Moon Imperial Land, and he might even be the Heavenly Son of the Purple Moon Imperial Land!

"Come here and hand over your Storage magic treasure. Then, you can harvest the Storage bag to mine!" The purple-robed man shouted to Chen Xiang and the rest.

He still had to hand over the Storage magic treasure? How could the crowd allow this? Just as they were about to resist, more than ten burly men suddenly rushed over and surrounded the hundred of them!

[Chapter 954](#)

Just like the others, Chen Xiang clenched his fists and wanted to attack!

The purple-robed man stood up and slowly walked over. He had a handsome face, and his eyes under his sword-like eyebrows were filled with disdain. His expression was extremely arrogant, making people want to ruthlessly trample on his face.

"So? If we don't cooperate, you guys will die. Let me tell you, below your feet, there is a lot of flesh and blood of idiots!" The purple-robed man looked at the crowd as though he was looking at an ant.

"Elders, you've all worked hard. Go and rest first. Leave this place to me!"

"Thank you for your concern, Son of Heaven, then we will take our leave first!" An old man said respectfully, and the few elders left.

Her strength should be around the same as the other Heavenly Sons of the Sheng Domain and Tong Tian Aristocratic Family, but in Chen Xiang's eyes, she was nothing more than a fart.

The fact that these girls had such strong powers at such a young age meant that they had great potential and a bright future ahead of them. Therefore, the elders respected them a lot, and if they were to become the ones in power in the future, they would gain a lot of benefits.

"That's right, I am the Purple Moon Imperial Land's Zi Yue Tian Zi, Zhuang Jiu Rong! Purple Moon Imperial Land's Leader is my grandfather, you should feel honored to be my slaves! If you all are to attempt to resist, I will make you all wish you were dead!" Zhuang JiuRong said very arrogantly, "You're just a bunch of ants, you have no chance to resist!"

Chen Xiang could feel that the few clan elders had walked far away, they started to investigate the hidden warriors around, surrounding the ten sturdy men, but they had just passed Nirvana Stage, with one palm strike, he could kill one of them!

"Hurry up and hand over your Storage magic treasure. If you cooperate, you can avoid suffering! Dregs, what are you looking at? Do you really want to go back on your word? Just with your strength alone, I can squash you with one finger!" Zhuang Jiu Rong's voice was cold and his eyes were filled with viciousness as a purple long whip suddenly appeared in his hand.

Chen Xiang suddenly walked out with a beautiful storage ring in his hand. With one look, he knew that it was not a simple item, upon seeing it, Zhuang Jiu Rong's expression became gentler, and he laughed lightly: "A wise man knows when to stop, it's all futile for you guys to resist me!"

When Zhuang Jiugrong saw the beautiful storage ring, his eyes flashed with greed, but when Chen Xiang arrived in front of him, he did not immediately hand it over. Instead, he tightly clenched his fists.

"You want to rebel against me?" Zhuang JiuRong sneered and swung his purple whip, shooting out a beam of light towards a huge boulder in the distance. The boulder turned into powder.

Chen Xiang said slowly and calmly: "I have never thought of rebelling against you. From the moment I saw you, you were already a dead man in my eyes!"

Finished speaking, Chen Xiang's body suddenly shook, a holy gold light suddenly appeared on his body, shining resplendently with multicolored light that shot in all directions, like the bottom of a god.

His figure suddenly made everyone feel extremely tall and big, and the aura he exuded made people feel as if he was an emperor that looked down on the heavens, causing people to be unable to help themselves from wanting to follow him.

"This is ..." Devil-suppressing holy power, who are you? " Even though Zhuang JiuRong was shocked, he wasn't slow at all as he whipped his long whip towards Chen Xiang's face.

"You are the devil that I behead and exterminate Demons, I will kill you!" Chen Xiang let out a loud roar that shook the entire endless mountains and rivers. For some reason, everyone felt that every single mountain here seemed to be trembling, as if they were providing power to Chen Xiang.

Chen Xiang's voice had actually broke the Purple Moon Heaven Child's whip into several pieces. Chen Xiang's body was shining with a golden light and no one could feel any energy fluctuations from it, but they were all subdued by the Venerable Emperor's aura, causing the hundreds of mountains and rivers around him to tremble.

This was the Ground killing, using the power of mountains and rivers on earth to slay Immortals and Gods, slaying demons and devils!

Chen Xiang reached out and grabbed Zhuang Jiu Rong's neck, and squeezed hard. With a crack, Zhuang Jiu Rong's head suddenly tilted to the side.

"I am the Son of Zi Yue ... If you kill me, the Purple Moon Imperial Land will chase you to the ends of the earth! "

"Purple Moon Imperial Land, this is just the beginning! You don't need them to chase me down, I will annihilate them myself. Rest assured, go and die, I will send more disciples of the Purple Moon Imperial Land to find you in the future! " Chen Xiang struck his palm towards Zhuang JiuRong's head, causing the ground to vibrate and crack. Zhuang JiuRong's entire body was also shaken up a few times, and he was sent flying into the air.

It was only then that the ten men reacted, but Chen Xiang was already stepping on the Shrinking step, and in a few blinks of an eye, he had already passed by the ten men, and these ten men were all smashed into ashes by Chen Xiang's palm strike, accompanied with a strong flame.

A lot of people ran out from the cave. Seeing that the arrogant Zhuang JiuRong had been dismembered, Chen Xiang was ecstatic, and released the many Storage magic treasure s in his storage ring.

"All of you come here to claim your things, and then take away your millions of Spar, no one is allowed to take more!"

Seeing Chen Xiang's strength, the rest did not dare have any other thoughts as they all walked up. Even the people who came with him could take away their million Spar.

"Senior, thank you for saving us. Otherwise, we would still be trapped for who knows how long!" A young man said gratefully.

"Senior, you should hurry up and leave. The people from Purple Moon Imperial Land are coming over soon!" An old man said.

Chen Xiang's expression slightly changed, "You guys should hurry up and leave. Don't even think about leaving this place for the time being. Go and find the forces above Super Martial School or even those above Chen Martial Continent first.

