

Dark Ages 1031

Chapter 1031 - Nether Creation

Knowing the sea, chaos and nothingness, two behemoths are killing each other, one is imposing, one covers all sentient beings, and one creation.

One person killed the slaughter, one punch and one palm hit chaos and collapsed, and every inch of collapse collapsed, and the powerful force blasted the dim shadow.

The idea of the creator was very strong, but was still suppressed by Qin Tiange and punched.

“It’s the power of the pan again ...”

The imaginary shadow of the creator suddenly heard an indifferent word, with a anger, as if very angry.

Qin Tiange possessed the power of the pan, directly breaking the idea of the creator, and instantly collapsed.

Rumble ...

A powerful energy swept through, which was the power of the spiritual thoughts belonging to the Creator. After being broken up, it turned into endless energy.

Seeing this powerful and mysterious energy, Qin Tiange scorched his eyes, swallowed his mouth open, and devoured the scattered spiritual thoughts as much as possible.

How strong the Creator is, a thought can fight Qin Tiange for a long time before being beheaded, which is enough to shock the world.

And by devouring this spiritual thought, Qin Tiange really understood the power of the Creator, the terrifying power of thinking about everything and the destruction of the universe.

The Creator, the Void Creator, can create all beings in one thought, and his power cannot be measured by reason.

“The Creator ...” Qin Tiange said to himself, immersed in that wonderful state, as if in the position of the Creator, overlooking the universe.

He seemed to have absorbed a ray of mystery that belonged to the Creator, and he hid in that moment of thought, and was broken up by Qin Tiange and absorbed.

But this is too little mystery, and it is too deep to understand, and can not understand the power of the Creator.

Qin Tiange felt very uncomfortable. He always felt that there was a gap and it was uncomfortable, as if he was rejected by the students.

But at this time, the blood of the creator suddenly melted and dispersed, and turned into a powerful and mysterious energy scattered into every cell of the body.

boom!

A drop of sperm blood from the creator, after integrating into the cells of the body, suddenly caused 60 trillion cells in the whole body to directly burn and boil violently.

All the cells burned and were flooded by the power of the Creator. The sky collapsed and the chaos opened up to the sky, like a big explosion in the universe.

At this moment, Qin Tiange's consciousness suddenly turned into countless copies, and was integrated into the essence and blood energy of the Creator.

Immediately afterwards, all thoughts were immersed in the cells of the body. Under the powerful power of the Creator, the small chaos was suddenly burst.

Boom boom ...

There was a sound of explosion. Within the body, cells exploded and collapsed, causing a terrible change. 60 trillion cells directly collapsed, and then exploded.

Like the Big Bang, all the small chaos of cells collapsed and exploded, and the energy that could burst out was simply unparalleled.

Qin Tiange's body collapsed in an instant, and countless cells exploded at the same time, just like the 60 trillion universe big bang.

The body exploded and turned into a void, scattered, and the entire person disappeared without a trace of breath, as if dead.

“Void creation!”

Suddenly, a faint murmur came out, diffused out of nothingness, and radiated, as if there was a strange magic.

This voice is Qin Tiange, but it doesn't seem to be, it always feels an illusion.

Wow!

With the emergence of a strange energy, the power belonging to the Creator suddenly dispersed, and the blood of the Creator suddenly turned into an unprecedented power.

The void creation, directly in the void, recreates Qin Tiange, which has been annihilated into nothingness.

Life and death are disillusioned, the void creation, Qin Tiange, who had all the cells destroyed, now suddenly reversed, and the destroyed cells recovered.

What's more, the cells created by the void have become different. The cells, which were originally small chaos, have now become one true gray membrane.

The small chaotic membranes are equal to the small universe membranes, which make up Qin Tiange's body and flesh and body, and 60 trillion small universe membranes are formed.

The creation of the void, under the action of a drop of the blood of the creator, combined with 60 trillion small chaos, even created 60 trillion small universe membranes.

“Is this a void creation?” Qin Tiange opened his eyes slowly, and the whole man froze.

His consciousness is still in that mysterious and mysterious realm, a kind of epiphany that was just instinctual and unconscious, the void created, and created himself.

Qin Tiango looked at his body silently, and all of the 60 trillion small chaos transformed into small universe membranes, which are all real universes.

Looking at the cells in his body, everything turned into small cosmic fetal membranes, Qin Tiange couldn't calm down at this moment.

Creator, is it really so powerful? A drop of essence blood can make him metamorphose to this point. How terrible is the true creator?

How strong is the Pan Zun who can abuse the Creator? How many horrors are unknown in the universe?

Click!

Detective Qin Tiange grabbed at the nothingness, clicked, the nothingness in front of it cracked, pieces of debris scattered, and soon they were swallowed up.

Watching his changes, feeling the endless power in his body, 60 trillion small universe membranes, a thousand growing inner universe, what path did he take?

“Monster, still ...” Qin Tiange said to himself, his eyes staring deep into the depths of the universe.

What he was thinking in his heart, only he knew clearly, the universe and the hidden secrets of horror. If he wanted to understand and break through these fogs, he must have enough power.

“Now, what kind of revision is it?” Qin Tiange suddenly thought of what kind of rank he is currently.

The cells of his body continued to metamorphose. He had metamorphosed once with the immortal origin. Now he metamorphoses again. He directly stepped into a higher level with a drop of the blood of the creator.

Each cell is a small universe. This scenario has exceeded Qin Tiange's expectations. No one can predict what will happen in the future.

“How do I support the 60 trillion small universe?” Qin Tiange felt weird, feeling that the first two were big.

The 60 trillion small universe, how to breed it, is a horrible thing, and it is simply incredible.

The energy needed to fully nurture it into a small universe will be a desperate discovery.

Qin Tiange was a bit bitter. If he had swallowed two immortal creatures before, he had a bit of background, and a drop of the creator's essence blood was too strong.

And his left eye has completely become his own thing, what originally belonged to the creator, is now Qin Tiange's.

As for the origin of the creator's creation, it has been used before to transform the whole body cells. This is the fundamental reason for Qin Tiange's successful transformation of the 60 trillion small universe membranes.

There are no two creators' origins and powerful energies. Don't even think about accomplishing this feat, you may be annihilated directly.

“time to go...”

Qin Tiange said, his body shook slightly, and there was a muffled “bang” all around, and nothing was blown up.

Step by step he stepped out of the bursting void of nothingness, returned to this cosmic sea area, and looked at the huge cosmic bubbles.

After thinking a little, Qin Tiange decided to look into a cosmic bubble, but chose the most central area.

There are hundreds of cosmic bubbles out there, the largest, and all of them are glued to each other, as if glued to each other and integrated into one.

Each cosmic bubble is extremely large, and people standing outside the cosmic bubble are like the contrast between sand particles and the planet.

In fact, some cosmic bubbles are not so big, but the inner universe is really huge, and it feels small without being bound by the universe.

Qin Tiange flickered one step, crossed the nothingness, and came to the central location. Huge cosmic swarms of hundreds of cosmic bubbles.

boom!

As soon as it arrived, I saw a dark shadow piercing a large cosmic bubble, bursting out of the air, and swimming in the nothingness of the cosmic sea.

A closer look revealed that it turned out to be a ship, yes, Qin Tiange was surprised that it turned out to be a ship, with a black body.

This ship is extremely large, but relatively small compared to the cosmic bubble, directly penetrating the cosmic diaphragm and entering the cosmic sea.

“This ship can actually shuttle the cosmic diaphragm and travel the universe?”
Qin Tiange was surprised and looked at the strange ancient ship that rushed fast.

This ancient ship is dark and full of miles, but its speed is extremely fast, it can break through the void of the cosmic sea and travel fast.

boom!

I saw that the strange ancient ship, after breaking the shackles of the universe, suddenly accelerated and disappeared in a blink of an eye.

Qin Tiange only felt a flash of light and disappeared into the depths of the universe, shocking and curious.

“Curious and special treasure.” Qin Tiange said to himself, turned and stepped into a group of cosmic bubbles in front.

He patted it with one hand, and the diaphragm of the large cosmic bubble in front clicked and shattered, and was knocked out of a hole.

This cave can only accommodate one person, and it is just right for Qin Tiange to walk in and punch through the barrier of this big universe.

Soon Lin Xuan broke through the barriers of the universe, entered this big universe, and saw the scene of this universe.

Huh!

Just stepping into this big universe, before Qin Tiange had time to look at it, he felt a formidable air flowing around him.

In the next moment, dozens of Xeon figures gathered together, stepping out of the deep space of the universe, encircling Qin Tiange.

“Dear strong man, if you break through the barriers of the universe in this way, it will cause certain damage to the universe itself. Please explain your intention, and why did you forcibly break into the Fengshen universe?”

A dull and solemn voice came to Qin Tiange’s surprise, looking for the sound, only to find that it was a creature that took the lead in this group of Xeons.

Qin Tiange looked at this group of creatures, especially the one with the strongest breath. The two were looking at each other.

“Aeolian universe?”

Quietly whispered, Qin Tiange looked at the creatures in front of him, and a strange cosmic hurricane permeated all over him.

Chapter 1032 - Big man?

Around the front and back, there are thirty Xeons surrounded by each other, each of which is a universe-level strong, and the one headed by it is an immortal.

It can be said that this team is very strong, but Qin Tiange really didn’t pay attention to it, but the other party said that he forcibly broke into this big universe.

“Doesn’t this universe allow outsiders to come in?” Qin Tiange said softly and asked.

He looked at the immortal creature in front of him, and he was surrounded by a cosmic hurricane. It was a terrible and powerful creature.

After listening to Qin Tiange’s question, the creature frowned, gray skin, and dark eyes looked weird.

Just listen to it and say, “Don’t you know that before every big cosmic barrier, there is a fixed access road?”

“That’s it!” Qin Tiange understood after hearing it. It turned out that he didn’t understand it at all, naturally he didn’t understand it.

Thinking of this, Qin Tiange laughed: “I’m sorry, I don’t know these rules, and I always break the barriers directly into the universe, and I don’t know where the fixed passage is.”

“...”

All the Xeons were aggressive and looked at Qin Tiange with a dumb look, some looked at each other, without doubting his words.

But it was just a little speechless and shocked. Qin Tiange said that he has always penetrated the barriers of the universe in this way. Isn’t he afraid of being suppressed?

“Foreigner, I am the Aeolus Universe Law Enforcer. Fengyi. Although your race has great influence in the universe, you can’t be so brazen and undermine the big universe barriers here?”

Feng Yi looked at Qin Tiange with a serious face. He said, “I miss you this time and I don’t care about it. In the future, please go in and out of the universe through the universe channel, otherwise you will be punished by the universe alliance. “

“Oh?” Qin Tiange’s pupils flickered, he was surprised, and heard an unexpected news that the human race has a lot of influence here in the universe.

This is enough to surprise Qin Tiange, and then he should take it for granted that he cannot be the only people in his universe.

In the vast universe, the human race is an influential ethnic group. The human races from the major universes have gathered into a force.

