

THE DARK AGES

Chapter 10 - Start of plan

“What? You want us to help you kill those zombies outside?”

Tamarix Yan looked terrified, looked at Qin Tiange in shock, stepped back unconsciously a few steps, very afraid.

Of course I was scared. The zombies outside were not only turned into her original students, but also became extremely bloodthirsty and cruel. This person asked them to kill those zombies?

“Yes, this is the only condition!”

Qin Tiange ignored her ugly face and said to herself: “I need a helper to help me hunt and kill those zombies, search for what I want, and then I will give you powerful power and even guide you to survive in the last days. experience of.”

“You, you mean, outside the school, the whole town is full of these zombies?” Liu Ye was frightened, his eyes widened, can’t believe it.

Qin Tiange sneered, sneer: “I’m not afraid to tell you the truth, not only this small town, but also all major cities, counties and even small villages in China. Many people have become such zombies, and even all animals have begun to mutate and become cruel. Something terrible. “

全世界 “The whole world has now fallen into the end. Don’t expect anyone to come to this small town to save you, the only one who can save you is yourself.” Qin Tiange said very plainly, as if saying something very common.

But these words have greatly shocked the hearts of all the students present, one by one pale, their hearts filled with fear, and almost collapsed.

Tamarix stunned, completely unaware that the whole world had entered the end, and terrible disaster came.

Zombies, countless zombies, they have to face hundreds of thousands of zombies in the town, and even a huge number of ferocious wild animals after mutation.

“No, no, how could this be the case?” She broke down inside, and was still praying to be able to wait for rescue, but was first ruthlessly broken by Qin Tiange.

“Nothing is impossible!” Qin Tiange looked cold, and hummed, “You all listen well, I only ask once, if you are willing to help me.”

幫 “Help, then I will give you the strength to survive. If you don’t help, then wait here to die. By the way, I will tell you that although the zombies outside I will kill, you will not have the absolute support for three days.”

完 After he finished speaking, his eyes swept across everyone sharply. Those middle school students were frightened and avoided, and they didn’t dare to look at his eyes. It was terrible.

I was Liu Yan’s face of panic, and her eyes were full of fear, but she was an adult after all, and soon calmed down.

“You, can you really give us as powerful a force as you? Isn’t it tricking us to kill you for you?” Liu Yan asked calmly.

She had to ask, and it was the only chance. She had to be cautious to get the chance to survive in the last days.

The only thing Tanao Liu was afraid of was that Qin Tiange was using her and the students to send him to death, and that would be miserable.

“You have no choice. One is to listen to my command and help me with things. Then I leave after five days. What do you love to do?” Qin Tiange waved his hand impatiently.

If it wasn't for someone to help him hunt the zombies, he could collect as many brain crystals as possible in five days and exchange for what he wanted.

Because the inheritance stone will disappear after five days, and it will be a month after the next occurrence, and it will not appear in the original place.

“I promised!” Liu Yan gritted his teeth and agreed directly.

She has no choice. It is good that Qin Tiange does not kill them. At least he also promises that as long as he is obedient to help kill the zombies, they can give them powerful power. This is good.

My only worry was that Qin Tiange repented afterwards, so that they would not get anything, that would be really miserable, but they had no choice because the strong was Qin Tiange and the weak belonged to them.

“Okay!” Seeing Liu Ye agree, Qin Tiange nodded and smiled, his eyes turned, looking at the trembling students.

I saw that among the 22 middle school boys, eight more burly students suddenly came out. They were all students who were eager for that strength.

“Boss, we listen to you, do whatever you say.”

One of the male classmates who looked like a head opened his mouth, one meter seven, tall and big, looks very burly, he should be a third-year student.

This group of people called the boss of Qin Tiange as soon as he opened his mouth. It seemed that he was a person in the society, but it doesn't matter. Qin Tiange didn't care about it.

“Brother, we agree!”

At this time, the girl who had previously spoken stood up, took the lead and led a large group of girls to express their opinions directly, agreed with Qin Tiange's request, helped him to do things, and killed the zombies.

行 "Okay, wait until I say what you do, don't hesitate, otherwise you don't blame me for not reminding you if you die."

Qi Qin Tiange didn't hesitate, and laughed in his heart. In fact, these middle school students are not very young, they are in the rebellious stage, and their plasticity is extremely high.

However, there is also a lot of risk. It is impossible to raise a group of white-eyed wolves, but Qin Tiange is very confident in his strength. Moreover, he only wants to hunt for zombies as much as possible in five days.

The rest are secondary. As for whether this group of students will really be bad for him, ask the knife in his hand.

Ka 嚓 Ka 嚓!

In Qin's office, Qin Tiange waved a steel knife, cut off the feet of each seat, and distributed it to all the boys present. As for Liu Ye and the girls, none.

Because there are not many seats in the office, there are not even two tables, but Qin Tiange still gave a dagger to Liu Ming, and the other was to the previous girl named Wu Xiaoyu.

女生 The girl was very daring. The task Qin Tiange gave them was to dig out the brain crystals in the head of the zombie they had killed and collect them.

"Ready?"

Prepared, Qin Tiange's eyes swept across everyone seriously, a group of male students nervously held a foot of stool, the female students were even more disturbed, but still calm under the leadership of Liu Ye.

Suddenly, Qin Tiange opened the door of the office. Three grim-looking zombies greeted him, snarling at the open door, and leaped suddenly. UU reading books [www. uukanshu. com](http://www.uukanshu.com)

Click ... poop!

He stepped forward and started with his sword. Qin Tiange took just three seconds to kill the three zombies in front of him, cheering a large group of students behind him.

Zombies are not terrible, they can also be killed, letting them see hope. Immediately afterwards, everyone rushed out of the office with Qin Tiange and began to face a large group of zombies in the corridor.

“Group of three, smashing at the head of the zombie, be careful not to get scratched or bitten, otherwise don’t blame me for cutting off your head and digging out the brain crystal after you become zombies.”

Qi Qin Tiange stood in front of the crowd, his voice was cold and full of wicked words, which made a group of boys feel cold, and Liu Yan, who was digging his brain, shook his hands, but the brain splashed her face, and the sickness vomited.

“kill!”

Roar...

In the corridor, a group of zombies came. Here, a group of students, led by Qin Tiange, began a head-to-head battle of zombies.

In order to gain more brain crystals in a limited period of five days, Qin Tiange ruthlessly promised to increase the strength of this group of students to help him better kill the zombies in the town.

As for this middle school, in fact, seriously, there are definitely no more than 2,000 teachers and students in the entire school. Killing the zombies in the school can never satisfy him.

Therefore, Qin Tiange's plan next is to gather a group of people to help him hunt and collect brain crystals, and he promised to give them benefits, such as strength. With strength, he can better help him hunt and kill zombies outside the town.

boom!

"Stop them!"

A group of junior high school boys yelled and waved wooden sticks to the zombies' heads, beating loudly, mixed with fear and excitement, roaring, causing them to burst out of their inner rebellious violent factors, full of destruction.