With that, a few old men suddenly appeared and surrounded the group. These were all immortals that had passed through the Nirvana Stage!

Looking at the scattered corpses on the ground, the few elders were stunned.

Chen Xiang didn't wait for them to explain before taking out his Green dragon demon-slain broadsword and fiercely hacking down with it. Five green blade shadows flashed as they attacked the five elders from the Purple Moon Imperial Land like five great cyan dragons.

"It's the Green dragon demon-slain broadsword, this person is Chen Xiang, catch him!" One of the clan elders bellowed in anger, while Chen Xiang stepped on his Shrinking step, escaping in one direction.

When Chen Xiang appeared, these five elders did not care about the people they tricked into becoming slaves anymore and quickly chased after him. In their eyes, the value of Chen Xiang in their eyes, far surpassed the value of the small and medium-sized mines, especially the Green dragon demon-slain broadsword!

They had heard of Chen Xiang's incident before, but most of it was a fabricated story designed to discredit Chen Xiang. Now, everyone understood why Chen Xiang was enemies with the Tong Tian Aristocratic Family and Sheng Domain, because these ancient powers were all bad stuff!

They had already decided that after they left, they would spread this matter to the entire Human Realm, and let everyone unite to fight against such a powerful force!

[Chapter 955](#)

Chen Xiang had long been called the "Son of Heaven" killer, and had made the people who killed the "Son of Heaven" and "Sky Woman" panic.

There were a lot of people that were tricked by the Purple Moon Imperial Land, and Chen Xiang only rescued a small portion of them, but there were more than three thousand of them. They did not leave their homes, but stayed together, as this would allow them to be much safer.

The disciples they brought were very few, and there were a lot of mines here, so if they wanted to get out quickly, they could only do this, in their eyes, those rogue cultivators were like pigs, they did not even see those rogue cultivators as human beings.

Chen Xiang calmly stepped on the Shrinking step, allowing the five elders of Purple Moon Imperial Land behind him to catch up to him. This way, he could ensure that the three thousand people would be able to walk a little further.

"Kill the Son of Heaven in my Purple Moon Imperial Land, I, Purple Moon Imperial Land, will never let you off!" An Elder shouted. Chen Xiang's strength was indeed astonishing, to think that he could break

the Son of Heaven in an instant, but that was also because the Son of Zi Yue was too arrogant. He was intimidated by Chen Xiang's sudden explosive force until he had no power to resist.

Chen Xiang laughed coldly: "You should know the thing that your Purple Moon Imperial Land has done the best. Your Zi Yue Tian Zi wants to snatch my Storage magic treasure, there are over three thousand witnesses for this matter! We have paid a million Spar to come here, but you have bullied us and forced us to be laborers. Even if we exterminate your Purple Moon Imperial Land, many people would definitely applaud and cheer for me! "

"Evil sects like you are like a son of heaven, who knows how many people are thanking me!"

"Bullsh * t!" They realized that Chen Xiang's footwork was very strange. Chen Xiang had not reached the pinnacle of Shrinking step yet, so they could not tell that he was using it. They just felt that Chen Xiang was escaping very easily.

The few elders of the Purple Moon Imperial Land could no longer hold it in, and began attacking from a distance behind Chen Xiang, blasting out balls after balls of condensed berserk Innate Qi, striking towards Chen Xiang!

The moment Chen Xiang released his God Power, he could instantly determine the direction of the energy waves. He avoided them one by one, making them look extremely dangerous.

"You really are that Zi Yue Tian Zi's loyal old dogs. That brat is already dead, you should immediately go back to collect his corpse, and not chase after me!" Oh... That's right, to them, that brat is just someone who they can flatter in the future. Now that he's dead, you all naturally don't have anything to linger for, but it's my Green dragon demon-slain broadsword that is more attractive to you all! Hehe, it seems like you are not even comparable to dogs. A truly good dog will perform better after its master dies! "

Chen Xiang's words angered these few old fellows, causing them to release an even more terrifying attack. With every palm strike, they were able to destroy a mountain peak, and as they chased after him, the ground was a complete mess. Numerous shocking ravines filled a large area, and the forest here was completely destroyed by the five elders.

Suddenly, the five clan elders released a strong technique, condensing a huge purple fist, he punched towards Chen Xiang, producing a gigantic ditch on the ground that was like a big river, the explosive purple light covered the entire sky!

The rumbling sounds did not stop and echoed in the air. The rumbling sound was like thunder that swept out in all directions. Almost everyone in Heaven Thunder Purgatory could sense this terrifying sound.

If Chen Xiang did not understand the Shrinking step, he might have been captured alive by them. However, when that move was launched just now, although he dodged it, a lot of his meridians were broken by that powerful force, fortunately, he had already become a log, and followed that wave of Qi into the depths of the forest.

"Is he dead?" An old man floated high in the sky, staring at the messy ground.

"I don't know. He shouldn't have died so quickly. This guy is very evil, didn't you see that he was always fearless?" But my guess is that he must have been severely injured! "

Chen Xiang was in a forest with collapsed trees. He had already turned back into a human and hid under a patch of trees that had collapsed.

"Let's take a look over there!" An old man pointed at the forest that was shattered by the shock wave, then flew over.

"You must be from the Purple Moon Imperial Land! Look at what you all have done! " A clear voice came out, carrying a trace of anger, but within the anger was also gentleness. The moment Chen Xiang heard the voice, he knew that it was the demon who came later.

He did not expect the Demon Empress of the Demon Charming Association to still be here and not return to the Heaven Realm. If the space was firm, it would be difficult for her to return.

After the Demon Empress' voice sounded, the few elders that had appeared in Purple Moon Imperial Land became even stronger. She still had a few beautiful Spirit Demon beings with her, and from the auras of those Spirit Demon beings, one could tell that they were not weak.

"Hmph, if we were to attract the devils of purgatory, we would all be in trouble, you idiots!" The one who spoke was the Black Fiend Mountain's Bear King.