In the cosmic sea, it can be said that there is no small position, and from the perspective of this ethical attitude, it is likely that the human race is not weak.

“Thank you for reminding me that I will pay attention next time.” Qin Tiange nodded slightly, watching Feng Yi lead the group of Xeons back and walk away.

He knew that the other party was jealous of him. One was human identity, and the other was that he was already strong.

“By the way, that passage is the central universe leading to this cosmic group, which is the core of the entire cosmic group. It is the most lively, and the creatures from the major cosmic groups are here.”

Fengyi suddenly pointed at a dim channel in the distance, in fact, it was a channel he opened himself.

“Remember, you can’t destroy the barriers of the universe at will, as that will damage the origin and defense of the universe.”

Before Feng Yi left, he also reminded Qin Tiange to pay attention. Although he was polite, it did not mean that he was afraid of Qin Tiange.

The strong should deserve respect, but if you do n't know how to converge and you have to make inroads, then it is likely that the true strong in this large cosmic swarm will come out to clean up.

“Interesting!” Qin Tiange was secretly funny, stepped out and came to the passage.

He didn't hesitate, and didn't worry about the fraud inside, he walked directly into it and disappeared into this deep space of the universe.

“Captain, why didn't you take him down?”

After Qin Tiange entered the corridor and left, Feng Yi, who had disappeared, and a group of people immediately appeared, standing in the disappearing corridor and watching.

One of them was very puzzled. Looking at Fengyi, he was puzzled why he had just not won Qin Tiange, a man who forcibly broke into the barriers of the universe?

You know, their team is guarding this cosmic barrier area, patrolling here, and seeing Qin Tiange forcibly break in, it must be captured.

“You don't understand!” Fengyi looked solemnly and solemnly. “That man, it gives me a threat of death just at a glance, only those terrible people who step into the reincarnation of the universe and have not died.”

Some words from Fengyi changed the look of dozens of Xeons and almost exclaimed, it was unbelievable.

hiss...!

“Is he also an adult who has not died after the reincarnation of the universe?”

“impossible?”

For a moment, this group of Xeons was a bit frightened, and immediately raised a hint of awe to Qin Tiange, as if there was some inexplicable awe.

Even Fengyi, an indestructible creature, had to rise up in awe and fear, and did not dare to deal with Qin Tiange, let alone capture, just to persuade him that he was subdued.

No way, in front of the strong, you must bow your head, otherwise you may be unlucky if you anger the other person.

What kind of existence do the immortals who entered into the reincarnation of the universe say?

.....

At this point, Qin Tiange crossed the end of the passage and came to the central cosmic region of this cosmic group. Here, this is the most prosperous and strongest cosmic gathering area of this cosmic group.

The entire universe is completely transformed by the big people into a central trade area of the universe cluster, where the creatures and strongmen from all the universes, as well as the businessmen from the major universe groups, do not need to be too busy.

“Endless practice!”

Qin Tiange looked at a huge ancient ship in front of him, and various shuttles traversed between them.

When he came here, he suddenly felt a breath of Xeon, cosmic, huge, and numerous, and even those immortal.

But the most amazing thing is that Qin Tiange felt some terrible breath beyond indestructible level, which is very vague and hard to find.

These domineering breaths are not the creator. Qin Tiange is very certain that they are too much domineering compared with the immortal, which is simply a heaven and a earth.

But in the presence of the Creator, these powerful breaths seemed to be nothing, which surprised Qin Tiange, and gradually realized in his heart, the next practice and the division of grades.

Practice is endless. At present, Qin Tiange has no idea where the end of the practice is, the Creator?

He shook his head, his heart was bitter, and he was sure that the Creator was not the end of the practice, and perhaps there was a more terrible existence than the Creator.

“Sir, do you need help?”

Just as Qin Tiange was meditating, a graceful figure came forward, and he looked very young, but the two fuchsia tails made it clear that she was not human.

Qin Tiange looked at the man. She was a woman with two furry tails that looked like foxes. She had sharp ears and was a raccoon. She was still a strong person.

“Sir, my name is Xiaotan, are you here for the first time?” Xiaotan, twinkling eyes, with a hint of charming.

She smiled with the beauty of the world, but Qin Tiange thought of his self, and was bitter in heart, and couldn't help shaking his head.

“Adults have a mind?” Xiaotan laughed, covering her mouth and chuckling: “Sir, why don't Xiaotan show you the uniqueness of this universe?”

“Well, bother you!” Qin Tiange nodded slightly, and followed this little raccoon all the way to the void of the universe.

Here, everywhere, there are spacious and empty roads made of countless strange jade stones.

Moreover, in the cosmic void, huge islands were built, and even layers of continents were superimposed on each other. The entire universe was transformed into a dense and dense honeycomb shape, leaving Qin Tiange speechless.

“Sir, there is the Universe Trade Center, where the Nether Caravans of the major cosmic groups gather. If you are interested, the little raccoon will take you to see?”

Along the way, the little raccoon introduced carefully, a very warm and generous little raccoon girl, but her cultivation was extremely powerful, and she was about to enter the indestructible class.

That's right, this little raccoon surprised Qin Tiange, and he is about to enter the indestructible level. In theory, his status is not low. Why come to lead?

“Little raccoon, how long have you been engaged in lead?” Qin Tiange asked suddenly.

The little raccoon thought for a while: “One day, uh, sir, isn't the little raccoon good enough?”

After speaking, she felt a bit wrong, and immediately changed her mouth, her face became pitiful and pitiful.

Qin Tiange laughed softly and said, “Say, you approached me on purpose, what did you want to do?”

“Uh, grown up?” Xiao Tan looked surprised, but calmed down quickly.

She smiled and said, “It's okay to be seen through by adults. It doesn't matter. The little raccoon just saw that the adults broke through the barriers of the universe and broke in forcibly. Curious.”

“Well, lord, look, many dignitaries are staring at you secretly, as if you are afraid that you are doing damage here, so the little raccoon came to try and test.” The little raccoon finished, looking at Qin Tiange innocently.

She seems to be talking like this, I should have said everything, you take care of it.

Qin Tiange laughed dumbfounded, and his eyes swept around. In fact, he felt the obscure observation after entering here.

That is some obscure breath beyond immortality, which is extremely tyrannical, and these are some big people in the universe and even the universe sea.

“Big man above the immortal level?” Qin Tiange with a hint of interest would like to know what level exists.

There is even a psychological impulse. Is it right here to find a fight and verify the strength of the other party and yourself?

“Sir, don't want to make trouble here.”

As I was thinking, Xiao Tan suddenly came and said solemnly, “Sir, you cannot fight and destroy here, otherwise the adults will be punished.”

“Oh ... take me to see your master.” Qin Tiange looked at the little raccoon, and suddenly said this with a smile.

The little raccoon heard his eyes blink, and was surprised, but hesitated, nodding his head slightly, indicating that there was indeed a master behind him.

Moreover, she appeared when her master sent him to approach Qin Tiange intentionally, trying to test his origin and intention.

“Sir, please follow me.”

The ***** respectfully led the way, opened a special channel, and took Qin Tiange directly through this channel.

Chapter 1033 - Reincarnation class

In the deep space of the universe, a palace is standing there, full of light, exuding a supreme breath. Huh!

With a rippling wave, a man, a woman and two people came out of it, and it was the little raccoon who led the way.

She took Qin Tiange to the vast temple and stopped.

“the host!”

When he came to the temple, the little raccoon bowed respectfully and said such a sentence into the temple.

Just listen, a word came from the shrine: “Guy is here, please!”

As soon as the words fell, a divine light emerged from the temple, paving a road that extended to Qin Tiange’s feet.

With a smile on his face, he stepped up and down this road into this mysterious temple.

As soon as he entered the temple, Qin Tiange felt a powerful breath, extremely terrifying, like a supreme creature above the universe.

In the center of the shrine, one person stood high on the throne and looked at Qin Tiange as they approached, both of them looked at each other quietly.

“Drive, please take your seat!”

After watching for three seconds, the powerful creature opened his mouth and waved his hand gently. Qin Tiange immediately emerged from behind a noble throne.

The two face to face, sitting flat on their feet, standing in the void, with a huge ***** table in front of them.

As soon as Qin Tiange sat down, he saw the little raccoon stepped forward gently, put down a jade cup, and filled him with a strange glass of wine.

“My name is Hu San, but I am the manager of this universe. Because you suddenly broke in, you have to let the little raccoon approach you.” The powerful creature in front of him said slowly.

As soon as the words fell, he was all over the fog, revealing his true face, handsome and seductive, born noble, with three thousand strange foxtails on his back.

Three thousand foxtails is an eye-opener for Qin Tiange. The nine-tailed fox has been the creature with the most foxtails he has ever seen.

I never thought that in front of this fox three, there were three thousand fox tails, each of which contained a force.

“No matter!” Qin Tiange nodded slightly, and smiled: “My name is Qin Tiange, it is not appropriate to venture into your expensive universe.”

“Qin Zun, come, I respect you.” Hu Sanyi smiled and raised his wine glass with a smile: “This wine collects the essence of the universe in various forms of the period, and it can be formed for three thousand years by being buried in the void of the universe. With the rise and fall of the universe, birth, growth, and destruction, it is called-reincarnation. “

“Oh?” Qin Tiange was startled, raised his glass and drank, feeling only a strange entrance of energy, all of a sudden scattered on all limbs.

Suddenly, Qin Tiange felt a wonderful rhythm in his consciousness, as if he saw the beginning of the birth of the universe, a kind of birth, growth, rise and fall, and finally destruction.

He saw a big universe for a while. From the beginning, he gradually grew into a long step, finally matured, gradually aging, and finally stepped into the last step and destroyed.

The big universe also experienced such a cycle of life and death, so Qin Tiange suddenly grasped something in his heart.

“Life and death, birth and destruction are actually a cycle of the universe.”

Hu San said these words lightly, shocked Qin Tiange’s consciousness, and suddenly he grasped that aura.

The birth of the universe, its growth and transformation step by step, and finally towards exhaustion and death, is the end of a cycle.

“On the level of immortality, it is the reincarnation level, the so-called big man?”
Qin Tiange realized suddenly.

He saw that above the Immortal level, that level was the reincarnation level strongman, just like the fox III in front of him.

This fox III, but a reincarnation figure, is in charge of this universe and can be said to be extremely powerful.

Qin Tiange gradually learned that if the indestructible class wants to make a breakthrough, it must reassemble and transform the already destroyed universe in itself.

New life from destruction, withering from glory, life and death, represents a cycle of the universe, and this is the path of cultivation after immortality.

One reincarnation is enough to accumulate huge powers, so that Qin Tiange can transform and become stronger again and again.

No matter who it is, if you want to break through the indestructible level, you must restore all the destroyed inner universe to become a brand new inner universe.

“Thank you, I don’t know why Fox invited me to come?” Qin Tiange said thank you before asking the other party.

This powerful fox III must not be underestimated, there is a mysterious breath in the other person’s body, which is the unique breath obtained after the reincarnation of the inner universe.

