

## Dark Ages 1001

Chapter 1001 - Shame the human race, kill!

In the temple, tens of thousands of powerful creatures gathered, most of them are taboo creatures, and only a part of them successfully gave birth to a shaped universe.

These people, Qin Tiange, glanced at a glance, the two top universes add up to a total of about 1,900 strong men.

On the other side of the universe, there are as many as a thousand, and they belong to the universe-class strong side of the Qin Tiange side. There are only about nine hundred, which is very different. It seems that there is a difference between the two universe Xeons. The biggest difference is that there is no human race in the opposite universe.

“There is no human race in the universe on the other side, either it is completely destroyed or there is no human race at all.” Qin Tiange frowned secretly in his heart.

The universe on the other side is full of some weird races. Many of them are humanoid, but they are not human.

In this universe, among the Xeons of the universe, there are only thirty or more taboos belonging to the human race. Moreover, there is only one humanity Xeon who has successfully bred the inner universe.

“You guys, which tribe is chosen as the main force this time?”

In the hall, the chief judge said faintly, his eyes swept across the 10,000 taboo creatures and Xeons from the two sides of the universe.

Everyone quietly meditated, silent one by one, without answering, let alone responding, it seemed difficult to answer.

As representatives of the living creatures of the two universes, they have the right to speak, and they can decide any race to become the main force. Through the continuous warfare in the wasteland, two forces of the universal races are killed.

It is to collect this kind of killing power. It is not clear how many times in the borderlands have been hit and how many tyrannical races have been destroyed.

The scene was silent. No one spoke. Everyone looked at his eyes, his nose, his nose and his heart. The atmosphere inside the hall was strange.

Seeing that no one spoke at the scene, the Chief Inquisitor's eyes flickered, and his eyes gave a vague gesture.

“Choose a human race. The last time the human race was the main force, and we almost succeeded in letting us break the barriers of the universe.”

“Yes, choose a human race. I think that this time, the human race will be the main force. After all, the human race is growing up.

At this moment, the two Xeons stood up and called out directly to let the tribe become the main force this time.

Last time, the human race as the main force, that is, the human race of the previous era, once served as the main force of this big universe, stationed in the frontier wasteland, and selected the main ethnic group from the universe on the other side, and united the forces of the nations to fight here.

This is the killing force generated by the collision of the powers of the two universes and the races, which can tear the barriers of the universe.

“Damn!”

At first hearing, it was a human race, and the thirty or so human races could not sit still with taboos. The horrors of the last century almost led to the human race’s annihilation.

This time, even choosing a human race, wouldn’t the human race be straightened to death?

“My human strength has not recovered yet, can’t afford the main task this time, right?” Some people taboo the strong, and asked displeasedly.

However, he had just spoken, and immediately jumped out of a Xeon.

“We choose the human race, that is worthy of you, don’t give shame to the face ...” This creature with three eyes is disdainful, as if choosing a human race is worthy of the human race.

“you...”

“Damn, bully my people into decline?”

More than thirty taboos, all angry and indignant, could not do anything, because they were not opponents of Xeon universe-level creatures at all.

Forbidden strong, has just bred the inner universe fetal membrane, and has not been able to conceive a shaped baby universe, it is not considered Xeon universe.

“That is, letting your people be the main force, that is the greatest honor, and you don’t even recognize it?”

Another Xeon creature snorted, followed, and spoke a strong voice in its tone, looking down at the group of human taboos.

Here, Qin Tiange has been very quiet, sneerfully watching the two clowns jumping up and down, his eyes swept over the two old men in the hall.

An old man who stood in front of the other bank had previously fought. As for the chief judge, he had not formally fought yet.

“Two old things, it seems you can’t do it without killing this time.” Qin Tiange Lengheng, has made a decision.

Immediately, he glanced over the two Xeon creatures that jumped out, and nodded softly to the uncle beside him.

Huh!

As the whole man disappeared mysteriously, a stream of data quietly rolled over, instantly locking the two Xeon creatures that jumped out.

Two bangs, the two cosmic creatures were \*\*\*\*\* and thrown in front of Qin Tiange before they understood what was going on.

“you...”

“Damn, you dare to use force here?”

The two creatures were furious and struggling, but unfortunately their bodies were locked tightly by data links and could not escape at all.

Looking at the sudden change, everyone in the hall was shocked and looked at them one by one, even the two old men in the hall were all staring.

“Shame on humans, be a shame!”

Qin Tiange said something lightly, stepped on his foot, and rattled, and the three-eyed creature’s head was fried like a watermelon, and he died instantly.

“Stop ...!” Came a yell, full of anger.

Unfortunately, Qin Tiange ignored it, and looked at another Xeon creature, saying one word at a time: “Blatantly provocative, threatening the human race, framed the human race, is the enemy of my human race.”

“Dead enemy!

As soon as the words fell, Qin Tiange’s foot shook, and a muffled sound made the whole hall shake. A powerful blow directly crushed the body of the Xeon creature and stepped into a ball of minced meat.

“presumptuous!”

The Chief Justice was furious, and the figure flashed. He took a fierce blow at Qin Tiange, and his palm contained a hazy large chaos.

boom!

Qin Tiange’s face was so cold that he burst into a hundred inner universes and banged with a punch, right in the palm of the chief judge.

Hearing only a loud noise, the chaos collapsed, the chief judge’s arm exploded, and it disappeared into pieces.

And Qin Tiange’s powerful and unmatched punch directly penetrated his body, and the whole blasted out.

boom!

The Chief Justice’s body smashed on the temple, slowly slipping, the entire right arm had been beaten, and his chest was beaten with a blood hole, and the blood ran down.

His face was distorted, and he looked at Qin Tiange in horror. He couldn't believe it. The other party could hit him badly.

Quiet, the whole hall was completely silent, and the needles could be heard. All the taboo strong and the universe-level creatures were stunned.

The powerful chief judge was actually knocked down by Qin Tiange and almost hanged up, which was just too scary.

**“Chief Attorney, Chief Arbiter!”**

Qin Tiange's indifferent voice came, awakening all the strong players present, looking at him in horror.

I saw that he was holding two hazy cosmic models in his hands, which were the inner universes of the two most powerful men who had just been killed.

With a look of indifference, Qin Tiange hummed, “You don't exist when I don't? If you open your mouth and shut up, it will determine the future destiny of the human race. Whoever dares to mention it, I will kill anyone!”

This revelation horrified the killings, causing countless strong people to horrify, his hair frowning, and he was horrified to look at him.

**“You ...”** The Chief Attorney stood up and recovered from his injuries. His face was distorted and somewhat unacceptable.

Even the old man who had fought with Qin Tiange before, stayed still, never thinking that Qin Tiange would grow so fast.

**“Impossible, how is it possible?”** The old man who defended the other side was the chief arbiter of the life court.

His eyes glowed grey, staring at Qin Tiange, and he was talking to himself, as if he couldn't believe it, and was almost crazy.

**“I, as the emperor of the clan, announce that the clan will withdraw from the so-called covenant of nations from today, and will no longer participate in the two cosmic conferences on the border and no longer participate in anything in the court of life.”**

Qin Tiange suddenly cut out and spoke a word, which caused a great uproar. Everyone looked shocked and looked at Qin Tiange.

The faces of the two elders changed greatly, and tens of thousands of taboos were shocked by Qin Tiange's actions and decisions.

**“Men, are you sure you want to quit?”**

The chief justice was gloomy, staring at Qin Tiange, his eyes revealing a sense of fear and deep killing.

He chuckled: "If you think about it, once you quit, it is as if you have departed from the covenant of the peoples and abandoned the laws of life, just as if you were the emperor of the past."

"Huh?" Qin Tiange's pupils condensed, and then he hummed, "The former emperor was framed by your life court design?"

"Everyone who refuses to sign the two cosmic covenants of the universe falls directly, and the Supreme King of your people who ruled the universe was also refused to sign the covenant of cosmos, and was finally locked into the eternal era directly Reflect in the cage. "The Chief Justice said a word, telling the secrets of the past.

The shocking secrets made many forbidden creatures impressed. The human race used to dominate the entire universe.

The Supreme Emperor is the true horror of the universe, but he refuses to cooperate with the cosmic powers on the other side of the desert, which is the court of life.

The Court of Life ruled the opposite universe in the past, while the human race ruled the big universe here. The competition between the two strongest forces in the two universes.

But in the end, the human race lost. The emperor, who was unclear about what was calculated, was eventually sealed in the prison cage of the epoch and completely sunk inside.

After the court of life, the main force of the human race was directly destroyed, and the human race of this universe was almost uprooted, resulting in the human race being unable to recover for a long time.

In the end, the court of life ruled two universes, successfully manipulating the universe and commanding all beings.

"That is to say, you put the former emperor into the epoch's cage?" Qin Tiange was expressionless, and his breath suddenly became extremely suppressed.

Around him, Jiji and others began to be vigilant. Even the thirty or so strong taboos in the hall originally came behind him.

"See the Emperor ..."

Thirty or so figures appeared quietly, saluting respectfully, and saluting Qin Tiange. They are the only human races except Qin Tiange here.

Looking at the thirty-five taboo strong men who came over, they were all preparing to give birth to the inner universe, but have not yet succeeded, stuck there.

"No courtesy, watch carefully. Today 's Terrans are about to get rid of their controlled fate Qin Tiange nodded, and glanced around the Xeon creatures, and finally locked the two old men.

"People, if you go your own way, you will pay a heavy price." The old chief arbiter said coldly.

“No bullshit, let the real master behind you come out, otherwise your two old dogs won’t have to live on today.”

Qin Tiange’s faint remarks, like a thunder, blew up all the creatures present, shaking his face, and almost thought that he had heard it wrong.

What did they hear? Isn’t the supreme ruler of the life court the two chief judges and chief arbitrators?

In fact, in addition to one of the founders, there is a truly horrible ruler, the supreme ruler behind the court of life.

You know, the court of life comes from the universe on the other side. It is certain that the universe does n’t understand, but there is such a record in the think tank.

The court of life, and a hidden supreme ruler.

Chapter 1002 - Boom kill, shock!

In the hall, tens of thousands of taboo creatures trembled together. Many of them were unknown, and looked at the two old men in amazement.

They wondered, did the court of life really have a ruler behind the scenes? But seeing the changes in the expressions of the two old men, everyone had guessed.

“Herald, you are provoking the majesty of the life court.”

The chief justice presided over, looked down at Qin Tiange, and said such a threatening word.

He had just been injured with a punch and had no long memory. Is there any support? Sure enough, a Supreme Ruler behind the scenes is really hidden in the life court.

“People, it’s not too late now, with the human race stationed on the sidelines to prepare for the war of this era. If you resist, then you just need to fall, or you will never be in the era prisoner.” The old man who guarded the other side spoke, full of threatening words, shocking.

The two elders were filled with chaos, their turbid eyes became extremely sharp, and their old appearance was rapidly recovering.

They cut back years and resumed their former peaks again, because Qin Tiange’s threat made them feel too scary.

“Restoring the peaks of yesteryear is as bad as it seems to me. It’s hard to beat.” Qin Tiange snorted and said indifferently.

His eyes flickered and he swept across the temple. His majestic will crossed all directions, but unfortunately he did not find any hidden super strong breath.

This made him very disappointed. He wanted to let the person behind the court of life come out, but he didn’t expect the other party to come out.

Curiously, who is the supreme ruler behind the court of life?

“The Supreme King of the past is much better than you, but isn’t he locked in the prison cage of the epoch?”

“Since you refuse to cooperate, let it fall!”

“The adjudicator obeys and clears the offenders!”

When the Chief Justice ordered it, he saw hundreds of strong horizontal figures in the hall, all of which were universe-level strong.

In addition, these hundreds of cosmic powerhouses even appeared with a total of 5,000 taboo powerhouses, directly surrounding Qin Tiange and others.

“Five thousand taboos, one hundred universe class, alas, the court of life is really a big deal. It seems to be only part of the story.” Qin Tiange looked at the adjudicator who surrounded him with a hint of wonder.