"Purple Moon Imperial Land, we have no objections to all of you tormenting us in your area, but if you want to destroy us, then we, the Qin family, will not hold back!"

They were all people that belonged to the Sheng Domain and the Tong Tian Aristocratic Family s. However, he did not see the power of the Chen Martial Continent s. He heard that the Principal of the Devil-subduing College s had also come, but he did not see anyone.

"Chen Xiang killed our Purple Moon Imperial Land's Son of Heaven. If it was you, you would do the same!" The Purple Moon Imperial Land elder said angrily, "Our Zi Yue Tian Zi has been dismembered by that brat. He was injured by us when he was trying to escape, so he might have already escaped!"

All the experts were startled, and all of their faces changed a little. Chen Xiang coming here, was not a good thing, because Chen Xiang's concealing ability was extremely strong, and with such a miraculous disguise technique, Chen Xiang coming here would only threaten many of the big powers, especially those who had enmity with Chen Xiang!

"Hmph, what are you doing? Don't think that I don't know? You tricked a large group of people, not only did you collect a million Spar, you stole their Storage magic treasure, and then forced them to mine Spar! If I was the one who got in here and received this kind of treatment, not to mention killing the Son of Heaven, I will kill all of you too. All the time, you humans would call us fiendish demons, but here, we are much cleaner than you! " The Demon Empress sneered, causing the ancient powers' faces to redden.

The Bear King laughed out loud, "That's right. In this aspect, we are much cleaner than you human beings. No wonder your Son of Heaven was killed. He should be alive!"

"Don't drag my Peach Blossom Imperial Land into this, we didn't do that!" Yao Shumei said indifferently.

"My Qin family did not do that, but I know that most of the ancient powers in the east did. There are also Feng Clan, Flying Immortal School, and Qian Xuan Mountain!" The patriarch of the Qin family said.

[Chapter 956](#)

The people from the Purple Moon Imperial Land and the other forces cursed in their hearts, but they had no way to refute Chen Xiang. They had to capture Chen Xiang and obtain the Green dragon demon-slain broadsword, otherwise they wouldn't be able to make up for their heavy losses.

"My Super Martial School didn't either, just now we met over three thousand rogue cultivators who were rescued on the way here, and when they saw me, they told us a bunch of crimes your Purple Moon Imperial Land committed, which sounds like they're from the Evil Realm! Congratulations to Purple Moon Imperial Land for successfully becoming a member of Evil Realm!" Gu Dongchen laughed as he flew over.

Evil Realm! Upon hearing these two words, everyone felt their hair standing on end. This was an archaic taboo, even during the flourishing era of the Ten Heavens Supreme Lord.

Everyone knew that Gu Dongchen was a descendant of the Ancient Spirit Clan and that he had the blood of the Ancient Spirit Clan in his body. As for what kind of ability he had, none of the strong warriors knew it, but according to the historical information they had, he was very strong.

"Gu Dongchen, you're saying too much!" One of the clan elders of the Purple Moon Imperial Land had a gloomy face, he wanted to kill the smiling young man in front of him, and actually said that they were members of the Evil Realm.

"I said you can use a very proper method to recruit people to mine resources for you, that's what we did! But you chose to use such a vicious and despicable method, what is the difference between you and those Evil Realm fellows?" The Demon Empress said.

"Stop being so noisy, I advise you all to quickly release those people, or else Chen Xiang will find them! Hehe, no matter how many days you have, it won't be enough to kill him. You all know the reason why my master intentionally drove him out of the Super Martial School, it is so that he will have no scruples. Now that he is able to return alive from the Ten Heavenly Sacred Mountain, maybe he will have a great opportunity and his strength will increase by even more!" Gu Dongchen laughed.

"Then we must kill him!" The patriarch of the Feng Clan gritted his teeth as he spoke.

Chen Xiang had Yulong blood s, adding that he had eaten Relive Dan s, his injuries healed very quickly. Just as he was about to leave quietly, the sky suddenly darkened.

The Little Demon Empress' expression changed drastically, "It's all your Purple Moon Imperial Land's fault. Now it's all good. The Purgatory Sky Demon is coming!"

Purgatory Sky Demon? Chen Xiang wanted to know what this thing was, to actually be able to make the Demon Empress of the Heaven Realm so nervous. Not only her, everyone else was the same, even the expressions of the five elders who were chasing after Chen Xiang earlier changed drastically, and they did not dare to say anything more.

The blue sky was soon shrouded by a layer of black gas, causing the entire land to darken. The originally lively world instantly turned lifeless, gloomy, sinister, and filled with gusts of cold wind!

Sure enough, Chen Xiang roared, he raised his Divine Blade high up and poured himself into the terrifying Dragon Power, causing the ground to shake slightly, then with the speed of lightning, he chopped down, countless of blade qi struck the ground like a fan, the sharp blade qi enveloped the area, and the bodies of the five clan elders were as though they were all slashed by countless of sharp blades, turning into meat strips!

These five elders were all Immortals who had undergone the Nirvana Realm cultivation, but now, they were shattered by a little kid with a single slash. They died such a miserable death, which could be considered as Chen Xiang's means.

It was the first time that many of the experts present had seen Chen Xiang, such as the Demon Empress of the Demon Charming Association, the Bear King of the Black Void Mountain, the Patriarch of the Qin family, the powerhouses of the Eastern powers, and some of the experts of the Demon and Devil Realms.

"It really is a Green dragon demon-slain broadsword! I let them go, yet you want to kill them? This was the voice of the Heaven Devil King.

"I wanted them to die, yet you let them go. Are you going against me?" Chen Xiang replied indifferently, and started running while stepping on the Shrinking step.

Thump thump thump!

He had only taken a few steps forward, yet he was already dashing towards a distant plain. Everyone could only see a small dot!

"It's the Shrinking step, the Ten Heavens Supreme Lord's footwork!" Yao Shumei shouted in shock.

Now, everyone believed that Chen Xiang had obtained the inheritance of the Ten Heavens Supreme Lord!