The three eyes of the fox flickered, watching Qin Tiange, and slowly groaned, saying, “In fact, please come to Qin Zun to understand the purpose of Qin Zun.

“Second, I want to make friends with Qin Zun.”

After speaking, he stopped talking, but looked at Qin Tiange quietly. The two eyes stared at each other, causing ripples in the void in front of him.

The powerful eyes contained the will of terror, and the two of them confronted each other silently, just to see the details of each other.

It is a pity that neither of them succeeded, Hu San did not succeed, and Qin Tiange did not succeed as well.

“Hahaha!”

After a long silence, the two laughed at the same time, making the raccoon look panicked and uneasy, and a little scary.

Just now, the two looked as if they were playing directly, but in the end, they failed to fight, and they restrained each other.

“Qin Zun, I am about to go through the fourth round of reincarnation. I would like to invite you to watch it. I wonder if Qin Zun is rewarding or not?”

The two were drinking, and Hu San put down his glass and suddenly said such a message and request, which made people startled.

Qin Tiange was surprised, looked at the other side, secretly surprised, and even experienced three universe reincarnation.

The so-called reincarnation of the universe is the first destruction of the inner universe, and what can survive is the immortal.

This is easy, but it can really revive the destroyed inner universe and transform it into a brand new universe.

That’s right, it is to revive the destroyed inner universe once again, re-evolve, and grow up step by step. This is a breakthrough.

After growing up, the inner universe once again falls into the aging period. At this time, it must be destroyed again.

Life and death, this is the reincarnation of the universe. After experiencing a cycle of the universe, even if this creature breaks through the immortal level, it enters the reincarnation level.

At this level, they have great power, because they have experienced a reincarnation of the universe and gained a stronger accumulation of power.

In the cycle of the universe, enough power is accumulated to prepare for the next realm.

The road of practice is long and endless!

Qin Tiange understands that in front of Hu San, he has completed three cosmic reincarnation robbery, and is about to carry out the fourth cosmic reincarnation robbery. Please come to watch the strong players from all parties.

This is a kind of self-confidence and a kind of glory. Please ask other strong men to watch it. No one dares to disturb him, and it cannot stop others from breaking through.

“When?” Qin Tiange thought about it, without agreeing first, but asked when the other party planned to break through.

Hu San said with a smile: “Qin Zun, I plan to carry out the fourth cosmic reincarnation after three thousand years, please Qin Zun must come to watch when you have a tool.”

puff!

When he heard this, Qin Tiange sipped a glass of wine on the spot, and he was speechless. What did this guy say?

“You said, three thousand years later?” Qin Tiange was a little weird. After three thousand years, you started to invite people to watch?

Fox Sany’s face was sincere, and he nodded and said, “Yes, 3,000 years is short. I hope Qin Zun will have a nice face.”

“Ok!”

Qin Tiange bowed his head gently, and agreed, thinking that it was the near future.

Because Qin Tiange still has something to do, of course, what is the matter, of course, is to find the area where the big universe that belongs to him is located.

Qin Tiange also wanted to go back to pick up his own woman, and even cultivate the whole human race and cultivate a group of strong men.

Unfortunately, until now, Qin Tiange had no idea where in the universe he was.

Because Qin Tiange has no impression of the cosmic sea, nor does he have any news or information, and there is no map of the regional direction or even the cosmic sea.

“By the way, Fox, can you have a complete map of the universe in your hand?”
Qin Tiange said suddenly, asking softly.

Fox Trinity listened to it, then awakened: “Qin Zun, are you talking about the regional location maps of the universe universe in the universe?”

“Yes, that’s it.” Qin Tiange nodded and admitted directly.

After hearing this, Hu San smiled, nodded to the little raccoon, and saw that she took out a thin piece of paper and handed it to Qin Tiange.

He took the piece of paper and was surprised to find that it turned out to be a universe made, a partial map of the universe sea.

If you want to record the area map and accurate position of the cosmic sea, ordinary things can't be done at all. The only way is to record in a universe.

How to record it is to make a universe into a plane, and then write the figure and position direction of the branded universe sea on it.

“Thank you!” Qin Tiange was glad that with this thing, he could quickly find the big universe he was in, and he would not be lost in the universe.

In this regard, Qin Tiange had plans to find his own universe and bring his own women and human race out.

Next, the two exchanged ideas and learned about each other's information and origins, but unfortunately Hu San didn't know the specific origin of Qin Tiange.

“Fox, if nothing happens I'll leave.”

Soon, Qin Tiange stood up and said goodbye, and is about to leave. After all, he still has things to do. He must find the big universe he was in before, otherwise he will be upset.

“Okay, three thousand years later, waiting for Qin Zun to drive.” Hu Sanyi smiled and sent Qin Tiange out of the temple.

Watching Qin Tiange leave the universe directly from the exit, the three eyes of the fox flickered, and it was unclear what to think about.

For Qin Tiange, the three-time reincarnation super cautious, extremely cautious, even has a solemn.

Because Qin Tiange puts too much pressure and threat on him, it is a terrible existence that cannot be seen through, and cannot be enemies.

“Qin Tiange, I haven't heard of this figure in the Zhouhai people.”

Hu San talked to himself, watching Qin Tiange's disappearing back, one step through the passage of the universe, leaving the universe and entering the vast universe.

Qin Tiange glanced at this big cosmic bubble, and suddenly turned around, tearing the nothingness, stepping into it and disappearing.

Chapter 1034 - Weird discovery

call...

A silhouette passed by, arousing the ripples of the cosmic sea, as if nothingness was to be cut.

Qin Tiange constantly shuttled in the sea of the sea, and after several days passed, he still did not see any trace of cosmic bubbles.

Coming out of the cosmic swarm from the past, I was traveling in the sea of the sea, and suddenly I found that it was too big and felt like nothingness.

“Where is my universe?”

Walking and walking, Qin Tiange stopped suddenly, his brows were deep, and he was in a state of suspicion because he could not sense the big universe he was in.

It was as if he couldn't go back after leaving it, leaving him a little confused and unable to find the original universe.

The vast cosmic sea, boundless, how to find the location of the big universe where he is is Qin Tiange's heart disease.

“open!”

Suddenly, Qin Tiange gave a low sigh, a strong will rushed out of his brows, and the emptiness penetrated through his eyes, tearing a crack of emptiness.

Then, a strange strand of blood spewed out of Qin Tiange's body, showing a strong and mysterious breath.

This is the power of blood, which is directly condensed by him into a strange power, as if with a strange resonance and connection with what.

Huh!

Suddenly a muffled sound, the blood power directly penetrated into nothingness, disappeared in a blink, disappeared.

Qin Tiange's eyes brightened, he stepped out one step and was about to chase into the fissure of nothingness, but was shocked by a powerful force.

boom!

A surge of anti-seismic force surged and lifted him directly, and then saw that the pierced void crack had disappeared.

Seeing this, Qin Tiange's face was gloomy, his eyes flickered constantly, and a hint of anger burst into his heart.

“Damn, you were blocked?” Qin Tiange scolded, and just wanted to chase the vibes of his bloodlines, and he could directly return to the previous universe.

But unfortunately, he was struck out by a mysterious backlash, unable to enter, let alone chasing his own blood power back.

Now, he couldn't feel the connection just now. He was naturally annoyed, but there was nothing he could do.

“Forget it!” Qin Tiange thought a little, sighed, and had to give up the plan temporarily.

He thought, looking for some space in the universe, maybe he can find some information about his own big universe from other universe groups?

After all, there was a powerful existence there, Panzun.

Pan Zun seems to have extraordinary prestige in the cosmic sea. Qin Tiange can see from the expression of Fen Yi.

Perhaps Pan Zun is in the universe, but Qin Tiange didn't meet, and he didn't feel it.

For the time being, Qin Tiange feels that Chen Xi, Xi Xi, and others will surely break the big universe and enter the universe.

This is for sure, his woman does not believe that he is dead, naturally he needs his trail to enter the universe.

In fact, even if Qin Tiange went back now, he wouldn't see Chen Xi and others, because they had already left the universe and entered the universe.

All cosmic powerhouses have stepped into the cosmic sea, formally broke away from the shackles of that big universe, and have since entered a higher level.

They are like a group of frogs jumping out of a well, and they are beginning to appreciate the vast world outside the well.

Huh!

As I was walking, suddenly a strong light came from the cosmic sea in front of me.

Accompanying it was a horror explosion!

boom!

The powerful explosive force produced terrible shock waves, shattered and shattered the emptiness of the ocean, forming a series of emptiness faults, dense and dense, extremely terrifying.

Qin Tiange saw the sudden explosion, his eyes burned, and he stared at the strong light. An endless distance, a big universe exploded.

The impact of that explosion was full of destruction, causing nothingness to collapse, and its power exceeded imagination.

"It has such a powerful destructive power that the universe is extremely large. The energy generated by the explosion is simply shocking." Qin Tiange marveled, watching the strong light of the explosion.

There is a wave of life in it, and he has no doubt about it, guessing that someone must break through with this big universe explosion.

Sure enough, as that explosion of light swept across all directions, the emptiness of the ocean and the sea collapsed and formed faults.

In the center of the explosion, there is a powerful figure bearing the destruction of the internal and external universe. Once it passes, it is indestructible.

Unfortunately, this creature did not support the past. At the moment when the universe exploded, the body was crushed and turned into ashes, which completely disappeared.

The explosion of the internal and external universe directly killed this powerful creature. It failed to support it, completed the recovery from death, and stepped into immortality.

"unfortunately!"

Qin Tiange shook his head secretly, looking at the extinguished creature, without success, the other party failed to break through, and his soul died.

One step across countless distances, in a blink of an eye, Qin Tiange came out of the source of the explosion and watched the big universe constantly shrinking and destroying it.

That creature was dead, and at the moment of the destruction of this big universe, the core area was exposed, just as Qin Tiange saw it.

“town!”

Qin Tiange snatched his hand, his grey hand passed through nothingness, and clicked and caught in the core area of the universe.

There, the core essence of the universe, the most quintessential universe, was captured by Qin Tiange.

Looking at the powerful core core of the universe, Qin Tiange smiled and swallowed his mouth, leaving nothing left.

“It tastes good!” Qin Tiange said to himself, glanced at the extinguished universe, turned around and stepped out, and left here.

This is just an episode. For Qin Tiange, traveling the universe is quite lonely and dull.

There is no sound, no color, but eternal nothingness, emptiness, emptiness, as if unreal.

Walking in the universe, Qin Tiange saw a lot of strange phenomena, for example, in some void areas, there were strange dark areas.

Nothing can be seen inside, but there is a dull and terrifying breath, as if breaking into it will die.

Qin Tiange was very concerned about these weird areas, and was stopping outside a dark and empty area, watching carefully.

“What’s in it?” Qin Tiange was very curious, and a strong thirst for knowledge came to his heart.

What is in these weird areas, and why gives him a very dangerous feeling, like a dead zone in the universe?

No ...

Just wanting to step into it, Qin Tiange was shocked to find that his feet turned into a blurry scene, like a dim ball of meat.