In fact, he was very envious. If the human race has this power, it still needs to do so, to directly rule the big universe, to enter the opposite universe, and to conquer them.

“You, the court is pursuing those who violated the covenant. It has nothing to do with retreat immediately.”

The two old men came up together, step by step, the momentum was getting stronger and stronger, their faces became younger one at a time.

When they came not far from Qin Tiange, the two completely restored their former peak days of cultivation. The powerful breath can make people fear.

“One, as the founder of the life court, do you really want to find your way?” The chief judge stared sharply, staring at the expressionless No. 1.

No matter No. 1 or the main brain of other intellectuals, their faces were indifferent, expressionless and undulating, and they did not look at each other at all.

“Want to kill me, today, see who kills who!”

Qin Tiange sneered, his powerful will turned into a killing intention and locked the two old men, and he simply killed them.

“Yanji, the others will give it to you, just block it for a moment, and wait until I kill these two old things.”

The breath of the two broke out, and the chief judge Li Xiao said, “Don’t hesitate, today, let you fall completely here.”,

“kill!”

With a loud drink, the two most powerful men killed, and two surging primitive chaotic forces swept across.

In the face of the founders of the two courts of life, who are the superpowers who gave birth to the primitive inner chaotic universe, Qin Tiange has no fear.

“Third breath to kill you.”

Qin Tiange’s eyes suddenly burst into two beams of horror, killing and shocking the world, and directly broke out the strongest combat effectiveness.

boom!

One punch punched out flatly, the violent force directly destroyed the corner of the temple, shattered the chaos power of the two old men, and punched him in the body.

Two bangs, blood and water rushed across, and the two young Xeons who were restored recovered from being hit by Qin Tiange.

“kill!”

With a cold drink, Qin Tiange lifted his hand and split it down. The violent momentum contained the strength of one hundred inner universes, which was unstoppable.

“what...”

“Primitive Chaos!”

Two roars came, and the two old men who restored their former peak combat power directly burst their respective cards and the strongest primitive chaos power came out.

There are two completely formed primitive chaotic universes, which are intertwined with each other, and the powerful forces formed really shake the parties.

boom!

A muffled sound came, making all Xeons jump, and saw that the two gray primitive chaos were directly punched through.

The fist penetrated through the two primitive chaos and hit the heads of the two old men severely. The strong fist tore the flesh and shattered the bones.

“No ...” The lead arbiter growled in horror, with a last scream of sorrow, and his head was blown.

Before he could continue to recover, he was pierced by a hand to understand the sea and dug out a gray universe.

That is the primitive chaotic inner universe, which was dug up by Qin Tiange. The old man guarding the other side, the arbiter of life court, and one of the founders, was finally killed.

“Damn, the estimation is wrong!”

The chief judge was frightened, retreated quickly, and was furious because he miscalculated Qin Tiange’s strength.

The former arbitrator gave an affirmative answer before, but now it looks wrong. Qin Tiange is just a monster.

It is completely inconsistent with the previous judgment and understanding. It seems to be too powerful. The violent power is simply shocking.

“It’s time for three breaths ...”

Suddenly, a faint utterance came from behind, shocking the Chief Justice with a feeling of coldness, sudden cardiac arrest, and even the true spirit being frozen.

The crisis, the intense death crisis, came from behind and poured out of his heart, making the powerful chief justice fearful.

puff...

He didn’t wait for his response, and suddenly felt a pain in the back of his head, and the whole person’s consciousness was instantly blurred, and then he stumbled to see his original chaos inside the universe was dug out.

“Ah ...” At the last minute, the chief judge looked at Qin Tiange in horror, smashed his head and body with one palm, and crushed it into powder.

The two most powerful men were slaughtered by Qin Tiange in three breaths and dug out two primitive chaotic universes.

“Five thousand adjudicators, kill all!”

Qin Tiange gathered two primitive chaotic universes, turned to look at the sluggish thousands of adjudicators, and directly issued a killing order.

This is to kill the strong of the court of life, and even to subvert the rule of the entire court of life, to release this controlled universe.

“kill!”

A massacre has begun, Qin Tiange himself, wields his fists and kills the one hundred universe-level judges.

Suddenly, flesh and blood flew, screams came, and the tens of thousands of taboo strongmen who were scared to do it all looked fearful, watching the slaughter on the side.

Qin Tiange was slaughtering the one hundred universe-level powerhouses, none of which could block his punch, either dead or wounded.

boom!

“Kill them all!”

Over there, Li Ji, Li Luo, and others acted directly, and there were thirty-five human forbidden powers united against five thousand forbidden powers.

Faced with a large number of forces from the two sides, they have instead formed a downward trend, being directly crushed and slaughtered by others such as Jiji.

Fu Ji, with the brains of nine Zhi people, plus Li Luo and others, directly launched the slaughter and slashed 5,000 judges.

There was a dead silence at the scene. None of the creatures dared to approach, nor dare to come up to help, because the tragic death of the two old men was still vivid.

He was slaughtered at three breaths. Qin Tiange's strength and fierceness exceeded imagination, and no one dared to rise up to resist.

boom!

Ten minutes later, thousands of corpses were scattered throughout the temple. The universe of hundreds of babies floated around Qin Tiange's body, attracting many eyes.

But no one dared to step forward, not even a little sound. The tens of thousands of taboo creatures present, the Xeon from the two universes, looked at Qin Tiange and others with a look of horror.

"Huh, it's hidden so deep that the rulers behind the scenes don't even take the lead, then pull out the power of the universe of your life court here." Qin Tiange snorted, feeling a little dissatisfied.

Killing two founders, and even slaughtering a hundred universe-level arbiters, the five thousand taboo strong did not let that ruler appear behind the scenes.

This makes Qin Tiange very serious, the other party hides too deeply, this has to be careful, I'm bright, the enemy is dark.

"Now give you two ways, obey, obey orders, or die?"

After Qin Tiange said one word at a time, his eyes sharply swept across the tens of thousands of the most powerful and powerful creatures in the universe, and the top creatures from both universes were silent.

Their hearts were so cold that they dared not speak, because Qin Tiange was too horrible, as if he could not compete, and there was no contradiction in his heart.

As for the blocking, just kidding, it will be clear to see the thousands of dead bodies at the scene, and anyone who dares to come out and stop will die tragically.

"Since no one has spoken, that's the default. From now on, you will immediately bring the main forces of the two universes into the wild and start the battle of this era."

Qin Tiange's next sentence, however, surprised tens of thousands of taboo creatures present.

This is to pull all living creatures into the desert. Instead of picking one family as the main force, it is to bring together all the forces of the two universes and start fighting directly.

"Why not speak? I allow you to object!"

After Qin Tiange said, his eyes swept through all the forbidden powers present, and there was a vast chaos behind him. The meaning was obvious.

Opposition can be, but to bear his bombardment, just like the two old men just now, are now dead.

"After one year, all the universe will come to the wasteland. If any of them does not come, it will be destroyed directly and erased from the universe."

After Qin Tiange finished speaking, the whole popularity reached the apex, and the chaos blew up behind him, hitting the Temple of Life in one hit.

With a bang, the entire temple was disintegrated on the spot, scattered into pieces, and the terrible chaos swept past, destroying all the temples belonging to the temple of life.

Tens of thousands of taboo creatures were horrified, and the wolverines escaped. Although not injured, they seemed very embarrassed, all secretly hated, but a little scared.

“It’s time to release the strong who are locked in each cage.”

Qin Tiange suddenly looked up, looking at the emptiness, where there were several barriers, mysterious and powerful, but also an unknown strength.

He even wanted to release the strong man who was imprisoned in the past. Does he want to break the pattern of this era?

Chapter 1003 - Release captives

Click!

On the edge of the emptiness, a gray hand grabbed lightly, and it rustled, the emptiness shattered like glass.

“What does he want?”

“That’s, the universe cage?”

For a while, the tens of thousands of taboo creatures scattered nearby were all horrified, staring at Qin Tiange’s approach, some frightened.

What did they vaguely guess? It was this that made them feel shocked and frightened. Qin Tiange even wanted to break that channel?

At the time, when the first inner universe was successfully conceived, a mysterious channel emerged, attracting Qin Tiange to step in.

But that was a trap, and these forbidden creatures that broke through the universe were deceived into them and imprisoned forever.

It is equal to a large universe prison cage inside, but Qin Tiange now wants to break the barrier of this passage, and wants to release the countless strong persons imprisoned inside.

boom!

One palm split, the endless obscurity collapsed, and there was completely broken with one palm, revealing a dark channel.

Seeing this passage, everyone was chilling, instinctively stepped back, looked at Qin Tiange in horror, and came to the tunnel in one step.

The mysterious channel, with a strong breath, seems to step into it and become the topmost existence in the entire universe, immortal.

“Damn, he’s trying to release the top creatures that have been imprisoned for years.”

“In this way, the two universes immediately fall into chaos, and all races will be involved. How can our plan be realized?”

Seeing that Qin Tiange was about to break this channel and release the old and powerful men who had been deceived into it, once those creatures were released, it was an impact.

“Come on, let the universe be in chaos and completely break the era of this era, and no one should think about it.”

Qin Tiange’s eyes were cold, and he made a decision in his heart. The plan that he had long thought about was to completely disrupt the entire universe board.

Those who play chess behind, want to manipulate the entire universe, then completely disrupt the chessboard, or even break the pattern of this era.

If you want to break the game, you must disrupt the pattern and capture a subtle opportunity to find the only opportunity to break the universe chess game.

“broken!”

With a low drink, Qin Tiange fisted his arm, gathered a hundred of the majestic strength of the inner universe, and slammed into the channel.

The crackling sound, the passage was penetrated by a fist, and the powerful punches were immense, sweeping away like a big chaotic explosion.

Rumble!

With a violent explosion, the entire passage collapsed instantly, and the passage to the mysterious cosmic cage was completely destroyed by Qin Tiange.

This is not over yet. Just one punch contains terror, and one punch punched in. It was purposeful. The powerful punches gathered a little and went all the way through, opening up a mysterious barrier.

Click!

With a crisp sound, the big universe buzzed slightly, as if some kind of barrier was broken.

Inside the broken passage, a hint of mysterious breath began to emerge, attracting Qin Tiange’s attention, his eyes brightened.

“Sure enough, there are too many former strongmen in the blockade.” Qin Tiange put his eyes out and looked at the broken passage, feeling a terrible breath inside.

Those were forbidden creatures of the past. They were induced to deceive into them. Although they successfully condensed into the inner universe, they were sealed in the dark universe prison cage.

There is the area where the two universes collide with each other at the junction, and under the pressure and blockade of the two universes, they cannot escape at all.

Unless someone breaks from the outside, like Qin Tiange, directly penetrates that passage and breaks the barrier of that prison cage.

“open!”

Qin Tiange hit the iron while he was hot, drank in a low voice, and once again punched in. The powerful and unmatched punch even shaken the universe and caused slight turbulence.

The terrible punches swept away, forcing many taboo creatures to be pushed away, their faces were pale, and they were full of terror.

Huh!

Just listening to the loud noise, that barrier was finally broken, and the ancient strongmen who had countless years were blocked, all exclaimed growling.

“Roar...”

“That is, the breath of the universe!”

“The seal is broken!”

“The cage was broken?”

“Hahahaha, we are free!”

In the broken passage, a terrible roar came, shaking the universe and causing turbulence in the entire universe.

Even the two universes were affected, and the powerful men who had been imprisoned for many years finally saw the sun again.

Seeing the horror of an ancient terror, Qin Tiange’s eyes narrowed suddenly, and a sneer evoked in the corner of his mouth.

His body quietly introduced nothingness, backed away, and made himself nervous.

“Master, this may not be able to subdue these sealed Xeons who have been sealed for many years.” Ji Ji asked with a little suspicion.

Qin Tiange shook his head and smiled and said, “Who said that I would subdue them? I just wanted to release these Xeons, disrupt the whole situation, and then plan more inner universes, because we need to grow, The fastest is to swallow others to grow. “

“So it is!”