"Brat, you are always the one who gets the inheritance of the Ten Heavens Supreme Lord. Today, I will kill you too!" The Heaven Devil King's voice had a hint of anger, following that, a huge claw the size of an Eagle Claw gang appeared above Chen Xiang.

"Arrogant demon, how about you kill yourself if you can't kill me today? What are you? You don't even dare to show your face, and you still dare to spout such nonsense! " Chen Xiang's words did not stop until one was shocked to death, and yet he actually dared to speak of Heaven Devil King that even the strong warriors were afraid of.

[Chapter 957](#)

The Heaven Devil King was completely enraged and turned into a giant black hand that grabbed down towards Chen Xiang. Chen Xiang stepped on the Shrinking step, his speed was extremely fast, causing him to fall again and again, pressing onto the ground and forming huge palm prints that emitted traces of Evil Qi.

"Sky Demon Domain! You won't be able to escape! " Heaven Devil King roared, a layer of black Qi suddenly surged out from the ground, forming a gigantic whirlpool, which produced a suction force that seemed to be consuming the ground, causing Chen Xiang to be unable to advance.

Although Chen Xiang was currently stepping on the Shrinking step, it was as if he was walking on the ground.

"You must die!" Following Heaven Devil King's gloomy and furious voice, a huge black palm appeared in the sky and smashed down towards Chen Xiang.

All of the experts held their breaths as they watched the scene unfold. Heaven Devil King's strength had completely shocked them, they did not think that Chen Xiang could survive, but it was a pity that the Green dragon demon-slain broadsword could possibly disappear along with Chen Xiang's death.

Chen Xiang saw a black shadow pressing down with an earth-shattering force. Waves of evil energy roiled and was extremely brutal, causing the ground to crack and he felt as if his body was about to be squeezed into a meat ball.

"Demon, the one who died was you!" Chen Xiang calmly roared, his entire body shining with a golden light, the powerful Devil-suppressing holy power all activated by him, the Green dragon demon-slain broadsword in his hands turned into gold, the dragon cries sounded out, bringing along an imposing aura that caused demons to tremble, shaking the world.

Chen Xiang slashed out with his blade towards the gigantic black hand that was pressing down on him. A gold Qi shot out from the Green dragon demon-slain broadsword like an angry golden dragon, sweeping the sky with its gigantic body, and released waves after waves of brilliance like the scorching sun!

"Boom!"

The gigantic black hand that was going to crush Chen Xiang to death suddenly released a ball of gold light, the black qi disappeared without a trace, and the golden dragon that was formed from Devil-suppressing holy power released a series of furious roars, rushed into the sky and also disappeared.

Chen Xiang gasped for breath, his hand that was holding onto the Green dragon demon-slain broadsword was trembling. A moment ago, he gathered Devil-suppressing holy power, Dragon Power, Heaven fire, as well as the strongest ninth level of Devil Subduing Method, using half of his strength, he had finally defeated the Heaven Devil King!

However, his expression was still extremely solemn. He swallowed a pellet which could help him recover Innate Qi, and stared at the sky.

Just as Feng Clan and his Leader were about to fly over to Chen Xiang, Gu Dongchen suddenly appeared in front of them and stopped them, "You two, behave yourselves!"

Chen Xiang's power was extremely terrifying, especially the experts of the Devil Realm and the Demon Realm, they were all communicating using their consciousness right now. Whether or not to join hands and deal with Chen Xiang, the power Chen Xiang displayed just now was all aimed at the demons, especially the terrifying thing called the Devil-suppressing holy power!

"After the disappearance of the Devil-suppressing Heavenly Venerable, the Devil-suppressing holy power had been lost to this day. I never thought that he would actually grasp it!" The Little Demon Empress frowned, her expression congealed, as she clenched her jade fists very tightly, as though she could attack Chen Xiang at any time.

Chen Xiang actually did not escape immediately, which was unexpected to everyone. He glanced at the Demon Empress who was ready to make a move, and said with a cold smile, "Come over right now if you have the guts. As long as you can't kill me today, even if it means going to heaven or earth, I will still kill all of your Demon Charming Association's demoness!"

"From the looks of it, you have just passed through the second and third Nirvana Tribulations. I can kill you with a raise of my hand. If I were to make a move, you would definitely not be able to escape. As long as you hand over the Green dragon demon-slain broadsword ..."

"Wishful thinking. The sword is with the person. The sword is dead, and the person is dead." Why don't you just try your luck and kill me with a raise of your hand? There are many people who have said those words to me. I would like to see if anyone can really do it! " Chen Xiang's arm shook, raising up the Green dragon demon-slain broadsword. The soft green light surrounded the divine blade, and although the green dragon engraved on the blade was small, the people in the distance felt that it was like a living dragon.

The Demon Empress frowned, her face unexpectedly full of hesitation, but it seemed like she did not plan to attack!

"Chen Xiang, you and my Ancient Wasteland Devil Sect are irreconcilable, we will not let you off today!" He took out a giant axe and dived down from the skies. At the same time, the five elders of the Ancient Wasteland Devil Sect followed closely behind him. Back then, they had all been part of the great calamity.

Chen Xiang sneered, a crafty look flashing across his eyes: "Not only will you thank me for helping you get through the Nine Nirvana Tribulations and fly to the Heavenly Demon Realm, you even want to kill me? There will be no good end to being ungrateful! "

"You are wanted by the demon god order, the tomb of the son of the demon god has been dug up, causing my Ancient Wasteland Devil Sect to lose many outstanding disciples, this is a blood feud!" Even though Jiang Tianlu had said that, his eyes that were filled with greed and ecstasy stared unwaveringly at the Green dragon demon-slain broadsword in Chen Xiang's hands. Looking at his expression, it was as if he could obtain this divine blade at any time.

Just as Jiang Tianlu and the rest were getting close to Chen Xiang, a few sets of black Qi shot out from the ground, enveloping Jiang Tianlu and the others, and then they heard terrifying hisses coming out from within the balls of Qi.