He quickly withdrew his feet, only to find that he was back to normal, with a weird heart, and looked at the dark area in front of him in amazement.

“Just now, my feet have become a cloud.” Qin Tiange said to himself, reaching out a hand into the black area in front of his eyes.

Gradually, as soon as the finger touched the black area, it immediately became blurred, as if it had become a dim substance.

Qin Tiange was shocked. His fingers and even the entire hand slowly passed through it, feeling that the entire hand had disappeared, as if completely melted and disintegrated.

But Qin Tiange felt that his hand was still there, it was really there, and slowly withdrew, and the repair of that hand changed back to the original.

“There’s something weird here.” Qin Tiange looked serious, looking at the dark area in front of him, feeling a little stunned.

He probed his hand in again, this time differently, Qin Tiange’s hand had just passed through the dark area, and suddenly felt a strong pain coming.

boom!

There was a burst of tears from the arm, causing Qin Tiange to have a severe pain, and he could not help but retract his arm in horror.

When he saw the appearance of his arm, Qin Tiange’s face changed. The entire arm was completely scarred, as if torn and torn by countless forces.

There were blood stains on the arm, and there were amazing cracks running through it. The flesh was blurred, the bones were exposed, and it looked extremely scary.

“What’s going on?” Qin Tiange looked at the dense cracks on his arm, and was a little scared in his heart. When was his powerful body torn so easily?

Throughout the right arm, the fissures are staggered, and the flesh is almost gone. There is only one arm skeleton with a strange thread attached to it, coiled back and forth, as if swallowing this arm.

boom!

Qin Tiange trembled lightly, the strange power on his arm immediately smashed into powder, and every wound was repaired immediately and recovered.

After recovering, Qin Tiange stared at the dark area in front of his eyes with a look of dignity. There was something strange in it. What just attacked his arm?

“Drive me!”

Qin Tiange’s eyes were so sharp that he suddenly reached out his hands and severely inserted into the dark area in front of him. He shouted with his arms and forced to tear the dark area.

Click!

A rumbling sound came from In the dark and weird area in front of me, there was a horrible sound, and a powerful force came in to resist the tearing of Qin Tiange.

Qin Tiange looked dignified, felt resistance, and his hands trembled suddenly, erupting a powerful force, carrying the force, tearing the area a little bit.

With a click, a crack spread, Qin Tiange’s arms really tore a small crack, and the powerful force made this dark area unbearable.

A thousand inner universes exploded in Qin Tiange’s body, surging in strength, tearing the dark area in front of him. As that fissure became bigger and bigger, he could finally see the scene inside through the crack.

When he looked through the crack, his face suddenly changed, and he saw a very scary scene.

“This is ...” Looking through the cracks, Qin Tiange’s pupils narrowed sharply, and a look of horror flashed in his eyes, as if he saw something incredible.

And what did he see? With a shocked face and even a terrified expression, what terrible thing was hidden in the crack?

Chapter 1035 - Nothingness Bleeding

Buzz!

Ahead, there was a terrible shock in the dark area, and a strong force came in, trying to stop Qin Tiange from tearing and peeping.

Inside the cracks, a surge of powerful material flowed, as if a mass of flesh and blood was creeping, and it was creepy.

In the emptiness of the universe, why is there such a thing, Qin Tiange’s hair was tingling in his heart, watching the flesh and blood in the cracks constantly intertwine.

Just now his arm was stretched in, he was crushed by these flesh and blood, and almost his entire arm was gone.

“What the **** is this?” Qin Tiange secretly horrified, staring at the terrible scene inside the crack.

Those flesh-and-blood substances are constantly creeping, intertwined, coiled, and fused with each other.

The bright red flesh and blood, like a living creature, is like a dark area in front of the eyes, which is the same as the creature itself.

Qin Tiange’s pupils shrank, and he glanced at his eyes. Finally, he thumped his arm and punched on the wriggling flesh.

Just hearing a bang, the flesh flew horizontally, and the mass of peristaltic material was directly detonated, turning into a mass of viscous blood flowing down quickly.

The flesh and blood material shattered by Qin Tiange is flowing out a thick liquid, which is extremely smelly, with a powerful energy, eroding nothingness.

Tick! Tick!

Drop by drop of weird blood, dripping from nothing, Qin Tiange’s scalp was numb and his back was cold.

He punched through the creeping flesh in front of him, which turned out to be like this, as if bleeding from nothing.

Nothing, how can it bleed, what kind of creatures are these flesh and blood, isn’t it here that weird creatures with strange wills are hidden?

Huh!

Qin Tiange closed his eyes and suddenly opened again. Two horrific rays of light tore through the darkness, saw through falsehood, and witnessed the truth.

He saw in the dark area in front of him, a strange flesh and blood was wriggling to each other, emitting a dark mist, forming this strange area.

On the whole, it looks like a weird flesh from the void, constantly wriggling, as if trying to repair and heal.

Qin Tiange's eyes flickered, and there was a strange heart in his heart, as if the flesh was hanging on the void, like a wound, repairing and healing himself?

“Wound?” He said to himself, his pupils shrinking, as if thinking of something terrible.

If the large piece of weird flesh in front of you is really a wound, then what are these wounds and how did they come?

Nothingness, a wound? Whose wound, the universe?

Questions came one after another, Qin Tiange's brain roared, as if he saw something terrible, and peeped at the terrible secret.

boom!

Suddenly, there was a powerful force in the wound in front, and a thunder blasted Qin Tiange, almost hurt.

His face changed slightly, a thousand internal universes broke out in his body, and he threw a punch, punching through the terrible and strange flesh and blood fiercely.

The violent force swept through, the punches were powerful, and with a thunderous sound, Qin Tiange punched the wriggling flesh in front of him.

There was a loud noise, the flesh exploded, and a thick stream of blood poured out of it, like a torrent rolling out.

After the rumbling sound, Qin Tiange was drowned by this thick blood, and rushed to the endless distant area on the spot.

At the next moment, this blood gradually disappeared, becoming transparent and void, as if dissipated by the void and assimilation, and gradually disappeared.

“His ...” And Qin Tiange lifted his eyes and looked at the flesh and blood in the darkened area that had been blasted into a blood cave, and endless blood was pouring out of it.

Strange blood, like a torrential river rolled down, drowning in all directions, causing the shock of the universe sea.

But soon, the wound healed spontaneously, quickly stopped bleeding, and changed back to the previous flesh and blood state, and continued to repair with peristalsis.

Qin Tiange's pupils shrank, and looking at the constantly flickering flesh and blood area, it seemed like a wound hanging from nothingness, eventually shrinking a little, and then disappeared completely.

Wow!

When the dark mist disappeared, there was nothing but a void there, as if the scene just before had never appeared.

Qin Tiange stood there blankly, his eyes burning, staring at everything in front of him, as if the previous ones were hallucinations.

"Not an illusion!" Qin Tiange looked dignified, spread his palm, and a drop of weird blood floated on the palm of his hand.

This is a weird drop of blood that he just suppressed. The weird blood that emerged from the inexplicable wound contains unknown strength and breath.

What a weird scene, a drop of blood flowing down from nothing, is unimaginable.

Why the blood of the cosmic sea bleeds?

Qin Tiange stared at the weird drop of blood. Unfortunately, this blood quickly dissipated on his own, as if disappeared by assimilation.

Strange, unpredictable, impossible to predict and guess at all, and even unable to understand, why is this all?

Standing in the nothingness, Qin Tiange's expression became a little gloomy, as if he had a very bad feeling.

He seemed to see incredible secrets, but couldn't answer the questions, and even more frighteningly, he couldn't find out what it was.

"What is the cosmic sea?" Qin Tiange suddenly thought for a moment, setting off a stormy sea in his heart.

He couldn't believe that what he had just seen and seen had anything to do with the cosmic sea, it seemed that he had a terrible connection with each other that he didn't know.

The universe sea, endless universe bubbles, terrible secrets, unknown things, everything, made Qin Tiange's heart very heavy and felt depressed.

"It's a pity that I don't have enough strength, otherwise I can only break through the diaphragm with great power and rush into the wound to see what happens."

Qin Tiange said to himself, suddenly there was a wonderful induction, an unknown danger hidden, making it difficult for him to remain calm.

Strength, everything is strength, broke the shackles of the universe, Qin Tiange originally thought to be free, but did not expect to have a feeling of being bound.

“Prisoner cage, illusory, what is true?” Qin Tiange said to himself, feeling a sense of weakness in his heart.

In the big universe, there are cages all over the world, but breaking through the shackles of the big universe and entering the cosmic sea is already free.

But Qin Tiange felt that he was still in the cage, but the cage was even bigger.

The universe sea may still be a prisoner. Qin Tiange could not bear the bitterness and weakness. Who can explain the many questions and irritations inside him at this moment?

boom!

Under irritability Qin Tiange slashed his arm with a palm, the nothingness in front of him smashed, and he was penetrated by an empty void.

Qin Tiange stepped into the void of the void step by step, punching and punching in the void of the void.

That’s right, he suddenly had a conjecture. He wanted to verify it, and then suddenly bombarded the nothingness and dug into the nothingness of the universe.

Uh ...

Qin Tiange exploded into extreme power, punching the empty void in front of him with one punch and one palm, hitting horrific voids and faults.

That powerful force opened the universe sea, pierced through the imagination, and punched a deep passage with one punch and one palm.

“Ok?”

As he was digging, Qin Tiange suddenly felt that there was a wave in the deep space in front of him. Before he could react, he saw a horrible Jianmang penetrating through the nothingness.

Chapter 1036 - Tianyu, Void Beast

Huh!

With a little finger, the sound of chanting spread, Qin Tiange felt only a strong sharp body, and instantly reversed hundreds of meters.

That powerful force made him back a few hundred meters, and had to say that the sword horn was really terrible.

Click!

Accompanied by a crisp sound, there was nothing in front of it, and a wolverine figure, a hand-held sword, burst into the sky from the inside.

He was like a shocking sword. The whole man exudes a sharp edge, splits nothing, pierces nothing.

“Is it you?” When this man came, he saw a scream of anger after seeing Qin Tiange, and looked at him with gazing eyes.

His eyes were cold, he looked up and down Qin Tiange, and said indignantly, “It was just that you blocked my sword. Can I almost get out?”

After speaking, the man still looked angry. He almost couldn't get out. He swam away from nothingness, and suddenly a powerful and terrifying force emerged halfway.

Before he could understand what was going on, the force beat him alive, and almost accounted for nothing.

After finally breaking a path with a sword, he was almost beaten back, but finally killed him.

Looking at the embarrassed person in front of him, Qin Tiange was surprised. He was just digging the universe and nothingness, and never thought to dig out a person.

He was inevitably weird. It turned out that someone had just penetrated through nothingness and passed through here, but Qin Tiange just cut into nothingness and interrupted the other person.

As a result, he almost died in nothingness and could not come out. This was very dangerous, so this young man with a sword was angry.

"I'm digging up the emptiness of the ocean, what are you doing here?" Qin Tiange said with dissatisfaction.