Li Luo, Yan Ji, and others were all surprised, one by one, the heads expressed that they want to release those trapped universe-level strong, and disrupt the pattern of the universe.

One is that Qin Tiange needs a huge inner universe to support it, which has to attract the attention of these imprisoned Xeon creatures.

But Qin Tiange doesn’t want to get involved at the moment, he wants to step aside and quietly plan his own things.

“Walk, go back, and completely hide the human race. We need to wait quietly for opportunities and benefits from this chaos.”

Looking at this collapsed channel, the tyrannical atmosphere inside is getting stronger and stronger, Qin Tiange knows that the Xeon creatures who have been imprisoned for countless years are about to return.

He didn't stop, he took his \*\*\*\* and others with him, tearing the edge out of nothingness, disappearing in a blink of an eye.

Qin Tiange did not pay attention to those who were banned by the parties convened by the life court, and did not hunt down the 1,900 universe-level creatures.

Most of the top powerhouses in the two big universes are here, but still a small part did not come, this is to ignore the life court.

boom!

“My, finally back!”

Suddenly there was a loud noise, the bursting fragments swept through the nothingness, and a terrible figure rushed out, smashing all the way to the desert and returning to the universe.

Immediately afterwards, horrible figures burst out frantically, scrambling one after another, and killed from the dark witch's prison cage.

“came back!”

“we are back!”

A cry, a roar stunned the universe, and the entire universe was plunged into endless turbulence. Every tens of thousands of taboo creatures watching here were horrified.

The cosmic powerhouses that had been imprisoned in the past all returned and were released directly by Qin Tiange, and the entire universe has since fallen into chaos.

The former Xeon creatures, who had been imprisoned for countless years, turned red eyes and swept across tens of thousands of taboo creatures and powerful people of all races.

“A long time, no meat!”

A terrible creature stepped out, eyes faint, bloodthirsty light, licking scarlet tongue, fangs, horrible.

“kill!”

Almost instantly, a fierce battle broke out at the scene. The Xeon who had just been released from his cage was empty inside an individual and wanted to devour it.

With tens of thousands of contraindicated creatures on the scene, more than a thousand close to two thousand space-level powerful people have become their eyes.

“Hmm ...”

“kill!”

The tragic killings were staged without any warning and without mercy. The tens of thousands of forbidden creatures of the two universes fell into blood robberies together to fight against those released from prison.

“Ah, no...”

A loud roar came, and there was a sorrow of taboo creature fear, and the body was directly torn in half by a released prisoner, swallowed with a big mouth, and ate up on the spot.

The fierce, brutal, and fierce assassination suddenly began, which caught tens of thousands of taboo creatures of the two universes into a \*\*\*\*\* battle in the wasteland.

And the culprit responsible for this \*\*\*\*\* battle, Qin Tiange himself, was watching all this across the shore, with an indifferent expression and no mercy.

Click!

Suddenly, Qin Tiange pierced the nothingness with one hand, and as soon as a lightning strike, his five fingers quickly returned with a mass of things.

It was a mass of cosmic membranes, a baby universe, which Qin Tiange took the opportunity to take over. He did not participate in the slaughter, but did not miss these opportunities.

“Roar ... who, dare to grab the prey of the deity?”

A terrifying roar came, and the fierce and mighty sky saw one of the captives released and chased up along the trace, just hitting Qin Tiange.

“Boy, you robbed the prey of your deity, and die!” The terrible creature howled and snarled, as soon as it came, a claw crossed to Qin Tiange.

Faced with such a powerful blow, Qin Tiange’s face was very calm, and there was a ray of cold killing in his pupil.

“Since you’re here to die, let’s go!”

As soon as the words fell, Qin Tiange moved, and the man weirdly crossed the overlapping barriers of nothingness, and punched through the head of the horror creature.

puff!

With a muffled sound, the creature was stiff, his head was pierced with fists, his eyes glowed with horror, gradually dimmed, and the true spirit collapsed.

It caused death It was not clear that he had found a horrible existence. Qin Tiange would have released it. Who would provoke him?

boom! Qin Tiange shook his head secretly, squeezing the opponent’s body, grabbing a ball of the inner universe, and looking at the dim and empty inner universe.

“Let’s harvest them for a while and let them recover.”

Qin Tian spoofed to himself, treating these released prisoners as pieces of grain to be harvested, and they could be slaughtered only after they were fattened.

How to nourish them naturally imprison them for countless years, causing the inner universe to fail to grow empty, with insufficient root causes, and must be replenished before harvesting.

And if you want to add, then devour all kinds of energy, or kill the powerful of the races of the nations to come faster. Look at the group of ancient prisoners who have just been released. Million taboo creatures.

“go!”

After watching for a while, Qin Tiange didn't stop, turned around and left the other side, with his own self, Li Luo and others disappeared here.

Chapter 1004 - Breakthrough, adult chaos

The galaxy, the human race, and even some races that are allied with the human race suddenly disappeared and disappeared from the universe.

This incident has attracted the attention of many powerful men, but it can be guessed that the emperor Qin Tiange took the human race away.

This generation of human races disappeared directly. They did not participate in the contest between the two universes this time, nor did they participate in the planning of those who are strong.

The whole human race disappeared cleanly overnight, which was somewhat unacceptable, but soon no one paid attention to the disappearance of the human race.

Because, a dark killing swept the entire universe, tens of thousands of people were robbed, and the entire universe was plunged into chaos.

All this is because those creatures trapped in the cosmic cage of the universe were released by Qin Tiange, directly setting off a dark and \*\*\*\*\* turmoil.

Before the cleaning of the big universe came, this blood robbery began to sweep across the big universe.

Every prisoner released was hungry and red-eyed, and he swallowed whatever he saw. Wherever he went, he didn't grow grass.

Some even belonged to their own clan, they directly swallowed up their own strong ones, and in order to restore their emptiness, they started to attack their clan.

This is the mentality of the strong, indifferent, and people of their own clan directly swallow and kill, but they feel more appropriate in their hearts.

As for this dark and \*\*\*\*\* turmoil, Qin Tiange simply ignored it, hiding directly in the nothingness of the universe and entering a retreat.

In nothingness, a chaotic gas boils and pervades this area, forming a terrible Jedi.

In the center of the chaos, there is a figure sitting in a row. It is the disappeared Qin Tiange. Where has the human race gone?

In the mark of his eyebrow, it was a smelted baby universe, which was made into a cosmic treasure by Qin Tiange.

In the treasure, the entire human race is stored, which means that it is not in the big universe, but is hiding in the small universe.

“swallow!”

Qin Tiange opened his eyes, suddenly opened his mouth, and swallowed the two gray chaotic light tires floating in front.

Those are the two primitive chaotic universes, which came from the two old men, and they gave birth to the original chaotic universe.

But the blame can only blame the two old men for being too anxious, devouring too many unowned universes, and maturing their inner universe all the way, causing the universe to develop too quickly and enter the exhaustion period in advance.

boom!

Swallowing two primitive chaos universes, and two mature universes, the original origins are extremely large and rich, which is just right for Qin Tiange to improve his primitive chaos.

These two chaotic universes are both mature bodies. From the beginning of the birth, the universe was infancy, and then evolved and evolved, which is the juvenile period, and then the mature period, which is the adult universe.

However, these two primitive chaotic universes have fallen into a depletion period, which is commonly known as the old age universe.

At this step, the universe is in a period of decay. Whether it is a universe or a living thing, there is an end. The universe must also go into exhaustion and re-enter the destruction and breed.

Suddenly swallowing two depleted primitive chaotic universes, the chaotic primitives in Qin Tiange's body, burst into a powerful and full of energizing force.

It's like a baby waiting to be fed, madly absorbing the origins of the universe from two primitive chaos, and constantly devouring and growing itself.

A plethora of primitive origins have been devoured and absorbed, and the chaotic primordial babies are growing rapidly, and have fallen into a growth stage since childhood.

Gradually, the primitive chaotic elementary fetuses began to grow and grow. With the strong primitive chaotic origins to support, naturally there is no shortage of nutritional growth.

Buzz ...

The chaotic membranes are undergoing rapid metamorphosis. Qin Tiange's chaotic elemental fetus finally leapfrogged from infancy, successfully transformed and promoted, and grew into an innocent primitive chaos.

When it turned into a long moment, Qin Tiange felt kind of hesitant, as if he could really grasp his own destiny and future at this moment.

Fragmented pictures emerged, but unfortunately they were scattered and unclear, unable to capture and combine them into useful information.

He knows that this is the infinite possibilities that the true spirit is capturing in the years to come, allowing him to see various predictions for the future and avoid some unfavorable situations.

Originally, it was impossible to see the future, because there was no future in this era, but it broke through the primitive chaos of childhood. Qin Tiange suddenly felt like he could capture it.

He didn't care, but continued to draw from the majestic origins of the two primitive chaotic universes, and continued to grow.

The primitive chaos in childhood contains more powerful, more violent, longer-lasting, as if young and vigorous, and gradually grew into its due strength.

It's like a child who has just grown up and started to devour the original nutrients in a frenzy and grow stronger.

Click!

I don't know how long in the past, one of the original chaos was absorbed completely, and the original origin inside was swallowed up.

And at this moment, Qin Tiange's chaotic primordial, the primitive chaos of childhood, began to enter the metamorphosis period again.

Buzz ...

The young chaotic universe issued a force of horror devour and swallowed up the last depleted primitive universe.

Suddenly, all primitive origins were absorbed by refining, and the primitive chaos in childhood broke the barrier in an instant, successfully broke through the promotion, and advanced to the next level.

Click!

With a crisp sound, the original membrane ruptured and turned into a stronger, stronger barrier, which is the primitive chaos in adulthood.

The chaotic primordial body in Qin Tiange's body finally grew and nurtured and matured into a mature small universe.

That's right, it's the small universe, not the big universe. There is a fundamental difference between the two.

**"The adult primitive chaos is truly extraordinary!"**

Qin Tiange slowly opened his eyes, a ray of gray light shattered the barriers of chaos, pierced through nothingness, and looked at the entire universe.

He felt that at this moment he became extremely powerful, and he felt excited to break the diaphragm of the universe with one hand.

**"It's not strong enough. There are still many cosmic membranes in the body that have not been formed!"** Qin Tiange said to himself.

Immediately, he turned his hands and took out a bunch of strange lights. These are all the unowned inner universe?

Where do these little universes come from? In fact, this is what Qin Tiange searched from the chaotic universe in his body after killing the two elders of the life court.

It was exactly the two old men who continued to use their lives, adding up to a total of 380 unowned small universes. It is not clear how many strong men died in the hands of the two.

“Hey, it’s cheaper for me.” Qin Tiange sneered secretly, glanced at the chaotic universe, and the nations fell into a \*\*\*\* battle.

The ancient creatures detached from the cage were fierce and terrible, and the tribe did not hesitate to devour them directly.

This is to restore their emptiness. A blood robbery is still ongoing, and it is not clear how long it will last.

Qin Tiange did not bother, but continued to fall into cultivation, smelting those little universes that he had obtained.

Except for some gifts for Liji, Liluo, Qinglian, Ziyi, etc., the rest were smelted one by one by Qin Tiange and devoured the origin of the universe.

In order to nurture all the cosmic fetal membranes in his body, Qin Tiange has put down his blood, even at the expense of hunting and killing Xeon creatures of all universes.

One’s own growth is the most important. Without sufficient strength, it is impossible to survive the next dark cleansing, and successfully kill it.

Since the killing of the two opposite universe powerhouses with primitive chaos in the body, he has secretly grasped some secrets of the life court of the opposite universe.

However, the only thing that has not been recorded is that the mysterious behind-the-scenes ruler is the strongest and highest ruler of the life court.

Qin Tiange feels that in this universe, the highest combat power of the court of life is the two old men, and the chief arbiter is guarding the entrance to the other side.