In a few moments, Jiang Tianlu and the others were swallowed by the black qi, and then the other few balls of black qi gathered together, fusing into a humanoid form of black qi.

This person formed from black gas only had a pair of blood-red eyes, and one could hear a familiar voice coming from his body.

"Brat, I didn't expect you to know what I'm going to do. You actually don't intend to leave, do you want to have a fight to the death with me?" This was the voice of the Heaven Devil King.

Seeing Jiang Tianlu and the others die instantly, those people who wanted to attack Chen Xiang earlier were drenched in sweat, the Demon Empress was even secretly cursing Chen Xiang, she was almost

provoked by Chen Xiang just now, but when she thought about it, she felt that Chen Xiang was doing it on purpose to scare her, so she did not go over.

"You are just an evil demon primordial spirit that has been dead for many years, using the energy you gathered here to swindle me! If you really have the ability, then you don't need to scare people! You just want others to think you're very strong, but if the people here join hands to deal with you, you have no chance of winning!" Chen Xiang sneered: "Otherwise, the evil energy that you have gathered for so many years will not be defeated by my blade!"

"But, you must have paid a great price for devouring those people's strength!"

The Heaven Devil King sneered: "Nonsense, you belittled my strength only because you are afraid!"

"The one who kept saying that I'm weak seems to be you!" Chen Xiang laughed lightly, and then slashed towards Heaven Devil King.

Although the Heaven Devil King had just revived and devoured a few people, he was not weak at all. Seeing Chen Xiang's divine blade coming at him, he did not dodge, but chose to direct a punch towards the blade instead.

Don't look at how he was formed from the black qi, the evil qi that he released when he punched contained a very strong force that caused Chen Xiang's divine blade to release waves of dragon roars.

Not knowing why, Chen Xiang suddenly understood the Heaven Devil King in front of him very well. Furthermore, he could feel that the Green dragon demon-slain broadsword was inexplicably excited, he suspected that a long time ago, the Ten Heavens Supreme Lord used the Green dragon demon-slain broadsword to deal with this Heaven Devil King, which was why the Green dragon demon-slain broadsword had memories and passed these memories down to him.

[Chapter 958](#)

The Heaven Devil King found Chen Xiang hard to deal with, furthermore, Chen Xiang had the same kind of power as the dragon in him. He didn't know how Chen Xiang managed to cultivate it. Moreover, it also carried a kind of anger that he hated the most. He did not know what kind of Fire Soul Chen Xiang had in his grasp, but he actually felt an inexplicable fear. Furthermore, when the three powers fuse together, it would be even more powerful, not to mention the Green dragon demon-slain broadsword s.

Chen Xiang also felt that the Heaven Devil King was not easy to deal with. This time, he could be considered to be truly fighting with the Heaven Devil King, and the messages that the Green dragon demon-slain broadsword gave him were getting more and more numerous. He already knew that the Heaven Devil King did not have a corporeal body, and was only supported by an evil devil soul.

The Heaven Devil King relied on his powerful devil soul to devour all kinds of power before transforming into all kinds of shapes! Back then, when Heaven Devil King was at his peak state, he had actually exchanged over a hundred blows with him. After a hundred blows, he was slain by Ten Heavens Supreme Lord.

Tens of thousands of years later, the Heaven Devil King borrowed the remnants of a devil soul's rebirth to gather new strength.

Chen Xiang waved his Divine Blade and hacked at the Heaven Devil King frantically. That year, this was what the Ten Heavens Supreme Lord did, so he decided to give it a try, even though the effect was not very good, he could temporarily suppress the Heaven Devil King.

This won't work, this guy is in a state of devil soul, it's useless for you to use brute force, because there is a difference between you and him, and you are merely relying on the Devil-suppressing holy power and other things to suppress the demon! Long Xueyi said.

Chen Xiang naturally understood all of this, he felt that if he wanted to defeat the Heaven Devil King, he had to use the God slain method!

However, he had not mastered it yet, so it was impossible for him to execute it.

Five pairs of long arms suddenly appeared behind Heaven Devil King, stretching out towards Chen Xiang, with each of them wielding a blade made of black Qi, at the same time, wielding them crazily at Chen Xiang. Although the swords were formed from black Qi, Chen Xiang could feel the sharpness of the blade, and as they slashed towards him, they left behind trails and trails in the air.

The Green dragon demon-slain broadsword hummed like a dragon's roar as Chen Xiang brandished the Divine Blade to block the black blades of the Heaven Devil King.

The Heaven Devil King's ten arms were extremely nimble, and they could suddenly disappear, then suddenly appear. Chen Xiang swung his blade to block, but it was simply useless. In that moment when he brandished the blade, he could feel that there were a few vital points on his body that were locked by a few cold forces.

Unexpectedly, there were six blades thrusting over, Heaven Devil King's ten arms seemed to suddenly appear, causing Chen Xiang to not have enough time to dodge.

"Die!" The Heaven Devil King laughed sinisterly, thinking that his blades were going to pierce through Chen Xiang's body, but then he saw that Chen Xiang's body suddenly emitted a golden-red glow, his body was suddenly covered by the gold-red scales, and the hand holding the Green dragon demon-slain broadsword, had even turned into a dragon claw!

Chen Xiang now looked like a war god dressed in dragon armor. The golden-red scales of the fire lightning on his body pulsated, giving off a strong aura of fire and lightning that pervaded the area.

"Sure enough, those who cultivate the Taiji Dragon-suppressed kungfu are all like this. This is his martial spirit, it seems like he was forced into a corner!" The Demon Empress said in a deep voice, her beautiful eyes seemed to be recalling something.

Chen Xiang released his martial spirit and merged it with his own body, allowing him to wear a dragon armor which produced a very strong defensive power. At the same time, his arm also turned into a dragon hand, allowing him to activate the power inside the Green dragon demon-slain broadsword.

"Fire and thunder attribute. Why is my martial spirit not the same as grandteacher's, the Five Elements Dragon Soul?" Gu Dongchen said.