The words made the young swordsman on the opposite side so angry that his nose was crooked, his face was cold, his eyes were full of shocking sword, and his heart was very angry.

"You are arrogant and you almost killed me." The young swordsman snarled in anger, and almost lifted the sword.

If I hadn't just felt the horror of Qin Tiange's punch, now that I see Qin Tiange, I can't see through the details of the other side, so there is no mess.

The breath of the two was intertwined with each other, a swordman split into nothingness, and a rush of sword gas flowed from the man.

Qin Tiange's eyes glowed with dim light, saying: "Indestructible, you have become an indestructible sword, and you can drive in nothingness, it is very powerful, but if you really want to fight with me Field, I do n't mind how it tastes the indelible sword body. "

This remark made the young swordsman on the other side feel cold, only felt cold, his hands and feet cold, and a trace of cold sweat overflowed from his back.

Want to eat the sword? See how it tastes? This made people feel queasy, especially the young swordsman, suddenly felt uncomfortable.

His body is actually a sword, a sword that was born, and the sword spirit that was born has been cultivated and transformed all the way, and finally came to this step.

This young man can be said to be very powerful. He has evolved from a sword and has real fighting power. However, in the face of Qin Tiange, he has a strong intuition that he will fall once he confronts him.

"Hum!" The young man extinguished the anger in his heart, and hummed: "Even this time, it's me who is unlucky, and even met you."

“By the way, my name is Tianyu, what’s your name, why was you just digging up nothingness, you know it’s dangerous, and it’s easy to bump into others.” Tianyu frowned, this was his real name.

The body of his sword was originally called Tianyu Sword, a powerful sword born from the universe.

Qin Tiange looked at each other up and down, and naturally could see through each other’s details, but did not expect that a sword was transformed.

“My name is Qin Tiange, and I’m curious, there is nothing in the emptiness of Zhou Hai.” Qin Tiange replied lightly.

This made Tianyu’s head full of black lines, his face speechless, and a bitter smile: “I said, just to wonder what’s in the nothingness, just excuse the nothingness?”

“Is there a problem?” Qin Tiange was strange, wasn’t it?

Just listening to Tianyu’s bitter smile and shaking his head: “Don’t you know that cutting through nothingness is a way to swim in the universe? If you dig like this, you originally cut off the migration route of others.”

“That’s your luck.” Qin Tiange chuckled, and said, “Zhouhai is endless, and it’s your luck, even if you come here, you’re out of luck.”

That ’s right, the entire sea of Zhou is endlessly large, and it ’s hard to run into it when it comes to digging into nothingness. It ’s unlucky or bad luck for Tianyu.

This made Tianyu embarrassed. In fact, this is the case. He felt a little depressed. Why did he encounter Qin Tiange’s excavation of this nothingness?

“Okay, where are you going?” Qin Tiange waved his hand and stopped the topic.

The two were initially acquainted with each other. They were not enemies. The other did not want to conflict with him, but they were just a little angry.

Qin Tiange is strong enough, Tian Yu dares not to act rashly, and dare not to be an enemy. This is a manifestation of strength.

“I’m going to the Tianguang universe group, using the cosmic sky and the sky there to temper my body and sword body, do you want to be together?” Tianyu took a sword with a serious expression.

He is heading to the sky light universe group, which is an extremely unique universe group, and it is said that there is a cosmic sky light.

“Zhouhai Tianguang?” Qin Tiange was surprised, a little curious.

“Come, go together.” After thinking about it, he finally nodded and agreed, and decided to go and see, by the way, if there was any useful news or something.

Hearing Qin Tiange's promise, Tianyu gave him a strange look and asked, "I have to remind you that the uniqueness of the Tianguang universe is the cosmic sea skylight, which can temper any utensil, but other creatures cannot bathe in it Or it will directly damage the foundation. "

"Oh?" Qin Tiange became interested, and wanted to see what the so-called Zhou Haitianguang was.

Quenching utensils, Qin Tiange was originally the spirit of human books, can it be regarded as utensils? Thinking about it this way, he couldn't help but have a feeling, maybe that thing would be of great benefit to himself.

"Let's go!"

Make a decision, Qin Tiange no longer stays, watching Tianyu this youth, urging the other party to hurry up.

Tianyu smiled bitterly, raised his hand and split open nothingness, tearing a spit out.

He pointed to the void, and said, "Let's go, the sky light universe group is still a long way from this area."

Huh!

After that, he took the lead in rushing into the void in front of him and disappeared in a blink, but Qin Tiange firmly locked the opponent.

Looking at the crack in front of him, Qin Tiange stepped into it without hesitation, chasing each other's breath quickly.

The two broke through the nothingness and traveled across the sea of the sea. They were invisible at all, but indeed there were two people in the nothingness.

For the first time, Qin Tiange rushed in the nothingness, and curiously looked at the scene of nothingness, which was completely illusory.

You can say that he is not real, but it is real, as well as fantasy and real, giving a very dreamy sense of blur.

"Walking in nothingness will encounter a lot of dangers. Before, I encountered a beast of nothingness and almost explained."

While Tianyu splits up nothingness, while telling his own experience, walking in nothingness is very dangerous.

Because there are living things here, a kind of nothingness beast, extremely terrifying, once it comes across it is a disaster.

"Nothingness beast?" Qin Tiange frowned, looking at the gray nothingness around him. Could there be living things here?

Just as he was puzzled, a mysterious atmosphere suddenly surged in front of him, and Tianyu was horrified with his hair standing upright.

"Not good!" Tianyu sighed, his face full of horror, looking at nothing in front of him, as if he saw something terrible.

He grumbled: “No, am I really so unlucky today?”

Qin Tiange was surprised by Tianyu’s changes. The two stopped and looked at nothingness in front of them. A mysterious wave came.

“Huh?” Qin Tiange frowned, suddenly feeling something wrong, and a strong crisis was surging here.

Thinking of this, he looked solemnly and asked, “I sensed a strong threat. Just ahead, what is it?”

“We won the prize, that is the Void Beast!”

Tianyu had a dignified expression, a hand-held sword, and a body full of sharpness, and a horrible sword gas flowed around him, and he was ready.

His words made Qin Tiange startled, what did he say, what did he say just now, and now he comes across such terrible and mysterious things?

But he was curious, what is it?

puff!

With a crisp sound, I saw nothingness cracking in front of me, and a stream of flesh and blood poured out, as if the river of nothingness split.

A huge bug emerged from the inside, full of eyes, slender body, with a terrible breath and oppression, making Qin Tiange’s complexion change.

“Nima, is this nothingness?” Qin Tiange yelled, looking at the horrible creature in front of him.

How did he feel that this was not a void beast, but a parasite that had just emerged from the void, just as if it had emerged from the flesh.

See where the nihilistic beast came out, flesh and blood rolled, and a wound appeared there.

Gradually, the wound healed spontaneously, forming a mass of flesh and blood, making Qin Tiange remember the situation he had encountered before.

“That’s it!” Qin Tiange suddenly realized and understood.

But Tianyu on the side was terrified, and said in a horror: “It’s over, we’re a bit unlucky. This nihilistic beast seems to be close to the rumored creator level Well? The creator?” Qin Tiange froze, carefully Look at the cricket vanity beast in front of him.

Immediately his face trembled and cursed: “You are blind, is this the Creator, have you not seen the Creator?”

Qin Tiange was speechless. Where is this huge nothingness beast, where is the creator, but it is only one who can crush the indestructible and kill the ordinary reincarnation.

hiss!

With a roar, the stupid nihilistic beast opened his mouth and suddenly bit down at the two creatures Qin Tiange and Tianyu.

This is to swallow two people and directly serve as a meal. I have to say that this nothingness is very scary.

In particular, the appearance of it made Qin Tiange's hair feel like a parasite in the sea of Zhou.

"kill!"

Tianyu drank swiftly, his sword energy gathered, and suddenly he pulled his sword and shot directly.

Chapter 1037 - False power

Huh!

A sword screamed and kept on whispering, and a shocking Jianmang cut through the body and skin of that vague beast and cut a huge opening.

But it was horrible that the sword mark healed and disappeared in the blink of an eye, and even a little blood was not revealed, and the blink of an eye recovered.

"His ..." With a roar, the nimble beast trembled, and two things with the same tentacles hit Tianyu's chest fiercely.

Clicking and crunching, Tianyu flew upside down, revealing two blood holes in the entire chest, transparent on both sides, penetrated by a single blow.

"So strong!" Tian Yu's face turned pale and he was hit hard with a blow, and he was shocked, thinking that he could not destroy the sword body, but was hit by a blow?

It is not that he is not strong enough, but that nothingness beast is too scary to be compared with the reincarnation giant. Naturally, it is not invincible.

boom!

Suddenly a muffled sound, followed by a scream of utter scream from the beast, the whole head was sunken, and blood was pouring.

Facing the sudden heavy blow, the Void Beast was angry and roaring madly, but it was met with a more brutal blow.

"dead!"

When a cold word came, Qin Tiange rushed forward and smashed a punch into the void cover of the Void Beast.

With a bang, the two tentacles hit hard and hit Qin Tiange's fist. The two forces collided and burst into an unparalleled destructive power.

Listening only to the loud noise of Xun Long, the beast of emptiness shrieked, the two tentacles trembled, then cracked apart, and then smashed.

The fist was so powerful that he banged it down and hit the celestial cover of the Void Beast, and the powerful fist poured into his head.

“Eh ...” was severely wounded, and the emptiness of the beast was sorrowful and mournful.

Because the entire Tianling Gai was blown out of a large pit by Qin Tiange’s punch, blood and water spewed and could not stop.

Qin Tiange’s fist contains the power of a thousand inner universes, and also integrates the power of the 60 trillion small universe membranes in the body.

What kind of scene was that, with one punch, it was like a vicious beast like a rebirth, and was directly beaten to death.

It tumbled hard, screamed sorrowfully, lost a pair of tentacles, and was blown up by the heavenly spirit, as if it suddenly lost its fierce power and became a little weak.

“The Void Beast, this is just the case.” Qin Tiange snorted, standing on the front of the Void Beast, watching this continuously struggling Void Beast.

In his view, the Void Beast is nothing but a parasite. The parasite lives in the emptiness of the cosmic ocean, which is a bit strange and powerful, and not as terrible as imagined.

boom!

After one step, the brain of the Void Beast blossomed, blood waves sprayed hundreds of feet, and the thick blood with a strong corrosion, even the Void was burned through.

There was a sound of corrosive corrosion, and this nihilistic beast was dying, lying in the nifty void of the ocean of sea, his eyes tinged with fear.

Over there, Tianyu was completely stunned. The powerful nothingness beast hit him badly with one blow, but Qin Tiange was suffocated with three punches in a blink of an eye.

This sharp contrast has caused a huge shock in his heart. Some can’t believe it, as if dreaming, or even suspecting that nothingness is made of paper.

“His ...” Suddenly a sizzling hissing from the Void Beast, the sound was sharp, penetrating far into the nothingness.

Listening to this hissing, Qin Tiange frowned slightly, without any hesitation, punched the neck of Void Beast.