The Chief Justice presides over the Temple of Life here, dominates the big universes here, and orders the strong among the universes to set off \*\*\*\* battles, gather the killing powers of the peoples, and want to tear down the big universe barriers .

This plan over and over has led to the decline of all races, but the most serious withering is the human race. This is the former hegemon of this universe, and it has commanded the universe.

Unfortunately, it was defeated by the life court on the other side of the universe, pulling the human race into the wasteland again and again, becoming the main force for the so-called confrontation, which is just a game.

The human race was weakened time and time again, and the foundation was almost destroyed, but this time it was a bit weird, because the court of life had just convened the Xeons of various races to gather, but it was directly end by Qin Tiange.

Breaking this pattern, Qin Tiange faintly captured a trace of trace, as if there were two black hands between the two big universes, and he was playing chess with the two universes as a chessboard.

As for what to plan, Qin Tiange is not clear. According to the only strong man successfully killed in the past, Pan, maybe he blindfolded the eyes behind the scenes, so that the races in the two universes got a lot of time and opportunity.

Qin Tiange can't predict how strong the "pan" is now, even more confused, because even if he just broke through, he still can't see through.

This is horrible. Qin Tiange already had a little speculation in his heart about how strong the old man was.

"Perhaps, we have already entered the threshold above the universe level." Qin Tiange said to himself, and swallowed several small universes with his mouth open.

He kept refining, one by one, the cosmic fetal membranes were bred and shaped in the body, and a new cosmic force gathered in the body, like a flood and tsunami that swept the whole body.

The body is crippled, being cracked autonomously, torn by the surge of power in the body, a little self-repair, one destruction, one repair.

After repeating this cycle, Qin Tiange felt more and more terrible, as if he could no longer be called alone.

This living off is a monster. Three hundred baby universes have been bred in the body, making people fear.

Three hundred baby cosmos What kind of power is that, once it erupts, it will be a shock to the whole universe.

**"Finally finished!"**

Qin Tiange stood up, his broken body was repaired again and again, but it was broken again and again, this time it was a bit scary.

The strength in his body was too strong, causing his body to be torn apart again and again, and there was no feeling or sign of stopping.

Hum!

The chaos in the mature period suddenly burst with a primitive force, and instantly repaired the broken body, becoming more rude and simple, as if it were a primitive chaotic creature born from the chaos.

**"It's time to break the ethical barriers and get Chen Xi back ..."**

Qin Tiange suddenly looked up, looking above the nothingness, and in the depths of the desert, inside the junction of the two universes, there were powerful barriers that blocked each area.

There, there are ancient cages of the era.

Chapter 1005 - Break the barrier, the river of epochs

boom!

A shock radiated the entire universe, attracting the attention of powerful parties from all sides, one after another looked at the nothingness at the junction of the two universes.

The chaotic and dangerous interlayer area is the collision zone of the two universes. Anyone who enters it may be directly crushed by the collision between the two universes.

Kaka ...

A terrible crackling sound came, and there were people there who were bombarding the barriers, constantly breaking the force of the squeeze and collision between the two universes.

With one punch and one hand, Qin Tiange broke down the barriers around him, and the two large cosmic forces collided and crushed each other, posing a great threat to him.

But he just broke through now. Naturally, he was not afraid of these two forces, and he directly broke the obstacles in front of him, and cut through a path.

The collision of the diaphragms of the two big universes naturally generates an open area, like the collision vacuum area between the two big universes.

And here it has become an area to avoid large cleansing, but it has become an impenetrable prison cage.

“What does this man want?”

“Won’t you want to break into the era barrier?”

Some of the ancient creatures that were just released and were madly devouring the strong of all races looked at Qin Tiange in suspicion.

Soon, they learned that it was Qin Tiange who broke the cage and released them, the creatures that had been imprisoned in the past.

Seeing Qin Tiange, those released creatures were not grateful, but showed his glaring eyes and regarded him as a prey.

But no creature dares to come up now, because Qin Tiange has penetrated into the depths of the two interstellar spaces.

There are two terrible powers of the universe, and the constant destruction and crushing produced the devastating power is simply unstoppable.

Even if cosmic creatures come in, they can be crushed into pieces of flesh by accident, which shows the horror here.

The barriers of the epoch are hidden in such a region, which is daunting. It is not difficult to enter the barriers of the epoch.

But if you want to get out of it, you can’t do it. See, no matter how many epochs have passed, none of the creatures hiding in the various mezzanines have come out.

Yes, some powerful creatures have come out, but that’s a kind of mortal mentality, or to be born dead, to directly reverse their original reincarnation.

For example, Chen Xi is a reincarnation from the ancient era, directly risking breaking the barriers of the reincarnation.

This is of great danger. If it is not good, it may be turned into fly ash, not to mention reincarnation.

There are very few creatures who can successfully reincarnate and wake up again, awakening the memories of the past. This is the sorrow of hiding in the era.

boom!

Qin Tiange stepped out and fist penetrated an invisible wall in front, which was a barrier formed by the collision and squeezing of the two universes.

Extremely sturdy and strong, it is difficult to break, but Qin Tiange punched it through, and his strong fist broke the invisible barrier in front.

He stepped into it step by step, shrouded in horrific fog, blocking the force of the collision between the two big universes.

Qin Tiange is like walking through the cracks, constantly shuttle, making a passage to the barriers of the era.

Finally, when he broke through an invisible barrier, he came to a mysterious area and looked at the situation here.

“He really went in?”

“His, this tribe is a bit weird, too strong.”

Some Xeons were horrified and really realized that Qin Tiange seemed to be a little bottomless, and there was a huge gap from before.

Now I saw that he penetrated into the mezzanine of the epoch, and actually successfully penetrated the two barrier areas where the universe collided, and the dangerous area was penetrated.

In front of Qin Tiange, there is a vast Guanghe, rolling waves, as if endless, but this is an illusory Guanghe.

“The river of epochs!” Qin Tiange said to himself, a little serious.

He looked at the vast Guanghe in front of him, which is the so-called river of epochs. He didn’t know where it came from. He only knew that this Guanghe was connected with the ancient times.

As long as you follow this river of light and go up against the current, you can enter the ancient era and successfully hide in it.

Qin Tiange did not act rashly, but carefully observed the Guanghe in front of him, and the more he looked, the more surprised he became.

“His, it turned out to be a refined Guanghe. Who made it?” Qin Tiange’s face changed slightly, looking at this vast Guanghe.

He suddenly saw a little mystery, the river of epoch turned out to be a treasure, an extremely scary universe-grade treasure.

Whether it is artificial refining or natural production, Qin Tiange guesses that it belongs to the first one.

Then the question comes, who made it? The river of epochs runs through a number of ancient epochs, which are rumored to be independent.

The more he observed, the more he felt something wrong, as if the river of epochs was drawing something to grow.

“Some weird!” Qin Tiange frowned secretly, stepping away.

Without hesitation, he stepped into the river of epochs, and immediately caused a huge wave, the waves were raging like a torrent of years.

This river is a real treasure, not a small universe treasure, but a large universe treasure, with terrible power that made Qin Tiange covet.

Unfortunately, he can't find the clue, and he can't smelt this river of epoch, otherwise it is really possible to directly refine this treasure.

Rumble ...

The rolling waves swept across, covering the sky, completely submerging Qin Tiange, as if to annihilate him directly in this Guanghe.

In the face of this torrent of years, Qin Tiange didn't care about it at all. He looked relaxed and step by step as if he was walking in the river of epoch.

“what?”

Suddenly, Qin Tiange stopped in surprise, his eyes swept across the river of epochs, and a dim vision passed by.

It was a vast continent, with ancient fragments showing the endless charm of desolation, as if from an ancient age.

“That is, the ancient continent?” Qin Tiange was surprised, looking at the vast continent, it turned out to be an ancient continent.

In other words, he saw the scenes of ancient times from the river of epochs. This continent is attached to the river of epochs and the interlayer of the universe and is firmly absorbed.

Seeing this, Qin Tiange's pupils shrank, and he suddenly realized that a problem was the role of the river of epochs.

His pupils were shining brightly, and he kept seeing out of the river of epochs, and saw the dim and mysterious continents floating outside of the river of epochs.

These fragments, extremely old and huge, reveal a burst of reckless ancient charm, which turned out to be from all ancient times.

There are four ancient continents, ancient, archaic, barren, and ancient. They are attached to the barriers of the river of the epoch and the universe.

“The river of epochs is absorbing the vitality of these continent fragments?” Qin Tiange was startled suddenly, a thought flashed in his mind.

His speculation was too shocking. The ancient times, which had been very mysterious before, turned out to be like prisons hanging by the river of epochs.

The continent of each era is firmly locked by the river of epochs, unable to escape, and is isolated here.

But was the sudden destruction of ancient times the cause of the river of epochs? Qin Tiange looked at those ancient times, each of which was connected by a hazy stream.

These small rivers seem to be the rivers of time and space that run through an era, as if breaking the rivers of time can enter a more ancient era.

As everyone knows, this is just a group of poor insects imprisoned by others, a group of miserable creatures kept in captivity here.

“An era, a sad product, has cost the wrong way.”

Qin Tiange shook his head. There was no mood swing. He just felt that the universe had some kind of power to mislead the people of all races.

As he was about to move on, Qin Tiange turned his thoughts and suddenly had an idea, staring at the ancient times locked in the river of epochs.

“If the \*\*\*\* of the river of epochs is cut off, will these ancient times fall directly into the universe?”

Qin Tiange said to himself, thinking in his heart, all of a sudden burst out of control can not suppress the suppression.

He was eager to move, trying to cut off the mysterious \*\*\*\* in these rivers of epoch, and release these ancient times?

These continents are all shelters of the times created by collecting the original fragments of the universe on the other side.

Unfortunately, being controlled by the river of epochs, it is impossible to get out of control, and even hiding in it is a kind of sadness.

“Try it!”

Qin Tiange has a certain expression, and when he thinks of it, he will try to cut off the continent of the era that is bound.

boom!

Stepping out, Qin Tiange punched through the barriers of the river of epochs in a single punch, smashed a hole, and saw an ancient continent absorbed in nothingness.

“Emperor sword, cut!”

Qin Tiange drank, and suddenly pulled out the Emperor’s Sword from the chaos, and slashed directly on that small Guanghe.

Chapter 1006 - First emperor

Dang!

With a loud bang, the river of epoch boiling, set off a wave of stormy waves.

Qin Tiange's face changed, and he felt a strong anti-seismic force. He had a full 90% of the anti-seismic force that he had just hit. His body flew out and was drowned by the rolling waves. opened.

He looked surprised, looking out of the cave, the undamaged epoch light river, firmly holding the ancient continent.

“Continuously chopped?” Qin Tiange was a little surprised, and his own Emperor Sword had completed metamorphosis and became a cosmic treasure.

Of course, it's just a small universe treasure. Compared with this river of horror times, it seems like some pediatrics.

This surprised him a little, breaking through the years of torrents, coming to the huge cave just now, staring at the locked ancient continent outside the river of the epoch.

“Unable to cut off, the river of epochs is like a cosmic treasure, attached here, it seems to draw the strength of the two sides of the universe to grow.” Qin Tiange looked serious and became a little dignified.

Because he found that this river of epochs was a bit weird and horrible, as if it had exclusively grown from the strengths of the two universes and formed a unique river of epochs.

Why is it called this way, because this Guanghe is connecting those so-called ancient eras, and what secrets are hidden, Qin Tiange has no idea.

Hum!

At this moment, the river of epochs trembled suddenly, with a strong buzz, and saw the ancient continents bound outside, suddenly penetrated by a stream of light, and tore the ancient continent to pieces.

boom...

“what...”

“Here comes the cleaning!”

“Ancient robbed!”

A scream came, making Qin Tiange startled, watching this scene in shock, just thinking about cutting off this river of light, and now he saw an extremely amazing scene.

The river of epochs directly swallowed the ancient continent, and strange rivers of light staggered through it, tearing up the entire continent.