"This brat is truly powerful, if it was any of us going up, I am afraid that he would have already been devoured by the Heaven Devil King, because Chen Xiang has the power to restrain these devils, and the

evil force of the Heaven Devil King is unable to pose any threat to him, if not, with the difference between them, Chen Xiang would not even be able to take ten moves!" Although the Little Demon Empress did not plan to make a move on Chen Xiang, Chen Xiang did make her feel terrified.

What all the Rankers did not know was that under Chen Xiang's Dragon Armor, there were hidden profoundwu diamond armours.

"You ..." Heaven Devil King seemed to have discovered something. He could sense that there was something very terrifying hidden in Chen Xiang's body.

Chen Xiang's body trembled, the Devil-suppressing holy power surged out from his body, transforming into nine golden dragons, baring their fangs and brandishing their claws, roaring again and again. The nine dragons merged into one, transforming into a gigantic dragon head, burning the Heaven fire and fiercely smashing into Heaven Devil King's chest!

Boom! Boom! Boom!...

A burst of golden-red light wave shook out, and at the same time, a ball of golden-red flame exploded, engulfing Chen Xiang and the Heaven Devil King within it.

Within the flames, there were bursts of explosive sounds of golden-red lightning bolts. Streams of golden-red lightning bolts rained down like a torrential rain, producing thunderbolts that shook the hearts of the people. And every single lightning bolt contained the power of the ninth level of the Devil Subduing Method!

Chen Xiang had already nimbly used all of these martial arts, and could combine them together to form many different forms!

"Ninth level of the Devil Subduing Method, Devil-suppressing holy power, and... If my guess is not wrong, his flame should be the legendary Heaven and Earth Flame!" The Demon Empress was indeed an expert from the Heaven Realm, she saw more things than others.

When the experts heard the Little Demon Empress' words, they immediately let out a low sigh. Chen Xiang's flame was actually the Heaven and Earth Flame, the Zhi Zun among the pill refining flames.

"No wonder his pill forging skills are so incredible!" She had seen Chen Xiang concoct pills before, but Chen Xiang had only appeared as Li Renshan at that time.

When the Heaven Devil King was struck by the lightning, he released waves of angry roars. It could be seen that Chen Xiang's attack was not that effective, which was also very normal. Chen Xiang's cultivation was too inferior to the Heaven Devil King's, and he had to rely on his own strength to restrain the demon in order to come to this step.

Chen Xiang flew out from the sea of flames, his expression became serious, and the Devil-suppressing holy power on his body disappeared, he suddenly retracted his Spirit Qi, and just as the many experts were feeling suspicious, a powerful killing intent surged out!

All the experts quickly thought that Chen Xiang might be using the Heaven Earth Killing Method!

Legend has it that cultivating the Heaven Earth Killing Method requires a very terrifying killing intent, the killing intent released by Chen Xiang caused one's heart to tremble, it was hard to imagine that such a terrifying killing intent was hidden within Chen Xiang's small body, how did he do it?

Legend has it that because many people cultivate the Heaven Earth Killing Method, they all gather a large amount of killing intent and thus become Qu Mo Demons, but the young Chen Xiang was able to control the boundless killing intent very well, which was hard for people to understand.

"What are you doing?" Sensing this killing intent, Heaven Devil King suddenly thought back to the crazy slaughter that Ten Heavens Supreme Lord had done. Those powerful Purgatory Heavenly Demons were chopped like grass by the Ten Heavens Supreme Lord using their Green dragon demon-slain broadsword.

[Chapter 959](#)

The killing intent released by Chen Xiang caused the entire sky to change color, causing everyone to feel an indescribable fear.

"I want to kill you!" A large illusion suddenly appeared behind Chen Xiang. It was a large expanse of Lion Mountain.

Countless gigantic dark green Lion Mountain appeared behind Chen Xiang. At the same time, a huge wave surged out from behind the Lion Mountain and clashed against the Lion Mountain, giving rise to a huge storm.

This was the first time many experts had seen the legendary Ten Heavenly Sacred Mountain, but now, Chen Xiang had released him. Although they did not know what he wanted to do, the experts felt that this had something to do with the Heaven Earth Killing Method, because Chen Xiang's killing intent was completely integrated into the Lion Mountain's Tsunami Map behind him.

This was the power of the earth. No matter how strong a human was, no matter how many humans there were, in the face of the power of nature, they were all insignificant in the face of this power.

This was the Ground killing that Chen Xiang had comprehended, allowing him to simulate the power of the earth.

At this moment, the entire Sky Demon Purgatory was filled with the sounds of violent waves. The power released by the sea and the Lion Mountain, when merged together, naturally produced a kind of power, and turned into a living Spirit grain Diagram Array!

Both of Chen Xiang's hands held onto the blade, and suddenly there was a gust of wind blowing him away, causing him to dance all over the place, he raised the Green dragon demon-slain broadsword high, and the gigantic picture of the Lion Mountain tsunami suddenly squeezed into his body, the wind between the heaven and earth became even more terrifying, and in the sky there were still some lightning bolts, causing the lightning sea Chen Xiang released earlier to blow away, and the Heaven Devil King that was inside the sea of flames was locked on by him.

"The Heaven Earth Killing Method is indeed powerful, transforming power into the power of mountains and rivers in nature, producing an irresistible might, fusing with nature, obtaining the power of nature!" The Little Demon Empress' beautiful eyes glittered.

"You are far worse than Ten Heavens Supreme Lord, I am not afraid of you!" Although he said that, but he felt that Chen Xiang was unintentionally releasing the power of an Emperor, and his heart could not help but tremble.

"The power of the Mountains and Seas!"

Chen Xiang's Green dragon demon-slain broadsword could have become heavier along with the increase in his strength. Now that he had simulated the power of the seas, his Green dragon demon-slain broadsword was able to release the immense might and surging power of ten thousand mountains.

The clouds in the sky churned, lightning flashed, and thunder rumbled. It was as if there was a gigantic beast struggling beneath the entire ground.