Just hearing the bang, the head of the Void Beast shattered and turned into countless pieces of flesh, and a stream of disgusting mucus spilled out of the Void, corroding the surrounding void.

Looking at the tragic death of the beast, Qin Tiange frowned deeply, because he just felt what the beast was calling.

“No, let’s go, this nothingness beast is just calling for companions.” At this moment, Tianyu hurriedly came over and said something in panic.

Looking at the scared Tianyu in front of him, a mighty and immortal powerful creature is still a peerless sword.

“I really doubt if you have a sword and the sword is the master’s killer. The only thing you can do is go ahead and kill for nine days and smash all obstacles, and you will be afraid when you encounter a nihilistic beast?” Qin Tiange looked up and down. Tianyu could not help shaking his head.

He really doubted whether this heavenly sky had been transformed from a sword, and the swordsmen were all slain and the sword was unyielding.

What’s more, a natural sword is bound to go forward without any fear or even emotion.

“This ...” Tianyu’s face was embarrassed and depressed: “I don’t want to, when the ontology is transformed, the Xeon sword is split, and the dimension is left of me, the soul that occupies all emotions. What can I do? ? “

“Don’t say it, hurry up, the Void Beasts are in groups, even with a large group. The signal from the Void Beast just now will inevitably lead to countless Void Beasts.” Tianyu said, flickering with his sword light, tearing The split void disappeared.

Qin Tiange was speechless in his heart and could not help rolling his eyes. It was a wonderful sword.

Qin Tiange was not in a hurry to go, but looked at the dead beast, and inside the smashed head, he saw a dim light.

When he raised his hand with curiosity, he saw a hazy bead flying down the palm of his hand, spinning slowly, emitting a hazy mist.

“What is this?” Qin Tiange was curious, looking at the hazy bead, all over gray, with a void in it.

He felt that there was a strange energy in the bead, as if it was the energy that struck the emptiness of the ocean, which was strange.

“Is this the power of nothing?” Qin Tiange discrepancies and carefully figured out, but unfortunately did not see anything.

And at this moment, a slight shock came and radiated continuously from the void, as if there were countless scary things approaching.

Qin Tiange’s pupils were stunned, staring at the place where the nothingness beast had just drilled out, and the creeping flesh wound was shaking more and more intensely.

“Is it a beast?” He flashed a thought in his heart, his body flickered, and he came to the flesh-and-blood area like a wound.

Looking at the weird wound in front of him, Qin Tiange’s eyes flickered, without hesitation, the whole body strength broke out with a punch.

boom!

With a bang, the cave that had been closed and healed suddenly exploded, revealing nothingness inside.

Qin Tiange stared at the situation inside with nothing but ignorance.

As for flesh and blood, it seems to dissipate spontaneously, and there is no trace left, which is an extremely strange discovery.

boom!

“Hisse ...”

Clandestinely, a horrifying hissing sound came from the cave, as if a beast of beasts was coming, about to rush out of this area.

Seeing this, Qin Tiange’s face couldn’t help changing, and he turned around and ripped apart nothing, stepped into it, and disappeared in a blink of an eye.

When he disappeared, there was a rumbling vibration in the cave, and then a torrent rushed out and billowed.

If you look closely, the torrent is a horrible nihilistic beast that keeps pouring out of the nihil cave.

In the blink of an eye, the place was completely occupied by the dense and dense beasts, growling wildly, as if looking very angry.

They encircled that dead beast, constantly biting, and quickly swallowed it. No residue was left, and they finally retreated into the void of nothing and disappeared.

Huh!

The next moment, Qin Tiange, who had left, flashed around and stared at the void hole in his eyes.

“What’s in it?” Qin Tiange looked serious, staring at the void in front of him, and it was strange that he could raise countless void beasts.

His expression flashed, and a strong curiosity erupted in his heart, and he could not help but step directly into it.

boom!

The moment he stepped inside, Qin Tiange’s complexion changed greatly, and he saw a force that had never been swept up, instantly banging on his body.

This power is arrogant and incomparable. Even the current Qin Tiange feels unstoppable and incredible.

Hearing only a “bang”, Qin Tiange flew out of the void cave. The strong body was dissatisfied with cracks, and the blood flowed out and back.

He was horrified, his eyes were blooming with two beams of gods, pierced through the nothingness in front of him, and looked deep into the cave, as if he saw something terrible.

“What power is that?”

Qin Tiange looked dignified, looking at the dense cracks in his body. He had just hit too suddenly, too violently, and could not bear it.

That power has never been, which caught Qin Tiange off guard, and felt a sense of irresistibility, very horrible.

Looking at an unknown force surging through the void in front of him, Qin Tiange's heart was full of dreads, and this is the most terrifying unknown.

“You have to figure it out.”

Qin Tiange gritted his teeth, and was uneasy in his heart, always feeling uneasy. He must understand the mystery to be relieved.

Thinking, he stepped into that cave again, trying to pry into the mystery inside.

Hum!

Again this time, just after entering, it was directly bombarded by the unknown force, and this time ten times more violent.

Feeling the horrible force coming, Qin Tiange's complexion changed. This time, he might be killed or seriously injured.

Just as the power surged, a hazy bead in Qin Tiange's hand suddenly burst into a cloud of emptiness.

Wow!

This light of nothingness covered the whole body, and even isolated and blocked that terrible force, and saved Qin Tiange from harm.

“This is ... power of nothingness?”

Qin Tiange was surprised. Looking at the bead on the palm was the strange bead obtained by killing the Void Beast, which contained a force of nothingness.

This is what he thinks. The beads in the body of the Void Beast are naturally the Void Beads, and the power of the Void is normal.

The so-called power of nothingness is not clear to Qin Tiange, only knowing that it is a mysterious force that belongs to the sea of the ocean.

“This bead can block that power?”

Soon, Qin Tiange discovered an amazing thing. The beads in the void beast could block the terrible power, which made him overjoyed.

Because this does not mean that you can peep into the secret of nothingness?

Chapter 1038 - Seo Secret

Buzz ...

In nothingness, a hazy bead glowed, covering Qin Tiange's body, not being bombarded by the unknown force.

Isolating that power, Qin Tiange carefully walked into the depths of the void full of unknown mystery.

What secrets are hidden in the emptiness of the sea of the universe, where did the emptiness beasts come from and where do they live?

Along the emptiness tunnel that had been drilled out by the dense emptiness beast before, Qin Tiange sneaked quickly, grasping the emptiness beads, and continued to follow.

He wanted to see what was going on here, and why there was a weird creature like the Void Beast, which seemed to be a parasitic thing in the sea of the sea.

Zhou Hai, the birth of infinite cosmic bubbles, is strange to look at. The big cosmic bubbles overlap each other, some are close, some are far away, and they feel like cells.

When Qin Tiange remembered that his cells had transformed into small cosmic fetal membranes, he couldn't calm down, he always felt cool.

He looked at each cell of his body, the spaced-apart areas, like the void area between the bubbles in the cosmic sea.

This feels very bad for him, does it mean that Zhou Hai is a living body, the endless multi-dimensional universe bubble, is a living cell?

One cell and one universe, Qin Tiange can do this now, but it has not yet fully formed.

The 60 trillion cells in Qin Tiange's body, once really born and formed into a real universe, is no different from Zhou Hai.

boom!

Suddenly, a muffled sound came from the front, followed by a hissing sound, which caught Qin Tiange's attention and walked up quietly.

Through an empty passage, Qin Tiange came to an area full of hazy mist-like substances, constantly rolling and intertwining.

In these materials, there are two imaginary beasts entangled with each other, the dense claws hugging each other, the body curled up, as if doing something.

Qin Tiange stared at his eyes, looking at the two nihilistic beasts in front of him, big and small, with different body shapes, which can be seen as a male and a female.

They are breeding offspring. The small ones are male, the large ones are female, and the dense eggs in the belly are moving.

Those are the little beasts that are gestating and forming, one by one, and are being continuously produced.

The eggs of these nihilistic beasts turned into light dots, and they continued to fly into the nihilistic channels, sticking to the nihilistic barriers.

“Hisse ...”

Suddenly, more hissing sounds came from the depths of nothingness, Qin Tiange quietly looked, and suddenly saw the dense beasts of nothingness were moving to each other.

They curled together and squirmed back and forth, the whole scene looked extremely shocking, scalp tingling.

“This is the parasite living alive.” Qin Tiange was frightened, watching the shocking scene in front of his eyes, his hair frizzled.

Only after realizing it, did I believe that these so-called nothingness beasts are just a terrible parasite.

He couldn't imagine that these parasites were so horrible, would there be something more terrifying.

“hiss!”

Suddenly, an extremely sharp hissing sound came, awakening countless creeping nihilistic beasts, Qi brushed his head and looked over, just staring at the hidden Qin Tiange.

Seeing this, Qin Tiange was so cold that he was discovered. Sure enough, the dense beasts of innocence rushed together, opening a terrible growl to this side.

In particular, one of the largest void beasts has a huge size and surpasses all the void beasts, like a huge giant worm that traverses the void.

“This ...” Qin Tiange widened his eyes and looked at the horrible giant worm. He was lying deep in the void, his body was huge and unmatched, and he shuttled through the void barrier.

It seems to be parasitic in the barrier of nothingness, two terrible eyes staring at Qin Tiange, showing the fierce light of Yousen.

boom!

The sky filled with beasts, and drowned towards Qin Tiange. The scene was extremely scary and scary.

The dense beasts of nothingness live in the nothingness, parasitizing in the barriers, as if drawing energy from nothingness for a living.

“open!”

Qin Tiange shouted, turned and shattered nothingness, forcibly broke out, and countless giant bugs rumbling behind him.

The scene scared some powerful creatures passing by just here, scared to death, almost scared to death.

The dense and beasts of nothingness, howling and pursuing and killing Qin Tiange, rushed out of the nothingness hole all the way, and stopped after chasing for a long time.

“hiss...”

Watching Qin Tiange flee, the dense array of nihilistic beasts roared frantically, looking very angry, violently tore up this void of nothingness, and drilled out one by one.

At this time, Qin Tiange had already fled and did not dare to stay, because the number of those beasts was too large, and the horrible giant bug that he had just seen was lying in the nothingness.

The breath made him palpitated, and he did not dare to stay or approach. Now thinking, there are many unknown things and secrets hidden in the emptiness of Zhou Hai.

These nothingness beasts alone are enough to make people drink a pot, not to mention the unknown force, the creatures stepping inside are crushed directly.

Only the Void Beast does not seem to be affected. This makes Qin Tiange even more curious. What is the power of the beast in the Void Beast?

call!

When the figure flashed, Qin Tiange appeared in an unfamiliar void in the ocean, stood there, and finally breathed a sigh of relief.

The scene just now is so beautiful that it was chased and killed by countless insects. It's really been a long time since I felt this kind of excitement.

Qin Tiange exhaled softly, opened his palms, and stared at the empty bead. The energy inside made him curious.

“What is the mystery of the power of nothing?”

With a little curiosity, Qin Tiange poured in a strong will, and invaded the void beads a little bit, trying to peek into the mystery of the power of nothingness.