An invisible and weird force that swept across the ancient continent, saw Qin Tiange's heart beating, and witnessed a purge with his own eyes.

The so-called cleansing turned out to be a kind of unique destruction directly carried out by the river of epochs cooperating with two great cosmic forces, namely, cleansing.

“Ancient, destroyed?” Qin Tiange’s pupils shrank, looking at the collapsed ancient continent, and the hidden ancient creatures were really destroyed at this moment.

They want to break out of the restrictions here, and want to kill back to the universe, but unfortunately they can’t do it, they are restricted by the river of epochs.

boom!

The cave was broken, and the scene outside was suddenly lost. Qin Tiange took a deep breath and looked at the looming scene of destruction. He knew that the ancient times were over.

These places were originally strong and were good refuges, but unfortunately now they have become deadly cages, and they must die in them.

Unless someone can lead these ancient age creatures out and protect them, don’t try to survive.

“Who is manipulating the river of epochs?” Qin Tiange frowned, looking towards the end of the river of epochs.

A dim mist can be seen there, but it is not very clear. A torrent of years of energy is flowing from the source.

Without hesitation, he broke through the rapids in one step, rushed upstream against the River of the Ages, and ran directly to the entrance of the era’s barriers.

Qin Tiange came here to find Chen Xi and others who may be trapped in the ancient era, and they must be brought back safely.

Seeing the destroyed ancient times, Qin Tiange felt uneasy, as if the river of epochs was absorbing these ancient epochs, and even the ancient epochs grew.

He even stubbornly survived in the interlayer by absorbing two major cosmic energies and obtained a horrific transformation.

“This man wants to break the \*\*\*\* of the universe and ambitious.” Qin Tiange thought as he walked.

The strong man who built the river of epochs must be terrible, ambitious, and has the ambition to break through the shackles of the universe.

Otherwise, he would not create such a river of epochs, running across the collision area between the two universes, stealing the original energy of the two universes.

This man’s plot was so great that Qin Tiange became suspicious and vigilant and had to be careful to guard against such a strong man in the dark.

boom!

When Qin Tiange broke through the years of torrents and came to the end of the river of epochs, he saw such a scene.

The river of epochs is connected to three hazy apertures, shining brightly, very conspicuous, as if it is wrapping three mysterious apertures.

Qin Tiange blinked his eyes, looking at the three mysterious apertures, which were huge, and one of them showed a strong and ancient atmosphere.

**“Era Light Curtain!”**

A thought flashed, letting Qin Tiange determine that the three apertures were the era light curtain, full of three ancient eras.

But what makes Qin Tiange hairy is that there are several ancient epochs? Why do you see only three now.

As if thinking of something, Qin Tiange’s heart was so cold, have some ancient eras been swallowed up by the river of epochs?

**“Ancient era, the broken universe, was created by human effort a little bit from nothing.”**

Soon, Qin Tiange was shocked, looking at the three quaint apertures in front of him, the furthest one emitting a hazy gray haze, mysterious and quaint, revealing the original atmosphere.

It was the era of chaos. The next one was very old, with a very chaotic atmosphere.

There are only three epochs. Qin Tiange is here, and it is clear at a glance how these epochs came about.

**“Since the Chaos Era, the strong have begun to seek other ways, thus creating ancient era refuges.”**

**“Perhaps, the era is the product of failure at that time.”** Qin Tiange meditated secretly, with speculation about the origin of these eras and times.

The Chaos Era is a broken universe that has existed since the Chaos Era and is an ancient era created by it.

After the chaos is broken, the first era is next, a glorious and \*\*\*\*\* era.

After figuring this out, Qin Tiange finally understood, but there was a question, in what era is Chen Xi?

For the three epochs, Qin Tiange is not clear about which era Chen Xi is in, only she is in the ancient era.

**“Break the barriers of the era ...”**

Qin Tiange calmed down quickly, strode forward, passed directly through the source of the river of epochs, entered against the current, and came to the front of the three hazy apertures.

Connected by the three epoch apertures is the light of an epoch river, as if the river of light shrouded these apertures and blocked them.

**“wrong!”**

Suddenly, Qin Tiange stopped and frowned, suddenly finding something wrong and had to stop and meditate.

He suddenly remembered the old emperor. In the tomb of the emperor, the suspected former emperor struck him across the epoch.

Now think about something wrong. The epoch of the epoch is locked firmly and completely blocked by the river of the epoch. How can it be defeated from the epoch?

Moreover, although the three epoch apertures here are attached to the cosmic interlayer, they cannot penetrate the cosmic diaphragm from the inside and bombard the power into the universe.

The only thing that can do this is to strike the Xeon directly into the universe from the river of epochs, penetrate the barrier of the universe, and penetrate into the universe.

Qin Tiange can easily do this now, but it must be weakened by countless forces in the universe because it is difficult to cause destruction if he fights down here.

“Did the blow of the past come from the river of epochs?”

Qin Tiange’s face was dignified, his eyes became weird, and he constantly looked around, trying to discover what secret.

Qin Tiange felt a little scared in the past when the Supreme Emperor, who might not have died, succeeded in hiding in the river of epochs.

“where?”

Qin Tiange calmed down, his vast will and conviction unfolded, and constantly scanned the entire river of epochs. Although suppressed by the river of epochs and isolated a large part, it was enough for him to detect the situation here.

Over and over again, Qin Tiange finally found a strange section of the River of the Era and immediately locked it there.

Huh!

Qin Tiange stepped to the end of the river of epochs, staring at the source of the river of epoch in front, the covered area.

He felt what was wrong there, and what was hidden, which made Qin Tiange very concerned, and he was secretly surprised.

“You still found it ...”

Finally, a cold and lonely voice came slowly, and Qin Tiange’s pupils shrank, and two beams of terror came out.

“It really is you, the first emperor!”

Qin Tiange’s eyes were intertwined with killing intentions, staring at the hidden source of that period, which belonged to the end of the river of epochs.

There was really a person hidden there, a mysterious and terrifying strong, and still had a sense of familiarity.

Moreover, he may be the supreme first-generation emperor of the former human race, who once dominated the horrible strong man of the universe.

The former emperor, he is still alive. Now what is Qin Tiange's appearance and the two face to face?

"You, didn't you really die?" Qin Tiange's pupils flickered, his heart tightened suddenly, and he felt a hint of danger from the other person.

It's very dangerous This guy even feels extremely dangerous to him, which is terrifying.

"No, you have no luck with the emperor. You must have died before. You took off the human royal body. You died and reincarnation?"

Qin Tiange was taken aback by his speculation, because he suddenly saw a little mystery. The hidden mysterious figure in front of him turned out to be the reincarnation of the former emperor.

He followed that fall, directly reversing life and death, reincarnation and rebuilding, instead of following the path of the emperor, but on this more weird and terrible path.

The river of epoch, he is actually in control of this horrible cosmic treasure of the river of epoch?

"Oh, I'm so smart. If you had a good woman who helped you to prevent danger several times, you would have been killed by me."

The hazy figure slowly emerged, step by step out of the source of the river of epoch, Wei An's body, wearing a royal robe, although there is no emperor's spirit, there is still the emperor's magnificence.

He is the first Supreme Master to rule the Universe!

Chapter 1007 - Chen Xi, an instrumental spirit?

Oh! Oh! Oh!

At the source of the epoch, there are dim shadows stepping out step by step, stepping on the torrent of emptiness, at the foot of which develops a horror scene of the world's annihilation.

At every step he falls, one side of the universe annihilates, as if the universe collapsed and entered the terrible scene of decline.

The comer is the Supreme King who ruled the universe in the past.

He was shrouded in fog and could not see the truth, as if he couldn't peep at the true content. The torrents of four weeks had produced a violent boiling.

Qin Tiange's eyes flickered, with a strange light, through the fog, and seeing the true face of the man in the fog.

"It really is you ..." Qin Tiange was shocked after seeing the true appearance of the person, and then realized.

Many questions in my heart were suddenly resolved at this moment, and finally I understood the previous questions.

He stared at the person, and the fog gradually dissipated, revealing his true face, his face was magnificent, his eyes revealed a ray of supreme majesty, and his purple hair was flowing.

The most amazing thing is that this person is a bit similar to the previous Ziwei Emperor, but Qin Tiange is sure that the other party is not Ziwei.

The only explanation is that Lagerstroemia indica is the bloodline descendant of the other party or the direct bloodline descendant, otherwise there would not be such a strong similarity.

Qin Tiange looked at each other. The first emperor was also looking at him. The two emperors, the emperor separated by countless times, were silently staring at each other.

“The first generation of Lagerstroemia indica?” Qin Tiange’s affirmative tone came.

Opposite, the great man smiled slightly: “You are the strangest and weirdest of the descendants of the emperor I have ever met.”

“Really?” Qin Tiange said nothing, but revealed a gleam of cold light, humming: “Every generation of emperors, it seems that none of them ended well. I guess I can’t get in touch with you?”

“That’s right, Emperor. One is enough.”

The words of the indifferent emperor of the first generation were lonely, indifferent, and there was no concealment at all.

He chuckled: “Human race, it’s enough to have me alone. Why don’t you have another emperor, human emperor, the second one is not allowed.”

“Joke!” Qin Tiange sneered, dismissive: “You are no longer the first human emperor of the human race, the former old emperor of the human race has fallen, and you are just giving up the human race and rebuilding the alien creature.”

“You have buried the first emperor of my people with your own hands, and you have become the enemy of my people. Now you are not qualified to ask anything about the people.”

Qin Tiange’s words were cold and stubborn. He stepped forward and swept across with overbearing mighty pressure.

He was full of murderous intentions and drank lowly: “It is you, who sacrificed the hard work of the people’s emperors, hindered the people from being able to rise again and again, and was oppressed and used by the peoples again and again. These blood debts are yours.”

“Why, want to kill the deity?” The emperor Huang sneered, his eyes showing a ruthless cold light.

He watched Qin Tiange’s intention to kill, but laughed: “The deity is the first emperor, who is in charge of the rise and fall of the human emperor. Anyone who becomes a emperor must be under my control, even you are no exception.”

boom!

As soon as the words fell, a gray fist hit him in front of him, a powerful fist swept through, and the violent power raged.

Qin Tiange hit with a punch, which contained the strength of a hundred inner universes. It was simply unstoppable.

Hearing only a bang, the first generation emperor flew horizontally, and the whole arm suddenly twisted into a ball. The bones pierced the flesh and blood, and they looked extremely scary.

“You ...” The emperor of the first generation was horrified, looked at Qin Tiange, and looked at himself as a twisted arm. He just instinctively waved and resisted, but was hit and flew out, and the entire arm was directly abolished, and even Almost broke through the body.

This sudden strength makes the first generation emperor’s heart inevitably wave of waves. For many years, this death threat has never been felt.

“Are you still in control now?”

Qin Tiange stepped into the air step by step, his body filled with horrific killing intentions, and really moved his heart.

In front of this, the former emperor of the human race, although he fell in the past, but rebuilt with the help of that fall.

“It’s really weird. Among the many descendants of the emperor, you are the only one who gives the deity the most pressure.” The emperor of the first generation shook his head and his arms clicked back.

He sneered as he came: “But in front of me, the clan emperor of any human race must bow his head, otherwise those who are buried by the deity himself in the tomb of the emperor are your end.”

“Stop talking nonsense, kill one!”

Qin Tiange yelled, and suddenly broke out. He punched directly with one punch. Instead of continuing to talk nonsense, he simply slapped a fight.

With a loud bang, the river of epochs boiled and rolled, and the two Xeon smashed into a ball and fisted against each other, shattering the torrents of rolling around.

Both Qin Tiange and the early emperor had powerful strengths, and the two of them even matched each other.

Ping! Ping!

The fists fought, and a sound of shivering came out, and the river that shook the epoch produced a lot of waves, sweeping through the torrent.

In the violent torrent, two powerful figures are struggling to fight. Among them, Qin Tiange has become more brave and fierce, and has been crushing each other from the beginning of the tie until now.