A dragon's roar suddenly sounded out, it was a sound that came from a lightning strike that pressed down on heaven and earth. On the dusky ground, a dazzling green dragon flashed towards Heaven Devil King, although it was only for a short moment, everyone felt that the dragon was real.

"If you can't kill me in ten days in Beijing, it's even more impossible for you..." "Ahhh!" The Heaven Devil King let out a ferocious shout as he was engulfed by the green dragon. The green light around him flashed explosively, as if the green dragon was fighting against the Heaven Devil King.

A few moments later, the heaven and earth calmed down and the sound of Heaven Devil King's fiendish laughter could be heard: "Haha ... I told you before that I would never die. Even Ten Heavens Supreme Lord could only scatter my soul back then, but I was still reborn! "

Chen Xiang laughed coldly: "He is him, and I am me. He cannot not represent me! You will die today! "

His expression was calm, and the Heaven Devil King only had half of his body left. However, he was quickly recovering by absorbing the spirit energy, and the speed at which he recovered was so fast that it could be seen with the naked eye!

"Divine Sense Sea Soul Devourer!" Chen Xiang bellowed in his heart, and suddenly, a ray of golden light shot out from above his head, and then, another illusory image appeared.

It was actually a calm golden ocean. This was something Chen Xiang had suddenly realized after activating the Lion Mountain's Tsunami Map!

The golden and calm ocean emitted a holy and holy faint golden light. Taiji yin and yang maps suddenly appeared beneath Chen Xiang's feet, the Tai Chi diagram started to spin slowly, the golden ocean above his head was also revolving slowly.

In just a blink of an eye, their speed had increased tremendously. The experts only felt that the consciousness they had released had disappeared all of a sudden!

"Is this also Heaven Earth Killing Method? "Why is it different from the legends?" The Qin Clan's Patriarch shouted in surprise.

"I don't know, but it seems to be able to swallow consciousness or spirits. The Heaven Earth Killing Method contains everything, it's hard to be sure!" Yao Shumei did not dare to use her consciousness to look at the golden colored Divine Sense Sea, otherwise her consciousness would be pulled out for some unknown reason.

The patriarch's eyes flashed with killing intent, and said to an old man beside him: "You must kill this child!"

The Heaven Devil King roared, and after its half body sprayed onto the Golden Divine Sense Sea, it was pulled over by the whirlpool, causing Chen Xiang to engulf him.

Up till now, Chen Xiang had finally unleashed his God slain method, but he was still very unclear about it, because the God slain method and the Ground killing did not have a specific attack concept, and only relied on a sudden thought to unleash it, but the power was extremely strong!

Chen Xiang knew that the God slain method was not only a devouring, it was definitely a very strong attacking power, it was just that he had yet to comprehend it at the moment.

"I am only one in a million of the Purgatory Heavenly Demons. Don't think that by killing me, you will be able to shake the world and rule the world here. You don't have the power of the Ten Heavens Supreme Lord, so you will definitely die here ..."

The golden colored Divine Sense Sea above Chen Xiang slowly disappeared, while the golden colored soul Divine Sense Sea of Chen Xiang's group slowly melted and devoured the newly devoured Heaven Devil King. The evil consciousness within was completely erased, leaving behind a pure soul power for him to devour!

It was over. The Heaven Devil King, who had made the experts fear for many days, was actually killed by Chen Xiang. Back then, even though they could not completely kill him in Great Yan Jing for ten days, Chen Xiang managed to do it!

That year, the Ten Heavens Supreme Lord did not have the power to suppress the devils, but Chen Xiang did. This was also the reason why he could suppress the Heaven Devil King;

"Leave the Green dragon demon-slain broadsword behind!" The patriarch of the Feng Clan shouted, and he and a few other people flew towards Chen Xiang.

At the same time, the patriarch of the Devil Race, the Leader, and the Leader came with a few elders, focusing Chen Xiang in their hearts.

Just as Gu Dongchen was about to go over, he received a sound transmission from Chen Xiang, "Don't come over!"

"Don't go over there!" Gu Dongchen immediately told Yao Shumei, who wanted to help, to help.

Chen Xiang kept his Green dragon demon-slain broadsword and laughed sinisterly: "Please look up at the sky!"

Without Chen Xiang to shout, all of the experts felt a strange Qi in the sky suddenly, they raised their heads to look, and saw a golden mist billowing in the sky!

"This is ..." Robbery power! " An old man shouted.

Chen Xiang laughed out loud, stepping on the Shrinking step, he ran towards a direction and disappeared in the blink of an eye.

"Hurry and get out of the way, don't let the Robbery power gather together!" The patriarch of the Feng Clan shouted as he ran in the same direction.

The people who were by Chen Xiang's side just now were all locked on by this kind of bizarre Robbery power. This kind of Robbery power was very different from the Nirvana Doom they had encountered before.

Only Chen Xiang knew that this was his soul undergoing heavenly tribulation. After he had comprehended the God slain method, although he had only learned one move, it had allowed his soul to break through and enter a supernatural realm, summoning heavenly tribulation!

If they did not dodge, when the Robbery power gathered together and attacked one person, they would be in danger.

[Chapter 960](#)

The Robbery power that Chen Xiang had triggered this time was extremely strange, and those few people could deeply feel that this kind of Robbery power was aimed at their souls. They had never encountered a situation where the Robbery power was aimed at their souls while they were in a transitional tribulation ...

There were very few people who cultivated the divine way, so even Long Xueyi did not know what kind of situation she would encounter along the way. Her Imperial Dragon Race's divine way was very different from a human's, for example, they weren't undergoing their tribulation right now.

Chen Xiang also did not want to gather with that group of people to face the divine soul tribulation. After all, this was the first time he had encountered such a thing, and he was worried that something might happen to him. Right now, even though he had his divine soul, he could feel the terror of that Robbery power.

BOOM!

All of a sudden, a thunderous sound came from all directions, and the few people near Chen Xiang were struck by a golden bolt of lightning at the same time!