As a result, the invasion of the will, still could not see the mystery of the power of nothingness, and only felt a hazy, unreal feeling.

It is as if everything is false, unreal, non-existent, and nothingness is illusory.

“Strange ...” Qin Tiange was a little unconvinced, and frowned deeply, suddenly gritted his teeth, and swallowed the bead with a mouthful.

With a grunt, the void beads swallowed into his stomach, Qin Tiange's face twisted instantly, and he felt that the void beads in his body melted.

An energy in the void beads suddenly radiated up and down the body and swept away.

Almost immediately, Qin Tiange's body became transparent, illusory, and hazy, as if suddenly becoming unreal.

Imaginary things, imaginary energy, imaginary bodies, everything is illusory, all unreal.

As the void beads dissolve, Qin Tiange's body seems to be affected, and weird changes occur directly, becoming illusive as if he did not exist.

Zizi ...

Qin Tiange's body changed back and forth, for a while it became hazy and illusory, and for a while it became very real, and the two kept changing.

Gradually, Qin Tiange's eyes were empty and his consciousness seemed fuzzy, as if he didn't exist.

Hum!

Just at the critical moment, the real spirit shook, and a hazy book came across, suppressing the collapse and disappearing consciousness.

That is the spirit of human books. Combining the source of heaven and earth books, it has obtained the most wonderful transformation and has extraordinary abilities.

With the emergence of the true spirit of human books, the consciousness was suppressed, and a vast energy also poured out of the body, and the power of primitive chaos boiled.

With a bang, the body suddenly collapsed, and then reorganized suddenly, and returned to normal, and the unreal energy was rushed out of the body by the original great chaos power.

call!

When Qin Tiange woke up, the whole man was startled with a cold sweat, looking at the imaginary energy group that was rushed out in front of his eyes, and there was a shock in his heart.

It was really dangerous just now, and it almost turned into nothingness, assimilated directly by the sea of the sea, and disappeared forever.

“It’s dangerous, almost gone.” Qin Tiange smiled bitterly, and just swallowed the void beads, he almost killed himself.

That power is very weird, and it can blur Qin Tiange’s body and even all its energy, which is a real disappearance and a non-existence.

Once Qin Tiange’s body becomes a non-existent delusion, it is really completely gone, there is no such person as him.

Fortunately, at the critical moment, Qin Tiange’s real spirit and the power in his body can block, directly clearing that terrible false force.

This power is too scary, full of unknown and unstable, and it may be really difficult to escape if you touch it.

“It seems that I have to study the power of the imagination of the ocean.”

Qin Tiange looked at the dissipated energy mass with a thoughtful look, thinking about studying these false powers.

Click!

While he was meditating, there was a sudden wave in the emptiness of Zhou Hai, a click, the emptiness cracked, and then a huge ancient ship slowly sailed out of the void.

This ancient ship passed straight by Qin Tiange’s side, and the powerful energy breathe awakened him. Looking up, he just saw a pair of clear eyes locked on him.

Hiss!

The two eyes collided, shattering the emptiness in front of them, and even causing the ancient ship to have a strong wave.

Qin Tiange felt a shock in his heart and felt that the huge energy behind that gaze was extremely dangerous.

“Is a strong!” Qin Tiange flashed such a thought in his heart.

But the next moment, a light suddenly came from the bow of the ancient ship, and a passage was formed at the foot of Qin Tiange.

“Can you get on board?”

A clear and ethereal word came, Qin Tiange looked at, just the powerful creature just looking at him, a woman.

She stood on the bow of the ancient ship, her eyes faint, looked at Qin Tiange, revealing a glance of invitation.

Qin Tiange thought for a while, looking at the ancient ship that stopped slowly, the passage in front of him was the land of the mysterious and powerful woman.

Huh!

In the end, Qin Tiange embarked on this ancient ship, went directly to the bow, and saw the mysterious woman who invited him.

What surprised Qin Tiange was that she was a personal tribe?

Chapter 1039 - The battlefield created by the Creator

A flash of light flashed, Qin Tiange crossed the passage and stepped onto the bow of the ancient ship.

“welcome!”

Just arrived, I saw a group of people walking in front, headed by the woman who invited him.

She came with a smile and nodded gently: “My name is Jiuzhen, you can call me Zhener, from the universe of truth, and the person in charge of the battleship truth.”

Listening to her self-introduction, Qin Tiange was surprised because she didn’t understand where the so-called truth universe group was.

The only thing he cared about was that the woman in front of her was called Jiuzhen, who was powerful, with a terrifying power hidden in her body.

If it is released, even Qin Tiange cannot predict the destructive power and combat effectiveness, so it seems a little cautious.

“My name is Qin Tiange, and it is from the Pangu universe.” Qin Tiange suddenly spoke, saying this message.

He claims to be from the Pangu universe. As for whether he understands it, it is not his business. Anyway, he may not understand.

“Pangu Universe?” Jiuzhen listened for a moment, followed by a group of breathy followers, all of them stunned, unknown why.

None of these people have ever heard of the existence of the Pangu universe, not even a rumor.

However, Jiuzhen looked thoughtfully at Qin Tiange's imprint and the words, which attracted her attention.

"What is the relationship between the Pangu universe and" Pan ", one of the three thousand creators?" She kept thinking, and there seemed to be a connection between the two.

In the infinite ocean, there are 3,000 known creators in the countless universes, of which "disk" is the most famous.

Jiuzhen's eyes flickered, looking at Qin Tiange, and suddenly he smiled, "Brother Qin, don't mind if I call you like this?"

Qin Tiange's eyes flashed a ray of light, secretly, this Jiuzhen will really draw closer to each other. When he met, he called his elder brother, as if he was hot, but it couldn't be rejected.

"With you ..." Qin Tiange nodded slightly, and smiled: "Girl, Jiuzhen, where are you going? Look at everyone's expression of slaying, is it on the battlefield?"

"Yes, Brother Qin was right. We are now heading to the battlefield of nothingness. The situation has been a little optimistic for a while." Jiuzhen's serious and flat response made Qin Tiange very overseas.

This words surprised Qin Tiange's heart. Is there an invisible battlefield in Zhouhai?

Qin Tiange was curious, and asked, "I have never been to the battlefield of nothingness. I don't know where?"

As soon as this word came out, Jiuzhen was lost, and his heart was weird. According to the truth, a powerful figure like Qin Tiange must know the battlefield of nothingness.

It may even have been to the Void Battlefield, but Qin Tiange didn't understand it, because he had just played out of the universe and naturally didn't understand everything about Zhou Hai.

"Exactly, we are now going to the Baixu City of the Void Battlefield. Brother Qin can follow us to the Void Battlefield." Jiuzhen finished, and there was a hint of light in his pupil.

In fact, she invited Qin Tiange to board the ship, which had a purpose. Because she felt Qin Tiange's strength, she had a plan to invite him to the battlefield of nothingness.

After understanding, Qin Tiange gradually realized that this woman named Jiuzhen came from the human race in the universe of truth, and was a strong reincarnation.

She is responsible for bringing the strongmen in the Terran Alliance into the void, and this time she is responsible for transporting a full 800 space-level Terran strongmen to the battlefield.

Encountered Qin Tiange midway, watching the temporary intent, suddenly invited the other party, did not expect that he actually came up.

What surprised her most was that Qin Tiange seemed to have just come out of the universe and didn't understand anything. She hadn't been to the battlefield of nothingness, so she naturally cared more.

“Brother Qin, I must remind you first and hope you don't get angry.” Jiuzhen stood beside Qin Tiange and said softly.

She pointed to hundreds of cosmic powerhouses on the battleship and said, “These are the strongest people selected from the major human races and enter the void battlefield. Anyone who enters the battlefield must participate in the battle.”

“Who to fight with?” Qin Tiange asked curiously.

Jiuzhen's eyes flickered, and he looked at the endless depth of the ocean, and whispered: “All creatures other than human races may be enemies. In the battlefield of nothingness, you cannot believe except for your own race.”

“Sometimes, my own people can't believe it. I hope Brother Qin remember this. There, there is one of the most terrible enemies, countless creatures from the depths of nothingness.”

After Jiuzhen finished speaking, the whole person became a little inexplicable, as if suddenly became confused and could not see her.

Qin Tiange listened to these words, and thought deeply, watching the powerful human races on the standing ship, all from the universe of all human races in the universe.

In the endless universe of Zhouhai, there are many human universes, forming a big alliance, which is extremely huge here.

But the human race is not the strongest, and there are many powerful cosmic alliances in the ocean of the sea. For example, the major alliances with the strong Creator are the strongest.

“Can you tell me some information about the battlefield of nothingness?” Qin Tiange looked at the nothingness that was constantly being broken by the battleship in front of him and asked softly.

Jiuzhen didn't hide it, saying in fifteen and tenth: “The void battlefield was created by the major creators. It is rumored that the creators wanted to break the limit of this ocean, but in the end they failed, forming the strangeness of the void battlefield. The place.”

She said, and suddenly smiled bitterly: “None of the known creators is our human race, and this is one of the reasons why our human race is not strong here.”

Human race, no creator, this makes people's originally powerful forces suddenly become somewhat empty, because the highest level of power, there is no.

Among the known levels of the Creator, none of them belong to the human race, which means that the human race alliance looks great, but there is no supreme creator as the pillar.

“No creator?” Qin Tiange frowned slightly, remembering Panzun, is he a human or something?

For a time, Qin Tiange didn't even know the origin of Pan Zun, whether it was a human race, but now it seems that it is not. Qin Tiange was originally a human book, but now it is a human race.

It can be said that the human race is not without its creator. It depends on those who have achieved the existence of the creator, and whether there is anyone who truly protects the human race.

Yes, it belongs to the human race, no, it does not belong to the human race. Even if a creator is out of the human race, but he does not shelter and even suppresses his own race, he cannot be regarded as his own creator.

“The entire battlefield of nothingness was created by the power of your Creator. The power of those adults has been rumored to have penetrated the edge of the sea of the sea, and it is at the deepest point of the battlefield of nothingness.”

The introduction of Jiuzhen word by word tells the secrets and information that Qin Tiange doesn't understand. The secrets hidden in the sea of the sea are revealed in front of the eyes.

The creators, if they want to penetrate the sea of the sea, they seem to have found something, so they reasonably broke the sea of the sea and opened up a battlefield of nothingness.

However, although it penetrated the nirvana of the ocean and opened up a vast battlefield, there were endless creatures from the nothingness, terrifying creatures parasitized in nothingness, nothingness.

This is currently the main enemy in the Void Battlefield. It is the same regardless of race or major universe.

“Did someone penetrate the sea of Zhou?” Qin Tiange asked suddenly.

How do you know Jiuzhen shook his head with a bitter smile: “In countless years, I have never heard of an adult who successfully penetrated the sea of the sea, Brother Qin, unless it was some unknown creator or the Zhouhai area had success “Otherwise, none of the known creators here is successful.”

“Really?” Qin Tiange nodded slightly, and suddenly understood the current form of Zhou Hai.