“Get off!”

With a violent drink, Qin Tiange slammed into the face of the Emperor Emperor’s face with a fist, squeaked and crumbled, flesh flew, and broken bones passed through.

The emperor of the first generation fell into the torrential years and caused severe damage to China. Half of his face was blown up, exposing the broken bones and horrible eyes.

Qin Tiange thoughtfully, looking at the river of epochs and said: “It turned out that the river of epochs does not belong to you. In the past, you used the ruler behind the court of life to kill you and reincarnate it for rebuilding. This is the most precious thing. Right? “

After hurting the other party, Qin Tiange realized that the original universe-like treasure of the River of the Era did not belong to the first emperor.

Sure enough, the early emperor had a complex complexion, staring at Qin Tiange’s eyes with a hint of cold light.

“Nice!” The emperor of the early generation nodded faintly, humming as he repaired the injury: “Originally, this cosmic treasure is alive. A super treasure that has existed since the Chaos era is as old as the other shore bridge powerful.”

The words of the first emperor made Qin Tiange feel shocked. The other shore bridge is the ancient stone bridge together with the other side of the universe.

Unexpectedly, this river of epochs turned out to be a treasure of the same level, all super treasures born from the chaos era.

“You think, how did the era come?” The emperor of the early generation sneered, watching Qin Tiange saying, “In fact, it is the instrumental spirit of the” epoch of the river “, leading a group of strong men in the chaos era, in order to fight the purge. Together, they have opened a new era. “

“In the beginning, they were to avoid the cleansing of the universe, and began to collect some cosmic origin fragments of the opposite universe, and refining them into ancient and independent continents, that is the origin of each era.”

The voice of the emperor of the early generation had just fallen, and he suddenly smashed into Qin Tiange’s noodle door, killing surging spirits, and taking the life door.

boom!

With a calm and calm palm, Qin Tiange shook the early Emperor’s body, his arms exploded, his blood vessels burst, and his bones snapped and broken. He couldn’t bear the strength at all.

Humph!

With a cold hum, Qin Tiange drank lowly: “Your existence has hindered the entire human race from lifting up and overthrowing the human race’s original glory. This account should be liquidated.”,

“The blood of previous emperors, I’ll get them back!”

“kill!”

Qin Tiange drank, stepped directly over the years of torrents, and stepped on the forehead of the former emperor.

A strong step contains the strength of one hundred inner universes, and the river of the epoch almost collapsed.

boom!

The emperor of the first generation crossed his arms to block it, and as a result, a crackling sound came, and both arms were stepped in two and broke.

As soon as the Qin Tiange man fell, he thumped his arm with a punch, and his violent fist blasted the first generation's imperial spirit, and he almost gave up his resistance.

“Ziwei's life style, Huangdao kills fist!”

With a violent drink, as if an invincible emperor came and punched him, the world was full of killing.

How to say that he is the former emperor of the past, who led the universe, the killing and majesty is not fake.

哐 Dang!

The two fists collided with each other, and as if a big collision between the earth and the world burst into a storm of extinction, rumbling swept past, the river that shook the epoch almost collapsed.

In the middle of the explosion, the two figures stared at each other coldly, intertwined with murderous intentions, and the fright radiated above their fists.

boom!

Finally, the first emperor could not bear the amount of violent violence in the inner universe, and flew straight out, spitting purple blood.

Qin Tiange was unscathed, black hair fluttered, step by step over the years, his breath became more and more terrifying.

“Don't you say that you could easily wipe me out before, why are you able to stand up to this?” Qin Tiange walked step by step, with a hint of irony in his tone.

The emperor of the first era wiped off the blood on the corner of his mouth, his eyes were cold, and he hummed, “If it were not blocked by the river spirit of the epoch, how could you have the ability to stand in front of the deity?”

“But she now eats her own evil results. She gave up the Essence of the Age and rebuilt it, and she became a human race. It was really interesting.” The emperor of the first generation sneered. stand up.

“The spirit of the river of epochs?” Qin Tiange stepped in a footstep, his heart stunned, and suddenly a flash of light seemed to catch something.

His eyes were sharp, and he stared at the early emperor in front of him, saying, “You just said, my woman is helping me?”

The emperor of the early generation said that someone was helping Qin Tiange many times, otherwise, he would have killed Qin Tiange long ago.

Looking back now, Qin Tiange also felt that someone was helping him secretly, blocking some danger for him.

I didn’t understand it before, now I suddenly thought of something, my heart was shocked, and then there was a kind of surprise.

“Chen Xi, are you?” Qin Tiange flashed a thought in his heart, his eyes lighted, and he stared at the end of the river of epochs.

It ’s impossible, Chen Xi is the reincarnation and reincarnation of the River of Ages, is n’t she the same?

Chapter 1008 - 108 inner universes?

When Qin Tiange’s mind was shaking and his consciousness was somewhat scattered, the first generation emperor opposite him suddenly launched a fatal blow.

“A river of epochs, reversal, suppression!”

Suddenly a loud scream came and awakened Qin Tiange, but he saw a torrent of years rolling around and suddenly reversed, forming a terrible suppressive force.

With a buzz, the entire river of epochs vibrated, sending out a strong and terrifying wave of power.

The first emperor actually mobilized the power of the river of epochs, the supreme treasure of the chaotic epoch, which contained more power than imagination.

It lies between the two universes, absorbing the power of the two universes and offsetting the destruction of the two universes.

boom!

The river of epochs is boiling, and a terrible force is formed inside, which directly suppresses it, making Qin Tiange feel like he is about to be blocked.

This piece of treasure has a kind of ability. Unlike Naihe Bridge, which can run across the other side of the universe, the river of epoch can suppress the power of the universe.

At this moment, Qin Tiange felt that one hundred newborn babies in his body had been inexplicably suppressed by a force.

Full strength, although it seems very small, but it is scary enough to suppress Qin Tiange’s strength, it is incredible.

boom!

A hand was split, and Qin Tiange was easily blocked, and shocked back, only to find that the emperor of the early generation had just launched a Xeon strike.

However, he was still unable to pose a threat to Qin Tiange, and a full 100 simultaneous bursts of inner universe power, despite being suppressed by 10% by the river of epochs, was not something he could counter.

“How could it be?” The emperor of the first generation was surprised, looking at Qin Tiange as fiercely as he couldn’t believe his eyes.

He spurred the power of the River of the Era to suppress, but still could not threaten Qin Tiange, or even suppress the other side.

Qin Tiange was permeated with chaos and whispered softly: “You can mobilize the power of the river of epochs. It seems that in the past you must have discovered the existence of this river of epochs. The hand of the ruler shattered himself and rebuilt it. “

The first emperor had fallen down in the past, because the other party is not human at all, let alone the luck that a human emperor should have.

In other words, the former Supreme Emperor, with the help of the ruler of the life court on the other side of the universe, fell to himself and completed the restoration.

“Abandoned the human race status, abandoned the human throne, you even departed from the human race, but also hindered the human race from moving forward. You have promoted the life court.”

Qin Tiange stepped up one step at a time, his body’s intention to kill became more and more intense, his eyes almost revealed a ray of horrific killing.

He looked at the former Emperor and shook his head: “It’s really sad. Originally, you had the ability and even the opportunity to take the human race to at least successfully break the constraints of the universe. Unfortunately, you gave up on your own initiative.”

“Shit!”

On the opposite side, the surviving emperor was furious and growled, “What do you know? How can the universe’s \*\*\*\* be broken so easily? It is rumored that only the river of epochs, the bridge on the other side, and the three books of heaven and earth are strong.” Only the power of treasure can successfully break through the barriers of the great universe barrier. “

“Well ...” Qin Tiange chuckled, dismissing: “Why haven’t I heard these rumors?”

He laughed for sure, because as the spirit of human books, he did not understand these so-called rumors, and is there such a rumor?

Collecting the power of the five most powerful treasures, can you penetrate the big universe? Don’t joke, even if it is possible, it may not be able to penetrate the universe.

Qin Tiange, as an instrument of the human book, naturally knows that the human book does not have that ability, otherwise it would not be crushed and destroyed by one hand.

As for the ground book, it was destroyed in a war that struck the other side to penetrate the universe, and it was broken into countless pieces scattered throughout the universe.

As for the Tianshu, it is the most unpredictable, unknown, and never appeared. It is true that Naihe Bridge, the other shore bridge, can penetrate the other shore, but it is impossible to penetrate the universe.

The river of epochs, which lay between the barriers of the two universes, originally had the meaning of looking for a breakthrough, but it couldn't get out.

The two universes collided, their barriers overlapped each other, and they were stronger and scarier. It seemed extremely difficult to fight them out.

“Sadly, this news should have been told by the life court of the universe on the other side, right?” Qin Tiange suddenly said a taunt.

This remark made the emperor of the opposite generation look different, as if he had been told, but he was certain that he knew that he was right.

Seeing this, Qin Tiange felt a little pity in his heart: “I suddenly feel that you are very pitiful. Originally, you had commanded the entire universe and ordered the peoples. They had the qualification to be the Supreme Universe Supreme and even the opportunity to peek into the Supreme Mystery of the universe.

“Unfortunately, you gave up that opportunity, but gave up to the life court of the universe on the other side, causing the entire universe to be robbed, and the human race was almost uprooted.” The more said, the colder Qin Tiange's tone was, and the murderous intention was almost Make no secret.

His eyes were cold and murderous, and he stared at the former emperor of the past, saying, “You not only buried yourself, but also the entire human race, and brought it into the endless abyss, which caused the human race to be slaughtered and enslaved from generation to generation. Even after seeing the rise of the great heroes of all human races in the past, they secretly fought and killed the emperor, destroying the foundation that the human race has accumulated over and over. You have become the biggest enemy of the human race. “

Word by word, as if the sharp blade penetrated into the other person's heart, the former emperor's face changed from time to time and was said to be central.

Qin Tiange is absolutely right, and it is even more serious than this. There are even many things and internals that outsiders have never understood.

Everything is because of this first emperor, who once brought the human race to the top of the universe, but buried the entire human race in another hand.

Even in the subsequent eras, the rise of the human race was blocked again and again, and the chances of this race were cut off.

This hate is the cause of the remnants of the former emperor in the tomb of the emperor, and even at the expense of his inheritance, he must help Qin Tiange, the contemporary emperor.

Because some people have annihilated the rise of the human race again and again, and even killed the prosperity of the human race again and again.

And this man is the former emperor of the past, the Supreme Emperor who once ruled the universe and commanded the nations.

“So what?” He opened his eyes and became indifferent, with lilac pupils in his purple eyes.

He hummed: “The deity does not allow it, then it is not allowed. Who can object?”

boom!

As soon as the words fell, Qin Tiange gave him a punch and hit him on the cheek. He broke into pieces on the spot, his bones and teeth mixed with flesh and flew apart.

“You are wanton ...” the first generation emperor was furious and scolded.

It was a pity that when he hadn’t finished speaking, Qin Tiange stepped down and made a bang, just stepping on his chest, only to hear the sound of cracking bone.

One foot down, the tyrannical forces stepped on the sternal bone of the early emperor, sag a blood pit completely, spit blood in his mouth, and his face turned pale.

“Stop the Terrans, kill!”

With a loud drink, I saw Qin Tiange slashing with one palm, making a bang, half of the head of the early emperor blasted out, blood and water sprayed horizontally.

He was driven into a torrent of years and drowned in it, and his miserable appearance made people unbelievable.

However, Qin Tiange chased after him, stepping into it one step and catching up was a punch.

“Destroy the human foundation, kill!”

boom!

With one punch, flesh and blood flew, and a torrent exploded, revealing a broken figure inside, miserable.

The early emperor, with a distorted face, stared at Qin Tiange with wide eyes, suddenly becoming so fierce.

“Ah ... if you haven’t finished controlling the river of epochs, why is your deity so embarrassed by you?”

The emperor shouted in the first generation, and his injuries recovered instantly. His breath suddenly became more and more terrifying, as if a force in his body was gradually released.