Golden lightning struck down from all four directions. The golden lightning suddenly flashed and enveloped the entire sky like a golden electric net. That domineering pressure made people feel the oppression from their souls.

Chen Xiang had originally thought that he could use the Shrinking step to dodge, but he didn't expect that he would still be struck squarely in the middle. Like he had expected, his physical body did not receive the slightest damage, and instead his Divine Sense Sea was struck by the golden lightning.

The Divine Sense Sea was located in a very strange place in the depths of his mind, almost hidden. He did not expect the golden lightning to hit him directly.

Chen Xiang's Divine Sense Sea was currently fluctuating violently, his soul was also numbed by the golden lightning earlier. It had been a long time since he had suffered such an injury to his soul.

"This is not Nirvana Doom, Nirvana Doom is not like this!" The Demon Empress looked into the distance and released her divine sense to investigate the remaining power of the golden lightning, "This kind of

energy is specialized to attack souls and such things. Could it be that Chen Xiang's divine sense is undergoing a tribulation?"

The Little Demon Empress slightly opened her small mouth, her jade-like face was filled with surprise. How strong was a consciousness that could attract heavenly tribulation?

"I say, Demon Empress, as long as you know it, don't even mention it. My Junior Martial Uncle's foundation is almost exposed by you. It's equivalent to having his clothes taken off by you. He wants you to take responsibility." Gu Dongchen grinned.

When the crowd heard Gu Dongchen's words, they immediately distanced themselves from him. To dare take liberties with the Demon Empress was very dangerous, but the Demon Empress was not angry. She only asked, "Is Chen Xiang's master really just Huang Jintian?"

"As far as I know, his master is only that crazy old man. If you don't believe me, go and ask him! Actually, you don't have to worry about my little martial uncle. He's a good person, and as long as you agree, I'll find a chance to have a good talk with him and you can dispel your worries about him! Even though your Demon Charming Association is scary, he definitely won't do anything to kill your Spirit Demon beings. " Gu Dongchen laughed: "With your looks, enticing him to hand over the Green dragon demon-slain broadsword shouldn't be a difficult task!"

The Demon Empress gave a light snort, "Just then, he said that he wanted to exterminate the demoness of my Demon Charming Association!"

"Demon Empress, if you let go, then please do not interfere in this matter. I will definitely snatch the Green dragon demon-slain broadsword away and also kill Chen Xiang! His Demon Suppression was like the rebirth of the Devil-suppressing Heavenly Venerable, and could not be allowed to happen to him. " Black Fiend Mountain's Bear King said coldly.

"That's right, we must kill him!" A Devil Realm Great Leader said.

"Hehe, this is just like a guilty conscience. Although this Demon Charming Association has not committed many evil deeds, who doesn't know what your Devil Race and the Black Fiend Mountain Evil Demon have done? You all are afraid of retaliation, but forget it, as long as Demon Charming Association does not take action against my Junior Master, you all will not be able to threaten him. " had an indifferent expression. The Demon Charming Association did indeed cause fear in others, so he wanted to help Chen Xiang resolve the Demon Empress' doubts.

"Demon Empress, I know that your Demon Realm's Evil Demon and Demons are very lacking in medicinal pellets, Chen Xiang is just a Alchemist, his future prospects are limitless, when he changed his name to Li Renshan, he had brought out many high grade medicinal ingredients, I believe you already understand this already." Gu Dongchen laughed: "If you decide to talk to him, I will arrange a good place for you guys. I guarantee that you won't be disappointed, and at that time, we might be able to cooperate. Your Demon Charming Association has a lot of spiritual medicines, but it's very difficult to refine them into pills, and you old ghosts in Pill City can't be trusted!"

Becoming friends with Chen Xiang was indeed a good thing, but the Little Demon Empress had been schemed against by many humans over the years. She had always been like this at the beginning, so she did not trust humans at all.

In the distance, there were flashes of golden lightning, followed by the rumbling of thunder. This time, it wasn't a single thunderbolt, but a continuous one!

The sky was covered by dark clouds, and golden lightning bolts rumbled down from all directions. There was an unending stream of thunder that shook the hearts of those who heard it.

No matter how Chen Xiang ran, he would always be struck by that golden lightning. He only felt that the Divine Sense Sea in his head was about to flip over, the golden divine power turning into seawater and violently undulated.

"Sea Suppressing Divine Dragon!" Long Xueyi's clear voice came out.

Inside the Nine-turn dragon god mantra, the length of the Sea God Dragons suddenly appeared and he immediately started channeling his spirit power. Inside the Divine Sense Sea, there was a little golden dragon floating above the head of the soul which was exactly the same as his.

The reason the Divine Sense Sea was so stable was because his soul had suffered a violent attack. The lightning descended, and when it struck his soul again, it was all blocked by the little golden dragon.

Very quickly, his Divine Sense Sea calmed down, and the golden lightning became more and more concentrated. After being struck consecutively dozens of times, the little golden dragon was completely dispersed. Afterwards, he calmly and quickly followed the instructions on the Nine-turn dragon god mantra and condensed another small dragon on top of his soul.

After repeating this more than ten times, when Chen Xiang tried to condense the Sea Suppressing Divine Dragon once again, he failed, but another abnormality occurred. His soul inside the Divine Sense Sea was actually wrapped up by a pearl, and when the lightning struck the pearl, it felt like it was nourishing the golden pearl, causing it to become more and more sturdy.

More than two hours passed. The ink cloud in the sky dispersed, and the golden lightning did not appear again!

Chen Xiang opened his eyes. At this moment, he looked like he had slept soundly, his spirit was extremely good, and his entire person was brimming with energy. He was like a living dragon in a great state, he had never been in such a good state before.

His Sea of Consciousness had completely evolved into Divine Sense Sea, the God Power inside was extremely dense, what he needed to do now was to expand and expand the number of Divine Sense Sea, so that they could contain even more God Power.

He could clearly see the elegant and charming face of the Little Demon Empress. He could tell with a glance how different Mu Jialan and Yao Shumei were from when they wore the same kind of clothes.