In the entire known area of the Zhouhai Sea, the major cosmic alliances compete with each other, and what the major creators are planning, thus opening up a battlefield of nothingness.

And no one here successfully broke the sea of the sea, which proves that those creators are still there, including Panzun.

Qin Tiange was extremely curious about Pan Zun, with a strong curiosity, and wanted to see the real Pan Zun.

“Pan Zun, alive!”

Qin Tiange said to himself, with an intuition in his heart, this time entering the battlefield of nothingness, he might truly see the true respect of Pan Zun.

That invincible back has always been imprinted on Qin Tiange's heart, Pan Zun has a lot of help to Qin Tian Ge, whether it is Pan Gu bloodline, or Pan Zun a drop of essence blood.

These belong to Pan Zun intentionally left. These Qin Tiange have now fully figured out, the invincible Pan Zun has his own great plans.

Hum!

At this moment, there was a violent wave in front of nothingness, which awoke Qin Tiange in thought, looked up, and was immediately stunned by the scene in front of him.

“Brother Qin, there is nothingness in front of the battlefield.” Next, Jiuzhen was full of spirits, pointing at the strong fluctuations in the nothingness.

As soon as the words fell, the warship quickly passed through the boiling and chaotic void of energy in front of it, entering a vast and vast ancient battlefield. The void battlefield just search for

Chapter 1040 - Ambush

Qin Tiange looked up, and as far as he could see, there was a huge city floating in the void, standing in the depth of the void.

“Brother Qin, that's Baixu City, this is our destination.”

Jiuzhen pointed to the introduction of the vast city, and explained the origin and role of the city little by little, so that Qin Tiange gradually understood.

That is the Baixu City, which was established by hundreds of Universe Alliances, and is considered to be the largest city in the battlefield.

According to Jiuzhen, there were creators here before, but as time passed, those creators entered the depths of the battlefield.

“Brother Qin, it is not safe here. There are many conflicts in the major alliances, and a conflict will erupt from time to time ...”

boom!

Before the Nine Truth was finished, the whole warship suddenly swayed violently, and a violent explosion rang all over the warship, shocking everyone.

“Enemy attack!”

“Everyone, ready to fight!”

With a loud shout, Jiu Zhenhan issued a combat order with a face in his face. He never intended to be ambushed just after it arrived, and he had already planned it.

Just entered the entrance to the Void Battlefield and saw the vast city of God, but was ambushed. It is clear that it was premeditated without guessing.

“Sir, it's not good!”

At this moment, there was a person running on the battleship, in a hurry, full of panic, as if something terrible had been encountered.

He came up and said, "Sir, the core energy body of the warship has been broken, the cosmic defense body has been penetrated, and we have been dragged into the void."

After hearing this sentence, Jiuzhen Qiao's face changed slightly, and she said, "The order, everyone gathered, we were ambushed. This is a premeditated ambush."

"It seems that the hostile alliance wants to attack our human race." Jiuzhen's face was cold, and his eyes were full of murderous power.

She swept over the battleship, and a mist of nothingness gushed out, covering all directions, and disorienting everyone on the battleship.

This is an empty void, which was artificially excavated and used to set up ambush and trap the enemy.

Watching the powerful figures rushing out of the battleship, three indestructible levels, Qi Qi came behind Jiuzhen, looking serious and full of murder.

These three are the strongest men on the battleship, the three strongest soldiers in Jiuzhen, and there are dense and powerful warriors behind.

There are 5,000 powerful fighters gathered, although there are only a hundred universe-level, the rest are taboo creatures, close to the universe-level strong.

And the selected cosmic powerhouses are all ready to fight back, full of anger and about to vent to the enemy.

"Master, who is it, ambushed our Terran Warship?"

One immortal asked sternly, his eyes showing the assassination, his body exuding a mighty might.

Jiuzhen didn't say a word, and looked at the outside of the battle ship quietly. There was an increasingly strong breath, and there was a hint of doubt in her pupils.

Qin Tiange stood aside without saying a word, quietly looking out of the battleship, the powerful breath that was absent.

He sensed that there was a huge amount of biological breath hidden around him, apparently there were powerful creatures ambushing them.

"Hide your head out and roll out!"

Jiuzhen's binocular killing machine flashed, drinking a low, raising his hand was a blast of energy light up, and suddenly, there was a horrible explosion in the mist of nothingness ahead.

Listening only to the loud sound of "Boom", the fog burst, revealing the dense and dense scary creatures hidden inside, all wearing sacred armor, terrifying breath.

"Is Shenwu Alliance?"

Seeing these creatures, everyone on the battleship changed his face slightly, apparently recognizing it, and ambushing them was a powerful hostile alliance.

The Shenwu Alliance, the members of the Alliance body, are from the major Protoss universes and call themselves Protoss.

There are all kinds of protoss, forming a huge Shenwu alliance, the force is extremely huge, there is a creator sitting on it, the force is naturally strong.

The Terran Alliance has always had festivals with the Shenwu Alliance, often killing, conflicts are often there, just like now, Jiuzhen's team has been ambushed.

"Go, destroy this Terran recruit."

Outside, the powerful legion of the Shenwu Alliance, a full 10,000 space-level powerful fighters, rumbling up.

They are all cosmic creatures from the Protoss, converging into a legion, forming a powerful cosmic army.

And it is still one-finger and one-hundred-finger warriors, unlike the thousands of universe-level strong men brought by Jiuzhen, who are just selected human race strong men.

However, the combat effectiveness is not weak. Whoever cultivates to the universe level does not kill them all the way, and naturally does not lack any combat effectiveness.

What is really powerful is the leader of the other party, an extremely dangerous and powerful protoss, much stronger than Jiuzhen.

"Trouble!" Jiuzhen looked at the tens of thousands of cosmic powerhouses coming up, and the formed army simply crushed everything.

The team here wants to compete, unless it depends on the warship, but now the warship has been penetrated by the opponent's core of the universe defense, and the energy body has been destroyed.

"Shenwu alliance, bullying too much!"

"Dare to ambush here, it seems to have been prepared!"

Jiuzhen said one word at a time, his expression was dignified, his heart was angry, and his eyes were staring at the ten thousand cosmic-level strongmen coming from outside.

Especially the head of the ***** general, she was extremely uncomfortable in a breath, with a strong crisis, as if she would fall in this battle.

"The *** will give it to me, and you will take care of the rest."**

At this moment, Qin Tiange, who had been silent, began to speak, and what he said made everyone in Jiuzhen and all the others stunned.

Jiu Zhen shuddered, looked at Qin Tiange, and from the calm and calm expression, he really had absolute confidence.

That self-confidence was developed by Qin Tiange's killing all the way, he didn't put the ***** in his eyes at all.

"Okay!" Jiuzhen was very simple and nodded in agreement.

She turned arrogantly and shouted, “Everyone, kill me and kill the elite of the Shenwu Alliance. Let them see that our Terran Alliance is not casually kneaded.”

“kill!”

Everyone killed as many as they could, all of them broke out, releasing their peak combat power without reservation, and none of them kept.

In this battle, either you died or I died. When I was ambushed, those who dared to keep all died by myself.

Bang!

The powerful teams of the two sides collided together, one by one, the cosmic light blast exploded, and the Xeon’s power broke in nothingness and the cracks staggered.

The protoss are strong, and the humans are not weak. It is still difficult to distinguish between victory and defeat.

“Jiuzhen, you are dead this time.”

Over there, God will come step by step, and there will be a hint of murderous indifference on his indifferent face. There is affirmation in the words that Jiuzhen is dead this time.

This may have been the case originally. If Qin Tiange did not have a boat on the way, maybe Jiuzhen and others did indeed die as he said.

Unfortunately, Qin Tiange was invited by Jiuzhen to board the ship halfway, and the result was different.

“Brother Qin, are you sure? This person is one of the top 100 supernatural lords of the Shenwu Alliance. It is extremely arrogant, or should you and I join forces?” Jiuzhen looked at Qin Tiange, and was inevitably worried.

However, Qin Tiange just shook his head and comforted him: “A reincarnation level is the only thing that has experienced three cosmic reincarnations. As long as it is not the creator, I can kill one with one.”

What this said made Jiuzhen a little speechless, shocked in his heart, but a bit of a grin, and felt that Qin Tiange had grown up?

Any strong person who has experienced three universe reincarnations is extremely difficult to kill. Like Jiuzhen, he has only experienced one universe reincarnation.

Strictly speaking, she can only be regarded as a one-round reincarnation, while the opposite **** general is a three-round reincarnation.

“Jiuzhen, die!”

With a loud shout, accompanied by the horror of murder, the **** will take action, a shot will be Xeon lore, and a palm will strike Jiuzhen.

That palm contained his strongest power, splitting nothing, cutting everything, nothing could stop it.

Seeing the killer approaching, Jiuzhen was a bit heavy and was about to fight back, but Qin Tiange moved, flickered away, and blinked in front of the ***** general.

boom!

With a muffled sound, the ***** was hurriedly blown out, the corners of his mouth were bleeding, and Jin Cancan's blood was seeing a powerful coercion.

He was horrified and looked at Qin Tiange, who appeared suddenly. It was a little incredible. The blow was so sudden that he almost couldn't stop him.

“God, three reincarnations of the universe, but that's it!”

Qin Tiange's eyes were indifferent, and he said this sentence calmly, so that the ***** twisted his face and almost ran away.

However, he was horrified, staring at Qin Tiange and looking up and down, but unfortunately did not see anything.

“Who are you? Get your name. There is no such person as you in the Terran Alliance.” The ***** will take a serious look and yell.

It is a pity that Qin Tiange's heavy and unmatched punch was responding to him, and the bang thumped in front of nothingness, which caused horror cracks all around and collapsed.

Hum!

The fist contained gray terror power, 60 trillion cosmic membranes in the body, and one thousand inner universes burst out together, and that power directly shattered the defense of the ***** general.

Listening only to a bang, God shattered his body, vomited blood, and his arms were blasted directly into minced meat, unable to stop Qin Tiange's violent and unmatched punch.

“what?”

Seeing this, everyone present, regardless of the Shenwu Alliance, or the people of the Terran Alliance stopped together, watching this scene dull.

Jiuzhen even stared at her, staring at the ***** general being beaten and flying, her arms smashed, and the armor on her chest was completely shattered, revealing a dent, which was severely damaged.

Everyone couldn't believe that the super-shenzhen who had three reincarnations was hit hard by Qin Tiange.

“impossible!”

The super-god would stare wide, looking at his broken arms and sunken chest. Although he recovered quickly, he was shocked to death.

“Who the ***** are you? The Creator? Impossible, the Terran has no Creator. How many cycles have you experienced?”

The super-god would be a little scared, incoherent, and almost scared. Fortunately, it is a recognized fact that the human race has no creator.

“Dead man, don’t need to know!”

Qin Tiange spit out a sentence, the whole person disappeared in place, lost track, and even breath could not capture the induction.

“not good!”

A strong crisis shrouded the mind, let that **** change his face, and a strong fear came out of his heart