Seeing this, Qin Tiange was amazed. He hadn’t died after bearing several full blows. This early emperor was not easy.

Sure enough, I saw a mysterious force flowing out of that early emperor’s body.

He was forced to this point by Qin Tiange, and finally had to make a decision, that is, to withdraw all the forces suppressing the river of the refining era.

“You do bad things, you will kill you today!”

The emperor of the first generation was full of purple hair, his breath erupted, his pupils bloomed with infinite purple light, and a burst of purple gas intertwined into a mysterious circle.

Inside the source of the river of epochs, weird apertures suddenly flew out, one after another, emitting a purple halo soaring into the sky.

The appearance of these purple apertures made Qin Tiange feel astonished, some couldn't believe it, it turned out to be a universe membrane.

“Countless years, in order to plan this long river of the era, the deity has spent enough 80 internal cosmic forces to suppress it. What do you think you are in the eyes of the deity?”

The early Emperor Emperor slowly raised his head, his eyes were icy purple light, and he was surrounded by a total of 88 inner cosmic apertures.

Those purple apertures are actually the inner universe, which is the inner universe repaired by the Supreme Emperor.

Was he weak when he ruled the universe? It 's not weak, but it can also die with the help of others and directly reincarnate and rebuild. Is this able to withstand weakness?

It can be said that the early emperor was so terrifying that the eighty-eight inner universe alone was enough to see it.

This is the powerful heritage he has cultivated over the years, and the power of super horror is unbelievable.

“What do you think, the court of life?” The emperor of the early generation looked indifferently looked at Qin Tiange with a sneer, sarcastically: “That is just a tool of the deity, the former supreme ruler , But a book, Qi Ling has been swallowed by the deity. “

“This is the treasure of the universe on the other side, the Supreme Code!”

Hum!

As soon as the words fell, a light flew out and turned into a hazy book, exuding the supreme majesty.

The cover of the book is engraved with the two ancient typefaces of “Code”, which is magnificent, solemn and sacred, revealing a sacred and inviolable breath.

“Supreme Code?”

Qin Tiange was really surprised. Looking at the mysterious book floating above his head, it turned out to be a supreme feat from the universe on the other side, the supreme code.

Most importantly, this supreme code contains the power of twenty universes, which is simply horrifying.

If it adds up, does it not mean that the early emperor in front of him has a total of 108 internal universes?

Chapter 1009 - The First Emperor

The river of the epoch is boiling, two figures confront each other, and the breaths collide, gradually forming a terror sweeping in all directions.

Buzz ...

A book floats, reveals the light of the gods, reveals the supreme divine power, which is the supreme treasure from the universe on the other side, the supreme code.

It contained twenty cosmic powers, which were horrible, but unfortunately the instrumental spirit of the Code had been swallowed up, allowing the first emperor to devour it.

The Code, plus the eighty-eight purple-iris universes in the early emperor's body, is equivalent to one hundred and eighty universes.

The early emperor had 108 cosmic powers, of which eight were the inner universe during its growth period, and were extremely powerful and terrifying.

"It turns out that this is your true power. No wonder the universe is 108. It is no wonder that it can suppress the river of epoch." Qin Tiange said to himself.

In the front, the Supreme Emperor had the Supreme Code hanging on his head, and the eighty-eight purple cosmic fetal membranes spread behind him, exuding monstrous power.

And he slowly probed into nothingness, pulled out a purple sword, the powerful breath filled the river of the epoch.

Huh!

The purple light flashed, the edge was unparalleled, and the purple sword exuded a torrent of weather. It turned out to be a cosmic treasure.

The emperor of the early generation carried a purple sword and smiled lightly: "Now, what qualifications do you have to compare with me?"

His self-confidence and arrogance come from strong strength. It is no doubt that the first emperor was very strong, but is Qin Tiange afraid?

"Sit down and watch the sky!" Qin Tiange spit it out gently, his eyes calmed, and said, "Zhuo 108 inner universe, just watch me kill you."

Huh!

As soon as the words fell, Qin Tiange took an ancient sword out of the gray chaos, and the strongest edge revealed, splitting the years and torrents.

This is his own Emperor Sword, with a sharp edge, pointing directly at the opponent's purple sword, and two Xeon swords sent out a shocking sword chant, fighting each other.

"Oh, this is the sword. It was cut by me once in the past." The emperor of the first generation saw the ancient sword at one glance, but it was cut by him in the past.

"Go, cut it off and regain your lost dignity!" Qin Tiange suddenly threw away, and Gu Jianxi disappeared without a trace.

Across the face, the emperor of the first generation looked cold and hummed, “Then let you understand, go, cut the sword and make it completely disappear!”

Huh!

The purple sword and rainbow disappeared, and the two Xeon swords rushed directly into the other side of the river of the epoch, launching a life-and-death fight.

The two-handed swords had fought in the past, but unfortunately the ancient sword was cut off. Today it is restored again and becomes stronger. An ancient sword spirit hidden in the ancient sword awoke.

Uh ...

Two Xeon swords were fighting, sword spirits collided with each other, trying to cut off each other and devour everything from each other.

Qin Tiange took a look and stopped paying attention. He believed that the ancient sword he had repaired and cultivated himself was just like believing in himself.

“Now, try the power of the Supreme Code.”

The emperor of the first generation smiled lightly and waved his hand gently, and saw that the Supreme Code was suppressed in an instant, and brought down by the power of twenty baby universes.

That feeling is terrible, but Qin Tiange is not afraid at all, let alone 20 baby universes, even 100 can be hit by him.

However, he didn’t want to do this, but a little brows gave a horrible light and slammed against the Supreme Code.

boom!

The two rays collided with each other, then receded from each other, emitting a dim light, and turned out to be another book.

Two books, one supreme code from the universe on the other side, and one is a book on the universe created by Qin Tiange himself.

The original book of time and space is a fusion of the complete truth of the earth book and the mystery of the Book of Man, a part of the core strength of the human book, and a combination of several inner cosmic forces.

That is the Book of the Universe, which contains the nine great powers of the universe. What is truly a terrible book.

Buzz!

The two books collided with each other, and they even fought with each other, which changed the appearance of the emperor of the early generation.

Qin Tiange’s Book of the Universe contains only the power of the nine inner universes, but it was created by his own hands. It is handy and the power bursts by 200%.

The Supreme Code on the opposite side was not originally an emperor's thing. Even if it contained twenty inner cosmic forces, only half of them could really explode. Only ten of them could explode.

In this way, the book of the universe can compete with the Supreme Code, and two mysterious books are fighting each other.

“Now, what other skills do you have?” Qin Tiange looked coldly at the early Emperor, condensed with a slight killing.

Opposite, the first generation emperor had sharp eyes and hummed, “Even if you have the treasure, you can't compete with this seat.”

boom!

With that said, there was a mighty purple atmosphere, and eighty-eight purple apertures suddenly merged into one more mysterious purple universe.

Eighty-eight inner cosmic forces poured into the body, giving the first emperor a terrible change and an unparalleled horror.

“kill!”

With a violent drink, the first generation emperor directly killed it, and smashed it with a single palm, containing a lore of strike, giving people an irresistible trend.

How horrible is the fusion of the power of the eighty-eight universes. The river of epochs has been shaken, setting off a stormy sea.

In the face of the first strike of the Emperor Qin, Qin Tiange behaved calmly, his eyes glowed with faint cold light, and his intention of killing was faint.

“One punch breaks you!” Qin Tiange suddenly drank coldly, and his body poured out a mighty force, and a full force broke out in a hundred inner universes.

Containing a hundred fists of inner cosmic power, the bang threw in the past, and everything that has passed by bows down.

The fists fought each other, only to hear a “bang” sound, the palm of the early Emperor burst, flesh and blood, can't withstand the power of Qin Tiange's punch.

On Qin Tiange's fist, there are a hundred inner universe powers, and the violent cosmic power has shattered the other's power.

Bang!

With a violent explosion, the first emperor spit blood and flew into the torrent of years of the river of epochs.

He was traumatized by a blow, shocked in heart, looked at Qin Tiange unbelievably, and turned out not to be his opponent when he showed his hole card?

“How many inner universes have you born in your body?”

The emperor of the first generation was horrified and stared at Qin Tiange, unbelievable in his heart. How many inner universes have been successfully bred in the other person?

You know, he can now conceive eighty-eight inner universes, plus some external forces, it is almost equivalent to the strength of more than one hundred inner universes.

But it was still not enough for Qin Tiange to fight, but was crushed by the opponent, and those who had no resistance were crushed.

“Dead man, don’t need to know!”

Qin Tiange’s cold words came, and the man had come to the early Emperor. His arm waved, and the amount of wild violence suddenly doubled.

Before that, there were one hundred inner cosmic forces, which suddenly increased to two hundred inner cosmos, and the terrible forces that burst out at the same time almost destroyed the world.

boom!

With one punch, the first emperor exploded into a pile of minced meat, leaving only a head flying far away.

Suddenly, he was severely hit, and the body was suddenly exploded, leaving only a head to hide, which made the early emperor thrilled and a little creepy.

“Damn ...” A head opened his mouth and growled, endless cosmic power came, quickly repairing the flesh, and soon a complete body continued to appear in front of his eyes.

Looking at the restored emperor, Qin Tiange stood ten meters away with a cold smile on his face.

“One hundred and eighty universe, unfortunately, you are a little bit worse in front of me.” Qin Tiange said with a sneer, and the person had disappeared.

Reappearance has come to the emperor of the early generation, the two are close at hand, staring at each other, revealing a ray of terror.

“Dead!” Qin Tiange spit out a word of “dead” and banged his arm with a punch on the body that the Emperor Huang had just recovered.

Suddenly, a chaotic and violent force broke out, which contained more than two hundred inner universe forces bursting together.

With just one punch, the body of the restored Emperor Emperor was shredded, and it was minced again into minced meat and scattered.

The terrible blow and the extremely powerful method made the first emperor truly realize that he always seemed to despise this contemporary emperor.

“Do you dare?” The emperor of the first generation was furious, watching Lin Xuan punch down with one fist and snarling with anger.

boom!

With a muffled sound, the head of the early Emperor burst, the broken bones traversed the void, and scattered all over the place, flesh and blood kept flying.

In the first generation, the Emperor had almost nothing intact, except for a broken head, which was suppressed by Qin Tiange's palm, and he could not escape.

"In the past, you led the human race to the peak of the universe. This is merit, but you have buried the human race in one hand, buried countless human race heroes and strong men, and even the ancient emperors have been buried by you.

Qin Tiange said to himself, with his five fingers clasping the broken bones of the early Emperor, a strong dissatisfaction and anger was revealed in his words.

"If you defeat the king, you dare to kill me, and you will never see your woman again." The emperor of the first generation smiled sadly and said this to Qin Tiange.

Looking at the first emperor who also wanted to threaten him, Qin Tiange's eyes gradually grew cold and his fingers pinched.

Slightly!

I heard a squeaking sound The head of the early emperor was finally crushed into pieces by Qin Tiange.

"Suppression!" Suddenly a low drink came, and there was a light and shadow flying from the head of the original emperor who had been crushed.

It was the immortal true spirit of the first emperor. He broke away from the body and wanted to escape from it, because the power shown by Qin Tiange was too terrifying.

"Secondary, do you dare to suppress your true spirit?"

A roar came, shaking all directions, and the true spirit of the first emperor burst out with a terrifying breath and energy, causing great movement.

"Dead!" Unfortunately, Qin Tiange didn't even bother, but grabbing the other's true spirit directly was a fierce and devastating fire. The mighty chaotic fire was burning, and the true spirit of the early emperor was burned.

"what..."

The sorrowful sorrow of the early emperor passed through the river of epochs, eventually dying, and eventually extinguished,

The powerful first generation emperor died here, ending his life.

Chapter 1010 - Togetherness blocked

In the source of the river of the epoch, Qin Tiange stood quietly, looking around the eighty-eight purple apertures, emitting a hazy light.

This is the inner universe of the first emperor. There are eighty-eight universes. It is now taken out by Qin Tiange's suppression and sealed directly.

“In the first generation of emperors, because you reached the peak of the universe, and because you fell into the endless abyss, and buried countless heroes of the human race, I killed you, but let you a ray of true spirit.” Qin Tiange said lightly , Holding a ray of pure true spirit.

This is the true spirit of the first emperor. There is no trace of memory and power, only the true spirit of pure faith.

Qin Tiange did not completely wipe out all his true spirits, but erased the other party's memory, leaving only a ray of true spirit in the other party.

Huh!

Gently throwing that ray of pure spirit out of the river of epoch, Qin Tiange no longer pays attention, and has completely closed with this early emperor.

By killing the Emperor of the First Generation, a total of eighty-eight purple light diffused and purple inner universe was obtained, which made Qin Tiange a huge gain.

And there is more than that, the inner universe of this early emperor has hidden one by one, which he planned in secret.

The entire court of life being controlled by him is tantamount to his tools, gathering a large number of unincorporated inner universes, to secretly plan the river of epochs here.

If you want to refine the river of the epoch, the consumption is extremely serious. According to the memory of his true spirit, it is learned that the entire refining process has consumed thousands of innumerable universe forces in countless years.

How terrible is this? Qin Tiange was shocked. The power of thousands of inner universes was exhausted, which was appalling.

What strength and horror of this river of epochs has actually consumed more than a thousand powers of the universe within the Lord without being fully controlled?

After taking inventory, Qin Tiange found that the original emperor had more than 200 unowned inner universes.

“Well, it's really rich. Unfortunately, it cost him more than a thousand inner universes. Otherwise, it will definitely give birth to all the inner universes in the body.”

Qin Tiange regretted looking at the remaining two hundred unowned inner universe, thinking that the early emperor consumed too much.

According to his memory of the true spirit, the river of epochs was almost successfully refined by him, but Chen Xi's sudden awakening led to his failure.

Now that the river of epochs is controlled by Jiucheng by his refining, but still has the core that cannot be involved, cannot be controlled and refined.

This is why the early Emperor spent most of his power to suppress, that is, he wanted to carry out the refining and refining step on the left, but was unfortunately rushed by Qin Tiange to break the plan.

“Chen Xi, turned out to be the instrumental spirit of the river of epochs, the world is wonderful ...” Qin Tiange was so emotional that his woman turned out to be the instrumental spirit of the river of epochs.

He thought of himself as the reincarnation of the spirit of human beings. Wouldn't both of them belong to the reincarnation of the instrumental spirit, it was really strange.

However, Qin Tiange frowned suddenly and found out about Chen Xi's place from the memory of the emperor's true spirit.

boom!

But at this moment, a tremor came from the river of epochs, and the sound of a strong collision came, which caught Qin Tiange's attention.

Looking up, I saw two mysterious books competing, constantly colliding, and making a terrible buzz.

But with the death of the first emperor, the original situation was broken, the book of the universe suddenly broke out, and the Supreme Code was suppressed by students.

Bang Bang!

In the end, the Supreme Code was successfully suppressed by the Book of the Universe, but it could not be destroyed, because the other party was originally stronger and more advanced than it.

Seeing this, Qin Tiange directly raised his hand and patted, chasing the chaos on the palm of his hand, pressing down the swollen palm cover, smashing the defensive power of the Supreme Code on the spot.

With a bang, Qin Tiange broke the Supreme Code, cracks were intertwined, and they continued to spread.

Ultimately, the Supreme Code was swallowed up by the Book of the Universe, and the powerful source of energy made the Book of the Universe leap forward and make continuous breakthroughs.

Huh!

On the other side, a fierce cricket came, and saw a purple awn crossing, trying to escape the river of the era.

However, at this time, a swordman's cleavage fell just above the purple light, and the sound of gurgling came out, shaking the river of epochs.

Take a closer look, it turned out that the two Xeon swords were in competition, the power of the purple sword was sharply reduced, and the ancient sword was more powerful, and a crack was cut directly.

Groan!

The purple sword issued a burst of wailing, the sword spirit inside was tragically entangled with the sword spirit of the ancient sword, constantly penetrating and strangling, devouring each other a little.

The two Xeon swords were eventually cut off, the sword spirit was devoured, and all of their origins were absorbed by the ancient sword.

At this point, all the power belonging to the early emperor disappeared, and both pieces of treasure were destroyed, and Qin Tiange and his weapons were completed.

Buzz ...

The ancient sword of the Emperor and the Book of the Universe flew back, circled Qin Tiange a few times, and then went back to sleep in the chaos of the eyebrows, absorbing the powerful origin of the Purple Sword and the Supreme Code.

“Chen Xi, at the end of the River of Era, in the Chaos Era.”

Qin Tiange suddenly looked up, his eyes glowed with two hot rays, looking towards the end of the river of epochs, a gray area.

There is the Chaos Era, the core area of the River of Era, where the instrumental spirit and Chen Xi are.

Huh!

Qin Tiange stepped out and came to the end of the river of epochs in an instant. Before the chaos, he quietly looked at the vast and mysterious chaos era.

Ahead, chaos, mist and fog surging, constantly tumbling and roaring, as if a terrible chaotic beast was roaring, showing the meaning of destruction.

When he came here, Qin Tiange couldn't help feeling excited, because he had just clearly caught Chen Xi's breath.

Chen Xi's breath is in this era of chaos. As long as you step into it, you can see her.

Almost without hesitation, Qin Tiange stepped into the rolling chaos in front, one foot already stepped inside.

However, as soon as one foot stepped into the chaos era, he suddenly saw that the barriers of the entire era seemed to fall into some kind of collapse, and even fell into oblivion.

Seeing this, Qin Tiange's complexion changed slightly, and Shengsheng stopped his footsteps, squatting there without daring to act rashly.

“What's going on?” Qin Tiange was stunned, looking at the chaotic diaphragm that was constantly cracking in front of him, and as he stepped down, he was about to fall into the sense of annihilation and collapse.

Just as he was doubting, a powerful breath permeated, quickly pouring out of the chaos era, and not far before Qin Tiange.

The breath was very strong and familiar, so Qin Tiange could not help but tremble in his heart, his eyes locked a hazy figure through the gray age barriers.

“Chen Xi ...” Qin Tiange trembled in his heart, and the wonderful figure couldn't be more familiar, it was his wife Chen Xi.

“I knew you would come ...”

The shadowy figure inside came suddenly a clear word, which was Chen Xi's voice, full of affirmation and joy.

“Chen Xi, I finally found you ...” Qin Tiange moved with a surprise, stepped directly into it, and he wanted to cross this era barrier and hug his wife.

boom....

“and many more!”

Chen Xi gently stopped Qin Tiange, and his face flashed a bit of loss. He smiled bitterly: “The power on you is too strong to enter this era.”

“Why? I sealed my power again ...” Qin Tiange was a little dissatisfied, saying that he sealed most of the inner universe, but looking at the chaos era that had collapsed, he had to retreat.

At this point, Chen Xi shook her head gently, stepped up step by step, staring at Qin Tiange across the gray chaotic diaphragm.

Suddenly she smiled: “My man, you are really strong, and even the Chaos Era cannot bear your arrival, it seems that my estimation is wrong.”

“Chen Xi, tell me quickly, how to save you?” Qin Tiange frowned, and had an ominous hunch in his heart.

How did Chen Xi shake her head gently and laughed: “Fool, don't you see that I am the instrumental spirit of the River of Ages?”

“I see it, but since you are an instrumental spirit of the river of epochs, why can't you get out?” Qin Tiange was most puzzled about this.

Chen Xi was silent for a moment, and suddenly solemnly said something: “Tian Ge, the River of the Era has been suppressing a force outside the universe.”

“Once I go out, the era of chaos will collapse, which is equivalent to completely releasing that erosion of power from outside the universe, which is the sea of the universe.” Chen Xi's words revealed a solemn meaning.

“what?”

This information changed Qin Tiange's face, and he was startled: "What do you mean, the river of epochs is actually the eyes that blinded the universe?"

"Yeah, I didn't expect you to know this, it would be better." Chen Xi was surprised, but felt rightly the same.

She laughed: "In the past, Pan Zun blinded a pair of eyes outside the universe with the power of the river of epochs, and sealed that power, making him lose the ability to look down and plan the universe."

"Countless years have passed. Now, these eyes and strength are about to wake up. That is to say, the big universe will fall into the so-called dark great cleansing. There will be no living beings in the whole big universe, because what the other party wants is The origin of the universe. "

Chen Xi quietly said this secret, but currently Qin Tiange does not understand, his true spirit, there is no more memory at all, it seems to be missing.

"Tian Ge, let's go ..." Chen Xi suddenly looked up at Qin Tian Ge and said this gently.

Qin Tiange heard a shudder and had an ominous hunch, and asked, "Chen Xi, tell me the truth, if the master of those eyes, the power above the universe is awake, what will you and the river of epochs be like? ? "

After that, he stared at Chen Xi's eyes, watching her every move.

Chen Xi's expression was complex, her eyes were sad and lost, but she smiled softly: "Fool, of course, my \*\*\*\* is gone."

Destroyed!

Qin Tiange stayed here, echoing the words in his mind, that all the gods were destroyed. Once the person behind the big universe awakened, it would cause the river of epochs and the Chenling Chenxi to disappear.

"Chen Yun, are there anyone else?" Qin Tiange frowned, looking at Chen Xi and asking.

Chen Xi smiled bitterly, pointing to the gray era behind him and said, "Except for Xi Xi, they are all with me, trapped in the era of chaos."

"Can't save you from coming out? Break the Chaos Era?" Qin Tiange's eyes were burning, showing a trace of impatience and anxiety.

Seeing this, Chen Xi gently probed his hand, a hazy mist passed through the barriers of the epoch, turned into an imaginary hand, and gently touched Qin Tiange's cheek.

"Useless, Tian Ge, unless I can regain control of this river of epochs, outsiders cannot enter here. Once there is too much power, the Chaos Era collapses, and all the creatures in it must be destroyed. , And it will directly cause the power in the universe to wake up. "

“However, I have been separated from the river of epochs, and it is really difficult to regain control.” Chen Xi said inevitably with a bit of bitterness.

Qin Tiange was silent, his eyes were silently gazing at the shadows in the epoch barrier. The two gazed at each other across the epoch, but could not embrace each other.

“This is the eighty-eight uninternal universe. If you take it for refining, you may find a way to regain control of the river of your ontology.”

After being silent for a long time, Qin Tiange suddenly entered 88 eras of purple apertures into the barriers of the epoch, and flew to Chen Xi in an instant.

Looking at the eighty-eight purple inner universes, Chen Xi froze. It was clear that this was the inner universe of the first emperor, which made her burst into a bright smile.

At this time, Chen Xi probed her hand slightly, and a ray of light leaked out, saying, “This is where the ground book is hidden. Its former spirit can no longer be restored. If you can repair it, let it return.”

“Okay!” Qin Tiange took it, his eyes looked at Chen Xi, his voice was serious: “Chen Xi, wait for me, no matter what the price I will bring you back safely.”

“Well, I wait for you!”

Chen Xi’s eyes were blurred and she awakened her old memories. There had been some changes, but when she saw Qin Tiange, everything was not important.

Qin Tiange is her only man. At this moment, the two kissed gently across the epoch barrier, and across the cold epoch barrier, they kissed softly, but could not embrace, the ethical barrier blocked the two infatuated men and women.

For a long time, the river of epoch suddenly burst into a force, and threw Qin Tiange directly.

“Take care, my man!”

A word from Chen Xi came from afar, which made Qin Tiange feel heavy and weighed down by a sky of anger and saw his own woman, but he couldn’t save it, and couldn’t get together.

Everything is because of the existence of a force that threatens all living beings in the universe, and has begun to wake up.

Once fully awakened, the river of epochs and the Chenling Chenxi will disappear with it.
